## Locals To Play Ralls, Abernathy

The High School basketball teams will travel to Ralls Friday night of this week and Abernathy Tuesday night of next week for district basketball games.

Both games will be tough ones for the boys and may be close for the girls. The disadvantage of playing away from home will count against the locals in both games.

Tonight (Thursday) the grade school basketball teams will play Kress grade school teams there.

The grade school boys basketball team will enter a tournament at Plainview this week end.

The High School boys team will also enter a tournament at Floydada this week end but the girls will not play.

## Local Teams Lose To New Deal

The Lockney High basketball teams, both boys and girls, suffered their first defeats in district play here Tuesday night when they dropped their games to the New Deal school teams. The night was not a complete loss, however, since the boys B team won their game 51 to 41.

The Longhornettes played the New Deal Lionesses a close game for three quarters and pulled ahead at one time in the second quarter, but height and experience told in the end and the Lionesses won 25 to 40. Scores at the end of quarters were 8 to 5 first quarter, 16 to 13 second quarter and 26 to 18 third quarter. Arant, the New Deal all-star forward made 22 points but that is much less than she is accustomed to making in one game. In fact the Longhornette guards did a whale of a job in holding the high scoring New Deal girls to 40 points. They were the best guards on the court by far. Nancy Holland was high point for the local girls with 11 points.

The boys A game was fairly close until the final quarter when the Lions pulled away from the Longhorns. The final score was 67 to 43 with Costner of New Deal making 27 points. Marion Cross made 14 for the Longhorns while Jerry Irons made 13.

In the B game Jimmy Scott made 10 points and Jimmy Myers made 8 for the Longhorns while Jeffcoat and Teter made 14 each for the New Deal Lions.

**Win From Crosbyton**  
The local teams swept three games from Crosbyton last Friday night in the small Crosbyton gym. The girls won their game easily as did the boys B team but the A team had quite a fight before edging out the Crosbyton boys in the final minute of play.

The boys A game was a thriller. The Crosbyton Chiefs took a lead in the first quarter but the

## Attend Ordination Service At Olton

Several local people attended the ordination services at Olton Sunday of last week in which six men including Royce Vernon, editor of "The Olton Enterprise," and son of Mr. and Mrs. Bert Vernon of Lockney, were ordained as deacons in the First Baptist Church.

Attending the impressive service from Lockney were Mr. and Mrs. Bert Vernon and family, Mr. and Mrs. W. C. Eiland, Mr. and Mrs. Edgar Hays and Bill.

## SAILOR VISITS HERE

S-A Howard Thornhill who has been stationed in California with the Navy is spending this week visiting his parents, Mr. and Mrs. Howard W. Thornhill and family at Plainview. He visited in Lockney with friends Monday night and Tuesday. Thornhill will report next week to New Orleans where he will await further transfer.

## Expect To Occupy New Methodist Sanctuary Mar. 1

First services in the beautiful new sanctuary of the First Methodist Church will probably be held about March 1, Rev. N. S. Daniel, pastor, said this week. The furniture is expected about February 15 and the building will be ready for immediate installation of the furniture upon its arrival. The auditorium will be seated with modern type pews and foam rubber cushions.

The building is of beautiful Gothic type architecture. From the sharply sloping roof to the low walls and the beautiful art glass windows, it leaves the impression of a place of worship. The ceiling of the sanctuary is open beam type construction with acoustic tile between the beams. The oak beams extend to the floor of the building.

Two art glass windows add to the beauty and the worshipful atmosphere of the building. In the north end above the communion table and pulpit is the picture of Christ with arms outstretched with the theme, "Come Unto Me." In the south end of the auditorium above the balcony is the picture of Christ with a lamb in his arms denoting the theme, "The Good Shepherd."

Other windows of the building are also stained glass with each window having a theme. The pulpit will be to the left of the audience facing it, on the raised platform. To the right will be the choir leaders stand and the choir itself will be seated to the right of the audience. The communion table and communion rail will be back of the pulpit. The balcony will be at the rear of the auditorium and will seat 70 people being used for overflow crowds and Sunday school class room.

At the north end of the building the pastor's study will occupy the room on the northwest corner and on the northeast corner will be the church parlor and choir room. The study is 9x19 feet while the parlor is 20x26 feet. Rest rooms, hall ways and connections with the old building take up the remainder

## Religious Survey Is Planned Here

A religious survey of the city of Lockney will be made within the next few years by the churches here, it was announced this week. Representatives from each church will do the work and the workers will be paid. Workers are to meet Friday morning at 9:30 to divide the city into areas. The survey will include the city proper at the present time. All the residents of Lockney are urged to co-operate with the census taker and give them the desired information.

## Sheriff's Office Hit By Illness

The Floyd County Sheriff's office has been hard hit by illness the past two weeks. Sheriff Earl Cooper took the flu soon after taking office, got up too soon and had to go back to bed. Then Deputy Horace Cage became ill and ended up with pneumonia. He is still in bed.

## Mrs. W. N. Wicker Home From Hospital

Mrs. W. N. Wicker, former Lockney resident who has been in a Savannah, Missouri hospital has recovered from her recent illness and returned to her home in Littlefield Saturday. Mrs. Wicker will be remembered here as the daughter of the late Mrs. T. E. Hamilton. Her friends will be glad to hear this good report from Mrs. Wicker, who talked to Mrs. C. H. Rose by telephone the first of the week.

## District Scout Meeting Here

The Haynes District meeting and Roundtable for Boy Scout officials and workers will be held at the First Methodist Church here tonight (Thursday). Plans for the coming year will be discussed and added training will be given to volunteer Scout workers, according to Tommie Daniel, scout field executive.

James Potts of Floydada is district chairman, Claude Brown of Lockney is district vice-chairman, and Algie Grover of Matador is district Scout commissioner.

## Some Officials Get Salary Raises

A few Floyd County officials and employees received salary raises this week but most were set at the same rate as last year as the Commissioners Court met Monday morning to handle the matter of salaries.

Mrs. Sam A. Spence, county treasurer, whose office has assumed new duties recently, was raised from \$2900 to \$3600 per year. The treasurer's office is now taking care of all social security accounts for county employees, the library fund, keeps records and collects for custom work done by county road machinery and keeps records of the Blue Cross insurance of county employees. This added work deserved an increase in salary for the office the Commissioners decided.

Miss Mary L. McPherson, district clerk, was given a salary raise from \$2700 to \$3100 per year. The Commissioners themselves came in for a small salary raise. The increase in county valuations, now over \$12,000,000, called for a \$25 per month increase in the salary of the Commissioners, according to state law. They now receive \$2500 per year each.

