

# Does Your Heart Beat

Yes, 100,000 times each day. Does it send out good blood or bad blood? You know, for good blood is good health; bad blood, bad health. Ask your own doctor about taking Ayer's Sarsaparilla for thin, impure blood. He knows all about this medicine. We have no equal. We sell in all the territories of our medicines. Lowell, Mass.

## TEXAS IN BRIEF

**CHURCH CORNERSTONE LAID**  
PARKERSBURG, Texas, Oct. 25.—The cornerstone of the new Christian church was laid Sunday. This is to be a beautiful modern edifice and will cost over twenty thousand dollars.

**BAPTIST CHURCH OPENED**  
CLARKSVILLE, Texas, Oct. 25.—The Baptists of this place had a formal opening of their new church Sunday. The services both morning and evening were conducted by the pastor, Rev. L. E. Finney. Large crowds attended each service. The building is constructed of red pressed brick and will cost \$11,500, including furniture and fixtures.

**IRONS KILLED**  
PARIS, Texas, Oct. 25.—In a shooting affray Saturday evening at Vallant, L. T., a station on the Arkansas and Choctaw road, two iron workers were killed and one injured. One of the bullets killed a horse.

**ORDERS WIRE INSPECTION**  
MCKINNEY, Texas, Oct. 25.—The city council held a special session and ordered an inspection of all telephone, telegraph and electric light wires to lessen the danger of fire by cross currents, and also an inspection of the electric light wires of the city plant, which is about completed and ready for service in lighting the streets.

**TO PERPETUATE CARNIVAL**  
EL PASO, Texas, Oct. 25.—The committee of business men appointed to organize an annual exposition for El Paso met and took the preliminary steps toward organizing a company, which will be capitalized at \$50,000. A charter will be asked for immediately.

**FOURTEEN YEARS FOR FORGERS**  
WEATHERFORD, Texas, Oct. 25.—In the district court here W. M. Sullivan entered pleas of guilty in seven different indictments charging forgery to promissory notes and passing same on the Whitt bank. The jury assessed the punishment at confinement in the penitentiary for fourteen years, two years in each case.

**MINING CONGRESS TO MEET**  
EL PASO, Texas, Oct. 25.—In a letter to the Chamber of Commerce in this city J. C. Callibree, secretary of the American Mining Congress, writes from Denver that over six hundred delegates have already been appointed to the congress, which will be held here Nov. 11 to 13, and he is receiving daily advices of other appointments.

## IN THE TERRITORIES

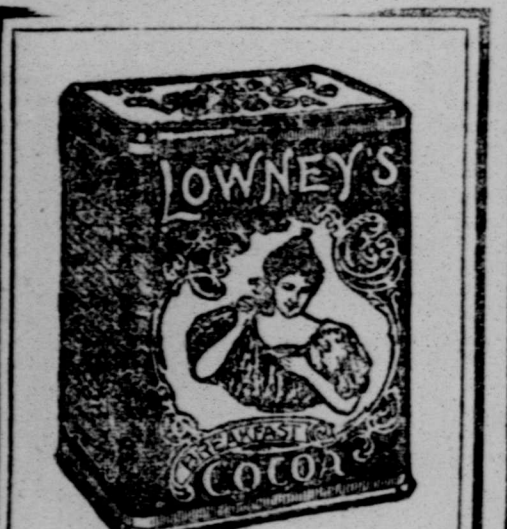

**CHAMPION PICKER**  
LAWTON, Okla., Oct. 25.—John Milton of the district court, champion cotton picker of Oklahoma, having broken the record by picking 700 pounds in one day of twelve hours, and received \$7 for his labor.

**GIRL ACCIDENTALLY SHOT**  
GUTHRIE, Okla., Oct. 25.—Nellie Douthit, aged 8, was accidentally shot and perhaps fatally wounded by rifle ball, which penetrated a window and struck the girl as she sat at a table. She is the daughter of Dr. J. P. Douthit, veterinarian.

**REWED IN HALF AN HOUR**  
MUSKOGEE, I. T., Oct. 25.—Within thirty minutes after he had been granted a decree of divorce, the United States court here, Lonnie Balle, a well-known citizen of Choctawhatchee, secured a marriage license for himself and Miss Lizzie Thomas.

**TOWN LOTS ALL SOLD MONDAY**  
KINGSTON, I. T., Oct. 25.—Every vacant lot in town was sold Monday by the government agents, Quareb and Riley. There were 200 vacant lots sold and brought over \$17,000.

**SAFE IS BLOWN OPEN**  
Dogs Set on Trail of Thornton Burglar. Amount of Booty Not Known  
MARLIN, Texas, Oct. 25.—The sheriff's department here received a telephone message that an iron safe had been blown open at Thornton, in Limestone county, and considerable money taken. Dogs were wanted by the officers at Thornton to aid in an endeavor to capture the burglar. It could not be learned how much money was obtained by the robbers and no further particulars were given by the Thornton officers.

No cocoa equals Lowney's in strength. Some are blacker—colored chemically—but inferior in real strength. Lowney's Cocoa is not loaded with ground cocoa shells, flour, starch, or other adulterants. It consists of nothing but the choicest cocoa beans ground to flour fineness. The result is the most delicious, purest and finest flavored cocoa possible. Such cocoa as Lowney's, if made abroad and duties paid, would cost double the Lowney price.  
Walter M. Lowney Co., BOSTON.

# MILLION DOLLAR VISIT TO A STARVING PEOPLE

Prince and Princess of Wales Going in Boudoir Battleship to Famine-stricken India

LONDON, Oct. 25.—At a cost of at least \$1,000,000 to the British taxpayers the Prince and Princess of Wales have left England for India to spend half a year in having a truly royal good time. They will combine business with pleasure by making strenuous efforts to stimulate the loyalty of millions of famine-stricken Indians to British rule. The Princess of Wales will take with her more than 100 dresses, and all of her magnificent jewels, which have been heavily insured against loss.

**Wants Easy Sailing**  
The royal party will cross the ocean on the battleship Renown. The reason in the proneness of the Princess of Wales to seasickness. She declined to spend a month on the water on an ordinary liner, and so, at great expense, the Renown, which has been built for steedness in a rough sea, has been fitted up as a huge steel yacht. In the admiral's quarters of the vessel, upholstery for the past three months have padded and quilted the iron cells into rooms, and sleeping rooms.

**Sleep Next to Armor**  
The officers' quarters on the warship have been commandeered to make further private rooms for the royal suite, and the officers, during the voyage will have to nestle next to accommodations in the gun houses of the warship's huge rifles. The rifles have been

# Dr. Lyon's PERFECT TOOTH POWDER

Cleanses and beautifies the teeth and purifies the breath. Used by people of refinement for over a quarter of a century. Convenient for tourists.

PREPARED BY  
J. W. Lyon, D.D.S.

Dutchmen and Irishmen, some as policemen, some as over-zealous boys, some as doxies, some so far as to don bizarre effects in the dress of the other sex. They are the boldest people in the whole circus. The great stars in spangles, the wonderful folk who perform on the flying trapeze, who swing on their teeth from the distant darkness in the top of the tent, who gallop around the sawdust rings with their long pink legs and little gauzy skirts, can come out and be applauded and disappear into private life again behind the mysterious red curtain.

Not so with the clown. His performance is continuous from the time the land begins to play until he has ridden the finish of his burlesque of the animal race, made up, perhaps, as a monkey, or dodo and carried by another clown made up as a donkey or a dinosaur. The clown is sent into the program for good measure and must always be on the spot. He performs his acts like a strolling player, before one group, and then another, and another, until he has made a circuit of the seats, then he runs away through the red curtain to that strange beyond, only

