Minute Editorials

For He is not a God-of-the-dead, but of the living; for all live unto Him.—Luke 20:38.

CRITICISM is the favorite indoor sport of too many people in this world. To criticize is the easiest thing in the world. Since all of us are human we all make errors and then some of us take delight in jumping on the other fellow for his mistakes or he is delighted with the opportunity to jump on us. Criticism can very easily be a big deterrent to community progress. Many people are very hesitant to participate in any sort of community enterprise because they know that, come what may, what they do will displease someone and they will be criticized. Criticism can disrupt friendships, family life and neighborhoods. It can become a sore that spreads and spreads. If we all would be a little more tolerant of the other fellow's faults, perhaps

this world would be a better place in which to live.

HAS YOUR CHILD had the polio vaccine? All of our local doctors now have polio vaccine on hand which will go out of date, that is, it will be too old to use on February 25th. The vaccine is not expensive and certainly by this time all are convinced that it is effective in preventing polio. As we understand it, any young person up to 20 years of age, may now receive polio vaccine. With summer coming on, the usual polio season, we suggest that now would be a good time to have your child vaccinated. See your local doctor today.

FLOYD COUNTY raised more than \$500 for the Christian Rural Overseas Program in the "trick-or-treat" campaign last Halloween according to a report just released. One hundred and sixty-one communities in 102 counties in Texas gave \$38,905.52 to this worthy cause. In this county Lockney contributed \$185.17 and Floydada \$330.00 for a total of \$515.17. The man who thought up the idea of "tricks-or-treat" for CBOP uncovered a very good idea.

THE MARCH OF DIMES is drawing to a close. Despite the discovery of polio vaccine and the smaller number of polio cases the past year, the fight against polio is not over. There are millions of children yet who have not been vaccinated against polio. It is reasonable to assume that some of them will contract the disease and will need treatment. Polio insurance is low in cost but some people do not have it and are unable to afford it. These cases will need the assistance of the local polio chapters. There are also millions of "old cases" of polio, persons who have been stricken with the disease in years past and have been left in a crippled condition because of it. Some of them are still under treatment and in most cases need the aid of the local chapter. So the fight is not over yet. Let's don't let up lest because of our negligence some will suffer unnecessarily from the ravages of this dread disease. If you haven't given, give today. If your drive is incomplete, complete it today.

WE DON'T KNOW anything about Reuben Senterfitt, candidate for governor, but he issued a statement this week that seems to us to make sense. In it he called for a constitutional convention to rewrite those parts of our state constitution which deal with the structure of our state government. Mr. Senterfitt points out that under our present constitution, it is impossible to delegate authority, assign specific responsibility and eliminate confusion. He says that present procedure is often too slow and cumbersome and many times action comes too late to help the situation which it is designed to remedy. As we said, we don't know anything about Mr. Senterfitt but he spoke some words of wisdom, to our way of thinking.

DO YOU KNOW what is more hard to bear than the reverses of fortune? It is the baseness, the hideous ingratitude of man.—Napoleon.

With Our EXCHANGES

IT SHOULD BE STOPPED
Revelation that at least two more members of the Texas Senate — including Kilmer E. Corbin, of Lubbock — have been employed by insurance concerns which have gone to the wall at dreadful losses to the public spotlight, again, the greatest weakness in this State's government.

This latest revelation comes at a time when all of Texas is in near shock over its "insurance mess" and the accompanying scandals and bankruptcies. It points up, clearly, the indefensible practice of Legislators collecting legal and oth-

er fees from business firms under State supervision—clearly a move which makes the offending Legislature a servant of two masters: the people and the business firms whose activities must be supervised as a protection to the public.

Businesses under State supervision, and those seeking to avoid taxation often fair and just, long have followed the practice of "retaining the services" of Legislators and some Legislators long have jumped at the chance to cash in on their official positions. All this has been known together with its dangers by Legislature after Legislature and the handful of the public actively interested in good government but although demands for a cleanup have been many and nothing has been done — as

the news of the past two days clearly shows.

