4 Amendments Appear Defeated

It appeared Wednesday that four of the constitutional amendments voted on by Texas voters Tuesday were defeated. The only amendment to get the approval of the voters was the veterans land amendment.

Probably around 300,000 votes were cast in the state and a tally of about one-half of that number showed the above results. Of the 150,000 votes tallied the welfare amendment was behind about 20,000 votes, the veterans land amendment had a lead of about 10,000, the county pension amendment was behind nearly 40,000, the university fund amendment was behind about 3,000 and the rural fire prevention amendment was behind 35,000.

In West Lockney voters approved two of the amendments, the state welfare amendment and the veterans land amendment. The vote on each amendment there was:

County pensions, for 20, against 57.
University fund, for 32, against 44.
Rural Fire prevention, for 18, against 58.
Veterans land fund, for 50, against 29.
State welfare payments, for 48, against 27.

In East Lockney The Beacon was unable to get the vote results with the exception that it was reported that every amendment carried in that box.

Methodists Are Considering New Building Here

The membership of the First Methodist Church of Lockney are considering the construction of a new sanctuary. It was revealed this week by Leslie Floyd, chairman of the board of stewards of the church. A meeting of the board of stewards and board of trustees of the church was held Tuesday evening of last week and the group decided to secure the services of an architect in an advisory capacity.

A temporary building committee composed of Clark Harris, "Rusty" Baccus and Ed Carter was named and this group met with the pastor and architect on Thursday night. The architect advised the committee to build a separate building for the sanctuary of the church and remodel the old building for educational needs. Preliminary plans call for an auditorium about 36x75 feet with educational rooms across the back about 30x62. Mr. Floyd said. The rooms here will be used for adult class rooms and a bell tower will connect the old building with the new.

Members of the board of stewards and trustees present for the original meeting were Leslie Floyd, Art Barker Jr., C. L. Record, Marvin Sams, Oliver Holmes, Claude Hammond, Lavon Johnson, Ed Carter, Clark Harris, "Rusty" Baccus, W. J. Griffith, Paul Cooper, K. W. Cook, Charlie Smith, George Turner, F. O. Schacht, B. E. Deputy Sheriff Alton May filed one charge of drunken driving last week and has had numerous calls in the country here to quiet disturbances. Mexican Nationals have been giving some trouble although very few are involved in comparison with the number in the area.

Farmer had been found guilty, sentence fixed at death, by a jury deliberated three and a half hours. He was indicted on March 5, the same day he killed his wife in a shooting at a gas station cafe.

Defense, conducted by Lawrence Melcher, Lubbock, had been tenacious. Farmer testified he had "blacked out" before the shooting, and didn't know what had happened.

Attorney Travis D. Lubbock, assisted by Attorney John B. Stapleton, Floydada, prosecuted the case.

The trial was transferred from district court in Lubbock where it was found impossible to get a jury there.

The Lockney Longhorns ended their 1951 football season in a blaze of glory on Mitchell-Zimmermann Field Friday night outscoring the District 6-AA Champion Tahoka Bulldogs 41-34. It was a non-district game since the Longhorns play in 3-A.

For football fans who love scoring, it was a perfect night. The total of 75 points scored kept both stands in an uproar during the entire game and furnished excitement enough for several games. Both teams played hard and never let up.

The Longhorns had a little edge on statistics but it was their taking advantage of breaks in the game helped to win. Don Bartram, senior and right end

intercepted one Tahoka pass and returned it for a score early in the third quarter and when the chips were down the Longhorns could drive for yardage.

The Bulldogs were playing without the services of one regular back and another, Lynn Halamick, was injured early in the third quarter and didn't get back into the game.

It was the last game for Lockney High School for their-teen of the Longhorns and every one of these boys able to get into the game played inspired football. In the backfield Ray Ferguson, made five of the Longhorns touchdowns and played great ball as he has all season. Quarterback Doug Meriwether not only handled the ball smoothly from his man-under position but completed one pass that set up a touchdown. He called a good game hitting the Bulldog weak places just at the right moment.

In the line the boys playing their last game for Lockney High were Barry Thompson, center and main stay on defense all season, Don Bartram, right end, also a standout on defense and a fine blocker, Tip Jeffcoat, defensive

guard and one of the best defensive men on the team, Deanie Henderson, right tackle and Carol Sammann, left tackle, both of them good blockers and fine defensive players, Harold Dean Griffith, reserve center and defensive halfback, Bobby Griffith, left end and a fine defensive player, John Kendall, reserve quarterback, Billy Terrell, reserve end.

