

13 Soil Practices Program Adopted For Floyd Co.

Floydada. — Soil conservation practices for Floyd county in which the federal government will participate in the year of 1955 are classified under 13 general heads.

The list of these practices was adopted by the county ASC committee in collaboration with the other farm agencies including SCS, in the county last week and given formal approval by a representative of the state committee.

The program of soil conservation for the year is intended to reflect the need of the farmer to protect land taken out of production of allotment crops. The ACP program is presented with the hope that "Marginal land now in production will be put into protective cover as a part of needed long-term land-use adjustments. Other land taken temporarily out of production should be treated in 1955 to build up reserves of moisture and fertility so that it can best serve in meeting future production needs."

To encourage establishment of additional acreage of vegetative cover in crop rotation to retard erosion and improve soil structure, permeability, or water holding capacity, four practices will be encouraged and shared by the USDA.

For application of 20 per cent superphosphate, 200 pounds per acre, payment will be at the rate of 90 cents per 100 pounds; for 30 per cent superphosphate 150 pounds per acre, \$1.50 per 100 pounds; for 45 per cent superphosphate, 100 pounds per acre, \$2 per 100 pounds.

For biennial sweet clover, spring seeding, 11 pounds per acre, 10 cents per pound;

For alfalfa seeding, 16 pounds per acre, 15 cents per pound;

Under the grass seeding program perennial rye, orchard grass, brome, Kentucky fescue, weeping love and blue panic will be subsidized, at rates varying from 10 cents per pound for Kentucky fescue to \$1 per pound for weeping love grass.

Controlling Competitive Shrubs
Controlling competitive shrubs is included on the program again this year, with mesquite and cedar the shrubs to be treated.

Maximum cost-sharing for spraying mesquite is set at \$1.50 per acre; and for mesquite, ciled, grubbed or bulldozed 12 cents per acre.

For grubbing or bulldozing cedar, \$1.20 per acre for infestation of 1 to 10 per cent, plus 12 cents per acre for each per cent infestation in excess of 10 per cent.

For constructing wells for live stock water, with as much as 80 acres of grassland involved, the maximum cost-share, wells with casing of 6 inches or more inside diameter and uncased wells with a bottom hole diameter of 6 3/8 inches or more \$1.25 per foot.

For dams and reservoirs constructed to meet the requirements of the Soil Conservation Service, maximum cost-share 10 cents per cubic foot.

Runways for Run-Off Water
Waterway construction and for seeding the runway with approved vegetation the provision is 50 per cent of the cost of grading or shaping or filling, not to exceed \$15 per acre. Additionally seeding costs will be shared at varying rates as well as fertilizing. Alfalfa, western wheat grass, weeping love grass, sand drop and buffalo are provided for under this head, as well as fertilizing at 20 per cent, 30 per cent and 45 per cent with superphosphate.

For terracing cultivated lands the allowance is \$1.25 per 100 feet, where practice specifications of the Soil Conservation Service are followed.

Provision is also made for the construction of diversion terraces to intercept runoff and divert excess water, at a maximum federal cost-share of 4 cents per cubic yard.

Reorganizing Irrigation System

A practice that was popular in the current year and is likely to be also in 1955 is reorganization of farm irrigation systems. Cost-sharing is not authorized for repair or replacement of maintenance of existing structures, cleaning ditches or crossing installations, or for portable pipe. For approved plan concrete pipe, one and cost-share is 40 cents for 12 inch pipe, 50 cents for 15-

Latin American Charged With Murder Intent

A Latin American, Antonia Bursiago, 40 years of age, is in jail at Floydada charged with assault with intent to murder after he stabbed another man, Owen Lee Gray, at a residence in southwestern Floyd county Sunday evening.

Gray is in a serious condition in the Peoples Hospital at Floydada with two stab wounds in his back. He is 55 years of age and his home is in Pampa.

Witnesses said that a group was gathered in a bunkhouse on the John Alford farm two miles south of Harmony, when Bursiago came in and stabbed Gray without apparent cause. He was reported to be intoxicated. The Latin American's home is at Pearsall, Texas.

Mrs. Ida L. Heard Buried Tuesday

Mrs. Ida L. Heard of Floydada, mother of Austin Heard of Lockney, passed away at the Methodist Hospital in Lubbock at noon Monday. She had been seriously ill for a month and underwent a major operation just a week previous to her death.

Funeral services were held at 2 p. m. Tuesday at the First Baptist Church in Floydada. Dr. R. Earl Allen, pastor, and Rev. Joe Wilson, officiated. Burial was in the Floydada cemetery.

Mrs. Heard was 78 years of age. She was born in Georgia and the family moved to Floydada in 1920.

Survivors include her husband, T. J. Heard, a retired farmer, one son, Austin of Lockney; one daughter, Mrs. V. A. Readhimer of Amarillo; a sister, Mrs. W. T. South of Tennessee; a brother, Melvin Mooney of Georgia; two grandchildren and three great-grandchildren.

Fire Victim Related To Local People

The little Shamrock girl, Peggy Ruth O'Neal, who was burned to death in a cotton storehouse fire Monday afternoon, was the daughter of a cousin to Mrs. L. R. McCormick. Mr. and Mrs. McCormick attended funeral services for the little girl held Wednesday at 2:30 p. m. in the First Baptist Church at Shamrock.

The little girl was burned to death when she, her brother and two neighbor children followed their dog into the cotton warehouse. They reported that the house burst into flames soon after they entered it. The little girl ran to the back of the building while the other children escaped by the door through which they had entered. Her brother suffered some burns in trying to rescue the girl.

The child's body was found in the back of the building holding the little dog. The dog was not dead but was so badly burned he had to be destroyed.

The child is survived by her parents, Mr. and Mrs. Paul O'Neal, three brothers and two sisters, and her grandparents.

ENTERS HOSPITAL

Summer Comer has entered the hospital at Sanitorium, Texas, for treatment friends reported here Wednesday. Mr. Comer has been in bad health for several years and suffered a stroke several months ago. Mrs. Comer is now staying with her daughter at Plainview.

Experience is a grand teacher; but a mighty hard way to acquire an education.

Beacon To Publish Babson's Forecast

The Lockney Beacon will again publish the forecast of Roger W. Babson, noted economist and columnist. The forecast will be in the issue of December 30.

Checking Babson's predictions made in the business and financial forecast for 1954 shows that he was 86% correct. In the past 16 years Babson has ranged from 76% in 1940 when the war boom started to 95% correct in 1946 when the war ended.

Watch for the forecast on business and financial matters of this famous economist in our next issue.

Four In Family Killed In Wreck

Four members of a South Floyd County family were killed in a tragic automobile wreck near Tulsahoma, N. M., late Tuesday evening. They were Mr. and Mrs. Wilmer G. Jones, and their two children, a daughter, Phyllis Ann, age 6, and a son, James Richard, age 8. Another son, Clifford Watson, age 14, is in a critical condition in a hospital at Alamogordo, and attending physicians doubt his recovery.

Mrs. Jones is the daughter of former County Judge and Mrs. G. C. Tubbs. Mr. Jones is the son of Mrs. W. O. Jones and the late Mr. Jones, also of Floydada.

Three persons in the other car involved in the collision were also killed. They were two service men and a civilian.

The Jones family had left Floydada Monday to go to California to spend the Christmas holidays. They formerly lived in California but returned to Floyd county two years ago. They lived near Dougherty in South Floyd County.

New Mexico State Police said that the Jones car was traveling south when a Cadillac driven by one of the service men and traveling at a high rate of speed, swung out into the left hand lane to pass another car and the two collided head on. All apparently died instantly except the 14-year-old boy.

Mrs. Jones is survived by a sister in addition to her parents. Mr. Jones is survived by three brothers, Dalton T. of Lubbock, Dorris and Watson Jones, both of Floydada and a sister, Mrs. Mary Francis Christopher of Hobbs, N. M.

The bodies of the Jones family arrived in Floydada late Tuesday.

Gas Line Meeting Set At Lone Star

A meeting of farmers interested in a natural gas line for that area has been called for 2 p. m. Tuesday, January 4 at the Lone Star schoolhouse, according to Hubert Frizzell.

E. D. TEUTON SOME BETTER

E. D. Teuton, who has been seriously ill in the Lockney General Hospital here for the past 10 days, is some better at this time according to a report from members of the family. Mrs. Teuton is suffering from a nervous breakdown, however, and is in the Plainview Hospital.

A CLEAN CITY IS A SAFE CITY

Local Man Is Killed In Wreck

Earl Fortenberry, a resident of Lockney, was killed about 3 p. m. Wednesday in an auto wreck at Estelline, Texas, according to information received here. He had left here about two hours previous enroute to Arkansas to see about some land he owned there. His wife, who is employed at Medical & Surgical Hospital here, received a telephone call informing her of the accident, shortly after it happened.

The deceased man had been employed at the Floyd County Gin at South Plains. The family lived in one of the C. L. Anderson houses in North Lockney.

Although information was meager concerning the wreck it was reported that he was riding alone. The information furnished The Beacon said that the family at one time lived just north of Aiken where they farmed. They later sold this place and bought some land in Arkansas. They have been living here for about a year.

Information as to funeral services or survivors was unavailable at a late hour Wednesday.

Sam L. Ramsey Is Buried Here

Sam Dave Ramsey, son of a pioneer couple who were among the first settlers of this area, was buried in the Lockney cemetery Tuesday afternoon. Funeral services were held at the Lockney Methodist Church at 2 o'clock conducted by Rev. Burgin Watkins and Rev. A. L. Shaw. Carter Funeral Home was in charge of arrangements.

Mr. Ramsey passed away in a Wichita Falls hospital Saturday at 9:15 p. m. He had been ill more than two years. He made his home in recent years with his brother, R. C. Ramsey of Borger.

Lockney Masonic Lodge No. 867 was in charge of graveside services. Mr. Ramsey had been a member of the Masonic Lodge for many years.

He was the son of the late Mr. and Mrs. C. F. Ramsey who settled on the Ramsey homestead, about 4 miles east of Lockney, in 1888. His father helped to organize Floyd County in 1890.

The deceased man was born October 6, 1884 at Tehuacana, Limestone County, Texas. He lived in Floyd County until a bout 1905 when he went to California and lived until 1926 when he moved to Borger. His profession was that of an oil field worker.

Survivors include two brothers, R. C. of Borger and G. B. of Phoenix, Arizona; one sister, Mrs. John Peters of Denver, Colo., and a number of nephews and nieces.

R. E. Patterson In Galveston

R. E. Patterson is in John Sealy Hospital at Galveston where he is under treatment for an asthmatic condition. He spent a few days at home recently but went back to Galveston last week. Mr. Patterson left Tuesday to join him for the Christmas holidays. His condition was described as "pretty good" by members of the family.

Student Night At Baptist Church

College students will be in charge of the student night service at the First Baptist Church here on next Wednesday evening, according to Rev. R. E. Wiley, pastor. Mrs. T. V. McClure will be in charge of the arrangements.

MR. AND MRS. ELBERT R. HARRIS of Lockney will celebrate their Golden Wedding anniversary with an open house at their home here from 2 to 5 p. m. Sunday.

Nativity Scene At Providence Church

The Providence Lutheran Church is displaying the nativity scene they show every year and it is attracting much attention. The scene is lighted and is visible from the road. It will be kept up until after Christmas.

Several pieces have been added to the scene this year and it is even more attractive than in past years.

The public is invited to drive out and see the scene, members of the church said.

Stores Observe Double Holiday

The fact that Christmas comes on Saturday this year gives local stores an opportunity for a two-day holiday and most of them are taking it. Indications were this week that most stores would be closed both Saturday and Sunday.

