The plan was originally reorsed in general ferred to as the "Hammond AFBF convention Plan" because it was conceived and promoted for many years by J. Walter Hammond, president of the Texas Farm Bureau. The state farm organization adopted the plan as its recommendation for a farm program in 1949 and has carried the idea to the AFBF convention each year since then. Last year was the first time that the parent national organization gave its approval to the plan.

Dial 3395

A glance tells you that the '56 Ford has the long, low lines . . . the dazzling beauty of the Thunderbird.

But wait till you touch the gas pedal! Ford goes like the Thunderbird, too. With the new 202-h.p. Thunderbird Y-8 engine, available in Fordomatic Fairlane and Station Wagon models, you'll pass with new confidence, smile at hills.

And there's even bigger news-Lifeguard Design! With the cooperation of universities, medical associations and safety experts, Ford found that most accident injuries were caused by the driver being thrown against the steering post, occupants being thrown forward against hard surfaces, or from the car. So, Ford developed a new steering wheel with a deep-center structure to help protect you from the post . . . double-grip door locks to give added protection from doors opening under shock . . . optional cushioning for instrument panel and sun visors, to help lessen injury from impact . . . optional seat belts that help keep occupants in seats.

Come in! See the '56 Ford, drive it, learn what Lifeguard Design means for the greater safety of you and your family.

WAS ALEXANDER CAMPBELL FOUNDER OF CHURCHES OF CHRIST?

No. Jesus said that he would build His chu he accomplished this through the preaching of ired apostles. Paul spoke of himself as a wise builder who laid the foundation, Jesus Christ, others who built on this foundation by pread word. In the parable of the sower, Christ said, " is the word of God" (Luke 8:11).
