RECORD VOTE NAMES THREE NEW ALDERMEN TUESDAY

A record number of votes were cast in the city election Tuesday and when the final tabulations were made three new aldermen were named to sit on the city governing board. A total of 352 votes were cast. Election Judge F. L. Brown said, and named to the board were Lloyd Wofford, Claude Brown and Charles Baxter. They defeated incumbents J. D. Wood, Claude Hammond and Lloyd Readhimer.

The unofficial tabulation released by Mr. Brown was as follows with three to be elected: Claude Brown — 268; Charles Baxter — 206; Lloyd Wofford — 193; Claude Hammond — 151; J. D. Wood — 144; Lloyd Readhimer — 89.

Claude Brown is proprietor of Brown's Cleaners & Clothiers here and Baxter is a member of the firm of Baxter & Smith Grain Co. Both are newcomers to the city body. Wofford is owner of Wofford Manufacturing Co. and has previously served on the board.

Holdovers on the body are Mayor J. E. Cox and Aldermen Kelton Shaw and Jimmy Hodel. The total 352 votes exceeded by 27 the largest number cast in any previous election in recent years, at least in the city election in 1953 a total of 313 votes were cast and in 1954 a total of 325 votes were cast. The vote was light in 1953 with a total of 143 votes.

The new aldermen will take office at the first meeting of the council which will be April 12th. The council meets the second and fourth Thursdays in each month.

Work To Begin On Sewer Line

Work will probably begin today (Thursday) on the City of Lockney sewer extension project in the west part of town. Mayor J. E. Cox said Wednesday. The machinery has been spotted on the site and file was being unloaded Wednesday.

Foran Construction Company of Amarillo is the contractor on the project, and the contract price is \$17,997.40. The City expects to pay for the project, out of its cash reserves and no bonds will be issued, it was reported to The Beacon.

The first work to be done will be digging the pit for the sewer line which is to be installed at the north end of West 8th Street, along the FW&D right-of-way.

Chamber on Friday of next week.

The matter of the FW&D truck line was presented to the directors by John Stapleton of Floydada and Wm. N. Verner of Lubbock, representing the railway. The men explained that the railway company had filed an application with the Railroad Commission to establish a motor truck line along the routes they now serve in Texas. In this area the truck line would operate between Childress and Lubbock and Plainview, and would afford Lockney two trucks each way each day. The line would also connect up with other lines to Amarillo and other points.

The trucks would carry less than carload lot shipments, it was pointed out, which cannot now be handled feasibly by the railway. They would offer door-to-door delivery, not only in Lockney but at Sterley and South Plains also. They would not attempt to serve Floydada since that city is not on their rail route.

The application of the FW&D is now pending before the Railroad Commission. The directors voted to endorse the petition and also to ask for permission to intervene and become a party to the petition.

The petition has been endorsed by Chambers of Commerce at Lubbock, Plainview, Amarillo and other cities in this area.

Lockney Tennis Teams Advance To District Play

The Lockney high school tennis teams will advance to district play, Coach Elvin Lyon said Wednesday. The Lockney boys senior doubles team, composed of Jerry Mickey and Dickie Barton, defeated the Tulla boys 6-1, 4-6, 6-4 Tuesday in the north half play-off. Tulla did not have any other teams and therefore all Lockney teams will go on to the finals in district play.

Muleshoe and Littlefield were scheduled to play Wednesday in the south-half play-off and the winners in those matches will probably come to Lockney Thursday or Friday of this week to determine the district title in each division. Coach Lyon said Wednesday that the time or place had not been definitely decided upon but he was hoping to bring all final matches here probably this week. If weather is bad the matches may be postponed until next week.

The Lockney tennis teams are: Senior boys doubles, Dickie Barton and Jerry Mickey; Junior boys doubles, Ronnie Harris and Duane Griffith.

Trustees To Be Elected In Voting Saturday

Three trustees for the Lockney Independent School District, along with trustees for the various rural districts and the county school trustees will be named in voting Saturday. The local election will be held at the high school building Saturday of this week, April 7th. Polls will open at 8 a. m. and close at 7 p. m. F. L. Brown was named election judge, Mrs. Lula Woodburn and Mrs. Frank Jameson, clerks.

Six names will appear on the ballot, the names being suggested by a nominating committee appointed by the present board.

