

THE PARABLE OF THE BIG TREES

Consider the giant redwoods and sequoias. How high they tower above the floor of the forest.

And yet, beneath them ferns and shrubs and smaller trees grow and thrive in the sunlight that pours through the branches of the giants.

So it is with you and me. We might think ourselves overshadowed by the giants in the earth—the people who are richer, or more powerful, or better educated than we. But the sunlight of God's love pours down upon the whole forest, and each of us knows its warmth and power.

It doesn't really matter who we are, or where we live, or how much of this world's goods we possess. Each of us receives at the hands of God unmeasured blessings.

And, every Sunday in Church, each of us has the opportunity to express his love for God in humble worship.

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake (2) For his children's sake (3) For the sake of his community and nation (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

It's not the H-bomb that worries me!

As a growing chick, I'm more concerned about disease No. 1 -- coccidiosis. It has bothered my parents and grandparents. In fact all my ancestors were troubled with "coxy." I wish the Boss would keep Sulquin on hand as a control when coccidiosis strikes. Used off and on in the feed, Sulquin prevents "coxy" breaks. It comes in either liquid or soluble form. It would ease my mind if the boss would buy Sulquin where he sees the sign.

Blanchard Boy Is Improving Now

Jeff Blanchard, 16-month-old son of Mr. and Mrs. H. J. (Doc) Blanchard of Lubbock is improving now after having a peanut removed from his lung at West Texas Hospital in Lubbock Friday night. The little boy was in a serious condition for a while but his lung has cleared up now and he is back at his home.
 Jeff picked up a bag of peanuts and became choked on them. He was rushed to the hospital Friday afternoon.
 The boy's mother is the former Mary Ruth Thomas, daughter of B. A. Thomas of Lockney.

Winners Named In Guessing Contest

Winners in the Levi guessing contest at Baker Mercantile Dry Goods were named Monday. The contest was to guess how many stitches in a large pair of Levi pants. Several people tied in the contest all guessing 15,000 stitches, the correct number being 14,987. Because of this the name of each person guessing this number was put in a box and drawing was made for places.
 Leroy Wilson of Route 1, M. Lockney, won the first place and a 22 calibre Remington Rifle. Doyle Pinner of Route F won second place and Wayne Cumble of Route 2 won third place. Each of these receive a pair of Levi pants to fit them.

TO CALIFORNIA

Minute Editorials

And as ye would that men should do unto you, do ye also to them likewise.—Luke 6:31

JUST TO KEEP THE RECORD straight let us point out that the Floyd County Democratic Convention wasn't as one-sided as the daily newspaper reports originating in Floydada would have you think. Of course the Yarboroughites captured all four Floydada boxes and they had every delegate and alternate present. Then too several rural communities, including Lone Star and Sterley delegates, lined up with the Yarborough forces. West Lockney and Harmony, with 22 delegates between them, voted to oppose the anti-Shivers resolutions in every case, but due to a ruling by the chairmen, they were not allowed to vote their entire delegation, despite the fact they were operating under the unit rule. Only delegates present were counted in the vote, regardless of previous custom to vote delegates as a unit. So, actually the pro-Shivers delegates were outnumbered but it wasn't near as bad as some would have you think.

WE'RE ASHAMED of some of the resolutions adopted by the Yarboroughite convention. One, especially, which praised Harry Truman among others and bemoaned the fact that the county and the state had supported the

Republican nominee in 1952, and saying that those who led in this movement had betrayed their state and section. Floyd County as well as Texas gave Mr. Eisenhower a majority if we remember rightly and we still don't think that the voters made a mistake. The corruption and rotten politics of the old New Deal and Fair Deal regime had to be cleaned out. The cleaning is still going on. Then too, don't forget the "big steel" in which Mr. Truman and Mr. Stevenson were trying to take several billions of dollars worth of tidelands from the school children of Texas. Did we do wrong in repudiating this corrupt administration? Of course not. Yet you voters of Floyd County who voted for Mr. Eisenhower have betrayed your state, according to the resolution passed by the county convention. And remember, because of this resolution, all of Floyd County will be credited with the sentiment of the resolution. Whether you think that way or not, it's your resolution. Maybe, next time you'll be interested enough to attend your precinct convention.

OUR READERS will note that The Beacon is publishing several constitutional amendments which are to be voted on in November. These amendments are important to the state and it behooves us all to study them carefully as to merit. The old slogan of some to "vote everything down," is not one that will contribute to good government. We should consider these amendments individually in the light of their merits and vote accordingly. Read them over.