County Service Officer D. G. Ayres was raised from \$220 per month to \$245 per month. Employees of the Commissioners on county roads, the men who operate the road machinery, were given \$25 per month raises, their salaries now varying from \$235 to \$267 per month.

Pete Calloway, the mechanic at the county machinery barn in Floydada, was raised \$10 per month to \$3900 per year. Janitor J. L. Green at the courthouse was raised \$25 per month to \$245 per month.

Four clerks and secretaries were given salary raises. Miss Margie Jones in the collector's office was raised to \$190 per month, Mrs. A. D. Fulks in the collector's office, Mrs. Elizabeth O'Connor in the county clerk's office and Mrs. Wanda DuBois, secretary for the county agents, were each raised to \$217.50 per month.

The sheriff's salary was set the same as last year as was other county officials. The sheriff's deputies were set the same with each receiving \$3137.50 per year plus \$66.25 per month for car expenses.

**Ask For Bids**  
The Court called for bids from banks for service as county depository during the coming year and also voted to pay bond premiums for county officials.

## Owner Of Car Found But Driver Isn't

The owner of a 1951 Ford which burned on a country road southwest of Lockney has been found but the driver isn't known still. Sheriff Earl Cooper said this week. The owner of the car is Preston White of Amarillo, but Mr. White reportedly loaned the car to a friend and wasn't with it when it caught fire and burned.

An insurance company representative has been investigating the incident. The car is at "Whitey" Baccus Motor Co. here.

Mr. and Mrs. Ralph Wells of Shamrock visited her sister, Mrs. Gerald Johnson, Mr. Johnson and Stevie Sunday.

## Wiley To Head March Of Dimes Drive In Lockney

The annual drive to raise money in Floyd County to fight infantile paralysis will start on Monday the 26th of January. The march of dimes is being directed in Floydada by Rex Brown and in Lockney by M. W. Wiley. This is the annual drive which is launched every year in January, and this drive is the sole source of money for the combatting of infantile paralysis. Polio reached an all time high during 1952, and more money is needed than ever before.

The increased need for money resulted from the record number of families needing assistance in the wake of 1952's worst epidemic in history, and also from the growing number of patients stricken in previous years who continue to need march of dimes help. It is estimated that 58,000 of these "carry-over" patients are still on the rolls this January.

Volunteer workers will start on Monday contacting individuals and business firms for the larger contributions or "special gifts." During the week all rural residents and farmers will be solicited via direct mail. Small "iron lung" receptacles will be placed on counters, by cash registers, etc., to receive donations. Solicitors will be on hand at the picture shows and theatres. Radio station KFLD will run special request programs for contributions. The veterans of foreign wars will give a benefit dance on the night of the 31st of January. A force of approximately eighty volunteer mothers will march on the evening of the 29th. These mothers will cover the entire town and will stop at every house which has a porch light, candle, or lamp burning. Contributions may be made by making deposits to "March of Dimes" in either the First National Bank of Floydada or The First National Bank of Lockney.

## Mothers To March

Mrs. M. W. Wiley has been named chairman of the Mothers' March on Polio to be staged on Thursday evening, January 29, between the hours of 7:00 and 8:00, as the main event of the 1953 March of Dimes, it was announced today by Rex Brown, Floyd County director of the annual fund-raising appeal for the National Foundation for Infantile Paralysis.

## Father Of Horton Howell Is Dead

K. W. Howell of Brownfield, father of Horton Howell of Lockney, died suddenly Saturday morning while driving his car along a highway near Brownfield. His death was due to a heart attack.

Following the attack the car rolled some fifty yards into a cotton field before stopping. He was rushed to a Brownfield hospital but was dead upon arrival. The attack occurred about 10:45 a. m.

Mr. Howell was 72 years of age. He had been a resident of Terry county for 34 years. He was a deacon in the First Baptist Church there and active in church affairs.

Funeral services were held at 2 p. m. Monday at the First Baptist Church in Brownfield with Rev. Jones Weathers, pastor, officiating. Burial was in Terry County Memorial Park.

Survivors include his wife, three sons, Horton of Lockney, Harlan of Midland and Weldon of Amarillo; one daughter, Miss Margaret Howell of Washington, D. C.; three brothers and one sister.

Attending the funeral services from Lockney were Rev. J. R. Naylor, Mr. and Mrs. Hilburn Casey, Bert Bobbitt, Mrs. Marvin Cox, Mr. and Mrs. R. C. Mitchell and David.

## Ship 19 Bales Of Cotton To Korea

Nineteen bales of cotton have been shipped to the war refugees of Korea through the efforts of the Christian Rural Overseas Program in Floyd County. Leslie Ferguson of Lockney was chairman of the program this year and reports that in addition to the 19 bales of cotton some \$57 in money was also donated.

All parts of the county contributed to the program, Mr. Ferguson said. The cotton was shipped to Korea so that people there would have the raw material from which to make their own clothing, thus providing raw material for home industry as well as relief in other ways.

## 1575 Polls Paid To December 31

Floyd County citizens had paid 1575 poll taxes through December 31, County Tax Collector T. T. Hamilton reported this week. Deadline on payment of poll taxes is January 31, Mr. Hamilton said, and his office will remain open through that day and until midnight that night in order to accommodate those who wish to pay their polls. A total of 3660 polls were paid last year.

Mr. Hamilton reminded taxpayers that school and city elections would be held this year and possibly other elections of importance and he urged that poll taxes be paid. A poll tax is necessary to vote in any of these elections.

## Taxes 82.6% Paid

Current state and county taxes have been paid in the amount of \$219,449.92 through December 31, he said which represent 82.6% of the total taxes on the books. Taxes must be paid before Feb. 1 to avoid a penalty.

## Auto Registration Starts Feb. 2

The registration of motor vehicles will begin Feb. 2 and to expedite the registration, vehicle owners are asked to bring their 1952 license receipt or write the complete license number on a piece of paper and bring it.

The 1953 license plates have an orange background with black letters and figures. Automobile plates begin with number BB-3550 and go through BB-7450. Truck plates are in two series, one being 1D-9850 through 1D-9999 and the other 1E-10 through 1E-449. Farm truck plates extend from 5D-7050 through 5D-8499.

Frank Dodson will begin registration of vehicles at the Lockney Auto Co. here on March 1 for the convenience of motor vehicle owners in this part of the county. His plates will run from BB-5800 through BB-6499 for automobiles.

## Soil Supervisors To Attend State Meet

Members of the board of supervisors of the Floyd County Soil Conservation District will attend the 12th annual meeting of Soil Conservation District Supervisors which is to be held at Mineral Wells on January 22 and 23.

