Minute Editorials

What doth the Lord require of thee but to do justly, and to love mercy and to walk humbly with thy God—Micah 6:8.

HORTON HOWELL, one of Floyd County's outstanding farmers and mayor of Sterley (We understand he defeated B. A. Howell in the last election) spoke to the Lockney Rotary Club on the farm program. Mr. Howell brought out a number of very informative points regarding this program, two of which we would like to quote. One is that high tariffs have served to restrict foreign trade which in turn has about done away with foreign markets for American agriculture products. This of course is detrimental to the farmer. The other point he made which we want to emphasize is that the cost of farm products have very little bearing on the cost of food or fibre products to the consumer. For instance, he pointed out that when a loaf of bread costs between 16 cents and 18 cents the farmer gets about 2 cents

of that cost for the amount of wheat contained in the bread. Farmers and farm organizations ought to spend a lot of time emphasizing these points, it seems to us.

THERE WAS A TIME when the Democratic party (we're speaking on our own hook now) stood for low tariffs and foreign trade which was to the interest of the farm population of the country. We suggest that if the party wants to win the farm vote in 1956 they might go back to that traditional stand instead of spending a lot of time looking after the welfare of the NAACP and the CIO. The reason on the Democratic party lost so heavily in 1952, to our way of thinking, was because they completely disregarded the interest of the areas which had always given them a big majority in order to court the favor of minority groups whose interests, in some cases, were right opposite. Perhaps a low tariff plank in the 1956 platform would help the situation.

SOME SUGGEST that the voter should vote for the party whose philosophy of government is to the best interest of this area, and completely disregard the candidate. We can't go far that kind of thinking. We believe the character of the candidate still should be a big consideration when the voter casts his ballot. Besides we know of a couple of political parties whose philosophy changes too often to risk that kind of voting.

IN THIS ISSUE we have a letter from James H. Word of Floydada regarding the Boy Scout program of the area and the services rendered by the Lubbock office of the South Plains Council. Mr. Word is well qualified to write concerning the Scout program since he has done an outstanding job as Scoutmaster in Floydada for several years. His letter is in answer to our recent editorial questioning the size of the budget for the South Plains Council. Certainly this newspaper is a supporter of the Boy Scout program, financially and otherwise and we believe that Scouting is one of the best programs for boys in existence. We appreciate very much those adult workers, Scout Masters and others, who give of their time to help promote Scouting. This writer was one time a member of a Boy Scout troop and he has been known to help promote Scouting in this area to some degree.

HOWEVER, we're still not completely satisfied that it requires nearly \$100,000 to run a Scout program for a 29-county area. As we said in our first article it may be that we're not familiar enough with the budget. We've never seen a copy of this year's budget. At any rate, we urge you to read Mr. Word's letter. It is worth reading if you are at all interested in Scouting.

LOWER TAXES VS. BALANCED BUDGET

We liked the sound of Secretary Humphries' budget report last week when he told us that the federal budget can be balanced this year. Despite considerable political pressure every time a cut in any cost is made, the federal government has been getting a little closer to a balanced budget every year lately — and this despite some tax cutting.

As the secretary pointed out, if there is ever a time when our budget should be balanced it is in prosperous times like we now have.

We also applaud his stand on tax cuts. We think taxes are too high — much too high — but they are high because expenditures are too high. It is folly to reduce taxes and pay the difference in more inflation.

We hope that both taxes and expenditures will be lowered further next year, but we don't want one without the other. —County Wide News, Littlefield.

BIG D'S MISTAKE

Despite its grandeur, its canyons of gleaming metal and stone, Dallas is a plebeian community. Its wealth and beauty are impressive, but it has too many common, likeable people ever to become haughty. It thrives on the fierce tradition of self-sufficiency without vision to match its magnitude. Every stranger who has looked down on Love Field knows it is not large enough for one of the world's great air ports. Talk of expansion is a myth. Dallas is too big for Love Field and traffic will grow faster than the port can be enlarged. The problem is simple to every-

one but Dallas. Amon Carter Field has everything and Dallas could steal the value of the port by the simple process of building a fast four lane road to down town. But Love Field will be expanded; a city has become great in spite of instead of because of its leaders. Dallas is naive and has unwittingly become the mistress of progress. — Trail Dust in Matador Tribune.

