## Gene Collis Shows Grand Champion Steer Saturday

Gene Collis, son of Mr. and Mrs. Lloyd Collis, showed the grand champion steer at the first annual Lockney Junior Livestock Show held here Saturday. The calf was in the heavy class, weighing over 850 pounds.

Reserve champion steer was shown by Bobby Baxter of the Lone Star community. His calf was a light weight. Bobby also won the prize for being the calf showman.

A gilt belonging to Buford Shreves won first place in the breeding gilt class, while Don Bartram showed the first place swine in the heavy barrow class. Leon Morgan's light barrow won first in that class. Bartram's pig was judged the grand champion swine of the show with Johnny B. Griffin's heavy barrow placing as reserve champion. Bartram was given the prize as the best pig showman.

Billy Terrell won first and fourth in the sheep division with Southdown lambs while his sister, Clydene, won second and third with the same breed. (Continued on Page 5, Section 1)

## All District Team

PHOTO BY GEORGE ATWOOD

Pictured here is ten members of the All-District 3-A team which assembled at the Lockney Grade School cafeteria last Friday night for a banquet in their honor with the Lockney team as hosts. They are, front row, left to right: Bill Simmons, Crosbyton; back row, left to right: Jerry McCulloch, Lockney; Ewell Dee Kelley, Lockney; tackle; Neal Chastain, Spur, tackle;

Bill Jeter, Floydada, back; back row, left to right: Calvin Pyle, Lockney, end; Tonnie Bybee, Lockney, center; Dunn, Crosbyton, guard; Joe Ed Sandlin, Paducah, back. Not in the picture is Charles Hammitt of Lockney, guard. In the foreground is the district trophy won by the Lockney Longhorns district champions for 1948.

## Trustee Election Called For April 2

The Board of Trustees of the Lockney Rural High School District has set Saturday, April 5 as the day for the election of two trustees, it was revealed this week.

The terms of Henry Schacht and Hershel Carthel expire and their names have been filed for re-election by friends, it was reported this week. Others who wish to file for one of these places may file their name with Leslie Ferguson, secretary of the board, Supt. Sidney Reeves said.

Voting will be at the high school building and T. B. Mitchell will be election judge and Frank Dodson and Mrs. Carl McAdams clerks.

## Paving Money Must Be Up Saturday

Those who wish to have streets adjacent to their property paved must put up their money by Saturday of this week, the paving committee said Thursday. The paving contractor must know how much caliche to buy for the paving and for that reason the paving money must be posted so that the amount of paving can be determined.

E. R. Harris, chairman of the paving committee, said Thursday that a round \$8,000 had been put up so far, but that a part of this money was for unconnected and incomplete sections of streets.

The important thing now, he said, is to complete and connect up the streets. In many places the money for one side of the paving has been put up while the property owner on the other side has not put up, he said.

No money has yet been deposited on the street to the hospital and the streets running to the grade school building are all incomplete at this time, although some property owners have posted their money.

The street south from the high school to the highway is also incomplete.

No report regarding the amount of money secured to pave the school streets was available here Thursday. It is known, however, that this fund is lacking considerable in having enough to pave the street in front of the grade school and also the street to the rear of the high school, both of which are badly needed.

## 3-A Baseball Season Opens April 14th

District 3-A will have baseball this year under the Texas Interscholastic League rules and the district has been divided into two halves.

Each half will play a double round robin over the regular season, which April 14 in both halves, and a three-game playoff will determine the championship.

Teams in the East half of District 3-A are Paducah, Crosbyton, Spur and Matador. While West half teams include Floydada, Abernathy, Ralls and Lockney.

The season will end on May 3. Opening games April 14 will send Matador to Paducah and Spur to Crosbyton in the East half, with Lockney at Floydada and Abernathy at Ralls in the West half.

The complete schedule follows:

April 14: Matador at Paducah, Spur at Crosbyton (East half); Lockney at Floydada, Abernathy at Ralls (West half).

April 19: Paducah at Spur, Crosbyton at Matador (East half); Floydada at Abernathy, Ralls at Lockney (West half).

April 22: Crosbyton at Paducah, Matador at Spur (East half); Lockney at Abernathy, Floydada at Ralls (West half).

April 26: Crosbyton at Spur, Paducah at Matador (East half); Ralls at Abernathy, Floydada at Lockney (West half).

April 29: Spur at Paducah, Matador at Crosbyton (East half); Abernathy at Floydada, Lockney at Ralls (West half).

May 3: Paducah at Crosbyton, Spur at Matador (East half); Ralls at Floydada, Abernathy at Lockney (West half).

## Records Are Not Damaged In Fire Friday Morning

All records of the county and district were "virtually undamaged" in the Floyd County courthouse fire last Friday morning, County Judge G. C. Tubbs said this week. Some were slightly water damaged but have been dried out satisfactorily, he said.

Temporary offices have been set up for those officials whose offices were destroyed or damaged and the county and district business is getting back in the usual routine, it was indicated.

The district clerk, Miss Mary McPherson, has her office now in the county court room on the second floor, while the district judge, Alton Chapman and his court reporter are located in the south end of the second floor hall formerly occupied by the Floydada school tax office. The school office has been moved in with the County Superintendent's office in the basement.

District Attorney John Stapleton and County Attorney Enos T. Jones have moved their office into the Bishop building for the time being.

The only real trouble anticipated will be the caring for a jury should a criminal case have to be tried in district court, Judge Tubbs said. The jury rooms were on the third floor of the courthouse and were completely destroyed.

Judge Tubbs said that it would probably be 30 days before plans for rebuilding or remodeling the building could be formulated. An architect made a preliminary survey of the building last Saturday immediately after the fire to determine the safety factor of using the remainder of the building. The engineers for the in-

## Garden Club Begins Work On Landscaping Co-operative Hospital

The Lockney Garden Club has begun work on their 1949 project, which is the landscaping of the grounds of the Floyd County Co-operative Hospital here.

The project committee is Mrs. Henry Ford, Mrs. Hershel Carthel and Mrs. Ed Whitfill. Some members of the committee met with Guy T. Hughes, Kress nurseman last Friday and made arrangements for the shrubs to be set this week.

The garden club will pay for the shrubs, committee members said, but will welcome donations from other people. The shrubs cost from \$2.00 to \$7.50 each and anyone wishing to donate money for one of these may leave the money with a member of the committee or J. D. Copeland, business manager of the hospital.

Mr. Hughes is giving 35 barberry plants and setting them out. Club members are hopeful that other people of the community will join with them in making this project a big success.

## ATTENDS CLINICAL MEETING

Dr. D. R. Foster is in Dallas this week where he is attending a meeting of the Southern Clinical Society. Noted physicians from all over the United States lecture at this meeting which embraces a number of Southern States. Mrs. Foster accompanied him to Dallas but has returned home. Dr. Foster will return the latter part of the week.

## Funeral Services For Mrs. Poe Friday Afternoon

Funeral services for Mrs. Luvada Idalia Poe will be held at the city Auditorium in Lockney this (Friday) afternoon at 3 o'clock. Mrs. Poe passed away at 6 p. m. Wednesday in the Floyd County Co-operative Hospital here after an illness that had extended over a year. Rev. Olan Beauchamp, pastor of the Assembly of God church here, will officiate at the services.

