at Eastland's County Museum

## "Cornucopia's" Collins, Producer Set To Talk, Sign Books Sat., Aug. 19

Eastland County Native Mike Collins "told all" in his briskly-selling book "Cornucopia of Evi" and he's sold it to a producer who plans a film adaptation.

Both Collins, now of South Texas, and Movie Producer Dwight Adair will be at the Eastland County Museum Saturday, Aug. 19th for brief talks, question and answer session and book signing. They will be given a tour of the town and area before and after the session in order to acquaint Adair of the locale which he will be portraying in the filming.

(The third shipment of the book at \$10 each has arrived for sale at the Eastland Telegram, with all proceeds being donated to Centennial Memorial Library as a gift by Collins. Two previous shipments of the latest edition which is slightly expanded from the first, have sold out.)

Among Adair's many credits is the fact that he was a director for a number of the famous Dallas and Dynasty television series. He was also director/producer for Faded Love, Go For It! and Producer for Dream House, the television series. Adair is presently doing the treatment of the material from Collins' book.

Collins was born and finished public school in Carbon and was an executive with Eastland National Bank (now First Financial Bank) for many years. The book details accounts of his background and the circumstances with which he was confronted.

Mr. Adair began his career as a dialogue coach on the feature films "Urban Cowboy", "Hard Country", and more recently the Academy Award nominated "A River Runs Through It."

Dwight's expertise was also utilized in several NBC Live Theatre Specials where he coached Henry Fonda, John Lithgow, Tim Hutton, Sally Field, William Hurt, Ned Beatty, Pearl Bailey and others. Mr. Adair became a member of the Directors Guild of America after working on the "Dallas" television series for six seasons. He has over a dozen hours of prime time television to his credit as director, including

episodes of 'Dallas' and "Dynasty". He produced the NBC movie of the week "She Fought Alone" that aired in 1995. Mr. Adair Chaired the Entertainment Industry Task Force of the Greater Austin Chamber of Commerce 1994-1996 and served as a Director on its Board. In 2000, he joined a delegation of motion picture professionals on a trip to China "Legends of China" to foster relations with their industry, where he delivered the keynote address. In the last three sessions of the Texas Legislature, Mr. Adair was instrumental in the passage and subsequent amending of the Texas Film Development Act, a state guaranteed loan program for qualified producers.

Mr. Adair was president of Granite House Inc., a successful production company headquartered in Austin 1994-2002. While there Mr. Adair produced the Home and Garden TV series "Dream House," a thirteen episode documentary series that aired through January, 2002. He has been interviewed by the editor of flixusa.com on directing and producing filmed entertainment and on two separate occasions by senior analysts at the Wall Street Reporter.com on the subject of corporate sponsored convergence entertainment. He is a graduate of the nationally acclaimed Leadership Austin program, is on the Board of Advisors of St. Edward's University MBA Program focused on Digital Media, and is a director in good standing in the Directors Guild of America.

Mike Collins

Mr. Adair has produced and/or directed numerous television commercials, corporate videos and DVD's, documentaries, public media presentations and live television broadcasts, is a media consultant, and possess over thirty years of personal experience in the motion

picture, video and television industries. Mr. Adair produced a documentary about Bob Wills and His Texas Playboys in 2004 entitled 'Faded Love' that was screened at SXSW in 2005 and is currently negotiating with CBS Sports a national broadcast of a television special on female athletes, entitled "Go For It!"

**Callahan County Honored by T.A.C Leadership** there was no network of

Callahan County will be honored by the Texas Association of Counties Leadership Foundation on August 17 for innovative programs that save taxpayers' money and provide better public service.

Callahan County's prestigious award for Exceptional Delivery of Service is among 17 presented to 14 counties through the Leadership Foundation's 7th Annual 'Best Practices' awards for extraordinary innovations, achievements and effective management in county government. The Texas Association of Counties (TAC) is a statewide organization whose members are county government officials in all 254 counties of Texas. Its Leadership Foundation serves as an educational resource for county officials.

