Child Labor Law s Clarified

A press release this week from
e U. S. Department of Labor
ealed the following facts con-
erning the recently enacted
child labor law, which has caused
so much concern among farm-
ers of this area recently:

1. The law does apply to agri-
culture when crops are produced
hich go into interstate or for-
eign commerce, which cotton
oes.

2. Children under 16 years of
age must not be employed dur-
ng school hours, which means
ours when school in the dis-
trict where the employer lives
is in session.

3. No restriction is set on
children outside of school hours.
4. The farmer is responsible
for finding out the correct age
of the child. Usually a certificate
from the U. S. Department of
Labor at Dallas must be obtain-
ed.

5. A farmer's own children are
not affected by the law.
6. The farmer is responsible
for the child working on his
farm whether hired directly by
him or by a contractor or pro-
cessor.

7. Penalty may be up to \$10,
000 fine for first offense.

1007 Are X-rayed Here Wednesday

Probably some sort of a record
for towns of comparative size
was made in the one-day x-ray
survey here Wednesday of last
week. A total of 1007 were x-ray-
ed in Lockney on that day by
the mobile x-ray unit of the
State department of Health. At
Floydada 1015 were x-rayed Fri-
day and Saturday to bring the
county total to 2022.

Mrs. M. W. Wiley, local chair-
man of the x-ray survey was
praising highly every member of
the local committees this week.
She expressed her appreciation
for their work and told The
Beacon, "Every member of the
committee worked at the job and
I consider this an outstanding
record for a town this size."

The show rooms of the Lock-
ney Auto Company was the lo-
cation of the x-ray machine.
Two registration tables were set
up and ladies were kept busy
most of the day registering the
people. At times the show room
was crowded with those waiting
to be x-rayed.

The county total of 2022 ex-
ceeds by about 200 the county
total of x-rays made last year
when the unit was set up at
Floydada for a three day period.

Longhorns Take District Lead

The Lockney Longhorns took
undisputed lead in the gridiron
race of District 3-A as a result
of games played last Friday
night.

The Longhorns eased by Tullia,
winning the 6-6 tie game on
first downs since penetrations
were also even at 2-2.

Abernathy swamped the Floy-
dada Whirlwinds 33-0 in a tilt
played at Floydada, leaving the
Winds without a district win so
far.

Spur took a surprise win over
the Paducah Dragons 20-6 in
spite of the fact that the Drag-
ons had all the best of the sta-
tistics. The Dragons outgained
the Bulldogs both on the ground
and in the air, but Spur put the
yardage together where it coun-
ted.

The Ralls Jackrabbits lost a
close game to the Post Antelopes
21-14 in a non-district contest.

The Crosbyton Chiefs broke
into the win column with a 12-0
decision over Boys Ranch, another
non-district contest.

Following is the standings of
the district with points counted:
Team W L Pts. Ope.
Lockney 3 0 72 33
Tullia 2 1 47 27
Paducah 1 1 38 27
Spur 1 1 27 13
Ralls 1 1 33 32
Abernathy 1 1 43 13
Floydada 0 2 0 52
Crosbyton 0 2 21 85

This Week's Schedule:
Floydada at Paducah
Crosbyton at Abernathy
Lockney at Spur
Dimmitt at Tullia (non-district)
Ralls open date.

Brian Jerseys Win At Fair

Jack Brian's Jerseys won three
places at the Panhandle-South
Plains Fair at Lubbock last
week, two firsts and one second.
Jack showed four animals at
the fair.

Two milking cows won first
and second place in the 3 year
old registered Jersey class while
a Junior Jersey Heifer won first
in her class against a field of
21 entries.

Lions Hear Football Rules Discussed

The Lockney Lions Club is
better informed on football rules
and regulations since their Mon-
day night meeting. A thorough
discussion by Lion O. B. Wil-
banks assisted by Lion Bud Dean
and Mr. Wiley of Floydada was
presented to the Lions.

Almost a 100% attendance was
present for the Monday night
meeting.

Music Teacher

C. A. BOOHER
Mr. C. A. Booher of Dallas who
will teach a two weeks school of
music at the Lockney Baptist
Church starting October 22.

Baptists Plan School of Music

A school of church music will
be conducted at the Lockney
Baptist Church starting October
22 and extending for a two
weeks period. It was announced
this week. Teaching the school
will be C. A. Booher of Dallas,
who is connected with the De-
partment of Church Music of the
Baptist General Convention of
Texas.

Emphasis will be placed on
congregational singing, choral
singing and graded choir work
while class instruction will fea-
ture music theory, class voice and
music ministry, it was said. Mr.
Booher will be able to give in-
struction to all musicians and
accompanists, will probably
teach a junior choir after school
hours, and will be busy most of
each day and at a night session
with other classes and groups.

Rev. E. J. Cobb, pastor, said
that this school was for the pur-
pose of strengthening the church
singing and that singers from
other churches would be wel-
come to attend also if they so
desired.

Irving Bennett Comes Home Wednesday

Irving Bennett was brought to
his home east of town Wednes-
day from the Wichita Falls Gen-
eral Hospital where he had been
receiving treatment for the past
two weeks for an injured arm.
Mr. Bennett's left arm was badly
mangled at the elbow when a
truck side-swiped his car near
Iowa Park on September 28.

Although the bone at the
elbow was lost in the accident at-
tending physicians were able to
rebuild the bone section to where
Mr. Bennett will have some mov-
ability there, Mrs. Bennett said.
Doctors were very pleased with
the progress toward healing the
arm had made up to this week
and were optimistic that it
would continue to heal properly.

The car didn't turn over when
the accident happened and in
fact was only slightly damaged,
it was reported. Mr. Bennett was
resting his arm on the lowered
car window when the accident
happened. He was returning
home from his ranch at Davis,
Oklahoma.

FFA Grass Judging Team Wins Second

The Lockney High Future Far-
mer Grass Judging team won
second place in the FFA grass
judging contest at the Lubbock
Fair, F. L. Montandon, instruc-
tor, said this week.

The team was composed of
Rayford Martin, Warren Mathis,
Buddy Brown, and Bobby Mc-
Cormick with Martin taking the
second high place in individual
standings.

Mr. and Mrs. Marvin Brown
from Santa Monica, Calif. are
visiting this week with their
families Mrs. J. W. Tomme,
Claude Brown and Mr. and Mrs.
Cleatis Jeffcoat.

\$1.50 Delivered Is Set By Farmers

Farmers of this area meet-
ing at the Lockney City Audi-
torium Wednesday night voted
to pay \$1.50 delivered to the
gin for cotton pulling.

Although some present did
not vote on the proposition, a
big majority voted for the
proposal. There was some
talk that farmers with a poor
yield of dry land cotton may
have to pay more, but since
this price seemed to prevail in
other counties in West Texas
the group favored the motion.