After the news came from Austin that Corbin was one of those "paid a 'legal fee' by a now defunct subsidiary of the also defunct U. S. Trust and Guaranty, the local member of the Senate loudly called for a "special session of the Legislature to impeach" any dishonest officials and "investigate" the activities of Legislators in any and all questionable activities. He didn't suggest that laws be passed preventing firms from offering "retainers" to Legislators, or preventing Legislators from accepting such employment. If he had, his expressions of righteous indignation would have had a better ring.—Lubbock Avalanche.

INSURANCE SCANDALS

We think too much has been said about the "insurance scandal" in Texas the past few weeks without anyone explaining just what is meant. The failure of U. S. Trust, which of course was a rather big scandal, did not mean that U. S. Trust was not an insurance company. It was a banking institution. When the parent company was finally swept up with several other companies controlled by it were pulled under too. But they were casualty companies, not life insurance companies. The fact is, there has not been a failure among Texas life insurance companies since the early days of the depression. And then the failures could not be blamed on the insurance companies—the "blue chip" stock in which their surpluses were invested went under along with everything else.—Trends in Crosbyton Review.

CARD OF THANKS

I want to express my sincere thanks and appreciation to the many friends who remembered me in any way during my 52-day stay in Lockney General Hospital. Your visits, cards, flowers and words of encouragement helped immensely in my recovery. Especially do I thank Dr. Simmons and Dr. Mangold and the hospital staff for their kindness to me. May God's blessings be with each of you.

Sincerely,
Mrs. Joe O. Rogers.

RUG LAUNDERING

Small rugs can easily be washed at home if special care is taken. First vacuum and shake out, then soak 10 to 15 minutes in lukewarm suds to remove remaining dust. Wash individually in warm suds, leaving them in the washing machine for about 4 to 6 minutes. A second washing is advisable in fresh suds if rug is badly soiled. Rinse once in warm water, twice in lukewarm. Then fluff dry in the clothes dryer. Plenty of hot water is essential for good results.

TO GUIDE...AND TO MEASURE...

A ruler . . . the humblest of instruments! Yet it meets two tremendously important needs. It guides . . . giving man a straight, sure rule by which to draw his lines and sketch his plans. And it measures . . . showing man where to begin, and where to end, proving the dimensions of his work. That which the simple ruler does in the physical realm of life is the work of the Church in the spiritual realm. For every man's life is like a blank sheet of paper, until, by his own living, he places upon it the lines which give it meaning and character. The Church is our guide . . . giving us the tried and sure truths by which we can live . . . pointing us to the straight and unwavering paths which lead to God. And the Church is our measure . . . showing us the standards by which every man's life must be judged . . . revealing the Christ whose teaching and example are the beginning and ending of all spiritual achievement, the perfect dimensions of life. Are you letting the Church meet these tremendous needs in your life?

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Enrollment. — Approximately 6,800 students are expected to be on hand at Texas Tech when opening bells ring for second semester classes...

Tech dormitories will open to new students at noon Wednesday (Jan. 25). Spring semester registration will begin at 8 a. m. Thursday and continue through Friday...

Classes will get under way officially at 8 a. m. Saturday.

Clement predicted the spring semester student body will be about 1,000 more than in the same period last year, but less than the 7,154 that signed up last fall to make Tech the second largest state-supported educational institution in Texas.

The trend among all higher educational institutions is for the spring semester enrollment to be smaller than the fall semester enrollment.

A. Girls Luncheon

Friday, January 13, the year homemaking girls themselves a luncheon. Meal was prepared during period and served at on period.
 Girls were divided into of six, and Mrs. Irons ed each group something pare.
 Cocktail was served as petizer. The main course ed of stuffed peppers, okra, toss-salad, lima and yeast bread and ead, with iced tea served beverage. White cake, l with peaches and whip-cream was the dessert.
 Girls enjoyed the meal much and thank Mrs. for letting us prepare it.