"These award-winning programs have shown a marked increase in customer service or productivity, performances that go the extra and county leadership in the best of terms," said Randall County Tax Assessor-Collector Carol Autry, chair of the foundation board and TAC board member.

TAC's President Marc Hamlin, Brazos County district clerk, will present the awards during a special ceremony in Austin.

Callahan County received its award in technology for its network and telecommunications program that provided life-and property-saving services during the huge wildfires of 2005.

When raging wildfires spread around Cross Plains in fall 2005, the Callahan County emergency dispatch system was inundated with calls, more calls than there were phones in the dispatch area. Thanks to the county's brand new central phone network, however, there was flexibility to move more phones to the area so that frightened citizens were not put on hold.

Such modern communication would not have been possible in the small West Texas county two years earlier because

## Callahan Divide Wind Farms Progress, Money to Go To Schools in Clyde

Northern Callahan County and Shackelford's new Lone Star Wind Farm is soon to be implemented, as soon that is as Jan. 2007 for delivering electricity.

Steve Irvin, is a representative of the Wind Energy Horton Co., and states the first phase including 100 wind turbines is scheduled then for production and delivery, in his address to the school board at Clyde with Kevin O'Hanlon, an Austin attorney and Gregory Wortham Executive Director of the West Texas Wind Energy Consortium.

The school board was addressed on school finances changes and the impact it will have on the Clyde school district boundaries which extend from north of Clyde and near Hamby community.

Agreements to complete the Wind Energy Project have been made and kept so far by O'Hanlon, with Moak Casey and Associates and Texas Perspectives, with the Clyde C.I.S.D.

House Bill #1 with regard to school financing will have little change on the school district's existing agreements, who asked that an amendment of the agreement for the Approased Value Limitation on qualified property which was approved on Nov. 23, 2005 be made.

A partial Assignment of the Amended Agreement for

an Appraised Value Limitation on qualified property was also sought by O'Hanlon.

School Board President Greg Welch recommended that the funds for the taxable value from the project be placed in escrow account which would match-up revenue from the state for the 2005-09 fiscal year.

Revenues from this project will be offset in the second year by the taxable value of it which is \$31.8 million additionally.

The third year will see more construction which is 2007, and additionalj savings of 40 per cent will encrue on the first \$250 million expension.

Which makes 14 million for the school district for their outlayj, over the first 14 years. The project will be valued fully on the Clyde school district's Interest & Sinking fund and the abatements given them are affected only by the Maintenance & Operation Funds.

## Baird Fourth Booster Club Golf Tournament Is Success

The Fourth Annual Kick-off Classic held on last Sunday at Shady Oaks Golf Course raised over three thousand dollars for the Baird Booster Club. Thirteen teams competed in the

Continued Inside

**County of Callahan Commended by TAC Leadership**  
computer and phone systems. Judge Roger Corn initiated the project because the county had such a patchwork of systems in the various county offices that Corn was concerned about productivity, customer service and costs.

The judge worked with a Plano company and other elected officials to figure out the county's needs and the costs. The group made a list of goals and has met every one of them. Importantly for taxpayers, a thorough review of the county's bills for the old patchwork of systems revealed that the \$118,000 needed for new computer and phone networks could be paid for through reduced costs of the old systems — plus an estimated \$100,000 in savings over the life of the new systems.

The new phone network has freed up employees to better serve residents in person, as well as allowing citizens to access information lines after hours. The new computer network allows county employees to better share records between offices. The new system has been particularly significant for the sheriff's office, where reliability and saving time are of the utmost importance.