A number of farmers ex-
pressed the idea "If we're go-
ing to vote this price, let's
stay with it."

More than 100 farmers were
present at the meeting.

Snow White and Dwarfs Are Here

The company of "Snow White
and Seven Dwarfs," which will
appear today (Thursday) at the
City Auditorium at 1:30, includes
a group of real dwarfs. These
tiny men, not one of whom is taller
than four feet are expert per-
formers. Children and adult
audiences all over the country
have been delighted with their
hilarious comedy antics, personal
charm, and skillful acrobatics.

The little comedians have been
in the theatre all their lives and
have entertained audiences both
here and abroad. Some have been
with circuses and will show off
their tumbling tricks to a deli-
ghted Princess Snow White.
When they protest Snow White
against the wicked witch, all the
young hearts in the audience
are with them and there is al-
ways great cheering when the
news of the Queen's death is
heard.

One of the little men whose
amusing antics are seen as one
of the seven dwarfs is Ray Hol-
gate. This diminutive comedian
who is not more than 4' 6"
in height has a most brilliant back-
ground as a star performer. Ray's
talents as a comedian are un-
surpassed; his portrayal of the
dwarf, "Droopy" is hilarious
from beginning to end, and his
delightful antics never cease to
bring tears of laughter to the
eyes of audiences both young
and old. It is certain the dwarfs
will contribute a large share to
making the musical attraction
"Snow White and the Seven
Dwarfs" an outstanding produc-
tion.

Former Billie Jean Biggers Dies

Mrs. Bob A. Wilson of Lub-
bock, the former Billie Jean Big-
gers, died of polio at a Lubbock
hospital last Friday. She was the
daughter of W. D. Biggers, for-
mer superintendent of schools
here. The family lived here for
many years.

Mrs. Wilson gave birth to a
baby boy Monday afternoon of
last week after being placed in
an iron lung. She passed away
Friday.

Survivors include her husband,
two sons, the infant and a 2½
year old boy, her mother, Mrs.
W. D. Biggers of Lubbock, and a
brother, Brack Biggers of Plain-
view.

Funeral services were held at
the First Baptist Church of Lub-
bock Sunday afternoon at 3:00
o'clock, conducted by Rev. J.
Ralph Grant, the pastor. At-
tending the services from Lock-
ney were Mr. and Mrs. S. F.
Barber, C. F. Barber, Mr. and
Mrs. Henry Hodel, Mr. and Mrs.
Clyde Applewhite.

MRS. JULIAN HAS STROKE

Mrs. Sula Julian suffered a
light stroke of paralysis Wed-
nesday morning at her home
here and is receiving treatment
in the Floyd County Co-opera-
tive Hospital.

Mr. and Mrs. Joe Holt and Mr.
and Mrs. Wayne Greer attended
the play "Summer and Smoke"
in Amarillo Friday night

Weather Ideal For Farmers The Past Two Weeks

The weather has been ideal for
farmers the past two weeks and
they have been busy with the
many tasks that usually face a
farmer this time of year.

Most farmers are about
through sowing wheat now and
this week will probably see that
chore through with, local ele-
vator men said this week. The
season is very good and a lot
of good wheat pasture is ex-
pected a little later in the year.
Some farmers who were fortun-
ate enough to get their wheat
in before the rains are already
grazing it.

Maize and other grains are
coming in to local elevators but
a great quantity of the grain
has not been harvested yet.
Probably 75% of the early maize
will show a moisture content of
13% or below, elevator men said
and another week of sunshine
will see about all of that grain
in. Some time will be required
for late feed to mature.

Around 21 bales of cotton had
been ginned here up until Wed-
nesday and only three or four
farmers were pulling but a num-
ber will start the first of next
week. The question before farm-
ers now is labor, since the re-
cently enacted child labor law
has disrupted the Mexican har-
vesting crews who usually get
the early cotton in this area. It
will probably be 10 days or two
weeks before the harvest could
get into full swing.

Mrs. Emma Ward Dies Thursday

Mrs. Emma Ward passed away
Thursday night, October 5 at the
home of her daughter, Mrs. V. L.
Webster. She had been in ill
health for several years.

Funeral services were held at
the Main Street Church of Christ
in Lockney Friday afternoon at
2:30 conducted by Minister
Clyde Sloan and Rev. E. J. Cobb,
pastor of the Lockney Baptist
Church. Interment was in the
Lockney cemetery under the di-
rection of Carter Funeral Home.

Mrs. Ward was born April 28,
1874 in Young County, Texas.
She was married in 1898 to
Thomas W. Ward. Mr. Ward pas-
sed away five years ago.

She had been a member of the
Church of Christ since the age
of eight years.

Survivors include three daugh-
ters, Mrs. Webster and Mrs. Van
McAda of Lockney, Mrs. Cecil
Johnson of Portales, N. M.;
three sons, Jess Ward of Fort
Sumner, N. M., Joe Ward of
Tucumcari, N. M. and Bock
Ward; four brothers, John, Tom,
Bud and Levi Morrison, and
five sisters, Mrs. Kate Black,
Mrs. Eva Anderson, Mrs. Min-
nie Morman, Mrs. Bertie Ander-
son and Mrs. Mattie Schweack-
hard; twelve grandchildren and
one great grandchild.

Hi-Plains Roundup Here Saturday

A 2½ hour program of music,
fun and songs will be offered to
people of this area Saturday
night when the Hi-Plains Round-
up comes to the City Auditorium.
Entertainers include Les Willard,
Miss June Howard Davenport
and the Sandstorm Cowboys,
"Bashful Spike" from Louisiana,
Glen Ivey and the Tunsters, June
and Barbara, Yvonne Ragle,
Grandpa and Buddy Brown and
possibly others.

The group is from Station
KVOP at Plainview and has
presented a number of programs
over the area. The program will
start at 8 p. m.

Stanley Mudgett of Gruver,
Texas returned Monday from
Bentonville, Arkansas. Stanley
bought a 60 acre farm near
Garvette, Arkansas, just east of
Bentonville.

District Governor

Lloyd A. Wicks, Sr.

Governor To Visit Lockney Rotary Club

District Governor Lloyd A.
Wicks Sr., of Ralls, will be a
guest of the Lockney Rotary
Club on Thursday night and Fri-
day of this week, President G.
M. Brunner said Thursday. This
will be his official visit of the
week to the local club.

Mr. Wicks will meet with the
officers and directors of the Lock-
ney Club on Thursday night con-
cerning the program of work and
plans for the year. On Friday he
will be guest of honor at the
noon luncheon and bring his
annual message to the club.

The luncheon will be served as
usual in the basement of the
Methodist Church by the Meth-
odist ladies.

