Band Given Third Rating At Canyon

The Lockney High School band under the direction of George Atwood was rated third in concert and fifth in sight reading at the Region I Interscholastic League band competition at Canyon last Friday. This was considered a very good rating for a second year band and was well ahead of other bands from larger schools in the area.

In the Class A group, of which Lockney High was a part this year, Levelland lead the competition with a first place rating in concert, sight reading and marching. The local band was rated along with Hereford, Dumas, Memphis and Spur and ahead of Dalhart, Wellington and others.

In the criticism sheets, the judges suggested more instruments for the Lockney band. They especially complimented Herbert Watson on sight reading, and commented on the nice appearance of the band and suggested that they were well disciplined and kept their instruments looking nice.

Organ Dedication Program Planned For May 13th

The dedication program of the new organ and the chimes at the Lockney Methodist Church has been set for Friday evening, May 13. It was announced this week by Mrs. W. J. Griffith.

Featured on the program of the evening will be John Josey, a noted organist, and Irvin Tolvein, violinist, both of Amarillo. A program of organ and violin music will be presented for those attending.

The dedication program was set several times the early part of the year but the bad weather caused postponement.

Mr. and Mrs. W. J. Griffith gave the organ to the church and Mr. and Mrs. F. L. Brown gave the chimes.

The public is cordially invited to the program, it was said.

Rain Thursday Brings Mixed Emotions

The rain early Thursday morning brought mixed emotions to farmers of this area, given the wheat farmers more cause for jubilation while those who had planted cotton were worrying about getting it up.

The moisture, accompanying an electrical storm, totaled .71 of an inch here. Plainview reported around .80 while Lubbock had about a half inch.

Wheat was needing a little moisture and will be helped by the rain although some what farmers are now beginning to worry about getting too much rain.

Cotton planting had begun on a fairly large scale the first of this week and the rain will probably cause a number of farmers to replant.

No hail or wind damage was reported in this area.

Mr. and Mrs. C. E. Wendt, Jr. of Lubbock spent last weekend there with Mrs. Wendt's parents, Dr. and Mrs. D. R. Foster, Albertine and Carol Ann.

This is the annual tour and field day sponsored by the Floyd County Soil Conservation District. Members of the board of supervisors of the district are R. J. Dunlap, Chairman, Cecil Purcell, Bert Bobbitt, W. F. Ferguson and W. H. Nelson.

MILL PRICE ON HAY IS \$10

With the beginning of the alfalfa hay season, the National Alfalfa Mill here and at Plainview is paying \$10 per ton for alfalfa hay in the field, it was reported to The Beacon Thursday by an official of the mill at Plainview.

The alfalfa mill official estimated that baled hay would sell for \$14 or \$15 per ton to start with. This low price is due primarily to the fact that lots of moisture has fallen down state and the cattlemen there have ample grass at the present time, it was explained.

The local dehydrator started operation Monday morning of this week while the Plainview dehydrator started Tuesday morning.

PTA Officers To Be Installed May 10

An installation of new officers will be held Tuesday night, May 10th at the City Auditorium at 8 p. m. Also on the program will be a short report by Mrs. Harmon Handley on the PTA convention held at Lubbock last week. Several musical numbers will also be heard.

Others attending the PTA Conference were Mrs. Hershel Carthel, new vice-president of the Floyd and Hale County district, Mrs. Sid Thomas and Mrs. Hilburn Casey.

DEFENSE CHIEF? Louis Johnson, West Virginia, has been appointed by President Truman as secretary of defense to succeed James V. Forrestal, resigned. All that Johnson, a former assistant secretary of war, needs, is senate confirmation, which is expected.

EDUCATION BOSS Earl J. McGrath (above) a University of Chicago professor has been nominated by President Harry S. Truman to take over the post of U. S. commissioner of education. McGrath was named to succeed John W. Studebaker.

REA Grants Loan To Floyd Co-op

A \$685,000 loan for Floyd county Electric co-op was granted Tuesday in Washington, L. W. Chapman of the REA office at Floydada announced.

The loan, according to reports, is one of a group totaling \$2,910,000 for expansion of electric service in rural areas of six states.

The Floyd county co-op loan, Chapman said, will be used to build two new sub-stations, and to replace many one-phase lines, which may be used for domestic purposes only, with three-phase lines which are required for the heavier loads imposed by irrigation pumps.

One sub-station is to be in the Finney Switch area, another is to be in the Snyder community, and another in the vicinity of Petersburg. However the exact locations of the stations have not been determined, Chapman said.

New line construction totaling 253 miles and giving domestic service to over 200 additional members will start Monday, Chapman indicated. Work will be done in Floyd county and all the adjacent counties. However, this loan is not concerned with that project.

Speech Class Will Present Radio Program From KVOP Saturday

Mrs. Sid Thomas' speech class of Lockney High School will present a 20 minute variety program over Radio Station KVOP, Plainview, on Saturday, May 7. The program will be heard from 3:30 to 4:00 p. m.

Following is the program as it is planned:

Other members of the speech class are Joe Keeter, Charles Dippery, Jimmy McGowen, Ida Kerby, Tiny Foster.

CITY PAVING HITS 50 BLOCK TOTAL

It appeared Thursday that paving within the City would pass 50 blocks, according to information furnished The Beacon by E. R. Harris, chairman of the paving committee.

Property owners are still approaching the committee asking that certain streets be added to the program, Mr. Harris said. Among those added since The Beacon's report of 38 blocks are an addition on West Locust Street, addition on south West 4th Street, addition on south West 3rd Street, addition on south West 2nd Street, addition on East Bryant Street from the Main Street east 2 1/2 blocks, an addition on North Main closing a gap at the Denver railroad, and addition on north West 2nd Street.