Some establishments will begin observance of the Christmas holidays earlier, however. The post office will close its window at noon but rural routes will run on Friday. The post office will close at noon on New Year's Day also which is the following Saturday.

The First National Bank will close at noon on Friday for a 2 1/2 day holiday, they announced this week.

The White Rose Cafe and the Baker Hotel Coffee Shop will be closed both Saturday and Sunday.

The J&J Drive In on the Highway will be closed from Friday through January 3rd.

The Orchid Beauty Shop will be closed from Friday through the following Thursday.

Aunt Fannie Brown Recovering From Fall

Aunt Fannie Brown, who is 94 years of age, is recuperating from a fall she suffered when the wind blew her from the sidewalk Wednesday, December 15. She has been confined to Medical and Surgical Hospital until Tuesday afternoon when she was returned to the home of her daughter, Mrs. Hugh Counts. Mrs. Brown had no broken bones and is recovering from bruises.

Methodist Announce Communion Service

The First Methodist Church will hold a Christmas eve communion service it was announced this week by Rev. Burgin Watkins. Those desiring to participate may come to the church anytime between 7 and 8:30 p. m. on Friday, Rev. Watkins said.

GO TO CHURCH SUNDAY.

County Ginnings Total 107,822 Bales Wed.

Floyd County gins had ginned a total of 107,822 bales of cotton from the 1954 crop up to Wednesday morning, according to a report to The Beacon from County Agent Bill Rodgers. As far as The Beacon could ascertain, this is an all-time record for ginnings for this county. It is probable that the county yield has exceeded the 1954 crop in years past but the total amount of ginnings have never passed 100,000 bales before.

Not only are the ginnings a record but the yield per acre this year was also an all-time record. In the survey made by Mr. Rodgers, giners estimated that they would gin another 564 bales. If this is accurate, and the giners estimate is usually very accurate, the county yield will total 108,442 bales. The county harvested cotton from 114,000 acres, Mr. Rodgers said. The county allotment was 121,000 but some of the cotton wasn't planted and some was destroyed and not available for harvest. Thus the 108,442 bales harvested from 114,000 acres gives this county an average of 95 of a bale per acre, an all-time record as far as yield per acre goes.

The north part of the county, including gins at Lockney, Lone Star, Sterley, South Plains, Aiken and Providence ginned 58,152 bales of the county's total while the south part of the county, including gins at Floydada and numerous rural points, ginned 49,730 bales. Actually the yield is better than the ginnings show even this year, Mr. Rodgers said, due to the fact that this county loses more cotton to borderline gins in other counties than its own borderline gins get from those counties.

Of the acres harvested 74,000 were in irrigated areas and 40,000 were dry land areas, Mr. Rodgers said.

Mrs. E. E. Stimson Is Seriously Ill

Mrs. E. E. Stimson was reported to be very seriously ill in West Texas Hospital, Lubbock, Wednesday afternoon. Mrs. Stimson, a teacher in Lockney schools, and wife of the high school band director, had undergone an operation at West Texas Hospital last Saturday. She seemed to be doing nicely when her condition became critical at noon Wednesday. It was found that she had developed a blood clot in her lung and pneumonia had set up, according to word received here. She failed to rally to blood transfusions and was unconscious until 2 p. m.

Mr. Stimson was called at 1:00 o'clock and left Lockney with the couple's two small daughters and his mother. Last report here Wednesday evening was that Mrs. Stimson had regained consciousness and was breathing better.

Freddie suffered minor cuts and bruises but participated in a basketball game Friday night at Quitaque. He suffered an attack of appendicitis late Friday night and underwent an appendectomy Saturday afternoon at the Medical & Surgical Hospital here. His condition is reported as good this week.

Graham was driving a 1952 Chevrolet and Freddie was driving a 1950 Chevrolet convertible. Both cars were almost total losses.

Legion Seeks Names Of Needy People

The Lockney Post, American Legion, is seeking names of needy people in order to provide for them with food and toys at Christmas time, members of that organization said this week. Those knowing of needy families are asked to call Bobby Jarrett, phone 3496.

Singing Convention To Be Held Sunday

The regular Fourth Sunday Singing convention will be held at the City Auditorium Sunday afternoon, December 26, according to Joe Reeves, president.

Will Celebrate Golden Wedding Anniversary Sun.

Mr. and Mrs. Elbert R. Harris of Lockney will celebrate their Golden Wedding anniversary at their home in South Lockney with an open house from 2 to 5 p. m. Sunday. Their children are hosts for the occasion.

Friends and acquaintances are invited to call during the open house period and the couple are looking forward to the occasion. Mr. and Mrs. Harris have four sons living. They are Levis and Hollis of Lockney, Jack, who lives north of Lockney over in Briscoe County, and J. O. Harris of Pampa. All will be present for the occasion along with numerous grandchildren. Another son, Calvin, passed away in 1928.

The couple were married at Park Springs, Texas on December 29, 1904. They moved to Lockney in 1907, moved back to Wise County in 1909 but came back to this county to stay in 1915.

Mr. and Mrs. Harris are well known in Floyd County. He served in the 2nd as commissioner for 10 years and for the past five years has been in the real estate business here.

Two Injured In Wreck Friday

Warren Graham and Freddie Merrell were both injured late Friday afternoon when their cars collided at the intersection of West Willow and South West First street. Graham suffered spine injuries and is in the Lockney General Hospital where he will be confined for several weeks, relatives said.

Freddie suffered minor cuts and bruises but participated in a basketball game Friday night at Quitaque. He suffered an attack of appendicitis late Friday night and underwent an appendectomy Saturday afternoon at the Medical & Surgical Hospital here. His condition is reported as good this week.

Annual Party Held by Circle

The lovely home of Rev. H. L. Anderson of the Providence community was beautifully decorated Thursday afternoon for their annual Christmas party. The living room was graced with a beautifully decorated Christmas tree. Red candles and red and white carnations helped complete the Christmas motif.

The program opened with the singing of "Joy to The World." Rev. Anderson read the Bible story as found in the scriptures. Followed by prayer. Mrs. H. L. Anderson gave the impressive reading, "Christmas on The Plains," accompanied in the background on the Hammond

electric organ of Christmas music by Mrs. Ted Boedecker. The program was closed with singing "Silent Night, Holy Night." The entire group enjoyed games played for the children present. Merlin Boedecker won the prize in the children games. A game creating much excitement was a game played by the men, a quick exchange of ladies hats modeled by the men. Wilfred Stoerner won the prize. Other prize winners were Weldon Smith and Mrs. Ted Boedecker.

Mrs. Wilfred Stoerner, president, presented Rev. Anderson with a nice paper cutter from the members of Candle Light Circle for the spiritual guidance he has given the circle members during the past year. All the officers were remembered with a personal gift from the president. Members were remembered with a Womens Missionary Prayer Appointment calendar for 1955 which includes missionaries, church officials and government and national figures to remember in special prayers. This was a personal gift from Mrs. Wilfred Stoerner. Gifts were exchanged among the children, men and ladies.

The refreshment table was centered with a bowl of fruit graced on either side with tall red candles. Served was sandwiches gaily decorated cookies, Christmas candy, cake, hot coffee and cokes.

Those enjoying the evening were Rev. and Mrs. H. L. An-

derson, David and Stephen, Mrs. Ben Brandes, Mrs. Ben Quebe, Mr. and Mrs. Weldon Smith and son, Mr. and Mrs. Ted Boedecker, Larry and Merlin, Mr. and Mrs. Albert Kelm, Mr. and Mrs. Hubert Stoerner, Larry and Wayne, Mr. and Mrs. Wilfred Stoerner, Mr. and Mrs. Karl Sammann, Mrs. L. B. Brandes.

The first meeting will be held January 5, 1955 in the Educational unit of the church. Mrs. Leo Boedecker, hostess program chairman. Theme for the year will be My Christian Church. The first topic will be "Lets Look at Our Church" tracing its European background by Mrs. H. L. Anderson. Everyone interested in the Mission work of the church is most cordially invited to attend.

Council News

by Mrs. Verlon Wright

The Floyd County Home Demonstration Council met Saturday, December 18 in the council room of the court house at two o'clock for the annual Christmas party. There were forty-nine women and two children present.

Mrs. J. W. Day Jr. registered the guests as they arrived.

Mrs. Raymond Teeple, Mrs. John Fowler and Mrs. J. T. Spears served on the refreshment and decorating committees.

Mrs. L. T. Wood, Mrs. J. H. Davidson, and Mrs. W. O. Tye served on the program committee.

Mrs. Tye led a get acquainted game while guests were arriving.

Mrs. James Jefferess led the singing of Christmas carols.

Forner Council Chairman,

Mrs. W. R. Daniel installed the new officers for 1955.

Mrs. Daniels' reading was a parable of the officers to the flame of a candle burning steadily and upward, while casting a bright and pleasing light around it. The new officers are: Mrs. M. J. McNeill, Chairman; Mrs. Grigsby Milton, vice chairman; Mrs. J. T. Spears, Secretary-Treasurer.

Mrs. McNeill appointed other committees for the new year.

Mrs. Harlin Day was recognized for her outstanding attendance. Mrs. Day hasn't missed a meeting of her club in seven years. She is a member of the Starkey Club.

Special visitors were Mrs. Walter Hannah of Harmony and her guests, Miss Margaret Robinson and Miss Winifred Allworth of New South Wales, Australia.

Mrs. Hannah told how she met

Texas 4-H'ers Win National Honors

THREE Texas 4-H Club members were announced as national winners in the 1954 4-H award programs at the National 4-H Club Congress in Chicago. Each received a \$300 college scholarship. Their names, the programs in which they were honored, and the donors of their awards are:

Carolyn Lindsey, 17, of Plainview, Garden, Allis-Chalmers Mfg. Co., Tractor Division.

Ralph Swinford, Jr., 17, of Wichita Falls, Safety, General Motors.

Over 1,200 4-H Club boys and girls from the 48 states, Alaska, Hawaii, Puerto Rico, and Canada attended the Congress, along with young people and youth leaders from 25 foreign countries.

A highlight of the Congress was the major policy address by Secretary of State John Foster Dulles at the opening banquet. Thus the 4-H'ers learned more of their Congress theme, "Working Together for World

May Deduct Costs Of Conservation Under New Law

College Station. — Cash outlays for soil and water conservation can be charged as farm expense—rather than farm capital—under recent changes in the Internal Revenue Code, making them income tax deductible.

A host of land and water improvements are included in the change, says C. H. Bates, extension farm management specialist, who urges farmers to check further into the new ruling. Costs of soil and water improvements are not deductible in excess of 25 percent of the gross farm income during the taxable year.

The remaining cost may be taken from the income in succeeding years at the rate of no more than 25 percent of gross earnings for each year. Amounts carried forward may go without limit until used up, Bates explains.

The specialist points to the phrase in the code "on land used in farming." He explains the ruling covers only land used by a taxpayer or his tenant, either before or at the time of the improvement for the production of crops, fruits or other agricultural products or for the raising of livestock.

The ruling covers costs of treatment of moving of earth, including leveling, grading and terracing and contour farming; the construction, control and protection and diversion of channels, drainage ditches, earthen dams, water courses, outlets and ponds; the eradication of brush; and the planting of windbreaks.

Costs for purchase, construction, installation or improvement of structures, appliances or facilities, however, which are subject to regular depreciation may not be taken as ordinary expense.

Farmers may use this "deduct" system in their 1954 returns for the first taxable year in which such work is done without special permission.

He says farmers interested in the ruling can obtain further information from the nearest office of the Internal Revenue Service.

the girls and how they happened to be visiting in our community.

