Substantially larger prizes will be offered in the various contests on Old Settlers Day in Floydada May 28. It was decided last Saturday by the planning committee. Various other plans were made and committees selected for the annual celebration of Founders Day in Floyd County.

The committee announced that the main address of the day, to be delivered during the morning session, will be given by E. Watkins of Lubbock. A. T. Sweptson, chairman of the dinner committee, announced that the noon meal to be served by the old timers would be served by the same women who so efficiently served it last year.

The parade committee asked that additional members be appointed from various areas of Floyd County and the following were named: Providence, Charles Boecker; South Plains, John Key West and Frank Brown; Lone Star, Hubert Frizzell; Cedar Hill, Gerald Lackey; Aiken, J. ## Senior Play To Be Presented Friday Evening

The Senior Class play, "Desperate Ambrose" will be presented at the high school auditorium Friday evening of this week. Curtain time is 8:00 o'clock. Originally set at 7:30, it has been moved to 8 p. m.

A three-act western comedy, the play features two-gun men with plenty of action and fun. The main character, of course, is Ambrose Groves, played by Doyle McAda. He is a meek and mild-mannered young fellow from the east. Ambrose' "podner" is Bob Copeland, also from the east. Jerry McQueen, playing the part of the sheriff of Dead Man's Gulch, causes all the commotion. Other characters include Hoot Owl Pete, played by Dee Nix, an old-time grizzly hombre dressed in solid black; Stinkweed Meade, played by Dan Griffith, a none-too-bright would-be rustler and Hoot Owl's hirling; Nancy and Anne Martin, played by Jimmy Holt and Sue Harper, who have been willed the Dead Man's Gulch Hotel, and Posie, the Martin's colored maid, played by Odette Mae Rogers.

Other characters include Beth Malone, a matronly woman of forty-five, played by Mary Myers; Mrs. Spool, a middle-aged gossip gad-about, played by Ernestine Spradlin; her daughter, a tiny little trick in her teens, played by Clara Lee Smith; Dan'l, a character of Dead Man's Gulch, played by Luther Williams; Harold Shearer and Gail Wilson appear as two men in the play and Donald Pigg is the probate judge. The setting is the Dead Man's Gulch Hotel. Admission will be 75 cents for adults and 50 cents for students.

## Funeral Services For Floydada Child Are Held Tuesday

Friends and sympathizers crowded into all available rooms at the First Baptist Church, Floydada, Tuesday afternoon to attend funeral services for little Norma Ellen Allen, 9-year-old daughter of Dr. and Mrs. R. Earl Allen. The services were held at 2 p. m. with several ministers taking a part. The father is pastor of the First Baptist Church at Floydada. Interment was in the Floydada cemetery.

Norma was killed almost instantly Sunday morning in an auto accident near Coleman, Texas. Mrs. Allen lost control of the car in which she, Norma and her son, Todd were riding when the little boy fell against her. The car ran off the roadway, blew out a tire and then flipped over. The little girl was thrown from the car and suffered a concussion. Her mother, who was not injured in the accident, attempted to revive her for some 15 minutes until passersby came to her aid and rushed all three to a hospital.

Rev. Allen was in Sunday School at his church when notified of the accident. He left immediately for Coleman where Mrs. Allen and her son were hospitalized. Neither were injured in the accident.  
Mrs. Allen and her children left Floydada Friday afternoon to visit her parents at Santa Anna. They had planned to stop in Coleman for church services Sunday morning and continue on to Floydada afterward.

Survivors of the little girl include her parents, her small brother, paternal grandmother, Mrs. Mary Ellen Allen of Fort Worth and maternal grandparents, Mr. and Mrs. A. M. Lovelace of Santa Anna.  
A large number of people from this area attended the services Tuesday.

## B&PW Club To Hold Brunch April 28

The brunch will be held at the High School cafeteria. Mrs. Jimmy Willson Jr. of Floydada will present a book review.

The B&PW club is inviting the public to attend. Tickets are \$1.00 and must be purchased or reserved in advance. Those wishing tickets may call Mrs. Pat Stansell at 3122.

**EVANGELIST FRANK DUCKWORTH** of Dallas is preaching in a meeting which started Wednesday evening at the Prairie Chapel Church of Christ. Services are held at 8 p. m. week days and at 10:30 a. m. and 7:30 p. m. on Sundays. The meeting will continue through Sunday, April 29th. A list of sermon subjects will be found elsewhere in this paper. The public is invited to attend the meetings, members of the church said.

