

# The Lockney Beacon

SERVING THE RICH IRRIGATED SECTION OF FLOYD COUNTY

VOLUME 55

LOCKNEY, FLOYD COUNTY, TEXAS, THURSDAY, NOVEMBER 1, 1956

NUMBER 30

**CHAMBER GETS CAR**—Barry Barker, representing the Lockney Auto Co., is presenting the keys to the 1957 Chevrolet to Dick Whiteley, manager of the Lockney Chamber of Commerce. On the left is Claud Holley, C-C president. The local auto

firm is furnishing the car to the Chamber of Commerce this year, the only cost to the Chamber being the registration, insurance and operating expenses. "We are interested in the progress of the community and we felt that this is one way we could express

our interest," Barry said in discussing the matter. The car is a 4-door 210 series Chevrolet sedan in a two-tone green finish. It was delivered to the C-C officials Saturday.

## COUNTY GINNINGS NEAR 53,000 BALES, BIG CROP INDICATED

Floyd County had ginned 52,879 bales of cotton from the 1956 crop up to Wednesday morning, according to a survey made by the two county newspapers and ginner estimates continue to indicate that the county will gin in the neighborhood of 90,000 bales this year. A survey and estimate made some two weeks ago indicated a like figure.

The estimates by ginner of the amount of the present crop which has been ginned ranged mostly between 50 and 60 percent. At Providence the estimate was that 40% of the crop in that community was ginned and at Sterley the estimate was 75% of the crop in that community is out. All other estimates ran between 50 and 60 percent and the average in the north part of the county showed 57%. In the south part of the county The Hesperian's survey showed probably 58% of the crop had been ginned.

Thus if the average stands at 58% of the crop the total ginnings thus far of 52,879 bales would indicate a crop of slightly more than 90,000 bales this year.

Northwest Floyd County, including gins at Lockney, Alken, Providence, Sterley and South Plains, has ginned a total of 24,527 bales while the remainder of the county, including gins at Floydada, South Plains, Barwise and the southern part of the county, has ginned a total of 28,352 bales.

In Lockney proper, the four gins here have ginned a total of 9217 bales from the current crop. These totals show an increase in the county ginnings since the survey two weeks ago of 16,482 bales. In northwest Floyd the two weeks increase is 7,921 bales and in Lockney proper the four gins have ginned a total of 2038 bales within the two week period.

Frost Tuesday night of this week nipped the cotton some but opinion as to whether it was heavy enough to kill the leaves was divided Wednesday. Some ice formed in spots early this week and a light frost some two weeks ago caused some of the leaves to start turning. Most farmers are ready for a good killing frost so that strippers may get into the fields and finish the crop.

A few strippers are running now in fields which were defoliated some two weeks ago but for the most part farmers are awaiting a good killing frost.

Grades are down some with 50% to 60% of the grades running to spots now. No grades have been received since the windstorm, rain and hail of Monday night, however, and this is expected to bring the grades down even more. The rain amounted to only about .10 of an inch and the hail was of short duration, probably both doing more damage to grades than anything else.

Another two or three weeks should just about wind up the cotton harvest if fair weather continues and a killing frost comes along to defoliate the cotton.

## TECH EXES TO MEET HERE

All Floyd County Ex-Students of Texas Technological College are urged to attend a banquet at Lockney High School Cafeteria this (Thursday) evening at 7:30. It was announced Wednesday by R. C. Mitchell. The meet is sponsored by the Tech Ex-Students Association of Floyd County. Polk Robinson, Tech basketball coach will speak.

## Big Electric Scoreboard Is Ready To Go

The big electric scoreboard, bought by the First National Bank for Mitchell Zimmerman football field, is up and operating. It was announced this week by Marvin Gilbert, president of the Lockney Quarterback Club. The erection was completed the first of the week. The scoreboard was bought through the supply house operated by Johnny Truelove and Lloyd Reddimer.

It is presumed that the scoreboard will be used Thursday night in the B squad and Junior High games. Gilbert reminded Quarterback Club members that the club meets the second and fourth Tuesday nights and therefore would not meet the coming week since there were five Tuesdays in October.

## Crosbyton "B" To Play Here Tonight

The Crosbyton "B" football squad and the Junior High team will come to Lockney tonight (Thursday) for games on the local field.

The Longhorn "B" squad is expected to take their game but the Junior High Shortborns will be looking for their first win of the season.