Interment will be in the Lockney Cemetery with Carter Funeral Home of Lockney in charge of arrangements. Mrs. Poe was born in Ozark County, Missouri on November 17, 1890. The family first moved to Texas in 1929 settling near Levelland. They moved to Lockney in October 1946 where they had made their home since. The home was in northeast Lockney.

Mrs. Poe was a member of the Assembly of God church and had been active in church work until her health failed.

Survivors include her husband, Otto Poe Sr., one daughter, Mrs. E. J. Smith of Marysville, Calif.; six sons, Paul C. of Dimmit, C. E. of Eufala, Okla., Lee of Grandview, Mo., J. D. of Independence, Mo., Bill of Plainview and Aubrey D. of Lockney; her mother, Mrs. C. M. Fields of Tecumseh, Okla.; one brother, Walter Fields of Prague, Okla.; three sisters, Mrs. T. J. Capps of White Face, Mrs. J. B. Laeffelholz of Compton, Calif.; and Mrs. Bill South of Winfield, Ala.

Another son, Pfc. Otto Poe Jr., lost his life in Japan as the result of an auto collision after the armistice was signed. He had seen battle service in the Pacific and had been wounded in action. His body was returned to the states recently and buried in the military cemetery at Fort Leavenworth, Kansas.

## Attend Odessa Rotary Meeting Tuesday

G. M. (Bud) Brannier and F. L. Brown of the Lockney Rotary Club attended a reception for the president of Rotary International, Angus Mitchell of Melbourne, Australia, at Odessa Tuesday night.

A large group of Rotarians from District 127, covering much of West Texas, were present for the program and barbecue dinner.

## MOVED BACK TO LOCKNEY

Mr. and Mrs. Kenneth Wofford and children have moved back to Lockney and will farm the J. V. Nelson place 12 miles northeast of town this year. Mr. Wofford has been in the appliance business in Lubbock for the past five years but sold his business recently.

Mr. and Mrs. C. O. Roberts left Thursday morning for Corpus Christi where they expect to stay several weeks.

## Coaches, Players Honored At Banquet

Coaches and players of District 3-A were honored at a banquet here last Friday night when the Lockney schools was host to the first and second string all-district teams, their coaches and superintendents, and several college coaches.

On hand was Frank Kimbrough of West Texas State, Dell Morgan of Texas Tech, Bea Collins, assistant coach at the Texas School of Mines, El Paso.

Also present were Frank A. Godsoe Jr., representing the Amarillo Daily News and Joe Kelley, representing the Lubbock Avalanche. Both these press representatives were presented with gifts from the district 3-A teams.

Coaches Curtis Kelley, Metz LaFollette and Robert Foote were each presented gifts by the Longhorn team and then were given bonus checks from the Lockney business men and farmers of this area. C. L. Record made the presentation.

Supt. Sidney Reeves was master of ceremonies for the occasion. He called on visitors for talks and short speeches were given by Kimbrough, Morgan, Collins, Godsoe and Kelley. Godsoe presented Calvin Pyle with a certificate showing that he had been selected as "Player of the Week" during one week last fall. A like certificate was also given to Joe Pitts of Matador.

Each coach was introduced and he in turn introduced the players of his squad who were present.

Band Director George Atwood and his orchestra furnished music for the occasion and the entertainment included a few tricks of magic by Herbert Watson and his assistant, Delbert Shearer.

A movie of the Texas-S. M. U. game of 1948 was shown to the group.

## Services At Sandhill Sunday At 2:30

People of all faiths are invited to attend worship services which will be held at the Sandhill schoolhouse Sunday, March 20 at 2:30 o'clock. Mrs. Bennie M. Rose will speak on the subject "Why Be Religious?"

## County Council Will Meet Saturday

The Floyd County Home Demonstration Council will meet in the American Legion Hall in Floydada at 2:30 p. m. Saturday, March 19, it was announced this week by Miss Lella Petty, agent.

## Speech Class To Present Play

The speech class of Lockney High School will present a three-act play entitled "Civil Service" at the City Auditorium on March 25, at eight o'clock.

The play is a comedy drama of American life depicting the joys and sorrows, the heartaches and struggles and temptations of a small group of government employees working in a postoffice in a small city in the middle west.

Steve Audian, the hero of the play has been living beyond his means and is deeply in debt. He steals two fifty dollar bills from a letter, but soon repents his rash action. The post-office inspector arrives hot on the trail of the thief. Just as Steve's guilt has been established "Old R. F. D.", a kind-hearted old man, the rural free delivery carrier, comes forward and assumes the guilt.

All ends happily and Steve and Kate and old R. F. D. (with his faithful old mare, Bess) go out on a homestead in Montana to begin a new life free from temptation and care out of the bonds of Civil Service.

The cast is as follows:

Old R. F. D.—a mystery—Ewell Dee Kelley.

B. J. Cochran—the inspector—Jack Cole.

J. L. Reynolds—the postmaster—Herbert Watson.

Steve Audiane—money order clerk—Joe Keeter.

Simpson Peavy—mailing clerk—Charles Dippery.

Goldie Wex—country boy—Jimmie McGowen.

Octavia Reynolds—postmaster's daughter—Joyce Carthel.

Mrs. T. R. Jeffs—lady of importance—Janelle Farris.

Birdie Bivins—hired girl—Mildred Rogers.

Miss Goldstein—a collector—Betty Carender.

Kate Canyon—little stamp clerk—Lena Sue Pylant.

The play is under the direction of Mrs. Sid Thomas. Eldora Jameson is assistant director. Reva Lewis and Tiny Foster are in charge of the properties. Beth Kellison is business manager.

The audience will be entertained by special numbers between the acts of the play.

## GO TO FORT WORTH

### Business Men's Club Meeting Well Attended

The Tuesday morning breakfast of the Lockney Business Men's Club was well attended, there being between 20 and 40 men and women present. President Marvin Cox presided over the meeting and asked for a report from the paving committee. E. R. Harris, Marvin Gilbert and several others reported on the progress of securing paving. It was reported that the committee had five blocks already assured and a number of others wherein only one or two property owners were to be contacted. J. B. Seale reported that the paving contractor had extended the deadline for securing the paving commitments

to Saturday, March 19. The committee hopes to secure 20 or 30 blocks of paving by that time, it was reported.

Mrs. Marvin Cox and Mrs. E. A. Cox visited in the Glyn Carroll home in Plainview Wednesday.

Mr. and Mrs. Jimmy Hodel have purchased the Thomas Marr home southwest of town near the city limits. Mrs. Estelle Powers and her mother, Mrs. Grace Byars attended a funeral in Crowell Wednesday.

## Gene Collis Shows Grand Champion Steer Saturday

Gene Collis, son of Mr. and Mrs. Lloyd Collis, showed the grand champion steer at the first annual Lockney Junior Livestock Show held here Saturday. The calf was in the heavy class, weighing over 850 pounds.

Reserve champion steer was shown by Bobby Baxter of the Lone Star community. His calf was a light weight. Bobby also won the prize for being the calf showman.