The TAC Leadership Foundation's board of directors

## Conservation Program Public Meeting Set Aug. 21

There will be a public meeting in Baird on August 21, 2006 at 9:00 a.m. to discuss the implementation and allocation of funds for the Environmental Quality Incentives Program (EQIP), Wildlife Habitat Incentives Program (WHIP), Grassland Reserve Program (GRP), and Continuous Conservation Reserve Program (CCRP). These programs were re-authorized in the Farm Security and Rural Investment Act of 2002 (Farm Bill) to provide a voluntary conservation program for farmers and ranchers that promotes agricultural production and environmental quality as compatible national goals. These programs offer financial and technical help to assist eligible participants install or implement conservation

practices on eligible agricultural land. This meeting is open to the public and All Agricultural Producers, Landowners and interested citizens of Callahan County are encouraged to attend. The meeting will be held at the Callahan Co. Courthouse on the second floor. The meeting will begin promptly at 9:00 a.m.

Topics to be discussed at this meeting will be conservation priorities, cost share rates, practices to cost share on, an application screening process and a priority ranking system for applications. Your input is very important and all opinions and recommendations will be given to the local Work Group for their consideration.

Immediately following the Program Development pub-

consists of Randall County Tax Assessor-Collector Carol Autry, chair; Brazos County District Clerk and TAC President Marc Hamlin; Kaufman County Judge Wayne Gent; Harris County Constable Ron Hickman; Navarro County Justice of the Peace Connie Mayfield; Tarrant County Tax Assessor-Collector Betsy Price; Tom Green County Treasurer Dianna Spieker; and former Dallas County Commissioner Roy Orr, ex-officio member.

lic meeting, there will be a local Work Group meeting. The Local Work Group is made up of a mandated limited membership that includes the Callahan Divide S.W.C.D. Board, Farm Service Agency County Committee, the Callahan County Extension Agent, N.R.C.S. and F.S.A. employees.

After considering all alternatives available to them, the Local Work Group will advise N.R.C.S. on how the local people would like for the EQIP program to be carried out. All of their recom-

mendation will be taken into account by the N.R.C.S. Designated Conservationist when finalizing the program.

If you have an interest in how the Conservation Technical Assistance Money available through the EQIP program is to be used on Callahan County PLEASE plan on attending this meeting.

If you have any questions, please call the N.R.C.S. office at Baird at 325-854-1349, ext. 3.

## Callahan Co. Dove Warm-Up Set for Saturday, August 19th

**Trap shooting fee is \$5.00 per Round of 25 targets.**

**Prizes will be awarded for first, second and third place teams. Prizes are sponsored by First Financial Bank.**

**For more information, contact Kevin Meier at Longacres in Abilene at 325-672-9521 from 8:30 a.m. until 4:50 p.m. or at home after 7:00 p.m. at 325-893-2174.**

Mike was preceded in death by his wife; his mother, one

brother, Greg Herrick and one sister, Mary Verbone.

## BUS SERVICE MINISTRY, OTHERS AT FIRST BAPTIST CHURCH BAIRD, AUGUST

**All Aboard! Baird First Baptist Church, located at 240 Race St., is excited to announce a new bus ministry, beginning Sunday, August 20, 2006. A need for this type of ministry was recognized during our recent Vacation Bible School "The Artic Edge, Where Adventure Meets Courage." You Will Be HAPPY to learn that the adventure will continue through our bus ministry! The bus ministry will serve children age three through senior adults, who live within the Baird city limits, and are needing a ride to our Sunday School (bible Study) and Worship Serv. beginning at 9:45 each Sunday. If you or a child in your neighborhood have been unable to attend Sunday School and Worship Services due to lack of dependable transportation, here is your opportunity!**

**With August 20 only a couple of weeks away, we encourage you to contact the church office at 854-1574 to receive important information pertaining to pick-up times and enrollment for this serv.**

**We will be eagerly anticipating your calls!**

### SCHEDULE OF EVENTS

#### Time for Tennis

There are many good brands of tennis balls such as, Wilson, Dunlop and Penn. The key thing is to change the balls on a regular basis. For instance, the pros change the balls every six games. It's up to you when to change them as long as they still got some life in them.

