LOCKNEY, FLOYD COUNTY, TEXAS, THURSDAY, MAY 5, 1955

NUMBER 4

Mayor's Chamber of Commerce Proclamation

WHEREAS, the Governor of the State of Texas has proclaimed May 1-7, 1955, as Chamber of Commerce Week, and

WHEREAS, we recognize the work of chambers of commerce for more than one hundred years in fostering the industrial and civic development of Texas towns and cities, and

WHEREAS, our chamber of commerce has adopted a sound and constructive development program for our city, and

WHEREAS, we acknowledge with appreciation those employed by our chamber of commerce as professional leaders and servants of our people and community.

NOW, THEREFORE, I, J. E. Cox, by authority vested in me as Mayor of Lockney, do hereby proclaim May 1-7, 1955, as Chamber of Commerce Week and request that our businessmen, the youth of our city, and citizens generally make proper recognition of our chamber of commerce through suitable programs.

I hereby attach my signature in evidence of this proclamation this, the 30th day of April, 1955.

J. E. Cox, Mayor
City of Lockney, Texas.

Mount Is Named President Of Stock Show Assn.

Doyle Mount of Floydada was named president of the Floyd County Fat Stock Show Association in a meeting of the directors Tuesday evening in the county court room at Floydada. Chester Mitchell of near Lockney was named vice president. Bill McClaskey of Lockney was named secretary and treasurer and Bill Beedy of the South Plains community was named show superintendent.

The directors set the date for next spring show on March 6, 7 and 8 and set up some rules for the show. The show barn will open at 1:30 p. m. on March 6 to receive entries and all livestock must be in place by 6 p. m. of the same day. Sifting of livestock will begin Wednesday morning, March 7 at 8 a. m. and all judging of livestock will be completed that day.

On March 8 at 9 a. m. the baby beef class will be judged and the sale of livestock will begin at 1 p. m. on that day.

The directors decided that one boy could sell only two calves, three hogs and three lambs through the auction sale Steers competing in the show must be born after September 1, 1954. There will be an entry fee of \$1.00 for steers, 50 cents for hogs and 50 cents for sheep.

Plans Complete For Scout Circus

Plans are complete for the big Boy Scout circus Friday evening at the football field in Plainview. Both Cub Scouts and Boy Scouts will participate and an evening of unusual entertainment is promised. The show starts at 7:30 p. m.

Some of the events which the various troops and packs of the Haynes district have been working on for the past month are the Indian Dance, Indian Pageant, and the Indian Costumes. This one act will be worth the admission price of 25 cents and 50 cents. Scout leaders say also the various Cub packs have been making animals of many kinds, giraffes, elephants, dinosaurs, monkeys and horses, to exhibit in the circus.

There will be a tumbling act by Explorer Scouts and the Trambolinas from Amarillo, who are national champions. There will also be games galore, adventures in the sky, the magic carpet races and the maneuvering of Scouts on Wheels. Sixty-eight Scouts will portray the star constellations in the adventures in the sky.

An added feature will be the Reese Cadet drill team from Lubbock which will give an exhibition of some fancy foot work.

This circus will show to the public many phases of the Scout program for boys from 8 to 18 years of age. Everyone is urged to attend. Tickets may be purchased from any local Scout or may be secured at the gate on the night of the show.

Scoutmaster Jerry Cooper and his Troop 59 as well as Cub scouts from the local packs will take part in the circus.

Methodist Official Board Officers Are Named Tues.

Officers of the Official Board of the Lockney Methodist Church were named in a meeting of the board Tuesday evening at the church. The new officers will assume their duties on June 1, which is the beginning of the new conference year.

Chairman of the board will be Buck Sams. Vice-chairman is Clyde Briley, secretary is Mrs. F. O. Schacht, Charge Lay Leader is Leslie Floyd, Treasurer is F. O. Schacht.

The annual meeting of the Northwest Texas Conference will be held May 25-29 at the First Methodist Church in Lubbock. Buck Sams was named lay delegate to the conference while Arthur Barker Jr. is reserve dele-

Rotary Club Will Observe Employer-Employee Day Fri.

The Lockney Rotary Club will observe employer-employee day at the lunch Friday noon. Claude Brown will talk on "Retail Selling", and all members of the club are to bring one or more employees.

Employer-employee relations is a matter that is studied under the Rotary program and the special event Friday will emphasize that point in Rotary service.

Softball Teams Begin Stirring

Various softball teams around the area have begun to stir, some are spending some time in practice and things generally are shaping up for the summer softball season, expected to begin around June 1.

The Gulf Service team, which will be managed this year by Audvie Barnett, and the South Plains team, managed by Bill Beedy, tangled Tuesday night on the local field with South Plains winning the tussle, 5-2. It was a well-played game to be early in the season. Charles Vaughn went the route for the Gulf Service team, made up mostly of high school boys, and Wilson was on the mound for South Plains.

The Lone Star Co-op team has already organized and have named Kendall Cummings as manager. The other Lone Star team is scheduled to meet Monday night and organize it was reported here though The Beacon couldn't verify the report.

The Fire Department has organized and Lloyd Paul Beecher will be manager this year assisted by Donnie Bybee.

No report could be secured on the Legion team but it is expected that they will come up with a team.

Silverton is trying to organize a league of their own, reports here say. If they are unable to do that one or two teams from there want into the Lockney League.

League President Lloyd Reahimer was out of town Wednesday but he is reported to be calling a meeting of the team managers soon to get the league organized and going.

Home Beautiful Tour Set For Floydada

The 1934 Study Club is sponsoring a Home Beautiful tour in Floydada Sunday, May 15 from 2:30 to 5:30 p. m. Tickets are on sale this week and can be purchased in Lockney by calling Mrs. Bob Gibson dial 3584. Lockney. She will deliver your ticket which is \$1.00 each. Proceeds will be used to improve the Floydada park.

Those wishing to make the tour may get information and directions from Mrs. Gibson at the courthouse square as they arrive Sunday.

Homes to be visited are those of W. H. Simpson, Bob Copeland, Joe Dunn, M. J. McNeil, Floyd Lawson, Charley Perry, and Henry Willis.

BOBBY WEBSTER was named Master Kindergarten by pupils of the Mother Goose school here.

ARRESTS BREAK UP BATTERY THEFT RING IN 4 COUNTIES

Committee Makes Improvements At Swimming Pool

The City Park Committee has begun some improvements at the local swimming pool and expect to be able to open the pool around June 1. Claude Brown, committee chairman said this week.

The improvements include the installation of new bath rooms in both sides of the dressing rooms and the installation of a sheet iron fence around the pool.

The committee is now receiving applications from individuals who want the job of operating the pool this summer and have several applications on hand, Claude said.

The park committee will probably employ a summer caretaker for the park, and will make other improvements in that department when finances allow. A report from Mrs. George Webster Jr., treasurer of the park committee shows a nice balance from last year but most of this money will be used for improvements underway now. Following is the financial statement for the year 1954 as released by Mrs. Webster:

Balance last year—\$523.11.
Labor on grounds—\$270.90.
Paint and supplies—\$91.12.
Repair on motor—\$164.80.
SW Public Service—\$29.37.
Advertisements—\$8.70.
Deposits from swimming pool after all expenses were paid for months of June, July and August—\$715.05.
Balance \$652.75.