MEAT FLAVOR

Leftover, pre-cooked or canned foods can be placed in the broiler pan, covered by the broiler grid containing meat, and thrifflly flavored by the melting fat as it drips under the grid. Canned baked beans seasoned with catsup and brown sugar, cooked under a ham slice and accompanied by broiled spiced pears to make a menu that needs no apology. Cooking time: 13 minutes flat.

Kitchen floors need to be scrubbed every week with hot water, your favorite detergent, and then protected with a wax that provides shine and protection for the floor. But even with the best of care, any kitchen floor is subject to water spotting; spilled liquids should be wiped up immediately.

NEW ORGANIZATION

We were always on the side of the United Texas Drys, or any other organization that has as its goal the "Taking away the bottle from anyone," but this same movement under its new name merits our support all the more. This group is now known as the Texas Alcohol and Narcotics Education, sometimes just called T A N E. Under this new program the thing is approached more from the standpoint of bringing information to the people. Especially do they have a dandy program for the youth and this is where the need for help is so desperate. Most folks don't become "Sots" until middle-age but many, far too many, begin when they are only boys and girls.

Such programs as the one slated for the Claude High School on Wednesday, November 2nd, is this sort. Thus bringing the true story of the terrible effects of alcohol to our young people in the hope that more and more will take the warning and never become "Men and Women of Extinction." — plowing Out The Corners in Claude News.

REUBEN SENTERFITT

Former House Speaker Reuben Senterfitt fired the first gun in the campaign for governor Monday in a home-town speech at San Saba. He is the first candidate that has stated definitely that he is running. Reuben Senterfitt is a very capable young man with a lot of experience in state affairs tucked under his belt. He was Speaker of the House of Representatives for two terms, stepping out a year ago. He was a very capable Speaker, and handled the affairs of the House in a very capable and agreeable manner. He is very conservative when it comes to handling state affairs, and wants a dollars worth of service or value for every dollar of tax money spent. He is going to be a strong candidate for the Governor's office, and whoever beats him will be Governor, in our way of thinking. — Listening Post in Petersburg Journal.

LETTERS TO THE EDITOR

Oct. 28, 1955
 Mr. Edgar Hays, Editor
 Lockney Beacon
 Lockney, Texas
 Dear Mr. Hays:
 I read your recent editorial on what Floyd County receives for its \$3500 contribution of the Boy Scout Program. This is an important question and a very apt question particularly at the present time when the before-mentioned funds are being solicited.
 I agree that the only obvious help the average citizen sees from the council office is the occasional visit of our Haynes District executive who lives in Plainview. There are, however, many other services rendered by our council and district office that we do not see. Let me name a few of these services that the average person does not see.
 1. All local records of advancement and registration are kept.
 2. Summer camps are organized and provided for our Scouts offering opportunities of specialized training in the fields of scouting.
 3. Training of qualified men is provided by and under the supervision of the council and district offices.
 4. Guidance by some of the most prominent men in our area in order to maintain a program of uniform quality.
 I will agree that in many ways we are not represented as we should be but this is not the fault of our council office. The Institutional representatives of each organized cub pack, troop and explorer post is invited to attend meetings which sets the policy of our council and district. The fact that the Institutional Representative does not bother to attend these meetings and voice his troop's need is our fault and not the council's.
 In regard to the expenditure of funds for Camp Haynes I would like to offer this statement for your consideration. All the Scoutmasters taking boys to Camp Haynes that I know do not want any great expenditures of money for improvements. There are three things Camp Haynes needs now that we have a newly paved road into the camp.
 1. Swimming facilities.
 2. Garbage and sewage disposal.
 The Scouts of Haynes District like the ruggedness of Haynes, camping without modern facilities as our forefathers did. Exploring the rugged canyons, climbing "Old Battleship," seeking a closer communion to God and nature is what our boys want and get at Haynes. These things are at Haynes and money spent on things other than the three items outlined above will only tend to destroy these values. The mentioned improvements are committed by our council and as money is available these improvements will be made.
 Regarding the use of council funds for local troops needs I would like to call your attention to the responsibility of the sponsoring institution and the troop committee as appointed by the sponsoring institution. The troop committee has as its duty the following:
 1. Provide proper leadership for the troop.
 2. Provide proper facilities for meetings.
 3. Provide funds or assist the troop in earning funds for equipment and other necessary expenditures.
 4. Assist the scoutmaster with any problem he requests.
 5. Hold boards of review and courts of honor for advancement.
 6. The Institutional Representative is to represent the troop and sponsoring institution in all matters of importance and has the only vote setting policy.
 If the troop committee does not function, then these responsibilities fall back on the sponsoring institution.
 Yes, the program is centralized in Lubbock. It must be somewhere. Lubbock is the most central part of our council. To decentralize would only increase the cost of service and guidance.
 I know personally that each of our scout executives is a dedicated man. If their salary was divided by the hours spent on scouting, their wage would be less than we pay our most common laborer. Yet these men are highly skilled and trained for the job. They are truly dedicated men.
 I hope I have not burdened you with too long a discourse but the subject is very dear to me because I am a Scoutmaster and I have great respect and love for the Boy Scouts of America.
 Yours sincerely,
 James H. Word