#### The Home Handyman

Read the instruction manual before using a power tool or machine. Plug power tools into outlets protected with ground fault circuit interrupters (GFCIs). Wear proper eye protection when using any power tool. Do not wear any loose or dangling clothing that could become caught in moving parts. When using power circular saws, set the blade depth only a quarter inch or so more than the thickness of the material being cut. Keep the base of the saw clean and occasionally apply a thin coat of paste or wax to ensure the saw glides smoothly. Support the material being cut properly so it will not pinch the blade causing it to kick back toward you.

# Super Notes

By David K. Perry  
Gorman ISD Superintendent

I always like to watch the children arrive on the first day of school; especially the mothers bring their little ones to Pre-Kindergarten and Kindergarten for the first time. There are tears and smiles and I know that the excitement of the event is both joyous and sad for both parent and child. It marks a new era in their child's life and things will never be the same. That's why I love my job. I get to be a part of such important events in the lives of children. The excitement is a little different at the secondary campus, but there is still excitement and you can see it in the faces of the students. Yes, they would all like to have been able to continue sleeping late in the morning, but they are still excited about returning to school!

I thought last year went by quickly, but there was no comparison to this summer. Where did it go? We had so much to do that the time went by at record speed and here we are. We are back and we are excited!

I expect we will have another great year. We have a wonderful faculty who are excited about teaching your children and we hope your children are coming to school excited and ready to

learn from them. They will have every opportunity to receive a world class education and I invite every parent to get involved and partner with their child's teacher(s) to plan their child's success. As always, my door is open anytime you have a concern you want to share with me or just to visit.

Gina Rone is our new Cafeteria Manager. They will be preparing more meals from scratch this year than in the past. There will also be several new menu items. We hope your children appreciate the changes she is mak-

ing. Remember that if you have any suggestions give me a call or send me an e-mail. We have also made some changes in the serving line and the lunch periods.

Have you seen our track and football field? If not, you are going to be surprised. It looks terrific! I expect to see big crowds at our games. We've had over thirty boys out for football this year, more than we've had in years, and I expect you to get off that couch and come see these kids play. They are working very hard right now and I expect you fans to be pleased when you see them play. There's nothing better on television! Besides that, I think our young men are going to have an excellent

year. The coaches are very optimistic about our capabilities!

Also, you may see some of our students running around town, please watch for them. These are our Cross Country runners getting in shape for their competitions. It takes a lot of hard work to be a long distance runner so please give these students encouragement and plenty of room when you see them.

Volleyball is also in full swing and we have a lot of girls in the program. I have peaked in on practice a couple of times and expect us to have an excellent season. I wouldn't be surprised to see them advance out of district this year to the play-offs. We'll see!

I will do my best this year to keep you informed about what is going on at Gorman ISD, but I can always use help. If you attend an event and take any pictures you feel should be published that

I could use in my article. please e-mail me and send the picture to me with an explanation including who, what, when, and where it was taken. Please send pictures as attachments in .jpeg format. I will do my best to incorporate them into this article.

I will leave it to the coaches this year to publish game schedules and to principals or sponsors to publish schedules of events that involve

children from their campus. I will report on what went on at those events.

Remember, it takes community involvement for a school to be successful and you are welcome to get involved at Gorman ISD anytime. This is your school; these are your children; and these children are your future! Your input is always welcome. Come help us shape the future.

# Kokomo News

By Zelda Jordan

Bro. Jack Clack of Moran brought the message at the Kokomo Baptist Church on Sunday morning, August 13. It was a wonderful message on "Grace and Circumstance". We can't help the circumstances that come into the world and our lives, but through the Grace of God we can deal with them. We need to grow in Grace in the Lord Jesus Christ. His Grace is sufficient for us. Bro. Clack's wife, Vera, also attended the service. "Happy Anniversary" was sung to James and Jill Little. Thomas Seay rendered the special music singing that wonderful old hymn, "The Old Rugged Cross" with the congregation joining in on the chorus. Glynda