Local People Assist In Voc. Guidance

Rev. Raymond Spence of Lockney was in Plainview Wednesday assisting in the Vocational Guidance Week at the high school under the sponsorship of the High School Counselor.

Each year the senior students are asked to check the vocational field in which they are most interested and the counselor has people from each field of work come and talk to those interested in that particular vocation. Mrs. Raymond Spence will speak Thursday morning to those indicating that they prefer being a medical missionary, either a doctor or nurse. Wednesday Raymond spoke to 20 who were interested in general missionary work.

"Miss" And "Master" Kindergarten Are Named At School

Winning the title of "Miss" and "Master" Kindergarten among the seniors of '55 were Rolanda Jeffcoat, daughter of Mr. and Mrs. Harold Jeffcoat and Bobby Wayne Webster, son of Mr. and Mrs. R. V. Webster. Each received the majority of votes cast among the senior class members at Mother Goose School. Their identity was revealed Monday evening on a 6:30 o'clock television program on which the children from the school appeared.

Both children were born here. Rolanda on November 27, 1949 and Bobby on November 24, 1949. In an interview with their teacher Rolanda stated that she hopes to be a baby sitter when she gets big, marry a salesman and live in Dallas. Rolanda has a brother, Ricki, three years old. Bobby says he wants to play football when he gets in high school, wants to help his father and grandfather at the station. He says he never wants to marry, and, "If mother doesn't force me to, I never will, and if she does, I will run away." Miss Kindergarten and Master Kindergarten will receive their graduation diplomas with the class in exercises slated for May 13 at 8 p. m. in the High School Auditorium. The public is invited to attend.

The arrest of two colored men last week end has apparently broken up a battery theft ring which covered four counties. The two men, Tom Henry and Willie Devol, admitted stealing some 84 batteries in Floyd, Hale, Swisher and Briscoe counties.

Henry was arrested early last Friday morning when Sheriff Raymond Grewe of Briscoe County stopped his car near Silverton and discovered it loaded with batteries. Devol was later arrested at Memphis. The two men lived at Memphis, officers said.

They had been selling the batteries at Memphis, Texas and Hollis, Okla., and had made six trips in collecting and selling the batteries it was said.

Farmers have been losing batteries from irrigation wells and tractors in the area north of Lockney and along the Floyd-Briscoe county line for some time. Floyd County officers had been watching for the culprits but had been unable to catch them.

Sheriff Grewe recovered 20 of the batteries when he arrested Henry. Owners of the batteries were asked to contact him at Silverton. This bunch were stolen from Swisher county, according to the suspects statement.

The two men were tried in County Court at Floydada Monday morning on charges of theft over \$50 and each was fined \$500 and given a year in jail. They will now be tried in the other counties where they operated.

Little League Meeting Tonight

A meeting of representatives of the Lockney Lions Club and parents of boys 9-12 who want to play in the proposed Little League baseball program this summer will meet tonight (Thursday) at 8 p. m. at the study hall in the high school building.

Purpose of the meeting will be to register the boys who plan to play and it will be necessary for parents to be present to register their boys, according to Tom Moore, chairman of the Lions committee. A recent survey by the Lions committee showed nearly 100 boys who were interested in playing.

Parents will be familiarized with the summer program at the Thursday night meeting and Mr. Moore is urging that every parent be present who can possibly do so. Although the registration will begin on Thursday night, if there are parents who can not attend this meeting they may still register their boy if they do so by Saturday of this week. They may register him at Knox Grocery here.

Following registration of the boys the League organization will be set up and play will begin as soon as plans are complete, it was said.

Other members of the Lions committee are J. C. Kemp, R. L. Knox Jr., Leon Wofford.

America's first billionaire was John D. Rockefeller.

ROLANDA JEFFCOAT was named Miss Kindergarten by pupils of the Mother Goose school here.

Sorghum Grain Support Price \$1.69 Per Cwt.

Floydada. — Farmers of Floyd county who grow grain sorghums in 1955 are assured that loans and purchase agreements again will be available according to Henry I. Martin, secretary of the County Agricultural Stabilization and Conservation committee.

The support this year in Floyd county, and all other counties of the South Plains, will be \$1.69 per 100 pounds of grain.

To be eligible for support at the \$1.69 level, the grain sorghum must grade U. S. No. 2 or better and must be stored in commercial storage or in an approved structure on the farm, Martin said.

Farmers who wish to take advantage of the price-support program for grain sorghums or other supported grains are urged to check up on their storage at the earliest opportunity, Martin said. To be eligible for price support, any of the supported grains must meet grade and moisture requirements and must be stored in a structure which meets local conditions.

The support price for wheat this season is tentatively set at \$2.06 per bushel.

There will also be a support price for barley and for oats, but Martin did not have the definite figures available Monday.

The wheat support will be based on No. 1 hard winter wheat, the oats will have to measure up to U. S. No. 3 grade and barley U. S. No. 2.

There will be little oats and not much more barley offered in this county this year, it appears.

Providence-Lone Star Contract Let

Floydada. — Kerr & Middleton, Lubbock road building contractors, were awarded the five miles of new farm to market road in north Floyd county last Friday.

The road extends from Providence eastward to tie in with the Rock Creek road at Lone Star. The bid price was \$33,440.

Some Floyd county road mileage was also included in a seal coat contract that was let for more than 100 miles, ranging over several counties in the area.

Motley county got a new road contract for about 12 miles of road running from Northfield in a southwesterly direction. Two projects in Crosby county were also let on the same day.

Engineering on the project in Crosby county to pave from the Dougherty road south to tie in with existing farm to market roads in Crosby and Dickens counties is up for approval of the district office this week and should be included in lettings the latter part of May or early June.

STILL NO RAIN

Some communities were fortunate enough to get rain, and some hail, during the past week but not this area. Weather Observer Joe Holt said that the two showers received here Saturday night and Monday night showed only a trace on the rain gauge, not being enough to measure.

No Word Yet On 2nd Polio Shot

The office of Dr. George Smith in Floydada informed The Beacon Wednesday afternoon that no word has been heard yet as to when Floyd County will receive the Salk vaccine for the second polio shot to be given to first and second grade children. The original schedule called for the shots to be given Tuesday of this week, May 3, but delay has held up shipment of the vaccine to the state. As soon as it is received in the state health department office it will be distributed to various counties.

Dr. Salk, discoverer of the vaccine, has said that the second shot may be given from two to four weeks after the first and local medical authorities feel sure that the vaccine will be secured in time to give it within the prescribed period.

Despite the fact that some cases of polio have developed among children who had just received the shots, public confidence has not wavered in the new vaccine and medical authorities say that the probability is that the child had contracted the disease before the shot was given.

Post Master Exams For South Plains Is Scheduled Soon

The United States Civil Service Commission has announced an examination to fill the position of fourth-class postmaster for the post office at South Plains, Texas.

Mrs. Raymond Upton is acting postmaster at present. The position pays \$1914 per year.

Applicants must actually reside within the territory supplied by the post office. Age limits, waived for persons entitled to veterans preference, are from 21 to 65.

Information concerning the position and application forms to take the examination may be secured from the South Plains office or from the Commission's Washington office. Applications must be filed with the U. S. Civil Service Commission, Washington 25, D. C., and must be post-marked not later than May 17, 1955.

