

## Lawauna Taylor Is "Doing Fine"

Lawauna Ann Taylor, 13-year-old daughter of Mr. and Mrs. George Taylor, Lockney, who has been in an iron lung at the polio center in the Plainview Hospital, was "doing fine" Wednesday afternoon her father said. Lawauna Ann has been in the lung for the past 10 days but was able to be out of it for several hours at a time this week. Her fever had left her and the disease had apparently been arrested, physicians said.

She has some weakness in her arms but the extent of paralysis, if any, can not be determined at this stage, doctors said. She will be kept out of the lung at gradually longer intervals until she is able to breathe without assistance.

No new polio cases had turned up in this locality this week but a Floydada boy was admitted to the polio ward at Plainview last Friday. He was Michael Earl Smith, 4-year-old son of Mr. and Mrs. L. D. Smith Jr. of Floydada.

Meanwhile John Martinez, small son of a Latin-American couple of the Lone Star community, had been dismissed from the polio ward and is doing fine.

JAY CHANNELL

## Jay Channell To Preach Here

Jay Channell of Midland, Texas, a former minister of the Main Street Church of Christ here will preach in a meeting starting at the local church next Sunday. It was announced this week by Thos. McDonald, local minister.

Services will be held at 7:30 a. m. and 7:30 p. m. each day and the meeting will continue through the following Sunday, Sept. 5th.

Damon Smith of Childress will direct the song service. Mr. McDonald invites everyone to attend the meetings. A list of sermon subjects for the evening services will be found elsewhere in this newspaper.

## Quarterback Club Organized Here

Some thirty-odd boosters of the Lockney Longhorn football team met at the football stadium Tuesday evening and organized the Lockney Quarterback Club.

Showing enthusiasm and a "ready-to-go" attitude, the crowd voted to go into the organization after hearing talks by Dick Stovall and Gale Mayo of the Floydada Quarterback Club and from John Bickley of the Greenville Club.

Dillon Patterson, local Pioneer Natural Gas Co. manager, was elected president of the club. Leonard Finley was elected vice-president, Claude Brown secretary and R. L. Knox, treasurer.

Directors selected were Marvin Gilbert, Joe Parrish and R. H. Ford.

Membership dues were set at \$1.00 per year and dues collected from most of those present. The executive committee, made up of officers and directors, will meet Thursday evening of this week at the Southwestern Public Service office here to outline committees and make other plans.

Leon Wofford of the Lockney Lumber & Supply offered to give the club 200 pencils with the football schedule printed thereon and the club accepted. They will be sold by the club members, the money being used for various activities related to the football program.

The next membership meeting will be Tuesday evening of next week at the high school auditorium. All boosters of the local team are invited to attend.

SERVING THE RICH IRRIGATED SECTION OF FLOYD COUNTY

VOLUME 28

LOCKNEY, FLOYD COUNTY, TEXAS, THURSDAY, AUGUST 26, 1954

NUMBER 20

LAWAUNA ANN TAYLOR, 13-year-old daughter of Mr. and Mrs. George Taylor of Lockney has been in an iron lung at the polio ward of the

Plainview Hospital for the past 10 days but is "much better" now and is able to stay out of the lung for hours at a time. She is past the critical period

of her illness and attending physicians expect her to improve right along. Extent of her paralysis is yet to be determined.

## SCHOOLS BEGIN WEDNESDAY MORNING; ALL IN READINESS

The Lockney schools will begin next Wednesday morning, September 1, and all is in readiness with the exception of three vacancies on the teaching staff, Superintendent W. C. Irons said Wednesday.

The first faculty meeting will be held Tuesday at 9 a. m. The buses will run Wednesday morning at the usual time and the pupils will spend a full day at school Wednesday. Both cafeterias will serve meals Wednesday.

The school buildings have been painted and renovated this summer and are all in good shape, Mr. Irons said. The books are in and numbered. Work is underway on paving of shoulders on streets around the high school building and it is hoped that this work will be completed before school starts.

Mr. Irons reminded parents of 6-year-old beginning students that the child's birth certificate must be presented to school authorities when he enrolls in order to comply with state requirements.

Three late resignations were the cause of vacancies, Mr. Irons said. He is working on filling the positions this week. Resigning their positions with the local school were Weldon Sno-Igrass, science teacher in high school; Mrs. Abene Seiwert, junior high and Miss Vera Russell, who had been elected as a special education teacher for exceptional children. The science teacher and the special education teacher will both be hard to replace, Mr. Irons said.

The faculties of the various schools are:

High School: F. M. Smith, principal; Johnnie Barnhart and Mrs. Mildred Zigler, English; M. L. Brewer, agriculture; Mrs. Albertine Irons, home making; Mrs. Myrtice Cope, mathematics; Rudy Haile, football coach, physical education and social studies; Troy Ingram, basketball coach, physical education and social studies; Mrs. Dorothy Ingram, physical education for girls; Elvin Lyon, assistant football coach and general science; Mrs. Virginia Lyon, social studies; Mrs. Jane Mangum, business administration; Elmer Stimson, band; Bobby Lu Casey, school secretary.

Junior High School: L. D. Hawkins, principal and mathematics; Mrs. Willa Dean Hawkins, public school music; C. W. Bradford, mathematics and social studies; Mrs. Ann Haile, English; Henry Price, social studies.

Elementary School: Mrs. Alma

## Will Return Gamma Globulin Monday

All surplus gamma globulin furnished to local physicians by the National Foundation for Infantile Paralysis and not used by Monday of next week will be returned to the State Health Department, local health officials said this week. The medicine must be returned if not used under the agreement by which it was obtained, it was explained. Any person living in the Steeley voting precinct who has not had a shot of gamma globulin may still receive one without cost except the doctor charge for administering through Monday.

Colored school: Waverly Washington and Allie L. Terral.

Cafeteria workers: Mrs. Olive Myers, supervisor; Mrs. Imo Lee Rigby, Mrs. Vera Rogers, Mrs. Emma Stadbird, Mrs. Roselee Cooley, Mrs. Anne Cunningham, Mrs. Della Wilkison, Mrs. Bertha Cynus, Mrs. Mary Wilson.

Custodians: John Spradlin and Ernest Spradlin, high school and junior high; Carl Wilson and J. R. Richards, elementary school. Bus drivers: G. A. McCada, W. A. Gilbreath, Wilbur Miller, John Chandler, R. C. Rogers, C. W. Bradford.

## Leave March Of Dimes Donations At First Nat'l

Those who wish to donate to the Emergency March of Dimes drive in this part of the county should leave their money with Joe Wilson at the First National Bank or at The Beacon office. No active solicitation will be made in this county but all donations of money to the emergency drive will be gladly received. Also small containers have been distributed to business houses in the area wherein money may be placed for the emergency drive. The emergency drive is necessary to take care of polio vaccine trials, gamma globulin distribution and the usual number of polio cases this year, national officials pointed out.

## Dempsey Alexander Takes Plainview Job

Dempsey Alexander, head basketball coach and assistant football coach here the past year has accepted a position as head football coach at Plainview Junior High School. He and his family moved to Plainview Monday of last week. Dempsey had considered a position at Estelline but decided to take the Plainview job.

## Interest Is High In 2nd Democratic Primary

### Two Injured Are Still Critical

Two persons injured in an automobile collision just east of town at noon Monday are still in critical condition at the Lockney General Hospital, attending physicians said Wednesday at noon. They are:

Jim McAdams, 48 of Miami, Ariz., who has a fractured pelvis, a fractured right leg and internal injuries.

