

THE LOCKNEY BEACON

SERVING THE RICH IRRIGATED SECTION OF FLOYD COUNTY

VOLUME 48

LOCKNEY, FLOYD COUNTY, TEXAS FRIDAY, SEPTEMBER 23, 1949

NUMBER 3

Polio Fund Passes \$1500.00 Mark

Chairman F. L. Brown of Lockney has asked that all Lockney workers and the various community chairmen complete their drives and turn their money in to him as soon as possible.

Floyd County's polio emergency drive passed the \$1500.00 mark this week and continued upward. A report from F. L. Brown, chairman, showed that only \$448.65 had been turned in here from Lockney and all of the communities in the north part of the county. Much of Lockney has not been worked here as yet, Mr. Brown said, and only three communities have reported.

Lone Star with \$83.00, Irick with \$82.00 and the area north of town, solicited by Leslie Ferguson, with \$57.50, were the only communities reporting so far. The report is better, with the following contributions reported:

- Floydada \$705.59.
- Theatre \$52.36.
- Schools \$43.37.
- Allmon \$36.00.
- Baker \$26.00.
- Barwise \$46.25.
- Center \$13.00.
- Dougherty (incomplete) \$2.00.
- Fairview \$31.51.
- Harmony \$27.50.
- Lakeview \$15.00.
- Starkey \$20.00.
- Miscellaneous \$93.16.

The total for the county was \$1560.38. No goal has been set but much more than this amount will be needed to take care of the county's polio patients if the future needs match those of the past, it was pointed out.

Negro Is Given Life For Slaying

SILVERTON. — A 110th jury Monday afternoon, after slightly more than an hour's deliberation, adjudged George Holland, a negro, guilty of murder with malice in the Aug. 2, 1947, slaying at Ralls of Crosby Sheriff J. J. Pierce, and recommended a punishment of life imprisonment.

The defendant accepted the verdict, which was signed by W. Coffee, jr., as foreman, and was sentenced by District Judge Alton B. Chapman.

Holland was convicted in a former trial of the cast, in the 72nd district court of Lubbock county, and a recommendation of death was made by the jury. The Court of Criminal Appeals reversed the judgment and remanded the case for a new trial.

Venue recently was changed to the court of Judge Alton Chapman upon motions of Judge Dan Blair of the 72nd district.

The court of criminal appeals held that Holland had been deprived of his right to file his bills of exception.

In today's trial, just as in that at Lubbock the defense did not offer any evidence. It had sworn witnesses, but did not call them. No motions were filed, newsmen were informed.

The state was represented by 110th District Attorney John Stapleton, Crosby County Attorney Lloyd Wicks, jr., 72nd District Attorney Lloyd Croslin and assistant District Attorney E. G. Pharr.

J. H. Cooper Wins Feed Name Contest

J. H. Cooper of Lockney is \$25,000 richer this week because he suggested the best name for a feed which will be manufactured here by Baxter & Smith Grain Company. The name selected was "Loc-TEX."

A number of other very similar names were suggested, Mr. Baxter said, but the judges selected this one as being most suitable for a feed name. Judges were County Agent Robert Gibson and Edgar R. Hays.

Mrs. Marshall Funeral Sunday

Funeral services for Mrs. E. L. Marshall were held Sunday, September 18th, at the West Side Church of Christ at 3:00 p. m. Mr. Kline Nall, Church of Christ minister of Lubbock conducted the services. Mrs. Marshall died at Lockney hospital Saturday at 7:45 a. m. after a long illness.

Mrs. Marshall was born Seana Jane Burton on May 19, 1880 in Kentucky. She was the daughter of Mr. and Mrs. R. N. Burton. She moved to Texas with her parents at an early age settling at El Paso. She was married to H. S. Kensworthy and to this union was born one daughter, Grace, who makes her home in Lockney. The deceased was married in 1914 to E. L. Marshall at El Paso, later moving to Fort Worth. They moved to Lockney 30 years ago and established what was then known as The Cozy Cafe.

For a number of years Mrs. Marshall had been pursuing her gifted talent as a seamstress in Lockney as well as in Fort Worth in years previous. She was a member of the West Side Church of Christ.

Mrs. Marshall is survived by her daughter, Grace who made her home with her mother. A number of sisters and brothers also survive. They are Mrs. Oliver Hadley, Indianapolis, Ind., Mrs. Rose Lee Curry, Cincinnati, Ohio; Mrs. Fannie Parker, Campbellville, Kentucky; Mrs. J. F. Renfro, Columbia, Kentucky; D. T. Burton, Louisville, Kentucky; W. I. Burton, Vester, Kentucky. She is also survived by a member of nephews and nieces.

Pall bearers were H. D. Griffith, Harold Marler, Kenneth Griffith, Harold Griffith, T. V. Copeland and Herbert Griffith.

Those attending from out-of-town included Mrs. H. F. Champion, Amarillo, Marshall Davis, Amarillo, Mr. and Mrs. Harold Marler of Tulla, Mr. and Mrs. Kline Nall, Lubbock, Herbert Griffith, Lubbock and Mr. and Mrs. Orville Marler of Floydada. Interment was in the Lockney Cemetery.

I. R. Grundy Dies At Floydada

Funeral services were held Saturday at Floydada for I. R. Grundy, 64, who died early Wednesday morning of last week at Cortez, Colo., of a heart condition.

Grundy had lived in Floydada since 1931 as a grain trucking business owner. He had been in ill health for about two years.

Funeral services were held Saturday at 3 p. m. in the First Methodist church, with the pastor, Rev. R. Huckabee, officiating. Grundy was born in Bernall, Ky., in 1884 and spent the early part of his life in that state before coming to the Panhandle area in 1901. He was a member of the Presbyterian church and Masonic lodge.

Survivors include his wife, Louise Grundy of Floydada; two sons, J. B. Grundy and Billie Grundy of Floydada; two daughters, Mrs. L. F. Martin of Floydada and Mrs. R. L. Read of Sils-dada and Mrs. R. L. Read of Sils-dada and Mrs. R. L. Read of Sils-dada; two brothers, Jess Grundy of Quitaque and Luther Grundy of Albuquerque; two sisters, Mrs. Henry Baker of Childress and Mrs. W. T. Kittenger of Austin; and six grandchildren.