## Fire Destroys Carthel Home

Fire of undetermined origin almost destroyed the home of B. R. Carthel a block west of the grade school early last Thursday morning. The fire was discovered about 3 a. m. and had gained such headway that the Lockney Volunteer Fire Department was unable to save the building.

B. R. Carthel and his brother, Guy, were sleeping in the rear of the house when they were awakened by smoke. They immediately roused neighbors who called the fire department. The fire apparently started in the ceiling at the front part of the house, occupied by Mr. and Mrs. Bill Ledger and baby. The Ledgers were not at home at the time, Mr. Ledger being on a truck trip to California and Mrs. Ledger was visiting her mother at Olton. The Ledgers lost all of their clothing and furniture and Mr. Carthel also lost most of his belongings. He carried only a small amount of insurance on the building. Mr. Carthel is at present staying with his son, J. M. Carthel. He was undecided this week whether or not he would rebuild the house.

## New Beauty Shop Opens Tuesday

The Fashionette Beauty Salon, located on South West Third Street, opened for business Tuesday of this week. Owners and operators are Mrs. Verna Newton and Mrs. Naomi Griffith.

The shop is located a half block north of the Revival Tabernacle Church in a new building just constructed. New equipment and furniture has been installed and the place is very attractive.

The shop doesn't have a phone as yet but expects to get one within a few days, the owners said. Delay in installation of a line is holding up the phone installation.

## To Preach In Nevada Meeting

Rev. R. E. Wiley, pastor of the First Baptist Church, left Monday for Ely, Nevada, where he will preach in a revival meeting starting Wednesday of this week. Bob Davis, accompanied by Gerald Sams, flew him to Nevada Monday in his 4-place Bellanca plane.

The meeting, one of a number to be held simultaneously in several western states, will extend through Sunday, April 29. The local church recently voted to send their pastor to the Nevada church for the revival and to pay his expenses as a missionary endeavor.

In his absence, Ken Coleman, representative of Texas Alcohol Narcotic Education Committee, will fill the pulpit Sunday morning, April 22 and Rev. L. A. Blair will preach Sunday night. On Sunday, April 29, Gaylon Wiley, brother of the local pastor, and a student at Wayland College, Plainview, will preach at the morning service and Rev. Clay Muncy will preach at night.

## Callaway Boy Gets Both Legs Broken Sunday

Kenneth Callaway, 16-year-old son of Mr. and Mrs. C. H. Callaway, suffered fractures to both legs Sunday afternoon when a horse he was riding ran into a telephone post and knocked him to the ground.

His right leg was broken above the knee and he suffered a chipped bone and a fracture in his left knee. He was rushed to a local hospital and then sent on to Methodist Hospital at Lubbock where a bone specialist was available. Carter Ambulance of Lockney took him to Lubbock.

The attending physicians put the legs in traction splints Sunday and on Wednesday morning operated and set the breaks, putting the limbs in casts. A pin was placed in the right leg.

Kenneth and a friend, Bill Reagan, were riding horses belonging to Bill's grandfather, Claude Keeter and the other to A. C. Galloway. Kenneth's horse had been running up the side of the road. He came to a telephone pole and in some manner the horse ran into the pole, knocking Kenneth to the ground. The breaks resulted.

Kenneth is a freshman in Lockney High School. He was a star back on the 1955 Longhorn football team. Attending physicians are doubtful that he will be able to play this fall, relatives reported. However they say that he will eventually recover fully if no complications occur.

**LIONS QUEEN** — Miss Elaine Cooper, daughter of Mr. and Mrs. M. E. Cooper, has been named the queen candidate of the Lockney Lions Club to enter the District 2-T-1 contest at the annual Lions convention in Amarillo in May. She is a freshman in Lockney High.

Officers elected were Connie Reed, Noble Grand; Ben Wood, Vice Grand; O. E. Durham, secretary; Jimmy Myers, financial secretary; Glenn Morgan, treasurer; A. J. Jester, Audvie Barnett and A. K. May, trustees.

A visiting advisory committee from Floydada lodge was present for the meeting and assisted in the organization. They were Horace Marble, W. H. Foster, and F. J. Reeves.