Bond was at the piano. The Sunday evening service was dismissed. Those from the Kokomo Baptist Church going to the Heritage Manor for the church services on Sunday afternoon were Woodrow and Helen Browning, Jimmy and Verna Lee Little, Joe Bond, Nancy Hendricks, Ann Warren and Zelda Jordan. Nancy Hendricks and Zelda Jordan enjoyed dinner at ZJ's with Joe and Glynda Bond one recent Friday evening. Jimmy and Maggie Nelson and their son and family, Travis, Gladys, Alexis, Tiffany and Ethan Nelson of Fort Worth spent the weekend at the Nelson

farm near Carbon. Jimmy and Maggie and Travis Nelson visited with their aunt, Zelda Jordan, on Saturday and mowed her lawn. Now it is ready and waiting for a good rain on it. Recent visitors with LaVon Snider were: Dan and Justin Snider, Gene and Kay Snider, Ted Snider, Dwayne and Connie Snider of Stephenville, Belinda, Isaac, Audri, Ella, and Belle Segura, and Sheri LaBonte of South Riding, Va. Nancy Hendricks, Sylvia Buchanan and Zelda Jordan were dinner guests of Bill and Wynelle Brown of Carbon at ZJ's in Gorman on Sunday. Glenda Black and Shelby Bolls of Abilene visited with Glenda's mother, Zelda Jordan, on Sunday afternoon. They had been in Waco this past week attending an insurance claims school and were en route to their homes in Abilene. Randy, Deliah, Chris and Jon Lewis of Ennis visited during the weekend with her dad, Delmon Eaves. Norma Webb and Zelda Jordan attended the Senior Adult Rally at the Corinth Baptist Church on Monday night and really enjoyed the program by Larry Shotwell of San Angelo. It was very entertaining as well as inspirational. The new Kokomo Community Center Building is up and looking very nice. Now the inside work will begin. Work continues on the Kokomo Baptist Church. We hope to be able to have services in it by late summer or

early fall. What a wonderful time that will be. May we be very faithful in praying for rain every day. I believe that God will answer our prayers in his way and time, and we hope that it is soon. Have a wonderful week.

## Golf Scramble Saturday

Don't forget the Saturday, August 19th, 6:00 pm Golf scramble for all levels of golfers at Lake Cisco Country Club. Entry fee \$10. Scramble sponsored by Mountain Top Church. For information call 254-442-4479.

## Home Alone: After-School Snacking Food Safety Tips From USDA

Chew on this: Most of the estimated 7 million kids in the U.S. who are home alone after school have a snack every day. That's why it's important to teach your children vital food and kitchen safety facts that can prevent illness or injury.

Whether your child chooses a cold snack, a ready-to-eat snack, a do-it-yourself snack, or a hot snack, it's never too early to teach the importance of clean hands, utensils, and the basic food safety techniques.

You might want to consider devoting some free time, such as Saturday morning, to a training session. Show your children around the kitchen and explain to them how to safely use the microwave and teach them some basic food safety information.

Here are some things you should make sure young snackers remember:

- Wash your hands with warm, soapy water before you make a snack. This will get rid of dangerous bacteria.

- Always use clean forks, knives, and spoons.

- Wash fruits and vegetables under cold running water before eating.

- Don't leave food sitting out on the counter for more than two hours. Put it back in the refrigerator or freezer.

### Want a Hot Snack?

**Check Out The Microwave**

- Make sure your children can read before they use the microwave oven. Reading directions properly is important.

- Foods and liquids are heated unevenly, so stir or rotate food midway through microwaving. If you don't you'll have cold spots where harmful bacteria can survive.

- Reheat hot dogs until they are hot and steaming. Pierce hot dogs with a fork before putting them into the microwave oven to keep them from exploding.

- Cover a dish of food for the microwave with a lid or plastic wrap; keep the wrap loose to let steam escape. The moist heat will help destroy harmful bacteria.