Let Contract On School Road

Contract was let Monday by the Floyd County Commissioners Court to Cooper & Woodruff for paving 4 of a mile from Highway 207 at South Plains to the South Plains school building.

The Court also signed last week contracts with the State Highway Commission for the paving of the road south from Lockney to the Pleasant Valley schoolhouse, two miles west and thence south to Sandhill. Included also in the contract were roads from Sandhill to Barwise and a road south from Dougherty to the Crosby county line.

Since the funds for these roads will come from the Gilmer-Aiken bill, county officials had no idea when the roads would be paved, it was said.

The Court expects to let a contract soon on hard surfacing a road from Highway 70 south to Baker schoolhouse, a distance of six or seven miles. The state is not participating in this road and it is a county project altogether, officials said.

Thieves Raid Five Houses Sunday

Thieves, apparently in a drunk state, raided at least five houses in this vicinity Sunday night during church hours, getting away with \$60.00 in money from one place and a No. 300 Savage rifle at another.

The \$60 in money was taken from the Dow Colson home, about six miles southwest of Lockney. They also stole some gas from a barrel at the Colson home, took some food from the refrigerator and messed up the house generally, it was reported.

They also entered the Joe Pinner home, four miles northeast of Lockney, where they took the rifle, a pair of boots and trousers, and possibly other things. They left some money scattered on the floor at the Pinner home.

At the Johns Casey home seven miles northeast of town they stole a cake and some peaches and a part of a box of cigars.

They also broke into the Schaffner home, just north of the Pinner place, where they stole six pints of peaches.

A vacant house in the same vicinity was also entered by kicking out a window, officers said.

Investigations are being made but no definite clew had been found Thursday.

Cooking School Here Tuesday

A free cooking school and frozen food demonstration, similar to the one held last March, is scheduled to be held next Tuesday with Pennington Motor Company of Lockney the sponsor. The school will demonstrate the qualities of the Maytag line of appliances.

Teaching the school and presenting the demonstrations will be Miss Pearl Hughey, a food consultant of the Maytag Research Laboratories. She will serve many delightful new dishes to those present.

The place of the school is the American Legion hall in Lockney and the time is 2 to 4 p. m. Everyone is invited to be present.

Prizes are being offered to those attending and these have been announced as follows:

First prize, \$75.00 on the purchase of a new Maytag Dutch oven gas range.

Second prize, \$50.00 on the purchase of a new Maytag Home Freezer.

Third prize, \$25.00 on the purchase of a new Maytag washer or ironer.

Free souvenirs will also be given to the ladies present.

Farmers Reach No Decision In Meeting Here Monday Night

Farmers in a meeting here Monday night to discuss the price for pulling cotton reached no decision. The majority opinion was that it is still too early to decide upon a fair price for the pulling.

It was brought out that the prevailing price in counties south of here where the cotton is already being harvested is \$1.50 in the field and \$1.75 at the gin.

The group decided to hold still another meeting later on when harvest is near.

Co. Road Meeting Thursday Night At Floydada

The second meeting of the Floyd County Rural Roads Association will be held next Thursday night at 8 o'clock at the high school auditorium in Floydada. The county organization will be completed at this meeting with a vice-president, secretary and board of 12 directors being selected.

Judge G. C. Tubbs is president of the county organization and G. N. Shirey is treasurer.

W. C. Foote of Petersburg, a director of the Texas Rural Roads Association, will address the group. Mr. Foote is well informed on the subject, Judge Tubbs said.

The purpose of the organization is to push through the legislature a bill taxing natural resources including natural gas, oil and sulphur. The proceeds will be used, if the bill is passed, to pave rural roads not now on the state program, and also to provide for soil conservation services and control of run-off water.

The county has set a goal of 1,000 members. Membership is \$1.00 and everyone in the county interested in rural roads is urged to be present at the meeting Thursday night.

Mart Defeats Lubbock A-J 2-0

In one of the best played softball games seen in this area this year, the Builders Mart softball team, made up of Floyd County boys, defeated the Lubbock Avalanche-Journal team here Tuesday night 2-0.

The game was for the benefit of the Lockney High School band and netted with the special papers sold a total of \$81.35 for the band.

The game was a pitchers duel all the way until the first of the sixth inning when Earl Cooper hit a homer with one on the base. Earl was catcher for the locals with Bobby Robertson of Floydada as the pitcher. Batteries for the Lubbock team were Jones and Ferguson.

The Mart team made three errors and got three hits while the A-J team made two errors and got four hits.

Lindell Bailey almost scored for the Lubbock team in the fourth on a hit to left field but left fielder "Red" Childers of Lockney cut him down with a fine throw to Catcher Earl Cooper.

Maurice Steen, second baseman, played a great defensive game, made two double plays by tagging the runner going to second and then throwing to first for the second out.

The line-up for the Mart team was: Cooper, catcher; Robertson, pitcher; Phil Steen, first base; Maurice Steen, second base; James Robertson, shortstop; Ralph Glover, third base; Leonard Findley, right field; G. B. Johnston, center field; "Red" Childers, left field.

The Lubbock team had defeated the Mart team at Floydada a few nights previously 1-0. The two teams may play off the series.

LONGHORNS OPEN DISTRICT 3-A PLAY AGAINST CROSBYTON HERE

Eight Injured Here Saturday In Collision

Eight people were injured last Saturday morning about nine o'clock when two cars collided head on. Highway 70 in South Lockney. Three negroes were hospitalized for treatment, but none were in a serious condition.

The accident happened when the car driven by Leslie Owens, a negro of Richmond, Calif., started around another car and met the Dodge driven by Pete Renfro of Cross Plains head on. Both cars were badly damaged. The negroes were driving a Ford. Renfro suffered a badly lacerated knee and other cuts and bruises. One of the negroes had a head wound and injuries about the knees. Others were cut and bruised. They were all treated at the Floyd County Co-operative Hospital.

The negroes, three cars of them were on their way to Mineral Springs, Arkansas, to attend the funeral of the mother of three of them.

Ground Breaking Sunday For New Lutheran Church

In a special service Sunday afternoon at 2:15 p. m. ground will be broken for the new \$35,000 building of the Trinity Lutheran Church of Providence, it was announced here by the pastor, Rev. Henry L. Anderson. The contract was awarded for the construction of the new building to W. B. Abbott of Lubbock. The building designed to seat 250 will also contain five classrooms, a kitchen, banquet room, nursery, and pastor's study. The building of brick veneer construction will be begun within the next three weeks. Members of the building committee who planned the building and who will be in charge of construction are: R. C. Matthews, Walter Sammann, Albert Kelm, Albert Scheele, Ben Quebe, L. B. Brandes, Wilford Stogner, and Ernest Sammann.

