Providence And Legion In Tie For Play-Off

The Providence and American Legion softball teams are in a tie for the fourth place position and a play-off berth in the Lockney Softball League according to officials' standings this week. Each team has won eight and lost eight. Each team has one more game to play, that on Thursday night of this week. Providence will play Lone Star in a scheduled game and the Legion will play Gulf Service in a make-up game.

If a play-off between Providence and the Legion team is necessary it will be played Saturday night, Mr. Readhimer said. Lone Star, win or lose in their last game, has undisputed possession of the top spot in the

PLAY-OFF STARTS MONDAY NIGHT

The play-off series of the Lockney Softball League will begin Monday night of next week, according to announcement from Lloyd Readhimer, president. The tournament will be a double elimination affair, with a team being out of play after losing two games. It will run Monday, Tuesday, Thursday and possibly Friday nights if necessary. Drawings for the play will be made after league play is completed Thursday night. The teams in the play-off will be Lone Star, South Plains, Fire Department and Providence or the Legion.

league standings. They have won 12 and lost four while South Plains and the Fire Department are tied for second place with 11 wins and six losses each.

The four top teams in the league will enter a double elimination play-off probably next week. South Plains and the Fire Department have completed their 17 games of regular play. The past week saw some of the league leading teams go down in defeat with the Fire Department losing their last two games and South Plains losing two out of three. Only Lone Star won all their games among the leaders.

On Thursday night of last week Lone Star defeated South Plains 6 to 4. Farish was on the mound for the Lone Star boys while Wilson pitched for South Plains. The same night the Legion team defeated the Fire Department 7 to 4. Ronald Reecer, pitching for the Fire Department, had the Legionnaires shut out 4-0 going into the seventh inning and they had only had one run with two men out but the heavy hitting veterans couldn't be stopped and they won the game in the last inning. Paul Kropp did a good job of pitching for the Legion team.

On Friday night, the Gulf Service team, occupying the cellar in the standings, rose up and smacked down the league leaders at that time, the Fire Department by a 11 to 3 score. The Fire boys were off but they couldn't score against the youngsters of the Gulf Service team either. Jimmie Myers and Al Willis pitched for the Gulf Service while Reecer was again on the mound for the Fire Department.

In the second game of the night South Plains defeated (Continued on back page)

Bud McMinn Injured In Car Collision

Mrs. Frank Messimer received word this week that her brother, Bud McMinn of Silvertown is in Northwest Texas Hospital in Amarillo suffering from injuries sustained in a car accident Thursday of last week.

Mr. McMinn has a broken shoulder, broken arm and broken nose. He was attempting to turn into his own driveway Thursday evening after work when his pickup struck another pickup going the opposite direction. He is reported to be resting satisfactorily.

Mr. and Mrs. W. L. McMinn of Silvertown, former residents of Lockney were at the bedside of their son during the week end.

Childress Man Is Named Local Band Director

Elmer Edward Stimson has been named band director of Lockney High School. Mr. Stimson has been director of the Childress Junior High Band for the past two years and has had 10 years experience in band directing. He has a BS degree from the University of Oklahoma and a Master of Music degree from Oklahoma A. & M.

Mrs. Stimson will also teach here in the elementary school. She has a BS degree from Oklahoma A. & M. and has had seven years experience. The couple have two small daughters, Betty Dorene and Carolyn, both of pre-school age.

Organization Is Complete For Bloodmobile

A county-wide meeting at the Methodist Church here Tuesday evening saw a completion of the organizational work for the visit of the Red Cross Bloodmobile to Floyd County on August 17 and 18.

Workers from both Lockney and Floydada were present for the meeting. R. L. Knox Jr. of Lockney is County Blood Chairman with Arthur Barker Jr. of the Lockney chairman and T. L. Holland Jr. as the Floydada chairman. N. W. Williams, county red cross chairman and Carl Minor Sr., vice-chairman were also present and assisted in the organization set-up.

Miss Jean Fitzsimmons, Red Cross field representative from Lubbock, talked with the group explaining the procedure and helping with the plans for the two-day visit.

A campaign will start immediately in getting pledge cards signed from prospective blood-donors. Mr. Knox said. This will be completed within a week and the following week will be used in mailing reminder cards and making final preparations if plans go according to schedule.

County newspapers, radio, and a sound truck will be used in advertising the meeting and reminding citizens of their duty to give blood.

The Bloodmobile will be set up at the First Baptist Church in Lockney as it was last year and in the First Christian Church in Floydada.

Suggestions as brought out Tuesday night included these: Because you were rejected last year should not keep you from signing a pledge card this year unless your rejection was because of yellow jaundice or similar reason. Every able bodied person is urged to sign a pledge card and be prepared to donate a pint of blood.

Workers who help the Red Cross team should come to the place of operation one-half hour early in order to receive instructions as to their work.

Donors should bring the card they received last year when they gave blood so that the process of typing, etc., will not have to be repeated.

Donors should eat a moderate meal either at breakfast if they give blood during the morning, or at noon if they give blood during the afternoon. Going without food will cause weakness.

The workers for Lockney are listed by Mr. Knox as follows: Chairman — Arthur Barker Jr.

Voluntary group chairman — Mrs. Georgia Hanst.

Canteen — Mrs. Hilburn Casey.

Donor chairman — Mrs. George Webster.

Food chairman — Miss Leila Petty for both Lockney and Floydada.

Unload and load — Lions Club.

Appointment chairman — Mrs. Kelson Shaw.

Publicity — Edgar R. Hays.

Radio and Sound truck — Carl Minor Jr. for county.

Telephone chairman — Mrs. Marvin Gilbert.

Medical coverage — Dr. Gene (Continued on back page)

Wheat Marketing Quota Voting Will Be Aug. 14

Floyd County farmers will go to the polls on Friday, August 14 and decide whether or not they want wheat marketing quotas and price supports at 90 per cent of parity, or no quotas and supports at 50 per cent of parity. Two-thirds majority is necessary to carry the election.

In Floyd County the voting places will be as follows: Lockney, communities 1-3-4 at the Lockney Beacon office.

Cedar Hill, communities 2-5 at the Cedar school house.

Floydada, communities 6-7-8-9 at the PMA office.

Polls will be open from 8 a. m. to 7 p. m. and every farmer and his wife who are engaged in the production of wheat for harvest in 1954 on a farm on which the acreage to be planted for harvest in 1954 is more than 15 acres are eligible to vote. No farmer is entitled to more than one vote even though he is operating more than one farm.

Each person must vote in his designated community as listed above.

There will be no voting by mail except if a person will not be present in the county on August 14 he may obtain a ballot from the most conveniently located PMA office and may cast his ballot by signing his name thereto and mailing it in a sealed envelope marked "absentee ballot" so that it will reach the county before the closing of the polls.

The outcome of the referendum will not affect acreage allotments which have been set at 62 million acres for the nation and 4,800,863 acres for Texas. Floyd county's wheat acreage for 1954 wheat has been set at 173,222 acres, the largest of all South Plains counties.

The state acreage allotments were based on the acreage that has been seeded to wheat during the preceding 10 years with adjustments made for weather factors and trends. The farm allotments have been assigned to all farms on which wheat was produced in any one of the years 1951, 1952, or 1953 and to eligible new farms.

Quotas will establish the amount of wheat farmers can dispose of through cash markets or government loan or purchase agreement programs. This is the portion of the wheat controls on which producers will vote on August 14.

Rotary-Lions In Annual Battle

The annual grudge softball game between the Lockney Rotary Club and the Lockney Lions Club will be held Friday evening on the local softball field starting at 8 o'clock promptly. It was announced this week. The game is an annual affair and is always hotly contested. Last year the Lions won by hook or crook but the previous year the Rotary Club won.