Members of the Floyd County Board are R. G. Dunlap, Lockney, Route 2; W. F. Ferguson, Floydada, Route 1; G. L. Fawver, Floydada, Route 5; Bert Bobbitt, Lockney, Route 7, and Cecil Purcell, star route, Quitaque.

A good program on matters of soil conservation is promised for the meeting and the board will attend in a body, Bert Bobbitt reported Sunday.

## Fire Dept. Goes To Rural Fire

The Lockney Volunteer Fire Dept. took a truck to a well fire out on the Floydada-Silverton highway Saturday evening about 7:30. The well house was destroyed before local firemen could reach the fire but they prevented it from spreading to adjoining buildings. Chief Lowell Bilbrey drove the truck.

## Farm Bureau To Start Drive For Members Soon

Membership chairmen from 20 communities in Floyd County will meet Thursday evening of this week at the Farm Bureau office in Floydada to make plans for a county wide membership drive for the Floyd County Farm Bureau which will be held the second week in February in this county, according to R. C. Mitchell, county membership chairman. The meeting will get underway at 7:30 p. m.

The community membership chairmen who will be responsible for conducting the drive in their own locality are: Sterling Cummings, H. G. Bishop, Roy Hale, Walton Wilson, Raymond Rucker, Johnnie Lackey and Ted Boedeker. Other workers are Claud Ring, J. M. McNeill, J. C. Keeling, R. L. Trice, Jack Bowlin, Tate Jones, J. W. Day, Jr., Frank Probasco, Jimmy Jones, Lawrence Davis, W. Lynn Miller, Ernest Lee Thomas, in the Floydada area; Oscar Golden, Larue Glenn, John Belt, Jr., G. C. Applewhite, R. R. Kellison, W. E. Lackey, Jack Taylor, Vernon Daniel and W. L. Glover in the Lockney area.

County Chairman Mitchell said that all the above named was urged to attend the meeting, and if for any reason they could not attend to please secure at least one alternate, and that any other member sufficiently interested in the organization is welcome to attend.

Quota for the spring membership drive is 669, Mitchell said. The membership total for Floyd County now stands at 568. Several other county Farm Bureau organizations over this part of the state are also conducting spring membership campaigns.

The importance of the coming drive in this county was stressed by Helmuth Quebe, president of the County Farm Bureau.

"It is becoming increasingly important and necessary for farmers and ranchers to band together," President Quebe said. "Prices that the farmer receives for his produce are going down all the time, yet prices that he must pay for the goods and machinery he buys are on the increase. It's the old familiar squeeze."

"This is an age of organization, and the farmer cannot afford the luxury of being independent forever. He must sell his produce to organized processors; he must buy from organized groups. Labor and industry are organized, and the farmer has the choice of organizing or watching his margin of profit disappear."

R. C. Mitchell, vice president, Jack McIntosh, 2nd vice president, and chairman of legislative and resolutions committee, Harry Morckel, secretary and treasurer, W. R. Puckett, service agent, Mrs. W. R. Puckett, office secretary, Kellar Holmes, Commissioner, Prec. 1, W. C. Plumlee, Commissioner, Prec. 3, A. O. Foster, Harry Hartman, Johnnie Lackey, Sterling Cummings, Claud Ring and M. W. Hartman, directors and members of the Floyd County Farm Bureau attended the district 2 Legislative Conference at Lubbock last Saturday. The meeting was well attended by some 250 Farm Bureau officers and members of the organization.

# Highlights and Sidelights FROM Your State CAPITOL

By VERN SANFORD Texas Press Association Austin — Austin's big show — the 53rd Legislature — is now well under way.

The legislators got down to real business this week. Last week the members convened for only one day.

They heard the message of Gov. Allan Shivers. And in the House, Speaker Reuben Senterfitt appointed committees.

Then the House and Senate adjourned until this week.

Even so, progress was ahead of schedule. Usually, House committees cannot be appointed for some time after the election of a speaker.

But, Senterfitt's election was assured in advance. Thus he was able to have his appointments ready on the opening day.

Texas can increase its spending for necessary services without large boosting of taxes.

That was a cheerful note in the governor's address to the members.

More money is coming in from existing revenue sources, so that the governor's recommended \$172,529,000 for general revenue appropriations is within the officially estimated state income for the next two years.

The budget is about \$6 million higher than the present level of state spending.

Additional money for roads, Governor Shivers believes, should come from another penny-a-gallon tax on gasoline. Otherwise, if the Legislature wants to spend more money, it should increase the natural gas transmission lines "if it can be done in a legal way," the chief executive said.

He recommended salary increases for state workers and teachers, and the construction of

a \$6,725,000 tubercular hospital plant and buildings at the Texas School for the deaf.

Freed from the legislative halls after adjournment, the newcomers among the solons were invited to attend an orientation seminar conducted by the University School of Law.

Twenty-five speakers, including public officials, university professors, lawmakers, and others told the freshman legislators something about their jobs.

But it was old stuff to Senator George Moffett of Chillicothe. He is in his 23rd year in the legislature and has served longer than any other lawmaker in Texas history.

The runner-up is C. E. Nicholson of Port Neches, who has served 22 years in the House.

Another veteran is Rep. S. J. Isaacks, 83, of El Paso. He was sworn in for the first time on January 13, 1903, but he has not served continuously and is now in his ninth term.

Helping the House with its business is Chief Clerk Clarence Jones of Trenton, who was re-elected to that position without a contest. Former Representative Omar Briggs of Denison defeated former Representative W. A. Swindell of Commerce, 74 votes to 71, for sergeant-at-arms. But, Swindell will be chief doorkeeper. Fred Caldwell of Austin was re-elected reading clerk.

A legislator, like anybody else, has to look out for himself. Thus it was that both houses finally passed Senate Bill No. 1, which appropriates \$750,000 for mileage and per diem pay of members and employees and expenses of the session.

Senator Rogers Kelley of Edin-

burg was selected president pro tempore of the upper house. Lieutenant Governor Ben Ramsey of San Augustine, by virtue of his elective office, is the regular presiding officer of the Senate.

As the session moved along, there seemed to be a fair chance that no new taxes would be imposed upon the people.

In his opening speech, Speaker Senterfitt echoed Governor Shivers' sentiments on economy. "Let us demonstrate that economy is truly an essential part of good government," he said.

Then, in his committee appointments, Senterfitt showed that he meant business. For example, he named a conservative, Representative Max C. Smith of San Marcos, as chairman of the appropriations committee, which passes on legislative spending.

Harmony was also a goal of the legislators, and a plea for this objective was voiced by Representative Bill Daniel of Liberty, brother of Senator Price Daniel.