State Farm Bureau In Annual Meeting At Fort Worth Nov. 7-9

Fort Worth — Some 1,500 Farm Bureau members, including nearly 500 official voting delegates, will convene here Nov. 7-9 at the Hotel Texas for the 22nd annual meeting of the Texas Farm Bureau.

Vital state and national issues affecting agriculture, such as water legislation, price supports, acreage controls, rural roads and taxes, are expected to come before the voting delegates. State policies to guide the state farm organization through 1956 and recommendations to the American Farm Bureau on national issues will be adopted by the delegates.

Three distinguished nationally-known speakers will address the convention. Senator Clinton P. Anderson of New Mexico, former Secretary of Agriculture and now chairman of the Joint Committee on Atomic Energy; and American Farm Bureau President Charles B. Shuman will speak at the afternoon session, Tuesday, Nov. 8. Senator Albert Gore of Tennessee, chairman of the Public Roads Subcommittee of the Senate Public Works Committee, will be banquet speaker that evening.

Other speakers include TFB President J. Walter Hammond, who will make his annual address on the morning of Nov. 8, and Melvin Munn of Dallas, Blue Cross-Blue Shield public relations director, who will conduct vesper services Sunday evening, Nov. 6.

Registration will begin at 3 p. m. Sunday, Nov. 6, in the lobby of the Hotel Texas. Vesper services will be at 7:30 that evening.

An open session on resolutions will be held next morning, Nov. 7 and special conferences will be that afternoon. Conferences will be held on poultry, livestock, field crops, dairy, soil and water, rural health and Blue Cross, farm safety and rural education, labor, wheat, cotton, peanuts and rice.

Counties with outstanding accomplishments in organization work will be presented awards and certificates during recognition ceremonies starting at 7:30 Monday evening. One of the main attractions of the meeting, the state finals of the Texas Farm Bureau queen contest, will be reeled off beginning at 8:30 p. m. Queen candidates from all 13 Farm Bureau districts will compete for the coveted title of queen.

"Farm Bureau Roundup" announcer, Goodson McKee of Waco, will act as master of ceremonies for the contest.

The convention proper will begin Tuesday morning at 9:30 with a welcoming address by Dr. F. E. Garrison, mayor of Ft. Worth. J. H. West of Bishop, TFB secretary-treasurer, will give his annual report; and TFB President J. Walter Hammond of Tye will make his annual address.

Senator Anderson's speech is scheduled for 1:30 that afternoon and the address by AFBF President Shuman will follow. District caucuses for the purpose of nominating directors for the ensuing two years will be held at 4 p. m. Voting on these nominations will be at the final session Wednesday.

The annual banquet Tuesday evening will feature an address by Senator Gore of Tennessee. President Hammond will act as master of ceremonies.

The final and most important day of the entire convention will be Wednesday. After a report of the credentials committee at 9:15 a. m., delegates will be seated. Voting on tentative resolutions will begin immediately following a reading of resolutions. Balloting will be restricted to official voting delegates sent in

DOING A BETTER JOB

(1) In addition to our tower dryer and overhead cleaners not shown, we have here a cross section of our modern Lummus Special Super Thermex Feeders and Super-Jet Cleaners. Among the cleaning features included in this Feeder is the method of handling foreign matter. Grass, green leaf and other long shredded matter are permitted to slide out with the hulls and sticks without becoming attached to the saws.