Miss Robinson spoke a few words on her country, and the places they've visited on their tour. Both girls live on the farm. They have modern conveniences at home, though not so many gadgets as we have. They felt right at home in our dusty weather as they have wind and dust storms in Australia too.

The girls thought it strange to have Christmas in winter because this is their summer time.

Miss Robinson said in Australia they have the C. W. A. (County Women's Association) which is the equivalent of our Home Demonstration Clubs.

Many lovely gifts were exchanged and displayed, and admired by all.

In closing, Miss Leila Petty led a prayer "At Christmas" by Robert Louis Stevenson.

Present were Misses J. T. Spears, James Jefferess, Sandhill; M. J. McNeill, Mrs. W. B. Jordan, Center; A. H. Kreis, Friendship; Turner Hunter, G. H. Day, J. W. Day Jr. and baby.

Starkey; Raymond Teeple, W. D. Nance, C. L. King, Lone Star; L. T. Wood, Grigsby Milton, R. G. Dunlap, South Plains; W. O. Tye, Floydada; W. R. Daniels, Elmer Norell, P. F. Bertrand, W. H. Bunch, Homebuilders; Wilfred Stoerner, H. F. Quebe, Ben Quebe, Ben Brandes, Providence; Weldon Smith, Vernon Gross, A. M. Dorsey, Pleasant Valley; W. E. Grimes, J. M. Daniel, Friendship; D. S. Battey, Walter Hannah, Zant Scott, Carrick Snodgrass, Loyce Turner, Harmony; W. Earl Edwards, Jim Owens, Verlon Wright, B. P. Neff, Lakeview; W. R. Ross, W. O. Jones, Jr., Dougherty; S. J. Latta, Sunnyside; Herman Huffman, Sterley; Raymond Watson and Rae, Emmett Tierce, R. W. Johnson and Garland Sams, Lockney; Miss Leila Petty, Floydada; Misses Margaret Robinson and Winifred Allworth, New South Wales, Australia.

The greatest reward for a job well done is in having done it.

You can't push yourself forward by patting yourself on the back.

AS you enter into the spirit of the Christmas occasion, we hope you will take just a moment to accept our best wishes for the Season.

It's been a pleasure to serve you and we invite your continued friendships.

LETTERS TO THE EDITOR

Dear Editor:
S-D Day
I write this the day before S-D Day, but it will not reach the paper in which you read it until after that day.
Many good suggestions have been broadcast for accomplishing what S-D Day is for, but I have seen or heard none that state the chief cause of automobile accidents is alcoholic drink — beer or any other — that has been swallowed by people — drivers or pedestrians.
Until this situation is done away with we are deceiving ourselves, hoping against hope, in expecting the successful accomplishment of any other S-D Day.

Dear Santa Claus:
How are you this year? I hope you are getting ready for Christmas. I would like to give you my list: two guns, Fort Apache stockade, a swich that has a picture of superman, a bfeycle and a garbage truck.
Please bring Jim Bob a remote control Buick, basketball and goal, a globe and some books.
Mary Frances would like a doll, a triecyle and a piano.
Please go to see all the boys and girls.
Love,
Charles Mac, Jim Bob and Mary Frances Gibson.

Dear Santa:
I am a little boy six years old.

cept my mother and daddy think I have room for improvement. I would like to have a bullet gun, and holster, my sister wants a doll. We will leave some nuts, fruit and coffee, and we would like to have some nuts, fruit, candy. Don't forget the other boys and girls.
Love,
Picilla, Wayland, Brenda Sue, Debbie Carthel.
Dear Santa Claus:
I am a little girl 4 1/2 years old. Please bring me a great big doll, a set of guns, a make-up kit, a bathanette so I can give my doll a bath, and a telephone. I have been a pretty good girl this year and am looking forward to your visit. Please bring me some nuts and candy and fruit. Don't forget all the other little boys and girls.
Love,
Sherry Carthel.

I want a Dale Evans cowgirl suit, and a dolly with rooved hair and some dishes.
Carol Cooper.
Mr. and Mrs. F. E. Nix and family left Wednesday afternoon for Arkansas to spend Christmas holidays. They will be gone about ten days.

Charlie Cross Is Bride Of J. D. Woody

In a quiet ceremony performed in the home of the bride's parents, Saturday, December 18 at 6:30 p. m., Miss Charlie Cross became the bride of Airman 3-c J. D. Woody of Floydada, Texas McDonald, minister of Main Street Church of Christ, Lockney, read the vows for the double ring service.
Mr. and Mrs. Charlie Cross of Lockney are parents of the bride and Mr. and Mrs. Harold Woody of Floydada are the bridegroom's parents.
The bride wore a white faille dress, white hat and other accessories of smoke grey. She wore a corsage of white feathered mums and net. For the traditional something old she wore a rhinestone necklace belonging to her mother, new was her dress, borrowed was a class ring belonging to June Rigby, and blue was a touch of ribbon.
Attending the bride as maid of honor, June Rigby of Silverton, formerly of Lockney, was attired in pink faille with black accessories. She wore a corsage of pink feathered carnations.
C. O. Woody, brother of the groom acted as best man.
Mrs. Cross, mother of the bride, was dressed in a white knit suit with brown accessories. Mrs. Woody, mother of the groom wore navy with black accessories.

Calendar Proceeds To Benefit School

Members of the National Honor Society and senior class of Lockney High School are promoting the publication of a calendar to aid in giving a senior member of the Honor Society a scholarship and to defray part of the expenses of the class to New Orleans for their annual trip.
The Calendar, published by Gordon Bernard Publishing Company, will begin with the month of April and will contain a picture of the high school, advertisements from thirty-six outstanding business concerns, vital information for residents of this community, dates of important meetings, birthdays and anniversaries of all your friends.
These organizations will profit by your listing your birthday, anniversary, and club meetings, advertising, and purchasing of the calendar. This project will be continued in future years and be promoted by some school organization.

Mother Goose School Has Christmas Party

Santa with his pack filled with sacks of candy came to Mother Goose School last Friday and distributed candy and gifts to the young students. The Cordettes, high school trio, entertained with Christmas carols and Mr. G. H. Phenix entertained with his wooden dancing doll, "The Man from Arkansas."
Refreshments of decorated cookies and colored punch were served to some 35 youngsters including the younger members of the pupils families. Coffee and gingerbread were served to several visiting mothers including the Christmas party committee. Mmes. Verner Hodel, Harold Jeffcoat, Fred Braunig, Wayne Greer, Dan Teuton, and Ray Porter. Teachers are Mrs. Fred Huggins and Mrs. Derrell Wood.

Youth Go Caroling Sunday Evening

A group of Methodist and Baptist Intermediates went caroling together Sunday night after church services. They rode on a large truck belonging to and driven by Raymond Rucker. They were accompanied by Gerald Sams, Connie O'Brien, Hilburn Casey, Mr. and Mrs. Raymond Rucker and Mrs. Edgar Hays.
Refreshments were prepared by women of the two churches and served in the educational unit of the Baptist Church after returning from an hour of singing at the various homes over town.

Next meeting will be with Mrs. Joe Parrish on Tuesday afternoon, January 11 at 2:30 o'clock.

Priscilla Class Has Christmas Social

Members of the Priscilla Sunday School class and their husbands enjoyed a ham supper Friday night at the Baptist Church.
Mrs. Bob Davis told a story, "The Littlest Angel." Mrs. Jerry Harder led the group singing of Christmas carols. Games were led by Mrs. Tom Moore and gifts were exchanged.
In attendance were Messrs. and Mmes. Tom Moore, Tom Marr, Ross Cooper, Glen Cooper, Raymond Spencer, Dillon Patterson, Charles Hammit, Jerry Harder, T. V. McClure, N. S. Abbott, Wilburn Tannahill, Mrs. L. G. Rhine, teacher; Mrs. Bob Davis, Mrs. Edward Smith and Rev. R. E. Wiley.
At the time of her marriage the bride was a junior student in Lockney High School. Airman Woody is a graduate of Floydada High School and has been in the airforce the past eight months. He received his basic training at Lackland Airforce Base, San Antonio and has recently been stationed at Keester Airforce Base, Biloxi, Mississippi.
After a wedding trip to Texas-Kanna, Texas the couple will be at home in Floydada until he leaves on January 17 for duty in Korea. After her husband leaves, Mrs. Woody plans to attend a business school in Plainview.

Minute Editorials

For unto you is born this day in the city of David a Saviour, which is Christ the Lord.—Luke 2:11.

THE BEACON STAFF, as our custom is, joins with the other business and professional people of the area in wishing each of our readers a very Merry Christmas and a Happy New Year. You will find a word of greeting from almost every business and professional person in the area in this issue of The Beacon. The greetings have been carefully selected by the advertiser to say what he or she wants to say and to express the heart-felt feelings of the individual. Take time to read each

one with the thought in mind that the expression is for you personally.

IT SEEMS FITTING that we add our voice to the many urging caution in Christmas driving. We remember in times past that Christmas trips have ended in tragedy for Lockney people. It behooves us all, therefore, that we drive carefully, within the speed limits and also drive "defensively" as one highway official said several years ago. That is to watch the other fellow. It may be that he is not as fit to drive as you are. So you must not only watch your own driving but that of the man in the other car.

THE BEACON has a policy that we do not publish poetry, not that we don't appreciate poetry but we at times have more than we can handle. However we are making an exception and publishing the following poem presented to us by R. V. Crouch:

CHRISTMAS
Camels on the desert,
Silver star a gleam,
(Mary in a stable
Haunted by a dream.)

Shepherds on the mountain,
Angel in the sky,
(Jesus in the manger—
Mary's anxious sigh.)

Herod in his palace,
Tossing on his bed,
(The King of Kings is sleeping
In a cattle shed!)

Bethlehem of Judah,
Fortunate you are!
(Famous shall your manger be
In lands afar!)

World ever troubled,
Sing a song that's new!
(God has made a Christmas
And given Christ to you!)

DON'T TAKE LIFE so seriously—
you'll never get out of it
alive anyway.

MOST FOLKS are about as
happy as they make up their
minds to be.—Abe Lincoln.

'SILENT NIGHT...'

With Our EXCHANGES

A SENSIBLE VIEW
Sen. William Knowland's remark that only "an ultimate Communist victory could result from our acceptance of Russia's suggestion of co-existence" may have shocked such worthies as Sen. William Fulbright and his Alabama colleague, John Sparkman, but they won't startle any plain American who can read, write and count to 10.
Every time we have gone along with a Russian Suggestion—or demand—we have gotten it in the neck and there's no reason to believe we won't continue to similarly suffer. More men in high places, not fewer, should take public cognizance of the cold facts.
Senator Fulbright, who never has recovered from his youthful experience of being a Rhodes scholar, and humbling Senator

Sparkman, who means well but has a peanut patch outlook, call Senator Knowland's observation "dangerous."
Ordinary Americans, however, will call it practical, intelligent—and in full keeping with the record.—Lubbock Avalanche.

GETTING CRITICAL
Woodrow Wilson was reelected on the slogan, "He kept us out of war." Soon after the election came the sinking of the Lusitania, and the Congress of a Democracy declared a "State of War" existed. Eisenhower is trying to keep us out of war, though many believe he is using poor strategy. But the Red Campaign continues. Here one of our military planes is shot down over the open seas. There a coup-ette of American citizens are tried on trumped up charges of "spying." Today America is faced with the fact of thirteen military

men captured in uniform being tried and convicted on charges of spying after they crashed in a military plane. The Chinese scorn our protests in the case. We have shaken our heads and turned our back on the progressive violations of the practices of modern civilization until this has happened. If we pass this one up, we may hear next of one of our warships bombed and possibly sunk. Things are getting critical.—You Be The Judge in Crosbyton Review.

