

County Fair Is Well Attended, Prexy Pleased

The first Floyd County Fair in 25 years was well attended and thoroughly enjoyed by all, and the fair committee officials are well pleased with the results. Loyce Turner, president, said Saturday.

"We want to express our appreciation," Mr. Turner said, "for the interest, splendid co-operation and help given the committee by merchants and farmers in particular and all others who helped in any way. We think we have something started here that will be worth a lot to the county in future years."

"We of the board of directors have tried to form an organization that will work for the best interest of the future of the county as a whole and will lend permanency to the fair."

"We plan to have one last meeting of fair officials and members in 1954, that to be held in the county court room at Floydada at 7:30 on the night of Sept. 30. The purpose of this meeting is to inform the membership on the financial standing of the fair and also to elect new directors for 1955. All members are especially urged to attend and anyone else interested."

"The fair closed out Saturday night after three days of running. Entertainment of several kinds, including a large carnival helped to hold the crowds who came to view livestock, agriculture, sewing, canning and art exhibits of various kinds."

In the stock-show side, champions in the various divisions were named and prizes awarded to all winners through third place.

In the dairy cattle division, Elmer Williams of Floydada showed the champion bull, a holstein, while Roland Watson, son of Mr. and Mrs. Glen Watson of Lockney, showed the champion female, a Jersey.

In the beef cattle division, champion bull was shown by Dean Walls of Floydada, being a black Angus, and the champion female shown by Bobby Brown of Lockney, son of Mr. and Mrs. R. G. Brown. The animal was a shorthorn.

In the swine division, the grand champion sow was shown by R. C. Mitchell of Lockney and was a Chester White. The grand champion boar was partnership animal owned by Joe Cunyus, Bill Sherman and Eddie Fortenberry, and was also a Chester White. Warren Mitchell, son of Mr. and Mrs. Chester Mitchell, showed the grand champion fat barrow, a Duroc.

In the community exhibits, Harmony community won first place, Sand Hill community won second place and Irick community won third place. The community exhibits were very attractive and featured mostly agriculture products grown in the community.

A complete list of winners in each division was reported by fair officials as follows:

Longhorns Travel To McLean Fri.

The Lockney Longhorns will travel all the way to McLean, up on the north plains Friday night to take on the rough and tough McLean Tigers in a football game. The Tigers ran roughshod over the Longhorns last year but the Longhorns think things will be closer this year.

The Longhorns are suffering from injuries but most players will probably be ready to go. Coach Rudy Halle said Wednesday. Both quarterbacks, Charles Vaughn and Gene Handley, are suffering from bruises and not in the best of shape. Cliffon Williams, first string guard, suffered a back injury last Friday night and may not be able to start Friday. Marion Cross, big center and co-captain of the team was injured Friday night and suffered a re-injury in practice Tuesday. However he is expected to be able to start. Bill Musser, a reserve end, suffered a sprained arm and will be out for a week or so, Coach Halle said.

The Tigers lost six men from their starting line up of last year and are rated above Hale Center by sports scribes on the North Plains. However local fans do not think that McLean has any better if as good a team as Hale Center. At any rate Coach Halle thinks the Tigers will be plenty tough and he is trying to get the team in as good shape as possible to meet them.

The Lockney Quarterback Club will carry the boys to McLean in cars so that they will not have to make the long trip in a school bus. The group will leave the field house here at 1 p. m. Friday, he said.

The game will be called at 8 p. m. Quite a number of local fans plan to make the trip to McLean.

Olton B Squad And 8th Grade Coming Here Tonight

The Olton B Squad and 8th Grade football teams will come to Lockney tonight (Thursday) to play local teams on Mitchell-Zimmerman Field under the lights. The 8th grade game will begin about 6:30 and the B squad game probably will start around 8 o'clock.

The Longhorn B squad dropped a game last week to Floydada 24-6 but the 8th grade Short-horn team ran over the Floydada 8th graders 42-12.

Slides Of Colorado Trip To Be Shown

Colored slides showing scenes from the recent Burlington tour of Colorado farms will be shown at the high school auditorium Thursday evening starting about 7:30. M. W. Wiley, president of the First National Bank said this week. The bank sent several men on the tour.

The tour is designed to demonstrate soil conservation methods, soil fertility methods, crop rotation, and cattle feeding in the irrigated section of Colorado.

Those making the tour this year were Wiley, Gene Belt, Conrad Henderson, Bob Jarrett, Wyatt McLaughlin, Joe Foster and Arlon Miller.

Final County Farm Bureau Meeting Thur

The final in a series of meetings sponsored by the Floyd County Farm Bureau will be held tonight (Thursday) at the Floydada office. It was announced this week by W. R. Puckett, service officer.

Mr. Puckett said that the American Farm Bureau has repeatedly pointed out to the Department of Agriculture the inequities of the ruling on the diverted acres program, and he feels that they will influence the Department of Agriculture to drop the total compliance in the new law. These meetings are to discuss such problems and to set up policies of the County organization at its annual meeting on October 7. No place has yet been named to hold the convention.

Mr. and Mrs. Johns Cox and Wanda visited Mr. and Mrs. Pepper Martin and Bruce, Mr. and Mrs. Bird Cox at Hart Sunday.

Wofford Hurt In Darnell Grocery Fire

Lloyd Wofford suffered a broken hand Monday night while extinguishing a fire at the Darnell Grocery here. The injury was caused by the explosion of an insecticide bomb.

The fire caught from an electric connection on the floor under a counter, and had filled the building with smoke before it was noticed. Mr. Wofford and his family passed by and noticed the smoke. He pushed the door open and reached down under the counter to clear away the burning trash when the bomb, sitting near the fire apparently exploded from the heat. Bones in his hand between the wrist and knuckles were broken and he suffered several bad cuts on the hand.

Pont Darnell, owner of the store, said that very little merchandise was destroyed in the fire but that the fire damaged his cash register and scales, which were sitting on top of the counter. He estimated damage at between \$400 and \$500.

The fire was easily extinguished and the store was doing business as usual the next morning.

Fall Soil Tour Set For Friday

The annual tour of Floyd County farms sponsored by the Floyd County Soil Conservation District will be held Friday of this week, according to L. D. Bartee, work unit conservationist of the Floyd County office. The tour will leave the agriculture building in Floydada at 9 a. m.

LeRoy Saul, state representative from this district, will be the speaker of the day. His speech will follow the barbecue dinner to be served at Paymaster Farm at the noon hour. The Fort Worth Press award to the outstanding soil conservation farmer of Floyd County will be presented by a representative of the Floydada Lions Club, also following the dinner at Paymaster.

Mr. Bartee said that the exact tour route had not been worked out Wednesday but that the types of soil conservation practices to be seen would include stubble mulching with 30 inch sweep plow on dry land, cow peas in grain sorghum, vetch in cotton middies, grain sorghum variety demonstration, one new crop of sesame, a new chop of guar, probably bench and field leveling, irrigated pasture, effect of cotton burs on cotton production, and fertilizer on cotton or grain sorghums.

