

Hot Check" Effect

"hot check" law is and is more stringent, according to County Attorney. Among other law provides that a check for a debt, or by the old law did not

Mr. Jones explained the new law: "CONVICTION, if draft is \$5 or less, shall be a fine in amount not exceeding Two Dollars.

CONVICTION, if draft is in excess of \$5, punishment shall be imprisonment for not less than two months and not more than ten years, fine not exceeding Five Dollars.

SECOND AND THIRD OFFENSES: If the punishment is imprisonment or draft is for \$50, the violation is a felony, and may be punished in the confinement in the penitentiary for not less than two years and not more than ten years, fine not exceeding Five Dollars.

On Saturday night a make-up game was played between Providence and the American Legion team with the Legion taking the game 12 to 4.

On Monday night the Fire Department won over South Plains No. 2 by a 11 to 1 score in the first game of the night, while Lone Star edged Aiken Paymaster 7 to 3 in the second game.

On Tuesday night of this week Providence defeated Aiken Elevator 18 to 8 in five innings in the first game and the second was forfeited by South Plains No. 2 to the Legion because all of their team did not show up.

Lone Star, Fire Dept. Still Win

Lone Star and the Fire Department teams continued to win in their games this week in the Lockney softball league. Each of these teams won two and lost none.

On last Thursday night, The Fire Department defeated the American Legion team 11 to 7 in the first game while in the second South Plains No. 1 defeated Aiken Elevator.

On Friday night, South Plains No. 1 lost to Aiken Paymaster 14 to 6 in the first game of the night and Lone Star edged by South Plains No. 2 10 to 7 in the second game.

On Saturday night a make-up game was played between Providence and the American Legion team with the Legion taking the game 12 to 4.

Williams Trial Moved To Tulia

Plainview. — Judge E. A. Bills granted a defense motion for continuance in 64th District Court here Monday morning in the case of T. B. (Bill) Williams, charged with murder in the death of Cecil Lebow.

After granting continuance, Judge Bills set the next trial date for September 24 and transferred the case to Tulia in Swisher County. The 64th District includes Swisher County.

In the defense motion for continuance Claude Morris, described as living in Williams' vicinity and important as a defense witness, was said to be too ill to appear in court.

Ninety-five of the 100 special venire answered roll call this morning in proceedings that began at 10 o'clock. When Judge Bills had finished excusing prospective jurors on exemptions, excuses and grounds of fixed opinions there were 35 remaining.

Judge Bills said after he left the court room that he came to the conclusion that with only 35 veniremen left and as both prosecution and defense are allowed fifteen challenges each the number could be reduced to five.

Hospital News

In hospital: Gus Whited, Mrs. Morris Lester. Dismissed: Mrs. C. W. Dillard, Grace Byars, Brad Hardy, Will McDonald, Mrs. Maxine Van and baby Doodle Milton, Frankie Jones, Sam Lee Miller.

OFFICE SUPPLIES at The Beacon Office.

Owner Of Ford Finally Located

After about seven months the owner of a 1935 Ford car, which has been setting around Lockney that long, was found and the car returned the past week. The owner was Mrs. O. Clark of Paducah.

The car was found here on December 16 by City Officer Earl Cooper. He reported the car to the sheriff's office and the highway patrol but due to the fact that the auto had been sold without changing the title on the state office records the report came back that the car was not stolen. Meanwhile the Ford continued to set around Lockney waiting for its owner. Finally a check revealed that the car had changed hands several times previous to being stolen and the real owner was located. She had given up hope of recovering the car, reports said.

Betty Givens In Kansas City Flood

A letter to Mr. and Mrs. Delbert Bybee of Lockney from their daughter, Mrs. Betty Givens, tells of some amazing things about the Kansas City flood. Mrs. Givens and little daughter left here just a few days ago to join her husband at Greenville, South Carolina. Enroute they stopped at Kansas City to visit some relatives and apparently arrived there about the same time as the flood.

Portions of the letter follow: "I hope I never see again what I have seen this week. We are only two blocks from the river but are still on a hill out of reach of the water. We can only see the tops of the roofs of houses along the river. There are dead hogs and cattle lying along the banks. People who had to move out of their homes are living in tents, trucks, and cars. Some people wouldn't move out of their homes and moved their furniture to the second floor but the water got that high and they had to get boats to go after them.

"Everyone that had a boat was helping to get people out of the flood area but they had to stop that because there was too much looting going on. People were chasing pigs trying to catch them to take home but the pigs had been in the contaminated area and were carrying typhus.

"Many people were separated from their families and they broadcast trying to find them. One lady and her husband had a baby sitter sitting with their two little boys. The baby sitter had to move out so they couldn't find them. It was awful.

"The Sunshine Biscuit plant, Wilson & Company, Armour & Co., and all those factories are under 20 to 30 feet of water. Ginny's husband works at General Motors and it was under water. We drove over to see it. All the new cars were setting on the lots but they put them on transport trucks and parked them along the streets here in Kansas City. We can't go to Missouri. They have about 12 bridges to cross the river to Missouri and only one is open and no one can cross it until you have a permit from the Chief of Police. Ginny has to cross it to go to work so she has gone now to see if she can get a permit. She works for a doctor so they may let her go across.

"None of the businesses are open. There is a water shortage and they are afraid they will need the water to fight fires. The Socony Oil Company is on fire and all of those tanks of oil are exploding and they are afraid it will catch the business district of downtown Kansas City, Mo. on fire. They are using water on fire. They are fighting the fire out of the river to fight the fire at the oil company but they can't use river water on the town since it is too far.

"There is a lot of black market going on around here. Some of those service station people charged those people along the river \$50 to move their cars out of the flood waters. The food (Continued on back page)

Calls Meeting Of Band Members

Gene Trimble, band director for the Lockney schools, has issued a call for all band members to meet Monday, July 23 at the band hall to discuss a summer band program. The meeting is chiefly to decide when would be the best time for rehearsals, Mr. Trimble said. Prospective members of the band are also invited to attend the meeting.

Local FFA Boys Attend State Meet At Houston

Deanie Henderson and Lobby Baxter, members of the Lockney High School chapter of Future Farmers of America, returned the past week end from Houston where they attended the State FFA meeting as delegates from the local chapter. The meeting was held at the Shamrock Hotel July 11 through 13.

At the state meeting announcement was made that two Lockney boys would be awarded Lone Star farmer degrees. They are Bobby Baxter and Don Bartram. These awards will be made at a banquet to be held in Hereford on July 30. Their parents, superintendent and advisor are all invited to attend.

Teddy E. Assister and Bobby Patterson from the Floydada chapter will also be awarded the Lone Star farmer degrees. Lone Star Farmers are selected on the basis of their outstanding abilities, leadership, scholarship, participation in community and chapter activities. They must have held the degree of chapter farmer and been a member of the FFA two years.

Lions-Rotarians To Play Softball For Benefit Scouts

Arrangements were made Wednesday for a real grudge softball tilt between the Lockney Rotary Club team and the Lions Club to be played Saturday night of next week, July 28. Proceeds from the game will go to local Boy Scout work it was said.

The two civic clubs have played twice before this year with the Rotary team winning each time, though not by much margin. Now it is reported the Lions are out for revenge while the Rotarians will be attempting to keep their record clean of any defeats. The public is invited to see the game.

Joe Wilson Here On Leave

Pvt. Joseph E. Wilson is spending a 15 day furlough here with his parents, Mr. and Mrs. R. C. Wilson. He has been stationed at Fort Riley, Kansas, but will report back to Fort Lawton, Washington, from which port he will be shipped to the Far East, probably Japan.

Joe was named second outstanding trainee of his company during the recently completed training period at Fort Riley. He was given a letter of congratulations by Col. Robert D. Johnson, commander, because of his outstanding record. He is in the 85th Infantry Regiment.

Water Interfers With Fred Lam's Vacation

Apparently water is interfering with Fred Lam's vacation trip. He sends us a clipping this week from Norborne, Mo., telling of flood conditions there. Fred says, "I haven't seen so much water in a long time." The farmer mentioned is his brother. Here is the clipping:

IT HAPPENED IN NORBORNE, MO.

Ralph Lam, a farmer living south of Hardin, on Crooked river offered to trade Gene Falls his 150 acres of corn for a pound and a half of hamburger. If it had not been for the high water this crop would have had a market value of approximately \$11,250.00. Gene was not in the trading mood.