TIME TO BEWARE

Once again Postmaster General Arthur E. Summerfield warns the public to be on the alert for suspicious merchandise offered through the mails, which are designed to get the Christmas trade. Last year the American public was bilked of more than \$10,000,000 through the mails.

Summerfield points out that despite a record of 98 per cent convictions in such fraud cases, illegal activities are on the increase. He points out there are a number of reputable firms and mail order houses doing business through the mails and these should not be confused with the suspicious types.

The public is urged to report to the Postoffice any suspicious circumstances in dealing with mail offers.—Lubbock Avalanche.

HERE'S THE SOLUTION

A guy with a gun goes out and kills another guy who has no gun. Society then punishes the killer and the dead guy is buried. This is peace.

A guy with a gun goes out and kills another guy with a gun. Then three or more guys get into the brawl and pretty soon the alley is full of busted heads. This is war.

In both cases nobody is very happy. In both cases there are two things that use all the trouble: guys with guns.
One solution is to abolish guns. That's been tried. It hasn't worked. The other is to abolish guys. It looks like that's what they're working on now.—Eddie Warren in Post Dispatch.

Long Ago In Lockney

Items of interest from the files of The Lockney Beacon.

December 22, 1916

H. H. Trussell and Miss Modena Waller were married Friday night at eight o'clock by Elder Showalter. Mr. Trussell is connected with the oil industry at Holiday, Texas and Miss Waller is the daughter of Mrs. N. E. Waller and has been reared here. The couple will make their home in Holiday.

E. T. Pratt and Miss Lena Keys were married Wednesday evening at 6 o'clock with Rev. Sweeney at the Methodist parsonage reading the vows.

Buck Sams received a severe eye injury one day this week when he was struck by the end of a line as he was hitching up a wild horse. It is feared he may lose sight of the eye. He is in the Plainview sanitarium and has been suffering intensely.

E. T. Grant of Brady, Texas was here Monday and spoke to a small group of citizens in the interest of getting the Indian Trail, a national highway which is now laid off between Charleston, South Carolina and Los Angeles, Calif. He pointed out that Lockney is in direct line with the proposed route and that we can have it if the town will get behind the project.

December 25, 1924
Geo. T. Meriwether bought a half section of land near Lone

Star this week which belonged to H. Cook of Hedley and Mr. Cook becomes the owner of the Meriwether place near the Lockney High School building.

Luther Wofford has sold his residence property in northeast Lockney to O. J. Huggins. Mr. Wofford last week bought the Westbrook place in West Lockney and will move there soon.

December 25, 1942

A heavy coating of ice forming Sunday night ruined many trees in this section and disrupted telephone and electric service for a few hours. Some trees were stripped of all limbs with only the trunk left standing.

The home of "Uncle Joe" Allison in the east part of town was totally destroyed early Tuesday morning with its contents. Some furnishings belonging to Wilbur Miller were destroyed in the fire as well as all of "Uncle Joe's."

Sugar beet harvest ended here last week with a good yield for most of the farmers in this section who raised them. High sugar content was reported and a yield of 15 tons to the acre or more.

NOT THE SAME MAN

Last week The Beacon carried a story about a man by the name of H. H. Hines being convicted of possession of liquor for purpose of sale. Sheriff Earl Cooper said this week that there are two men by that name in this county, one living here and the other at Dougherty. The Dougherty man was not the one involved in the case and Cooper emphasized that he was not the man convicted.

ATTENDS WEDDING

Misses Nancy and Patsy Holland, Mrs. Nettie Mae Hancock and children, Johnny and Gay, attended the wedding of Miss Betty Crawford and Kenneth McLondon at Hollis, Okla., Sunday.

Mr. and Mrs. Olin Harris of Loving, New Mexico spent Saturday and Sunday visiting in the home of his father, J. J. Harris and brother, Jesse Harris and family.

Treat bad stains before laundering, and thereby save your self both time and trouble. Make suds of warm water and bright bead bluing. Then rub the suds into the spots with a soft brush or sponge. Let the clothes soak about five minutes, and then wash and rinse as usual.

Season Greenery Will Make Home Echo Xmas Spirit

Did you ever notice that the prettiest homes around the community at Christmas are the ones decorated liberally with the green things of the season? Their festive appearance is obtained easily with proper display of such things as evergreens, berries, seed pods, and pine cones.

These simple decorations are readily available to most everyone at no cost and to use an old expression: "The woods are full of them."

A trip into the country to gather them can also be turned into a pleasant excursion for the whole family and a brief rest period from the "getting ready" for Christmas company, parties, and holiday affairs.

One word of caution, however: Don't kill trees or bushes. Prune carefully when selecting your evergreens.

The Christmas tree — whether large or small—should be the center of the decorations. Place your tree in front of a window, so that its bright, cheerful glow can be seen from within and without. Dec-

orate the tree with balls of red, silver, blue and green, strands of popcorn and various decorations that are saved from year to year.

Be sure to hang a rope of evergreens, a spray or wreath on your front door—these signify to many who pass your home that you are celebrating this joyous season.

A rope of evergreens requires approximately four or five yards of rope. The place you plan to use it will determine the exact length. Next, you'll need several short lengths of wire, short sprays of evergreen, balls, bows, red berries or bells. Place a bunch of evergreen against the rope and fasten in place with the wire; repeat until the rope has been completely covered. The rope may be draped over the door frame, mantel, or along the stair rail. Pick out other spots where additional decorations, like berries, balls or bells will add to the effectiveness of over-all appearance.

REXRODE VISITORS

Visitors in the home of Mrs. W. S. Rexrode during last week end were Rev. L. A. Blair, retired Baptist minister formerly of Sweetwater, now of Clovis, New Mexico; Mr. and Mrs. Wendell Green, Plainview; Mr. and Mrs. Robert Jones, Hale Center; Mr. and Mrs. Ruby Garrett, Plainview; Mr. and Mrs. Donald Johnson and family, Lone Star; Mr. and Mrs. R. S. Johnson and family, Hale Center; Miss Larner Smith and Marvin Jones, Hale Center. On Sunday the group enjoyed an early Christmas dinner together.

Holiday Plants Need Special Care

Holiday plants require special care if they are to look their best. Just like human beings, they need bright light or sunlight, in the day and a proper amount of water.

Withering, leaf yellowing and burning, leaf drop and premature loss of flowers can be caused by under-watering or over-watering plants. Thorough watering is important as soon as plants are dry, but avoid leaving plants standing in water. Puncture the tin foil or heavy paper on pots at the drainage hole to provide necessary drainage.

Here are some further suggestions:

Lower the night temperature to prolong the life of blooms. Minimum night temperature for poinsettias and Christmas begonias should be 60 degrees. The desirable night temperatures for azaleas, Christmas cactus, chrysanthemums, cyclamen, Jerusalem cherry, Kalanchoe, ornamental peppers, potted bulbs and cut flowers are between 50 degrees and 60 degrees. High room temperatures hasten the maturity of flowers and shorten their life.

Avoid sudden temperature changes and drafts. Keep both plants and cut flowers away from radiators and heat registers and out of drafts. Poinsettias are especially sensitive to sudden temperature changes. They should never be left near a window sill as drafts will cause leaves to turn yellow and drop.

THE JOHN T. CARTEL FARM, pictured above, the mystery farm in the First National Bank advertisement last week, was first identified by Mrs. Donald Johnson. The farm is owned by John T. Carthel but it is farmed by his son, John Lee Carthel, and John Lee and his family occupy the house shown in the picture. Others identifying the place were Thurman Davis, Joe Huffman, Juanita Carthel and Mrs. Bill Canon.

The place is located about six miles northwest of Lockney, on the same section with the Prairie Chapel Church of Christ and school house. John T. Carthel owns another 400 acres lying south of this place which he works. John T. farms the 154 acres in this place and works another 160 which he owns. They have four irrigation wells on all the land. This particular place was purchased by John T. from E. E. Winn

of Plainview in 1945. They raise cotton, feed and some alfalfa and John T. goes in for Black Angus cattle on a small scale. Both families are members of the Floyd County Farm Bureau and attend the West Side Church of Christ. John Lee was married to Jo Ann Canon in June of 1947. The couple have three children, Susan Gale, age 6, Gary Lee, age 4 and Linda Je, age 2.

Library Notes

By Ivy Pearl Reed.

May you have a happy Christmas.
May the Lord be good to you. May you have a fire to sit by. Food and shelter, comfort too. Love and laughter, hope and promise—
May you have all that you need.
May you have dear friends around you.
And a lovely book to read!
—Judith McVae.

If Santa Claus forgets the last item on that list, then the library can help you out. Our newest books are "The Power of Positive Thinking for Young People," "How to Make a Home Nature Museum," "Black Spanish Mystery," "The Golden Goose Book," "Adventures of Robin Hood," "The Gallant Heart, the story of a race horse," "This I Believe series 2," a new best-seller "My Brother's Keeper," and H. Allen Smith's "The Rebel Yell—being a carpetbagger's attempt to establish the truth concerning the speech of the Confederate soldier plus lesser matters appertaining to the peculiar habits of the South." We also have many old favorites such as "The Yearling" and "A Christmas Carol."

Mrs. Sabra Harmon, who was a library employee for some

time, was in the Central library this week. She and her husband are returning to California, and she wanted to give us some books before she left. We are grateful.

Story Hour was very well attended Saturday morning. Mrs. Billy Brown told the stories, read poems, and directed the children in a pantomime of the Journey to Bethlehem and the manger scene. Susan Hagood and Ronnie Amburn played the leading roles of Mary and Joseph, with other boys and girls as innkeepers, shepherds, and wise men. At the end of the hour, each child took a miniature sack of candy and nuts from the library Christmas tree. The next session of Story Hour will be on January 8, 1955.

Books have been given in memory of Mrs. Fannie Montague by Mr. and Mrs. Jeff Welborn and Ann; in memory of Mrs. C. E. Colighitty by Mr. and Mrs. J. H. Barnard and Barbara; in memory of Mrs. Mary A. Norton by Mr. and Mrs. T. J. Britton; Mr. and Mrs. C. O. Lyles; Mr. and Mrs. L. J. Welborn; and Mr. and Mrs. E. L. Norman; in memory of C. W. Thagard by his daughter, Sabra Thagard Harmon.

Mr. and Mrs. T. L. Griffith plan to leave Thursday for a visit with relatives in Greeley, Colorado.

HERE FROM OREGON

Mr. and Mrs. Vernon Armstrong and children of Cottage Grove, Ore., arrived here Tuesday night to spend the holidays with her parents. Mr. and Mrs. Lewis Busby and her sister, Mrs. Nettie Mae Hancock and children. They are former residents but have been in Oregon six years.

NEW ARRIVAL

Mr. and Mrs. Egan Wofford of Anchorage, Alaska are parents of a baby daughter born Sunday, Dec. 19 at 1:30 p. m. Grandparents are Mr. and Mrs. O. D. Wofford of Lockney.

Women should remember that it is easier to drive a man to drink than it is away from it.

Along with Christmas comes a natural reawakening of all the finer emotions of people. Friendships are renewed at Christmas time and there is a rekindling of the spirit of understanding and generosity toward all mankind.

To those whose pleasant association and friendly support during the past year has contributed so much to our welfare we extend cordial thanks. May your Christmas be happy.

(Note: The following letter from Mrs. R. C. Bennett, pioneer of this area, will be of special interest to her friends, since she has been ill so long. She is now at the home of her daughter, Mrs. Barney Manning at 1204 Clark Street, Wichita Falls.)

