**Longhorns Win High Scoring Game At Paducah**

The Lockney Longhorns won a high scoring football game from Paducah last Friday night at the city but they had to come from behind to do it. The final score was Lockney 33, Paducah 26.

The Longhorns wasted no time in getting the scoring started. They made two touchdowns within the first five minutes and the game appeared to be a one-sided affair but it developed differently.

A strong north wind was a deciding factor in the scoring, most of the touchdowns being made with the wind.

The Longhorns won the toss and chose the north end of the field with the wind to their backs. The Dragons chose to receive. Paducah returned the ball to their own 19, couldn't gain and kicked to Smart who brought the ball back to the Paducah 34. Ferguson carried to the 11 yard line, the Longhorns made 4, were penalized five and then Ferguson carried over for the touchdown. C. B. Smart's kick was good bringing the score to 7-0.

Paducah again received and returned to their 32. A fumble gave the Longhorns the ball on the Paducah 40. Baker made 5 and then Smart went between end and tackle, cut back and ran 35 yards to score. The try for point was fumbled. Score 13-0.

The Dragons received but couldn't go and kicked to the Lockney 46. The Longhorns were penalized 5 and then fumbled giving the Dragons the ball on the Lockney 39. Big Pat Green tore loose on the first play from scrimmage to run all the way for a touchdown for the Dragons. He kicked the point to make the score 13-7.

Smart brought the kick-off back to the Lockney 46 for the Longhorns, carried the ball to the Paducah 40 for a first down and then the Longhorns were penalized 5. They kicked to the Paducah 20. The Dragons decided to pass and Smart intercepted the first pass returning the ball to the Paducah 30. The Longhorns made 5 and then Norton Baker cut through the line and ran 25 yards for a touchdown. A penalty on the try for point kept the Longhorns from making it. Score 19-7.

The Dragons received and immediately started a passing attack. The passes were mostly jump passes by Green just over the line. They completed about five or six and scored their second touchdown. They made the point to run the score to 19-14.

The Longhorns received taking the ball back to the 18. They made one 1st down but kicked to the Paducah 46. Smart again intercepted a pass giving the Longhorns the ball on the Lockney 46. Smart broke into the clear to score but the play was called back on account of a penalty. The Longhorns were penalized 15, attempted a pass and were penalized another 15 yards. The ball went over to Paducah on downs at the half.

**Third Quarter**  
The third quarter saw the

Dragons take the lead and completely outplay the Longhorns. The Lockney boys received with Smart returning the ball to the Lockney 35. A fumble gave Paducah the ball on their own 34. The Dragons started passing again but Bill Sherman stepped in to intercept one of the Dragon jump passes and return the ball to the Paducah 26. The Longhorns were penalized 5, made a first on the Paducah 16 but the ball went over on downs to the Dragons on the 11. Here the Dragons ran wild, making successive first down on their own 29, 39 on the Longhorn 26 and then scored a touchdown. Try for point failed and the score was 20-14 in Paducah's favor.

The Longhorns received but a fumble gave the Dragons the ball on the Longhorn 38. Green lost no time in carrying over for the fourth Paducah score. Try for point failed and the score was 26 to 19. The Longhorns received and again fumbled giving Paducah the ball on the Longhorn 29. The Dragons made a first on the 26 but a fumble gave the Longhorns the ball on their own 27. At this point the teams changed ends of the field giving the Longhorns the wind advantage for the fourth quarter.

Smart threw a long pass to Teddy Carthel who ran to the Paducah 29 before being brought down. On the first play from scrimmage Ferguson took off for a touchdown and Smart kicked the point tying the score at 26-26.

The Dragons received and returned to their own 27 but the Longhorns had decided to stop Green and he couldn't go. They kicked to the Lockney 38. C. B. Smart took the ball and came over the left side of his line to break into the secondary. With just two men barring his way to the goal, Teddy Carthel, end, took one of them out with a beautiful block and Smart easily evaded the other. Smart also kicked the point and the score was 33-26 in Lockney's favor.

