Couple Honored On Anniversary

On Wednesday evening October 5 friends and neighbors gathered in the home of Mr. and Mrs. R. C. Matthews, surprising them on their 20th wedding anniversary, presenting them with a beautiful floor lamp and a tiered table. The children of the couple presented their parents with a Community plate silver place setting for eight. Refreshments of cake, cookies, sandwiches and cocoa were served to Messrs. and Mmes. B. F. Sammann Jr., E. M. Quebe, Ben Quebe, L. B. Brandes, Sam Newman, B. H. Quebe, Walter Sammanns, Leo Boedeker, Ben Brandes, Charlie Boedeker, Wilfred Stoener, Albert Kelm, Albert Scheele, Bill Buth, R. Harden, Sam Jones, Harold McLaughlin, Robert Buhkühl, M. C. Scheele, Ted Boedeker, O. W. Schmidt, Norman Smith, Randy Collis, Mrs. Henry Sammann and Mrs. B. F. Sammann Sr., Misses Clara Sammann, Helen Norman, Ruth Boedeker and Rosalee Matthews, Master Cecil Boedeker, Werner Boedeker and Robert Matthews.

Jeannie Thomas, student of Baylor University will arrive home Friday to visit his parents, Mr. and Mrs. Sid Thomas and Sid B. They will attend the Baylor-Tech football game Saturday night.

Gene Rogers, son of Mr. and Mrs. E. J. Rodgers of Lockney, underwent an appendectomy at Roswell, N. M., Tuesday night. Mrs. Rodgers is now in Roswell with her son.

Book Review Heard At El Progress Club

Roll call was answered Wednesday afternoon by members of the El Progress Club with the place and name of the teacher where each started to school.

Mrs. Guy Sams was hostess for the occasion. Mrs. Ed Whitfill gave a book review of "The Cleft Rock" by Alice Tisdale Hobart.

Refreshments were served to Mrs. M. E. Steele, of Ruidoso, N. M., visitor, and the following members: Mmes. Sid Thomas, Edgar Hays, D. R. Foster, Ed Whitfill, N. S. Daniel, I. A. Applewhite, Henry Schacht, E. J. Cobb, G. J. Stapleton, Guy Sams, Henry Hodel, Clyde Applewhite, L. M. Honea, Hershel Carthel, Frank Perkins, T. B. Mitchell and C. J. Taylor.

Powers to Hold Open House Sunday

Mr. and Mrs. Payton Powers are holding open house at their newly completed residence, 100 S. W. 4th Street next Sunday afternoon from 3 to 5 o'clock. The residence, a four rooms and bath with attached garage, was built by Edwin Johnson contractor, with materials supplied by Lockney Lumber & Supply.

The public is invited to inspect the house during the hours mentioned.

CARD OF THANKS

I want to take this opportunity to thank the Doctors and staff of the hospital for the courtesy and kind treatment shown me during the time I was there and also all the many friends for their cards, flowers and many other things they did for me and my mother during my illness. I also want to thank them for the things they are still doing for me. In fact we could never thank you enough.

May God bless each of you.
Arthur Nigh and Mother.

WHO IS THE LOCKNEY ATHLETIC CLUB?

A communication from the Department of State, Austin, Texas, recently states that the corporation known as the Lockney Athletic Club will have its charter forfeited unless all revival fees are paid before November 30.

The Beacon is unable to find who composes the Lockney Athletic Club. Do you know?

Defoliation Aids Mech. Harvesting

COLLEGE STATION—The use of the power-driven cotton harvester stripper-type as an efficient method for harvesting cotton on the Texas High Plains has been increasing, but to insure best harvest results, and a consistently good grade, growers must either use a chemical defoliant to drop the leaves from the cotton plant or wait for "mother nature" to take them off with frost, says D. L. Jones, superintendent, Lubbock Experiment Station.

Jones and E. L. Thaxton Jr., junior agronomist at the Lubbock Station, report that normally, the more mature a plant is, the easier it is to defoliate

if it is still active. The Texas High Plains has an extremely short growing season, consequently plant maturity at the time of defoliation is one of the limiting factors.

They have found that plant activity is of equal importance. They say the plants, by fall, in a subhumid area, often have used up the available soil moisture and are under great stress. This affects the time required for a complete leaf drop. In the more humid area, 6 to 10 days is usually required, while on the High Plains 2 to 3 weeks should be allowed. This inactivity on the part of the plant makes defoliation difficult.

The tough, leathery leaf developed by the cotton plants on the High Plains is another factor to be considered. This type of leaf develops as a result of the

late summer droughts and hot, dry winds.

Low humidity and dewless nights are often encountered at the time the cotton plant should be defoliated and since moisture is required to activate many of the dusts used, satisfactory results are not obtained.

In 1948, the best defoliation was obtained from the use of monosodium cyanamid. It was used as a spray at the rate of 20 pounds per acre in 12.5 gallons of water. This type of defoliation was not entirely satisfactory because the leaves became dry and brittle before dropping, and a large percentage of the growing plant tips were damaged by the caustic solution.

Jones and Thaxton say the most encouraging test was with the use of wetting agents in the spray solution. On one-acre test

blocks, mono-sodium cyanamid sprayed at 15 pounds per acre with 1 per cent Vatsol, gave almost as good defoliation as the same material sprayed at the rate of 20 pounds per acre with no wetting agent. The defoliation was 70 and 80 percent respectively.

Results from the 1948 tests indicate that in drouthy years when no dew is present good defoliation requires the use of a spray material. The experimental mono-sodium cyanamid compound gave the best results.

The use of the wetting agent in the spray material to improve coverage and penetration showed good results in 1948.

Previous work done at the Lubbock Station has shown that excellent defoliation is possible with the use of areo cyanamid dust, special grade, when appli-

