VOLUME 51

LOCKNEY, FLOYD COUNTY, TEXAS, THURSDAY, FEBRUARY 12, 1953

NUMBER 44

SCHOOL BOARD SELLS BONDS; ELECTS PART OF FACULTY

The trustees of the Lockney Rural High School district, in a meeting Monday night of this week, voted to sell the \$250,000 in bonds voted last year by the district and re-elected four members of the faculty in supervisor capacity.

Columbian Security Corporation's bid for the bonds was accepted. The company's bid was for a net interest of 3.61042 per cent over the 25 year period. However the Board holds an option to purchase the remaining bonds after a 10 year period. The interest rate is on a sliding scale with the first five years carrying 2 1/2 per cent interest, the second five years carrying 3 per cent, the third five years carrying 3 1/2 per cent and the remaining 10 years carrying 3 3/4 per cent interest.

The Board re-elected F. M. Smith and Weldon Dodson as principals of the high school and grade school respectively, Curtis Kelley as coach, and Elvin Lyon as assistant coach, giving each of them one year contracts. Supt. W. C. Irons' contract was extended one year from expiration, the present contract having one year to run.

Three Local Service Men At Ft. Hood

Three Lockney boys, recently inducted into the armed forces, have arrived at North Fort Hood, Texas, where they have been assigned to the famed First Armored Division for basic training. The boys are Sam Daniel, son of Rev. and Mrs. N. S. Daniel; Rex D. Rogers, son of Mrs. C. M. Rogers and Donald Reecer, son of Mr. and Mrs. L. L. Reecer.

Famed as a combat division in World War II, the First Armored Division was reactivated in 1951 under Major General Bruce C. Clark and is at present undergoing combat training at Fort Hood.

Floyd Named 10th In Cotton Production

Floyd County ranked tenth in the state in cotton production, or in cotton ginnings in 1952, according to figures released this week. If all out-of-county ginnings of cotton produced in the county were counted it would probably push the county standing up to around fourth or fifth place, since estimates of production in the county run well over 100,000 bales. Ginnings totaled 94,374 bales.

Car Overturns On Floydada Curve

A 1941 Ford driven by a Wellington printer overturned on the curve at the Y in Floydada Monday after the driver had attempted to negotiate the curve too fast. The car turned over on its top and skidded down the highway some distance. The driver was treated at a Floydada hospital for an injured hand.

Sheriff Earl Cooper filed charges in Justice court of reckless driving and the man was fined \$25 and costs.

Mother Harper Is Critically Ill

Mrs. J. B. Harper, better known as Mother Harper, is critically ill at her home here. She has been ill some time but became critical this week. Here at her bedside are her children, Mrs. Boyce Kenady with whom Mrs. Harper lives, Mr. and Mrs. Bill Harper and Jim Harper, all of the Rio Grande Valley, Mrs. Nellie Bolin, Plainview; and Mrs. Ruby Lemon and Mrs. Bruce Rich, both of Plainview.

Plan Barbecue On Soil Day

Local business men will be hosts at a noon barbeque to all those attending the Soil Building day program in Lockney on Friday, February 27, it was decided in a meeting this week. County Agent Robert H. Gibson is working with the local committee on making plans for the day.

Outstanding speakers for the day will include Les Ewing, farmer and agriculturist from Colorado, Ivan Wood, irrigation specialist, and several other men noted for leadership in agriculture.

The Soil Building day replaces the old irrigation school, which has been held in Lockney for several years. The program will cover some subjects on irrigation but will also cover many other things of interest to the farmer and rancher.

A. K. Hepperly, agricultural agent for the Burlington Lines, is also assisting in the school here as well as schools in other counties over the South Plains.

New Store Will Open Feb. 20

Lockney's new dry goods store, the J. C. Jones Co., will open its doors on Friday, February 20, according to announcement this week by J. C. Jones, owner. The store is being stocked this week with new merchandise direct from the wholesaler and everything is expected to be in readiness by next Friday.

The store is located at the corner of South Main and College Avenue in the building formerly occupied by Pylant Grocery.

"We will handle merchandise for the entire family and offer merchandise at popular prices," Mr. Jones said. "Our merchandise includes many standard brands, is all staple goods and includes a nice stock of men's ready-to-wear including men's suits."

As the store is being stocked this week, new fixtures are being installed and new flooring covering laid.

The store will be in charge of Mr. Jones' son and son-in-law, B. C. Jones and Earl W. Miller. Both will move their families here and be a "part of the town," Mr. Jones said.

Dr. Marshall Resigns At Wayland College

Dr. J. W. (Bill) Marshall submitted his resignation as president of Wayland College Tuesday of this week. He has been president of the college since 1947.

He gave as his reason for resigning his interest in missions and the conflict between the work of missions and his work as president of the college.

Gibson Resigns; New County Agent Employed

Robert H. Gibson has resigned his position as Floyd County Agricultural Agent and the Commissioners Court has agreed to employ Bill Rogers, assistant county agent of Lamp County as the new agent in Floyd County. The change is effective March 1.

Mr. Gibson submitted his resignation to the Commissioners last week. He has been Floyd County agent for four years, coming here from Garza County. He has accepted a position as farm superintendent at Paymaster Farm, located three miles north of Aiken, and will move his family to the farm soon.

The new agent is the son of Bill Rogers Sr., farm manager at Texas Technological College, Lubbock. He is 27 years of age. He comes to the county very highly recommended, members of the Commissioners Court said. He is a graduate of Texas Tech, spent 2 1/2 years in the Army and three years in the Extension Service. His wife is a Petersburg girl, the former Doris Scarborough.

Wilton H. Jones, district agricultural agent, recommended the young man and arranged for his employment in this county through the Court. The county will pay \$2500 per year on the salary of the agent with the Extension Service paying the balance.

Farm Bureau Drive Postponed

The annual membership drive of the Floyd County Farm Bureau will be held next week, officials of the organization have announced. The drive was scheduled for this week but President Helmuth Quebe and other members of the county bureau in a dinner conference this week decided to postpone the drive until next week.

All committeemen and workers are urged to attend a meeting Monday night, February 16, at 7:30 in the high school cafeteria in Floydada, for the purpose of hearing a business report on activities and to make final arrangements for the membership campaign.

Thirteen representatives of the Floyd County Farm Bureau attended the district meeting in Lubbock Monday. Approximately 75 Farm Bureau officers and members heard a good report from C. H. DeVaney, state vice president in charge of the Bureau's legislative office in Austin. Mr. DeVaney told the group that a great many of the state's senators and representatives are turning to the Farm Bureau in order to get the views of farm and ranch people on matters pertaining to agriculture.

Leon Lane, assistant state organization director, gave some demonstrations on proper and improper methods of approach to the membership problem, and illustrated the power of unity and cooperation. R. J. Buchanan, district director of organization, emphasized the importance of reaching goals and quotas in membership for area two and reminded the group that the state was looking to this area to set the pace in work of membership and organizational activities.

TWO VICTIMS of a tragic plane accident near San Antonio Monday are pictured here. They are Rhea Mitchell, left, pilot of the plane, and his brother, Glen Mitchell, both killed instantly in the crash. They are sons of Mr. and Mrs. T. B. Mitchell of Lockney and each leaves a wife and two children.

Plane Failure Believed Cause Of Crash Which Claimed Four Lives

Triple Services For Young Men

Triple funeral services for three men killed in a plane crash Monday were held at the First Baptist Church here Wednesday afternoon at 3 o'clock. The men were Rhea Mitchell and Glen Mitchell, brothers, and George D. Turner Jr., a brother-in-law of Glen.

Probably between 1500 and 2000 people crowded the church building and the Methodist Church auditorium where a speaker had been connected to pay last respects to the young men. It was the largest crowd seen at a funeral service in the history of the city, many people said.

Ministers participating in the services were Rev. C. J. McCarty, pastor of the Calvary Baptist Church, Lubbock; Rev. A. Hope Owen, pastor of First Baptist Church, Plainview; Rev. Aaron Shaw, pastor of First Baptist Church, Happy; Rev. N. S. Daniel, pastor of the First Methodist Church, Lockney, and Rev. R. H. Campbell, pastor of the St. John's Methodist Church at Plainview.

Rev. Owen brought the message of comfort and solace to the hearts of the bereaved families. He pointed out that death is not the victor in the eternal existence of immortal souls, that life is the final winner in the struggle between the two and that life after death was a certainty for all.

He reminded the bereaved ones of the loving care of the Heavenly Father and that He would always be near when called upon for comfort and solace.

Rev. Owen read the obituary of Rhea Mitchell, Rev. Shaw read the obituary of Glen Mitchell and Rev. Campbell read the obituary of George D. Turner Jr. Rev. Daniel led in prayer.

EDWIN RHEA MITCHELL

Edwin Rhea Mitchell was born May 7, 1921, at Lockney. He was reared at the Mitchell farm home in the Pleasant Valley community and graduated from Lockney High School in 1938. He attended Texas Technological College 3 1/2 years and started Army flight training in 1942. After graduating at Randolph Field he was made a liaison flight instructor at Lamesa.

On August 14, 1943 he was married to Frances Beth Hampton of Plainview.

Later he served as a commercial airplane pilot with Braniff Airways and in 1946 he and his family moved to Lockney where he began farming.