Mrs. Emory Ballis, 30 of Ballis, who has a fractured skull and suffered concussion of the brain.

Others injured in the accident were:

Mrs. Della Ballard, 70, Hale Center, who has a broken shoulder, a broken right leg, cuts and bruises.

Walter Henry Tiffin, 25, Hale Center, and his sister, Wynell Tiffin, 16, both with cuts and bruises. They were released from the local hospital Monday.

Mrs. Fannell Smith, 34, Ballis, severe lacerations and bruises. The accident happened at the intersection of farm highway No. 135 and 596 just at the east edge of Lockney. Mrs. Ballis was driving a 1954 Lincoln traveling north and Tiffin was driving a 1951 Ford traveling east. Mrs. Ballis, traveling the cut off at the east edge of town apparently didn't see the stop sign at the intersection and the Lincoln ploughed almost exactly into the center of the Ford's right side. Apparently the cars stayed together, sliding into a bar ditch on the north side of the road. Neither turned over, probably preventing even more serious injury to occupants.

Mrs. Smith, traveling with Mrs. Ballis was thrown out of the car. Other ladies in the Ballis car who were uninjured were Mrs. Keith Haberer, Mrs. J. L. Cornwell, Mrs. T. S. Parks, and Mrs. Charley Cowley. They were wives of Ballis Jaycees and were trying to catch a group of Ballis boosters who were touring this area advertising the Ballis rodeo in September. The group of boosters had stopped in Lockney an hour before the wreck.

McAdams, Mrs. Ballard, and both Tiffins were in the Ford. The whole side of this car was crumpled in and the car was believed to be a total loss. The Lincoln had considerable damage to its front end.

Highway Patrolman Thurman Ketter investigated the accident.

### Election Party Here Saturday Night

The usual election party with the returns being posted on a board in front of Pinner Insurance office. We won't put up the big board but will have a smaller board that is expected to hold the few offices on the ballot this time.

The Beacon and The Hesperian will again co-operate in securing county returns. Election judges in this part of the county are asked to call Pinner Insurance, number 3329, collect as soon as the count is completed.

Returns are expected to be completed early due to the short ballot. First returns should be in shortly after 7 p. m.

REV. E. D. LANDRETH will preach in the Methodist Revival beginning Sunday.

## Methodists Will Begin Revival

The Lockney Methodist Church will hold its annual revival meeting beginning next Sunday, August 29. It was announced this week. The meeting will run through Sunday, September 5th. Sunday services will be held at 11 a. m. and 8 p. m. A prayer service will precede the evening service at 7:15.

Three services will be held daily Monday through Friday. There will be a breakfast service for men at 7 a. m., services for everyone at 10 a. m. and 8 p. m. Special youth services will

### METHODIST MEN NOTICE

The Methodist Church is to have a special breakfast service for men at 7 a. m. each morning of the revival at the church. All Methodist men are urged to attend.

be held daily at 7:15 p. m. and at the same time prayer groups for men and women will meet.

Dr. E. D. Landreth, pastor of the St. Paul's Methodist Church in Abilene will be guest preacher for the meeting. He has been in evangelistic work all of his ministry and has conducted revival meetings for many churches in West Texas. He is a native Texan, a graduate of McMurry College, receiving the degree of Bachelor of Science and later the honorary degree of Doctor of Divinity. He has served as district superintendent of the Amarillo and Clarendon districts and is one of the outstanding preachers of the Northwest Texas Conference.

Rev. A. A. McBrayer, pastor of the Wheeler Methodist Church, will lead the song service and work with the youth. Rev. McBrayer is a noted youth worker of the Northwest Texas Conference.

The public is invited to attend all the services of the revival, officials of the church said.

Mr. and Mrs. Frank Hodel and daughter of Crawford, Texas were here last week visiting his brother, John Hodel and other relatives.

The second Democratic primary, on Saturday of this week, is probably drawing more interest than any run-off primary in recent years and the vote could possibly approximate the first primary vote when nearly 3,000 went to the polls in this county.

County Clerk Margaret Collier said Wednesday that 172 absentee votes had been cast and that five applications are still out making a total of 177 for the county. A total 197 absentee votes were cast in the first primary. Miss Collier said that the absentee ballots came from every voting precinct in the county with the exception of two, Goodnight and Lakeview. Absentee voting closed Tuesday night.

The governor's race is drawing the most interest with both Governor Allan Shivers and his opponent, Judge Ralph Yarborough making extensive and heavy campaigns since the close vote of the first primary. Local people are also taking part in the governor's race with both sides advertising extensively.

In this county the county judge's race is next in line in interest. G. C. Tubbs and W. E. Grimes, both former holders of the office oppose each other. Their first primary race was also close with only two votes separating them. Both have been doing some very active campaigning the past month.

Also in this county the tax collector's race is drawing interest with incumbent T. T. Hamilton being opposed by C. C. (Charlie) Buckabee. Mr. Hamilton led the first primary by a little more than 200 votes. Mr. Hamilton has been ill most of this month and has been confined in the Methodist Hospital a part of that time but has been campaigning through the newspapers. Mr. Buckabee has made an active campaign.

Down in precinct 1, Commissioner J. K. Holmes is opposed by C. O. Spence. Mr. Holmes led the first primary and the race is expected to be close this time.

Another contested state race is that for Associate Justice, Supreme Court of Texas, Place No. 1. Alfred M. Scott of Travis County and Fawcett Brewster of Bell County are the candidates. Mr. Brewster led the first primary.

An uncontested office rounds out the short ballot. Lloyd W. Davidson of Travis county is on the ticket for Court of Criminal Appeals. His opponent, Judge Haley of Wichita Falls withdrew because of Davidson's long lead in the first primary.

The polls will open at 8 a. m. and close at 7 p. m. The counting is expected to be much faster this primary due to the short ballot and results should be known early. The Beacon and The Hesperian will again co-operate in gathering returns and the results will be posted here in front of the Pinner Insurance office.

Voting places and election judges will be the same as the first primary. West Lockney will vote at the high school building with Henry Schacht as election judge. East Lockney will vote at the City Auditorium and E. C. Durham is election judge. There will be no change in the location of the polls or the election judges in rural boxes as far as The Beacon could ascertain.

## Williams Baby Is Some Better

Little Shelby Foster Williams, infant son of Mr. and Mrs. Davis R. Williams of Lone Star, is reported to be some better. The baby was taken to the Methodist Hospital Tuesday of last week with spinal meningitis and has been seriously ill. His grandparents, Mr. and Mrs. A. O. Foster visited him Sunday and report that the baby is still under an oxygen tent but seemed to take a slight turn for the better on Saturday. Other grandparents are Mr. and Mrs. Dee Williams, also of Lockney.

## LONGHORNS LOOKING GOOD, WILL SCRIMMAGE CROSBYTON FRIDAY

The 1954 Lockney Longhorn football squad was looking good in practice Tuesday night and they will get a chance to put their practice into action Friday night when they scrimmage the Crosbyton team under the lights on the local field. Scrimmage will start about 6:30.

Coaches Rudy Haile, Elvin Lyon and Troy Ingram were working the boys twice daily getting them in shape for the first game with Hale Center here on September 10. Hale Center is rated among the top Class A teams in the state and the opening game is expected to be a tough one for the Longhorns.

The boys are "camping" at the high school gym and workouts are held early in the morning and at night. They are sleeping and eating at the high school.

The boys are stiff and sore at this early stage of training but are showing plenty of hustle. A few have minor injuries but none serious. Big Jimmy Rankin, first string tackle from last season, has a broken toe he received in a softball game some time ago and is taking it easy but will probably be ready to go in a couple of weeks.