Dehydrated Hay Is \$12.00 Per Ton

The National Alfalfa Dehydrating & Milling Co. started both dehydrators operating at their plant Wednesday morning. J. D. Wood said. The company is offering \$12.00 per ton for hay in the field.

The hay for this week's operation is coming from the company's lease north of Lockney. Other fields are expected to be ready within a few days.

New hay has already begun to move in Central Texas and there are now numbers of dehydrating plants, not associated with National, in the Central Texas area.

LEAVE FOR OREGON

Mrs. Floyd Barber and Mrs. Grace Byars left early Thursday morning for Clovis, New Mexico where they will board a train to Seattle, Washington to meet Mrs. Barber's daughter, Mrs. Glen Bowers, Mr. Bowers and Danny Joe who will accompany them on to the Bowers home in Bremerton, Oregon.

And be ye kind to one another, tender-hearted, forgiving one another, even as God for Christ's sake hath forgiven you.—Ephesians 4:32

THIS WEEK has been proclaimed Chamber of Commerce week by both Governor Allan Shivers and Mayor J. E. Cox. You will find a proclamation to that effect elsewhere in this newspaper. The week is set aside to remind us that the Chambers of Commerce in every town, small or great, bend their efforts to help that town grow and progress, overcome problems, improve the living standard, provide jobs and places to live for its inhabitants, and a hundred other things. In this community it would be a very appropriate time to join your Chamber of Commerce if you haven't yet done so. Perhaps you haven't been contacted and asked to join the Chamber as yet. If not see Bill McCluskey at the bank, Joe Holt at the Hospital, R. L. Knox Jr. at the grocery store, this writer or some other C.C. solicitor and tell them you want to join. It isn't against the rules to volunteer for the Chamber of Commerce. Let's get together and work together.

THE BEACON MAN has never laid any claims to being a weather prophet nor is he any relation to one. But we'll say that we've never seen it try harder to rain and get as little rain done as it has the past few days. We wish you farm boys would go ahead and get all your cotton seed in the ground so it could come a good one. Most all of you have enough seed for the second planting anyway.

Do all the good you can. In all the ways you can. In all the places you can. At all the times you can. As long as ever you can.—John Wesley

THE LIONS CLUB is doing a good work in organizing a little

league for this community. It is a project that has been needed and talked about for several years. Yet it is one that many towns larger than Lockney have never yet tackled. We think the Lions can do it if they put enough effort into the job and get the co-operation of the people of the community. Let's all help.

THE PLAINVIEW CHAMBER of Commerce is chortling with glee over the letting of the contract on five miles of paving from the Lone Star road, north of Lockney, west to connect with the Providence road. They see this as strictly a "Plainview road" and consider that it gives them a connection with all the rich farming area in northern Floyd County and southern Briscoe, which it does. But it doesn't necessarily have to be a "Plainview road." Lockney merchants can just as well pull traffic this way on it if they want to put forth the effort to do so. We know that a few Lockney merchants are doing that now. Local merchants have the medium to do the pulling. Your local newspaper covers the area much, much better than any other medium. With the proper planning and merchandising methods it can be done. It's up to the individual.

WE BELIEVE that most people of the community want to do their trading in their home town or the town nearest their home if they can economically do so. Of course, some don't take the trouble to investigate and others do hog wild over one special price even when their overall purchases could be made at home as cheap or cheaper. But most people are considerate of their neighbor who is in business, want to see him prosper and help him prosper within reason. So it is up to the merchant to convince people that he wants their business and that he has what they want at competitive prices. Selling has always depended upon the initiative of the individual. It always will.

Do all the good you can. In all the ways you can. In all the places you can. At all the times you can. As long as ever you can.—John Wesley

HAPPY OCCASION!

RUN BY A CLIQUE

The following little sketch might well be applied to the Chamber of Commerce, Lions or Rotary Club, lodges or women's clubs in Post. It is taken from the writings of A. Stanley Ezekiel.

Word has been received by the board of directors of your club that it is run by a clique. Upon investigation we find this statement is true. Furthermore, we find the clique is composed of faithful members who are present at every meeting, who accept appointments to committees who give willingly of their

time, energies and efforts, and who sincerely believe that the more one puts into his club the more he will get out of it.

There is no question that the enthusiasm, responsibility and efforts of these members are of inestimable value to your club. And we would, therefore, suggest that you join this clique. It is not a difficult matter to do so—in fact, it is very easy. Begin by attending meetings regularly; take a more lively interest in club activities; make helpful, constructive suggestions and accept responsibilities to serve on committees. Show a continual interest in all affairs pertaining to your club. Before you realize it, you will become a member of the clique and you would be surprised to know how anxious they are to have you.—Eddie Warren in Post Dispatch.

ON TRADING STAMPS

We did like one part of the tax bill, however. The mushrooming trading stamp business in Texas now has an annual take of 75 million dollars in Texas, and up to now has not paid the state one cent of taxes. Just last year, Texas' service stations spent \$13,402,800 for trading stamps. In the same year 6,400 retail grocery stores in Texas spent \$37,644,800 for trading stamps. Three-fourths of all this money went out of the state, and not one cent of taxes was paid to the State of Texas on any of it. The tax bill passed by the House this week would place a five percent gross tax on this trading stamp business. We're all for it. — Crosbyton Review.

LOVE THAT CHILD

Psychologist John C. Thurrott says, "For a child to have no love is death. Children should receive love as the normal course of things; ordinarily, adults merit it." We adults can live somehow without love, but children can't — they only exist. In a big city slum it was prophesied that three-fourths of all boys under one teacher would become delinquent. Only four ever did. Asked how she did it, the teacher replied simply, "I loved them."—Uncle Claude in Claude News.

PLUMB DISCOURAGING

Last week I heard of an Arkansas lawyer bragging on the merits of a hound he had lost. It seems the old hound was very intelligent and before going hunting the owner would call out a board to use in stretching the hide of his prospective game and the old dog would then go out and tree a coon whose hide would fit the board. Everything went well until one day when the missus set the ironing board outside the house. After taking one look the hound disappeared and hasn't been seen since. — Eddie Warren in Post Dispatch.

Enjoy "White Glove" Cooking

That's electric cooking of course — the modern cooking method, the white glove way. That's because electric cooking is clean that you can actually take a white glove and run it across the top of electric element. Unlike the old-fashioned flame-type burners, electric elements are no soot.

Then, too, electric cooking is electrically controlled for accuracy and dependability. Ever notice how engineers build things with electric controls when they're after modern, automatic control? So, it's obvious that modern cooking it makes good sense to go all-electric. Get the range that cooks well and is controlled by electricity.

An electric range is clean and it always looks modern. That's because electric cooking is as clean as an electric light bulb. And, it looks modern because it's electric it IS modern. See the beautiful, modern electric ranges on display at your Reddy Kilowatt Electric Appliance dealer's store. Ask for a free demonstration. Go modern... and that's to go electric!

Library Notes

Friday was a record day for book circulation in the Floyd County Library. The "Use Your Library" contest closed at 5 o'clock, and with competition running close, there were several students working like little beavers right up to the very last minute. The results are:

Grades 1, 2, 3: First, Harryette Hollums, Floydada; Second, Jimmy Little, Floydada; Third, Phil Green, Lockney.