Wildcat Spudded Near Aiken

Another Floyd County wildcat oil test was revealed Wednesday when a well was spudded in on the Eugene Harris farm, 1 1/2 miles south and 1 1/2 miles west of the road intersection on Highway 70 just east of Aiken. The site is within a half mile of the Floyd-Hale county line. It is on section 41, block D6.

The well came as a surprise to most people of this section since no previous announcement had been made concerning it. Drillers are reported to be Midland people, names unknown here, and not a major company.

Depth is reported to be to production or granite but no official word is out on it. A small portable spudder was moved in Wednesday morning and the well spudded in. Work of setting up a big derrick will start soon, it was reported here. Rumors say that it was a hurry up job of spudding in to beat a deadline in a lease contract.

6-County Singers To Meet Here

The Six-County Singing Convention will meet at the City Auditorium in Lockney on the fifth Sunday, July 29, it was announced this week. The convention includes, Floyd, Hale, Swisher, Briscoe, Motley and Dickens counties.

Singers and others from all over the plains area are expected to attend the singing here. The singing starts at 1:30 p. m. and will adjourn at 5 p. m. B. R. Bassell of Plainview is president of the convention.

Joe Reeves, president of the Fourth Sunday Singing meeting at Lockney, has announced that singing would not be held this month but would be postponed and combined with the big convention meeting here the following Sunday.

Carter Grows New Kind Of Wheat

A new kind of wheat for this area was grown on an experimental plot this year by Lester Carter. Mr. Carter sowed about six acres of Club wheat on the Baggett place at the southeast edge of the city last fall. Harvesting it recently, he found that the bugs had eaten about half of it but the approximately three acres that he cut produced 65 bushels. It was not irrigated.

The wheat has a short head, ranging from an inch to an inch and a half in length but the head is very full and heavy, containing from 30 to 60 grains.

Mr. Carter knows nothing about the milling quality of the wheat. He bought the seed in Oregon on a trip he made to that area last year. He plans to grow a larger tract this coming season.

Korean Student Visits Here

David Pak, Seoul, Korea, spent Friday night and Saturday visiting in the home of Rev. and Mrs. N. S. Daniel of Lockney. He had spent the previous week at Ceta Glen youth camp where Rev. Daniel taught a book, and accompanied the local pastor home.

Mr. Pak is a student at Southern Methodist University. He formerly attended McMurray College at Abilene. His parents and his brothers and sisters still live in Korea and a letter he had recently stated that they had moved back into Seoul after the United Nations army had re-occupied the city. His father owned a shoe factory in Seoul and at one time was a millionaire, but has lost all his possessions in the present war.

IN HARLINGEN

Mr. and Mrs. Leslie Floyd have gone to Harlingen where he will buy cotton this summer.

July Is School Transfer Month

July is school student transfer month, Clarence Guffee, county superintendent reminded Floyd County school patrons this week. All transfers must be made by August 1 and anyone whose grade is not taught in their home district must transfer to the district they plan to attend at the county superintendent's office. There is no such thing as an automatic transfer, Mr. Guffee said.

1,300,000 Bushels Wheat In County

Floyd County produced slightly more than 1,300,000 bushels of wheat this year, according to a survey made Wednesday by newspapers of the county. The exact total of the reports was 1,311,000 bushels. However some reports were close estimates and not exact.

Heaviest yield was in the Southeast portion of the county around Lakeview, the report showed. Elevators in the north part of the county handled close to a half million bushels of the total. The total figures included an estimate of 60,000 bushels processed at Petersburg from the Ailman area.

The boys and their leaders will travel by pickup and will camp out, cooking their own meals and getting down to real scout exploring. Mr. Crapster said Wednesday. They will practice use of the compass, study rock formations and get into other scouting practices. Mr. Crapster said that Lockney has the only explorer scout post in the Haynes district.

Joe Norman Given Medical Award

Joe B. Norman, son of Mr. and Mrs. Earl Norman of Siloam Springs, Arkansas, and a graduate of Lockney High School, was recently given an award at the University of Texas School of Medicine at Galveston, where he is a student.

The award was the Medical Dames award and was given at the graduating exercises for the medical school. Joe is in his third year at the medical school and has an outstanding record as a student. He was valedictorian of his high school graduating class here.

Real Estate Transfers

J. V. Gilley and wife to H. C. Gilley, 120 acres out of north one-half of survey 16, block D-2. V. D. Harris to Hubert Davis, lots 1, 2, 3, 4, 5, 6, block 6, Moore addition to Lockney.

Louise Cutting to D. J. Parkey, survey No. 5, Block H, CCS&RGNC Ry. Co. J. B. McPherson and wife, O. S. Cates and wife to E. R. Costner, northwest one-fourth section 1, block K, Hale and Floyd Counties.

J. A. Deavenport to R. W. Smith Jr. 29.65 acres being part of northwest part of southeast one-fourth section 82, block D2, Tyler Tap Ry. Co. R. W. Smith Jr. and wife to J. A. Deavenport 30.35 acres, at corner of sections 56, 57, 81, 82, block D2, southeast corner of tract.

Carl Taylor and wife to Wayne Pigg and wife, 200 acres being northwest one-fourth of section 2, block GM, GC&SF Ry. Co. W. T. Franklin to J. E. Franklin, northwest one-fourth, section 1, block K, Hale and Floyd Counties.

L. A. Wofford to H. S. Calahan, lots 1 and 2, block 24, original Lockney. Mrs. Mary Moody Hutchinson to C. T. Hammonds and L. H. Hammonds 1425 1/4 acres being north part of Eddy Sparks survey.

R. L. Richardson to W. E. Whitfill, northeast one-fourth of northeast one-fourth, section 7, block D5, containing 40 acres.

Court To Inspect New Courthouse Friday At 2:30

The Floyd County Commissioners Court, along with the architect, will inspect and possibly accept the new Floyd County courthouse Friday afternoon at 2:30, Judge Frank L. Moore said Wednesday.

The spacious new building was almost complete Wednesday and the contractors, Dolph Construction Co. and sub-contractors expected to have practically everything complete and ready for use by Friday.

Judge Moore did not know the exact moving date, since the court has made no arrangements with a transfer company as yet, but that detail will also be attended to Friday, the judge said.

The new courthouse is very modernistic looking, despite the use of part of the old building. Spacious halls and roomy offices will afford Floyd County officials the most comfortable place to work of any officials in this area. The new building is air-conditioned for comfort and is practically fire proof.

Arrangement of offices are very similar to what they were in the old building. The first main floor houses the county clerks office, the county court room, the tax assessor-collector offices, the sheriff's office, county attorney offices, county superintendent's office, and other officials.

The second main floor or top floor houses the district courtroom, with new oak furniture, the district judge's office, the district attorney's office, jury rooms, and for something new, a spacious room for meetings of the county home demonstration clubs.

The basement, as yet unfinished, will be used for storage, etc. Fluorescent lighting has been installed throughout the building with central heating and air conditioning. Tile floors of various patterns add greatly to the looks of the building.

Explorer Scouts On Camping Trip

A group of Explorer Scouts from Lockney accompanied by Advisor Mort Crapster and Bob Miller will leave Friday afternoon for a visit at Camp Philmont, Cimarron, N. M., and also a tour of the northeast part of that state.

The boys and their leaders will travel by pickup and will camp out, cooking their own meals and getting down to real scout exploring. Mr. Crapster said Wednesday. They will practice use of the compass, study rock formations and get into other scouting practices. Mr. Crapster said that Lockney has the only explorer scout post in the Haynes district.

Explorers making the trip will be Jerry and Buck Ford, Eddie Joe Foster, Jimmy Myers, C. L. Turner, Royce Carthel, L. V. Eiland, Wendell Sims, Donald Allison and possibly Bobby McCormick and Dorsey Lynn Baker.

The pickup is being furnished by R. H. Ford and the covering for it by F. O. Schacht.

MARRIAGE LICENSES

County Clerk Margaret Collier has issued the following marriage licenses: July 10, Don Mark Shurbet and Mary Ellen Young.

Mrs. W. L. Cooper of Coleman is here visiting friends for a few days.

Hay producers lose two ways when they produce poor quality hay; first, it is low in feeding value, and when offered for sale brings less money. Poor quality usually results from the failure of producers to use the proper harvesting, curing and storage methods.

Buffalo grass makes a good lawn grass for West Texas. Planting sod is the easiest method to follow in getting a Buffalo grass lawn established.