A gilt belonging to Buford Shreves won first place in the breeding gilt class, while Don Bartram showed the first place swine in the heavy barrow class. Leon Morgan's light barrow won first in that class. Bartram's pig was judged the grand champion swine of the show with Johnny B. Griffin's heavy barrow placing as reserve champion. Bartram was given the prize as the best pig showman.

Billy Terrell won first and fourth in the sheep division with Southdown lambs while his sister, Clydene, won second and third with the same breed. (Continued on Page 5, Section 1)

## Trustee Election Called For April 2

The Board of Trustees of the Lockney Rural High School District has set Saturday, April 5 as the day for the election of two trustees, it was revealed this week.

The terms of Henry Schacht and Hershel Carthel expire and their names have been filed for re-election by friends, it was reported this week. Others who wish to file for one of these places may file their name with Leslie Ferguson, secretary of the board, Supt. Sidney Reeves said.

Voting will be at the high school building and T. B. Mitchell will be election judge and Frank Dodson and Mrs. Carl McAdams clerks.

## Paving Money Must Be Up Saturday

Those who wish to have streets adjacent to their property paved must put up their money by Saturday of this week, the paving committee said Thursday. The paving contractor must know how much caliche to buy for the paving and for that reason the paving money must be posted so that the amount of paving can be determined.

E. R. Harris, chairman of the paving committee, said Thursday that around \$8,000 had been put up so far, but that a part of this money was for unconnected and incomplete sections of streets.

The important thing now, he said, is to complete and connect up the streets. In many places the money for one side of the paving has been put up while the property owner on the other side has not put up, he said.

No money has yet been deposited on the street to the hospital and the streets running to the grade school building are all incomplete at this time, although some property owners have posted their money.

The street south from the high school to the highway is also incomplete.

No report regarding the amount of money secured to pave the school streets was available here Thursday. It is known, however, that this fund is lacking considerable in having enough to pave the street in front of the grade school and also the street to the rear of the high school, both of which are badly needed.

## 3-A Baseball Season Opens April 14th

District 3-A will have baseball this year under the Texas Interscholastic League rules and the district has been divided into two halves.

Each half will play a double round robin over the regular season, which April 14 in both halves, and a three-game playoff will determine the championship.

Teams in the East half of District 3-A are Paducah, Crosbyton, Spur and Matador. While West half teams include Floydada, Abernathy, Ralls and Lockney.

The season will end on May 3. Opening games April 14 will send Matador to Paducah and Spur to Crosbyton in the East half, with Lockney at Floydada and Abernathy at Ralls in the West half.

## Funeral Services For Mrs. Poe Friday Afternoon

Funeral services for Mrs. Luvada Idalia Poe will be held at the city Auditorium in Lockney this (Friday) afternoon at 3 o'clock. Mrs. Poe passed away at 6 p. m. Wednesday in the Floyd County Co-operative Hospital here after an illness that had extended over a year. Rev. Olan Beauchamp, pastor of the Assembly of God church here, will officiate at the services.

Interment will be in the Lockney Cemetery with Carter Funeral Home of Lockney in charge of arrangements. Mrs. Poe was born in Ozark County, Missouri on November 17, 1890. The family first moved to Texas in 1929 settling near Levelland. They moved to Lockney in October 1948 where they had made their home since. The home was in northeast Lockney.

Mrs. Poe was a member of the Assembly of God church and had been active in church work until her health failed.

Survivors include her husband, Otto Poe Sr., one daughter, Mrs. E. J. Smith of Marysville, Calif.; six sons, Paul C. of Dimmit, C. E. of Eufala, Okla., Lee of Grandview, Mo., J. D. of Independence, Mo., Bill of Plainview and Aubrey D. of Lockney; her mother, Mrs. C. M. Fields of Tecumseh, Okla.; one brother, Walter Fields of Prague, Okla.; three sisters, Mrs. T. J. Capps of White Face, Mrs. J. B. Laeffelholz of Compton, Calif.; and Mrs. Bill South of Winfield, Ala.

Another son, Pfc. Otto Poe Jr., lost his life in Japan as the result of an auto collision after the armistice was signed. He had seen battle service in the Pacific and had been wounded in action. His body was returned to the states recently and buried in the military cemetery at Fort Leavenworth, Kansas.

## Attend Odessa Rotary Meeting Tuesday

G. M. (Bud) Brannier and F. L. Brown of the Lockney Rotary Club attended a reception for the president of Rotary International, Angus Mitchell of Melbourne, Australia, at Odessa Tuesday night.

A large group of Rotarians from District 127, covering much of West Texas, were present for the program and barbecue dinner.

## MOVED BACK TO LOCKNEY

Mr. and Mrs. Kenneth Wofford and children have moved back to Lockney and will farm the J. V. Nelson place 12 miles northeast of town this year. Mr. Wofford has been in the appliance business in Lubbock for the past five years but sold his business recently.

Mr. and Mrs. C. O. Roberts left Thursday morning for Corpus Christi where they expect to stay several weeks.

## Coaches, Players Honored At Banquet

Coaches and players of District 3-A were honored at a banquet here last Friday night when the Lockney schools was host to the first and second string all-district teams, their coaches and superintendents, and several college coaches.

On hand was Frank Kimbrough of West Texas State, Dell Morgan of Texas Tech, Ben Collins, assistant coach at the Texas School of Mines, El Paso.

Also present were Frank A. Godsoe Jr., representing the Amarillo Daily News and Joe Kelley, representing the Lubbock Avalanche. Both these press representatives were presented with gifts from the district 3-A teams.

Coaches Curtis Kelley, Metz LaFollette and Robert Foote were each presented gifts by the Longhorn team and then were given bonus checks from the Lockney business men and farmers of this area. C. L. Record made the presentation.

Supt. Sidney Reeves was master of ceremonies for the occasion. He called on visitors for talks and short speeches were given by Kimbrough, Morgan, Collins, Godsoe and Kelley.

Godsoe presented Calvin Pyle with a certificate showing that he had been selected as "Player of the Week" during one week last fall. A like certificate was also given to Joe Pitts of Matador.

Each coach was introduced and he in turn introduced the players of his squad who were present.

Band Director George Atwood and his orchestra furnished music for the occasion and the entertainment included a few tricks of magic by Herbert Watson and his assistant, Delbert Shearer.

A movie of the Texas-S. M. U. game of 1948 was shown to the group.

## Services At Sandhill Sunday At 2:30

## Speech Class To Present Play

The speech class of Lockney High School will present a three-act play entitled "Civil Service" at the City Auditorium on March 25, at eight o'clock.

The play is a comedy drama of American life depicting the joys and sorrows, the heartaches and struggles and temptations of a small group of government employees working in a postoffice in a small city in the middle west.

Steve Audlan, the hero of the play has been living beyond his means and is deeply in debt. He steals two fifty dollar bills from a letter, but soon repents his rash action. The post-office inspector arrives hot on the trail of the thief. Just as Steve's guilt has been established "Old R. F. D.", a kind-hearted old man, the rural free delivery carrier, comes forward and assumes the guilt.

All ends happily and Steve and Kate and old R. F. D. (with his faithful old mare, Bess) go out on a homestead in Montana to begin a new life free from temptation and care and out of the bonds of Civil Service.

The cast is as follows: Old R. F. D.—a mystery—Ewell Dee Kelley.