The Lions are accusing the Rotary of being unable to field a team of nine able-bodied men while the Rotary members say the Lions wouldn't know how to play if they had 30 men on the field.

Proceeds from the game will go to the local Boy Scout building fund and the local service clubs hope that sufficient funds will be received to clear indebtedness on the Scout building at the City Park.

Fire Dept. vs. Rhudy's

The second game of the night will be probably a better played game than the first if not so hotly contested. The Fire Department team of the Lockney league will take on Rhudy's softball team in the Floydada league in what should be a very good contest.

Each of these teams stand high in their league and the game should be a good one.

Everyone is urged to attend these two softball games Friday night starting at 8 p. m. on the Lockney softball field.

IN AIKEN MEETING—Rev. O. D. Hendley of Welch, Texas, will preach in a one-week meeting starting at the Aiken Baptist Church Sunday, August 9. Rev. Welch will preach his first sermon in the meeting Sunday night. Services will be held at 11 a. m. and 8:30 p. m. during the week. Connie O'Brien will lead the singing. Rev. C. O. Haile is pastor of the church.

No Word Yet On War Prisoners

Local relatives of soldiers held by the Chinese as prisoners of war had no word up to Wednesday concerning them as far as The Beacon could ascertain.

Pfc. Abner R. (Bob) Smith who was captured in November of 1950 is known to be a prisoner of war since relatives have received several communications from him. He is a brother of Mrs. Vestal Eiland and Lewis B. Smith both of Lockney and the son of Mrs. Alice Britt of Fayetteville, Ark. He formerly worked here.

Pfc. David L. Catlin, son of Mr. and Mrs. Lawrence Catlin of Lockney, has been missing since December 2, 1950 when he was in an infantry company at the Chosin Reservoir from which only 15 men escaped. He volunteered in November 1949 and was sent overseas in April 1950. No word has been received by relatives from him and his name was not listed in the prisoners of war given by the Chinese government last year.

Gets 5 Additional Miles Of Road

The Floyd County Commissioners Court in recent meeting with District Highway Engineer S. C. McCarty of Lubbock reached an agreement with the Engineer whereby Floyd County will get five additional miles of road built without cost to the county.

Three miles of this road will be in Precinct 3 and will be added to another 10 mile project running east of Cedar. The 13 miles of road will connect Cedar Hill and Flomot with a hard-surfaced road.

Two miles will be built in Precinct 1 and will connect Barwise and the Hale County farm-to-market road in that vicinity.

The roads will probably be authorized this fall but will probably not be built before next summer, officials said.

Plan Meeting Of Chamber Commerce Members Soon

Announcement was made this week that a special meeting of the membership of the Lockney Chamber of Commerce and Board of Development would be held on Monday night, August 17 at the Plains Theatre in Lockney.

The election of officers and the starting of a new, more active organization is the purpose of the meeting, it was said.

Cards will be mailed out next week and plans made for a lively, fast-moving program. All members of the old organization and everyone else who is interested in the development of this part of Floyd County is urged to attend, the sponsors said.

Mrs. Frank McFarland and daughter, Janice Sue from Riverside, California, and McFarland's aunt, Mrs. Lee Pearson of South Plains visited Mr. and Mrs. Frank Brown and family Wednesday afternoon.

A. R. Meriwether Has Heart Attack Tues.

A. R. Meriwether, pioneer Lockney real estate man, is in the Lockney General Hospital in a serious condition after suffering a heart attack about 11 p. m. Tuesday. A report from his bedside Wednesday afternoon said that he was resting a little better at that time.

Mr. Meriwether had suffered a light attack Saturday night while visiting at Wellington but returned home and was feeling better, friends reported.

Negro Given 4 Years For Murder

Lacy Moss Jr., 25-year-old negro was found guilty of "murder without malice" and sentenced to four years in the state penitentiary by a Floyd County jury in 110th District Court at Floydada Wednesday.

Testimony was completed at 10:15 Wednesday morning and the case went to the jury just at noon. The jury went to lunch and immediately after lunch began deliberation. The verdict was returned at 2:30 p. m.

Moss was charged with murder with malice and District Attorney John Stapleton qualified the jurors on the death penalty. However under the murder without malice finding five years was the limit he could be assessed.

The negro shot and killed his wife with a .410 shotgun on the Lloyd Readhimer place in the Lone Star community last April 22 after she had threatened him with the gun, according to a statement he made at the time. The woman died almost instantly after a charge from the gun struck her just below the collar bone.

Committees Set Up For Chest X-Ray Campaign

Committee chairmen have been appointed and plans formulated for the visit of the State Department of Health's mobile x-ray which will be set up in Lockney on August 19 and 20. The work of planning the campaign has been turned over to the Lockney Business and Professional Women's Club. Joe Parrish is the local chairman.

The mobile X-ray will be set up at the Lockney Auto show rooms here and will operate both days from 8 a. m. until 5 p. m.

Estelle Powers is general chairman for the B&PW Club. Wanda Baker is in charge of clerical work and Jo Ann Moody is publicity chairman. Others will be appointed as the need arises.

The Lockney Rotary Club will be responsible for loading and unloading the equipment.

A campaign to enlist every person 15 years of age and over in having a free chest x-ray will be put on by the B&PW. Sponsors of the X-ray visit emphasized these points:

X-rays are free and furnished by the State Department of Health.

The X-ray campaign is endorsed by all physicians.

Reports of your x-ray picture will be held confidential.

It is not necessary to undress. Healthy people should be x-rayed once each year.

Because you were x-rayed last year is no reason to fail to have another x-ray this year.

Children under 15 will not be x-rayed.

It takes only a minute to have the x-ray.

Hearing On County Budget August 17

A hearing on Floyd County's 1954 budget will be held in the county court room starting at 10 a. m. on August 17, county officials said this week.

Conditions now stand at \$14,450,000 and at a \$1.42 tax rate the estimated tax revenues for the county are estimated at \$203,770,000.

A copy of the proposed budget is on file with the county clerk and may be examined by any one interested, officials said.

One Killed, Two Injured In Area Auto Accidents

Auto accidents in this immediate area the past week have claimed one life and injured two people, with considerable damage to vehicles involved.

Dead is Albert Lee Harrison, 42, who was killed when he lost control of his car and it overturned on Highway 70 2 1/2 miles west of Lockney last Sunday morning.

Injured in other accidents are Rosemary McDonald, daughter of Mr. and Mrs. Bob McDonald of Lockney and Merrick Moran of the Lone Star community.

Harrison was returning to Lockney from Plainview when he came up the hill and approached the curve just east of the Seale Drive-In Theatre. His car swerved to the left side of the pavement onto the dirt shoulder and then back to the right narrowly missing a collision with a car driven by Ben McGhee who was traveling west. When the car swerved to the right Harrison lost control and it started to roll. Mr. McGhee said that the victim was thrown probably 75 feet into a field on the C. A. Gloyna place. Mr. McGhee said that he was still breathing when he reached him but that he died soon afterward.

Riding with McGhee was his sister, Mrs. Jeffie Griffith. They had started to Plainview when the accident happened and were badly frightened by the narrow escape. Merrick Moran suffered some broken ribs in a collision between his 1953 Plymouth and a 1951 Ford driven by Donald McPherson last Thursday night. The accident happened three miles west and 1 1/2 miles north of Lone Star when Moran drove into a country road from a lane. Moran is in the Lockney General Hospital receiving treatment. McPherson was not injured to any extent, it was reported.

Rosemary McDonald Hurt Rosemary McDonald suffered a bad cut above her left eye about noon Monday when the Ford pickup she was driving collided with a 1952 Mercury driven by Clara Lee Smith, daughter of Mr. and Mrs. Charlie Smith, at the intersection of South Main and College Avenue.