GOOD HEALTH

Answer to Question No. 1:

1. Authorities say there is more allergy today than in the past probably because as man's environment has become more artificial he has been brought in more frequent contact with "foreign" or newly created materials. Modern medical knowledge enables your doctor to treat many allergies successfully.

Answer to Question No. 2:

2. The reduction of infant mortality is attributed to the increasing percentage of births in hospitals (although the improvement in the medical care provided in home births has been pronounced), improvement of prenatal care, health education, administration of new

medicines, blood transfusions and improvement in training in obstetrics.

Answer to Question No. 3:

3. The Schick test is a method of injecting a very small amount of diphtheria toxin into the skin. Those who have antitoxin in their blood to fight the diphtheria toxin will have a negative test. On the other hand, those who do not have antitoxin in their blood will have a positive Schick test. In the case of a positive Schick test, your doctor will recommend immunization in order to prevent diphtheria.

Epileptic Clinic Established At Plainview Hospital

The Plainview Hospital and Clinic Foundation has announced that it will establish a free epileptic clinic at Plainview. The clinic will be open to all who suffer from the disease and who are unable to afford proper medical attention.

In announcing the clinic, the Foundation stressed that few people appreciate the magnitude of the problem presented by epilepsy. In his recent book *Epilepsy and Convulsive Disorders in Children* Edward M. Bridges reveals that one out of every three or four hundred persons in the United States suffers from epilepsy, while one out of every sixty to eighty children who are brought to the nation's clinics has some form of the disease. Epilepsy cripples and handicaps more people than active tuberculosis and infantile paralysis combined.

The Plainview clinic will be built around three major goals: the education of the public concerning epilepsy, proper medical care for all who can benefit from it, and further research into the fields of epileptic diagnosis and treatment. Anyone suffering from

epilepsy who proves to the Foundation's satisfaction that he is medically indigent will be given all necessary medical care completely free of charge. When surgery is necessary neurosurgeons from Fort Worth will fly to Plainview to assist with the operation.

As this is the only free clinic of its type in Western Texas, the Foundation is emphasizing that it is not just for the people of Plainview and the immediate vicinity, but rather for anyone who can benefit from its services, no matter where his place of residence may be. The clinic will be open every Thursday afternoon from one till five and will be under the supervision of the Foundation's Neuro-Psychiatric Department.

More Now Eligible For S. S. Benefits

During the first six months of 1951 the Lubbock office of the Social Security Administration has received an average of 175 claims per month for old-age and survivors insurance. This is an increase of about 4 times the figure for the same period last year, according to John G. Hutton, manager of the office.

Most of the increase, Hutton explained, is due to changes made last year in the law, which drastically reduced the requirements for eligibility. Under the new rules payments can be made in many cases after as little as six quarters—about a year and one-half—in jobs covered by the law.

The new eligibility rule applies to two types of cases:

(1) Retired workers past the age of 65

(2) Survivors of workers who have died since August 1950

The required six quarters of work may have been done at any time since the law went into effect in 1937 and can be from either steady work or scattered jobs with several different employers.

One effect of the changes, Hutton pointed out, is that a large number of workers, many well past the age of 65, who were not eligible under the old rules, may now qualify for payments. The majority have already filed applications, but Hutton is certain that there are many in the Lubbock area who have not filed claims and are losing payments.

"We can make back payments for only 6 months," Hutton said, "so that a claim filed now will cover only the months from January on. Any payments which might have been due for 1950 are now lost. If a claim is delayed until August, then January will be lost, and so on, a month lost for each month of

delay. For this reason, we urge anyone who believes he may be eligible for payments to couch with us at once.

Safe - IT'S AN Electric WATER HEATER!

When you have a child in the cuddly, crawling stage, you have the perfect reason for installing an automatic electric water heater — the safest water heater made. Your child can crawl right up to the water heater, pull itself up by holding on to its spotlessly clean sides, wrap its arms around the water heater and be perfectly safe, thanks to the complete insulation and no-flame features of an electric water heater.

These same features make an electric water heater equally safe for you, too. There's no fear of gusty winds blowing out a flame—there's no flame. There's no waste heat, either, because only an electric water heater is completely insulated so that all the heat goes into the job to be done.

Reddy Kilowatt's special water heating rate makes electric water heating economical, too. For plenty of hot water always, safely, economically, see your electric appliance dealer now.

SOUTHWESTERN PUBLIC SERVICE COMPANY

22 YEARS OF GOOD CITIZENSHIP AND PUBLIC SERVICE

The Lazy J Ranch's 1950 Ford F-3 Express with POWER PILOT was one of more than 5,000 Fords in the nationwide, 50-million-mile Ford Truck Economy Run.

George Stephens of the Lazy J Ranch says: "The low cost my Ford Truck showed in the Economy Run speaks for itself. I got regular service checkups from my Ford Dealer."

"My ranch 'workhorse' runs for only 2 1/2¢ a mile!"

Ranch owner George Stephens proved for himself, in the big Economy Run, just how little it costs to run his Ford Truck!

"The Lazy J's Ford Express did itself proud in the Ford Truck Economy Run," says Stephens. "Daily records kept during the entire six months show that our Ford Truck ran up a total of 5,109 miles. My out-of-pocket expense for gas, oil, main-

tenance and repairs was exactly \$123.51... about a \$20 bill each month... only 2 1/2 cents a mile!"

The Ford Truck POWER PILOT carburetion-ignition system is one reason why Ford Trucks cost so little to run, in ranch work or any work. The POWER PILOT gives you the most power from the least gas. In the low-price field, only Ford has it!

FORD TRUCKING COSTS LESS

because FORD TRUCKS LAST LONGER!

Using latest registration data on 7,318,000 trucks, life insurance experts prove Ford Trucks last longer!

Rural Fire Protection Is Sought By WTCC

Ahilene. — The West Texas Chamber of Commerce is trying to determine whether adequate rural fire protection can be secured on a voluntary basis without resorting to creation of a new taxing agency.

James F. Melton, manager of the taxation and legislation department of the WTCC, has asked managers of local chambers of commerce of the 132-county region to report creation of any voluntary protective association, how they were created, and their ability to solve rural fire problems.

One of five constitutional amendments to be submitted to Texans in November, 1951, would open the way for creation of rural fire prevention districts and authorize maximum tax levy of 50 cents per \$100 valuation to finance them.

Seeing is Believing

THE EARLIEST EYEGLASSES WERE SINGLE-LENS TYPES, FRAMED IN HORN OR WOOD, AND HELD IN THE HAND... ABOUT 1285.

OPHTHALMIC SCIENCE RESCUES EYES THROUGH PRECISION METHODS. HERE SAMPLES OF GLASS "COOK" ARE BEING ANALYZED FOR LIGHT-BENDING POWER, A PRIMARY REQUIREMENT IN EYEGLASS LENS MAKING.

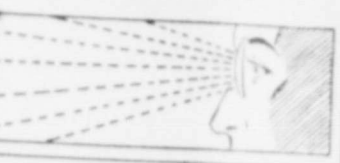

THE MOUNTAIN BEAVER IS BORN WITH ITS EYES CLOSED AND NEVER HAS GOOD VISION, ACCORDING TO THE BETTER VISION INSTITUTE.

Did you know? EVERY YEAR AMERICANS SPEND: \$10 BILLION 200 MILLION FOR RECREATION...

\$200 MILLION (LESS THAN ONE-FIFTIETH AS MUCH) FOR EYE-CARE AND EYE-WEAR.

Urges Smallpox Vaccination Of Young Children

Austin.—Not a single case of smallpox has occurred in Texas this year, said Dr. Geo. W. Cox, State Health Officer. Unfortunately, the fact that we have had no smallpox does not mean we are immune for all time.

"Smallpox can strike again. For example, in 1947, an infected individual from Mexico innocently carried the disease to New York City. The result was 13 cases and three deaths, the first deaths in 35 years. Service men returning from the Orient caused an epidemic of 68 cases and 20 deaths in Seattle in 1946.

"In spite of Texas' apparent freedom from smallpox, vaccination of every child before he is a year old and re-vaccination every three to five years is imperative. This is the only sure way to prevent the disease.

"With the speed of present day travel a person harboring smallpox could alight in our midst at any time. If the public becomes lax concerning vaccination that single case could spread as happened in New York and Seattle.

Dr. Cox asks, "When were you and your family last vaccinated against smallpox? Would you and your children be safe if exposed to this disease?"