The lodge will meet each Thursday in the Revival Tabernacle Church building in South Lockney. It was announced.

The bank's statement of condition, published this week and dated April 10, shows demand deposits at \$3,323,712.17 as compared to \$3,995,792.53 on December 31. Total deposits in the current statement are \$4,206,943.27 as compared to \$5,021,738.69 on December 31.

Cash on hand shows very little change. As of April 10, cash stood at \$1,843,694.83 compared to \$1,895,759.77 on December 31.  
Loans have actually shown a drop since December 31. Currently the loans and discounts stand at \$2,056,550.08 while they were quoted as \$2,539,701.63 on December 31.

The bank has \$200,000.00 in capital stock plus \$138,681.56 as undivided profits for total capital accounts of \$338,681.56.

Blake of Grand Prairie was killed when the car in which he was riding was struck by a train at 10:30 that night. Mrs. Blake and Mrs. Myers are sisters. Mr. and Mrs. H. F. Easley who have made their home here at intervals, are grandparents. They now live at Grand Prairie.

Terry Perkins, 16, from Grand Prairie, the other occupant of the car was also killed in the tragedy. The two boys, sophomore students, were thrown 150 feet from the car in the impact. The car was completely demolished.

Jerry Blake attended the fourth grade in Lockney and lived that year with Mr. and Mrs. Myers. A change in climate had been recommended for Jerry at that time because of an illness he had suffered.  
Mary and Sandra Myers left from Lubbock via plane Tuesday afternoon at 5:00 o'clock to join their parents for the funeral scheduled for sometime Wednesday.

## Minute Editorials

We then that are strong ought to bear the infirmities of the weak, and not to please ourselves.—Romans 15:1.

**THE STATE ASC COMMITTEE'S** reported boycott of Floyd County farmers who are participating in the hearing in Federal court is to be regretted. The 16 men involved in the suit are, more or less, representing all Floyd County cotton farmers. Right or wrong, they are taking action which they believe necessary to protect their rights and interests. That is a privilege in free America. Now comes a state agency which punishes them for "protecting their rights." To us it smacks of Gestapo methods. We think the committee made a mistake which will react against them in several ways. When any government agency reaches the stage where its decisions cannot be questioned or even criticized, we have lost our Democratic way of life.

**THE FARM BILL** has been vetoed and what is in store for Floyd County farmers in the way of price supports is yet to be determined. We're sorry Mr.

Eisenhower saw fit to veto this bill although a number of local people have expressed approval of his action. Certainly the bill wasn't exactly what anyone wanted but it would have been helpful to South Plains farmers because of the fact that it improved the position of grain sorghums as relating to corn. The Beacon is attempting to find out exactly what the farmers position is now regarding price supports. Perhaps we will have that information before this edition is completed.

**WHAT EFFECT** will this veto have on the presidential race next fall? Probably Mr. Eisenhower will lose the vote of the farm states. Certainly he should lose their vote since his listening to Benson's advice has worked to the detriment of most all farmers. But the loss of the farm states vote will not be enough to defeat the Republican candidate. We predict he'll be elected in spite of that providing he doesn't lose the support of other minorities.

**THE MIDLAND** Junior Chamber of Commerce has begun a movement which probably will eventually lead to the submission of a constitutional amendment to the state legislature calling for annual sessions of that body and annual salaries commensurate with the services performed. As this column has pointed out several times, much of the trouble in the state government is due to our antiquated system of state government. Not the least trouble is the poor pay and the long time between sessions of the state legislature. When the people of Texas decide to overhaul their present legislative system, pay their legislators a decent salary and modernize other government agencies, departments and procedures perhaps then we will have a state government of which we can be proud. Until that time, we won't.

**AS IS POINTED OUT** in a leaflet issued by the Jaycees, "With our legislature meeting for only 120 days every two years, Texans cannot reasonably expect the Legislature to cope effectively with all the multitude of problems which stack up more and more to complicate the operation of State Government. One thousand and four hundred and thirty-one bills were introduced in the Texas Legislature in its last session . . . and this does not include the hundreds of resolutions that were introduced in addition to legislative bills. It is beyond reason to expect any man to become fairly familiar with even a small segment of this mass of legislation to study it, and to come to an intelligent conclusion about it within the short time allotted in the bi annual sessions."