Rosemary was carried to the Lockney General Hospital where she was treated and released late in the afternoon. The girls in the Mercury were not injured although shaken up some. With Clara Lee were Deanne Arterburn and Oddie Mae Rogers.

The pickup driven by Rosemary had stopped at the intersection and then driven on into Main Street, Deputy Sheriff Ray Hardin said, when the collision came. The Mercury skidded into the pickup striking it on the left front. The pickup then rolled on across Main Street and into an Oldsmobile driven by Mrs. Nona Ledger. However the only damage to the Olds was a smashed hubcap. Mrs. Ledger attempted to turn the pick-up away but was unable to do so.

Rosemary was knocked down onto the floorboard of the pickup but raised up onto the seat by the time it came to a stop. The cut on her forehead bled profusely and caused considerable (Continued on back page)

Floyd Youth Named Area 4-H Club Head

Wilton Green of Floydada Thursday was named president of the 20-county South Plains 4-H Club at the close of the annual encampment at the Panhandle-South Plains Fair Grounds.

The approximately 175 delegates also elected Delbert Davidson of Big Spring as vice president and Jerry Henson of Tokio as secretary-treasurer.

The three-day meeting was closed early in the afternoon after a series of educational and recreational activities. The boys were selected for the encampment for outstanding club work during the past year. Twenty counties were represented with members, county agents and adult leaders.

MOVE TO FORT WORTH

Rev. and Mrs. Raymond Spence and daughters will move this week to Fort Worth where they will make their home for some time. They have recently arrived here after 4½ years as missionaries in Japan. In physical check ups given them by the Mission Board at Dallas recently it was found that Mrs. Spence had a spot on her lung and she was ordered to bed for four months of complete rest. She is expected to be completely recovered at the end of that period. Rev. Spence has had to curtail his speaking engagements because of his wife's illness. He spoke Sunday at Aiken First Baptist Church, Monday night at the South Plains First Baptist Church, Wednesday night at the Plainview First Baptist Church and will speak Sunday morning and evening at Edmonson First Baptist Church.

Mrs. L. P. Goen of Los Angeles, Calif. visited in Lockney last Friday. She is a former resident of this area. She had attended funeral services at Floydada for her brother, Claud Goen.

Mrs. Obie Sweat of Siloam Springs, Arkansas visited his mother, Mrs. A. A. Sweat and sister, Mrs. Johns Cox over the week end. Mrs. Sweat returned to Lawton, Oklahoma where she will visit her daughter, Mrs. Willie Branstetter and family.

The JOE ANDERSON Farm, six miles south and a half a mile west of Lockney, was identified by a number of people last week with Billy Rexrode being the first to identify the farm and win the two tickets to the Plains or Seale Drive In Theatre. Billy won the tickets on the last picture published also giving him two wins in a row. These mystery farm pictures are published regularly in Handley Shop & Pump Co. advertisements. Watch for one next week.

Mr. Anderson purchased the farm from Harry Blenden four years ago. It is known as the old Oscar Sherbet place and consists of 200 acres of land with one irrigation well.

Mr. and Mrs. Anderson moved to Lockney first of this year to make their home and their

son, Billy Fred and his wife, the former Jeanette Pickens, are living on the place and working it. The young couple have a baby, Sharon, five months old.

The Anderson farm is usually planted in cotton and was planted the same this year but the blowing sand of some six weeks ago blew out 190 acres and the place has been replanted in maize.

Auto Inspection Period Is Set

Austin. — The new period, during which Texas motorists will be required to have their auto inspected under the new modified Motor Vehicle Inspection law which was enacted by the recent 53rd Legislature, has been unofficially set for September 15, 1953, through April 15, 1954, it was announced today by Col. Homer Garrison, Jr., Director of the Texas Department of Public Safety.

Garrison said that the State Public Safety Commission has advised him that they will confirm the designation of the new period on August 26, the effective date of the new act.

The old law which aroused much controversial argument during the last session of the Legislature will expire at midnight August 25 and no inspections will be made under its provisions after that date.

Garrison explained that this means that no inspections of any sort will be made between that time and the beginning of the new period on September 15th.

The modified law calls for in-

spection only of brakes, lighting equipment, horns, rear view mirrors and windshield wipers.

"In view of the fact that the inspection stations throughout the state are already set up and equipped to perform this work," Garrison said, "we feel that the full seven months of the new period will afford motorists ample time to have their vehicles inspected."

He urged, however, that car owners not wait too long lest they get caught in a last minute rush to meet the inspection deadline.

Lamb County Girl Gets 4-H Scholarship

Dorothy Foltyn, a 4-H Club Girl from Lamb County, has been named the winner of the \$500 District 2 4-H Scholarship as announced by Mrs. Aubrey W. Russell, District Agent for A. & M. Extension Service. This scholarship is provided by the Home Demonstration Club Women of District 2. This is the fourth year that such an award has been made. The judging committee for the scholarship visited Dorothy Monday, July 27, with Mrs. Hazel Hickman, County Home Demonstration Agent. This committee was composed of Mrs. J. M. Booker, Route 3, Plainview, Treasurer for the Scholarship fund; Mrs. Ruth Daniel, Route 5, Floydada, Council Delegate from the Dougherty Home Demonstration Club; Novella Crump, a Home Economics student at Tech and a previous scholarship winner; Mrs. Mona Hildreth, Acting Assistant County Home Demonstration Agent of Lubbock County and Mrs. Aubrey W. Russell, District Agent. Dorothy is the daughter of Mr. and Mrs. Joe Foltyn and will attend Texas Technological College at Lubbock and take a course in Home Economics and related subjects.

The alternate for the scholarship is Virginia Lobban, a 4-H Club Girl of Justiceburg, Texas, Garza County. She will take the scholarship in case something happens that Dorothy is unable to use the scholarship.

COTTON CARRYOVER UP

Austin. — The cotton balance sheet for the current crop year (which ended July 31) has lost its influence over cotton price movements, Dr. A. B. Cox, University of Texas cotton marketing professor, reports. An export decline has increased cotton carryover in this country, Dr. Cox comments. However, consumption is up in this country and other parts of the world, 1952-53 world production is less than the year before, and world production in 1953-54 is expected to be substantially lower, he adds.

Reddy's in a Stew

... GOOD, too!

... and good in more ways than one! Not only is the taste superb, when you use the deep well cooker on your electric range, but all effort on your part disappears. Reddy keeps your deep well cooker going as long as need be (24 hours straight, if you want) at the temperature you set. And, with the electric simmer unit, you're sure that nothing will burn in the deep well cooker.

Mrs. Holt Honors Two Newcomers

Mrs. Joe Holt honored Mrs. Clyde Briley and Mrs. Gene Hardy, new Lockney residents, with a luncheon at her home Saturday at 12:30 o'clock.

Tables were decorated with small pitchers of roses and places were marked with a silhouette of a woman wearing a unique hat and lettered with the word "Hello."

Guests included Mmes. Arthur Barker, Jr., Rusty Baccus, Bob Miller, Richard Patterson, Kelton Shaw, W. J. Mangold, Fred Byrd, G. A. McClelland, Tom Moore, Wayne McClain and the honorees.

Mrs. Holt was assisted by Mrs. Bob Miller and Mrs. W. J. Mangold.

Mrs. Briley is the wife of the new pharmacist at Lockney Drug Company, moving here recently from Tahoka and Mrs. Hardy is the wife of the new doctor at Lockney General Hospital moving here from Dallas.

Mrs. J. Floyd Howe Honored At Coffee

Mrs. Ed Whitfill honored her daughter, Mrs. J. Floyd Howe of Panhandle with a coffee on Wednesday morning, July 29 at 9:30 o'clock. The honoree is the former Glenna Whitfill.