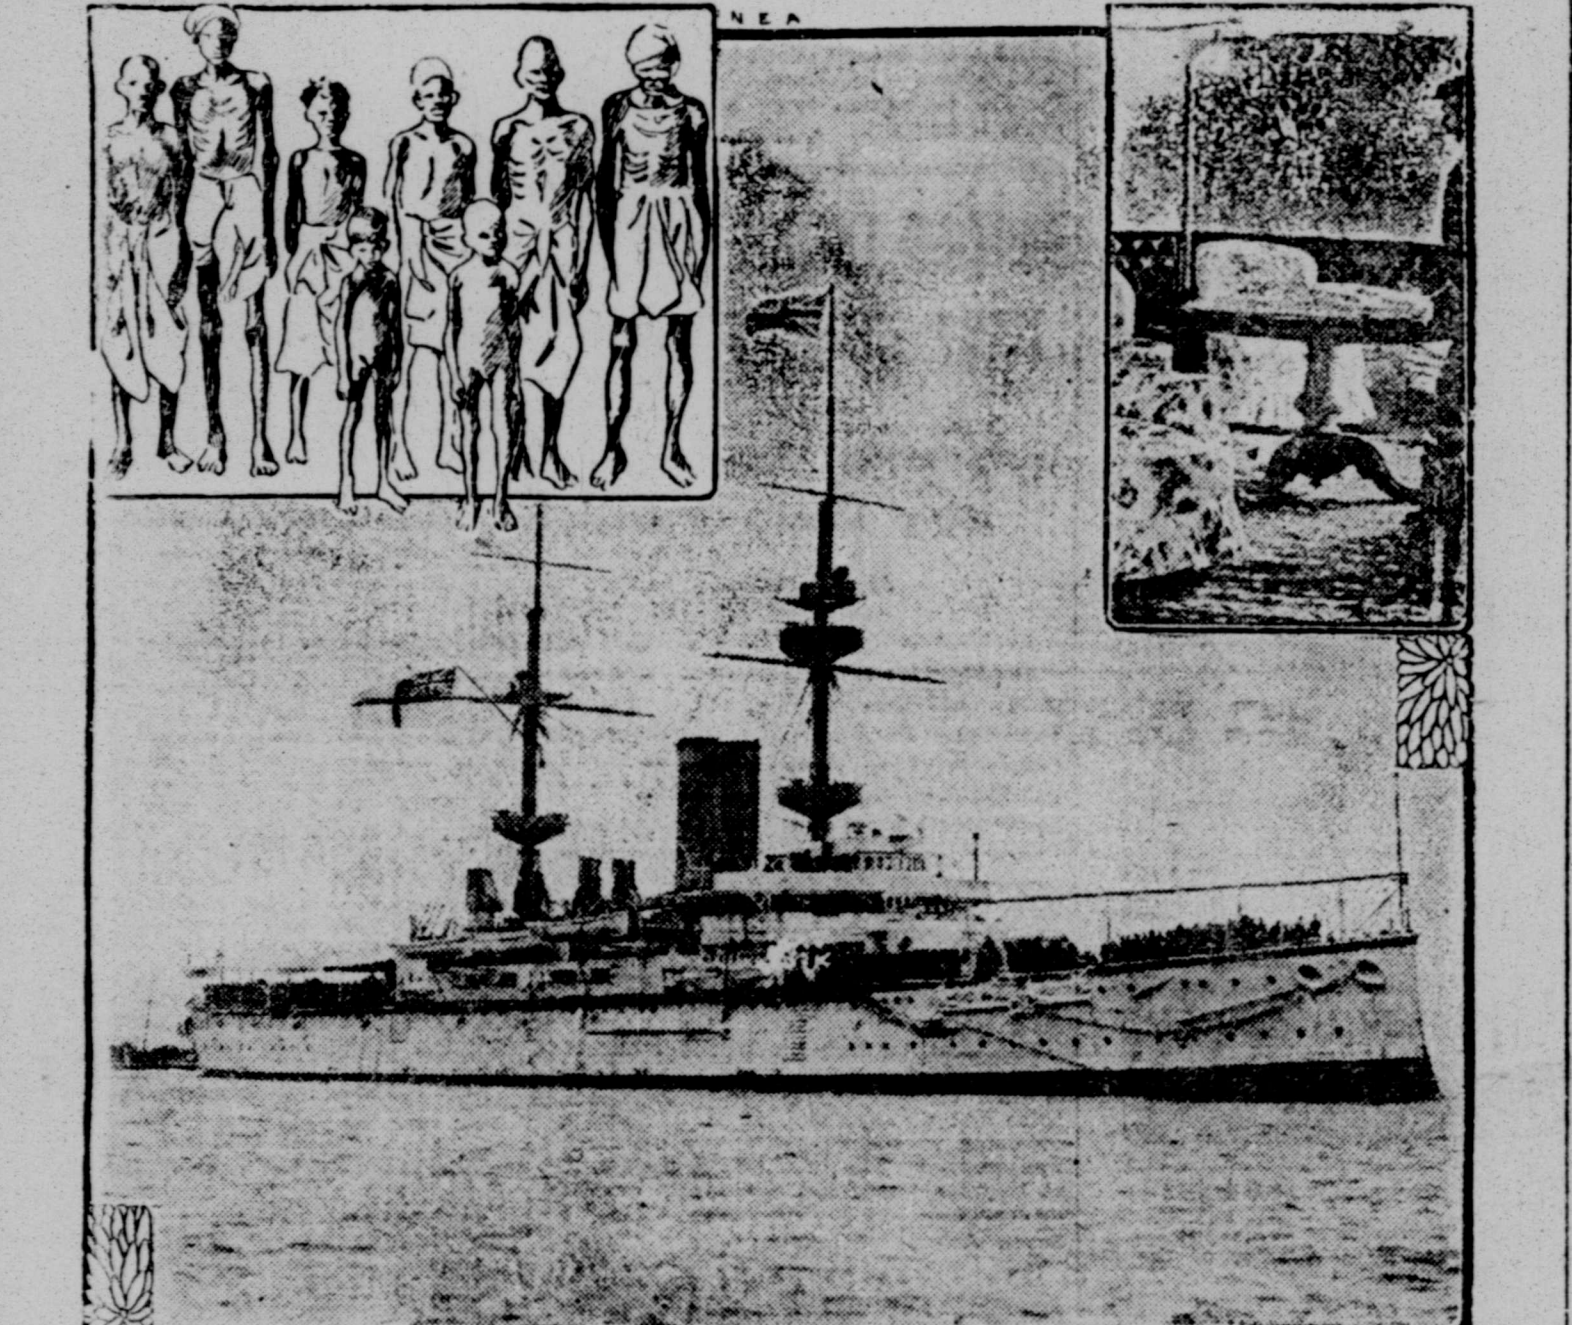

# WEST TEXAS TO LEAD IN COTTON SUPPLY?

1905 Crop Shows Astonishing Gains Made in Production During Recent Years

Special to The Telegram.  
EL PASO, Texas, Oct. 25.—Cotton culture in west Texas, between El Paso and Fort Worth, has taken remarkable strides in advance in the past few years. In the lower Pecos valley, especially, the increase has been beyond the fondest dreams of the first men who planted a few acres of the growy-balled plant.

In the Grand Falls district, the gain in acreage has been great even within a single year. Where a year ago only a few cotton pickers were necessary to handle the entire crop, this year cotton pickers by the hundred are to be employed, and the only difficulty is to secure an adequate number. Peter Otis of Grand Falls was in the city the last of last week in behalf of the cotton growers of Grand Falls, employing cotton pickers. He had transportation with him for 150 pickers, all of whom he expects to have leave El Paso for the Grand Falls cotton fields within a few days. This is not Mr. Otis' first visit to El Paso on such a mission. A few weeks ago he was in the city, and some days after he left twenty-five cotton pickers departed over the Texas and Pacific.

Grand Falls is located eighteen miles from Monahans, which is the nearest railroad station. There are about 1,200 settlers in the Grand Falls district, and

THE "RENOUW," A GUN CASEMENT BUDOIR AND FAMINE STRICKEN INDIANS.

removed to provide improvised bed rooms and dining rooms. The result has been to metamorphose the grim fighting machine into a strange effeminate ocean ferry.

**Glittering Retinue**  
The Renown sailed from Portsmouth Oct. 8. The Princess of Wales will join her husband aboard at Genoa, traveling thither overland to shorten her sea journey.

**Through Indian by Rail**  
The royal party will land at Bombay on Nov. 9, and will be received in full state by the new viceroy, Lord Minto, and probably by Lord and Lady Curzon.

The prince and princess' great army of attendants will make by railway journey 11,000 miles and will see every city of prominence in the dependency. Two trains will be filled with members of the party and a third will carry their baggage.

**Splendid Entertainments**  
At Calcutta, the capital of India, the royal travelers will make the greatest efforts at entertaining of their tour. All the hotel room in the city has been taken. At Delhi 50,000 Indian troops, under Lord Kitchener, will conduct a sham campaign for five days for the benefit of their royal highnesses.

**Amid Famine**  
While the prince and his wife are in India, they will be the direct cause of an expenditure of an average of \$5,000 a day in entertaining and traveling. While they are thus reveling in riches, there will be perhaps 5,000,000 people of India stricken by famine, for indications point to this year being one of the worst in Indian famine records. The prince and princess are being urged to abandon their route through the Rajpootna district, where the famine is expected to record 1,000 deaths a week.

# TWO SCORE CLOWNS TO MAKE YOU LAUGH

Forty Droll Fellows Will Frolic for Forepaugh-Sells Circus Patrons' Amusement  
Forty merry merrymen will add hilarity to the ring performance of Forepaugh-Sells circus when they show here tomorrow at Lane's grounds east of the baseball park. The clown of today is a feature in multiplied number. Of late years the sawdust jester has been crowded out of the arena. Years ago it was the royal circus of the barbers' riders that he cut up dices with the ring master and got a sharp crack of the whip for his foolery. Once in a while he came on as a dull looking countryman who had taken more hard cider than was good for him, and undertook to ride a crazy pony. But now he is loaded down with accomplishments and must not only be able to grimace and jest effectively, but he is able to tumble, jump, ride and what not, the way of the circus clown. In the Forepaugh-Sells circus there are forty of these droll fellows, none are all of the traditional white face streaked in red and black and loosely dressed in the costume of dotted white. Some appear as tramps, some as stage

# CARLISLE ACADEMY TO BUILD BARRACKS

Buildings Burned Monday to Be Replaced at Once—New Cadet Quarters Found  
H. B. Dorse of the Texas Grain Dealers' Association has received a letter from J. M. Carlisle of Carlisle Military School, in regard to the fire that occurred there on Monday, announcing that the barracks will be rebuilt at once.

**The letter is as follows:** "Dear Sir: We met with a serious misfortune this morning in the loss of our north barracks by fire. No cadet was injured and most of them saved their personal effects. We have secured comfortable temporary quarters for every cadet, using the extra building and having a teacher in charge of it, and will begin the erection of new barracks at once. We write you that you may understand the situation, and assure you that every cadet will be cared for, as well as before this misfortune."

**Royce Dorse** is a cadet at the Academy, but was in this city at the time the fire occurred.

# MCKINNEY HAS \$30,000 FIRE

MCKINNEY, Texas, Oct. 25.—Fire yesterday burned the Johnson block in the heart of the city. In the block were a hardware store, a furniture store, Shaver's restaurant, Dr. Wiley & Rucker's office and library and Neathery & Bump's undertaking establishment.

The loss will aggregate between \$20,000 and \$40,000, with the buildings partially covered by insurance.

# WHEN DRUGS FAIL

Try leaving off Coffee and use POSTUM FOOD COFFEE. In its place. It will solve the problem.

the chief industry is the raising of agricultural products.

**All Fields Irrigated**  
All cultivation of the fields is by means of irrigation, the water being derived from the Pecos river and from the Toyah lake. The Grand Falls Land and Irrigation Company controls the water rights of the district. The company was organized by Mr. Otis' brother, G. M. Otis, about six years ago. Mr. Otis recently relinquished his rights in the company, selling out about two months ago for \$175,000. The company is at present controlled by Denver, Col. men. W. A. Ponder is the president of the new company.