In addition to these Bobby Baxter and Bobby Dorman, were both injured and unable to get into the game. They are also graduating at the end of this school year.

Following is an account of the game as kept by The Beacon man.

The Bulldogs won the toss and elected to receive. A short kick was returned to the 50 yard line. The Tahoka boys lost one, made one and five and kicked to Sherman who brought the ball back to the Lockney 27. The Longhorns made 6, were penalized 5, attempted a pass which was incomplete, made 4 and then kicked to the Bulldog safety man, Halamick, who demonstrated some fine running to return the ball to the Lockney 21. The Bulldogs made 5, 3 and then a first on the 5 yard line. They lost 2 on the first play, lost 6 on the second and then passed for a touchdown. They also kicked the point and the score was 7-0 Tahoka.

The Longhorns received the kickoff and returned it to their own 14 but fumbled on the first play and it was recovered by a Bulldog on the Lockney 20. The Bulldogs made 2 and 7, lost 1 and then drove over for the score. Try for point failed and the score was 13-0.

The Longhorns again received and returned to their own 32. Sherman made 9½ and then Ferguson drove for a first down on the Lockney 46. They made 7, lost 2, fumbled the attempted kick and Tahoka took the ball on the 50. A fumble lost 5, the Bulldogs made 3, tried a pass and then kicked with the ball going to the Lockney 22. The Longhorns made 8, Tahoka was penalized 5 giving the Longhorns a first down on the 35, they made 2 and on the next play Ray Ferguson circled left end and ran 62 yards for the score. Sherman kicked the point and the score was 13-7.

The Bulldogs received and returned to their own 36 where they fumbled and the Longhorns took over. The locals made 6 and then a first on the Tahoka 24. C. B. Smart then took off down through the middle of the line, dodging and twisting to go over standing up. Sherman again kicked the point and the score was 14-13 in Lockney's favor.

The Bulldogs brought the ball back to their own 39, made 3 and 2 then then passed for a first down on the Lockney 42. Halamick tore loose on the next play, running to the Lockney 1 yard line from which point the Bulldogs drove over for the score. They also kicked the point and the score was 20-14 in Tahoka's favor.

The Longhorns returned the kick to their own 27, made 6 and 3 and a first down on their own 37. A pass was attempted and then a rushing play made a first on the Tahoka 49. They

made 9 and a first on the Tahoka 34. The Longhorns were penalized 5, but a pass from Meriwether to Bartram was good for a first down on the Tahoka 11. The Longhorns made 4 and 5 and a first down on the ½ yard line from where Ferguson drove over for the score. Try for point failed and the score was 20-20.

The Bulldogs returned the kick to their own 27, failed in one pass attempt, completed another for 5 and lost 1 yard as the half time whistle sounded.

Queen Crowned

During the halftime intermission, Miss Bonnie Singer, senior in Lockney High, was crowned Football Queen. The Longhorn Band marched onto the field and formed a box in front of the Lockney stands. They played "Let Me Call You Sweetheart" as the formation began. The football boys then filed in on either side of the box and the Queen and her attendants approached they were met by escorts from the Longhorn football squad. Freshman representative Patsy Martin was escorted by Tip Jeffcoat, Sophomore representative Sandra Myers was escorted by Roy Johnson, Junior representative Elizabeth Handley was escorted by Don Bartram and Miss Singer was escorted by Co-Captains Ray Ferguson and Barry Thompson.

The group marched into the center of the box where Captain Thompson placed the football helmet on the queen and Captain Ferguson presented her with a bouquet of flowers. After the traditional kiss, the boys escorted the girls from the playing field while the band played the school song.

The blue-coated Tahoka High School Band came onto the field in a close-order precision drill, formed a box in front of the Lockney stands, played "Hi Neighbor" and then formed an L. They moved to the Tahoka side to form a T and played the Tahoka school song.

The start of the third quarter was a repetition of the first quarter in reverse. The Longhorns made two quick touchdowns. They received the kick-off and returned to their own 30, made a first on the Tahoka 49, when Ray Ferguson, driving hard, circled left end. The Tahoka star back, Halamick, was hurt on the play in tackling Ferguson. Meriwether then passed in the flat zone to Baker who raced to the Tahoka 18. Ferguson drove

from there to pay dirt and Sherman kicked the point to send the Longhorns ahead 27-20.