Covered with a lace cloth the refreshment table was centered with an arrangement of snow on the mountain and yellow galardias.

Hot cinnamon rolls, cantaloupe balls, grapes and coffee were served to the honoree, her aunt, Mrs. Arch Crager, Mmes. Geo. Webster, Jr., Richard Patterson, Kelton Shaw, Horton Howell, Beth Mitchell, Ben Wood, G. T. Meriwether, Bill Whitfill, Charles Whitfill of Silvertown; and Arthur Barker, Jr.

The honoree plans to board a plane Friday for Pierre, South Dakota where she will meet her husband who is there on business and they will make the trip home together with their two sons who are also in South Dakota. While her parents are away little Jan Howe will stay with her grandparents here.

Mr. and Mrs. Bob Davis flew to Amarillo for the air fair Saturday and Sunday.

J. P. McPherson of Hobbs, New Mexico was here Wednesday visiting his mother, Mrs. C. P. McPherson.

Joann Samples Is Shower Honoree

Miss Joann Samples was named honoree at a pre-nuptial shower given Wednesday, July 30 from 5 to 7 o'clock in the home of Mrs. Ed Whitfill. Miss Samples is the bride-elect of Jimmy Wise of Amarillo.

Guests were greeted by Mrs. Whitfill who presented them to Mrs. C. H. Samples, Mrs. Wise of Amarillo and the honoree.

Refreshments were served by Audrine Rhine and Mrs. Tommy Weathers from a table covered with white lace over blue. The centerpiece was an arrangement of blue and white gladioli, chrysanthemums and snapdragons flanked with blue tapers in crystal holders.

Mrs. Mac Howard secured names for the bride's book while Mrs. Walter Allen and Mrs. Joe Phillips presided in the gift display room.

Hostesses for the occasion were Mmes. Sid Thomas, Sr., L. G. Rhine, Lloyd Readhimer, G. C. Applewhite, Melvin Potts, Quinton Adams, Joe Phillips, Walter Allen, Mac Howard, A. D. Schaffner, Guy Sams, L. M. Honea, Joe Cunyus, Tommy Weathers, Alfred Smith, L. L. Reecer, Ben McGhee, and Miss June Wiley.

Approximately 150 guests registered or sent gifts.

Out-Door Supper At Wiley Home

Members of the Business and Professional Women's Club and their guests enjoyed a delicious supper held on the back lawn at the home of Mrs. Ellen Wiley last Thursday evening.

N. S. Abbott Family Reception Honorees

A reception honoring Mr. and Mrs. Noble S. Abbott and family of Lockney was held after Sunday night services in the basement of the First Baptist Church in Floydada, sponsored by members of the choir.

Mr. Abbott has been music director of that church for the past twenty-two months and had resigned to become director of music in Lockney Baptist Church. The Abbotts have made their home southwest of Lockney for several months. He holds the position as coordinator of Veterans Vocational schools in the county, a work he has followed since 1948. Mr. Abbott studied music for two years at McMurry College, Abilene before entering Texas Technological College where he received his degree in Agricultural Education. His music activities have been in the form of volunteer church work which included choir directing in Muleshoe Baptist Church for three years, and choir directing at Lamesa Baptist Church and Side Side Baptist, Abilene. While attending Tech he was a member of the church quartet and did other special work at the First Baptist Church in Lubbock.

At the reception Mr. Henry Barber spoke, representing the choir, relaying their appreciation for the work done by Mr. Abbott. Mrs. Lon Smith spoke in behalf of the church and Mrs. Felt Patterson spoke the appreciation of the nursery where Mrs. Abbott worked the past five years. Mr. and Mrs. Abbott and their children, Stanley 7, Linda, 5 and Barton 2, were presented with gifts.

Mr. Abbott began his work here as director of the church music at the Baptist Church Wednesday night of this week.

Mrs. Carl McAdams Attends Reunion

Mrs. Carl McAdams attended a reunion of the Broyles family held at the home of her brother, R. N. (Bud) Broyles in Kilgore Saturday and Sunday of last week. The occasion also marked the golden wedding anniversary of Mr. and Mrs. R. M. Broyles.

On Saturday night forty-two relatives were on hand for a barbecue held at Cherokee Lake. A tea was held in the Broyles home on Sunday afternoon with the three daughters of the R. M. Broyles present and assisting with the hospitalities. They were Mrs. Bill Hart of Longview, Mrs. Robert Young of Barranquilla, South America; and Mrs. James West of Longview.

Among the other relatives present were Mrs. Lorena Broyles of San Antonio; Mrs. R. P. Shelton, Afton; I. B. Broyles, Fort Worth; John C. Broyles of Weatherford and Mrs. Carl McAdams of Lockney. A large number of nephews, nieces and grandchildren also attended.

Marisa Sparks Feted With Bridal Shower

Miss Marisa Sparks, bride-elect of Durrell Fortenberry, was named honoree at a pre-nuptial shower given on the lawn at the home of Durrell's great uncle and aunt, Mr. and Mrs. Charley Dillard Monday, August 3 at 8 o'clock.

The serving table was laid with a lace cloth and centered with an arrangement of roses and babybreath. Punch and cookies were served to forty-one guests.

Miss Joyce Dillard gave a reading preceding the presentation of gifts.

Mrs. H. C. Gilley presided at the register.

Hostesses for the occasion were Mrs. T. J. Rigdon, Mrs. Wilbur Miller, Mrs. Charley Dillard, Mrs. H. C. Gilley and Mrs. Bob Dillard.

ATTENDS REUNION

W. O. Wylie returned Monday from attending the 18th annual Wylie reunion held at Fort Worth Sunday. Mr. Wylie has attended all of these but two. One hundred and fifty were in attendance.

Allisons Hosts To Pollyanna Club

Members of the Pollyanna Club and their guests enjoyed a watermelon feast in the backyard of the Olson Allison home Tuesday evening.

ATTRACTIVE PLATTER
 To make a cold meat platter more attractive add several already prepared items chilled in your refrigerator. Here are some that are both tasty and decorative: some cream, jellied tomato cubes, cucumber slices in lime, tiny jelly molds, small stuffed tomatoes, grapefruit sliced, cut into shape and stuffed. In addition, there are all kinds of vegetables — carrots, onions, cauliflower, radishes — that can be molded into shape and marinated in different sauces.
DECORATIVE ICE
 "Ice-circles" made by a new automatic refrigerator without trays, do not melt easily when removed from the basket in the freezing compartment. For that reason they are ideal to use as decoration in serving summer dishes such as salads — low in calory count, and the food looks inviting and tastes crisp.
CLEAN WINDOW SILLS
 To keep your home as free from dirt as possible, particularly if the windows are frequently open, wash the window sills with warm sudsy water, wipe with a clean cloth and then cover with a thin coating of wax. Do this every few weeks and you will find the window sills can avoid that worn and shabby look, and withstand exposure to soot and the elements.