Last Thursday night the Longhorn "B" dropped a close decision to Floydada Whirlwind "B" 13-12. The Longhorns were leading until the last two minutes of the game when the Whirlwinds completed a long pass to score and go ahead.

The Band Parents Club will operate the concession stand at the game tonight.

## Paul Kropp Is Burned Sunday

Paul Kropp of the Muncy community was painfully burned about the face Sunday while attempting to prime the carburetor on an irrigation motor. Paul was pouring gasoline into the carburetor when his gasoline exploded burning his hands and face. He is being treated at a local hospital but is able to make the trip from his home to the hospital each day.

## Lettuce Price Good, Frost Gets Tomatoes

The lettuce price is good and lettuce growers are making good money, according to word from the local packing sheds this week. M. W. Wiley said Monday that cartons of 24 heads were bringing between \$4 and \$5 with the yield running as high as 300 cartons per acre.

The cabbage market just about disappeared this week with the packers asking \$15 per ton and having few takers. Cabbage has been bringing \$20 per ton with 10-20 tons per acre yield being common.

The frost Tuesday night just about killed the tomato crop, packers report. The tomato market has been up a little with No. 1 tomatoes bringing 5¢ to 6 cents per pound. However no more tomatoes will be shipped according to information given The Beacon.

Some bell peppers are being harvested with the price running around \$2.25 per bushel. Turnips and carrots are also being harvested here. Mr. Wiley said with carrots bringing \$30 per ton in the field and the yield averaging from 5 to 10 tons per acre.

## Sorghum Price Goes To \$1.90

Grain sorghum market price is standing at \$1.90 per hundredweight now and as a result the grain is not going into the loan. The loan would net farmers \$1.75 at present.

Elevator men say that most farmers are not selling or putting the grain in the loan but are just holding on, waiting to see what the market will do. Much of the grain that is being sold is trucked out.

Yields have been good this year with most farmers getting between 3,000 and 4,000 pounds per acre and some above that. Perhaps 80 percent of the crop is harvested in this area, it was estimated.

## R. D. Spruiell Injured Friday

R. D. Spruiell, farmer living 6 miles north of Lockney, was painfully but not seriously injured last Friday afternoon while operating a cotton stripper on his farm. Mr. Spruiell suffered a dislocated left ankle and numerous bruises when a jacket he was wearing caught in a cog on top of an Oliver Stripper and spun him over on his back on top of the stripper.

It was feared at first that the bone was broken in his ankle but x-rays failed to reveal any fracture except a small sliver off the side of the bone. He was treated at Plainview Hospital & Clinic and was able to be about on crutches this week.

OFFICE SUPPLIES at The BEACON OFFICE.

## Eisenhower Vs. Stevenson In Voting Tuesday

Practically the only interest among candidates in the general election next Tuesday will be in the presidential race. Despite the traditional Democratic status of Texas and this area, the Republican candidate, Dwight D. Eisenhower, is expected to receive a substantial vote and his supporters are claiming a majority for him in Texas.

Supporters of both candidates, Stevenson and Eisenhower, have been unusually active this year which indicates that the Democratic party is concerned lest Eisenhower carry Texas as he did four years ago. However recent polls have indicated that the state will go to Stevenson though by a narrow margin.

The campaign has been active in Floyd County also and advertising in this issue of The Beacon urges the merits of both candidates upon the voters. A Texans for Eisenhower club has been formed in this county and they are working for their candidate as are the Democrats.

The other item of interest will be the eight constitutional amendments to be voted upon. Various organizations are urging the passage of the various amendments with the school teachers taking unusual interest in amendment No. 4 regarding teacher retirement and urging its passage. Also physicians and law enforcement officers are urging passage of amendment No. 7 which changes conditions under which a person may be committed to institutions for unsound mind. Others are urging passage of amendment No. 2 allowing Commissioners Courts to reallocate county tax money so long as the total tax rate is not raised.

Voting is expected to be heavy in this county for a general election though it may not reach the proportions of 1952 when some 3600 votes were cast. In that election Eisenhower ran ahead of Stevenson in this county winning about 3 to 2. He also carried the state.

Election judges have received their equipment for both the general election and the special amendment election on November 13th. County Judge O. P. Rutledge said this week. The county officials are urging the judges to go easy on help for the special election since a very light vote is expected and the lost vote to the county will be heavy anyway.