Mr. Wicks has been active in
Rotary work for many years and
is well known by all Rotarians
of this area.

P. T. A. Votes To Have Hallowe'en Carnival Oct. 28

The Grade School P. T. A. met
Tuesday night, October 10 at the
City Auditorium at 7:30.

The Fourth Grades with Mrs.
Lola I. Cox and Mrs. Eldon Degge
gave a program on "Columbus
Day." Mrs. Cox also gave a short
talk on "How to Improve our
P. T. A."

It was suggested and then vot-
ed on to have the Hallowe'en
Carnival October 28 at the Grade
School.

The next meeting will be No-
vember 14.

Local Girls Are Enrolled At TSCW

Denton, Tex. — Misses Mona
Cummings and Lera Jean Cum-
mings, daughters of Mr. and
Mrs. Z. C. Cummings enrolled
for the fall term at Texas State
College for Women.

One hundred and eighty-four
out of 254 Texas counties are
represented in the registration
figure as well as 19 foreign
students from 10 foreign coun-
tries and 284 registrants from 30
other states.

Housing facilities are the best
in the college's history as all
girls are housed in brick, fire-
proof, modern buildings. An up-
perclassmen dormitory is under
construction and is scheduled to
be completed in time for the
second semester.

A new dining unit, Hubbard
Hall, seating 2400 accommodates
the entire student body at one
time.

Shorthorns Win From Floydada

The Lockney Shorthorns went
to Floydada Tuesday night of
this week and came back winner
in a gridiron contest with the
Floydada Breezers by a score of
21-13.

The Shorthorns were on the
short end of the score 13-7 at
the half but came back strong in
the last half to win the game.

The Breezers come here for a
game with the Shorthorns next
Tuesday night.

Longhorns Play At Spur Friday

The Lockney Longhorns face
another crucial game in their
District 3-A football schedule
this Friday night when they
travel to Spur to take on the
Spur Bulldogs.

Although there are other
teams which cannot be counted
out as yet, the district title
might well rest upon the out-
come of the Longhorn-Bulldog
game. The Longhorns are pres-
ently leading the district with
three wins against no losses,
but the Bulldogs have won one
and lost one by penetrations.
They defeated the reportedly
strong Paducah Dragons last
week end 20-6.

Spur is reported to have a
heavy team and no doubt the
Longhorns will be outweighed
as they have been in their past
two games.

The Longhorns are in fairly
good shape, it was reported this
week. Pat Frizzell, quarterback
has been treated for a bruised
back but was back on the prac-
tice field Monday. Otherwise the
Longhorns came through the
Tullia game in good shape.

Only comparative score pos-
sible between the Longhorns and
the Bulldogs is the Tullia game.
The Bulldogs lost to Tullia via
the penetration route, 3 to 2,
while the Longhorns won from
Tullia by the first down route,
9 to 7. In each instance the
score was tied. This would in-
dicate that the two teams are
very evenly matched and the
one which gets or makes the
breaks will win.

Speed will probably count for
something in the game and in
this department, the Longhorns
are reported to have their op-
ponents bested. A large group of
Lockney fans will probably go
to the game at Spur.

Coaches Curtis Kelly and Elvin
Lyons will probably start about
the same line-up as used in last
week's game.

Leroy Smith Is Named President Arizona College

Rev. Leroy Smith, a graduate
of Lockney High School and for-
mer resident here, was recently
named president of the Grand
Canyon College, Prescott, Ariz-
ona, the educational institution
of the Baptist General Conven-
tion of Arizona.

Rev. Smith succeeds Rev. Wil-
lis J. Ray as the college head.
Rev. Ray also having been a for-
mer resident of Lockney and
former pastor of the Lockney
Baptist Church. Rev. Ray is ex-
ecutive secretary of the Arizona
Baptist Convention.

Rev. Smith is a graduate of
Baylor University. He is the son
of J. J. Smith of Amarillo and
the late Mrs. Smith. They lived
here for a number of years. Rev.
Smith's wife is the former
Claudine Thornton, daughter of
Claude Thornton.

Rev. Smith has held a number
of pastorates and recently has
been secretary of evangelism of
the Arizona Convention where he
has been very successful.

This is the last week of dove shooting, but the duck season opens the 4th of next month and there are a good many ducks here now. Also we saw about 200 geese fly over last week and their call sure sounded good. Most of the deer hunters, that are going to Colorado, will leave the last part of this week or the first of next.

Practically everything that has been said of the 30-30 rifle, its virtues and its limitations, can also be said about the other rifles of its class. All of them were developed in the 1890's, all of them have muzzle velocities of some where around 2000 foot seconds when loaded with standard bullets. All have trajectory heights midway at 100 yards over a 200 yard range of around 5 inches. All have a "point blank" range of about 150 yards, which means they should be sighted

in for that range, and are limited to shots of not much over 200 yards. All of them will kill deer with well placed shots, and all of them will wound with poorly placed shots. The 25-35 is simply a little 30-30. The 32-40 is an older cartridge, a modernized black powder cartridge, as a matter of fact, but one which modern loadings of a 165 grain bullet at 1950 practically puts in the 30-30 class. The 32 Winchester special is simply an odd-size 30-30 for which there is little excuse, as its ballistics practically duplicate those of the more popular cartridge. The 25, 30, 32 and 35 Remington cartridges were designed for the Remington pump and automatic rifles, and the first cartridges duplicated in rimless form the 25-35, and 30-30, and 32 special cartridges. Their ballistics are practically identical. What the rimless forms will do, so will the rimless forms, because of the rifles they are chambered for, will sling lead faster than any lever action. The 25 Remington, handy little cartridge that it seems to be headed for the boneyard, because Remington has stopped chambering rifles for it. The 30 and 32 will be around for a long time.

Probably the lightest rifle that can be considered in the Elk-

Moose class is the .35 Remington, a favorite with those who like to sling heavy slugs fast from a pump or automatic. The 200 grain bullet at 2180 feet a second is really a more deadly than its energy in foot pounds of 2,110 would indicate. It's fairly low muzzle velocity keeps the bullet from going to pieces and it drives on into the vitals of game well.

Who Runs America?

OR YOU AND THE MAN NEXT DOOR?

RUNNING AMERICA is the joint job of 150,000,000 people. It's the biggest job in the world today—keeping it running for liberty and for freedom. And the whole world's watching to see whether Americans can do it!

IN MUCH OF THE WORLD today, the people have resigned from running their own countries. Others have been quick to step in—first with promises of "security"—and then with whips and guns—to run things their way. The evidence is on every front page in the world, every day.

FREEDOM COMES UNDER ATTACK. The reality of war has made every American think hard about the things he's willing to work and fight for—and freedom leads the list.