On the opening day, Rep. Daniel asked to make Speaker Senterfitt's election unanimous "so that there may be a mark of harmony, unity, and accord. We should give our support to Mr. Senterfitt. So much must be done."

Rep. Daniel had at one time considered opposing Senterfitt for the speaker's job, but later withdrew.

There was a sad note in the whole procedure for four-year-old Ronnie Senterfitt, who saw his father sworn in as speaker. Ronnie complained that there wasn't any ice cream.

Among the dozens of bills before the legislature is one to outlaw the "Dallas Special," a long-bladed knife frequently employed in cutting and stabbing affairs.

State Health Officer Dr. Geo. Cox, in commenting on the widespread attack of influenza which

has hit some 400,000 Texans the past week, says it is "a mild form, but a mixed infection — much more difficult to treat."

Texas' top state officials are more than irked over President Truman's latest move. They are plain mad!

Truman's last-minute act of his administration in turning the tidelands over to the navy was proclaimed by Governor Shivers as sour grapes and an attempt to get back at Texas for choosing Texas-born Ike as President, over Truman's candidate, Adlai Stevenson.

Land Commissioner Bascom Giles termed the action an outrage and Attorney General John Ben Shepperd declared the state might file an injunction.

The President's act did not increase his popularity around the statehouse.

President-Elect Eisenhower has said not once but often that he favored returning the tidelands to Texas and that he would sign such a bill if passed by congress.

Truman has twice vetoed such legislation.

Two activities of the 1951 legislation gained considerable attention. One was its decision and determination to re-district the state; the other an equal determination to outlaw gambling. Strange as it may seem, the 1953 legislature had to resort to lottery to decide the length of terms of its members.

Senators filled a jar with capsules and each drew for the number that designated the number of years he shall serve. Even numbers meant two-year terms; odd numbers four-year terms.

As a result, many of the old-timers will run again come the next election. Among the short-terms are A. M. Aiken, Jr. of Paris, Carlos Ashley of Llano, Searcy Bracewell of Houston, J. S. Fuller of Port Arthur, Dorsey B. Hardeman of San Angelo, Wardlaw Lane of Center, Otis E. Lock of Lufkin, Crawford C.

**March 2-8 Set As Public School Week**

Governor Allan Shivers has designated March 2-8 as Public Schools Week and plans are being made over the state to observe the week by visiting schools and becoming better acquainted with school.

Governor Shivers pointed out in his official memorandum that the schools are one of the principal institutions upon which this country relies to further the American ideals and that they, by giving every child an education, promote recognition of the responsibility of citizenship and constitute a major bulwark against subversive doctrines.

Local plans to observe the special school week have not been announced as yet, however usually some local observance of the week is made.

**Leo White Resigns As Briscoe Co. Agent**

Quitaque. — Leo White, Briscoe county agent for the past 8 and a half years, submitted his resignation to the county commissioners court last week, and the resignation was accepted, effective February 1.

White will go to Yoakum county to serve in the same position there that he has been occupying in Briscoe, with headquarters at Plains, Texas.

White came to Briscoe county in 1944 from Anton where he was vocational teacher. He has seen much progress and development in the county during the period he has served as county agent, particularly in improved rural homes; expansion of REA service; 4-H club membership increased from 45 members to 155; and irrigation has made a start in the county, the number of wells increasing from about 75 to more than 200. There have been other notable advances and changes in the county's agricultural development during the years that Leo White has

served as county agent.

The White's only child, a daughter, Marsha Kay, was born soon after they moved to Silverton and the family is very highly esteemed and loved among their friends and neighbors in town as well as with their rural associates.

**Bargain Rates On Daily Papers Are Now Available**

The Beacon is now authorized to accept subscriptions to a number of daily newspapers at the annual fall bargain rate.

The Fort Worth Star Telegram bargain rates just announced are \$13.95 per year for the daily and Sunday or \$12.60 per year daily only. This is a considerable saving from the regular rate of the Star Telegram which is \$18.00 per year for daily and Sunday.

The rates on the Amarillo Daily News are \$13.00 for the daily and Sunday and \$10.00 per year for the daily only. The Lubbock Morning Avalanche rates are \$12.95 per year for daily and Sunday and the daily is \$11.00 per year.

The Beacon can also accept subscriptions for the Abilene Reporter and the Wichita Falls Record News but we do not as yet have the bargain rates on these two papers.

You can always save money by renewing your daily at The Beacon office.

**Self-Employed SS Tax Is Explained**

Some self-employed people still do not fully understand their rights and obligations under social security, John G. Hutton, manager of the Lubbock social security office declared today.

Because of misunderstanding, Mr. Hutton said, many returns are being filed by persons in the excluded group of self-employed people. The principle field of misunderstanding in this area is in connection with agricultural enterprises.

"On the other hand," Mr. Hutton added, "returns are not being filed by some who are required to do so."

Some people do not know the amount of self-employment income that should be reported for social security purposes. What actually counts towards old-age and survivors insurance are the NET earnings (gross income less allowable business deduction) from a covered trade or business. The NET earnings must be at least \$400 during the taxable year and no more than \$3600 for the year can be credited to a social security account. In case of a partnership, each partner will include in his NET earnings his distributive share of the ordinary net income or loss from the partnership enterprise. If husband and wife operate a business as a genuine partnership enterprise, each will report his or her respective share of the business profits as net earnings, and each will receive social security credit. But, if only the husband or only the wife is the sole owner of the business, even though the other helps in the business, then the owner alone will earn social security credits.

Another frequent mistake pointed out by Mr. Hutton, is the inclusion of income not directly connected with the trade or business; such as dividends and interest from stocks and bonds, rentals from real estate (where the self-employed person is not a real estate dealer) gains from speculation, etc.

By the same token, and probably more serious, he said, is the failure to take into consideration that certain business expenses must be deducted before arriving at proper net earnings for social security purposes.

There are other misunderstandings but the ones listed are the most frequent and the ones in which most of the errors take place. Mr. Hutton urges all self-employed persons who have any questions at all about their standing to get in touch with his office or the local office of the Bureau of Internal Revenue. He particularly emphasized that persons should be sure to call on either agency when there is any question as to a trade or business being covered or what constitutes "net earnings" from a trade or business.

Mrs. Juanita Short, Field Representative, will be at the Post Office in Lockney at 2:30 p. m. on January 27 to assist in all matters regarding social security.

The hard of hearing are not so unfortunate as it might seem. They miss a lot of small talk.

**Braceros Will Be Available For Labor**

The Mexican government announced recently it will extend its bracero agreement with the United States to the end of 1953.

