Longhorns Play First District Game Friday

The first district game of the Lockney Longhorn gridiron squad is scheduled for Friday night of this week when the Kress Kangaroos come to Lockney. The Longhorns will be seeking their fourth win of the season while the Kangaroos have not yet won a game.

Coaches Curtis Kelley and Elvin Lyon are having some injury trouble with the Longhorns but are hoping that all the boys will soon be back in good condition. End Teddy Carthel suffered a dislocated shoulder in the game with Paducah last Friday night and will not see action this week. The coaches hope that he will be able to get back in the line up next week.

Roger Conner, defensive end, had an attack of appendicitis this week and is not working out. It is not known how long he may be out but he was back in school Wednesday. Wayne McClure, a reserve guard was injured in practice Tuesday and will be out a few days probably.

Kelley said that he was well pleased with the Longhorns down-field blocking last Friday night. He said that he was also satisfied with the defensive play this week. The Longhorns have been working some on defense.

"The only thing we are really worried about right now is injuries," Kelley said Wednesday. The Longhorns are short on reserves this year and could be hurt bad by injuries. Kelley has indicated.

The Kangaroos have scored only 6 points to 88 for their opponents this season, losing to Silverton and Canyon.

The game will be called at Mitchell-Zimmerman Field at 8 p. m. Officials will be Steven Novak, Dennis Denton and Johnny Davis, all of Lubbock.

Probable starting line-up for the two teams follows:

Lockney Longhorns		
Name	Po.	Wt.
Lewis Foster	E	155
Aubrey Cox	E	150
Deanie Quisenberry	T	170
Kenneth Williams	T	185
Joe Taylor	G	175

Jack George	B	155
Merle Young	B	157
Johnny Bob Nance	B	145

Mexican Pastor To Preach Here

Rev. Guillermo (Bill) Benitez, pastor of the Mexican Baptist Church in Plainview, will preach at the Lockney Baptist Church at 7 p. m. Saturday evening especially for the Mexicans of the area. It was announced this week by Rev. J. R. Naylor, pastor.

Rev. Benitez will visit with the Mexicans on the streets here Saturday afternoon and invite them to the services. Farmers who have Mexicans working for them are asked to spread the word of the services to their hands, Rev. Naylor said.

Cemetery Fund Donations Listed

Mrs. L. M. Honea, secretary of the Lockney Cemetery Association, reported the following as contributors to the cemetery fund.

J. R. Belt	\$25.00
Hershel Carthel	15.00
B. A. Howell	10.00
Joe Cox Estate	10.00
H. P. Parker	5.00
J. J. Harris	2.50
Bob Simmons	2.00

Cotton Is Opening Fast, Farmers Say

Cotton is opening fast in this area, farmers say and hands are arriving about as fast. Many transient workers are coming in to Lockney every day and the only problem now seems to be housing.

A check Wednesday showed that 465 bales had been ginned at all local gins which is very close to the number ginned at the same time last year.

Ginners say that the cotton generally is more mature this year than at the same time last year and that they expect to pass the last year's ginning totals considerably by November 1.

County Values Up Half Million

Floyd County tax valuations are up a little more than a half million dollars this year over last according to figures released from the office of County Tax Assessor Collector T. T. Hamilton this week. Total valuations this year are \$12,413,964 compared to the 1951 total of \$11,906,304.

Mr. Hamilton's office began the collection of 1952 taxes Wednesday morning of this week.

Break-down of the tax values show \$10,504,120 on the residential roll, \$3,390 on the unimproved roll, \$1,022,984 for railroads, etc., \$89,000 for state and national banks, and \$794,470 for public utilities.

The total valuations for state taxes, which exclude homesteads is \$10,148,584.

The county tax rate is set at \$1.45 this year which includes all special such as the special road tax and the court house bond tax. The state rate is 42 cents making a total state and county tax rate of \$1.87.

The total taxes expected to be collected for these two in Floyd County is \$267,394.01, according to the figures released. This includes \$42,625.38 for the state, county tax of \$99,311.99, road bond tax of \$43,449.45, special road tax of \$18,622.05, court house bond tax of \$14,896.75, school taxes of \$45,028.84, and water district taxes of \$3,459.55.

Somebody's Not Voting! Hurry!

The Beacon, along with the Amarillo Daily News and a number of other weekly papers in the Panhandle, is running a poll to test sentiment on the presidential race. But somebody's not voting. The first week shows the poll running about 5-1 for Gen. Eisenhower in The Beacon box.

Now most anybody knows that the vote in the presidential race is not going that strong Republican. Our conclusion is that a lot of Democrats are staying out of the poll.

A poll isn't any good unless a good cross section of the voters participate. Now we want your vote in this poll if you haven't already voted. Vote only one time but be sure and mail, send or bring in the ballot on the front page of this newspaper to The Beacon office soon. Don't sign your name unless you want to. But vote your sentiment, mark your ballot and get it to us.

This newspaper will get reports from other areas on the poll and then we may be able to tell beforehand how the sentiment runs on the presidential race. But we won't unless YOU vote. Clip the ballot and mark it NOW.

HIGH PLAINS POLL

Mark your preference for President and return to the office of this newspaper.

() FOR GEN. DWIGHT EISENHOWER

Rotary Club To Welcome District Governor Friday

The Rotary Club of Lockney will be host to Alton B. Chapman, Governor of the 183rd District of Rotary International Friday of this week. This is Judge Chapman's official visit to the club and he will speak at the club's luncheon meeting.

On Thursday night President Claude Brown, Secretary Arthur Barker Jr. and other officers of the club will meet with Judge Chapman at the First National Bank at 7:30 for a club assembly. They will review the work and plans of the club for the Rotary year which began July 1.

Judge Chapman is District Governor of the 110th District of Texas and resides at Floydada, where he is a member of the Rotary Club. He is one of the 207 Governors who are supervising activities of some 7,600 Rotary Clubs which have a membership of 360,000 business and professional executives in 83 countries and geographical regions of the world.

Wherever Rotary Clubs are located, their activities are similar to those of the Rotary Club of Lockney because they are based on the same general objectives — developing better understanding and fellowship among business and professional men, promoting community-betterment undertakings, raising the standards of business and professions, and fostering the advancement of good will, understanding and peace among all the peoples of the world.

Each year, this world-wide service organization continues to grow in numbers and in strength. During the past fiscal year, for example, 219 new Rotary Clubs were organized in 32 countries of North, South and Central America, Europe, Asia, Africa, and the Islands of the Pacific.

Cancer Units To Meet, Plainview

Plainview. — Representatives of eighteen South Plains County units of the American Cancer Society will meet in Plainview October 15 for the third annual meeting of the state Society's District 3-S.

The annual meeting will stress the need for evaluating county cancer control programs and is aimed at strengthening these local organizations for better public cancer education and service.

The meeting will be held at the Hilton Hotel and will feature talks by county, district and state leaders of the Society. The ACS directors for District 3-S are J. Edd McLaughlin of Ralls and Dr. Frank B. Malone of Lubbock.

Two cancer films will be shown, including the recently released "Man Alive," which has been hailed as an outstanding color cartoon film for presenting cancer information to men.

The election of the District's lay directors will be held during the luncheon program while the afternoon lay session will consist of a discussion of long-term plans for more effective cancer control by ACS county units.

Counties comprising District 3-S are: Bailey, Briscoe, Castro, Childress, Cochran, Cottle, Crosby, Floyd, Foard, Hale, Hall, Hardeman, Hockley, Lamb, Lubbock, Motley, Parmer and Swisher.

GO TO CHURCH SUNDAY.

ALTON B. CHAPMAN

County Is First In Fair Exhibits

Floyd County has won first place in county exhibits at two area fairs. Last week the county was awarded first place with its agricultural exhibit at the Tri-State Fair, Amarillo and this week it won a \$100 prize for first place at the Panhandle-South Plains Fair, Lubbock. The exhibits were arranged by County Agent Bob Gibson.

At Lubbock Castro County won second and Parmer County won third. Hale County, who won first last year did not compete.

At the Tri-State Fair last week the county exhibit took 24 first places in agricultural exhibits to win first place. Castro County also won second at this fair.

\$207 Premium For Year's First Bale

A premium totaling \$207 was made up this week for the first bale of cotton ginned at a local gin. Grower was Francis Montandon and the bale was ginned some two weeks ago at Patterson Gin here.

Donors to the premium, made up by M. W. Wiley, president of the Chamber of Commerce, were listed as follows:

First National Bank \$25, Baker Hardware \$10, Lockney Implement \$10, Bilbrey Motor \$5, Leslie Floyd \$5, Baker Flash-O-Gas \$10, Faggard Dry Goods \$2, Frank Perkins \$2, Lena Faye Sweatt \$3, Southwestern Public Service \$5, Lockney Bacon \$5, Webster Service Station \$5, Henry Hodel Oil Co. \$5, Darnell Grocery \$5, G. A. McClelland \$5, Carl McAdams \$2, Lockney Variety \$2, City Bakery \$2, Knox Grocery \$2, H. G. Parker Furniture \$2, Claude Brown \$5, Lockney Drug \$5, Plains Barber Shop \$2, Truett's Variety \$2, Lockney Real Estate \$4, Jackson Tire Co. \$4, Byrd Pharmacy \$5, Dr. K. O. Crum \$4, National Alfalfa \$10, Rhodes Grocery \$5, K. W. Cook \$2, Lockney Frozen Foods \$2, Master Cleaners \$2, Lockney Dry Goods \$2, Whites Auto Store \$2, Pylant Grocery \$3, Brunner Lumber Co. \$5, Hammond & Co. \$10, Lockney Lumber & Supply \$5, Higginbotham-Bartlett Co. \$5, Lockney Auto Co. \$5, "Whitey" Baccus \$5.