Trustees To Be Elected In Voting Saturday

From the original Lockney district the names of Lavon Johnson and Dr. W. J. Mangold will appear on the ballot from the old Ramsey district. W. B. Cates and Johnny Race are candidates and from the Sterley area, Robert Lee Smith and Conrad Henderson are candidates. Although no law governs the situation, voters have always named one trustee from each of the original districts, according to a custom started when the Lockney district was formed. However, the three candidates receiving the highest number of votes will be elected, regardless of the former districts, school officials pointed out.

Lockney voters will vote only on county trustee-at-large on the county-wide ballot. The name of Tom Porter will appear on that ballot.

Two county trustees will be elected. The name of Bill Beedy from Precinct 3 and C. T. Morrison from Precinct 4 will appear on the ballot in those precincts.

At Floydada three trustees are to be elected and only three names will appear on the ballot. They are A. T. Hull, Aaron Carthel and Ernest Lee Thomas, all presently on the board.

In the various rural school districts, trustees will be named to succeed W. L. Miller at Sand Hill, F. M. Wilkes at Lakeview, Harold Griffith at Lone Star, Johnnie Cates and H. A. Drysdale at Dougherty, and Helmuth Quebe at Providence.

The clinic is being sponsored by the C. N. Townsend Elementary School Parent-Teacher Association. It will be for the benefit of children of the district who will be six years old or who will enter school for the first time next year.

Vaccination against smallpox and immunization against diphtheria and whooping cough will be offered at the clinic free for children whose parents wish to avail themselves of the opportunity.

The association sincerely urges each parent to give their children an opportunity to enter school in good health by attending the clinic and having it determined if there are any deficiencies or abnormalities at this time. In case abnormalities or deficiencies are found you may contact your family physician or dentist for corrective measures.

Parents will incur no obligation by having their children examined. All doctors, dentists, nurses, school authorities and others assisting in the Pre-School Clinic will give of their time in the interest of healthier children.

WILL FILE APPEAL FROM COTTON COMMITTEE DECISION

G. H. Nelson of the firm of Nelson & McCleskey of Lubbock advised The Beacon Wednesday that his firm would file an appeal from the recent decision of the Floyd County cotton review committee in Federal Court at Lubbock some time this week. Mr. Nelson will be representing some 16 Floyd County farmers who originally filed an application for a review of their cotton acreage in this county, charging a misapplication of a rule concerning wheat acreage and discrimination.

Mr. Nelson said that the Court, soon after the filing of the appeal, would issue citations to the defendants, members of the review committee, and then set the time for hearing the case. Mr. Nelson said that he hopes to hold the hearing before "it is too late to plant cotton."

When asked about the status of other farmers who filed applications for reviews but did so too late to appear before the county review committee, Nelson said that they were "out" since the jurisdiction of the Court didn't cover that kind of situation.

The dispute came about after many Floyd County farmers received acreage cuts up to 22% for 1956 when allotments were announced early in December. The cuts came about because the ASC committee elected to allot cotton acreage on a total cropland basis instead of a history basis. The farmers also charge that the county committee did not take into consideration the proper wheat acreage allotment in making their cotton allotments.

A man's life consists not in the abundance of the things which he possesseth. — Luke 12:15.

—O—
THERE IS considerable interest in the developing of a vegetable growing industry in Floyd County both from the farmer and the business man standpoint. Chambers of commerce along with other individuals are working on it and some progress has been made. The idea is that Floyd County needs a money crop to take the place of lost cotton acreage and vegetables will do that, providing marketing problems can be worked out. But the vegetable industry is not coming to this county in one big rush. It will be a slowly developing thing, in our opinion if it is to be a substantial industry. But when and if it does develop, it will be worth a lot more to the county than cotton ever has or ever will be worth. It will be worth the work and waiting that has gone into it.

WE WERE IMPRESSED by an

editorial in a neighboring newspaper some time ago that said in substance this: If you get into the vegetable growing business and stay in it over a 10-year period you will make some money. But if you're just going to get into it for only one year, you had better stay out altogether.

—O—
MR. RALPH YARBOROUGH announces his candidacy for governor pledging to the people of Texas "honest, integrity and dignity" and with the same breath charges that Price Daniel, his most worthy opponent, has promised to place Governor Allan Shivers in the U. S. Senate if elected as governor. We do not believe, and we do not believe that Yarbrough believes, the statement that he has made. Mr. Daniel has proven himself to be a man of honor and integrity — a condition to which Mr. Yarbrough aspires but has not reached. Mr. Yarbrough has waged every-campaign for the state office he has ever conducted on a low, mud-slinging level. Always he charges his opponent with every dishonorable intention, every crooked deal he can think of whether he has any foundation for his charge or not. Apparently Yarbrough's campaign for governor this year will be on some low level to which he is accustomed. We trust the people of Texas will accord him the same treatment they have in the past.