Following is a list of the boys now working out. Coach Haile said that three or four more boys would be out when school starts next week.

Centers: Marion Cross, 3 year letterman, co-captain, senior; Jerry Workman, 1 year squad man, sophomore; Kelly Harrison, freshman.

Guards: Weldon Jones, 2-year letterman, co-captain, junior, all-district last year; Don Hollums, senior, 1 year squadman; Dee Nix Jr., Dan Griffith Jr., Coy Kidd, freshman; Joyce Paschal, freshman; Billy Bigham, freshman.

Tackles: Jimmy Rankin, 2 year letterman, senior; Lonell Hayes, 1 year squadman, sophomore; Clifton Williams, 2 year letterman, senior; Jim Bob Reynolds, 1 year letterman, senior; Lerel Foster, squadman, senior; Derrel Waldroupe, junior; Johnny Hanst, freshman; Jerry

**LETTERS TO THE EDITOR**

Gilroy, Calif.  
P. O. Box 914  
Aug. 18, 1954

Dear Mr. Hays:  
Here I am to let you know I did not get The Lockney Beacon last week. It should of been here on Sunday or Monday, but so far I have not received it. This is Wednesday and I really don't want to miss a copy of it. I received all four of the copies you sent together August 8th. You have really been good about seeing we get The Lockney Beacon. O. K. and I feel sure its not your fault that we did not get the paper, but please, can you still send me a copy of it August 22th.

Mr. Hays did you get the money order for the Beacon. I mailed it August 9th. We are always getting mail lost before we get it out here. The money order we mailed for our income

taxes got lost. Luckily we kept the receipt from it. They are still trying to locate it. In case you did not get the \$2.50 money order I mailed you August 9th let me know for the Lockney Beacon really rates high with me. I always enjoy reading it so much and learn a lot of news I'd never get in other ways. We are back at the Gentry plant working with garlic and onions. This year makes 3 years to have worked there, so its getting to be kindly like home to us. They have built a new plant and running two plants 24 hours around the clock. Holidays will be the only days they will ever stop unless something breaks down and usually that's fixed in a very short time for they have their own shop men and tools out there. Most of them think we will have a very short season this year, since we have two plants to work in. Some say we will get through in October. Others say it will last all through November so I do not know. I have been changed to the new plant and its nicer and better than the old plant as we have all new machines and its some different too. The onions roll through an open "blaze burner and burns the dry skin and roots and tops mostly off, then goes through a washer and out on rollers in front of us. 10 to 12 ladies on each side and we have a machine about the size of an alarm clock with a round open in middle of it about size of a 50¢ piece. We pick the onions up and tap the part with the root and end to the open place and it has a sharp knife in it that cores the onions about as fast as lightning. They are carried on belts to another washer, then goes out in front of more women who trim the bad parts and what skin needs to be trimmed off of them, then they are carried by belt to a slicer machine and sliced into real thin slices and goes on through a dryer machine and packed into large barrels made of heavy pasteboard. That's as far as I've

**POLIO VICTIMS NEED HELP NOW!**

give **EMERGENCY MARCH OF DIMES** AUGUST 16 TO 31

seen them worked with, but in other parts of the plants they are made into onion chips, onion salt and powder and so on. Garlic is handled just about the same way but with different machines. When a person goes in the plant for the first time tears really start rolling but in 10 to 15 minutes, it's over with, then it does not bother much any more. I did not even have to wipe a tear away when I started back this year but I still wonder what they ever do with all of those onions and garlic. Lot of them are shipped overseas I hear. There is lots of fruit here this year but Mexicans gather most of it. They are starting on the prunes now and there are still peaches, strawberries, pears, apples and grapes.

Most of the California people think the folks in Texas live in a better life than they do. They seem to be in such a hurry all the time, and always in such a crowd when you pass. I know I had go to Old West Texas last year, and I'll have to stay in a couple of days and see what it's like. I would really love to go to the mountains with the Lockney crew of 1953, but Perry says the 1954 California schools are bad. They want to high school this year. He's not getting any-

es today. We are hoping we can spend Christmas at Lockney. I sure hated to miss Mother and Dad's Golden Wedding anniversary but was too busy at work and would have had to make such a fast trip, we thought it just too far away and not get to stay but 3 or 4 days.

Hope you all have rain and make good crops. I am sure getting hungry for okra and black-eyed peas. It is too cool here for them to grow and not often we can buy them. When we do they are not good like the ones back home.

Will soon be time for me to go to work, so I must get busy. I work from 3:30 p. m. to 11:30 p. m. Lee works from 7 a. m. to 3:30 p. m. We work 6 days a week, both get Saturday off.

Truly yours,  
Connie Lea Tomme.

**WARNING!**

**TEXAS FARMERS-RANCHERS WARNED OF CIO LABOR PLANS**

AUSTIN, Tex., Farmers and ranchers of Texas were warned this week that the CIO plans to organize the farm workers of Texas if its candidate wins the Governor's race.

This warning came from Governor Allan Shivers who charged that the backers of his opponents "want to turn the state government over to the same bunch that is trying to wreck Port Arthur."

"One of the first things they would do is put one of their red-hot organizers from Port Arthur in as labor commissioner. Then every time a farmer or rancher wanted to hire someone he would have to go through the CIO."

Governor Shivers said there was no doubt in his mind that the aim of the CIO after the job of organizing industry in Port Arthur and along the Gulf Coast is finished is to begin organizing farm labor in all parts of Texas.

"You can imagine what will happen when the CIO starts dictating how many laborers are needed to plow ten acres of land, refusing to allow a man to work more than thirty-five hours a week during the harvesting season and telling how much a farmer can charge for his crop," he said.

The Shivers administration, the Governor said, has worked hard to help preserve and protect the rights of the working man.

"But as long as I am Governor, the professional labor bosses who have been sent to Texas from the East—specifically those in the CIO and its Political Action Committee—are not going to run our State Government," Shivers promised.

Shivers said the average working man in Texas appreciated good government and that they were not going to let CIO bosses and professional organizers from the East do their thinking—and voting—for them.

**Library Notes**

Story Hour with the little voices and the little books has been always a high point of the week. We say with Abou Ben Adhem "may his tribe increase" as we look at each example of good West Texas Leadership which makes up the story hour. Last Saturday Sue Durham and Alice Latta told the stories. Mrs. S. J. Latta and Mrs. R. C. Henry also attended. Mrs. Henry is committee chairman for the 1929 Study Club which sponsors the story hour.

We send to shelf this week forty new books for grade school and pre-school reading. How many hours of fun and profit are just coming into our possession. New orders will be coming in steadily and as our loan from the Texas State Library is returned the new books bought by the Floyd County Library will fill the gaps in the shelves.

The majority of the best sellers in fiction are now in use in the Floyd County Library. They are, naturally in a good deal of demand and borrowers are asked to return them as promptly as may be feasible that other readers have a chance to use them while they are still of current interest. Call the library if you wish to find out when a new title in which you are interested is available. Leave word with Mrs. Mills at the Lockney Branch that we in the central library may send the new books you want to Lockney.

Mr. Olin Watson of the Floydada Chamber of Commerce has just called our attention to the lead article in the September "Reader's Digest" called "A Letter to My Children" in which Dr. Maurice Ewing tells of his experiences last January when he was washed off his boat while pursuing his business as an oceanographer. Dr. Ewing once lived at Lockney — he is a cousin of Miss Juanita Thompson, who is city secretary there. Dr. Ewing is director of the Columbia Lamont Observatory. His articles have appeared in National Geographic and other scientific magazines.