All legally qualified voters may vote in these elections, there being no requirement of property ownership. County Clerk Margaret Collier will keep her office open on both election nights to receive returns.

Voting boxes in Lockney will be at the City Auditorium and the Methodist Church basement. In rural areas the voting will be held at the usual place. Polls will be open from 8 a. m. until 7 p. m.

## City Will Observe Last Thursday As Thanksgiving

The business houses of Lockney will observe the last Thursday in November as Thanksgiving. Chamber of Commerce Manager Dick Whiteley said this week. The business people want to take the same holiday as the schools since many of them have children in school, he said. The school announced some time ago that they would observe the last Thursday.

The national Thanksgiving holiday is the fourth Thursday but the state holiday is designated as the last Thursday in November. Since there are five Thursdays in November this year a conflict between the two has developed.

Mr. Whiteley said that most other cities in the area were planning to observe the last Thursday also.

## SEEKS BAND FLOOR

M. W. Wiley is seeking donations to place asphalt floor tiling on the band hall. Lockney Lumber and Supply has offered to sell the floor covering at cost, Mr. Wiley says, and he hopes 35 people will contact him with a \$10 donation for this purpose. Checks may be made to Band Hall Floor Fund he said.

## FUNERAL SERVICES HELD FOR R. C. BENNETT, 96, PIONEER

R. C. BENNETT

## Longhorns In Crucial Tilt With Spur

The Lockney Longhorns will play a very crucial ball game at Spur Friday night when they take on the Spur Bulldogs. The winner of this game could very easily represent District 2-AA in bi-district play.

The Longhorns have not lost a game thus far and if they succeed in defeating Spur they will be in favorable position to finish the season undefeated. Spur has lost one district game, that to Abernathy, but if they succeed in defeating the Longhorns the district may end in a tie but Spur would represent District 2-AA in bi-district play.

Most local fans feel that the Longhorns are capable of defeating the Bulldogs if they play their best brand of football. Coaches Rudy Haile and Elvin Lyon have been working the boys hard the past two weeks getting them ready for this game. The Longhorns are all in good shape physically with no injuries of any consequence and should be in the very best of shape Friday night. If the boys play their very best they seem sure to come home victors. If not, it may be a different story.

There will probably be little if any change in the starting line for the Longhorns from previous games. Gene Handley at quarterback, Cliff Hardy and Jerry Williams at half backs and Bill Race at fullback round out the backfield. In the line Jerry Workman at center, Byron Brock and Coy Kidd at guards, John Hanst and Kelley Harrison at tackles, Donald Farish and Nelson Wofford at ends are the offensive starters with Lonell Hays, Duane Griffith, Bill Musser, Larry Hammit, Dickie Barton and others seeing considerable action on defense as well as offense.

The Longhorns have been running off a straight T with an occasional flanker. They may have some new formations for the Bulldogs this week.

The Bulldogs boast two fast backfield men in Halfback Max Gabriel and Fullback Eddie Hagins. They have a heavy line, probably compared to Slaton in weight and operate off the straight T formation with some flankers.

The Bulldogs have played weaker teams than the Longhorns in district play thus far and are the highest scoring team in the district. They have scored 114 points to 49 for their opponents while the Longhorns have scored 70 points in district play to 18 for their opponents.

Their district game results thus far are:

- Spur 0, Abernathy 23.
- Spur 52, Slaton 6.
- Spur 48, Tahoka 7.
- Spur 14, Post 13.

Comparing scores the Longhorns defeated Post 6-0, Abernathy 33-12 and Slaton 31-6, holding a 25-0 halftime lead in this game.

A large crowd of Longhorn fans will make the 75 mile trip to Spur to boost the Longhorns on to victory. Game time is 8 p. m.

Miss Billie Wallis of Dallas visited Mrs. Ray Aston Monday. She was enroute to Lubbock where she will visit her brother, Dr. Morris Wallis of Texas Technological College.

Funeral services for Robert Corwell Bennett, age 96 years, 10 months and six days, were held at the Main Street Church of Christ Sunday afternoon at 3 o'clock. Bro. Harding Nall conducted the services which were attended by a large crowd of friends and relatives.

Mr. Bennett, one of the earliest settlers of this area, passed away Thursday afternoon at a convalescent home in Dallas where he had been for some two years. He had been in ill health several years but remained active until about two years ago.

In recent years Mr. Bennett had maintained an interest in community affairs despite his age. He enjoyed visiting with friends on the streets of Lockney and was very congenial and jolly.

