

THE LOCKNEY BEACON

• SERVING THE RICH IRRIGATED SECTION OF FLOYD COUNTY •

VOLUME 48

LOCKNEY, FLOYD COUNTY, TEXAS FRIDAY, SEPTEMBER 30, 1949.

NUMBER 4

New Homemaking Teacher Employed

Mrs. Willie J. Younger is the new homemaking teacher at the Lockney High School. She assumed her duties Wednesday morning.

Mrs. Younger is from Brownwood. She is a graduate of West Texas State College and has had considerable experience in teaching.

She replaces Miss Bonnie Yarbrough, who resigned the position just prior to the opening of school. Mrs. Leslie Ferguson has been substitute teacher for the first few weeks of school.

Floyd Exhibits Win Second At Lubbock Fair

The Floyd County Agricultural exhibits placed second at the Panhandle South Plains Fair in Lubbock this year, said Robert H. Gibson, County Agent. Floyd County was beaten by Parmer County by four points.

The exhibits were carried to Lubbock by Emery Angus, Floyd Creamery, Assistant County Agent Edd McLeroy, Bob Crowell and Gibson.

The people of Floyd County are to be congratulated on the excellent crops they grow. The crops were in excellent condition and we lost first place by very minor defects that were overlooked in the preparation of the exhibits.

Gibson wishes to thank everyone in Floyd County for the fine cooperation he received in preparing the exhibit.

This same exhibit, with a few minor changes, will be carried to Amarillo for the Tri-State Fair.

Numerous Agricultural products were shown in the individual exhibits. These exhibits were shown in the name of the producers, and placed in the following order: first places were won on onions, apples, cashaw, alfalfa seed, bundle of oats, bundle of wheat, white corn, peanuts, bale alfalfa, bale sudan grass, and sunflowers; second places okra, peaches, apples, cashaw, bundle of wheat; third places peaches, lima beans, bundle cane, and red milo. Several entries were made in each of these exhibits and the names of the producers of the winning exhibits are not available at the present time, Gibson said.

Homecoming Set For October 28th

Supt. Sidney Reeves announced this week that the Second Annual Homecoming for students of Lockney High School would be held on Friday, October 28.

At this time the new high school stadium will be dedicated. Last year over 400 ex-students registered for the home coming event and a great crowd is expected this year. The Longhorns will play Floydada on that date.

Domino Party At Sandhill Oct. 5

The Sand Hill Farmers Union will sponsor a domino party Wednesday night, October 5, at 7:30. It was announced this week.

A charge of \$1.00 per couple will be made and the proceeds will be used to buy refreshments for the local meetings during the coming year.

Great deal of interest has been shown in the Junior work this year. About 30 children have completed the Farmers Union Study Course and will be eligible for a \$1,000.00 free life insurance Policy.

The public is invited to this party and there will be refreshments served.

Farmers Union, on a national basis is fighting for 100% parity it was said. Sand Hill Farmers Union Local No. 33 is the largest local in the state of Texas and is fighting for family type farmers on the land, officials stated.

LONGHORNS PLAY ABERNATHY IN SECOND DISTRICT 3-A GAME

The Lockney Longhorns, with one district win under their belt, will travel to Abernathy tonight to play the Abernathy Antelopes in their second district game.

With 10 starters from last year and two ends towering well over six feet, the Antelopes are gunning for the district title this year and Coach Curtis Kelley was viewing the game pessimistically this week. "We will definitely be the underdogs in this tilt," he said. "Abernathy has Snodgrass in the backfield, a boy who is a better runner than Skaggs of Shamrock which means that he will be plenty hard to stop. They have a big line and plenty of experience. We'll be lucky to win this one."

Abernathy dropped an early season tilt to Class B New Deal 6-7 but have since won over Slaton 13 to 6 and defeated Matador 26-7 last week.

The Longhorns are in good condition and will be ready for the game as near as Coaches Kelley and Metz LaFollette can get them, it was indicated. Delbert Shearer is still carrying his crippled hand around but will probably play as he did against Crosbyton last week.

"The boys were blocking and tackling hard last week," Kelley said "and if they do that this week we will have a good chance to win the game. If they don't we're sunk."

A large crowd of Lockney fans will make the trip to Abernathy to watch their favorites play.

Kelley will use the usual starting line up with Bobby Baxter and Charles Crouch at ends, Delbert Shearer and W. L. Rowell at tackles, Robert Huckabay and Tip Jeffcoat at guards, Barry Thompson at center, and C. B. Smart, DeJuan Strickland, Ray Ferguson and Stanley Conner or Mac Howard in the backfield. Kelley's starting line-up usually hinges on whether the Longhorns receive or kick.

"It appears," Mr. Quinn said, "that if we are to survive we must terminate the mail contract. During the month of August we lost \$3,000 and during the past 12 months we have lost \$29,500 in operating the service. We have hauled only 3.2 passengers per train during the past year. Last year our express business was approximately \$600 per month but now it has dwindled to \$200 per month or less than the salary of the express messenger. We will make application to discontinue the train within about 10 days."

Presumably the railroad will continue to operate a freight service on the line.

The Bi-County Council of Parent-Teacher organizations, consisting of local organizations in Hale and Floyd counties, met at Petersburg on Thursday night, September 22 and completed the organization procedure. Officers elected were:

O. J. Laas, Plainview, president; Mrs. Harmon Handley, Lockney, first vice-president; Mrs. W. C. O. Harris, Plainview, second vice-president; Mrs. Henry Barber, Floydada, third vice-president; Mrs. Peth McLaughlin, Petersburg, fourth vice-president; Mrs. Clement McDowell, Floydada, secretary; Mrs. M. G. Moreland, Petersburg, treasurer.

The annual county wide tour to homes of demonstrators of Home Demonstration Clubs will be held Thursday and Friday of next week, October 6 and 7, according to an announcement by Miss Leila Petty, Floyd County Home Demonstration Agent. This year's work has emphasized various phases of home improvement, and landscaping, living rooms and kitchens will be seen in the various homes visited.

The public is invited to visit these demonstrations. Each person should bring his own plate, cup and silver, as well as a covered dish for lunch.

The caravan will start from the Agricultural Building in Floydada each day at 10:00 a. m. The schedule for each day's itinerary is as follows:

Thursday, October 6
Mrs. M. J. McNeill, Center Home Demonstration Club; Mrs. A. M. Dorsey and Mrs. Weldon Smith, Pleasant Valley Club; Dorothy Holmes (4-H Club) Sand Hill.

Noon lunch at Providence club room.
Afternoon: Mrs. B. H. Quebe and Mrs. Charlie Boedeker, Providence Club, Mrs. Wesley Hay, Sterley Club.

Friday, October 7
Mrs. O. G. Glassmoyer, Dougherty Home Demonstration Club, in Floydada, Mrs. Raymond Evans and Mrs. J. P. Moss, Homebuilders Club, Mrs. G. H. Day, Starkey Club.

Noon lunch (place not decided)
Afternoon: Mrs. Clyde Bradford, Baker; Mrs. Joe Thurston, Lakeview; Mrs. Tate Jones, Dougherty; Mrs. A. H. Kreis.

The schedule may be changed by omission or additions.

Giuseppe de Verdi composed 27 operas.

Advance Ticket Sale Planned By School

An advance sale of tickets for the remaining football games on the home field is planned by the Lockney High School athletic department, Supt. Sidney Reeves said this week. The sale is planned in order to help relieve the congestion at the gates of the field just preceding the game.

The remaining home games of this season are with Spur, Ralls and Floydada.

Supt. Reeves urgently requests that local patrons buy their tickets in advance so that the gate keepers will not be overwhelmed by those seeking entrance.

QA&P Ask Permit To Stop Service

Quinn Baker, vice-president and general manager of Quana, Acme & Pacific railroad announced last week that his company would ask the Railroad Commission for permission to discontinue the mail, passenger and express haul on the line between Quana and Floydada.

The announcement was made at a Matador Lion's Club breakfast in Matador on Monday of last week.

"If we are to survive we must terminate the mail contract. During the month of August we lost \$3,000 and during the past 12 months we have lost \$29,500 in operating the service. We have hauled only 3.2 passengers per train during the past year. Last year our express business was approximately \$600 per month but now it has dwindled to \$200 per month or less than the salary of the express messenger. We will make application to discontinue the train within about 10 days."

Presumably the railroad will continue to operate a freight service on the line.

Thornhill's Mother Dies In Car Crash

Mrs. Elige White, mother of H. W. Thornhill of Lockney, died at 7:30 Saturday evening as a result of injuries received about 4 p. m. the same day in a car collision near Calistoga, Calif.