—O—
WHAT HAPPENED to Hale County will probably happen in Floyd County unless some quick action is taken. Some \$3 million dollars set aside for highway improvement around Plainview has been canceled and will be used elsewhere, according to an announcement the past week by the Highway Commission. The plans were canceled because the county did not make any move to furnish right-of-way for a 4-lane highway through or around Plainview on Highway 87. Remember that the same Highway Commission set aside \$300,000 about two years ago to be used on highway improvement in Floyd County. Unless some move is made to provide right-of-way soon the money will also be moved elsewhere.

—O—
NOW THE COUNTY can get the right of way for the highway improvement program for some \$25,000 or \$30,000, of total estimate and can sell the bonds for less than 3% interest. If we wait another five years the increase in property values, plus additional building along the highway will make right-of-way cost the county not less than \$600,000 and, if the present trend continues, the bonds will be sold for more than 3%, probably as high as 5%. It's a job that needs to be done now.

AUTOMATION'S FIRST ENEMY

With Our EXCHANGES

WE MIGHT LOSE SOME MONEY

The Journal believes that the failure of the \$50,000 road bond issue to pass was due to two primary reasons beyond the apathy always shown any public issue by a small percentage of any citizenry.

The road bond issue did not carry because (1) the advisor

em tax issue, while a simple enough matter in itself, confused the voters. Old hands agree that two issues are more than twice as hard to carry at the polls as a single issue. (2) there was some misunderstanding in the minds of a number of voters about just exactly what the \$50,000 in bonds would be used for.

If the bond issue had carried by the needed two-thirds majority vote, the county would have used half of it to pay for moving power lines, wells and similar objects from the south side of highway 84 from

the city limits of Muleshoe to the Lamb county line. The other half would have been used for county roads, which all agree are certainly needed.

If the road bond issue were to be cut in half, and a question put to the voters at the polls for a \$25,000 bond issue for widening highway 84, we believe it would carry by more than the necessary majority.

Should we not take any action toward holding the road bond election again within the next five weeks, the money which the State Highway Commission has appropriated for widening highway 84 in Bailey county will be transferred to other sections where right of way has been obtained.

Our neighboring county of Lamb has already found more than half the money appropriated for it transferred to Crosby and Lubbock counties because no move had been made to secure right of way for widening 84.

We are assured that if we don't have something going by the first of May when the Highway Commission meets again, they will re-consign the money from Bailey county to other areas where work is ready to proceed.

To lose this opportunity seems needless. We do not believe our citizens want to lose it. And a goodly number of them proved their interest Tuesday morning when they met with the Commissioners Court to ask for another election for just enough money to buy right of way.

If we are to get the bond money then the election will have to carry by a two-thirds majority. This will mean that every qualified voter will have to go to the polls. Someone must see to it that they do—Muleshoe Journal.

The LARIAT

Snooper

Everyone enjoyed the junior play "Just Ducky" very much. Donald "Petersburg" Pigg has a new nickname that exactly suits him.

Thomas Brand, did you have fun on the bus Saturday the 24th? To whom it may concern: Anyone having any old bugs you do not want, please notify Carolyn J. and Janis W. We need one-handed for a collection in biology.

Coy, what's this we hear about the "weight men" winning the mile relay? We see that Roland W. and Sunny L. are still making the "rounds."

Doyle F. still finds "someone" in Plainview fascinating. Weldon J. and Jerry Mc. ventured over to Hale Center during the past weekend.

Jane C. is very lonesome since Coke is away for four or five days. Jane Willis, what about that letter from Oklahoma?

Floy B., Katie R. and Betty Jean F. were extremely happy about achieving that state F. H. A. degrees.

Barbara S., pardon the "noisiness"; but we just wonder what your "sparkler" signifies.

Anna Mae L., now just what happened to that Silverton guy?

Floy Baxter and Jerry Mickey will be representatives to the P. T. A. Convention in Lubbock on April 10th and 11th.

Nelda Rhea and Allan Ray Pinner are often seen together. Wedding bells for Minnie Thurman and Johnnie Bruton will ring on April 12 and April 13 respectively.

The senior play cast members are working hard trying to learn their parts.

Larry H., how much are you paying Jim Bob for his postal service between Plainview and Lockney?

Lloyd W., have you ridden any more horses lately? Peggy H., we hear that Joe is coming home on April 21.

Floy B. will be glad when May 4 rolls around, because that is when Gene gets out of school.