But that freedom has been attacked here recently—just as it has been attacked in other parts of the world. One of the most serious threats to individual freedom has been the threat of Government-dominated Compulsory Health Insurance, falsely presented as a new guarantee of health "security" for everybody.

THE PEOPLE WEIGH THE FACTS. In the American manner, the people studied the case for Socialized Medicine—and the case against it.

They found that Government domination of the people's medical affairs under Compulsory Health Insurance means lower standards of medical care, higher payroll taxes, loss of incentive, damage to research, penalties for the provident, rewards for the improvident.

They found that no country on earth can surpass America's leadership in medical care and progress. They found that able doctors, teachers, nurses and scientists—working in laboratories where Science, not Politics, is master—are blazing dramatic new trails to health for Americans—and for the world.

THE "GRASS ROOTS" SIGNALS CONGRESS. In every community in the Nation, people stood up to be counted on this important issue. Thousands of local women's clubs, civic groups, farm, business, religious, taxpayer, medical, educational and patriotic organizations spoke out—giving the great United States Congress its unmistakable Grass Roots signal from home!

And ever watchful, ever sensitive to an alert people, The Congress saw that signal, and heard the people speak out, loud and plain. That's democracy in action. That's the American way!

Today among the 10,000 great organizations on militant public record against "Compulsory Health Insurance" are:

- General Federation of Women's Clubs
- American Farm Bureau Federation
- National Grange
- Veterans of Foreign Wars
- National Conference of Catholic Charities
- American Protestant Hospital Association
- American Legion
- National Association of Small Business Men
- United States Chamber of Commerce
- National Association of Retail Grocers
- National Retail Dry Goods Association
- American Bar Association

• Doctors of this Nation are grateful that the people refused to be wooed by the fantastic promises of this un-American excursion into State Socialism. • Doctors of America are dedicated to serve their fellow citizens at home and their comrades in uniform, wherever service to this Nation may take them. • And the thing they stand ready to fight for—to sacrifice for—to die for—is not the alien way of life of Socialism, but the proudest security of a free and self-reliant people!

THE VOLUNTARY WAY IS THE AMERICAN WAY!

• Throughout the Nation, free men and women, working and planning together, are finding the American answer to every question of medical service, care and cost. Hundreds of Voluntary Health Insurance Plans are in healthy competition—sponsored by doctors, insurance companies, hospitals, fraternal organizations—by industry, agriculture and labor. • Today in America—70 million people are protected by Voluntary Health Insurance! • Throughout the Nation, families are insuring themselves against the major costs of illness—at reasonable, budget-basis prices. Voluntary Health Insurance takes the economic shock out of illness. Protect your family now. • For information, ask your doctor—or your insurance man.

An American's greatest heritage is the right to learn the facts—and to speak his mind. Maintained with honor and used with sincerity—that right will guarantee forever that

BEAUTY IS YOUR BIRTHRIGHT

By MONA

Hi! Honey!

During high school I never had enough spending money so I was constantly involved in schemes to get more. One day I read an advertisement for wigs and toupees and decided I'd sell my hair.

After school I rode down town, happily anticipating the money I'd have. I walked confidently into the wig store, sure that the owner would be glad to buy hair as long and wavy as mine even if the color were a drab brown. You can imagine how I felt when he just shook his head "No" without even bothering to examine my hair. I felt like a conceited fool and embarrassed, too, until he kindly explained that he just bought imported hair, as that was the only hair in perfect condition.

Surprised, I asked him why. He told me that the women who made a practice of selling their hair wore it in braids to prevent the ends from breaking or splitting, always wore scarves so that the sun would not streak or fade it, rarely combed or washed it, and never stuck anything into it that might break the strands, such as hair pins, bobby pins or curlers. I certainly left that shop disappointed, but I gained an inkling of what constituted beautiful hair. All my subsequent mistakes and the misery they caused have been because I ignored his simple definition of a lovely head, "clean, shining, well shaped."

Any head of hair can be beautiful if, but only if, the hair is immaculately clean, lustrous, thick, silky textured, has nice ends, and is worn in becoming style. It is true that the intense, dramatic colors, sloc black, glowing red, bright blonde, are more eye-catching than the softer shades, the honey beiges, the gentle browns, the moonstone greys, but they are not more beautiful. Color is not as important as cleanliness.

To me the test of beautiful hair is this. Is it so sleek, soft, and glossy that I want to pet it? I rarely see hair like that and the shameful reason is that most heads of hair are unbrushed and unclean except for the weekly shampoo. If these simple rules are followed it would be easy for anyone to have naturally lovely hair.

1. For dry hair, the night before your shampoo rub a liquid lanolin product like "Lanolin Plus" into your scalp and hair.

2. For oily hair, try a perfumed rinse that has alcohol in it, like Houbigant's latest Rinse and hair conditioner.

3. Whether your hair is oily or dry, wash it with a mild soap. Wash it until, when you scrape a fingernail across your scalp, there isn't a speck of scurf on it.

4. Rinse it under a strong stream of water until a strand of hair will squeak when pulled. (I stick my head under the bathtub faucet with the water

turned on full force.)

5. If you use pins or curlers to wave your hair, comb your curls out carefully, gently, so that you won't split the ends.

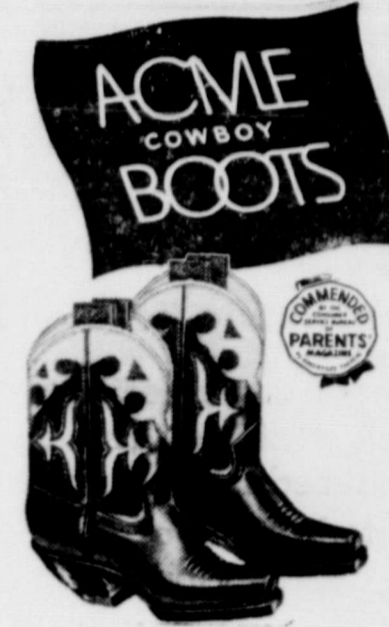

6. Brush your hair as often as possible. Get in the habit of brushing it at odd times, before you go to bed, when you listen to the radio, or are telephoning or reading, etc. Vigorous, sustained brushing will give your hair many benefits. It will keep your hair cleaner between shampoos, it will stimulate growth, it will cause coarse textured hair to seem finer, it will make your hair more manageable, and this is true of thin, baby-fine hair as well as hair that inclines to

be bushy, it will bring natural oil to your scalp and your hair will gleam to the very end in a way that brilliantine can't duplicate, and lastingly—silken high lights, glistening shadows, glints of red and gold.

Don't just sit there and read this. Get busy and see for yourself how magically your hair can be changed from an average color to a shimmering satiny shade with just an ordinary hair brush. Bye Honey, see you next week.

Mona.

What's Wrong with FREEDOM?