Mr. Bennett was born at Salen, Kentucky, on December 19, 1859. He came to Texas at an early age residing in Johnson County. He was married to Miss Mary Abbie Hestand on his 30th birthday, December 19, 1889 near Hillsboro.

On April 1, 1890 the couple loaded up a wagon, hooked their two horses to it and headed west. Since they were "prospecting" they made several stops enroute, some of these being at Abilene, Anson and Childress. At Childress they were very displeased with the country and met a man from Floydada who praised this section. Acting on his advice they set out for Floyd County arriving at old Della Plains, a pioneer community on June 7, 1890, just 10 days after the county was organized. Inquiring as to land for sale, they were directed to a Mr. Phillips who had a section of land 7 miles west of Della Plains. The two soon came to an agreement and Mr. Bennett bought the section for \$2.00 an acre. It already had a half dug out on it and within a few days the couple moved in. The place was their home for the remainder of their lives. It is located two miles southeast of Lockney.

Four of the Bennetts children were born in this dug-out. In 1897 they built a four room frame house and in 1950 a large brick house was built on the same location as the original dug-out. Mr. Bennett acquired more land in later years and in recent years owned more land than any one else in the area. He was principally a rancher but also did farming on his land holdings.

He was buried in Lockney cemetery beside the grave of his wife who passed away on June 23 of this year. Carter Funeral Home of Lockney was in charge of arrangements.

At his special request, Mr. Bennett was buried in a black worsted wool suit with frock-tail coat in which he was married in 1889. Mr. Bennett had kept the suit in perfect condition and had worn it only on very special occasions during his married life. The suit had a braid edging on the lapels and cuffs and metal covered buttons. He also had a black string tie to match.

Pallbearers were Edward Bryant, Fountain, Colo., Owen and Herman Thornton, Lockney, Easton Blenden, Pecos, Texas, Jimmie McGowan, Plainview, Wayland Roberson, Amarillo, Bill McCarter, Canyon and Hester Hicks, Clovis, N. M.

Survivors include four sons, Clyde, Vergle and Irving, all of Lockney; Hestand of Decatur, four daughters, Mrs. E. R. Bryant of Fountain, Colo.; Mrs. Burton Thornton of Sterley; Mrs. Fay Crawford of Dallas; Mrs. Barney Manning of Wichita Falls. Also surviving are 19 grandchildren, 37 great-grandchildren and two great-great-grandchildren.

Clyde Bennett is the oldest of the children and is the oldest living person born in Floyd County.

## Cub Scouts To Meet Tonight

Cub Scout Master Thurman Davis announced Wednesday that all Cub Packs, their parents and Den Mothers would meet tonight (Thursday) in their regular monthly meeting. The meeting will be held at the Scout Hut starting at 7:30.

Mr. and Mrs. George Myers spent last weekend visiting her sister and family in Dallas.

## Chrysler Shows

Wiley And Plymouth Here

Motor Company is showing both the 1957 Chrysler and the 1957 Plymouth in show rooms this week. On display is a Wind-Drive in desert beige Chrysler in desert and a white top and a black top. Savy in jet black with white top. Manager John Wiley said that he was very pleased with the reception of the new models. The showroom has been a busy place Tuesday morning since the new models went on display.

Chrysler had been notified by the Chrysler Corporation last week that there was a shortage of cars and he did not expect to receive one for display until shipment from the factory arrived over the week end. Wiley enabled him to show the new models along with the 1957 Chrysler features such as the new hood-bugging design with hand seats dropped allowance to be lowered as much as 4 inches.

Such innovations as headlights, three speed Torque-Flite transmission and a revolutionary Disc-Air suspension, Chrysler are offered in the new Yorker and Windsor plus an all-new Saratoga in the middle price range.

Chrysler are new models up. They bring standard public smooth 14-inch wheels, rear lift and pull safety door, a combined heater-air filter, and up to 40 per cent larger windshields.

Chrysler also introduced full-time coaxial steering, lower-pressure, deep-section safety wheel, aluminum window openings on second improved total cone-plane brakes, which engineering tests have the longest life of any yet developed.

revolutionary Torson-suspension system is bending, quieter, and greater body stability at speeds. Torson bars, replace coil springs in new, provide new ride. New lower control steered rubber isolation new front sway bar all to elimination of "tip" and give the car a cornering comfort and steering control of a sport. An adjustment screw in the suspension makes adjustment of the front-end height a simple job.