Ten thousand acres of land are watered by this company. Three thousand acres are devoted to alfalfa, five thousand acres are under cotton, while the remaining 2,000 are given up to milk, sorghum, sugar beets and other agricultural products.

From the 3,000 acres of alfalfa, about 12,000 tons of hay are so produced this year, according to Mr. Otis, in addition to a seed crop valued at nearly \$40,000. Expressed in weight, the seed tons will amount to about 2,000 tons. There are five suits of alfalfa on the acre.

Raised by irrigation, the crops are said to be superior to those of east Texas, the water supply being more uniform and reliable, resulting in a uniform crop. Mr. Otis declared that the success of sugar beets in that district has been proved by the crops which have been raised. There is no factory available for converting the beets in sugar, and so they are employed in feeding hogs.

In the "Big Valley," adjoining Grand Falls, the country is less thoroughly settled than around Grand Falls. Big Valley is but four miles distant from Grand Falls, and is more advanced in railroad connections than those possessed by Monahans. There are 50,000 acres in the valley to be developed. As yet there are not more than fifty or sixty residents in the valley.

# Had no Cotton Six Years Ago

It is the cotton crop that is of prime importance to the district. From practically no cotton six years ago, the Grand Falls growers increased their average output last year they gained 600 bales of cotton. This year the total jumped to 2,200 bales from Grand Falls.

Picking began about a month ago and will continue until late in December. In the last five years (twelve) they have shipped from Barstow and 500 bales from Big Valley.

The cotton pickers are young Mexican men and women. They are paid 60¢ a hundred and are boarded by their employers. "We could place 500 pickers with the greatest ease," said Peter Otis in El Paso Saturday afternoon. "But I'm all I am after this trip. I have the transportation with me for that number. The wages paid are generous, and the pickers make a good thing of it."

# WHEAT CULTURE BEING DISCUSSED

Millers and Railroad Agent Plan Educational Campaign Among the Farmers

Fulton S. White, agricultural and horticultural agent of the industrial department of the Frisco system, is here today to confer with members of the Texas Millers' Association in regard to the best quality of wheat to use in Texas for seed purposes.

Mr. White will, beginning in January, deliver a course of lectures along the Frisco system from Brady to Fort Worth the object of the lectures being to encourage the growing of better wheat, as well as other grains best adapted to the soil of this state. Mr. White says that it is the desire of the Frisco company to educate the farmers along its lines in the best methods of crop diversification as well as to aid them in the dairy business. The millers along the Frisco road in Texas are co-operating with the railroad company in bringing about these ends. It has just completed a tour of Alabama, Indian Territory and Oklahoma. A car is used in which to give the farmers practical demonstrations following the lectures in each town. These meetings thus far are being attended with good results.

Mr. White says that the matter of growing good wheat is a matter of great importance to the farmers everywhere in this country, especially in Texas. To be able to give them the proper information Mr. White has recently made a trip to Canada and North and South Dakota, where he went to study the situation in these sections. He says that he discovered that the United States government has been pushing the planting of what is known as macaroni or Durum wheat in the northwest and Canada, and also in Texas. This wheat, he says, is all right in the semi-arid sections, but is of little value for the milling or export trade. This wheat quality of wheat is being used in Colorado, but is not giving satisfaction, says Mr. White. This wheat, he says, does not make expansion bread and therefore is not desirable.

# LARGE CROWD AT EAGLES' CARNIVAL

Performances at Midway Well Received at Opening of Week's Display. Canvas Blown Down  
A large portion of the canvas surrounding the loop the gap at the Eagles' carnival blew down during the windstorm of Tuesday night, as did portions of the canvas at various tents. The damage, however, is trifling and early in the day had been entirely remedied.

Opening performances of the carnival postponed from Monday, were held Tuesday, July 2,000 people being present at the grounds at night. All attractions were well patronized, the performers in each making a good impression.

The wild animal exhibition with the carnival proved especially good. In addition to having a fine collection of animals, the trainers have taught them some of interesting and daring tricks. The act of Mile, Martha Florine, who drills a cage full of pumas and leopards with a small whip as her only weapon, received loud applause. Tom Hurd is chief trainer in charge of this part of the show.

Another animal exhibit of equal interest was the performance of Colonel Dixon, the trained horse, who went through all sorts of feats in faultless style. In the stadium first-class acts were seen, ranging from Arabian acrobats and magicians to Babcock looping the loop, Zella, the mysterious, Hotel Topsy Turvy and other good acts were also found in the various pavilions. The Midway with its attractions will be open every afternoon and night this week.

**LOCAL BANK GETS BARREL OF NICKELS**  
Shipment Weighs Two Hundred Pounds and Contains Coins Amounting to \$1,000—For Cotton Trade  
The Farmers and Mechanics' Bank has received an unusual consignment of nickels from the Philadelphia mint, direct from the government. There were nickels aggregating a valuation of \$1,000, and were in bags of 100 each, the whole being packed in an ordinary oak half-barrel. The shipment was made over the United States Express Company at the risk of the government. Both heads of the barrel were sealed. The weight of the consignment was 200 pounds. Cashier Ben O. Smith said that this was the largest nickel shipment ever received by this bank. Heretofore nickel receipts from the mint have not been to exceed \$500 at a time. Referring to this consignment of nickels, Mr. Smith said that just at this time there was a heavy demand for money of this denomination because of the heavy dealings in cotton throughout this part of the state. While the majority of these nickels will be used locally, quite a number of them will be shipped to small banks in this neighborhood, where they are needed.

**Tyler College**  
950 students the past year from 30 different states. We teach Telegraphy, the Famous Byrne Simplified Short-hand and Practical Bookkeeping. Save your money, give us the best. Write for large illustrated free catalogue. Tyler Commercial College, Department J, Tyler, Texas.

**TO USE REFERENDUM**  
Chicago to Vote on Sunday Closing Question  
CHICAGO, Ill., Oct. 25.—Mayor Dunne has a new use for the referendum. He wants to try it on the question whether the saloons shall be closed on Sunday or not. If a majority is for closing them then he will do his best to obey. If the decision is the other way, things will remain as they are.

**1000-Mile Conversations**  
Are of daily occurrence, in large numbers, over the long distance lines of this company. No transaction of business is too important for the telephone and no errand too insignificant for its employment. The busy man doesn't travel—he telephones.

**Grove's**  
The-Non-Secret-Formula Chill Tonic  
You know what you are taking, as the formula is plainly printed on every bottle, showing that Grove's Tasteless Chill Tonic is Quinine and Iron in a tasteless as well as the most acceptable and efficacious form.  
Drives Out Malaria and Builds Up the System  
Sold by all dealers for 27 years. Price 50 cents.

NEW PRESIDENT AROUND TODAY Dr. William Fielder Will Meet Students of University Thursday Morning

Dr. William Fielder, D. D., who was recently appointed as successor to Dr. George MacAdam as president of the Fort Worth University, arrived in the city this morning with his wife and daughter, Miss Minnie, accompanied by Mrs. Fielder and her little daughter, Miss Marguerite. The new president and his family are being entertained today at the home of Dr. J. F. Boyce, pastor of St. Paul's Methodist church, 904 Summit avenue.

Definite plans in regard to the future of President Fielder in connection with the university have not been mapped out, but probably will be during the day. Dr. Boyce said, however, that Dr. Fielder would likely take charge of the university Thursday morning and for the first time will meet the students at chapel exercises at that time.

Dr. Fielder said this morning that he met Dr. MacAdam Sunday at Madison, Wis., and spent the day with him. Dr. MacAdam has accepted a call as pastor of the First Methodist church at that place.

THE DRIFT OF POLITICS

What changes in the political conditions of the country have occurred within a twelve-month? Election day is two weeks off. At this time in 1904 the republicans presented a solid front to their old-time antagonists, and there was never so much as a whisper of discord. Take Pennsylvania, which gave Roosevelt 500,000 plurality. Today the organization which turned in those vast figures and astonished the country is fighting hard for its very existence. The half million plurality has evaporated until now it is a question whether the organization will not lose the state. The people have suddenly gone into business on their own account, and this seems to be a bad year for bosses. Ohio, which gave Roosevelt 25,000 plurality, is debating whether Herrick will be elected. The republicans of Illinois are tearing at each other's hair. Indiana republicans are having family jars. Massachusetts refuses to stand by J. P. Morgan on the tariff revision and railroad rebate questions. New Jersey republicans are calling each other bad names and threatening to send their rivals to early graves. In Maryland, Senator Rayner has challenged Senator Gorman to step to the front and defend his constitutional amendment for limited suffrage or else abdicate. New York City is in the throes of a mayoralty contest in which two of the candidates are advocating municipal ownership of public utilities. Meanwhile, the President is sweeping over the south, seeking new friends and converts to his antislavery ideas.

