J. W. Traylor Dies Sunday

J. W. Traylor passed away Sunday night at the home of his daughter, Mrs. Faye Messer, as the result of a heart attack. Mr. Traylor had been suffering with the heart ailment about two years but was active up until his death. He spent a part of the day Sunday in town talking with friends.

Funeral services were conducted at the First Methodist Church here Wednesday afternoon at 2:30 conducted by Rev. N. S. Daniel, the pastor. Burial was in the Lockney cemetery with Carter Funeral Home in charge. Pall bearers were E. R. Harris, J. R. Reecer, Moody Adams, George Myers, John Griffith, Walter Taylor.

Mr. Traylor was a farmer during his active life but had retired when he moved to Lockney in 1941 from Shamrock. He was a friendly man and had many friends here. He was a member of a Baptist Church and formerly a member of the Woodmen of the world.

Mr. Traylor was born in Louisiana on October 17, 1875. He was married to Miss Betty Owens in Freestone County on November 17, 1896. She passed away in 1910.

Survivors include seven children, Mrs. Messer of Lockney, Mrs. Luther Campbell of Clinton, Okla., Mrs. Floyd Bradstreet of Lobl, Calif., Mrs. Fred Horst, Sacramento, Calif., Mrs. Gene Gilliehay of Dallas, Clyde Traylor of Atoka, Okla., and Sid Traylor of Madera, Calif. Twenty-one grandchildren and 10 great-grandchildren also survive.

Free Tickets Are Offered To Shrine Circus August 15-16

All children under 12 years of age will be offered free tickets to the annual Shrine circus to be held at the Plainview football stadium August 15 and 16. The free tickets are being given away by Lockney business men who this week purchased the tickets from the circus sponsors.

The tickets available here are for the matinee performance each day at 2:30. Local businessmen will furnish transportation free to children who do not have it with cars leaving from the high school at 1:30 each day.

The Shrine Circus is a very interesting attraction and will show at the State Fair of Texas this year. It is made up of 46 acts and has thrills of all kinds for young and old.

Local Coaches At Coaching School

Coaches Curtis Kelly and Elvin Lyon, of the Lockney High School are attending the 20th annual Texas Coaching School at Fort Worth. Mrs. Lyon accompanied them to Fort Worth.

More than 1200 had registered for the school the first of this week and the enrollment was growing. It is the largest sports clinic of its kind in the world.

Main emphasis will be on football with an all-star game scheduled for Friday night of this week.

Revival Begins At Aiken Church Sun.

A "brush arbor" revival meeting will begin Sunday, August 10, at the Aiken Baptist Church. It was announced this week by the pastor, Rev. O. J. Welch. The meeting will continue through Sunday, August 17 with services held at 11 a. m. and 8:30 p. m. each day.

Rev. C. A. Kennedy, pastor of the First Baptist Church at Abernathy and a former missionary in Nigeria, Africa, will do the preaching. Song services will be under the direction of Connie O'Brien.

The public is cordially invited to attend all the services, Rev. Welch said.

Watch your expiration date.

REV. O. R. MILLER, representing the United Texas Drys, will speak at the First Baptist Church here Sunday morning at 11 o'clock. The pastor, Rev. J. E. Naylor is away in a meeting at Brice, Texas.

Two New Wells Are Scheduled

Operators have leased acreage to drill two wildcats in the area of the Standard Oil Co. of Texas No. 1 Minnie Adams, recently completed Pennsylvania discovery, in southeastern Floyd County.

Signal Oil & Gas Co. has leased 300 acres in Section 106, Block 1, AB&M Survey, 8 miles northeast of the Standard No. 1 Adams, and promised to drill a wildcat by or before June 15, 1953.

Three-fourths of a mile southeast of the Standard No. 1 Adams, Ralph E. Fair of San Antonio leased 160 acres in the Joseph Fowler Pre-emption Survey and contracted a prospector by or before June 6, 1953.

Unofficial reports state drilling will probably begin in the near future on both tests.

The Standard No. 1 Adams was finished for 188 barrels of 38.8-gravity oil and no water daily. The pay section is from 7,594-7,784 feet, in an unidentified Pennsylvania zone. On drill stem test the well flowed 188 barrels in 24 hours and it was estimated to do better than that on the pump. However, the first test a week ago was only 150 barrels in 24 hours. It has been gained some since and Thursday of last week it pumped 172 barrels.