A foreign ministry spokesman said the international labor agreement signed by the U. S. and Mexico May 19, 1952, would be extended, upon ratification by the two governments, despite Mexico's own increased need for agriculture workers.

But while Mexico will continue contracting migrant field laborers for work on U. S. farms this year, the spokesman said, there is "considerable doubt" whether Mexico will be able to supply the 250,000 braceros President Truman indicated the U. S. will need in 1953.

"The Mexican government will live up to its international commitments," the spokesman said, "but the exodus of braceros will

be restricted not to harm the national economy.

Mexico will permit contracting of braceros by U. S. farmers only during the months of March, May and September with contracting offices to be designated "in due opportunity," the spokesman said.

The foreign ministry said 203,752 Mexican braceros crossed the border on legal contracts to work on U. S. farms in 1952 and that nearly 140,000 have returned to Mexico.

It estimated "only 60,000" illegal workers, or "wetbacks," were now employed in the United States.

### EDITORIAL

O God, Thou knowest my foolishness, and my sins are not hid from thee.—Psalms 69:5.

The complete lack of interest exhibited by farmers and other people of the Lockney area in the Water Conservation District election last Tuesday is certainly not conducive to local control of water. There are several powerful elements in Texas who are just anxiously awaiting the time when they can pass an underground water law that will delegate the control of that water to a board in Austin. Yet last week when the county committeemen were being elected from this county only 10 people, some of them not farmers, took time to vote. People of this area ought to understand this: If they are not interested enough to set up and work local water controls then someone else is going to do it for them. We do not believe that the area, due to its smallness in comparison with the remainder of the state, can fight off a water control bill indefinitely unless we make a sincere and honest effort to control our own water. that's the way it is—and we'd better try to do something ourselves.

The safest thing in the world about which to write an editorial is the weather. If the weather doesn't suit us we can complain to our hearts content and no earthly person will object although perhaps the Lord gets tired of hearing it. If the weather is the kind we like then everyone is happy. Although we're a comparative new comer to the Plains—we've been here nearly 11 years on our last stretch and some three or four years on a previous one—this is the longest dry spell we've seen since we came. And perhaps it is one of the driest years in history. In checking back over records we find that many times a really dry year is followed by a wet one. Let's hope that this is the case this year.

January 31 is the deadline for paying poll taxes. Perhaps that statement won't cause a great deal of concern to our readers but it is important because of the small number of poll taxes paid in Floyd County this year. Since this is an "off-year" for elections a lot of people will just fail to pay that poll tax because "Nothing important will happen." But something important will happen this year. The City will elect a mayor and two aldermen. Perhaps there will be some voting to do regarding the High Plains Water Conservation District. Maybe the county will have a question of some kind to vote on. Someone may even work up a bond issue to be voted on.

If you want to have your say in what goes on in Floyd County as well as the state and nation during 1953 you'd better scoot down to the tax payers office and pay that poll tax today. There's no one so lacking in influence as the man who failed to pay his poll tax. Remember January 31 is the deadline.

Death strikes at most unexpected times. Friday of week before last Sam Acton, a paper salesman of 30 years experience, called at our office as his custom was and we enjoyed a short visit with him as we gave him an order. On Monday night following he suffered a heart attack at his home in Wichita Falls and Tuesday night he died. He had represented Southwestern Paper Co. for many years in this area. We had known him 25 years personally and other members of the staff had been acquainted with the family for a longer period. He will be missed by newspaper people of his territory.

## WASHINGTON AND SMALL BUSINESS

While Federal taxes are usually blamed for all the heavy tax burden, there are indications that Washington and Congress may take action to reduce the tax load at the local level.

At present, Federal, State, County and Municipal taxes are taking almost 36% of all income. A large share is state and local taxes. Many local governmental units want to reduce taxes; but in many cases cannot reduce taxes until the Federal government acts.

C. W. Harder

Therefore, Washington is going to watch with interest Senator William Knowland of California in the new session of Congress.

Some in Washington are even inclined to believe Senator Knowland is on "the spot."

He has been presented with force, this problem.

In many states, the Federal government holds so much land, that a heavier share of the tax load falls on the lands that are left in private ownership.

In Senator Knowland's own state of California, the Federal Government now owns one out of every two acres, much of it valuable farmlands, and metropolitan property. Under the law, Federally owned property is tax exempt.

One of the most mentioned examples is the 86,000 acres the army holds at Camp Beale, California. During the last war, the Army moved into the Marysville-Yuba City district, called the Peach Bowl of the world, and took over 86,000 acres, composed of both grazing lands and irrigated lands.

National Federation of Independent Business

Constant requests have been made to have the Army return the land to production, and thus to the tax rolls. The answer is that there is hope that some day a "West Point of the Air" will be established at Camp Beale. But at the same time, the army feels that the most land they will ever need is 40,000 acres, yet the Army yet holds onto 86,000 acres.

A great deal of this land back on the tax rolls, would substantially increase the assessed valuation, thus paying the way for a lower tax rate. In the Marysville-Yuba City area, cling peach orchards often produce 20 tons to the acre, or a return at present prices of around \$1500 per acre per year. Assessed valuation would be based on this productive capacity.

The drive to get the government out of vast real estate holdings all over the nation is headed up in California, because with one acre out of every two owned by the Federal government, California furnishes the worst example of boosted tax loads.

As expected, the Army is loathe to give up anything, once it has taken over. Congress will have to do the job.

The military is not the only offender. In many cities throughout the nation various civilian agencies of the government have taken over entire buildings in valuable downtown centers.

It is not expected that the White House will object to any move to cut down on the waste, or freeing of national resources by the military, or any other agency of the government. Although a former Chief of Staff himself, President-elect Eisenhower in his campaigns said that much "fat" could be cut out of the military establishments without jeopardizing safety.

### With Our EXCHANGES

#### WATCH THE "FLU"

The medical profession agrees almost unanimously that the best advice which could be given during the present widespread incidence of influenza is this:

If you have symptoms of "flu," consult your doctor at once, and then follow his advice strictly.

This is not an attempt to drum up business for doctors.

It is inspired solely by the hope that it may cause some people to take precautions against "flu," which, if neglected, might lead to serious illness—even to the grave. — Amarillo Daily News.

#### POLITICAL PIE

Our Listening Post station is picking up quite a bit of static among big Republican politicians and readers. They are not just exactly satisfied with Eisenhower's appointments. They have been laboring under the impression that "to the victors go the spoils." That is an old saying and has been practiced more or less over the years and is still being practiced. But if those Republicans will just stop and think they will soon realize they have not elected anybody yet. The last election was not a Republican victory, it was a personal victory for Ike Eisenhower. Very few voted for the Republicans, they voted for Eisenhower, so he is selecting his own men for the various places to be filled in his cabinet and otherwise and not consulting the Republican leaders as much as they think they should. Of course they are all starved to death for a slice of political pie, but they will just have to wait a while longer until they win their spurs. — Petersburg Journal.