The remainder of the game was played in the middle of the field with neither team threatening to score.

Although a strong north wind was blowing, quite a number of Lockney fans followed the team to Paducah, filling the east stands.

Both The Longhorn Band and the Paducah band performed at the halftime period, both of them

entertaining the crowd with smart marches and lively music.

Methodists Plan State Revival

Dallas.—The All-Texas Methodist Evangelistic Mission has become a Revival in churches across the state, headed by Bishops A. Frank Smith, Houston, and William C. Martin, Dallas. It is expected that some 50,000 persons will be won to Christ and church membership in the

two weeks in October.

October 5-14 preachers from the northern section will be in the Houston-San Antonio section. Oct. 26 to Nov. 4, the procedure will be reversed.

Plans include combining preaching and visiting. "This is the first time in Texas that preaching and visiting have been featured at the same time," said Bishop Martin of the Dallas-Fort Worth Area.

High points in the program will be the schools of evangelism in each district, youth rallies at 20 central points on Saturday night, Oct. 6, in the southern section and mass meeting at 20 key cities Oct. 14 as a climax to the All-Texas Methodist Revival.

In the north part of Texas 27 youth rallies are scheduled for Oct. 27 and mass meetings Nov. 14, with schools of evangelism for pastors Oct. 29 through Nov. 2.

Involved in the plans are 58 districts, about 1,632 pastors and 2,221 churches with 635,200 members. These include the Mexican and Negro churches in the eighth Annual Conference.

Let no man deceive you with vain words: for because of these things cometh the wrath of God upon the children of disobedience.—Ephesians 5:6.

Last week The Beacon stated editorially that the people of this area ought to vote for the proposed underground water conservation district in order to avoid state control of water. Now comes some of the people of the high plains who say that the district ought to be rejected by voters for various reasons, one

of them being that the people of Floyd, Hale and Swisher counties, where most of the irrigation wells are located, have been grouped into one district while other areas, some of them with less than half as many wells also have one director.

While the workings of the water conservation district are complicated and confusing to most of us, yet the bill was drawn by men of this area for the purpose of assuring the area self-government in the matter of water conservation and for that reason we feel that it should be adopted. Just how well it will work is not known by any individual but neither were our forefathers sure of how well the constitution would work when it was first written.