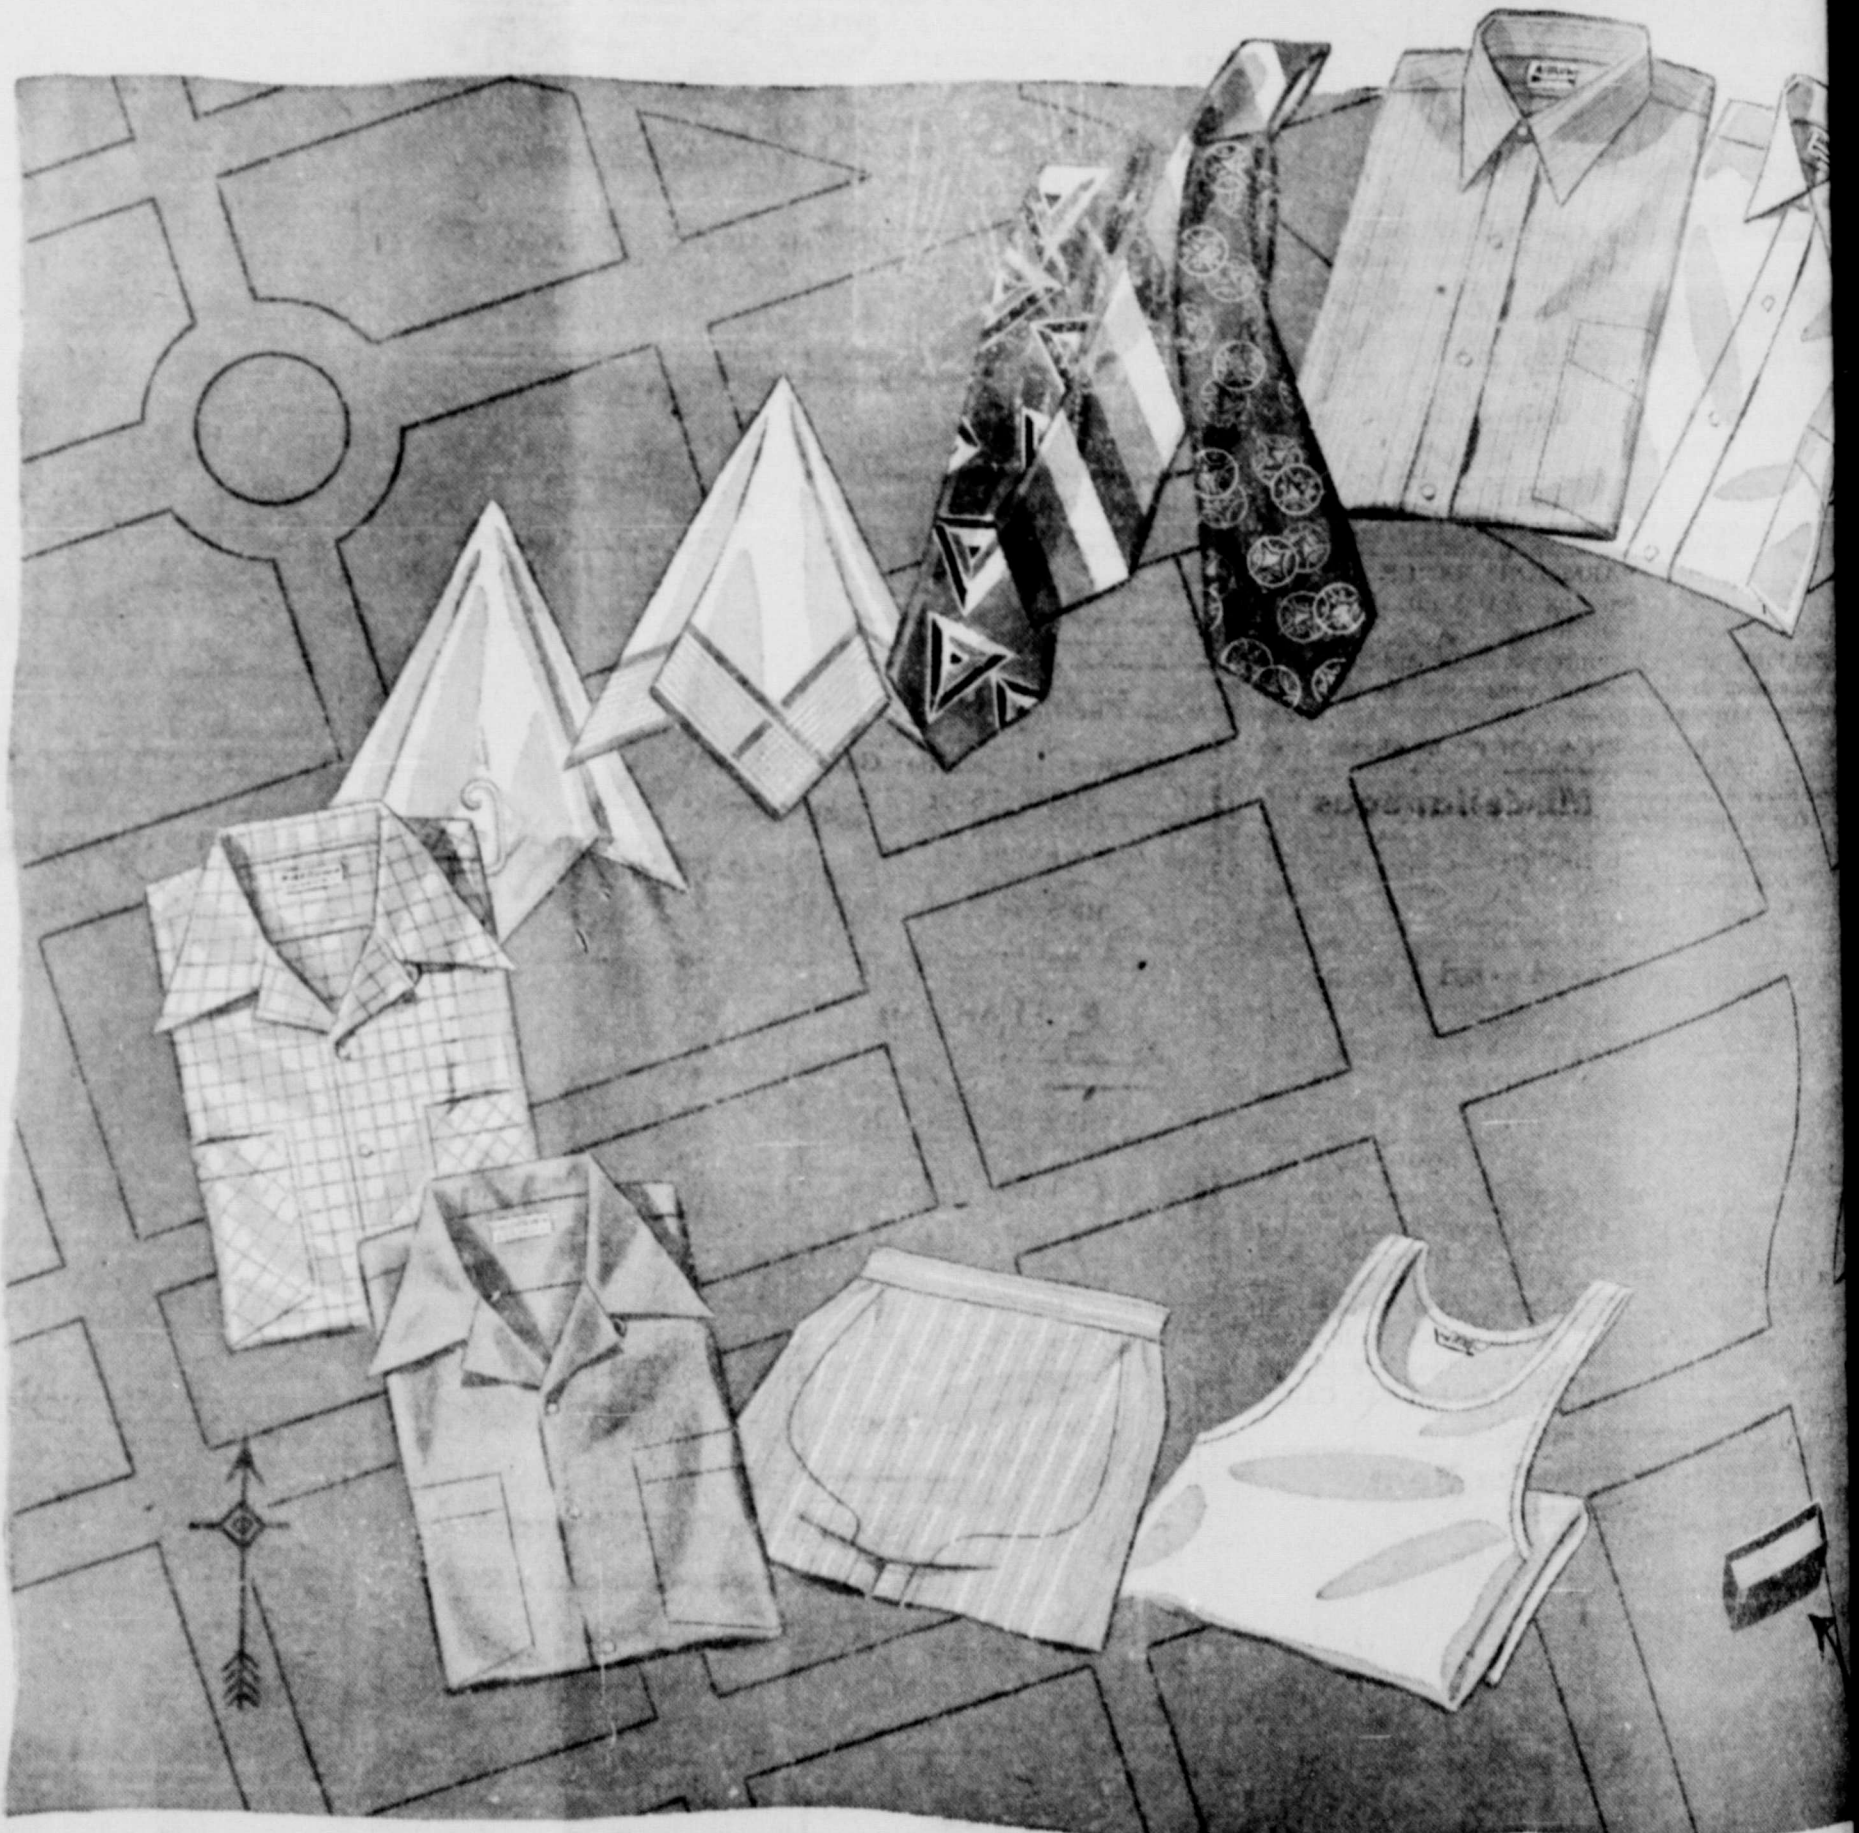

ed at the rate of 15 pounds per acre when the weather is still active.

The defoliation in the 1948 tests can be compared with the nearest experimental results from your local

Mr. and Mrs. James Riley at State Fair in Austin. They also visit Clovis and Lubbock.

Mr. and Mrs. Hale Center visit L. M. Honea at

VA Announces Waiver Health Requirements

World War II Veterans with Service-Connected Disabilities were reminded by Veterans Administration today of an important deadline in connection with their entitlement to National Service Life Insurance.

Prior to January 1, 1950, such disabilities actually incurred in Service between October 8, 1940, and September 2, 1945, if less than total in degree, are disregarded in determining eligibility under the health requirements for National Service Life Insurance purposes.