B. J. Cochran—the inspector—Jack Cole.

J. L. Reynolds—the postmaster—Herbert Watson.

Steve Audlan—money order clerk—Joe Keeter.

Simpson Peavy—mailing clerk—Charles Dippery.

Goldie Wex—country boy—Jimmie McGowen.

Octavia Reynolds—postmaster's daughter—Joyce Carthel.

Mrs. T. R. Jeffs—lady of importance—Janelle Farris.

Birdie Bivins—hired girl—Mildred Rogers.

Miss Goldstein—a collector—Betty Carender.

Kate Canyon—little stamp clerk—Lena Sue Pylant.

The play is under the direction of Mrs. Sid Thomas. Eldora Jameson is assistant director. Reva Lewis and Tiney Foster are in charge of the properties. Beth Kellison is business manager.

The audience will be entertained by special numbers between the acts of the play.

## GO TO FORT WORTH

Mr. and Mrs. W. J. Griffith will leave here Sunday for Fort Worth where Mrs. Griffith will enter Harris Memorial Hospital for a major operation.

## Garden Club Begins Work On Landscaping Co-operative Hospital

The Lockney Garden Club has begun work on their 1949 project, which is the landscaping of the grounds of the Floyd County Co-operative Hospital here.

The project committee is Mrs. Henry Ford, Mrs. Hershel Carthel and Mrs. Ed Whitfill. Some members of the committee met with Guy T. Hughes, Kress nurseman last Friday and made arrangements for the shrubs to be set this week.

The garden club will pay for the shrubs, committee members said, but will welcome donations from other people. The shrubs cost from \$2.00 to \$7.50 each and anyone wishing to donate money for one of these may leave the money with a member of the committee or J. D. Copeland, business manager of the hospital.

Mr. Hughes is giving 35 barberry plants and setting them out. Club members are hopeful that other people of the community will join with them in making this project a big success.

## ATTENDS CLINICAL MEETING

Dr. D. R. Foster is in Dallas this week where he is attending a meeting of the Southern Clinical Society. Noted physicians from all over the United States lecture at this meeting which embraces a number of Southern States. Mrs. Foster accompanied him to Dallas but has returned home. Dr. Foster will return the latter part of the week.

### Methodist Notes

"Mere words are cheap and plentiful, but ideas that rouse and set multitudes thinking come as gold from the mines." and I would like to see some folks to thinking—thinking of how God loves us, and how good He is to us and how little we do for Him in return.

There are a lot of fathers and mothers who are not coming to Sunday School and bringing their children, not even sending them. On the day of Judgment what is going to be your excuse to the Heavenly Father?

What are we giving of our material wealth. God says a tenth is His. Are we spending God's part? You would not think of spending your neighbor's money, but would you take God's to use for yourself and family. Will a man rob God? Read Malachi 3:8.

If we who call ourselves Christians would pay God His part we would be blessed, read Malachi 3:10, and our church would have money to meet every call made upon it.

Thoughts for the Week: "Make the most of life before the most of life is gone."

"We think little about God, because we think so much about ourselves." Pray for our Revival.

Newton S. Daniel, Pastor

### 2500 Teachers Are Registered For Meet

LUBBOCK—Approximately 2,500 teachers and administrators of public schools in Texas District IV of the West Texas Teachers association have pre-registered for attendance at the annual spring conference March 17 and 18 in Lubbock.

Dr. Doyle D. **Work On Paving Going Forward**

Work on the paving of the Lone Star and Sandhill roads is going forward, Commissioner Hugh Counts said Tuesday.

Grading and drainage work on the road from the Lone Star gin to the store has been underway this week. Also the precinct road machinery has been stripping the top off a caliche pit on the F. S. Shearer farm three miles south of town. The machinery will probably be set up there Saturday and hauling of the caliche begin soon.

A considerable amount of caliche has been already spread on the Sand Hill road but none so far on the Lone Star road.

### Miss Cummings Will Be TSCW Princess

DENTON, Tex.—One hundred of Texas State College for Women's most charming students will provide March 25-26 over activities of the 11th annual Redbud Festival celebrating the beauty of 1,000 blossoming redbud trees and marking the official arrival of spring to the campus.

Miss Eva Mona Cummings, daughter of Mr. and Mrs. Zack Cummings, is one of the princesses from whom a Redbud Queen to reign over the two-day festival and coronation ball will be selected. Identity of the queen will be secret until the night of the coronation, March 26.

Miss Cummings' election by dormitory classmates was based on a criteria of friendliness, graciousness, integrity, poise, pleasing appearance, sense of humor, reverence toward God, and participation in campus activities.

The program of music and dance

honoring the queen, the princesses, and visiting royalty from other Texas colleges, will be presented two nights to accommodate visitors to the campus. The festival will climax Self Development Week to be held March 22-23.

COTTON PLANTING SEED NOW AVAILABLE

The NEW Paymaster "54" is now available for the 1949 planting season—ready for farmers who want more profit from Cotton. This quick-maturing, high-yielding, better-staple-producing planting seed answers the demand for a variety that is tested and proved for West Texas growers. It is the result of scientific selection and painstaking experiments to develop a seed that will produce more money per acre planted.

Here's why the NEW Paymaster "54" is a money-making Cotton...

- **EARLY MATURITY**  
Of 25 varieties tested recently... "54" was first in percentage of crop harvested in a four-month period.
- **HIGH YIELD**  
In this same test, "54" was third among all varieties in yield per acre.
- **BETTER STAPLE**  
"54" ran 15/16" to 1 inch throughout West Texas, assuring a better price.
- **TESTED FOR DRY LAND**  
"54" has been proved successful for dry land farming as well as for irrigated Plains areas.

Be among those profit-minded farmers who demand a money-making Cotton planting seed—the NEW "54", order your supply of the improved, state-registered "54" NOW.

IT PAYS TO PLANT PAYMASTER "54"

Sold through your ginner, your seed dealer, all branches of the Western Cottonseed Co., and at Lockview Farm, Plainview, Texas.

**Help Them Cleanse the Blood of Harmful Body Waste**

Your kidneys are constantly filtering waste matter from the blood stream. But they are often clogged in their work—do not set as Nature intended—fail to remove impurities that, if retained, may poison the system and upset the whole body machinery.

Symptoms may be nagging backache, persistent headache, attacks of dizziness, getting up nights, swelling, puffiness under the eyes—a feeling of nervous anxiety and loss of pep and strength.

Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

There should be no doubt that prompt treatment is wiser than neglect. Use **Doan's Pills**. Doan's have been winning new friends for more than forty years. They have a nation-wide reputation. Ask your neighbor!

**The Broadway Lights:** They say Henry Ford II is quietly backing several Broadway hits. . . . Producer-director John C. Wilson was named in his mother's will for a young mint. . . . Martin Kingsley of the "Red Gloves" cast was on the Tommy Harmon team at Michigan. . . . Jerry Cplonna is in our feverish midst with gray hair, albeit his mustache remains raven black. . . . "He & She," the Ken Englund revusical (with lyrics and tunes by Ogden Nash and Vernon Duke), is being readied. Sono Osato and Lionel Stander will be in it. Jose Ferrer will direct. The cost: \$165,000.