The Bulldogs returned the kick to their own 40 and on the first play attempted a pass into the flat zone, which Don Bartram, Longhorn right end intercepted and raced to another touchdown. Bill Sherman kicked the point again (he missed only one out of six attempts) and the score was 34-20 in the Longhorns favor.

But if the fans thought the game was over they were mistaken. The Bulldogs weren't through and neither were the Longhorns. The Tahoka boys took the kick back to their 31, made 1, 4, 4½ and passed for a first on their own 46. They made 4 and a first on the Lockney 43, made a first on the Lockney 32, made 1, 0 and 4 and then a first on the 12. They made 1 and 2 and then Foster took the ball on a spinner through the middle for the score. The point was made and the score was 27-34.

The Lockney boys brought the kick back to their own 43. Tahoka was penalized 5, and the Longhorns made a first on the Tahoka 44. From this point Ray Ferguson circled left end for the score. Sherman kicked the point and the score was 41-27 in Lockney's favor.

The Bulldogs returned the ball to their own 38, made 8 and a first on the Lockney 49, made 7 and 2 and a first on the Lockney 36. They made a first on

the 15 and the Longhorns were penalized to the 1 yard line for unnecessary roughness. Here the Longhorns made their best goal line stand. The Bulldogs made nothing on their first play, Ferguson broke through and dropped the ball carrier for a 2 yard loss on the second play, they lost 1 on the third play and then a pass was good to end Richard Havens for the score. The point was kicked and the score was 34-41.

The Longhorns returned the kick to their own 35, made 0, 2 and 3 and fumbled the kick, giving the Bulldogs the ball on the Lockney 34. The Tahoka boys made 4, lost 3, made 6 and then a first on the Longhorn 16. They made 1, tried a pass which was incomplete, made 2 and tried another pass with the Longhorns taking the ball on downs on the 12.

The Longhorns made 4, Tahoka was penalized 5 and the Longhorns made a first on the 25. They made 5 and a first on the 37, made nothing in two plays and then a first on the Tahoka 49. A fumble gave Tahoka the ball on the Lockney 47, where the Lynn County boys tried a pass incomplete, made a first on the Lockney 26, tried another pass, made 5, tried two more passes, both incomplete and the Longhorns took the ball on their own 21 making 5 yards as the game ended.

It was a fine ball game for the Longhorns and brought the

season to a close with a earned victory. The Longhorns lost 3 games and won 7 the season.

Huntin' AND Fishin'

By Harve Pennington

Redhead ducks in flight look darker and smaller than canvasbacks, in fact are smaller. Has to get up speed for taking flight by heating along the surface of the water before taking the air. Has a high forehead, going up from the base steeply. Bill is shorter than canvasbacks, head is shorter, too. They generally fly low over the water.

The male, like the male canvasback, has a reddish brown head and is mostly grey, but has a black neck and breast. The female has dull brown head and upper neck with a reddish cast. Her upper breast and sides are brownish with lower parts white. At a quick glance the general resemblance in coloration of the females might lead many hunters to confuse the red-head and canvasback. So, too,

might the general similarity in the male coloration of head and breast. But certain differences are so marked that the experienced hunter identifies each easily. The canvasback has a long bill and long neck gives the appearance of unusual length ahead of wings. Long bill and long sloping forehead gives "flat-head" impression. Whitish tint on males body and wing bases give it truly "canvasback" appearance. The Redhead has short bill, stubby head, shorter neck gives a short appearance ahead of wings. Short bill, high forehead gives "high-brow" look. Neither sex has whitish canvas-back. The canvasback has an overall wing spread of about 34 to 36 inches while the Redhead has a spread of about 30 to 33 inches.

Ducks that flutter, paddle, and beat along the surface of the water to get up speed for the takeoff into flight are mostly diving ducks, and include red-head, bluebills, canvasbacks. The Mallards, teal, and pintails however can shoot right up from the water without preliminary taxiing.

Methodist Notes

I have the building of a new sanctuary on my heart and mind. A lot of other people seem to have the same idea the way they are talking. Wouldn't it be fine to build a beautiful new sanctuary and use our present building for an educational building for our boys and girls? Our present conditions are too crowded. We need more room badly. Our church is growing. Three years ago we had 350 members, today we have 490.