This means that Veterans who might not otherwise qualify for life insurance for health reasons may reinstate lapsed National Service Insurance or buy new or additional insurance up to the \$10,000.00 maximum if they apply before the end of the year. Physical examination is required, however, for all insurance applied for under this special provision. Such examinations are made by Veterans Administration without cost to the Veteran.

CLAY MUNCY BUYS BUILDING Clay Muncy has purchased the old filling station building just east of Lockney Auto Co. and is tearing it down. The lot will be made into a used car lot for Lockney Auto, it was said.

S. H. Millwee continues to receive treatment. Mrs. David Martin and son, David Wayne were dismissed Sunday.

Mr. and Mrs. E. A. Noland of Floydada are parents of a son, Larry Kent, born October 9. He weighed eight pounds, six ounces. Mother and baby were dismissed Thursday.

T. Z. Reed continues to improve. Betty Machen was admitted Wednesday for medical treatment.

Mrs. T. J. Word was admitted Friday and dismissed after medical treatment. Olan Dwayne Poteet was admitted Saturday and dismissed Tuesday.

Mrs. W. A. Campbell of Floydada was dismissed Saturday after minor surgery. John Griffith was admitted Tuesday and dismissed Wednesday after medical treatment.

Mrs. R. L. Powell was dismissed Monday after medical treatment. Bobby Baxter was dismissed Monday after receiving treatment for an injured knee. Mrs. Fred Dorman was dismissed Friday after medical treatment.

Georgedeane Cook of Plainview was admitted Thursday for medical treatment. Mrs. J. E. Copas of Santa Barbara, Calif., has been here this week visiting her daughters, Mrs. Anna Lou Duvant and Mrs. W. A. Taylor. She was on her way home from Chicago where she had been visiting other relatives.

Mrs. R. T. Spence returned home Monday from Killeen after a few days visit with her mother, Mrs. F. A. Ellison and other relatives. Mrs. Spence's mother is 93 years of age.

Atomic Energy was Never a Secret Tech Professor Says

LUBBOCK—American scientists knew five years ago that Russia would probably develop an atomic bomb in 1949, a Texas Technological college physicist said today.

Paul Elliott, assistant professor of physics at Tech, worked with the "Manhattan project" at Oak Ridge, Tenn., from July, 1944, to September, 1946.

"We knew in 1944 that Soviet Russia would be able to split the atom within five years, but there is nothing to be alarmed about," he said.

Elliott said that atomic energy was never a secret. The only mystery concerned a method of separating the flow of gases in uranium. Scientists in every part of the globe have been working on the answer for decades, he added.

The Tech physicist said he doesn't believe the threat of World War III is imminent, but he believes the threat of atomic warfare makes necessary the creation of an international police force.

Elliott came to Texas Tech in 1946 immediately after his work at Oak Ridge ended.

SINCERE THANKS We want to express our thanks to our many friends who expressed to us in so many ways their love for us in our recent sorrow at the passing of our darling Michael Rae. May the Lord bless each of you is our prayer. We want to especially thank Bro. Cobb for his comforting words. Mr. and Mrs. Rae Thornton Mr. and Mrs. E. W. Thornton and family. Mr. and Mrs. J. W. Waller and family. Mr. and Mrs. J. A. Goins.

Marvin Brown returned to his home at Santa Monica, Calif., last week after a visit here of several days. His wife and their young son, James Marvin, will stay here a while longer with relatives.

The 1c Sale is the blessed event for the family budget. Lockney Drug Store.

In Mexico City there are on files, insects or mosquitos.

Mr. and Mrs. W. E. Swift and James Orrin of Plainview visited in the home of Mr. and Mrs. R. C. Rogers and son Tuesday.

Dwight and Terry Perkins of McAllen, Texas, will arrive by plane Friday to spend the weekend with their parents, Mr. and Mrs. Frank Perkins.

Who is a God like unto thee, that pardoneth iniquity, and passeth by the transgression of the remnant of his heritage? he retaineth not his anger forever, because he delighteth in mercy. —Micah 7:18.

Fay Emerson, movie actress, wife of one of the Roosevelt boys, is seeking a divorce from her husband. Speaking of the divorce Miss Emerson is quoted as saying, "It's not easy voluntarily to give up being the daughter-in-law of Eleanor Roosevelt, and yet a surprising number of young women have been able to make the sacrifice."

Girls these days who have learned to sew have an advantage over their sisters who have never learned the art. They can save more and better looking clothes on much smaller clothing allowance. This has always been true but never before to

the extent it is today. What might have been a long continued human interest story was told in ten words in the classified column of one of our exchanges. The ad read: "For Sale, my wedding ring and all my furniture, cheap."

There is only one man in a thousand who has the qualities of a leader, that make other men follow him, but every good looking woman seems to have them.

Every town has some individual who thinks that the community parking problem can be solved in the town. This, notwithstanding the fact that no town of any consequence has yet solved it. The thing that makes it difficult is that too many people park their car in the morning in front of a business place and there it sets all day. If each one when he had finished at a particular store would move his car to a side street and give his neighbor a chance there would be plenty of room. As it is there just isn't street space enough in any city to make parking space for every one at the same time. The parking problem won't be solved in any town until car drivers get the idea of dividing the parking space with their neighbors.

Many older and partially handicapped workers are good, so says a coming report made jointly by the U. S. Chamber of Commerce and the National Association of Manufacturers. The report states that the older workers as a whole, show less absenteeism, lower turn over, better habits, better quality of work and more pride in workmanship. A copy of the report may be secured from the U. S. Chamber of Commerce, Manufacture Department, Washington, D. C. Ask for "Employment of Physical Handicapped and Other Workers."

I have a community interest with England, a local man said the other day, ever since I heard about her dollar shortage. I hope though, that in our efforts to relieve the mother country of this embarrassing situation, that the boys in Washington don't do things that will give us all the same kind of a shortage.

A good many people who are saving their money these days are taking a gamble that some day it will be worth something.

CRIMINAL LAWYERS ARE OBJECTIONABLE AS CRIMINALS

The News has repeated time and again throughout the years that the criminal laws of Texas are a farce. It is almost impossible to convict any criminal regardless of his crime.

The smart criminal lawyer knows all the loopholes which are made possible by the laws of the state, as well as all the silly opinions which have been handed down by the Court of Criminal Appeals in its effort to lean backward to defend the criminal.

The Newsman seldom hangs around the court house while criminal cases are being tried. We do not care for the air of evasion and sometimes down right deceit which goes with criminal cases. We can pick up the prevailing feeling which exists among the spectators who are drawn into the court room.

If we ever commit any kind of a major crime—which we hope will never be done—we would rather have the case in a Texas court than in any state in the union. Here the populace turns thumbs down on the rights of the people and upholds the criminal.

It is a very, very unsavory situation, and nothing can be done about it without a radical reform in our criminal laws and

ped at Hiroshima bore the legend "Reg. U. S. Pat. Off." doesn't spell "hands off" to international scientists.

Americans are now getting a taste of what the rest of the world felt when it discovered we possessed an Extinction Plan. Perhaps the Russian peasant felt a bit ill at ease knowing that an A-bomb was ours and that we were tooling up for war against the Soviet Union.

It is our belief that the entire world will relax and breathe easier now that the atomic cat is out of the bag. This nation is liable to resort to conciliatory instead of military gestures against other nations. Russia has already shown a renewed interest in international control of atomic energy. Other nations, now that the Yankee Colossus is not the only nation to fear, will undoubtedly show renewed vigor in the work of the United Nations. We're glad the secret is out. "It just ain't good" when any kid in the neighborhood has the only weapon to enforce his will upon the others.—The Ralls Banner.

REAL SECURITY

W. G. Vollmer, president of the Texas and Pacific Railroad, had some words for those who want "security," and expect the government to furnish it. Vollmer said that every dollar the government spends for security, that is to say, the providing for people out of work, old age, and so on, comes from the worker's pockets—not from any magic formula of creating wealth.

"If we insist upon our government setting itself up as a great and benevolent provider of security we must reconcile ourselves to the fact that whatever our government gives us, it must first take from us," he said. There, it seems to us, is a one sentence exposure of the whole fallacious idea of the welfare state, whether in Russia, or Utopia, or the United States.—Amarillo Daily News.

Carved in stone at Mount Rushmore in South Dakota are the faces of George Washington, Thomas Jefferson, Theodore Roosevelt and Abraham Lincoln.