Cotton Trailers Must Have Lights

Farm trailers loaded with cotton or other farm products must not operate on public roads and highways without one lighted red tail light and should have two red reflectors, according to Thurman Keffer, Texas State Highway Patrolman.

Cotton trailers are especially dangerous at night when operated without proper rear lights Keffer said.

To pull more than one trailer is against the Texas vehicle law of 1948. Charges will be filed if trailers are doubled up, Keffer stated. Charges will also be filed in cases where such trailers are operating without proper lighting.

Keffer warns farmers to arrange to have sufficient lights on trailers and other vehicles before the harvest gets into full swing.

W. M. McClaskey Is New Bank V-P

William Worth McClaskey has been named assistant vice-president of the First National Bank here. He comes from Wellington where he was assistant cashier of the First National Bank.

Mr. McClaskey was born and reared in Wellington. He is a World War II veteran. Mrs. McClaskey will join her husband here soon.

Homecoming Set For November 7

Homecoming of all ex-students of Lockney High School will be held on Friday, November 7, according to plans made by the homecoming officers in a meeting last week.

President Bob Miller said this week that plans were being laid for a large crowd of former students of the local schools and that the officers expected a large crowd here. This will be the date of the football game with Ralls.

Plans call for registration of all ex-students starting at 1 p. m. on November 1 at the high school building. Registration will continue until 2:30 p. m. A meeting will then be held in the gym for the purpose of electing officers and taking care of any other business matters that may come before the group.

Following the meeting a parade will be held passing through the business district with most of the classes entering a float.

A barbecue will be served all ex-students at the grade school cafeteria starting at 4:30 or 5 o'clock and the football game will begin at 8 p. m.

Probably a number of classes will plan reunions during the day Mr. Miller said. Times and places for these will have to be announced as they are planned.

Mrs. Kelton Shaw was elected treasurer of the association replacing Mrs. Henry Hodel, who resigned.

Hugh D. Roberson Dies Suddenly

Hugh Day Roberson of Amarillo died after a short illness in a doctor's office at Amarillo Monday afternoon about 5:30. He was a former resident of Lockney, having lived here most of his life until he moved to Amarillo 10 years ago.

Mr. Roberson complained of feeling ill Monday afternoon and his wife had started to take him to a hospital. However he became so ill on the way that they stopped at a doctor's office and he passed away there. Death was due to a heart ailment. It was reported.

Funeral services were held at the Fifth and McMasters Church of Christ in Amarillo Tuesday afternoon at 3:30 with Herbert L. Gipson, minister, officiating. Burial was in the Llano Cemetery under the direction of Blackburn-Shaw Funeral Home.

Mr. Roberson was 51 years of age. He was reared here and had a large number of relatives and friends in Lockney and this area.

Survivors include his wife, one daughter, Mrs. Joyce Sanders of Amarillo, two grandchildren, two brothers, Frank and Arthur Roberson of Lockney and one sister, Mrs. Walter Griffith of Lockney. Another brother, George Roberson, also of Amarillo, died suddenly just nine months ago.

Attending the services from Lockney were Mr. and Mrs. Frank Roberson, Mr. and Mrs. Arthur Roberson, Mr. and Mrs. Doyle Harrison, France Carthel, Mr. and Mrs. Mason Davis, Mr. and Mrs. Alva Davis, Mr. and Mrs. Harold Griffith, Mrs. Walter Griffith, Dr. J. M. Floyd, Bob Simmons.

Mr. and Mrs. Paul Craig of Oklahoma City spent Monday with Mr. and Mrs. Bernard Harris.

Watch your expiration date.

Funeral For Mrs. Reeves Is Today

Funeral services for Mrs. Bob Reeves will be held at 3 p. m. today (Thursday) at the First Baptist Church. Interment will be in the Lockney Cemetery. Carter Funeral Home of Lockney is in charge.

Mrs. Reeves died Monday from injuries received in an auto accident at Dora, N. M., about 10 a. m. Monday morning. She and her husband, who live at San Bernardino, Calif., were enroute to Lockney to visit relatives when the accident happened. They were riding in a car with Miss Nona Lanterman of Rialto, Calif., when the car was struck in the side by another car at a road intersection at Dora. Miss Lanterman was not seriously injured and Mr. Reeves suffered some injuries and is now at the Lockney General Hospital receiving treatment. He is not believed to be seriously injured. He was unconscious for some time after the accident.

Mrs. Reeves suffered a fractured skull and lived only an hour after the accident.

The other car was driven by Miss Anne Valentine of Hobbs, N. M. The injured were all treated at the General Hospital, Portales. Miss Valentine was seriously injured.

Both Mr. and Mrs. Reeves were reared in this area. They lived in the Sterley community until just previous to World War II when they moved to California. Mrs. Reeves, whose maiden name was Lottie Blount, graduated from Lockney High School and was the daughter of Mr. and Mrs. A. B. Blount, now of Floydada but former Lockney residents.

It was their custom to make trips back to this area to visit relatives and they had accepted an invitation from Miss Lanterman, who was enroute to Hobart, Okla., to ride with her and visit here.

Survivors include her husband, three daughters, Mrs. Jack Wells, Mrs. Wendell Moseley and Mrs. Bob Gaffney, all of San Bernardino; her parents, Mr. and Mrs. A. B. Blount of Floydada; two brothers, Raymond Blount of Tulla and A. B. Blount Jr. of Floydada; two sisters, Mrs. George Newman of Lubbock and Miss Opal Blount of Floydada. Mrs. Fannie Brown of Lockney is an aunt of the deceased lady and she has numerous other relatives in this community.

88 Enrolled In Special Section

A special section of grade school children meeting at the City Auditorium now has 88 enrolled. It was reported by school authorities Wednesday. The section is made up mostly of transient laborer's children below the fifth grade. Several more are being enrolled each day. Teachers of this group are Mrs. Weldon Dodson and Mrs. Dale Widener.

The Lockney High School enrollment hit a new high this week with 245 enrolled. As far as is known this is a record enrollment for the local high school.

MEDITATION

We have noticed briefly the establishment and importance of the church of our Lord. Let us study this week about the organization of the church.

Paul and Timotheus, the servants of Jesus Christ to all the saints in Christ Jesus which are at Philippi, with the bishops and deacons: Phil. 1:1. We find contained in this one verse all that are in the church of our Lord. Saints, bishops and deacons. A church with an organization other than that is not organized according to the plan of the New Testament. The bishops are referred to as elders, pastors, overseers, shepherds of the flock and those that have the rule. Many in the religious world today make these different names apply to different offices in the church, when in reality the New Testament refers to one office by these different names.

We hear people refer today to "the pastor" of this church or that church. In the first place, when the pastors, or elders, or bishops of a congregation are referred to in the New Testament there is always a plurality. Never do we find the phrase "the pastor," "the elder"; but always it is "the elders," "the bishops," etc. Where then did this idea of "the pastor" originate — in the Bible or in the minds of men? If it is unscriptural, then why continue to use it? In the second place, today when the word "pastor" is used it does not usually refer to one that holds the same kind of office that the word refers to in the Bible. Today it is usually referring to the preacher. This, too, is unscriptural. A preacher of the gospel is to be under the oversight of the elders. According to the plan of God, the elders had the oversight of a congregation. It is not, then, a case of preacher rule or majority rule, but of the elders ruling.

Many today use the word bishop to refer to one that has a group of churches under him. This, too, is unscriptural. The bishops were the same as the elders and had no jurisdiction outside of their own congregation. When we have the organization of the church larger than just the local congregation we have stepped out of the bounds of the New Testament.

We find the word evangelist used, but not in the sense of being another office in the church. An evangelist is merely a saint of God who has taken upon himself the work of preaching the gospel of Jesus Christ.

Let us call scriptural things by scriptural names and not call unscriptural things by scriptural names.

Longhorns Won Third Straight; Defeat Paducah

	Lockney	Paducah
First downs	10	15
Yards gained	537	182
Yards lost	25	45
Passes attempted	10	21
Passes completed	3	10
Yards passing	41	153
Interceptions	1	0
Opponents fumbles recovered	0	2
Yards penalties	70	0

The Lockney Longhorns won their third straight football game of the 1952 season Friday night when they defeated the Paducah Dragons in a high scoring game 46 to 18. It was somewhat of a repetition of last year's game in that the Longhorns had no trouble scoring but did have some trouble stopping the Dragons.

Although the Dragons had the most first downs, 15 to 10, the Longhorns had the amazing total of yardage gained of 537 yards compared to the Dragons' 182. Most of the Longhorns scores came on long runs.