Wichita Falls, Texas
December 17, 1954.
Mr. Hays, Kind Sir and Friend:
I want to thank you and all my friends for all the nice cards. They do mean so much to me and the flowers—I haven't been without them for one day. I have received cards from old friends far away in other states. They saw my address in The Lockney Beacon. Thanks for that also. We

can't do without The Beacon. I am improving slowly, fast, I reckon for my age. My heart ailment is better but the arthritis has got me to where I can't walk, can't stand alone. Someone has to hold me up to take a step, but I haven't given up yet.

I will be 84 years old January 11, 1955. I have the best of attention in every way. I tell them I can't get well and they won't let me die. So I am still here and I can't see why but I will try with patience to be as good as a person ever can be and a Merry Christmas to everyone. I hope some day to be home. I'll come and meet you friends who have been so kind, who I will always cherish and keep in mind.

Mrs. R. C. Bennett.
P. S. Mr. Hays, R. C. is much better and is back in the home of our daughter, Mrs. Crawford. They wanted me to go there but she has all she can do with her Dad and I didn't want to get any farther from home. I hope to get home some day.

13 Soil Practices—

(Continued from page 1)

inch. Land not under irrigation prior to the 1953 crop is not eligible.

A summer practice that is approved is establishing additional acreage of legumes for protection against erosion. A good growth must be obtained and left on the land or turned under. Superphosphates must be applied at the rate of 200 pounds per acre of 20 per cent. Approved legumes under this practice are Gair and Hubam Clovers.

Land leveling for more efficient use of irrigation water and to prevent erosion is provided for in 1955. This practice is to alter the slope or topography to hold erosion to the minimum, make maximum use of rainfall, obtain efficient use of irrigation water, and facilitate water and soil management. Floating or restoration of grade not included. Maximum federal cost-share 50 per cent of cost not to exceed \$15 per acre.

For stubble mulching the federal cost-share will be \$1.25 per acre. Stubble must be left over winter and for sufficient time for another crop to cover the soil.

For contour listing the allowance will be 25 cents per acre. This includes contour chiseling, cross-slope chiseling, pit cultivation, or chiseling not on the contour for wind erosion control.

Control of Bindweed
There are seven practices which can be followed under windweed control program. They are:

Continuous plowing during the entire growing season until flowering at intervals not to exceed 14 days—\$7.50 per acre.

Treatment with sodium chlorate or calcium cyanide, 2 cents per gallon.

Treatment with 2,4-dichlorophenoxyacetic acid, 25 cents per gallon.

Treatment with carbon disulfide, \$1.00 per gallon.

Treatment with borax, 1.6 cents per pound;
Treatment with concentrated borax, 3 cents per pound;
Treatment with polyborchlorate 5 cents per pound.

**R. C. Mitchell Is
V-P Of State Group**

At least three Plains swine breeders were named officials of the Texas Swine Breeders Association at the annual meeting and election of officers held at mid-October during the State Fair at Dallas.

R. C. Mitchell, Chester White breeder of Lockney, was chosen vice president of the state group to serve with Marvin Bridges of Buffalo, Spotted Poland China breeder, who was elected president. E. M. Roggenbrocht of College Station was chosen secretary-treasurer.

Two from the Plains area were named to the board of directors. They are G. S. Ballew, Hampshire breeder, of Clarender, and A. D. Wenzel, Berkshire breeder of Brownfield. Other board members are Mack Morgan of McKinney (Poland China); Leonard Aldahl of Dallas (Swift & Co.); M. U. May of Dallas (food manufacturer); L. T. Jones of San Antonio (banker and swine breeder); Riley Boren of McKinney (Duroc breeder); David L. Rasmussen of San Antonio (VA teacher); and Blakey Smith of Houston (Berkshire).

The association, organized in 1885, is made up of breeders of all types of hogs in the state, and seeks to promote the breeding, improvement, distribution and production of swine for breeding and marketing purposes.

Luke 2:10-11.
"And the angel said unto them, Fear not: for, behold, I bring you good tidings of great joy, which shall be to all people.

For unto you is born this day in the city of David a Saviour, which is Christ the Lord.

And this shall be a sign unto you; ye shall find the babe wrapped in swaddling clothes, lying in a manger.

And suddenly there was with the angel a multitude of the heavenly host praising God, and saying,

Glory to God in the highest, and on earth peace, good will toward men.

And it came to pass, as the angels were gone away from them unto heaven, the shepherds said one to another, Let us now go and see this thing which is come to pass, which the Lord hath made known unto us.

And they came with haste, and found Mary, and Joseph, and the babe lying in a manger.

And when they had seen it, they made known abroad the saying which was told them concerning this child.

And all they that heard it wondered at those things which

Longhornettes Win Thriller From Quitaque

The Lockney Longhornettes won a very closely contested game from the Quitaque girls Friday night. The final score was 46-45. The lead changed hands several times in the last half. With seconds left in the game Nell Cunyus shot a free throw. Nell was high point for the girls.

The A boys lost their game 56-28. The Quitaque boys led the game all the way. The Lockney boys couldn't seem to find the basket and were unable to score but very little until the second half. Jimmy Chenault was high point with 14.

The B boys won a very well played game from Quitaque; the score being 44-34 in favor of the Lockney boys. Jimmy Chenault was high point for the B boys scoring 24 points.

were told them by the shepherds. But Mary kept all these things, and pondered them in her heart.

And the shepherds returned, glorifying and praising God for all the things that they had heard and seen, as it was told them."

Dear Santa:
I hope this letter reaches you even if it is a little late.

I have been a pretty good little girl this year that is in comparison with some other little girls.

I surely would like to have a big baby doll with blonde hair and blue eyes, or if you run out of those before you reach my home a tall dark, and handsome one will do. Oh yes, I'd like 'em about six feet tall. Since this is all I want, will you please bring Mrs. Cape some liniment for her aching back. For Mrs. "Z" a book on HOW TO REMEMBER NAMES (don't ya' know.) Santa please give Mr. Smith an automatic bell.

We'll be lookin' for ya' Friday night.

Lots of love,
Jimmie Holt.

**KEEP WOOL SOCKS
FROM SHRINKING**

You won't have to buy wool socks two sizes too large since proper washing will prevent shrinkage. Squeeze them gently through lukewarm soapsuds, without twisting, wringing or rubbing. If the feet need extra attention, work soapsuds directly into them with the fingertips. Then fold the socks with the soaped surface in and leave them in the suds for about five minutes. Rinse in water of the same temperature, blot in a towel, and stretch on a rack or drying form.

FAST SETTING GELATIN

There is a "quick set" method for a flavored gelatin salad if you're interested in a real fast preparation. After the gelatin has been dissolved completely in one cup boiling water, add 8 to 12 ice circles or cubes and stir constantly until it begins to thicken. Remove the unmelted ice, pop into the refrigerator and chill until firm.

The demand for farm products in foreign countries has strengthened in recent months and exports are expected to increase next year. May be up as much as 10 percent over last year.

**MODERN
TRADITION**

A new Christmas tradition has been brought about in recent years or perhaps it should be called a pre-Christmas tradition.

At any rate, it's that time of the year again and safety organizations, insurance companies, fire department officials, even this newspaper give out with the perennial Yuletide warning: "Don't you have a Christmas tree fire this year."

Precautions against fire is especially urged during the Christmas season because of the hazards presented by decorations, gift wrapping, defective wiring for Christmas tree illumination, and the tree itself.

This warning is necessary because of the established fact that fire takes a toll of more than 7,000 lives each year in the United States, with mortality from this cause naturally reaching its peak during the winter months.

You can keep from having a Christmas tree fire in your home by being especially careful about two things: the tree and the lights. Choose your tree carefully. One that has been cut too long or stored in a warm place will lose its needles quickly and is a definite fire hazard. If possible cut your own tree or buy it directly from the grower, then keep it in a cool, shaded place out of the wind until you're ready to decorate it.

Your Christmas
Fireside Can Be
Bright With Color

If you wish to get as much "color" as possible in your Christmas observance, here's a novel idea.

Pine cones, small kindling or chips can be treated as to give off colored flames when burned in the fireplace. Dipped or soaked in a solution of various salts of certain metals, cones or chips will burn with a distinctive color. Cones will not readily absorb water, so salts must be suspended in a solution of turpentine.

Compounds which produce specific colors when burned are: Red—strontium chloride; green—barium chloride; blue-green—copper oxide or copper sulfate; orange—calcium chloride; lavender—potassium chloride; and yellow—sodium chloride.

A second method—if only cones are to be used—is to dip the cones in paraffin and before the paraffin hardens sprinkle with the following chemicals for desired color effect: Green—copper sulfate; red—strontium nitrate; orange—calcium nitrate, and yellow—sodium chloride.

**Social Security
For Farmers Set**

Recent amendments to the Social Security Act will bring federal old-age and survivors insurance to most Texas farm families.

Farm operators — people farming for themselves — have not previously been covered by the Social Security Law. Beginning January 1, all of them who make as much as \$400 profit in a year will have old-age and survivors insurance.

Farm employees — people doing farm work for others — are already covered by the law if they work regularly for one farm operator. But the new law will bring insurance protection to all farm workers who earn as much as \$100 cash pay in a year from any one farmer, whether the work is regular or not.

Both the farm operator or owner and his employees have long needed protection for themselves and their families against loss from death or old age. Beginning January 1, they will have this protection. Benefits will be paid to the living worker and his dependents when he reaches age 65 and retires and to his survivors when he dies.

Farm employees will pay a social security tax of two percent of their pay — two cents on each dollar of their pay up to \$1,200 a year. Their employer will pay another two percent and send the four percent total to the director of internal revenue.

The self-employed operator will make a report once a year and report the tax on his net earnings. This report is part of the income tax return. The farm operator will pay three percent on his net earnings up to \$1,200 a year.

Farm operators who report their income tax on a cash basis and whose income is \$1,800 a year or less may report either their actual net earnings from farm self-employment or 50 percent of their gross earnings for social security purposes. Operators whose gross income from self-employment is more than \$1,800 will have to compute their net income. But if his net is less than \$900, the farmer can, if he wishes, report \$900. He will report his actual income if it is \$900 or more.

MERRY XMAS . . . It's an old costume but a new style Santa. Dancing Diane Sinclair tries on a suit for size.

**Early Controversy Over
Exact Christmas Date**

The origin of many of our Christmas customs can be traced back to prehistoric times, with some pagan customs being modified to fit into the Christian observances.

Even today, while December 25 is almost universally celebrated as Christmas, some countries, such as Armenia, celebrate it on January 6, the Epiphany, or spiritual birth of Jesus.

There was considerable controversy in the early days of Christianity as to whether the physical birth or the spiritual birth of Jesus should be celebrated. And those who believed the spiritual birth should be celebrated even disagreed among themselves about the date, some holding that it took place on March 25, others that it occurred on December 25.

The theologians finally agreed upon December 25 as the correct date and such has been celebrated since the year 354.

LAMP SHADES NEED CARE

Lamps are "inside windows," so keep shades clean. Paper or parchmentized shades cannot be submerged in water. Cleaning Paper shades should be dusted off only. However, if the paper is of good quality, it may be cleaned with a damp, soft cloth, then wiped with a cloth dampened in clear water and quickly wiped entirely dry. Silk and rayon shades can be cleaned by careful washing in warm sudsy water if the trimmings are stitched to the frame, not glued.

And Season Customs

"Twelfth Night," which many communities celebrate by a community burning of Christmas trees, is derived from the custom of early Christians who celebrated the feast of the Nativity of Christ for 12 days, placing special emphasis on the last or twelfth day. The "Twelfth Night" tree burning is also said to commemorate the light of the Star of Bethlehem.