GO TO CHURCH SUNDAY.

Take Care Of Shrubs In Summer

College Station. — Take care of your shrubs during the dry summer months. Water, fertilizer and pruning are important to the life of your plants. Sadie Hatfield, Homestead Improvement Specialist for the Extension Service of Texas A. & M. College, says.

Shrubs probably suffer more from mismanagement of moisture than anything else, the specialist comments. There are two ways of keeping the moisture in the soil around the shrub: first, make a depression around the plant to catch and hold as much rain water as possible. Then, once you have moisture in the soil—either from rainfall or irrigation—use some kind of mulch to keep it there.

Use layers 2 or 3 inches thick of well-rotted leaves and grass clippings or straw; rotted hay from hay stacks, or straw from wheat and oat stacks. If the soil is tight, use some sand for the leaves to work into, or use a layer of loose top soil to hold water later on. Miss Hatfield suggests using the hoe instead of the hose for the thin layer of top soil; you are likely to kill feeder roots near the surface if you dig more than 2 or 3 inches deep.

Shallow soils do not hold moisture through the summer, so it may be necessary to irrigate occasionally. The specialists says let the water run slowly until the soil is wet to a depth of 10 to 18 inches.

Lynn Alford Takes Plainview Bride

Lynn Alford, son of Mr. and Mrs. Bill Alford of Lockney and Mrs. Vera Green of Plainview were married Sunday, July 8 at Clovis, New Mexico.

They are at home here where Mr. Alford operates the Dixie Tavern cafe.

Derrell Joe Phillips Honored Thursday

Derrel Joe Phillips celebrated his fourth birthday Thursday with a party at the home of his parents, Mr. and Mrs. D. J. Phillips.

After playing games on the lawn, pictures were made of the little boys. Ice cream cones were served to the following: Mark Murrell, Max Stevenson, Wyatt Phillips, Ben King, Tony Frizzell, Tim Hartman, Donald and Randy Henderson, Billy and Gary Tiner, Mike Nance, DeLinda and Jane Carol Phillips, and the honoree.

GO TO CHURCH SUNDAY.

Mrs. Don Griffith Weds Dimmitt Man

Mrs. Don Griffith of Lockney and Mr. J. W. Dempsey of Dimmitt were united in marriage at the brides home Sunday afternoon. Minister O. W. Kirk of Floydada performed the simple ceremony.

Attending the ceremony were Mr. and Mrs. Bob Miller and children, Mr. and Mrs. Buck Crum, and a son and daughter of the groom, from Dimmitt. The couple will live in Dimmitt.

County Council To Meet Saturday

The Floyd County Home Demonstration Council will have its regular meeting at 2:30 Saturday afternoon, July 21, in the Floyd County Court Room in Floydada.

Miss Dorothy Marr went to Albuquerque, N. M., Friday to spend two weeks with Mr. and Mrs. Gavin Marr. Jeanie Marr returned to her home after a visit here.

Roylene Hall Becomes Bride Of C. W. Berry

Miss Roylene Hall, daughter of Mr. and Mrs. Fred Hall, 145 Coventry Place, Fort Worth, Texas, became the bride of Cliff W. Berry, son of Mr. and Mrs. C. W. Berry Sr. of Cleburne, Texas, Tuesday, July 3.

The single ring ceremony was read at 9:00 p. m. in the home of Rev. George L. Norris, pastor of the Gideon Baptist Church, who officiated at the ceremony.

The bride wore a street length two piece white waffle pique dress. The tight fitted jacket had a yoke of white chantilly lace and net which extended down the front to the waist line and encircled the bottom of the jacket. The chantilly lace collar trimmed in tiny rhinestones held her illusion veil. She carried gardenias and stephanotis.

Something old was a wedding ring belonging to her mother, something new was her wedding attire, something borrowed was a pin belonging to an aunt, Mrs. John Speed of Fort Worth and something blue was a garter.

Mother of the bride was dressed in a brown crepe dress trimmed in lace. Her accessories were brown and white, and she wore a gardenia corsage.

Mrs. Berry is a graduate of Lockney High School with the class of '51. She has been employed as a typist for Consolidated Vultee Aircraft Corp. since moving to Fort Worth in February.

The groom attended Fort Worth Public Schools and spent sometime serving in the 82nd Airborne Division as a paratrooper. He is now employed by Striplings in Fort Worth.

The couple will be at home to friends and relatives at 711 1/2 Drainger St., Fort Worth, Texas.

Lockney Club Meets With Mrs. Collier

Mrs. Kate Collier was hostess to a luncheon meeting of the Lockney Home Demonstration Club at her home in Floydada on Tuesday of this week.

The president, Mrs. J. H. Cooper, called the meeting to order and members answered roll call by giving a fire hazard they had corrected.

Miss Leila Petty, Home Demonstration Agent, gave a demonstration on frozen foods. "A Meal From The Freezer" consisted of glazed ham surprises, frozen baked corn, tossed green salad, with garlic cream salad dressing, rolls, butter, ice cream pie. Recipe and instruction sheets were furnished. Also pamphlets on freezing poultry and how to freeze and cook frozen foods.

Those attending were Mrs. Paul Cooper, Ann Cooper, visitors of Lockney. Mrs. Bob Collier, visitor of Floydada, Mmes. I. A. Applewhite, F. L. Brown, Henry Bollman, J. H. Cooper, Ross Cooper, L. M. Honea, E. L. Stapp, J. E. Tierce, Thomas Marr, E. M. Whorton, Calvin Tomme, M. S. Johnson, Mrs. F. S. Byars and Miss Petty.

The club also met on Thursday, July 12 for a regular meeting in the home of Mrs. E. L. Stapp. Mrs. Ross Cooper, landscape leader, gave a demonstration on "Corsage Making." She told how to use flowers from the garden in making corsages, and the material used.

Business and games followed with Miss Josephine Smith leading the games. Refreshments were served to Mmes. I. A. Applewhite, F. L. Brown, Henry Bollman, L. W. McCulston, J. E. Tierce, Thomas Marr, E. M. Whorton, M. S. Johnson, Calvin Tomme, Ross Cooper, Miss Josephine Smith.

The club will hold a special meeting for Guest Day in the home of Mrs. Thomas Marr Thursday, August 9 at 4 p. m.

ENGAGEMENT ANNOUNCED

Mr. and Mrs. Ohmer Willis Kirk of Floydada have announced the engagement of their daughter, Patricia Gail to William Newton Lansford, son of Dr. and Mrs. E. L. Lamford of Lubbock. The wedding is set for August 9th at the First Christian Church in Floydada.

Both are students at Texas Tech.

Mr. and Mrs. Walter Anderson and daughter, Erlene of Denver City, Texas visited Rev. and Mrs. E. J. Cobb and family Saturday night. Erlene has remained to spend the week.

LEAVES FOR KENTUCKY

Mrs. Tim Phalen, the former Betty Seaman left Saturday after spending ten days here with her mother, Mrs. Lee Seaman. She has joined her husband at Louisville, Kentucky where he has received his discharge from the army. Betty received her discharge from the service prior to coming here. Their plans for the future are still undecided.

Mr. and Mrs. Bill... family of Fort Worth... and Mrs. Virgil... of Levelland visited... of their brother, Lockney... day and Monday.

MONEY TO LOAN—on Farms and Ranches. See R. E. Fry, Floydada, Texas, 27-tfc.

Defoliation Of Cotton Worth The Cost—Specialist

College Station. — Chemical defoliation of cotton may be worth the cost and effort regardless of whether the harvest is to be by hand, by picking machines or by mechanical strippers.

Removal of the leaves exposes all bolls to sunlight and air current so they dry rapidly and open quickly. This often allows the cotton to be picked two weeks earlier.

Defoliation may be beneficial in the control of cotton insects—cutting down on leaf worm and aphid infestation, reducing boll weevil populations and permitting early stalk destruction for pink boll-worm control.

"Apply defoliants when the youngest bolls expected to make cotton are 25 days old," advises F. C. Elliott, cotton specialist for the Texas Extension Service. "Defoliants should be applied ten days or two weeks before the intended picking date."

Use of dust defoliants is recommended only when plants are wet with dew or when adequate dew is forecast. Elliott cautions that the dust must remain in moisture on the leaf for at least two hours. Four or more hours of moisture exposure is preferred.