C. B. Smart, the Longhorns speedy halfback, played a whale of a game for the locals, scoring most of the touchdowns aided by some effective blocking by his teammates. Time and again the Dragons were caught out of position and a few good blocks and Smart's speed racked up a score for the Longhorns.

Paducah received the opening kick-off and returned it to their own 29 yard line. They made 2, 3, lost 9 and Smart took the fourth down punt on his own 40 and ran it back for a touchdown. Try for point failed and the score was 6-0 before the teams got warmed up.

The Dragons received again, returning to their own 39. However a Longhorn was offside and the Dragons took the penalty kicking again and returning this kick to their 36. They lost 1, had a pass incomplete, made 3 and kicked to the Lockney 19. The Longhorns made 2 and then Smart ran 79 yards for the second score. Sherman kicked the point and the score was 13-0.

The Dragons received and returned to their own 17, from which point they started a drive. They made first downs on their own 30, 40, on the Lockney 44, 31, 16 and 5 and Buckley drove over for the score from that point. The drive was mostly on rushing plays with one completed pass making a first on the 16. Try for point was not good. The Dragons kicked to the

My Neighbors

By BILL PAULSON

"If you think he's scared now, Doctor, you ought to see him when the tax collector comes around!"

Longhorns and Teddy Carthel went back to catch the kick and returned it all the way for a score. The scoring run totaled 82 yards. Sherman kicked the point and the score was 20-6.

But the Dragons were not to be counted out. They returned the kick-off to their own 31. They made first downs on their own 44, had a pass incomplete and then completed a long one for a first down on the Lockney 21. They drove on to a first on the 10 and then passed to a touchdown. The point was missed and the score was 20-12.

The Longhorns weren't long in getting the score back. They returned the kick to the Lockney 33, made 4 and then Smart carried to the Paducah 32. Baker rammed it to the 13 and Smart scored the touchdown. Try for point was missed and the score was 26-12.

The Dragons brought the kick-off back to their own 34, made one first down but bogged down and kicked to the Lockney 21. Sherman ran the punt back to the Paducah 20, the Longhorns were penalized 5, they made 4 and then Smart scampered over for the touchdown. Sherman kicked the point and the score was 33-12.

The Dragons received, returned to their own 33, a pass was incomplete, they made nothing and lost 7 and the punter was badly rushed, kicking out of bounds on the Paducah 41. Sherman carried to a first down on the 20 but a clipping penalty set the boys back to their own 48. A pass was incomplete and Smart then carried to a first down on the Paducah 27. Another pass was incomplete and then Smart made a first down on the 16. Here the boys were rushing to score before the halftime whistle blew and had three incomplete passes and a 5 yard penalty, losing the ball on downs as the time ran out.

Band Performs

The halftime Lockney High School Band performance featured some very good marching and a saxophone solo by Jerry Irons. Many fans commented on the band's improvement under the coaching of Shelly Lantrip, the new director.

The Longhorns received to start the third quarter and carried back to the Lockney 41. Paschal drove for a first down on the Paducah 42, and then Smart cut loose for a 58 yard run and a touchdown. Try for point failed and the score was 39-12.

Paducah received and returned the ball to their own 28. They made 1, 3 and 4 and Sherman took the punt and brought it back to the Paducah 40 but a clipping penalty set the ball back to the Lockney 33. A pass from Bill Paschal to Teddy Carthel was good for a first down on the Paducah 45 but Carthel suffered a dislocated shoulder on the play and had to leave the game. It will probably be two weeks before he will be able to play, physicians said.

The Longhorns made 2, 5 and 1 and on fourth down Baker drove to a first down on the Paducah 32. The locals made 1, were penalized 5, a pass was incomplete, Smart made 12, the locals were penalized 5, made 2 and lost 2 with Paducah taking the ball on the 29. Here Sandefer drew back and threw a pass to Morris which was good for a touchdown for the Dragons. Try for point

failed and the score was 39-18. The Longhorns received and Smart returned the ball to the Lockney 38. They failed to gain and kicked out on Paducah's 36. The Dragons failed on one pass and on another attempt to pass Roger Conner broke through and dropped the passer for a 13 yard loss. They made nothing and kicked to the Lockney 45. The Longhorns lost 6, a pass was incomplete and Smart drove for a first down on the Paducah 25. They made 3 and then a flat zone pass from Paschal to Sherman was good for 6. Norton Baker then cut loose for a touchdown but the score was nullified by an offside penalty against Lockney. A fumble was recovered by a Paducah man on the Dragon's 11 yard line. They made 1, 2 and a pass was good for 5. Sherman took the punt on the Paducah 45 and returned it all the way for a touchdown. Sherman also kicked the point and the score was 46-18. Paducah received and Conner broke through to stop the ball carrier on the Paducah 34. A pass was good for 2, another pass incomplete and another pass was good for 8 yards and a first down on the Paducah 44. A pass was good for 2, the Dragons made 5 and then a first on the Lockney 44, they made 6, 1 and then a first down on the Lockney 32. The Dragons made 5, 3 and the Longhorns were penalized 5 giving the Dragons a first down on the Lockney 20. A pass was incomplete and the Dragons made 9 on the next play. They then drove for a first down on the 6. On the first play they lost 4, a pass was incomplete, they made 3 and Gilbert stepped in to intercept a fourth down pass and return it to the Lockney 12. Smart took a flat zone pass and ran the distance of the field but the play was nullified by a backfield in motion penalty. Smart then carried to a first down on the Lockney 28. A pass and lateral Paschal to Sherman to Smart carried to the Lockney 41. A fumble gave Paducah the ball on the Paducah 36. A pass was good for 5 and another pass made a first down on the Lockney 21. The Dragons made 6 as the game ended.

A warlock is a witch.

In Newness

The '52 Ford has far more than new car looks. It's a truly modern car with low, sweeping lines plus the safety of Full-Circle Visibility. And underneath this beauty is a rugged chassis... stronger than ever with Ford's new K-bar construction.

Setting a new standard In Power

Never has a low-priced car offered such high-compression power as Ford's 110-h.p. V-8... most powerful engine in its field. No other low-priced Six can compare with Ford's high-compression, low-friction 101-h.p. Six!

Fordomatic, Overdrive, white sidewall tires, and two-tone colors illustrated optional at extra cost.

In Value

Only Ford in the low-price field lets you choose from so many body, color and upholstery combinations. Only Ford gives you a choice of Fordomatic, Overdrive or Conventional Drive. And only Ford gives you the fine-car ride of Automatic Ride Control... the easier turning and parking of an advanced steering system.

Bargain Rates On Daily Papers Are Now Available

The Beacon is now authorized to accept subscriptions to a number of daily newspapers at the annual fall bargain rate.

The Fort Worth Star Telegram bargain rates just announced are \$13.95 per year for the daily and Sunday or \$12.60 per year daily only. This is a considerable saving from the regular rate of the Star Telegram which is \$18.00 per year for daily and Sunday.

The rates on the Amarillo Daily News are \$13.00 for the daily and Sunday and \$10.00 per year for the daily only.

The Lubbock Morning Avalanche rates are \$12.95 per year for daily and Sunday and the daily is \$11.00 per year.

The Beacon can also accept subscriptions for the Abilene Reporter and the Wichita Falls Record News but we do not as yet have the bargain rates on these two papers.

You can always save money by renewing your daily at The Beacon office.

There's still time for planting winter cover crops. Weatherproof the soil with a blanket of green and hold the winter rains where they fall.

Reports from over the state continue to show the value of soil tests in soil improvement and as the basis for increasing crop production.

MAKING THE FUR FLY

"DIGGIN' HIS BOOKS," this convict cowboy makes a vain attempt to stay aboard one of the wild broncs used in the Bareback Bronc Riding event during the Texas Prison Rodeo. The wildest riders on the wildest stock is the claim of the convict riders who perform each Sunday afternoon, October 5, 12, 19 and 26 in Prison Stadium, Huntsville. This year's event will be the 21st Annual Prison Rodeo.

For maximum egg production, hens needs from 12 to 14 hours of light each day. The use of artificial lights in the laying house is a practice that will pay dividends during the next few months.

The number of home freezers on Texas farms and ranches continues to increase and as a result, homemakers are shifting from canning to freezing as a method of preserving food supplies.

Mexican Girl Ed. Fund	10.00

FOOD FOR THOUGHT

If you believe that water Baptism is necessary to Salvation, then the blood of Jesus Christ will not do what God says—because God Says, "The blood of Jesus Christ His Son Cleanseth us from ALL sin" 1 John 1:7.

If you have to mix blood that Jesus shed with water that man uses, then sinful man is co-redeemer with Christ. If Baptism saves from sin, then a person should be baptized every time he sins.

Baptist Notes

I was reading in the Home Life magazine the other day and ran across something that stuck with me. It was found in the Question and Answer page. The questions sent in by people all over the Southland and the answers by Dr. R. G. Lee of Memphis, Tennessee. Hoping that this question and answer might be of help to our young people I am quoting it here:

Q. Do you think it is all right for a girl of sixteen to kiss a boy that she is not engaged to? Is it permissible to "neck" if you don't go too far? How about drinking to be sociable?