- To prevent burns, carefully remove food from the microwave oven. Use potholders and uncover foods away from your face so steam can escape.

- Teach your child to use a food thermometer. When reheating leftovers, be sure the

temperature reaches 165 degrees F.

- **DO NOT USE** plastic containers such as margarine tubs or other one-time use containers in the microwave. They can warp or melt, possibly causing harmful chemicals to get in the food.

For more information and to receive a free coloring book and a CD of games about food safety, call the USDA Meat & Poultry Hotline tollfree at 1-888-MPHotline (1-888-674-6854) or visit [www.fsis.usda.gov](http://www.fsis.usda.gov).

## Your Weight And Fate Tips For The Time Starved

There's a reason so many women fail at dieting. Simply, they don't have the time.

Susan Burke, Chief Nutritionalist at eDiets.com, offers this advice:

- **Take it light:** Opt for low-fat and low-calorie grilled or broiled foods over fried; they are generally easier to prepare. Avoid cream-based sauces.

- **Use timesaving devices:** A countertop grill is convenient, quick and easy to use to prepare healthy meals in a

flash. Microwave vegetables, covered, without water.

- **Take advantage of meal re-placements:** A variety of nutritious and tasty meal replacement bars, shakes and snacks are available from Slim-Fast®.

- **Strategize snacks:** Carry select portions of such healthy snacks as fresh or dried fruit, crudites, dry cereal, rice cakes or pretzels.

- **Eat out wisely:** Share an entree or have a salad and an appetizer for your main course.

- **Try a frozen entree:** Just be sure sodium is under 800 milligrams per serving and fat grams are less than 30 percent of the Recommended Daily Value.

This can help you save time and reduce calories.

## Dr. D.P. Sadowski To Preach August 20 In Breckenridge

Sunday, August 20<sup>th</sup>, at 10:30am, Dr. D. P. Sadowski, well known here, will be ministering at Covenant Tabernacle in Breckenridge.

We invite you to come and join us as we worship the Lord together, Sunday, August 20<sup>th</sup>, at 10:30 a.m. Covenant

Dr. Sadowski received his Doctor of Theology from Virginia College of the Bible in 1983. He and his wife, Jeannie, evangelized in 43 states, Canada, and Mexico. They also pastored four home mission churches.

Dr. Sadowski has been active in the business community, owning and operating A-1 Hearing Aid Centers and was state licensed as a Certified Hearing Aid Audiologist. He also established the first cellular phone office in the area for Southwestern Bell. Dr. Sadowski is currently an active member of the Breckenridge Rotary Club, a member of the Texas Press Association, and, with his late wife, authored "HE SAID - SHE SAID" editorial columns in a variety of Texas newspapers, including the Breckenridge American.

But, the greatest work of his life is the work of the church. Dr. Sadowski loves each and every thing he is privileged to do for the kingdom of God. He is an ordained Apostolic Pentecostal minister, holding ordination with the Assemblies of the Lord Jesus Christ, the Apostolic Church of Jesus Christ, as well as the Apostolic World Christian Fellowship. Four times he was elected as Texas District National Secretary for the Apostolic Church of Jesus Christ and also held the national office of Director of Foreign Missions.

This will be Dr. Sadowski's first preaching engagement since his beloved wife went home to be with the Lord last year.

CAPITOL COMMENT

SENATOR

KAY BAILEY HUTCHISON

### Medicare Brings New Benefits

It is crucial that every Texan understands how best to take advantage of Medicare and, in particular, the new prescription drug coverage known as Medicare Part D. I have long fought for more comprehensive coverage for seniors in Texas, and Medicare now provides more benefits that allow people to lead healthier, longer lives without having to make difficult financial choices for health care.

Since January 1, 2006, Medicare beneficiaries have enjoyed access to prescription drug coverage. Before this change, Medicare paid for costly operations and potential complications but did not pay for preventive medi-

cine. Increasingly, illness can be treated with medication instead of invasive surgeries, and the Medicare Prescription Drug benefit provides seniors affordable access to those drugs.