Gayle's swallowed a bobby pin! When her two-year-old daughter swallowed a bobby pin late one evening, Mrs. Chenoweth rushed to the telephone—and this series of calls followed. She says that she wouldn't even try to guess what these calls were really worth to her. But she can tell you what her actual cost was—less than 2c each! Mrs. Chenoweth knows the cost because she kept an accurate record of all her telephone conversations, then checked it against her monthly bill. "I never realized before," she reports, "how much the telephone helps me run our house, keep in touch with our friends and meet emergencies. It's a real bargain!" To Mrs. Chenoweth's verdict, may we add: We're doing our best to make your telephone service a real bargain today... and to keep it growing in value every year. Southwestern Bell Telephone Company. What else gives so much for so little? Called Gayle's doctor. But he isn't home! Got our family doctor. Gayle's not choking, so no real danger! Gayle's doctor called. Bring her in for X-ray in the morning. Made an appointment for an X-ray. Home from X-ray. Called my husband. Gayle's fine! The phone rang the rest of the day—the family and friends calling to ask about Gayle. Mother, My sister-in-law, Dad, Mrs. W., My neighbor.

WE THOUGHT EVERYBODY KNEW REDDY!

A recent national survey showed that 20% of business-managed electric company customers either think their electricity comes from a government operation, or don't know what kind of company serves them.

That comes as quite a surprise! One out of every five customers didn't know who Reddy Kilowatt works for! We thought everybody knew that wherever you see Reddy you see the symbol of business management... free enterprise... in the service of all the folks in the community.

Yes, and that's what your Public Service Company is... a home-operated company... business managed... ever striving to bring more and more dependable, low-cost service for better living—electrically—to everyone.

Hear "HYMNS OF THE WORLD" each Sunday of 12:45 P.M. on YOUR PUBLIC SERVICE COMPANY NETWORK

SOUTHWESTERN PUBLIC SERVICE COMPANY 35 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

him the "leftovers" after we live the way we want to. Nor can we trust in our family or money or our country or anything we may possess. With David we cry that we may realize that we are "but men," and that we wrestle not against flesh and blood but against principalities, against powers, against rulers of darkness of this world, against spiritual wickedness in high places." Ephesians 6:12.

Life is truly a proving ground. How we use each moment is a test of fidelity. We cannot serve God and mammon.

"O Lord, our Lord, how excellent is thy name in all the earth."

L. L. Stuart and wife of Dallas visited his parents, Mr. and Mrs. W. O. Stuart of Lockney the past week end.

Methodist Mass Meeting at Lubbock October 20-21

LUBBOCK—One of 75 Methodist mass meetings across the nation for the advance for Christ and His church is scheduled to be held at First Methodist church here October 20-21. The Methodist Advance is a 4-year program stressing the study of faith, improvement in the local church program and an extension of missionary aid. Total financial goal for the four years is \$50,000,000.

Top flight speakers include Bishop Hazen G. Werner, of Columbus, Ohio; Bishop Ralph S. Cushman, St. Paul, Minn.; Mrs. Evelyn Mills Duval, executive secretary of the National Council on Family Relations, Chicago; Mrs. B. B. Wedmeyer, president of the Woman's Society of Christian Service, Waco; Dr. Warren Johnston, pastor First Methodist, Fort Worth; Call S. McFall, Conference lay leader, Frederick, Okla.; Bishop W. C. Martin, of the Dallas-Fort Worth area, will preside.

Mrs. Duvall will speak on "Rearing Our Children in the Christian Faith." Mr. McFall will speak on "Methodist Men and the Deepening of Christian Faith."

Women's work will be featured by Mrs. Wedemeyer, speaking on "Methodist Women and the Deepening of Christian Faith." Bishop Werner's subject is "Our Christian Conception of the Worth of Man."

Dr. Johnston will discuss the pastor's relation to the Advance. Bishop Cushman will conclude the meeting Friday noon with an address on "Our Faith in Christ."

The first morning session will open at 10 a. m., October 20, Bishop Martin leading the worship, with Mrs. Duvall and Dr. Johnston on the program. The afternoon session includes addresses and a forum.

Bishop Werner will speak Thursday evening at a mass meeting. Friday morning early communion will be observed, followed by addresses and forum, with adjournment at noon.

"In planning this program," Bishop Martin said, "we are bringing nationally known speakers to West Texas. An unusual attendance is expected from the plains country. The meeting is the first large-scale gathering in the four-year program of the Methodist Advance."

Soil Conservation News

The Board of Supervisors of the Floyd County Soil Conservation District met in special session for the purpose of reorganizing the board for the new fiscal year. Bert Bobbitt from the Lone Star community is the newly elected supervisor and will serve the regular term of five years. Cecil Purcell of Quitaque was elected chairman, Mr. Bobbitt, vice-chairman, W. F. Ferguson, secretary and W. H. Nelson treasurer. R. G. Dunlap is the other member of the board, having served as chairman for the last three years.

Applications for assistance were approved for the following farmers: Joe R. Thurston, who farms his mother's land south of Lakeview and Henry L. Kreis who is operating part of the Kreis estate on the Matador highway east of Floydada.

Agreements between the District and the following cooperators were also approved: E. M. Jackson, J. A. Miller, manager of Stringer land at Barwise, Henry L. Kreis, R. R. Kellison and G. T. Meriwether.

CARD OF THANKS

We take this method of thanking all of our friends and neighbors for the kindness and consideration shown Mr. Riggs during his illness. May God bless each and everyone of you is our prayer.

Mrs. Fred Riggs and Son.

WTSC Homecoming October 21-22

CANYON, (WNS)—Celebration of the annual West Texas State Homecoming will begin Friday, October 21 and last through Saturday, October 22. This was revealed in an announcement from the Steering Committee headed by Dr. Lee Johnson, professor at the College.

Planned to be the greatest Homecoming celebration in the history of the College, committees are well on the way to completion of work assigned them in rounding up details of the two-day festival.

Especially far in the completion stage is the mammoth parade which will move through downtown Canyon at 10 o'clock Saturday morning. Clubs, college organizations and business houses of Canyon are working feverishly on floats and entries trying to cop prize money set up by the Canyon Chamber of Commerce. The parade is headed by Ted Reid of the Veterans Administration, Jack Worsham, student association president, and Leroy Reeves, graduate assistant in History. Around 10 bands will participate in the parade.

Activities will start Friday night at 7 o'clock with the annual Homecoming bonfire. At 8 o'clock Friday evening the West Texas State Speech department will present a 3-act comedy, "The Tighwad."

Immediately after the parade Saturday morning, feeding of the barbecue to ex-students and

friends of the College will begin at the Tennis Courts north of the English building.

Just prior to the Homecoming football game between the Buffs and Trinity University of San Antonio, the football queen will be crowned at Buffalo Field.

Throughout the day clubs and organizations will hold coffees and smokers for exes.

At 8 o'clock Saturday night two big dances will start on the campus and last until final weary couples are ready to call it a day. A Western dance will be held in Burton Gym while at the same time, modern dancing

will start in the beautiful College Cafeteria.

Faculty members and boys from the athletic dormitories will trek to the ranch of the Terrell Christian near Claude this week to bring wood in to cook the barbecue.

President James P. Cornett has extended a personal invitation to each and every ex-student of West Texas State College to make plans now to return to the Canyon campus for the celebration. He has assured good weather so according to his 'come on in and join us for on of the biggest celebrations thi

NEW LOWER PRICES AT WHITE AUTO STORE

A recent re-organization of our operating procedure has enabled us to reduce prices on almost every item in our store. Most every item in our store has been reduced in price ranging from 2% to 30%, which means that you will save even more money than usual by shopping at your White Auto Store in Lockney.

We are striving constantly to make available to you better quality merchandise at lowest prices. Your patronage is helping us do that very thing and we appreciate your support.

Another important thing to remember is that your local White Auto Store is wholly owned and operated by local people who pay local taxes, support local schools, churches and roads, and trade with local merchants.

So why not keep shopping at White Auto Store and save?

What might have been a long continued human interest story was told in ten words in the classified column of one of our exchanges. The ad read: "For Sale, my wedding ring and all my furniture, cheap."
-oOo-

There is only one man in a thousand who has the qualities of a leader, that make other men follow him, but every good looking woman seems to have them.
-oOo-

Every town has some individual who thinks that the community parking problem can be solved in the town. This, notwithstanding the fact that no town of any consequence has yet solved it. The thing that makes it difficult is that too many people park their car in the morning in front of a business place and there it sets all day. If each one when he had finished at a particular store would move his car to a side street and give his neighbor a chance there would be plenty of room. As it is there just isn't street space enough in any city to make parking space for every one at the same time. The parking problem won't be solved in any town until car drivers get the idea of dividing the parking space with their neighbors.
-oOo-

Many older and partially handicapped workers are good, so says a coming report made jointly by the U. S. Chamber of Commerce and the National Association of Manufacturers. The report states that the older workers as a whole, show less absenteeism, lower turn over, better habits, better quality of work and more pride in workmanship. A copy of the report may be secured from the U. S. Chamber of Commerce, Manufacture Department, Washington, D. C. Ask for "Employment of Physical Handicapped and Other Workers."