Mr. White was hurt badly and is in a hospital in California. The accident happened when Mr. White drove his car onto a highway and the motor stalled, information received here revealed. Another car came over a rise in the road and was unable to miss the White car.

Mr. Thornhill, an employee of Southwestern Public Service Co., left Lockney Wednesday morning to attend the services set for this (Friday) morning at 9:00 at the Philadelphia (Louisiana) Methodist Church. The body lay in state at Alexandria, La., until time for the burial.

Dr. and Mrs. T. T. Christian of Waco are here visiting in the C. L. Anderson home. Mr. Christian is a brother to Jim Christian, a former cow puncher on the old J A Ranch.

Court Approves Final Draft Court House Plans

The Floyd County Commissioners Court Wednesday approved the final draft of plans for the remodeled courthouse and architects, Haynes & Kirby of Lubbock, were instructed to proceed with the plans and specifications immediately.

The final draft of the plans was the same as the original plans of adding 35 feet on each the north and south ends of the old building, but with some minor rearrangement of offices in the building.

Let Contract Today on Road
The Court expects to let the contract today on the hard-surfacing of the Baker road. This road is seven miles long, extending south from Highway 70 to Baker schoolhouse, one mile east and then three miles further south to Pleasant Hill. This is a county project altogether and the state highway commission is not participating. It will be built out of the county road bond issue which was voted last year.

The road will be built to the same specifications as other farm-to-market roads in this area.

Carmack Entries Win In New Mexico Fair

C. B. Carmack of Floydada showed his Sybil's Jest Beautiful to take Jersey grand champion and senior champion female's awards in a dairy cattle show at the New Mexico state fair in Albuquerque Wednesday.

Carmacks Simply Combination Baby was adjudged Jersey junior female champion.

First Bale Here Last Thursday

The first bale of 1949 cotton was ginned here Thursday of last week at the Lockney Gin.

The cotton was brought in by J. C. Thomas & Sons of Aiken who also took the first bale to the Aiken Gin, it was reported.

A premium of \$102.00 was given by local merchants for the bale and Leslie Floyd bought the cotton for 30c. The ginning was free.

The bale came in somewhat later than the first bale last year and all cotton in this area is late. However, the warm sunshine of the past few days has served to open cotton at a very fast pace, particularly in the dry land areas. A few farmers are looking for harvest hands now but it will probably be two or three weeks before hands are needed here in any quantity.

Oscar J. Ray, who farms the Austin Meriwether farm southwest of Lockney, produced Hale County's first bale on Sept 19. He had 1700 pounds of seed cotton which turned out 430 pounds of lint and 700 pounds of seed. A premium of \$128.00 was given him. Mr. Ray took his second bale to the Barwise gin, it being the first bale ginned there also.

Mr. Ray came to the plains from Erath county and farmed three years near Irick on the M. J. Wesley place moving the first of this year to the Meriwether place. He has 200 acres of Paymaster 54 which he believes will average a bale per acre.

Please Keep Dogs From Grade School

Principal O. B. Willbanks said this week that dogs coming to the grade school were becoming a menace to the children there and he is asking that owners of dogs see that they do not come to the school.

Recently a large number of dogs have been coming to the school and lying around. Several times children have narrowly missed being bitten. All dog owners are asked to see that their dogs do not come to school.

FARMERS MEET MONDAY NIGHT WILL DISCUSS LABOR AND PRICES

A meeting has been called for Monday night in the City Auditorium in Lockney of all farmers of this area. Purpose is to discuss the matter of securing outside labor for cotton harvesting, particularly Mexican Nationals and possibly negroes from East Texas. Also on the calendar for discussion is the price for pulling cotton. This has been discussed at previous meetings and those sponsoring the meeting believe they have enough information now on the price to arrive at a decision.

M. W. Wiley of the First National Bank and a number of local farmers have been investigating the matter of securing Mexican labor this week. The information they have on the matter will be released at the meeting.

The meeting will start at 7:30 and all farmers of the area are urged to attend.

Prices Set At Other Places
Meanwhile prices for pulling have apparently been set at other places in this area.

News dispatches from Hale Center stated that Hale County farmers had approved unanimously a recommendation that they pay \$1.50 per hundred in the field and \$1.75 at the gin.

A dispatch from Lubbock also set the price of farmers in that area at \$1.50 per hundred in the field and \$1.75 hauled to the gin.

Soil Supervisor Election At Lone Star October 4

The annual election to select a member of the board of supervisors of the Floyd County Soil Conservation District will be held in subdivision number one at Lone Star school October 4th at 7:15. This is a regular election to fill the vacancy created by the expiration of the term completed by Bert Bobbitt, who lives about three miles south of Lone Star. Mr. Bobbitt has served in this capacity since November of last year, having been elected to complete an unexpired term.

The board of supervisors has a great deal of responsibility and that responsibility can be shared by other landowners especially at the time of the election. The State Legislature has recently made an appropriation for conservation work which will be handled through the districts. The funds will be allotted to the various districts as seen fit by the State Board and the local board will distribute it according to present needs. This is the first time the State has appropriated funds to be used in this manner and it will be an opportunity to apply additional conservation practices to the land.

Subdivision number one includes the area between the Plainview highway leading from Floydada to the Hale County line and the Silverton highway from Floydada to the Briscoe County line. All landowners within this area, and their wives or husbands are entitled to vote.

The entire family is urged to come to the election party. A program that will be of interest to all is being planned. A movie, "In Common Causes", will be shown, giving some details of how soil conservation districts are formed and operated and how its program will increase crop production through soil and water conservation. The film, "Keep Your Eye on the Soil" will also be shown. It is a reminder of what happens to the soil when it is over worked and the reserve of plant foods is taken out faster than nature can replenish these valuable contents. This is especially true in the irrigated area. The picture will point out the benefits of crop rotation and planting soil building legumes. A comedy will also be shown.

Refreshments of coffee and doughnuts will be served by the Home Demonstration Club members from the school lunch room. All landowners are urged to come and vote. It is your privilege and duty as a taxpayer.

Visiting the Palo Duro Canyon State Park the past week were Mr. and Mrs. E. O. Barrett and Monty and Robert Barrett.

Garden Club's Flower Show Set For October 15th

October 15th is the date set for the flower show to be sponsored by the Lockney Garden Club. The show will be held in Mrs. Wanda Baker's building, first door north of Maier Food store.

Much interest was shown in last year's show and Garden Club members are very anxious to make this one even better. Everyone in the community is invited to take part in the exhibition by bringing any flowers they may have, pot plants or garden variety. Special exhibits will be made for children's arrangements as well as miniature exhibits. Rules for awards will be published next week.

The next meeting of the Garden club will be held October 7th in the home of Mrs. Jack Taylor. All members are urged to be present to help make further plans concerning the flower show.

Trash Recepticles On Business Streets

A number of tin trash receptacles have made their appearance on the sidewalks of Main Street this week. The receptacles were bought by the Lockney Rotary Club, the B&PW and the Lockney Business Men's Club and placed on the sidewalks to help keep the streets clean.

The receptacles have a swinging top and citizens are urged to place their trash in the can and help keep the streets clean.

Thursday Markets

Dehydrated in field, ton \$15.00

Cotton
Middling spot cotton, Dallas market 28.85

Protect Babies From Whooping Cough

Austin, Texas.—Now is the time to have your baby protected from whooping cough, says Dr. Geo. W. Cox, State Health Officer. The Texas State Department of Health recommends that vaccination against this disease be administered at three months of age with a booster dose of vaccine when the baby is two years old. There is many a child whose life could have been saved if he had been immunized in infancy, said Dr. Cox.

"Whooping cough", said Dr. Cox, "first masquerades as an ordinary cold, with running nose and yes, followed by a slight cough. These symptoms develop about 1 to 14 days after exposure. Then in about another week the cough develops into a series of continued attacks, in an effort to expel the troublesome mucous. An attempt to breathe during the choking spell produces the characteristic whoop-

ing sound. In mild cases it may be absent. The whooping stage lasts 4 to 6 weeks and may then take another two or three weeks to decline gradually.

"Here are some facts about whooping cough:

1. The disease starts like a common cold, 1 to 14 days after exposure. In about another week the cough develops and the whooping usually begins.

2. It is one of the communicable diseases children often catch at school. After a child has reached the age of five, fatalities occur less frequently. Children may carry this disease home to babies.

3. Most important of all is to see that infants are vaccinated against whooping cough, for most deaths occur among children less than one year of age.

4. Call your family physician at once if you suspect your child has whooping cough and follow his directions in detail."

Between Greece and Asia Minor lies the Aegean Sea.

Lone Star News

By Mrs. Harold Griffith

Mr. and Mrs. L. M. Readhimer spent Wednesday night in Amarillo as guests of Mr. and Mrs. Vert Readhimer. They all attended the baseball game between the Gold Sox and Albuquerque Dukes.