**Byrd Installing Modern Front**

Another Lockney store is modernizing its front this week, that being Byrd Pharmacy. Fred Byrd, proprietor, said that a modernistic all glass and metal front would be installed. The front will be pushed out flush with the sidewalk. A concrete incline will lead to the entrance. Berres & Johnson are doing the work. Plainview Plate Glass & Mirror Co. is furnishing the glass.

**VOTE FOR**  
**W. E. GRIMES**  
 For  
**COUNTY JUDGE OF FLOYD COUNTY**  
 On August 28th

Judge Grimes has had 20 years experience as a practicing attorney and is well qualified to preside over the Courts of Floyd County. His previous experience in county affairs also adds to his qualifications in handling of county business affairs. Judge Grimes has always stood for economy in government and has done his part to keep taxes as low as possible.

Judge Grimes is an advocate of farm-to-market roads and a check of his record while serving previously as county judge will reveal that he actively worked at the job of getting farm-to-market roads for this county. When he took office Floyd County was at the bottom of the list in this district in priority for farm-to-market roads. When he went out of office the county was near the top among counties of the district.

Judge Grimes will move his office to the court house, should you see fit to elect him to this office, and will maintain that office at the court house at all times.

We urge you to vote for W. E. GRIMES for County Judge of Floyd County on August 28th.

### GOOD CREDIT RECORD

Young couples starting married life find it pays to establish their credit and to maintain a good credit record. By paying promptly and maintaining good credit records, they are establishing a sound foundation for financial security and social standing. Credit enables them to acquire attractive home furnishings and equipment as they go along, to enjoy more of the good things of life than they would if they had to wait until they saved the cash.

Those who grant credit, like to see people use it, but not abuse it. The sound use of credit stimulates business, creates employment, contributes to lower commodity prices, and brings more of the good things of life within the reach of more people.

Your Credit is a Sacred Trust—Guard It Closely.

Mrs. Francis Rasher, Carl, Donald and Karen of Sacramento, Calif., are here spending the month of August with her sister, Mrs. C. D. McCandless and family. Mr. Rasher will accompany them home next week.

## Grimes Asks For Votes In Run-Off

TO THE PEOPLE OF FLOYD COUNTY, TEXAS:

Again I wish to express my sincere appreciation to everyone who voted for me in the July Primary and to all those who have helped me in this campaign in any way, you have my heartfelt thanks, and I earnestly solicit your help, as well as the help of all others, in the second primary.

I believe in securing all of the farm-to-market roads (free roads) possible and believe that I can secure more of such roads. My court secured and got built the first 41 miles of farm-to-market roads in the county while I was County Judge before, and we secured about \$84,000.00 from the state to help build the roads built out of the big bond issue voted by the people. We are justly proud of this record, and refer you to the records for verification.

I believe in honesty and fair dealing in public office as well as efficiency, and in all transactions I believe in saving the taxpayers all the money possible and especially at times when we need to lower taxes as I think should be done now, or at least keep them from getting higher. My four years previous experience in the office should be a great help in this matter. Having had more than 20 years' experience in the practice of law as a lawyer, I believe I am qualified to preside over the County Court. I believe in being fair to everybody.

I earnestly solicit your vote to this very important office, and if elected, I will be the County Judge of all Floyd County, as fair to everyone as I know how, and will do my best to fill the office to the very best of my ability. I will be in the court house office of the County Judge to serve you at all times.

Your vote and influence will be appreciated.

W. E. GRIMES

Candidate for County Judge of Floyd County.

Mr. and Mrs. T. E. Cowart plan to leave Thursday to visit their daughter, Mrs. F. T. Drake in Ardmore, Oklahoma. They will return Saturday.

Mrs. T. F. Anderson and daughter, Patsy, returned home Tuesday after spending the past two weeks in Lorenzo visiting their daughter and sister, Mrs. Chester Maxey. Mr. Maxey and two children, Judy Ann and Wilson Dec.

**Lions Club Sponsors Sale For Blind**

The Lockney Lions Club will sponsor the sale of ironing board covers and pad combinations, corn brooms, door mats, mops and other related items from a truck which will be parked on Main Street here Saturday.

All the items sold will be those manufactured by Texas blind workmen in Blind Shops or Lighthouses, which are non-profit organizations and furnish employment to blind people only.

M. L. Brewer will be in charge of the sales. Proceeds will be used for sight conservation, Cub Scouts, the Lions Crippled Children's Camp and other civic projects.

The truck crew will canvas every home in Lockney, Lions club officials said, in selling their projects.

**Local Men Are On Colorado Tour**

Several local men are on the Burlington Lines tour of Colorado this week as guests of the First National Bank. They are Joe Foster, Wyatt McLaughlin, Orlin Miller, Gene Belt, Bob Jarrett, Conrad Henderson, and M. W. Wiley.

The tour especially emphasizes farming practices in Colorado.

**Charles Crouch Is Polio Victim Also**

Another Floyd County boy who has been struck down by polio is Charles Crouch, 23 year old son of Mr. and Mrs. R. V. Crouch of the Providence community. Charles was living and working in Plainview when the illness hit him. He has been in the polio ward for 10 days and is getting along fine, his father reports. He has shown no signs of paralysis. Charles is a graduate of Lockney High School.

Another of the Crouch boys, Lray is ill at his home with double pneumonia. He has the virus type of pneumonia and has been very ill but is improving. He is 15 years of age.

**Stimson Calls Band Practice**

All junior and high school band members are being called in to practice each morning at 8 o'clock, Band Director Elmer Stimson said this week. The band practice period is from 8 to 9:15 a. m. and began Monday morning. The group has been meeting at the football field.

"We want to get ready for the first football game and we hope that all our members will be in to practice every morning," Mr. Stimson said.

**Fire Dept. And Silvertown Tie For League Title**

It is co-champions in the Lockney Softball League, league officials announced this week after the play-off game between Silvertown and Fire Department was called on account of rain at the end of three innings of play Saturday night. The score at the time was 4-4.

Team managers agreed to the joint title and flipped to see who got the championship trophy. Silvertown won the flip and carried home the trophy.

The Fire Department went into the play-off with Silvertown by defeating Gulf Service on last Thursday night 4 to 3 in eight innings. The Gulf boys had a 3 to 1 lead at the end of 5 innings but couldn't hold the salty Firemen who tied the score in the sixth. Archie Bybee was pitching for the Firemen while Charles Vaughn was on the mound for the Gulf boys.

With the chips stacked against them, the Fire Boys took on Silvertown Friday night. Silvertown hadn't lost a game in the play-offs but had defeated the Fire Boys 3 to 1 on Tuesday night. This time the Firemen put out the fire and won over the Briscoe lads 4 to 3. The firemen scored twice in the first and once in the fourth but Silvertown tied the score at 3 all in the fourth. The Fire Department then made one in the 7th to win. Bybee was again the pitcher while Bunch was on the mound for Silvertown.

This game made the count at one win, one lost for both teams remaining and the Saturday night game was necessary. The Fire boys jumped into a lead in this game scoring one in the first, two in the second and one in the third but Silvertown came along with four runs in the third to tie it up. The rains came and the game was called.