Spectacular Fight for N. Y. Mayorcy Most spectacular of the great contests in that for mayor of New York City. A month ago it looked as if Tammany would have matters its own way, and not a campaign of a needed. But there has been an awakening. William M. Ivis, who accepted, the republican nomination after fifteen years of political obscurity, and who has always been a democrat, is running on a platform entirely of his own making. He is for municipal ownership and seeks an alliance with District Attorney Jerome, totally ignoring his colleagues on the republican ticket. No one but Ivis thinks he can be elected. He has an idea that if he can combine with Jerome and the latter should be successful he might be pulled through. William R. Hearst is also in the field for mayor on a ticket of his own making and a home-made platform. He is also for municipal ownership. Hearst has named his private counsel, Shearn, for district attorney, and has cast his vote for Jerome. He is showing to be the only one on the road and does not purpose to be eclipsed by any side light like Jerome. Of course, Hearst is spending money freely, as usual, but has good crowds of retainers and has good crowds at his meetings. He has on his ticket for president of the borough of Manhattan J. G. Phelps Stokes, the millionaire, who has forsaken his home of luxury and gone to live in the East Side, where he is devoting his life and wealth to the work of bettering the condition of the poor. Stokes is an impressionable young man and has become imbued with the idea that he can be elected. He is making a vigorous canvass and is liberal in his campaign expenditures. With a million-

aire at each end of the Hearst ticket, the outlook up to the time the polls close should be very bright. After the vote is counted the story will no doubt be different. Disturber of Political Peace A disturbing element to the regular political parties, especially to Tammany, is the independent candidacy of William T. Jerome for district attorney. He is running his own campaign and is creating his own machine. He does not seek alliance with anyone. His friends are raising a fund of \$50,000 to help his independent fight, and there is every indication they will get the money. Tammany's candidate, Mr. Osborne, is a reputable man with a clear record. He will be compelled to bear the brunt of the battle. While McClellan faces two foes for mayor, combined they do not have the strength or standing of Jerome. The latter has not only the better class of citizens in his favor, but he has that impressionable set who admire a man that goes out of the ordinary line to do things, as Jerome and Roosevelt do. The conservative Evening Post is backing Jerome strongly, and it says: "Jerome's fight is democracy's fight, not only in this city, but the country over. If he is rejected and hated of both bosses, off all party tickets, should be elected, it would be the signal for an uprising against the boss system such as this nation has never seen. Mr. Jerome has no political strength except in his appeal direct to the people. The secret of the admiration which he has awakened is no mystery. It is easy, as it has been remarked, to say strong things. Any orator, any writer, is capable of that. But to say them and then go out and do them, is the mark of the exceptional and inspiring man. And this is Mr. Jerome's quality. He has a freedom of speech almost terrifying, but it is united with absolute honesty, perfect frankness and with an executive ability certainly out of the ordinary."

It is openly charged, and with some reason, too, that the democratic and republican leaders had an agreement that neither party would give Jerome a place on their tickets, hoping thus to eliminate him from New York politics.

Failure of Municipal Ownership This municipal ownership idea that is being discussed in New York City by two of the candidates for mayor, Messrs. Ivis and Hearst, has received a black eye in Chicago. Judge Duane was elected mayor of the western city on the municipal ownership cry, and he has been unable to present a fair plan or scheme by which the city can make use of the public utilities.

CASTORIA For Infants and Children. The Kind You Have Always Bought Bears the Signature of J. C. Watson

The whole plan seems to be impracticable. The mayor has one scheme and the councilmen another. The corporations that either hold the franchises expect to get them have their ideas. There has been a continual clash ever since Duane was elected. Nothing has been accomplished, and the outlook is very dark. Last week the city council of Chicago went on record as against municipal ownership of street railways. They want to lease or sell the franchises to a corporation. But before moving in the matter, the council want the people to vote on the question of instructions. This cannot be done until next spring. In the meantime the railroad company is operating its old and profitable lease. Mayor McClellan of New York, in his opening speech declared that New York City could not raise money enough to buy out the street railways, electric and gas lighting companies, etc., so that the city could own them. But he declared its brightest minds could be regulated so that their business could be regulated so that their profits and the valuable public rights they hold. The question is too complicated to be settled on the political stump, and Chicago has found that even its brightest minds cannot cope successfully with it. There is no doubt that the rights of the people have been grabbed by designing politicians and capitalists, but just how the people can get their own again is a problem and a serious one.

Sensations in Fight in Maryland The sensation in the Maryland campaign is the open letter of Senator Rayner to Senator Gorman, announcing his opposition to the suffrage amendment. It is taken by many as significant of Mr. Rayner's course toward the present party platform. The secret of the admiration which he has awakened in the United States senate delegation the Poe amendment as an outrageous and offensive assault on popular rights—a wretched piece of jugglery conceived in fraud and intended to be executed in iniquity. The democratic state convention a few weeks ago declared that opposition to the amendment was due to "corrupt combination of affected democrats and reformers, allied with the republicans and the negroes."

In Senator Rayner, democratic protestants against the "grandfather clause" and the caste system have found a spokesman who does not fear to defy the machine's edicts and expose its true aims and purposes. Mr. Rayner has always stood for liberal political ideas and honest government. He has never identified himself with the Gorman machine and he won his election to the senate over Mr. Gorman's opposition. He cannot be silenced now.

In his letter Senator Rayner says: "I would rather never have held an honor at the hands of the people, and at this moment would surrender any ambition that I may cherish for the present or the future in the public service of my country, and would rather my name should be forever buried in oblivion than either by active participation or silent acquiescence assist in inflicting this outrage upon the people of my state."

Always Remember the Full Name Laxative Bromo Quinine Cures a Cold in One Day, Grip in 3 Days

"I am utterly opposed to this amendment, and the strongest convictions of my life against the principles that it embodies, and I believe that its adoption would bind the chains of political slavery around this state, would sound the deathknell of our political hopes and aspirations in Maryland and would be as great a calamity as could possibly be inflicted upon our people."

The pressed amendment provides that the voter must be able to read the constitution of the United States to the satisfaction of the election board before he can vote; also that he must be a descendant of a person who had the right of suffrage in 1860 or previous thereto. It is intended to wipe out the negro vote, but it also hits hard thousands of white men.

Ohio's Hot Contest for Governor The gubernatorial campaign in Ohio is the hottest that has been known in the state for years. Governor Herrick, the republican nominee, has incurred the enmity of the temperance folk, who have always heretofore been staunch republicans. He has also run afoul of other elements, including the powerful life insurance companies with their immense funds. Mr. Herrick and his friends, comprising "the old Hinnam crowd," as they style themselves, have no love for President Roosevelt. They also seek the scalp of Senator Foraker. Last March Governor Herrick was a sure candidate for New York. He has returned to New York, where he resides when at home, and advocates the President's ideas. Senator Foraker is likely to follow, and to the same audience oppose the thought that Mr. Taft will express. It should be remembered that Governor Herrick is a railroad and corporation man. He is associated in many enterprises with George J. Gould, and, of course, he is opposed personally to any meddling with railroad rates.

Influences Behind Democratic Candidate The democratic candidate for governor, John M. Pattison, is the president of one of the largest life insurance companies in the west. There are reasons for believing that the present lively campaign for governor was instigated by the life insurance combination. Ohio was one of the states for which a large sum of money was subscribed by the insurance pool in New York, and recent events indicate this combination endeavored to control politics in Ohio before the scandal in New York opened the eyes of the people to the methods adopted by the insurance combine. The candidacy of Mr. Pattison followed upon an unsuccessful effort to deprive the people of Ohio of the taxation money now paid by the insurance companies. That attempt was the work of the eastern insurance combination. Their lobbyists were present at Columbus, fitting the bill in question went through the senate, and would have gone through the house had it not been for Governor Her-

rick, who wrote a letter to one of the senators denouncing the scheme and threatening to veto the bill if it ever reached him. Following on this came the candidacy of the prominent life insurance president, and politicians believe the whole campaign is being engineered by the life insurance combination. The bill would have relieved the insurance companies of the payment of \$150,000 in taxes annually.

Mr. Pattison was not the choice of the leaders of his own party. They underestimated his strength and were entirely unprepared to meet it when he suddenly loomed up in the convention with a clear majority of delegates. The democrats are well supplied with money and are making a most vigorous fight. It is believed that Herrick will win. One thing is certain—the state is getting a great shaking up, and there is nothing the people of Ohio like better than a warm political contest.

Business Locals Marion Sanson has returned from a trip to the territory. W. L. Douglas Shoes make the feet feel happy. Thousands of them sold by Monik Dry Goods Co., 1302-4 Main street. Judge L. C. Herd of Sweetwater spent yesterday in Fort Worth. Linen, cleanly washed and ironed, at prices that are right, is what every one wants. That is what the Reliable Steam Laundry does for you. C. H. Bencil has returned to Brownwood, after spending several days in Fort Worth.

If it's anything in the furniture line you want you'd naturally go to the City Hardware Co., First and Houston. Phone 562. Any way you want to pay. D. H. Yancey of Grapevine is in the city visiting his brother, W. E. Yancey, deputy county clerk. If it's hardware, go to the Panther City Hardware Co., First and Houston streets. They can supply you with anything in the line. Go to Cummings, Shepherd & Co., 700 Houston, for phonograph records, musical instruments. They carry a large line of latest, up-to-date goods. C. H. Huntington of Wheeling, W. Va., is in the city today. Everybody ought to have a good photograph. Swartz, 705 Main street, is where most people go when they want good ones. Now is the time. E. M. Townsend of Kansas City is among the day's arrivals. The best liquors, wines and cigars to be had in Tarrant county are kept at York's Liquor Store, 1016 Main street. A trial order is sufficient evidence. Fort Worth Business College. Man's best capital—a course at college, fitting him for everyday duties of life. Opposite Delaware hotel. Try a bottle of Miller's best, \$1 a quart. Four Queens, high grade whiskey, at \$1.25. The Kentucky Liquor Agency, 114-16 Houston street. Your prescriptions can be filled exactly as the doctor ordered at Reeves' Pharmacy, 1201 Jennings avenue. Fine line of toilet articles always on hand. Mrs. G. L. Coppage of Childress, who has been in the city visiting Mr. and Mrs.

F. E. Coppage of 421 Louisiana avenue, has gone to Wichita, Kan., where she will visit her sister for several weeks. If you want anything to read go to Green's Old Book Store. For insurance in solid companies or for good investments in real estate, improved or unimproved, see John Burke & Co., 109 East Fourth street. Don't hesitate—just phone 561, the Fort Worth Steam Laundry and let them convince you that they are in the business to please their customers. Johnson Grocery Co., 606-608 Houston, carry an immense stock of groceries. It is kept clean and fresh. Best place in Fort Worth to trade. Everybody in Tarrant county knows that Frank Leffler, the photographer, 600 Houston street, makes the best photographs at the lowest prices. Now is the time to go. We have on hand three Wintona, one Franklin Runabout, one Olds Touring Runabout, one Buckboard. These cars will be sold at a great reduction, all in good condition. Great opportunity to secure an automobile at a bargain. Fort Worth and Dallas Auto Co. W. B. Scribner and R. A. Bobo, first and Throckmorton streets, have the finest line of agricultural implements in the southwest. All up-to-date goods to select from. No torture to that of a rheumatic. Prescription No. 2551, by Elmer & Amend, quickest relief of all. For sale by all druggists.