## Funeral Services For Brother Connie O'Brien

Funeral services were scheduled today (Thursday) at 10 a. m. for John Foy O'Brien, brother to Connie O'Brien, who died in the crash of the Aiken community plane on Monday, October 23.

Funeral services were held in the Aiken community plane on Monday, October 23. The plane crashed into the ocean about 125 feet deep. Coast Guard and Patrol have all joined in the search for the plane.

The memorial service, in which one member of the family will be riding in the plane, will be held at the home Tuesday.

Mrs. Carl Ferguson of Ashville, Arkansas, returned to visit relatives. Mrs. Ferguson remained for a visit and Mr. Ferguson returned home Tuesday.

Its nine-foot wing spread makes the condor the largest bird that flies.

Monrovia, Liberia is named for U. S. President James Monroe.

Three birds which cannot fly are the emu, kiwi and ostrich.

More salt is present in the Atlantic than in the Pacific Ocean.

Commercially speaking, the Douglas fir is more valuable than any other tree.

Saber-toothed tigers are now extinct.

## Tex Says He's No Expert But He Believes Ike Is

The other night a bunch of us were sitting around in the drug store after the football game, drinking coffee and talking. You know how it is after a game in a small town, especially after the home team loses. Nearly every man in the crowd had a theory as to why we didn't win the game. Most of them, of course, blamed the coach. I couldn't help remembering that before we consolidated the county schools we didn't even have enough boys to make up a football team. And these same football experts who were saying what Rockne or Bud Wilkinson would have done, up until a few years ago they didn't know a football from a watermelon.

But that's the way it is in a small town (and in big ones, too, I understand). I guess there's no real harm done, although sometimes it's pretty rough on the coach.

I guess we have a right, in this free country, to be self-appointed experts in any line we want to pick out. It seems to me that most people choose either football or politics.

Take this presidential election coming up next Tuesday: During the last few weeks I have heard so many stories and theories from so many different political experts that I nearly get confused sometimes. I have to stop and think that the fellow who is talking probably doesn't know any more about it than I do, and that helps me keep straightened out.

In fact, I guess I have had my mind made up all along. To make no bones about it, I like Ike. He's a man you can always look up to and respect—the kind of

man you'd be proud to point out to any person, from any country on the face of the globe, and say: "That's our President!"

About Adlai, now, I'm not so sure. Of course, if he was elected, he would be my President, too, and I would hope he'd do a lot better than most people around here seem to think he would. This is something I don't think we need to worry about, because from all I can hear and read, Ike is going to win it again.

It seems to me that if Adlai ever had a chance around here, he threw it away when he came out with that H-bomb business. Now, the folks in our town don't know much about H-bombs, except that they don't want any personal dealings with them. Our scientific knowledge of H-bombs is about on a par with our football knowledge, I reckon. But we do know one thing: We don't want some misguided, inexperienced fellow fooling around with our national defense. When it comes to trusting what Bulganin says or what Eisenhower says, I'll take Ike. So will the rest of the country, if I don't miss my guess.

Just before we broke up the other night Doc Brown came into the drug store, and somebody asked him: "Hey, Doc, how's Ike doin'?" Doc said: "Well, it's a busy campaign for the medical profession. Last week Ike went and got his heart examined; and I understand that this week Adlai is going to get his head examined."

Yours truly,  
Tex

(Pol. adv. paid for by Texas Democrats for Eisenhower, Whitton Hart, Director.)

## South Plains

By Mrs. Murray Julian

Small amounts of rain with some hail fell Monday night in the wind storm, but no damage was done to crops remaining in the fields and rain fall was negligible.

Sunday guests in the home of Mr. and Mrs. Rex Smitherman and children were Mr. and Mrs. Alvie Jackson, Lynn Jackson, Mrs. Andy Jackson, Mr. and Mrs. Dale Blaine and Kathy of Floydada, Mrs. Bill Jackson, Suzanne and Bill Bob of Hale Center and Mr. and Mrs. John Smitherman.

South Plains PTA will meet Friday at 3:00 p. m. 6, 7, 8th grades from Mr. Williams room will be in charge of a program in the school auditorium. Everyone is invited.

Terry Julian from WTSC at Canyon was home with his parents from Friday until Sunday night and Bonnie Upton also a student there was home over the weekend with her folks.