We have just received the final report from our Texas wide revival, for this part of the state. We had 4 annual Conferences taking part. This included 32 Districts. A total of 12,418 people united with our church. In the Plainview District there was 324 additions, 9,500 people attended the mass meeting at Lubbock.

Thoughts For The Week: You make a living out of what

you get you make a life out of what you give.

It's fun to be a helper. Giving is the best part of living.

We want every member to be in Church School Sunday. Newton Daniel, pastor.

Cooper-Beedy Vows Exchanged In Church Ceremony

Rev. E. J. Cobb read the double-ring service Sunday evening uniting in marriage Shirley Cooper, daughter of Mr. and Mrs. Earl Cooper of Lockney and Charles Beedy, son of Mr. and Mrs. Bill Beedy of South Plains. Vows were exchanged at 5 o'clock in the First Baptist

Church here, of which Rev. Cobb is pastor. Mrs. Troy Ray, pianist, played "I Love You Truly," "Indian Love Call" and "Sweet hearts." Mrs. Joe Holt accompanied Mrs. Ray who sang "Because" and Al Wilson of Plainview as he sang "Always." "Traumeri" formed the musical background for the exchange of vows. The traditional wedding marches from Lohengrin by Wagner and Mendelssohn were used for processional and re-

cessional. Formal altar arrangements of white and yellow mums were backed by fern and palm and flanked by candelabra bearing cathedral tapers. An archway entwined with fern, palm and white mums completed the floral setting. Jane Tye, cousin of the bridegroom, and Walter Beedy, brother of the bridegroom, lighted the candles.

The bride entered on the arm of her father who gave her in marriage. She was gowned in white slipper satin designed with a fitted bodice with a round sheer yoke outlined with seed pearls. The long sheer sleeves accented with tiny covered buttons ended in points at the wrist. The full, gathered skirt inserted with lace terminated in a chapel train.

Her finger-tip length veil of illusion and lace was attached to a satin bonnet trimmed with seed pearls. She carried a white Bible marked with a white orchid and showered with satin ribbon. For something old she carried a fan belonging to her great-great grandmother, and wore a string of pearls borrowed from Mrs. A. B. Kenady. Something blue was a garter. In her shoe she wore the traditional penny.

Mrs. Bradford Beedy, sister-in-law of the bridegroom was matron of honor. She wore a gown of green taffeta fashioned with a fitted waist accented with covered buttons and a green velvet sash. Her bouquet was yellow mums with lace trimming.

Bridesmaids were Velma Seale, Lockney, Cleo Sands, Plainview, and Barbara Mullins, Sterley. They wore gowns in blue, bronze, and yellow designed identical to that of the matron of honor. They wore headdresses of tiny mums and corsages of larger mums. The flower girl, Marcia McClelland, was dressed in a gown of white satin with a corsage of white mums and carried a small satin basket of flowers.

Mrs. Cooper, mother of the bride, wore a grey suit with grey and black accessories. Her corsage was of red carnations. Mrs. Beedy, mother of the bridegroom, was dressed in a green suit with black accessories and wore a corsage of yellow mums.

Bradford Beedy, Lubbock, served his brother as best man. Ushers were Garvin Beedy, Floydada, cousin of the groom, Lewis Goss, Coleman, and Leonard Wilson, Fairview, cousin of the groom.

A reception in the recreation room of the church followed the ceremony. The bride's table was laid with a lace cloth and centered with a three-tiered wedding cake topped with a miniature bride and groom. Candles in crystal holders flanked the centerpiece and accented other crystal appointments. The bride, assisted by the bridegroom, cut the first piece of cake. Serving the cake and presiding at the two punch bowls were Mrs. Bada Phillips, Plainview, aunt of the bride; Mrs. Perry Mack Stanton, Plainview; Mrs. Billy Tye, Floydada, aunt of the groom; Clara Mize, Cedar Hill, also aunt of the groom; Mrs. A. B. Kenady and Mrs. Edgar Hays. Piano music was played

throughout the evening by Mrs. Troy Ray. For a wedding trip to Old Mexico the bride chose a purple gabardine suit with white accessories and a white orchid corsage. The couple will be at home in Plainview after Nov. 15. The bride is a graduate of Lockney High School with the class of '51 and was attending Wayland Baptist College, Plainview at the time of her marriage. The bridegroom is a graduate of Texas Technological College at Lubbock where he majored in agriculture. He was president of the Aggie Club and held offices while attending there. A large group of friends and relatives were present at the wedding and reception.