**REV. HORACE AREBBS of Floydada will preach in a revival meeting starting Friday at the Sterley Methodist Church. Services will be held at 10:30 a. m. and 8 p. m. each day through Sunday, September 5th. G. A. McAda will lead the singing. Rev. James Futch, pastor, invites everyone to attend the services.**

**Mrs. Reber Is New Librarian**

Mrs. Ivy Pearl Simmons Reber of Floydada has been employed as county librarian for the period Aug. 28, 1954 to January 15, 1955, according to an announcement by Mrs. J. H. Bernard Tuesday. Mrs. Reber has served as assistant to Mrs. Hollar and is graceful, alert and capable. She has graciously deferred starting her senior work at W. T. S. C. Canyon until mid-term since the library board is anxious for the library to remain open while locating a trained librarian.

Mrs. Reber's assistant each afternoon will be Dorothy Duncan, a senior in high school.

The central library will be closed August 28 as will all offices of the court house because of the election, so the staff, assisted by board members, will take inventory that day as well as on Monday, August 30.

**County Chairman Makes Statement**

TO WHOM IT MAY CONCERN:

Any doubt as to the correctness of the ruling of the Floyd County Democratic Executive Committee requiring a run-off in the County Judge's race has been removed by the decision of the Supreme Court of Texas in Carpenter vs. Longuemere, a case arising out of the recent first primary in El Paso County, in which one of two candidates for county commissioner received 1726 votes to his opponent's 1724 votes, but 5 write-in votes were cast for other persons; the Supreme Court held, on August 11, 1954, that the 5 write-in votes must be counted and considered, and that a run-off election must be held, neither of the candidates having received a majority of the votes cast in the race. The decision fully sustains the ruling of the Executive Committee, which ruling was made only after careful consideration of the law and by vote of 13 to 3 of the committeemen present.

Respectfully,  
Ben P. Ayres  
County Democratic Chairman.

Coach Haile said Tuesday night, "The boys are inexperienced but tough. They have a good attitude, a will to win and lots of hustle. Lot of the new boys looked awfully good and they may make some of the old boys hustle for a position."

"I notice that the Longhorns have been picked at the bottom of the district, but if we keep going, have no quitters or slip-ups, we're mighty apt to slip up on somebody."

The coaches appeared to be pleased with the work out Tuesday night and with the way the boys were coming along.

**T. T. HAMILTON**  
Assessor-Collector, Floyd County  
FLOYDADA, TEXAS

TO THE PEOPLE OF FLOYD COUNTY, TEXAS.

May I take this opportunity to express my sincere and heart-felt thanks for the wonderful support you gave me in the first primary and to solicit your vote next Saturday.

Often times we do not realize how to appreciate our friends until misfortune comes along. As most of you know, I have been confined to my bed with phlebitis since August 10th, eight days having been spent in the Methodist Memorial Hospital at Lubbock. Although the doctors tell me I will soon be alright, I must stay off my feet for the next few days. This has, of course, prevented me from seeing you personally.

This is not in any measure an appeal to your sympathy, but I want you to know why I have not been around to see you.

As your tax assessor and collector, I have discharged the duties of that office fairly and impartially and strictly according to the law. I do not believe anyone has said or can say that the office has not been run honestly and efficiently, and it is upon this record that I seek your support.

There is no substitute for experience, and this is especially true in handling the assessing and collecting of taxes in a county as large as Floyd County. If you believe my experience and the manner in which I have handled this office merit your support, I shall deeply appreciate your vote next Saturday, and I pledge you, if elected, to continue to discharge the duties of the office of tax assessor and collector in an honest, fair and impartial manner.

Sincerely,  
T. T. HAMILTON

## Minute Editorials

Be not deceived: God is not mocked; for whatsoever a man soweth, that shall he also reap. — Galatians 6:7.

**SATURDAY IS** election day. No one can tell you how to cast your ballot. It is the sacred right of every qualified voter to vote for the candidate of his choice. If you do not vote you pass up a privilege paid for by the death of thousands of patriots of this country and one that the people of many other countries of this world would gladly die to attain. Not only is it the right but the sacred duty of every person who is qualified to vote. Negligence on the part of the citizens of this country in the matter of voting will lead to corrupt and careless government and possibly the loss of the privilege of voting.

**ONE VOTE MEANS** a lot. Three presidents, Thomas Jefferson, Rutherford B. Hayes and the second Adams, were elected by one vote. The man who cast the deciding vote for President Hayes had been elected to Congress by one vote. Five states, including

Texas, gained their statehood by one vote. If Candidate G. C. Tubbs had received four more votes in the first primary he wouldn't have had to run-off the county judge's race in the second primary and if Candidate W. E. Grimes had received eight more votes he would have won without a run-off. Governor Allan Shivers lacked only some 6,000 votes out of a total of 1,300,000 getting a majority in the first primary. One vote can mean a lot in any election. It is your duty to go to the polls and vote Saturday.

**THE IMPORTANCE** of national defense is emphasized by the release this week of a booklet entitled "Air Power in the Age of Peril" by the American Legion's National Security Division. One thing pointed out in the booklet is that a modern bomber can fly from Moscow to Washington in just 45 minutes. It is further pointed out that a 600 n. p. h. bomber could bomb New York, Philadelphia, Baltimore and Washington, D. C. in a total period of 22 minutes.

**BACK-TO-SCHOOL** is the theme this week and every one who has school age children is making preparations to get Johnny or Mary ready to troop back to school on next Wednesday morning. School officials report that all is in readiness, or nearly so, to receive the pupils and thus begins another school term. Attending school is another privilege that is not enjoyed by peoples of many countries over this world and young people, despite the burden of lessons, should appreciate their opportunity in the matter of attending school.

**MORE INTEREST** has been expressed in the Democratic run-off primary this year than any run-off in recent years. Of course the governor's race is one of the big interest getters but the county judge's race in this county are also stirring up considerable interest. It is a healthy sign when people show unusual interest in political races. But is an unhealthy sign when a person or persons carry the campaign issues on after the election. When the voters have spoken and the results announced then it is time for us all to accept the results and abide by the decision without fussing and quarreling about it. When the results are announced let's forget our differences and drop the whole matter. It will be better for us all.

**NATURE HAS GIVEN** woman so much power that the law has very wisely given them little.

**THE PUBLIC'S BUSINESS**  
 Public business is none of the public's business — there is a tendency among the less competent type of public official to get the idea that the office he occupies is his own personal affair and that citizens, particularly newspapers — should not get too nosy about what goes on in "his office." They lose sight of the fact that the people have more than a right to know — they have the duty to keep in-

formed on what their government officials are doing with the money and power entrusted to them. The newspapers and other news media represent the only practical method for most citizens to keep so informed. But when this is explained to some public servants they say the public won't understand. I am more inclined to think they fear that the public might get wise. Fortunately this type of official is in the minority these days, possibly because voters have decided that office holders who think that public business is none of the public's business

have no business in public office. — County Wide News, Littlefield.

**IN CLASS TO ITSELF . . .**  
 A small town without a newspaper would be like a school without a teacher or a church without a pastor. That striking opinion comes from Prof. John H. Casey of the Department of Journalism of the University of Oklahoma. He went on to say this: "In the aggregate, the county newspaper determines the outcome of more elections, exerts a greater influence for constructive community progress, is read longer by more members of the family and constitutes, with its millions of circulation and quadrupled millions of readers, a better advertising medium than any other group of newspapers or periodical publications. Through service to its community, the county newspaper will not merely survive; it will continue to flourish . . ." — Post Dispatch.

**MAY BE SOLUTION**  
 A traffic judge in Texas offered this comment on a case involving two drunken drivers who were involved in an accident. He said: "I wish to commend you two for running into each other instead of some innocent person. If this sort of thing can be encouraged, I think we may have hit upon the solution of a serious problem." — The Hamlin Herald-News.