AN EASY PROBLEM To fill a big store every business day with buyers is the same problem as that of filling the little store, or the any-size store; the solution in any case being "adequate (sufficient) publicity," and incidentally, no store ever had this—and charm of store-keeping is partly in the fact that no one has yet sounded its possibilities—as no store has been advertised so fully and persistently and aggressively and enthusiastically as it might have been.

INDUSTRIAL OPPORTUNITIES. A new folder giving concise information regarding industrial openings along the Chicago and North-Western Railway, with particulars as to factory building and desirable sites available for immediate use and other information of much value to manufacturers seeking new locations. There are hundreds of splendid openings for manufacturers, jobbers, and retail dealers in territory reached by the North-Western Line. This folder contains a full description of several important extensions of the North-Western Line that open some of the finest territory in the west. Free on application to A. J. Fisher, Trav. Agt., 823 Main Street, Kansas City, Mo.

Mary had a little lamb, Its coat was pure and old. She feared that in the winter The lamb would die of cold. She searched and looked and looked and searched, No garments could she find. Till friends suggested TELEGRAM "Lines" to her mind. —N. Y. Telegram.

# Facts Women Should Know

**YOUNG GIRLS**  
are earnestly urged to write us at once for Free Advice. Make us your confidant, describe your troubles, stating age, and we will send you instructions and advice, in plain sealed envelope. Address: Ladies' Advisory Dept., The Chattanooga Medicine Co., Chattanooga, Tenn.

## Do You Know

that female disease will drag you down into a miserable wreck, if you do not fight it with all your power, and drive it out of your system? Nothing is so certain to destroy your good looks, and shorten your life, as that dreadful bane of every woman—disordered female functions. If you suffer from any female disorders, take

## WINE OF CARMOL

### Woman's Best Friend

It will surely relieve and cure you. Carmol is a pure, scientific, vegetable medicine, with a specific, soothing, heating, curative effect, upon all the female organs and functions. It relieves monthly and bearing-down pains, headache, backache, dizziness, etc., regulates irregular functions, stops abnormal discharge, gives renewed strength and vital energy to weak women and fits them for every duty of life. Try it.

**"I WILL NEVER STOP TAKING CARMOL."**  
writes Mrs. F. C. Waters, of 1134 King's Road, Los Angeles, Calif.: "Before I used it I weighed only 90 lbs., and had been suffering for two years with female trouble. Since taking your bottles, I have gained 40 lbs. in weight, and Carmol has done me more good than any medicine I ever took."

At every Druggist's, in \$1.00 Bottles.

## HARRIMAN BACK OF TEXAS FIGHT

### Brazos Valley and Central Contest Opens Fight

## GULF OUTLET IS SOUGHT

### H. & T. C. Extensions Will Lead Through North-West Line

Local railroad men believe a big railroad war has been started in the contest between the Trinity and Brazos Valley, a part of the Youkum-Hawley interests, and the Houston and Texas Central, which will be used, it is believed, as a Gulf outlet for Harriman. The road-building contest between the Trinity and Brazos Valley and the Houston and Texas Central continues to increase in interest, with no apparent abatement. Both companies continue to increase construction forces and additional men and teams are being put to work all along the line. Efforts indicate that the two roads are doing everything possible to complete their respective lines. Before I used it I weighed only 90 lbs., and had been suffering for two years with female trouble. Since taking your bottles, I have gained 40 lbs. in weight, and Carmol has done me more good than any medicine I ever took.

## STOCK EXCHANGE DEFENDS SHIPPERS

### Opposes Measure in North Fort Worth Council Regarding Dead Animals

At the regular meeting of North Fort Worth city council Tuesday night Alderman W. A. Arthur presented his resignation, which was accepted by council and a rising vote of thanks tendered Mr. Arthur for the efficient manner in which he discharged his duties as a member of the council.

The Southwestern Mechanical Company submitted a proposition to remove all fowls and dead animals found within the city limits free of charge. In accordance with an ordinance providing that animals shall be removed without cost to the city and asking that the company be designated as the place where all dead animals, which have hides shall be deposited.

Judge C. M. Templeton addressed the council in the interest of persons buying dead animals for their hides and spoke against the granting of the petition if it were made an ordinance would force all persons to turn over to the company their dead animals.

W. D. Davis, a member of the Live Stock Exchange and of a committee appointed by that body to arrange for the disposal of dead animals by contract, urged the granting of the petition on the ground that it would place shippers, who consign cattle to this market, at the mercy of the company, inasmuch as the shipper would hardly receive the amount of the contract for transportation to market. He said that the exchange committee had notified persons dealing in dead animals for their hides that they were ready to consider bids on the same, it being understood that the bidder suitable was to be awarded a contract for a term of years. Several bids had been received, but none from the Southwestern Mechanical Company.

After exhaustive discussion, led by Alderman J. J. Lydon, who opposed the petition in its present status for the reason that in his opinion it would be creating a monopoly, the council adjourned until the next regular meeting.

## Firemen Appointed

John Buckland, chief of the fire department, submitted appointments of John Grant, A. L. Caps, D. B. Smith and Ed Daniel as firemen. The report was referred to the fire committee.

Petition of the North Fort Worth Town-Ship Company, regarding changes and additions in Belmont Terrace was granted and the changes will be made in the county clerk's office at once.

H. A. Mulholland, city assessor and collector, was granted several days' absence. Mr. Mulholland will visit San Antonio.

## Stop Well Work

After discussion of the shallow well, a motion was passed rescinding former action of council regarding the well, and it was ordered to stop the well as it stands.

Further discussion of the water works brought out the fact that the McQuatters Plumbing and Machine Company expects to deliver the air compressor within two weeks. The city secretary was directed to notify the company that it is expected to do the wiring in connection with the electric valves.

A proposition from R. O. Phillips to sell his private water works system to the city at first cost of pipe was referred to water works committee. Mr. Phillips is said to have about fifty customers.

Passage of the water works ordinance was deferred to hear any objections filed for consideration by the council. The ordinance provides the same general rates as are in force by the Fort Worth water works. Plumbers must have licenses from water works, give \$1,000 bond and be residents of North Fort Worth.

## Election Ordered

An election to fill the vacancy caused by the resignation of Alderman W. A. Arthur of the Third ward was ordered to take place at city hall, Saturday, Nov. 4. Professor H. C. Sanders being named by Mayor Pritchard as election manager.

City Attorney I. T. Valentine read the council an ordinance regarding the removal within five days after the passage of the ordinance, all necessary houses to alleys adjoining same. The ordinance imposes a fine of \$100 for each day after the five days after the passage of the ordinance to remain of the alleys, but does not apply to water closets or closets over cesspools.

Aldermen Lydon and Blanke stated that there are many places in the city where there are no alleys, and Alderman Lydon made a motion to the effect that the ordinance be tabled. The motion was adopted and the ordinance was referred to the health committee and city attorney for investigation.

## TO BUILD INTERURBAN

Westinghouse Interests Finance the Gainesville-Sherman Line

It is learned here that the promoters of the interurban line between Gainesville and Sherman have succeeded in financing the road and that construction is to begin just as soon as contracts can be let. The line is to be forty miles long. Gainesville gave a bonus of \$45,000, Whitesboro \$15,000 and Sherman \$25,000, the total bonuses being one-tenth of the required amount necessary to build and equip the road through from Sherman to Gainesville. The line is to run through Callisburg, Whitesboro and Sadler.

It is proposed to build several branches every block, which, according to reports, has been projected to reach Fort Worth.

It will be recalled that when this line was projected some time ago it was reported that Fort Worth was to be one of the points touched by the proposed line. It is further understood here that the money to construct this interurban is to be furnished by the Westinghouse company, New York, the same company that at one time proposed to take an interest in the projected interurban road from Fort Worth to Mineral Wells.

## Cattle Moving Rapidly

AMARILLO, Texas, Oct. 22.—The Pecos Valley lines and Southern Kansas of Texas railway are operating to their entire limit hauling Panhandle cattle to market and to pastures north. Thousands of cattle are moving from western Texas along the Texas and Pacific to Pecos City, where they are in turn taken by the Pecos Valley and brought up that line through Amarillo and thence to their destination in the north. Before the extreme cold weather sets in many more trains of cattle will move over the Santa Fe and in all probability the road will enjoy the heaviest traffic during the season of any since the completion of the line.

## OVEREXERCITION CAUSES DEATH

GUTHRIE, Okla., Oct. 21.—A. A. Cooney, living near Garber, died suddenly from overexertion in fighting a prairie fire, which threatened his home.

## WOMEN'S NEGLECT SUFFERING THE SURE PENALTY

Health Thus Lost Is Restored by Lydia E. Pinkham's Vegetable Compound.

How many women do you know who are perfectly well and strong? We hear every day the same story over and over again. "I do not feel well; I am so tired all the time!"

Miss Kate McDonald

More than likely you speak the same words yourself, and no doubt you feel far from well. The cause may be easily traced to some derangement of the female organs which manifests itself in depression of spirits, reluctance to go anywhere or do anything, backache, bearing-down pains, flatulency, nervousness, sleeplessness, leucorrhoea.

These symptoms are but warnings that there is danger ahead, and unless heeded a life of suffering or a serious operation is the inevitable result.

The never-failing remedy for all these symptoms is Lydia E. Pinkham's Vegetable Compound.

Miss Kate McDonald, of Woodbridge, N. J., writes:

"I think that a woman naturally dislikes to make her troubles known to the public, but restored health has meant so much to me that I cannot help from telling mine for the sake of other suffering women."