Rhea was Worshipful Master of Lockney Lodge No. 867, A. F. & A. M. at the time of his death. He had been a member of the lodge for several years and last fall, along with his brothers, he became a member of the Khiva Temple Shrine at Amarillo.

(Continued on back page)

REV. J. R. NAYLOR

Services For Rev. Naylor Held

Funeral services for Rev. J. R. Naylor, pastor of the First Baptist Church of Lockney, were held Wednesday morning at 10:30 at the church. A crowd which overflowed the church auditorium, balcony, choir and other rooms, heard Rev. B. J. Martin of Childress and Rev. S. F. Martin of Wichita Falls tell of his sincerity and earnestness, of his great character and of his victories in his Lord's work. Rev. Howard Scott of Clarendon led the opening prayer.

More than 40 ministers of this area were in the crowd of people that came to pay their last respects to the local pastor.

Burial was in the Memorial Park cemetery at Plainview with Carter Funeral Home of Lockney in charge. Pall bearers were Homer Bartram, Leslie Ferguson, Edgar R. Hays, Eldon Roberts, Harmon Handley, Melvin Potts, all of Lockney, and S. M. Moore and R. H. Vestal of Archer City.

Rev. Naylor was born near Clarendon on November 5, 1920. He was reared in the Naylor community of that area and graduated from the Leila Lake school. He later attended Clarendon Junior College and Howard Payne College at Brownwood. He surrendered to preach when he was 16 years of age.

While selling Bibles in Virginia he met Miss Eileen Rhudy and the two were married on August 23, 1941 at Freis, Va. His first pastorate was at Martin, Texas, and he later was pastor of churches at Stinnett, Thrift, Archer City and then Lockney.

Rev. Naylor accepted the pastorate of the First Baptist Church of Lockney last February and he and his family moved here early in March. He lacked only a month serving the church a year.

Rev. Naylor was deeply interested in his work as pastor of the First Baptist Church. His interest was exemplified by the work he had accomplished and the growth of the church since his coming. He was also a lover of hunting and fishing. Often, as his work would allow, he went on a hunting and fishing trip with men of his church and had earned the love and devotion of the men with whom he associated both at work and at play.

He had accomplished great things at other churches of which he had been pastor, according to those who knew him. Many people from Archer City and Thrift were in the congregation which mourned his passing at services here Wednesday.

Survivors include his wife, one son, Rhudy, age 9 and a daughter, Janice, age 7; his parents, Mr. and Mrs. Carl Naylor of Clarendon; three brothers, Rev. Wayne Naylor of Hartley, Calvin Naylor of Amarillo, and Joe Tom Naylor of Clarendon; one sister, Mrs. Melvin Bick of Clarendon.

Plane failure was the cause of the tragic accident which claimed the lives of four Lockney men Monday morning near San Antonio according to the best information The Beacon can obtain. Pilot Rhea Mitchell radioed a San Antonio airport shortly before the accident that he was in trouble, one report quoting him as saying that his plane was disintegrating in the air. The plane crashed into a wooded area, cut a swath 200 yards long through the brush, burst into flames and then exploded. Bodies of the men were thrown 150 to 200 feet and parts of the plane were blown a quarter mile.

Dead are Rhea Mitchell, pilot and owner of the Beechcraft Bonanza, Rev. J. R. Naylor, pastor of the First Baptist Church of Lockney, Glen Mitchell, brother of Rhea, and George D. Turner Jr., brother-in-law of Glen.

A copy of the Bexar County sheriff's department report on the accident, furnished to The Beacon by Floyd County Sheriff Earl Cooper, said "the pilot, Rhea Mitchell, radioed to the airport he was in trouble. He had gone over the large mountain nearby and when attempting to land in the fog, the plane burst into pieces, and was scattered in every direction." One wing was found a considerable distance from the other parts of the plane.

Mrs. A. W. Freisenhahn, a farm woman who lives near the scene of the crash, said that she saw the plane disappear behind a hill and heard it explode. She said that she and her husband first noticed the plane when it was about three quarters of a mile high. The plane started to glide downward before it disappeared behind the hill.

Mr. Freisenhahn hurried to the scene of the crash but "there was nothing I could do when I arrived," he said. "The wreckage was widely scattered and burning and I counted four bodies. The men had apparently been killed instantly."

On Fishing Trip

The four men had left for a long-planned deep sea fishing trip Monday morning about 7:30. Rhea Mitchell and Rev. Naylor had planned the trip for some time but a quirk of fate saved the life of one or two other Lockney men and cost the life of others. R. H. Ford had planned to go with the men but his

As if fearing something would happen, Rev. Naylor signed an application for two life insurance policies on Saturday before he was killed. On Tuesday Eldon Roberts, local representative of Rural Life Insurance Co., was notified by his company that they would pay double indemnity on the policy which they had received application for just the previous day. No report from the other policy has been received as yet.

The group planned to join the parents of Rhea and Glen, Mr. and Mrs. T. B. Mitchell at Port Isabel where the Mitchells have some cabins.

First word of the tragedy was received here when the news room of Radio Station KITE at San Antonio called The Beacon office about 10 a. m. and asked for the identity of the other two men in the plane. Officers had been able to identify Rev. Naylor and Rhea Mitchell but did not know who the others were. News of the tragedy spread like wild fire.

SCOUTING SILHOUETTES

By TOMMIE DANIEL District Scout Executive

Lockney Den Mothers' workshop will be held Wednesday morning, February 18, at 9 o'clock at the First Baptist Church.

Opportunity For Growth

I salute the Boy Scouts of America, observing its 43rd birthday during Boy Scout Week, February 7 to 13, with its membership at an all-time high of 3,250,000 boys and adult leaders enrolled.

Our nation is all the richer for since 1910 more than 20,200,000 Americans have benefited by the training, fellowship, handicraft skills and high adventure of Scouting, and have been strengthened by the high ideals of the Scout Oath and Law.

Boy Scout Week this year plan-

es major emphasis on "The Scout Family." This is a two-way recognition. It honors the many fathers of Scouts among the 850,000 adult volunteer leaders in the organization. It salutes the 127,209 mothers who give generously of their time as Den Mothers in the Cub Scout ranks.

"The Scout Family" of Scouting programs meet the varying needs of boys. Cub Scouting is for boys 8, 9, and 10 years old. Boy Scouting is for those 11, 12 and 13. Exploring is for young men 14 and older.

There are 58,934 churches, schools, civic and fraternal groups who sponsor the nation's 84,300 Scouting Units in their aims to strengthen family life and build a better future citizenship in the community.

Most of these groups sponsor one of the three programs. The need today is for more boys to

have the advantages of Scout training. These groups can best meet this challenge by sponsoring additional programs. This would make it possible for a boy to join Scouting over a ten-year span, from 8 to 18, under the same auspices.

Third National Jamboree

The Third National Jamboree, now in planning, will be a "once-in-a-lifetime" experience for 50,000 Boy Scouts, Explorers and Scout Leaders of all races and creeds who will live in a democratic tent-city that will rise on a real western ranch near the Pacific Ocean.

The owners of Irvine Ranch in the Newport Harbor area in southern California, about forty miles southeast of Los Angeles have loaned a 3,000-acre site to the Boy Scouts of America. Here will spring up, literally overnight, a city of 30,000 tents, with its own electricity, water supply, sanitation, telephone system, food supply, doctors, fire protection, in fact all essentials found in a community of this size.

There will be pageants and

Andy Rogers To Head Senate Committee On Stock Raising

Senator Andy Rogers last week was named to head the Senate committee on Stock and Stock Raising, and received unexpectedly high appointments on two other major committees of the 53rd Legislature.

Rogers, who at 28 is the youngest senator ever elected from West Texas, received appointments rarely given to a newcomer in the Texas Senate.

Besides being named head of the Stock and Stock Raising Committee, Rogers was appointed

vice-chairman of the Agriculture and Education committees; and is a member of committees on Water Rights, Irrigation and Drainage; Military and Veterans' Affairs; Internal Improvements; and Public Printing.

Speaking of the unexpected responsibilities given him, Senator Rogers said, "It is a pleasant surprise to know our district has received so much recognition through my appointment to these important committee posts."

Each member of the Texas Senate is appointed to several committees, but rarely are such noteworthy appointments given to a newcomer.

In the all-important Agriculture and Education committees, the chairman posts were given to senior senators. It was expected that two other senior senators would be appointed vice-chairman of these committees, Rogers said.

Rogers is serving his first term in the Senate. He had previously served with the 51st and 52nd Legislature in the House of Representatives. While in the House, he served on committees for Appropriations, Agriculture, Highways and Roads, Conservation, and Insurance.

LOCKNEY AUTO COMPANY

Telephone 3368 - Lockney, Texas

South Plains

by Mrs. Murray Julian

Rev. and Mrs. Spearman and two children from Kirkland, Texas will move to the parsonage in South Plains Thursday, Feb. 19, but Rev. Spearman will preach this coming Sunday morning, Feb. 15, and not be present until the following Sunday morning when they hope to be settled in their new home here. The church looks fine in its redecoration, but due to the paint not being dry this past Sunday the evening services were called off.

Mr. and Mrs. Albert Stewart received word from their son, Dean, this past week, and he is stationed for his boot training at Camp Hood, Texas. He left from here for Fort Sill, Okla. and was sent direct to Camp Hood.