**George Wright**, the organist at the Paramount financed his musical studies 5 years ago by making salads in the kitchen at the swank Colony. Now he's introducing a tune named for his former boss: "The Cavallero Calypso". . . . Rise Stevens spurred "The Little Foxes" musicalized version planned by Cheryl Crawford. . . . Broadway stage shows will include some of the top names in H'wood—now on the At Liberty lists.

**The First Nights:** The salesmen went West—going to town for the fabulous Mae in an encore of her 20-year young hit, "Diamond Lil". . . . "Blood Wedding" was rejected by some, while others rejoiced. Mr. Atkinson called it "rich in poetic aspiration and deserves to be appreciated". . . . Shakespeare's "Richard III" received a big hello from several drama deputies who warmly greeted Dick Whorf for putting the class in the classic. However, most critics were not as effable as Dick Watts, who wrote: "A great, vibrant show". . . . The next entry, called "My Name Is Aquilon," has Lilli Palmer and Jean Pierre Aumont executing some feathery man-and-woman-ouevers, but they're shackled by the leaden scrivening. The flippancies display a dimple here and a wrinkle there. . . . The week's windup, "Death of a Salesman," ignited a critical torchlight parade.

**Memos on a Theatre Program:** Here's a strange twist: The revivals of "Carousel" and "Diamond Lil" inspired more rejoicing among reviewers than when they were first displayed. . . . Incidentally, Mae West is the 10th star of the new season to romp away with a rousing personal triumph. . . . Met-opera execs must have their brains in their hip pockets. They signed pro-Communist Paul Robeson for next season. Apparently they're going into the red in more ways than one. . . .

**One Variety article** blamed "misinformed" columnists for spreading talk about a Hollywood depress. Another (on the same page) contained this: "Television may be the savior of the film industry, leading it out of its current financial difficulties". . . .

By the way, aiding needy thespians has burdened the Motion Picture Relief Fund with a 329G deficit. In short: Things are so rugged the relief fund needs relief.

**The Cinemagicians:** "He walked by Night" gives the attention a fast workout with a taut and tingy thriller. Richard Basehart's gamutting wraps the spine in ice. . . . "John Loves Mary" clowns around with some romantic problems. It's funny when Jack Carson is around to make the whacky goings-on whackier. . . . "Tarzan's Magic Mountain" has a new set of muscles named Lex Barker on the tree-to-tree network garbed in the customary 35 cents' worth of clothes. . . . "Kidnapped" spins R. L. Stevenson in his mausoleum with a feeble version of his classic. . . . "Strike It Rich" is lusty stuff in the oil fields with decorative Bonita Granville dropping in for the sighing episodes. . . . "The Countess of Monte Cristo" has Sonja Henie's graceful gyrations giving you a better whirl than the inept yarn-spinning. . . . "A Place of One's Own" is a British spook story haunted by the ghost of a dead script. . . . "Blazing Across the Pecos" isn't fit for cowboy or horse.

**Love Letter of the Week:** From an article by the former chief prober of the Un-American Activities Comm: "Chairman Dies, after a brawling debate with Walter Winchell, had left Washington for his Texas home and had decided not to run for office again."

Hot diggety! It took just one fistful of facts to send Diez reelin' into oblivion.

Using his "calf bar," Art Schmidt of Luverne, S. L., can feed 100 calves in 40 minutes. The device consists of a nipple, attached to a rubber tube which is dropped into a two quart glass jar.

The "bar" feeds eight calves at a time; when the jars are empty, the calves which emptied them are put in a separate pen and eight more "customers" are turned in.

When calves are slow in "catching on" they receive preliminary training with a nipple pail—a bucket with a large rubber nipple protruding from its side, from which they quickly learn to suck.

**To Relieve Your Cough, Mix This Recipe, at Home**

You'll be surprised how quickly and easily you can relieve coughs due to colds, when you try this splendid recipe. It gives you about four times as much cough medicine for your money, and you'll find it truly wonderful.

Make a syrup by stirring 2 cups of granulated sugar and one cup of water a few moments, until dissolved. No cooking needed—it's no trouble at all. (Or you can use corn syrup or liquid honey, instead of sugar syrup.) Then put 2 1/2 ounces of Pinex (obtained from any druggist) into a pint bottle, and fill up with your syrup. This makes a full pint of medicine that will please you by its quick action. It never spoils, and tastes fine. This simple mixture takes right hold of a cough. For real results, you've never seen anything better. It loosens the phlegm, soothes the irritated membranes, and eases the soreness.

Pinex is a special compound of proven ingredients, in concentrated form, well-known for its quick action in coughs and bronchial irritations. Money refunded if it doesn't please you in every way.

## New Plymouth on Display

The 1949 Plymouth will be on display today (Friday) at the Bilbrey-Motley Motor Co. here. The new special deluxe four-door sedan (above) and headroom greater. The wheelbase just one of the many new models. Throughout the new Plymouth line beautifully streamlined bodies are lower and narrower, seats are wider and headroom greater. The wheelbase has been increased to 118 inches and the glass area increased. The horsepower has been raised to 97. Although fenders flow gracefully into the body they are detachable for ease in repair.

Mr. and Mrs. Pepper Martin spent Sunday night with her parents, Mr. and Mrs. Johns Cox, Nova Jean and Wanda Mae.

### BATTERY STOLEN LAST WEEK

A battery, some gasoline, cable and tools were stolen from a self-propelled combine belonging to A. L. Phillips and located at his home one block north of the city auditorium some time last week. It was reported Thursday.

Mr. and Mrs. J. D. Burkham of Johnson, Kansas, visited friends here Wednesday. They were on their way to Lubbock to visit their daughter, Bafessa.

GO TO CHURCH SUNDAY

### Courthouse Fire

(Continued from Page 1)  
 Insurance company inspected the building Wednesday of this week. But no plans for rebuilding have been made as yet, Judge Tubbs said, and those plans will have to wait until settlement on the insurance has been made and other facts determined regarding the building.

The county had \$200,000 insurance on the building and \$25,000 on the fixtures.

#### Remodeling Underway

A crew of workmen had been engaged in removing the old dome of the courthouse and installing an asbestos shingle roof prior to the fire.

The contractors, S. F. Conner and Sam Thurston, carried \$10,000 insurance on the job in progress, it was reported.

The fire was reported to have started in the roof or in the vicinity of where the men had been at work, but no knowledge of the cause had been determined this week.

The courthouse fire was discovered by John Green, building janitor about 6 o'clock Friday morning. He notified Leland Hart who called the Floydada fire department. The Lockney fire department and a Plainview fire truck also arrived on the scene soon to help fight the fire. The fire was brought under control by 8 o'clock but continued to smoke and smolder during the day.

The district court room on the third floor along with the jury room, and other rooms were destroyed. The offices of District Judge Alton B. Chapman were badly damaged and Judge Chapman lost most of his notes and briefs accumulated during the past 20 years in addition to a part of his law library.

The offices of District Clerk Mary L. McPherson, District Attorney John B. Stapleton and County Surveyor Walter D. Newell were not extensively damaged but were not considered habitable.

There was no fire damage on the second floor of the building, housing the tax assessor's office, the county clerk's office, the county judge's office and the county court room, the county treasurer's office and the sheriff's office, but there was some water damage as water leaked through the upper floor. However, all of these offices were back in use this week and business as usual was the rule.