Grades 4, 5, 6: First, Linda Duncan, Floydada; Second, Nadine Cumble Lockney; Third, Mac Robertson, Floydada.

Grades 7 up: First, Larry Colthorp, Floydada; Second, Homer Whitfield, North Ward, Floydada; Third, Frankie Taylor, Floydada.

First prize winners will receive \$4.00 worth of books, second prize winners \$3.00 worth of books, and third prize winners \$2.00 worth of books. The prizes will be awarded to the winners at the P.T.A. meeting May 11, Andrews Ward music room. This is the second year the P.T.A. has sponsored a book contest. The purpose of the contest this year was to pep up book circulation and it certainly did just that. During the contest many have visited the library for the first time, and it is hoped they will continue to use our County Free Library.

The Power of Positive Thinking by Norman Vincent Peal has been given by Dr. and Mrs. Geo. Smith and Mr. and Mrs. Guy Ginn in memory of the W. O. Jones family.

Dr. and Mrs. Geo. Smith gave "An Introduction to Trees" by John Kiern in memory of Mrs. Jim Holmes. This book gives one hundred trees in full color. Another memorial book by W. M. Tidwell has been given

In memory of Dr. C. M. Thacker by Mrs. Ella Johnson. Mrs. Johnson also gave several other books to the library this week. Mrs. J. R. ISLAND IN KITCHEN

Remodeling your kitchen? How about putting a "work island" of clay tile right in the center of the room and setting the new counter-top gas burners into the tile surface, to take care of your top-of-range cooking. Then, with a built-in, waist-high oven-broiler set in one of the walls, your kitchen will be tops in fashion — and in efficiency, too.

TEST FOR A GOOD CAKE

To be well-baked, all a cake asks of a cook is this little attention: press its top surface lightly with your finger before removing it from the oven. If the crust springs back without imprint, your cake's ready to meet its public.

Floydada Soldier Serving In Korea

Tokyo. — PFC Leonard W. Wilson, son of Walton Wilson, Route 3, Floydada, recently spent a week's leave in Tokyo from his unit in Korea.

Wilson, a 1953 graduate of Texas Technological College, is a member of Headquarters Battery of the 1st Field Artillery Observation Battalion. He entered the Army in November 1953, completed basic training at Fort Bliss, Texas, and arrived in the Far East in August 1954. Wilson is a member of Alpha Zeta and Alpha Chi fraternities.

OVEN CHROME CARE

If there's a shiny chrome oven in your new range, you can keep it like new by following this bit of advice: Avoid unnecessarily high temperatures for cooking meats. It will save the chrome — and the meat. Make a habit of wiping out the oven with a rag wrung out of soap-suds, then with one out of clear water, every time the oven is used. This will keep the chrome clean and enable it to reflect added heat. If discoloration has gotten beyond easy control, use a commercial degreaser.

Want the best crispy sweet potatoes you ever ate? Cook sweet potatoes, and while still warm, peel and cut into large cubes. Roll each cube in brown sugar and dried bread crumbs mixed together. Sauté in butter over the direct flame on the top burner, until they have a crisp, light brown crust.

THIS MYSTERY FARM is located four miles southeast of Lockney and is owned by Truett McCarty and his aunt, Miss Mary McCarty. First person to correctly identify the farm was John L. Hooten. Others calling and identifying it were Mrs. Charley Merrick, Mrs. Joe Roach, Bob McDonald, Peggy Butler, Linnie Thurman and Wayne McClure.

The McCartys bought the farm in 1951 from Frank McClure. Changes made since the picture was made include the moving of the small house to the front and tearing down the fences shown in the picture. Miss Mary McCarty lives in this little house.

Truett and his wife, whose given name is Laverne, were married in 1946. They have

three children, Carol Jean, age 8, Richard Truett, age 5 and Patricia Ann, age 2. They attend the Aiken Baptist Church and Truett is a member of the Floyd County Farm Bureau.

Cotton, grain and wheat are the principal crops.

Watch for another Floyd County mystery farm in the First National Bank advertisement next week.

Twin Sons Honored With Birthday Party

Dewayne and Layne Poteet, twin sons of Mr. and Mrs. Olan Poteet were honored on their 14th birthday with a party Friday, April 29.

T. Cooper, Thomas Brand, Mr. and Mrs. Mickey Jones and Mike Galloway of Plainview. Mr. and Mrs. Olan Poteet, Beverley Poteet and the honorees.

Because there had been no mention in the contract of a cornerstone for the Texas State Capitol, Gus Wilke, the contractor, paid for it out of his own pocket.

Araname College at Gallad, Texas, closed its doors when the entire student body enlisted in the Confederate army.

"The Chocolate Soldier" is a musical version of the play, "Arms and the Man" by George Bernard Shaw.

Hotel at 6 p. m. Table decorations continued the "April Showers" theme with umbrellas and flower arrangements throughout. Plate favors were tiny fans. Past Grand Patron, Frank Phillips was master of ceremony. Musical numbers were given and a reading presented by Mrs. Wynnie Dunn of Muleshoe.

The evening meeting opened with a drill by the Rainbow Assembly and a Welfare program in which the Worthy Grand Matrons of each chapter made their contribution to the Welfare Fund.

Mrs. Connell and Mr. Penix were speakers for the evening with Grand officers giving their final reports for the school.

Attending from Lockney were Meses. Henry Ford, K. W. Cook, Fred Anderson, Jim Bert Bobbitt, Mildred Savage, LaRue Foster, Sally Griffith, Hugh Counts, F. M. Smith, Henry Moore, Bill Thompson, T. B. Mitchell, Dimple McGavock, Mr. and Mrs. J. H. Cooper, Mr. and Mrs. Ewald Quebe, Dr. and Mrs. A. E. Hewitt.

Brownsville, Texas, is the only city in the United States that ever had an ordinance prohibiting camels on main street.

IS CRITICALLY ILL

Paul Thompson of Lakeview, is critically ill in a Memphis hospital, relatives here said Wednesday. Mr. Thompson, who is a Church of Christ minister, is a son of John A. Thompson of Lockney and brother to Mrs. O. V. Pylant and Mrs. Lena. Fae Sweatt, Mrs. Pylant and Mrs. Sweatt are at his bedside. He suffered a bursted blood vessel in his head early Monday morning and his condition has not improved since.

Experience is something you have left when all else is gone.

CARD OF THANKS

I wish to express my thanks to those who remembered me with flowers, cards and visits during my stay in the Temple hospital. I surely do appreciate every remembrance and I will always be grateful for them.

CHICKEN HASH

What to do about chicken that's left over after it's been roasted and served once? Here's something that you might like to try. Cut chicken into small pieces and make a hash, to which you add a little fine-minced orange and lemon rind, and a little nutmeg. Serve the hash hot with sliced, hard cooked eggs.

CLEAN AROUND GAS RANGE

When kitchen clean-up time comes, the most overlooked area is often the wall right behind the gas range. This should be wiped clean every day; an excellent idea is to install a splashback of stainproof ceramic tile which can be cleaned with just a damp clean cloth.

Calfskin Is Missing At Texas Tech

Lubbock — Texas Tech has a mystery on its hands. It's called "The Case of the Missing Calfskin."

Investigator in charge is Mrs. Ruth Horn Andrews, daughter of Tech's first president who has been commissioned to write a history of the college.