ANSWERS YOUR QUESTIONS

Q. What can I do about colds in my flock?

A. I suppose by "colds" you mean coryza. Use Dr. Salsbury's Ar-Sulfa. It controls infectious coryza quick 'n' easy. Just mix Ar-Sulfa in the water supply when you notice sniffles and sneezes. Cold signs usually disappear in a couple of days. Best of all, Ar-Sulfa saves you egg loss -- and culls, too. Better get a bottle now and keep it handy -- Ar-Sulfa!

Robert Louis Stevenson years ago.

One of the most appalling commentaries on our present way of life is that half of our hospitals are occupied by patients with nervous and mental troubles. A principal cause is that too many people allow themselves to collapse under crushing burdens of accumulated yesterdays and fearful tomorrows.

The answer, according to the philosophy of Stevenson, is to live for today. It probably will work out that a part of today's work calls for reviewing the past or planning for the future but there is no excuse for doing so with panic or regret. In fact, we should assemble the facts and push on from there.

Today is the only time we can possibly live. Let us not turn it into a mental or physical hell by aimless worry about the future or by fretting over the blunders we made yesterday.

If we can remember how a walking trip seems shorter if we concentrate not on the total distance to our destination but just the distance to the next milepost our journey will be easier. In the same way we can concentrate on living just for today, making every minute of every hour the best we can possibly make it. If we can do this, better tomorrows will follow and by-gone yesterdays will fade away.

If we will just follow Stevenson's philosophy, our tomorrows will be beautiful yesterdays and our tomorrows will be inevitably brighter. — Post Dispatch.

#### 11TH HOUR GRAB

President Truman's swan song fell flat in the Gulf Coast area due to an almost simultaneous move for taking over the tidelands as a naval oil reserve.

The action brought swift and bitter criticism from Texas, as well as other affected states, some critics going so far as to call it "vengeful." Others say it was obviously aimed at embarrassing General Eisenhower at the outset of his administration.

Either move, if true, is certainly unbecoming to the highest official in a land like this. The speed with which the advocates of state ownership have moved to reintroduce the bill, vetoed by President Truman, which gives the states title to the off-shore lands is evidence that this phase of the issue will be given a thorough airing. — Amarillo Daily News.

**Plainview To Have Baseball Team In League**

Plainview will have a baseball team in the West Texas-New Mexico League this year.

Stockholders of the Plainview Baseball Association, Inc., met recently and unanimously voted to purchase the Lamesa Baseball Club franchise. The stockholders also voted to incorporate with capital stock listed at \$35,000 evaluation, non-assessable.

Jackie Sullivan, longtime league player, also was signed as playing manager for the 1953 season.

B. O. Cooper was elected president of the association, heading a list of seven members elected to the board of directors. The other directors will be Gene Bumpas, Ernie Brock, Judge L. F. LaFont, Charles Saigling, W. M. Yates of Olton and Raymond Akin of Edmonson.

Brock was elected executive vice-president and Yates, vice-president. Other officers are Judge LaFont, treasurer, and Vernon Cross, secretary.

**Park Work To Start**

Plans are being made to start renovation of Jaycee Park immediately. The diamond will be moved toward the outfield, with 250 box seats installed behind home plate between the first base and third base lines.

The diamond will be raised and shaded into a turtle-back to drain better and the entire park will be seeded.

Lucian Morehead was appointed legal advisor to the baseball association.

**Need Nickname**

Brock said that a contest would be held soon to determine a nickname for the Plainview team.

About 300 fans attended the meeting, held in City Auditorium there. After preliminary discussion, during which the financial status of the association was reported, it was voted to incorporate and go ahead with the purchase of the Lamesa franchise.

Sullivan, with several players on the Lamesa club's reserve list, also will begin to search

for additional players. A try-out camp probably will be held here later this spring.

The South Plains Community Club met on Friday night, Jan. 16, at the recreation room of the school house with a covered dish supper. Neighbors and friends gathered to have supper and an evening of fellowship. Games of "42" were played following the supper. The Club will meet the first Friday and the third Friday of each month, the third Friday will be a covered dish supper, and everyone is invited.

Mr. and Mrs. John Smitherman spent Sunday afternoon visiting at the home of Mr. and Mrs. Bruce Whitlock who reside north of Lockney.

The WMS of the Baptist Church will meet on Wednesday at 2:30 for an afternoon of study at the home of Mrs. G. H. Milton, Jr. Everyone bring their Royal Service books.

Mrs. R. C. Guest underwent surgery in a Lubbock hospital last Wednesday and is reported to be doing very well at this time. Mr. and Mrs. J. B. Smitherman visited her at the hospital on Friday and Mr. and Mrs. G. E. West called on her Saturday. We all wish her a very speedy recovery.

Several have been on the sick list out here this week. Yvonne Karr was ill Sunday and Monday, Bud Higginbotham was ill Sunday, Kathie Mulder has the chicken pox, Barbara Sue Milton was ill Sunday and many have been down with the flu and colds. Curtis Sanders was out of school part of the week with a bad cold.

Wade Deavenport will hold his sale at his home north of South Plains on Thursday and the Home Demonstration Club of South Plains will sell pies at the sale during the day.

O. T. Hewitt went to Amarillo over the week end with a big load of cattle for the market on Monday morning.

Brother Wayne Williams gave the morning and evening sermons at the South Plains Baptist Church on Sunday, Jan. 18. Mrs. Williams and the children were present at the evening service. They reside in Plainview where Brother Williams attends Wayland College.

We were inexcusable sorry to hear about Mrs. F. L. Marble's fall the first part of last week and on Wednesday morning they operated on her leg, and put a pin in it. She will have to be home for some time while it is healing, and everyone remember her with cards and other messages of cheer. We hope she continues to

mend day by day. Mr. and Mrs. E. T. Evans came down from Amarillo on Friday evening and spent the night with her parents, Mr. and Mrs. Geo. West. On Saturday they visited his parents, Mr. and Mrs. E. T. Evans of Floydada and on Sunday they stayed with her sister, Mr. and Mrs. Robt. Lee Smith of Sterley.

On Monday night, Jan. 19, the Brotherhood Program of the First Baptist Churches of the Floyd Associations met in Silverton for a very interesting program and barbecue supper at the First Baptist Church there. The barbecue supper was followed by speaker Tommy Allen of Spur, who gave an inspirational message to the group. Those who went from South Plains were J. B. Thames Jr., Rev. Chas. Joiner, Dock Jones, G. H. Milton, Jr., Murray Julian, Sterling Cummings and H. S. Calahan Jr.