Everyone is getting that drowsy, lazy feeling, which is a sure sign of "spring fever."

Pat R. and Barbara T., how did you enjoy rabbit hunting the other night?

Gail Wilson was so dressed-up Thursday that many of the pupils thought he was getting married.

Betty Jean Foster and Jerry Mickey were seen together Thursday night. They make a cute couple, don't you think?

Say K. has been seen pacing the steps of the Baptist Church waiting for Kitty.

Katie R., how well does Gene H. skate? You surely are taking advantage of leap year.

Jean W., who is the Floydada boy to whom you wanted an introduction. Can it be the one that played with Gail W. and Cleon W. on the Thursday assembly program?

Jerry W. is rapidly becoming a "brain" in English grammar. All he ever says is, "Uh, Uh!"

Kay G. and Donald F. were riding around together Sunday.

Lynn J. was seen with James M. after the junior play on Friday night.

All the Choral Club enjoyed that trip to Levelland Saturday. Frances H. was seen recently with an Idalou boy.

Janney A. and Billy C. enjoy each others company nightly. Dorothy S., is "somebody" in the Air Force attracting you to Sherman, Texas?

Seniors, have you heard you can come in your "glad rags" to the Hobo Party on April 3?

Mary Ann M. and Mary M. were recently seen on the way to Plainview to see James and Jim.

Lynn J. and Lonell H. are seen together quite frequently. Several L. H. S. students are planning to visit in many different towns and states during the Easter holidays.

"Desperate Ambrose" will also be put on by the senior class at Turkey. The date is April 17. Pupils, they have promised to come to see our play if we will attend theirs.

The juniors are working hard to make enough money to entertain the seniors royally.

Say Dee N., can't you possibly do your typing without so much interference from "someone"?

We pupils are proud of that gray trash barrel in front of senior high. Let's use it so that the grounds will not get so littered up.

Junior and senior high pupils surely enjoyed the "Talent Show" given in the auditorium on Thursday the 29th.

Mr. and Mrs. E. J. Foster honored both the Rainbow officers and the substitute officers with a dinner in the L. H. S. cafeteria on Thursday evening, the 29th.

On Friday evening, the 30th, the W. S. C. S. and the W. S. G. of the Methodist Church entertained the seniors with a supper and fellowship.

mother found me I had emptied all eight bottles on my hair. When mother asked what I was doing, I replied, "Just fuming up!"

Frankie Adams — When I was rather small I was very very mischievous. Once daddy sent me to the chicken house to feed the chickens. Instead of doing as I was told, I got a shovel and dug a small hole into which I poured the grain. Soon daddy went outside, and of course, the hungry chickens followed him. Daddy again asked if I had fed the chickens. I declared that I had, but my answer did not convince him. He spanked me until I confessed and told him where I had poured the grain. He then made me dig it up and feed the chickens as I should have done before.

Marvin Wells — Never look back while crawling along a narrow board. When I was four, I had a puppy which often chased me. One day as it was running after me, I crawled upon a long board leaning against a tree. As I looked back to see where my puppy was, I fell off the edge of the board and broke my elbow.

Jerry Workman — When I was small, I visited my grandfather quite often. My favorite pastime was catching his goat and riding it until it headed over the fence. However I always jumped off before the goat went under the fence. One day as I was riding him, he headed for a barbed

wire fence, and I held on just a little too long.

Louise Stewart — When I was either four or five years of age our family was returning home from town in our car.

As dad turned a corner a little fast, I was leaning against an unclosed door and fell out on the sandy road. I was unhurt, but I jumped up screaming "Wait for me! Wait for me!"

Library News

March proved to be another good month for book circulation, with Lockney checking out 615 books and Floydada 1544, making a grand total of 2159. This does not include many reference books and magazines that were used in the library.

The Home Veterinarian's Handbook by E. T. Baker is now available in the library. A practicing veterinarian tells in this complete guide how to handle emergency situations regarding farm animals and poultry. Of equal importance in this manual are the suggestions of what not to do until expert assistance can be obtained. Dr. Baker has discussed over 700 complete subjects which are arranged in alphabetical order, and for quick reference there is a complete index.

Also new in the library is Kentucky, a guide to the Bluegrass State. Dr. Hewitt Is Chairman Correct Posture Week

Dr. A. E. Hewitt of Lockney has been named chairman of a Correct Posture Week Committee for this area. Dr. Wilburn S. Deel of Levelland, regional chairman, announced this week.

As chairman, Dr. Hewitt will direct activities in this area to call to the attention of the public during the period May 1-7 the relationship between good posture and good health.