Crosbyton Defeats Tulla on Penetrations

Crosbyton took the lead in District 3-A play last Friday night by edging out Tulla 2-1 on penetrations. The game was scoreless. The game was played at Tulla and was a good defensive game, it was reported. The Chiefs also led in first downs 11-5. This is the only district game that has been played.

Crowell defeated Paducah 12-0 on a rain-soaked field. Ralls took a 20-0 win over Tahoka.

Abernathy downed Slaton 13-6, a team that Floydada had defeated the week previous 8-0.

Floydada defeated Post 13-6. Matador defeated Silvertown, a class B squad, 7-0.

Lockney eked out a win over Sudan 20-19.

The schedule this week, all district games, is as follows:

Crosbyton at Lockney

Tulla at Spur

Abernathy at Matador.

Floydada at Ralls.

Paducah open.

Eddie Jarrett Has Surgery At Dallas

Eddie Jarrett, son of Mr. and Mrs. Charley Jarrett of South Plains, who was seriously injured almost five weeks ago in a truck accident seven miles east of Lockney, underwent minor surgery on his skull at Baylor Hospital, Dallas, Monday. He has never regained consciousness since the accident.

It is expected that he will undergo more surgery the latter part of this week, relatives say. No change has been noted in his condition.

The Lockney Longhorns will probably be playing one of the toughest teams in the district tonight (Friday) when they play their first 1949 district 3-A game. They take on the Crosbyton Chiefs on the local field. Game time is 8:00 p. m.

Crosbyton is the only team in this district to have one district win under their belt. They defeated Tulla on penetrations last Friday night at Tulla. The game was scoreless. Penetrations were 2-1. The Chiefs also had an advantage in first downs 11-5.

With about seven starters back from their last years team, it is a known fact that the Chiefs have their eyes set on the district title. They have a big heavy team and a fast backfield. Coach Curtis Kelley has been trying to get his team ready for the battle this week and he said Wednesday that he thought they were ready. They have lots of hustle and pep and he is hoping they keep it until game time.

Considerable concern is being felt here about whether or not Delbert Shearer, big senior tackle, will be able to play for the Longhorns. Shearer cracked a bone in his right hand in the game with Sudan last week and it was still undecided Thursday whether he would be able to play. If Shearer is unable to play he will be replaced by Eddie Fortenberry, 155 pounder.

Coach Kelley said Wednesday that the blocking was weak and the tackling ragged in the Sudan game and he is expecting the boys to come back this week and do a much better job.

Officials will be J. R. Calahan, Cotton Neely and Elmer Tarbox.

Probably starting line up will be:

- Lockney Longhorns
- Po. Name Baxter, 160.
- LT—Bobby Baxter, 160.
- LT—W. L. Rowell, 265.
- LG—Tip Jeffcoat, 170.
- C—Barry Thompson, 178.

"Don't Shoot Birds On The Phone Line" Telephone Man Says

"Please don't shoot at birds on telephone lines," is the plea of J. A. Cornell, manager of Southwestern Bell Telephone Company, who says that each year thousands of telephone wires are broken by stray shots during the hunting season.

"Birds can fly away," Cornell said, "but telephone wires just have to sit there and take it. It's not that the hunters deliberately try to hit the wires, and I don't think sportsmen would shoot at a sitting bird on a wire, but I guess they just don't realize that a hasty shot, might cause serious damage to telephone lines and disrupt long distance service."

Explaining the yearly dilemma, Cornell pointed out that each hunting season money, man-hours, and telephone calls are lost through gunfire damage to telephone lines. "It would help a lot," he said, "if hunters would be very careful when they are in the vicinity of telephone lines. Even if a bullet or shot only nicks the wire, when cold weather comes the wire contracts and the added stress may cause it to break."

One solution advanced by the manager was that telephone engineers might try to develop a type of wire that would move when shot at. "In the meantime," he said, "all we can do is to ask hunters to be careful when shooting at birds near telephone wires."

Longhorns Take 20-19 Victory Over Sudan Friday

The Lockney Longhorns spotted the Sudan Hornets a 13-0 halftime lead and then eked out a 20-19 win over the visiting team on the local field last Friday night. The Hornets had the best of all the statistics but the score.

The locals played the first half listlessly and the Sudan team had little trouble running over them but Coach Kelley's charges came back after the halftime intermission and showed more life although they did not look like the same team that played Shamrock at any time in the ball game.

Statistics showed that in the first half Sudan made seven first downs to none for the Longhorns. In fact the Longhorns didn't have the ball but very little during the entire first half. Sudan gained 146 yards from scrimmage in the first half and lost 10 for a net of 136 yards. The Longhorns gained 14 yards and lost 5 for a net of nine yards.

The second half was a little different with Sudan making six first downs to the Longhorns five. However the locals outgained the Hornets in yardage the second half, making 125 yards from scrimmage and losing 6 for a net of 119, to a net of 101, for the Hornets.

Sudan attempted six passes during the game, completed one and had two intercepted. The Longhorns attempted three passes, and completed one. Sudan was penalized a total of 45 yards, and the Longhorns were penalized a total of 30 yards, one of the penalties costing the locals a score.

Two fumbles by Longhorn backs in the first half set up scores for the visitors. They were both covered by the Hornets deep in Lockney territory.

The Hornets scored twice in the first half and once in the fourth quarter while the Longhorns scored twice in the third quarter and once in the fourth.

A summary of the game follows: The Longhorns received and Tip Jeffcoat covered a bad kick by Sudan on the Lockney 49 1/2 yard line. Strickland made 2,

Ferguson four and Strickland one, and then Smart kicked to Sudan's 19 yard line where the Hornets made nine in two tries and then were penalized 5, made nine more for a first on the 32, lost 5 and then lost 1, attempted a pass which was incomplete. They kicked to the Lockney 41 where Smart fumbled the ball and Sudan recovered. The Hornets made a first down on the Longhorn 26 in three plays, then Sherrill, fast Sudan back, broke through and ran to the three yard line. Sudan was penalized five on the next play, made nothing and then broke through for the score. The try for point failed. Score 6-0, Sudan.