The manufacture of toys for Christmas gifts and other uses last year required approximately 130,000 tons of steel products from all sources.

The first Christmas tree in San Francisco was made in 1850 from Douglas fir branches wired on a stick by a German wine shop proprietor.

Over three-fourths of the nation's Christmas trees come from the states bordering Canada.

The Puritan government of England outlawed Christmas in 1643. With the restoration of the Stuarts, Christmas customs and traditions were revived, but Christmas never regained its former prestige in England.

The first Christmas cards were mailed in 1846 by Henry Cole, an Englishman. The cards depicted a Victorian family assembled at the festive board and bore the now-famous greeting: "A Merry Christmas and a Happy New Year to you."

Legend Says Christmas Trees Came From Egypt

Legend has it that the Christmas tree originated in Egypt, where the first trees used were palm trees.

The Germans brought the tree to America, however, as they also introduced it to England. The German Prince Albert, consort of Queen Victoria, introduced the first tree into England when he had a tree for his young daughter.

Martin Luther is said to have brought the first Christmas tree indoors for decoration, early in the 16th century.

When you fasten ornaments to your tree this year you will be commemorating a centuries-old Arabian legend that relates how plants blossomed and flowered and trees miraculously bore ripened fruit on the eve of the first Christmas.

MINCE PIE

The oriental character of the spices and flavoring in mince pie was said to represent the rich gifts the wise men brought to the Christ Child.

A dash of lemon juice on slices of meat is a substitute for rich gravies, if you're counting calories. For people on salt-free diets, GAMA offers this lemon mint sauce recipe to make fish, boiled beef and bland meals more palatable: 1 cup sugar dissolved in 1/2 cup lemon juice. Combine with 1/4 cup finely minced mint leaves or if unavailable, with a few drops of liquid mint flavoring.

JOY TO THE WORLD . . . The famous boys' choir of St. Vincent Ferrer Church raises its collective voice in song during rehearsal of hymns which will be sung at Christmas Eve midnight mass. Boys are from eight to 14 years of age.

Lubbock.—The Texas Tech department of foreign languages has initiated a program to utilize tape recorders in aiding students with their homework.

The beginning French language class can go to the Tech library, put on a set of earphones and hear the next day's lesson being read in perfect French. By the beginning of the next semester, all lessons for the first-year French course will be on tape and available to students.

Although this mechanical study aid is being used solely by the language department, similar tapes can be used to teach English, music and many other subjects.

Dr. John H. Dowling, head of

foreign languages instructor, are developing the technique.

Present equipment consists of a tape player and eight sets of earphones. Proposed additions include a recorder, to permit students to compare their pronunciation with that of an expert, and listening booths to enable an entire class to drill simultaneously on the day's assignment.

Holy City Today Filled With Poor And Homeless

As they have done since the first Christmas, Christians will this year follow the Star to the stable-grotto beneath the Church of the Nativity, the traditional birthplace of Jesus of Nazareth in Bethlehem. Always small and poor, Bethlehem is even poorer today than most people would believe. A recent visitor said, "Wanderers fill the streets—anyone can see why Mary and Joseph found no room in the inn." Last Christmas, shepherds watching their flocks outside Bethlehem had to be especially watchful lest the sheep trap themselves in the barbed wire of the narrow no-man's land separating Jordan and Israel. Bethlehem, on the Jordan side of the wire, has as well been sorely affected by the hos-

crowded with Arab refugees who formerly lived in Israel. The effect of the conflict has been crippling of Bethlehem's chief industry, the making and selling of objects of piety from olive wood, Dead Sea stone and mother-of-pearl. Except at Christmas, pilgrims are so few that the profit had gone from the business. On Christmas Eve, however, the dusty city takes on new life. Christian diplomats living in divided Jerusalem expect to be escorted to the little town over the unused highway through no-man's land. Pilgrims from the Israeli side pass through the Mandelbaum Gate. Pilgrims rich and poor alike, worship together in the fourth century Church of the Nativity. There is a High Mass, during which the image of the Christ Child is carried from the church through a series of underground chapels. The ceremonies come to a climax before three adjacent shrines. The Altars of the Nativity, the Wise Men and the Manger. Outside, Christians from many lands will sing as angels sang nearly 2,000 years ago: "Glory to God in the highest, and on earth peace, good will toward men."

TEEN-AGE CANDY MAKERS

It's a good idea to let the youngsters try their hand at making candy now so that they'll be fairly expert by the time Christmas rolls around. Start them off with an easy to prepare fudge mix and they'll graduate to recipes for other kinds of candies to make as Christmas gifts, in no time. In self-defense, teach them how to adjust the top burner flame to the low heat most candies require, so that you don't have messy spill-overs to mop up. If they seem to be in earnest about becoming skilled, get them a good candy thermometer, too.

1. Why are candles used during the Christmas season?
2. Who gets credit for origin of the custom of hanging Christmas stockings?
3. Is Kris Kringle and Santa Claus the same?
4. A familiar plant to us — what is the golden bough?
5. Who was Joel Poinsett?
6. Who sent the first Christmas cards?
7. Which state has a town named Santa Claus?
8. Legend says the crown of Thorns was plaited from which Christmas plant?
9. What does the name Kris Kringle mean?
10. Who wrote "A Visit From Saint Nicholas"?

ANSWERS

1. As symbols of the Star of Bethlehem.
2. Saint Nicholas once dropped some coins down the chimney of a poor family. The coins fell in a stocking hung up to dry.
3. Kris Kringle is recognized as Santa's helper.
4. Mistletoe.
5. The American statesman who brought the poinsettia from Mexico.
6. Henry Cole, an Englishman, in 1843.
7. Indiana.
8. Holly.
9. Christ Child.
10. Clement Moore.

white. Then, the crown of thorns was plaited from holly and from that day the leaves turned a deep, blood red.

It was also a belief of the ancients that the first to bring Christmas holly into the house, whether husband or wife, would be the one to rule the household during the ensuing year. The boldest of witches, according to another once-prevalent belief, would not venture near a house which displayed a wreath of holly on the door.

Once Plentiful Reindeer Dwindle In Numbers

Santa's helpers—the reindeer—once were plentiful in their native habitats in the north. In recent years, however, their number dwindled so seriously that conservationists once feared the animals might become extinct.

Chief enemy of the reindeer, as of so many animals, is the wolf. Some experts estimate that wolves have destroyed over 500,000 reindeer within the last 15 years or so. It was estimated in 1950 that there were 50,000 reindeer left.

In the past few years American boys and girls have been forced to settle for "stand-ins" or native deer wherever Santa's sled with its eight helpers was used. The true reindeer are difficult to keep alive in temperate climate and with the supply so short, protective measures don't allow the reindeer to come southward for the holiday season.

Like Mistletoe, Legend Surrounds Holly Plant

Holly, like mistletoe, has become a part of Christmas tradition, but the similarity does not end here. Both holly and mistletoe were once surrounded by numberless superstitions.

The legend of the mistletoe, which changed from a symbol of evil to one of love is the best known. Yet, there are some interesting superstitions regarding holly. They believed that its ever-green leaves signified that it was never deserted by the sun, and

LAUNDRY HINT

How to iron a man's shirt beautifully is something dear to the heart of every woman in love. Right sleeve, yoke, left sleeve, back . . . now the front, and finish with the collar and cuffs. That's the proper order, to attach a shirt-ironing problem—but there is one added trick that will do wonders to make this specialized ironing extra easy. It's a simple matter of adding to each quart of hot starch, one small section of the well-known blue wax ironing aid — and remember, in this case, hot water means rapidly boiling. This makes the difference between success and failure in starch making.

Bill Stegall Has Busy Life In Alice School System

Bill Stegall, a graduate of Lockney High School, and son of Mr. and Mrs. J. A. Stegall, former residents of this community, is leading a busy life, according to press clippings handed The Beacon by friends of the family. Bill is student activity director of the Alice school system and has the confusing job of co-ordinating the activities of 30 organizations. His goal is to have every student participate in club activity within the school system. He has enlisted more

than 90 percent of students thus far. Bill attended Wayland College, spent some time in the U. S. Army during the war, and enrolled at Hardin-Simmons University after he left the Army in 1946. He received his degree there and also married Alice Todd while a student at Hardin-Simmons. He taught in the University of Corpus Christi five years and then moved to Alice where he accepted his present position. Bill and his wife are both active in church work, are members of the First Baptist Church at Alice and both teach Sunday school classes. They have three

Proposed State Bond Issue To Build Highways

Austin — A way to solve the headachy problem of highways in Texas has been proposed by James E. Taylor, executive director of the Texas Motor Transportation Association. "In my opinion," said Taylor, "we might well consider the soundness of bond financing of our present urgently needed highway system modernization. That's what you do in your own business."

Taylor advocated his plan at a meeting of the Exchange Club of Austin. He explained: "We have over a thousand miles of highways in Texas carrying more than 4,000 vehicles a day. They should be four-lane divided highways, engineers say. If we dedicated only one cent of our present 4-cent gas tax toward retiring 25-year, two per cent highway modernization

THE LOCKNEY BEACON, LOCKNEY, TEXAS, DEC. 23, 1954

bonds, we could finance the building of 1,000 miles of four-lane highways in Texas immediately.

"And the increased revenue from full use and license fees would pay the bonds — without new taxes and without tolls."

Taylor described toll roads as "doubtful solution" to the highway problem.

"Toll roads," he said, "may alleviate the situation in certain isolated cases, but they cannot effect a permanent cure."

The speaker predicted that motor transportation is going to expand because "we are going to have increasing population, and we are going to produce and consume more goods. Our industry and our population are going to be decentralized. That will call for more transportation and trucks will be called upon for an ever-increasing amount of hauling."

A man who refuses to try to help himself finds little sympathy when he seeks outside assistance.

Trouble lies ahead for the person who decides he is a little too good for his job.

TIME SAVING EXPERT

Be a time-saving expert on ironing day. The secret is a good hot starch! It is so simple to do yet is so often done badly. And it's a special remedy recommended for a sticking, dragging iron. The special trick is to use one small blue section of the little ironing aid for every quart of hot starch. Clothes starched with this mixture are protected by a very thin film that protects the fabric from soil, and also forms an especially smooth surface over which an iron fairly races.

TUNA BUNS

Tuna buns are made like this. Mix together 1/2 cup chopped pickles, 3 diced hard-cooked eggs, 1 can of your favorite tuna, 1 tablespoon chopped onions, 1/2 cup grated cheese and mix in mayonnaise to make the combination moist and easy to spread. Use hamburger buns, buttered, cut in halves. Spread with tuna mixture. Bake in oven of your range, 350 degrees F for 8 to 10 minutes.

HAM WITH YAM SOUFFLE

Ham is the hostess' solution to many a dinner problem. But accompany it with something different than potato salad. Make a yam souffle. Fill orange shells with this, add a sprinkle of orange flavored cordial then of brown sugar over all, and bake in a hot, 400 degree F oven for 15 minutes.