This town will be one of more than 300 in Texas where Posture Week will be observed.

The chairman for this area said that good posture was more than just standing or sitting straight. "All parts of the body must be working effectively and with perfect balance, ease and comfort," he said. "Sometimes the body is not functioning properly because there is nerve pressure that could have been caused by improper posture."

He said that these points would be stressed during the week: 1) Bad posture may be keeping a person from enjoying truly good health; 2) the way a person walks, works, rides or plays directly influences the spine which in turn governs many normal body functions, and 3) the spine is the key to good posture and good health.

This will mark the sixth straight year that Correct Posture Week has been sponsored in Texas by the Texas State Chiropractic Association and its members.

THE SCRIPTURE

It is interesting to notice that the word "scripture" literally means writing. Anything written fulfills the primary sense of the word; but it is used by way of eminence or distinction to designate the Bible. Hence, the word of the living God is commonly called THE SCRIPTURE. God is its source; men simply recorded that which the Spirit revealed to them. To the apostles Jesus said: "Howbeit when he, the Spirit of truth, is come, he shall guide you into all the truth" (John 16:13). Paul later declared: "How that by revelation was made known unto me the mystery, as I wrote before in few words, whereby, when ye read, ye can perceive" (Ephesians 3:3-4).

Religiously speaking, there is no need of men that THE SCRIPTURE does not supply. "Every scripture inspired of God is also profitable for teaching, for reproof, for correction, for instruction which is in righteousness: that the man of God may be complete, furnished completely unto every good work" (II Timothy 3:16-17). All that men need to believe and do in religion is contained in Holy Writ.

The plea of churches of Christ is THE SCRIPTURES and THE SCRIPTURE only. God has given us "all things that pertain unto life and godliness (II Peter 1:3). Consequently, we have absolutely no need for creeds formulated by men. Why a handbook, ritual, manual, discipline, catechism, confession of faith? Why a supplementary document? For men to subscribe to something other than THE SCRIPTURE as authoritative in spiritual affairs is to acknowledge an insufficiency of faith. If the Bible furnishes us "completely unto every good work" why something else? When we accept creeds written by fallible men, we, by our very actions, demonstrate that we do not truly believe the foregoing Bible quotations.

Our fervent prayer is that God will hasten the day when all professed believers of THE SCRIPTURE will lay aside man-made documents that have contributed no little to the divided condition of the religious world! The infallible Book is the criterion of all spiritual affairs. It is the divine rule by which to live and die; it is the standard by which men will be judged (John 12:48; Romans 2:16). A knowledge of it is a priceless possession. — Selected.

Teenage Drivers

La Dora Ayres
The phrase "teenage drivers" is used by adults as a general term meaning reckless drivers. This is, indeed, the wrong impression. Statistics do show that drivers under twenty-five are involved in a greater percentage of accidents, nevertheless, these are caused by a minority of show-offs, reckless, and immature youths who should not be driving anyway. The majority of the teenagers are careful, responsible drivers with respect for lives and property.

What can be done about the reckless and the dangerous minority? What can the responsible group in L. H. S. do about it?

Perhaps the answer lies in the hands of the respected and the admired leaders of our school. If these leaders would scorn the antics of the reckless and the immature youths until they no longer felt their importance in careless driving, they might seek safer forms of entertainment.

Racing is one of the biggest problems. Girls, here is where you can help. A boy will have enough respect for you not to race on dates if you request it. Some teenagers race for the sport of it, so a regular racing track under legal supervision may be the solution to this problem. The second reason for racing is rebellion as a means of emotional outlet. What is the answer here?

Lockney has some recreation, but not enough to keep the teenagers occupied. Maybe, a bowling alley, a skating rink, better park facilities, a canteen or just a regular recreation hall would help a great deal.

If a driver's education course were taught and each driver were required to take it, more teenagers would understand the mechanics of the car there by making them better drivers.

These are a few answers to the big problem, what do you think the solution is?

This Is Your Life

You were a chubby toddler with long brown hair at the age of one. You so dreaded for anyone to comb your hair that you would scream and cry for a long time before you went anywhere, because you knew your tangled hair must be combed.

When you were two, you awoke one morning with a baby sister, whom you called Ann.

At the age of five, you provoked your sister by refusing to let her in the house, consequently she stuck a fork in your jaw. It was at this age that you started to school at Prairie Chapel. Since you did not like it you screamed and cried because you had to go. After your chair fell over in class you simply refused to attend again.