We are very perplexed by the many different opinions of our friends—B. and four others.

A. I think it is not right for a girl of sixteen to kiss a boy to whom she is not engaged. Kisses promiscuously given are like the clothes slightly soiled and greatly reduced in price.

No girl ought to permit herself to become a chunk of salt for every male cow to lick. If a girl kisses one boy, he knows she is apt to kiss every boy she goes with.

When you ask me if it is permissible to "neck", I will ask you: How can young people "neck" without going too far? You can no more "neck" without thinking wrong than a doe can neck with a skunk and stay free from odor.

As to drinking to be sociable, you had as well ask me how about taking brains out of the skull in order to be sensible, or about becoming bald to have a lovely head of hair, or about pouring hog slop on ice cream to make it more palatable, or punching out the eye to see clearly.

A dove never wants to be sociable with a buzzard.

The Bible says, without any thought of urging people to be sociable, "Wine is a mocker, strong drink is raging; and whosoever is deceived thereby is not wise" (Prov. 20:1.)

And if you are not wise, you are the opposite. The girl who can be won for a wife by drinking to be sociable is not worthy. The boy who can win for a husband by drinking to be sociable isn't worth wiping your feet on. The friend you can hold by drinking booze to be sociable isn't worth the powder and shot it would take to shoot him.

J. R. Naylor, Pastor.

Floydada Soldier Serving In Korea

With The 1st Cavalry Division in Japan — Pvt. W. R. Treadgill, whose wife, Wanda, lives at 308 East Eighth St., Plainview, Texas, is now serving with the 1st Cavalry Division.

Veterans of the Korean conflict are giving intensive field training to the new replacements in the unit on the northern Japanese island of Hokkaido. The division spent 17 months in the combat zone before being rotated out of the line last December. Private Treadgill entered the Army last March. He formerly attended high school in Floydada, Texas.

His parents, Mr. and Mrs. Percy F. Treadgill, live in Floydada.

Because of the drought, perennial pastures have taken a terrific beating and livestock should not be permitted to graze them until the plants have had a chance to come back.

Trudy Jarrett Birthday Honoree

Mrs. Bob Jarrett honored her daughter, Trudy Jane, with a party on her fourth birthday Saturday, September 27 from 2 until 4 p. m.

Refreshments were served to Mrs. Earlie B. Johnston, Gayle and Teresa Ann, Mrs. Conrad Henderson, Donald and Randy, Mrs. R. V. Webster, Bobby and Debbie, Mrs. Fred Huggins, Sandra and Terry, Mrs. Dan Teuton and Vicki, Mrs. Hershel Carthel and Linda, Cheryl Chatham, Steve Belt, Mickey Jarrett and the honoree, Trudy Jane.

Wesleyan Service Guild Meets

The Wesleyan Service Guild met Thursday evening, September 25 at the First Methodist Church.

Mrs. E. E. Spradlin, president, presided over a short business meeting.

Mrs. J. C. Kemp gave the devotional followed by a very interesting study on "Our Human Rights" by Mrs. G. A. McClelland and Mrs. N. S. Daniel. This study will be continued at the next meeting.

The next meeting of the Wesleyan Service Guild will be Thursday, October 9 at 7:30 p. m.

El Progreso Study Club Meets

The El Progreso Study Club met Wednesday, September 24 at 3:30 in the home of Mrs. Ed Whitfill.

Dr. W. J. Mangold gave a very interesting and profitable discussion on cancer.

Refreshments were served to Mmes. Henry Hodel, Clyde Applewhite, Guy Sams, Leslie Ferguson, J. R. Naylor, L. M. Honea, Alex Applewhite, Hershel Carthel, Sid Thomas, Edgar Hays, T. B. Mitchell, Rhea Mitchell, J. C. Kemp, Dee Copeland, Jack Taylor, Henry Schacht, Chester Mitchell and the hostess, Mrs. Ed Whitfill.

B&PW Observes National Business Women's Week Here

Members of the Lockney Business & Professional Women's Club have attended several events this week in observance of National Business Women's Week, Sept. 28 to October 4. Theme for the observance is "The Ramparts We Build." The local club is a member of the National Federation of Business and Professional Women's Clubs, Inc.

On last Sunday a number of local members attended an "Emblem breakfast at the Caprock Hotel in Lubbock. The district director, Mrs. Pat Moore, was speaker and Mrs. J. H. Lindsey of Lubbock was honored guest and was presented a beautiful orchid. Attending the breakfast from Lockney were Mrs. Ada Bailey, Mrs. Frances O'Hearn, Mrs. Wanda Baker, Mrs. Jo Ann Moody and Mrs. Albertine Irons.

Tuesday night the local club met in the grade school cafeteria for dinner and a program with June Bybee, Wanda Baker and Birda Foster as hostesses. Mrs. Ada Bailey, president of the club, gave a short report on the "Emblem" breakfast and welcomed the dinner guests. Mrs. Lucille Smith and Mrs. Lucille Jordan Mrs. Smith gave two delightful readings and Mrs. Foster read an interesting and delightful game.

Attending the dinner were Mmes. Tangy Hargis, Betty Knox, Dorothy Shipp, Ada Bailey, Evelyn Terry, Estelle Powers, Albertine Irons, Frances O'Hearn, June Bybee, Wanda Baker, Ethel McAdams, Birda Foster, Miss Leila Petty, and the guests.

The week's observance will end with a coffee at the home of Mrs. June Bybee Saturday morning at 8:30.

Wheels, in Tibet, are used for praying, not for locomotion.

The force of gravity on the sun is 28 times that on earth.

The pendulum was first used for measuring the human pulse.

Black and white is the mixture—cotton tweed is the fabric—both smartly interpreted in a daytime dress by Henry Rosenfeld. College girls will appreciate the cool qualities of cotton tweed for early fall and winter wear, asserts the National Cotton Council.

Pupils Surprise Teacher With Shower

The pupils of the "Mother Goose Kindergarten" surprised their music teacher, Mrs. Joseph Holt, with a handkerchief shower on her birthday Wednesday at school.

Refreshments of pineapple juice and a large birthday cake, a present from Mike Crum, were served to two guests, Carol Cooper and Jack Ooley, one mother, Mrs. Claude Hammond, and the following pupils: Janis Glenn, Linda Carter, Johnnie Ed Chandler, Billy Hembree, Gay and Johnny Hancock, Bobby Miller, Rena Carlton, Joe Dean Hammond, Mike Crum, Susan Behne, Cheryl Kelley, Charles Smith Jr., Don Branch, Joe Holt and Cheri Chartum.

St. Peter is said to be buried on the Vatican Hill in Rome.

Lake Superior is the largest natural lake in the world.

A sunspot may be from 300 to 60,000 miles in diameter.

Pollyanna Club Met Tuesday At S. P.

The Pollyanna Club met Tuesday in the home of Mrs. Owen Thornton at South Plains. The afternoon was spent in sewing. Refreshments were served to Mmes. W. R. Darnell, Charlie Cross, Joe Parrish, Lester Carter, Albert Waldroupe, Lloyd Wolford, Warren Embree and Charlie Smith.

This was gift day and members exchanged gifts. The next meeting will be Tuesday, Oct. 13 with Mrs. Albert Waldroupe.

ATTENDS DISTRICT MEETING SUNDAY

Mrs. Oliver Holmes, Mrs. J. C. Kemp, Mrs. C. H. Rose and Mrs. D. O. Allredge attended a District Wesleyan Service Guild meeting in Plainview Sunday afternoon.

Studies for the coming year were discussed. Mrs. N. S. Daniel was elected to Conference Guild Council.

Boy Scout Council To Meet Oct. 7

Dr. F. B. Malone, President of the South Plains Council, Boy Scouts of America, announced that the annual business meeting of the Council will be held on Tuesday evening, October 7th in the conference room at the Council Office, 2108 Avenue X, starting at 7:30 p. m.

This year's Annual Business Meeting is being held some six weeks previous to the Annual Council Banquet. Heretofore, both the banquet and the business meeting have been held on the same day.

J. Edd McLaughlin of Ralls serving as the Chairman of the Nominating Committee of the Council's Officers for 1953 will make his report to the Council.

All Institutions in the twenty counties are urgently requested to have Institutional Representatives present for this very important business session. All members of the Council's Executive Board representing every community on the South Plains are expected to attend.

NEWSPAPER MAN HERE

Jacob Shoaf, former publisher of The Wood County Democrat at Quitman was a visitor here last week in the W. C. Irons home. Mr. Shoaf recently sold his interest in the newspaper and at present is out of the newspaper business. He was a visitor at The Beacon office while here.

Watch your expiration date.

IT'S THE LAW in Texas

"DEED OF TRUST" SECURES REAL ESTATE NOTE

In most cases the seller wants the cash when the buyer buys the house. Then the problem to the buyer is, how to raise the money? The answer is, borrow it. Regulation X of the Federal Government requires the buyer to have a certain amount of his own money on hand for payment on the house, if it is not older than a certain age. However, even as to houses not under Regulation X, the buyer should have some cash of his own.