Mr. and Mrs. Frank McClure brought their daughter, Mrs. Don McClure and new granddaughter Donna Jean to their home a week ago, but the daughter had to go back to the hospital at Crosbyton on Tuesday, and Mr. and Mrs. McClure have been staying there for the past week, only coming home for necessities. We hope she is soon able to come home.

Early Joiner left early Sunday morning for his ranch in Rye, Colorado with a loaded truck of supplies which he will use the coming months he will be there on the ranch.

Visitors at the home of Mr. and Mrs. Otho Sanders on Sunday afternoon were Mr. and Mrs. J. E. Patterson of Childress, and her mother, Mrs. J. F. Jeeter, from Rule, Texas, and Mr. and Mrs. R. G. Dunlap, Becky and John. Mr. and Mrs. Patterson are moving to a new home in Eugene, Oregon and their friends will all be sorry to see them go so far away, as they moved to Childress from Sterley, but Oregon is farther still.

Mr. and Mrs. George West went to Lubbock on Thursday of last week where Mr. West had a check up at the doctors, and attended to other business there.

Mac Smitherman left Saturday for Portland, Texas, where he will spend the next few days

visiting his maternal grandparents, Mr. and Mrs. J. K. McKenzie and Mr. and Mrs. R. M. Nutt, an aunt and uncle.

Several from our community attended the interesting and worth while cooking school which was held in Lockney at the auditorium last Thursday afternoon. Mrs. John Riley was the fortunate lady who won the range, but everyone enjoyed the demonstration. Those who went from here were Mrs. J. K. West, Mrs. Raymond Upton, Mrs. R. G. Dunlap, Mrs. Murray Julian, Mrs. G. H. Milton and Mrs. Harold McLendon.

Mr. and Mrs. G. F. West left for Amarillo on Friday where they spent the night with Mr. and Mrs. E. T. Evans and family. On Saturday morning they left for Garden City, Kansas, where they planned to visit Mr. West's parents for a few days. They plan to be home this coming week.

Rev. and Mrs. C. Y. Pickens and Dale came home from church on Sunday with Mr. and Mrs. Fred Fortenberry and had lunch and supper with them.

Mr. and Mrs. Carl Daniels from Sedalia, Missouri, have been visiting the greater part of last week and this with friends and relatives here and attending to business on their ranches here. They stayed with Mr. and Mrs. L. N. Johnson and Carlton and we understand Carl is planning to have more irrigation wells put down.

An interesting Community Club party was held at the school house on Friday night, Feb. 6 with ten couples in attendance. Everyone was glad to see old friends Mr. and Mrs. Arthur Brown, from Lockney, for they have been gone a long time. Coffee, cocoa and cake and cookies were served during the evening and the next meeting will be February 20, and this will be a covered dish supper. Do plan to come, bring your dominos, table and a covered dish on that night. Present were Messrs. and Mmes. I. H. Parks, G. H. Milton, Byron Karr, M. M. Julian, S. A. Thornton, Raymond Upton, Albert Stewart, H. L. Marble, Bill Beedy, Arthur Brown, and June Marble, Bruce Julian, Eddie and J. Parks, Barbara and Donita Milton.

Mr. and Mrs. Gilbert Bean were hosts at a party on Wednesday night, Feb. 4, at their home in Lockney. The party was a surprise birthday party for Mrs. H. L. Marble, and a pretty birthday cake with other refreshments was served the guests after an evening of "42". Those who were present were Mr. and Mrs. H. L. Marble, Mr. and Mrs. George Beedy, Mr. and Mrs. H. R. Hart-

My Neighbors

By BILL PAULSON

"I like the idea of 'Life, Liberty, and the pursuit of boys,' but taxes are against that sort of thing!"

man and the hosts, Mr. and Mrs. Gilbert Bean.

The South Plains WMS met at the home of Mrs. Bryan Karr on Wednesday afternoon, Feb. 4, at 2 o'clock. The meeting was opened with a prayer by Mrs. G. H. Milton, and under the guidance of Mrs. Karr, the group studied "Eve," from the book, "Women of Destiny." On the program were Mmes. Milton, Jones, Karr, Smitherman and Julian. Following the discussion the hostess served a refreshment plate to the following: Mmes. Dock Jones, Grigsby Milton, Murray Julian, John Smitherman, Sterling Cummings, Zach Cummings and H. S. Calahan Jr. The next meeting will be February 18, at the home of Mrs. John Smitherman for the study of Royal Service.

Mr. and Mrs. Lorin Liebfred in Floydada, were hosts at a birthday supper honoring her father, W. M. Sanders on Saturday night, February 7, at seven o'clock. Guests who attended the dinner were Mr. and Mrs. Otho Sanders and children, Mr. and Mrs. O. R. Sanders and Verita and Linda Reeves from Hereford, the honoree, W. M. Sanders and Mrs. Sanders, who reside in Floydada.

The Boy Scouts of troop No. 61 at South Plains had a jamboree over the week end. J. B. Thames, scoutmaster, took the group of boys to Silverton on Friday after lunch and spent the night and Saturday at the Scout Camp, Camp Haynes. Dick Guest and Rex Smitherman accompanied Mr. Thames and the Scouts on the camping trip. Those who went were Roy, Edward and James Hartman, Kendis Julian, Eugene Beedy, James Higginbotham, Ronnie Thornton, Price Pritchett and Newton Deavenport.

Mr. and Mrs. John Wilson and children were hosts at a farewell six o'clock dinner at their home on Saturday evening to her sister, Mr. and Mrs. Chas. McDonald and boys of Plainview. Those who partook of the dinner were Mr. and Mrs. Menard Field of Floydada, Mr. and Mrs. W. M. Staniforth Jr. and children of South Plains, and cousins from Lubbock were Roy Glen Johnston and Mr. and Mrs. J. R. Johnston, Mr. and Mrs. McDonald are leaving this Monday for Benkleman, Nebraska, to make their home and Mr. and Mrs. Menard Field will accompany them there, but will return later. Mrs. McDonald's brother, Adrain Field and family formerly lived here, moved to Benkle-

man and the Fields plan to make their home there in the future.

Mr. and Mrs. Paul Snodgrass went to visit his cousin in McAdoo, Texas on Sunday afternoon. Mrs. Mable Laughlin was formerly from Bonham, but is now teaching school in McAdoo.

Mr. and Mrs. Bill Beedy had their children home over the week end. Eugene arrived home on Saturday evening from the scouting trip and Mr. and Mrs. Chas. Beedy from Amarillo spent the night and Sunday with their parents, and Mr. and Mrs. Bradford Beedy from Lubbock were there. They all left for their respective home on Sunday evening.

Many friends have visited Mrs. Paul Snodgrass while she has been home these past two weeks. Those who called this past week were Mrs. Bert Sewell, Mrs. F. M. Smitherman, Mrs. Lee Pearson, Mrs. Menard Field, Mrs. Johnny Wilson, Mrs. Will Sims, Mrs. Buster Wilson and Mrs. Bob Hill of Silverton, Mr. and Mrs. R. G. Dunlap and children, and Mr. Lee Leonard of Big Springs, a cousin of Mrs. Snodgrass.

Mrs. Kerns has been staying with her mother in San Angelo for the past few weeks. She has been quite ill, and they have been very worried about her, but she is doing better at this time.

Little Beth Calahan has roseola and several other children have been home ill this week. Gary Wilson and Jimmie Pritchett were ill Monday.

Mr. and Mrs. Ted Pitts have announced the birth of a son, Stephen Lynn, on the 29th of January. Stephen weighed almost eight pounds, and his grandparents here are Mr. and Mrs. R. E. Young. The Pitts live in Lubbock and this is their second son. Mrs. G. H. Milton is Mrs. Pitts' aunt.

ONE-A-DAY HOME HINTS

Thin-as-paper hotcakes wrapped around crisp brown small sausages are easy to make on the griddle top of an automatic gas range. Fasten them with toothpicks, sprinkle with grated cheese and brown directly under the flexible flame of your broiler. Serve hot with home fried onions.

The four newest yellow corn hybrids, Texas 24, 26, 28 and 30, all developed and released by the Texas Agricultural Experiment Station made outstanding records last year in tests conducted at widely separated locations over the state.

"Hand traffic" marks on doors and walls can be easily removed by washing first with warm sudsy water, then applying a light coating of wax.

There is one advantage to the moustache. It holds back the ice while you're drinking.

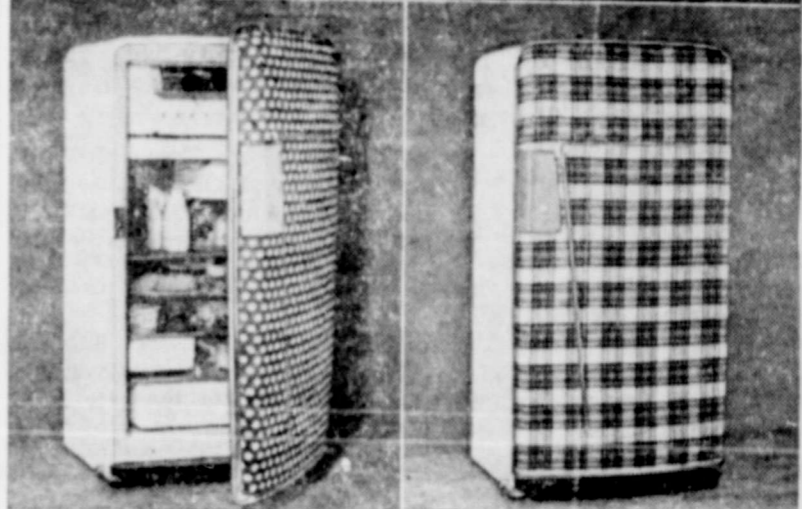

Perfect toast, evenly browned, may be made for the entire family at one time by using the broiler of the modern automatic gas range.