WHAT DO YOU KNOW! The federal government will have a deficit of only some three billion dollars this year instead of the estimated ten billion. Somewhere someone has caught on to the "save money" idea. Maybe we'll work ourselves out of this 275 billion dollar debt yet if we're right careful.

AN ALCOHOLIC is a detriment to himself, his family and his community. The habitual drinker is on the road to ruin, yet some people allow themselves to become alcoholics without realizing the trouble they are getting into. Dr. Andrew C. Ivy, University of Illinois physiologist, recently listed seven warning signs of alcoholism. Here they are:

1. Snorking extra drinks.
2. Feeling the need for a drink to start the day.
3. Need for a drink at a certain time each day.
4. Irritability about drinking or being deprived of something to drink.
5. Drinking alone.
6. Drinking to prevent hands from trembling or to ease tension.
7. Steadily increasing daily doses.

PRICE AND VALUE

Though through a mail order catalog from one of the out state houses offering "name brands" at wholesale rates, and it looks like you might be able to save some sizable amounts of money.

But just a minute: The people who sell the same merchandise in your home town use the difference in price for a number

of things from which you benefit directly. They help pay taxes for such essentials as good streets, police and fire protection. They help maintain the schools and churches, and they do a lot of little jobs you never hear of such as helping folks whose luck had run out.

They maintain a force of employees whose salaries and wages pay their part of home-town activities and help you to do better in your own line of business or work. Sort of a chain-reaction.

When your money goes to the

mail order house it leaves the community forever and by so much reduces the resources of your hometown. — Amarillo Daily News.

POPULATION INCREASING

If we can believe the words of the sages, "The more, the merrier," this place is rapidly nearing the hilarious stage. Figures released by the Record Office substantiate what our eyes have been telling us when we see the cots and mattresses on the cell house floors — the count continues to rise. Last month 352 new tenants arrived to replace 255 — 199 via Discharge, 56 by Conditional Pardon — who decamped. Net gain 97 fresh fish.

We, here in Texas, aren't the only ones with this trouble though. It's the same all over the country and in some states even worse. — The Echo, Texas prison newspaper.

AND BOOM—NO TAXES!

Alastair Anderson, near London, owned a manor house on which the socialist government of Britain levied 500 pounds (\$1,400) in taxes and which the so-called conservative government didn't relieve. Alastair took half that much dynamite—200 pounds — and blew up the house. No more taxes.

Don't laugh. It happens here — the principle, that is. A Brooklyn cab driver saved his money and went into business. He hired fifteen workers. They joined a union and struck for higher wages. Came March 15 and the ex-cabbie owed all he had. So he shut 'er down. Fifteen men are out of work. The cabbie is back in the cab — "no worries, pal." Now Uncle Sammy gets no taxes from the cabbie or the fifteen.

How smart it is to confiscate the fruits of courage, initiative, imagination and perseverance? — The Dallas Morning News.

Long Ago In Lockney

Items of interest from the files of The Lockney Beacon.

August 7, 1924

The Lockney country is in the very best of shape this year, and a tremendous yield of all crops is assured. The cotton crop is large and the plant is in the best of condition and bids fair to make from 1/2 to a bale to the acre. Feed crops, corn, maize, kafir, fescue, hagar, sudan grass and alfalfa are excellent.

K. D. Middleton is having a filling station erected just south of the old Ayres building on Main Street.

A party of people composed of Mr. and Mrs. J. H. Parker and Mr. and Mrs. G. W. Andrews of Seymour, and Mr. and Mrs. John A. Couch and daughter of Haskell, passed through Lockney Tuesday night and spent the night enroute to the mountains on vacation. They were favorably impressed with Lockney and expressed a desire to locate here.

Rev. J. F. Nix, pastor of the First Baptist Church of Clovis, N. M., and president of the State Baptist Convention of New Mexico is doing the preaching for a revival meeting at the local Baptist church this week.

Geo. T. Meriwether is preparing to erect a modern brick home on West Locust.

Misses Annie Pritchett and Iris Mae Fox went to Plainview Sunday to enter Watson's Business College Monday morning. They will take courses in bookkeep-

ing and stenographic work.

The many friends of Floyd Ewing will be glad that he is able to be at the store after an illness of ten days.

August 7, 1922

Rain fell in this section Tuesday over some acres in the amount of from 3/4 to an inch. Some only received a sprinkle.