Vacancy Claim Is Rejected
 Floydada. — Farmers in the Lakeview community near here were told this week that their land is right where they thought it was all the time.
 The information came in the form of an opinion rejecting a San Angelo man's contention that conflicts in old land surveys caused a "vacancy" on a narrow strip of soil about a mile long.
 Bob Reid, the San Angeloan, had filed application to buy this strip of land from the State. Lakeview farmers fought back; if the state had found that such a vacancy existed, their farm boundaries would have been changed.
 But this week the farmers received notification that Land Commissioner Bascom Giles had ruled no vacancy existed. In effect, that meant the land boundaries they had observed for years are now recognized conclusively by law. Reid could appeal the commissioner's decision but such action was considered unlikely.
 Reid filed his claim on June 11, 1952. He said that separate land surveys in the Lakeview area failed to connect, leaving a "vacant" strip of land 89 feet wide and a mile in length. He asked permission to buy this land, an action which would have shifted farmlands of more than 80 persons 89 feet to the east of long-recognized boundaries.
 The actual strip of land in dispute contains less than 11 acres. Adjoining land owners would have had first chance to buy it (although Reid still would have gotten part of the mineral rights for locating the vacancy), but the farmers affected were more interested in getting a "no vacancy" declared. Only in that way could they avoid the exhaustive paper work and adjustments which would have been necessary.
 The disputed land also is within a short distance of the Standard Oil Company's Minnie Adams discovery oil well.
 A hearing on the alleged vacancy was conducted at the land office in Austin on Jan. 30, with more than 50 affected landowners appearing. George W. McCleskey, Lubbock attorney, argued their case, introducing evi-

Death Claims Aiken Farmer
 Homer F. Fortenberry, 54 years old, farmer in the Aiken community died at 8 p. m. Wednesday in the Plainview Hospital and Clinic Foundation. He had been ill about a week.
 Funeral services were held at 2:30 p. m. Friday in the Honey Grove Methodist Church.
 Mr. Fortenberry was born Oct. 30, 1878 in Cook County. He farmed and ranched at Honey Grove until three years ago, when he came to the Plains to make his home with a son, Earl Fortenberry of the Aiken community. Mrs. Fortenberry died in 1941.
 He was a member of the Honey Grove Methodist Church.
 Survivors are two daughters, Mrs. A. L. Armstrong, Amarillo, and Mrs. J. A. Reed, Hedley; two sons, H. C. Fortenberry, Amarillo and Earl Fortenberry; two sisters, Mrs. Lula Womack, Amarillo, and Mrs. Lota Sweatman, Lewisville.

Jones Has Big Stalk Of Cotton
 Judson Jones, a Hall County farmer transplanted to Floyd County, was displaying a big stalk of cotton Tuesday from his farm west of town. This stalk, nearly two feet high had 80 to 90 bolls and squares on it, ranging from bolls that were practically grown to tiny squares. Mr. Jones says that he has 109 acres of cotton in this field which was planted about the middle of April. He is expecting a good yield from the field but says that there is other cotton in the neighborhood that is even better.

Heaven and earth shall pass away; but my words shall not pass away. — Luke 21:33.

Automobile accidents seem to run in cycles in the Lockney area. We had gone for several weeks without an accident when suddenly we have several of them. It happened the same way some months ago when several lives were lost and injuries sustained in auto accidents in this area in a short period of time. What causes accidents to run in cycles? Is the weather responsible? Does the humidity affect a person's alertness? Or do most of us just forget to be careful after several months of no serious accidents? Most of us are careless at one time or another and we are fortunate that we don't have more accidents than we do. Carefulness in driving is

a habit that we all ought to cultivate more.
—oOo—
Mr. Eisenhower, who apparently expected full co-operation from Congress in his efforts to straighten out the mess left by the Truman administration, has found that congressional committee chairmen, inevitably from districts where one party predominates, listen to the home folks more than anyone else. For that reason major economies will have some hard sledding.
—oOo—

Those who opposed Mr. Eisenhower have been making much ado over the fact that he has asked for raising of the debt limit. What they do not take in consideration is that the present administration is still working under the old Truman budget, and although they have affected some economics there are some things they can't change. One of the big things that has thrown the government into financial troubles is the fact that Mr. Truman and his cronies overestimated revenues for the year 1952 by three and a half billion dollars.
—oOo—

Mr. Truman, always the optimist type, must have been looking through some rose-colored glasses indeed when he made that estimate. Remember that was in 1952 — before Mr. Eisenhower was elected and certainly before he had any influence on government policy.
—oOo—

What will be the result of the Senate's refusal to up the debt limit to allow the government to borrow more money to operate on? We don't know but we suspect that someone's pet project is going to get the knife right sharply and then we'll have some more yelling. After all, however, when the boys in power have only so much money to spend, and have to spend a big portion of that on armaments, they have to cut somewhere and the place they cut may not please all of us.
—oOo—

Business people of Lockney should be favored with another excellent fall's business this year barring any unforeseen catastrophe. Although we see some cotton this year the cotton that is left is better, on the average, than last year's cotton and some are predicting that the total yield will come very close to that of last year in this immediate area. Cotton seems to be slightly earlier than last year's also which always is to the advantage of the grower, from both grade and yield standpoint. In many dry land areas the cotton is small and the grower will of necessity gather it mechanically. That means that more transient labor will come this way and transient labor is not only good for the grower but it makes for good business locally.

FAILURE OR SUCCESS?

Weaving his course through the piers of circumstance, the trader finally reached commerce's estuary and became wealthy. The properties he had acquired through trade and close purchases suddenly assumed a startling valuation, and honorable debtors remembered their obligations. Money from many sources poured into his accounts, while other wealthy men cultivated his friendship and cautious men sought his advice. Years of hardships and privation had molded his habits and restricted his needs so effectively that he was content and comfortable with modest conveniences. When the nation staggered through the swinging doors of a prolonged financial debauchery and fell on its face in the gutter of disaster, it swept away the trader's fortune and his dreams. He started again with his hands to earn sustenance and then found the road back. He was no longer afraid of chance or responsibility and having been over the road he knew the short cuts not obvious to men of less experience. When a man achieves success through his own courage and abilities he is qualified to look upon failure merely as an unpleasant incident. — Trail Dust in Matador Tribune.

GOOD ADVICE

A word of advice from Ralph Waldo Emerson:
Finish each day and be done with it. You have done what you could. Some blunders and absurdities no doubt have crept in; forget them as soon as you can. Tomorrow is a new day; begin it well and serenely, and with too high a spirit to be cumbered with your old nonsense. The day is all that is good and fair. It is too dear with its hopes and invitations to waste a moment on the yesterdays.—Quitaque Post.

SLIP IS SHOWING

If Clara Booth Luce were a man, she'd probably have been called home to receive a sound spanking. Which ever her GOP sponsors will agree she should have. She violated one of the most fundamental rules of diplomacy. She used the wrong words on the wrong subject and about the wrong people. She opened her pretty mouth and stuck her dainty foot in it. Poked her officious nose into the domestic politics of the Italian democracy and lost. Naturally, the Italians can listen to the cries of even the Communists when they say the damyankees have no business telling us how to run our government. So a lot of American official forces are red. Clare, your slip is showing.—You Be The Judge in Rails Banner.

LOVELY BRIDES

"In the eyes of the editor," says one editor, "the loveliest brides are those who provide all the information about their wedding before they leave on the honeymoon." — St. Jo Tribune.

BUSINESS IS BAD

We realized business was bad, but didn't think it was quite so rough, until recently the Prattlers drove up in front of the Paducah Drug and out popped Garland, little three-year-old son of the Cheesey Colemans and exclaimed: "You wanna buy some pills?" — Prattler in Paducah Post.

AN APT QUOTATION

The news that Lavienti P. Beria, longtime head of the butcherous Russian police, is now, himself, in trouble will not bring forth much, if any sympathy from free men across the world.
Indications that Beria likely shall be "liquidated" with the same dispatch which he has "liquidated" so many others are being met with expressions like "Good enough for him." But Matthew had a better way of putting it. Write he:
"All they that take the sword shall perish by the sword."
For the Affaire Beria, that is an apt quotation. — Lubbock Avalanche.

This demonstration showed me the way to a better deal!

I'd been planning to buy a higher-priced car until I found out all Chevrolet offered — and how much I could save!

You get more power on less gas
That's because Chevrolet's great valve-in-head engines and high-compression engines. Powerglide* models, you get the most powerful engine Chevrolet's field — the new 115-h.p. "Blue-Flame." Get shift models offer the advanced 108-h.p. "Thrill-King" engine.