Be not deceived: evil communications corrupt good manners.—I Cor. 15:33.

Did you realize that as of Friday of this week there are only 39 days until Christmas — and that's not shopping days, it's all kinds of days. It isn't too early for you to start thinking about Christmas and even doing your Christmas shopping. Lockney merchants already have some Christmas merchandise displayed and will have much more by December 1. When you start out to do your Christmas shopping try your home merchant first.

The housing boys say that if you plan to build a new home, now is the time to start. Next year it will probably cost you more money and you will have a harder time in finding the things you need, especially scarce items. So if you plan a new home, let one of the local lumber yards help you get started on the plans right away.

Secretary of Agriculture Brannon is quoted as saying that "farm prices are certainly not at any high or unreasonable level compared with prices of other commodities." This seems to indicate that the government

will continue to support prices of farm products at fairly high levels. Certainly any other course would be poor business for everyone since it is the purchasing power of the farmer that makes the wheels of commerce turn for most all other kinds of business.

There is now in savings banks in the United States a total of \$20,600,000,000 on deposit. That sounds like an awful lot of money until we get to thinking that it is only about 8% of the total national debt. And this deposit total is at an all time high record even as the national debt is.

Bruce Barton says, "I myself am not so much concerned with the lack of freedom abroad as with the fact that every day's newspapers and radio broadcasts bring us the sorrowful news that we have less freedom here at home than we had twenty-four hours before. Controls, taxes, and past and future foreign wars, are making us the pawns of a bureaucratic, militaristic state."

Bright note: Antique automobiles have been removed from the list of items under price control. If you have an extra Stanley Steamer laying around you can now ask more for it than last week.

Tolerance is a wonderful thing. It is a quality that all of us need more of and most of us have less of. It is that quality that enables us to overlook the faults of our neighbors and friends and even acquaintances with the hope that they will also overlook our faults. Personally, we don't know of anyone who hasn't faults of some kind though some people naturally have more than others. The queer thing is that the men who have the most faults is usually the most intolerant of others faults. But one thing we have observed: nothing brings tolerance to a man like a good beating—be it physical, mental or financial.

Are people of West Texas taking the world situation as seriously as we ought? Or are we going along at the time of an agricultural boom, forgetting all else and letting the other man worry about the future? Our national leaders, some of whom can be trusted, are warning us that the world situation is critical. The question is, what can we do to help it, or to prepare for whatever may come as a result of it.

BLOW TO SECRECY

THE CONTROVERSY following Indiana's decision to open its relief rolls to public inspection has been instrumental in demonstrating that Congress easily can control secrecy in government, if it chooses to do so.

Immediately after the Hoosier Legislature enacted a law affecting public relief recipients, federal contributions to the Indiana aid fund were halted by leftwinger Oscar Ewing, Federal Security administrator. He insisted that he was acting within the law. But he, an extreme New Dealer, is an outspoken advocate of governmental secrecy. With regard to relief, he argued piously that pride would keep many needy "old folks" from seeking aid if the rolls should be opened to inspection.

Ewing was forced to back up when Congress empowered the individual states, rather than a bureaucrat in Washington, to determine whether taxpayers who pay the bill could ascertain

what was being done with money they provided for relief.

The result almost certainly will be more generous treatment of the aged blind and dependent children who are most in need and most deserving of help. Not many of these unfortunates will hesitate to apply for aid. Those most likely to be scared off are the individuals—and they are many, beyond any doubt—who can manage without public assistance. They, and they alone, among relief recipients, will fear publicity. Phoney applications almost certainly will be fewer and less likely to be approved by welfare agents, who no longer can operate behind a veil of secrecy.

It is to be hoped Congress will regard its action in this matter as a precedent for calling a halt on other official suppressions of information pertaining to the government.

Congress can forbid unnecessary and unjustified censorship as the Indiana incident has demonstrated. It has the power to guarantee access to information concerning the government, and cannot escape the responsibility

for failing to take any actions necessary to check the accelerating trend toward official secrecy.—Lubbock Avalanche.

UNMORALITY IN PUBLIC LIFE

"There is no evil so readily understood or so quickly repudiated by the American electorate than unmorality in public office," writes David Lawrence in U. S. News & World Report. "It was a Democratic President—Grover Cleveland—who proclaimed that 'public office is a public trust.'"