The case dates back to 1925 the year Tech opened its doors. After two unsuccessful starts Tech defeated Montezuma College of New Mexico, 30-0, for its first football victory. Marv, Warlick, then Tech superintendent of buildings and grounds, dedicated a calf to the team. The calf was given a 30-0 brand in honor of the victory.

At the close of the second Tech grid season in December, 1926, Warlick barbecued the calf and treated the team to a feast, the hide reportedly was tanned and placed in the Matador Trophy room.

No body at Tech can remember when the tanned hide was last seen. Anyone with information concerning the fate of the calf

OFFICIAL PUBLICATION OF LOCKNEY HIGH SCHOOL

EDITORIAL

LHS has done it again. Yes, through the help and cooperation of the faculty and the student body, LHS now has an organization which had been only a dream for many years. I think that everyone knows that it took hard work and cooperation from several people to get this club organized, but it will take even more interest and cooperation from everyone to make it the organization which it should be. Let's get behind those fine officers which you have elected and back them all the way. Remember that you are the one who will benefit from projects of the student council.

Question Of The Week

"What do you plan to do this summer?"
 Edna Morris — Stay home and work.
 Lerel Foster — Get me a job. (I hope).
 Charles Vaughan — Going to Colorado between working hours.
 Calvin Wylie — As little as I can get by with.
 Cleon Wylie — Work as long as possible.
 Larry McCormick — Same as usual, go see La Juan, eat, and quit work.
 Dorothy Hewitt — Work at the hospital in Houston.
 Dee Nix — Take a miniature senior trip of my own to Colorado. Then come home, start irrigating and working on my hot rod.
 Dan Griffith — Go to Colorado as soon as school is out and have fun. Then come home and work like a dog getting ready for that long last year.
 La Juan Henderson — Run around and go with Larry. Go to Ruidoso.
 Peggy Epperson — Probably go to Oklahoma and have lots of fun.
 All students (except seniors) — Eat, sleep and have fun, for school starts again next September.
 Teachers — Just relax.
 Marion Cross — Go to Boot camp in June and then work on the farm the rest of the summer.

Pep Squad Officers Elected

by Shirley Warren
 Pep Squad members elected officers for their club Wednesday, April 2, for the following school term. Those that will be presiding as officers are:

 Sergeant-at-Arms — Patsy Bybee.
 Chairmen of committees are:
 Charlene Brown — Welcome to visitors.
 Janice Widener — Publicity.
 Lynn Jolly — Decoration.
 Cheer leaders are: La Juan Henderson, Jan Mathis, Frankie Hardy, Betty Jean Jackson, Barbara Jo Hanks, Betty Graham (alternate).
 Come join the Pep Squad to make a better spirit for Lockney High.

Senior Progressive Dinner Held

by Joan Harris
 The senior class was given a beautiful progressive dinner by the senior mothers Thursday evening, May 28th. Everyone met at the Sid Thomas home at 7:00 p. m. and played games directed by Miss Barnhart until it was time for his group of eight to leave for the first course, appetizers in the Willis Reynolds home. Salads were served in the home of Edgar Hays; the main course was enjoyed in the Buzz Ford home; and desert was eaten at the Clark Harris home where a party was given after the final course. Slide and movie pictures of the class playing baseball back in the sixth grade, class picnics years before, banquets and kid day were shown following a balloon bursting contest, pool and ping-pong games. After the picture show everyone gathered in the dining room around a beautiful blue and white senior cake on which the name of every senior was written. After the class sang the school song, Don Hollums, president, cut the cake.
 The class enjoyed the dinner very much and we would like to

Homemaking Dept. Receives Gift

The homemaking department received a beautiful Sunbeam electric skillet and a cookbook from the Lighthouse Electric Cooperative Inc., Floydada, Texas. The cookbook consists of recipes from a lot of different women. They are favorite recipes of the people that sent them in. There are some really wonderful recipes in it.

Junior Play Is Presented Friday

The junior play, "Bolts and Nuts" was presented Friday night April 29.
 This three-act comedy was enjoyed by all.
 Following the play, the play cast and associates were entertained with an ice cream party in the home of Mr. and Mrs. Dee Copeland. For this we say "Thanks to the Copelands."
 Thank all the mothers who made this occasion possible for us.

Student Council Holds First Meeting

by Ernestine Spradlin
 The first meeting of the Student Council of Lockney High School was called to order by the president, Luther Williams. The meeting was held Thursday, April 28.
 The purpose of the meeting was to elect additional officers and to discuss project plans for the remainder of this year.
 Those officers chosen were: Chaplain, David Hartman; Parliamentarian, Loy O'Brien; and Reporter, Ernestine Spradlin.
 Various committees were appointed.
 The meeting was adjourned.

This And That From Here And There

"I have walked with people whose eyes are full of light but who see nothing in sea or sky, nothing in city streets, nothing in books. It were far better to sail forever in the night of blindness with sense, and feeling, and mind, than to be content with the mere act of seeing. The only lightness dark is the night of darkness is ignorance and insensibility." — Helen Keller.
 Teachers, don't you think it is about time to start rounding off lessons, too! Please Mrs. Cope not five more problems, it was only a suggestion.
 Congratulations to the five peppy girls who were chosen as cheerleaders for next year and especially to La Juan Henderson, who was chosen head cheerleader. I think that these girls did a good job last year and I am sure that they will be even better this year. These cheerleaders are Betty June Jackson, Barbara Jo Hanks, Frankie Hardy, Jan Mathis, and La Juan Henderson.
 Congratulations to Buck Ford, Royce Carthel on winning second in the finals of the regional senior doubles tennis match.

Lotta Steer

Jamie, you are really making the rounds lately; Henry, Friday night; Kent, Sunday evening. Incidentally, do you always have car trouble? Lerel, you and Edna had a nice long conversation Monday morning, didn't you? Bobby Brown was seen with Glenda Ford at the Capada Saturday night. Buck was seen with Nell at the play Friday night. Don seemed to be enjoying the play Friday night. Was that a Floydada girl, Don? Kelly and Loy are still seen together quite often. Larry is still making that long drive to the Henderson farm. Charles is seen heading happily toward Katie's house regularly. Nelson seemed to be having quite a conversation with Anita Saturday night. Wonder whose Floydada Ag jacket Betty Jo is wearing? Corene is also seen with the Floydada boys. James and Mary Ann were together Friday night. Joan and Dane are still seen together most of the time. Buck, Jerry W., and Don had quite a week end. Jimmy and Ernestine still make the rounds together. Lloyd must trust La Dora with his car. Never heard all those stories about woman drivers I guess. Well, Franklin's not going to Floydada any more. That is quite a surprise. Clifton is still seen going in that direction though.

L. H. S. Tour Hardin-Simmons

Twelve students from Lockney spent Saturday, April 30, visiting Hardin-Simmons campus. It was Western Week on the Campus with High School Day to conclude their week of entertainment of cowboys and cowgirls.
 Program:

MOVES BACK TO LOCKNEY

The Thurman Thomas family are moving back to Aiken. They recently sold their ranch at Davis, Oklahoma and will be at home on their farm on Route 2, Lockney where they lived before moving to Oklahoma several years ago. The Tommie Duvals are moving from Thurman's place here to the Wallace Allen place, recently purchased by J. C. Thomas Sr. of Plainview.