And it's the lowest-priced line
A demonstration will show you that Chevrolet offers just about everything you could want. It's the lowest-priced line in the low-price field.
*Combination of Powerglide automatic transmission and 115-h.p. "Blue-Flame" engine optional. "Two-Ten" and Bel Air models extra cost.

You're "sitting pretty" behind the wheel
Take this Bel Air model. First thing you'll notice is the quality of the interior. Rich-looking appointments. Roomy seats with foam rubber cushions. Turn the key to start the engine and you're ready to go.

You get greater getaway with the new Powerglide*
A lot finer performance on a lot less gas. That's what you get with the new Powerglide automatic transmission. There's no more advanced automatic transmission at any price.

Biggest brakes for smoother, easier stops
An easy nudge on the pedal brings smooth, positive response — right now! Chevrolet's improved brakes are the largest in the low-price field.

It's heavier for better roadability
You're in for a pleasant surprise at the smooth, steady, big-car ride of this new Chevrolet. One reason is that, model for model, Chevrolet will weigh up to 200 pounds more than the other low-priced cars.

You can see all around
You look out and down through a wide, curved, one-piece windshield. The panoramic rear window and big side windows provide a clear view in all directions.

Huntin' AND Fishin'

By **Harve Pennington**

The purpose of a leader in fly casting is to reduce the visible connection between the line and fly. Obviously, the trout, a fish credited with keen eyesight, is going to be suspicious of his breakfast if something is leading it around by the nose. While no leader can be completely invisible to the fish, it is far less conspicuous than the end of the line. Being somewhat translucent it is safe to assume that the leader absorbs and reflects the color of its background, whether you are casting under dark trees or in open sunlight water. An equally important function is that the length and hairlike diameter of a leader will cause the fly to be delivered to the surface softly—a good ten foot from the splashing line.

No matter how proficient the caster, his line will splash. Even if it is checked high in the air, the weight of a falling line is sufficient to send out alarming ripples in calm, clear water.

Boy Scout Jack Klug, 13, believed to be first recipient of merit badge in railroading. Scouting's newest merit award, was congratulated at National Jamboree in California by Fred G. Gurley of Chicago, president of Santa Fe Railway. The youth's father, J. A. Klug, is manager of Santa Fe's Harvey House at Barstow, Calif., and his two grandfathers—John Klug and O. B. Boulton, both of La Junta, Colo.—are veteran conductors on Santa Fe's La Junta-Dodge City (Kan.) run.

When a fly line is unrolling forward, the section which has unrolled is the only section which is pulling forward. Unless it has some weight, it cannot pull fast or hard and it will not pull the line you want to shoot for any distance—unless it is pulled upon by a heavier portion turning ahead. As the loop unfolds and straightens, the front taper quits pulling entirely, the shooting line stops and if the applied energy on the part of the fisherman was properly calculated, the front taper would have enough momentum left to straighten its own length and deliver the final impulse that would straighten the leader.

Throughout the flight of the line, various components united in a continuous propulsion of the whole—only the leader came along for the ride. It adds nothing to the cast but merely waited for the big moment when it got pushed forward by the momentum and velocity of the line. In actual casting, therefore, a leader is a handicap. The longer it is, the less likelihood there

will be of it straightening and the more "drag" it adds to the unrolling line which is very busy trying to get itself straightened out.

MOVE TO TULSA

DISH WASHING TESTS

Want to protect your family from bacteria? Then wash your dishes correctly, says the Gas Appliance Manufacturers Association. On the basis of recent dishwashing tests, best results are obtained by a thorough pre-rinsing, washing in very hot soapy water, then rinsing again with a generous amount of hot water. Dish water shouldn't be less than 120 degrees Fahrenheit.

Since 1878 the population of the United States has increased every year.

GRIFFITHS VISITORS

Is Your Home Fire-Safe?

Protect your home with a good fire insurance policy first and then check these points:

- Avoid matches and careless smoking.
- Check for faulty wiring and appliances.
- Avoid careless use of gasoline or kerosene.
- Avoid accumulation of trash in storage rooms.
- Keep your roof in good shape to guard against flying sparks.

BUT first of all, protect your home with a good insurance policy. We sell fire insurance.

SOUTH PLAINS NEWS

by Mrs. Murray Julian

Rev. John Cartwright, of Tell, Texas will do the preaching at the coming South Plains Baptist Church revival which will begin on Sunday morning, August 16 and go through August 23. Geo. Clark, who was the singer at the last revival will come back from Hardin-Simmons University at Abilene, to lead the singing at the revival. Everybody is cordially invited to attend any or all of the meetings.

Sherlene Teepie and small brother, Dwight, returned home by bus from Amarillo Saturday after spending the past week with their aunt, Mrs. Mildred Hamm and family in Amarillo. Mr. and Mrs. John Smitherman accompanied by Mr. and Mrs. George Weast left Thursday morning at four for a few days vacation in Colorado. They went by way of Santa Fe, N. M. and on Friday they were in Monte Vista, where they went to the famed Ski Hi Stampede Friday afternoon. They spent one night in Salida, and saw other spots of interest in Colorado Springs. On the way home they visited at the home of Mr. and Mrs. Early Joiner at Rye. They arrived

home Monday morning after an enjoyable trip, and report they hardly saw the sun while they were gone and were in thunder showers in several places.

Mr. and Mrs. H. L. Marble, J. L. King and June, went to Floydada Sunday morning to have dinner with Mrs. Pierce King, Randall and Leora. J. L. King is spending this week with Mrs. King and attending the revival meetings at the Presbyterian Church there.

Bob Hartman from Camp Roberts, Calif. came home Saturday of last week for a short furlough and has been with his parents and family, Mr. and Mrs. Harry Hartman. When he returns to California he will have his orders for overseas duty. Bob Reeves is now in Korea and Jerry Pearsey is there, but is expected home in September, according to his folks for his time will be over then. Jack Reeves who is in the marine division is expected home in the next two weeks, having finished his time in the service.

Mr. and Mrs. G. A. McAda and Gordon and Johnny Wood, all of Lockney, came home from church

THE OLD TIMER SAYS!

"If a fellow has an empty stomach, it won't give him any peace 'til he fills it. Pity that an empty head doesn't do the same!"

ch Sunday with the Fred Fortenberrys and had dinner with them and their son, Elmo.

Rev. Chas. Joiner, who has been visiting his son, Mr. and Mrs. Early Joiner and Gordon in Rye, Colo. for the past four weeks arrived at his home in Lockney on Friday afternoon. They had just finished cutting the wheat crop on the ranch and are now cutting meadow hay.

Mr. and Mrs. Bryant Higginbotham, Bud and James Alton, went to Lubbock Sunday for an all day reunion which was held at the MacKenzie park grounds. The reunion was the Hardemon County reunion which is held annually and around four hundred were present for the gathering. Dinner was served at noon and Bryant was among those who were interviewed on Sunday and you may have heard him on KSEL on a Lubbock station Monday morning.

Donita Milton had a slumber party at the home of her parents, Mr. and Mrs. Grigsby Milton on Friday night and those who enjoyed the party with cake and ice cream were Marilyn Kinnibrugh, who visited Barbara Sue and Bonnie Upton, Juanel Brown, Louise Pritchett, Virginia Taylor and June Marble.

Reunion Held At Andrew Sanders Home

On Saturday and Sunday, August 1 and 2 at the home of Mr. and Mrs. A. P. Sanders a family reunion was held and many relatives gathered for the two day meeting which reunited many families for the first time in years. Those who enjoyed the family gathering were Mr. and Mrs. Guy Sanders and family, Arch. N. M.; John Sanders and family, Portales, N. M.; Calvin Sanders and family, Clovis, N. M.; Mr. and Mrs. Shalie Barbee, Lubbock and Patsy Sanders, also of Lubbock; Vance Gray and family, Ashtoh, Texas; Winston Gray and family, Amarillo; Mr. and Mrs. R. G. Morris and family, and Buddy Sanders of Petersburg; Earl Huckabee and family, Floydada; and Mr. and Mrs. Hansel Sanders and son were all present, as were the Andrew Sanders family.