**SOMETHING GAINED**  
 The father of the bride should console himself with the thought that although he may be losing a daughter, he is probably gaining a bathroom. — The Kaufman Herald.

A surprise party was held Thursday night at the home of Mr. and Mrs. W. C. Watson in observance of their 62nd wedding anniversary which was Saturday, August 21. They were presented with a 35 mm projector and slides.

An anniversary cake was served with ice cream to the following relatives, France Baker, Lubbock; Mr. and Mrs. Jack Blair, Mr. and Mrs. Douglas Watson, Mr. and Mrs. Verlon Watson, Keith and Sherry, Mr. and Mrs. Bill Watson, Oran and Lonnie, all of Tulla; Mr. and Mrs. Preston Greenhaw, Hale Center; Mrs. Douglas Dege, Olin and Mary Leslie of Austin; Mr. and Mrs. H. P. Coleman, Mr. and Mrs. Glen Watson and Roland, Mrs. Pont Darnell and Mrs. Floyd Huff, all of Lockney.

**FOUR GENERATIONS**—Four generations were present Sunday to help Mrs. Mary Griggs Davis celebrate her 73rd birthday. Pictured here are, at left, Mr. and Mrs. Larry McCollum of Midland, the grandchildren; at rear right, Mrs. Frank Griggs, the daughter of Mrs. Davis; at right front, Mrs. Davis, the great-grandmother; seated at front Frank Griggs, the son-in-law and he is holding the great-granddaughter, Frankie Jeannette McCollum, 5 months old.

## Mrs. Mary Davis Is Honored On 73rd Birthday

Mrs. Mary Griggs Davis of Floydada was honored on her 73rd birthday, Sunday, August 15, with a birthday dinner at her home and later a family gathering at the home of her daughter, Mrs. W. M. Alford in Lockney. Mrs. Davis has lived in Floyd County 63 years, living at Lockney in the early days. She was once a student at the Lockney Christian College.

A birthday cake with 73 candles on it centered the dining table, which was covered with a lace table cloth over pink, "Happy Birthday, Mother" was the greeting adorning the cake.

The group gathered at the home of Mr. and Mrs. Alford in Lockney during the afternoon where pictures were made and visiting enjoyed.

Present for the occasion were Mr. and Mrs. Frank Griggs, Mr. and Mrs. Larry McCollum and baby, all of Midland; Mrs. Bobby Ray Griffith, Pecos; Mrs. N. B. Smith and children, Vinita, Okla.; Miss Helen Crawford, Odessa; Mr. and Mrs. Alford and son, Randy, the honoree, Mrs. Davis. Several friends called during the afternoon.

**73RD BIRTHDAY** — Here is Mrs. Mary Griggs Davis of Floydada with her birthday cake. She celebrated her 73rd birthday Sunday, August 15. She has lived in Floyd County 63 years. The yellow carnation corsage was a gift from the children.

Mr. and Mrs. Joe Anderson and Mrs. Conda Davis spent Tuesday in Lubbock.

One person out of every 12 is left-handed.

GO TO CHURCH SUNDAY.

## THAT THIRD TERM FOR GOVERNOR SHIVERS

1. A Governor of Texas, in a traditional tenure of four years, normally appoints not more than two members of any of the 125 boards and commissions which conduct most of the business of the State of Texas, but the result of Shivers' present 5 1/2 years tenure (longer than any other Texas Governor), 120 of such 125 boards and commissions are now 100% Shivercrat, affording means of control of millions of dollars in State property and funds and thousands of State employees, and providing opportunity for construction of a political machine that makes Tammany Hall look like a lady's aid society.

2. The Board of Insurance Commissioners, now 100% Shivercrat, has compiled the imposing record of 17 failures of Texas insurance companies in 17 months, at a cost of millions to Texas policy holders. Its latest Shivercrat appointee, Garland E. Smith, was associated with John Van Cronkhite as Shivers' campaign manager in 1952, and Van Cronkhite was paid \$11,000 by a failing insurance company as its "public relations adviser."

3. The most recent appointee to the State Highway Commission, making it 100% Shivercrat, is Mr. Marshall Formby of Dickens County, now openly electioneering for Shivers over West Texas, ON YOUR TIME AND YOUR PAYROLL, with subtle (and sometimes not so subtle) hints about future farm-to-market roads; the other two Commissioners are also whooping it up for Shivers. P. S.: Mr. Formby couldn't carry Dickens County or his home box of McAdoo for Shivers in the first primary.

4. THE C. I. O. AND COMMUNISTS: Shivers charges that the C. I. O. is helping to finance Yarborough's campaign, though he produces not a shred of proof; the laws of Texas forbid labor unions to contribute to a political campaign, under heavy penalty — if Shivers has any proof, why doesn't he enforce the law, as he is bound by oath to do? And Shivers says that Port Arthur is paralyzed by Communist-dominated unions; Texas has the most severe anti-Communist law in the United States — again, if Shivers has any proof, why doesn't he enforce the law; and if Port Arthur is in the iron control of Communist-dominated unions, how did Shivers carry Port Arthur in the first primary, while losing Jefferson County, where Port Arthur is located, 16,543 to 15,677?

5. TIDELANDS: Shivers' much boasted deal for the Tidelands is costing you your farm program and promises to cost you your segregation, as well as many other advantages you enjoy under the Democrats, a terrifically high price to pay—we could have done better elsewhere.

6. AT RANDOM: Shivers boasts that he carried Yarborough's home box in Travis County in the first primary; that box has been Republican since 1940, and of course Shivers carried it. BUT, Yarborough carried Henderson County, where he was born and raised, 5127 to 1760; Yarborough carried Angelina County, where Shivers claims he was born and where he opened his campaign with great fanfare, 5767 to 4104; and Yarborough carried Jefferson County, where Shivers claims his residence, 16,543 to 15,677, though Shivers did carry Port Arthur, where he says the Communists run the town.

# FARM AND BUSINESS PROGRESS REVIEW

Compiled and Edited by ROBERT FREEMAN

## Carthel Oil & Butane Feature Phillips Products

With the ever-increasing demand for Butane and Propane Gas for home, farm and industrial use, Carthel Oil & Butane Co., 902 North 2nd in Floydada has kept abreast with the increased demand and are equipped with the latest type trucks for safe, speedy delivery anywhere in this trade territory, any time — in fact they "put it where you want it — when you want it." A phone call to them at 66 in Floydada will bring you prompt delivery service of quality PHILGAS Butane, Phillips 66 gasoline, tractor fuel, lubricating oil and grease.

Carthel Oil & Butane Co. will gladly make a survey of your home, farm or business and give you estimates on a complete Butane System including installation, tank and appliances, or will discuss with you the conversion of your tractor or truck to Butane. You can easily pay for this conversion in your savings on fuel costs to say nothing of a longer life for your engine.

Recently Carthel Oil & Butane Co. added a complete Fertilizer Service, carrying and applying Anhydrous Ammonia, Ammonia Nitrate and other types of quality fertilizers that are used on the South Plains. They will discuss your fertilizer requirements with you and furnish cost estimates.

"Complete Customer Satisfaction" is the watchword of Carthel Oil & Butane Co. in Floydada. Aaron Carthel who operates this popular concern has many friends throughout this trade territory and it is through his efforts that the firm has made such a splendid record for quality products and good service.

Carthel Oil & Butane Co. are indeed an asset to this area and merit the goodwill and patronage of users of Butane, Petroleum Products and Fertilizer and we wish for them continued success in their chosen field.