With these additions West 4th Street will be paved completely from Highway 70 north almost to the FW & D right-of-way. West 3rd will be complete from Highway 70 to College Avenue. West 2nd will be complete from Highway 70 to the FW&D right-of-way, a total of 10 blocks. West 1st Street will be paved a half block south of Spruce Street to College Avenue. Main Street will be completed to the north side of the Livesay addition, about two blocks north of the FW&D depot, paving will go around the high school building with parking provisions in the rear, and will circle the block in front of the grade school building connecting on East 2nd Street with Bryant Street to make an all weather road to the business district.

With the new paving Lockney will have very close to 100 blocks of paved streets within the city limits, which is probably more paving than any other city of equal or near size in Texas. This total does not include the Lockney loop, which comes in off of Highway 70 and with this the total of hard-surfaced streets will total around 115 blocks.

Can any city twice the size of Lockney, match this paving record?

Funeral Services For Mrs. Foyd Held Thursday

Funeral services for Mrs. Dewey Foyd of San Angelo, Texas, were held at the Main Street Church of Christ in Lockney Thursday afternoon at 3 o'clock conducted by W. A. Record, minister. Mrs. Foyd passed away Tuesday of this week at San Angelo.

The deceased was a member of a pioneer Lockney family and was reared here. Her parents, Mr. and Mrs. Z. T. Riley, came to Lockney in 1906 and she made her home here until about 20 years ago. She was born at McGregor, Texas, July 29, 1897.

She was a member of the Church of Christ and had been since a young lady.

Survivors include her husband, Dewey Foyd of San Angelo; one daughter, Mrs. C. D. May of Carlizo, New Mexico; three sisters, Mrs. Grady Brewster of Dalhart, Miss Roy Riley of Pampa, Mrs. J. O. Harris of McAllen; two brothers, Cullin Riley of Harlingen, J. L. Riley of Lockney. One brother, Wynn Riley, is deceased. Interment was in the Lockney Cemetery with Carter Funeral Home in charge of arrangements.

German People Found With Little Interest in Politics

PASSAU, GERMANY. — "The people are not interested in politics."

This sentence recurs repeatedly in reports from towns and villages throughout Germany. It shows the problem U. S. Military Government faces in trying to spread democracy among people who never have learned or understood that they have a personal interest in their country's politics.

A Military Government officer pointed to a report from Zulzbach, a small Bavarian town near here.

It contained the usual line: "The people are not interested in politics." Then it added: "They are worried, however, about Germany's future."

"There's our real problem," said the officer, Marvon Glossop, of Winchester, Ill.

"What we must do is convince

them that by taking an intelligent part in politics, by choosing their officials wisely, they can shape their country's future."

Many methods have been tried. The latest is a series of "democratization meetings" reaching even into the smallest of villages.

The villagers meet to talk over their problems—local, state, national or even personal. They discuss how they — or their government — should handle these problems.

Trace elements—zinc, copper, manganese and boron—may be applied to the soil or sprayed on the plants when they are needed to correct the nutritional disturbances. Because only a small quantity of these elements are needed, many folks overlook their importance when it comes to plant growth.

GO TO CHURCH SUNDAY

HEY! WHAT'S UP, DOC? . . . That seems to be puzzling Frankie Gascich as he gets a "ticket" from "patrolman" Tommy Knesel, 2. Real Kansas City policeman Jack Marshall (center), friend of Tommy's parents, had a uniform manufacturer make an exact replica of a patrolman's uniform for Tommy, who even carries a service revolver—the cap kind, that is. Young Frankie seems as much perturbed by this "traffic" incident as many grown-ups would be under similar circumstances.

Providence News

Mr. and Mrs. Walter Boedeker and Nadine were dinner guests of Mr. and Mrs. Willie Schmidt, of Plainview on Sunday.

Rev. and Mrs. H. L. Anderson and son David left Monday for Mission, Texas where Rev. Anderson will be guest speaker for the dedication of a new church. There will be no Services at Trinity Lutheran Church on Sunday May 8. They will also visit relatives at Taylor, enroute home.

Mr. and Mrs. Clyde Martin and boys of Pampa were week end guests of Mr. and Mrs. Harold McLaughlin.

Mr. and Mrs. Bill Buth and children were enjoyably surprised Saturday when relatives from New Mexico came for an unexpected visit. They were still more surprised when other relatives kept coming in until a large number were present for a family reunion of five of the Buth children and their families. Those present were: Mr. and Mrs. Ed Buth of Petersburg, Mr. and Mrs. J. F. Bilbrey and family of Petersburg, Mr. and Mrs. John Buth of Idalou, Mr. and Mrs. Geo. Downy and son of Plainview, Mr. and Mrs. F. L. Taylor and Jean of Happy, Mr. and Mrs. H. Autry of Plainview, Mr. and Mrs. A. O. McCada and family and Miss Neida Wimberly of Tucumcari, New Mexico.

Mr. and Mrs. K. Sammann were dinner guests of Mr. and Mrs. Walter Sammann on Sunday. Later in the afternoon Mrs. Harold McLaughlin and Mrs. Clyde Martin dropped in for a visit.

Jimmy Buth spent Sunday night with David Clay.

Mr. and Mrs. Ted Boedeker and family were dinner guests of Mr. and Mrs. Albert Sammann and family on Sunday.

Gerry Barker spent Thursday night with Jimmy Dean Buth.

Rosa Lee Brown spent Tuesday night with Delores and Carolyn Sammann.

Mrs. Walter Sammann has been on the sick list the past week.

Vacation days are here once again for the Providence School children, as school will close its doors until next term. Report cards will be given them on Wednesday morning. At noon parents will gather at the school grounds to enjoy a picnic lunch with children and teachers. In the afternoon a ball game will be had, adults playing against the school children. In the evening the children are going to Plainview for a skating party.

On Friday of last week, the Teachers and their pupils gave us a very enjoyable program in the school auditorium. High School diplomas were also given to Delores Brown, Bobby Louise Buth, Bobby Dale Sammann, Buddy Brown and Warren Mathis.