Our business is selling merchandise—the best we can buy—at the most economical price to you. It's a good business, and we like it.

But being in business in America is more than skillful buying and selling. It's the exercise of a fundamental right—freedom to venture, freedom to plan, freedom to succeed by serving best.

All freedoms stand or fall together. That's why we take our stand today, with the doctors of America, for the Voluntary System. At home and abroad, it's worth defending!

FROM \$5,000 TO \$10,000

The primary reason that deposits in this bank have always been safe is the management care and ability exercised by the directors and officers. Then in 1933 came a second protective feature—an insurance on deposits, to \$5000 for each depositor, by the newly created Federal Deposit Insurance Corporation. Congress has now doubled this \$5000 insurance—to \$10,000.

Mrs. M. O. Peugh Hostess To HD Club

Mrs. M. O. Peugh was hostess to the Lone Star Home Demonstration Club, Tuesday, October 3 from 2 until 4 o'clock.

Mrs. Vestal Hastings, Chairman, presided. All business matters were brought up to date.

The officers for 1951 were elected. Mrs. Vestal Hastings was re-elected President. Mrs. Hubert Frizzell was selected vice president. Mrs. Raymon Teeple was elected Secretary and Mrs. C. L. King as Council Delegate.

The program on "Growing Perennials" was given by Mrs. C. L. King. She gave the best locations for planting and the best time of planting for spring blossoms. This was a most instructive lesson and Mrs. King had prepared a large number of pictures and information of bulbs and plants. She brought from her own yard a Columbine plant from seed sown this season. The Columbine was presented to the hostess.

Mrs. M. O. Peugh gave a list of preservatives for cut flowers. One method given for Dalias was one teaspoon of rubbing alcohol to each quart of water.

Refreshments of sandwiches, nut cookies, mints, coffee and pops were served.

The next meeting will be October 17 in the home of Mrs. W. D. Nance, at this time Lone Star will be Hostess to the South Plains Home Demonstration Club.

Attend Lecture In Lubbock

Mrs. Watt Griffith, Mrs. Jake Griffith, Mrs. Henry Ford and Mrs. L. J. Griffith attended the lecture on "Flower Arranging" last Wednesday, October 4 in Lubbock. The lecture was given by J. Gregory Conway. He is said to be the only Westerner to have received a degree on Flower Arrangement from Osaka, Japan. Mr. Conway gave a very interesting lecture and did several arrangements.

Baptist Young People Enjoy Hay Ride

Members of the Young People and Intermediate Departments of the Baptist Sunday School were entertained with a hayride Monday night.

Hilburn Casey drove the pickup and pulled a large trailer laden with hay as the group went first to the home of Mrs. Georgia Hanst to be served hot cinnamon rolls. The next stop was at the E. A. Bonner home where they were served candy and cookies. Climaxing the eight mile ride was the stop at the Casey home where the crowd was welcomed by a huge bonfire. Mrs. Hanst directed the games and all joined in roasting weiners and marshmallows. Hot chocolate, pickles and potato chips were included in the menu.

Those enjoying the outing were Wylie Nance Jr., Jontha Lee Casey, Ted Samples, Nina Vernon, Colleen Dippery, Jovoyne Taylor, Barbara June Hays, Tom Rogers, Horton Kenady, Gene Applewhite, Edgar Hartley, Sid Thomas, Mary Zell Jones, Don Ray Bartram, Elizabeth Handley, Barbara Mullins, Joe Cunyus, Mary Joyce Griffith, Richard Hopson, Dorothy Marr, Jimmy Dee Smith, Beth Rigby, Audrene Rhine, Mary Jo Bonner, Johnnie Mac Bonner, Betty Vernon, Mary Richards, Shirley Clark, Beth Rigby, Ruby Wilson, Betty Williams, Ernest Dean Smith, Patsy Poteet, Wynell Keeter. Reserves Are Called Into Service Here

A number of men who are in the reserves of the armed forces have been called back into serv- ice recently from this area.

F. G. Jones Jr. left here Oct- ober 2 for Fort Sam Houston where he was ordered to report for duty. He is now stationed at Camp Chaffee, Ark.

James C. Widener has received orders to report for duty with the Navy on October 25.

Robert Daniel Jr., manager of the local Daniel Automotive store, has received orders to re- port for duty with the Army on October 24.

Cecil Purcell Is Re-Elected Supervisor

A crowd of approximately fifty farmers and their families attended the election of a mem- ber of the Floyd County Soil Conservation District board of Supervisors held at the South Plains schoolhouse Tuesday night. The voters present select- ed Cecil Purcell of Quitaque to succeed himself as supervisor of that subdivision of the District for a term of five years.

An enjoyable program of films was made possible through ef- forts of County Agent Bob Gib- son, assisted by Carl J. Muench and Ralph R. Cogdell of the Soil Conservation Service staff.

The South Plains Home Dem- onstration club served refresh- ments of coffee and doughnuts to the group.

The board of supervisors held their regular meeting Tuesday afternoon with the following members attending: Cecil Pur- cell, W. H. Nelson, W. F. Fergu- son and Bert Bobbitt.

Applications to the district for assistance in establishing con- servation practices were approv- ed for T. P. Collins on a half- section of land north of South Plains. Cecil Baxter who farms the Morrison W. Liston section east of Floydada, Elmer L. Burleson on his farm northwest of Lockney and G. J. Clements of Plainview on his Section south of Providence. An agreement be- tween the District and Elmer Biggs was approved on land he farms southwest of Muncy.

Floyd Family To Be Recognized At State Fair Program

House Speaker Sam Rayburn, who farms and raises livestock at his Fannin County home near Bonham, will be the chief speak- er on Achievement Day at the State Fair of Texas, October 17, 1950. Rayburn's address will be a salute to more than three hun- dred farm families who will re- ceive certificates of achievement for having paid their tenant pur- chase loans thirty or more years before due. Mr. and Mrs. John E. Walker and Mr. and Mrs. Odell C. Wilson of the Floyd and Crosby Farmers Home Adminis- tration unit will be among the families saluted. Farmers Home Administration State Director L. J. Cappleman stated the re- quirement for an achievement certificate is that the land debt must have been paid from agricul- tural income from the farm. Among other dignitaries who will be present for the ceremon- ies at Fair Park Auditorium on the State Fair Grounds, will be Dillard B. Lasseter, National Ad- ministrator of the government agency, who will introduce the speaker.

Dallas office of the Farmers Home Administration has been informed that farm families are coming from all parts of Texas for the ceremonies which start at 1 p. m. Of the six thousand ten- ant purchase loans made in Tex- as since the program began in 1937, two thousand loans have been paid in full.