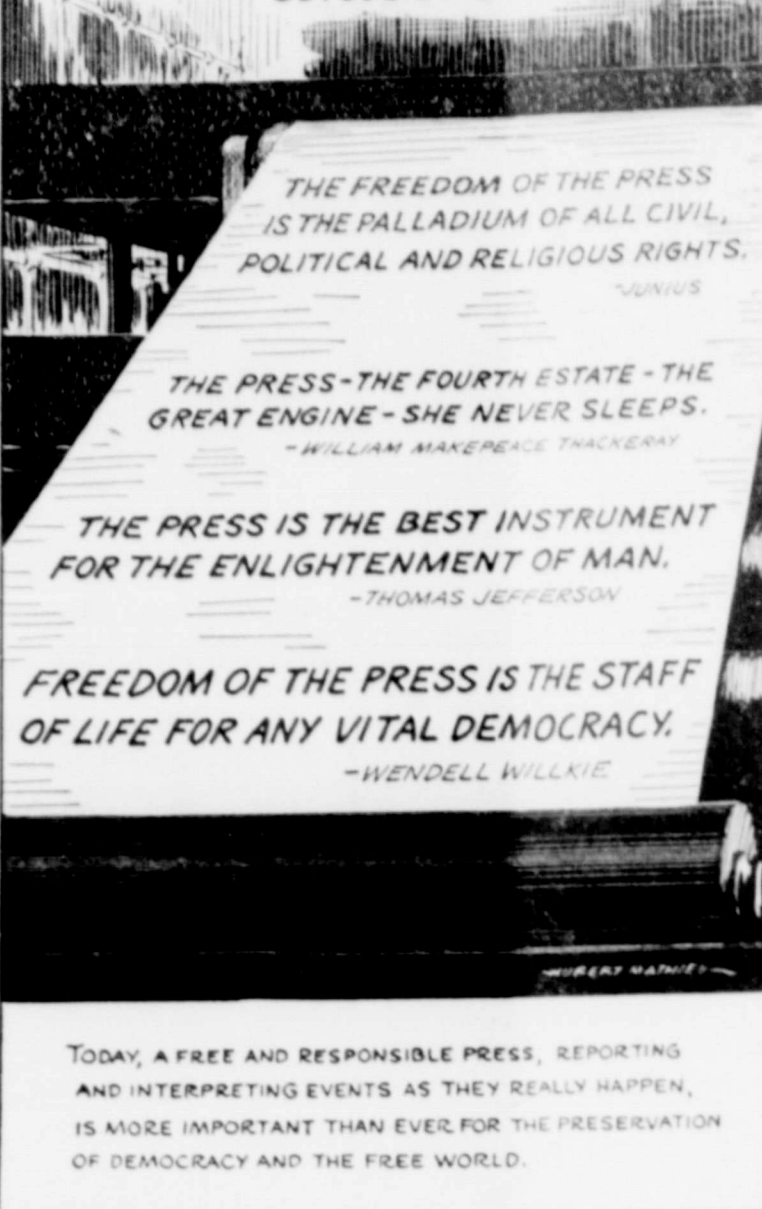

Floyd County, one of the most intensively irrigated areas in the plains, has been snubbed by the big boys who suggested the directors but that is no reason to kill the whole program. Directors can be changed by a vote of the area. In fact there is a place on the Saturday ballot for writing in the name of some other man if we are not pleased with the one suggested. Of course it would take an organized movement to change the director but it could be done.

The proposed district is not set up entirely as a defensive measure, however. It proposes to really organize conservation measures to stop the drop of the underground water level on the plains. One item in this program is to recharge the underground water reservoir. Another is to prevent waste of underground water. Everyone knows that the underground water level is dropping and has been dropping for years. Some day it will be exhausted unless conservation measures are started. That is one of the purposes of the proposed district.

The cotton market is going up—or has been the last few days. This is due, so the experts say, to the fact that farmers are putting their cotton into government loan and are not letting it get into the open market. Probably the manipulators of the market will let it go just high enough above the loan price that most farmers will be undecided whether to sell or to take the loan price and risk still further rises in the market price.

#### DRUNKEN DRIVERS

Judge J. M. Rankin is making a good county judge. I find no fault with his administration or his devotion to duty, except in one field—that of punishing the drunken driver. Perhaps the judge doesn't regard a drunk driver as a menace to life and property. Maybe he doesn't realize that a drunk at the wheel is a potential murderer. Perhaps he thinks the drunk is only being indiscreet—pulling a childish prank for which he deserves a mild slap on the wrist and a fatherly talk. But whatever his reasoning, there is no argument over the soft penalty imposed upon those who daily bring the threat of death

and suffering into innocent homes. There is no justification for \$50 fines on the false assumption that the erring wretch didn't know the "gun was loaded." But this \$50 fine is no punishment—just an inconvenience. It is a nuisance tax upon a ghastly pleasure—driving 100 horses down the road at 100 miles per hour. That is the kind of punishment one can borrow from the jailer on his way to be sentenced. He can borrow the sum to pay a drunk fine easier than he can borrow \$50 to buy beans and bacon for his family. Where, then, is the punishment? Only one DWI has been sentenced to serve jail time. It is high time drunk driving be taken out of the misdemeanor class and punished

for what it is, attempted murder. The people recently went all out to elect officers to round up hoodlums. Those officers deserve something better than seeing culprits rebuked after they risk their lives chasing drunks across the county at 100 miles per hour. Then the court assesses a fine no greater than other meted out for a good, honest fight. Please, can't we stop playing footsies with these criminals?—Ralls Banner.