Mrs. Luther Rhine also presented her piano pupils with piano selections, which were greatly enjoyed.

Mrs. Luther Rhine is on the invalid list this week as she had the misfortune of cutting her leg with glass. Her friends and piano pupils wish for her a speedy recovery.

We are so very happy to report that

our Yvonne Sammann is back home again and in the very best of health. Her many friends and relatives are so very happy for her successful operation. Yvonne, may you soon be among your many friends, and really begin to enjoy real healthful playing.

Guests in the home of Mr. and Mrs. J. B. Brown on Sunday was Mrs. Lola Clyems of Plainview.

Mr. and Mrs. J. B. Brown and family spent Easter Sunday with Mr. and Mrs. R. Harden and family.

Southern Governors Plan Full-Time Capital Bureau

SAVANNAH, GA.—Southern governors planned today to set up permanent shop in Washington to help wage war against Federal civil rights proposals and carry the South's banner on other issues.

Several Dixie executives said a southern governors' bureau in the capital was likely to spring from a resolution approved last night by the Southern governors' conference.

The resolution deplored "hostility" toward the South in the rest of the country and declared this unfavorable attitude was "created and perpetuated by untruths and half-truths."

A southern foundation was established to "correct" the picture and give the rest of the nation the South's story.

The governor's conference, which ended last night formally noted that "many economic indicators" show more progress in the South than in the nation as a whole. The South still retains material wealth, highly attractive industry, which hardly has been touched yet, the governors declared.

But despite this progress, they added, there is "a serious lack of information about the South, which, coupled with misinformation, has resulted in the formation in the minds of millions of Americans an unfavorable attitude toward this great area."

Takes Draft Registration To Recall to Man His Name

ALBANY, N. Y.—William Ladislaus Thomas Wisniewski told the judge it took registration for the World War I draft for him to learn that his real name was not Walter DeBerry. The judge granted his plea for a change of name when he explained that his parents had intended to name him Walter and he had been known as DeBerry all his life except on two occasions—when he signed up for the 1917 draft and in 1925 when he was married.

Animal Lovers Protest Their Use in Circuses

LONDON.—A parson who distributed free circus tickets to poor children in his parish had his church picketed by two members of the performing animals defense league.

The director of the league and an assistant stood outside St. Paul's church at Harringay, handing out pamphlets alleging that the circus animals were treated cruelly to make them perform. On a placard were attached instruments said to have been used on the animals.

Man Having Tough Time Proving He Really Exists

ROME.—Giovanni Villa, 35, of Palermo, Sicily, has been trying for four years to get himself declared alive. He has succeeded only with the tax collector, who sends him bills regularly. The Palermo civil registry has him listed as dead since 1944 at the village of Patricia, which Villa said he never visited. His wife recently had a baby. He tried in vain to get the child registered but officials said: "Dead men can't father children." Villa, however, gets and pays all tax bills.

Social Security Man To Be Here Wednesday

Elliott W. Adams, Social Security Administration Representative, will be in Lockney at the Post Office at 9:00 a. m. on May 11, 1949 for the purpose of answering any questions you may have on social security; discussing possible benefits and taking claims from persons who seem to be entitled to benefits; and taking applications for social security account number cards.

Federal old-age and survivors insurance—social security—provides monthly payments for retired insured workers after they are 65 and for survivors of deceased insured workers. Further information can be secured from the above representative when he visits Lockney.

Pioneer Round-Up Set For May 21

The atmosphere of the Old West will prevail at the 21st Annual Pioneer Round Up to be held in Plainview, Saturday, May 21st, when the Round Up will "come-of-age." This year the Business and Professional Women's Club of Plainview will sponsor their 21st Pioneer Round Up celebration. The first one was started in 1929, when the Club itself was a "toddlers" two years of age, with a membership of seventeen. They undertook to entertain 150 pioneers at a banquet, but ended up with 400 dinner guests, who unanimously requested that the girls make it an annual affair. The second year the chuck wagon supper was substituted for the banquet table, and new features added.

Once each year in the springtime, the curtain of the years is pushed back and out on the stage set in the modern little city which started as a cowtown, troop gay figures from the past. These happy "old-timers" are the very same cowboys and their ladies who more than half a century ago cleared the Llano Estacado of its Buffalo and Indians and stocked its rich grass lands with cattle and windmills, pushing farther west the Texas frontier, and pioneered in a section that is today is one of the prosperous agricultural areas of the nation. From every walk of life the pioneers will be singled out, and for one brief day will be the center of an event that has come to mean a gallant salutation to their achievements, and a revelation to all who celebrate it with them. The program for the day is as follows:

The Pioneer Reception will be held from 10 A. M. to 6 P. M. Miss Emma Hanna, Chairman of the Reception Committee states they are planning a real home-coming, a real round up of the old-timers, cowboys and ranchers who came in covered wagons to find a home "above the Caprock" and grass for their cattle. She urges all who have friends and relatives living at a distance to write them immediately and give them the date and urge them to come. There will be great visiting hour and "swapping yarns" and reminiscences.

The Golden Wedding circle will meet at the Reception at 1 P. M. This group is composed of married couples who have celebrated their Golden Weddings. In the past twenty years that this Circle has met at the Round Up, many couples have been enrolled, and one year thirty couples were in attendance and rode in the parade. Names and addresses of those eligible are desired by Miss Emma Hanna, 711 West 11th St., Plainview, Phone 698-J.

The Registration committee, Miss Wilma Courtney, chairman, will register all guests at the City Auditorium and each will be given a badge with color indicating the length of time he or she has resided on the plains, sixty, fifty, forty, 25 or less, with different colors to indicate this.

A Chuck Wagon Supper will be served from 6 to 8 P. M. This feature is especially dedicated to the cowboys who rode the range in the days gone by. Remember way back when the cook yelled "ome an' git it?" And that good ole "son-of-a-gun," sour dough bread, black coffee, and such? Well, it will be the same way at the Round Up come May 21st. Miss Mary Grindstaff and her committee are planning a real old-fashioned chuck wagon supper, just like you used to get around the campfire in the "good-ole-days." Get your plate, tincup and chuck, and swap yarns for a spell.