HOME HINTS

Are your curtains crisp and clean? A sudsy laundering in hot water will make them fresh as spring. Give them a starching for smooth, quick ironing and a delightfully attractive finish.

Watch your expiration date.

Pattern Styles Unlimited

Colorful front is a feature of this "Decorator" refrigerator by International Harvester. It is a 10 cubic foot model that can be decorated to match kitchen curtains, draperies, walls or tablecloths. All it takes is one and three quarter yards of fabric of any color or pattern. Inside, there's "7-climate" refrigerator, push-button automatic defrosting, shelves on the door, a butter-cheese-bacon keeper, spring-fresh green interior and two porcelain enamel crispers.

Society News

Order Eastern Star Meets Monday

Lockney Order of Eastern Star met Monday, February 2 in a regular meeting. Mrs. Lorene King paid tribute to the Star Points for their beautiful part of the order.

Invitation to Friendship nights were read from Floydada for a salad supper on February 12th at six o'clock, Petersburg on February 16 and Lemon Chapter, Hale center on February 19 for a salad supper. Plans were made to attend these meetings.

Hosts for the evening were Mr. and Mrs. R. C. Mitchell, Mrs. Hubert Frizzell and Mrs. Sam Miller.

Hostess To Lockney H. D. Club

Lockney Home Demonstration Club will meet Thursday, Feb. 12 at 2:30 p. m. in the home of Mrs. Frank Messimer. The program "Romance in Silver" will include table settings by Mrs. J. H. Cooper and Mrs. Messimer. "Silver Has a Story" by Mrs. L. M. Honea, Mrs. M. S. Johnson will give "Courtesy and Manner at the Table." Roll call will be answered with "Table Graces."

The club met with Mrs. B. B. Moody on January 30 for a program on "Color Harmony in the Living Room" given by Miss Leila Petty. A large number of color schemes were illustrated and discussed, including rug samples, wall paper, paints and draperies.

A poem "Why Criticize" was given by Mrs. J. H. Cooper and a reading, "Pledge for Americans" was given by Mrs. W. E. Marr.

Refreshments were served to Mrs. Thurman Davis, Miss Petty and twelve members.

Jolly Stitchers Club Have Meeting Thurs.

Jolly Stitchers Club met Thursday, February 5 in the home of Mrs. Oliver Holmes.

New officers who were elected were Mrs. W. A. Jolly, president; Mrs. H. R. Stuart, vice president; Mrs. W. O. Stuart, secretary-treasurer. Four new members, Mmes. Evelyn Bennett, Grace Lindsay, Inez Hillman, and Elina Bloys were added to the roll.

Refreshments were served to Mmes. C. E. Blair, W. A. Jolly, W. O. Stuart, V. H. Kellison, W. G. Kinard, G. M. Potts, E. T. Pigg, W. O. Stuart, A. L. Holt, G. Lindsay, E. Bennett, I. Hillman, Ray Hillman, Miss Anna Schacht and the hostess.

Next meeting will be with Mrs. G. M. Potts on Feb. 26.

Pink-Blue Shower Honors Mrs. Johnson

A Pink and Blue tea-shower was given recently in the home of Mrs. D. J. Phillips honoring Mrs. Donald Johnson.

Hostesses for the occasion included Mmes. Bailey Henderson, Sidney Rogers, Conrad Henderson, Jack Nix, Boyce Mosley, Jim Bobbitt, and Mrs. D. J. Phillips.

Punch, cookies and nuts were served to thirty-five guests. Many others sent gifts.

Mr. and Mrs. Tom Ed Wells and family of Olton visited his parents, Mr. and Mrs. Tom Wells of the Lone Star community over the week end.

Marvin Johnson of Liberal, Kansas, visited last week end in the home of his brother, J. B. Johnson of Lockney.

Lone Star Club Meets In Albert King Home

Lone Star Home Demonstration Club met Tuesday, February 3 at the home of Mrs. Albert King. Mrs. W. D. Nance, president, presided over the business session. Roll call was answered with a table grace. Exhibits of table settings were made by Mrs. Hoyette Hodges and Mrs. Raymond Teeple gave a historical story of silver, using the quotation: "Go often to the house of thy friend for weeds choke up the unused path." Very much the same is true with our silver, use it and it's beauty is yours each day, neglect it and corrosion disfigures it as weeds do our paths. The program was concluded by "Courtesy and manners at the table" given by Mrs. C. L. King.

This meeting marked the 50th anniversary of Home Demonstration work in Texas and 37 continuous years of work in the Lone Star community.

Mrs. Hubert E. Frizzell will be hostess for the next club meeting on February 17. Members are to invite a guest for that program.

Thirteen members were present Tuesday.

Gunner Circle Meets In Cooper Home

Lorraine Gunner Circle of the Baptist W. M. S. met Monday afternoon in the home of Mrs. Ross Cooper for a program of Royal Service entitled "Mormons and Their Religion."

Refreshments were served to Mrs. Glen Mitchell, Mrs. Frank Guidry, Mrs. Don Murphy, Mrs. Thomas Marr and the hostess, Mrs. Cooper.

Mr. and Mrs. Cacy Barthelme of Miles City, Montana, visited last week in the home of Mr. and Mrs. E. J. Thomas.

Watch your expiration date.

Television Miss

Despite the handicaps imposed by polio, little Susan Fairbairn of Phoenix, Ariz., is about to make her debut as a singer on television. She was stricken by spino-bulbar polio during the epidemic of 1950. With March of Dimes help, she underwent treatment in Phoenix and then at Georgia Warm Springs. Later on, she will get surgery to help relieve some of polio's severe after-effects.

302 Register At Cooking School

A total of 302 ladies registered at the annual Maytag Cooking School and Frozen Food Demonstration sponsored by Pennington Motor Co. and held last Thursday at the City Auditorium. It was the largest crowd since the schools began, Mr. Pennington said.

Mrs. J. L. Riley of the Lone Star community won the big prize of a Dutch Oven Gas Range. A number of other prizes were given away by local merchants co-operating with Mr. Pennington in the school.

Mrs. Suzanne Pickett, Maytag home economist, gave some very interesting demonstrations and distributed recipes, menus and other papers to the ladies present.

Lectureship Set At Abilene College

Abilene. — Speakers representing Church of Christ activities on five continents, 10 countries, eight states and 19 Texas cities will be on the program of the 34th annual Abilene Christian College Bible Lectureship.

The lectures will all revolve around the theme, "The Church at Work." The following men will deliver the nine main lectures:

Delmar Owens, Tulsa, Okla.; Clifton Rogers, Port Arthur; Paul Wallace, Gladewater; Willard Collins, vice-president, David Lipscomb College, Nashville, Tenn.; James D. Willeford, Madison, Wis.; Leonard Mullens, Dallas; Glenn L. Wallace, Abilene; Robert C. Jones, Ft. Worth; and Carl Spain, Houston.

The lectures will be held simultaneously in three auditoriums, Sewell Auditorium and Bennett Gymnasium on the Abilene Christian College campus and the auditorium of the College Church of Christ, across the street from the campus.

First hand reports from foreign areas of the church's work will be delivered by Leonard Gray, Africa; Mack Kercheville and Gabriel Ortiz, South America; Gottfried Reichel, Germany; Carl Mitchell, Italy; Maurice Hall, France; Freshon Kharlukhi, India; Logan Fox, Japan; L. E. O'Neal, Philippines. The U. S. will be represented by scores of preachers to report on work in different parts of the county.

List Floydada C-C Officers

Floydada. — Clement McDonald, Floydada automobile dealer, will take over as president of the Floydada Chamber of Commerce on March 1. McDonald was elected president by the chamber's board of directors last week. L. K. Clark, Jr. was elected vice-president and F. L. Norman, treasurer.

Other members of the board of directors include Bob Gibson, L. L. Jones, Aaron Carthel, Guy Ginn, Hershel Swepton, W. E. Garrett, John Reue, Ed Wester, O. M. Watson, Sr., and D. T. Mayo. The president will appoint three directors at large to complete the board.

O. M. Watson Jr., will continue as manager of the chamber of commerce.

The chamber's new year starts off with two important events. The Floyd County Junior Livestock Show has been scheduled for March 11 and 12, and the annual chamber of commerce banquet is set for March 27. Jeff Williams will be the banquet speaker.

Please—Don't All Hit The Road At Once!

Arkon, O. — If every car and truck owner in the state of Texas tried to go for a ride on the same Sunday afternoon, there would be a vehicle every 9 yards on every paved street and highway in the state.

Fortunately, the odds are against this happening, since the average motorist spends only about 25 "days" a year in his car, according to James J. Newman, vice president of the B. F. Goodrich company.