Organizations and individuals co-operating with the Soil Conservation District in the tour include the Vocational Agriculture instructors at Lockney and Floydada, M. L. Brewer and Henry Barber, the ASC office manager, Irwin Martin; the county agent, Bill Rodgers; the Southwestern Public Service Company, who is furnishing a public address system; the Floydada Chamber of Commerce and Paymaster Farm, co-operating in furnishing the meal; the Floydada Lions Club and the Fort Worth Press, Mr. Bartee said.

Talent Show Set For South Plains

There will be a Talent Show at the South Plains school auditorium Tuesday night, Oct. 5 at 7:30 p. m.

Anyone wishing to enter may contact Mr. J. B. Thames, Mrs. Rene Yeary or Mrs. Ray Smith. There will be a small admission charge to raise funds to purchase a piano for the school, according to an announcement by Mrs. Rene Yeary Tuesday.

Sid B. Thomas Jr. Makes Honor Roll

Sidney Barrn Thomas Jr., son of Mr. and Mrs. Sid Thomas of Lockney, was named on the dean honor list for the summer term at Baylor University, Waco. The honor list includes those students who made straight "A" grades. A total of only 40 students were on the list.

METHODISTS WILL DEDICATE SANCTUARY SUNDAY AT 3 P. M.

BISHOP WILLIAM C. MARTIN of Dallas will lead the service dedicating the new sanctuary of the Lockney Methodist Church Sunday at 3 p. m.

Baby Narrowly Misses Drowning

Terry Mae, 20 month old son of Seaman and Mrs. Mar Howard, narrowly escaped drowning last Friday morning about 9 o'clock when he slipped into an irrigation ditch near the A. D. Schaffner home.

Mrs. Howard was attending a church meeting and Mrs. Schaffner, grandmother of the baby, missed the baby and started looking for him. She and a nephew, Robert Schaffner, noticed a hand sticking out of the water in the ditch and pulled the boy out. He had been in the water not more than 2 or 3 minutes but had already turned blue. Mrs. Schaffner's son, Melvin, forced his mouth open to get the water out of him and started giving him artificial respiration. They then started to the local hospital with him. By the time they reached the outskirts of the city he had regained consciousness and was crying.

Mrs. Howard said this week that he was as "good as ever" and apparently suffered no ill effects from the incident.

The boy's father, Seaman Mar Howard, has been serving with the Navy in Japan and the Philippines the past several months but is enroute home now and is expected to land in Long Beach, Calif., October 3rd.

Trailers Must Have Burning Light At Night, Keffler Says

Highway Patrolman Thurman Keffler reminds farmers of this area this week that trailers being pulled at night must have a burning red light at the rear. They also must have two red reflectors, one on each side of the bed.

Mr. Keffler said, "We have warned farmers for the past two years and now we're going to be handing out tickets to those who disobey the law. We hope all trailers will have lights on them."

He also reminded farmers that it is a violation of the law to pull more than one trailer at a time.

Special Education Teacher Employed

A special education teacher has been employed and will begin a class for exceptional children next Monday morning in a room at the grade school. Supt. W. C. Irons announced Wednesday.

The teacher is Mrs. Annie Bird of Canyon. She has recently completed work at West Texas State College qualifying her for a special education certificate. She has previously had 20 years experience in teaching, the last eight years at Knox City and Shamrock. She has a BS degree from Sul Ross State Teachers College at Alpine.

Mr. Irons said that he expected 10 or 12 pupils to enroll in the class.

The Lockney Methodist Church will dedicate their new \$90,000 sanctuary Sunday afternoon. Sunday has been designated home coming day at the church and an old fashioned basket dinner will be served at the noon hour.

Two guest speakers will be heard during the day. Bishop William C. Martin of Dallas will be present to lead the service of dedication and to deliver the dedicatory sermon. This service will begin at 3 p. m. Rev. N. S. Daniel of Andrews, pastor of the local church when the new sanctuary was erected, will deliver the sermon during the morning worship service. Rev. Burgin Watkins is pastor of the church at present and led in the drive to clear indebtedness on the church.

All former pastors and members of the church have been invited to be present on this homecoming day and large numbers are expected. Members of the church are urged to bring food enough for their own family and for an extra family. The basket lunch will be spread at the noon hour at the high school cafeteria. Bread and drinks will be furnished by the church.

Rally Day is being observed in the church school and also promotion day. Goal for the morning is every member present.

The sanctuary was completed in 1953 and will accommodate 400 people. Rev. Hugh Hunt was the architect. The older part of the church plant was remodeled in the building program and is being used for church school and educational purposes.

No services will be held Sunday evening, Rev. Watkins said.

Floyd County To Have Exhibit At South Plains Fair

Floyd County will play an important part in the 37th annual Panhandle South Plains Fair which opens in Lubbock on Monday, Sept. 27, and continues through Saturday, Oct. 2.

In the Agriculture Department, Floyd County will have a county-wide exhibit of some of the outstanding crops of this area. County Agent, William G. Rodgers, is in charge of the display.

Two of the Fair officials are Dean Walls, Floydada, Superintendent of the Aberdeen Angus Cattle Division and Bob Gibson, Lockney, Superintendent of the Junior Agriculture Division.

All High School bands in the county have been invited to participate in the colorful Parade of Bands which will be held at 10 a. m. Monday in downtown Lubbock as the official opening of the Fair. Several dozen bands from throughout the area will be competing for \$600 in cash prizes.

Monday will be School Day for the county with all students admitted free.

Among the special entertainment features of this year's Fair will be five daily free puppet shows by the Lessell Marionettes, twice daily aerial acts by the Sensational Ortons and the Flying Romans, and nightly free fireworks displays. The Bill Humes Carnival shows will again be presented.

Fair officials are expecting all attendance records to fall during the week.

F. U. Payne Is Recuperating

F. U. Payne, who was seriously ill in Medical and Surgical Hospital last week is getting along nicely now and was returned to his home Saturday afternoon. He has been resting and eating well, Mrs. Payne says, and he sits up a little while at a time occasionally.

Visitors in the Payne home during the week end were Mr. and Mrs. Lowell McNutt of Amarillo, W. E. Lawrence and son, Jerry of Lubbock, and Mr. Payne's great-nephew, Mr. and Mrs. T. J. Parsons of Caddo Mills.

Stovall-Trapp Vows Read In Floydada

Floydada. — Sept. 16.—Miss Carolyn Trapp, daughter of Mr. and Mrs. W. W. Trapp of Floydada, became the bride of Lawrence Odel Stovall in a ceremony read at 8 o'clock Thursday night in the home of the bride's parents. Stovall is the son of Mr. and Mrs. R. M. Stovall, also of Floydada.

Rev. Tiden B. Armstrong, pastor of the First Methodist Church of Floydada, officiated in the double ring ceremony, as the couple stood beneath an arch way decorated with white chrysanthemums and fern flanked by candelabra.

The bride wore an ice-blue street-length dress of faille and lace. She wore a pearl necklace and carried a white Bible topped with an arrangement of sweet-heart roses.

Mrs. Wayne Carpenter, matron of honor wore a street length dress of dark rose faille and a corsage of pink carnations.

Louis Anderson, brother-in-law of the groom, from Spar, served as best man. Candles were lighted by little Miss Juanita Kay Kinard of Lubbock, niece of the groom, and Van Allen Trapp, brother of the bride. Roger Trapp, also a brother of the bride played traditional wedding marches at the piano.