I have a community interest with England, a local man said the other day, ever since I heard about her dollar shortage. I hope though, that in our efforts to relieve the mother country of this embarrassing situation, that the boys in Washington don't do things that will give us all the same kind of a shortage

CRIMINAL LAWYERS ARE OBJECTIONABLE AS CRIMINALS

The News has repeated time and again throughout the years that the criminal laws of Texas are a farce. It is almost impossible to convict any criminal regardless of his crime.

The smart criminal lawyer knows all the loopholes which are made possible by the laws of the state, as well as all the silly opinions which have been handed down by the Court of Criminal Appeals in its effort to lean backward to defend the criminal.

The Newsman seldom hangs around the court house while criminal cases are being tried. We do not care for the air of evasion and sometimes down right deceit which goes with criminal cases. We can pick up the prevailing feeling which exists among the spectators who are drawn into the court room.

If we ever commit any kind of a major crime—which we hope will never be done—we would rather have the case in a Texas court than in any state in the union. Here the populace turns thumbs down on the rights of the people and upholds the criminal.

It is a very, very unsavory situation, and nothing can be done about it without a radical reform in our criminal laws and

our criminal practices. Perhaps the smart lawyers would still be able to figure out a way to defeat justice.

We are sometimes convinced that the criminal lawyers of Texas are as much criminal as those who are on trial.—The Canyon News.

RUSSIA HAS A BOMB SO WHAT?

Last week's announcement that Russia had exploded an atomic bomb caused the reaction intended. It sent military men huddling, and up on Capitol Hill Congressmen looked down their noses twice before doing any cutting on a huge military appropriation bill.

It is significant that on the eve of the debate on military appropriations the information should be made public that, at long last, Russian has caught up on atomic data. It is also significant that although the Russians seem to have had the secret since 1947, our highly vaunted intelligence didn't know it until two years later. Frankly, the only alarm we feel is know- ing another nation possesses the bomb (maybe) is the wave of hysteria bound to engulf the American people. Snowed under by scare headlines, there is little doubt but that popular support will be found for the huge sum of money that will be asked for military needs.

Our frank opinion about the alleged "news" of Russia having a bomb is a resounding "So What?" The United States has no corner on a scientific achievement, and because the one drop-

ped at Hiroshima bore the legend "Reg. U. S. Pat. Off." doesn't spell "hands off" to international scientists.

Americans are now getting a taste of what the rest of the world felt when it discovered we possessed an Extinction Plan. Perhaps the Russian peasant felt a bit ill at ease knowing that an A-bomb was ours and that we were tooling up for war against the Soviet Union.

It is our belief that the entire world will relax and breathe easier now that the atomic cat is out of the bag. This nation is liable to resort to conciliatory instead of military gestures against other nations. Russia has already shown a renewed interest in international control of atomic energy. Other nations, now that the Yankee Colossus is not the only nation to fear, will undoubtedly show renewed vigor in the work of the United Nations.

We're glad the secret is out. "It just ain't good" when any kid in the neighborhood has the only weapon to enforce his will upon the others.—The Ralls Banner.

REAL SECURITY

W. G. Vollmer, president of the Texas and Pacific Railroad, had some words for those who want "security," and expect the government to furnish it. Vollmer said that every dollar the government spends for security, that is to say, the providing for people out of work, old age, and so on, comes from the worker's pockets—not from any magic formula of creating wealth.

"If we insist upon our government setting itself up as a great and benevolent provider of security we must reconcile ourselves to the fact that whatever our government gives us, it must first take from us," he said. There, it seems to us, is a one sentence exposure of the whole fallacious idea of the welfare state, whether in Russia, or Utopia, or the United States.—Amarillo Daily News.

Carved in stone at Mount Rushmore in South Dakota are the faces of George Washington, Thomas Jefferson, Theodore Roosevelt and Abraham Lincoln.

Before building their first airplane, the Wright brothers were in the bicycle business.

Milk for human consumption is obtained from the cow, goat, reindeer, yak, zebu, buffalo, camel, llama and sheep.

Gayle's swallowed a bobby pin!

When her two-year-old daughter swallowed a bobby pin late one evening, Mrs. Chenoweth rushed to the telephone—and this series of calls followed. She says that she wouldn't even try to guess what these calls were really worth to her. But she can tell you what her actual cost was—less than 2c each! Mrs. Chenoweth knows the cost because she kept an accurate record of all her telephone conversations, then checked it against her monthly bill. "I never realized before," she reports, "how much the telephone helps me run our house, keep in touch with our friends and meet emergencies. It's a real bargain!"

To Mrs. Chenoweth's verdict, may we add: We're doing our best to make your telephone service a real bargain today . . . and to keep it growing in value every year. Southwestern Bell Telephone Company.

What else gives so much for so little?

Called Gayle's doctor. But he isn't home!

Got our family doctor. Gayle's not choking, so no real danger!

Gayle's doctor called. Bring her in for X-ray in the morning.

Home from X-ray. Called my husband. Gayle's fine!

Made an appointment for an X-ray.

The phone rang the rest of the day—the family and friends calling to ask about Gayle.

WE THOUGHT EVERYBODY KNEW REDDY!

A recent national survey showed that 20% of business-managed electric company customers either think their electricity comes from a government operation, or don't know what kind of company serves them.

That comes as quite a surprise! One out of every five customers didn't know who Reddy Kilowatt works for! We thought everybody knew that wherever you see Reddy you see the symbol of business management . . . free enterprise . . . in the service of all the folks in the community.

Yes, and that's what your Public Service Company is . . . a home-operated company . . . business managed . . . ever striving to bring more and more dependable, low-cost service for better living—electrically—to everyone.

Methodist Mass Meeting at Lubbock October 20-21

him the "leftovers" after we live the way we want to. Nor can we trust in our family or money or our country or anything we may possess. With David we cry that we may realize that we are "but men," and that we wrestle not against flesh and blood but against principalities, against powers, against rulers of darkness of this world, against spiritual wickedness in high places." Ephesians 6:12.

Life is truly a proving ground. How we use each moment is a test of fidelity. We cannot serve God and mammon.

"O Lord, our Lord, how excellent is thy name in all the earth."

L. L. Stuart and wife of Dallas visited his parents, Mr. and Mrs. W. O. Stuart of Lockney the past week end.

LUBBOCK—One of 75 Methodist mass meetings across the nation for the advance for Christ and His church is scheduled to be held at First Methodist church here October 20-21.

The Methodist Advance is a 4-year program stressing the study of faith, improvement in the local church program and an extension of missionary aid. Total financial goal for the four years is \$50,000,000.

Top flight speakers include Bishop Hazen G. Werner, of Columbus, Ohio; Bishop Ralph S. Cushman, St. Paul, Minn.; Mrs. Evelyn Mills Duval, executive secretary of the National Council on Family Relations, Chicago; Mrs. B. B. Wedmeyer, president of the Woman's Society of Christian Service, Waco; Dr. Warren Johnston, pastor First Methodist, Fort Worth; Call S. McFall, Conference lay leader, Frederick, Okla. Bishop W. C. Martin, of the Dallas-Fort Worth area, will preside.

Mrs. Duvall will speak on "Rearing Our Children in the Christian Faith." Mr. McFall will speak on "Methodist Men and the Deepening of Christian Faith."

Women's work will be featured by Mrs. Wedmeyer, speaking on "Methodist Women and the Deepening of Christian Faith." Bishop Werner's subject is "Our Christian Conception of the Worth of Man."

Dr. Johnston will discuss the pastor's relation to the Advance. Bishop Cushman will conclude the meeting Friday noon with an address on "Our Faith in Christ."

The first morning session will open at 10 a. m., October 20, Bishop Martin leading the worship, with Mrs. Duvall and Dr. Johnston on the program. The afternoon session includes addresses and a forum.

Bishop Werner will speak Thursday evening at a mass meeting. Friday morning early communion will be observed, followed by addresses and forum, with adjournment at noon.

"In planning this program," Bishop Martin said, "we are bringing nationally known speakers to West Texas. An unusual attendance is expected from the plains country. The meeting is the first large-scale gathering in the four-year program of the Methodist Advance.

Soil Conservation News

The Board of Supervisors of the Floyd County Soil Conservation District met in special session for the purpose of reorganizing the board for the new fiscal year. Bert Bobbitt from the Lone Star community is the newly elected supervisor and will serve the regular term of five years. Cecil Purcell of Quitaque was elected chairman, Mr. Bobbitt, vice-chairman, W. F. Ferguson, secretary and W. H. Nelson treasurer. R. G. Dunlap is the other member of the board, having served as chairman for the last three years.

Applications for assistance were approved for the following farmers: Joe R. Thurston, who farms his mother's land south of Lakeview and Henry L. Kreis who is operating part of the Kreis estate on the Matador highway east of Floydada.