The Gay Nineties Revue starts at 8 o'clock P. M. Miss Vaneta Cross will be in charge of the program. The Mayor of the city, Capt. Winfield Holbrook will give the welcome address and Miss Agnes Braly, President of the Business and Professional Women's Club will extend the welcome from the club. Awards will be made to the following: To the oldest pioneer present, the couple married the longest, the couple having the most children, the person coming the greatest distance to the Round Up, the man growing the best beard, the pioneer who dances the best jig, and to the best pioneer fiddler. An attractive program feature, "out of the Past," in four parts, is being prepared by Mrs. Elna Dean Cook. The Gibson girl will make her appearance, together with other forgotten features, including musical numbers of the long ago and which will delight the audience.

The Square Dance will climax the evening's program. Mrs. Nell Hinds, Chairman of the Dance Committee, announces that "Uncle Jay," Johnny Lynn, with his orchestra from Amarillo, will furnish the music. The dance will be in progress until 12 midnight. Participants in the square dance will be in Gay Nineties costume. The public is invited, whenever possible, to wear pioneer or western costumes to add to the Frontier atmosphere. "Uncle Jay" and his orchestra are sure goin' to do some real fiddlin'.

RIGHTS MUST BE EARNED

Albert S. Goss, Master of The National Grange, has written a telling editorial on the important subject of "Human Rights Versus Human Responsibility." He points out that the General Assembly of the United Nations has officially stressed rights which are theoretically owed the individual by the state, such as the right to rest and leisure, protection against unemployment, housing and medical care and other forms of social security.

Then Mr. Goss writes: "We believe the United Nations is tackling the whole question of human rights wrong end first. . . . What the world really needs is a Declaration of Human Responsibility! People need to learn that they cannot expect something for nothing. Furthermore, self-government falls when a majority fails to realize that they must contribute as much as they take out. For example

the impossible economic situation in France today is the result of the people demanding more of the government than they give. . . . "It is high time we return to the simple philosophy of willingness to work."

One great difficulty that must be met by the framers of any United Nations declaration of policy is that they must satisfy scores of nations and governments which subscribe to every kind and form of political theory. However, the peoples of the free countries, the United States included, have gone a long way down the deadly path that leads to complete governmental domination of our lives.

SCHOOL DAYS

By DWIG

ARABIAN NIGHTS

The "gimmee" spirit has reached tragic proportions. And so has the idea that government "owes" us protection against every possible exigency.

To quote Mr. Goss again, "Rights must be earned through the exercising of responsibility." In a free country, the people support their government, and give it orders. In a dictatorship, the government takes over the people, and gives them orders. The distinction is that simple.

TAKE YOUR FAMILY TO SUNDAY SCHOOL

"Take your family to Sunday school" touches a deep cord in my heart.

True religion, I firmly believe, is essential to create an inspiring, wholesome and soul-shaping atmosphere for childhood. From my heart I deplore the feyness of American families that take the trouble to foster spiritual beliefs in their children.

The happiest experience I ever had was learning, while I was a little girl, that God is love, and that the possibilities of good are greater than those of evil. . . . and it has more than counteracted the cramping effects upon me of blindness and deafness. This blessedness of faith convinces me that all the young who are given opportunity to see God with their hearts have the best chance of facing life's problems, courageously and making of their lives a noble achievement.

The Fatherhood of God and the brotherhood of man seem to me the central teachings of the Bible whose stories children read in Sunday school — and from those teachings, if faithfully maintained, there will at last emerge a civilization in which all peoples shall live side by side in cooperation harmony and peace.

HELEN KELLER

The average American gets nearly all of his calories from fats, sugars and alcohol. His appetite for soft drinks, alcoholic beverages, and pastries made of sugar or starch and fat adds up too many calories for the best of health. Such calories may also be eaten at the expense of other nutrients which the average American needs.

AWAY GOES OUR GAS

Texas officialdom is mightily worked up over the federal threat to the state's tideland oil. Federal interference is denounced. If the tideland oil seizure goes through, Texas undoubtedly will be deprived of a great deal of revenue.

Yet, Texas officialdom, and especially the Texas Legislature, is strangely quiet and inactive regarding another threat to Texas resources—the siphoning off the states tremendous natural gas reserves to heat the boilers and warm the homes of people in other states.