"Should our legislature be required to continue to appropriate money for expenditures more than thirty months in advance? Should we continue to request that states' rights and powers be returned from the federal government to our state when we are not equipped to meet those responsibilities?"

### With Our EXCHANGES

**WATER FIGHT**  
In a nutshell, the City of Lubbock bought some 53,000 acres of land in Bailey County for the sole and express purpose of drilling city water wells. The water will flow through a huge pipeline, and will feed the parched throats and industrial engines of "Greater Lubbock." Farmers and business men in the Muleshoe County area are no little upset over the possibility of exhausting the Bailey County underground water, which they would like to keep at home for irrigation purposes. They feel that Lubbock will use the water for industrial expansion, in which case they would rather use it to expand Muleshoe and Bailey County than to enhance Greater Lubbock. — Hereford Bull in Hereford Brand.

### WRITE-IN CAMPAIGNS

Possibly the greatest damage done by such a write-in campaign, however, is the elimination of potential candidates for future years. School board members have a thankless job, and contrary to what some people seem to think, it is completely without recompense. A man must be public spirited to be willing to serve. Very seldom does a man volunteer for a school board job—he must be induced to run. Now since Saturday we have heard several good men say they would never allow their names to be placed

on a school board ticket, as they do not want to be placed in the embarrassing position of the defeated candidate in Saturday's election. And where one man has said it out loud, there are many more who have said it to themselves. Think it over. The next time you want to elect a man to a school board job, how about placing his name on the ticket. Then all the voters will have the opportunity to decide on him. And we have an idea the candidate himself will feel a lot better about it. — Trends in Crosbyton Review.

### 'CAVEAT EMPTORES'

The Better Business Bureau has on guard against gyp artists who blow into town about this time of the year and start ringing doorbells, offering all sorts of dubious "bargains."

Most of the articles offered by these itinerant salesmen can be obtained in South Plains stores at prices similar to, or below those quoted by the solicitors. And articles purchased in the stores have the reputation of the firms behind them, while those bought from unknown canvassers are of doubtful value. Furthermore, the buyer has no recourse if they prove to be fraudulent. By the time one checks the real worth of the article he has purchased, the salesman will be far away, plying his trade in some other city. The itinerant salesman, ordinarily, is less interested in giving value for value received than he is in making a fast buck. The "bargain" obtained when trading with an unknown salesman may turn out to be the most expensive deal made in months.

Barney E. Rushing Jr., president of the local Better Business Bureau, says the best protection against such schemes is to adhere to the adage, "If you don't know the merchandise or service, know the merchant or dealer."

It's a good rule to follow. — Lubbock Avalanche.

## Outstanding Soil Districts To Be Named

College Station, Texas — Three outstanding soil conservation districts and three champion farmer-conservationists for the year ending March 31 will be announced during June, says Jack Barton, extension soil conservation specialist.

Barton has received word from the Goodyear Tire and Rubber Company, sponsor of an annual national program of conservation awards, that the judges have been named for making the Texas selections. They are Louis Merrill, Texas State Soil Conservation Board, Temple, chairman; Bill Shomette, farm program director for Radio Station KENS, San Antonio; W. W. Cardell, manager, Luling Foundation, Luling and Clark Bolt, farm editor, Waco News-Tribune.

The three selected districts will receive bronze plaques for permanent possession and each will name a member of its board of supervisors and the outstanding farmer-cooperator who will be guests of the sponsor on an all-expense trip to the sponsor's farms in Arizona next November or December.

Because of its extensive agricultural industry and activity, Texas is divided into three geographic units for program purposes instead of the single unit in most other states.

Barton says the current program is the third to be sponsored on a national basis. The fourth begins on May 1 and ends on April 30, 1957 with similar awards offered.

## Fire Damages Powell Home

The home of Mr. and Mrs. John Powell of Aiken was damaged by fire and smoke Sunday. The fire evidently started from a hot water heater in the pantry. A hole in the floor near the heater was burned about three feet in diameter and is thought to have smoldered for about twelve hours, Mr. Powell said.

The fire was discovered at 7:45 Sunday night when the Powells returned from an outing at Lake Kemp. The house was filled with smoke and ruined all the finish on the textured walls. The fire was quickly put out with extinguishers and a water hose but damage from the smoke was said to be extensive.

Farm Bureau News

By Chester Carthel

Well, it has been quite a few days since I have written anything for the Farm Bureau. It seems that I have been a little busy otherwise.