Calcium cyanamide and monosodium cyanamide are two recommended dust defoliants. Calcium cyanamide, sold under the trade name "Aero Cyanamid, Special Grade," should be applied at the rate of 30 to 40 pounds per acre. Twenty-five to 35 pounds per acre is recommended for monosodium cyanamide, which is sold as "Aero Sodium Cyanamid Dust (X-10)."

Spray defoliants may be used in the absence of dew and when the air is extremely dry. However, Elliott warns that thorough coverage of the cotton plants is essential for good results.

Good defoliation can be obtained with six to eight pounds per acre of spray defoliants sold under the trade names—"Shed-A-Leaf," "Ortho C-1, Liquid Defoliant," "Aero Cyanate Weed Killer" and "Dow Defoliant." One to four pounds of "Nigrathal DF Spray" per acre or 5 to 15 pounds of "Sodium Cyanamide, Soluble Grade (X-5)" may be used.

For ground spraying Elliott recommends dissolving the above rates in 10 to 25 gallons of water, depending on the type of sprayer used and the size of the cotton plants. Thorough coverage of the plants is essential. This means going to the field with enough water. Under most conditions 25 gallons of water per acre will be necessary.

For airplane spraying, dissolve the recommended pounds of material in an equal number of gallons of water.

Changes In Draft Law Explained

Austin. — The draft law, scheduled for expiration July 9, has been extended in amended form to July 1, 1955. Brigadier General Paul L. Wakefield, state draft director, reminded Texas people today.

General Wakefield noted the following important changes in the Selective Service act:

1. Men inducted will serve for 24 months as compared to 21 under the old law. Males must register at the age of 18, as formerly.
2. Men are liable for induction at age 18 1/2 instead of 19. No man below 19 can be inducted so long as a board has eligible older men.
3. Physical and mental standards for service have been lowered, with the result that some men now classified IV-F will be found suitable for I-A.
4. The present strength of the armed forces, approximately 3 1/2 million, can be raised to 5 million men.
5. Except for cases of extreme hardship, a man may not be deferred for dependency on the basis of a wife alone.
6. Men now or hereafter deferred on educational, occupational, farming, or dependency grounds will remain liable for service until age 35. Men not deferred are liable only to 26th birthday.
7. Conscientious objectors to military service shall be ordered by local boards, subject to regulations prescribed by the President, to perform civilian work in the national interest for 24 months.
8. Men entering the service by way of a draft board are obligated to serve six years in the reserve after discharge.
9. High school students will be deferred until graduated, until they attain age 20, or until they fail school work.
10. Some college students may be deferred on the basis of class standing during last completed school year, or on the basis of a government-sponsored test. The local board is not bound to defer on the basis of this information, but can defer on consid-

eration of it. Some other college students may be deferred on a less competitive basis.

11. No inducted man may be assigned overseas until he has had four months training.

12. All enlistments in the armed forces, reserve and regular, which expire after July 9, may be extended by the President for one year. No person shall have his enlistment extended a second time.

HARRIS VISITORS
Visiting in the home of Mr. and Mrs. V. D. Harris Sunday were Mrs. Raymond Nelson and Jane of Plainview, Mrs. Maud Shurbet, Mrs. Hilery Shurbet and Sue of Sand Hill and Mr. and Mrs. Clint Turner and son of Floydada. Mrs. Jesse Wofford and Judy of Hereford and Mrs. Nelson and Jane were also visitors in the Harris home Wednesday.

ATTEND YOUTH CAMP
Those from Lockney attending the Ceta Glen Youth Camp for the Methodist Church last week were Sandra Myers, Clydelle Hill, Sam Daniel and Rev. N. S. Daniel. Rev. Daniel taught during the camp.

G. H. Huls of Stamford visited his parents, Mr. and Mrs. Gilbert Huls here Tuesday. The elder Mr. Huls is improving after several weeks of illness.

MEMBER OF TEXAS PRESS ASSOCIATION

EDITORIAL

For every home is builded by some man; but he that build all things is God.—Hebrews 3:4.

As Rotary President Jesse Cox said last Friday, nothing that has been tried in Lockney in a long time has succeeded like the Girl Scout movement. The day camp of last week is but an indication of the tremendous success of efforts to organize in this community. But this wasn't just a happenstance. Things like this don't succeed without someone or more persons doing some ground work. In this case we understand that the work of organizing has been lead by Mrs. M. W. Wiley. She and her co-workers have done a marvelous job and they are to be congratulated upon the success of their efforts.

The ground work in this case probably included a lot of detailed planning and individual effort on the part of a number of people. In other words it took

some time and thought. But it went over with a bang. Some of the rest of us can well learn a lesson here. Too many times we have a brilliant idea for work or project that we believe will be helpful to the community. But instead of first sitting down and carefully planning the movement, we jump up and say "Let's do this," without plan or program. And more times than not the project falls flat, not because it isn't worthwhile or needed but because the proponents do not put enough time and thought into planning it.

This community can do almost anything it wants to do if the movement is well planned, worthwhile and sold to the public through various kinds of publicity.

Those of us who are old enough to remember the Prohibition days, remember very well the promise made by the advocates of legalized liquor that "legal sale of liquor will do away with the evil of bootlegging." Since there was quite a bit of bootlegging in process at that time, many gullible people fell for that line and voted for the legalizing of whiskey sales thinking that it would do away with the bootlegger. This week The Beacon is in receipt of an article being distributed by the Licensed Beverages Industries, Inc., which is an organization of the big breweries and distilleries, in which they are yelling loudly that "more illicit stills are operating today than in the driest days of prohibition." Then they go on in so many words to say "Why don't somebody do something."

They charge that in many states, the southeast particularly, more liquor is sold tax free and unbranded than is sold by the legal liquor industry. Of course, the motive prompting the outburst is selfishness unadulterated. Of all class of industries operating in America, this class of people are the most selfish, conscienceless, cruel and evil-planning group in the country. The only reason they are yelling is because they are losing money. On top of that they cannot tell the truth in any matter relating to their business. If we must choose between the licensed beverage dealer and the bootlegger, we would need some time to meditate. There is little difference in our opinion.

HOPE OF THE WORLD

With Our EXCHANGES

GIVING TO GOD

Over a period of year I have conducted a private observation on the policy of making contributions. I have reached the conclusion that it is impossible to give money to a church collection plate. God has always given back more than I have given. I have been repaid from sources remote from reasonable logic and often from entirely surprising actuation. Reduced to my last dime, I would lend it to God, remembering that He had lent it to me. — Trail Dust in Matador Tribune.

BACHELORS BEWARE!

One of the things which has always fascinated me about our language is the close relationship of certain words. These words which sound alike and are spelled only slightly differently were probably the same thing before our Anglo-Saxon ancestors got educated in reading and writing.

Then some know-it-all came along and spelled them differently to give them segregated jobs in the tongue. Take principal and principle or affect and effect.

With this in mind recently a bulb flickered under my straw hat about the marked resemblance between the words bridal and bride. Obviously our pagan forefathers, who were nobody's fools, must have been thinking about somebody or something getting a bit in his mouth and being led around.

It is a rather sobering thought for bachelors. — Prattler in Paducah Post.

PRICE CONTROLS

In time of war we definitely favor price control on commodities such as rent, food, fuel and clothing. It is a matter of protecting consumers against unwarranted raids on constantly decreasing funds. But in the case of these Office of Price Administration policies we can say without reservation — they are the biggest batch of hokum to come out of Washington in many a day, and that's something.

Take the case of the once lowly grassfed beefsteak. It sells here in Ralls for \$1.10 per pound. High, huh? Ask the butcher for a copy of his OPS, anxious to roll back prices, actually allows the butcher to sell that steak, not for \$1.10, but for \$1.39 per pound! In short, the demand by the public for steak cannot even force the price up to what is allowed under OPS. Supply and demand, at least in the meat business, still determines prices. OPS regulates no price in this field so far. It should either be made to function or it should be thrown out the window. — Ralls Banner.

We know of no time in history when so many men of small stature direct the affairs of free men. They have sacrificed personal honor, betrayed their constitution and set an example for corruption in government. They deserve nothing but contempt from the people, and the people deserve little better than that for tolerating in high office such a coterie of criminals.

If the nation ever needed a third party, it is now Democrats and Republicans alike have demonstrated their unfitness for public office. — Ralls Banner.

In tests conducted by the Texas Agricultural Experiment Station, dry forage yields were increased from 350 to 1,330 pounds per acre on renovated K. R. bluestem pasture by applying a combination nitrogen-phosphate fertilizer.