## Morckel Farm Chemical Co. Are Leaders

Now that Crop Spray Time is here we wish to direct the attention of our readers to Morckel Farm Chemical Co., 519 East Houston in Floydada, who handle a complete line of Agricultural Chemicals, Insecticides and Fungicides, Brush and Weed Killers, Defoliants and Fertilizers. They have insecticides designed for every insect that destroys crops on the South Plains. Now is the time to be on the lookout for thrip, fleahopper, boll worm, red spider and cotton aphid. Feel free to call or write them (Phone 539 in Floydada) and they will give you recommendations for control and furnish cost estimates on fast, effective aerial spraying — they have the proper insecticides, competent pilots, and the necessary "Know How" to do the job right. Don't wait until it is too late — get action NOW.

In reviewing the business and agricultural activities of our trade area we wish to compliment Harry Morckel, who heads the farm chemical company bearing his name, for the outstanding products they handle and the splendid service they render.

Morckel Farm Chemical Co. has made a liberal contribution to the farmers of this territory and has saved them large amounts of money with their quality products and it is a real pleasure to recommend them to the farmers of this trade area.

## Floydada Lockers Grocery & Market Rates High

Serving a large territory with a complete Cold Storage Locker Service, which consists of 625 modern units, Floydada Lockers,

Grocery & Market, 107 East Missouri in Floydada have built an enviable reputation for friendly, efficient service. A locker may be rented here for a nominal cost on a yearly basis and you can enjoy fresh meats, vegetables and fruits at a substantial saving.

Floydada Lockers, Grocery & Market will also sell you quality beef and pork at wholesale, and if desired, cut, wrap and fast freeze it for storage in your own home freezer. They will also see that your hams, bacon and shoulders are properly cured and smoked.

It is a known fact that the best way to reduce the high cost of living is to buy high quality meats at wholesale from Floydada Lockers, Grocery & Market and store it in their public cold storage lockers or in your own home freezer. Make it a point to get acquainted with this popular concern the very next time you are in Floydada — you will be pleased with their quality meats, staple and fancy groceries and modern food locker service. A friendly welcome always awaits you, and everyone connected with Floydada Lockers, Grocery and Market will go out of their way to see that you are well treated and satisfied. Their large business has been built on quality, service and reasonable prices.

## King Tractor & Motor Popular Throughout Area

Serving this trade area with Mercury Cars, Ford Tractors and Dearborn Farm Equipment, King Tractor & Motor, located at 910 North Second in Floydada has built an enviable business.

Ford Tractors and Dearborn Farm Machinery is particularly adapted to farming conditions in this locality, affording users the maximum in efficiency at the lowest possible operating expense. Ford farming means less work and more income per acre. With the large feed crops to be harvested soon it is possible that you may need a new Ford Tractor or Dearborn Combine and J. R. King will be glad to discuss your farm machinery problems with you and demonstrate the superiority of the Ford-Dearborn line. He will make you a good deal, and a liberal allowance on your old equipment.

The Farm Machinery and Tractor Service Department of King Tractor and Motor does repair work on all makes of tractors and farm implements. Their mechanics are fully experienced and only factory engineered parts are used.

It is a pleasure for us in this review edition of our paper to compliment J. R. King, who heads the tractor and motor company bearing his name, for their outstanding lines—Mercury Cars, Ford Tractors and Dearborn Farm Machinery and the good service the firm renders their many customers and hope for Mr. King and his entire organization continued success in the years ahead.

## 'Pete' Kendrick For Stock, Farm & Heavy Hauling

Well known throughout the South Plains is R. L. 'Pete' Kendrick, 314 West Houston in Floydada who has built an enviable reputation for local and long distance hauling of Livestock, Farm Products, including grain, hay, cotton and cotton seed as well as pipe, farm equipment and general heavy hauling.

This popular hauling contractor maintains a fleet of fully insured trucks, his operators are fully experienced and see that their load is transported safely and in the shortest possible time. Those who have used the trucking service of R. L. 'Pete' Kendrick have become regular customers because they know that he can be depended upon for the best of service at reasonable rates.

We suggest that our readers who may be in need of reliable and efficient trucking service make it a point to call R. L. 'Pete' Kendrick, phone 633 in Floydada. He will gladly fur-

nish rates and give you any other information you may desire regarding his trucking service.

Each year the trucking business throughout this country has shown increased business. The truck operators throughout the nation not only answer a great transportation problem but employ many people and pay large sums in taxes which are used to build and maintain our highways. We are glad in this review edition of our paper to compliment R. L. 'Pete' Kendrick on the splendid service his trucking concern renders and recommend him to our friends and readers throughout the South Plains.

## Lighthouse Elect. Co-Op. Makes Record

No review of the agricultural interests of this section would be complete without mention of the Lighthouse Electric Co-operative, Inc. whose general offices are at 201 West California in Floydada. This aggressive concern serves 7 South Plains counties.

It would be hard indeed to imagine, in these modern times, going back to the days when our farms and ranches were without the conveniences of electric lights and power for the many appliances that lessen work and make it more pleasant.

Since the inception of Lighthouse Electric Co-operative, Inc. the constant aim of its officers, directors and management has been to render the best of service at a minimum cost. In this effort they have been highly successful, and because of the tireless efforts of those in charge, we have a model electric co-operative whose methods and policies have been studied by other similar organizations with the view of improving their service.

Melvin Henry, the popular manager and those associated with him in the operation of Lighthouse Electric Co-operative, Inc. are to be complimented for the good job they have done in building this organization to its present high level. The "Welcome Mat" is always out at the general offices in Floydada to drop in and visit and especially see the Model Kitchen, which is equipped with modern electrical appliances and in charge of a Home Economist who will gladly answer any questions the housewife may have regarding her daily housekeeping problems.

Lighthouse Electric Co-operative, Inc. are rendering a real service to the community and we are glad in this review edition of our paper to point to them with pride and hope for this outstanding co-operative continued success.

## Grundy Iron & Metal Serves Area Well

We are sure that the farmers, as well as others, in this territory will find, if they look over their premises many items of junk metals and old car, truck and irrigation engine batteries that are totally worthless to them and yet if this junk was loaded up and sold to Grundy Iron & Metal, located at 106 West Lee in Floydada it would net them a nice little sum in cash, because Grundy always pays the highest market price for scrap iron, steel, copper, bronze and other metals as well as old bat-

teries. A phone call to them at 731 in Floydada will bring their truck should your load be of sufficient size.

Grundy Iron & Metal also are buyers of grain, always paying fair market prices. When this year's feed crop is ready to market be sure to get their prices before you sell.

A complete stock of both new and used structural steel—plates, bars, angles, channels, beams and other items of steel are carried by Grundy. They will cut any steel stock purchased from them to the lengths you specify. You can really save money by buying your new and used steel requirements here. They also

operate a complete winch truck service.

When this concern was established over 14 years ago Fair Treatment, Fast and Courteous Service was uppermost in the minds of the management. They

have never deviated from this policy and it is for this reason that Grundy Iron & Metal in Floydada have built such a large and successful business that extends over such a large territory.