He points out that estimates of American automobile usage and driver habits show that the average motorist drove 9,000 miles last year. At his average pace of 30 miles an hour, this totals 300 hours, or 25 daylight driving days. This is only 6.8 percent of the daylight hours in a year, he says.

Newman says that the state's motor vehicle registration today is at its highest mark in history and will probably reach an estimated 3,252,000 early this year. Hard-surfaced road mileage in both rural and urban areas of the state is 16,711, which is also a new high, he says.

He reports that drivers throughout the nation feel traffic jams are responsible for the loss of millions of dollars in wasted time alone. Newman says B. F. Goodrich estimates a national increase of 12,000,000 car and truck registrations to bring the nation's total to 65,500,000 motor vehicles by 1960. This, he points out, seems to leave little chance for an early let-up in today's traffic congestion.

Newman, former chairman of the Inter-Industry Highway Safety Committee, says he believes that the nation's traffic problem could be solved if authorities start to work now on an expanded national highway program, improved parking and unloading

Good Equipment Needed For College Station

College Station. — The Texas Agricultural Experiment Station is planning to purchase a large amount of equipment for its new College Station campus. The equipment includes a variety of vehicles, including trucks, cars, and motorcycles, as well as a large number of pieces of agricultural machinery. The station is also planning to purchase a large amount of office equipment, including typewriters, adding machines, and desks. The equipment is expected to be delivered to the campus in the next few months.

EDITORIAL

And we know that all things work together for good to them that love God, to them who are the called according to his purpose.—Romans 8:28.

Tragedy—stark tragedy struck this community Monday morning. Words are inadequate—seeds seem to accomplish nothing—nothing can be said or done that will lessen the sorrow or ease the pain. We do not understand such things now. But the hearts of the entire community go out in sympathy to the bereaved ones and everyone is willing and anxious to help in any way possible.

Telephone No. 14

For the second time in the history of this nation we have declared our independence of England. No longer is the English government dictating our foreign policy. No longer will our battle ships protect England's trade with Red China. Our own state department and the national administration are again doing the thinking and determining our foreign policy. England's famous "muddle through" policy is not for this country. The people of this nation want a definite, clear-cut policy. It appears that is what the Eisenhower administration is giving us. Even some of Mr. Eisenhower's severest critics in this area are grudgingly admitting that he is doing something and doing it right. Perhaps he will make some mistakes but we still hold firmly to the belief that his intentions are straightforward and honorable, that he is a brilliant man and one that will not be easily fooled by politicians, and that he believes in action.

Work was begun this week on a Scout building on the grounds of the City Auditorium just east of the little Scout hut that has been up for several years. Reason is that the local Scouts have outgrown the little log building built by former Scoutmaster Art Barker and his boys some years ago. More room and a better building is needed for the Scout meetings. Girl Scouts also will use the building when they see fit.

As we said at the beginning work has begun. Some material is on hand, some money but not enough of either to get the job done. Many people of the community have not given anything to this Scout building program although a number have given. If you haven't given and want to help build a place for boy and girl Scouts to meet give or send your money to F. L. Brown or The Beacon office.

State Senator Andy Rogers of the new 30th district is setting the house afire with his action in the State Senate. Mr. Rogers, who formerly served in the House of Representatives, has introduced two or three bills or perhaps more, has been named to head one committee and to serve on several others and has stepped out in the lead in that august body of law makers. Rogers promised to serve the interests of the people of the state when he was running for office and apparently he is endeavoring to keep that promise.

OUR DEMOCRACY—by Mat

"We cannot escape history...The fiery trial through which we pass will light us down, in honor or dishonor, to the latest generation...We shall nobly save, or meanly lose, the last, best hope of earth. The way is plain, peaceful, generous, just—a way which, if followed, the world will for ever applaud, and God must for ever bless."
—Abraham Lincoln—Message to Congress

With Our EXCHANGES

STRENGTH OF THE NATION
There is no denying that the great strength of this Nation has been abused. We have thrown our resources into two great wars and then thrown away both of these achievements as a prodigal throws away his substance. Yet, in spite of all this, we are still the strongest of nations, not in the power of arms alone but in resources of land and people. There is no denying that our public morals have come to sad estate. We have stooped to bribery and corruption, from school children to high officials. But we have not sunk to the depths of cynical suffering. The people proved that they can be shocked and, being shocked, indignant. It is not the incidence of bribery but the capacity for indignation that is the true measure of public morals. There is no denying

better than the other fellows," he began modestly. "Every one of them has as good a voice as I have, and he can be heard as far. We all use about the same tones, but there's one thing maybe the rest of them never thought of. You know, there's a lot of human nature in a hog, and when I call him I try to make him think that if he'll listen to me, there is something in it for the hog."

We can turn the statement around, and say that there is at least a little bit of hog in human nature. And if we can manage to convey to the man that there is something in it for him—not necessarily material, but mental and spiritual—something that will make him happier—he will be more likely to respond when we call him.

Civic minded citizens recognize that trait. They make it plain that community enterprise will make him a better citizen, and his community and nation better places in which to live.—Hamlin Herald.

WHAT A BLOW

A barber wire fence raised by a homesteader on the prairie in the early days could not have raised more hue and cry than a short strip of barbed wire erected recently by Dr. O. W. English on his ranch in Blanco canyon. You see, the fence closed off to the public a short strip of White River and a big grove of cotton wood trees that has been a public park since 1925. Our first reaction on seeing that five strands of barbed wire supported by heavy posts was, "He can't do that to us—the park belongs to the people." So off we hied to the county clerk's office to prove our point. But undoubtedly Dr. English knew what he was doing. According to the records that we could find he has a clear title to some 46.10 acres of land which used to belong to the people of Texas.—The Crosbyton Review.

Man devotes half of his life to ruining his health, seeking wealth; and the other half spending his wealth to regain his health.

We like any man who comes right out and says what he thinks, when he agrees with us.

Three of America's most popular characters were unborn: Uncle Sam, Santa Claus and Charley McCarthy.

Long Ago In Lockney

Items of interest from the files of The Lockney Beacon.

May 16, 1914
Last Sunday afternoon about sixty cars from Plainview left with three hundred people to visit the syndicate holdings about four miles west of Lockney where they saw many big irrigation wells, waving wheat, rich alfalfa, fat cattle and growing hogs.

Last Sunday evening at the home of the bride's parents here Miss Annie Alford and Mr. Curtis Wilkerson, were married. Rev. Ed Williams, Methodist pastor read the vows.

Senior Class graduating exercises for the term of 1913-1914 will be rendered tonight at the College Auditorium. The class is composed of Misses Nannie May Lewis, Dena Muncy, Flossie Muncy, Vera Fry, Mable Dagley; Messrs. Tate Fry and Madison Ayres.

The Plains country was visited by 24 hours continuous rain, giving us the best season in years. Crop prospects are wonderful.

May 4th, 1923
An explosion, the report of which was heard for several blocks, occurred about one o'clock Monday at the Mudgett Machine Shop, and resulted in Mr. Frank Mudgett being seriously and painfully injured. His brother, Jerry and Mr. J. L. Dagley who were nearby called a physician and Frank was given medical and surgical treatment. He remained unconscious for three hours, suffering from fragments of the gas drum, and from shock. Several front teeth had to be extracted and five others were broken. Mr. Mudgett is one of the best mechanics in this section.

Chick Northcutt while out on the Tule Canyon looking for horses his mount fell, breaking Chick's leg. He was about three miles from Clyde Lightsey's house and he started crawling toward the place when it started raining. He was out all afternoon in the rain with a broken leg but finally he reached the house and he was rushed to the doctor.

First Baptist Church

LOCKNEY, TEXAS
J. R. NAYLOR, Pastor
GERALD JOHNSON, Music and Ed. Dir.

WE HAVE IN OUR ORGAN FUND . . .
\$2,119.63. Estimated cost of organ is \$3,000.00. Estimated cost of painting our auditorium is \$525.00. Our debt was removed two weeks ago so any money coming in now will go into the organ fund. If you did not have a part in the debt offering we urge you to make such offering as soon as possible. Your faithfulness will determine how soon we are to have the organ.

ATTENTION ALL TEACHERS . . .
Training Schools for teachers and other interested Sunday School workers are to be held all over the state of Texas next week. The school in our area is to be in the First Baptist Church, Floydada. Several outstanding teachers will teach various books pertaining to our S. S. work. Dr. A. A. Brian will be there and speak at the close of each evening.

DATES FOR YOU TO REMEMBER . . .
February 24th. District Convention at Muleshoe.
March 1st is Home Coming for our church.
March 13-22, is the date for our spring Revival.

PRAY FOR THESE OUR SICK . . .
Martha Jane Ballard, Baylor Hospital, Dallas.
Mrs. R. H. Ford, Baylor Hospital, Dallas.
Mrs. Ella Marr, Lockney Hospital.
Mrs. F. L. Marble, convalescing at home.
When our people are sick, let the pastor know about it.

WE NEED YOU IN OUR . . .
Training Union. Many larger churches than ours, have at least half as many in Training Union as they do in Bible School. Won't you feel the need of this training and avail yourself of this rare privilege? Be here next Sunday evening at 6:30.