Mrs. Clyde Farish spent Wednesday and Thursday in Lubbock with her sister, Mrs. Clayton Terrell who is in Lubbock Memorial Hospital convalescing from an operation.

Nita Jo Readhimer spent Wednesday night with Mrs. Lowell Jarrett and Larry.

Mr. and Mrs. V. D. Harris spent Thursday afternoon in the Harold Griffith home.

Glenda Ann Readhimer spent Wednesday night with Betty Sue Farish.

Mr. and Mrs. Howard Watkins visited in Plainview Thursday with Mr. and Mrs. Luther Watkins.

Mr. and Mrs. Howard Mosley and Boys visited in the home of Mr. and Mrs. Rex Holt Tuesday night.

Chester Griffith of Lubbock was a luncheon guest in the Griffith home Wednesday.

Mrs. Floyd W. Jackson attended a bridge party Friday afternoon at the home of Mrs. Geo. Webster Jr.

Mrs. Clyde Farish was in Amarillo Friday.

Mrs. G. C. Tiner carried her pupils of the intermediate room to Canyon Friday on a sight-seeing tour and picnic.

Visitors in the Tom Wells home Friday were G. W. Dalton and Mrs. Silman James of Plainview and Joe Byrd of Mississippi.

Mrs. Lowell Jarrett with Mrs. Bobby Jarrett spent the weekend in Dallas with their husbands and Mr. and Mrs. Charlie Jarrett who are at the bedside of their son and brother, Eddie Jarrett. Others going were Mr. and Mrs. Art Willis of South Plains.

Mrs. Howard Watkins visited Mrs. Jack Frizzell Friday afternoon.

Mr. and Mrs. D. J. Phillips and children attended Providence reunion at the Plainview park Saturday night.

Larry Jarrett spent Friday night with David Frizzell.

Those from this community attending the ball game in Canyon Saturday night between McMurry College and W. T. S. were Clyde and Bobby Baxter, Harold and Harold Dean Griffith and Chester Griffith.

Mr. and Mrs. L. M. Readhimer and Jo with Barbara Foster visited in the Reed Lawson home Sunday afternoon.

Mrs. Rachel Ivy spent the weekend in Floydada with her mother, Mrs. Surginer.

Mr. and Mrs. Tom Wells and Nell attended a McWilliams reunion in Plainview Sunday at the park. Among others attending were Mr. and Mrs. Hubert Griffith and children, Mr. and Mrs. Tom Ed Wells and family of Halfway, Mr. and Mrs. Silman James and children, Mr. and Mrs. W. D. Nance and Mike, Mr. and Mrs. J. B. Nance and Betty Ann, Mr. and Mrs. Conrad Henderson and son, Mr. and Mrs. Morris Nance.

Visitors in the home of Rev. and Mrs. G. C. Tiner Sunday were Mr. and Mrs. Marcus Latham and family of Lubbock and Mr. and Mrs. Bob Tiner and Gary Don.

Mrs. Bob Tiner and son were recent visitors in the home of her parents, Mr. and Mrs. C. E. Smith of Roaring Springs.

Wilma Foster has returned from visiting relatives in California.

Barbara Foster spent Sunday with Nita Jo Readhimer.

Larry Jarrett spent the weekend with his grandparents, Mr. and Mrs. Lee Davenport and Roy Lynn of Silverton.

Luncheon guests in the A. E. Frizzell home Sunday Mrs. Geo. Long of Silverton and Mr. and Mrs. Jack Frizzell and children. Callers in the afternoon were Mr. and Mrs. Ernest Lee Thomas

and family of McCoy and Mr. and Mrs. Rae Thornton.

Mr. and Mrs. Grant Barclay and family of Amarillo spent Sunday with Mr. and Mrs. Sol Barclay and family.

Betty Sue Farish spent the weekend with Glenda Ann Readhimer.

Wiley D. Nance Jr. has returned from a sight-seeing trip to California.

Mrs. Clyde Farish was in Lubbock Sunday to see her sister, Mrs. Clayton Terrell at the Lubbock Memorial Hospital.

Mr. and Mrs. Bailey Henderson and family were in Plainview Sunday visiting in the home of Mr. and Mrs. Sidney Rogers and family.

Visitors in the J. E. Stover home Saturday night and Sunday were Mr. and Mrs. Ray Vest and Mrs. G. C. Richards of Petersburg. Dinner guest Sunday was Arlie Shreves.

Mr. and Mrs. Howard Mosley and sons were weekend visitors in Westover at the home of Mrs. Mosley's mother, Mrs. Teeley Hill.

Mr. and Mrs. F. W. Jackson and Betty spent Sunday with Mrs. J. W. Jackson of Lockney.

Visitors in the J. B. Nance home Sunday afternoon were Mrs. Grant Barclay and Mrs. Sol Barclay.

Mrs. E. H. White is spending this week with her daughter, and family, Mr. and Mrs. J. E. Stover and Jim.

Visitors in the J. B. Nance home Sunday were Mr. and Mrs. J. A. Noland of Hereford and Morris Nance.

Mr. and Mrs. L. M. Readhimer and Nita Jo visited in the Jack Frizzell home Sunday night.

Mrs. Lowell Jarrett spent Sunday night with her parents, Mr. and Mrs. Lee Davenport of Silverton.

Mayme Lou Nance of Amarillo

spent the weekend with her parents, Mr. and Mrs. W. D. Nance and sons.

Mr. and Mrs. Chester Griffith and Linda of Lubbock are visiting this week in the Harold Griffith home.

Mr. and Mrs. Bascom Baxter and girls visited Mr. and Mrs. D. J. Phillips and family Sunday afternoon.

Mr. and Mrs. Howard Watkins and Sharon visited in Plainview with Mr. and Mrs. Luther Watkins and Martha Sunday night. Clyde Farish visited in the Earl Edwards home of Lakeview Sunday.

Dinner guests in the Morris Nance home Sunday night were Mr. and Mrs. J. B. Nance and Betty, Mr. and Mrs. W. D. Nance and Mike, Mr. and Mrs. Conrad Henderson and Donald Wayne.

Sharon Watkins spent Monday with Jackie Lou Frizzell.

Donald Farish spent Sunday with David Frizzell.

Mr. and Mrs. Kenneth Griffith and children of Plainview were dinner guests in the Harold Griffith home Monday night. Mrs. Walter Griffith returned after spending two weeks in Friona and Amarillo.

Mrs. Lowell Jarrett and Larry spent Monday night with Mr. and Mrs. Jack Frizzell and family.

The first meeting of the Texas Technological Ex-Students chapter in Washington, D. C., will be held early in October. Dorothy Rhinelander, former Ex-Students' association secretary, is temporary chairman of the capital group.

The Texas Technological college campus at Lubbock covers 2,000 acres—1,700 of which are used by the animal husbandry, dairy manufactures and other agriculture departments.

Books On Children Available Now

COLLEGE STATION.—There is now available from the Children's Bureau, Federal Security Administration, a new publication on the growth and development of the child from 6 to 12 years of age. It should be of particular interest to parents who have children in this age group, says Mrs. Eloise Johnson, extension family life specialist of Texas A. & M. College, and she recommends it highly. Books, pamphlets and articles about the baby, the toddler and the preschool child have been released by the Bureau but very little has

been written by youngster. It is a very interesting period that characterizes last a lifetime. The child parents; he love and sympathy out for him exploring his on his way directed and individual. H good parents during this Mrs. Johnson

OPINION ON IRRIGATION BY LAKE WATER GIVEN BY CO. SOIL MEN

By Floyd County Soil Conservation Service

Recently a good many farmers have been asking about the value of pumping water from these wet weather lakes of which we seem to have an abundance here on the high plains. We will venture an answer to some of these questions and give our unbiased opinions in so far as our experience leads us to have an opinion. In other words, here is the way we look at it.

We see several possible advantages and perhaps some disadvantages in pumping lake water. Of course we want to use it on our crops. We know that in many cases a drink of water at the right time could turn a crop failure into a bountiful yield. Several pretty good farmers have been doing some figuring and they think the increased yield on 75 or 100 acres might more than pay for the pumping plant in one year. We do not know about that but we do think that under the right conditions lake pumping can be very profitable, and we might add that we have seen a lot of these conditions.

Another advantage to lake pumping would be to dry up the lake and make this very fertile soil available for crop or grass production. A good many lakes are in pastures and if these could be kept dry they would produce some of the finest grass on the farm. You wouldn't probably buy your pumping equipment to pump out a large lake but what about these small shallow lakes that are continually drowning out your crops? There have been cases where a pump has been used to pump out these wet areas and enabled the farmer to till this land and plant his crop much sooner than if he were forced to wait until these areas dried up. Also, crops have flooded out.