The next year you entered school in Lockney. At that time, your mother had her leg amputated and your family spent three months in Mineral Wells. This was also the year that your older sister, Norma, married.

You began trying to cook that year. You got upon the cabinet to make a cake and spilled it on the floor. Every time a road grader passed your house, you simply yelled from fright.

You learned to drive during your freshman year. As you drove between a post and a tree, much of the chromium was scraped off.

In the sophomore year, you were class president and F. H. A. reporter. Since your mother had passed away, you found it necessary to assume her responsibilities. It was a hard year, but your sister, Ann, very ably assisted. Now you do the housework as well as many school activities, quite capably.

As a junior you are now vice-president of both the Honor Society and the F. H. A. You are also class favorite.

You did not realize that higher honors were in store for you until you were elected

president of the student council for next year.

This is your life Rita Griffith, and it is one to view with pride.

Easter Sunday was a beautiful day and several from here went to sunrise services at the Sterling Methodist Church, as well as to their regular church services. Monday was a different story with a terrible dust storm that did some damage to several homes here, blowing down light wires and other things such as shingles and coverings of roofs blown down or torn.

Mr. and Mrs. L. T. Wood went to Tucuman N. M. Saturday to visit her mother, Mrs. S. C. Waller. Juanelle spent the week end with Mr. and Mrs. Walter Wood who had guests from Texas Tech at Lubbock. Tommy McCown and Mr. and Mrs. Jimmy McCown.

Mr. and Mrs. Rex Smitherman and Kelly went to Lubbock on Easter Sunday to attend a Jackson family reunion held at MacKenzie Park. Mrs. John Smitherman kept Bryn who has been suffering a case of the measles during the past week.

Mr. and Mrs. Fred Fortenberry went to Tulla on Sunday to have Easter with her brother. Mr. and Mrs. Larnce McCain and children. The Fortenberrys had the pleasant experience of having a call from their son, Elmo, who is in the navy, stationed in Japan. He called from Yokohama where it was 11 o'clock on Tuesday morning while the time here was 8 o'clock Monday night.

Mrs. Early Pritchett will be hostess for the H. D. Club Wednesday, April 11. "Beauty For You" will be the theme. A beauty demonstrator will be present, as well as Mr. Hammond from the Fabric Mart at Plainview who will show and explain new fabrics. This is an important meeting and all should plan to attend.

Visitors in Lubbock last Thursday were Mr. and Mrs. Sylvan Kinnibrough, Marilyn and Beth and Mr. and Mrs. Murray Julian and Bruce.

Easter egg hunt and parties were enjoyed by the lower grades of Mrs. Ray Smith and Mrs. Oscar Hewitts rooms. Friday School was dismissed early for the Easter vacation until Tuesday morning.

Tommy Respondek was brought home by ambulance from Lubbock Wednesday afternoon. He is in a cast from his arm pits to his toes on the left side and the cast extends below his knees on the right side. He will have to be in this for four weeks. Mr. and Mrs. Tom Respondek and Murray Julian went to Lubbock to help get him ready to come home and since Tommy can't visit him as time will pass slowly for him. Relatives from Lubbock, Plainview and friends were visiting him Sunday.

Fred Marble and Charles Hartman, who have been stationed in Fort Ord, Calif. are having their first furlough at home here with their wives and families. Fred plans to enter the artillery when he goes to Fort Bliss, El Paso. Friday, Charles will go Friday to Aberdeen, Maryland where he will be in ordinance supply.

Eulalia Sanders is confined to her home since Friday with a case of the chicken pox.

Mrs. Robert Rose of Denver, Colorado was a visitor at church Sunday morning. She is visiting her parents, Mr. and Mrs. Zach Cummings and other relatives.

Mr. and Mrs. Glenn Jarnagin and children, Floydada, were among the folks who spent Easter in the home of Mr. and Mrs. Harry Hartman.

Mr. and Mrs. I. H. Parks, Eddie and Jay Frank spent Easter holidays in Amarillo with her mother, Mrs. J. G. Shearer.

Mr. and Mrs. W. M. Stanforth Jr. went to Lubbock Monday and reported winds of terrific force down that way. Mr. and Mrs. Murray Julian and Bruce went to Canyon to take Terry back to his college studies Monday, after he had spent the Easter weekend at home. They all went on up to Amarillo on business and reported that dust and wind was much worse up that way than here. Dust near Canyon and Happy completely obliterated the roads and traffic was compelled to come to a halt many times.