Spence Baby Born in Japan Sept. 25

Rev. and Mrs. Raymond Spence have another girl, according to information reaching here this week. A baby daughter, named Maelene, was born to the couple at an Army Hospital in Kokura, Japan on Sept. 25. The young lady weighed seven pounds, eight ounces. They are Mission- aries of the Southern Baptist Convention to the Japanese, and are stationed at Nagasaki.

They have another daughter, Charlotte Ann, also born in Ja- pan. Grandparents are Mr. and Mrs. R. T. Spence of Lockney and S. F. Gilliland of Hereford.

A&M Offers Grass Seed

The Texas A. & M. College has notified Robert H. Gibson, Floyd County Agent, that the United States Department of Agricul- ture has foundation seed for plantings of Tift sudan grass, Atlantic, Buffalo, and Ranger alfalfa.

These plants are new varieties that have improved qualities over the varieties commonly grown in this area. These varieties of alfalfa will stand the cold winters in the northern part of the United States, therefore will produce seed that are marketable in that area. Our common vari- eties are not marketable in the north. The Tift sudan is a great- ly improved variety of sudan and there is prospects of a good demand for certified seed of this variety.

Anyone interested in growing certified seed of these crops should contact the County Agent before November 1, 1950.

The Thornton lake six miles north of Lockney has recently been restocked with a load of bass and channel catfish from the state hatchery at Dundee, Texas, Elmer Thornton said. Mr. Thornton made the trip after the fish himself. He said that the hatchery was behind in their deliveries.

MEMBER OF TEXAS PRESS ASSOCIATION

EDITORIAL

And it came to pass, when Jesus had ended these sayings, the people were astonished at his doctrine: For he taught them as one having authority, and not as the scribes.—Matthew 7:28-29.

This week The Beacon along with almost every other newspaper in the United States, is running a large advertisement for the American Medical Association. This is very unusual because of the fact that medical doctors and dentists are taught in school that advertising is unethical and only recently the medical association in this area banned the practice of carrying even a list of the doctors associated with a hospital in newspapers. So the advertisement for the AMA is very unusual, to say

the least. But it does have a message that is timely for Americans generally.

The advertisement for the AMA is opposing the proposed compulsory health insurance law which President Truman has been trying to get passed for the past few years. The proposed bill would compel every American to pay for health insurance and the government would furnish the doctors and pay the bills. England now has this sort of socialized medicine and reports there are not complimentary for the most part.

Other merchants and business men in Lockney are also running advertisements along this same line this week. We urge that you read and think on these advertisements because they are worthwhile and deserve your consideration. We must agree with the AMA that compulsory health insurance is not the answer for medical care for every American even though we sincerely believe that their stand on the banning of even the individual doctor carrying his name in the newspaper is a prejudiced stand and not for the best interest of the public.

If it makes you mad to hear the truth about yourself its time to change your ways.

The most inconsistent person we know is a person who brags at length on his ability to keep his mouth shut.

You may think your lot hard if there are several creditors hanging around for your pay check, but think of the faithful old hen whose owner is always right there to get the egg shortly after it is laid.

The small town dollars that go to the city get lost and never find their way back home. The dollar we spend at home stays at home and circulates in the community, buying food and clothing.

Though commonly used in food from 300 to 500 grains of salt at one time might be fatal.

GOOD HEALTH

Answer to Question No. 1:

1. It's high blood pressure and is most often due to hardening of the arteries. Old rules of thumb for determining whether your pressure is high, low or normal (for instance, that normal pressure should equal age plus 100) don't mean anything. Let your physician decide whether yours is normal or not.

Answer to Question No. 2:

2. One set of twins is born in about every 87 births. If there is a history of twins in your family your chances go up slightly. About three-fourths of all twins

are "fraternal." They may be boy and girl or of the same sex and may or may not resemble each other. "Identical" twins are nearly alike in appearance and are always of the same sex.

Answer to Question No. 3:

3. Overweight of 25 per cent or more raises the death rate in every adult age group by 74 per cent. Doctors and nutritionists generally agree that overeating and eating the wrong foods, rather than heredity or glandular troubles are by far the most frequent causes of overweight. Consult your doctor about what to eat and what not to eat.

TAX DIVISION?

Crosby county's official financial worries would be dissipated for quite a number of years to come if a bill which is to be introduced at the January session of the state legislature is passed. Every person who has purchased a new car since the end of World War II knows something about that 1.1 percent sales tax which they must pay to the state. Ever since the law was enacted, county officials have been working toward a 50-50 division of the proceeds of this tax, and it is understood that a new try will be made when the legislature meets.

This tax originates in the county, and the county tax collector must collect it. For this reason, it should be shared equally with the counties, backers of the bill state. Based on collections in Crosby county of \$19,542 for the first three-quarters of 1950, and an estimated \$6,000 for the final quarter, the county's share in

the tax if the bill is passed would be approximately \$12,000, which would be a big addition to county finances.

Gov. Allan Shivers, who was then Lieutenant Governor, blocked the bill in the Texas Senate at the last session of the legislature. The new Lieutenant Governor, Ben Ramsey, is said to be favorably disposed to the bill. —Trends in Crosbyton Review.

DON'T BE TOO HASTY

Young men of draft age, regardless of prior war service, or whether or not they are married, will be wise if they enter into no plans of financial or other major importance until after the November 7 elections.

The same advice may well be considered by young men in the reserve ranks of the armed services.

Politics being politics, it is an odds-on wager that soon after the elections more speed in building up the armed services will be the order of the day. Everyone knows that the armed services must be built up and it is logical to suspect that the only reason more men haven't been called to date is because the administration fears political repercussions next month. Therefore, young men likely, by any stretch of the imagination, to be called into uniform will protect their own best interests by not extending themselves financially until they can discover how the post-election winds are blowing.

Most thoughtful observers of the national scene expect even more than stepped-up service calls following the elections. They feel that many economic controls will be applied to civilian life — controls already

needed, but also thus far avoided because of political reasons.

In short, because of politics, the nation more or less marks time, as the politicians await indications of public opinion certain to come out of the balloting.

But after the votes are counted, anything is likely to happen — especially if the current national administration retains control of the Congress. — Lubbock Avalanche.

THAT INCOME TAX . . .

In its final form, the new income tax bill will not initiate the impost on personal income with Oct. 1 as in the original proposal. Instead, the new rates will be applicable to all income for 1950, but the increase will be reduced by 75 per cent.

One difficulty with this, as with any retroactive tax, will be readily apparent. Presumably the withholding tax, applicable to the entire year, will have to be collected in the final three months. In principle the year's tax is fairer. In practice it may be unfair to the taxpayer.

No retroactive tax is ever sound. It imposes burdens on citizens whose budgets have been adjusted to known taxes. It is as logical to make a tax retroactive to 1890 as to Jan. 1, 1950. —The Dallas Morning News.