Saunders Leads In Sheriff's Race

Dan Saunders, formerly a highway patrolman in this area, holds a good lead in the race for sheriff in Martin County, of which Stanton is the county seat. It was reported to The Beacon this week. Reports here say that Saunders has such a long lead his opponent in the run-off may withdraw. Saunders is well known here and in this area.

REV. R. EARL ALLEN, pastor of the First Baptist Church, Floydada, left July 25th in company with Dr. C. M. Thacker for a trip to the Holy Land. The two men joined a group in New York City and the tour will include Paris, Rome, Beirut, Damascus, the Jordan Kingdom, Jerusalem, Israel, Athens, Switzerland, and London. Members of the Floydada Church gave the trip to the pastor as a gift.

School Will Start September 1st

The Lockney Schools will begin the 1952-1953 term on Monday morning, September 1, school authorities said this week. Supt. W. C. Irons was away this week in an endeavor to secure teachers to complete the local teaching staff. The staff had 11 vacancies including a school nurse first of the week.

Demo Convention Elects Delegates

The electing of three delegates and three alternates to the State Democratic Convention and the adoption of two resolutions occupied the time of the delegates to the County Democratic Convention meeting in the district court room at Floydada last Saturday. The meeting was definitely in control of the Shivers Democrats and went off with only a ripple or two on the surface.

County Chairman Ben Ayres called the meeting to order and R. E. Patterson of Lockney was named permanent chairman. Mrs. James Word of Floydada was elected secretary.

A motion was made that the chair appoint a nominating committee to select delegates to the state convention. Some discussion was heard on this matter with a roll call vote resulting. The vote favored the motion 21 to 3. The chairman appointed Hollis Bond, F. L. Brown and Conner Oden on the nominating committee. This committee nominated Dick Stovall, G. C. Tubbs and T. B. Mitchell as delegates with R. E. Patterson, G. R. Day and Jimmy Willson Jr. as alternates. The nominees were elected.

A motion to bind the delegates to vote under the unit rule passed without dissent and then T. B. Mitchell offered the following resolution: "Resolved that the delegates of this convention call upon the proper authorities in the State Democratic party of Texas to request the nominees of the National Democratic Party for president and vice-president to clearly state their position in regard to state ownership of the Texas tidelands." This resolution also passed.

J. C. Wester of the Northwest Floydada box then offered a resolution asking that the electors of the Democratic party from Texas be bound to support the candidates for president and vice-president who received the greatest number of votes in the general election in November. Considerable discussion was heard on this motion with most of the delegates considering it some sort of a "pledge" and therefore being skeptical of it. However Mr. Wester did not get a second to his motion to adopt the resolution and the motion died. Adjournment followed.

Delegates were present from the following voting precincts: Southwest Floydada, Lone Star, West Lockney, Dougherty, Southeast Floydada, East Lockney, Sterley and Northwest Floydada.

Bennett Boy Has Mild Case Polio

Son of Mr. and Mrs. J. B. Bennett of Sterley, has a light case of polio according to physicians at the West Texas Polio Center at Plainview. He is expected to be able to go home in a few days with no ill effects, it was said. No paralysis has developed although the boy definitely has polio.

The boy's father is a brakeman on the Fort Worth & Denver railroad and lives at Sterley. This is the second case in this part of Floyd County this summer.

Thermometer Hugs 100 Degrees Here

The thermometer was hugging the 100 degree mark this week hitting a high of 99.8 Tuesday afternoon, according to Joe Holt, local weather observer. The low for the week was 58 on Saturday night. No moisture has fallen in this vicinity all week.

Fireman Hurt In Fire Tuesday

R. L. Knox Jr., a member of the Lockney Volunteer Fire Department, was painfully but not seriously injured Tuesday evening while fighting a barn fire on the Alvin Wilson place four miles south of Lockney. A fire hose which had a little too much pressure on it whipped around and threw Knox against a plow sweep causing a severe cut on his hip. The cut was a very deep flesh wound and caused him to lose a considerable quantity of blood before he reached the hospital here.

The wound was sewed up and he was allowed to go home Tuesday night but is still in bed, relatives reported Wednesday. He must remain quiet due to the danger of more bleeding, physicians said. Wednesday he had developed a rash due to penicillin shots but was resting pretty good.

The Wilson are gone on a vacation trip to Hot Springs, Arkansas, and no estimate of the damage from the fire could be secured by The Beacon but the loss included a good quantity of hay, some cotton seed and two sheep. A long shed on one side of the steel barn was destroyed but the big barn was saved. The fire was believed to have started from spontaneous combustion.