Mr. and Mrs. W. Fred Cox from Edmonton Alberta, Canada arrived in Plainview with their daughter, Mr. and Mrs. Jimmy Goodwin and children from Fort Worth last Saturday afternoon and Rex Smitherman brought them to the home of Mrs. Cox's father, P. M. Smitherman for the week end. They were all en route to their home in Canada and were taking the Goodwins

to visit them in Canada for the next two weeks, then they will fly them back home.

Annual Community Picnic August 8

The South Plains Home Demonstration Club will have its annual community picnic Saturday evening at eight o'clock at the baseball park in South Plains. This date is August 8 and everyone is cordially invited to attend. The picnic this year will be a watermelon feast and each person is to bring watermelon and service for his family. Everyone come.

Rev. Raymond Spence gave an interesting lecture on this Monday night, August 3 at the Baptist Church in South Plains. There was a goodly number present at the meeting and everyone enjoyed the slides and the descriptive talk of Rev. Spence. We regret that the illness of Mrs. Spence has caused her to take a rest for the next few months. She is now in Fort Worth and Rev. Spence will follow her and be with her about August 10.

Those who celebrated birthdays on July 28 were Bonnie Upton, Victor Bond, Juanel Brown and Benny Edmonds. Juanel Brown had a swimming party on Friday afternoon in Floydada, and later brought the guests home with her for a slumber party.

On Wednesday night of last week a watermelon, ice cream and cake feast was held at the Blanco encampment for the BTU of the Baptist Church. Many families attended the gathering and after a prayer service a swimming party was held, after which everyone enjoyed the refreshments and fellowship together.

The South Plains softball players played three games this past week, on Tuesday, Thursday and Friday night games were enjoyed on the Lockney field by many. They lost another game to Lone Star on Thursday night and on Tuesday, August 4 they will play their last game before the play off. This game will be with Gulf Service. The way the games have resulted so far the Lone Star boys are in the lead and South Plains boys and the Fire Boys are tied for second place.

Mr. and Mrs. Owen Thornton and children left Saturday for Clovis, N. M. where they spent the week end with friends and relatives and came home Sunday evening.

H. D. Meeting At McClures

The South Plains Home Demonstration Club met on Wednesday, July 29 at the home of Mrs. Frank McClure with Mrs. Grigsby Milton as co-hostess. The topic for the day was clothing, and roll call was answered by the members with: Handmade and Handy, Pillow cases, towels, jelly and many other things were shown, including a child's

dress and a new kind of cake, and a hooked rug which was made by the hostess, Mrs. H. L. Marble presided over the meeting and she also gave the council report of the meeting which was held July 18. Mrs. H. R. Hartman gave a report on the year books and guest day was again voted upon. Miss Leila Petty was with the club for a demonstration in What's New in Clothing. She had recently attended a meeting in Kansas City and she gave the latest reports about all the new fabrics and about their care, washing, etc. It was found that the automatic washing machines take the place of hand washing for the nylon, orlon and other fabrics. After the good demonstration, Mrs. L. T. Wood led the group in games, then delicious refreshments were served by Mmes. George Beedy, Fred Fortenberry, Harry Hartman, Murray Julian, John Wilson, H.

L. Marble, I. H. Parks, L. T. Wood, R. G. Dunlap, Otho Sanders, John Key West, Miss Petty and Misses Donita Milton and Martha Lee Sanders. There will be no meeting in August, but the annual community picnic will be held Saturday night, August 8. Mrs. Bryant Higginbotham will be the next hostess on September 9, and remember to bring an apron which you have made.

Dr. Cox Suggests Polio Preventives

Austin. — Polio isn't running wild in Texas this summer as it did in '52, but it is still smart to play safe with the kids, State Health Officer George W. Cox will tell you.

There are several common sense items parents ought to keep in mind during the polio "season." Dr. Cox lists them like this: Don't get panicky. Keep in mind that half of all polio victims recover completely, and 30 percent of the other half recover with only slight weakness. Only 14 percent have lasting paralysis.

Realize that gamma globulin is not a cure for polio. There is no cure. GG is intended only as a temporary preventive against paralysis. At best it is effective only for 5 weeks, after which it has all been eliminated by the body.

Gamma Globulin has been tested on more than 54,000 children and the results are now under study, but once the polio virus has reached the nerve cells, GG cannot alter the course of the disease.

You can find out whether or not your child is eligible to receive gamma globulin by asking the health officer in your county. He is familiar with the formula for GG distribution in effect in Texas.

Meanwhile, don't isolate your youngsters when you hear of a case of polio in the community. There is no point in letting them contact strangers, but they ought to be allowed in their usual circle of friends.

Keep them clean and see that they rest in the afternoon. A nap is fine, but even playing quietly part of the day will help conserve their strength.

Last, but highly important, call your doctor at the first onset of any of these signs: headache, fever, sore throat, upset stomach, stiff neck or back. The earlier a case of polio is diagnosed, the better are the chances for recovery without lasting damage.

Great strides are being made

toward the development of a vaccine, but until it is finally developed Dr. Cox believes this opinion is still valid:

"A high level of environment sanitation and personal hygiene is the individual's best defense against polio."

Mr. and Mrs. Lonnie Cox and boys of Abilene were visitors in the home of Mr. and Mrs. Alton Noland last week.

Mr. and Mrs. Woodrow Wilson and Deann, Mr. and Mrs. Cager Carmack enjoyed television in the home of Mr. and Mrs. Alton Noland Saturday.

Mr. and Mrs. Buster Snodgrass and girls of Oklahoma City visited his mother, Mrs. Nora Snodgrass and his sister, Mrs. Harley Workman over the week end. The daughters, Mary and Linda remained for several days visit.

Mr. and Mrs. Alton Nolan had as Sunday visitors, his mother, Mrs. Nell McGuffey, Plainview, and sister, Mrs. Jacquita Volkman, and Arlinda, Cleo Cleon and Scottie Billington all of Amarillo.

MEALTIME GLAMOUR

That slogan, "Be lavish with lace" is just as practical as it's poetic! Nothing washes easier and defies wrinkles more successfully than lace. Food and drink stains are no problem when the cloth is washable, so lace is practical even on the family table. You can suds your lace tablecloth as often as it's used and it will just look better than ever. After it's washed and rinsed in hot water, damp dry it in the clothes dryer. Then put a plastic sheet beneath the cloth to keep it clean, shape it gently with your hands and that's all the "ironing" it needs.

Carl F. Lemons returned home Monday afternoon after spending ten days in the Lockney General Hospital with complications from injuries of accident on June 27th. He is again feeling fine but is receiving treatment at the hospital daily.

Mr. and Mrs. Jim Conner and son, Stanley, were guests at a supper in Plainview on Wednesday evening of last week honoring Mr. Conner's brother, Weldon Conner who was here for a few days.

Prayer services begin at 8:00 o'clock Wednesday. Bring your Bibles and study with the pastor.

Baptist Services
Sunday morning services begin at ten o'clock and the evening services at eight o'clock. Roger Conner brought an interesting report on the Sunday School Encampment that he attended at Gloria, New Mexico.

Boys and girls be sure to come to G. A.'s and E. A.'s Wednesday afternoon at 4:00 o'clock. Due to the encampments we have not had our regular meetings for some time. Be back in your places and get a new start Wednesday.

Prayer services begin at 8:00 o'clock Wednesday. Bring your Bibles and study with the pastor.