Mrs. Lon V. Smith will be guest speaker at the South Plains PTA meeting at 3:00 Friday afternoon, April 6. She will review the book, "The Golden Journey" by Agnes Turnbull. Everyone is invited to come and with such a wonderful speaker you will surely not want to miss this book review. Election of officers for the coming year will be held. Be sure to attend.

Larry Faus and several members from the church went to Silverton for the beautiful baptismal services held for several people of the Silverton church and for Mrs. Bill Hopper of South Plains. Rev. Faus preached at the Silverton evening church service.

W.M.U. members of the Baptist Church met at the church with Mrs. McClure presiding on Monday afternoon at four for a Royal service program of "Tell Them of Jesus the Mighty to Save." Volley Ball Tournament, Tulia

On Tuesday, March 27, the Lockney Longhornettes attended a district volleyball game at Tulia. The first game was between Lockney and Tulia, with Dimmitt playing the winner. Lockney was playing at a disadvantage as their team did not know the rule about stepping over the line. The Longhornettes played the best two of three games with Tulia, winning the first two. Dimmitt won over Tulia, so they will play the winner of another tournament for the district championship.

Gems Of Life

Luther Williams
 "Even as the Son of man came not to be ministered unto, but to minister, and to give his life a ransom for many." — Matthew 20:28
 Does the world seem ugly and lawless? If youth have vision and courage, they will not only attempt to eradicate lawlessness but they will also see the possibility of making life more beautiful and fitable for all creatures.
 May the world become more orderly and pleasant because of our lives! Let us not become discouraged by the problems which confront us as citizens of tomorrow; but let us practice faith, tolerance and perseverance in all of life's undertakings.

Assembly Program Held March 29

On Thursday, March 29, an assembly program was presented by some of the talent of Lockney High School. Luther Williams, president of the Student Council, served as master of ceremonies. The program started off with a bang as Jimmie Holt and Pat Ashton did a tap dance. Next, the "cure" Silver Bells sang "Angel In the Sky," and "Hallelujah." Then from the Freshman class came Glen McCandless and Elaine Cooper singing "Are You Mine," and "Cry, Cry, Cry." Charlyne Brown then gave a reading. Next on the program were Barbara Wilson and Carolyn Jones who sang two numbers, accompanied by Jo Nell Wilson at the piano. Following this, David Howell played a boogie woogie on the piano. Next, Marvin Christy, a newcomer to Lockney High, played several numbers on the guitar and sang. The freshman Harmonettes then rendered two beautiful numbers. Jay Kemp, a member of the junior class, played a piano selection. Then brought on with a loud applause, were Cleon Wylie, Gail Wilson and Joe Orland Nolan playing and singing "Blue Suede Shoes" and "Heartbreak Hotel." That concluded our assembly program, and we pupils want Mr. Smith to know that it was really enjoyed by everyone.

GROWERS REPORT INCREASED YIELD WITH "NA-CHURS" SEED TREATMENT AND LEAF FEEDING

The following excerpts from satisfied "Na-Churs" users are typical of the many letters received by the "Na-Churs" Plant Food Company from your own friends and neighbors. These folks have proven to themselves that "Na-Churs" Liquid Fertilizer can help increase yield, give better growth and advance harvest.

"I sprayed 5 gallons of "Na-Churs" on 3 acres of cotton in the middle of a 12 acre field. The increase in yield was at least 30%, compared to unsprayed part. I will use "Na-Churs" again next year." C. C. Swope, Wilson, Texas.

"In 1955 I treated 10 acres of irrigated cotton with 2 gallons per acre of "Na-Churs". This cotton made one bale per acre and was pulled two weeks before the untreated which made only 2-3 bale per acre. All of this cotton acreage had a heavy hail loss on June 26. In 1956 my plans call for seed treatment plus foliage spraying." Theo Campbell, Wilson, Texas.

EASY TO DO — SMALL COST PER ACRE

Treating seed with "Na-Churs" is easy. Simply sprinkle "Na-Churs" over the seed, mix until thoroughly moistened, and allow to dry. One gallon of "Na-Churs" will treat 8 bushels of seed and the cost is only a few cents per acre. Only a half bushel increase in yield will more than pay for "Na-Churs" seed treatment.

FOR MORE PROFIT — TRY LEAF FEEDING

Used as a companion with "Na-Churs" seed treatment, foliage feeding with "Na-Churs" can help your grain and cotton develop stronger roots. Application can be made with any type sprayer or by airplane. It's fast acting. Don't let this season go by without giving "Na-Churs" a try on your farm.

CALL US TODAY!

We have "Na-Churs" available for immediate delivery in 5, 30 and 55 gallon drums. Try "Na-Churs" for yourself. You be the judge.