Over 38 million people are already using the new prescription drug plan, including 2.5 million Texans. More than 90 percent of Texas Medicare beneficiaries now have prescription drug coverage. According to a recent survey by the Centers for Medicare and Medicaid Services, people who have looked into the available plans are generally satisfied with their plans by a seven-to-one margin and want to stay with them.

Actual costs for Medicare Part D have been well below the estimates. Competition from private plans has reduced the projected cost to taxpayers by \$11 billion over the next five years, while the average premium for beneficiaries in 2006 is less than \$24 a month. These unexpected savings are the result of price negotiation, low-cost coverage for generic drugs and discounted brand-name drugs.

Medicare Part D has another window for signing up or changing plans this year. From November 15 to December 31, Medicare beneficiaries can sign up for the prescription drug benefit or change their plan according to their current needs. Everyone with Medicare is eligible for this coverage, regardless of income and resources, health status, or current prescription expenses. These plans cover both brand-name and generic drugs.

As with other insurance, seniors pay a yearly de-

ductible and a monthly premium, which varies by plan. Seniors also pay a portion of the cost of prescriptions. The amount varies depending on which drug plan they choose. Some plans may offer gap coverage and additional drugs for a higher monthly premium. Currently, there are 47 different prescription drug plans available for Texans. If a senior has limited income and resources, he or she may qualify for extra help.

I recently met with Dr. Mark McClellan, the administrator for Centers for Medicare and Medicaid Services. A native Texan and graduate of the University of Texas, Dr. McClellan cares deeply about educating Texans on how to best take advantage of Medicare Part D. He and his staff offer a variety of ways for seniors or

family members to learn more about which option works best to meet their needs.

A wealth of information is available by calling 1-800-MEDICARE, including customer service representatives who can offer personalized information. The website [www.medicare.gov](http://www.medicare.gov) offers comprehensive information, including detailed coverage of each drug plan and a special new feature to help visitors customize the site to cater to their specific needs. And this fall, Medicare representatives will be visiting communities across Texas to help educate the public as the next sign-up date approaches. Counselors will be available at these events to assist citizens in choosing an appropriate plan.

Drinking and driving is not only dangerous to all involved, but foolish when it's so easily avoidable. Before you take the chance again, take a close look at the following stats.

IS IT  
WORTH IT?

## STATISTICS

In 2000, more 19-year-olds died in alcohol-related traffic crashes than any other age (1,368). The next most fatal ages were 18, 21, 20, 17 and 22, respectively. No other single ages but these six recorded more than 1,000 fatalities.

By a wide margin, 21-year-olds recorded the most alcohol-related fatalities (680) in 2000. The ages with the next highest numbers of fatalities in alcohol-related crashes were 19, 22, 20 and 23, respectively. By comparison, no other single age besides these five accounted for more than 500 alcohol-related fatalities.

In 2000, more 19-year-olds died in lower BAC (between .01 and .09) alcohol-related crashes than any other age. In fact, 19-, 21-, 18-, 20-, 22- and 17-year-olds made up the top six ages (in order) of people who died in these crashes.

In 2000, 18-year-olds accounted for the most alcohol-related fatalities and the most fatalities where no restraint system (seat belts or motorcycle helmets) was used.

# Flooring for Sale from Old Gym

Baird Independent School District is in the process of refurbishing the old gymnasium. One of the main objectives is to replace the wooden floor because it is not level. The hardwood floor has been removed in sections of about 30 square feet. These sections are for sale to the public for \$1 per square foot. Preceded from the sales of flooring will help defray the cost of updating the gym.

If interested in owning a piece of history you may call Sceptt Cooper at 854-1400 extension, 320.