Hall Ferguson, a neighbor plowing in a nearby field, saw the fire and started fighting it with a garden hose, holding it down until the fire truck arrived. The fire was quickly extinguished by the fire boys with the big barn undamaged. Gayle Wilson, son of the owner, saw the fire while returning home from Lockney and turned in the alarm.

4-H Camp Plans Are Outlined

The regular business meeting of the County-wide 4-H Club was held Thursday evening, July 29, in the Extension office kitchen. Troy Lee McNeill, vice-president, presided.

After the pledge and roll call plans for the county-wide 4-H Camp were discussed. The Camp will be for all members of the boys' and girls 4-H Clubs in the county, their leaders and any parents who care to attend. Permission has been given by the Baptist Assembly to hold the Camp at their encampment grounds south of Floydada on August 19-20. Club members will come to the Camp on the afternoon of August 19 and leave after breakfast on Wednesday morning, August 20. A picnic supper is to be brought by the club members or their parents on Tuesday evening, but the breakfast will be cooked at Camp. It was voted that each member attending should pay \$1.00 to defray the expenses of the Camp.

James Ross was elected music director and Wilton Green game director for the Camp.

The following officers were elected for the coming year: President, Wilton Green; Vice-president, Alice Latta; Secretary-Treasurer, Mona Williams; Reporter, Troy Lee McNeill.

Since the county-wide 4-H Camp and a party are planned for August no other meeting of the club will be held during the month.

Refreshments were served to the following: Marcelita Green, Alice Latta, Joanne and Barbara Huckabay, Mona Williams, McBurnett Davis, Wilton Green, Weldon Pickens, Kent and Jack Covington, Troy Lee McNeill, James Ross, Bobby Green, Victor Day, Barbara McNeill, (new member) and a visitor, Laydene Sims of McKinney; also Miss Leila Petty and R. H. Gibson, Extension Agents.

HAS OPERATION

Mrs. Johns Cox underwent surgery at the Plainview hospital recently. Her condition is reported as good and she is expected to be able to go home this week.

REV. C. A. KENNEDY, pastor of the First Baptist Church, Abernathy, will preach in a revival meeting starting at the Aiken Baptist Church Sunday.

J. E. Newtons To Observe Golden Anniversary Sun.

Mr. and Mrs. J. E. Newton of Lockney will observe their Golden Wedding anniversary Sunday, August 10, it was announced this week. Open house will be held at their home at 502 South East Second Street from 3 to 6 p. m.

Mr. and Mrs. Newton were married on August 8, 1902 at Brock, Oklahoma, near Ardmore. The area was still Indian territory at that time. They moved to a farm three miles east of Lockney 18 years ago and later moved into town.

All of their children and grandchildren are expected to be present for the occasion except one son, Pfc. Verne R. Newton, who is now serving with the armed forces in Germany.

Their children are Mrs. W. C. Singer, Dalton, Newton, Arvie Newton and Cecil Newton, all of Lockney; Mrs. John A. Munselle, Lubbock; Dewey Newton, Amarillo; Allen Newton and Mrs. Clara McClure, both of Roosevelt, Okla.; Mrs. Ewell Fox, Sulphur Springs, Texas; and Mrs. T. B. Foster, Odessa. Mr. and Mrs. Newton have 22 grandchildren and 10 great-grandchildren.

Cotton Ass'n Mgr. To Help Secure Mexican Nationals

W. L. Boyd of Plainview, manager of the High Plains Cotton Association, will spend every Friday until September 12, at the First National Bank in Lockney to explain to local farmers the procedure for securing Mexican National labor this fall, he said this week. Mr. Boyd will be at the bank from 9 to 3 on each Friday.

Mr. Boyd said this week that the farmer should secure certification three weeks before receiving the hands. Farmers are urged to make arrangements for the hands early in order to get choice hands. More information may be secured from M. W. Wiley, at the bank.

Condemnation Trial Set For August 12

A condemnation hearing on one piece of property on the proposed highway cut-off in east Lockney will be held in the county court room at Floydada on August 12. Commissioner Hugh Counts said this week that the right-of-way for widening the approximately three-quarters of a mile of road had all been cleared with the exception of this one piece of property. Involved is 660 feet on the road and the owner is listed as Leon Henderson.