WE'RE IN CONTEMPT

We confess to being in horrible contempt of Congress.

It is unquestionably true that the nation-wide feeling of fear and confusion springs directly from actions of a few members of Congress whose morals are as low as their intelligence quotient. This is not the first time in history that imbeciles and criminals have been kept in the highest legislative body in our land. But it is the first time in history that the few honest Congressmen and Senators have allowed to remain in their midst these dregs of political society.

Rep. Walter Brehm, Republican of Ohio was fined \$5,000 and given a suspended jail sentence for receiving "kickbacks" from a man in his office. Rep. Edward Cox, Democrat of Georgia, has violated the criminal code by accepting a \$2,500 retainer before a federal agency while he was a House member. Astute Mr. Lodge of Massachusetts writes Rep. Andrew May, serving time in prison, praising him for his Americanism. Last week two Congressmen, noted for empty heads and empty phrases, engaged in fistfights on the floor of Congress, like two unpedigreed dogs in the street. A U. S. Senator from Maryland gains a seat in the Senate through admitted fraud, bribery, treachery and criminal action. The august Senate body not only fails to expell this rat but actually gathers him to the legislative fold in protective immunity.

We know of no time in history when so many men of small stature direct the affairs of free men. They have sacrificed personal honor, betrayed their constitution and set an example for corruption in government. They deserve nothing but contempt from the people, and the people deserve little better than that for tolerating in high office such a coterie of criminals.

If the nation ever needed a third party, it is now Democrats and Republicans alike have demonstrated their unfitness for public office. — Ralls Banner.

In tests conducted by the Texas Agricultural Experiment Station, dry forage yields were increased from 350 to 1,330 pounds per acre on renovated K. R. bluestem pasture by applying a combination nitrogen-phosphate fertilizer.

Long Ago In Lockney

Items of interest from the files of The Lockney Beacon.

November 18, 1909

J. H. Ratjen and H. Quebe, farmers who live northwest of Lockney, are shipping a car of maize, corn and kaffir corn back to McGregor. Although this has been the driest year here in a long time, the county still produces more than it needs.

Rains fell over the Panhandle and Plains area the past week. Three inches fell at Lockney.

Dr. J. L. Guest, R. M. Broyles and C. M. Muncy left first of the week for the trakes north of Silverton where they will hunt deer and bear.

B. R. Turner, wife and daughter, Mrs. Oscar Shurbet returned Saturday from a visit at their old home, Chico.

H. A. Thompson returned Tuesday from Dallas where he attended the Baptist State Convention.

Tom Nolan from Crawford is moving here. He will locate 10 miles north of Lockney.

Thos. Hanks and wife returned Wednesday from the Methodist Conference at Stamford. Bro. Hanks is being sent to Margaret in Foard County. Mr. Riley from Brownfield will come to Lockney.

C. R. McCoilum is building a house in South Lockney.

September 16, 1919

Work of building a sidewalk to the high school building was awarded by contract to G. C. Fairley. The walk will begin at Morgan & Company corner, go south to J. B. Downs and thence east to the school building. The work.

Mayor T. Z. Reed has et Wednesday as clean-up day in Lockney. The schools will take off a half day and business houses are urged to close. The campaign is to help prevent flu.

The 5-year-old daughter of John McDonald was burned at her home in south of Lockney...

Mrs. Sina Martha Childers, mother of Mrs. Bertha Childers, died suddenly on Wednesday night at the Lockney. She was apparently in good health...

Mr. John A. Hasky and Mary Russell were married today at the brides home.

B. F. Rignold has Dexter Wells barber shop and will move it to the rear of the Roy Griffith's store. John W. Sims occupy the Wells building his tailor shop.

Mr. and Mrs. C. E. McCallum are on an automobile trip in California. Their letters are of bad, muddy roads in and desert in California.

Lockney new talking the Isis Theatre was opened today. Mr. and Mrs. J. T. have spared no expense to the best to Lockney.

The State Democratic Executive Committee has announced that all Hoover Democrats barred from running for office on the Democratic ticket result a mass meeting to be held in Ford County to name a slate of officers for the state races.

Elmore G. McAdams, son of Carl McAdams, died at Long Beach, California. The local man's funeral services.

Sterley has been granted school district by the board in a meeting Monday. A petition bearing signatures was presented to the superintendent's office for formation of the Parts of Roseland, Lone Prairie Chapel districts in forming the new district sections.

Political announcements include Robert A. Sore for attorney and E. R. Bragg commissioner, precinct 2.

Warfarin Bait Kills Rats, Tests Show

College Station. — Excellent results in warfarin bait rat control demonstrations are reported by John B. Williams, Leon county agricultural agent.

About 425 pounds of the new rat poison has been sold to rural people of Leon county in May. Warfarin is a relatively safe rat killer, which prevents clotting of blood and causes the rodents to slowly bleed to death of internal hemorrhages.

F. L. Thompson, Sr., of Leona put out five pounds of the warfarin bait, and 33 rats were picked up at this one place.

Ben Boone of Jewett says the buzzards have been sitting on the fence posts at his barn since he put out five pounds of the slow-acting poison.

With four pounds of the rat bait, Jodie Vann, Leon county commissioner, completely cleaned out his barn and outbuildings.

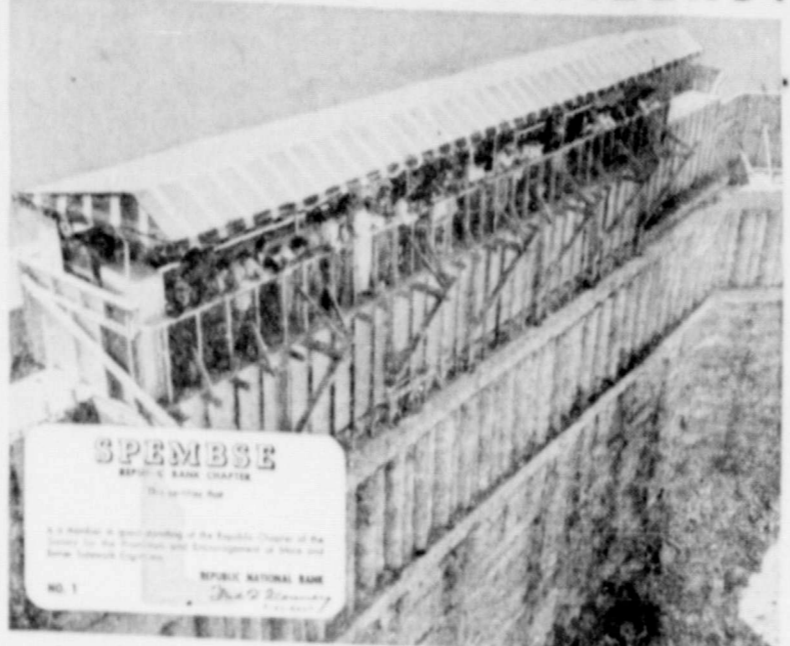

Thus far, only one dissatisfied user of warfarin has been reported in Leon county. Although this person could not find a single dead rat around his home, his close neighbor has seen many dead rats at his place.

County Agent Williams thinks the sick rats are leaving the dissatisfied farmer's barn and going to the neighbor's place to die.

J. J. Harris, Jesse Harris and family visited their son and brother, Olin Harris and family at Loving, New Mexico, over the week end.

Planting seed of the better adapted small grains are in short supply and producers should take care of all seeds which may be suitable for planting purposes.

SOMETHING "EXTRA" FOR SIDEWALK ENGINEERS!

A special Spectators' Gallery, with cushion seats and awning, has been erected by the Republic National Bank of Dallas during the construction of its new 40-story building — the tallest and most modern bank and office building in the Southwest. The gallery also has soft drink vending machines and a telephone for members of the Republic Bank Chapter of Engineers. A membership card is issued to all visitors and periodically a newspaper giving progress of the new building is mailed to all members of SPEMBSSE.

Commission Sets Hunting Restrictions For Coming Season

Austin. — Possibility that Texas hunters may be restricted to afternoon shooting during the coming mourning dove season was indicated recently at a meeting of the Game, Fish & Oyster Commission.

Word received by the Commission from the Federal Fish & Wildlife Service, which sets the seasons on all migratory fowl, was that afternoon hunting was being considered by the Federal authorities.

This news came after the Commission had recommended the same dates, shooting hours and bag limits for the north zone on mourning doves and had recommended a later season, beginning on November 15 for the south zone.