A reception honoring the couple was given by the bride's parents following the ceremony.

Following a wedding trip to New Mexico, the couple will make their home in Floydada, where the groom is engaged in farming.

Mrs. Stovall is a graduate of McAllen High School and Lipper's Business College of Plainview. She is employed by the First National Bank in Floydada. Stovall is a graduate of Floydada High School.

The hustling Dimmitt Bobcats blanked the Lockney Longhorns 33-0 last Friday night on the local field. The Longhorns threatened to score twice but a fumble nullified one attempt and they just didn't make the other, although they did get the ball across the goal line once, a technicality brought it back.

Edgar Dennis, hard-running halfback for the Bobcats was the big pain for the Longhorns. They just couldn't seem to stop him once he got a start. Richard Woods was another Bobcat who was hard to catch.

Paul Ray Williams was outstanding on the offense for Coach Rudy Hall's Longhorns. He did some good running and also joined with Marion Cross, Wel-

don Jones, Jimmy Rankin, and others in good defensive play against the fast Dimmitt team.

It was a good game during the first half despite the touchdown made by the Bobcats the first time they got the ball. The half-time score was 14-0. The Bobcats scored twice in the third quarter and once in the fourth. They had two scores nullified by penalties.

The Longhorns won the toss and elected to receive. A 5-yard offside penalty kept them from making the necessary yardage and they kicked to Dennis who took the ball on his own 40 and ran all the way for the score. He also kicked the point to make the score 7-0.

Paul Ray Williams brought the kick-off back to the 31 for the Longhorns. Here an exchange of fumbles found the ball in Lockney possession still on the 31. The locals couldn't go and the kick was returned to their own 46. Dimmitt made a first down on the Lockney 34 but made 9 yards and 10 inches in the next four downs and the Longhorns took over. Another fumble gave Dimmitt the ball on the 21 but Paul Ray Williams stepped in to intercept a pass giving Lockney the ball on the 14. Here the Longhorns started

Ivy Pearl Reber

Question of the week: "Can you find me a little book by an English author?" English authors are getting a good work-out as high school students prepare for book reports.

The library has recently received gifts of books from Mrs. A. E. Hewitt, Mrs. Ruth Daniel, Mrs. Maude Hollums, Don Cooke, and Mrs. Jake Watson. Mr. John L. West brought a gift of books to the library from McMurry College at Abilene. Memorial books have been given by Mr. and Mrs. Lorin Leibfried in memory of Mrs. J. E. Watson; Mr. and Mrs. M. J. McNeill and Janice in memory of Mrs. D. M. Williams; Mr. and Mrs. John E. Hoffman in memory of Mr. and Mrs. E. J. Hoffman; Mrs. Blanche Scott Rutherford in memory of Dan Krause; and Mr. and Mrs. W. E. Garrett, Mrs. Lon V. Smith, Mr. and Mrs. Ralph Johnston, Bernice Hindman of Wichita Falls, and Mr. and Mrs. T. P. Duncan Jr. of Wichita Falls in memory of Mr. Fred Zimmerman. Mrs. Roy Hollar and Ivy Pearl Reber have given a book in appreciation of Mrs. Hollis Bond.

Wanted: Children!

Especially children who like stories, music and games. Story Hour is still a weekly feature of the library, sponsored by the 1929 Study Club. Mrs. E. L. Norman and Mrs. Gordon Downing were hostesses last Saturday morning. Miss Charlotte Henry was the first visitor to arrive, and she became quite concerned that she might be the only one. However, several others soon arrived and the festivities were on. All the Story Hour "regulars" will be very happy to welcome new comers.

The library has accumulated two pairs of small gloves — a relic of one of last winter's Story Hour sessions.

Inventory is almost completed. By next week we hope to be able to give figures of the number of books owned by the library, the number of state library books available, how many books are in the Lockney branch, and so forth.

clipping penalty against Dimmitt. The Bobcats failed to gain and kicked with Williams bringing the ball back to the Dimmitt 40 but a clipping penalty set the Longhorns back to their own 40. The Longhorns couldn't go and kicked to the Dimmitt 28. The Bobcats made to their own 44 and the Lockney 41 but received a 15 yard penalty as the game ended.

The Longhorns were having trouble stopping end runs and making their tackles stick otherwise the game might have been much closer. The locals hustled and hit hard but inexperience continued to take its toll.

Paul Ray Williams suffered a dislocated shoulder during the game and Clifton Williams had a back injury but both were ok this week and expected to be able to play this Friday.

This Floyd County Farm picture, published in the First National Bank advertisement last week was identified by a number of people as belonging to the Herman Kings. First person to correctly identify the farm was Jimmy Rankin and others who recognized it and called were E. J. Wofford, Mrs. D. J. Phillips, Mrs. Hershel Carthel, Lloyd Headhimer, Mrs. Thurston Rankin, Mrs. David Williams and Mrs. W. H. Wingo.

The farm is located two miles west and a half north of the Lone Star store. It has been owned by the King family since 1908 when Albert King, Herman's father bought the place. The Albert Kings were married in 1909 and they have lived on the place all their married life.

Herman has been farming the place since his father's health failed and now he owns the farm. He and Miss Lorene Workman were married in 1933 and have one son, Ben Richard, age 4.

The Kings are members of the Floyd County Farm Bureau. Herman is a Mason and Shriner and Mrs. King is a member of the Order of Eastern Star. They are all members of the Main Street Church of Christ in Lockney.

The whole family have interesting hobbies it seems. Herman makes almost anything of wood. Mrs. King is an expert in needlework and the elder Mr. King has one of the most complete ceramic workshops in the area although at the present time she is busy selling

Platt sewing machines and doesn't do much ceramic work. She has taught courses in ceramics, however.

The King farm has always been a model of progress and industry. The elder Kings had the first farm home in this county with hot and cold running water, installed in 1913. They built the first big chicken houses in the area and they installed the second milking machine in the county.

The farm has 507 acres of land with two irrigation wells. They raise cotton and feed mostly and now are putting in some permanent pasture. They have about 40 head of mixed breed livestock they are feeding out.

The following registrants have been ordered to report at 5:00 a. m. on the 23rd day of September for induction:

Lonnie Lee Cork, Bakersfield, Calif.

Walter Leon Hardin, Plainview.

Billy Glen Parkay, Floydada.
Alton Loma Burton, Chillicothe.

Deibert Ray Langford, Tulla.

Roger Larmen Sanders, Floydada.

Gerald Glen Hurlbert, Plainview.

Jimmie Gerald Jones, Floydada.

Robert Lopez, Hale Center.
Glen Edwin Long, Floydada.

Ben Junior Stone, Hale Center.

START MARRIED LIFE RIGHT

With A

GOOD CREDIT RECORD

Young couples starting married life find it pays to establish their credit and to maintain a good credit record. By paying promptly and maintaining good credit records, they are establishing a sound foundation for financial security and social standing. Credit enables them to acquire attractive home furnishings and equipment as they go along, to enjoy more of the good things of life than they would if they had to wait until they saved the cash.