6-Team Play-Off Starts Monday

The Lockney Softball League will have a six-team double elimination tournament starting on Monday night at 8:00. It was announced Wednesday by Lloyd Readhimer, league manager. Original plans called for the four high teams to enter a play-off tournament but the final league standings found three teams tied for third and fourth place and since this would involve a play-off preceding the main tournament, the managers decided to include all teams in the tournament.

The play-off tournament will require five nights with the teams playing Monday, Tuesday, Thursday, Friday and Saturday nights of next week. Each team must lose two games before being eliminated.

The past week of play completed the 15-game schedule and found the Fire Department away ahead of all other teams with 14 won and one lost. Four other

MEDITATION

"For by grace are ye saved through faith of yourselves: it is the gift of God." Eph. 2:8. This scripture sets forth two phases of salvation. First, this is God's part. While man was walking in sin, God by grace, (not by anything that man had done, but by his grace) sent Christ into the world to save the sinful man. Had God not have given His only Son for us there would have been no way we could have saved ourselves. Because our salvation is by grace does not mean that there is nothing for us to do. For an example: suppose that you go to a doctor and say, "Doctor, I am very sick and need your help. Please give me something to cure my condition that I come after it. Because I have done nothing for it, it does not lessen the fact that it was your grace and not because I had earned it. So with God, it is by Grace but upon condition. Titus 2:11. For of God that bringeth salvation hath appeared to all men, TEACHING us that denying ungodliness and worldly lusts, we should live soberly, righteously, and godly in the present world." Notice that Paul says the grace of God appeared TEACHING us . . . It teaches that we are to live a godly life. It is very clear by this verse that the God is on condition.

Eph. 2:8 teaches the same thing. It says it is by grace, through faith. Grace is God's part, it is man's part. We learned last week that faith is not just a feeling, it is an active faith. It is a faith that leads us to obedience of the commands of God. Unless it leads to obedience it will not save.

Read the entire 11th chapter of Hebrews, which chapter deals with the kind of faith that is acceptable to God. Notice that it was by faith that Noah obeyed. That Abel obeyed. That Abel obeyed. That Moses obeyed. That people that believe in grace only, and the people who believe in grace only, can not harmonize the scriptures. It is for them to set one scripture against another scripture is right? However, if we accept it as we do not have to set one scripture against another.

It is by faith, an obedient faith. It is by faith nothing we can do that will EARN for us salvation does not mean that it is without condition. It is a faith that we obey his commands. You can not have grace from obedience as God has always required obedience, faith, repentance, and baptism of the Holy Spirit would be partakers of his grace.

LET ME THANK YOU

I appreciate the expression of your confidence shown by your most generous vote, which was for me to lead in 3 of the 4 counties in this district against me, in being a stranger to who live outside Floyd County, obviously, all results.

My aim and desire to meet and talk with every man in the entire district, but this was a physical impossibility in the limited time I had away from my duties as attorney for Floyd County.

It encourages me beyond measure to know that such a number of my friends in this district expressed confidence in me through their votes.

On occasion does not find me discouraged in the contrary, more determined than ever to move forward and upward in the practice of law which is my profession, with the fullest confidence that at some future date to serve the good people of this district in an official capacity.

Throughout my entire Campaign I endeavored to be fair to District Attorney strictly and solely on merits, and again I want to say: Thank you from the bottom of my heart for every courtesy and every favor extended to me.

Most sincerely,

Bowser's Culture Corner Seeks To Buy Iron Lung

It's hard to imagine connecting civic service, pleasure, and polo, but Perry H. Bowser from Kress, Texas, 35 year old victim of the disease, had done just that.

Last summer Bowser, hospitalized for two years with polio at the West Texas Polio Center in Plainview, began a loose-knit organization of hospital patients and employees called Bowser's Little Culture Corner, with headquarters in Bowser's room. The group was a carefree bunch with the primary aim of adding a few laughs to the monotonous routine of hospital life.

But when the polio ward ran out of money to show weekly movies for the patients, Bowser took over. Within a few days the members of the Culture Corner were letting outsiders join the club—at a dollar a head.

The movement caught fire and spread to other towns. Within a few weeks the goal of \$400 had been passed by some \$900.

With two weekly movies assured for years to come, this summer Bowser turned his attention to other needs—and came up with the fact that if polio continues on the climb this year, another lung will be badly needed soon.

With that the Culture Corner launched a drive to raise \$2,500—the price of a modern lung—and perhaps of some polio victim's life.