The Commission then voted to recommend that the Texas waterfowl season begin not earlier than November 10. The dates last year were November 3 to December 17. No indication was received as to bag limits and length of the season on waterfowl.

The Commission changed the deer season in the nine counties west of the Pecos from November 6 to 11 inclusive to November 20 to 25 inclusive, after receiving

requests from both sportsmen and landowners. The Commission also reduced the bag limit from one male white-tailed and one male mule deer to one male deer.

The deer season for the state at large is set by law and runs from November 16 to December 31, with two buck deer the limit.

The Commission authorized regulations for the new six county area brought under regulatory control by a recent state law. A 15-day deer season was ordered beginning November 16, with one buck deer allowed. The wild turkey season would run concurrently, with a limit of one gobbler. The state law on wild turkey permits three gobblers.

The quail season in the six county area would be the same as the state at large but the possession limit would be cut from 36 to 24. The new regulatory area comprises Jack, Young, Palo Pinto, Stephens, Hood and Erath counties.

Remove the leaves from cotton plants by defoliation hastens opening by exposing the bolls to the sun light and air currents and may prove beneficial in controlling late infestation of cotton insects.

LETTERS TO THE EDITOR

Editor's Note: Needless to say, we trying to get Mrs. Wesley's paper addressed so she will get it.

Peyton, Colo.
July 7, 1951.

Mr. Edgar Hays,
Lockney, Texas.

Dear Mr. Hays: I'm writing you to eat a hunk off of you about my paper. It seems as if Shirley is the only one up here that gets The Beacon. Now if I happen to go over to her house, and ask point blank, did you get The Beacon this week? she usually goes and digs it out, that is if it hasn't been destroyed. As you probably know she is Jr. and I am Sr. and since she's moved up Mrs. Bill Wesley Sr. doesn't get The Beacon.

Now if you was close enough, I would pluck out your tail feathers. But since you are so far away, I that I would let you know that I do want my paper. If you will check up you will find that my time on The Beacon doesn't expire until January 52. And it cost me 50c more than it does her because I am out of State. And next year it will still cost

me a little more, which I don't mind.

And it's the only paper, we get or suppose to get with all the home town news in it. C. what I mean. So I will close, and hope you will see that I get my paper. You might change my name to Mrs. Myrtle Wesley, on my paper instead of Mrs. Bill Wesley Sr. That way the Sr's and the Jr's wouldn't get mixed up, recon.

So much for the paper. Would like for you to come by and see us and look our place over if you happen to get a vacation up in this part of the woods. Ben McGhee can tell you how to get here. I am a good cook or the company we been having thinks I am. Now its getting pretty dry up here. We sure could use a good rain. Sprinkles nearly every day, but that is all. Although cattle and sheep look good, so does wheat, but it won't look good long unless it rains.

Will be looking for my paper, and will spare your tail feathers.

Mrs. Bill Wesley Sr.
P. S. Bill Jr. said tell you he has a baby fawn. Sure is a cute little thing, nurses a bottle, and is the biggest pest you ever saw. I think he sleeps with Shirley and Bill. Ha! Ha!

the home of Mr. and Mrs. Harold Griffith Monday morning. The Webbers were on their way to Lovington, N. M. to attend the funeral of Mr. Webbers grandfather.

Mr. and Mrs. Floyd W. Jackson and Betty, Mr. and Mrs. Buck Sams and Jake Wofford were in Ruidoso over the week end.

Mrs. Herman King and Ben Richard visited with Mr. and Mrs. W. H. Workman Wednesday.

Mrs. Ben McGhee and Hope and Mrs. C. B. Smart visited Mrs. Lina Phillips of Plainview Saturday.

Deanie Henderson and Bobby Baxter left last Monday for the F. F. A. convention at Houston. They returned Saturday.

Mr. and Mrs. L. A. Watkins of Plainview visited with Mr. and Mrs. Howard Watkins Monday.

Mrs. S. D. Barkley and Mrs. N. L. Minick were called to Alabama to the bedside of their grandfather who was seriously ill. He passed away while they were there. We offer our sympathy to them.

Rev. G. C. Tiner of Roaring Springs is visiting his son and family, Mr. and Mrs. Bob Tiner, Rev. Crawford, father of Mrs. Shorty Hartman preached at the

church here Sunday. Rev. and Mrs. Crawford are spending the week here.

Farm Income Shows Increase

Austin. — Texas farmers' cash revenue was 45 per cent greater the first five months this year than in the same 1950 period, the University of Texas Bureau of Business Research reports.

The Bureau estimates Texas farm cash income from major commodities through May at \$484,853,000, compared with \$334,184,000 during January-May last year.

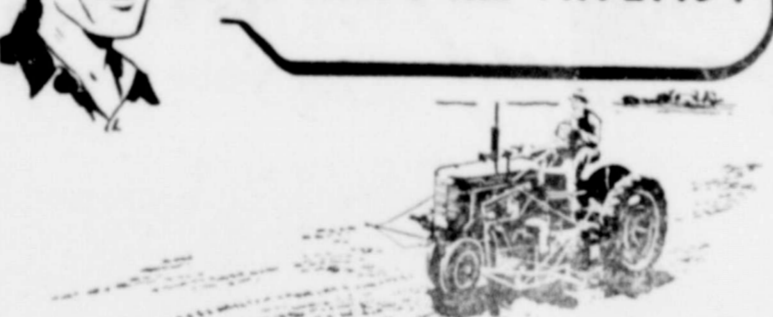

Cattle, the main farm-income producer for both periods, brought in \$165,046,000, 42 per cent more than January-May, 1950. Only commodities bringing less money in the 1951 period were cotton, cottonseed, fruit, vegetables and wheat. Most income drops were caused by unfavorable weather.

Mr. and Mrs. John Cox and Wanda of Lockney, Marjorie and Nova Jean of Plainview, visited W. T. Hayter in the Northwest Texas Hospital in Amarillo Sunday. Mr. Hayter is in a serious condition suffering from cancer of the blood stream.

Visitors in the Sid Thomas and T. S. Fox homes this week include Mrs. Mark Fairman of Kermit and Mrs. Joe Page and sons of Alpine.

Irick News

By Mrs. J. C. Chambers

Mr. and Mrs. Carl Blair and
children went to O'Donnell this
week end to a family reunion of
Mrs. Blair's father, E. W. Mc-
Murtrey. Those enjoying the oc-
casion together were: Mr. and
Mrs. Milford McMurtrey and
children of Abilene, Mr. and Mrs.
D. A. Barnhart and family of
Ralls, Mr. and Mrs. Harold Reese
and family of Lubbock, Mrs. O.
L. Billingsley of Washington, D.
C., Mr. and Mrs. M. H. Wideman
and family of Cone, and Mr. and
Mrs. Carl Blair of Lockney. They
spent Saturday and Sunday to-
gether.

Mr. and Mrs. W. D. Colson had
as guests in their home this week
end Mr. and Mrs. T. J. Roberson
and family of Olton.

Mrs. J. D. Billington went to
Gatesville last week and spent
five days with her mother, Mrs.
Ella Heald.

Mr. and Mrs. F. W. Rankin
from Andrews visited the J. M.
Ratliffs Tuesday of this week.

Mr. and Mrs. Warren Graham
and children visited Sunday
afternoon and ate supper with
her father and mother, Mr. and
Mrs. C. H. Calloway of Lone Star.

Mr. and Mrs. John Holmes and
daughter, Betty Jo, Mrs.
L. A. Boosten of Aiken went to
Frlona Sunday and visited their

daughter and her husband, Mr.
and Mrs. Albert Cannon.

Mr. and Mrs. Oliver Holmes
visited Oliver's mother, Mrs. M.
B. Holmes at Sand Hill Sunday
afternoon.

Mrs. E. E. Stinnett from Plain-
view and Ronald Davis from
Childress ate dinner with the
Andy Jolly's Sunday.

Mr. and Mrs. Glen Kinard and
daughter, Mr. and Mrs. A. L.
Sanderson spent Sunday after-
noon at Lubbock visiting Olen's
brother, Roy Kinard and family.

Gailya Lemley, daughter of Mr.
and Mrs. Lamoine Lemley, of
Trinidad, Colo., visited Gail
Chambers this week.

There was no rain reported in
the Irick community this week.
The shower that dropped half an
inch to an inch in places south
of town Sunday afternoon, did
not give the community any
moisture.