Society Banner

Down in Room 106, the first-period bookkeeping room, is that much-coveted Honor Society banner in a nice, new frame. We give credit to Don-ice Casey for framing it so skilfully and well.
 Mrs. Walker's bookkeeping class earned the banner the first six weeks by having the highest average of any other first-period class. They celebrated with a coke party.
 Okeh, you pupils, we have a new six weeks just commencing; so each class should strive hard to win that Honor Society banner. There is no use of letting any one class have all the honor and fun. Is there?

Most Embarrassing Moment In My Life

Jan Widener — When I mistook one boy for another.
 Tommy Davis — When I called a man the wrong name.
 Lajuan Sandlin — When I caught my hoop between the seats in a theatre and was half way down the aisle before I noticed it.
 Avanelly Brand — When I was driving down the street and the car horn stuck in front of a hospital.
 Carolyn Jones — When I went to a drive-in movie and got in the wrong car after I had been to the concession stand.
 Martha Cryer — When I was going to my Grandmother's house and got on the wrong bus.
 Verna Carthel — When I met Pat at the skating rink. I was standing there admiring him when along came a speed demon and knocked me down.
 Gene Handley — I slid down the girls stairs and Mr. Smith was at the bottom. He started to make me wear a dress and walk up and down the stairs.
 Weita Joyce Kent — When I nearly went to sleep in church and Rev. Wiley clapped his hands. It seemed as though everyone was staring at me.

WASH OFTEN
 Fine fabrics can't stand up to the severe treatment required to refresh deeply soiled clothes. They should be washed often and then you'll only need to cope with light soil which comes out easily in warm soap or detergent suds and rinses.

The tip of South America is further south than the tip of South Africa.

January 30—February 3
 Monday — Vegetable beef soup, crackers, toasted cheese sandwich, carrot stick, milk, fruit jello, brownies.
 Tuesday — Hamburger steak, gravy, catsup, buttered potatoes, green beans, pear salad on lettuce, hot rolls, milk, ginger cookies.
 Wednesday — Baked beans with pork and tomatoes, seasoned spinach and boiled egg, candied sweet potatoes, pickle relish, milk, corn bread, spice cake.
 Thursday — Fish with tartar sauce, baked potato with cheese, buttered peas, tossed green salad, W. W. rolls, milk, pineapple pudding, graham cracker cookies.
 Friday — Kraut and vienna sausage, green lima beans, harvard beets, bran muffin, tomato slice, milk, peanut butter and cracker, apricot cobbler.

Advanced Typing Class' Work

The advanced typing class is going to take up something different this semester. We are going to study filing and learn how to become "professionals." We shall probably work on filing three days a week, have regular typing one day, and type for "The Lariat" on Friday.
 We miss the few former pupils who dropped the course this semester; but we cordially welcome Clara Lee Smith, Jerry McQueen and Dee Nix, who are new class members.

S. O. S.

By Jay Kemp
 Come on you, pupils,
 Wake up and live.
 Give in some news, if you
 Have any to give.
 Get out your pencils and
 Grab some paper,
 Write about something, or
 Somebody's caper.
 We have a deadline that
 We must meet
 And if you don't give
 We're going to get "beat."
 We've rushed, and we've run,
 And we've scurried about;
 So if you have news,
 Now give it out.
 Write a note about something
 Or someone who's shy
 And drop it in the newsbox.
 As you wander by.

Be Our King?

The Order of the Rainbow for Girls, Floydada Assembly No. 325, is sponsoring a "King Contest." Both Floydada and Lockney will have a "king" elected by each class from the seventh grade through senior high. From Lockney we have the following candidates for "King of our School."
 Rodney Rigby — seventh grade.
 Max Marble — Eighth grade.
 Ronnie Harris — freshman.
 Kelley Harrison — sophomore.
 David Frizzell — junior.
 Doyle McAda — senior.
 There will be boxes placed in various places in town. Each time you see one of these boxes, dig down into your pocket or billfold and cast your vote or votes for your choice for King of L. H. S.

It's Gone!