Those who grant credit, like to see people use it, but not abuse it. The sound use of credit stimulates business, creates employment, contributes to lower commodity prices, and brings more of the good things of life within the reach of more people.

Your Credit is a Sacred Trust—Guard It Closely.

"I am a graduate home economist as well as a busy homemaker, and I really appreciate the value of electric appliances in saving time with everyday homemaking. I have owned my electric clothes dryer just a few months, but I've had time to appreciate the freedom which it gives me to enjoy my home and my family."

"I love to cook, and I chose electric cooking when we built our new home. We do a lot of entertaining, and I chose the two separate ovens in order to bake and broil at the same time for my guests."

"My washer and dryer give me more time for preparing food and the other things I enjoy doing. Convenience—and time-saving—naturally follow when you use electric appliances."

"My laundry is so soft, even better than when drying in the sun. I often do my laundry after the children have gone to bed. Electric service lets me do my laundry at any hour, day or night."

Hale Girl Wins \$500 Scholarship

Yolanda Ellis, outstanding 4-H Club girl from Hale County, received the District 2 4-H Girls Scholarship of \$500 Saturday, September 18, at a meeting in the Home Economics Building at Texas Tech. This scholarship was presented by Mrs. Jack Knox of Lubbock who represented the home demonstration club women in the 20 counties that comprise District 2. Miss Ellis received the scholarship that is offered each year to the outstanding 4-H girl in District 2 who plans to attend Texas Tech and take Home Economics. She will use the scholarship to further her Home Economics Education at Texas Tech. She will be a sophomore this year.

Yolanda is the daughter of Mr. and Mrs. Elmo Ellis of Plainview. She is a member of the County Wide 4-H Club and her mother is the adult leader of this club.

Yolanda was one of the 4 Texas 4-H Club members to attend the National Camp at Washington during 1954. She has received numerous awards during her 4-H career. In 1949 she was the delegate to the State 4-H Round-Up from Hale County. In 1950 she was the State Achievement winner and County Gold Star Girl and placed first in the wool division of the State Dress Revue. In 1951 she became a member of the Talent Club and made the tour with the members to Logan, Utah. That same year she was awarded an all expense trip to the 4-H Club Congress in Chicago in Clothing Achievement and was declared one of the national winners. In 1953 she was awarded a trip to the American Youth Foundation at Shelby, Michigan.

Her 9 years in 4-H have been packed with demonstrations and activities. Clothing has long been a favorite but food preparation and preservation, gardening, poultry and bedroom improvement too have received major attention. She has never passed up an activity which had a place in her overall 4-H program. She has given demonstrations and taught others but still has found time to participate in community, church and school affairs.

Floyd County Home Demonstration Clubs have supported their district 4-H scholarship generously each year. This year the following clubs contributed \$500 each to the scholarship fund: Center, Dougherty, Homebuilders, Lakeview, Lone Star, Lockney, Pleasant Valley, Providence, Sand Hill, Starkey, and Sunnyside.

Mitchell Turns Under Last Alfalfa Cutting

Last year Chester Mitchell, a cooper with the Floyd County Soil Conservation District who farms in the Pleasant Valley community, turned under 1/2 to 2-3 ton per acre of alfalfa on 15 acres. Recently 5200 pounds an acre of milo was harvested from the fifteen acres. On the same farm milo following alfalfa two years, where the last cutting of alfalfa was not turned under, yielded 4000 pounds an acre, according to a Soil Conservation district news release this week.

The increase in yield due to turning under the last cutting of alfalfa was 1200 pounds an acre or \$24 an acre increase in gross profit. About \$8 worth of alfalfa was turned under. So the increase in profit was about \$16 an acre.

Soil conservation officials are urging farmers to think about turning under that last cutting of alfalfa instead of baling it. Plowing under the last cutting of alfalfa not only helps increase the yield of the following crop, but improves the structure of the soil by adding organic matter. A soil with good structure will take in water faster. The organic matter in the soil helps prevent the soil particles from running together. Also, there is less evaporation from a mello soil high in organic matter, it was explained.

Attend Funeral Of Mrs. Art Freize

Among those from Lockney attending funeral services for Mrs. Art Freize, better known as "Aunt Emma", in Silvertown Sunday afternoon were Mrs. Kelton Shaw, her aunt, Mrs. Ruth Helli-man from Crum, Texas, Mrs. Lee Seaman and Luther Fowler.

Mrs. Freize is a former resident of Lockney and had a number of friends here.

Postal Savings Will Be Compounded

A recent change in policy by the Postal Savings System will mean that interest on postal savings will be compounded annually on deposits made after Sept. 1, according to information furnished Postmaster Imogene Holt. Previously the service has paid simple interest on deposits. Present depositors may secure the advantage of the compounded interest by withdrawing and redepositing their present savings.

From the Aiken church Rev. and Mrs. C. O. Hatle attended.

Rev. Wiley and Hays appeared on the program for the day.

Urges Purchase Of Gov's Savings Bonds

A "Put-Texas-Over-The-Top 1954 Savings Bonds Drive" during the remainder of the year will be carried on vigorously in an effort to reach the state's 1954 quota of \$199,300,000, according to Brac Biggers, Floydada, Floyd County Savings Bonds chairman.

"While purchasers of Savings Bonds have increased so far this year, the rate of increase during the past 8 months has not been sufficient to reach the goal and an all-out effort is needed during the remainder of 1954," Chairman Biggers said. "Texas always does its part and needs to do it again this year. Floyd County's quota for 1954 is \$306,031."

"Savings Bonds now have a most vital place in our country's sound money and financial program," the county chairman said. "They are an investment that is absolutely safe and one which guarantees the full principal plus 3 per cent interest compounded semi-annually when held to maturity. They can readily be converted to cash anytime to meet an emergency, or for some planned project. Each individual is permitted to buy up to \$20,000 Series E and \$20,000 Series H Bonds per year.

The county chairman urged that everyone buy more Savings Bonds during October, November and December to help "Put-Texas-Over-The-Top" in 1954.

Seek Method To Safely Dispose Of Cotton Burrs

By John C. White

Commissioner of Agriculture

Texas is seeking a solution to a knotty problem — how to keep an insect from robbing farmers of a valuable component of our annual cotton crop.

Gin "trash" — the burrs or hulls of the cotton bolls — could ordinarily be very useful as a soil conditioner, fertilizer or livestock feed. Yet this trash also harbors one of the greatest threats to our cotton industry, the pink bollworm. The problem is how to kill the insect larvae within the trash and allow the material to be returned to the farm for beneficial use.

Modern gins with elaborate drying and cleaning equipment kill a high percentage of the worms during the ginning process. Tests are now being conducted in Texas to find what process or machine is responsible for the greater part of the kill. Modifications and improvements may be made eventually which will assure 100 percent destruction.

Today, most gin trash is burned to control and prevent the spread beyond quarantine barriers of the pink bollworm. However, some methods are being used and studied which may prevent this waste. Composting, sterilization, fumigation, hammer milling, roller milling and the use of special fans or two conventional fans in the pneumatic system of ginning are all possible procedures that have a degree of effectiveness.