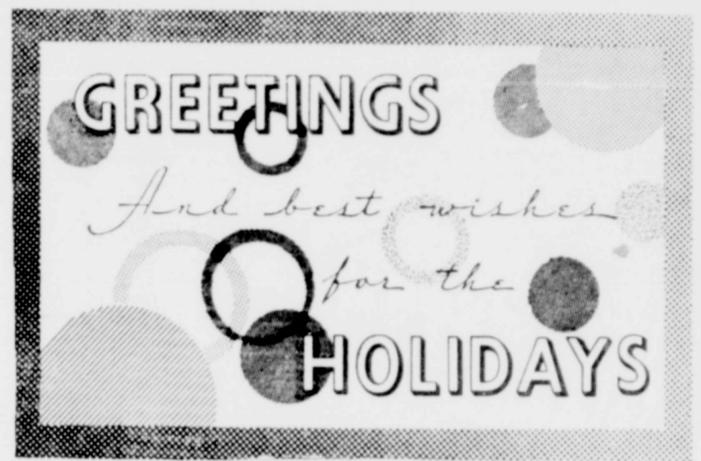

Opportunity sometimes comes to the man who waits, but the hustler secures a key to the door of success.

It's questionable whether the world loves a cheerful giver half as well as the cheerful giver loves himself.

The secret of success lies in finding a more efficient way of doing your work — not running away from it.

The reason some men are misunderstood is that they possess nothing worth studying.

Pity the fellow who is long on dollars and short on common sense.

Santa Claus Letters

Dear Santa Claus:
I've been a pretty good girl this year, as good as could be expected, that is.
Please bring me a big Dy Dee Doll, bathanett, sleepy dog, record player and bicycle. I'll let other little boys and girls play with them.
Please remember all the other children, especially those who are sick.
Don't work too hard.
I love you.
Vikkee Carole Hammit.
P. S. Daddy wants an electric train and mother wants a new car.

To Santa:
I want a cowgirl suit and a bicycle and some dishes. I love you Santa and I know you love me too, you love everybody. I know you do. I love the people all over the world.
Your friend,
Lauretta.

Dear Santa:
Will you please bring me two guns and two seabards. Bring my little sister a doll.
We have been good children, so bye.
Troy Lee King.

Dear Santa:
Please bring me two guns, train, tools, a Christmas tree.
Irvin Thirikill.

Lockney, Texas

Dear Santa:
I have been pretty good this year but I will try to be better next year.
Will you please bring me a tool set, big red wagon and stereoscope, be sure it has a reel of Roy Rogers. I would like to get an army rifle if you want me to get it.
Remember all the other boys and girls.
Love,
Ricky Lynn Kellison.

Work In Armstrong And Briscoe Speed North-South Road

Floydada. — Steps which inch along on closing the last gaps in Armstrong and Briscoe counties on the Borger to Post highway have been taken in recent weeks, so that the job can be finished in the not too distant future, except for the bridge across Palo Duro canyon.
This bridge is a \$300,000 undertaking and the Highway Commission is under tremendous pressure for funds for other improvements throughout the area, as well as the rest of the state. It has not been indicated when the crossing of this colorful gap in the earth's surface will be put on the engineer's operations list.
The State Highway Commission recently authorized grading and structures for approximately 6.3 miles of this route—FM 284 — in Armstrong county, from the Palo Duro canyon south to the Briscoe county line.
Also bids have been received recently by the commission for 5.092 miles of road in north Briscoe, north from San Jacinto, which will be in with the road now being constructed across Claude's crossing. This will complete the link of the route in Briscoe county.
Highway FM 284 has already been paved south from Claude to Palo Duro canyon.
When completed the route, in addition to its vast utilitarian use, will be one of the panhandle's most scenic routes.

BOTTLE COVER

If your hot water bottle looks dowdy, dress it up in a print cosy. You can make one like a pillow case, and fasten it with a drawstring or bright ribbon around the throat of the bottle. The cosy insulates the contents and protects against extreme heat. Choose a washable fabric so you can keep it pretty — and sanitary — with hot water and soapsuds.

Cleaning a clay-tiled splash-back at the range is no problem at all, because all kinds of stains can be quickly wiped off with a damp cloth. To give the tile a bright shine, rub it briskly with a soft towel after cleaning.

Lesser Events Took Place On Christmas Day

Christmas is, above all else, the day on which we recognize the Nativity of Christ. It has been so since the fourth century, when the Western Church officially adopted December 25th as the date of the birth of the Saviour.

Since that time, this greatest of all events has completely overshadowed every historical event occurring on the same day. Ask anyone to tell you of something else in history that happened on December 25th other than the birth of Christ, and chances are they will give you a negative answer.

A few will remember that it was on this same date that George Washington crossed the Delaware. Only a true student of history will tell you that the date marks the birthday of Isaac Newton, Clara Barton and Frances Blake, among others.

Actually, the fact that Washington crossed the Delaware on Christmas is all the average American should be expected to remember. But, it's interesting to note some of the other events that happened on the same day:

In 1837, the Battle of Okeechobee.

In 1941, Japanese captured Hong Kong.

In 1492, wreck of the Santa Maria, at Haiti.

In 1926, Hirohito became Emperor of Japan.

It was also on Christmas day, in 1947, that China's constitution was adopted and went into effect, making the date China's National Renaissance Day. And, Christmas is also the birthday of the town of Kelso, Washington, settled on Christmas day, 1947, by Peter W. Crawford.

Turkey Dinner

Planning a turkey dinner for Christmas? If you are, and you want to be sure it's a "good" bird when you place it on the festive table, then follow these tips in preparing that important part of your holiday meal.

Be sure all wing-tip feathers are removed. They may be pulled out easily by pressing the skin between the feathers down to the tips of the quill with the forefingers of one hand and pulling the feathers straight out with the other.

The drum stick can also be greatly improved by pulling with a pair of pliers as many of the nine heavy tendons in each leg as possible.

Single your bird the easy way. Put a few teaspoons of rubbing alcohol in a jar lid, light, then rotate the turkey slowly over the flame. The bird should then be washed with soap in lukewarm water, using a scrub brush, then rinsed in clear water and dried.

Don't stuff the turkey until just before putting it into the oven. Three skewers should be used before closing the cavity and a square knot tied after each skewer so the lacing won't tighten. If there is not sufficient opening to let off steam, the dressing will get soggy.

In roasting the turkey, you'll find that the wing-tips can be brought over the back and tied to make a "rack" on which the bird will rest in the roaster.

XMAS CUSTOMS

The origin of many of our Christmas customs can be traced back to prehistoric times, with some pagan customs being modified to fit into the Christian observances. But, as official Christian holidays, Christmas and New Year's had a long struggle to become firmly established.

With a little light work on your part and the help of your automatic range, you can make this colorful coconut sauce with a dozen uses. Melt two tablespoons of butter in a pan over the low flame of your range, then add 1/2 cup shredded coconut and saute over the same low flame until golden brown, while you stir constantly. Then, whether your refrigerator is harboring ice cream for dinner, or a frosted cake, or chocolate pudding — you'll make your dessert even more delicious by spreading sauteed coconut on top.

HOW TO BE BAPTIZED

Are you interested in doing exactly what God says do in exactly the way He says do it? If so, this study concerning New Testament baptism will be of profit to you. Many religionists today frankly admit that immersion is Bible baptism but that it is not necessary to do it exactly as the Bible teaches in order to please God. Is this your attitude toward what the Bible commands? Accepted lexicographers agree that immersion or burial was the ancient meaning of the word baptism. Church historians agree that in New Testament days people were baptized by a burial. Here is the decision, therefore, you have to make. Either you are to be baptized by burial as were they in Bib's days or else be baptized by sprinkling or pouring believing that a substitute is just as good as what God has commanded.

Please study with us with an open sincere mind the following passages in the New Testament which show plainly how they baptized in those days. There is no need of interpreting or explaining. Merely consider seriously what the passages say. That alone will show clearly how they baptized then.

Turn first to Matthew, chapter 3, where baptism is introduced for the first time. Verses 5 and 6 reads, "Then went out to John the Baptist Jerusalem, and all Judea, and all the region round about Jordan, and were BAPTIZED of him IN JORDAN confessing their sins". Where did John baptize? IN JORDAN. Not at or near. But in the Jordan. Why be in Jordan? Now read John 3:23, "John was baptized in Enon near to Salim, BECAUSE THERE WAS MUCH WATER THERE." If John went to a certain place on the Jordan because there was MUCH WATER there and baptized the candidates, in Jordan, how did he baptize?

Did you ever read and study carefully the conversion of the eunuch from Ethiopia recorded in Acts 8:26-39? Please read it again. A preacher by the name of Phillip was sent to meet this eunuch from Ethiopia on his return from Jerusalem. Together they are riding down the highway and Phillip is preaching Jesus to the man. Now then, verse 36 says, "They came UNTO A CERTAIN WATER: and the eunuch said, see here is water: what doth hinder me to be baptized?" When the eunuch had confessed his faith in Jesus Christ then Phillip is to baptize him. Notice verse 38 next, "And he commanded the chariot to stand still: and they WENT DOWN, both INTO THE WATER, both Phillip and the eunuch: and he baptized him." So, in Bible days in being baptized they came to water (much water), went down into the much water (Both preacher and the candidate), and while down in the much water the preacher baptized the person. Following this baptism according to Acts 8:39 they CAME UP OUT OF THE WATER. With this much before us, truthfully how do you believe they baptized people in Bible days? What happened while they were both down in the water? The Bible calls it baptism. That act carried out while down in the water to a penitent believer saves him (1 Peter 3:21) puts him in Christ (Romans 6:3) and adds him to the New Testament church (Acts 2:47). Let us read Romans 6:4 to find out how the act was carried out or exactly what happened while they were down in the water and before they came up out of the water. "Therefore we are BURIED WITH HIM BY BAPTISM into death." Will you not accept this simple New Testament teaching?

On New Tax Law

D. L. King, Administrative Officer in charge, of the Plainview Internal Revenue Service office announced today that the Internal Revenue Service plans to hold a school for company representatives of the Plainview area at Lubbock. The school being held in Lubbock is one of the fifteen schools being held throughout the North Texas Internal Revenue Service District. These are full-day 8:30 a. m. to 5:00 p. m. training sessions. The date is January 6 and 7 and the place is the Federal Building in Lubbock.

The Internal Revenue Service had invited 600 very large employers to send representatives to 2-day income tax schools during the month of December. These representatives will assist company employees by answering income tax questions and by assisting employees in preparing their tax returns. Mr. King stated that the response to Internal Revenue's invitation had been so large that the Internal

schools during January rather than December.

The Internal Revenue Service, because of the large number of inquiries received as a result of a November 10th press release, has decided to invite 2,000 other employers that were not issued a specific invitation except through the press. On the basis of the response already received, Mr. King stated that the Lubbock office expected approximately ten company representatives to attend the school.

Company representatives in the Lubbock area desiring to attend may secure further information by calling Mr. King at the Internal Revenue Service number, Plainview 4-5915 on December 13 or 20.

Christmas Plant, Poinsettia, Named After Statesman

The poinsettia, "The Christmas Plant," takes its name from a brilliant American statesman, Joel Roberts Poinsett.

Poinsett was U.S. ambassador to Mexico and a friend to several American presidents, yet he achieved his principal fame by introducing this Mexican plant to American botanists. Upon his return to his South Carolina home, Poinsett grew the unusual house plant and was directly responsible for its ensuing popularity in this country.

The beautiful poinsettia thrives in its native Mexico, but elsewhere must be handled with care. Constant warmth is needed, with most experts recommending temperatures between 70 and 80 degrees during the day and no less than 63 at night. Sudden changes in temperature cause the plant to drop its leaves.

The brilliantly colored flowers it has at Christmas time, however, make the poinsettia a decoration "must" in most homes and is reward enough for any effort needed to make the plant thrive.

Mexican Custom Will Brighten Christmas Party

If you're planning a Christmas party for the kiddies, why not brighten up the affair the Mexican way? Make plans for a "pinata" and we promise it will be the high spot of the gathering.