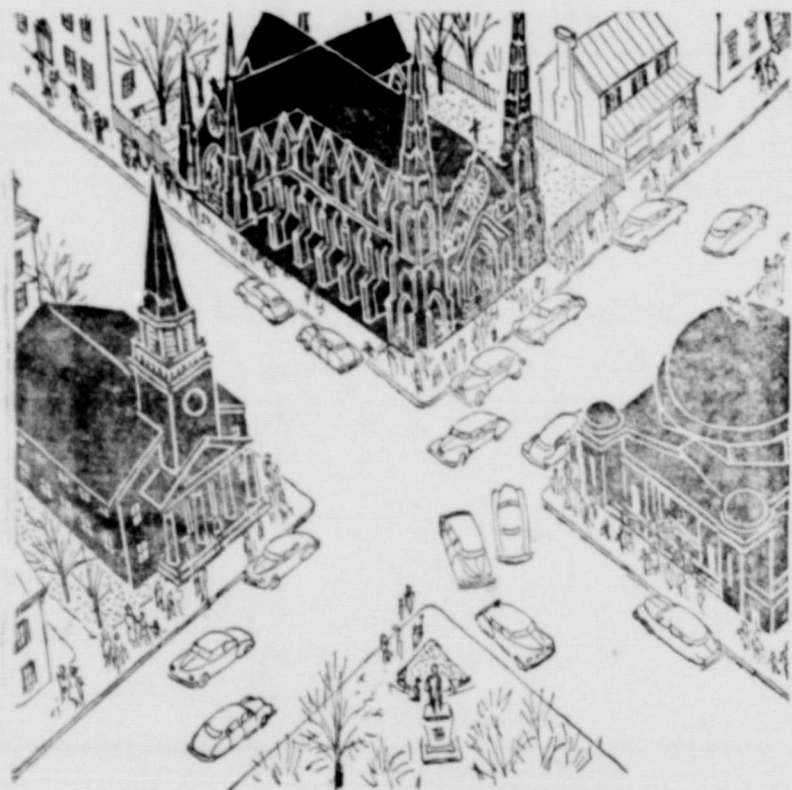

The Federal Power Commission has the say-so in this, for it has the power of life and death over new interstate pipelines under the public convenience and necessity clause. The commission has been extremely generous in granting these new lines, and in allowing increases in the amount of Texas gas the lines may carry.

This week an attorney for the Pacific Gas & Electric Company of San Francisco appeared before the power commission in Washington and made a plea for a pipeline permit to carry Texas gas to the San Francisco area.

This is a graphic illustration of the part Texas gas is playing in the growth and development of other states. Many states on the Eastern seaboard now use Texas gas, in some cases buying it cheaper than Texas domestic and industrial consumers can buy it. Now the Pacific coast wants to increase its take of Texas gas.

Gas is irreplaceable. Once gone, it is gone for good. The faster it is siphoned off to enrich pipeline companies and the industries of other states, the quicker Texans will be deprived of this magnificent natural resource.

How much longer will the Texas Legislature ignore this situation? Until all the gas is gone, and Texans have to start using lignite and mesquite knots to heat their homes and power their industries?—San Angelo Standard-Times.

THIS IS AMERICA

This is freedom—many religions, many races, living in harmony together. For freedom is more than a way of life. It is a state of spirit—and our richest asset.

Under freedom of religion, Americans attend more churches than any other nation. Under freedom of speech, we have more newspapers, more radio stations than any country in the world. Under freedom of opportunity, our children attend more schools, have more chances to succeed in life.

We are only 7% of the world's people, living on 6% of the world's land. Yet we in America have the highest standard of living the world has ever known.

Under freedom of enterprise—you may call it Democracy, or Capitalism—we make just about one-third of the world's goods, mostly for our own use. We drive three-fourths of the world's autos, use about half the world's electricity. Our homes are unrivaled for comfort and labor-saving devices. We eat more meat, buy more clothes, see more shows, own more insurance. We even save more money.

Yes, freedom pays—in the coin of tolerance and understanding, and in the coin of progress and prosperity.

Donkey Ball Game Here Draws Crowd

A large crowd attended the donkey basketball game held in the Lockney High School gymnasium last Friday in which Coach Curtis Kelley's Burro Busters defeated Bob Miller's Drug Store Cowboys 8 to 4.

The affair was sponsored by the Senior Class and cleared approximately \$100 for the class after expenses were deducted.

Lots of backing and pitching on the part of the donkeys kept the crowd in an uproar, and blundered the goal shooting to some extent.

Postoffice Rulings Allow Weird Items To Pass In Mails

WASHINGTON.—You can't send a snake, a rat, a mouse or a rabbit but you can wrap up a horned toad and Uncle Sam's carriers will deliver it for a few stamps.

In the Post Office's "bible," the book of postal laws and regulations, there is an intriguing list of livestock not generally known to be mail items. The particular choice of "livestock" may seem to be a matter of whimsy today but the list has been in the book at least 40 years.

Worms have been shown considerable favoritism, judging from the variety mentioned. However, any old kind won't do. They have to be blood, earth or meal specimens. Planaria are okay, too, if you know one worm family from another. They're a genus of fresh water flat-worms.

You can also package up a mess of newts, hydras and hellgrammites. Newts are small salamanders. Hydras are water mites. Hellgrammites are one of those 664 questions unless you happen to be a fisherman. Webster defines them as "the aquatic larva of a large North American insect—much used as a fish bait by anglers." Leeches, tadpoles, lizards and frogs are acceptable.

Forecast in Danish Oak Comes True After 50 Years

SOENDBORG, DENMARK.—When a big century oak was blown down recently by a heavy storm near Soendborg, two wedges, hammered into the tree some 50 years ago, were found. One of them had the following inscription: "When this oak falls the gravedigger's wife will die and one of the farms in the district will burn down."

Nelle Katrine Nielsen, wife of the gravedigger, died two days after the oak fell. Two days later Claus Andersen's farm in Elstrup burned down.

Town Has Been Paying \$125 Yearly to Get Bells Rung

PROVIDENCE.—It has been something of a surprise to modern residents of this colonial town to discover that the city has been paying \$125 a year for a long time to have the bell of the 200-year-old First Baptist Meeting House tolled three times a day.

In the days before wrist watches and alarm clocks, the pealing of the deep-toned bell at sunrise, noon and 9 P.M. provided a pattern for the residents to live by.

Today, although altered in one important respect, the custom is carried out as it has been almost uninterruptedly since 1835. Now the bell is rung at 7 A.M. instead of sunrise—a departure from tradition which apparently angered no one.

An essential feature of living in the old days, the bell still spurs the tardy who live near the church—and it represents one of the last direct links between the old town and the modern city.

The city government takes its traditions as a matter of course. The \$125 item for bell ringing appears in the same column as expenses for auditing, Navy Day celebrations, holiday activities and other prosaic items of city business.

In the hand-written records of the common council of 1835 appears the first reference to the bell-ringing tradition. The graceful white meeting house was sixty years old at the time.

In that year the common council approved a contract with the church sexton, agreeing to pay him \$75 a year to ring the bell thrice daily and "to wind up the clock in said house daily."

Old-Timer Mining Tips Aid in Modern Techniques

Holt Water Bill Has Approval Of Senate Committee

AUSTIN—The Senate Water Rights committee Tuesday night approved a House bill which would allow the creation of underground water rights.