#### STUMBLING BLOCKS

Dr. Norman Cincent Peate, the eminent New York divine, recently listed eight deterrents to happy, productive living aimed at benefitting both the individual and his neighbors.

They are:  
HATE — The poison that hurts the hater, not the hated.

ENVY — The cancer that eats at heart and minds.

ARROGANCE — That shuts out friendship and love.

RECrimINATION — The use less brooding over wasted yesterday.

FEAR — That makes us cowards instead of "captains of our souls."

ANGER — That makes men more like beasts than in "His image."

GREED — That chills charity and blights life's blessings.

All these deterrents are with all of us to some degree.

Perhaps it is humanly impossible for any of us to wipe them out in their entirety.

But a little effort toward improvement, day by day, can decrease their power over us—can make our lives fuller; can permit us to make more pleasant the lives of those with whom we come into contact. — Lubbock Avalanche.

The first printing press in Philadelphia was set up by William Bradford in 1685 just two years after the town was settled.

Mr. and Mrs. Bayor Byars went to Perryton last Friday to visit their son, who is coach of the high school football team there. They saw his boys play Spearman and win the game by a score of 26 to 7. They enjoyed the game very much and the visit with their son, Duane Byars and his family from Friday until Sunday. Their daughter, Earlene, Mrs. Johnnie Clark from Hart is visiting them this week.

Mr. and Mrs. W. D. Colson, accompanied by Miss Susan Frazier went to Idalou, Slaton, and Lubbock over the week end and visited relatives. Miss Frazier stayed and plans to visit for a while before returning here.

Mr. and Mrs. Harold Dollar went to Snyder Sunday and visited with Mrs. Dollar's sister, Mrs. Pete Nachlinger.

Mrs. John Holmes and daughter, Johnnie, have gone to Campbell, South Carlona, to visit Mrs. Holmes' daughter, Mrs. Troy Jackson and family there. They plan to be away for two weeks. Mrs. Albert Cannon and Son Holmes and Jimmie Dee are to take turns caring for things during their absence.

Mr. and Mrs. Walter Shaddix and Mr. and Mrs. Amos Shaddix from Plainview and Mr. and Mrs. C. H. Calloway of Lone Star visited in the Warren Graham home Sunday. Warren's nephew, Bobby Shaddix is staying with them this week, and working for Warren.

Visitors over the week end in the home of Mr. and Mrs. J. D. Langford were: Winfred Nevil, nephew of Mr. Langford's, from Mineral Wells; Mrs. Ola Goforth, Fort Worth; and Mr. and Mrs. Enos Jones and children of Floydada.

Mr. and Mrs. Red Childers, accompanied by Mrs. Dan Teuton, went to the football game between Texas Tech and West Tex-

as State at Lubbock Saturday. They said that the game was pretty one sided.

Mr. and Mrs. R. J. Battle, accompanied by their daughter, Mrs. Lola Withrow and girls, went to Dumas to visit their daughter there. They did not find their daughter at home, and were very disappointed, but enjoyed a visit with their grandson, Carl Jones, who lived near their daughter. They came back by Canyon and visited with Mrs. Battle's sister, Mrs. J. E. Watson and husband. Mrs. Watson is doing quite well now.

**OPS Man Here Thursday**

A price specialist from the Office of Price Stabilization will be here Thursday afternoon of this week to remind business men whose firms are covered by Ceiling Price Regulation 7 of a new amendment which requires a supplementary filing with the district office not later than September 29.

That amendment to the regulation which covers sellers of wearing apparel, furniture, variety store merchandise, sporting goods, jewelry and hardware, now requires the filing of a pricing chart which includes toys, games, Christmas decorations, laces, yarns and ribbons.