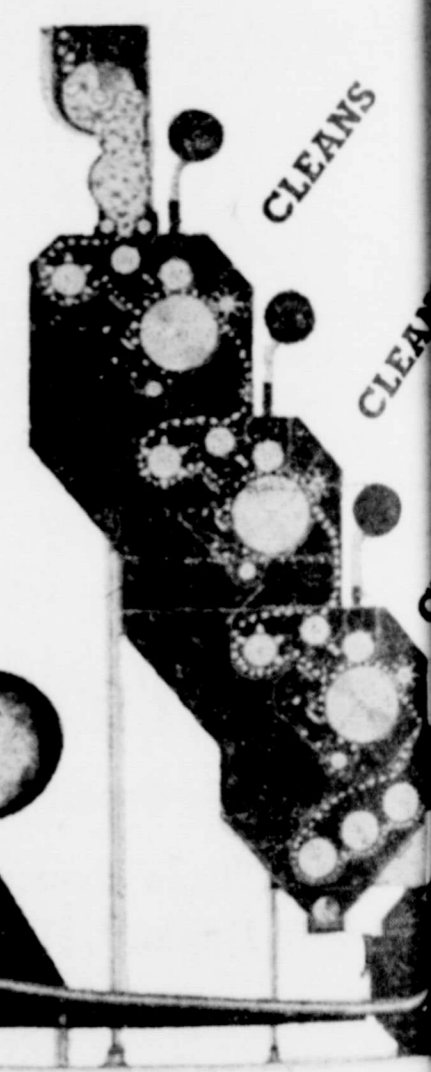

(2) The new method of cleaning with hot air separates fine trash from the lint and creates a completely new cleaning process that has proven very effective. It also fluffs and brightens the cotton and improves its preparation for ginning. These cleaning processes are repeated times in the Super Thermex in order to do a thorough job on rough harvested cotton. Since each of three sections is fitted for hot air cleaning, the Super provides drying equal to one complete tower.

(3) The Super-Jet Lint Cleaner shown behind the Super offers a real solution to the problem of cleaning mechanically harvested cotton. It is most effective in removing particles, neps, notes, and other heavy foreign matter. Even on very low grades of cotton the trash and notes are removed whole as the Super-Jet will not grind and leaf particles and immature fibers into the lint.

(4) With this effective ginning system, our motto is "IN FOR A GOOD TURN-OUT."

Providence

by Mrs. Wilfred Stoerner What worries most bosses is the number of unemployed on his payroll.

HD Club Meets Providence Home Demonstration Club met at the lovely home of Mrs. Marvin Scheele Tuesday afternoon. Roll call was answered with early recollections of Sunday School and church.

Mrs. H. F. Quebe, president called the meeting to order. Mrs. E. W. Johnson representing the Council gave a short report in the absence of our own council delegate and president at the last council meeting. She reported Mrs. Grishy Milton Jr. is the new president of Floyd County Council. Good reports were given by the members who attended the Floyd County Fair.

Officers elected for 1956 were president, Mrs. Sam Jones; vice president, Mrs. H. F. Quebe; secretary-treasurer, Mrs. H. L. Anderson; council delegate Mrs. Ted Boedeker.

The group enjoyed several poems written by members of the club. Mrs. Johnson of the Lockney H. D. Club gave a very good report on the state H. D. C. meeting.

Taking part in the program were Mrs. Ben Brandes who lead the group in reading of a Thanksgiving Psalm. Mrs. H. L. Anderson read several family graces suitable for children and adults and lead the group in singing.

Mrs. Marvin Scheele and Mrs. Ted Boedeker gave a demonstration of tasteful ice cream. The ice cream together with chocolate cake and hot coffee was served to Mrs. H. L. Anderson, Ted Boedeker, Ben Brandes, L. B. Brandes, Sam Jones, Ben Quebe, H. F. Quebe, M. C. Scheele, Wilfred Stoerner and Mrs. Johnson of Lockney. Mrs. Ben Quebe was honored on her birthday by members of the club and she received several nice gifts and the group sang Happy Birthday to her.

Hallow'e'en Party Providence P. T. A. sponsored a Hallow'e'en party Friday night. The children and adults alike all enjoyed an afternoon of fun. The P. T. A. has been very active in affording a community interest. Refreshments were served to a large crowd.