The courthouse was constructed in 1912 and 1913 at an original cost of \$98,000. The lower section of the building was practically fire-proof which was one factor in preventing its destruction along with the excellent work done by the fire departments of the three towns, observers said.

### New Plymouth

(Continued from Page 1)  
 special deluxe group will include both the club coupe and four-door sedan in addition to the convertible club coupe and the station wagon.

Engine performances and efficiency has been improved with a new design cylinder head which increases compression ratio to 7 to 1. A new chrome plated compression piston ring reduces cylinder wear and provides greater protection during the break-in period. There are improved oil rings for greater oil economy, while a newly-designed intake manifold induces quicker, smoother engine warm-up and produces faster response to throttle opening.

The longer wheelbase allows a "cradled ride" as passengers are more nearly centered between the axles. Another contribution toward smooth riding qualities is the addition of diagonally-mounted shock absorbers at the rear of the car, greater rebound control in the front shock absorbers, and the newly designed rubber limit bumpers. The new shock absorbers also allow greater road clearance and reduce sideway.

There are many other improvements in the new Plymouths, Mr. Bilbrey said.

Mrs. Derrell Wood accompanied Mrs. C. E. McSwain of Plainview to Amarillo where they spent Wednesday and Thursday of last week attending an Institute For Girl scouts summer camp. Speakers were staff officers from city. Mr. and Mrs. strong attended last week.

### That Nagging Backache

May Warn of Disordered Kidney Action

Modern life with its hurry and worry, irregular habits, improper eating and drinking—the risk of exposure and infection—throws heavy strain on the work of the kidneys. They are apt to become over-taxed and fail to filter excess acid and other impurities from the life-giving blood.

You may suffer nagging backache, headache, dizziness, getting up nights, leg pains, swelling—feel constantly tired, nervous, all worn out. Other signs of kidney or bladder disorder are sometimes burning, scanty or too frequent urination.

Try Doan's Pills. Doan's help the kidneys to pass off harmful excess body waste. They have had more than half a century of public approval. Are recommended by grateful users everywhere. Ask your neighbor!

**4-H Club Girl Reports On Work**

This is National 4-H Club Week when 4-H Club boys and girls all over the United States are telling about their work in one of the largest organizations of the world. Mona Ray Williams of the Floydada Junior 4-H Club is one of over a million members of this organization who completed a project in 1948. Mona was the Poultry demonstrator for her club last year. The story of her project is as follows:

"Before I started my Poultry demonstration in April, my Daddy moved the brooder house to a new locality, fixed the floor, and bought a butane bottle for the brooder. I helped with the cleaning and disinfecting, and we were then ready to get the chicks.

The chicks came on the 13th of April. They were Austra-Whites. I bought 200 at 14 cents a piece, or a total of \$28. The total expenses for chickens and feed was \$111.50. I fed and watered them twice daily and changed the litter once a week. I lost only 9 birds out of the 200 I bought. I sold 76 fryers for 38 cents a pound. They brought \$68.78. I kept the pullets which began to lay at 5 1/2 months.

I bought material for making curtains, a chest of drawers, and a few more things with which I plan to decorate my bedroom."

Mona was presented a sterling silver medal by the Dearborn Motor Corporation of Chicago for being one of the County Blue award winners in Poultry. (Buena Mae Holmes of Sand Hill was also a Blue Award winner). Mona was also a Blue Award winner

**Names Of 18-Year-Old Registrants Released**

Following is the list of 18-year-old registrants in Floyd County who have registered during the months of January and February. Selective service officials said that all young men becoming 18 years of age must register on their birthday or five days thereafter.

Floyd County registrants: William Fred Jeter, Floydada; Bryan M. Smitherman, South Plains; Edwin H. Neff, Floydada; Jimmy M. Green, Floydada; Gady W. Starnes, Lockney; John K. Jackson, Lockney; William C. Messimer, Lockney; Cruz Rendon Jr., Floydada; Antone T. Love, Lockney; Howard M. Hotchkiss, Lockney; Johnny A. Terrell, Floydada; Bobby M. Vickers, Floydada; James R. Leach, Floydada; Clovis R. McGee, Lockney; Newton D. Johnson, Floydada; James T. Hartsell, Floydada; R. C. Copeland Jr., Aiken; Teddy J. Lanham, Floydada; Edward J. Alexander, Lockney; Charles V. Dippery, Lockney.

at the County-wide Dress Revue and was given a medal by the Simplicity Pattern Company. For turning in her year's record she was given a third year 4-H Club pin by the Floyd County Home Demonstration Council. Mona was Secretary of the Floydada Junior Club last year.

Mona is in the 7th Grade 4-H Club at Andrews Ward School this year, and is a member of the Grade School Chorus. Mona is the daughter of Mr. and Mrs. Raymond Williams who live south of Floydada. She is continuing her Poultry Project this year and is also Bedroom Demonstrator for her club.

**National 4-H Club Week Is Observed**

The 4-H Clubs, the largest rural youth organization in the world, are now observing their National 4-H Club Week. Numbering nearly 2,000,000 boys and girls between the ages of 9 and 21 years, they are enrolled in nearly 100,000 clubs throughout the United States as well as Alaska, Hawaii, and Porto Rico. England, Norway, Sweden, Denmark, Finland, Cuba, Venezuela, Korea, and other nations also have 4-H clubs or similar organizations.

During this National 4-H Week, no better tribute to the 4-H Clubs could be given than the one by Dr. C. B. Smith.

"4-H Club work is a kind of training in which rural youth learns better ways of farming and homemaking, better ways of working together in groups and on community matters, better ways of living. It recognizes the basic educational values of farm life. It put the emphasis on self-reliance, character and appreciation of the things of the open country. It makes for good homes, good citizens and a cultural rural life."

In Floyd County there are 12 Girls' 4-H Clubs with 308 members and 14 Boys' Clubs with 328 members.

Projects carried by these boys and girls include Gardening, Beef Animals, dairy animals, swine, field crops, clothing, cooking, home improvement, canning etc.

Besides the regular meetings that these members attend special events are planned for those having outstanding achievements. These include the Floyd County Junior Fat Stock Show on March 20, County Dress Revue on May 14; 4-H Round-Up at College Station June 13-14-15; Girls District Camp at Lubbock July 12-13-14; Boys' District Camp at Lubbock August 4, 5, and 6; Girls' County 4-H Day also in August; and Achievement Day Hog Show in October. The Rifle Contest for boys will be April 30; the Soil Conservation window Display will be in May and pigs for the Cow-Hog-Hen Program will be awarded in May.

**Children's Clinic Announced By Jackson**

Plans have been completed for Khiva's second annual orthopedic diagnostic clinic, according to announcement by E. D. Jackson, Potentate's Aide for Lockney, from Khiva Temple.

The clinic will begin at 9 o'clock in the morning, Saturday, April 30, in Khiva Temple, Fifth and Fillmore, Amarillo, Texas, and continue through the day with orthopedic specialists conducting the examinations. Mr. Paul M. Clauser is clinic chairman, a position in which he served for the 1948 clinic. At that time 77 children were examined.