Elmer James Mitchell, age 20, passed away in a Plainview hospital July 31 after a long illness. He was the son of Mr. and Mrs. Elmer Mitchell Sr. of Sterley.

Farmers are asked to shift some of their wheat acreage to warcrops.

Miss Meda Ruth Thomas became the bride of Lt. Harold Watts in a ceremony performed in the Methodist Church at noon Sunday, August 2. Rev. W. B. Swim read the vows.

Archie Bybee, son of Mr. and Mrs. Delbert Bybee of Sterley, recently volunteered for army service and is now stationed at Camp Wallace.

Jay Ed Parsons was inducted into the army Friday. He has been employed by the L. T. Williams grocery here the past several months.

Mrs. Grady Brewster and daughter of Dalhart stopped here Friday enroute home from where they visited Mrs. Zack Biley. From Lubock they were accompanied by Mrs. Alma Dilford.

Library Notes

By Mrs. Roy Hollar
Delayed

One hears a great deal about large libraries and perhaps too frequently, we judge library service by the size of the building or the total number of books. So it was refreshing to come across a clipping from United Press in a recent issue of "The Dallas Morning News" which told of the smallest library in the world. It was built in 1940 in Beaver Falls, which is a village in upstate New York. The village has a total population of 639 according to our atlas and the library our clipping says is nine feet high, six feet wide and one foot deep. It houses 300 books and is named for three different families. Summer visitors and the local population use the library. The clipping did not say where the library attendant stays when it rains, we are hoping that there is a cover of some sort for protection from sun or rain.

Miss Erin Gamble sends us "Personal Security Through Faith" by L. R. Ditzler in memory of her mother, Mrs. Belle Gamble and "Courage is the Key" edited by Alexander Klein in memory of Mrs. Emma Robbins of San Antonio. We also had a package of books from Miss Gamble in addition to her memorial gift.

Mrs. Edna Mae Honea, Beth Crawford and the Kinard family have made the library gifts of books.

There is a great charm about our early history and one of the most charming people of that long ago age is Sacajawea. We have just unpacked a new book about her. It is written by Frances Joyce Farnsworth and is the result of years of collecting data and studying Shoshone folk lore. The book is called "Winged Moccasins" and is complete with index and bibliography, however we think you will read it for the story and perhaps want to refer again to Daugherty's "Of Courage Undaunted."

Much fun as it is to look back and revel in a past that we can be proud of, one must also look ahead and face the realities of today and the perils of tomorrow. So we make mention of another gift book from an anonymous donor. Its called "The Road Ahead" and is by John T. Flynn whom you hear over radio. It is a thought provoking small volume and we thought perhaps our readers might like to know it is available.

A foolish idea a day keeps the mind working, at least.

Half Of Floyd Onion Crop In

Floydada. — With the first half of their onion harvest, all but completed, half a dozen Floyd County farmers are in position to show a profitable return from their operations. A high yield per acre and relatively good prices for the products have combined to produce the profit. Six farmers in this area planted a total of 90 acres. The yield has been reported at from 600 to 850 fifty-pound sacks per acre, but a crop of late on ons, to be harvested in about three weeks, will determine the final yield. Preliminary estimates indicate a yield of approximately 1200 sacks per acre. Favorable conditions for the harvest at this time could put the six over the top and make a profitable operation of the adventure.

L. D. James and W. H. Simpson, Jr., brothers, and Kenneth Probasco, Rafe Ferguson and Arlon Miller are the Floyd County onion raisers.

This sextet of young farmers contracted the planting, conditioning and delivery to the processing shed in Floydada. They also contracted the cleaning, sorting and grading of the crop.

W. E. Jordan, Atlanta, representing the Brand Brothers, nationwide onion brokers, has handled sales.

Jordan said that with no price supports and the market depending solely upon supply and demand, the production of onions presents some hazards.

So far this season, one of the earlier varieties, the yellow jumbo, has been the best seller and has returned the most profit to the raiser. This is in contrast to last year when this variety was the least profitable.

The onion grower in Floyd County are divided between Griens, early type, and Spanish onions which will be harvested later.

Another factor favorable to a good profit here is the unfavorable weather in other onion-raising areas which reduced production and helped keep the market at a high level.

While growers and distributors alike are reluctant to discuss the price the onions are bringing, the market is reported to be around \$2 for a 50-pound sack of No. 1 onions.