Last Cruise for a Captured Sub

In one of the most heroic naval engagements of World War II, officers and men of Rear Admiral Dan Gallery's Task Force 22.3 boarded and captured Nazi submarine U-505. Fast action saved sub as it was about to sink. (Inset) Towed to Chicago from Portsmouth, N. H. Navy yards, sub was placed in floating drydock and beached at 87th Street and the Outer Drive in Chicago. Sub was rolled off to tracks on this temporary pier. Tracks extended from pier end to Outer Drive.

When breakers threatened to wash away cribbing supporting beached sub, International TD-24 crawler tractor was brought in, bladed sand into nine-foot-high protective dike.

Jacked up four and one-half feet above beach pier, sub was then rolled across Outer Drive to permanent exhibition site at the east wing of Chicago's Museum of Science and Industry. Actual capture of sub took less than 20 minutes. Moving it to final berth, a distance of 647 feet, took 40 days. (Inset) Present for dedication ceremonies were Rear Admiral Gallery and Commander Arthur Godfrey, USNR.

Headaches Are Danger Signals

Austin — A man's best friend can often be his headache, according to Dr. Henry A. Holle, State Health Officer. This is hard to believe when your head is throbbing with pain, but the truth is that a headache is most often Nature's signal that all is not right in your little world.

That's because a headache is not an ailment itself, but a symptom of something else. That "something else" may be as simple a problem as too much food and excitement the night before; it may, on the other hand, be a serious threat to bodily health. In either case, it is a warning that you should act immediately, in the one case by slowing the tempo of your social life, in the other by seeking the advice of your physician.

Headaches can be caused by fatigue, by infection, by allergy, by an injury or by an emotional disturbance. But all of them fall into three categories: mechanical, toxic and functional.

A headache from eye strain, overwork or inflammation of the sinuses is a mechanical one; headache caused by too much acid in the body, by constipation, by over-indulging in alcohol, by inhaling certain gas fumes, all of which slow up the blood circulation, are toxic headaches. Functional headaches include the oft-mentioned migraine and those caused by high blood pressure.

Most headaches need not cause over-alarm. If they occur infrequently, the trouble is often the "morning after" type, which should, of course, call for the obvious remedy — eliminate the night before. Or is your office or bedroom improperly ventilated. That could be the cause of the trouble.

If headaches recur frequently and under the same conditions and in the same areas of the head, heed the danger signal your own body is giving you. Consult your physician. And don't lean too heavily on the support of aspirin and similar patent remedies. Their aid is only temporary at best and does nothing to affect the real seat of your trouble.

Betty Johnson, student at McMurry College, Abilene, spent Saturday night and Sunday here with her parents, Mr. and Mrs. Ike Johnson. She made the trip to Lubbock by plane and returned to school with Orland Gilbert.

CLOTHES CONSERVATION TIP

It's well to remember that moths flourish as well in the winter in heated homes as they do in summer. As a safety measure, make sure everything made of wool is spotless, then air and mothproof the clothing before returning to storage closet or drawer.

BAKED ACORN SQUASH

What exciting flavor can do for appetites is wonderful. Especially when it's acorn squash prepared like this: While your oven is reaching high heat, cut three medium acorn squash in halves and remove seeds. Cover bottom of baking dish with boiling water, place squash (cut side down) in water, and bake in hot oven at 400 degrees for 30 minutes. Turn squash cut-side up in pan. Place about one tablespoon of maple syrup and 1/2 tablespoon butter in each half. Sprinkle with salt, continue baking for 30 minutes or until squash is tender.

Mr. and Mrs. Olin Harris and Billy Gene of Loving, New Mexico visited his father, J. Harris and Mrs. Harris and his brother, Jesse Harris and family over last week end.

Mr. and Mrs. T. V. McClure spent last week end visiting Mr. and Mrs. Norman Holcome at Big Spring. They also visited Mr. Crane and Midland before returning home.

New Non-Shattering Sesame Is Ready

COLLEGE STATION—Rio, a new non-shattering variety of sesame described as "completely adapted to mechanical harvesting" soon will be available to farmers.

Released jointly by the Texas Agricultural Experiment Station and the U.S. Department of Agriculture, Rio is now in the hands of certified growers and seed in quantity should be available for planting this fall.

Rio is better adapted to Texas growing conditions than other strains of non-shattering sesame but is expected to serve only until still better varieties are developed in an extensive sesame breeding program, say an experiment station research scientists.

Rio can be cut with a windrower, allowed to dry and then combined directly from the windrow.

Seed yields in experimental planting at College Station has ranged up to 1,489 an acre under favorable growing conditions. It produces slightly higher yields under favorable conditions and lower yields under poor conditions than shattering types. It also matures later than the shattering varieties now grown in Texas.

At some locations, the new variety has been resistant to Alternaria leaf spot but it shows no resistance to bacterial leaf spot.

The oil content of Rio is acceptable to the oilseed processing industry, averaging about 49 per cent. The crude protein content of the meal also is favorable. Meal remaining after oil extraction averages approximately 55 per cent crude protein.

STAIRWAY TO GOD

Since the beginning of time, man has recognized the need for divine worship. He has ever sought a stairway to God. • For nearly two thousand years the Christian religion has pointed man to such a stairway. And through the centuries millions have climbed it. • But millions have not! And the reason they have not is the most serious problem that faces the Church and the world today: • You see, the only stairway to God is FAITH IN JESUS CHRIST, HIS SON. And Faith is not something which men can possess collectively, as all Americans possess freedom. Faith is something we can only possess *individually* like life itself. The man who lacks it is dead, even though millions around him possess it. • The faith of your wife, or your father, or your son, or your nation is not—for you—a stairway to God. Christ has given you the Church to plant and cultivate faith in your heart. But the Church must have your heart — in person!

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Joe Neil Rexrode Is In Hospital

Joe Neil Rexrode, 15-year-old son of Mr. and Mrs. Jewel Rexrode underwent an emergency operation Monday night about 10 o'clock at Plainview Hospital. Joe Neil became extremely ill at his home in Lone Star community after supper and was rushed to Plainview where his illness was diagnosed as caused from a blocked intestine. The operation was to remove a growth around the intestine. The doctors informed his parents that he had had the growth since birth. Joe Neil is getting along as well as can be expected, Mr. Rexrode said Tuesday.

LaRue Glen of South Greenfield, Mo., was here last week on business.

Uranium Is Found Near Silverton

Silverton. — Two Silverton men, H. Roy Brown and his son Arnold; and Fred and Harold Brown of Floydada, have recovered samples testing from .60 to 1.45 per cent uranium content per pound from the Mayfield Ranch, six miles west of Silverton. The four men have executed a contract with Roy and Alvie Mayfield. It gives them the right to explore 1,000 acres of the ranch property.

Just when the find was made is not known. The Browns have been working in that area for 90 days. They announced their find this week.

According to the Browns they located the uranium bearing formation near the rim of one of the forks of Tule Canyon.

The Doyle and Clyde Saul ranch, twelve miles southeast of Silverton slightly cut by the Silverton-Quitaque highway is also in the forefront. This week expert report is to be built on the uranium prospects of their 5,000 acres, it is unofficially reported.