Investigations of different types of fans and fan combinations, rollers, beaters, grinders and heating devices are being carried out by engineers and entomologists at commercial gins in the lower Rio Grande Valley this season. Later work will be done farther north, including the Panhandle where harvesting conditions are quite different.

Gin trash disposal methods must be as simple and inexpensive as possible. But most important, they must take care of large quantities of trash without

slowing down gin operation. Finally, they must kill all the pink bollworms in the material. Otherwise, what might be gained by use of this trash would be lost through the destructiveness of the insect.

Findings in these investigations are to be made available to ginners and farmers in Texas as soon as sound and practical conclusions can be achieved.

Miss Sanders To Teach Music Here

Miss Martha Lee Sanders, daughter of Mr. and Mrs. Otho Sanders of the South Plains community, will be associated with Mrs. C. L. Record here in teaching voice, piano and organ. Mrs. Record announced this week.

Miss Sanders, who is blind, received her degree of Bachelor of Music from North Texas State Teachers College, Denton, last spring. She is an exceptional musician, friends say.

Parents of new pupils interested in taking from Miss Sanders are asked to meet at the Record Music Studio at 4 p. m. Friday of this week to interview her.

Report Tells Of Ag Progress In '53

College Station. — Drouth slapped hard last year. But Texas farmers turned handicaps into a challenge and 1953 goes down as a year of advancement in the state's agricultural history.

This summarizes the recently published 1953 Annual Report of the Texas Agricultural Extension Service.

Drouth prompted the greatest expansion in irrigation of any single year, says the report. More than 5,000,000 acres of farmland were irrigated in 212 Texas counties.

Twenty-three million dozen eggs were sold on a graded basis. This meant an additional \$1,150,000 in pockets of producers.

Soil judging gained popularity. Organized 4-H clubs made up the greatest number in attendance at 401 judging schools.

Despite adverse weather, Texans planted and cultivated 505,846 home gardens — 50,000 more than in the year previous.

But for many livestock raisers, 1953 meant "just staying in business." The report says county agricultural agents probably were asked more questions about livestock feeding than in all their years of service. Cattlemen in the 102 designated drouth counties were determined to store feed for future use. As a result, beef cattle and dairy operators stored more feed in silos than possibly ever before.

Total area of U. S. is 3,022,387 square miles.

Minute Editorials

The Lord is known by the judgment which he executes; the wicked is accused in the work of his own hands.—Psalm 9:16

NOW THAT WE HAVE the first norther of the year, those professional weather prophets who have been anxiously guessing at the date of the first killing frost will have something definite to base their predictions on. That we all are interested in the date of the first killing frost is acknowledged since it will affect the amount of money the farmer gets for his products and in turn affect us all. We are hoping for a late frost and if the averages hold we may get it.

SOME OLD TIMERS say that the first killing frost comes 60 days following the first norther. The high north wind on Monday of this week was the first norther of any consequence we have noticed, that date being September 20. Sixty days following that would be about November 19. However our calculations show that on the average the first killing frost comes about seven weeks after the first norther which would mean about November 12. This would still be a satisfactory date for most farmers.

SOMETIMES, however, old man weather plays a trick and doesn't

follow the averages. Take 1952 for instance, when the Beacon people were trying their hands at farming the first killing frost followed the first norther by only 29 days, or a little less than a month. That slip of the weather cost the farmers of this area many a bale of cotton. But sometimes he slips the other way. It has been as long as 2½ months after the first norther before the first killing frost. So we have no guarantee except we can probably depend on that frost coming between October 6, the earliest date on record, and November 22, the latest date on record.

THE PROGRESSIVE FARMER recently had a very timely article defending the farmer and the rigid system of price supports and pointing out the unfairness of some articles concerning price supports in national magazines. For instance, the farm magazine pointed out, LIFE magazine recently said "The system (rigid 90 percent of parity supports) guarantees the six basic crops—corn, cotton, wheat, rice, peanuts, and tobacco—a fixed price no matter how much is needed or how much is produced." The implication here is that the farmer can grow all the cotton or wheat or peanuts he desires and still get a 90 percent parity price for unlimited production. Nothing is said about acreage controls. The fact that whenever there is a surplus of a basic commodity, a grower must reduce his acreage and comply with an acreage allotment to get the 90 percent price support is ignored. This is an example of the unfair way some national magazines are reporting the farm program, apparently in an endeavor to turn people generally against the farm people and to win support for the flexible price supports. Of course some labor unions are doing their bit toward the same goal. This is only another argument in favor of farmers generally banding themselves together in an organization such as the Farm Bureau so that they may make their voice heard over the nation.

SOMEONE SAID once that a baby takes approximately two years to learn to talk and about sixty-five years to learn to keep his mouth shut.—Annapolis Splinter

ONE IMPORTANT THING

He brushed his teeth twice a day with a nationally advertised tooth brush and a miraculous toothpaste that killed germs, kept his teeth white and gave him an irresistible smile.

The doctor examined him twice a year.

He wore overshoes whenever the ground was sloppy underfoot. He slept with the windows open.

He stuck to a diet with plenty of fresh vegetables.

He relinquished his tonsils and traded in several worn-out glands.

He golfed, but never more than 18 holes.

He never smoked, drank or lost his temper.

He got at least eight hours of sleep every night.

The funeral will be held next Wednesday. He is survived by 18 specialists, 4 health institutes, 6 gymnasiums and numerous manufacturers of health foods and antiseptics.

He had forgotten to observe the stop sign on the highway.—Eddie Warren in Post Dispatch.

A GOOD POLICY

Some men are like the stump the old farmer had in the field—too hard to uproot, too knotty to split, and too wet and soggy to burn. The neighbors asked him what he did about it. "Well, now, boys," he answered, "if you won't tell the secret, I'll tell you. I jes' plowed it."—Eddie Warren in Post Dispatch.

September 22, 1916

Yesterday afternoon the little 18 months old child of J. X. Dunlap who lives southwest of town was bitten by a rattlesnake and succumbed to the poison this morning.

Willard Parson had the misfortune of getting a bone in his ankle broken last week when his horse fell on him. Dr. Stapleton is attending him. There is a possibility that a bone in his knee is also broken. He also received cuts and bruises in the accident.

D. P. Carter is opening a stock of dry goods and groceries the first of the month in the Meriwether & Hill building. He and his family are moving here from Cross Plains, Texas.

September 25, 1924

The cotton crop in this area has begun to open and some 2,000 pickers are needed. Also the feed crop is ready to be harvested. The cotton harvest is expected to be in full swing by next week.

The first Trades Day for 1924 was held here Monday and a large crowd attended. The Lockney Concert band furnished music during the day.

E. Guhrle is advertising in this week's Beacon good cotton land in Crosby and Garza counties priced from \$15 to \$20 per acre on the following terms: \$1 to \$4 per acre cash, ½ of purchase price, 33 years, balance to be paid \$1 per acre each year after first year until paid.

interest 7 per cent.

The house belonging to Mrs. Stance Mercer on South Main Street opposite the new Lockney Gin was completely destroyed by fire early Friday morning. The house was occupied by J. S. Kemp and family. Mr. Kemp figures his loss was about \$2,500 with insurance on about \$1,600 on furniture. The house was insured for \$1,500.