## THE FACTS ABOUT GOVERNOR SHIVERS AND THE PRINTING CONTRACTS

- Article 16, Section 21, of the Texas constitution provides that no member or officer of any department of the government shall be IN ANY WAY INTERESTED in any contact with the State for stationery or printing, and requires that the Governor approve all such contracts.
- The Times Publishing Company, publisher of The Mission Times at Mission, a city of some 11,000 people about 200 miles from Austin, was incorporated on June 1, 1946 by Joe T. Cook, Mary O'Brien Shary (Shivers' mother-in-law) and Allan Shivers, with a capital stock of \$20,000.
- Sworn annual statement of ownership of The Mission Times, required by Federal law and published in The Times on October 8, 1948 shows ownership of the Times Publishing Company to be Mrs. John H. Shary (Shivers' mother-in-law), Allan Shivers, and Joe T. Cook.
- Shivers became Governor of Texas on July 11, 1949.
- Sworn annual statement of ownership of The Times, published in The Times on October 7, 1949, shows ownership of the Times Publishing Company to be Mrs. John H. Shary, MRS. ALLAN SHIVERS, and Joe T. Cook.
- Dividends on corporation stock owned by the wife in Texas are community property of HUSBAND AND WIFE, thereby giving the husband an interest in any contract with a corporation in which the wife owns stock.
- Sworn annual statements of ownership of the Times Publishing Company published in The Times in October 1950 and in October 1951 show ownership of the Times Publishing Company to be Mrs. John H. Shary, ALLAN SHIVERS, MRS. ALLAN SHIVERS, and Joe T. Cook.
- The Times Publishing Company received 13 printing contracts with the State of Texas in 1951.
- Sworn annual statements of ownership of the Times Publishing Company published in The Times in October 1952 and October 1953 show ownership of the Company to be Mrs. John H. Shary, MRS. ALLAN SHIVERS, Blain Holcomb, and Joe T. Cook.
- The Times Publishing Company received 34 printing contracts with the State of Texas for the period September 1, 1952 to August 31, 1953, for a total of \$27,450.00.
- The Times Publishing Company received 50 printing contracts with the State of Texas for the period September 1, 1953 to August 31, 1954, for a total of approximately \$39,925.00.
- The Times Publishing Company received 63 printing contracts with the State of Texas for the period September 1, 1954 to August 31, 1955, including contracts for printing for Texas Tech, West Texas State College, and Wichita Falls State Hospital.
- Joe T. Cook, Editor of The Times, in a letter to all members of the Texas Press Association on July 12, 1954, in behalf of Shivers' candidacy, referred to "Allan (Shivers) with whom I am associated in the publication of The Times."
- The foregoing facts, like the facts about Shivers' big real estate deal published in last week's paper, are not denied by Shivers, for they are established by unimpeachable public records.
- Can you afford to reelect as Governor for a third term (7½ years) a man who, while holding high State office, buys a real estate option for \$25,000 and 6 months later, after it has expired, sells it back to the people from whom he bought it, for \$450,000; and who, while Governor, approves award of State printing contracts to his family corporation in violation of the Constitution he is sworn to uphold?

## Committee Vetos Cotton Classing At Plainview

Plainview. — Ginners and cotton farmers have turned down a proposed cotton classing office for this area. Members of the steering committee set up to canvass opinion on the proposed office said ginners object to acting as collectors of any cotton classing charge and many farmers opposed requirement set up by the Department of Agriculture.

Among requirements are those that the growers who patronize the area office must bear the expense of all maintenance except salaries of the classers, and the office would get no credit for loose cotton samples sold after being classified.

South Plains cotton samples are graded in the Lubbock classing office which is maintained by the Department of Agriculture. No charge is made for classing at that office.

The Department of Agriculture in recent months has ruled that an area or county ginning 50,000 or more bales of cotton may set up a classing office, provided the area will furnish the building and equipment.

This Floyd County mystery farm is a mystery no longer. It was identified by a number of people, first being C. F. Barber. The farm belongs to Raymond Rucker and is located five and a half miles south of Lockney.

Others correctly identifying the place were Faulette Kropp, Wanda Cox, Raymond Hernandez, Charlene Brown, Warren Mitchell, Gene Handley, Betty

Jean Foster, Claude Hammit.

Mr. and Mrs. Rucker and their family have owned the farm since 1946 when they bought it from C. F. Harris. It has 320 acres and three irrigation wells. They raise cotton, wheat, grain sorghums and some alfalfa.

Mrs. Rucker's given name is Katherine. The couple were married Jan. 1, 1935. They have three children, Katie Ray, age

15, Gayle, age 14 and Cheryl, age 9. The family are Methodists and attend the Lockney Methodist Church.

Mr. Rucker is a member of the Floyd County Farm Bureau, Masonic Lodge, president of the Floyd County Farm Loan Association, and a community committeeman for the Agricultural Stabilization and Conservation Committee.

The Hale County Farm Bureau at its last meeting voted against supporting a cotton classing office for this area.

A. P. McWilliams, president of the Farm Bureau, and Jason Gordon, chairman of the agriculture committee of the Chamber of Commerce which co-operated in action toward obtaining a cotton classing office here, expressed the opinion that the Department of Agriculture policy is discriminatory in that it provides free classing for some areas and would make charges in others.

Gordon said establishment of an area classing office would cost between \$25,000 and \$40,000. The government would furnish the classers and would dispose of the loose cotton and keep the money.

The steering committee decided the best course now is for individuals and organizations to put forth every effort to change the Department of Agriculture policy on charges for classing and make support of classing office possible through sale of the loose cotton.

Members of the steering committee are A. P. McWilliams, Jason Gordon, John McQueen and Sam Langford, both elevator managers of Plainview; R. B. Dawson, Tulsa, and Gene Mitchell, president of the Plainview Chamber of Commerce.

Nearly 80 percent of the nation's commercial farms are in the family-scale class and account for about 70 percent of the value of total farm products sold.

The basis for soil building efforts on the farm should begin with a program of soil testing. The soil testing laboratory should mean to the farmer what the diagnostic lab does to the doctor. How can you treat a sick soil if you don't know what's causing the trouble?

Half the homes in America need larger wires or more circuits to take care of increased electrical equipment used, such as air conditioners, television, home freezers, etc. Overloaded electrical circuits or wiring pose a fire hazard.

## WHY WE SHOULD ELECT G. C. TUBBS AS COUNTY JUDGE

There are numbers of reasons why Floyd County voters should elect G. C. Tubbs as county judge in the August 28th primary. Among the most important are these:

1. Mr. Tubbs has had considerable experience in this office as well as other county affairs and this experience will prove valuable and profitable to the county.

2. Mr. Tubbs does not have to apologize for not giving the people of the county service during his previous terms in this office. He maintained his office at the Court House at all times and was on the job every day.

3. Mr. Tubbs believes in economy in county government. The experience he has had previously in this office will enable him to work out greater economy in county expenditures. When he served the county before as county judge, this county enjoyed the lowest tax rate in its entire existence and the county operated on a cash basis during that time. This was the result of his devotion to duty.

4. Mr. Tubbs, in his previous terms as county judge, was fair to all parts of the county in the placing of farm-to-market roads and should he be elected this time all parts of the county can expect fair treatment in every respect.

We believe in the old Democratic principle of majority rule. Mr. Tubbs had a majority of the legitimate votes cast in the July 24th primary. However he is again willing to leave the final decision in the hands of the voters on August 28th.

Everybody owes it to themselves and their country to get out and vote in the forthcoming primary. We urge you to go to the polls on August 28th and

# FORD IS FIRST IN SALES

-by thousands

National new-car registration figures\* for the first six months of 1954 prove that Ford leads the industry in sales! In fact, ever since car production has been free of restrictions, more and more new-car buyers have been swinging over to Ford. That's because Ford offers more things for more people than any other car. In today's Ford, for example, you get the matchless benefits of owning the only car in the low-price field with a V-8 engine (the new Ford Y-block V-8) . . . the only car in Ford's field with the smooth ride of Ball-Joint Front Suspension . . . the only car in Ford's field with truly modern styling . . . the only car in Ford's field with such high resale value.