Mrs. J. C. Chambers and chil-
dren are attending the singing
Normal at Plainview this week.

Mr. and Mrs. Pete Nachlinger
of Snyder, Texas, were weekend
visitors with the Harold Dollar
family this week.

Mr. and Mrs. Harold Dollar
visited Mr. and Mrs. J. Nute Wat-
son at Hale Center Sunday.

Visiting in the C. W. Hargis
home last week was Mrs. Har-
gis' sister and husband, Mr. and
Mrs. Frank Ellis of St. Louis,
Missouri.

Mr. and Mrs. Weaver McClure
and two children visited with
the Frank McClures Saturday
night. Mr. and Mrs. Frank Mc-
Clure and girls visited Frank's
brother, T. V. McClure at Lone
Star Sunday.

Mrs. W. R. Kirkpatrick is re-
ported to be somewhat improved
this week. Her mother, Mrs.
Poore from Nashville, Tenn., is
staying with her now, taking
care of her during her convales-
cence.

Plainview Highway Widening To Begin

Plainview. — Widening of 5.1
miles of Highways 87 and 70
through the Plainview city lim-
its will start soon.

Contract has been let to Hol-
land and Page, Austin contrac-
tors, on a bid of approximately
\$289,000. H. C. Weaver, resident
engineer for the Texas Highway
Department said today. Property
owners and the city are paying
for curb and gutter.

Highway 70, designated as
Fifth Street in the city limits,
will be widened from its 40 to
60 feet at present to an over-all
64 feet, providing four lanes with
eight-foot parallel parking lanes
on each side.

Highway 87, Columbia street
in the city limits, is now 36 feet
wide and will be extended to 52
feet, providing three traffic lanes
with eight-foot parking areas on
each side.

RICHARD WYLIE HERE

Pvt. Richard Wylie, stationed at Yuma, Arizona, arrived here Monday for a two week furlough with relatives and friends. He is in an ordnance company. He formerly was employed here at Jackson Tire Company.

Mr. and Mrs. Hugh Carroll and Mrs. James Carroll visited Mr. and Mrs. James Crane and family in Clovis, N. M., Sunday.

Mr. and Mrs. Herbert Watson and son, Herbert Gene of Albuquerque, N. M., are here visiting relatives.

Harry Peterman Visits Here After 48 Years Absence

An interesting story and mystery unfolded Friday at noon when Harry Peterman of Chicago, Illinois walked into The Beacon office desiring information about some friends he used to know forty-eight years ago. He was most interested to know about Lee Floyd who had been his best buddy during Peterman's sojourn here as a teenager. Learning of the passing of Mr. Floyd some four years ago he talked to Dr. J. M. Floyd, his brother who was able to give him additional information he was anxious to hear about the Farnsworth family with whom he made his home.

It seems that as a boy about fourteen or fifteen years of age in Kansas City, Missouri where he lived he met George W. Farnsworth of Lockney who had taken a herd of cattle to market. Peterman's father agreed to let the boy return here to make his home with Mr. Farnsworth and his wife, Mrs. Mattie Brown Farnsworth who operated a farm of four sections northwest of Lockney, now known as the old Guy Ramsey place. This was about the year 1900.

Mr. Farnsworth had six children, four of whom were still at home when young Peterman came here to live. These were by his first wife while the second Mrs. Farnsworth had no children of her own. She was especially fond of Harry. The two older girls were Minta who married Jim Webb and Julia who was Mrs. Charley H. Huffman. The children at home were Nannie who later married C. F. Ramsey, Rob, who was killed in 1904 when he pierced a knife in his heart as he stumbled while cutting maize; Sam who passed away in 1935 and Lena who was later Mrs. Arthur Davis. She passed away in 1935.

Mr. Peterman was thrilled to have the privilege of visiting with the only one of the Farnsworth family now living. Although Mrs. Ramsey is bedfast and her speech is affected from a stroke, she was able to enjoy the short time Mr. Peterman could spend reminiscing of the days when Lockney was a pioneer town. He said at this time there was nothing on the east side of main street except a watering trough and hitching posts. He worked on the Farnsworth place and helped Charley Huffman who drove a freight wagon from Canyon City, the nearest railroad station, to Lockney. Mr. Huffman was the

grandfather of William Wood who lives north of town.

He attended school at Alton, then called Meteor. He remembered Billy Nichols, the Floyd boys and the Teague family. Harry Peterman ran away from home in 1903 and the mystery of what became of him was not solved until last Friday when curiosity overcame him enough to cause him to hire a car at Lubbock while enroute to California and come to Lockney for a few hours visit. He now lives at 1901 Wiona St., Chicago, Illinois.

He was accompanied here by his sister and husband, Mr. and Mrs. Wilbur McArdle of Aurora, Illinois.

Old-Age Benefits Show Big Increase

The number of old-age and survivors insurance beneficiaries in the 18 county South Plains area administered by the Lubbock social security office increased 26% in the first six months after amendments to the Social Security Act became effective last September.

Increase in the amounts being paid was even more substantial, jumping 220% from \$31000 to \$68000 monthly, according to John G. Hutton, manager of the Lubbock office.

Hutton said that as of August 31, 1950, it was estimated that 3000 persons were receiving \$81,000 monthly in these insurance payments in the area. A tabulation recently completed shows that as of February 28, 1951, there were 2542 men, women, and children in the area receiving \$68,291.00 monthly. The manager pointed out that the reason for the proportionately greater rise in amount of payments was that the new law, effective last September, not only made many additional persons eligible for payments but also very substantially increased the general level of benefits.

Hutton called attention to the fact that this Federal insurance program provides not only old-age insurance but protection for the family in case of the breadwinner's death.

John G. Hutton, Manager of the Lubbock Social Security office will be at the Post Office in Lockney at 2:30 on Tuesday, July 24th to assist persons who wish to file claims for survivors or retirement benefits and to assist in furnishing information about the new Social Security law.

ATTEND CONFERENCE

Mr. and Mrs. C. L. Record are attending a Methodist Young Adult Conference at Sequoyah, Arkansas, this week. Mr. Record is vice-president of the Young Adult Conference in the Northwest Texas Methodist Conference and he is representing this area at the Arkansas meeting. The conference will continue through August 27.

GO TO CHURCH SUNDAY.

Betty Givens In—

(Continued from page 1)
shortage is on too everyone rushes to the store to buy everything they can get their hands on. Saturday there was no coffee, potatoes and such things as that at the store. But there was can after can of Folgers coffee floating down the river. We saw a helicopter yesterday bringing people out of the flood waters. I called the bus station last night to see if we could get a bus out and they said we could. So I guess we'll leave while we can.

Two New Livestock Divisions At Fair

Lubbock — Two new livestock divisions have been added to this year's Panhandle-South Plains Fair to be held in Lubbock October 1-6, fair officials announced this week.

An Aberdeen-Angus division and a Chester White division, both on the exhibit program for the first time this year, will boost entry lists and premiums at the thirty-fourth annual fair.

The new swine division will be under the supervision of Ollie Liner, Hale County agent of Plainview. A superintendent has not yet been named for the Aberdeen-Angus division.

Preparations for this year's fair are well underway, with all but three superintendents named and work underway on the fair catalogue. The Bill Hames Shows, Inc. has been contracted to provide carnival facilities.

George Samson of Post is general superintendent of agriculture activities. He will be assisted by Earl Fine of Lubbock.

Other superintendents in the Agriculture Division are Jason G. Gordon, Plainview, superintendent of county exhibits; E. C. St. Clair, Lubbock, in charge of Veterans Vocational Agriculture; Walter Y. Wells, Lubbock, superintendent of individual agriculture exhibits; and L. N. Hargrave, Lubbock, in charge of Vocational Agriculture.

W. B. Griffin, Tahoka, is general superintendent of the Livestock Division. Other livestock superintendents are W. R. Kimbrough, Crosbyton, dairy cattle; Ollie Liner, Plainview, Swine; Morris Duncan, Lubbock, Junior Agriculture; Lee Roy Colgan, Lamesa, Junior Livestock; and Lother Harris, Lubbock, Rabbits.

The list of Women's Department superintendents will be completed later this week. Mrs. Chester Gilmore of Idalou succeeds Mrs. O. R. Copeland as Director of the Women's Department.

The fair catalogs, almost completed, will be ready for distribution next month.

O. C. BAILEY HOME

O. C. Bailey is at home after undergoing a minor operation at the Lubbock Hospital. He is improving.