I noticed the last time I was in the Floyd County Farm Bureau office that there was quite a few of the gate signs that had not been picked up. If you are a member of the Farm Bureau, you have one of the gate signs in the office or we will be glad to secure one for you. In driving around over the country, those signs sure do show up where they are displayed. I believe that is a very good way of advertising Farm Bureau and of also showing others that we believe in further advancement of agriculture. So if you have not picked up your gate sign yet, go by the office and do so.

I received a program of the 9th Annual Texas Weed Control Conference to be held at the Amarillo Experiment Station Thursday, April 21, 1956. For any of you interested here is the program.

Another dust storm Saturday brought in a cool front and the first drops of rain seen in months appeared Sunday morning. Since the upper part of the panhandle received some moisture, our time will come soon. Young beans, just coming up, were nipped by the low temperatures of last week.

Mr. and Mrs. Frank McClure spent the past week in Crosbyton with their son, Mr. and Mrs. Don McClure, Donna and the new baby, Cheryl.

Mr. and Mrs. Carl Smith and Mr. and Mrs. Garland Foster and three girls, all of Floydada enjoyed dinner Sunday in the home of Mr. and Mrs. H. S. Calahan Jr. and girls. The occasion was the birthday celebration of Mrs. Foster, whose birthday was Saturday. Vicki Calahan spent from Thursday until Sunday of last week in Floydada with her grandparents, and the Smiths brought her out with them Sunday.

The Junior Royal Ambassadors with Rev. Larry Faus are planning a camping trip Friday night down at the Baptist Encampment.

Mr. and Mrs. J. A. Kinnibrugh from Vera came Saturday to spend that night and Sunday visiting their son, Mr. and Mrs. Sylvan Kinnibrugh, Marilyn and Beth.

## Sophomore Class Meets April 10

On Tuesday, April 10, the sophomore class held their regular class meeting. Bill Bigham, the class president, called the meeting to order. They discussed and decided on a skating party at Plainview on Tuesday afternoon, April 10. Gayle Rucker, a member of the student council, then asked if the class would like to sell tickets to the volley-ball game between the Lions Club and the Rotary Club soon. The class, turning in the most money will receive a five-dollar prize. The group then voted on whether a few representatives of the entire class would sell these tickets. It was decided that all of them would undertake this project.

## LHS Delegates To PTA Convention At Lubbock

On Tuesday, April 10, Mary Ford and Floy Baxter were L. H. S. delegates-representatives to a P. T. A. convention in Lubbock. The reason for their going was to learn more about P. T. A. activities and about their helpfulness to the schools of our state. Mary and Floy considered it both a privilege and an honor to have this opportunity given to them.

## "Ooops, What A Hard Fall"

"Ooops, what a hard fall!" was one of the expressions uttered by a member of the sophomore class at a skating party in Plainview on Tuesday afternoon, April 10.

The sophomore class assembled in front of the high school building at 3:30 p. m. and left for Plainview at fifteen minutes of four o'clock. They first went to the skating rink where a skating party was in progress until six o'clock. Afterwards, the class proceeded to the park and enjoyed delightful picnic lunches and many amusing games.

Wearily, the class turned homeward after a joyful evening of fun and play.

## English Poster-Making Contest On Parts Of Speech

Tenth, eleventh and twelfth grade English classes have just completed a poster-making project, illustrating the five kinds of nouns, six kinds of pronouns, seven kinds of adjectives, adverbs, prepositions and conjunctions.

Colorful pictures, either drawn or cut out of magazines, were put on posters to illustrate the kinds of the parts-of-speech. The part-of-speech illustrated was put at the top of the poster, and it was either printed or cut out of construction paper. A verse was printed or written at the bottom of each poster.

Pupils worked in groups of two, three or four.

Charlene Messimer and Dorothy Skelton are wearing blue ribbons as first-place winners. The red-ribbon wearers are Lujan Sandlin and Jane Willis, as winners of second place. Carolyn and Nelda Cunningham's white ribbon awards indicate that they got third place.

## LHS Teachers And Students Play Volley Ball

On Tuesday morning L. H. S. was all excitement and anxiety over the ensuing volley ball game between the L. H. S. women teachers and Mr. Ingram's first period P. E. class.