Widely used in Mexico throughout the year, the pinata is busiest at Christmas time, during the Mexican Christmas Festival which

lasts 21 days. It is constructed of thin, fragile clay, filled with sweetmeats and trinkets, then suspended from the ceiling as a form of decoration.

Sometime during the gathering, each of the guests is blindfolded and given a stick which is brandished in the air until the pinata is shattered and the delicious contents pour forth.

It's a wonderful way to entertain the kiddies, but the game may be—and often is—enjoyed by older folks.

Cedars Of Lebanon Oldest Christmas Trees

What some people consider to be the world's oldest Christmas trees have been standing on a Mediterranean plateau for centuries. These are the cedars of Lebanon, protected by both religion and by law.

Some of these magnificent trees have a girth of 40 feet and a branch circumference of 300.

These trees were not always protected. Once, as the result of an agreement between Hiram of Phoenicia and King Solomon, conscripted Hebrew laborers were sent into the Lebanon to take to Jerusalem, as the contract stated "cedar trees without number."

Series Explains Social Security To Farm Families

(Editor's note: This is the first in a series of articles prepared for farm families by the Lubbock, Texas, District Office of the Social Security Administration.)

Farmers, farm workers, ranchers, ranch hands, cotton ginners and their employees, and most other folks who make their living from what might be termed agricultural enterprise, make up the largest single group added to the Social Security family by the 1954 Amendments.

Because of the size of this group, and because the weekly newspaper is an excellent source of information, this series of short articles on how the farm family is affected by the 1954 amendments to the Social Security Act, has been prepared. Those who save this and following articles will have a ready reference source for most ques-

tions that may arise as to what actions are necessary by the self-employed farmer and his employees to comply with this compulsory coverage under the old-age and survivors insurance provisions of the Social Security Act. Accurate actions now can mean accurate and complete benefits within the framework of the law later; incorrect or incomplete actions at this time might mean loss of benefits otherwise due an individual and his family.

Mention will be made in later articles of the desire of your Social Security representatives that everyone know fully both his rights and his responsibilities under this Federal family insurance system, from which some 7 million persons are now receiving regular monthly checks based on the record of a retired or deceased individual who was insured by reason of his earnings record. This series, thanks to the cooperation of this newspaper, is one means of informing persons in this area. Writing or visiting your Social Security of-

"I am sorry, Mary. They tell me they have no room." And so it was that Joseph, the humble Galilean carpenter, and his queenly young wife Mary, took refuge in a stable near the edge of town. For them, there had been no room.

The population of Bethlehem was more than double, the descendants of David, having come to register as ordered by Herod. The journey had been a particularly tiresome one for Mary. The quietness of the stable and the small amount of warmth it provided was indeed welcomed by both she and Joseph. Near the hour of midnight, the darkened sky came to life with a star, a bright new star with the brilliance of a million candles. In the distance angels were heard in a great psalm: "Glory in the highest, And on earth, peace to men of good will."

The quietness of the stable gives way to the sounds of camels and voices of men, and there appears a group of Magi, wise men of Persia. They have followed the brightness of the star in search of a new-born king. They bring gifts of precious gold.

There in the stable wrapped in swaddling clothes, a manger for a his throne, they find the Christ light of ethereal beauty, above the Child.

Christmas Scene: St. Francis Set The Stage

Did you ever wonder about the origin of the custom of displaying the Christ Child in the crib at Christmas time? These displays have become increasingly popular, so that this Christmas we find manger scenes in churches, store windows, even in outdoor locations.

Credited with the idea of the first display is St. Francis of Assisi, who is reported to have said to one of his followers: "I wish to celebrate Holy Christmas night with you. In the woods near the cloister you will find a cave where we shall arrange a manger filled with hay. We shall have an ox and an ass just as at Bethlehem. I wish to see how poor and miserable the Infant Saviour became for us."

This was in the small village of Greccio, in Italy, in the year 1200. St. Francis and his followers celebrated mass at the cave and sang hymns in honor of the Christ Child.

tion is another. Asking for a free booklet on the subject or question that most directly affects you is still another. Following articles will deal with coverage provisions for the farmer and his employees, definitions of farm earnings, benefit provisions, things that need to be done now, seasonal employees, the share-cropper and his standing as self-employed or employee, and eligibility for receiving monthly checks.

Although directed primarily to farm families, much of the information in this series as to eligibility for benefits, amounts of benefits, reporting requirements for the self-employed farmer etc. will also be of interest to architects, engineers, and accountants. Readers with questions are urged to send them to the Social Security Administration, Room 202, Vet. Adm. Bldg., Lubbock, Texas.

A free book, "Facts for Farm Families" may be secured by writing the office at Lubbock and asking for it.

NEAT BEETS

Try this on your next bunch of beets. Cook beets as usual on the top burner of your range. Remove skins, slice, and serve them with seasoned sour cream. Once you've tried this, you'll have it again and again.

CURTAIN CARE

Ruffled curtains are pretty, but not when they're gray! Seems there's nothing that can soil so easily, either—so why not give your curtains a satin-smooth starchy next time you launder them? Be sure to use a little blue wax ironing aid in the starch solution. When you iron curtains starched like this, a thin protective film is pressed into the fabric. You'll be happy about the length of time such curtains stay clean.

EASY ON THE EYES

Here's a vegetable trick that's good: When your cauliflower is ready to serve, add a little finely chopped pimento to the melted butter. Looks wonderful—tastes even better.

Best Wishes for a happy holiday

REDUCING SALAD DRESSING
A reducing salad dressing that tastes good, too! Just put 1/4 cup water and 4 teaspoons vinegar into a bowl. Then add 1/4 cup non-fat dry milk and a pinch of salt. Beat until stiff. Then beat in 1/4 cup chili sauce. Chill in the gas refrigerator and serve on lettuce or tomato salad. Make it fresh each time, rather than acquiring a quantity to keep on hand. It's more satisfactory.

Every year about this time we hear the same story: Christmas is getting too commercial.

Last year, in fact, some grown-ups rebelled and said because Christmas was getting "so commercial" they intended to tell their children that there was no Santa Claus.

Like little Virginia O'Hanion, who wrote the famous "Is there a Santa" letter to the editor of the New York Sun, children are very easily disillusioned. But, like Virginia, they need only reassurance from someone they believe in to sustain their wonderful belief. It is entirely wrong for us to shatter their dreams.

Christmas IS commercial in some aspects. Thousands of people earn a livelihood working the year around in toy shops or factories which produce Christmas specialties. This, in itself, does not make Christmas "too commercial" for toymakers have produced Christmas novelties for hundreds and hundreds of years. In

Engineers Pool Talent To Assist Legislature With Water Problems

Austin. — A thorough, study of Texas water problems, written in layman's language by the Water Education Committee of the Texas Society of Professional Engineers, is nearing completion after six months of intensive research, it was announced today by Trigg Twitchell of Austin, committee chairman.

The study was authorized by the society at its annual meeting last January as an educational aid for the people, and as a document which may prove useful to Governor Allan Shivers and members of the 54th Legislature. The lawmakers will tackle the complex water resources problem when the regular legislative session gets under way next month.

After the publication has been presented to state officials — probably about Dec. 29 — the material will be distributed to the press in a series of brief articles, Twitchell said. A number of radio and perhaps televis-

ion programs on the subject of water also may be developed.

R. M. Dixon of Dallas is vice chairman of the committee. Both Dixon and Twitchell are strong champions of an educational effort to acquaint Texans with the significant facts about Texas' water supply, opportunities for its improvement and factors standing in the way of future development.

Land Taxes Up Again In 1953

College Station. — Taxes on Texas farm and ranch lands were 33 percent higher in 1953, the last year for which records are available, than in 1952.

This was the seventh year of consecutive land tax increases, according to a continuing tax study being conducted by L. F. Gabbard, agricultural economist of the Texas Agricultural Experiment Station. The average tax per acre in 1946 was 17.3 cents and in 1953 it was 27.9 cents.

The absolute tax per acre is important to farmers and ranchmen, but is not as significant as the burden of the tax. The burden of farm and ranch taxes is shown by a ratio of farm taxes to farm prices.

The absolute average tax per acre increased only 3.3 percent in 1953 over 1952, but relatively the tax increased 26.7 percent. This was due to a slight increase in the tax per acre and to a substantial decline in farm prices. The index of farm prices of 332 in 1952 dropped to 273 in 1953. The ratio or burden of real estate taxes relative to farm prices increased from 90 in 1952 to 134 in 1953, or 26.7 percent. With an absolute increase in the tax per acre, however, there may be an appreciable decline in the tax burden. For example, in 1951, the tax per acre was half a cent higher than in 1950, but farm prices were sufficiently high in 1951 to actually lower the

tax burden relative to farm prices 18.5 percent.

There were no significant changes in the proportion of farm taxes levied in 1953 by the various types of governmental units over 1952.

OFFICE SUPPLIES at "The Beacon Office"

And now bath mats are nylon. The colors are luscious, too, and with modern methods it's so easy to keep them like new. The method recommended is to toss them in the washer before they get terribly dirty — and, as an aid to preserving the beautiful colors, add a handful of beads to the wash water. Rinse as usual.

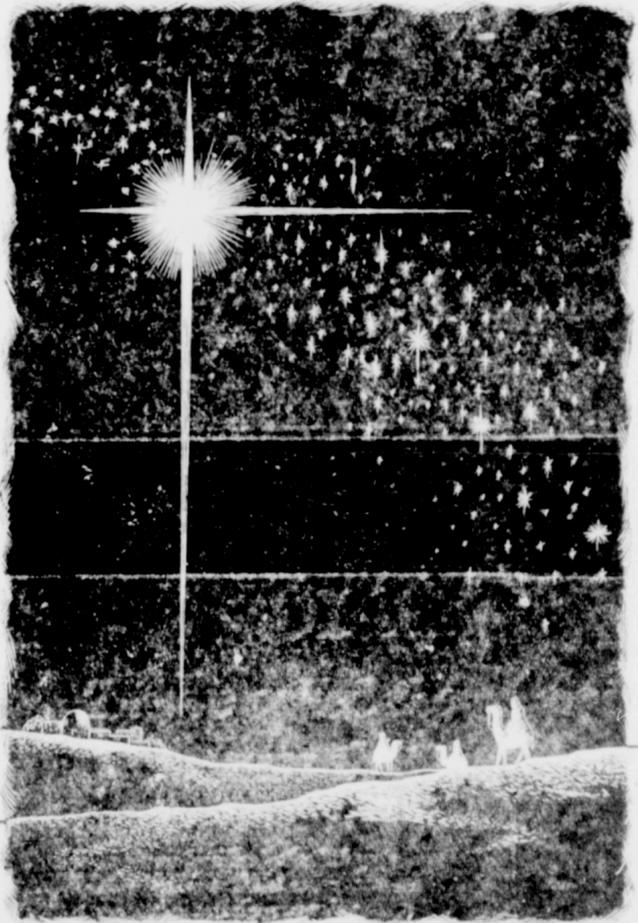

We are hoping that all the good things of life will be yours to enjoy this Christmas and for many days to come.

Christmas

O God, who makest us glad with the yearly remembrance of the birth of thine only Son Jesus Christ; Grant that as we joyfully receive him for our Redeemer, so we may with sure confidence behold him when he shall come to be our Judge, who liveth and reigneth with thee and the Holy Ghost, one God, world without end. Amen.

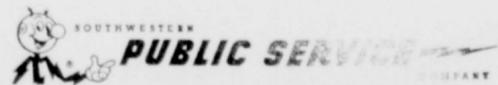

Season's Greetings

The heart of the Christmas season is friendship and we could ask for no finer friends than ours. It makes us happy to greet you at this grand time of the year.