"For a long time I suffered untold agony with a uterine trouble and irregularities, which made me a physical wreck, and no one thought I would recover, but Lydia E. Pinkham's Vegetable Compound has entirely cured me, and made me well and strong, and I feel it my duty to tell other suffering women what a splendid medicine it is."

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write to Mrs. Pinkham, Lynn, Mass., for special advice—it is free and always helpful.

## QUIT PAYING RENT

Why Don't You Pay to Yourself?  
ROSEN HEIGHTS LAND CO.

## OF INTEREST TO THE CATTLEMEN

ALPINE, Texas, Oct. 25.—W. T. Henderson and family have returned from Kansas City. The four cars of fat cattle which Mr. Henderson shipped there were pronounced the finest range steers ever seen in Kansas City. The car of dehorned steers weighed 1,065 pounds and sold for \$3.50, while Mr. Henderson refused that price for the black malays.

Jackson & Harmon bought of L. Haley 400 head of 3 and 4-year-old steers at private terms. The purchasers expect to ship them to market some time this winter.

Jackson & Harmon are shipping the Kokernot steers that they bought some time ago. This is a fine bunch of steers. A. M. Turney has bought of Tip Franklin thirty head of saddle horses at private terms.

Judge Morris has about two hundred or more fruit trees planted on his farm and expects to plant 1,000 more this winter. We have had some rain and a little cold weather, but as yet no snow or freezing weather. However cattle will not suffer this winter from cold, as they are fat and in fine condition.

## THE BRACKETT COUNTRY

BRACKETT, Texas, Oct. 25.—Fine rains have fallen over this section within the last three days, putting pastures and fall crops in good shape.

Two car loads of pecans have been bought here by Brackett dealers from the county districts.

About thirty thousands pounds of fine quality mohair have been brought in to Brackett from the fall clip, showing a great increase in the Angola goat business during the last twelve months.

A. H. Horn has bought 4,000 acres of black mesquite land on the Southern Pacific railroad near Kinney Station. This will probably be cut into small tracts for farming purposes. The remainder of the

## COMPLAIN OF SHORT WEIGHT

NEW YORK, Oct. 25.—The beef trust, it is alleged, is making from \$1,000 to \$2,000 a day by selling shortweight meat to the retail butchers in New York. According to statements made by several of the largest of the butchers they have practically no redress. They cannot come out publicly in the papers and accuse the trust. They say the beef trust has such a monopoly in the west as well as in the east that it can squeeze any retailer out of business by simply applying the old-fashioned Standard Oil method of refusing to sell meat to the victim.

The beef trust distributes every day in New York about 10,000 packages of small meats, such as hams, legs of lamb and mutton, etc. It is a special branch of the business developed by the trust. The beef trust packages are done up in brown paper, securely wrapped and each package has the alleged weight stenciled on it, which runs from seventy-five to one hundred pounds per package.

These packages, the retail butchers allege, vary from one to three pounds short in weight. At the average price of 10 cents a pound wholesale this means that the packages are shy from 10 to 30 cents' worth of meat.

According to the big retailers, whenever they complain to the trust managers here of short weight in the package meat they get the unvarying answer:

"If the package is short weight send it back."

"Why not weigh the package before you deliver it?" asked one of the protesting butchers.

"Our orders are to sell the packages at

## AMERICAN HEREFORD PEOPLE

At the meeting of the American Hereford Association at Kansas City recently it was voted to appropriate a sum of money, not to exceed \$20,000, for special prizes for the shows of 1906, to be apportioned by the board of directors. Some criticism of the distribution of this special prize money the past year was voiced. A. C. Huxley, Bunker Hill, Ind., pointing out that Radford and Roanoke, two small fairs within forty miles of each other in Virginia, had \$200 each, while the New York and Pennsylvania state fairs had not a penny. Oscar L. Miles, Fort Smith, Ark., wanted the money spent in Texas centralized at Fort Worth, so as to build up a great show there. S. T. Howard, Quannah, Texas, opposed this plan, declaring that better results would be obtained by encouraging exhibits of Herefords at several shows in the state. Judge Nelson believed that Fort Worth is the best possible place in the state to build up a big show of live stock. These sentiments were voiced as suggestions to the directors in the distribution of the funds.

## OKLAHOMANS FEEDING SHEEP

A dispatch from Guthrie, Okla., says: Ex-Senator George H. Brett of Ponca City is bringing 18,000 head of sheep, which he recently purchased in Colorado, to his ranch in Kay county, where he will feed them during the winter in the corn fields of the Ponca Indian reservation. He says not fewer than 65,000 head of sheep will be fed this winter in the neighborhood of Ponca City, the bulk of them being shipped in from western states. The sheep feeding industry in Kay county has been developed within the past three years. Brett fed 16,000 head last winter.

## COTTON LITTLE DAMAGED

Government Report Says Frost Injured Only Late Bolls, Causing Others to Open Rapidly

GALVESTON, Texas, Oct. 25.—Weekly crop bulletin report for the week ending Oct. 23, 1906:

Warm weather prevailed early in the week, but toward the middle of the week a change to colder began to be felt in the northwest and then swept rapidly downward across the state. It caused light to heavy frosts in the northern part of the state, and freezing temperatures in the far northwest. Showery conditions prevailed just previous to the change to colder, and moderate to heavy showers fell over the greater part of the state. These were generally heaviest in the central portion of the state, and of a destructive character occurred in some localities. High winds prevailed during a large part of the week.

Cotton—Cotton suffered little damage from frost, though late bolls were damaged to some extent. The frosts will, however, have the effect of causing cotton to open more rapidly. Practically all cotton is now made, and the planting which has recently begun in the south and west is still numerous and are puncturing most of the late bolls. The rains of the middle of the week caused considerable damage to open cotton. The damage was largely increased by the high winds blowing the cotton out on the ground, and by the hail storms which accompanied the rains in many localities, especially in the central portion of the state. Picking was delayed largely by showers, but this week was pushed rapidly where the weather conditions were favorable. Over the greater portion of the southwest and in many counties of the central district picking is about completed. Only scattered patches remaining. Much cotton remains to be picked in the north-west, but the more rapid opening has increased the activity on this line.

Rice and Sugar Cane—Sugar cane is generally good, though in a few localities it did not do well. It is ripening and harvesting is in progress. The rice crop is generally good, though some of the later crop is only fair. Harvesting continues, but is generally about completed. Threshing is in progress.

Miscellaneous—Harvesting corn continues with about equal activity from poor to good. The rains of the week placed the soil in good condition for plowing and seeking over the greater part of the state, and this work is now extensively in progress or is about to begin over that portion of the state where rain fell. Grain which had already been seeded was benefited greatly by the rain. Pastures also were improved decidedly by the showers. The supply of stock water was increased, though it is still scarce in localities. Stock is generally doing well. Potatoes are being harvested. In some places the crop is very poor. The planting of fall gardens in the coast districts was delayed by dry weather, but the rains have caused increased activity along this line.

## ANNIVERSARY TO BE OBSERVED HERE

Ancient Order United Workmen Will Be Thirty-Seven Years of Age Next Friday

Several local leaders in the Ancient Order of United Workmen are urging the observance of the thirty-seventh anniversary of the founding of the order. The anniversary day is Oct. 27. The order is strong in Fort Worth and if it is decided to observe the day the event will be an interesting one in secret order circles.

Ancient Order of United Workmen was founded by John Jordan Upchurch in Meadville, Pa., in 1868, and was the first fraternal protective society in America. Since that time it has grown until it is known in every state in the union and in Canada. It is said to rank first in benefits distributed, with a record of \$50,000,000 and is distributed to the families of deceased members.

Oct. 27 the order will be thirty-seven years old and despite the many obstacles with which this association has been met and it has continued to grow and prosper.

## POLYTECHNIC NOTES

Mrs. J. L. Mann and children of Denton are visiting her parents, Dr. and Mrs. J. A. Loeman.

Ernest Cavens, a graduate of Polytechnic College, is visiting his brother Dave, and old friends.

Mr. Bennett and family have returned home after an extended visit to Illinois. They report a pleasant trip.

Meritt Browning of Merkel, Texas, is visiting his sister, Miss Dupin. Mr. Browning has sold his drug business in Merkel and will leave today for Oklahoma, his future home.

Tired out, worn out woman cannot sleep, eat or work; seems as if she would fly to pieces. Hollister's Rocky Mountain Tea makes strong nerves and rich red blood. 35 cents, Tea or Tablets. J. P. Brashear.

# OLD SORES OF BAD BLOOD SURE SIGNS OFTEN LEAD TO CANCER

The deep, underlying cause for every old sore is a bad condition of the blood. This fatal fluid is not pure and healthy, but has become infected with some germ or poison which prevents the place from healing. These poisons in the blood may be the result of an inactive or sluggish condition of the system, leaving the refuse matters in the body to be absorbed into the circulation, instead of throwing them off through the usual channels of nature. Another cause is the weakening or polluting of this life stream by the remains of some constitutional trouble, or the effects of a long spell of sickness.

When the blood is in this condition, a great running sore or deep offensive ulcer may develop from a slight scratch, bruise or pimple; a harmless looking wart or mole, roughly handled, often becomes an ulcerating spot which may degenerate into Cancer dangerous and destructive. Persons with inherited blood taint are also apt to be afflicted with sores and ulcers. Being born with an unhealthy blood supply, the different parts of the body are never fully nourished, and when middle life is reached or passed, the tissues in some weak point break down and a chronic sore is formed, and kept open by the poisons in the blood.

How aggravating and stubborn these sores and ulcers are is best known by those who have treated and nursed one for years, applying salves, lotions, plasters, etc., with no good results. The place remains and continues its work of destruction by eating deeper into the surrounding flesh; festering, discharging, requiring constant attention, and undermining the general health by its action on the system. One of the most common evidences of impure blood is dry sores, which are usually on the face. These continue sometimes for years with apparently no change, the scab dropping off and re-forming at intervals; but when the vital energies begin to weaken, the place grows red and tender, a slight discharge commences, it takes on an angry, inflamed appearance, and usually terminates in Cancer.