There has been a great deal said about the chemical advantages of lake water over well water. We do not have any accurate information on this but from what we gather there should be a certain amount of fertility in lake water. Fertile soil washing into these lakes no doubt carries with it many plant nutrients which remain in solution, but probably vary from lake to lake.

It should be remembered that not every lake is suitable for pumping and a general survey is needed to determine the feasibility of the project. First of all, we should know the amount of water the lake will hold and what time of the year this water will be available. A soils map and topographic map should be

made of the proposed land to be irrigated. These maps will show the amount of land that can be irrigated and how far the water must be piped to get to this land. Ordinarily water should not be piped more than 800 feet. Soils maps will help in planning the crops to be grown and in the design of the irrigation system.

The type and amount of equipment needed will be determined by the amount of water available, acres of land and crops to be watered and the economic and financial condition of the farmer. You can buy enough equipment for about \$3200 to pump 1000 gallons of water per minute and transport it a distance of 800 feet. However, you might already have equipment that would be suitable and could be used in your setup, thereby cutting down your initial cost considerably.

Before pumping started a pit must be dug into which water from the lake can drain. This pit should be about 10 feet wide and about two or three deeper than the bottom of the lake. This will assure draining all water out of the lake and also having sufficient water to cover the suction hose inlet. The general survey will show where this pit should be dug and also its final dimensions.

Lake pumping looks like the coming thing but we would advise that you have your project analyzed and planned by a competent person familiar with this work before venturing out too far.

ATTENDING TECH

Mona and Jean Cummings, daughter of Mr. and Mrs. Z. C. Cummings are attending Texas Technological college. Lubbock this year. Last year they attended at Denton.

Sumac sorghum is being stored by the animal husbandry department at Texas Technological college. The department will use the sorghum, some 2-300 tons of it, for feeding college-owned livestock.

MISSION FESTIVAL OBSERVED

Trinity Lutheran church of Providence observed its annual mission festival Sunday morning, Sept. 25 with Rev. Lowell Green pastor of Posey-Southland parish, as guest speaker. Basket lunch was served in the club room.

● Kohinoor is the largest diamond belonging to the British Crown.

ATTEND THE FAIR

W. R. (Pont) Darnell and J. H. Harper left Tuesday for Albuquerque, N. M., where they will attend the New Mexico State Fair four days this week.

There are 10 textile engineering departments in American colleges and universities. The only one located west of the Mississippi river is at Texas Technological, Lubbock, Texas.

Attend Flyers Meet At Amarillo Sunday

Mr. and Mrs. Derrell Wood of Lockney flew to Amarillo Sunday morning to attend the flying breakfast held at Tradewind Airport.

Mrs. Wood remained until Monday night and while there talked with Wes Izzard, making arrangements for Mr. Izzard to speak here soon. Proceeds from

the program will be given to the Floyd County Co-operative Hospital on the purchase of a new sterilizer, Mrs. Wood said.

Mrs. Wood is interested in arranging other community programs and any group, club or individual interested in taking part on one of the programs is urged to contact her.

Mr. and Mrs. Leslie Ferguson were in Amarillo on business last Saturday.

Mrs. Perkins Hostess To El Progreso Club

Mrs. Frank Perkins was hostess for the meeting of El Progreso Study Club Wednesday afternoon.

Guest speaker was Dr. Anderson of Wayland College, Plainview who spoke on "Communism in China" from her 18 years experience as a resident of China. She was presented with a beautiful linen handkerchief, a gift from the club.

The hostess served a delicious salad course and coffee.

The next meeting will be at the home of Mrs. Guy Sams with Mrs. Ed Whitfill giving a book review.

Pupils Organize Music Club

The piano, voice and piano accordion pupils of Mrs. Oran D. Smith met Wednesday afternoon from 3 to 4 o'clock to organize their Music Club for the school year 1949-50. Those in attendance were the pupils, their mothers and sponsor, Mrs. Smith.

The name of the club is "The Bach Music Club". The motto is "Never B flat. Sometimes B sharp, always B natural".

The following officers elected for the first semester were:

President, Ann Belt, vice president, Joan Harris; reporter, Katie Ray Rucker; sponsor, Mrs. Smith.

The club will meet the last Wednesday of each month to study the life of a famous music composer and have a music program. Those appearing on the program Wednesday afternoon were Ronnie Harris, Loy O'Brien, Betty Pigford, June Pigg, Ann Belt, Barbara Carthel, Joan Harris and Patty Dean.

Band Mothers Club Elects Officers

The Lockney Band Mothers Club met Friday afternoon in a business meeting. New officers were elected for the coming year as follows:

President—Mrs. Bud Leaverton Vice-president — Mrs. M. W. Wiley.

Secretary—Mrs. Dorsey Baker. Treasurer—Mrs. Clyde Farish.

The next meeting of the club will be held October 5 at 2:30 in the homemaking living room at the high school.

MRS. CARTEL ASSISTS IN PTA ORGANIZATION AT COTTON CENTER

Mrs. Hershel Carthel of Lockney, vice-president for Hale and Floyd counties of the 14th district, Texas Council of Parents and Teachers, went to Cotton Center Monday night where she assisted in the organization of a local Parent-Teacher Association.

Martel McDonald Is Bride of Buck Barnes

In a simple but impressive single ring ceremony, Miss Martel McDonald, daughter of Mr. and Mrs. J. R. McDonald, Lockney, became the bride of Buck Barnes, son of Mr. and Mrs. J. W. Barnes of Amarillo on Sunday, September 25. Rev. N. S. Daniel read the vows which were exchanged at 4:00 o'clock at the parsonage of the First Methodist Church here.

The bride wore a blue gabardine suit with black accessories and carried a white Bible topped with white gardenias showered with satin streamers knotted with orange blossoms.

Bridesmaid was Miss Lois Nance. She wore a gray dress-maker suit with a corsage of red roses.

Kenneth Scott of Amarillo served the groom as best man.

The bride was a 1948 graduate of Lockney High School and attended Lippert's Business College, Plainview. She is employed with the Amarillo Hardware Co., at Amarillo.

The groom is a graduate of Vernon High School and attended Texas Technological College, Lubbock until he joined the U. S. Armed Service where he served with the paratroopers division of the 11th Airforce.

A reception was held in the home of the bride's parents immediately following the ceremony. Mrs. Burl Johnson, of Plainview, sister of the bride, presided at the table which was centered with a three-tiered wedding cake topped with a miniature bride and groom.

Those attending the wedding and reception besides immediate members of the families were Vera Jo Rogers, Glynn Earle and Kay Norman, Raynita Martin, all of Lockney, and Pat Anderson of Amarillo.

The couple will be at home in Amarillo.

Hope Cox Is Named Party Honoree

Hope Cox, daughter of Mr. and Mrs. Marvin Cox was named honoree at a birthday party Tuesday, September 27. The occasion marked the honoree's 10th anniversary and took place at the home of her sister, Mrs. Curtis Kelley from 4 to 6 o'clock.

Those enjoying games and refreshments were Kay Golden, Jean Wofford, Loy O'Brien, Charlene Brown, Gayle Rucker, Janice Hays, Debra Ferguson, Lavana Ann Taylor, Judy Terrell, Jane Chandler and the honoree.

Mrs. Wood Hostess To S. S. Class

Mrs. Derrell Wood was hostess to the TFS Sunday School class of the First Baptist Church, Plainview, at a social meeting held Thursday, September 22.

Games were played and refreshments of a salad course and tea were enjoyed by the following: Mrs. John Depp, teacher, Mrs. Maude Killingsworth, Misses Edna Lockhart, Anna Sims, Mattie Siler, Laura Mae Terrell, Jewell Smith, Inez Carleigh, Helen Upton, Allene Terrell, Mayme Lou Rayburn and Clara Bell Holloway.

GROW BIG POTATOES

Robin Byars, who lives about five miles south of Lockney, grows big potatoes if the one he brought to The Beacon office is indicative of size. It weighed 3 1/2 pounds, measured one foot long and 1 3/4 inches around. And it is delicious too. We know because Mr. Byars brought along a few smaller ones which he allowed us to cook and eat.

Gerrymandering is dividing territory into voting districts so as to give an unfair advantage to a particular political party.

J. H. Weathers Observe Anniversary

Members of the family of Mr. and Mrs. J. H. Weathers gathered for a family reunion recently in observance of the 47th wedding anniversary of the couple.

The honorees were presented with a new gas range as an anniversary gift.