One item common to all loans is the promissory note. In this note, the borrower promises to re-pay to the lender the amount of money borrowed. Of course, the borrower agrees to pay the lender some interest for the use of the money.

The rate of interest can be as high as 10% and still be legal in Texas, but most lenders today charge about one-half of that rate. The rate of interest is usually lowest on those loans that are insured by an instrumentality of the Federal Government, such as Federal Housing Administration (FHA) and Veterans Administration (VA).

A note usually provides for the sum of money being re-paid to lender in installments—monthly installments probably being the most common. This portion of the note is very important to the borrower as he does not want the installments to exceed the amount he can afford to pay.

On the other hand, the borrower does not usually want the installments to be too small. Small installments mean that the principal is re-paid very slowly and, therefore, over the life of the loan, the borrower pays more interest.

In regard to re-payment, if the note contains a provision enabling the borrower to pay the loan in part or in full prior to the maturity of the note, ("payment privilege") then the borrower can use his extra cash value to reduce his indebtedness. Also, a liberal prepayment privilege may be very useful to a borrower if and when he desires to sell his house.

In order for the lender to have something to fall back on in case the borrower does not fulfill his promise to re-pay the money, most borrowers are required to place a mortgage on the house and let they are buying. In Texas, the mortgage instrument used is a "Deed of Trust," a complicated instrument.

In its essentials, it is a conveyance of the real estate by the borrower to a third party ("Trustee") for the benefit of and as security for the lender. If the borrower defaults in the payment of the note or defaults in the performance of certain promises made in the Deed of Trust, then the Trustee is authorized to sell the property and apply the proceeds to the satisfaction of the borrower's debt to the lender.

A free pamphlet containing useful information on legal problems involved in buying a home has been prepared by Texas lawyers. To obtain a copy, merely print your name and address in a postcard and mail to State Bar of Texas, Austin 15, Texas.

(This column, based on Texas law, is written to inform—not to advise. No person should ever apply or interpret any law without the aid of an attorney who knows the facts, because the facts may change the application of the law.)

Panama was once known as the "White Man's Graveyard."

American Foundation For Animal Health

WHAT ABOUT ATROPHIC RHINITIS?

Q: Why is atrophic rhinitis one of our worst new swine diseases?
A: It is spreading rapidly, causing severe losses.

Q: Is rhinitis infectious?
A: Yes, very infectious, and can where hog raising is no longer easily spread from one animal to another.

Q: Why is rhinitis so costly?
A: It does not kill many swine outright, but it may stop gains to the point profitable. Affected pigs fail to put on weight.

Q: What are the symptoms?
A: Pigs sneeze frequently. Later their snouts become 'pushed in' or twisted, due to distortion of the bones of the nose.

Q: Is this the same as 'bull nose'?
A: No. The two conditions may look alike, but bull nose starts from an injury and barnyard germs. It is not contagious.

Q: How is rhinitis spread?
A: Careless buying of breeding stock and feeder pigs is an important factor.

Q: Is there any cure?
A: Not yet. Prevention of losses depends on an immediate veterinary diagnosis at first suspicion of trouble so prompt control measures can be applied.

Cancer Mortality Is On Decrease

James H. Bond, Regional Director of the Federal Security Agency with headquarters in Dallas has announced that cancer incidence among Dallas City and County residents increased 18 per cent from 1938 to 1948. During the same period cancer mortality for all residents increased only 2 per cent; among men there was an 8 per cent increase and among women a 3 per cent decrease was noted. His announcement is based on a survey published by the National Cancer Institute of the Public Health Service, Federal Security Agency.

"The slight decrease in cancer mortality among women is in agreement with a national trend beginning about 1936," Dr. John R. Heller, National Cancer Institute director reports. "In the past 15 years cancer investigators have learned and applied a wealth of knowledge about the diagnosis and treatment of cancer in its two most common forms among women—cancer of the breast and genital organs," Heller explained.

"The outlook for Dallas County women could be even brighter, since 1948 data show that only half of the breast cancers were discovered while still localized. As women and their physicians become more alert to the early signs of breast cancer, we can expect to find a larger number of breast cancers while they are still localized and when more cases can be cured," he said.

When all cancer sites are considered, 65 per cent of the cancer patients in Dallas County were diagnosed while the disease was still localized. However, when skin cancers are excluded from the total, only half of the remaining cancers were diagnosed while still localized. The importance of early diagnosis in relation to survival is clearly shown by the survey, for 93 per cent of these patients survived one year or longer. When diagnosis was made after regional involvement, 73 per cent survived. Only 35 per cent survived, however, when the disease was discovered after remote metastasis had occurred.

Seventh in a series of ten surveys dealing with the nature and scope of the cancer problem in the United States, the Dallas survey was carried out with the cooperation of the Dallas Medical Society; the Dallas Hospital Council; and city, County and State health departments. Already published are the surveys dealing with the metropolitan areas of Atlanta, Chicago, Denver, New Orleans, Pittsburgh and San Francisco. Future publications will cover Birmingham, Detroit and Philadelphia. Comparative data are available, since all of the surveys followed similar methods ten years previously. A summary report will be issued after publication of all ten surveys.

Scouts To Hold Council-Wide Rally Oct. 11th

Dr. C. C. Schmidt, Chairman of the Council's Camping and Activities Committee announced that a rally for all Cub Scouts, Boy Scouts, Explorer Scouts and their leaders would be held in Lubbock on Saturday, October 11th. The Council-Wide Rally is part of the fall program of the South Plains Council in connection with the Round-Up Theme which has as its purpose the enrolling of new boys in various Scouting Programs in the different units in the twenty-county Council. All Cub Scouts, Boy Scouts, Explorer Scouts and their leaders will gather at the Arnett-Benson Theatre on College Avenue at 1:00 p. m. Saturday afternoon, October 11. Following the showing of the motion picture film "Room for One More," information will be given to all of the Council Units on the distribution of the Liberty Bell Get Out and Vote Doorknob Hangers which will be placed on every home in America on Saturday, November 1. Scouting, of course, is non-political but it does give the boys an opportunity to remind other people of one of the duties of the citizen—that being to vote.

The afternoon program will terminate about four in the afternoon and the various Scouting groups will have the opportunity to make industrial tours and visits within the City of Lubbock. Each of the Packs and Troops will make their own arrangements for the Saturday evening meal—many planning to bring sack lunches and hold picnics in the parks of the City. The boys and their leaders then will gather at 7:00 p. m. at the gym on Texas Tech Campus and will go in a body to the Texas Tech Western Football Game. The rally program will be followed up by the big Council Round-Up of all Scouts and Explorers, to be held at Camp Post and Camp Haynes on Friday night, November 28th. All Cub Scouts, Boy Scouts, Explorer Scouts and their leaders are requested to make reservations immediately at the Council's Office, 2109 Avenue X in Lubbock, where they may obtain the tickets to the afternoon and evening programs.

genital organs, 19 per cent on the skin, and 17 per cent in the breast. Mr. Bond said individual copies of the Dallas survey are obtainable from the National Cancer Institute, Bethesda 14, Maryland. CARD OF THANKS We are very grateful for the flowers and expressions of sympathy at the recent death of our father. We shall long remember your kindness and thoughtfulness in our sorrow. Any erroneous reflection upon the character, standing or reputation of any person, firm or corporation which may appear in the columns of The Beacon will be corrected gladly upon being brought to the attention of the editor.

MEMBER OF TEXAS PRESS ASSOCIATION

EDITORIAL

He that covereth his sins shall not prosper; but who so confesseth and forsaketh them shall have mercy.—Proverbs 28:13.

This is National Newspaper Week. It is a week set aside for the purpose of emphasizing the importance of free and responsible newspapers. Newspapers in most communities are like many other things, they are taken for granted until something out of the ordinary happens. Then they are either praised or condemned as the occasion demands. But there is no escaping the fact that newspapers are important to the freedom of any country. The suppression of newspapers is the first step of any dictator. He cannot stand the glare of publicity that free newspapers give to his acts. Even our own president, Mr. Truman has tried in roundabout ways to suppress the newspapers of the land, or at least throttle their criticism of his administration.

A brilliant Frenchman, Alexis

de Tocqueville, writing more than a century ago in Democracy in America had this to say about the press:

"Nothing but a newspaper can drop the same thought into a thousand minds at the same moment. (De Tocqueville, of course, was writing long before the day of radio and television.) Newspapers therefore become more necessary in proportion as man becomes more equal. . . . To suggest that they only serve to protect freedom would be to diminish their importance; they maintain civilization. . . . Printing has accelerated the progress of equality, and it is also one of its best correctives. . . . To protect independence I trust not to great political assemblies, to parliamentary privilege, or to the assertion of popular sovereignty. All these may, to a certain extent, be reconciled to personal servitude — but that servitude can not be complete if the press is free; the press is the chiefest democratic instrument of freedom."