Luther League Party The Luther League had a Hallow'e'en party for its members and guests Sunday night in the educational unit of the church.

A three-fold celebration was held at Trinity Congregation Sunday Mission festival and the 25th anniversary of the American Lutheran Church and reformation Sunday. The morning services included a very impressive sermon "Thank God for the Church" by Rev. H. L. Anderson. The Senior Choir, directed by Albert Scheele sang "Come Dearest Lord," by Bach. A beautiful dinner was enjoyed by a large crowd at the noon hour. The afternoon program was given by the members of

the Sunday School. Helmuth Quebe the Sunday School Superintendent brought a history of the American Lutheran Church in an impressive and colorful fashion. The Nineteenth District American Legion and Auxiliary held their fall convention at the Caprock Hotel in Lubbock October 22, 23.

Assembly Program

The first assembly program of the year was held in the high school auditorium. The program was opened by a prayer by Luther Williams. The choral class, directed by Mr. Stinson sang "In the Garden," "When the Saints Go Marching In," and "Awakening Chorus."
 The junior high school pupils then presented a very entertaining program of songs, skits, tap-dancing and poetry reading.
 The Silverbells, accompanied by Gail Kellison, sang "Tina Marie." This was followed by Sue Adams singing "Wake the Town and Tell the People." Cleon Wylie and Gail Wilson came on with loud applause as Cleon sang "Good Rocking Tonight" to his and Gail Wilson's accompaniments on guitars. Glen McCandless, Elaine Cooper sang a duet entitled "Looking Back to See." Nelda Cunningham, Sibyl Childers, Betty Jean Jackson, and Alta Williams sang "Shifting, Whispering Sands." The Harmonettes, consisting of Debra Ferguson, Shirley Mitchell, Janice Flays and Peggy Ford sang "The Kentuckian." Oddie Rogers played the piano and sang "The Longest Walk."
 Mr. Smith presented several awards to the members of the Honor Society. Some of the members received pins; others got charms.
 Mr. Smith then turned the program over to Mr. Irons who gave two awards to Mr. Brewer, sponsor of the Student Council. He, in turn, presented these awards to Luther Williams in behalf of the student body.

Band Elects Officers

The Longhorn Band met on Monday the 24th for the election of officers. Mary Ford the drum major, presided and conducted the election of the following: president, Betty Mae Sams; vice president, Sandra Sams; secretary-treasurer, Katie Rucker; sergeant-at-arms, Luther Williams.
 The band discussed a debt which they needed to pay.
 The meeting was then adjourned.

Happy Birthday To You

The first period algebra class was a happy sight Friday morning. The class sponsored a surprise birthday in honor of Mrs. Cope. Mr. Smith managed to get her out of the room for a few minutes in order for the students to get refreshments on her desk. The refreshments consisted of cold drinks, cookies, brownies, tuna patties and a cake with "Mrs. Cope" written on the top.
 Mrs. Cope, we hope you enjoyed your birthday! We did!

Band Queen And King

A meeting of the band was called by president, Betty Sams, to elect the band queen and king. After much discussion, the students decided on Queen Kitty Ford and King Paul Burch. These students have done outstanding work in making the Longhorn Band the best. Congratulations, kids!
 Also, a band reporter was selected. This honor fell on La Dora Ayres.

Class Studies Constitution

Under Mr. Johnson's very able instruction, the American History Class began this six weeks with a study of our Constitution.

There were many arguments to be settled by these 55 educated men who worked four long months to prepare this very important document. The authors chose George Washington President of the Constitutional Convention which adopted this wonderful piece of workmanship in 1787. Our Constitution has already survived longer than any other document on which a government has been built.

One pertinent question of today is whether to revise or amend our Constitution or to make an entirely new one more applicable to modern needs and times.

There has been much class discussion pertaining to the making of this document, but we hope to settle all these arguments in less than four months.

GO TO CHURCH SUNDAY.

Stunts

The second period Physical Education class began taking tumbling lessons under the instruction of Mrs. Dorothy Ingram. This year, Mrs. Ingram divided the girls into groups with a captain for each. Group one captain is Sue Harper; group two, Clea Willis; group three, Jan Widener. We shall endeavor to learn to tumble, to build pyramids and to roll.