Those attending were Mr. and Mrs. C. H. Samples, Loran, Teddy and JoAnn of Lockney, Mr. and Mrs. T. J. Bonds and Kenneth of Happy, Mr. and Mrs. Van Allen Boffy and Patsy of Amarillo, Mr. and Mrs. H. D. Weeks of Amarillo, Mr. and Mrs. J. L. Weathers, Carol and Jimmy of Plainview, Mr. and Mrs. Robert Cathey, Jimmy, Billy and Jackie of Lockney, Mr. and Mrs. Tommy Weathers and Linda of Aiken.

GO TO CHURCH SUNDAY.

Delta Kappa Gamma Installs Officers

Miss Lucile Flowers, Plainview Junior High School teacher, was installed Saturday night as president of the Gamma Iota Chapter of the Delta Kappa Gamma Society when the organization met at the home of Mrs. J. B. Kidd in Plainview for a picnic supper.

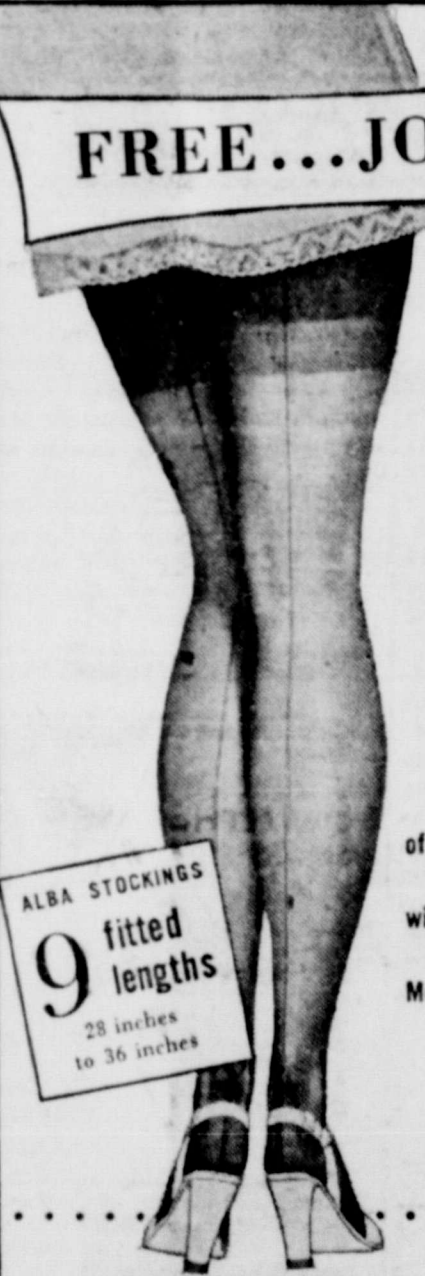

Installed with Miss Flowers were the following officers: Miss Mildred Hulsey of Tulia, first vice-president; Mrs. Clay Muncy of Lockney, second vice president; Miss Hazel Merritt of Dimmitt, corresponding secretary; Miss Opal Blankenship of Floydada, recording secretary; Mrs. Rex Wishard of Plainview, treasurer; and Mrs. R. B. McQuatters of Anton, parliamentary.

Preceding a short business session, Mrs. Frank Nease directed the group in playing of games and Mrs. Lee Nowlin led in group singing.

Hostesses for the occasion were Mrs. J. B. Kidd, chairman, Misses Laura Mae Terrell, Mamie Lou Rayburn, Mesdames Alpha Lee and J. P. Woodward. Fifty members were present from the eight Plains counties comprising the Gamma Iota Chapter of the Delta Kappa Gamma Society.

Local Housewives At Cooking School

Eighty-seven housewives were present for the Maytag cooking school and frozen food demonstration sponsored by Pennington Motor Company, Tuesday, September 27, from 2 to 4 p.m. at the American Legion hall.

Miss Pearl Hughey, food consultant for Maytag Research Laboratories prepared and served many delightful new dishes using the famous Maytag Dutch Oven Gas Range. She also gave helpful instructions in preparing frozen foods. L. W. Marks, Regional manager for Maytag Corporation assisted in the demonstrations. Mr. Sanders, representative of Philco appliances also gave a demonstration.

Climaxing the afternoon's program was the awarding of prizes to lucky ticket holders. Mrs. Paul Cooper received a \$75 premium on the purchase of a Maytag Gas Range, Mrs. Richard E. Patterson received the \$50 premium on a Maytag ironer or Home Freezer and Alma Gloynea won the \$25 third prize to apply on a Maytag washer or Maytag ironer. Other prizes included 1 gallon anti-freeze won by Mrs. Raymond Martin, 5 gallons of gas won by Mrs. E. L. Brotherton, and a cake won by Mrs. J. Franklin.

Cold drinks were served with the food Miss Hughey prepared and served to each lady present.

Providence Reunion Held At Plainview

A reunion of Providence community residents was held at the shelter house at Plainview park, Saturday, September 24.

The following officers were elected for the coming year:

President, Harold Hubbard, Plainview; Vice president, D. J. Phillips, Lockney; Secretary-Treasurer, Mrs. Derrell Wood, Lockney. Oldest landowner was Mrs. W. C. Ooley and Karl Sammann, Plainview. Oldest former resident present was Mr. Dieter of Plainview. It was voted to meet next year on the last Saturday of August at the Plainview park. It was also decided to have a paper read at the next meeting relating items of interest to community residents and of school activities of general interest. Such items should be sent to the secretary, Mrs. Derrell Wood, Lockney.

TO WORLD SERIES J. C. Thomas and sons, T. B. and J. C. Jr., will leave Friday morning for the east where they will attend the world series ball games. Tickets and arrangements had all been made, they said Wednesday.

CARL McADAMS IMPROVED Carl McAdams was much improved and expected to go home from the Floyd County Co-operative Hospital Thursday after being very ill for the past week. His illness was diagnosed as encephalitis, a virus related to polio. Mort Crapster is handling Mr. McAdams insurance business while he is ill.

NOTICE of CHANGE IN BILLING PROCEDURE

To keep pace with the rapid growth of the area, West Texas Gas Co. has installed the newest, modern IBM (International Business Machines) accounting and billing machines.

The installation of this system has made it necessary to change the mailing date of many gas service bills. The mailing date of your bill may be one of those changed. You may receive your gas service bill either earlier or later than usual.

This is no way effects the amount you pay. The due date on the bill is ten days from the date rendered.

We will appreciate your cooperation in making this change possible.

MEMBER OF PANHANDLE PRESS ASSOCIATION

EDITORIAL

"Let the words of my mouth be acceptable in thy sight, O Lord, my Rock and my Stay."—Psalms 114: 19.

The practice of some in making Main Street between the business section and the Lockney in a speed way should be stopped. Speeds of from 40 to 60 miles an hour on this stretch of road are not unusual in spite of the fact that it is marked for a speed limit of 30 miles an hour and as a school zone. Many students cross this street four times a day going to and from school.

One trouble with we humans is that we wait for a tragedy to happen before we correct a dangerous situation. Perhaps if this

situation was corrected now it might save the life of a child.
-oOo-
It was called to our attention that every street between Main Street and West Fourth inclusive in Lockney is paved with only one or two small exceptions. This includes all streets running east and west as well as those running north and south. A large part of the credit for this goes to E. R. Harris and Marvin Gilbert who have worked as a "paving" committee for several months in securing this paving.
-oOo-

The story comes out of Washington that Styles Bridges, Republican Senator from New Hampshire is on the payroll of the \$100,000,000 miner's pension fund at \$35,000 a year. The boss is John L. Lewis. The job is to meet two or three times a year and direct the spending of the pension fund which is raised by a tax on each ton of coal mined. Bridges is one trustee, another is Lewis. Lewis got Bridges to take the job through a deal with Joe Martin, Republican leader and former Speaker. By the deal Lewis was persuaded to call off his coal strike last year. In the voting combination Lewis and Bridges vote together, thus controlling the fund and out voting the third trustee, Van Horn, who represents the coal mining industry. The question is, should a Senator accept such employment? Is it not possible that it might affect his voting in matters concerning Lewis and his plans? It doesn't sound good to most people that any public official should be placed in such a questionable and compromising position.

A local man who has reached a well advanced age, said the other day that he noticed that there was a great deal of concern over the flaming youth of today. "All my life," he says, "I have noticed that this concern for flaming youth has existed, and various schemes have been employed to quiet the flames, but age, I have discovered, is the best extinguisher for flaming youth."

Economic Equality Achieved—Everybody a Pauper

With Our EXCHANGES
DIAL TELEPHONES

Nearly everyone is getting accustomed to the new dial telephones by now but really have been puzzling a lot of people, especially this scribe. We dialed the thing-a-bob over at the house when it was installed and the comode flushed. We tried it again and the lights winked and blinked. We are afraid to try again. Our mind just don't work fast enough for those doo-hickies. —Listening Post in Petersburg Journal.