The presidential race is getting warmer by the day. We are watching the polls closely to try to get some hint of how the election may go. But we are disappointed in the poll this newspaper is trying to conduct. Last Saturday the poll stood at 20 for Eisenhower and 5 for Stevenson. We know that this couldn't be accurate. We want the Stevenson people to vote also. Come on and vote in the poll. You need not sign your ballot and you may mail it in. That way no one will know who you are or how you voted. We would like to have an accurate poll. But we can't get it if the Stevenson people are going to boycott us.

Housing is a critical problem in this community right now. Many people are here every day looking for work and a place to live. They can find the work without trouble but the place to live is a different problem. Most farmers want large crews and do not want to fill up their houses with a family or two. It is these families with children who are finding it hard to get a place to live. Many of them are white people coming from the drought stricken areas of the state. They could make a considerable contribution toward getting out the crop here if they could be housed. In times like these we need two or three labor camps.

Official Memorandum
BY
ALLAN SHIVERS
Governor of Texas
AUSTIN, TEXAS

GREETINGS
In the light of international events, our cherished right of freedom of the press takes on added importance. For as we consider the pattern of aggression by forces seeking to dominate the world, we find that the gagging of the press is invariably a prelude to the destruction of free government.
We have reason to take pride in the alert and vigorous press that has been built up in our nation under our traditional freedom of thought and expression. We cannot, however, assume that it will always be that way. In our own hemisphere we have witnessed the death of La Prensa, one of the world's great newspapers. Elsewhere we have seen the perils that beset the men and women of our free press in their pursuit of the truth. We have the example of William J. Casey, now incarcerated behind the iron curtain in a Moscow jail, by oppressors who know that the printing of the truth interferes with their aim to destroy individual rights and freedom.
In view of these and other disturbing events in the world today, it is appropriate that the slogan "Four Newspaper Lights the Way of Freedom" has been selected for the 15th annual observance of National Newspaper Week.
THEREFORE, I, as Governor of the State of Texas, in cooperation with this program of the free press of our nation, do hereby designate the period October 1 - 5, 1952, as
NATIONAL NEWSPAPER WEEK

In Texas, and urge all the people of our state to take the opportunity during this period to become more familiar with the services and facilities offered by their community newspapers and their contribution to the preservation of our way of life.
In official recognition whereof, I hereby affix my signature this 15th day of September, 1952.
Allan Shivers
Governor of Texas

With Our EXCHANGES

ALARM JUSTIFIED
Uneasiness was unmistakable among most of those who attended the meeting of the 13-county Hi-Plains Underground Water Conservation District in Lubbock a few days ago that the State and/or federal government may take over the regulation of ground water resources of this area.
Although individual members may disagree about many other things, they appear unanimous in their opposition to controls by political agencies in Austin or Washington.
If there must be regulation—and it appears inevitable sooner or later—they prefer that it be done by representatives of their area who personally are familiar with the conditions and problems with which they would be called upon to deal.
Yet fears that control of the water resources above the Caprock may be taken over by Austin, or Washington, are well grounded. Several warning signals of this danger have appeared lately.
One is that State and federal agencies have been grabbing for years for the control of this resource — for the legal power to dictate when and where wells may be drilled, and when and how much water may be pumped from them.
The governor's recent appointment of a statewide water committee was the virtual assurance that the latest of many attempts to centralize control of our

ground water at Austin will be made when the Legislature convenes in January. There also is a strong probability that, when Congress meets, a grab for federal control will be proposed on the ground that the water extends from Texas into New Mexico, therefore is "interstate," and subject to U. S. regulation.
The Hi-Plains District may face a life and death fight both in Austin and Washington. Members might as well prepare accordingly. Their best hope of winning will be the ability to produce proof that they can handle their own problems without governmental intervention of any sort.
This means, among other things that, if well spacing and other regulations must come, they must attend to the job themselves. Otherwise, they will take the risk that it will be attended

Becoming Oct. 11

Preparations for the State College's homecoming celebration are underway. The parade will be on Saturday, Oct. 11, at 10:30 a. m.

cards will be ready when exes return.

Programs for the week end, as outlined by the steering committee will in general follow that of the past few years, highlighted by the Homecoming Parade, the free barbecue and the football game between the Buffaloes and New Mexico A. & M. Western.

The big Homecoming parade at 10:30 a. m. Saturday will be sponsored this year by the Canyon Chamber of Commerce. High schools of the region will send their bands to participate along with the West Texas State Buffalo Band, roping and riding clubs of the area, and Canyon merchants.

Immediately following the parade, visitors, students and ex-students will return to the campus for the barbecue. The football game is set at 2:30 p. m. in Buffalo Stadium, and a dance Saturday night will close Homecoming activities.

A CLEAN CITY IS A SAFE CITY!

Providence News

By Mrs. Wilfred Stoerner

As long as there are human beings there is room for human kindness.

Sunday evening guests in the home of Mr. and Mrs. Harold McLaughlin were Mr. and Mrs. Marvin Scheele, Miss Marie Scheele, Mr. and Mrs. J. W. Mathis and family, Mr. and Mrs. Bill Bennett, Mr. and Mrs. Jim Stoerner and family and Mr. and Mrs. W. E. Johnson and son.

Sunday dinner guests in the Albert Scheele home were Mr. and Mrs. Ernest Sammann and son.

Rev. and Mrs. H. L. Anderson and sons went to Amarillo Sunday evening where Rev. Anderson delivered the sermon on the 5th anniversary of the founding of the beautiful Savior American Lutheran Church.

Dinner guests in the home of Mr. and Mrs. Ben Brandes Sunday were Mr. and Mrs. L. B. Brandes and Debra. Afternoon callers were Mr. and Mrs. Charlie Vierep of Plainview.

Mr. and Mrs. Wilfred Stoerner and Mr. and Mrs. E. G. Stoerner were in Clifton last Sunday attending the funeral of Mrs. William B. Steinke, sister of Mrs. R. G. Stoerner.

Dinner guests in the home of Mr. and Mrs. Bill Schmidt Sunday were Mr. and Mrs. Stewart McKillip, Mr. and Mrs. Walter Boedecker and Mr. and Mrs. Albert Keim.

Mrs. T. H. Boedecker was surprised on her birthday Sept. 25th by Mr. and Mrs. Jimmie Hodel and family, Mr. and Mrs. Leo Boedecker and family and Mr. and Mrs. Walter Boedecker.

Mr. and Mrs. Helmuth Quebe and family visited Mr. and Mrs. George Ruck and family at Fort Smith, Arkansas over the week end.

Mr. and Mrs. Wilfred Stoerner visited in the home of Mr. and Mrs. Strange Cavett of Plainview Sunday.

Providence H. D. Club Meets
The Providence Home Demonstration Club met Tuesday, Sept. 23 in the lovely home of Mrs. J. M. Tye.

Mr. Charlie Boedecker showed films on Necessity of Giving Blood. This is part of the drive for the bloodmobile which will be in Floydada and Lockney in October.

Mrs. Wilfred Stoerner, president, called the meeting to order. Roll call was answered with "What I have planted today—deed or seed." We all know a good deed done is indeed a good seed planted.

Mrs. L. B. Brandes gave a council report in the absence of Mrs. T. E. Cowart.

T. H. D. A. news included the announcement that Mrs. B. M. Harris of the Snyder Home Demonstration club is our Texas T. H. D. A. president.

The president reported the gift package for our adopted patient at the State Hospital in Abilene had been sent.

Mrs. C. A. Caffee of the Dougherty Home Demonstration Club, our county delegate, gave a most informative report on her trip to Kingsville. It made us all proud to have had a small part in her trip.

Mrs. E. M. Quebe gave a very interesting facts concerning our blood. Explaining who can and cannot give blood. This blood is used on battle fronts by armed services and not by red cross as many believe.

Mrs. L. B. Brandes gave an interesting article on flowers written by Mrs. T. E. Cowart. Mrs. Cowart was unable to attend. She won many ribbons at the flower show. Congratulations Mrs. Cowart, we are very proud of you.

Miss Lelia Petty, Home Demonstration agent, gave a constructive talk on the fall styles and the color trends. Many samples of fabrics were shown.

Thanks to Mrs. Tye for serving as hostess. She served in Mrs. Stoerner's place as Mrs. Stoerner was called to Clifton to attend a funeral. Our October meeting will be at the home of Mrs. Ben Quebe.

Plate refreshments of salad, crackers, cookies and hot spiced

REINA DE ALGODON

The 1952 Maid of Cotton, Pat Mullarkey of Dallas, Texas, takes on the air of a Spanish senorita for the last fashion show appearance of her 65,000 mile international tour.

Soft appropriate music was played throughout the afternoon. Those enjoying the bridal tea and wishing Marie a happy married life were Mmes. Meester, J. O. Connor, Prickett, Rogers, R. M. Harden, J. R. McDonald, Gene Hammit, Gene Collis, Joe Cunyus, Allman, Herman Meester, Mart Pool, G. T. Cooper, L. B. Brandes, Wilfred Stoerner, M. C. Scheele, Cecil Brown, Misses Marie Scheele, Delores Brown, Roylene Dunavant, Rosemary McDonald, Audrine Rhine, Janice Allman and Sharon Allmon.