Price Specialist W. C. Reynolds, who will visit Lockney to help merchants of this immediate area, will be able to answer questions concerning all types of businesses who seek information regarding compliance with regulations.

While here, he will maintain offices in the 1st National Bank.

Get your office supplies at The Beacon Office.

**IT'S MOVIE TIME in TEXAS ... AND MOVIES ARE AMERICA'S CHEAPEST ENTERTAINMENT!**

SOURCE: U.S. BUREAU OF LABOR STATISTICS

Despite soaring operating costs, the movies continue to hold their price line as America's cheapest entertainment.

That is proved by this graph of price increases from September, 1945, to December, 1950, which has been made up from a compilation of living cost increases by the U.S. Bureau of Labor Statistics.

According to the Bureau's figures, the average rise in movie admission prices in five years is considerably less than one-third of the 38.7 percent rise in the general cost of living in the same period.

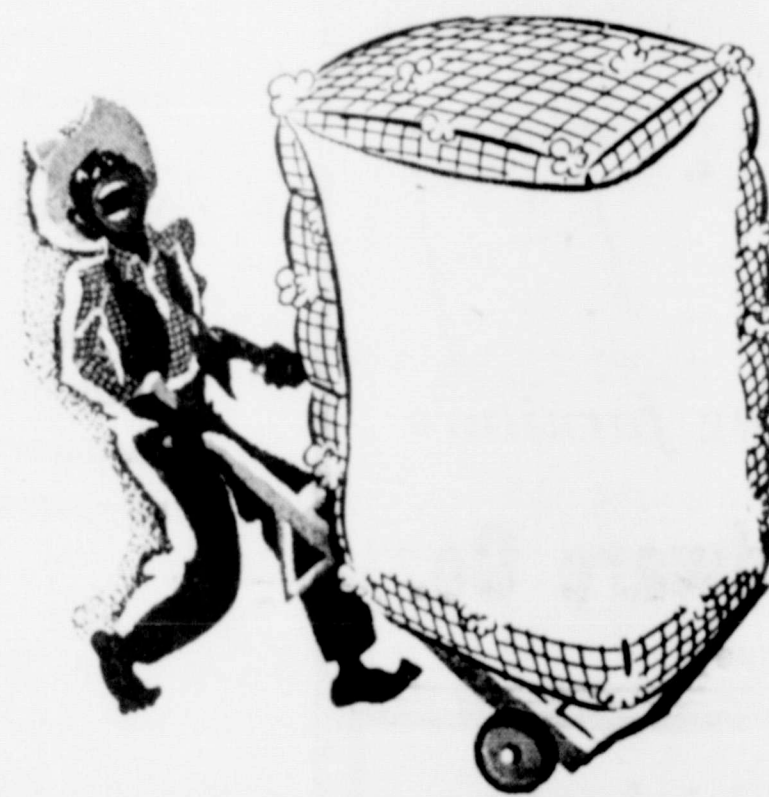

Even more impressive is the small advance in movie admissions as compared with the increase in the cost of food and clothing.

Although held down by Federal controls, rent went up twice as much as movie admissions.

### Methodist Notes

We are rejoicing because we  
reached our goal and over 330  
present at Church School. Splendid!  
Let us keep this good work  
going. This Sunday is Promotion  
Day! The children will put on  
a program the last part of the  
Sunday School hour.

The state-wide Evangelistic  
Revival is on the mind and  
hearts of all Methodist now.  
Everywhere people are talking  
about it. We are called upon to  
be united in believing, united in  
prayer, united in witnessing, and  
united in worshipping.

Remember when you hear the  
chimes each evening at six  
o'clock, it is a call to prayer. An  
effective Prayer movement can  
not simply be a preachers move-  
ment. The minister may guide it,  
but the church members must  
undergird it. Only as laymen  
join their prayers to those of  
the pastor can the full impact of  
such a movement inspire and  
transform the homes and hearts  
of our people.