GEORGE HOLLAND AND THE D. A.

Popular indignation over the life imprisonment sentence given George Holland at Silverton this week, we believe, is being unjustly attributed to the lack of legal skill and integrity on the part of District Attorney Lloyd Croslin.

The case against Holland was lost the morning of Aug. 3, 1947. It was lost due to a very human error made in the conduct of interrogating witnesses. Croslin vigorously prosecuted the case at Lubbock and got a death sentence for the killer. The case was reversed, and it can now be said that court warned prosecuting officials the case had better not appear in that court again. Croslin was left with no alternative than to agree to a life sentence for the negro.

Throughout the case Croslin has acted with unusual skill. He has worked more hours than he would admit. He made the best of the situation, and it is impossible to see how he could have done otherwise than agree to the sentence imposed at Silverton.

Croslin has, according to the actual record, obtained a much higher percentage of convictions

than any previous district attorney. There has been no case too large or too small for him to tackle. There are few men in public office today who would devote half the effort to his public trust than has Lloyd Croslin. —The Ralls Banner.

ERA OF BETTER MERCHANDISING

Hereford merchants can take a bow. At least, such was indicated recently in answers reported through The Brand's "Question of the Week" to the query: "Do you think that the local merchants are doing their part in keeping local trade at home?" As usual, the people questioned were selected at random and of the five who answered, four said outright, or indicated, that their answer was "Yes".

It was also interesting to note that several of the answers specified a belief that merchandising in Hereford, had greatly improved within the past three years; others specifically noted improvement in store fronts and in window displays over the town, along with addition of new lines not previously found here. While the weekly question is not a survey in any respect, it does indicate a trend of opinion generally reflected over the community. Merchants, therefore, could profitably study the points of praise, along with those of criticism.

While some merchants are complaining about business leaving town, others seem too busy to notice any particular change, a fact which within itself affords point for considerable study. Granted that there are a few radicals who simply will not trade at home, the bulk of the people are going to buy on the factors of quality, price, appearance and service. In addition, it is necessary for the merchant to bring his firm and his goods before the public in the form of advertising best suited to his store and commodity.

Most firms in Hereford, and other small towns, generally meet the qualifications of "Quality and Price", offering nationally advertised merchandise at prices lower than found in most cities and, in Hereford, a majority of the merchants are alert advertisers, presenting their messages clearly and frequently. This leaves the factors of "Appearance and Service"—and it is here that most small town merchants stumble. Attractive store fronts, outstanding window displays, modern fixtures and forceful presentation of merchandise, along with well versed, courteous sales people, do equally as much to account for satisfied customers as does quality of merchandise or the factor of price. Furthermore, we agree with those who answered the weekly question, Hereford merchants are doing a better job than ever before in the history of the town.

So long as Hereford merchants meet the above qualifications they need not worry about losing business to other towns. People always have, and always will, respond to better merchandising. —The Hereford Brand

THE FRAUDULENT CRY AGAINST MORE TAXES

If you ask the ordinary man if he wants more taxes in this state, almost invariably he will answer No. By that he evidently means that he wants no more ad valorem taxes to pay on his property.

But the owners of the natural resources of this state have been taking advantage of that apparent sentiment against more taxes to defeat all efforts to tax the natural resources, which are almost escaping taxation entirely. They are now seeking to hide behind this same bush as the demand grows for the levy of increased taxes against gas, sulphur, and other underground products that are being mined and shipped or piped out of this state to the North and East which proceed thereupon to collect taxes off of the same Texas products.

People are coming to see how that our state is thus being cheated out of the major part of the benefits that they ought to be deriving themselves out of their own natural resources. They see that instead of building roads and schools and industries for the people of other states, they ought to be using these resources for the building of roads, schools, eleemosynary institutions, and other worthy projects in our state.

Seeing this, the demand is growing and spreading like wild-fire among the farmers and the little business men of Texas that we quit throwing away these resources or dumping them into the lap of the industries of other states without having first collected a fair tax upon them for the use of our own people.

As for us, we are not going to fall in with any candidate who directly or indirectly undertakes to further defeat the levy and collection of a tax on these resources under the specious plea that he is undertaking to protect the people against "more taxes."

We need farm-to-market roads and better public schools in this state, and we can build them with our natural resources. Let's do it. —The Lynn County News.

Students at Texas Technological college have been asked to help South Plains farmers pick what appears to be a record cotton crop. The students will spend free afternoons and Saturdays in the fields until the crop has been harvested.

with a JOHN DEERE TWO-ROW COTTON HARVESTER

The easiest way to boost your cotton-growing profits is to use a John Deere No. 15 Two-Row Cotton Harvester. Based on 1947 labor cost, it saves \$30 or more per bale over hand pulling... does an excellent job in any crop that's suitable for mechanical stripping.

Handling two forty-inch rows at a time, the No. 15 does a clean, efficient once-over job of saving bolls. Its work is considered by many gin operators superior to cotton stripped by the average hand puller.

With the John Deere, you, too, can make short work of your harvest... get all your cotton to the gin before bad weather causes crop losses. For details, see us the next time you're in town.

See PAT STANSELL at Lockney Implement Company or Stansell & Collins Co. at Floydada before you trade for a COTTON HARVESTER. We can arrange most any terms you would desire.

The Lockney Longhorns swept past their first district foe last Friday night when they defeated the Crosbyton Chiefs 26-0 on the Mitchell-Zimmerman field here.

The Longhorns had all the best of the stats and played good hard football. Their hard blocking and tackling kept the Chiefs' offensive bottled up most of the night.

The Longhorn line was charging fast and were alert for reverses and other trick plays. The Chiefs ran the local boys ragged last year with his brand of football. In the line big Delbert Shearer was outstanding, moving around exceptionally fast for a big man. Thompson, the center, Robert Huckaby and Tip Jeffcoat guards, W. L. Rowell, the other tackle, Charles Crouch and Bobby Baxter, ends and Eddie Fort-emberry, substitute tackle, were all playing exceptionally good.

A marked improvement in the line was noted at each end post where Baxter and Crouch held gains in their areas to a minimum.

Strickland was the star performer in the backfield, being ably assisted by Ray Ferguson, Mac Howard, C. B. Smart and Stanley Conner. Orland Gilbert also saw some action in the back field and did a good job.

For the Chiefs, Lawrence Hargis was the star on both offense and defense. He was in almost every play until he was hurt and removed from the game.

Most sensational play of the night was a pass from Smart to Mac Howard who lateraled to DeJuan Strickland who carried

the ball over for the score. The play covered 56 yards.

Following is a summary of the game:

Little Mac Howard received the ball for the Longhorns and carried it back to the Lockney 38. The Longhorns made a first on the 50 in three plays but fumbled on the next play and Crosbyton took over on their own 48. The Chiefs made nine yards in three plays and gambled on picking up the other yard thru the line. They made a half yard instead and the Longhorns took the ball on their own 43. They made 9 1/2, were penalized 5, made 3, and then a first on the Crosbyton 44. They made 5 and then Strickland took off around end to the Crosbyton 15 but the play was called back and the Longhorns penalized 5. They picked up nine, and then a first on the Crosbyton 29. They made 1 and then Smart went around right end to the Crosbyton 15. On the first play of the new series, Ray Ferguson broke thru the middle of the line, stumbled but managed to keep his feet, and went over standing up for the score. The try for point was not good. Score 6-0, Lockney.

Crosbyton received the kick-off and fumbled it, but recovered on their own 15 yard line. They made 0 and then lost 1 and kicked to their own 48 yard line. The Longhorns made 8, were penalized 5, made 2, were penalized 5 again, attempted a pass, and then Smart got off a fine punt which rolled out of bounds on the Crosbyton 3 yard line. The Chiefs made 4 and then a first on their own 20. Here Ray Ferguson was ejected from the game because of "unnecessary roughness" according to the referee and Orland Gilbert came in.

The Longhorns were penalized 15, then made 6 in three plays and then kicked to the Lockney 43. The Longhorns fumbled for no gain, made 1 and then Smart dropped back, passed to Mac Howard who lateraled to Strickland. Strickland ran the 56 yards without being touched and went over standing up. He drove over for the point and the score was 13-0, Lockney.

Crosbyton received the kick-off and pulled a reverse but the Longhorns weren't fooled and pulled the ball carrier down on the Crosbyton 22. Crosbyton was penalized 5, made 11 1/2 and then kicked to their own 44. The Longhorns likewise failed to make 10 and kicked out on the Crosbyton 22. The Chiefs started rolling here and made a first on their own 39 and a first on the Lockney 48 on ground plays.

They made 1, were penalized 5, attempted a pass, and made 5 as the half ended.