Agreements between the District and the following cooperators were also approved: E. M. Jackson, J. A. Miller, manager of Stringer land at Barwise, Henry L. Kreis, R. R. Kellison and G. T. Meriwether.

CARD OF THANKS

We take this method of thanking all of our friends and neighbors for the kindness and consideration shown Mr. Riggs during his illness. May God bless each and everyone of you in our prayer.

Mrs. Fred Riggs and Son.

WTSC Homecoming October 21-22

CANYON, (WNS)—Celebration of the annual West Texas State Homecoming will begin Friday, October 21 and last through Saturday, October 22. This was revealed in an announcement from the Steering Committee headed by Dr. Lee Johnson, professor at the College.

Planned to be the greatest Homecoming celebration in the history of the College, committees are well on the way to completion of work assigned them in rounding up details of the two-day festival.

Especially far in the completion stage is the mammoth parade which will move through downtown Canyon at 10 o'clock Saturday morning. Clubs, college organizations and business houses of Canyon are working feverishly on floats and entries trying to cop prize money set up by the Canyon Chamber of Commerce. The parade is headed by Ted Reid of the Veterans Administration, Jack Worsham, student association president, and Leroy Reeves, graduate assistant in History. Around 10 bands will participate in the parade.

Activities will start Friday night at 7 o'clock with the annual Homecoming bonfire. At 8 o'clock Friday evening the West Texas State Speech department will present a 3-act comedy, "The Tighwad."

Immediately after the parade Saturday morning, feeding of the barbecue to ex-students and

friends of the College will begin at the Tennis Courts north of the English building.

Just prior to the Homecoming football game between the Buffs and Trinity University of San Antonio, the football queen will be crowned at Buffalo Field.

Throughout the day clubs and organizations will hold coffees and smokers for exes.

At 8 o'clock Saturday night two big dances will start on the campus and last until final weary couples are ready to call it a day. A Western dance will be held in Burton Gym while at the same time, modern dancing

will start in the beautiful Lege Cafeteria.

Faculty members and boy from the athletic dormitories will trek to the ranch of the Terrel Christian near Claude this week to bring wood in to cook the barbecue.

President James P. Cornett has extended a personal invitation to each and every ex-student of West Texas State College to make plans now to return to the Canyon campus for the celebration. He has assured good weather so according to his 'come on in and join us for one of the biggest celebrations thi

ASTHMA --

WHY TREAT ASTHMA? REMOVE THE CAUSE!

STORY: Male; Age 65; Oct. 25, 1947:

General asthma attacks each year especially in late fall. The last one was more severe, lasting for over five months, and had to sleep in a heart became affected. I consulted a CHIROPRACTIC and received miraculous results. My heart returned to normal resting in comfort, and regained strength. All asthma sufferers to try CHIROPRACTIC as

CHIROPRACTIC .. has restored HEALTH to millions and has grown to be the foremost drugless health science of all time.

by Bonita Glover

Mr. and Mrs. W. B. Mitchell entertained relatives Sunday. Their son, Dub Mitchell, of Fort Worth, was among those present. Mr. and Mrs. W. B. Mullins spent the week-end in Portales, N. M. with their daughter, Mrs.

B. H. Denton. Little Lynn Denton accompanied her grandparents home for several days visit. Harold Woolsey of Canyon was a guest of Mr. and Mrs. W. B. Mitchell Sunday. Misses Wanda Jack and Bonita Glover spent Thursday night in Lockney with Miss Annie Murphy. Mr. and Mrs. W. B. Mitchell

made a business trip to Lubbock Tuesday. Mr. and Mrs. G. P. Nelson, Ella Mae Buchanan and Barbara Jo Hanks spent Sunday in Plainview. Mr. and Mrs. Everett Rivers and family, Mr. and Mrs. Lemuel Jones and family, and Mr. and Mrs. V. E. Penin and daughter, went to the circus in Floydada Saturday. Mr. and Mrs. C. B. Humphrey entertained Mr. and Mrs. Everett Rivers and Ruth Ann with a luncheon Sunday. Leon and Arvel Glover went to Canyon Saturday night to see the football game. Mrs. Jack Bickley and little daughter, Jackie of Plainview, visited with Mrs. Bickley's mother, Mrs. Sam Jack recently. Mr. and Mrs. A. M. Hanks lunched in the M. O. Buchanan home Sunday. Mr. and Mrs. Jessie Foster and family went to the anniversary party of Mr. and Mrs. Fred Fortenberry of South Plains on Saturday night. Mr. and Mrs. L. L. Rhodes visited in Tulia Sunday with Mrs. Rhode's brother, C. R. Newman. Mr. and Mrs. Ernest Johnston entertained Mr. and Mrs. V. E. Penix with a luncheon Sunday. Mr. and Mrs. L. L. Rhodes made a business trip to Wichita Falls and Mineral Wells last week. Gene Albright is working as agent in Mr. Bond's place while Mr. Bond is on his vacation. Mr. Albright is of Plainview. Mr. and Mrs. G. A. McAdams were guests in the L. A. Claborn home Monday night. Mr. and Mrs. A. H. Suiter are in Amarillo because of the illness of Mr. Suiter's mother. G. E. Patterson, who has been ill, made a trip to Wichita Falls to go through the clinic recently. Mr. and Mrs. A. R. Glover and family went to Kress Sunday to visit with Mrs. Glover's sister, Mrs. J. S. Hayes. Arvel Glover made a business trip to Silverton Saturday. Mrs. Goldie Cypert of Lubbock and Mrs. Homer Ray Cypert of Cedar Hill, visited with their friend, Mrs. Emmet Johnston one day last week.

Southwestern Host To 4-H Boys, Girls

Thrills, fun, food, and a great deal of useful information were furnished a selected group of 4-H Club boys and girls and their respective Extension Agents Saturday at Plainview when the Southwestern Public Service Company had its "Farm Electrification Field Day." One boy and one girl from counties in the area served by the Texas Utility Company were invited to participate in the activities of the day. The day's program was interesting from the time the guests registered at the Administration building of the Hale County Airport in the morning until the end of the day. An aerial tour of the Agricultural area of the Panhandle probably furnished the most excitement and each youngster saw how his town and own farm looked from the air. The tour through Tuco power station that generates most of the electrical power for this part of Texas was no less amazing to all concerned. Two films "Running Water on the Farm" and "Reddy made Magic" were shown while the group was waiting for their turns to fly or make the Tuco plant tour. The banquet served at noon as another courtesy to the guests was another enjoyable part of the day's program. The meal was served at the Odd Fellows' Hall by the Rebecca Lodge. Mr. Earl Lewis and Mr. Dan Castles of the Southwestern Public Service at Plainview welcomed the guests. Miss Kate Adele Hill, District Agent for the Extension Service, also expressed the appreciation of the Extension Service for the many courtesies and helps given by the Southwestern Public Service. She then introduced Miss Margaret Weeks, Dean of the Home Economics Division of Texas Technological College, who spoke on "Better Home Living."

Proclamation

WHEREAS, All Business and Professional Women's Clubs, local, state and national, will observe the twenty-third anniversary of "Business Women's Week." Oct. 9 to 15, and the theme selected for this year is "Boost Your City and It Will Boost You"; and Whereas, it is fitting at this time to commend Business Women for the manner in which they have assumed the increased duties and responsibilities that come with the greater privileges and other opportunities of the century; and Whereas, the Business Women should be encouraged and urged to continue assuming the obligations of citizenship to the end that through the united efforts of men and women alike the problem of Democracy may be solved; and Whereas, in recognition of the good that the Business Women are accomplishing, National Business Women's Week has been heralded by the Chief Executive of the United States, the governors of the states and the mayors of all cities. NOW, THEREFORE, I, G. M. Brunnier, Mayor of the City of Lockney, Texas, do hereby proclaim the week of Oct. 9 to 15 as NATIONAL BUSINESS WOMEN'S WEEK and do urge that it be fittingly observed by all in our City. GIVEN UNDER MY HAND AND SEAL OF THE CITY OF LOCKNEY, This the 10th day of October, AD, 1949.

G. M. BRUNNIER, Mayor.

Mrs. Jean Engle, the former Jeane Suits, visited Mr. and Mrs. Payton Powers here last week. Mrs. Engle, who now lives in Chicago, is visiting her parents, Mr. and Mrs. J. L. Suits at Petersburg.

This "Farm Electrification Field Day" was held to create more interest in the uses of electricity on the farm and interest more 4-H Club members in the Better Methods Electric Contest. Those attending the Field Day from Floyd County were Jean Porter and Troy Lee McNeill from the Floydada 4-H Clubs, Miss Lelia Petty, Co. Home Demonstration Agent, and Edd C. McLeroy, Assistant Co. Agricultural Agent. They thought Mr. Lewis and Mr. Don Castles were wonderful hosts, and also appreciated Mr. Bob Dyer of the Tuco plant who conducted their group through the plant. Troy Lee is Floyd County's entry in the State Better Methods Electric Contest, and Jean was chosen to go on this trip because of her outstanding record in her 4-H Club work.