"Anyone interested in having their children attend the clinic is asked to contact me at once," Mr. Jackson stated. "Children under 15 years of age are eligible for the clinic, regardless of race, creed, or color."

Application forms must be filled out for eligible children. There is no charge for the application or the examinations. Lunch will be served at the Temple at noon for the children their parents or guardians, and all those assisting with the clinic," said Mr. Jackson.

Air intake velocity on the Navy jet fighter plane Fury (FJ4) is 38 knots at two feet from the plane's nose.

Rotation of the earth on its axis is from west to east.

"THERE'S NO DOUBT ABOUT IT"  
The **EVERSMAN** is **TOPS** for DIRT MOVING for LAND LEVELING for SEED BED PREPARATION

**You Get These BIG ADVANTAGES with EVERSMAN**  
The ONLY machine with grader blade suspended on movable sub-frame balanced with springs connected to wheels through an eccentric axle that gives automatic action.  
Not just another scraper. It's a 3-way machine used not only for the initial job of dirt moving and leveling but for maintaining contours and preparing seed beds year after year.  
Goes land in "table-top" condition, making better drainage possible, irrigating and cultivating easier, and mechanical harvesting faster. A must in permanent seeding, saving seed cost, giving more years of bigger yields from each seeding.  
Comes in 4 sizes to fit wheel tractors up to large crawlers.

Only one leveler, the EVERSMAN, has the eccentric (crank) axle—when wheels go on a high place the blade AUTOMATICALLY lowers to gather a load—when wheels go into a low place the blade raises to release enough dirt to fill.  
Front clod buster and rear smoother blade breaks clods, pulverizes the soil, smooths and packs the surface as the machine moves along, producing a fine seed bed while AUTOMATICALLY LEVELING.  
Also excellent DIRT MOVER with patented wheel lift which raises and lowers the whole machine and gathers or releases a big load of dirt wherever you wish. After dirt is moved with the EVERSMAN it can be graded down and AUTOMATICALLY LEVELED with the same machine. One inexperienced man driving your present tractor handles this ALL PURPOSE machine. Moves fast on rubber tired wheels. Inexpensive to buy.

**Children Care At Club Meetings Is Recommended**

COLLEGE STATION—Children, just as their parents, benefit from association with others of their age outside the family circle, yet it is often a problem for mothers to make it possible for the pre-school age child to meet and play with other children. This is especially true in the country, where neighbors may be some distance away.  
The Pleasant Valley home demonstration club of Wise county has worked out a plan which has proved to be worthwhile for both children and mothers.  
The club appointed a child welfare committee and a result of its recommendations, members with small children bring them to the meetings. The youngsters are turned over to the play supervisor for the meeting, who sees that games and entertainment are provided for the children while the club is in session. Every

member of the club has volunteered to serve as a play supervisor.  
The welfare committee provided a storage box for toys and each member contributed equipment. The play supervisor at each meeting is responsible for light refreshments for the children.  
Mrs. Sam Kaker, president of the club, and Fern Hodge, county home demonstration agent, report that the results have been quite satisfactory. The children are well-cared for; they learn simple games, benefit from supervised play. The mothers are pleased with the arrangement as a means of developing child personality as well as making it possible for them to attend club meetings.  
Mrs. Eloise Johnson, extension family life education specialist of Texas A. & M. College says, "Mothers of young children quite often would like to take part in clubs and community life, but are held back because there is no way to take care of the children. The Pleasant Valley plan might be followed by other clubs to benefit both the children and the mothers."

**Pantex Plant To Be Given Tech**

LUBBOCK—A contract approved by the War Assets Administration transferring Pantex ordnance plant near Amarillo to Texas Technological college will be considered at the April 11 meeting of the college board of directors.  
Release of Pantex to Texas Tech under the national security clause and as a public benefit is sought by the college to enlarge the opportunity for agricultural and engineering research particularly. The security clause provides the government may reclaim the plant at any time during the next 20 years in the event of a national emergency. As a public benefit, Texas Tech is awarded entire property, valued at \$8,500,000 including the buildings and improvements, at no cost. The government retains sub-surface mineral rights.  
Pres. D. M. Wiggins said he is pleased at the action of the WAA. Announcements concerning intended action by the college will be forthcoming after the board session.  
Texas Tech is conducting jointly with Texas A&M a wheat poisoning project on 8,000 acres of the plant which has been leased by the college.  
National Peanut Week has been set for April 3 to 9. Farm sales of peanuts increased from \$12 million in 1932 to \$225 million in 1948, and over four million acres are planted to goobers in the United States.

**Now Is The Time To Kill Ants**

**COLLEGE STATION**—The time to kill a colony of cut ants is when the colonies are weakest, when there aren't any queens, and when there is ordinarily very few young ants being produced.

What ants are present are gathered in the central town, and the queens are found grouped together in a central cavity in this town. Since the queen's job is to lay eggs to keep the colony going, you can get rid of the colony by killing all the queens.

The main town may be 15, 20 or even 100 feet in diameter, with many entrances leading from the surface to the underground cavities. It won't do much good to treat the smaller ant hills surrounding the central town, says Allen C. Gunter, associate extension entomologist of Texas A. & M. College. You've got to get the central colony where the queens are.

The smaller ant hills are connected to the main colony by underground passages, which may sometimes be

a quarter of a mile long. It's through these subways the workers carry the cut leaves to the central town.

A two or three percent chlordane solution, made up of a chlordane wettable powder or an emulsion form, may be used in the control of cut ants, says Gunter. Pour about a half gallon of this solution down each opening of the colony.

Another good method is to dig up a shovelful of dirt at the surface opening to the passageway into the interior, then pour a barrelful of water down this passageway. As the last gallon or two runs down into the ant hill, add one quart of carbon disulfide (highlife). Then cover all the colony entrances in the vicinity. Gunter warns the ant killers not to set fire to the highlife. Just let it soak into the ground.

In either case, whichever way you decide to kill the queens, the treatment may have to be repeated in three or four weeks, says Gunter. But it isn't always necessary.

Russia was once known as the Empire of Muscovy.

**Audie Murphy Stars In "Bad Boy"; To Be Shown Here**

The most decorated GI of World War 11 becomes a movie star in his first picture when Audie Murphy takes a leading role in the movie "Bad Boy," scheduled to show at the Plains Theatre here Saturday matinee and night this week.

The story is about today's youth and their problem. It is a picture every member of the family should see, being based on real life characters. The story of the great work being done at Boys Ranch to help the youth of Texas is unfolded in the film.

The story of "Bad Boy" is one of a youngster who proved almost too much for the Boys' Ranch and those who run it. This young tough had committed 62 felonies before they received court custody of him. Once at the ranch he continues to use it as a front to continue his criminal doings. It was not until Marshall Brown, director of the Boys' Ranch, discovered the reason for the boy's rebelliousness, that the subject of this true story could be brought around to reason.

There's no glamorizing of gun-totin' kids in "Bad Boy." It's on the raw side, this picture, but no more raw than the case history from which it was drawn.

See it Saturday matinee and night of this week at the Plains Theatre in Lockney.