As in other crops, all this is by no means clear profit. Planting, cultivating, hoeing, dusting, irrigating and harvesting makes the crop an expensive one to raise. An estimated cost is 80 cents to \$1.25 per bag.

director; Royal Brantley and Miss Matilda Gaume, assistant professor of music at WTSC.

Students will attend classes, band and choir rehearsals, practice sessions, drum majors and conducting classes, and twirling sessions throughout the day during the two-weeks period. Three bands and a choir will be formed, as well as ensembles and twirling groups. In the late afternoons and evenings, entertainment has been planned.

A series of out-door concerts on the campus will be held almost every night of the camp, and the public is invited. Among concerts already scheduled are the Amarillo Air Force Band, Aug. 2; a musical comedy trio from the University of Oklahoma, Aug. 3; a dance with Weldon Bright and his band of Amarillo, Aug. 4; a talent night, with camp students participating, Aug. 5; a big music camp band concert, featuring twirler Ted Otis, Aug. 6; George Gershwin's "Of These I Sing," produced by the Amarillo Starlight Theatre, Aug. 9.

Johnny Lee Welton, magician and a WTSC student from Pampa, and the Amarillo Blackburnshaw Quartet, will join to entertain on Aug. 10. A grand finale concert by the choir, twirlers and the camp's three bands, will officially close the West Texas Music Camp on Aug. 13. All concerts, except the final one at 7:30 p. m., will open at 8 p. m.

Jim Willsons Mother Dies In Fort Worth

Floydada. — Word was received here Sunday of the death of Mrs. D. M. Willson, 87, former early-day Floydada resident and mother of a prominent Floydada lumberman, J. M. Willson Sr.

Mrs. Willson, whose husband established the first lumber firm here, lived in Floydada for many years. She died Sunday afternoon in Fort Worth—her home in recent years—at Memorial Hospital following a short illness.

Funeral services were held Monday afternoon at the Harvest and Coe Funeral Home at Fort Worth, with burial in the Greenland Cemetery there.

Everybody would like to have a government that can operate without taxation and yet give the people the benefits of modern times.

Cooperating With Nature

Did you ever figure out that man has been studying the human body for thousands of years, written thousands of books about it without being able to manufacture one single tissue cell?

Yet nature, in 280 days, manufactures 400 billion tissue cells, groups them in their proper places and produces life.

Nature also provides all the machinery necessary to maintain health — a nervous system supplying impulses to every organ, gland and tissue cell in the body.

And chiropractic goes hand in hand with nature, first acknowledging that nature knows best how to cure its ills and second, making sure that nature's own healing agent is free to do its work properly.

Chiropractic is effective in any type of illness because it cooperates with nature, because it recognizes that sickness starts when the flow of nerve impulses to the body is restricted or blocked off entirely.

GEORGE D. HOLLAND
Certified Hearing Aid
Audiologist

• WHO IS GEORGE D. HOLLAND?

He owns the Maico Hearing Center, Lubbock's most modern and best equipped hearing aid office, located at 1512 - 19th street for the past five years. Before entering the hearing field he was a school teacher and superintendent of schools in Texas for 15 years. He is a graduate of Texas A and M College.

• CAN HE FIT HEARING AIDS PROPERLY?

Holland is a Certified Hearing Aid Audiologist, having passed the examination required by the American Society of Hearing Aid Audiologists. He is the only man so certified in Lubbock. His wife, Agnes Holland, who runs his office in Lubbock in his absence, is also a Certified Hearing Aid Audiologist.

• WHAT HEARING AIDS DOES HOLLAND DISPENSE?

Maico, the most trusted and respected name in the hearing aid field. Over 90% of all hearing tests made in the world are made on Maico instruments, including every Ear Specialist in Lubbock and West Texas, ninety-two schools in the Lubbock-South Plains area including Texas Tech in Lubbock and West Texas State College in Canyon. Hundreds of hard of hearing persons in this area wear Maico hearing aids.

• DO MAICO HEARING AIDS REQUIRE BATTERIES?

No. Maico hearing aids are transistor instruments, using tiny energy cells the size of a dime and operate for less than a cent a day or about \$3 per year. Maico aids are the world's smallest, weighing only an ounce, and are worn in a lady's hair, with no cord on the neck, and positively no clothing noise, or as a man's tie clip.

• ARE MAICO HEARING AIDS SOLD ON TERMS?

Yes. Your old hearing aid will serve as the down payment, or an extremely small down payment will suffice. Monthly payments run about the cost of batteries in a vacuum tube aid. Low 6% bank rates are available.

• CAN HOLLAND MAKE EVERYBODY HEAR?