FIRE PREVENTION WEEK

Lives of thousands of Americans—men, women and children—are destroyed each year by fire and countless others suffer permanent disability from the same cause. Preventable fires destroy an untold amount of natural resources and of private and public property. In proclaiming fire prevention week, President Harry S. Truman has requested that a campaign against destructive fires be launched by individuals and organizations. The President has designated the week of October 9-15, 1949 as Fire Prevention Week. The Secretary of Agriculture has pointed out the \$100 million loss caused by fires on farms and approximately 3500 farm people lose their lives each year in farm fire. Ninety percent of these fires are regarded as preventable. He further asserts that if all of us do our part, we can help reduce materially the toll on life and property. An orphan car is one that is no longer manufactured.

Tech Homecoming This Week End

LUBBOCK — Winston Churchill, Roy Rogers, and Joan Crawford may be among the 8,000 visitors expected on the Texas Technological college campus October 14-15 for the annual Homecoming celebration.

The trio with the famous names are former Tech students. They've been invited — along with 51,000 other ex-students — to attend the parade, Baylor-Tech football game and other events scheduled during the crowded week-end.

Invitations for other famous students with names that have a celebrity "ring" include Mrs. John Q. Adams, Betty Davis and Mrs. Paul Revere.

Mrs. M. P. Bales and baby, Jackie, and Miss Patricia Johnson of Albuquerque, N. M. were week-end visitors in the J. R. Johnson home the past week.

Watch your expiration date.

NATIVE OF CHILE IS WAYLAND PROF.

A linguist with seven languages to his credit arrived at Wayland College Friday, October 7 to become Associate Professor of Foreign Languages.

Jose D. Arevalo, a native of Chile, came to Wayland from Northwestern State College of Louisiana where he has been teaching. He received his MA degree at Carroll College, and went to Yale University for his graduate work.

Arevalo has 81 graduate hours in five languages. He has studied French, English, Spanish, German, Greek, Hebrew, and Latin. He is expected to begin teaching his classes sometime next week.

Mrs. Blonda Woodward is the present Professor of Foreign Languages here.

Onions contain an oil similar to that used in tear gas bombs.

Holes in Swiss cheese are formed by gases that result from fermentation.

Longhorns Beat Tulia 20-0 Friday

The Lockney Longhorns, with several members of the team crippled, still played good enough to wallop the Tulia Hornets 20-0 last Friday night at Tulia.

With big Delbert Shearer, star tackle, still nursing an injured hand, and first string end Bobby Baxter out of the game for several weeks with an injured knee, substitute end Sid B. Thomas ran into the side of a car Friday afternoon after school and was injured to the extent that he was unable to play Friday night. However, Jerry Paul Cooper, with no special practice during the week for the position and with very little actual game experience, went in and did a nice job of holding down the end position.

As if that wasn't enough, Ray Ferguson, one of the backfield aces, hurt his ankle in the early part of the game and didn't get to play a great deal of the time.

But the Longhorns went on to convince the Swisher County boys that they had what it takes and not only scored the most but had a big edge in statistics also.

Statistics showed the following:

	Lockney	Tulia
Yards rushing	206	150
Yards lost	15	22
Net yards	191	128
First downs	13	9
Passes attempted	3	5
Yards passing	36	0
Passes Intercepted	1	0
Yards penalized	80	55
Punts	1	4
Average yards	30	20
Fumbles	3	2
Fumbles recovered	1	4

The game was marred to some extent by the great number of penalties, most of those on the Longhorns being for off-sides.

Strickland, Ferguson, Smart, Mac Howard, Stanley Conner and Norton Baker all starred in the backfield, offensively and defensively. Strickland, Ferguson and Smart did most of the ball carrying and did a swell job of it.

The line was off some on its blocking but showed improvement over the Abernathy game. The boys were blocking hard at times and showed what they could do when they wanted to.

Following is a brief summary of the game:

Tulia received returning to their own 22. They made 1, 8 and 3 for a first on the 34, and then made 11 more for a first on the 45. They made 6, 0, and 3 and then kicked with Smart returning the ball to the Lockney 34. The Longhorns made 12 for a

first, made 3 and then fumbled and a Tulia player covered the ball on the 49. The Hornets made 0, a fumble lost 2 and then they were penalized 15. They made 10 and kicked to the Lockney 34. The Longhorns started a drive here, first on their own 38 in three plays, made 8 more, were penalized 5 and then a first on the Tulia 38 in three a first on the Tulia 26. They made 7, were penalized 5, and then Smart dropped back and passed to Mac Howard who lateraled to Strickland who carried over for the score standing up. Strickland plunged for the point to make the score 7-0.

Tulia received and returned to their own 36, made a first on their own 47 in three plays, and another first on the Lockney 42 and then another on the Longhorns 32. However here the Longhorn line stiffened and the Hornets lost 1, made 1 and made 4 and then attempted a pass on fourth down which fell incomplete. The Longhorns took over on their own 38 and were penalized 15 for roughing from the point of the infraction, giving them the ball on their own 31. They immediately made a first on their own 43, made 5 and then Smart carried to the Tulia 43 for another first down. The Longhorns made 5 and then fumbled with Tulia recovering the ball on their own 47. The Hornets made 3, attempted a pass, the Longhorns were penalized 5, and they made a first down on the Lockney 38 yard line.

The Hornets were penalized 5 and then attempted a pass which C. B. Smart intercepted and returned to his own 36 yard line. The Longhorns lost 10, made four and then were penalized 5. Needing 21 yards for a first on the third down, Smart took off around end and with the help of some nice blocking, carried the ball to the Lockney 48 for a first a sthe half ended.

The Longhorn band performed at the half time, forming a letter T in front of the Tulia stands and a letter L in front of the Lockney stands. They marched smartly and played nicely for the crowd.

Tulia again received the kick off and returned to their own 19 yard line. They made 6, were penalized 15, made 6 and 3 and then attempted a kick which was partially blocked with the Longhorns taking over on the Tulia 31. The locals were penalized 5, made 7, 4, 3 and 2 for a first on the Tulia 20, they made 2, 6, were penalized 5, made nothing and then on fourth down, Strickland passed to Charles Crouch, end, for the score. The point was nullified by an offside penalty and the second try failed. Score 13-0.

Tulia received, returned to their own 28, made a first on the 38, made 4, lost 3 and then lost 13, kicking to the Lockney 45. The Longhorns promptly made a first on the Tulia 32 and another on the 17. Strickland made 4, Ferguson 7 for a first on the Tulia 6 and then Ferguson went through the left side of the line for the score. The first point was again nullified by a penalty and Smart took off around end for the second try and made it. Score 20-0.

Tulia received and returned to their own 28. They failed to gain sufficiently and kicked to Smart who took the ball on the fly and returned to his own 47 yard line. Tulia was penalized 15 yards here for roughness from the point of the infraction, giving the Longhorns the ball on the Tulia 31. The Longhorns made 3, were penalized 5, were penalized 15 and fumble lost 5. They made 4 and then the kick by Smart over the goal line was nullified and the Longhorns given another 5 yard penalty.

Smart kicked out on the Tulia

26 at this point. The Hornets attempted an end sweep and little Norton Baker, subbing for Ray Ferguson at the line backer post, broke through and threw the ball carrier for a three yard loss. A pass was incomplete, also due to Baker's play, and the Hornets kicked to the Lockney 44. The Longhorns made 3, 1, were penalized 5, made 9 for a first on the Tulia 44, and then Strickland broke loose to the Tulia 20 but the play was nullified by a penalty of 15 yards on the Longhorns. Mac Howard promptly made 13 of that back. A pass was incomplete and Tulia took the ball, making a first down in midfield

as the game ended.

Contract on Baker Road Is Let

Contract was let first of this month by the Floyd County Commissioners Court to Ernest Lloyd of Fort Worth for the paving of the Baker-Pleasant Hill road in Southeast Floyd County.

The road, slightly more than seven miles, will be paved for a sum of \$52,321.85. The money will come from the county's \$500,000 road bond issue.

Doughnuts have holes in the center to keep them from becoming soggy.

THE Humboldt STALK CUTTER

IT CHOPS AND SHREDS STALKS FOR CLEAN PLOWING

Everybody's talking about the famous Humboldt Stalk Cutter, which does such a wonderful job of chopping up and shredding corn, cotton, maize and other stalks. At the same time spreading them evenly in the field, all ready for REALLY PLOWING THEM UNDER, the kind of plowing which—

- BUILDS UP SOIL**—through nitrogen and other soil nourishment in stalk remnants.
- HELPS CONTROL CORN BORER, BOLL WEEVIL, etc.**—by enabling a thorough, clean job of plowing, thereby stopping reinfestation.