September 25, 1942

The Lockney Longhorns gave Memphis a lesson in football last Friday afternoon on the local field and came out on the long end of a 30-0 score. Outweighed 15 pounds to the man and playing a more experienced team the Longhorns made up in hustle and fight what they lacked other ways and clearly were the best team on the field. Clinton Mitchell ran one 85 yard run for a touchdown. Other scores came from Mitchell's long runs, the shortest being 21 yards. Zimmerman hit the line hard while Joe Norman and Johnny Parrack did a good job blocking and passing. R. V. Webster substituted in the backfield and showed up good. The whole line did an excellent job of their assignment.

Two weeks 'drought' in this section was broken last Friday afternoon and night when 2.10 inches fell in Lockney and much more than that fell in other sections of the county.

TIMELY REASONS WHY

You'll always be glad you bought a Chevrolet now!

1 You'll stay proud of Chevrolet's lasting good looks

Other low-priced cars just don't have the quality look you see in Chevrolet. And if you like Chevrolet's looks now, you'll like its looks always. For there's fine design in those clean and smoothly curved lines (nothing "boxy" about Chevrolet!). And fine design like this never really goes out of style.

2 You'll enjoy exclusive features for finer motoring

Chevrolet's the only low-priced car with Body by Fisher. It has the highest compression power of any leading low-priced car, for more fun in the going and more miles out of the fuel. Chevrolet puts your safety first with the biggest brakes and the only full-length box-girder frame in the low-price field. It's the only car in its field with that smoother, softer Unitized Knee-Action ride.

3 You save when you buy and when you trade

Chevrolet is priced below all other lines of cars. (That's possible because Chevrolet builds the most.) And at trade-in time, you'll be ahead again from Chevrolet's traditionally higher resale value!

4 You'll get a special deal right now

Right now, we're in a position to give you the deal of the year on a new Chevrolet. Come in and let us show you how much you'll gain by buying now!

Now's the time to buy! Get our big deal! Enjoy a new...

Mahon Returns To District, Opens Office

Congressman George Mahon has returned from Washington and opened his Lubbock office in the Post Office building. He said that at present he had no special plans except to attend to official business and visit among the people. Congress adjourned August 20 and is not scheduled to reconvene until next January 5.

Mahon, in commenting on the Congressional session, stated, "The Republicans claim that a wonderful job was done. Democratic leaders take a dim view of accomplishments. It is, in my opinion, fair to say that Congress, on the whole, did a reasonably good job. Along with most Democrats, I voted for much of the program. But on many measures there were sharp differences of opinion. I strongly opposed the Administration's program to scuttle the 90% of parity support program for agriculture and replace it with the sliding scale system. In my opinion, the new program is no answer whatever to our farm problem. Agriculture will sustain a terrific setback without corresponding benefits to the consumer and taxpayer. There is a farm problem, but the flexible support program is not the answer to it."

We are glad in this review edition of our paper to single out Laurence E. Draper Furniture Manufacturing Co. for public mention, and suggest that our readers patronize this outstanding firm when in need of anything in their line.

FARM AND BUSINESS PROGRESS REVIEW

Compiled and Edited by ROBERT FREEMAN

J. Elmer Watson & Co. Leading Cotton Firm

No review of the agricultural activities of this territory would be complete without mention of J. Elmer Watson & Co., 613 Ash in Plainview. Both J. Elmer Watson and his son, John R. Watson, who is associated with him, have had wide experience in the cotton business.

The "Welcome Mat" is always out at the J. Elmer Watson & Co. office for residents* of this trade area to drop in and discuss their problems in connection with the marketing of cotton.

J. Elmer Watson & Co. has established a reputation for paying fair prices and rendering good service to those who sell their cotton to them. They also buy cotton equities.

We are glad in this Farm and Business Progress Review edition to call to the attention of our readers throughout Floyd and Hale counties to the splendid service offered our cotton farmers by J. Elmer Watson & Co., their open and above-board business policies and the friendly interest they take in their many customers.

This popular cotton firm has always cooperated with every worthwhile movement that would improve cotton farming in this area. Both J. Elmer and John R. Watson take an active interest in the community life of this area and have assisted in promoting many activities that benefit our people. We recommend the services of J. Elmer Watson & Co. and hope for them every future success in serving our cotton farmers.

Auto Inspection Dates Are Set

Austin — Homer Garrison Jr., Director of the Texas Department of Public Safety, said today that the Public Safety period for autos under the provision of the State's Motor Vehicle Inspection Act.

Texas motorists must secure the annual inspection of their cars between September 15th, 1954 and April 15th, 1955, according to the Commission Order.

At the same time George Busby, Chief of the DPS Motor Vehicle Inspection Division, said that the inspectors from his office have filed 106 cases against car owners who failed to have their cars checked during the current inspection period. These, he said, are in addition to those cases filed by members of the Texas Highway Patrol and by various local police departments throughout the State. Unable to give an estimation of the actual number of violations for which arrests have been made during the 1953-54 period, Busby said that he believed the figure to be comparatively low" due to the fact that frequent spot checks indicate that Texans have conformed with the law "almost 100 percent."

South Plains

by Mrs. Murray Julian

Mr. and Mrs. W. H. Simmons and Ronnie, from Truscott, Texas were house guests of her sister, Mr. and Mrs. Sylvian Kinniburgh and girls from Friday until Sunday evening.

In Rev. W. S. Spearman's absence on Sunday, Brother Johnny Rogers from Lockney spoke at the South Plains church. We were glad to see Walter Wood out at church after his accident last week. His cut healed nicely and he was feeling fine.

We wish to offer our condolence to Mrs. Lee Pearson and family on the death of her aunt, Mrs. J. H. Williams who passed away at her home in Hale Center last Tuesday and was buried at Lockney on Wednesday with services at the First Baptist Church. Mrs. Pearson's mother, Mrs. Pandora Bell from Albuquerque is still here with the Pearsons and others of the family have been staying with them.

HUGE FAIR PARK COLISEUM TO BE OPENED—Highlight of the Panhandle South Plains Fair in Lubbock from Sept. 27-Oct. 2 will be the gala opening of the new 5,500-seat Fair Park Coliseum. A Grand Ole Opry show featuring Webb Pierce and extra attractions including the appearance of Slim Whitman and the Mad-dox Brothers and Rose will be presented daily at 2:30 p. m. and 7:30 p. m. In the above picture, pretty 15-year-old Linda Jones, daughter of Mr. and Mrs. Dorris Jones of Floydada, takes an early look at the huge new structure.

Up Loan Value On Low Grades Of '54 Cotton

Floydada. — Morale of the cotton farmers in Floyd county will get a shot in the arm from the report on the 1954-55 cotton crop loan values set by the U. S. Department of Agriculture.

The shorter staples and lower grades of cotton, especially the spots, which were severely downgraded last year, are valued substantially higher — mostly above the 100 points more — than on last year's sheets. Even middling 15-16 cotton takes nearly half a cent higher value in the loan than it had last season.

The figures on three grades and staples as applied to the midplains cotton crop which will begin moving in September are as follows:

Middling 15-sixteens, 1953 loan value \$32.48, 1954 loan value \$33.01.

Middling spots 7 eighths, 1953 loan value \$26.08, 1954 loan value \$27.18.