"The lung we want is something a little special," Bowser reported last week. "It is equipped with a dome which fits over the patient's head and breathes for him when the lung is open. Thus his cot can be slid out of the lung, and the patient can be given care that otherwise would have to be done through small port-holes in the lung casing."

"Sometimes a patient must be completely removed from a conventional lung for short periods for care that can't be managed through the small openings."

"I can remember too well the terror I felt when I heard them click the lung open to slide me out for a few minutes of special care," Bowser recalled.

"It meant I wouldn't breathe for the next few seconds—and that's enough to panic anyone. If we can spare some frightened

child that feeling, it will be a wonderful thing."

Bowser is conducting the drive throughout the area. He hopes the response outside of Plainview will be high.

"Late in July there were 19 patients in the Center," Bowser said. "Only one was from Plainview. The rest were from towns representing all of West Texas."

Bowser requests that anyone wanting to join the Culture Corner send one dollar, along with their name and address, to Bowser's Little Culture Corner, Plainview, Texas.

"\$2,500 is a lot of money, but a modern lung can mean a lot to the present, and future, patients of the Polio Center. If not needed here, we will put it on call by the National Foundation for use wherever needed," Bowser said.

"We're counting on the people of Texas to help us put the drive over. And we certainly won't feel hurt if someone wants more than one membership card."

Baptist Notes

SOME PARENTS SAY — "We will not influence our children in making choices and decisions in matters of religion!"

WHY NOT? — The ads will! The press will! The movies will! The neighbors will! The forces of sin will! The politicians will!

We use our influence over flowers, vegetables, cattle, etc. Shall we ignore our own children?

May God forgive us if we do! —Copied.

CARD OF THANKS

During my recent illness I received so many get-well cards, flowers and other lovely gifts from the people of Lockney that it could be impossible to write each individual. So I am taking this opportunity to thank each of you. It really helps to get your mind off yourself in being remembered as each of you remembered me. These kind deeds that you have done for me will never be forgotten.
Nellie Brown.

Successful and profitable livestock and poultry production can be maintained during the hot summer months provided good management practices are followed in caring for the herds and flocks.

Stovall On State Bar Committee

Austin. — Several lawyers of the 19th Congressional District have been notified of their appointment as members of the district grievance committee of the State Bar of Texas. J. Glenn Turner of Dallas, newly elected president of the attorney's association, announced the appointments.

Purpose of the committee, as explained by Turner, is to investigate alleged cases of professional misconduct and establish better understanding between clients and attorneys. Aggrieved clients may make complaints against lawyers and be assured of a fair and impartial hearing. Appropriate disciplinary action will be taken against erring members of the legal profession, the Bar president indicated.

Committeemen named by Turner include:
L. D. Ratliff Jr., Spur.
James M. Wassell, Lamesa.
Frank R. Day, Plainview.
Richard F. Stovall, Floydada.
Arthur P. Duggan Jr., Littlefield.

Thos. B. Duggan Jr., Lubbock, State Bar director for the 19th District, will serve as an ex-officio member of the grievance group. Complaints against attorneys should be reduced to writing and forwarded either to Duggan or to State Bar of Texas, Austin, 15, Texas, for action, president Turner stated.

Mr. and Mrs. Clark Harris, Joan, Ronnie, Caroline and Margaret Holt, Mr. and Mrs. Ike Johnson, Betty, Rita, Tommie and Ann Belt all of Lockney, spent a two weeks visit in Lake City, Colo., and on the way back stopped in Monte Vista, Colo., to see the Sky-High Stampede Rodeo.

Mr. and Mrs. Emmett Thornton of Plainview visited Mr. and Mrs. Fred Lam Saturday night. Also visiting Mr. and Mrs. Lam Sunday afternoon were Mr. and Mrs. L. E. Phitts of Plainview.

TO THE VOTERS:

Contrary to rumors, I wish to tell you that I haven't hired any deputies or made any commitments whatever should I be elected sheriff in the August 23 primary.

I haven't won the race yet but I do earnestly solicit your vote and influence. I would appreciate the opportunity of serving you as sheriff and if you elect me I promise that I will conduct the sheriff's office fairly, impartially and with due consideration for all.

Mrs. W. M. Sammann, formerly Mrs. Georgia Hanst, was honored Thursday, July 31st, with a bridal shower in the parlor of the First Baptist Church.