Those sending gifts were: Misses Pat Poteet, Clydell Hill, Sandra Meyers, Betty Johnson, Harleen Workman, Mmes. Albert Scheele, Roy Wardlow, Russel Crouch, Kenneth Hammit, V. L. Webster, Bill Cannon, Clyde Young, Faye Meester, J. W. Mathis, James Matlocke, B. F. Jarvis, Bob Barnett, Grace Powell, Calvin Daniel, Ben Quebe, R. C. Matthews, B. A. Cunyus and Mr. Joe Rogers and Mr. Pete Rogers.

Hostesses for the occasion were Mmes. Harold McLaughlin, E. H. Quebe, Luther Rhine and Miss Fayrene Harden.

Mrs. Albert Keim Honored On Birthday
Friends and relatives gathered at the lovely home of Mr. and Mrs. Albert Keim Sunday evening honoring Mrs. Keim on her birthday. The evening hours were spent visiting. Mrs. Keim received many lovely gifts.

Refreshments were served to Mr. and Mrs. Ben Brandes, Mr. and Mrs. Natler, Mr. and Mrs. Melvin Keim, Mr. and Mrs. Stewart McKillip, Mrs. Joe Zimmerman, Mr. and Mrs. Sam Newman, Mrs. Annie Ohlenbush, Miss Helen Newman.

Trinity Lutheran Church

AMUSIN' AND CONFUSIN'

WILD HORSES always give the spectators a thrill at the Texas Prison Rodeo in Huntsville. Nine wild broncs, each manned by three convict cowboys, give the punchers a ride for their money, the length of the prison arena. It's a whirlwind action, and one of the top events of the show. This year's annual Prison Rodeo will be held on Sunday afternoons, Oct. 5, 12, 19 and 26.

Methodist Notes
Newton S. Daniel, Pastor

Our Rally Day was very successful. Our goal was 300, we had 322. Let us not stop, but let us "press forward toward the goal of the high calling of God in Christ Jesus."

The Young Peoples Class had the largest attendance which was 75. The young people are doing a splendid work. We appreciate them singing in the choir each Sunday night.

Regular attendance at church and church school is one of our great privileges. Through our attendance we become better acquainted with the membership and the program and are thus awakened and inspired to participate with God in serving the needs of others.

In knowing your church and its activities you will discover how much your financial help is needed for the promotion of the work. You may say, "I have so little to give." But if you tithe your income you will find that you have more to put into the Lord's work than you had anticipated.

We are happy to welcome 10 new members into our church in the past two Sundays.

Mrs. Daniel will preach both services Sunday as I will be in the Hospital in Lubbock for a few days.

Thoughts For The Week
"Thou wilt keep him in perfect peace."

Whose mind is stayed on thee." "Our tears are often mists through which God shines His most beautiful rainbows."

Tip Jeffcoat and Barry Thompson, students at Midwestern University in Wichita Falls, visited with their parents and other relatives and friends over the week end.

Mr. and Mrs. C. O. Graham of Los Angeles, Calif., are here visiting his parents, Mr. and Mrs. George Graham and other relatives. They expect to be here two weeks.

Hawaii is known as the "half-way house of the Pacific."

Legal adoption was not authorized in England until 1926.

Mr. and Mrs. Clyde Dunn from Kermit, Mr. and Mrs. Ralph Stapleton from Flomot and Mr. and Mrs. John Stapleton and family from Floydada spent Saturday night visiting with Mrs. Lula Woodburn.

In dueling, the usual distance for pistols is 10 to 20 paces.

Oases is the plural of oasis.

H. P. Parker of Arkansas, was here Friday. He is now making Bentonville, near Mrs. Bill Bush, health is not very ports.

15 FFA Boys Will Receive Awards

Waco. — Fifteen Texas Future Farmers will each receive a Santa Fe Railroad Educational award on October 4 at the State Fair of Texas in Dallas. The award covers an all-expense trip to the National Future Farmer Convention in Kansas City on October 13-16, 1952. In addition to the all-expense trip, the Future Farmers will be the guests of Santa Fe Railroad Company at a breakfast in the Muehlebach Hotel.

To be eligible for this award, contestants must have made an outstanding record in Future Farmer work in Texas.

Vannoy Stewart, State Advisor of the State Association, has announced that the following will receive an award:

Donnie E. Stroup, Canyon; Joe N. Stephens, Lamesa; Oran Little, Schulenburg; Norman Evans, Graham; Joe Dan Boyd, Winnsboro; Donald Stogdill, Rockwall; Ralph Bachmayer, Taylor; Benny Hamilton, Nacogdoches; Gilbert Kubenka, Miles; Clyde Fischer, Victoria; A. J. Kitten, Cooper School, Lubbock; A. C. Kast, Fredericksburg; Clayton Behrends, Fredericksburg; Jackie Brewster, Carthage; and Cecil Mercer, Abilene.

This program is conducted under the direction of the Texas Association of the Future Farmers of America in cooperation with the Santa Fe Railroad system.

A human, adult, male skeleton will weigh from nine to thirteen pounds.

Land Levelling Aids Irrigation

By Floyd County Soil Conservation District

As water conservation becomes more important, more farmers are leveling their land for irrigation efficiency. To have irrigation efficiency, water must be applied uniformly in the correct amount to apply all the moisture the crop requires. This water must be applied when the particular crop being grown requires it with no erosion or runoff.

With these goals in mind level or near level irrigation is the first requirement with the length of run and width of strip being watered adjusted to the size of well and rate the soil will absorb water. To level land for irrigation any outside water coming onto the area to be leveled must be controlled. This may mean a diversion terrace and waterway in some instances. By leveling, maximum use is made of rainfall to conserve irrigation water. This is provided for by use of permanent borders in most cases.

Most of the soil in Floyd County will average absorbing about 1/2 inch of water per hour. When a highly intensive rain such as fell in some parts of Floyd County during July is received, a big part of this rainfall was lost from runoff.

The kind of leveling to be done on a piece of land will depend on the slope. The normal practice is to level as large an area as possible in one block and control the irrigation water with temporary borders that may be taken out or put in as the kind of cropping system requires. On the flatter land as much as a whole field may be leveled in one block while on the more sloping land what is commonly known as bench leveling may be required.

This system of fitting the leveling to the slope of land, adjusting the runs and borders to the size of the well and water intake rate of the soil enables the farmer to make maximum use of rainfall and irrigate uniformly without erosion or waste of irrigation water.

INTERMEDIATE R. A. NEWS

The Van Earl Hughes Royal Ambassador chapter of the First Baptist Church met at 4:15 Monday afternoon, September 29 to elect officers for the coming year.

Those elected to office were: Don Vernon, Ambassador-in-chief; Donice Casey, First assistant Ambassador; Johnnie Hanst, second assistant Ambassador; John Perry Truett, chapter recorder scribe; Joe Wiley Rigby, chapter steward custodian; Gene Handley, chapter herald; Rev. J. R. Naylor is counselor of the R. A. Chapter.

WIPPRECHT LEAVES

Read Wipprecht, entomologist, who has been in this area for several weeks running a bug checking service, left Wednesday to return to his home at College Station. Mr. Wipprecht said that he believed the bug or worm danger to be over with and that he didn't anticipate any further trouble in this area. He further stated that he believed farmers of this area would do well to consider defoliation since the earlier cotton can be gathered the better the grade.

Store At Is Burned

Farm Supply Store and practically all its were destroyed by fire play night.

Democratic nomi- representative from District in the sec- this year, had op- firm since February. said after the fire that mounted to more than \$3,000 and \$4,000 was covered by she said. Other items several balls of bin- and a soft drink vend.

at the Gulf filling sta- the farm store discover- about 7 o'clock, an- the store had closed.

The Plainview fire was notified and the truck truck and a crew scene.

men that when the store the office By the time firemen the fire had eaten walls and was too control for firemen's effective.

men concentrated on

saving the Kress school bus garage and the Gulf station. An irrigation well half a mile away had been started before firemen arrived and the truck made several trips with tanks full of water to spray on the buildings near the fire.

Saul told firemen the blaze possibly started from a wall switch in the office, as he found when he arrived on the scene that the switch was about the center of the blaze.

A quantity of maize seed, a round \$1,000 worth of certified alfalfa seed, \$500 worth of certified clover seed, about 200 bushels of cotton seed, \$30 or \$40 in cash, all the firm's papers and records and Saul's personal papers were destroyed.

Several hundred dollars worth of hardwood flooring the Sauls planned to use in the new home they are building in Kress was stored in the business building and was destroyed. Many personal items went up in smoke, too, Mrs. Saul said.

The building was owned by the Sauls. It was a 50 by 24 foot converted barracks that had been stuccoed and modernized for the office and store.

Operators Try To Increase Floyd Well Production

Operators have re-entered to clean and attempt to increase production at the Standard Oil Co. of Texas No. 1 Minnie Adams, discovery well in south-eastern Floyd County.

Informed sources stated the July allowable for the well was 4,005 barrels, however, the project produced only 2,859 barrels.

For August the allowable was 4,960 barrels of oil. The No. 1 Adams pumped total of 1,944 barrels of oil during the period.

The September allowable has been set at 4,800 barrels, but the well had dropped off to a daily production of 50 barrels per day.