Fire Department To Get New Pump

The Lockney Volunteer Fire Department is in the process of getting a new pump for the Ford fire truck this week. One new pump was received last week but it wouldn't work on the truck and the company is shipping another one which is expected next week. Fire Chief R. L. Knox Jr. said.

The pump, costing some \$670, will be paid for by the City of Lockney. The old pump is about worn out on the truck and makes it difficult for the firemen to pick up water from an irrigation ditch or tank when they are fighting rural fires, R. L. said.

The Taj Mahal in India was built for the favorite wife of the Emperor of India, Sha Jahan.

Wallace Allens Move To Miami, Oklahoma

Mr. and Mrs. Wallace Allen and children, Bonnie and Steve, completed their moving last Friday to Miami, Okla., where they have purchased a 1400 acre ranch and farm. Miami is located in the extreme northeastern corner of Oklahoma.

The Allens recently sold their farm in the Irick community.

They will raise cattle mostly on their new place but do have some farm land and have facilities for river irrigation. The place is located on the Neosho River.

Scout Committee To Meet Tonight

The Committee for Boy Scout Troop No. 59 will meet at the Jones Dry Goods at 7 p. m. this (Thursday) evening. It was announced Tuesday by Earl Minter, troop chairman. All members of the troop committee are urged to be present for a short meeting, Mr. Minter said.

A board of review was held Tuesday evening for the local Scouts and Van Reese passed his test and became a first class Scout, Minter said.

John Alvin Dorman, who is stationed at Fort Sill, Oklahoma visited his wife and his parents, Mr. and Mrs. Fred Dorman during last week end.

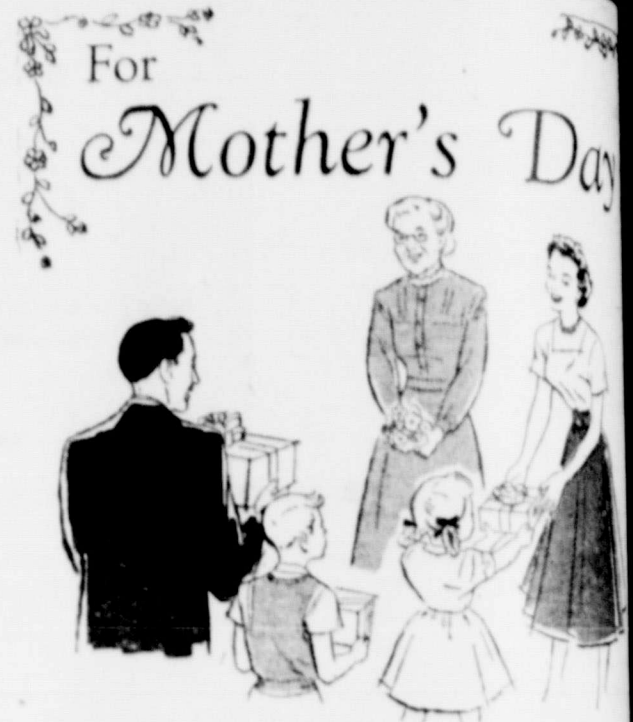

Howard Cooper and Melvin Potts left Tuesday afternoon for a day or two fishing trip to Lake Kemp.

and for interest rates up to 5 per cent. Sen. Rogers said his inclination is to cut the maximum interest rate to 3 per cent.

"I have had only four objections from the county about the bill," Sen. Rogers said. "My first inclination was that the people should be allowed to pass on the matter, but the fact that no more objection has developed indicates to me that they would like to take this short-cut and save the cost of an election."

"I am further assured that such a debt can be retired on the present county tax rate with no increase."

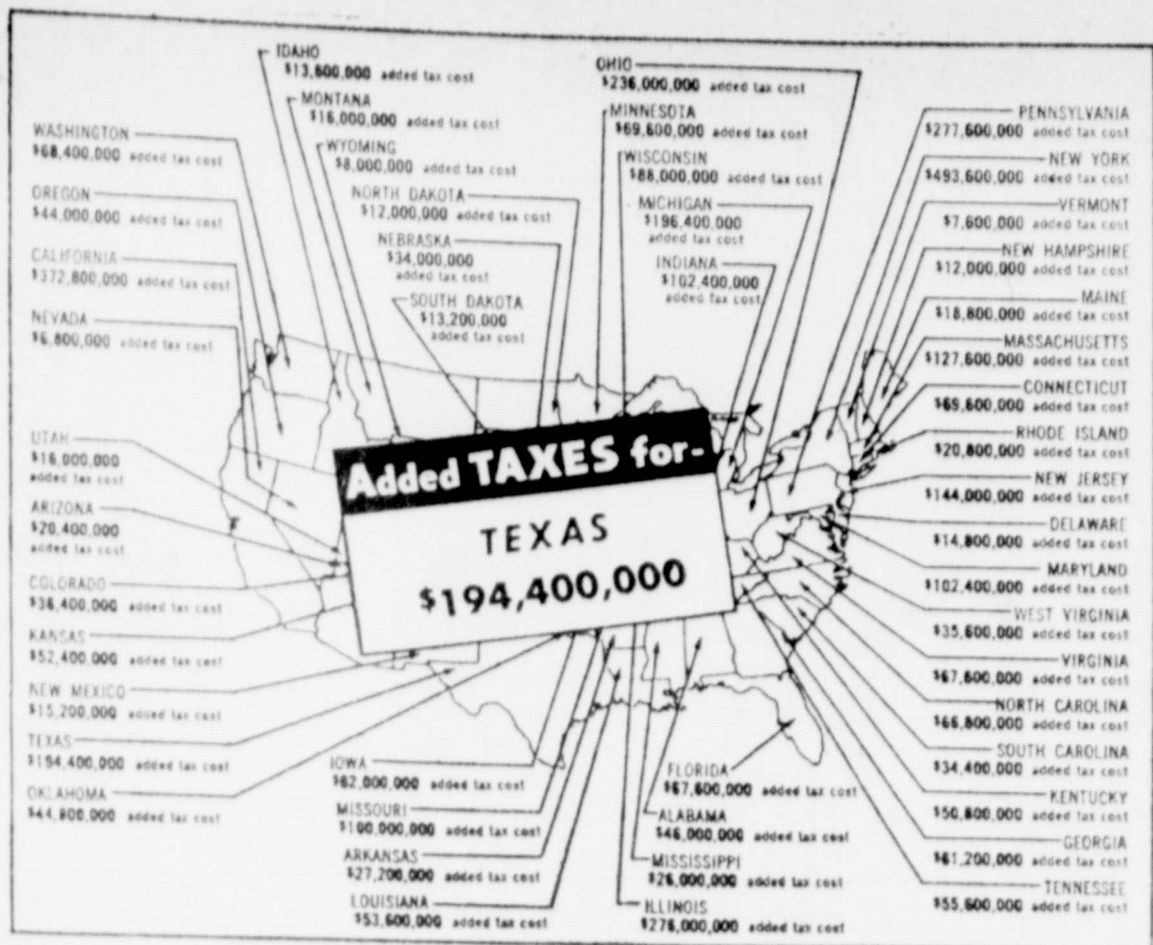

GETS DISCHARGE

Sgt. Eddie Holcombe was discharged from the Army on April 22 at Fort Hood, Texas. He had served two years, all of that time in Texas. He and his wife, the former Betty Clark, will make their home here and he will be employed at Brown's Cleaners and Clothiers.