Hostesses were Meses. Hilburn Casey, Edgar Hays, Harmon Handley, W. A. Taylor, Luther Rhine, Marvin Cox, Leslie Ferguson, Horton Howell, Melvin Potts, Homer Bartram, Frank Brown, Sid Thomas, Chester Mitchell, Dale Laceywell, T. B. Mitchell, Buck Kellison, Fay Pinner, W. S. Rexrode, and G. H. Rigby. Jontha Lee Casey presided at the punch bowl which was surrounded by dahlias on a lace table cloth. Mrs. Dale Laceywell presided at the guest book. The honoree received a large number of gifts.

PLEASE, MR. SUN

"Please, Mr. Sun, shine down on me," says this pretty young lady in Dudley Cassels' halter dress of the season's most sensational fabric—denim. According to the National Cotton Council, nothing hurts old friend denim. It can be thrown in the washer, squeezed, wrung, hung or tied in knots and still come through in good shape!

Miss Velma Seale Is Bridesmaid

Miss Velma Seale of Lockney was bridesmaid in the Sunday afternoon wedding of Miss LaVerne Hassenager of Boise City, Okla., and Bill Jones, son of Mr. and Mrs. Tate Jones of Floydada. The wedding scene was the West Texas State College Chapel at Canyon and the time was 2:30 p. m. The couple will live on a South Dakota ranch when they complete their college work next year.

Dr. Cox Urges Check-Up For School Pupils

Austin.—Dr. Geo. W. Cox, State Health Officer, urges the parents of all children who will respond to the school bell for the first time in September to be sure the child is physically ready for school duties.

"First and foremost is the need for vaccination against smallpox. Parents should see that children are vaccinated before they are one year of age; however if not done previously, at school age vaccination becomes absolutely necessary," Dr. Cox said. "If your child has not been vaccinated, have it done immediately for his own protection and that of others."

Immunization against diphtheria is also highly important, Dr. Cox declares. This disease which causes serious illness and deaths among young children can be prevented with toxoid. The child who has never been protected should be given this safeguard against a dreaded killing disease. Even though he may have been immunized as a baby, doctors and health officers usually recommend an additional dose of toxoid to strengthen immunity before entrance into school.

"In addition, before you send your child to school you are urged to take him to your family physician and dentist for a thorough examination," Dr. Cox adds. "You will want to know that he is in good physical condition and can compete with the other children on equal terms. If the check up reveals any weakness or defects they should be corrected at once. Don't let your child start his school life with any avoidable handicap."

Bryce Dowell of Dimmitt is visiting here this week with Mr. and Mrs. Royce Dowell.

Henry Ford Jr. and Byron Ford are on a fishing trip in Colorado and New Mexico. They have seen a number of Lockney families while away including Mr. and Mrs. Ike Johnson and Mr. and Mrs. Clark Harris.

Bigger Social Security Checks Due In October

About 3,500 people in the South Plains area will receive higher social security payments beginning early in October as a result of the social security amendments which President Truman signed into law last Friday, July 18, 1952.

John G. Hutton, manager of the Lubbock social security office, emphasized that no one needs to apply for the increased payments. "The Social Security Administration is already changing the amounts," he pointed out. "We expect to get them changed in time to have them in the mail October 3, the regular delivery date, but if in a few cases we don't meet that schedule we'll send the regular check and make up the difference in a later check."

Mr. Hutton pointed out that although nearly every family receiving payments will receive an increase, the additional amount would not always be divided among all the members of the family receiving monthly checks. In some cases the entire increase will go to the retired worker.

Under terms of the law, most families will get an increase of about \$5; some will get less, some will get more. A few benefits now being paid and most of those payable in the future, will be based on earnings after 1950 instead of after 1936. The amended law provides a new formula for determining the amount of the payments in these cases. Under it, a retired worker's monthly benefit would be 55% of the first \$100 of his average monthly earnings plus 15% of the remainder up to \$300.

Beginning September 1, the new law increased to \$75 a month instead of \$50 the amount of money a beneficiary may earn and still receive the monthly benefits. Self-employed people entitled to old-age and survivors insurance benefits may receive the payments for each month of the year if their net earnings during the entire year are not over \$900.

The amended law contains a provision of special importance to self-employed people who have retired or plan to retire

Farm Leases Need Revision

College Station. — Tenant operations are still an important part of Texas agriculture. Some 30 per cent of all Texas farms are operated by tenants. Like most other farming practices, says C. H. Bates, farm management specialist for the Texas Agricultural Extension Service, many leasing arrangements are out-of-date.