The Lockney High School band under Director Joseph E. Grimard, made its first appearance at the half time. They drilled smartly, formed a large L on the field and presented several numbers.

C. B. Smart got off a fine kick which the Chiefs brought back to their own 38 yard line. They fumbled however on the first play and the Longhorn recovered the ball on the Crosbyton 43. A first on the 32, a first on the 20, and a first on the 10, and in three plays Strickland carried the ball over for the score. An end sweep made the point and the score stood at 20-0, Lockney.

Crosbyton received and returned to their own 28. They made 1 and then Covington or Hargis swept in between end and tackle and ran to the Lockney 34 yard line before he was pulled down. The Chiefs made 1, and 5 and 2 and 1 in four plays and

more than 50 per cent bigger than 1948, has drawn 1603 entries from 650 farm youngsters in 156 counties. The 1949 State Fair will wrap up the fanciest parcel of free entertainment on earth. Once inside the gates, practically everything at the mammoth exposition is free, except, of course, for such things as hot dogs, roller coaster rides and foot liniment. Among the sensational free attractions at the Fair are: The "Man and the Atom" show direct from the first and biggest atomic energy museum in the world, at Oak Ridge, Tenn., cradle of the atom bomb. A complete miniature television station in action, where KBTv of Dallas will televise virtually all of its programs during the Fair. Selden the Stratosphere Man and the world-famous Cimse Troupe, who daily will perform

the Longhorns took over on their own 25 yard line. They made 5 and then Strickland broke thru the line and out into the clear at least three steps ahead of all opposition but Hargis overtook him and pulled him down on the Crosbyton 29 yard line. The Longhorns made a first on the 18, but failed to gain sufficient yardage on the next series and Crosbyton took over on their own 28. Crosbyton also failed to gain and a bad kick gave the Longhorns the ball on the Crosbyton 35. The local made a first on the Crosbyton 22, made 1 and 2 and then Strickland broke thru the middle of the line to the 11. The Longhorn were penalized 5, made 9 in two plays, and then on a spread formation, Smart passed to Robert Huckaby for the score. Try for point failed and the score was 26-0, Lockney. Huckaby, a guard, was made eligible to receive the pass by the odd formation.

Crosbyton received and returned to the Crosbyton 30. A fumble lost one, an attempted pass was incomplete, Lockney was penalized 15, a fumble lost three, and then on another fumble the Longhorns recovered the ball on the Crosbyton 32. A pass from Smart to Crouch was good for a first on the 17, they made six and then Strickland drove to the Crosbyton 9 yard line as the game ended.

State Fair Will Open October 8

The 1949 State Fair of Texas, now little more than a week off, boasts the biggest livestock show in its history, with unprecedented increases in entries for both junior and senior events final tabulations have revealed.

Matching the overall scope of the greatest extravaganza ever produced by the State Fair, the huge entry list includes 3875 head of beef and dairy cattle, swine, sheep and goats and horses valued at more than \$2,000,000. This is an increase of 968 over entries for 1948.

The 524 entries for the National Aberdeen-Angus Show alone far exceed the total 410 beef cattle entries received last year. There are also 244 Hereford, 114 Brahman, 46 Shorthorn and 11 crossbred beef cattle.

In dairy cattle shows, there will be 93 Guernsey, 50 Holstein-Friesians, 78 Jersey and 81 Milking Shorthorns. The swine will break all records with 553 entries; there will be 251 sheep and 73 Angora goats, 115 Quarter horses and 36 Palominos.

Exhibitors from 18 states and Canada are represented.

The Junior Livestock Show, more than 50 per cent bigger than 1948, has drawn 1603 entries; there will be 251 sheep and 73 Angora goats, 115 Quarter horses and 36 Palominos.

Exhibitors from 18 states and Canada are represented.

The Junior Livestock Show,

feats of aerial daring on the Midway. The most spectacular fireworks fiesta ever presented in the Southwest, every Tuesday, Wednesday and Thursday night in the Cotton Bowl.

And there'll also be the South's biggest Automobile Show, the new Poultry Show and Agriculture Show, special features at five museums, hundreds of commercial exhibits, and many other features—all for free.

EXPRESS THANKS FOR COTTON PREMIUM

We thank you very much, both businessmen of Lockney and at Aiken, for the nice premiums given us for having the first bale of cotton.

J. C. Thomas & Sons

Mrs. T. D. H. Whitaker is III and is at the home of her daughter, Mrs. Elmer Sandusky.

IT'S BULB TIME!

And we have the "biggest" Holland bulbs we have ever had. If such bulbs as these don't produce wonderful flowers we have no answer for the "why."

NOW IS PLANTING TIME so don't miss out on beautiful blossoms for the winter months indoors and the Spring-time outdoors beauty.

OUR DOVEDOWN HOSIERY, the kind that gives you such long wear, is here in gorgeous fall shades to complement your fall wardrobe for either brown or black accessories. Let us show you. If you haven't tried Dovedown Hosiery, do as many others have done and see for yourself that they last longer.

PURSES AND COSTUME JEWELRY is a must for new Fall togs.

LINGERIE

We have a beautiful line of "Micheline" and "Margo" Lingerie—and the prices are right. Very much below the prices last year. Let us show you our line. We know you will be pleased.

FOR THE FALL BALL GAMES!

A scarf is a must and we have the most beautiful new line we have had. You must see this array of Pure Silks, Wools, and Mixed Weaves in gorgeous colors and designs.

Samman... Bennett and... guests of... McLaughlin... Scheele and... Mrs. Wal... in Lubbock... Larry and... attend ded... new air field... R. J. Schuette.

Danny, Mr. and Mrs. W. M. Schuette of Slaton, Mr. and Mrs. Milton Schuette and children of Idalou, Mr. and Mrs. Arthur Sammann and Yvonne of Tullia visited in the Walter Sammann home Sunday. Mr. and Mrs. Bill Johnson and Ronnie visited Mr. and Mrs. Walter Sammann Thursday. Mr. and Mrs. Ted Boedeker and family, Mr. and Mrs. M. C. Scheele and Marie, Mr. and Mrs. Bill Johnson and Ronnie, Mr. and Mrs. Walter Sammann and girls visited Mr. and Mrs. Harold McLaughlin and family Sunday evening.

Janice Mathis spent Thursday night with Delores and Carolyn Sammann. Pat Brown of Ruidoso, N. M., spent Sunday with Delores Sammann. Mrs. Harold McLaughlin has been ill since Thursday. Her friends wish for her a quick recovery. Quite a number of Providence families attended the Lockney football game Friday, again rejoicing over the outcome. Foncine Boedeker spent Monday night as overnight guest of Delores and Carolyn Sammann. Walter Sammann has been ill, but is now on the road to recovery. Mrs. Luther Rhine visited Mrs. W. M. McDonald of Plainview Saturday afternoon. Glenn Rhine from West Texas State college, Canyon, spent the weekend with his parents, Mr. and Mrs. Luther Rhine. Mr. and Mrs. Harold McLaughlin returned to their home Monday from a visit with relative in Fort Worth. Mrs. Jim Hatcher and Larry accompanied their home to spend the week. On Wednesday Mr. and Mrs. W. I. Alexander of Munday, Texas came to visit with them. Mrs. Hatcher and Mrs. Alexander are sisters of Mrs. McLaughlin.

Petersburg Sewer System Planned

Petersburg, Sept. 20.—Lubbock engineers have been obtained to make a survey of this city and submit to the City Commission an estimate of the proposed sewer system for Petersburg. Representatives of the engineering firm of Hasie and Green of Lubbock met last week with the City Commission and tentatively contracted to make up an estimate of the cost of the sewer system. That firm will work up a prospectus of the system, run levels over the town, plot all houses and buildings, possible number of customers and revenue, valuations, tax rate, outstanding indebtedness, population trends, etc. At the regular meeting of the Petersburg Business Mens Club last Wednesday night, the planning committee reported on the progress that had been made in securing a sewer system for the city. The committee has been conferring with engineering for the past several months and these conferences have progressed to the point of calling in engineers. The BMC planning committee is working on the theory that the system can be financed on the Revenue Bond plan, thus those using the system will pay for it. Engineers are to begin work just as soon as the weather permits, and should have all data ready in the near future. Cost of the estimates has been underwritten by the Businessmen's Club.

Walking Want Ad For CROP Drive

When Marilyn Trick (above) goes out after contributions for the Christian Rural Overseas Program (CROP), she literally becomes a walking want ad. She wears this blouse made from CROP pamphlets and newspaper advertisements. Marilyn is one of more than 100,000 volunteers who will solicit farm commodities for shipment overseas in the CROP harvest drive to be launched soon in 33 states, including this one. During harvest last year, CROP volunteers assembled over 2,000 carloads of foodstuffs which were shipped to 22 foreign countries. Goals have been increased this year. The campaign is sponsored by Catholic Rural Life, Church World Service (22 denominations) and Lutheran World Relief.