The Longhorns received again, taking the ball on their own 20. On the first play from scrimmage the ball was fumbled and Sudan recovered on the Lockney 17. Two plays made a first on the Longhorn four, then a fumble gave the Longhorns the ball on their own eight. They were penalized five yards and then kicked out to the Lockney 34, as the quarter ended.

Sudan made four, was penalized 15, attempted a pass which bounced around on the head of a Lockney player and was finally intercepted by Stanley Conner on the Lockney 20. The Longhorns made five, attempted a pass and then Smart kicked to the Sudan 21. The Hornets made 2, lost 4 and then passed 12 yards for a first down. They made successive first downs easily on their own 41, on the Longhorn 37, on the Longhorn 24, and then on the three yard line from which place they pushed the ball over for the score. The kick was good and the score stood 13-0, Sudan.

Mas Howard took the kick-off back to the Lockney 40, the Longhorns failed to gain and kicked to the Sudan 35 as the half ended.

The third quarter started off with a repetition of the first two, when the Hornets received, made 9 1/2 yards in two tries, but they were penalized five yards, attempted a pass and on a bad kick the Longhorns took over on the Sudan 37. A fumble lost three yards but the locals kept the

ball. Ferguson made six yards, Strickland broke through for a first on the 20, made four, lost three, Ferguson made 5 and then Strickland took off around tackle for a first on the two. Strickland shoved the ball over for the score and Ferguson made the point on a line buck for a score of 13-7, Sudan.

Sudan received on their own 35, made nothing, were penalized five yards, lost two and then on an attempted pass, Smart intercepted and returned to the Sudan 27. The Longhorns were penalized 15 yards on the play but kept the ball. The Longhorns made a first on the Sudan 38, and then little Ray Ferguson broke through the Sudan line, out ran the secondary and scored standing up for the longest run of the game. Ferguson also made the extra point for a score of 14-13, Lockney.

Sudan received and returned to their own 29 as the quarter ended. Sudan made nine and then eight for a first down on the Sudan 46. They made three, lost five, made five, and the Longhorns were penalized five yards.

Lacking only two yards for a first down the Hornets elected to run it on fourth down. They made one and the Longhorns took over on their own 45 yard line. Strickland made six and then a first down on the Sudan 23, three plays made five yards and then a pass Strickland to Crouch was good for a first down on the 11. Here Ferguson ran into the line, bounced off, brushed off two Sudan tacklers, outran another and scored again. The try for point was fumbled, the score 20-13, Lockney.

Just to show they could, the Hornets came right back, retruning the kick to their own 30, making first downs on their own 40, on Lockney 39, on Lockney 29, on the 15, and then a first on the three, aided by a 5 yard penalty on the Longhorns. They scored in two plays but the try for point was no good. It appeared to many that a Lockney player was off-sides on the try for point play, but officials said that the Sudan center had picked the ball up and held it momentarily before

throwing it back to the backfield. The play starts when the ball is moved. The score stood 20-19, Lockney.

Sudan received and returned to the Sudan 37 as the game ended.

Outstanding in the line for the Longhorns was Delbert Shearer, big senior tackle. Shearer, however, suffered a fractured bone in his right hand during the game and there is some doubt whether he will play or not in the next three or four games.

WHY THE MISSOURI PACIFIC RAILROAD STRIKE

Over twenty years ago, the Congress of the United States passed the Railway Labor Act. It was hailed by union leaders as a model for the settlement of labor disputes.

President Truman's Board Condemns Strike

There is an established legal method for handling disputes involving existing written contracts—just as there is such a method of settling any contract dispute which you may have in your daily life.

The President of the United States appointed a Fact Finding Board to investigate and adjust the Missouri Pacific dispute. This Board reported, in part, as follows:

... it is with a deep sense of regret that we are obliged to report the failure of our mission. It seems inconceivable to us that a coercive strike should occur on one of the nation's major transportation systems, with all of the losses and hardships that would follow, in view of the fact that the Railway Labor Act provides an orderly, efficient and complete remedy for the fair and just settlement of the matters in dispute. Grievances of the character here under discussion are so numerous and of such frequent occurrence on all railroads that the general adoption of the policy pursued by the organizations in this case would soon result in the complete nullification of the Railway Labor Act...

Obviously the railroads cannot be run

What are These Strikes About?

These strikes and strike threats are not about wage rates or hours. They result from disputes over the meaning of existing contracts. They cover claims for a full day's pay for less than a day's work, or for payments for services performed by others who were fully paid for the work done.

efficiently or economically if the unions ignore agreements.

Provisions of the Law are Disregarded

There are five ways under the Labor Act to settle disputes over contracts:

- 1—Decision by National Mediation Board.
- 2—Decision by System Arbitration Board for the specific railroad.
- 3—Decision by arbitration.
- 4—Decision by neutral referee.
- 5—Decision by courts.

The Missouri Pacific Railroad and is entirely willing to have disputes settled in accordance with requirements of the Railway Labor Act. Regardless of this fact, the unions have shut down that railroad.

Innocent Bystanders Losses and Hardships

There are about 5,000 engineers, conductors and trainmen on the Missouri Pacific. They are known as "railroad men" and are the most highly trained and skilled men in the country. Their strike action has resulted in the loss of 22,500 other employees of the Missouri Pacific. In addition, it has imposed great inconvenience upon the public and the country served by that railroad.

The Railway Labor Act was passed to protect the public against interruptions of commerce. If these men will not comply with the law for the settlement of their disputes, then all thinking Americans must question, "What is the next step?"

confidence should be honest, sincere and capable.

All of us are interested in the progress and welfare of our District and the State of Texas as a whole, and all of us want our fair share of those things for which our tax money is expended. These include educational assistance, police protection for our families and property, welfare assistance and State Highways and farm-to-market roads. All of these items and other state governmental help make our district a better place in which to live and to rear our families.

I would like to have the opportunity to represent the people of the 120th Representative District. If you can see your way clear to support me in this race for this office on November 8, I assure you that no one will appreciate it more than Harold M. LaFont, and no one will try harder to represent all of the people of this district than I will.

Methodist Notes

Sunday. We reached the goal. Hurray! But do you know that there were over 200 other Methodists who were not present. Were you one of the first people, or one of the second?