The bill, by Rep. L. B. Holt of Olton, passed the House last week. A similar Senate bill was approved by the committee several weeks ago, but has not been brought up for debate.

The Senate committee attached an amendment which would limit the tax levying rate of underground water districts to 50 cents.

Holt's bill would allow water users from the same underground water reservoir, or a portion of it, to establish an underground water district by local option.

The district, through its five elected directors, could set up well spacing rules, limit withdrawals of water, and prescribe well equipment necessary to conserve water.

DENIES RUMOR . . . W. Averell Harriman, U. S. Ambassador-at-large, denied upon arrival in U. S. that he planned to quit post because he was not chosen secretary of state. He declared he would remain in his post.

4-H Dress Revue To Be Held May 14

The Annual County-Wide Dress Revue for 4-H Club girls will be held in the High School Auditorium in Floydada, Saturday afternoon, May 14. Judging will start at 2:30. In order that the construction of the dresses may be judged the girls have been asked to bring their dresses to the County Home Demonstration Agent's office at least one day before the Revue.

About thirty 4-H Club girls are expected to enter the Dress Revue according to Miss Lella Petty, County Home Demonstration Agent. The public is invited to attend the Revue.

PLEASANT VALLEY CLUB HAS "TACKY" PARTY

The Pleasant Valley Home Demonstration Club held a "tacky party" in the Clark Harris barracks Friday night. A hobo supper was served including red beans and onions. Music and "42" was played. Those attending were dressed in clothes from the gay nineties to flappers, villains, jelly beans, foreigners, and freaks from the side show.

Sixty parents and children were present.

"Chicken In Freezer" Booklet Offered

COLLEGE STATION—We all want plenty of chicken on the table every season of the year, and the foods specialists for the Extension Service of Texas A. and M. College tell us that putting them in the freezer is a good way to insure this.

"Chicken in the Freezer" is the name of a leaflet from the U. S. De-

partment of Agriculture, which gives directions for freezing stewing hens as well as the younger birds. If your county home demonstration agent doesn't have an extra copy, then write to the U. S. Department of Agriculture, Washington, D. C. for this leaflet, number AIS-74.

The leaflet gives directions for handling broilers, bakers and stewers in both the home freezing unit and the commercial locker plant.

Lone Star News

By Mrs. Harold Griffith

All who went with the school children on their picnic to Lubbock last Friday enjoyed the day very much. Games of baseball and volley ball were played and in the afternoon we went to the carnival there at the park.

John Griffith of Lockney visited awhile Wednesday afternoon with Mr. and Mrs. Walter Griffith.

Betty June Jackson was sick from Wednesday until Sunday with a cold.

Mr. and Mrs. Reginald Brown and children of Walnut Ridge, Arkansas were guests of Mr. and Mrs. W. T. Rankin and family Friday afternoon, night and Saturday morning. They were on their way to Clovis, New Mexico where they will make their home.

Mrs. Fiarra Merrick of Big Spring has returned to her home after spending a few weeks with her daughter, Mrs. M. O. Peugh and family.

Miss Wanda Cox, who is attending school at Abilene, spent the weekend here visiting her parents Mr. and Mrs. B. W. Cox and boys.

David Frizzell spent Saturday night with Larry Jarrett.

Mr. and Mrs. A. E. Frizzell, Pat and David Frizzell were luncheon guests of Mr. and Mrs. Milton Frizzell and family Sunday. In the afternoon they all fished at Tulla Lake.

Mr. and Mrs. Lowell Jarrett and Larry were guests in the Lee Daventport home Sunday.

Nita Jo Readhimer spent Saturday night with Jackie Lou Frizzell.

Mr. and Mrs. Floyd W. Jackson and Betty spent Sunday with Mr. and Mrs. Buck Sams of Lockney.

Mr. and Mrs. Conrad Henderson enjoyed an outing of fishing Saturday night.

Ira Graves was treated a few days this week in the Lockney Hospital for a heart attack.

Mr. and Mrs. J. E. Rape visited in the Richard Gilbreath home Sunday afternoon.

Mr. and Mrs. Grant Barclay and family of Amarillo spent Sunday with Mr. and Mrs. Sol Barclay and children.

Mr. and Mrs. E. O. Barrett were luncheon guests in the W. D. Nance home Sunday.

Mamie Lou Nance of Amarillo spent the week-end with her parents Mr. and Mrs. W. D. Nance.

Clyde Farrish and L. M. Readhimer flew to Amarillo Sunday where L. M. visited with his mother awhile.

Visitors in the Tom Wells' home Sunday were Mr. and Mrs. Tom Ed Wells and family of Halfway and Mr. and Mrs. Hubert Griffith and girls.

Dinner guests of Glenda Ann Readhimer Sunday were Douglas Meriwether, Bill Sherman and Betty Sue Parish.

Mr. and Mrs. Howard Watkins and Sherry with Mrs. Bob Tiner visited in Plainview Sunday afternoon.

Mr. and Mrs. Joe Nance and Betty Ann visited in Plainview Sunday with Mr. and Mrs. Olin Grant and boys.

Mr. and Mrs. W. D. Nance and family with Mr. and Mrs. E. O. Bar-

rett visited in the Morris Nance home Sunday afternoon.

Mr. and Mrs. Tobe Blackburn and family of Wyoming are spending the week in the Ira Graves home.

Mr. and Mrs. Floyd W. Jackson and Betty visited Mr. and Mrs. L. L. Rhodes and Janie Sunday night.

Mrs. Rachel Ivey, our lunch room cook, has returned to her home in Floydada for the summer.

Wiley D. Nance Jr. and J. B. Barrett spent the week end in Amarillo. Lorett Peugh spent Monday night with Frances Nell Wells.

The Home Demonstration Club met with Mrs. Hubert Frizzell Tuesday afternoon.

Chester Griffith of Lubbock was a luncheon guest in the Harold Griffith home Tuesday.