CARD OF THANKS

I wish to express my appreciation for the cards, flowers, expressions of sympathy, visits and many other remembrances during our stay in the hospital.

Rev. and Mrs. R. E. Wiley.

THE TAX MAP above shows how much the Upper Colorado River Basin Project bills, now before Congress, would cost the taxpayers of each state in the nation. These bills call for a number of large dams on the upper reaches of the Colorado River and numerous irrigation projects in the states of Colorado, New Mexico, Utah and Wyoming. National tax authorities say that hidden subsidies in these so-called "reclamation" project bills would cost the people of the United States more than \$4 billion in added taxes. The total cost to taxpayers is based on repayment schedules presented to Senate and House Interior Committees by the U. S. Bureau of Reclamation. The cost to each state is based on computations by The Tax Foundation, New York City and Washington, D. C.

Tech Graduation Is Set For May 30th

Lubbock. — Approximately 508 Texas Tech students are scheduled to complete requirements for graduation this spring. Registrar W. P. Clement announced Friday. Commencement exercises will be held May 30.

The tentative list of spring graduates includes one candidate for the doctorate, 37 for the master's degree and 470 for the bachelor's degree.

Arts and Sciences leads the academic divisions in degree nominees with 158; followed by Engineering, 102; Business Administration, 101; Agriculture, 90; and Home Economics, 19.

Degrees will also be conferred May 30 on 114 other students who completed their work at the close of the first semester. Clement said. Tech does not have a mid-year graduation ceremony.

Social Security Provides For Disabled Persons

The 1954 Amendments to the Social Security law make provisions for protection of the old-age and survivors insurance rights of people who have sufficient work covered by Social Security and who become totally disabled and unable to work for a long period of time. John G. Hutton, manager of the Lubbock, Texas, Social Security office directs your attention to this summary of the disability freeze provisions:

Under the law, if you become totally disabled and the disability is expected to be of long continued duration you can apply to have your earnings record "frozen" while you are unable to work. This freeze does not provide cash benefits but may be the means whereby a person at 65 might qualify under a more liberal work requirement and also qualify for a higher benefit. Two basic requirements are necessary:

1. You must be totally disabled—that is the disability must be severe enough to keep you from doing any substantially gainful work and must be medically determined.

2. You must have at least five

years of work under Social Security out of the ten years before you were disabled, and at least 1 1/2 years of such work in the three years immediately preceding the date of disability.

If you believe you come within these requirements, you should get in touch with your nearest Social Security office. They can advise you of the type of proof needed to substantiate a medical determination of the extent of your disability. Their records will provide the necessary information regarding your work credits. If you fulfill these two requirements, they will assist you in filing a claim for the disability freeze.

Remember, your application can fully cover a period of disability that may have started as early as 1942 if the disability still exists and you make application by June 30, 1957.

VISIT WASHINGTON

Mr. and Mrs. J. H. Widener returned home Wednesday, April 27 after spending two and a half weeks visiting friends and relatives in New Mexico, Colorado, and Washington. At Vancouver, Washington they visited Mrs. Widener's daughter, Mrs. Elroy Thomas, Mr. Thomas and their four children. Mrs. Thomas is the former Evelyn Beth McCollum of Lockney. She and her family have lived in Washington the past two years. The Wideners made the trip by train.

VISIT EAST TEXAS

Mr. and Mrs. F. L. Brown spent last week visiting relatives in Abilene, Waxahachie and Dallas. They returned home Friday and Mr. Brown's brother, E. H. Brown of Dallas came home with them for a visit.

Punch-line to the year's hottest power story—
Chevrolet "Turbo-Fire V8"!

This is the engine that's writing a whole new chapter in the book of automobile performance records. This is the engine that has stock car timers doing a "double take" at their stop-watches whenever experts gather to compare the abilities of the 1955 cars.

For example, in the recent NASCAR* stock car competition at Daytona Beach, Florida, Chevrolet literally ran away from every other car in its class—and a raft of others besides. In the one-mile straightaway run for low-priced cars, the first two places—and six of the first ten—went to Chevrolets. And in acceleration runs from a standing start against all comers, the Motoramic Chevrolet beat all other low-priced cars—and every high-priced car except one!

What's behind this blazing performance? A compact honey of a V8 that only the world's leading producer of valve-in-head engines can build. Chevrolet's new "Turbo-Fire V8".

It puts a new kind of fun in your driving life. You're in charge of 162 high-spirited horsepower—or if you're looking for even more excitement, the new "Super Turbo-Fire V8" (optional at extra cost) puts 180 h.p. under your foot!

Pick the one you'd rather have fun with, then come in and get behind the wheel. You'll see why the Motoramic Chevrolet is showing its heels to every-one else on the road!

*National Association for Stock Car Auto Racing

Combine your new Chevrolet purchase with your vacation plans!

Order a new Chevrolet through us, then pick it up at the plant in Flint, Michigan, see Chevrolets built, if you like, and drive yours home. Chances are, you'll save a substantial share of your vacation travel costs!

ABRAHAM LINCOLN VS. POPE PIUS IX

By Emmett McLoughlin

Most Americans don't stop to realize that Abraham Lincoln and the reactionary Pope Pius IX were contemporaries and opponents in the great battle for the freedom of men's minds and the freedom of their governments.

Abraham Lincoln stood as the spokesman of the free world. Our pictures of him splitting rails, studying by candlelight, campaigning in frontier towns, and fighting to save the union are the pictures of an American giant snapping the stultifying fetters of thought control and church control of government.

No one can stand at the foot of his statue in the Lincoln Memorial in Washington and fail to feel his spirit and hear the echo of his words at Gettysburg: "government of the people, by the people, for the people."

We can remember also his warning: "What constitutes the bulwark of our own liberty and independence? Our reliance is in the love of liberty which God has planted in us. Our defense is in the spirit which prizes liberty as the heritage of all men, in all lands everywhere."

During all the years that Abraham Lincoln was President of the United States, Pius IX was Pope of Rome and the leader of Roman Catholicism. He tried to destroy what Lincoln and the young Republic were building. In his "Syllabus of Errors" he formally condemned the basic American principle of Separation of Church and State.

In 1864, during our Civil War, the Pope repudiated for all Roman Catholics Lincoln's Gettysburg address by denying that government is "of the people" and stating that it comes only through the Catholic church which has power "not only over all individual men, but also over nations, peoples and their rulers." (Ency. "QUANTA CURA," Dec. 8, 1864.)

What a difficult choice of loyalty faces the thinking-American Catholic. He must embrace the ideals of Abraham Lincoln or of Pope Pius IX. He can't take both. They are contradictory.—Western Recorder, July 22, 1954.

LOOKING FOR MORE VALUE from your motor car dollars? Then, look no more. Ford brings you a wealth of fine-car features that even some of the higher-priced cars can't match.

For example, the chart above shows that in feature after feature Ford gives you *everything* you have come to expect in a medium-priced car ... and *more*. Yet, a Ford Fairlane Town Sedan costs* you less than the *lowest-priced* comparably equipped 4-door sedan of four popular medium-priced makes.

And, with Ford recognized as the style leader ... "at home" wherever you may go ... why pay more?

Feature for feature ... price for price ... you can't buy better than Ford.