We appreciate the splendid crowd Sunday morning. Also the one Sunday night. Brother Boyd preached a fine sermon and the Quarterly Conference made the pastor's heart rejoice. Let us keep the good work going.

This Sunday, Sept. 25, will be Promotion Day. The children of the Sunday School will put on a program the last part of the Sunday School hour.

We had a good crowd at Plainview Friday for the "Advance for Christ" program. Those attending were Mrs. Olive Myers, Mr. and Mrs. C. L. Record, Mr. and Mrs. Troy Ray, Arthur Barker Jr., the Pastor and Mrs. Daniel. Come to Church Sunday.

Thoughts for the Week

"This day I will strive to hide myself behind Jesus, to let His beauty, His love, His courage, His selfishness be seen in me.

True religion is not a burden that weighs men down, but wings that lift men up.

If I have wounded any soul today.

If I have caused one foot to go astray.

If I have walked in my own willful way.

Dear Lord, forgive.

Newton Daniel, Pastor

In 1946 Texas ranked first in the number of horses and mules on farms and third in the number of mules on farms. Today about 65 percent of Texas' farms do not have a team on the place, and only about 200,000 horses were used in crop production in 1948.

Prune Trees And Shrubs Now

COLLEGE STATION — If you plan to cut back overgrown trees or shrubs, do it now or wait until winter. Large limbs removed late may lead to winter injury.

Sadie Hatfield, extension specialist in landscape gardening of Texas A. & M. College, says cutting back a plant during the growing season starts new growth and this new growth does not have time to harden before frost. Then the tree or shrub is killed back. Heavy frost often kills large shrubs or even trees.

Fertilizing and watering in late summer stimulates new growth, adds Hiss Hatfield, and this growth may also be damaged by cold weather if it does not have time to harden before the cold weather hits.

Badly injured plants may not die but they will look sick for a year or more. Blooms and fruit may be light on the injured plants next year.

Miss Hatfield says cut the limbs off smoothly. Don't leave stubs. A tree or shrub will heal quickly if the cut is smooth but a stub will not. That may take years and it leaves ugly lumps

along the trunk branches.

Investigate thoroughly anyone who represents himself as an expert and wants to trim your trees and shrubs in late summer or early fall. She says some plants can survive such rough treatment but all of them will not.

Dead limbs may be cut off at any time without risk. Injured or diseased limbs may need to come off even at a risk but, she cautions, always use a sharp pruning saw and if the wounds are covered with clear shellac, they'll heal faster.

Farming and ranching are still the basic industries in Texas, even though manufacturing and the production of oil play a major role in the State's economy. In 1946 Texas produced 760,505,000 barrels of oil. This was 44 percent of the total amount produced in the United States.

One of the simplest, surest and quickest ways to judge the quality of a canned product is to study the informative label attached to the product.

Soils stay cooler in the summer and warmer in the winter when they are protected by a cover crop.

Claude Workman Weds Illinois Lady

Miss Elizabeth Gilchrist, daughter of Mr. and Mrs. A. S. Gilchrist of Waterman, Ill., and Claude Workman, son of Mr. and Mrs. W. H. Workman of Lockney, were united in marriage at 7:30 o'clock Friday evening, in St. John's Chapel, First Presbyterian Church, Phoenix, Arizona, with Rev. Dr. Hunter Hall officiating.

The bride was smartly gowned in camel tan satin with black accessories and her flowers were tallismen roses. Her maid of honor, Miss Katherine Rockhill, chose a brown ensemble with yellow roses. William Rousseau was best man.

The bride's mother wore a blue ensemble with red carnation corsage.

Mrs. Workman is a graduate nurse from the Copley School of Nursing, Aurora, Ill. She was connected with the Philadelphia Memorial Hospital at Mooseheart, Ill., previous to moving to Phoenix.

Mr. Workman connected with the Mountain States Telephone Co. stationed at Phoenix. He is a graduate of Lockney High School with the class of 1938. He spent three years and four months in service with the U. S. Air Force during World War II. He was was

5-B Room Meets And Elects Officers

The 5-B room of Lockney grade school met and elected officers September 13. The officers are: LaJuan Henderson, president; Jerry Workman, vice president; Patsy Bybee, secretary-treasurer; Carolyn Cunningham, reporter. Room mothers were also elected. They are Mrs. A. L. Newton and Mrs. B. P. Henderson, who will serve for the first semester.

The class decided to meet every first and third Friday of each month for the class meeting. It was agreed that refreshments would be served at the next class meeting. The meeting was then adjourned.

CONTRIBUTIONS TO CEMETERY ASSOCIATION

The following contributions to the Lockney Cemetery Association have been announced by Mrs. L. M. Honea, secretary-treasurer:

Bert Bobbitt \$5.00, Oliver Savage \$10.00, R. C. Bennett, \$10.00, Don Griffith, \$10.00, T. J. Jarbee \$5.00, A. R. Meriwether \$10.00, Mrs. H. L. Puryear \$1.00, Oscar Golden \$10.00.

discharged in 1946.

After a short honeymoon trip to the Grand Canyon, the couple will make their home in Phoenix.

County Council Meets Saturday

The Floyd County Home Demonstration Council met Saturday September 17 in the club kitchen at Floydada. Mrs. C. L. King, chairman, presided at the meeting. All 16 clubs were represented at the meeting.

October 6 and 7 are the dates selected for the county home demonstration tour.

Mrs. King read a letter from "Save the Children" Federation.

Mrs. Herman King reported on education. Mrs. Lynn Miller gave a report from the year book committee. Miss Lella Petty asked the clubs to bring articles to help with the exhibits for the Lubbock fair. Mrs. W. C. Sims gave a report on marketing. Mrs. Shearer reported on 4-H rally day. Mrs. Raymond Teeple reported on the Texas Home Demonstration Association meeting.

"I Would Be True" was selected as the county song. Mrs. John Hoffman was the only woman in the county to receive a reading award for having read 25 books this year.

Mrs. Herman King reported on the need of equipment for the cannery at Lockney. The Council voted to send gifts of appreciation to Miss Woodruff and Miss Martha Lee Sanders. Special bus rates are made for groups going to the Dallas fair, it was reported.