# CHECK OUT YOUR CHECKOFF

## Cooking Up Knowledge

Culinary arts programs, which assist students in preparing for a career in foodservice, are on the rise in Texas high schools. Taking notice of this trend, TBC joined forces with the Texas Restaurant Association Education Foundation and the Texas Culinary Academy for the third annual the Culinary Educators Conference that took place in Austin. Culinary educators from all over the state attended presentations on beef and received educational materials and information to utilize in their classroom.

Reaching Texas Schools As a result of the beef checkoff and a grant from Pfizer Inc., this school year approximately 10,000 teachers across the nation will receive Choose Well kits designed to help teach students about "power foods" such as beef. The Texas Beef Council will be extending efforts to ensure the kits are available to Texas teachers. The Choose Well kits are filled with eight classroom activities, a computer game and a video to educate children on how to take control of their food choices.

Beef Goes World Wide Web Epicurious, a popular gourmet website, is featuring a beef-sponsored grilling section from Bobby Flay, a famous chef will know for his grilling expertise. Part of the beef checkoff summer grilling campaign, beef recipes and beef 101 are some of the grilling topics covered. Visit www.epicurious.com to learn more about beef grilling with Bobby Flay.

Beef on Today Renowned Texas Chef Richard Chamberlain appeared on the number one rated morning show July 11. Chef Chamberlain, author of the checkoff funded Healthy Beef Cookbook, showcased numerous beef recipes from the cookbook and provided lean beef grilling and cooking tips on NBC's "Today Show". The lengthy segment included an interview by "Today Show" anchor Ann Curry.

# PROTECT THE EYES OF TEXAS: DONATE \$1 TO THE BLINDNESS EDUCATION, SCREENING, AND TREATMENT PROGRAM

Imagine that your Eye MD (ophthalmologist) has just informed you that you have a potentially blinding eye disease. He or she tells you that with proper treatment, probably even surgery, blindness is preventable, which reassures you somewhat.

Services—assists uninsured adult Texans with the payment for urgently needed medical and surgical treatment for such diseases and disorders as retinal detachment, diabetic retinopathy, and acute glaucoma. As the name implies, the program also offers vision screening clinics and patient education.

Now imagine that you don't have health insurance.

The program is funded through \$1 voluntary contributions when Texans renew their drivers' licenses. Because of a shortage of contributions, the BEST Program has a shortage of funds year in and year out. Consequently, there is a waiting list of 90-100 patients who cannot afford the medical or surgical eye care they need.

That situation is lived out daily in exam rooms around the state. Nearly one out of three Texans aged 18-64 have no health insurance, and many of the uninsured lack the savings needed to cover surgery or other major medical expenses out of their own pocket.

Please do your part to shorten—or even eliminate—that wait list and protect the eyes of Texas. Join me by contributing \$1 next time you renew your license.

For these people, the state of Texas created the Blindness Education, Screening, and Treatment (BEST) Program.

The BEST Program—run by the Texas Department of Assistive and Rehabilitative

# Callahan Divide SWCD Fish Stocking

The Callahan Divide Soil & Water Conservation District is now taking orders for their Annual Fish Program. Each year the district offers these fish to the general public on a first come=first serve basis at a very inexpensive price.

through August 31, 2006, or until supplies run out. Whoever come first. The fish will be delivered to Baird on Thursdays. We will set appointment times for pick up as orders are taken. All orders are pre-paid with a check or money order. and delivery is guaranteed.

These fish come from the Arms Fish Farm out of Dublin, TX.

For more information contact the Natural Resources Conservation Service office in Baird, TX at (325) 854-1349 Ext. 3. The office in Baird is located at 141 W. 4th and Suite B. Orders and information may also be obtained at the Albany, TX NRCS office. The number is 325-762-2552. EXT 3.

This year's selection of fish includes Bluegill, Hybrid Bream, Red Bream, Red Ear, Grass Carp, Largemouth Bass, Catfish, Bluecat, Crappie, Goldfish and Koi. In Addition we are also offering Red Horse minnows, Fathead and Goldshiners.

Fish orders will be taken from April 19, 2006,