The game was so interesting exciting and funny from beginning to end that we pupils hope this occasion becomes an annual affair.

This game was used as a means of getting more books for the library. The admission price was either one book per person or a fifty cent fee.

As a result of this volley ball game, the library has 154 more books and \$17.00 with which to purchase other needed reading material.

If anyone wishes to donate a book Mrs. Zeigler will gladly accept it.

Feel free to read and browse around in our splendid library during any of your leisure time.

## HOT WATER FOR BEST RESULTS

Dynel fabrics can be washed well in cool water, but results are better if the soap or detergent suds and the rinses are quite hot. Adjust the washer for a short spin-dry cycle because wrinkles are set deeper when the fabric becomes too dry.

## Chit-Chat

Pat Reed, just who is this Steve?

Say, Lajuan C., Jane W. and Cleta W. did you have fun at the party at Ralls last Friday night?

Lajuan S. do you really think that Barbara Wilson's cousin is cute? It's too bad he is too young.

Congratulations Lajuan S. on your new, proud title of "Auntie Lajuan."

Janney A. and Bill C. were seen at the Methodist Church Sunday morning.

What accounted for Joel Mc having a high fever Saturday night? Was it his current girl or a bad case of pneumonia?

Glenda F. and Kenneth P. were seen refreshing themselves with cups of coffee at the Coffee Shop just recently.

Barbara Jo H. and Richard E. barely arrived from Lubbock before the terrible sandstorm Sunday.

Gayle R. what happened at noon Monday to bring such a "blush" to your cheeks?

Lou Ann C. is that a sophomore boy with whom you would like to have a date?

Dot S. are the cokes at the Drive Inn better than those at the Coffee Shop?

It seems as if Shirley W. has found a new "Flame" in Plainview.

Wonder if Charles V. and Sunny L. had an interesting, agreeable conversation at noon Tuesday, the tenth.

Say, Jerry M. what happened to all that accumulated "loot" of ear-rings on Monday afternoon, the ninth?

Gayle W., how do you like being "foot-loose and fancy-free"?

Mary M. did you have an enjoyable time in Plainview on Saturday evening, March 31?

Time for the Junior-Senior Banquet is drawing near, so boys, ask those girls for dates.

Boy, that faculty volley ball game came off with a bang on Tuesday morning, the 10th, in the gymnasium.

Mrs. Cope should be signed up as an "All-Star volley ball player."

Sue H. did you have a lot of fun on Tuesday evening, the 10th?

On Saturday evening, March 31 Jerry Mc was seen with a Hale Center girl in Plainview.

Oddie Mae R. and Dee Nix are "keeping company" now-a-days and nights.

Junior and senior boys, don't be too bashful to make a date for that Junior-Senior Banquet soon.

I guess every one went to see Elvis Presley on Tuesday evening, the 17th.

Say, Barbara W. what was wrong with Paul's car Friday night?

How do the fifth-period P. E.

girls like to run "laps?" Jimmy Minter, just who is this "Miss Amarillo" whom you talk so much about?

Carolyn J. and Gail W. and Jan W. and Derrel W. were seen at the Twin-Vue Monday evening, the ninth.

Who's Kenneth P.'s later girl? He changes so often that one can hardly keep count of them.

Bobby C. did you finally learn what S-T-O-P means?

Winnie T., which did you enjoy seeing more—Arvel or Elvis Presley?

Rita J., what is the significance of the saying, "It don't bite?"

On Wednesday evening, the 11th, La Dora A. and Lloyd W. and Doylene H. and Dubby D. were seen in Lubbock enjoying the Elvis Presley Show.

Gail K. and Mack H. were at the J and J Drive-In on Tuesday night, the 10th.

On Tuesday afternoon, the 10th, Gene H. and Jay K. were producing both music and noise by "playing straws" at Byrd's Pharmacy.

Seniors, let's cooperate more at our class meetings, so they will be more democratic.

Mary M., are you and Jim "on good terms" again?

Jay K. and Kitty F. are one of the new "steadies" that make a cute couple.

It is reported that Dan G. is still keeping the Petersburg road "hot."

Many L. H. S. pupils are still talking about the Elvis Presley Show in Lubbock Tuesday evening the 10th.

Barbara Jo H. surely was advertising Richard's fender skirts the other day.

The Mud-Puppy or Water-Dog is found in the fresh waters of the Eastern United States.