**PLAN INTERSCHOLASTIC LEAGUE MEET**

**Easter Service Is Planned Without Founder This Year**

**LAWTON, OKLAHOMA**—The year has come which many persons have foreseen and dreaded—that in which the famed Wichita Mountain Easter Sunrise Service must be presented without the direction and inspiration of its founder, the late Mark Wallock.

Rev. Wallock, the quiet little minister whose spirit possessed more power than many combined purses and intellects, passed away a few weeks ago—just as time was at hand to begin thinking of the 1949 Easter service to be held April 17.

Rev. Wallock left such well-laid plans and such a definite idea as to how he conceived the service, no one doubts that it can be continued. But whether the citizens of Lawton can be brought together again under a united leadership of the type afforded by the "little minister" is the question which causes much shaking of the head.

Nevertheless, the many trained lieutenants which Mark Wallock designated are facing the task with great energy. Jimmy Hysaw, co-director of Lawton's Easter personnel association, states his belief that this year, and for a few years to come, the service can be continued as if Mr. Wallock were here.

To Hysaw and his fellow-director, Mayor George Hutchins of Lawton, fall the duty of training and supervising the activities of approximately 1,000 persons who will take part in the 1949 service. To Fred Larrance, former mayor and new president of the Easter Sunrise Service Association, falls the burden of leading the organizing of the finances and physical production of the massive spectacle. Dozens of other equally important names might be listed.

### A HAPPY TRADITION

In the early days it was a common sight to see neighbors hand together to help each other. Barns were built, crops harvested, land cleared and numerous other heavy tasks were accomplished in a few hours instead of weeks or months. It was done in an atmosphere of spontaneous fun. The neighbors simply dropped in for a raising bee, a husking bee, or whatever the occasion required, with their wagons loaded with food.

These work parties were a necessity in pioneer America. But it is cheering to note that this tradition is still with us in this machine age. A recent news item tells of a service station operator in a small Minnesota community who had an unusual run of bad luck. His competitors decided to help him out. They closed their stations one Sunday and took over the job of manning his cash register and pumps to handle the sudden rush of business. It was necessary for the local constable to direct traffic. Many people refused to change, and the supplier, which was one of the leading oil companies, furnished gas at cost. When the day was over the station

operator was considerably better off financially and he had gained a new appreciation of his friends and neighbors.

If instances like this could occur more often half the seemingly insoluble problems of the country would disappear.

### CONGRESS STUDIES ECONOMICS

The attention of many members of Congress seems to be wavering from Mr. Truman's long-range legislative program, and turning to the immediate problem of just what current declines in prices, employment and business activity mean.

Some of the drop can be attributed to seasonal factors. But that doesn't account for all of it by quite a ways. Congress wants to get a clearer idea of what is going on before it does much law making.

The House-Senate Economic Committee recently called in a number of

leading economists and asked for their opinions and advice. As was to be expected, there were many differences. But the majority of these experts were agreed that we have passed the peak of inflation, and that a levelling off period is now at hand. However, there was little talk to the effect that a severe recession is imminent.

One of them, representing a large life insurance company, anticipated a long period of good-times, though he added that the buyers' market is back and the consumer will have to be induced to buy. Another, from a publishing house which issues magazines dealing with industrial questions, said he doesn't fear that serious downturn is coming, and warned against rising taxes. The economist for a steel company argued that a big backlog of demand, left over from the war days, is still in evidence, and was optimistic as to the future. A pessimistic note was struck by the economist from a national research organization, who was none too sure that we have an easy road ahead.

The point on which most agreed was that there should be no tax increases, either on business or on individuals. The reason: these burdens, they think, might prove to be sufficient to turn a moderate and temporary decline in business activity into a real recession. The President has said that nothing that has happened has changed his view on the tax problem, and Congress should approve his proposal for raising \$4,000,000 through new taxes. But there are many grave doubts among members of both parties.

Sentiment is increasing for making up possible budget deficits by reducing the cost of government. The Hoover Commission reports, which have been issued so far, have shown up serious waste which could be eliminated without touching any essential function. Duplication of bureaus, archaic procedures, the abuse of patronage—these are old vices which the Commission hopes may be cured. Mr. Hoover's idea is that the President should have far greater direct powers over the machinery of the government. It is not likely that all of the recommendations will be approved. But a start will be made.

### THE BASIC SCIENCE BILL

The editor of this paper has been importuned to write an editorial against the Minimum Standards Bill now pending in the legislature. Doctors of Medicine are strongly supporting the bill and many chiropractors and osteopaths are opposing it. Not having had an opportunity to read the bill itself and not knowing how comprehensive or far-reaching its effects it might be, we are not prepared either to support it or to oppose it out-and-out. If, as charged by some it would be a mere tool in the hands of the Medical doctors to put all chiropractors and osteopaths out of business, we should oppose it, for we believe that there is a field in which these classes of practitioners do much

good. Or, if it limit the services not graduates of we would like to merely sets up of knowledge body and the chiropractors and chiro before practice, we think We believe should acquire ly as possible bill and then the people of doctores nor chiro favored unless protected and health at the County News.

## OUR TAX BILL WAS BIG TOO

IN MANY TOWNS we serve, Southwestern Public Service is the largest tax payer. Just as many other tax paying citizens we pay each year municipal, county, state and federal taxes.

Most of these tax bills have gone up in the past several years as tax rates have risen, and as our investment in equipment has increased.

Despite increased expenditures for taxes, wages and equipment, your Public Service Company is happy that it is still able to provide dependable electric service today at lower cost than ever before.

When Your Back Hurts— And Your Strength and Energy is Below Par
It may be caused by disorder of kidney function that permits poisonous waste to accumulate. For truly many people feel tired, weak and miserable when the kidneys fail to remove excess acids and other waste matter from the blood. You may suffer nagging backache, rheumatic pains, headache, dizziness, getting up nights, leg pains, swelling. Sometimes frequent and scanty urination with smarting and burning is another sign that something is wrong with the kidneys or bladder. There should be no doubt that prompt treatment is wiser than neglect. Use Doan's Pills. It is better to rely on a medicine that has won countrywide approval than on something less favorably known. Doan's have been tried and tested many years. Are at all drug stores. Get Doan's Today.

FIRST AID to the AILING HOUSE by Roger C. Whitman

QUESTION: My basement floor was painted some time ago, but the paint has worn off and I would like to fix up the floor so that the youngsters can use it for dancing. Because of the expense involved I would prefer not to lay asphalt tile. As it is now, there is powder about one-quarter-inch deep over the whole floor and the surface is not smooth, but full of small pin-holes. ANSWER: You can treat the floor and get a good job, depending on how much labor you are willing to put into it. I would suggest that you look forward to laying asphalt tile as soon as you can manage it, for the tile would be much more comfortable underfoot than concrete, if the floor is to be used for dancing. In the meantime, you can paint the floor with an appropriate paint with a rubber base.

Here's a NEW party-line customer!

This little fellow may be enjoying the protection of a telephone because you are sharing telephone service with his family or some other family on a party line.

Were it not for party lines, thousands of people—now being served—would still be waiting for telephones despite all the effort we've been able to put into the manufacture and installation of new telephone equipment.

If you are on a party line, you'll find courtesy and neighborly co-operation pay big dividends in better service. A party-liner who is thoughtful of the other fellow may well find that the other fellow will be thoughtful of him.