The Alert Poultryman
ANSWERS YOUR QUESTIONS
Q. What is a good disinfectant for my poultry house?
A. Take my word for it—Dr. Salsbury's Germex is one of the best! Not only for the poultry house, but for all farm disinfecting jobs. Germex is a powerful germ-killer, yet isn't smelly or messy. Inexpensive, too. Use Germex to sanitize the drinking water of poultry. Clean the brooder house thoroughly, then disinfect with Germex, the all-around disinfectant.

first roll call vote on legislation. The issue was whether to give President Eisenhower broad authority to reorganize the government in the interest of economy and better management. I joined with a majority of the Members in voting for the bill. As the vote was progressing one of my colleagues asked me if I knew that during the last session of Congress I had made the best record of any Texas Member in answering roll calls. I had not known this, but he said that according to a recent publication I had answered 97% of all roll calls, the average for Members of Congress being 82%.

Almost inevitably a Member misses a few roll calls each year because of illness or temporary absence from Washington. Of course, merely answering the roll call is just part of it; voting wisely is the more difficult part.

President Eisenhower's Inaugural speech was good, but it was made in the open air and under very difficult circumstances. Last week the setting was perfect when he addressed the joint session of Congress. The Members were in their seats and the galleries were packed. He was thunderously applauded. Every member was, no doubt, in disagreement with him on some issues, but all were with him on many of his proposals.

For the benefit of the television audience the President was made up for the occasion with a little face powder. Rather than the customary white shirt and dark suit, he wore a pale blue shirt and gray suit. This did not mar his appearance for those personally in attendance, and it greatly improved his television appearance.

 CASH BENEFITS 79²/₁₀¢

My assignment on the Appropriations Committee in the new Congress is the same as in the previous Congress except that all committee chairmanships are now held by Republican Members. Hearings on money bills are already under way, and there is little doubt but that material reductions in spending requests will be made. Last year we succeeded in reducing budget requests submitted by the President in the sum of eight and one-half billion dollars.

Tech's New Building To Open March 10

Opening date for Texas Tech's half-million dollar Student Union Building has been tentatively set for March 10, Dean James G. Allen has announced. The ultra-modern building, located south of Tech's Administration Building, was financed "on the campus" with profits from Tech's Bookstore, candy and soft-drink concessions, the Infirmary, and a \$25,000 gift from the Ex-Students Association.

ONE-A-DAY HOME HINTS
 Home sanitation is an easily solved problem with a new automatic gas incinerator, according to the Gas Appliance Manufacturers Association. It eliminates garbage cans, pests attracted by decaying trash and unsightly spilled garbage caused by stray dogs.

The Smith-Lever Bill was passed by the Federal Congress in 1914 which officially set up the Agricultural Extension Service on a national basis and made it a part of the Land-Grant College System.

The Texas Legislature in 1911 passed the first law authorizing county commissioners' courts to appropriate money for the salaries of county agricultural and home demonstration agents.

From the outside, the Student Union Building matches the Spanish Renaissance architecture of the other campus buildings. But the interior has a very modern design. Facilities in the new structure include a student lounge, snack bar, game room, television lounge, information and check rooms, seven student organization meeting rooms, large and small ballrooms, and offices.

The first furnishings are expected to be moved into the new and latest Tech building in the middle of February, but custom-made steel snack bar equipment will not be finished until after the first of March.

The forerunner of the present day 4-H clubs was boys' corn clubs and girls' tomato clubs. Tom Marks, county agricultural agent in Jack County, organized the first boys' corn club in Texas in 1908.

South Plains Stock Show March 16-18

Lubbock. — The 1953 South Plains Junior Fat Stock Show will be held here March 16, 17 and 18, Bill Tinney, general chairman of this year's show, has announced.

The general superintendent for the show will be Dave Sherrill, Lubbock County Agent. L. M. Hargrave, of the Agricultural Education Department at Texas Tech, will be the assistant general superintendent.

Again this year the show will include the Fat Steer, Fat Barrow and Fat Lamb Division. Only boys, between the ages of 9 and 20 inclusive, who are members of 4-H Clubs or FFA chapters, are eligible to enter animals.

W. B. Griffin, Tahoka, Lynn County Agent, will be superintendent of the Steer Division, and Ollie Limer, Plainview, Hale County Agent, will have charge of the Barrow Division. Other superintendents, assistants and judges will be announced later.

Officials for this 20th annual show have announced that the catalogues will be sent to all vocational agriculture teachers, county agents and other agriculture leaders within a few days.

The show will be held at the Panhandle South Plains Fair Grounds under the sponsorship of the Panhandle South Plains Fair Association, Lubbock Chamber of Commerce and Lubbock Board of City Development.

Rogers Attacks Lewd Literature

Senator Andy Rogers last week asked a crackdown on lewd literature traffic in Texas, aimed at cutting out sale of magazines glorifying sex and crime on newsstands.

Rogers introduced a Senate Bill Wednesday, Feb. 4 which would make illegal the sale or distribution of any type of lewd publication, picture, or movie devoted to immortality and lewdness.

Striking at newsstands selling immoral literature, Rogers urged the "striking out" of all sales and barter of such magazines.

"It's time for a crackdown on this type of thing," he urged. "Everyone knows that such books are printed and illustrated to prey on teen-agers, who will at one time or another buy one of the books as long as it is so easily available."

Farm Cash Income Down From 1951

Austin. — Farm cash income in Texas during 1952 was \$1,847,708,000—a 14-per-cent drop from the '51 total, the University of Texas Bureau of Business Research reports.

Most severe reverses came to producers of cotton (down \$188,000,000), cattle (down \$95,000,000), and calves (down \$44,000,000). Wool, sheep and hog revenues each were \$12,000,000 less than in 1951. However, income was up from wheat (\$38,000,000), rice (\$23,000,000), and cottonseed (\$21,000,000).

Most of the total reduction resulted from price declines, the Bureau says.

Spring Market Show At Lubbock Feb. 21-23

Lubbock. — Buyers from Lockney have been invited to attend the annual Spring Show of the Western Wholesale Market Association which will be held here Feb. 21-23.

More than 75 exhibitors will have displays of summer and early fall apparel at the various rooms in the Hotel Lubbock and Caprock Hotel. These manufacturers, wholesalers and jobbers from several states show their products here regularly, enabling the buyers of West Texas and Eastern New Mexico to replenish their stocks without having to travel hundreds of miles.

At the Fall Show in 1952, more than 700 buyers attended.

HOME HINTS
 A mixture of honey with half as much orange marmalade gives baked ham an elegant glaze and tastes delicious, according to home economists of the Gas Appliance Manufacturers Association.

EARLY LAYERS MAKE THE MONEY!

SO START CHICKS EARLY!

Every month earlier in the year (before April 1st) that you start chicks makes every hen in your flock worth about 20¢ more in fall eggs... February starting would double that figure and bring in around 40¢ more from each pullet in the flock. That's \$40 more per 100 pullets! That's a tidy premium for starting chicks early, isn't it? Why don't you drop in or telephone your chick order now. Put those early chicks on Chick Startena and get that premium return on the early fall egg market! We'll help you get started. Come in or phone us your chick order.

Reamer Rainer was able to leave the hospital Saturday afternoon but is still confined to his home.

Mr. and Mrs. Wiley Rogers, Cecelia Ann, and Mr. and Mrs. A. G. Tyler and Ronnie spent the week end in Dumas with relatives.

Mr. and Mrs. Shorty Neff and Aubrey Lynn spent Sunday in Hereford visiting with Shorty's sisters and their families.

Mrs. R. S. Shirley of Route 1, Plainview, a new member on the line, was a co-op visitor on Saturday morning.

Raymond Medley who has been in Japan the past two years has been here visiting relatives. He is a cousin of Bud Turner. He will be stationed at Tacoma, Washington.

Mr. and Mrs. Corkey Guffee attended the Hill family reunion at Pond Creek, Oklahoma, Saturday and Sunday.

Claude and Frances Weathersbee, Watson and Jean Jones, Jimmie and Sibyl Price, Gene

and Emma Collins and Bob and Nina Copeland went to Las Vegas, New Mexico for a skiing party over the week end.

Mr. and Mrs. Carroll Howell of Lubbock were guests of her sister and brother-in-law, Mr. and Mrs. Skinny Winn on Sunday.

Present for the Board meeting on Monday were: W. C. Snodgrass, president; H. L. Morris, vice-president; Herman King, secretary; Oliver Harmel; John Smitherman; Earl Edwards; and Lee Rushing and W. E. Grimes.

New members at the co-op are: Henry G. Baty, Billy Wayne Duke, Frank Claunch, Jr., and Gene Miller.

Today the average cost per kilowatt of electricity is the same as it was in 1939 and yet cotton was selling for 9c per pound then, hogs 6c per pound, and beef 5c per pound. Those prices have gone a long way since then — but electricity has stayed the same.

Increased use, and efficient use of electricity on more farms could greatly increase farmers' net income. Iowa State College says pigs drinking warm water in winter gained 10 pounds more. That could make a farmer with 200 hogs a ton more pork.

Mrs. C. D. Merrick of Lockney, was a co-op visitor on Monday. Ben Richard King and his

Simple, classic lines and sleek patent leather combined to make a pump of real distinction. Trimmed with mesh, this Vitality Shoes fashion was selected by Cosmopolitan magazine. It retails for about \$13.

mother, Mrs. Herman King of Lone Star community, north of Lockney, were visitors at the co-op on Monday afternoon.