Mr. and Mrs. Jack Frizzell will be in Tulsa Friday where they will attend the reburial services of her cousin Billy Bob Borchardt whose body was brought back from over seas. He was killed on Iwo Jima.

Truth Serum Being Used To Treat Mental Disorders

NEW YORK. — A new "truth serum" is being used to treat some cases of mental disorders. It is known as pervitin. Three Boston physicians report that it causes the patient to recall painful memories, intimate personal fancies and delusional ideas. Such information is needed, the physicians point out, for proper treatment.

Drs. Julius Levine, Max Rinkel and Milton Greenblatt, of the Boston Psychiatric Hospital, reported in the American Journal of Psychiatry that the drug had been administered to 75 patients.

The physicians said that when the effects of the drug wore off, the patients were less tense. They felt relaxed. Meanwhile, information about the patient had been learned.

Turnabout Marks Who Helps Whom With School Problems

BALTIMORE. — Not all fathers are saddled with the task of helping Junior with his homework. Sometimes it works both ways.

At the Veterans' Institute Donald Mussachio, Sr., and Donald Mussachio, Jr., are completing their educations together.

The younger Mussachio enrolled at the institute to complete his high school education, interrupted by World War II. His father's education also was interrupted during World War I.

Mussachio said his son's rapid progress gave him the idea of completing his own education.

Agent Tells How To Control Scale

Several persons have been to the County Agent's office requesting information as to what is wrong with their peach trees, said Robert H. Gibson, County Agent. Gibson upon investigation has found that numerous peach trees are infested with San Jose scale. In order to control this insect it is necessary to treat these trees with one pound of concentrated dry lime sulphur to five gallons of water. Put the lime sulphur in the water and stir thoroughly then apply

the mixture to the trunk of the tree with a spray brush. This solution contacts the scale and causes it to fall off. If it is reapplied with the insecticidal solution on hands will burn.

Mr. and Mrs. Gibson last week in Tomball had a check up at Clinic.

Care Of Lawns Is
Discussed By Hatfield

COLLEGE STATION—It takes
mowing, watering and fertilizing to
keep a yard looking its best.

That's the word from Sadie Hat-
field, extension landscape gardening
specialist of Texas A. & M. College.
Regular mowing with a sharp, prop-
erly adjusted mower keeps your
lawn looking neat and helps the grass
grow and spread.

How high the grass is mowed de-
pends on what grass you have. Ber-
muda, St. Augustine or centipede
grass can be mowed closely if the
yard is well fertilized. The fescues
and bluegrass should be mowed at
one and a half inches or higher, Miss
Hatfield says.

Now about watering the lawn. If
you have the water supply to do this
during the hot, dry weather, it's best
to soak the ground thoroughly now
and then—just soak long enough to
keep the plants alive.

Here's a point to remember, too.
Light sprinkling every day just to
cool things off encourages shallow
root system and helps crabgrass more
than it does the better lawn grasses.

Further information on lawn
grasses and fertilizing the yard can
be obtained from the local county
agent.

Nice green lush lawns in the sum-
mertime means taking care of your
yard the year round, Miss Hatfield
concludes.

Didactic poetry is instructive or
moral poetry.

Wayland's Radio
Station To Be On
Air In 3 Months

A new FM radio station is expected
to put Wayland College on the air
within three months. President J. W.
Marshall of Wayland said.

Plans for installation were com-
pleted during a visit here by Dr. R.
Alton Reed of Dallas, director of public
relations and radio for the Baptist
General Convention of Texas. He will
supervise the purchase and installa-
tion of the equipment.

Granting of a permit to set up the
station by the Communications Com-
mission had previously been reported
from Washington.

The station is a gift of Mrs. Iva M.
Lambert of Dallas in memory of her
son, H. B. Lambert, who was killed
during World War II. His initials will
be used in the new station's call let-
ters, KHBL.

Professor Farno Green of the Way-
land physics department will have
general oversight of the equipment.
George Stokes, head of the speech de-
partment, is to be in charge of the
program. Some of the presentations
will be under the direction of Mrs.
Lake Pylant, head of a newly estab-
lished department of Christian Re-
creation.

J. L. Harden, Wayland business
manager, said that the tower will be
erected atop the administration build-
ing. There will be microphones in the
college chapel and in the Little
Theatre being constructed in the ad-
ministration building basement.

In addition, a sound-proof studio
will be constructed for studio presen-
tations.

Children's "Listening
Diet" Should Balance

AUSTIN, Texas—A few "shoot-em-
up" radio programs aren't going to
hurt Junior, but his listening diet
should be balanced with other pro-
grams, a University of Texas radio
and drama instructor advises mothers.

David Mackey, a father himself,
bases his advice on research into
children's listening habits.

"The fast action and melodrama
appeal to the active, imaginative
child," he explains but adds that par-
ents have a responsibility to balance
their children's radio listening in the
same way the food diet is balanced.

He also reminds that children listen
to many of the same programs as
their parents, and, therefore, should
be kept in mind when parents tune
in a radio program.

Dairymen Alarmed
Over DDT Warning

COLLEGE STATION—Texas dairy-
men seem to be overalarmed about
the recent reports on the use of DDT,
says James A. Deer, assistant ex-
tension entomologist of Texas A. &
M. College.

So, let's get straightened out on
the DDT situation right now.

Nobody has died from effects of
DDT in milk. In fact, there aren't
even any recorded cases of sickness
caused by milk produced from DDT-
sprayed dairy cows. When cows are
sprayed—or when DDT is used to
spray dairy barns—small quantities
can sometimes be detected in the milk
supply. It hasn't hurt anybody so far,
but the food specialists feel that
such an important food item as milk
should be free of any trace of this
material. So the recommendation

against the use of DDT is merely a
precautionary measure, says Deer.

That's why methoxychlor or pyre-
thrum insecticides have been recom-
mended in place of the DDT for in-
sect control both on the cattle and in
the dairy barns as well.