W. M. Stanforth Sr. received word last week of the sudden death of his younger brother, Booster Stanforth of Gainesville, Texas, who had suffered a heart attack. The family left immediately for Gainesville and services for his brother were held on Wednesday, January 14. We wish to offer our heartfelt sympathy to all the family in their sorrow.

P-TA will meet on the last Friday of the month, January 30. Mrs. Mulder, President of P-TA has announced. The meeting will take place at the school house at 3:45.

There was a fire on the Early Pritchett place on Saturday evening. There was an oil stove in the well house which probably got out of control and the over head tank was destroyed by fire. The windmill did not burn, however and no other damage was done.

Mr. and Mrs. John Smitherman visited Mr. and Mrs. George West in their home Wednesday night and the evening was enjoyed playing canasta.

Honor roll for the pupils of the South Plains School for the past six weeks as given by J. B. Thames and Mrs. O. T. Hewitt are the following pupils with an "A" average for the past six weeks and for the first half of the school year: Price Pritchett, Eugene Beedy, Eddie Parks and Johnny Calahan. Students with "B" and above for the same length of time are Jay Frank Parks, Dwight Teeple, Dale West, Diane Edmonds, Marilyn Kinnibrugh, Gary Wilson, Bruce Julian, Sherlene Teeple and Roy Hartman.

Mrs. A. P. Sanders is spending most of this week with her daughter, Mrs. R. G. Morris and

family in Petersburg and while she is gone Eulalia will stay with Mr. and Mrs. Hansel Sanders.

Mr. and Mrs. George West spent a pleasant week end in Lovelland with her brother, Mr. and Mrs. Jim Davis. They visited Mrs. Guest in Lubbock Saturday and returned to their home on Sunday evening.

The South Plains Home Demonstration club will meet on January 28, on Wednesday afternoon at the home of Mrs. Bill Beedy. Many of the members were not present at the last meeting and did not get their books and hence do not know the scheduled meetings.

Shower For Mrs. H. Canders Mrs. Hansel Sanders was named the honoree in a delightful pink and blue shower at the Sterley Club House on Friday, Jan. 16 at 2:00 p. m. Although the day was blustery, the rooms inside were warm and cozy with gay decorations of pink and blue. The tables were laid with a lace cloth over blue, and the center of attraction was a large stork with clever decorations. The guests were greeted and registered, then led to the refreshment table where gold punch and small butter cakes with pink and blue, blue bonnets on

them were served. Favors of pink and blue baby squares were given each guest and a game was enjoyed by everyone before the gifts were brought to the honoree. Those present at the party were: Mmes. Fulton Gregg, Robert Isabell, Kenneth Bean, J. K. West, Raymond Upton, I. H. Parks, J. W. Foster, Ernest Huckabee, James Whitehead, Joe Cunyus, W. B. Mullins, Gilbert Bean, Melvin Meaghan, A. P. Sanders, Mason Davis, Elmo Reeves, R. H. Tinsley, K. R. Wofford and Miss Bonnie Upton. Sending gifts were Mmes. Fred Riggs, H. B. Foster, J. W. Mathis, M. M. Julian, Earl Huckabee, G. B. Johnson, L. P. Horston, G. A. McAda, A. B. Kearns, Z. C. Cummings, Kendall Cummings, Billy Bean, Dock Jones, A. L. Stewart, H. L. Marble, L. T. Wood, G. P. Nelson, O. C. Vinson, C. L. Whitehead, Willton Whitehead, Ray Teeple, Raymond Teeple, Barney Stevens, Ewing Vaughn, Joe Reeves, Otho Sanders, George West, J. T. Myrick, and Miss Patsy Brown. Hostesses for the party were Mmes. C. Y. Pickens, A. C. Seymour, Mary Simmons, B. A. Howell, Leo Brown, Jerry Pearsey, Fred Fortenberry, William Wood, Huey Davidson and Archie Bybee.

### HD Club Meeting

The first Home Demonstration Club meeting of the new year was held at the home of Mrs. H. L. Marble, President, with Mrs. H. R. Hartman as co-hostess. Mrs. Marble presided over the meeting and roll call was: My Pet Garden Peeve and Why. The new officers for the year assumed their duties and the new year books were given out and T. H. D. A. funds and book dues were collected. Under the guidance of Mrs. H. R. Hartman in the absence of Mrs. John Wilson, the books were filled out for the coming year and committees and hostesses were planned for the coming months. Mrs. J. K. West gave the club constitution and by-laws, Mrs. L. T. Wood was in charge of program assignments, Mrs. George West gave a lesson on get out your seed catalogue, and Mrs. I. H. Parks gave a talk about the work of the Texas Home Demonstration Education-expansion chairman. Games were conducted by Mrs. L. T. Wood and Mrs. Bill Beedy. Refreshments were served to the following: Mmes. Otho Sanders, Murray Julian, Dock Jones, G. H. Milton, Arby Mulder, L. T. Wood, J. B. Smitherman, I. H. Parks, George West, J. K. West, B. Higginbotham, new members,

Mrs. Frank McClure and Mrs. S. D. Kinnibrugh, one guest, Mrs. Essley Yeary, and the hostesses, Mrs. Marble and Mrs. Hartman. Everyone come meeting on Wednesday, Jan. 28, at the home of Mrs. Beedy.

### Switzer Rites In Floydada

Funeral services for L. L. Switzer, 70 years old, long time Floyd County resident, were conducted Friday afternoon in Floydada.

Rev. H. E. Smithee, Floydada Assembly of God pastor, assisted by Rev. R. Earl Allen, pastor of the Floydada Baptist Church, and the Rev. Horace G. Krebs, Cone, officiated in rites held in the First Baptist Church. Mr. Switzer's funeral was held on his seventieth birthday.

He died Wednesday morning in the Bethania Hospital, Wichita Falls. He was visiting a daughter, Mrs. Orval Chambles, at Iowa Park when he was stricken with a heart attack. He died at the hospital a few hours afterwards.

Switzer was born at Ovilla, Texas, Jan. 15, 1883. He was married to Miss Mary Belle Tatum at Ovilla on Oct. 30, 1904. The family moved to Floyd County in 1926 from Tarrant County. Switzer farmed near Floydada until 1938 when he retired.

He has been a member of the Methodist Church since childhood.