For the past two days, we have been learning to do individual "Squash." Each girl gets into a crawling position. When the whistle blows, the girl falls flat on her stomach. This prepares her for more advanced tumbling. The "Half-Top-Spin" was also done by each of us. To do this stand in a straight position and jump, turning halfway around. The "Whole-Top-Spin" is done exactly the same way, except you turn completely around. Another stunt is the "Log Roll." One girl at a time lies on the rolls to the half of the mat. The "Individual Rock" is done by the girl lying flat on her stomach, bending her legs back toward her back, and catching her ankles with her hands. This brought a few "ohs" and "ahs" from the boys.

All of us had much fun doing these stunts, and we are looking forward to learning more advanced ones.

Chit Chat

We hear that there is quite a "brawl" in Floydada. Could it be that some of the senior boys are dating the Lockney senior girls? How about that Peg, Oddie and Barbara?

Pat Pierce and Bill Strickland were seen together Tuesday night. Having fun, Pat?

Sue Harper is keeping company with a Hale Center boy. We saw you Sunday night, Sue.

Eldora, did you have fun last week? We saw you with Jerry Workman on Tuesday night, Doyle McAda Wednesday night, Charles Vaughn Friday night, and Jerry again on Saturday night. We just wonder who will be next.

Barbara was seen with Billy McAda Saturday night.

It is rumored that the seniors are giving the juniors a Masquerade party Halloween night. Are you juniors excited? What's coming off on Saturday night, Peg and Oddie, you're not traveling to Floydada again are you?

Carolyn C. and Charlie were seen sitting with Barbara and Richard at the drive in Sunday night.

Weldon, do you still go to Hereford every Sunday? The Honor Society had a party October 25. We went roller skating and later had a social at Mrs. Zeigler's home in Plainview. We had a grand time.

Mary Myers, why is every one calling you F. A.?

La Juan was Larry angry because you slept through the show Sunday night?

Everyone was really thrilled over the performance the Longhorns gave Friday night when they dumped Dimmitt. Let's keep up the good work, boys and win district.

The Longhornettes are really working on their new plays. We play Floydada November 29. Let's go, girls!

Ernestine, did you have fun in Dallas?

Everyday at noon we see La Dora sitting in the car with Loyd and Doyleene sitting with Bubby.

TRUE WORSHIP

"God is greatly to be feared in the assembly of the saints, and to be had in reverence of all them that are about him." (Psalm 89:7).

The purpose of true worship is to exalt and praise God Almighty, to edify self, and to proclaim to others our faith in the Bible. Services conducted with this in mind have a potent influence for good in the lives of individuals.

God is present in the assembly. Many gather with the saints and do not see him; nevertheless, he is there. His divine presence makes the place holy. When people are ever mindful of this, reverence and awe will pervade the various services. Some actually show more regard for a funeral than they do for the Lord.

Each member of the church should give the text for this lesson prayerful consideration. Some of our assemblies are characterized by an unusual amount of noise and disturbance. Special emphasis needs to be placed on the importance of striving to develop the proper respect for divine things. Church gatherings are not occasions for confusion, disorder, and commotion; they are occasions for veneration and worship. It is believed that a few suggestions will aid materially in obeying the language of Paul, "Let all things be done decently and in order." These suggestions are submitted in the interest of the cause of Christ; they are offered also in the spirit of Christian love.

1. Come early and spend a short time in meditation before the service begins. This produces a frame of mind appropriate for the occasion. Then, too, coming in late detracts from what is being said and done. Habitual tardiness reflects an unhealthy condition spiritually.

2. Seats near the front should be occupied first. Back seats ought to be left for visitors and mothers with small children. It is especially commendable for young people to sit on the front pews. This removes temptation to talk and play.

3. Those who are entrusted with the responsibility of directing the services should speak distinctly and aloud. Attention to this ought to be given by those who make the announcements, serve at the Lord's table, and lead in prayer.

4. The period appointed for worship is not the time to visit, make telephone calls, transact business and count money. Everything of this nature can be attended to either before the service commences or after it is dismissed. At the time designated for the service to begin, every member ought to be in the assembly. This is important. Singing, praying, and all other phases of the worship should be properly regarded and engaged in by all. This is in accord with scriptural concepts.