The recent disclosure of irregularities, influence—peddling and various unsavory practices in the Internal Revenue Bureau, the Reconstruction Finance Corporation, and other government departments have come as a profound shock to every thoughtful American. Like terms in the Internal Revenue Bureau, the Reconstruction Finance Corporation, and other government departments have come as a profound shock to every thoughtful American. Like terms in a house, these evils gnaw away at the very foundations of the nation.

This is not just a matter of bribes and other clearly illegal acts. The law can deal with them. But there are certain borderline practices which are beyond the reach of law and which lie within the realm of human conscience. In the recent investigations, men of great political power, who used that power to influence the policies of government bureaus, said that they violated no law. That may be true—but they did something as bad or worse—they violated every concept of decency, morality, and honor in government.

This is not a partisan matter. The aid, degrading techniques city-machine politics have been brought to Washington. The files have found the sugar. The American people must make it unmistakably plain that, in the conduct of their government, they demand what David Lawrence called "old-fashioned honesty, old-fashioned decency, and old-fashioned morality." —Tulia Herald.

Winter is just around the corner and now is the time to winterize the farmstead. Maintenance and repair jobs should be done while the weather is favorable.

Electrically!

... the way that keeps you warm all night long no matter how the temperature changes. An automatic electric blanket — just ONE blanket on the coldest of nights — adjusts itself to the outside temperature and your sleeping temperature wishes.

Why be buried under a rest-disturbing pile of blankets when one light-as-a-feather electric blanket will bring you greater sleeping comfort. Remember, too, that many double bed models come with dual temperature controls assuring each sleeper of the temperature desired.

First cost of an electric blanket is not great and operating cost is a matter of pennies. See your electric appliance dealer now, see how one blanket, electric, of course, will keep you comfortable on every winter night.

Public Safety Director Explains Motor Law

Public Safety Director Garrison, Jr., reviewed the new Motor Vehicle Responsibility Law with motorists tonight. He said the law will be effective on January 1, 1952. The law will greatly affect the personal safety and security of every man, woman and child in the state. Garrison gave the public his official analysis of the law since its adoption. He spoke from Austin through the state-wide radio network. He announced that during the next few months the Texas Department of Public Safety will continue to educate the people through the press and other means of an official station. Garrison pointed to the increasing number of accidents and public safety problems over the failure of the law's owners and operators. He said that through negligence and carelessness that prompted the law. He said that the law follows safety regulations in 31 other states. He said that the law's provisions were to deny all privileges to owners or operators who do not meet just the minimum requirements and to put chronic offenders off of the highways. He said that the law's provisions are as follows:

CAN YOU SHOW FINANCIAL RESPONSIBILITY?

The new Texas Motor Vehicle Safety-Responsibility Act becomes effective January 1, 1952. Don't wait until that time to take out liability insurance. There is more danger in the next two months than at any time of the year.

Every driver must be able to show ability to pay for damages and injury should he be involved in an accident. Can YOU show financial responsibility in the amount of \$15,000, or would you be in position to pay that amount if you could show ability.

LIABILITY INSURANCE is just good common sense. Protect yourself today with one of our policies.

Soil Conservation News

Underground concrete pipe lines are increasing in number in Floyd County Soil Conservation District. Several farmers are putting in their first line now. However, Marvin Shurbet of Petersburg, Jack Taylor of Lockney and Horton Howell of Sterley, are getting ready to have their second jobs installed.

There are numerous advantages to having the water go through a pipe line; some of which are, saving of water, convenience, no ditches to cut, plow or grow weeds on, no erosion in ditch, and the additional land to farm.

These jobs are being installed with assistance from Production and Marketing Administration funds and technical assistance in design and location from the Floyd County Soil Conservation District technicians.

Milton Harrison is planning to put down an irrigation well on his farm east of Lakeview Gin, hoping to raise his production record. He also plans to seed a little alfalfa for a hog pasture. Soil Conservation Service technicians will assist him in locating a high point for the well.

In a recent visit to the Leslie Ferguson and George Goodwin farms it was noticed that land that had been out of alfalfa four years still shows up good. The effects of alfalfa were apparent in a better cotton plant and also in a much better soil condition. Land near by which never had a legume had a plow sole and plants on this soil were stunted in growth.