The nominating committee to select officers for next year is Mrs. Don Finkner, Mrs. George Weast and Mrs. Charlie Boedeker. The South Plains club gave \$50 on Eddie Jarrett's hospital expenses. The Harmony Club is giving six turkeys valued at \$30 to the Girls Ranch. Homebuilders and Lakeview Clubs are to bring a share an idea next meeting.

Members present were Mrs. C. L. King, council chairman; Mrs. Lynn Miller, vice-chairman; Mrs. J. B. Smitherman, secretary; Mrs. Raymond Teeple, T. H. D. A. chairman; Mrs. C. A. Caffee, parliamentarian; Mrs. A. M. Dorsey, reporter; Mrs. P. I. Roberts, Mrs. Floyd Bradford, Baker; Mrs. Clyde Henderson, Center; Mrs. Ruth Daniels, Dougherty; Mrs. Lee Rushing, Friendship; Mrs. Don Finkner, Harmony; Mrs. D. T. Mayo, Mrs. O. G. Suter, Sterley; Mrs. W. C. Sims, Sunnyside; Mrs. Clem, a visitor, Miss Lella Petty, the home demonstration agent.

Jarretts Express Thanks For Help

We are deeply grateful to the people of Lockney and this vicinity for your kindness in giving of your money to help pay for the hospital treatment of Eddie Jarrett. We also appreciate very much the many other kindnesses and the sympathy you have shown us. May the Lord bless each and everyone of you.

The Charley Jarrett Family.

CARD OF THANKS

We are deeply grateful to everyone of our friends and neighbors for the many acts of kindness and the sympathy expressed to us at the death of our loved one. We especially appreciate the many flowers, the help in sitting up, and the kindness of the hospital staff.

Fair Exhibits Being Readied

By Robert Gibson

Frantic efforts are being made by Bob Crowell, secretary of the Floydada Chamber of Commerce, Emery Angus, Floyd Creamery, Bob Gibson, County Agent, Ed McLeroy, Ass't County Agent, Wanda DuBois, Secretary to County Agent and others to get the County Exhibit ready for the Lubbock and Amarillo Fairs.

Many persons have brought in exhibits to prepare for showing. Other exhibits are needed and anyone having outstanding products are requested to bring them to the County Agents office or the Chamber of Commerce Office by Friday or Saturday morning.

Things needed the most are fresh fruits, fresh vegetables, and corn. Outstanding kafir and hegar heads would be appreciated, also winter squash, cushaw and melons. We want Floyd County to be first again.

Several 4-H Club boys are preparing crop exhibits to be entered in the special Junior division.

Billy Terrell of Lockney will send two of his Southdown Lambs to the Dallas Fair.

Attention is called to every person interested to attend the Adult Feeder Short Course at Texas Tech, Friday 23. The meeting will begin at approximately 9:30 at the Aggie Auditorium. Everyone is invited to attend.

Cotton and grain sorghums was not materially damaged from the recent rains, however continued sunshine and dry weather is needed. The loss of leaves, in most cases, is due to maturity of the cotton plant and the cold rain. Very little cotton will be gathered in the next two weeks. Some grain sorghums will be harvested as soon as weather permits.

All of the railroads in Texas are cooperating with the State Fair of Texas in providing attractive round trip coach party fares to Dallas for all 4-H Club Boys and Girls, Extension Agents and 4-H Club leaders for 4-H Club Day, Saturday, October 15, stated Robert H. Gibson, Floyd County Agent.

These special rates are also available to anyone who wants to make the trip to the State Fair on 4-H Club Day.

These round trip tickets must be purchased in groups of at least 15 in order to obtain these rates. The rate from Plainview or Lubbock is \$15.41.

Gibson requests all persons in-

terested in attending the State Fair on the above date and wishing to obtain this special rate to contact him by October 6.

He answered and said, Whether he be a sinner or no, I know that: one thing I do know, that whereas I was blind, now I see.—in 9:25.

Congress recently made an appropriation of \$1,750,000 to fight grasshoppers. Sixty years ago, before Congress took any part in such things, the grasshoppers destroyed the crops to the extent that settlers had to give up and move to another part of the country. Old timers tell that when grasshoppers came they destroyed every spear of vegetation in their path. They ate the grass and the leaves of the trees and stripped the fields clean of corn. Their depredations continued until frost came. There was nothing man could do in those days to combat the grasshoppers.

It is difficult to enforce a law that provide adequate punishment for offenders when the public is not solidly back of the enforcement of the law and adequate punishment for the offenders. We read every day of tragic traffic accidents which kill or maim for life even to the point of incapacitating the injured person from earning a livelihood. If the offenders are ever brought to trial the court sentence is pitifully inadequate. At the present time the punishment of traffic offenders is nothing but a joke. We are not going to have same driving in this country until the people demand a more strict enforcement of a more strict law against violators of the traffic laws. As long as offenders can, through the influence of friends and other means, secure indefinitely inadequate sentences we are going to be plagued with a mounting traffic toll. It accomplishes little to bewail the crime record of car drivers when we fail to use the means that are in our hands, to cure for the most part, the evil.

It takes more than a good slogan to make a good town. The best spur to any town to get things done is a dozen good men with an interest of the town at heart who can and will work together at a project for the town's advancement until they get it done. When it comes to building a town and making it more prosperous and better, nothing can beat a combination of this kind.

Who was it promoted the idea that one could save time by using a telephone? The other day we were a chance listener to one end of a two party telephone conversation. One party was given the other some instructions about a simple plan regarding a coming social function. The project was a simple one and the instructions though elementary were repeated seven times before the party at the other end of the line got the idea.

Some one has discovered that of the last 4000 years only 200 have been without war in some part of the world. The world is and always has been either spending its money to fight a war, to prepare for a war, or to keep out of war.

Winter is just around the corner. As we grow older we look forward to winter with less and less enthusiasm.

MOSCOW PAPERS PLEASE NOTE

The American Bankers Association tells us that farmers' assets are the greatest on record. That means they have more cash, bigger bank deposits and heavier investments in bonds and property than at any time in farm history.

Things are not as bright as a year ago, however, for farmers' income is off somewhat more than 10 per cent and farm debt held by banks rose from \$2,300,000,000 on Jan. 1, 1948, to \$2,700,000,000 on the same date this year.

But the A. B. A. nevertheless considers the situation very healthy. Unquestionably this report is another cheerful chapter in the 1949 story of the U. S. economy, which started out on such a gloomy note but has recently changed to quite a pleasant refrain.—Wichita Falls Record News.