The Lockney High School Longhorns looked like some of the famed Longhorn teams of former years last Friday evening when they smearing the Muleshoe Mules 34 to 6 at Muleshoe. It was sweet revenge for the walloping the Longhorns had received at Muleshoe's hand the previous two years.

Fine blocking and outstanding defensive work by the Longhorn line made the one-sided victory possible. The fleet Longhorn backs were shook loose on four long touchdown runs and were deprived of two other touchdowns by penalties. Penalties on both teams marred the game. The Longhorns had eight 15-yard penalties while Muleshoe had five.

The Longhorns were prevented from scoring twice in the first quarter by penalties but Jerry Williams, 128-pound half-back, broke loose early in the second quarter for a 60-yard run to pay dirt. Williams also ran 52 yards for another touchdown later in the game and Fullback Kenneth Callaway got loose for runs of 40 and 62 yards for scores.

Co-Captain Weidon Jones, line-backer, was a power on defense for the Longhorns and smearing many a play at the line of scrimmage.

The Longhorns won the toss and elected to receive. Gene Handley, quarterback, brought the kick back to the Lockney 40, Callaway made 5 and Handley carried to the Muleshoe 42. Callaway made 6 and then carried to the 32 for a first down. Jerry Williams made 7 and Handley went to the 12. Handley attempted to pass on the next play and an intentional grounding penalty set the ball back to the Muleshoe 24. A pass was incomplete, Williams made 12 and Muleshoe took the ball on the 13.

The Longhorns were penalized 5, Muleshoe made 3, was penalized 5, made 4 yards in two plays and kicked short with Johnny Hanst taking the kick back to the Muleshoe 29. Callaway made 9½, the Longhorns were penalized 15, Handley made 7, a pass was incomplete, Lockney was penalized 5, and Muleshoe took the ball on their own 32. They made 5 yards in two plays and the Longhorns were penalized 15, giving the Mules a first down on the Lockney 46. They made 1, were penalized 15, made 2 and kicked to Lockney 13. Williams made 7 as the quarter ended.

Williams carried to a first down on the 28, the Longhorns were given two successive 15 yard penalties, setting the ball back on the 3. Williams made

12 in two tries, a pass was incomplete and Jones kicked to the Lockney 36. However Muleshoe fumbled the ball and a Longhorn recovered on the 40. Here little Jerry Williams, aided by some good blocking, broke loose and went 60 yards for the first score of the game. Callaway pushed over for the point and the score was 7-0.

Muleshoe returned the kick to their own 37, fumbled and Nelson Wofford covered the ball for the Longhorns. Callaway made 4 and then carried for a first down on the 22. Williams made 9½, and Callaway went to the one foot line. Callaway carried over on the next play for the score. He also plunged for the point making the score 14-0.

Muleshoe returned the kick to their own 35, were penalized 15 yards, made 6 yards J. Young broke loose to the Lockney 34 yard line. The Mules made 6 in two plays and then a first down on the 25. They made nothing, had a pass incomplete, received a 15 yard penalty and made 2 as the half ended.

The Mules returned the kick to their own 40, made a first down on the Lockney 49 in three plays, were penalized 5, made 5 in two plays and lost 2 on the next and kicked to Lockney's 41.

The Longhorns made 1, Williams ran for 6 and on the next play broke loose for 52 yards and the third touchdown. Callaway plunged for the point and the score was 21-0.

The Mules returned the kick to their own 46, were penalized 5, made 3, had a pass incomplete, made nothing and kicked to Lockney's 26. Muleshoe was penalized 5, Williams made 8, Callaway made 6, Muleshoe was penalized 15 for a first down on the 45. Williams made 4, and 1 and then Callaway broke through the center of the Muleshoe line for 40 yards and the score. Try for point failed and the score was 27-0.

The Mules returned the kick to their own 36, made 1, lost 1, and then completed a pass for a first down on the Lockney 30. They lost 1, made 1 and then almost completed a pass on the goal line but the receiver dropped the ball. Two more attempted passes fell incomplete and Lockney took the ball on the 29.

Starting the fourth quarter, the Longhorns made 9 in two plays, lost a half yard on a fumble and decided to run the fourth down instead of kicking. Fullback Kenneth Callaway took the hand off from Handley, went through the mid-

dle for 62 yards and the touch-down. Callaway also plunged for the point and the score was 34-0.