The laymen's part in this Pray-  
er movement begins in the home  
and in his own devotional life.  
He will pray before he goes to  
bed at night, or when he wakes  
in the morning. He will lead his  
family in saying grace before  
meals, and in an appropriate  
family devotion every day.

A Prayer Movement can not  
grow upon the foundation of the  
selfishness, the prejudice, and  
the jealousy which characterize  
the actions of many Christians.  
To give one's heart to Christ, and  
one's life to His service, is the  
key which unlocks the store-  
house where the treasures of  
prayer are found.

Mrs. D. O. Aldredge is chair-  
man of our Spiritual Life Com-  
mittee in our local Church with  
Mrs. A. P. Barker Sr., Mrs. Olive  
Myers, C. L. Record, Lavon John-  
son, Harlene Workman, and Al-  
fred Smith as co-workers.

Pray for our Revival Oct. 28  
Nov. 1. Pray for your pastor, pray  
for one another, make a prayer  
list of unsaved friends and loved  
ones.

Remember our goal, 300 for  
this Sunday at Church School.  
Newton Daniel, Pastor.

### LETTERS TO THE EDITOR

Dear Mr. Hays:

After numerous thoughts of  
writing I have finally succeeded  
in doing so. I suppose you think  
by this time that I have com-  
pletely forgotten about Lockney  
and its familiar people.

I have been quite busy with  
my studies in Ward Manage-  
ment and hospital procedure.

It is my firm belief that the  
army is going to make a male  
nurse out of me yet.

You are probably wondering  
what all of this training amounts  
to. Actually it is the care of the  
sick and wounded.

I will be here about one month  
before I get re-assigned, from  
here I don't have the least idea  
where I will go.

It is rumored that the people  
with an 80 or above average may  
get to stay state side and work  
in some hospital. I sure do hope  
so.

Last but not least here is my  
address:

U. S. 54039999  
Co. 'A' 3rd Bn. M. F. S. S.

Please forward the Beacon to  
me. It enlightens me on things  
that are going on around home.  
Sincerely,

Pvt. Jack Hale, Sr.

### Huntin' AND Fishin'

By  
Harve  
Pennington

There is a widespread notion  
among gunners that if a shotgun  
"fits" all the user has to do is  
close his eyes, pull the trigger,  
then walk over and pick up the  
game. "Tain't So." Fit is im-  
portant. The surest job of  
gun fitting in the world won't  
turn a bad shot into a good one.  
No stock can compensate for  
human faults like nervousness,  
poor judgment, flinching, stop-  
ping the swing, not getting the  
cheek down on the comb, under  
and over leading, or for any  
other of the common reasons for  
missing. Many a hunter changes  
restlessly from gun to gun, striv-  
ing to find one with a fit which  
will make him a good shot.

For most shooters, there is no  
substitute for experience, good  
eyes, muscular coordination, and  
an intelligent and open-minded  
willingness to learn. Even  
though shotgun fit may not be  
the whole answer, the fact re-  
mains that the good shot will  
do his best work with a gun  
which fits him, and the poor shot  
will improve if his gun fits him  
and his habits. Furthermore, no  
one can learn to be a really  
first-rate shot with a gun which  
is a bad fit, because he will  
have to devote so much time and  
attention to his gun that he will  
not have enough left for the bird.  
The good fitting gun handles  
so naturally and easily that it  
becomes an extension of the  
body. In answering the question,  
does your shotgun fit you? your  
reply is "I never thought about  
it." "You are probably fairly  
well fixed." If you say, "I don't  
know whether it does or not,"  
chances are it doesn't. Actually,  
fit is more than mere stock  
specifications. It is also barrel  
length, stock design, and bal-

ance. A correctly fitting gun  
seems alive in the hands. It  
points as naturally as the finger.

At the present time, 98 men  
are being saved out of every 100  
wounded in Korea.

GO TO CHURCH SUNDAY.