Investigate The HUMBOLDT CUTTER

Tractor-driven and power-takeoff-driven. Double blades (4 knives each) whirl 1,000 R.P.M., cut and mangle stalks into small bits. Blades supplied either with straight edge cutting knives or swaging hammers. Adjustable cutting height. GUARANTEED AGAINST FAULTY WORKMANSHIP AND MATERIAL.

FREE DEMONSTRATION

We will be glad to give you a demonstration of this Stalk Cutter without obligation. Call or see us.

COTTON TRAILERS

We have 4-wheel trailers with cotton frames and grain boards, complete with tires, priced at only — \$300.00.

Rural Roads Assn. Officers Elected

The Floyd County Rural Roads Association completed its organization set up last week and prepared for a drive for members. Other than G. C. Tubbs, president, and G. N. Shirey, treasurer, previously elected, the officers are M. W. Wiley, Lockney, vice-president; and J. M. Willson Jr., secretary. Three directors from each of the four commissioners precincts were also named. They are:

- Precinct 1: Wesley Carr, Roy Wilks, Sidney Johnston.
- Precinct 2: H. C. King, Marvin Cox, Jack Dollar.
- Precinct 3: Billie Stanforth, Jr., Syd Brown, E. C. Garrett.
- Precinct 4: A. H. Kreis, W. Earl Edwards, Ralph Johnston.

The organization was completed at a meeting at the high school auditorium in Floydada Thursday night, September 29. Goal of the county organization is 1,000 members with membership fee set at \$1.00 or more if the joiner wishes to give more.

Purpose of the organization here and over the state is to urge passage of a natural resource tax at the next session of the legislature.

R. D. Nelson Is Critically Hurt

R. D. Nelson, 32, of Floydada, was critically hurt last Friday night when the car in which he was riding overturned on a curve four miles west of Petersburg. He was treated in the Plainview Sanitarium.

Four other Floydada men in the car were treated for minor hurts but none were serious.

Another accident for Floydada people happened the same night a quarter mile west of Petersburg when the car struck the rear of a pick-up which parked off the pavement. The driver, Jerry Bob Harrison, suffered a broken arm and bruises. Others, including the boy's mother were treated for minor injuries.

Both cars were enroute to the Floydada - Abernathy football game. It was reported.

Mrs. M. E. Steele of Ruidoso, N. M., came Monday to spend the week with her daughter, Mrs. Henry Hodel and Mr. Hodel.

Mrs. Warren Kirkland of Roscoe, Texas, is here visiting her niece, Mrs. Frank Perkins and Mr. Perkins.

\$112,000 Cash Prizes Offered at Sw Stock Show in Ft. Worth

Approximately \$112,000 in cash awards will be offered by the 1950 Southwestern Exposition and Fat Stock Show, which will open January 27 and extend through February 5.

The scene of the Fort Worth exposition will be the Will Rogers Memorial Coliseum and the cluster of buildings which give the show a plant unsurpassed in America for beauty and facilities.

In line with the steady, year-by-year progress carried out by the officials and board of directors, a number of improvements will be noted by the visitors. A new feed building and a second judging and auction arena have been constructed. Other structures added in the past few seasons include six livestock buildings extending over a 950-foot frontage and connected by a covered corridor; the horse show building, with space for 600 animals, and the pen and carload lots building, these structures representing an outlay of around \$2,000,000.

Mud has been banished through the paving of walks, roadways and parking areas.

Premiums in the Hereford divisions aggregate \$15,800; Aberdeen-Angus, \$8,680; Shorthorns, \$3,760; Polled Herefords, \$2,000 and Brahman, shown competitively for the first time last year, \$2,000.

Winners in the fat steers open classes, will receive \$3,045.

The horse show awards will approximate \$23,000, apportioned among the gaited horses, walking horses, road horses, Hackney ponies, hunters and jumpers, cutting horses, quarter horses, Palominos and Shetland ponies.

Most daring and skilled of cowboys will compete in the rodeo, always a picturesque and exciting part of the Stock Show. In fact, the Fort Worth exposition originated the indoor rodeo, the first the world had ever seen being 1917.

Dairy cattle will compete for \$3,598. In the swine department, \$8,720 is offered; sheep \$3,641; poultry and rabbits, \$2,000. Prizes in the boys' livestock show total \$7,650.

Premium lists are going out to 5,000 prospective exhibitors. Entries in the cattle, sheep and swine departments must be in the show's general office by December 12. Entries bearing that day's postmark will be accepted. Exhibitors are urged to make their entries as early as possible so they can be shown in the official catalog and so that stalls can be assigned. Entries are free but charges are made for stalls and pens.

Deadline for horse show entries is January 5.

Officials of the Southwestern Exposition and Fat Stock Show are Amon G. Carter, chairman of the board; W. R. Watt, president; Ernest Allen, vice president; Marshall A. Fuller, treasurer, and Mayor Edgar Deen, secretary-general manager.

Watermelons are white inside until they are cut and air oxidizes the meat, turning it red.

Statistics say that tea is the most popular beverage in the world.

Air Propulsion Soon May Power Barges in Italy

ROME—Airplane propellers soon may be used to power barges plying Italy's northern inland waterways.

In this way it is proposed to make use of the old Venetian canals whose walls, built centuries ago, could not resist the wash from conventional underwater screws.

The idea of using air propulsion was presented to the recent inland waterways conference in Padua by Prof. Luigi Sante Darios, who has made a long study of the problem of adapting the ancient waterways to modern navigation needs.

Man Never Cashed Pay Checks for Five Years

WEST CHESTER, PA.—When 70-year-old Harry G. Lamborn died, unopened weekly pay envelopes dating back to 1944 and containing a total of \$291, were found in his one-room apartment.

Lamborn, a former factory worker, hoarded the envelopes in a paper box.

His will, written on a scrap of wrapping paper, left \$2,500 of his estate to Mrs. Mary A. McLearn, his landlady. Attorneys said the residue probably would be divided among Lamborn's nine first cousins.

MRS. ORAN SMITH ATTENDS LECTURES

Mrs. Oran Smith went to Amarillo this past Wednesday to attend the John W. Schaum lectures at the Tolzien Music Store. Mr. Schaum was at his best in his very interesting and informal lectures. He stressed the modern trend in piano pedagogy. There were fifty or more teachers from the surrounding towns to attend the lectures.

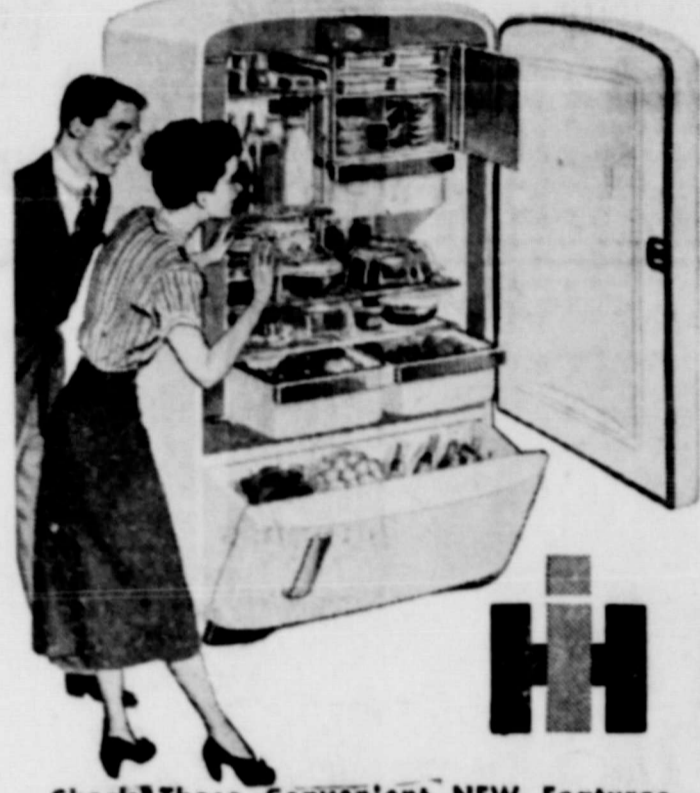

Mr. Schaum has gone quite at length to simplify the more difficult music from such great masters as Mozart, Chopin, Bach, and Czerny. This work is being

accepted by the State Department of Music.

Mrs. Smith has received the State Department of Music requirements for music pupils to get credit for their work, and she is now classifying her pupils relative to the curricula as sent her by Miss Nell Parmelee, State Music Supervisor. High School pupils may receive one half credit for their music if they pass the examination which will be given them next spring.

George Washington owned a set of the third edition of the Encyclopaedia Britannica.