Some of our politicians have discovered that they built their fences so high they can't get over them.

FAMILY REUNION

Visitors in the home of Mr. and Mrs. Frank Dodson last Sunday were Mr. Dodson's brother and family and his three sisters and their families. Present for dinner and a day of visiting were Mr. and Mrs. Ben Dodson and son, Tom of Olton;

Mrs. M. L. Hardy of Wichita Falls; Rev. and Mrs. Joe Wilson of Floydada; Mr. and Mrs. John Dry of Lubbock, and Mr. and Mrs. Weldon Dodson and children of Lockney.

Did you ever see a lawyer's brief that wasn't long?

Offer 42 College Scholarships In Five 4-H Programs

Five national 4-H award programs highly important in training rural boys and girls in farm and home projects are being continued in 1953, the State Club Office has announced.

The programs and donors are: Canning, Kerr; Clothing, Spoel Cotton; Food Preparation, Keivinator; Garden, Allis-Chalmers; and Home Improvement, Sears-Roebuck Foundation.

Based on latest enrollment figures, it is estimated that more than 1 1/2 million club members — both boys and girls — throughout the nation will participate this year in the five programs, in which they will make or remodel 2 1/3 million garments, plan and serve 13 million meals, can and freeze 8 1/2 million quarts and 2 million pounds of foods, and make 430,000 articles to improve 115,000 rooms in their homes.

Incentives for top records of achievement in each of these programs are honor medals, trips to the annual 4-H Club Congress in Chicago, and \$300 college scholarships to county, state and national winners, respectively.

Lone Star News

Miss Wingo Completes Studies At O. U.
Miss Elizabeth Moss Wingo, daughter of Mr. and Mrs. W. H. Wingo of the Lone Star Community, returned home Tuesday after having completed her studies in the University of Oklahoma for a master's degree in bacteriology. Miss Wingo was accompanied home by her aunt, Miss Lillie Wingo, who has been visiting sisters in Oklahoma City for several weeks.

Miss Wingo entered Plainview High School following her Lone Star schooling and was soon recognized as an excellent student. She wrote an essay in her field while a student in Plainview High School that rated above other entries in the state.

After high school graduation Miss Wingo entered Texas State College for Women at Denton and chose as her major subject Bacteriology. A number of honors came to her as a result of her work while at Denton. She served as student assistant in the bacteriology department during her senior year in college.

The past two and a half years of Miss Wingo's time has been spent at the University of Oklahoma where she devoted half of her time to graduate study and half of it as a graduate assistant in the bacteriology laboratories.

She finished the writing of her thesis the first of February and stood her orals as a climax to her work on the seventh of February but will not receive her degree until June at the University's regular graduation exercises.

Her thesis subject, "Spontaneous Mutations in Bacteria," has been cited together with her skill in the handling of it, as adequate for a doctor's dissertation. It has also been cited by outstanding men in the field as a definite contribution to the field of bacteriology. One excellent extra activity in the connection with the writing of her thesis came when she read a paper recently before the Oklahoma Academy of Science at Stillwater. The paper, "Spontaneous Mutations to Bacteria Phase Resistance in Escherichia Coli Strain B," was well received.

While at Norman Miss Wingo also received a scholarship from the University chapter of Phi Sigma for outstanding work. The award is made on the basis of scholarly approach to biological problems.

Harold Dean Griffith has discontinued his studies at Texas Technological college at Lubbock temporarily and is farming with his father in the Lone Star community.

COTTON QUIZ

Mr. and Mrs. Cleo Vaughn and son, Joe, from Amarillo, and Mr. and Mrs. Curtis Elliff and four children from Plainview were guests of Rev. and Mrs. F. P. Graham on Sunday.

Nine members of the Women's Mission Auxiliary of the Lone Star Baptist Church met at the church on Wednesday for the regular meeting. The president, Mrs. J. L. Lovvorn, presided. Mrs. F. P. Graham served as program chairman. Mrs. Vera King brought the devotional thought and Mrs. Ed Stover and Mrs. Jack Frizzell presented the program proper on a study of the Mormons. The organization is to sponsor a girls' auxiliary organization by Mrs. Jack Frizzell on Monday of this week.

The enlargement and improvement campaign in progress at the Lone Star Church is promoting a thorough census program of the whole community. There are also to be a number of minor improvements in the church plant. Venetian blinds are on order. The auditorium will be furnished with new pews and minor changes made in room arrangement as the appointed committee works out the details. A hedge is being considered for the church grounds.

There were seventy-eight in at-

tendance at the regular church services Sunday morning. Five addition were made to the church at the close of the morning preaching hour and 3 at the close of the evening worship.

Port Worth's annual Rodeo and Fat Stock Exposition has lured a number of families from the Lone Star Community to Cow Town in the past few days. In some cases it was a dual purpose trip down state but all roads led to the Amon Carter town before the return home.

Thurston and Muriel Rankin looked the stock show over for a few hours after delivering Mary Ann and a friend, Charles Crawford, back to Decatur where they are enrolled in Decatur Junior College, the oldest junior college in the world.

M. W. Hartman's together with N. M. Caldwell's made Bowie and Ft. Worth their main points of interest in their trip down state recently.

The Conrad Hendersons and Bobby Jarretts ended an enjoyable trip to New Orleans by Ft. Worth Fat Stock Show visit.

Mr. and Mrs. W. D. Nance, Joe and Wiley D. also were in Ft. Worth over the week for the show.

The Bailey Hendersons and the Hoyette Hodges joined the crowds in Ft. Worth the last few days for the show.

Claude E. Jarretts have moved a five room prefabricated dwelling to the rear of their property recently purchased from Howard Watkins. Plans are under way for transferring living quarters to the new house and for enlarging the Jarrett store for the purpose of modernizing the present facilities.

Mr. and Mrs. E. J. Foster and Mr. and Mrs. W. T. Rankin are in the progress of remodeling and enlarging their homes.

Ras Ford and Dowell Nix are in building programs constructing new homes.

Mr. V. B. Castle, Miss Ona Castle and Mr. V. H. Castle have moved from Port Lavaca to the Lone Star community and will make their home in a new house being built on the property owned by the Castle Brothers Gin.

Weldon and Frances Graves and baby visited in Lone Star with Mr. and Mrs. I. O. Graves this week.

Mr. and Mrs. T. V. Rankin returned Wednesday of last week from a down state trip that included visits to Ft. Worth, Mexico and Mineral Wells.

Herman King attended lodge initiation services in Dumas on Monday of last week.

Mr. and Mrs. Albert King spent Sunday with Sam Will-

fords at Earth. Mr. Willford and Mr. King are cousins.

Mrs. J. Gordon Johnson and children of Farewell, Texas visited in the home of her brother, Gerald Johnson and family several days this week. Mrs. C. W. Johnson, mother of Mr. Johnson and his brother, Gary, both of Shamrock spent Friday here.

Mr. and Mrs. J. C. Reasoner spent a week recently in Honey Grove, Texas visiting with their daughter, Mrs. V. L. Morrison.

HOME HINTS
Quick lunch: A delicious toasted cheese sandwich with raisin bread under the direct flame of your automatic gas broiler. Serve with milk.