COTTON PICKERS NEEDED

Scurry County farmers are facing one of the worst situations in years relative to securing cotton pickers for the rapidly maturing 1949 cotton crop.

We need cotton pickers at once. Farmers have gone out of their way to provide facilities for this type of labor but migrants have become rather choosy about where they will work this fall. Our recent treaty with Old Mexico relative to harvest hands is the toughest yet given a "green light."

Texas, as a matter of fact, has been on the black list with the Mexican Nationals several times, and as an indirect result we are faced today with a delicate problem of pickers. The Mexicans, however, have been given a mighty good deal and should respond to the plea of the farmer for help by at least the latter part of September.

We cannot, on such a short notice, get enough mechanical pickers to harvest a crop of this year's volume. Farmers say we may have to draft idle persons in all our towns, or hire people to boil after supper, but in all events they need help immediately. —Scurry County Times.

Three Texas counties rank high among the leading counties in the United States in Jersey activities. Hopkins was fifth in number of registrations and seventh in the number of new buyers. Harris was fifth in number of transfers and Bexar ninth in number of registrations. Texas led all states in total registrations, transfers, new breeders and total number of cows on Register of Merit test.

QUOTES OF THE WEEK

"It would wreck baseball—knock it flat on its face!"—Clark Griffith, Washington "Senators," on proposal to unionize the game.

"American family life has descended to bar-room standards."—Mrs. D. Leigh Colvin, pres., W.C.T.U.

"I have the best wife in the world already!"—W. C. Patterson, Worcester, Mass., who spurned Sulu palace and harem of 18.

"How can industry produce when its machinery is clogged with 21,000 pages of don'ts?"—W. H. Cheanut, Sec. of Labor and Industry of Pennsylvania, on government price control.

"OPA in peacetime is nothing on earth but economic rattlesnake poison!"—Congressman Fred L. Crawford, Michigan.

"It takes 350 squirts to the gallon."—Allen Stigler, Paris, Ill., reporting on hand-milking his cows.

Fertilizer Pays Off For Happy Farmer

College Station.—The use of fertilizers paid off last year for Hubert Duke of Happy, Texas, says Swisher county agent, Calvin D. Holcomb.

Duke fertilized four different plots of wheat and in his report to Holcomb he said one plot was fertilized with 400 pounds of ammonium nitrate per acre and from the plot he harvested 48.2 bushels of wheat per acre. On another, he applied 100 pounds per acre of the same fertilizer and harvested 46 bushels per acre. On a third plot, he used 200 pounds of 16-20-0 fertilizer per acre and harvested 45.4 bushels per acre and on the fourth, he used 100 pounds of 16-29-0 per acre and harvested 44.2 bushels per acre and on the fourth, he used 100 pounds of 16-20-0 per acre and harvested 44.2 bushels per acre. From his check plot, he harvested only 28.2 bushels per acre.

The increased yields paid for the fertilizer and left Duke a very good increase in money income per acre from each of the four applications that he made, says Holcomb. The per acre yield increases ranged from 16 to 20 bushels per acre and a little simple arithmetic shows the money income per acre was increased approximately \$27.50 to \$35.00 per acre.

Joe Jennings In Race For Representative

Joe W. Jennings of Hale County has announced his candidacy for Representative of the 120th Texas Legislative District.

The office was recently left vacant by the resignation of Rep. I. B. Holt of Lamb County.

Gov. Allan Shivers has called a special election for November 8 to select a successor to Holt.

Jennings has been farming in Floyd and Hale counties for the past twenty years. He is a member of the Hale County Water Use and Conservation Association. In connection with his candidacy Jennings said:

"I am in full accord with the principles of the recent 'Water Bill' sponsored by the High Plains Association and passed by the 51st Legislature. I will support that law and any amendments that may be necessary to strengthen or clarify the law.

"I am a firm believer in Farm to Market roads and will support such construction within the financial ability of the State. I realize a solvent financial condition is necessary to the main-

tainance of constitutional democratic government and shall oppose deficit financing at all times.
"I pledge adequate support to all necessary government functions, but am opposed to waste and extravagance.
"I pledge my best efforts in the interests of the district. I have no ambition for any other or higher office. My sole ambition is to represent our district and I will devote to the work at hand.

Let Us Give Thanks!

Mrs. Bennie M. Rose

We are courteous to strangers and slight acquaintances. We always thank our friends and neighbors for every slight courtesy. We are careful to be polite to our parents, our children, and brothers and sisters.

"There is a friend that sticketh closer than a brother" the wise Man tells us. This One gives us so many things we take for granted. He gives us the water we drink, the food we eat, in fact, He is the giver of everything.

Not only does He generously give of things necessary to our physical well-being, but He has just as amply provided for the soul of man. He gives us His word, the privilege of prayer, a place of worship, and His Spirit to guide daily, and many other graces.

How long has it been, since in child-like, simple faith, we have looked up to Him and thanked Him for temper and spiritual blessings?

The Bible teaches us to praise Him. Let us look at Psalms one hundred seventeen:

"Oh praise the Lord all ye nations: praise him all ye people. For his merciful kindness is great toward us: and the truth of the Lord endureth forever. Praise ye the Lord."

Santa Fe Changes Train Schedules

Amarillo.—To provide improved performance on schedule, through chair car and sleeping cars between Lubbock and the South Plains and North Texas now leaves Lubbock at 7 p. m. instead of 9 p. m., H. C. Vincent, Santa Fe traffic manager, Amarillo, announced recently.

The new schedule will provide South Plains residents with one-carrier service over the Santa Fe by way of Brownwood, Dublin, and Stephenville, to Ft. Worth and Dallas.

The through car service now operates over the Texas and Pacific railway east of Sweetwater.

A more suitable business arrival time in Ft. Worth and Dallas results from the schedule adjustment, reaching Ft. Worth at 6:25 a. m. and Dallas at 8

Returning to West Texas, the through chair car and sleeping cars will leave Dallas at 8:15 p. m. and Ft. Worth at 9:20 p. m. on the Santa Fe, reaching Lubbock at 8:35 in the morning.

CLIMAX of the Thrill-a-Minute Grandstand Show at the 1949 State Fair of Texas, starting Oct. 8 in Dallas will be this sensational "ramp-jump" by motor maniacs of the Jole Chitwood Auto Daredevil troupe. At each performance Chitwood in one car does a sensational 85-foot leap through the air over a second car which swerves underneath.