It is a waste of valuable time to treat these places with external applications and expect a cure. True these keep the parts clean and are beneficial in this way, but they do not reach the real trouble. You may glaze the surface over with them for awhile, but the poison is at work deeper down, and constantly eating nearer the vital parts and damaging the entire health. The practice of cutting out the diseased parts and scraping the bone is often resorted to, but even these severe measures do no good. The sore may be removed, and for a time heal over, but the same poison which produced it the first time is still in the blood, and it will return, because **THE BLOOD CANNOT BE CUT AWAY.**

The only treatment that can do any good is a competent blood purifier—one that goes to the very root and removes the cause, and for this purpose nothing equals S. S. S. It begins at the fountain-head and drives out all poisonous matter and germs; freshens and strengthens the deteriorated blood and makes a lasting cure. As soon as the system gets under the influence of S. S. S. the sore begins to improve, the inflammation gradually leaves, the discharge grows less and less, the flesh takes on healthy color, a scab forms, and when it drops off the place is permanently healed. S. S. S. is purely vegetable, and while cleansing the blood, it builds up the entire system by its fine tonic effect. If afflicted with an old sore or ulcer, do not waste time with experimental remedies and risk its becoming a Cancer, but get the poison out of your blood with S. S. S. Write for our special book on Sores and Ulcers, and any medical advice desired, will be furnished by our physicians, without charge.

# S.S.S. PURELY VEGETABLE

THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.

Armstrong's "Oak Leaf Lard"

Is rendered from the leaf fat of corn-fed hogs, by the most skilled workmen that money and years of experience can obtain.

WANTS LABOR UNIONS TO WORK WITH FARMERS

American Society of Equity Organizes to Secure Better Crop Prices

INDIANAPOLIS, Ind., Oct. 25.—Will organized labor and the farmers ever be able to get together and absolutely control alike the pay of all workmen and the cost of their daily bread? With its principle of "business system for the control of farm business," the American Society of Equity claims to be blazing the way.

Although organized but three years ago in this city, where its headquarters have

J.A. EVERITT PRES.

W.E.S. TUBBS SEC.

always been, the society numbers thousands of members all over the country. The society now proposes to seek affiliation with the American Federation of Labor.

ONLY A SUGGESTION

But It Has Proven of Interest and Value to Thousands

Common sense would suggest that if one wishes to become fleshy and plump it can only result from the food we eat and digest, and that food should be albuminous or flesh-forming food, like eggs, beefsteak, and cereals; in other words the kinds of food that make flesh are the foods which form the greater part of our daily bills of fare.

But the trouble is that while we eat enough and generally too much, the stomach, from abuse and overwork, does not properly digest and assimilate it, which is the reason so many people remain thin and under weight; the digestive organs do not completely digest the flesh-forming food, like eggs and similar whole-some food.

A perfect substitute for Butter Swift's Jersey Butterine

will save you one-half on your butter bill.

Clean, wholesome, and appetizing, it is a perfect substitute for butter.

Put up in one and two-pound prints.

Swift & Company, Chicago Kansas City Omaha St. Joseph St. Paul Ft. Worth

call them "dumpers," because they throw their crops on the market at any price. To Regulate Middlemen. "Will not giving the farmer a higher price raise the cost to the laboring man?" you ask me. I answer that it will not, and for this reason:

"The wealth produced by the farmer and the laborer now goes largely to the manipulator, the middleman. For instance, a bushel of wheat sells for \$1, but the sack of flour which it makes is sold to the consumer for \$1.65. Besides this big profit the middleman has the by-product. Three years ago, when tobacco brought the producer only 40c to 5c a pound, it cost the consumer 30c to 60c. In the light of such facts we say the middleman must be forced to equitable terms or we will do his business ourselves.

Scores for Consumers "We do not mean by this that we shall make the mistake other farmer organizations have made of starting co-operative stores among farmers. That has proven a failure. But co-operative stores among consumers have been and are successful. We shall seek to have the people in the cities, the labor organizations, get together on a co-operative store basis. The farmers can sell to them at an equitable price and the co-operative consumers can share the dividends. This will cut out the middleman. In Arkansas the A. S. and E. is now working extensively in connection with labor organizations and our plan is daily gaining adherents."

A union label has been adopted. That this label will ultimately be recognized by the A. F. of L. in consideration of recognition by the farmers of the labor union labels is one object sought in the proposed affiliation.

ASKS NEW TRIAL AND ALLEGES JURY DRANK

Sensational Charges Made by Counsel for State Senator Emmons in Bribery Case

SACRAMENTO, Cal., Oct. 25.—In arguing the motion for a new trial yesterday in the case of former State Senator Emmons, convicted of bribery, Emmons' attorney in alleging misconduct of the jury, brought into court two dozen empty quart whisky bottles which it is alleged were found in the jury room after the trial. W. Harb testified that he is the keeper of a restaurant, where the jury boarded. He said the deputy sheriff instructed him to let the jurors have a cocktail each morning before breakfast and beer and wine at meals. It is said on behalf of the people it will be shown that when the jurors entered upon the occupancy of the room, they found a great lot of empty bottles in it.

HEAD OF HOSPITAL JOHN FANNING O'REILLY'S KIDNEY PILLS

John Fanning O'Reilly, who for three years was superintendent of the Manhattan Hospital of New York City, and for six years previous to that service was chief clerk of the insane department at Ward's Island, expresses warm admiration for Doan's Kidney Pills.

Mr. O'Reilly's letter follows: Foster-Milburn Co., Buffalo, N. Y.: Gentlemen: I wish to publicly endorse Doan's Kidney Pills. There is no doubt that all who have disordered kidneys can readily be cured if they use your remedy. For over a year I had kidney trouble, but for some time did not know what caused my distress, incessant suffering, backache, pain across the groins, urinary troubles, loss of appetite and strength. An acquaintance who had been cured by a similar experience urged me to take Doan's Kidney Pills, and I am happy to say the remedy was most successful. Yours truly, (Signed) J. FANNING O'REILLY.

Hard Work Often Strains the Back and Brings on Kidney Disorders. Doan's Kidney Pills Keep the Kidneys Well and the Back Strong.

Any work that is a constant strain on the back is certain to injure the kidneys, in time. That is why desk workers, farm hands, railroaders, teamsters, barbers, painters and workmen of a hundred trades suffer so much from backache. Many tasks, like housework, that do not require great physical strength are very trying on the back and kidneys. That is why backache is so common among women. That is why so many women are unnaturally weak and tired and sleepless.

When the kidneys are sick every exertion sends a sharp, stinging pain through the joints, and for hour after hour there will be a dull, heavy throbbing ache in the small of the back. You will feel weary all the time and urinary troubles may add to your misery. Doan's Kidney Pills have given thousands of working men and women strong backs for their daily work. This remedy helps the kidneys to do their work, to filter the liquid poisons from the blood and to send pure, health-giving blood to the muscles and organs.

We would sincerely advise every man or woman whose work is hard on the back to help the kidneys with an occasional dose of Doan's Kidney Pills.

Sold by all druggists. Price, 50c. Foster-Milburn Co., Buffalo, N. Y. Props.

Packing House SITES INSPECTED Dallas Investor Satisfied With Outlook and Will Decide Upon Location

Abraham Rosenthal of Rosenthal & Son of Dallas was in Fort Worth Tuesday and looked over several of the sites that have been offered him for the new packing house that he is going to erect here in connection with others. He did not come to a decision as to just where he would locate the new packing house, but said that he was decided in his opinion that Fort Worth was the best place for him to come, as the conditions of the market were favorable.

Mr. Rosenthal announced that he would be here again within a few days and conclude arrangements for a site for his new business. He has decided that one or more of the sites offered him will answer his purpose, very well, decision resting among them.

FURNITURE DISPLAY FAVORABLY RECEIVED Large Attendance Marked Fall Opening at Ellison's Store—Furniture Men Present

Expressions of approval of the display of furniture at the fall opening of Ellison's store were heard upon all sides Tuesday, the visitors one and all seeming highly pleased with an opportunity to view the stock offered. Many of those present took occasion to personally express their pleasure to members of the establishment and its force of employes, all declaring the exhibit the finest thing of its sort ever seen in this city.

Guests were present from California, Oregon, New York, Nebraska, Wisconsin and Illinois, including the cities of New York, Chicago and Omaha as shown by the registration of those attending the opening. These persons all declared the equal of the store had not been seen by them, one woman declaring the display of furniture was in advance of that shown at the recent exposition in this city.

The fall opening was made the occasion for gathering in the city of the leading furniture men traveling in the south. A number of these assisted at the opening, to whom the company expresses a sense of indebtedness, among them being T. A. McCarthy of the Crocker Chair company; J. W. Norred of the Haywood and Wakefield Rattan company; W. P. Frank of Kasper and Brother, L. E. Hotchkiss of the Upham Manufacturing company, W. R. Penney of the Grand Rapids Chair company and R. W. Emerson of the Forest City Furniture company.

The display was made on all floors of the building, visitors being taken direct to the sixth floor, where souvenirs were distributed, and then passing down through the building.

STOCKS Special to The Telegram. NEW YORK, Oct. 25.—Stocks more than recovered from the reaction of yesterday, although London came weaker this morning. This was entirely ignored on Wall street, as evidenced by a strong and active market. Reading was the distinct feature, with an advance during the initial trading of 3 points above last night's final, thus creating a new high mark for that issue. However, the general list showed substantial gains with Metropolitan and Rock Island the exceptions, these issues being rather weak. Sales to noon, 357,300 shares.

HOGG STILL IMPROVES Governor Hogg's condition continues to rapidly improve. In fact he feels so well that he insisted today that he fully intends to fulfill his engagement with the Dallas State Fair and be on hand to speak next Saturday. However, he made this remark without consulting his physician. The facts are, Dr. Thompson says, the governor will not be able to get out for several weeks yet. To make any such attempt now would be to endanger his life, as his heart is giving him some trouble.