Mrs. L. T. Wood was hostess Friday night at a Halloween party for members of her primary Sunday School Class. Games were played and costumes by the children and adults were worn. Mrs. Lloyd Deavenport assisted Mrs. Wood in serving refreshments of doughnuts and hot chocolate. Halloween favors were presented to about twenty children present.

Mr. and Mrs. Frank McClure are putting down a well right south of the irrigation well on the east side of their place.

Tommy McCown who attends Texas Tech at Lubbock spent Friday and Saturday here with his grandparents, Mr. and Mrs. Walter Wood.

Among those who spent Friday in Lubbock on business were Mr. and Mrs. Murray Julian and Mr. and Mrs. R. G. Dunlap and John who went in the afternoon to take Mrs. Roy Arndt to the airport.

Mr. and Mrs. Fred Blake, Robin and April of Boulder, Colorado arrived Sunday to spend a few days visiting her brother, Mr. and Mrs. Lloyd Deavenport and boys. Steele accompanied the Blakes here for a visit with his folks. He is going to Boulder to school this winter.

Mrs. Dock Jones of South Plains is in the Medical Surgical Hospital at Lockney with pneumonia. She was taken there on Friday and we hope by now she is well on the way to recovery.

Ronnie Faus who has been stationed at Memphis, Tenn., spent the weekend visiting his brothers, Rev. and Mrs. Larry Faus and Bobby Faus. He has a furlough of two weeks which was spent partly in Clayton, N. M., and he left Monday for his new assignment at Jacksonville, Florida.

Mr. and Mrs. Charles Beedy visited Sunday in the home of his parents, Mr. and Mrs. Bill Beedy and Eugene. They took their two children home with them as they had been here the past week staying with their grandparents.

Mr. and Mrs. J. P. Taylor and children visited in Lone Star Sunday afternoon in the home of her sister-in-law, Mrs. Bob Merrell and family. Mrs. Merrell is slowly recovering from a serious attack of encephalitis.

Mrs. Garvin Beedy was hostess to her Sunday School class and also the young people of the community Thursday night. Mrs. Rex Smitherman assisted in serving refreshments of cookies and cold drinks. June Marble and Juanell Wood assisted the hostesses in games and since the party was a "Tacky" one, those who did not dress the part had to pay a forfeit. Present were Marisue Burleson, Frances Hopper, Virginia Taylor, Donita Milton, June Marble, Juanell Wood, Eugene Beedy, James Teague, Frankie Jones, Price Pritchett, Frank Taylor, Bobby Pritchett, Alton Higginbotham, Kendis Julian, Mr. and Mrs. Rex Smitherman and children and Mr. and Mrs. Garvin Beedy and children.

Wednesday night guests arrived from Truscott to spend several days in the S. D. Kiniburgh home. They were Mrs. J. R. Spivey and Mr. and Mrs. Lonnie Cox from Fort Worth, who remained until Friday evening and took Marilyn home with them. On Sunday the Kiniburghs and Mr. and Mrs. Frank McClure went to Paducah where they met Mrs. Spivey and brought Marilyn home with them.

Funeral services for R. C. Bennett, 96, were held at the Main Street Church of Christ in Lockney on Sunday afternoon at 3 p. m. Several from here attended the services, including Mr. and Mrs. Walter Wood. Mr. Bennett was the grandfather of Herman and Owen Thornton and was known by all the old-timers of this region. His wife had preceded him in death only a few months, and we offer sympathy to the family who have had much sorrow recently.

As a farewell courtesy to Mrs. Roy Arndt, a coffee was given in the home of her sister, Mrs. R. G. Dunlap from 9 a. m. until 11 on Friday. Mrs. Arndt has been visiting here and in Weatherford the past two weeks and the Dunlaps took her to Lubbock Friday where she boarded a plane for her home in Englewood, Calif. Guests who called to meet Mrs. Arndt were Mrs. J. K. West, Mrs. E. P. Pritchett, Mrs. Grigsby Milton, Mrs. John Wilson from here and from surrounding communities, Mrs. Cecil

**Other Of C. Griffiths**  
**Griffiths Monday**  
 Griffiths of Earth, Tex. passed away at an Amherst Monday morning, 1955, at 5 o'clock following a heart ailment and stroke. Griffiths, 79, was the oldest of ten children. He spent the first thirty years of his life on a farm. The past years he spent as a real estate dealer. He is a brother of H. C. Griffiths, Lockney.