A glass of water — a puff of smoke — and the glass of water is gone.
 You might not have seen such a trick as the one mentioned above, but I am sure you saw some just as puzzling and fascinating at the Magical Show presented in the high-school auditorium on Thursday, January 19, by Mr. Tilson of Matador.
 The magician used handkerchiefs, flowers, flags, water, cigarettes, bottles, wire-ropes, ribbon, live snakes, a white rabbit, a skunk, containers, pitchers, an urn, coins, glasses, twine, etc. in performing his amazing feats of skill. Mr. Tilson was very ably assisted by his wife, several high school

pupils and four teachers.
 The Student Council sponsored this program and required an entrance fee of twenty-five cents. Both the magician and Student Council realized \$39.75 from this program about the mysterious world of magic.

Deadline on 1955 City Taxes January 31, 1956
 After January 31, 1956, City Taxes will become delinquent and a penalty with interest will be added.
 The penalty and interest will increase each month beginning with February, and will increase from 1 and 1-2 per cent in February to 13 and 1-2 percent by December.
 This is a reminder for those people who have not paid their city taxes and want to do so before January 31, 1956, to avoid penalty and interest.

PERFORMANCE made it the Largest Selling "8" in the World...

the FORD V-8

	Car Sales	Ford Sales Leadership
FORD V-8	1,241,742
Car C-V-8	634,376 607,366
Car P-V-8	262,870 978,872
Car C-Six	845,153 396,589
Car P-Six	334,540 907,202

Just look at these official registration figures for the first 11 months—January through November, 1955

Here's why!

People just naturally go for 8 cylinders in the FORD package!
 And to a world record extent!
 Just think, in the first 11 months of 1955 alone, 344,496 more people bought Ford V-8's than the two other low-priced competitive eights combined!
 Of course, the reason the Ford V-8 is the largest selling eight-cylinder car in the world is that more people like its brand of performance—the kind that comes with the car!
 These people aren't amateurs in judging engines. Nearly 24 years of building Ford V-8's to supply their demand is convincing proof of that.
 And the Ford V-8 of today is the best yet . . . by a country mile!
 Smoother and quieter—you can scarcely hear it, even with the hood up!

Sassier—just ask the highway patrol officer who drives one. He knows it takes a Ford to catch a Ford!
 And, for the very practical question of durability—ask a Ford cab driver. He knows how Fords take it days on end.
 So, if it's performance that you want—and wrapped like a gift—the '56 Ford V-8 is your baby.
 Come in . . . try it today! r.c.a.

Plains Vegetable Marketing Ass'n Meeting Set For Jan. 31

In the first formal and largest possible organization of a wide commercial vegetable marketing organization on the Texas High Plains, farmers, businessmen, and individuals will assemble in Plainview Tuesday, January 31, for an advisory board meeting. Herman E. Thurmond of Scott Plains will represent this area in the board meeting.

It will be at this time that the project's development will be examined from the practical viewpoint of organization, production, and marketing. To lead a discussion on the implementation of such an organization will be two men who are specialists in their fields. J. F. Bonebrake, Executive Director, National Marketing Specialist, and John Tyler, who handles marketing work.

To George E. Lusk, Texas State Department of Agriculture, will be the speaker on the subject of production methods.

Recent news from the Lubbock Community in Southwestern Texas County will show the plan for high quality vegetable marketing and production has organized reports that "from twenty five to thirty Plains communities will be represented" at the meeting.

From each of these communities will be one person who has volunteered to write an advisory board. It will be this board that will later on and weigh the information which will be presented at Plainview. In the light of what is learned at the meeting and other known factors the board will be asked for advice about further procedure.

"We are fortunate enough to have secured men who are the very best in their fields," said Davis. "And they will tell us the facts on whether our plan appears to be feasible."

Bestial members of the advisory board, representatives of the press, businessmen, farmers, chambers of commerce, agricultural officials, and others have been invited to sit in on the discussion. It is possible that as many as 150 persons will attend the meeting.

The Plainview auditorium will be the setting for the meeting, which is to get under way at 2 p. m.

Christopher Columbus is believed to be the cathedral of Sevilla, Spain.