Survivors are his wife, four daughters, Mrs. J. S. Patterson, Cone; Mrs. C. S. Reddy, Floydada; Mrs. A. L. Chambles, Iowa Park, and Mrs. J. V. Blackwell, Plainview; four sons, M. R. Switzer, Amarillo; G. W. Switzer, Floydada; Earl Switzer, Plainview, and M. W. Switzer, Cone. Twenty-one grandchildren and five great-grandchildren survive.

Interment was in the Floydada cemetery.

### CHRYSLER SHOWS NEWEST DEVELOPMENTS IN DESIGN

Two of the newest advances in motorcar development, the Chrysler "Special" sports coupe and the "404 Racer," are having their first public showing in the United States in the Chrysler International Salon in New York City. The "Special," only 55 inches high, made its debut last month in Paris where it was labeled the "sensation of the show" by the French press. Designed by Chrysler engineers, and built in Italy by Ghia, the "Special"

keynotes the basic fundamentals of automotive design. It has the characteristic low, sweeping lines of European sport cars and embodies many unusual design features. Also displayed is the Chrysler powered "404 Racer" which recently broke all Indianapolis speed and endurance records, attaining speeds of 170 m.p.h. on the straightaways with its modified Chrysler V-8 engine.

Dear Mr. Hays:

con and appreciate it a lot. Very nice of you to send it. The one I just finished reading was for 18 December. A little old but still interesting.  
Had a white Christmas and everything is fine, snow is getting a little deep though.  
Would appreciate a little southern sunshine for a change.

Thanks again for the paper. Sincerely,

### MEDITATION

#### THE GRANDEUR AND GLORY OF THE CHURCH

There is much misunderstanding about the church and what is read about in the New Testament. Many have not had the emphasis on the Church of God that the Bible has upon it. Let us study about the church of the New Testament for a while.

It is its Author: it is therefore divine. As we read Hebrews 3:4, "... but he that built all things is God." Read again from Hebrews 8:2, "A minister of the true tabernacle, which the Lord and not man." The church is authorized of God and "attached" by the Lord, this makes it a divine institution.

1 Cor. 3:16 says, "Know ye not that ye are the temple and that the Spirit of God dwelleth in you?" To what was Paul speaking in this verse? In the first chapter of 2 we find without a shadow of a doubt to what he was writing, "Unto the church of God which is sanctified, to them that are sanctified in Christ Jesus, call- ed saints, with all that in every place call upon the name of Jesus Christ our Lord, both theirs and ours." We know this that the church is the Temple of God. If the church makes up the Temple of God, what are those outside of the church? (Just in passing, let us know what he says about those who were the temple of the church of God. He refers to them as sanctified, pure, before the ones "called to be saints." They were the ones called upon the name of the Lord.)

Ephesians 2:22 we find that the church is God's dwelling place. "In whom ye also are built together for the habitation of God through the Spirit." If the church is the dwelling place of God does he dwell any where outside of the church?

The church is a divine institution, but to be divine it must be built according to the divine pattern. Hebrews 8:2 says, "The tabernacle was made according to the pattern and shadow of heaven- ly things, as Moses was admonished of God when he was about to make the tabernacle: for, See saith he, that thou stand upon the pattern showed to thee in the mount." Again in I Cor. 3:10 "According to the grace which is given unto me, as a wise masterbuilder, I have laid the foundation, and another buildeth thereon, every man take heed how he buildeth thereupon." We understand by the passages that God wants his church to be built according to the pattern showed to these in the mount. (Some have not taken heed how they build. We know that "Except the Lord build the house, ye shall labour in vain that build it..." "Every plant which my father hath not planted shall be rooted up.")

Dear friend, are you a member of such a glorious church? If it is not patterned after the church of the New Testament, then it is built according to the wrong pattern. Carefully the scriptures and search for the truth about the church that is authorized by God and purchased with the blood of Jesus Christ.

MOVE BACK TO LOCKNEY

Mr. and Mrs. Geo. Weir and sons, Donnie and Ronnie moved back to their farm in the Prairie Chapel community after spending the past three years farming near Childress.

Donnie Weir is a sixth grade student in Lockney school and his brother, Ronnie is a fourth grader. Loveta, daughter of the Weirs is employed with a Childress hospital and has spent this week here with her parents.

Mr. and Mrs. Jack Taylor are expected to return home Saturday after spending ten days vacationing in the valley, Corpus Christi, Austin and Mineral Wells.

HAVE SURPRISE GUESTS

Mr. and Mrs. J. L. Riley who live north of town enjoyed a surprise visit last weekend from some friends they met in Hope, Arkansas five years ago while the two men were in service and stationed there.

Mr. and Mrs. Jessie Harris and children were in Dallas over the week end and visited Janie Ballard in the Baylor Hospital while there.

New Methodist—

(Continued from page 1) The dignified bell tower stands between the old building and new and to the rear the two buildings have a closed in connection. A combination heating and cooling system is being installed in the building and will take care of the entire new structure.

The building contains 5600 square feet of floor space and including balcony and choir will seat 450 people, considerably more than the old sanctuary.

Rev. Daniel said that the finance committee for the church building included Lavon Johnson, C. L. Record, Byron Ford, B. E. Harris, F. L. Brown, Charles Smith, Ernest Tannahill.

Leslie Floyd, chairman of the Board of Stewards, has worked with both committees and Mrs. D. O. Aldredge and F. O. Schacht have done the book work.

Visitors in the home of Mr. and Mrs. Raymond Meriwether on Tuesday were Mrs. Meriwether's mother, Mrs. T. M. Fortenberry of Edmonson, and her sister, Mrs. Ruth Snipes of Clovis, New Mexico and a friend, Mrs. L. E. Mason also of Clovis.

Mr. and Mrs. Donald Johnson had as guests Sunday Mr. and Mrs. R. S. Johnson and family, Mr. and Mrs. Adron Johnson and family of Hale Center; Mr. and Mrs. James McNight and family and Mrs. Bill Shugart all of Vernon; Mrs. Frank Gamble and family, Mr. and Mrs. Vance Childress all of Silverton.

Mr. and Mrs. Jim Counts of Woodville, Texas, visited his brother, Hugh Counts and Mrs. Counts Thursday and Friday of last week.

Local Teams Lose—

(Continued from page 1) Longhorns had a lead at halftime. The Chiefs pulled ahead in the third quarter and with three minutes to play the score was tied at 44 all. With two minutes to play the score was 50 to 47 in favor of the Chiefs and with only one minute to play the game was tied at 50 all.

In the girls game the Longhornettes won 46 to 20 with Nancy Holland sinking 23 points and Elizabeth Handley 13.

Grade School Wins Last Thursday night the boys and girls grade school teams played Kress on the local court with the locals winning both games.