He points out that lease arrangements set up for cash-crop systems of farming do not fit the situations brought about by the shifts to livestock production. Therefore, new rental agreements are needed between the tenants and landlords that clearly define the part each is to play in this livestock-crop system of farming.

During the past several years farm management specialists from the southern states, cooperating with those from the U. S. Department of Agriculture, have been studying the existing rental arrangements and seeking possible solutions to tenure problems. The economists have found that both tenants and landlords improve their lot when leases are used that really cover present day farming and livestock production. The use of up-to-date leasing arrangements meant more income to both tenants and landowners as well as better soil maintenance and improvement programs.

The latest findings of the cooperating economists are reported in the publication "Rental Arrangements for Progressive Farming" which is available at your local county agent's office. Other material on the subject of rental agreements, prepared by the Texas Agricultural Experiment Station and Extension Service, are also available.

Bates says the specialists, through studies and actual experience, have come to the conclusion that a good rental agreement should always be written. It should cover more than a single year or contain an automatic renewal clause. It should specify how the expenses, upkeep and labor as well as income are to be shared. It should encourage the tenant to produce livestock as well as crops wherever possible and profitable. Finally the lease should provide for permanent improvements on the land and in the home.

Bates believes the use of rental agreement containing the above items will improve landlord-

tenant relations and add stability to the agricultural economy in the areas where farms are operated by tenants.

Mrs. Elmer Haden of Pryor, Oklahoma, is here visiting her mother, Mrs. S. V. Williams.

EDITORIAL

The Lord is not slack concerning his promises, as some men count slackness; but is long-suffering to us-ward, not willing that any should perish but that all should come to repentance.— 2 Peter 3:9.

The new election law has a number of people confused as to what they can do and cannot do in regarding to voting for the men of their choice. Some people would not participate in the first Democratic primary because they wanted to vote for Eisenhower in November and they did not think they could do both. They were in error in that assumption because you can vote in the Democratic primary and then vote for whatever candidate you choose in November. The law says that you cannot participate in the Democratic primary and in a Republican convention on the same day. Nor can you participate in a Democratic convention and a Republican convention on the same day. But what you do today or yesterday or tomorrow has no bearing on how you may vote in November.

Neither does the voting in the

Democratic primary bind you to vote for the Democratic nominee for president. In fact, there is a state law forbidding the exacting of a pledge to vote for any candidate. We do not publish this to advocate the voting of a Republican ticket for president in November but simply because many people are confused about the matter. This one thing we remind you of: you may vote for anyone you please in any election in which you are qualified to vote.

Now comes another recruit to The Beacon's long drawn-out campaign to build some public toilets to care for the large number of migrant laborers who will be here this fall. Robin Baker says that he believes that we need these toilets very badly here and that the three business houses here in which he has an interest will make a contribution to the project. And he also urges that when the building is built we should make it adequate and substantial. He believes that showing the transient laborer some consideration will pay off in years to come. Since it isn't long until cotton picking time, we suggest that if anything is to be done this year, now is the time to start.

What about the ladybug method of controlling cotton insects? It seems that some of the cotton farmers of the plains have tried the plan and like it. One farmer used four gallons of lady bugs to clean the insects from 125 acres of cotton. The lady bugs cost \$10 per gallon which makes \$40 for 125 acres and the farmer swears they did a good job. Maybe this is still in the experimental stage but it sounds ok—if you can keep the bugs in your own field.

How does the cotton crop this year compare with the one last year at the same time? Some farmers say that it is even better than last year's while others say it isn't quite as good. We note that County Agent Bob Gibson is estimating only 112,000 bales in the county this year compared to his estimate last year of 120,000. However Mr. Clapp still has this county producing 200,000 bales which is too much cotton unless we have an unusually good year for dry land crops. Some dry land cotton is going to make this year but it will not be enough to raise the county total that high.

Surplus foods preserved now will help stretch the food budget dollars during the coming winter months.