Meant To Close But Someone Left The Door Unlocked

An unusual situation developed at The White Rose Cafe here Easter Sunday, when the cafe was filled with customers at the noon hour and no one was present to serve them. Mr. and Mrs. Archie Phillips, who operate the cafe, decided they wanted to go to church on that day and had announced that they would not be open. However, an employee of the cafe was the last one to leave the place and she forgot to turn the latch locking the door. At the noon hour several people came, and finding the door unlocked, went in and sat down, waiting to be served. Soon the cafe was full and still no one appeared to wait on the customers. Finally someone called Mrs. Phillips and she explained the situation.

"We're sorry it happened," Mrs. Phillips said, "but it was just something we couldn't help. We certainly weren't trying to pull an April Fool's joke."

The cafe is open each week day and will be open next Sunday, Mrs. Phillips said.

Mr. and Mrs. Ray Pinner and family spent the Easter week-end at Bensonville, Ark., visiting his sister and husband. Mr. and Mrs. J. B. Tealt.

Fire Destroys Bundle Feed Stack

Fire destroyed between 800 and 900 bundles of good grain fed here on the W. E. McClure farm, five miles south of Lockney, Monday afternoon. Mr. McClure didn't know how the fire started but thought it may have started from his pipe. He had been smoking in the vicinity.

Mr. McClure was some 200 yards away from the stack when he saw it smoking. He rushed to it and almost succeeded in getting the fire out but the high winds spread it faster than he could handle it. The Lockney Volunteer Fire Department was called to the fire and assisted in preventing it from spreading to nearby buildings. Also several neighbors came in to help in preventing the spread of the fire.

Mr. McClure Tuesday asked the Beason to express his thanks and appreciation for the help of the fire department and the neighbors.

High Winds Do Some Damage

High winds in this area Monday did some damage but nothing as serious as the big blow late in February. Small buildings were blown around at a few places.

At Patterson Glen here vents were blown off the old gin and some loose tin was blown around quite a bit. Also in the same vicinity a box car was unroofed. The wind that did this damage came in one big puff and was thought to be a small twister or a big whirlwind, although those in the vicinity couldn't see exactly what was happening for the dust and dirt.

Plate glass windows were blown out at Post and damage was suffered by new construction at Morton during the day. The climax of the blow was a tornado that hit Drumwright, Okla., on Monday night, killing two, injuring 12 and doing untold damage.

College Students Home For Easter

Most of the local college students were home for the Easter holidays. Among them were Jovonche Taylor of Hardin-Simmons University, Abilene; Betty Johnson, Orland Gilbert and Joan Harris of McMurry College, Abilene; Teddy Carthel, Sandra Myers, Ann Bell, Eddie Joe Foster, Audrine Rhine Robinson, June Pigg and Elizabeth Handley, all of Texas Technological College. Elizabeth Handley is doing her practice teaching in the high school Home Making Department in Ralls. Rose Mary McDonald and Glenda Beathome Krieger, students of West Texas State, Canyon were also here. Glenda is doing her practice teaching here in the commercial department of LBS. Jim Bob Reynolds and Corrie Whitehead, students of Plainview business schools also spent the holidays here.

Cucumber Growers Asked To Meet

Chamber of Commerce Manager Dick Whiteley announced Wednesday that those farmers of this area who signed up for cucumber acreage, recently would meet in his office tonight (Thursday) at 8 o'clock. He asked that all these farmers be present for an important meeting.

Music under the direction of Mrs. Milton Ashton and games were enjoyed by the children. The Easter entertainment committee composed of Mmes. Robert McDonald, Chas. Duran and Bill Alford, served a grape punch and Vikkoe served sugar cookies topped with various Easter animals, nestled in a green basket in the following guests: Andy Duvall, Cathy and Merline McDonald, Gloria Cooper, Glenda Cooper, Lanny Barnett, Jamie Quebe, Laveta Wilson, Johnny Patterson, Bruce Baccus, Kathy Thomson, Teresa Ann Duran, Patti Jo Cunningham, Karen Bevell, Carolyn Byrd, Dandy Reever and Darlene Reed, and to the following pupils: Kay Thornton, Annel Ashton, Gary McDonald, Carol Gay Wiley, Judy Bilbey, Randy Alford, Jummie Rale Krupp, Johnny Quebe, James Dorsett, Charlotte Duvall and Mike Duran and to the mothers: Mrs. Milton Ashton, Ubell Cunningham and Henry Bevell and to the teacher, Mrs. Dernel Wood.