Mrs. Annie Campbell Claimed By Death

Silverton. — Mrs. Annie Bell Campbell, age 73, was found dead Thursday evening, Sept. 28, about 7 o'clock at her home in south Silverton by her sister and brother-in-law, Mr. and Mrs. H. Roy Brown. Apparently Mrs. Campbell had died from natural causes, since she had been in poor health for sometime. It was thought she had died some two hours before she was found.

Funeral services were held Saturday afternoon Sept. 30, at 2 o'clock at the Church of Christ, conducted by Earl I. Cantwell. Interment was made in Lockney Cemetery under direction of Douglas Funeral Home.

Mrs. Campbell was born Annie Bell Higgins, near Lockwood, Missouri, November 6, 1876. She moved to Texas when a child and then to New Mexico where she met and married Jessie Campbell. She returned to Texas in 1929 and lived at Lockney until 1932, when she moved to Silverton to make her home.

Mrs. Campbell was the eldest child of nine children, and her mother passed away when she was 20 years old, leaving Annie Bell to care for the other children. She was a member of the Church of Christ of long standing and attended worship until recent years when her health interfered.

Mrs. Campbell is survived by three sisters, having been preceded in death by four brothers and one sister. Survivors are Mrs. H. Roy Brown, Silverton; Mrs. H. C. Bristow, of Buckeye, New Mexico, and Mrs. Monroe Smith, of Lockney. Also a number of nieces and nephews and many friends.

Among the out of town relatives and friends attending the funeral were:

Lockney: Mr. and Mrs. Monroe Smith, Mr. and Mrs. Button Stevenson, Mr. and Mrs. George Taylor and daughter, Mrs. Emma Waller, Mr. and Mrs. Jake Smith and Josephine, and Chick Callaway.

Cedar Hill: Mr. and Mrs. Tom Fortenberry and Patsy, Mr. and Mrs. Syd Brown, Mr. and Mrs. Bishop Wigginton.

Floydada: Mrs. Mary Lee Dillard, Mr. and Mrs. Audie Nolan and children.

You'd think some fellows were trying to pay their accounts twice, the way their checks come in and then bounce right back again.

Warfarin Means Death for Rats, Mice

Dr. Karl Paul Link, in whose laboratories warfarin was discovered, is shown with an assistant at the University of Wisconsin. Rat in inset has died painlessly from internal hemorrhage after consuming warfarin bait.

With inventors presumably still working on ideas for a really better mousetrap, a University of Wisconsin scientist, Prof. Karl Paul Link, has beat them to the punch with a substance that promises to make traps — and the old types of poison — obsolete.

The new substance — warfarin — is the deadly ingredient in rat killers now on the market under various trade names. Unlike many rat poisons, warfarin is not "for professionals only." Anyone can use it, safely and effectively.

Nationwide tests by agencies such as the U. S. Fish and Wildlife Service and the U. S. Public Health Service have demonstrated its outstanding effectiveness. Now it has been selected for use in many statewide rodent extermination campaigns.

Poisoned rodents show no immediate symptoms and develop no "bait shyness" with warfarin. That is one of its major advantages. The rats and mice continue to eat and gradually become sleepy, walk more slowly, and finally die painlessly of internal hemorrhage.

Before its release to commercial manufacturers and consumers, warfarin was given several hundred field trials in every state in the nation, in Canada, Hawaii, and other foreign countries. The tests were conducted by the United States Fish and Wildlife Service and the Public Health Service.

"Many reports showed complete elimination of rats and mice where all other poisons tried had failed," the Foundation reported. Warfarin presents a completely new approach to rodent control, and places it on a sound, scientific basis.

Warfarin will bring a rat population under control, then prevent reinvasion of a given area thereafter by killing newcomers as they arrive.

Before its release to commercial manufacturers and consumers, warfarin was given several hundred field trials in every state in the nation, in Canada, Hawaii, and other foreign countries. The tests were conducted by the United States Fish and Wildlife Service and the Public Health Service.

But it was healthy competition. We had to work hard and plan carefully. But it was work with a promise of reward.

We like to think that the friends we've made and the success we've had are typical examples of the opportunity America offers the man with an idea and a determination to build and manage his own business.

WE WOULDN'T TRADE PLACES WITH A SMALL BUSINESSMAN OF ANY OTHER NATION FOR ANYTHING.

Rugged NOT RAGGED

A great American statesman has defined "rugged individualism" as a "eulogy of those God-fearing men and women of honesty whose stamina and character and fearless assertion of rights led them to make their own way in life."

What better way to describe the builders of America... the America to which the ragged, regimented oppressed peoples of the world look for release, for inspiration.

As businessmen, we know the value and the blessings of freedom. We know how the exercise of freedom has made America great. We want to keep our

right to voluntary action. Suffocating Socialism at home, like communism overseas, threatens the America we cherish.

TO THE DOCTORS WHO ARE FIGHTING FOR FREEDOM, OUR SALUTE. THEIR CRUSADE FOR LIBERTY IS ALL AMERICA'S CRUSADE. Freedom is worth defending—at home as well as abroad.

Longhorns Win Again—But It's Closer This Time

The Lockney Longhorns won another game in the district 3-A football race last Friday night but it was closer than the game the previous week. They won this one on first downs, 9-7 and the loser was the big, tough Tullia team. The score was 6-6 and penetrations were 2-2.

Last week the Longhorns edged Abernathy on penetrations 3-2 after the score was tied at 13-13 at the end of the game. Most local fans thought this was about as close as a ball game could be but they found out differently. The Tullia game was even closer. To make it even more of a coincidence, Tullia had won their first district game against Spur the previous week by a penetration count of 3-2 after the score was tied at 7-7.

At any rate the Longhorns have undisputed lead of District 3-A now thanks to Spur's defeat of Paducah 20-6 and the Longhorns winning three game to none lost in the district contests. The Longhorns drew first blood in the contest by scoring in the first quarter. They also had one touchdown run called back to the Tullia 22 yard line where officials said that C. B. Smart had stepped out of bounds on a long run around left end.

The Tullia score came in the third quarter and the Longhorns went down to the Tullia 30 again in the fourth quarter but the drive fizzled out. The Longhorns were badly outweighed by the big Tullia team but they still outplayed the Hornets even though it was a small margin. The locals had a big margin in the first half but the Hornets came back in the last half to even the score and almost even the statistics.

As in the Abernathy game, the Longhorn line made an excellent showing against the heavy Hornet forwards, Cunyus Baxter, Jeffcoat, Thompson, Fortenberry, Henderson and Ferguson all played alert defensive ball and held the Hornet offensive to a minimum of gains. In fact when the chips were down the Hornets just couldn't do much about moving the ball down field, it seemed.