The project has been on the pump since it was recompleted the first of August. It has not produced any formation water.

"TEX" TO GREET FAIR VISITORS

Typifying the immensity of the great State Fair of Texas at Dallas, this 20-foot cowboy figure will tower above the crowds at the 1952 exposition, Oct. 4 thru 19. This artist's impression shows how "Tex" will stand, wearing his 70-gallon hat and the world's largest pair of jeans, let in hand listing daily events at the fair, the nation's biggest and most colorful annual occasion.

When operators finish cleaning, it will be put back on regular production.

The amended completion was from 7,600-7,784 feet for a daily pumping potential of 162 barrels of oil from the hole.

It was originally finished in mid-July for a flowing potential of 188 barrels of 38.8 gravity oil daily through 5.8 inch choke. Gas-oil ration was 1.160-1. The pay section was from 7,594-7,784 feet, which had been washed with 7,000 gallons of regular acid. Elevation is 3,123 feet.

The pay section has never been officially identified, however, the zone is in the Pennsylvanian. Identification is im- possible due to the complete

absence of any fossil remains.

Location is 1,980 feet from west and 700 feet from north lines of Section 32, P. D. Adams Survey, 8 miles southeast of Floydada.

Air mail carried in West Texas in 1951 totaled 1,320 tons, as compared with 965 tons in 1950 and 975 in 1949.

Air freight transported in West Texas in 1951 totaled 1,191 tons, as compared with 1,119 tons in 1950, and 1,035 tons in 1949.

Passengers transported in West Texas by air lines numbered 330,000 in 1951, 260,000 in 1950 and 262,000 in 1949.

STATEMENT REQUIRED BY THE ACT OF AUGUST 24, 1912, AS AMENDED BY THE ACTS OF MARCH 3, 1933, AND JULY 2, 1946 (Title 39, United States Code, Section 233) SHOWING THE OWNERSHIP, MANAGEMENT, AND CIRCULATION OF THE LOCKNEY BEACON PUBLISHED WEEKLY AT LOCKNEY, TEXAS FOR SEPT. 25, 1952.

1. The names and addresses of the publisher, editor, managing editor, and business managers are: Edgar R. Hays and Willis Reynolds, Lockney, Texas. Editor Edgar R. Hays.

2. The owner is: (If owned by a corporation, its name and address must be stated and also immediately thereunder the names and addresses of stockholders owning or holding 1 percent or more of total amount of stock. If not owned by a corporation, the names and addresses of the individual owners must be given. If owned by a partnership or other unincorporated firm, its name and addresses, as well as that of each individual member, must be given.)

Edgar R. Hays, Lockney, Texas. Willis Reynolds, Lockney, Texas.

3. The known bondholders, mortgagees, and other security holders owning or holding 1 percent or more of total amount of bonds, mortgages, or other securities are: Intertype Corporation, Brooklyn, N. Y.

4. Paragraphs 2 and 3 include, in cases where the stockholder or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting; also the statements in the two paragraphs show the affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner.

5. The average number of copies of each of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the 12 months preceding the date shown above was 1,355.

BRAMA BOOGIE

IT WAS NO MEAN TWIST that this mean brahma used to pitch his unwelcome rider into the dust at Prison Stadium in Huntville. The bull meant business when he decided to part company with the convict cowboy. There are lots of spills and thrills each year at the Texas Prison Rodeo, and fans are looking forward to this year's 21st annual show, which will be held in Huntville on Oct. 5, 12, 19 and 26. It's a convict show from start to finish.

Increase Fall Egg Production With Lights

College Station. — Egg prices have steadily climbed since the summer slump in egg production started weeks ago. It is a situation that happens just about every year, says W. J. Moore, poultry husbandman for the Texas Agricultural Extension Service, but good flock management can help overcome some of the trouble.

A practice that will pay dividends during the fall and winter is the use of lights in the laying house. For maximum production, a hen needs 12 to 14 hours of light each day, says Moore.

He recommends that lights be used from about the middle of September until spring. The light, he adds, must fall on the birds, feeders and waterers for best results. It makes no difference whether morning or evening lights are used; however, the more common practice is to use morning lights because of convenience.

In using more lights, the recommended procedure is to turn the lights on about 30 minutes before daylight in the fall of the year as the days begin to get short, and to turn them on a little earlier each morning as the days get shorter.

When evening lights are used, the lights are turned on in the late afternoon before dark and are allowed to burn until the birds receive their 12 to 14 hours of light per day. Moore cautions poultrymen to dim the evening lights for a few minutes before turning them off so the hens will have time to get on the roosts. Large light bulbs are not necessary. Moore recommends the use of two 25 to 40 watt bulbs for each 400 feet of floor space.

FATHER PASSES AWAY

J. N. (Newt) Watson, father of Mrs. Harrel Dollar of the Irick community and Mrs. Bill Dison of Levelland, formerly of Lockney, passed away Sept. 21 in a Lubbock hospital. His home was Hale Center. A number of relatives from this area attended funeral services in Hale Center.

Students Eyes Should Be Tested

Austin. — Poor eyesight can make a child "slow" in school. Uncorrected visual defects can cause a normally bright youngster to dislike school, fall behind in his class and become self-conscious about playing sports and games, says Dr. Geo. W. Cox, State Health Officer.

A child will rarely complain about poor vision. It may be blurred, he may see double, yet in three cases out of four, he will not tell anyone because he does not know how well he should see. That is why it is so important for parents and teachers to know the symptoms of eye trouble. An intelligent child may be victimized by poor vision both at school and with his playmates.

Too often a youngsters' eyes are neglected because no one knows that they will need care, Dr. Cox points out. For this reason, visual tests should be continued throughout the child's

school career. Some of the symptoms which may mean that a youngster has eye trouble are:

1. Rubs eye often, attempts to brush away blur.
2. Becomes irritable when doing close work.
3. Blinks more than usual, stumbles or trips over small objects.
4. Is over-sensitive to light; can't play games requiring distance vision.
5. Red-rimmed, encrusted, or swollen eye lids.

When any of these symptoms are present, those responsible for the child's condition should have his eyes examined at once. Early correction will save many days of unpleasantness and possibly blindness.

Twenty West Texas cities are served by commercial air lines.

The age of a race horse is calculated from January 1.

3-A Teams Start District Play

Football teams in District 3-A get into district play this week with The Lockney Longhorns playing Kress and Abernathy taking on New Deal.

This will be the first district game for Lockney, New Deal and Abernathy. Previously Ralls has defeated Hale Center and Hale Center has defeated Crosbyton in district play.

Results of games of interest to local fans last week were: Hale Center 21, Crosbyton 13. Abernathy 62, Seagraves 0. Anton 14, New Deal 6. Floydada 32, Ralls 0.

This week's schedule: Kress at Lockney. New Deal at Abernathy. Crosbyton at Stanton. Ralls at Post. Hale Center at Springlake.

Grade School B Squad Play

The Lockney Shortall school football team will both play at Abernathy Tuesday night. The game will start at 6:30.

The teams played two weeks ago with the winning and the B squad to the Abernathy boys.

LOCAL MEN DISCHARGED

Dowell Brewer and have both been discharged from the armed forces at home. Both former soldiers were in Japan and Korea. Brewer, formerly here at Maier Foot Co. by the Southwestern phone Co. was discharged at Fort Hood, Texas, 18 months overseas. He lives at Sunset, Texas, discharged at Seattle, ton last week. He was employed here in National Bank. He is Mr. and Mrs. R. C. W. Chicago's great life 1871.

Value Of Soil Test Shown

College Station. — Many farmers are not sold on the value of soil testing but Edwin Sager of the Arneckeville community, DeWitt County, is not now numbered among this group.

Last spring Sager visited the office of DeWitt County Agent Deway Compton seeking information as to the grade and amount of fertilizer he should use to insure a good crop of red top hay. The county agent suggested that a soil sample from the field to be planted be submitted to the laboratory operated by the Texas Agricultural Extension Service at College Station.

The suggestion was carried out but when the results of the analysis and the accompanying recommendations were returned to Sager, he returned to Compton with the remark that he couldn't afford to use that much fertilizer under his hay crop. The recommendation was that 400 pounds of 10-10-0 fertilizer be applied per acre.

There were good reasons for questioning the recommendation, says the county agent. The land was an eight acre block that was

being rented. It had been in cultivation for many years and was a poor lime rock soil. The best corn yield that could be expected from it was about 20 bushels per acre and conditions had to be right to get such a yield. The doubts thus were justified.

After further discussion, Sager decided to follow the recommendation made by M. K. Thornton, Extension agricultural chemist who has charge of the laboratory. And that is why today he is a strong believer in soil testing.

In July, he cut and baled 1,073 bales of excellent red top hay from the eight acres. That figures 134 bales per acre and at market value the crop was worth \$167.50 per acre. The cost of seed—and he seeded heavily—and fertilizer was \$22 per acre and labor for planting and baling pushed this to \$59.58. A little simple arithmetic shows a net income per acre of \$107.92.

Compton concludes in his report that very few fields of cotton in the county will yield such a return. Sager concludes the dollar he spent for the soil test was the best investment he had ever made.