Mr. and Mrs. Vernon Horton and daughter of Plainview spent Sunday with Mr. and Mrs. O. A. Lucas and attended church with them Sunday night. Mr. and Mrs. Bobby McAninch and Gary Bob spent Sunday in the home of Mr. and Mrs. Carl Chandler. Mr. and Mrs. Lonnie Scott and Sonny visited friends at Kress Sunday. Mr. and Mrs. Bert Elam and family visited Mrs. Charlie Elam and family at Tullia Sunday. Mr. and Mrs. M. B. Salmon, Nita and Corky Wesley spent Sunday in the home of Mr. and Mrs. Lee Burns at Matador. Mr. and Mrs. Floyd Compton and L. A. and Mr. J. B. Stafford attended Stafford reunion at Plainview park Sunday. Mr. and Mrs. Vernon Campbell and Carolyn, Rev. and Mrs. O. J. Welch and children were dinner guests Sunday of Mr. and Mrs. Connie O'Brien. Mr. and Mrs. Bill Ebbs of Plainview visited in the home of Mr. and Mrs. Carl Chandler Monday night. Misses Loy O'Brien and Kay Golden were among those attending the birthday party of Hope Cox at Lockney Tuesday afternoon. Mr. and Mrs. C. S. Rhodes and family of Plainview visited in

the home of Mr. and Mrs. M. B. Salmon Monday evening. SOCIAL SECURITY TAXES BUY INSURANCE "Judging from inquiries received daily by our office, many workers don't know what they are buying with their social security taxes," John C. Hutton, manager of the Lubbock Social Security office, said today. All workers covered by social security should realize that the penny taken out of each dollar of wages pays the premiums for old-age and survivors insurance, which is in effect, a combined life insurance and retirement annuity policy. The plan provides monthly retirement payments to workers and their families. It also provides monthly retirement payments to workers and their families. It also provides monthly benefits to families of workers who have died. Eligibility and the amount of benefits hinge on the wages the worker has earned in jobs covered by social security. New extension classes in education are now being offered in Seminole, Denver City, Seagraves and Levelland by the Texas Technological college extension service.

We have enlarged our CURING PLANT

are now in position to give you better service on curing your pork than the past. We have added another oven and other equipment, enlarged our working space and are able to handle your pork efficiently and quickly.

OUR CURING PROCESS

Curing process is the same that is used by the large packing companies. Meat is tenderized, cooked and cured for 24 hours before delivery to customer. Ask your neighbor who has used our service. He will tell you how delicious the meat is after we have cured it.

OUR SERVICE IS COMPLETE

Bring us the live hog on foot. We will take the rest. Our service includes curing, rendering lard, stuffing, etc.

Customers are welcome to inspect our curing plant at any time.

MISS HILL GOES BACK TO SCHOOL

Lubbock.—After 25 years with the Texas A. & M. extension service, Kate Adele Hill has enrolled at Texas Technological college to complete requirements for the M. A. degree.

Miss Hill, now district agent in Lubbock and supervisor of home demonstration agents in 18 West Texas counties, earned the B. A. degree at Texas State College for Women in 1925. She plans to take one course each semester at Tech, and hopes to have the M. A. degree in February, 1951. Miss Hill began working on her degree in 1946, and transferred credits here from the University of Missouri and Texas A. & M.

Spur, Floydada, Abernathy Win

Spur, Floydada and Abernathy along with the Longhorns were winners of their games in the District 3-A race the past week end.

Spur defeated Tullia 26 to 18, Floydada beat Ralls 15 to 6 in the last four minutes of the game, and Abernathy ran over Matador 26 to 7. Of course the Longhorns defeated Crosbyton 26-0.

This leave four teams, Lockney, Floydada, Spur and Abernathy, tied for first place with one win and no losses. Crosbyton has one win and one loss, Matador and Ralls have no wins and one loss and Tullia has two losses and no wins. Paducah has not played a district game yet.

The schedule this week end sends Lockney to Abernathy, Tullia at Ralls, Paducah at Crosbyton, Matador at Spur, and Floydada has an open date.

Amarillo's Tri-State Fair Bigger, Better

The 1949 Tri-State Fair and Exposition is taking shape rapidly. Fair officials, according to John K. Boyce, President, are looking forward to one of the biggest and best fairs in the organization's 26-year history.

Agricultural and Livestock Exhibitors of the Tri-State area will be competing for more than \$14,000 in cash prizes.

The new Bull Barn will house all livestock. This building, recently completed at a cost of approximately \$175,000 is one of the finest in the nation.

The old livestock building has been remodeled and given a facelift and will be the new home for Quarter Horses.

For the first time since 1941 there will be a poultry show. Earl Curry, Superintendent of this show is already at work to make the reactivated poultry show a success.

Southwide Baptist Hour On Network Starting October 2

DR. R. G. LEE

The first year-round Baptist hour will go on the air over a Convention-wide network of 132 stations on October 2 with Dr. Robert G. Lee, of Memphis, president of the Southern Baptist Convention, as the speaker. Dr. Lee's theme will be "The Way From Want to Wealth" and his first subject, "Sin and the Sinner's Savior."

Dr. Lee, who is pastor of the Bellevue Baptist Church in Memphis will be the speaker during October, November and December, S. F. Lowe, director of the Radio Commission of the Southern Baptist Convention in Atlanta, announced.

Other subjects in Dr. Lee's series of sermons will be:

- October 9 "Needed Magnificent Men in a Muddled World"
October 16 "Do you have the Blood Mark?"
October 23 "Is it Nothing to You?"
October 30 "Which Way are You Headed?"
November 6 "Man in Conference With God"
November 13 "The Debt Christ Paid for You"
November 20 "Be Ye Thankful"
November 27 "Does Your Influence Count for God?"
December 4 "Are You Ready to Meet God?"
December 11 "Are You Counting on Tomorrow?"
December 18 "The Meaning of Christmas"
December 25 "Who is This Christ?"

The Baptist Hour will be broadcast every Sunday from 2:30-3:00 P. M. and will be financed wholly through individual voluntary contributions.

Stations in this state carrying the programs will be KFDA, Amarillo; KFYO, Lubbock; WBAP, Fort Worth.

Wayland Choir Will Tour Two States

Plainview.—The colorfully-dressed International Choir recently organized at Wayland College has received a number of bookings for an extended tour which will take it through two states this fall, Director Shelby Collier announced today.

During the first semester the choir is scheduled for a ten-day tour of several New Mexico cities, including the Baptist General Convention in Santa Fe on October 26. They will also perform at the Baptist General Convention at El Paso on November 2, and the Texas Baptist Student Union convention in Dallas November 4. Other cities are also on the schedule.

"The International Choir was organized during the spring semester," says Professor Collier. For their regular concerts they will give thirty-minute renditions of traditional a capella music in full dress of tuxedos and evening dresses, followed by a program of foreign music—including Russian, Latvian, French, Spanish, and Italian—in their national costumes. Solos, duets, trios, and quartets will also be included in this

Floyd Farmers To Be Honored At State Fair

More than three hundred Texas farmers who have mixed good farming practices and hard work to pay off their Farmers Home Administration tenant purchase loans more than thirty years before due will be awarded certificates of achievement at ceremonies in the State Fair Park auditorium on October 12, County Supervisor William E. Anderson announced this week. Of the number seven farmers of Floyd County will receive awards, the supervisor said. They are: Mr. and Mrs. Bernard Harris; Mr. and Mrs. Howell B. Johnson; Mr. and Mrs. Bill McNeill; Mr. and Mrs. Robert A. Ratjen; Mr. and Mrs. Joe R. Robertson; Mr. and Mrs. W. Carrick Snodgrass; Mr. and Mrs. Ernest L. Thomas. All former and present Farmers Home Administration borrowers are invited to attend the ceremonies in the State Fair Park auditorium on October 12 from 2:00 p. m. to 4:00 p. m.

One of the features of the achievement day, designated as such by President R. L. Thornton of the State Fair of Texas, will be an address by Judge Marvin Jones who, as a congressman from Amarillo, fathered the law making funds available to deserving farmers for the purchase of family-type farms. Six thousand of these loans have been made in Texas and nearly one-third of them have been paid off and are owned debt-free by former tenant families.

Radio interviews of several farmers who have achieved unusual success in their farming operations have been arranged as a part of the program for the day and there will be prizes given as a reward for outstanding success with their crops.

An early armed ship of the American navy, the Monitor, was called "a cheese box on a raft."