And the warning about feeding
DDT sprayed forage to dairy cattle
or animals being finished for slaugh-
ter still holds. It isn't a good practice
says Deer, since traces of the insecti-
cides may show up in the finished
product.

Don't give up the DDT altogether
though, the entomologist continues.
It's still recommended for livestock
other than dairy animals and many
crop pests as well.

If there's still any doubt about what
insecticide to use, see your county
agent, advises Deer.

People of Indiana are called Hoos-
iers.

McIntosh Associated With Wilson Kimble

Dr. O. R. McIntosh received notice from the State Board of Examiners in Optometry that he had passed the required tests in an examination taken a month ago, and that he is now licensed to practice optometry in this state.

Dr. McIntosh returned home in February from Chicago where he had been in an optometric college since shortly after the close of the war.

Prior to his war service he was associated as an employee in the Wilson Kimble Optometric Clinic. He will now be associated as a practitioner with the clinic. It was announced this week.

MANNERS NOT INDICATED HERE—JUST ACTION These little girls are eating rice, and after their period of starvation, manners don't mean very much. The idea is just "get it down." They are innocent victims of war between Indonesian republic and the Dutch government and are being fed in a Dutch refugee camp. The Dutch established such camps as a part of a campaign to "restore order" in the ...

Landscaping Of Farm Homes By 4-H'ers Steadily Increases

The annual number of Texas boys and girls enrolled in the National 4-H Home Grounds Beautification program has steadily increased, and the 1949 figure is expected to follow suit, according to the National Committee on Boys and Girls Club Work. On a national scale, enrollment has more than doubled in the last five years.

4-H Club members start out by mapping the farmstead grounds and making plans for improvement. They learn to use flowers, plants, shrubs, trees and grasses in landscaping. Sometimes dad and mother lend a hand in the job, and share the satisfaction of turning the farm home into a beauty spot. "Before" and "after" photos are taken to show results.

For the 12th consecutive year, Mrs. Charles R. Walgreen of Chicago is providing merit awards for 4-H'ers having the most outstanding records of accomplishment in the project. County winners will receive a gold-filled medal of honor, and the state winner a 17-jewel gold watch. Judged on a national basis, eight state winners will be selected to go to the National 4-H Club Congress next fall, all expenses paid.

Texas named 22 county medal winners in the 1948 program. The Cooperative Extension Service supervises the activity.

Polio Epidemic Still On The Increase

AUSTIN, TEXAS—During the first seventeen weeks of 1948 there were only 55 cases of poliomyelitis reported to the State Health Department, while in this same period for 1949, there have been 142 cases reported from different sections of the State, according to Dr. Geo. W. Cox, State Health Officer. Seven cases were reported in the past week, with three from one county.

"Poliomyelitis is one of the most dreaded of all diseases," Dr. Cox said, and justly so. It is more often a crippler than a killer, but in either case it takes a heavy toll among young Texas citizens, and is a health menace against which our children should be carefully guarded."

Immaculate cleanliness of person WATCH YOUR

and homes in any community hygiene program makes its appearance. Personal hygiene, clean communities, clean homes, and Dr. Cox advised of home screens and unremitting control, and the roaches. "Until it is well to guard against pests and eliminate conditions," Dr. Cox said, "we do not know with any certainty how the disease may be spread, and a breeding should not be tolerated."

FIVE POLIO PRECAUTIONS ARE LISTED FOR PARENTS

Warning that the 1949 polio season is "just around the corner," the National Foundation for Infantile Paralysis today issued a list of precautionary measures to be observed by those in charge of children during the epidemic danger period which usually runs from May through October, reaching its peak during the hot, mid-summer months.

- 1. Avoid crowds and places where close contact with other persons is likely.
2. Avoid over-fatigue caused by too active play or exercise, or irregular hours.
3. Avoid swimming in polluted water. Use only beaches or public pools declared safe by local health authorities.
4. Avoid sudden chilling. Remove wet shoes and clothing at once and keep extra blankets and heavier clothing handy for sudden weather changes.
5. Observe the golden rule of personal cleanliness. Keep food

tightly covered and safe from flies or other insects. Garbage should be tightly covered and, if other disposal facilities are lacking, it should be buried or burned.

The National Foundation also listed the following symptoms of infantile paralysis: headache, nausea or upset stomach, muscle soreness or stiffness, and unexplained fever. Should polio strike in your family, call a doctor immediately. Early diagnosis and prompt treatment by qualified medical personnel often prevent serious crippling, the National Foundation pointed out.

The organization emphasized that fear and anxiety should be held to a minimum. A calm, confident attitude is conducive to health and recovery. Parents, it said, should remember that of all those stricken, 50 per cent or more recover completely, while another 25 per cent are left with only slight after effects.

If polio is actually diagnosed, contact the chapter of the National Foundation for Infantile Paralysis serving your community. The chapter will pay that part of the cost of care and treatment which patient or family cannot meet.

President Truman intends to stick by his cut in our military budget.

Now knees are strictly covered. Whereas civilian women measure the length of their hems from the floor, Wacs are having to compute theirs from the knee down.

The boss Wac, Col. Mary Hallaren, Lowell, Mass., has decreed hems 2 1/2 inches below the knee.

There is hardly a Wac officer or enlisted woman who does not have a skirt with a faced hem or one let down at the waist.

Uniforms are issued to enlisted Wacs. Officers buy theirs. Officers could go out and have a skirt tailored a fashionable 10 inches from the floor except for one reason: the military frowns on a lack of uniformity.

But the postwar woman soldier has won one victory. Several years ago when civilian women and U.S.O. girls could look glamorous in page-boy bobs and shoulder-length hairdos, Wacs had to keep their hair "well above the collar."

"But no one is able to describe just what 'well above the collar' means," said Colonel Hallaren. The new regulation is that coiffures must be neat and appropriate to tailored uniforms.