Strict low middling spots, 7 eighths staple, 1953 loan value \$23.73, 1954 loan value \$25.38.

Loan values are indicated on 17 grades of cotton in eight lengths of staple. Last year the open market on most low grades, especially on spotted staples was higher than the loan values set for Commodity Credit Corporation loans.

The cottonseed support price indicated to be applied to this area will be \$30 per ton to the farmer.

Cotton Is Going Good

Despite the signs which point to a marked bollworm infestation in the offing and some continued inroads of the cotton flea hopper, a usually reliable source this week said that most of the cotton crops are doing good and fruiting satisfactorily on irrigated farms.

Reports from 21 fields last week end showed there are still lots of beneficial insects in the crop and that harmful insects count is low. The probability that spraying will be needed in occasional fields, however, for bollworms, flea hoppers and leaf-worms, was indicated.

Mr. and Mrs. Harmon Handley spent Thursday and Friday in Southwest Texas where Mr. Handley purchased 500 head of Sheep.

Mr. and Mrs. Ed Gross of Port Lavaca spent Sunday here visiting relatives. Mr. Gross' father was buried in Muleshoe Saturday. They returned home Monday night accompanied by Mr. Gross' mother who will visit with them for a short time.

Mr. and Mrs. J. H. Cooper and Carol visited Mr. and Mrs. J. E. Cooper in Ruidoso, New Mexico last week end. Enroute home Sunday night they visited Mr. and Mrs. A. E. Perkins in Sudan, Texas.

Mr. and Mrs. Calvin Pyle of Clifton, Arizona are here visiting her parents, Mr. and Mrs. Bernard Harris and other relatives.

Virginia Thomas spent last week end visiting in Amarillo.

Mrs. H. M. Mitchell of Plainview, former Lockney resident visited Mrs. Conde Davig Sunday of last week.

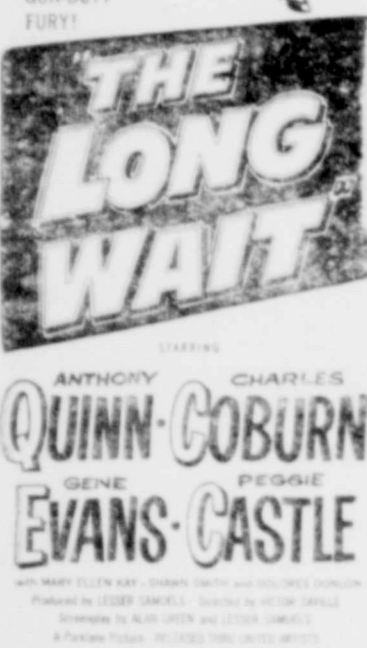

Mr. and Mrs. Joe Page and Carey of Alpine came Friday night and visited until Sunday morning with their son, Johnny who is recuperating from an illness in the home of his grandparents. Mr. and Mrs. T. S. Fox.

Mr. and Mrs. Ben McGhee spent last week visiting their son-in-law and daughter, Mr. and Mrs. Bill Wesley and son, Phillip in Peyton, Colorado. They returned Tuesday.

South Plains school has an enrollment of 45 this year with Mrs. O. T. Hewitt's room having 11, J. B. Thames' 13, and Mrs. Ray Smith with 21 enrolled. Providence school came to South Plains Friday afternoon with their upper grades to play ball with the boys here.

Mrs. Skeet Thornton, Mrs. George Weast and Mrs. George Beedy as well as Mrs. L. T. Wood and many others are to be commended for the nice booth at the fair and all the nice exhibits they had. Many of our community came home with several blue, red and white ribbons. Everyone enjoyed the fair. Our school was dismissed Thursday at 1:30 so the children could visit the fair. Donita Milton, Donnie Young and Kendis Julian played in the Floydada band at the fair Thursday.

The Cassell Brothers Gin has opened for business at South Plains and last week the first three bales of cotton to come in, came from the Murray Julian farm. He had the distinction of bringing in the first bale there at South Plains.

Pete Thornton is in the hospital at Lockney, we are sorry to report. While working around a wrench truck on Friday Mr. Thornton was accidentally hurt in the foot.

EDITORIAL
 Do you see yourself as others see you? Of course you don't, no one does, but you are constantly given hints that tell the way that others see you. How do others see our high school? As I said, there are ways which you can tell, but too many times good impressions are overruled by the bad ones. To prevent this, we all need to strive to make only good impressions and to improve our school. Don't you think our school would be a better one if more students would participate in sports, class, music and other school activities; back our athletic teams; do more studying and listening and less talking while in class; and if each of us would live by the Golden Rule and strive to be a better person each day?

Bobcats Win Over Longhorns 33-0

On the fourth play of the ball game the Longhorns punted to the Bobcats thirty yard line and amidst heavy blocking the Bobcats took the ball back all the way. The Bobcats converted making the score 7-0.

With five minutes remaining in the second quarter the Longhorns drove to their 11 yard line where they tumbled the ball. The Bobcats took the ball and drove to the Longhorns twenty yard line and passed over from there. The half ended with the score 14-0 in favor of the Bobcats.

The Longhorns kicked off to the Bobcats at the beginning of the second half and with renewed spirit forced the Bobcats to punt. The Longhorns took the ball on their own thirty yard line and the hard driving Fat Williams and Bucky Duvall drove to the Bobcats twenty yard line where Charles Vaughn raced around right end to the Dimmitt two yard line, but there the Longhorns bogged down and were unable to score.

The Dimmitt Bobcats scored once more in the third quarter and twice in the fourth quarter to make the final score 33-0.

New Teachers

It was about six years ago that a cute brown eyed girl married a dark handsome man. Then, as graduates of East Texas State Teachers College at Commerce, they moved to Quitman, where he was coach for five years. Supporting almost all sports, they enjoy participation in many of them. This attractive couple now reside in Lockney, where they are members of the First Baptist Church. (What's this? You want to know if it is Mr. and Mrs. Troy Ingram? You are right, it is!) Mr. and Mrs. Ingram teach basketball and girls P. E. respectively. Welcome to Lockney. Mr. and Mrs. Ingram, we're glad to have you.

Pep Rally

The Longhorn Band opened the pep rally Friday by playing "The New H. March" and furnished several more appropriate numbers. The pep squad and all L. H. S. students showed excellent school spirit by giving many enthusiastic yells.

Again the cheer leaders did a fine job of leading the group. We would like to thank Betty Jean Jackson for taking Jan Mathis' place as cheer leader. Jan was injured in basketball practice. Longhorns, we are still backing you all the way, so come on, Let's Beat 'em.

Welcome Betty

Hello students of L. H. S.! This is Chatterbox Charley telling you of my latest interview with a new student. My subject this week is Betty Brown, a cute little Senior, who stands about four feet, eleven inches tall and has brown eyes and hair. Betty was once B. Woods of Plainview, then she married Robert Brown and became B. Brown of Lockney. Betty's favorite color is red and she likes to eat "any and everything." When asked how she liked L. H. S., she replied, "I like it." Betty, that statement could be reversed because we like you too! So long kids, I'll be back a gain next week with another interview.