Deen Announces For Representative

Tom W. Deen of Floydada has announced his candidacy for the post of representative, 120th district of Texas, subject to the special election on November 8th. His statement follows:

"After receiving a number of petitions, many letters and personal solicitations I have decided to make the race for State Representative.

"While in the Legislature I helped to kill a bill to put water conservation in the hands of a State Board. I am in accord with the principles of the recent "water bill" sponsored by the High Plains Association and passed by the 51st Legislature. As in the past I will continue to support the kind of legislation the people of the District want.

"As in the past I am for Farm Market roads and will support such construction with all the power I have.

"I have always been opposed to deficit spending. During the time I was State Representative, I with other conservatives and with the cooperation of the Governor, got the State out of the red and left a nice cash balance.

"If elected I will be the public servant of the people and will do everything in my power to make them a good hand. I will appreciate your support and influence."

It Pays To Plant Good Varieties Of Wheat

COLLEGE STATION — In a short time, grain drills will be a common sight throughout much of the Texas wheat belt. Acreage planted will of course depend on the size of wheat acreage allotments. The importance of planting only good quality varieties cannot be over stressed.

E. A. Miller, extension agronomist of the Texas A. & M. College System, advises wheat growers to plant only those varieties that have good baking qualities as well as good yielding ability. Since the new improved varieties are good yielders, there is no longer any need for planting varieties with poor baking quality which are trouble makers on the market, he adds.

Most of the flour goes into commercial bakeries and they demand flour with which they can make the kind of bread that consumers desire.

The recommended varieties in the main wheat area of Texas are Westar and Comanche for bakers flour. Wichita and Triumph are best for family trade flour. Also, excellent quality varieties are Tenmarq and Turkey, but they are not as good yielders as Westar and Comanche.

In central Texas, the Austin variety which is more rust resistant is well adapted, while in south Texas the new variety called Seabreeze has done well, especially for grazing. However, seed of the latter is still scarce, says Miller.

Texas formerly had a reputation for fine quality wheat which was in demand because it was nearly all of good baking varieties. Unfortunately, some varieties with poor baking quality, which were brought in from other states, have caused Texas to temporarily lose its good reputation for high quality wheat. This has resulted in some mills shipping in good quality wheat from the northern states to meet the keen competition and demand for good flour, says Miller.

The situation is now changing fast. Surveys made by the Texas-Oklahoma Wheat Improvement Association show that approximately one and a quarter million more acres in Texas were planted to good quality wheat varieties for harvest in 1949 than in 1947. Texas, as a whole, showed a 25.7 percent improvement in acreage of the better varieties.

This, according to Miller, is indeed a fine showing and should bring dividends to the wheat growers of Texas in regaining their reputation for good quality wheat.

Freezing Peaches

By Leila Petty,
Floyd County Home Demonstration Agent

Peaches that are to be frozen should be good quality and fully ripe. Peaches discolor easily and to prevent this, they may be treated with citric acid: Dissolve ¼ teaspoon citric acid in 1 quart of cool water. Leave fruit in solution only 15 to 20 minutes before packing in containers. A more satisfactory but also more expensive method to prevent discoloration is to add ascorbic acid (Vitamin C) to the syrup that is used to cover the peaches. This may be purchased in tablet form. 125 milligrams is used to each pint of fruit.

After fruit is packed in containers, cover immediately with syrup, and put covers on containers. A good container is as important as the food that is put in it.

Syrup has proved more satisfactory on peaches than dry sugar. The amount of sugar is de-

family. Two cups of sugar dissolved in 1 quart of water is usually satisfactory. Cover fruit with syrup, leaving head space to allow for freezing. Put in freezer locker immediately.

Pears and apples are frozen the same method as peaches.

Cantaloupes may be frozen satisfactorily. Peel and remove seeds. Cut into one inch cubes and make balls. Pack dry and freeze.

With a JOHN DEERE TWO-ROW COTTON HARVESTER

The easiest way to boost your cotton-growing profits is to use a John Deere No. 15 Two-Row Cotton Harvester. Based on 1947 labor cost, it saves \$30 or more per bale over hand pulling... does an excellent job in any crop that's suitable for mechanical stripping.

Handling two forty-inch rows at a time, the No. 15 does a clean, efficient once-over job of saving bolls. Its work is considered by many gin operators superior to cotton stripped by the average hand puller.

With the John Deere, you, too, can make short work of your harvest... get all your cotton to the gin before bad weather causes crop losses. For details, see us the next time you're in town.

See PAT STANSELL at Lockney Implement Company or Stansell & Collins Co. at Floydada before you trade for a COTTON HARVESTER. We can arrange most any terms you would desire.

Rose, evangelist will ask these questions: "Are you sowing flowers of righteousness or are you sowing thorns for the Master's crown?" The text will be "You will reap whatsoever you sow."

Oklahoma Lad Fights Paralysis

Weldon Percy, an Oklahoma farm youth, may walk again if the exercises through which he is going now continue to improve his condition as much as they have the past ten days. He is the son of Mr. and Mrs. Seth Percy of Lexington, Okla., and a nephew of Mrs. T. J. Jarboe and Mrs. D. D. Tate of Lockney. He was born on the Collis place 3 miles north of Lockney and attended school at Kress before the family moved to Oklahoma.

Weldon was paralyzed from the waist down in May, 1948 when he dived into the muddy South Canadian river and telescoped the fifth and sixth vertebrae. He thought the water was deep at the place he dived in and it turned out to be only 18 or 20 inches deep.

But he is taking exercises now at YMCA swimming pool in Oklahoma City and already he can move his toes and one leg whereas he could only move his head and arms before starting the exercises. The Red Cross sends an automobile to his home every day to bring him to the pool.

The exercises are supervised by Les Kilgore, YMCA swimming instructor, and he, too, has hopes that Weldon may walk again.

BROTHER DIES

Sid Pearson, 47 years of age, a former Levelland resident, died of a heart attack early Friday morning. He was a brother of Mrs. Melvin Griffith of Lockney. Pearson lived in Levelland for several years before moving about three years ago to Ballinger and then to Alexander, La. As an outstanding calf roper, Pearson had performed in rodeos all over West Texas. Mrs. Griffith was unable to attend the funeral services.