LUSCIOUS LEFTOVER

Don't turn up your nose at leftovers. Cook some quick-cooking rice and keep it hot over the simmer burner of your range. Then make a sauce using 1 can soup (mushroom is good) and add a little milk. Put in leftovers (chicken, beef, ham), cut into small pieces, and diced green peppers, onions, peas, corn or anything else you may have. Serve the combination surrounded with rice and the result will please you. Hot biscuits, apricot jam and coffee give an added touch.

Accidental spillovers on your gas range should be wiped up with a paper towel before the food has a chance to harden. Even though the range finish is acid resistant quick action is desirable to prevent milk, some fruit juices, vinegar and other acid foods from marking the porcelain.

ARTHRITIS?

I have been wonderfully blessed in being restored to active life after being crippled in nearly every joint in my body and with muscular soreness from head to foot. I had Rheumatoid Arthritis and other forms of Rheumatism, hands deformed and my ankles were set.

Limited space prohibits telling you more here but if you will write me I will reply at once and tell you how I received this wonderful relief.

Kellisons Hurt

Another auto wreck which affected relatives of local people was the one at Acuff in which two were killed and five injured. Among the injured were Mr. and Mrs. Roy C. Kellison and her mother, Mrs. Bessie Knowles. Mr. Kellison is a brother to V. H. R. R. and G. E. Kellison, all of this area.

Mrs. Knowles was critically injured and Mr. and Mrs. Kellison were less seriously injured in the wreck. The Kellisons live at Hollis, Okla., and Mrs. Knowles home is Wichita Falls. Killed were Mrs. Clyde Shaw of Wilson and Jere Louise Shaw, 10 years of age. The accident occurred at a road intersection near Acuff late Sunday. Relatives here were called immediately to Lubbock where the wreck victims were hospitalized.

Mrs. Kellison has a broken hip, and is suffering from bruises and shock. Mrs. Knowles has a broken hip, three broken ribs, and concussions. All three were thrown out of the car.

Wise County Reunion Will Be August 16th

Meeting At Main Street Church Set

The gospel meeting will be held at the Main Street Church of Christ here from August 30 through September 6, it was announced this week by Minister George DeVoll.

Speaker for the series of meetings will be Carl Craig, an evangelist from Canyon, Texas. The public is invited to attend.

Drive-in service stations were inaugurated in 1903. Today there are 250,000.

Mrs. E. H. Rankin Buried Saturday

Mrs. E. H. Rankin of Plainview, former resident of Lockney, died last Thursday night of a heart attack at her home. Funeral services were held at 3:30 Saturday afternoon at the First Methodist Church in Plainview with Dr. J. O. Haymes, pastor, and Dr. G. K. Rogers, Presbyterian pastor, officiating. Burial was in Plainview Memorial Park.

Mrs. Rankin, who was 55 years of age, had just had a physical check-up Thursday and apparently was in good health. Her death was unexpected.

Mrs. Rankin was, before her marriage, Bessie Lee Thompson and was born at Lockney March 18, 1898. She was the daughter of a pioneer Lockney couple, Mr. and Mrs. E. P. Thompson. She was a sister to Miss Juanita Thompson and Mrs. Buck Sams, both of Lockney.

She was married to E. H. Rankin at Amarillo on December 21, 1921. They moved to Plainview in 1936 but lived here for a short time in the early forties.

Survivors include her husband, one son, Elbert Eugene Rankin of Phillips; three brothers, F. E. Thompson of Lovington, N. M., H. R. Thompson of Pampa, and M. M. Thompson of Bakersfield, Calif.; three sisters, Miss Thompson and Mrs. Sams of Lockney and Mrs. L. Q. Martin of Long Beach, Calif.

Pallbearers included A. P. Barker Sr., and R. E. Patterson of Lockney.

Funeral Services For Harrison Tuesday

Funeral services for Albert Lee Harrison, killed in an auto accident Sunday, were held at the First Baptist Church here Tuesday afternoon at 3:00 o'clock conducted by Rev. Goree Applewhite and Rev. F. P. Graham of Lone Star.

Burial was in the Lockney Cemetery with Carter Funeral Home in charge.

Harrison has been employed by the Lone Star Oil Company of Lone Star. He was a native of Leon County but had lived here most of the time for the past 15 years. He was a member of the First Baptist Church.

He was married on May 22 of this year to Mrs. Merle Potter of Lockney. She and her children were on their way to visit relatives in Oklahoma when the accident happened. They returned to Lockney Sunday night.

Survivors include his wife, four stepchildren, Mary, Ruth, Billy and Betty Potter, seven brothers, Nolan Harrison of Plainview, Thurman, Travis and George Harrison, all of Amarillo, Jep and Dewey Harrison, both of Houston, and Cpl. Perry L. Harrison, stationed in Alaska; three sisters, Mrs. W. R. Smith Jr. of Lockney, Mrs. Raymond Williams, Amarillo, and Mrs. Pearl Goodman, Los Angeles, Calif.

All were present for funeral services except Nolan, who was ill. Mrs. Goodman and Cpl. Perry Harrison of Alaska.

Three Local Coaches At Coaching School

Head Coach Johnny Truelove, Line Coach Elvin Lyon and "B" squad Coach Dempsey Alexander of Lockney High are all attending the annual coaching school of the Texas High School Coaches Association this week at Houston.

Sessions began Monday and will run through Friday with around 2,000 coaches in attendance. Football, basketball, track, baseball and athletic training will be discussed and an all-star basketball game on Thursday night, and an all-star football game on Friday night will climax the school.

Avoid Planes Which Have Sprayed 24D

Read Wipprecht, entomologist from College Station urges farmers to avoid using planes or ground equipment either for spraying cotton which have been used to spray 24D. "We have just had a case of 10c cheaper in price and 800 acres really ruined," he writes from College Station. "The pilot skipped the country. If they have ever used 24D don't let them stop in the county if possible," he said.

TO AUSTIN

Mr. and Mrs. Aubrey Cox left Wednesday to accompany Mrs. Cox's parents, Mr. and Mrs. J. C. Chambers and Ikey from Lubbock to Austin for a visit. While there Mrs. Chambers will take her State Beauty Board examination then the group will be guests for a week with the Leslie Huff family and will stay at a cabin on a lake.

City Asks Help In Fly Control

"We have a new fog machine and we are spraying the city regularly to kill flies and mosquitoes but we must have more help from the citizenship if we are to control these insects," Mayor J. E. Cox said this week.

The city has been sprayed twice recently and will probably be sprayed again this week, Mayor Cox said. The machine, a new Dyna Fog sprayer, is the best made and does a good job. It was purchased just recently by the city.

Emphasizing that the city must have help from its citizens, Mayor Cox pointed out that it is much harder to keep mosquitos under control that it is flies because they breed almost anywhere that there is water. In gardens, wet grass, air conditioners and numerous other places. Possible breeding places should be eliminated as much as possible.

With flies it is different. If you don't board him he won't stay with you. Flies breed in open garbage cans, trash barrels, where meat scraps and garbage have been thrown even if you burn trash in the barrel, and other places.

Suggestions for controlling the breeding of flies were given as follows:

1. Don't throw meat scraps or wet garbage in your trash barrel. Put it in a garbage container with a good tight fitting lid or bury it at least 12 inches deep then compact the soil well above it.
2. Keep all places where animals are kept clean and don't place manure in large piles and leave it for any length of time. Either spread it on your land or get rid of it other ways.
3. Outdoor toilets should be pit type and fly tight. A good insecticide should be used every day.

Mr. and Mrs. Lloyd McCray and children of Plainview spent Sunday visiting Mr. and Mrs. Leslie Cox and family.

George Washington's cabinet was composed of secretaries of State, Treasury and War.