No. Many hard of hearing people can't be benefited by hearing aids. He will test your hearing and will tell you to what extent you can be helped by a hearing aid. But hearing aids must be fitted for one to understand. Trying to hear on an aid that doesn't fit is like trying to see with someone else's glasses.

• DOES HOLLAND CHARGE FOR HEARING TESTS?

No. He will test your hearing without cost or obligation. If a hearing aid won't benefit you, or if you decide you don't want an aid, he won't try to high-pressure you into buying an aid.

If you can't meet Holland at the time and place indicated above, fill out the coupon below and mail to him and he will call at your home for an examination of your hearing. Stop your frustration and embarrassment with good hearing. A hard of hearing person is a lonesome person and is often a problem for his family.

FT. WORTH VISITORS

Visitors in the home of Mrs. Pearl Hall Sunday included her daughter, Irene Hall of Wesley House, Ft. Worth, Texas, and two of her friends, Miss Lucy Gist of Bethlehem House and Miss Lillian Hillburn of Wesley House in Fort Worth. The girls all left Monday morning for a vacation in Colorado. At Arma-rillo they were joined by Miss Helen Osborn for the trip.

**County Demos Go
Anti-Shivers**

The Floyd County Democratic Convention, meeting in the district court room at Floydada last Saturday afternoon, went anti-shivers by a wide margin, although delegates from West Lockney and Harmony did oppose the resolutions passed.

The convention passed resolutions for everything from imposing a unit rule on the state delegates to opposing a third term for governor, and including one that praised Franklin D. Roosevelt and Harry Truman and accusing the south of swapping the New Deal and Fair Deal for the "raw deal."

The pro-Yarborough group, organized and ready to go, quickly elected Ben Ayres, county Democratic chairman, as temporary chairman of the meeting, named Lawrence Davis of Sterley as secretary, and then got down to the business of passing resolutions.

The first resolution was one calling for delegates to the state convention to be bound by the unit rule which passed quickly.

The second resolution called for all "good Democrats" to support the nominee of the party from precinct to precinct and instructed them to vote and support the adoption of such a resolution at the state convention.

The third resolution offered by Judge Johnson was a long one, praising Franklin D. Roosevelt and Harry S. Truman, accusing the Republican party of 60 years of misrule, listing the accomplishments of the Democratic party, and accusing the South of swapping the New Deal and Fair Deal for a "raw deal." The resolution also listed the misdeeds of the Republican party and ended with "the misguided leaders who prompted by the selfish economic interests of the minority and by personal political ambition, misled Texas into the Republican column in 1952, in so doing, betrayed the interests of their state, section and party, and should be repudiated."

The fourth resolution stated that the tradition of more than 100 years against a third term for governor of Texas is a good tradition and no reasons exists for setting aside the tradition.

The delegates from West Lockney and Harmony consistently voted against the resolutions but were badly outnumbered. Answering an objection by Chairman F. L. Brown of the West Lockney delegation, Chairman Ben Ayres ruled that only delegates present would be counted in the voting. Mr. Brown's contention was that all 19 delegates from West Lockney should be counted since they were operating under the unit rule.

A resolution which was approved unanimously was one praising the late A. C. Goen Sr. of Floydada, who had been active in Democratic party affairs for many years.

Elected delegates to the state convention were Bert Bobbitt, Sterley; Alton B. Chapman, Floydada; Hubert Frazell, Lone Star; R. A. Robertson, Floydada; J. M. Wilson Jr., Floydada; Bill Hol-

lums, Floydada; Tom Porter, Starkey; Dee Copeland, Lockney; Bill Stanforth Sr., South Plains; Mrs. J. H. Barnard, Barwise; W. G. Collins, Floydada.

Alternates were Joe Robertson, Center; W. F. Patrick, Floydada; C. L. Fawver, Baker; Lee Trice, Floydada; Lawrence Davis, Sterley; John Shipley, McCoy; Billy Ted Probasco, Floydada; Gerald Lackey, Cedar Hill; J. C. Wester, Floydada; John B. Stapleton, Floydada; C. H. Bedford, Floydada.

Voting precincts represented at the convention were Southwest Floydada, Starkey, Allmon, Lone Star, South Plains, Cedar Hill, Baker, Lakeview, Harmony, West Lockney, Northwest Floydada, Sterley, McCoy, Southeast Floydada, Northwest Floydada.

Jerry Calahan of Simsboro, Louisiana has spent the past two weeks visiting relatives here.