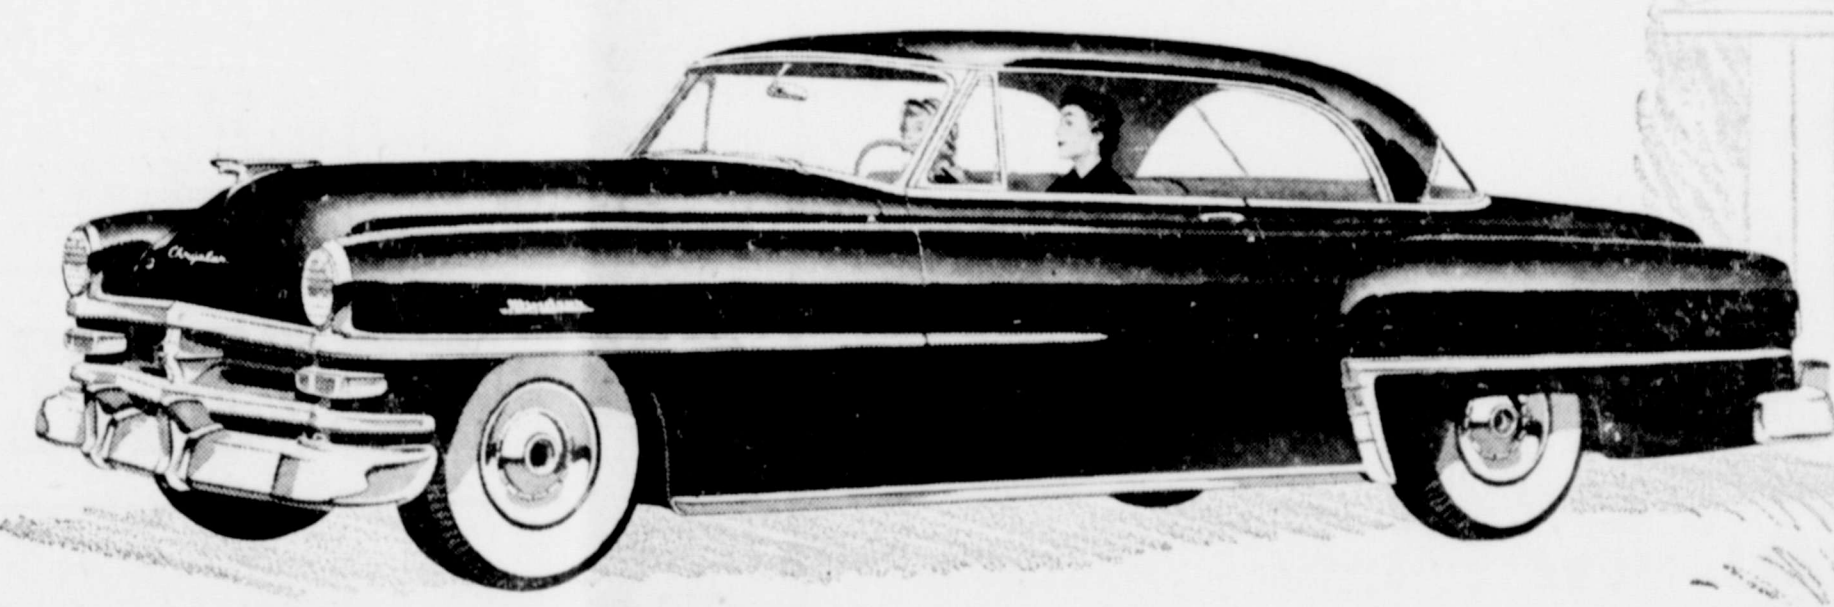

Only Gas Dries Clothes Faster ...at less cost

Gas for automatic clothes drying is much faster than any other method... as much as 15 times faster than the old clothes line routine. Lightweight fabrics are ready to iron in 15 minutes, completely dry in 20 minutes. As for blankets... you can count on 4 minutes in a Gas dryer for every hour on the line. And don't forget, it costs less than one cent to dry a load of clothes with Gas. See the modern automatic Gas clothes dryers at your dealer's.

Triple Services—

(Continued from page 1) He was a member of the First Baptist Church of Lockney, was president of his Sunday school class, and active in its work. He was converted at the age of 11.

Survivors include his wife, a son, Wesley, age 7 and a daughter, Sandra Kay, age 5; his parents, Mr. and Mrs. T. B. Mitchell; two brothers, R. C. and Chester Mitchell, both of Lockney.

On December 31, 1948 he was married to Miss Arline Turner, daughter of Mr. and Mrs. George D. Turner Sr.

Glen was a member of the First Baptist Church and also was active in Sunday school work. He was converted at the age of 8. He was a junior deacon in Lockney Masonic Lodge and a member of the Khiva Temple Shrine at Amarillo.

Survivors include his wife, a son, Larry Glen, 3 and a daughter, Nancy, 1 year of age; his parents, Mr. and Mrs. T. B. Mitchell of Lockney; two brothers, R. C. and Chester Mitchell, both of Lockney.

GEORGE DIAL TURNER JR.

George Dial Turner Jr. was born February 24, 1929 at Childress. The family later moved to Roaring Springs and then moved to Lockney in 1943 while George was still a high school student. He graduated from High School here in 1946 and attended West Texas State College at Canyon. He later came back to Lockney and started farming.

On June 20, 1948 he was married to Leo Maudie Watson, daughter of Mr. and Mrs. Glen Watson.

George became a member of the Methodist Church at Alken when he was 16 years of age. He was a member of the Kress Methodist Church at the time of

AMERICAN HERITAGE

Almighty God, we make our earnest prayer that Thou wilt keep the United States in Thy holy protection. —George Washington

... that this nation, under God, shall have a new birth of freedom—and that government of the people, shall not perish from the earth. —Abraham Lincoln

his death, since he and his family lived and farmed near that community.

George was an entered apprentice of the local Masonic Lodge.

George owned the Spudnut Shop on West Fifth Street in Plainview last year but sold it a month or two ago.

Survivors include his wife, one daughter, Cynthia, age 3, and a son, Paul, age 10 months; his parents, Mr. and Mrs. G. D. Turner Sr., one sister, Mrs. Glen Mitchell, all of Lockney.

HURT IN WRECK

Mrs. Robert Conner of Winters, Texas, received a chipped ankle bone Wednesday afternoon when the car in which she was riding in the funeral procession rammed into the rear of the Harmon Handley car when the Handley car was forced to stop quickly. The accident occurred on Highway 70 just out of Lockney. She was given emergency treatment at the Lockney General Hospital and released.

Walter Klinger, uncle of Mrs. Rhea Mitchell, suffered what was believed to be a light heart attack Wednesday afternoon just after graveside services in the Plainview cemetery. He was carried to the Plainview hospital where he was resting late Wednesday night.

Harlem Road Kings Coming To Floydada

The Harlem Road Kings, a colored basketball team, will appear in the Graves gymnasium at Floydada Friday night, Feb. 20, at 8 p. m. Their appearance is being sponsored by the Quarterback Club of Floydada.

The Kings will play a group of Floydada men called the "Usta-Bees." The colored team is called "the world's colored clowning champions" and are in their 20th season of play. In the 20 seasons they have won 2383 games and lost 162. In the 1951-1952 season the colored boys won 152 games and lost 9.

The colored team features Cleo Johnston, player-coach and set-shot artist and Stan Burt, who has an assortment of 50 different shots. The team ranges in height from 5 ft., 10 inches to 6 ft., 8 inches.

Admission will be \$1.00 for adults and 50 cents for children under 12.

Mr. Eugene Tremble, former band director here, now of Amarillo and Charles L. Templin also of Amarillo visited in the home of Charles' uncle and aunt, Mr. and Mrs. Edgar Hays and family Wednesday evening. They were supper guests of Mr. and Mrs. John Carthel and family.

Plane Failure—

(Continued from page 1) Earl Cooper was notified at Floydada by radio of the accident and he contacted Chester Mitchell, a brother of Rhea and Glen, who notified other members of the church. Several ladies of the church broke the news to Mrs. Naylor here. The street in front of the church and parsonage was soon crowded with cars of members of the church who had come to extend sympathy and help in any way possible.

Radio stations in the area quickly picked up the story and repeated it over and over again. Some relatives who were called had already heard of the tragedy over the radio. Small groups gathered on the street here and discussed the accident in hushed tones and awed voices. It was probably the most shocking accident that has happened in this community in many years.

Rhea Mitchell was an experienced and cautious pilot, other airmen of the area say. He was formerly a commercial pilot for Braniff Airways, had served as a pilot instructor during the war and only two weeks ago he was one of several pilots who piloted planes which carried members of the Wayland Queens basketball team to Mexico City for games there.

On Saturday previous to the accident Rhea had carried Mr. and Mrs. R. H. Ford to Dallas in the plane where Mrs. Ford entered Baylor Hospital. It was reported here that Rhea had installed a new motor in the plane while in Dallas.

The plane came down on the Oliver Ranch, about 20 miles north of San Antonio.

Janie Ballard Still Clings To Life

Mrs. Jesse Harris talked to Mrs. Bill Ballard at Baylor Hospital in Dallas Wednesday morning and was informed that Janie Ballard, ten-year-old burn victim, still clings to a thin thread of life but no hope is given for her recovery. Mrs. C. E. Childers of Lockney visited Janie during the week end.

GO TO CHURCH SUNDAY.

WILLIS F. THURMAN, 20, son of Mr. and Mrs. E. T. Thurman of Lockney, is completing his Air Force basic airmen indoctrination course at Lackland Air Force Base, at San Antonio, Texas. Lackland is the world's largest air force base. Thurman entered service only a short time ago.

Mrs. R. H. Ford In Dallas Hospital

Mrs. R. H. Ford is in Dallas where she is going through the clinic at Baylor Hospital. Mr. Ford accompanied his wife and Mrs. Hugh Marble who made the trip with Rhea Mitchell in the Mitchell plane Saturday at noon. Mrs. Marble returned with Mr. Mitchell Sunday and Mr. Ford arrived home Wednesday afternoon. Mrs. Ford is expected home in a few days as her illness is reported to be of a minor nature.

Cub Scout Display At Lockney Variety

A display of Cub Scout handicraft has been placed in the window at Lockney Variety Store and the public is invited to go by and see what the boys have made. The work is that of Cub Scout Pack No. 59.

There is no advantage in waiting until tomorrow, because there will be no more time tomorrow than there is today.

Pennington Gets Commendation From Maytag President

Harvey Pennington of Pennington Motor Co., local Maytag dealers, has received a plaque giving him recognition for outstanding sales performance during 1952. The plaque was accompanied by a letter from Walter Rogers, president of the Maytag Southwestern Company which commended him for "outstanding merchandising procedures" during the year and adviser Mr. Pennington that he was rated in the top one-third of all Maytag dealers.

UNCLE BOB IS BACK

Uncle Bob Simmons returned home last week end from an extended visit with relatives at Corpus Christi. Uncle Bob is back on the job down at the corner of Main and Locust streets this week.

Substitute Carrier Examined

The Fourth Service Region examinations Clerk Carrier of the post office of pay is \$1.25. Further information from Arthur I. office.