The Mules almost made a score on the kick-off. The receiver got past every one on the field except Arlie Pinner, who brought him down on the Lockney 40. The Mules made 3 and 6, were penalized 5, made 4 and on fourth down attempted a run for the necessary two yards. They made 1½ and the Longhorns took the ball on their own 31. The locals were penalized 15, made 1, were penalized, made 4 and kicked to the Lockney 45. They were penalized 15, giving the Mules a first down on the 25. The Mules lost 3, made 11 and a first down on the 14. G. E. Howell, Mule back, cut back through the middle for the score. Attempt to run the point failed and the score was 34-6.

The Longhorns returned the kick to their own 37, Callaway ran to the 50, Williams made 6, Callaway went to the 40, Callaway made 7, and then a first down on the 30. A pass Billy Carl Race to Roy Kidd was good for a first down on the Muleshoe 4. Callaway drove over for the score but the play was nullified by a 15 yard penalty against the Longhorns. Two passes were incomplete and the Longhorns made 4 as the game ended.

NEW MODERN DRUGS ARE A BARGAIN

Effective Medicines Reduce Cost Of Illness, Lengthen Life

Nobody likes to buy drugs. It's bad enough sick without having to pay for it as well. A prescription for a little bottle of capsules runs as five or six dollars, it seems like insult before injury.

"Actually drugs are one of today's best bargains," says Bob Miller of Lockney Drug Co., "when you realize that prescriptions are so effective, help you quicker and in reality reduce the total cost of illness."

Modern drugs such as the antibiotics penicillin, Aureomycin are effective against many illnesses because they go to work chemically in the body to destroy the disease-causing germs. Before these compounds were discovered, many of the ailments merely relieved symptoms, were slow acting and uncertain. Slightly over fifteen years ago, 90 percent of today's prescriptions, including sulfas and antibiotics, were unknown.

The price of a prescription is no measure of the cost of illness. For example, a touch of pneumonia in the old days meant three weeks or more in the hospital, several visits by the doctor, constant nursing, a long convalescent period and a cost of at least \$400. Today, you're at home 4 or 5 days, two or three visits by the doctor, a couple of shots or capsules and the total cost is about \$50.

Another hidden bonus in today's prescriptions is the fact that they will help you live longer. Life expectancy has been increased by nearly 20 percent in the last half century. Thanks to modern drugs, deaths due to pneumonia have decreased 61 percent since 1900. Rheumatic fever's death toll has been reduced by 41 percent. Tonsillitis by 88 percent. Appendicitis by 70 percent and mastoid diseases by 85 percent. As a matter of fact, mastoid surgery has become so rare that it is hard these days to find enough cases to demonstrate the surgical techniques to young doctors. The comparison between the cost of extra, healthy life and the price of prescription drugs that make it possible.

"I'LL BE GLAD TO"

When they want an angel food cake for the church bazaar, Mrs. Turner is apt to be asked to bake it. She almost always responds to such requests with a simple, "I'll be glad to."

If you ask people about Mrs. Turner, they will tell you that she is one of the happiest women in town. Yet not so long ago she was feeling pretty sorry for herself. Life seemed such a humdrum affair. As an accomplished musician, she had had dreams of the concert stage, but marriage and children had changed all that. Somehow it didn't seem fair!

Then one Sunday, a friend persuaded her to go to church. The sermon happened to be about the ingredients that make a full and happy life. The things the minister said struck home, and the next Sunday she found herself back in church again. Then one Sunday Mr. Turner went along, and next, the youngsters.

Now Mrs. Turner is still "just a housewife," but she is dissatisfied with her role? Look at her face, and see for yourself! It took the Church to show her that she already possessed all the tools needed for fulfillment and happiness, if she would but use them. Now, she does.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake (2) For his children's sake (3) For the sake of his community and nation (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

New Chevrolet—

(Continued from page 1)

Chromium molding, applied for the first time on the One-Fifty series, sweeps along the sides of the 1956 bodies to increase the low, ground-gripping aspect of the cars. Headlamp visors are more pronounced. Parking lamps are square and set low over the reshaped bumpers. A novelty is the location of the gasoline filler, concealed by the hinged rear left tail lamp.