Here's a review of the game: Tullia received, returned to their own 36. They lost 1, a fumble lost 6, made 4 and kick was returned to the Lockney 41. The Longhorns made 3, made 6, made 35 inches, lacking about 1 inch for first down on fourth. Quarterback Pat Frizzell didn't hesitate to call a running play and the first was made on the Tullia 45.

The Longhorns made 4, lost 4, and a fumble lost 14. Smart then kicked to the Tullia 5 where the ball was allowed to roll dead. The Hornets immediately kicked to their own 44, where the Longhorns started to roll. They made 2½, and then Smart ran to the Tullia 30 for a first down, they made 3, 3, and 3 and then Ferguson carried to the Tullia 18 for another first. They made 5, 4 and ½ yard and then Ray Ferguson carried over for the touchdown, hurdling two players in the run. The try for point was not good and the score stood at 6-0.

Two Tullia players each tried to catch the kick with the result that it downed on the Tullia 14. The Hornets made 5 and 2 and then a first on their own 27. They made 8, were penalized 5, had a pass incomplete and then drove down to the Lockney 38 for a first down. The Hornets made 6 and 1, lost 4 when Joe Cunyus broke up an end run, and made 4, the Longhorns taking the ball on downs on their own 31 yard line.

Smart carried to a first on the Lockney 47, the Longhorns made 1 and then a fumble gave the Tullia lads the ball on the Lockney 49½ yard line. The Hornets made 3, Cunyus broke through again to throw the ball carrier for a 5 yard loss, they made 2 and then kicked out of bounds on the Lockney 25. Ferguson made 8 and Smart carried to a first on the Lockney 39½ yard line. Smart lost 7, made 2 and nothing and a bad kick gave the Hornets the ball on the Lockney 46. They made 6 and then a first on the Longhorn 30 but here they were stopped. They made 2, lost 1, made 1, and had a pass incomplete, the ball going over to the Longhorns on the Lockney 27.

On the first play from scrimmage Smart took off around his own right end, and went over the goal standing up but the play was called back to the Tullia 22 where officials said that he stepped out of bounds. Here the Longhorns made 4, which gave them a penetration, made 2 and

1 as the half time whistle sounded.

Bands Perform
 The Tullia Band gave the first performance at half-time, marching smartly on the field and entertaining the crowd with very good march-time music. The Longhorn band, under Direction Gene Trimble, executed a number of intricate drills which both stands seemed to appreciate.

The kick off went completely off the field and the Longhorns took the ball on their own 20. They made 1 and then Ferguson carried to his own 31 for a first down. They made 1, made 2, a pass was incomplete and Smart's kick was blocked the ball going to the Hornets on the Lockney 29. The Hornets made 4, were penalized 5, made 0, made 3 and then a pass was incomplete, the Longhorns taking the ball on their own 28. A fumble on the first play gave the Hornets the ball right back again on the Longhorn 28. They were held for no gain on two successive line plays, made 5 and then drove down to the Longhorn 12 for a first down. They made 5, 2, 1 and ½ yard on four successive plays the ball going over to the Longhorns on their own 3. A fake kick and an end run lost 2 for the Longhorns and then Smart kicked to the Lockney 48 from behind his own goal line. The Hornets made 2, then drove to a first on the Longhorn 37. Then Hutson broke out over his own left tackle to score. The try for point was missed and the score stood at 6-6.

The kick-off was off the field again and the Longhorns took the ball on their own 20. They made 1, 5 and 2 and then kicked to the Tullia 32. The Hornets made nothing again and kicked to the Lockney 14. The Longhorns lost 4, and then kicked to the Tullia 31. The Hornets made 3 and then drove to a first on the 50 yard line. They made 4, made 2 and then 1 and the kick was returned to the Lockney 18. The Longhorns made nothing, were penalized 5, made 2 and then Smart passed to end Joe Cunyus who was in the clear but was over taken on the Tullia 30.

The Longhorns were penalized 5, made 3, a fumble lost 1 and two successive passes were incomplete. Tullia took the ball on their own 33. They made 1, were penalized 5, and then Smart stepped in and intercepted a pass on the 50 yard line as the game ended.

KILLED IN KOREA

Word was received here this week that Billie Mudgett, stepson of Willie Mudgett of Hope, Arkansas and step-grandson of Miley Mudgett of Lockney, had been killed in the fighting in Korea. He was killed some time the latter part of September, the report said.

Christmas Parcels For Overseas Must Be Mailed Nov. 15

The period of October 15 to November 15 has been designated for the mailing of Christmas parcels to members of the armed forces overseas, the Post Office department has announced.

Since many parcels will be going overseas this year, this time period has been set to assure delivery of the parcels on time, it was said.

Size and weight applicable to ordinary parcel post will be in effect also on overseas parcels, officials said with the exception that weight restrictions of not more than 50 pounds has been set on parcels addressed to A. P. O. 124 and 125, care of Postmaster, New York.

Care should be used to see that all parcels are well packed in strong containers, and they they are tied with a strong cord so that they will not be mutilated in shipment or lost altogether.

Addresses should be plainly typed or printed and it is desirable that a list containing the names and addresses of both the addressee and the sender along with a list of the contents of the package be enclosed in the package.

Disaster Loans Now Available

Disaster loans, administered through the Farmers Home Administration, are now available to farmers of Crosby and Floyd counties, Wm. E. Anderson, FHA representative for the counties, said here Tuesday. The counties were recently declared a disaster area by the Secretary of Agriculture, due to droughts, insects and floods which have drastically curtailed the crops.

Bankers and FHA committeemen were apprized of the availability of the loans at a dinner given Tuesday night, Sept. 26, at Floydada. The bankers were of the opinion that the loans are needed in the two counties, Mr. Anderson said, particularly if unfavorable harvesting weather continues.

Applications for the loans are now being accepted by Mr. Anderson. His office hours are: Crosbyton, basement of the courthouse, Tuesday of each week; and at Floydada office, Monday of each week.

Attending the meeting at Floydada last week were the following bankers and F. H. A. committeemen: Russell McCurdy and R. C. Wood, Crosbyton; J. Edd McLaughlin and Jack E. Robertson, Ralls; A. W. Lott and G. C. Igo, Lorenzo; E. L. Norman, C. H. Bedford, Earl Crow, Bill N. McNeill and John E. Fowler, Floydada; W. M. Wiley and Hubert E. Frizzell, Lockney; T. G. Kelly and A. L. Schroeder, Petersburg; Oris R. Bruner, state field representative, Amarillo; L. D. Smith, farm management specialist, Dallas, and Wm. E. Anderson, Floydada, who was in charge of the meeting.

Mr. and Mrs. Olen Harris and Dick, Jennifer, and Claudia left Monday for a two weeks visit in Oklahoma City and Okmulgee with Mrs. Harris family.