To Resume Service Thursday of this week the Rock Island's Golden State Limited will be put into service again between Chicago and California. This train is to have the right of way over all other Rock Island trains between these two points. For four months the Golden State Limited has been out of service and in its stead the Chicago and St. Louis and the California Specials have been operated on the main line. The Golden State Limited is one of the handsomest trains in the west.

OLDEST D. A. R. DEAD Mrs. Sarah Andrews Attained Age of 102 Years. ROCHESTER, N. Y., Oct. 25.—Mrs. Sarah Watson Andrews died at Silver Springs yesterday, aged 102 years. She was born in Bennington, Vt., and was the oldest daughter of the American revolution. She retained her mental faculties to the end.

If you want a pretty face and delightful air, Rosy cheeks and lovely hair, Wedding trip across the sea, Put your faith in Rocky Mountain Tea.

FULL OF TRAGIC MEANING are these lines from J. H. Simmons of Casey, Iowa. Think what might have resulted from his terrible cough if he had not taken the medicine about which he writes: "I had a fearful cough, that disturbed my night's rest. I tried everything, but nothing would relieve it, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which completely cured me." Instantly relieves and permanently cures all throat and lung diseases, prevents grip and pneumonia. At Walkup & Fielder's, Holland's Red Cross Pharmacy, Renfro Drug Co.

SUICIDES BY STARVING After Falling With Poison, Man Refused to Eat. BUTTE, Mont., Oct. 25.—James F. Barnes, awaiting trial for the murder of Patrick Hanley in this city on Sept. 3, died in the county jail last night, apparently from self-imposed starvation. For the past three days Barnes had refused to touch a morsel of food or a drop of water, bemoaning his fate and expressing terror lest a mob should again attempt to lynch him.

A few days ago he made an unsuccessful attempt at suicide, the stomach, too weak following the prolonged fast, refusing to hold the poison.

Train Bulletin Shows Recovery from Quarantine The passenger department of the Rock Island today issued a circular on the quarantine situation, to the effect that the Houston East and West has resumed operation of their trains one and two and three and four between Houston and Shreveport.

The Texas and Pacific railway has resumed train service on its lines in Louisiana with the exception of trains Nos. 51 and 52, which it is expected will be placed in service about Nov. 14. Texas has withdrawn the quarantine against all infected points. Passengers will make affidavit to guards on trains that they have not been in infected districts for six days.

Arkansas has raised the quarantine except on the south line. The cities of Memphis, Tenn., and Hot Springs, Ark., have also raised the quarantine, and there are no restrictions on movements via the Rock Island lines.

Late Range Report Range report received from R. T. Sowder at Amarillo, Texas, is as follows: "The fall range here is better than I have seen for years. The stock is going into winter in fine shape. Have had no rains yet, and if the cold rains will stay off, everything will do fine. There is more feed in the country than I ever saw before. Sixty-six cars of cattle are reported shipped north."

DON'T BORROW TROUBLE It is a bad habit to borrow anything, but the worst thing you can possibly borrow, is trouble. When sick, sore, heavy, weary and worn-out by the pains and poisons of dyspepsia, biliousness, Bright's disease, and similar internal disorders, don't sit down and brood over your symptoms, but fly for relief to Electric Bitters. Here you will find sure and permanent forgetfulness of all your troubles, and your body will not be burdened by a load of disease. At Walkup & Fielder, Holland's Red Cross Pharmacy, Renfro Drug Co.

QUALITY COUNTS. Whether toward dainties and sweets you incline.

Just stop in and sample these candies of mine, And I really do hope That you'll try my fine soap And Perfumery for I tell you they're all mighty fine.

J. P. BRASHEAR, Druggist, Twelfth and Main.

PACKING HOUSE BUYS TEXAS CORN SHUCKS Sausage Crowding Out Tamales for Use of Musks—Idea Originates at Local Plant. The tamales promises soon to be without an overcoat if the demand of sausage for corn husk covers continues. This demand, originating in the Fort Worth plant of Armour & Co., has grown with amazing rapidity and offers to buy the husk at amazing prices are being sent out by the packers.

Letters have been sent to large farm owners throughout North Texas, asking for lots of 10,000 or more while, it is declared at the local plant, that prices as high as an half cent apiece are being paid for good shucks.

The idea originating in the packing house results from an effort to duplicate as nearly as possible the famous corn sausage.

Practice of farmers, wrapping the sausage in corn husks, which, it is said, gives an added flavor, was adopted to follow out the general plan.

As yet the Chicago packing houses have not taken up the corn husk sausage, but the product is growing in favor and will likely be manufactured at all plants next year.

Texas corn husks, being bleached much whiter than those of the north, are found especially adapted to use as sausage covers.

MARKETS ELSEWHERE CHICAGO LIVE STOCK. CHICAGO, Oct. 25.—Cattle—Receipts, 22,000; market opened steady; beefs, \$23.50@25.00; cows and heifers, \$15.00@17.50; stockers and feeders, \$2.25@4.25. COTTON Special to The Telegram. NEW YORK, Oct. 25.—Early in the day the speculative fraternity began to manifest a great deal of interest in the market report, which was expected at noon. There were several vague rumors in the air regarding the report, one of which was to effect that there had been a leakage and that the report would indicate that over 6,000,000 bales had been ginned. This rumor is to be traced to the fact that the report would have originated from foreign sources, and was rather industriously circulated and gained some credence from the fact that Liverpool came in lower than expected by several points. The local market had a bearish aspect during the early session and was severely hammered by brokers representing a prominent bear operator, prices dropping off about 15 to 20 points up to the noon hour.

The report was not issued as soon as anticipated, but was given out at 2 p. m. and showed plainly that all of the rumors were entirely without foundation as it indicated a shortage of over a million and a half bales from last year's report. The market immediately felt the effects of this, jumping up 25 to 30 points in five minutes. The market was in a state of the wildest excitement during the last hour. Shorts started on an eager rush for cover, thus helping along the advance. The market closed within a few points of the highest, at a net advance of 21 to 22 points.

Spots are unchanged, with middling at 10.65c.

GOVERNMENT GINNERS' REPORT Special to The Telegram. WASHINGTON, Oct. 25.—The census bureau report issued at 2 p. m. today compares the number of bales ginned to Oct. 18 with the corresponding figures for 1905, and indicates a decrease of 1,549,394 bales, placing the total number of bales ginned from the present crop at 4,940,995 bales against 6,490,394 this time last year.

PORT RECEIPTS Receipts of cotton at the leading accumulation centers, compared with the receipts of the same time last year. Today. Last year. Galveston, 15,566 11,602. New Orleans, 7,656 25,547. Mobile, 821 2,768. Savannah, 1,211 1,217. Charleston, 714 1,445. Wilmington, 2,529 2,597. Norfolk, 3,736 4,764. Philadelphia, 107 107. Total, 32,462 36,729. St. Louis, 2,292 2,491. Memphis, 4,174 7,627. Houston, 16,158 19,549.

ESTIMATED RECEIPTS Following is the estimated receipts at the points named for tomorrow, compared with receipts last year: Tomorrow. Last year. New Orleans, 5,800 5,800. Galveston, 14,000 15,000. Houston, 15,000 15,000.

LIVERPOOL COTTON CABLE LIVERPOOL, Oct. 25.—The cotton market closed down today. Middling, 5.76d. Sales, 10,000 bales, including 5,200 American.

The Marvelous Cure of Dr. Sadler at Sherman!

J. AUSTIN LARSON, Who Has Such a Great Power of Healing. Is at the Delaware Hotel Thursdays, Fridays and Saturdays of Each Week GIVEN UP TO DIE BY THE REGULARS, HE SEEKS AND FINDS A CURE

PROF. J. AUSTIN LARSON

DELAWARE HOTEL THURSDAYS, FRIDAYS and SATURDAYS

with asthma, constipation, nervousness, sleeplessness, irregular heart action and depression. Now everything is changed. My asthma has not bothered me since I began Teleomi treatment.

"How's your heart?" queried the reporter. "It is cured," was the emphatic reply. "My physicians warned me not to think of climbing stairs, and said that I was liable to die at any time from heart failure."

"It is the greatest treatment in the world," the doctor emphatically replied. The medical profession is coming to realize this. Few men are better known in Sherman than Dr. Sadler.

He stayed by his medical treatment for fifty years, took his own medicine, prescribed for thousands and then, at the very last he had to turn away from the knowledge of a lifetime and seek a drugless treatment for a cure.

The News Clippings and confirmations which follow cover a period of four months, showing the progress and stability of the cure.

FROM THE SHERMAN DAILY REGISTER, June 13, 1905 "He's a man of the most marvelous vitality I ever saw and has the hottest hands—hands that burn you."

FROM SHERMAN DEMOCRAT, TWO MONTHS AFTER FOREGOING: "There is one man in Grayson county who is certainly happy and his many friends rejoice with him."

how conservative, could fail to write a strong, commendatory letter after talking to Dr. Sadler and knowing the facts. THE COMMERCIAL NATIONAL BANK.

Sherman, Tex., Aug. 1, 1905.—To whom it may concern: "Prof. Larson came to Sherman well recommended by the Saline County State Bank of Salina, Kansas."

THE ANSWER Dr. J. A. Sadler, Sherman, Tex.—Are press reports of your cure exaggerated. Wire answer. THE HERALD, Sherman, Tex., Sept. 13.—The Herald, Weatherford, Tex.: Not exaggerated. J. A. SADLER.

Time is Flying! See him on this trip. CONSULTATION FREE. Delaware Hotel Thursdays, Fridays and Saturdays. Sunday afternoon from 4 to 6. TOMORROW IS YOUR DAY! NOTICE—This week will be the last for the reception of new patients, as Prof. Larson has about all he can conveniently handle.