YOUTH PROBLEM

Much has been said throughout the years about youth problems. The topic is worn thin and still the same old problems crop up with every new generation. All towns have about the same problems with their youth. And Post is no exception. However, when all is said and done, we believe that much of the trouble generated by the younger set can definitely be avoided by some tactful but firm actions on part of the parents. In the past months several accidents have occurred which could have proven fatal to people involved. With common driving sense they could have been prevented. Parents are somewhat slack in admonishing their children about safe driving. If told their child has done something they will either say, "Why, he couldn't have done such a thing," or "I just don't know what I'm ever going to do with so-and-so." Action is needed. Children who can hardly see the road over the hood are driving cars, trucks and other vehicles around Post. This is more than dangerous. Motor scooters are constantly cutting capers on the streets in front of cars and nearly running over pedestrians. Parents can stop this if they will only take the attitude that their child "can" do something wrong just the same as the "neighbor's

kid." One of the nicest pleasures in the world is to be able to provide your children with a car. But when you don't provide them with the common sense necessary to drive safely you are doing them an injustice. — Post Dispatch.

MINIMUM CONNECTION BETWEEN FRIENDSHIP AND BALLOTS!

We hope the candidates, both winners and losers, have been wise enough to recognize that the individual votes were not necessarily votes of undying friendship on one hand or enmity on the other. No, the ballot does not draw a line separating the friends and the enemies. The ballot is

a voice of opinion, and thank goodness there are divergent opinions on politics as well as every other subject that can be mentioned. Most of our best friends differ with us — and we're probably much happier than if it were otherwise—why, if every Tom, Dick, and Harry had parallel likes and dislikes, they'd all want the same wife—and then there'd be more fireworks and more scandal than even deposed King Fa-ouk could muster!—Frisona Star.

POLITICAL MACHINES

Now let's get down to politics. It is our prediction that the Demos are safe for another four years if the folks turn out and vote as we believe they will. However we are not discounting the fact that the Repubs have the best liked and popular candidate they have had in 20 years, but there are about five or six big political machines within the Demo party, in fact they have taken over lock, stock and barrel and through their efforts will swing enough votes to control at least 60 per cent of the electoral vote. They will get the votes out in their respective states. These political machines are not very strong in the South and Southwest as yet, but are gradually getting stronger. — Petersburg Journal.

NEW BALLOT

The new ballot in Texas is not satisfactory. There is a lot of annoyance, inconvenience and confusion when election clerks are counting under the new dual system ballot. The voter may check with an "X" in the square by the name of the person for whom he wishes to vote, or may mark out every name except the person for whom he wishes to vote. Often the ballots are set in too small type as was the case in the Hale County ballot in the first primary and the square boxes are too small. You could hardly make a discernible "X" in the square with a pencil. Pity the poor clerks! The law should be changed to one way of marking the ticket. The check in a square is preferable, due to simplicity. Uniform squares, large enough for ease of the voter and the counter, should be required. — Plainview Herald.

SERMONETTES FROM REVIVAL TABERNACLE

"Suppose ye that I am come to give peace to you, nay; but rather division." Verse 56 "Ye can discern the face of the sky and of the earth, but ye do not discern this time." This time...

The Christian will know what God is doing in the world. The Christian is a child of God. He will know what God is doing in the earth, both in the present and in the future. When the Spirit of God moves on the earth, it does the same thing that it has always done.

"The Kingdom of Heaven is likened unto a man who sowed good seed in his field: But while man slept, his enemy came and sowed tares among the wheat. But when the blade was sprung up, and brought forth fruit, then appeared the tares also. So the householder came and said unto him, 'Let us go and reap, for the harvest is full now.' He said unto them, 'An enemy hath done this unto you. Watch that you don't get bound with tares.'"

They will deny that we have hypocrites in the church, as the servants saw wheat and tares both in the field. As the tares were bound in BUNDLES then, so the hypocrites are bound in bundles now. You notice that the tares were not left in the field where the wheat were gathered out of the field and put in the barn. We are in that day of separation. The Bundles of tares are being bound. Watch that you don't get bound with tares.

Pensioners To Get \$5 Raise

All persons receiving Old Age Assistance and Aid to the Blind will get a \$5.00 increase in their grants beginning in October, according to Mrs. Johnnie Weaver, Area Supervisor for the State Department of Public Welfare.

This increase in grants is provided for by recent Congressional Legislation which raised the federal contribution \$5.00 beginning in October. This now makes a maximum grant of \$55.00 instead of \$50.00 available for Old Age Assistance and Aid to the Blind.

To assure that each eligible person on the Old Age Assistance and Aid to the Blind rolls gets the full amount of the increase the first month it is available, John H. Winters, Executive Director of the Welfare Department has ordered that checks beginning in October be written for \$5.00 more than the amount authorized on that date.

Supervisor Weaver explained that since these increases are to be automatically taken care of in Austin, it will not be necessary to get in touch with the local or Austin office of the State Welfare Department.