Annual Sales Start Monday

Subscription sales for the "55" Roundup will begin Monday. Students interested in purchasing an annual are requested to bring \$2.00 or \$4.00 to the supt. office. The \$2.00 is the down payment on the Roundup with the balance to be paid when the annuals arrive. The \$4.00 is for payment in full.

F. H. A. Display At Floyd County Fair

At the Floyd County Fair the Lockney Chapter, Future Homemakers of America, arranged a booth displaying a part of the craft work done by the fifty members who took summer work in Homemaking under the direction of Mrs. W. C. Irons, teacher.

The booth was decorated in red and white, F. H. A. colors. The F. H. A. emblem was used in the title of the exhibit.

Aluminum trays that had been etched formed a wavy display, while the leather craft of bill folds, belt and coin purses were mounted with supplies used in making them.

The display was non-competitive.

In the Crafts division of the Fair Gail Kellison won a blue ribbon on the tray she had made in Homemaking.

Junior Class News

The Junior class met September 17th and elected Nellie Ratliff, class reporter and Jimmie Holt, secretary. The Junior class had the concession stand at the Dimmitt game Friday, September 17th. Their profit was over \$100.

The Juniors are also going to sell magazines this year, so be aware of any out-of-town peddlers, as the Juniors want your business and will appreciate it to no end!

Watch For Future Announcement

Could it be pertaining to the "Serenaders" who will be in Lockney Tuesday night, Oct. 19? Be sure to read next week and see.

Freshman News

The concession stands were operated last Thursday night at the football game by the freshman class. The profit amounted to \$32.00.

MAKE IRONING EASIER

Here's a better way to starch clothes. Dissolve one cake of wax ironing aid in each quart of basic starch. This is what happens: ironing is an easier, smoother process for one thing; but, in addition, the fabric acquires a smoother, glossier, more soil-resistant finish than when starch alone is used. The result is that clothes resist getting dirty!

Shorthorns Stomp Floydada

By Jay Kemp

Last Thursday night a group of fans saw the Lockney Grade School Shorthorns stomp the Floydada team in a rousing 42 to 12 victory. On the second play of the game "Little" Joe Davis went over to score. The extra point was good and after that the Lockney bunch went to work and got five more T. D.'s. The line-up for the Shorthorns was center, Jackie Calahan; guards, Van Reese and Wayne Griffith; tackles, Steven Handley and Jimmy Colson; ends, Max Marble and James Hall Ferguson; backs, Billy Carl Race, Kenneth Calloway, C. D. Fitzgerald and Joe Davis.

The Lockney "B" squad lost a hard fought game to the Floydada "B" squad last Thursday night. The final score was 25 to 6. Floydada led 6 to 0 at the end of the first half. Lockney's score came in the third quarter when Clifford Hardy went around right end. In the fourth quarter the Floydada team tallied for two more touchdowns and one extra point!

The starting line-up for Lockney was center, Jerry Workman; tackles, Lonell Hays and Johnny Hainst; guards, Coy Kidd and Joyce Paschal; ends, Jay Kemp and Donald Farish; backs, Gene Handley, "Red" Hardy, Arley Pinner and David Frizzell.

Teachers Do You Like Our Project?

Members of the second and third year Homemaking Classes completed a decorating project in the Teachers Lounge. Slip covers of denim were made for the

chairs. Mattresses and pillow covers in a floral design together with a dust ruffle in a solid color completed the Day Bed. The room was repainted last summer and venetian blinds were added.

Gospel of Christ

THIS CHURCH WANTS TO SERVE YOU

It isn't a fine, expensive church. Everything about it is very simple. It is not its purpose to feed vanity or pride with a display of valuable things. It is not its aim to amuse or entertain those who attend its services. It exists here as a simple, New Testament body pointing those of its neighborhood to the Christ and God of the Bible. Its doors are open to those who from the quiet depths of their hearts would reach out to God in simple worship and by obedient living.

This isn't much that's ready-made for you in this little church. There is no ready-made creed; you take the word of God and make your own creed by believing with all your heart everything it teaches. There are no ready-made prayers; every person's voice his own earnest longing for the presence of God and for his sustenance of every need. There is no ready-made music, everyone makes his own music and it is sweet to the ears of God in proportion to the sincerity and humility with which you sing.

This little church represents no denomination. It simply represents that of, which all denominations claim to be a part, the church of Christ, the church He built on the truth of His Divine Sonship, the church He purchased with His blood, the church which is unto Him as a bride. It exists to unite believers in Christ and protests against the division and unbrotherliness which denominationalism reflects.

This little church is the outward manifestation of the deep conviction of many hearts that if men today will proclaim the simple message which was declared by the apostolic church: if they will worship God in the simple, sincere way in which that church worshipped; and will adopt the organization by which they functioned; and if they will serve with the humble, holy consecration that characterized its members, the same result will be multiplied, souls will be saved, God will be glorified and the name of Christ will be exalted in the hearts of all men!

If you like to worship God "in spirit and in truth," if you enjoy thinking, and meditating upon God's Word; if you appreciate warm, intimate, genuine brotherliness, you will enjoy attending the services of "the little church on Main Street." — Selected.

Stovall Manager Of Floyd County Abstract Company

Elliott & Waldron, of Fort Worth, have announced that effective last week the management of the Floyd County Abstract Company is in the hands of Richard F. Stovall.
 Mr. Stovall succeeds John A. Hutchinson, who has been manager of the plant since 1947. He has resigned to take employment with an insurance firm in Lubbock.
 Floyd County Abstract Company is one of 40 plants in Texas owned by Elliott & Waldron. It was established in 1919 by R. C. Scott and run by him until he sold out to the new owners in 1947.
 Stovall announced that the location of the abstract business is being changed from The First National Bank to the second floor of the Boothe building, where he has taken additional space to accommodate the abstract business adjacent to his suite of law offices.
 Miss Oneca Hamilton will be assistant manager.

Directors Named For County U. C. Organization

Twenty-one directors were named for the Floyd County United Chest at a meeting of a nominating committee last Thursday evening in Floydada. The committee was made up of representatives of the Lockney and Floydada Chambers of Commerce. The directors will act as governing body of the organization and officers of the Chest will be named from the 21 directors in an organization meeting tonight. The directors will serve until next May when an annual meeting will be held.
 Directors named Thursday night were E. C. Carter, Dwight Jackson, John Kimble, Hugh Counts, Earl Crow, Earl Minter, Roy Hale, Mrs. Henry Hodel, J. M. Willson Sr., Charlie Andrews, Hollis Bond, Marvin Cox, Jimmy Willson Jr., O. E. Durham, N. W. Williams, Willis Reynolds, Fay Pinner, R. L. Lewis, Mrs. Ned Bradley, Mrs. Billy Stanforth and Mrs. A. O. Foster. Jimmy Willson Jr. was named temporary chairman of the board.

4th Sun. Singing To Be Held Here

A regular meeting of the 4th Sunday Singing convention will be held at the city auditorium Sunday, Sept. 26 beginning at 2:30 p. m.
 The public is extended a cordial invitation to attend, according to Joe Reeves, president.
 Mr. and Mrs. Ross Cooper and children left Wednesday to spend the rest of the week at their cabin on Lake Kemp.