**O. E. S. Members Attend Grand Lodge**

Mrs. Kenneth Cook, Worthy Matron, and Mrs. Henry Ford, Grand Page, members of the Lockney chapter of the Order of Eastern Star, attended the Grand Lodge in Fort Worth from Monday through Thursday of last week.

During the sessions Mrs. Pauline Smith of Lubbock was installed as Worthy Grand Matron and Ed Sharpe of Dallas as Worthy Grand Patron. The affair was very enjoyable for the local women, they report.

The human heart beats about eight-tenths of a second between each contraction.

William Howard Taft was the first U. S. president to receive a salary of \$75,000 a year.

The Washington Monument is 555 feet high.

Polo was developed in India.

**WE REMEMBER ...**

THE 11TH AIRBORNE DIVISION—"THE ANGELS"

February 16, 1945—  
 Philippines  
 Paratroopers of the 11th Airborne Division dropped on the island fortress of Corregidor. Within three hours of their landing they had cleared the enemy from the island's main plateau. By early the following morning, after linking up with ground troops, they had split the island in two. The fall of Corregidor opened up Manila Bay to ships of the American fleet in the campaign to liberate the Philippines.

### Pete THE PRINTER

### Lockney Implement Show New Tractor

Lockney Implement Company is this week displaying two new models of the new John Deere Tractor. The local firm has a model 720 and a model 620 on their floor.

The new John Deere Line includes six power sizes and 30 basic models. The new tractors feature stepped-up power, Pat Stansell, local manager said, along with greater work capacity, ease of handling and are adaptable to a great variety of farm jobs.

Outstanding among the new features of these tractors is Custom Power-Trol, an advanced hydraulic system that can be tailored to meet the needs of any farm operator. It offers a choice of one, two or three circuits, each controlled by a separate lever. One circuit operates the position-responsive rockshaft for instantaneous precision control of 3 point-hitch mounted or integral tools. To this may be added one or two remote cylinders, to control down tools, or to provide such advantages as delayed lift and selective control of front-mounted units. Double-acting cylinders provide down pressure so implements will penetrate hard-cake soils. Units may be added to the basic system as required, with a minimum of expense and delay. The new Universal 3-Point Hitch handles a wide variety of "pick up and go" equipment, provides for quick change from one tool to another, permits top transporting speeds, and offers greater field maneuverability. Exclusive Load-and-Depth Control assures smooth, uniform speed tillage in changing ground conditions. A new Independent Power Take-Off delivers full engine horsepower independent of the transmission clutch and hydraulic system. The new Float-Ride Seat absorbs shocks and provides new riding comfort. Advanced Power Steering is available on all these tractors.

### Urge Vote For Teacher Amendment

Supt. H. H. Nicholas of the Lockney School System and Oscar Golden, president of the school board, joined today in urging a vote for constitutional amendment No. 4, to be voted on next Tuesday, which would allow more liberal retirement benefits for teachers.

"This is the most vital and urgently needed measure ever submitted to voters in Texas," Mr. Nicholas said.

Local school teachers, working with their local and state associations and in cooperation with local Parent-Teacher Association groups, have spearheaded the drive for adoption of the amendment.

Increased benefits will encourage teachers now leaving the classrooms to remain in the teaching profession. Approximately 7,000 experienced teachers are lost each year to the schools. The program would also help attract some of the 3,800 new teachers needed each year to instruct the 100,000 new children who jam Texas classrooms annually.

The new program would cost teachers, through increased deposits into the fund, \$4,500,000 annually. The state will match these funds.

No additional tax will be needed, Nicholas emphasized, either at the local or state level. He explained it this way:

1) The local school district pays no part of the retirement deposit, so local school taxes could not be affected. 2) Increased industrialization and population of Texas are producing more tax money, enough additional each year under existing tax laws to pay several times the state's \$4,500,000 share of the retirement program. Thus, the causes of the present school situation will help pay for its solution.

### GETS HALF INCH RAIN

L. B. Brandes, who lives near Cereal, reported that he received a half inch of rain Monday night and very little hail. The rain here measured about 1/2 of an inch and a small amount of hail which did little damage, perhaps lowering the grade of cotton some.

### Lockney General Hospital News

Mrs. Marcia Meriwether continues to receive medical care. Zeb Reed continues to receive medical care.

### Hallowe'en Party Held, Kindergarten

The pup's and little guests of the Mother Goose School enjoyed a Hallowe'en party Wednesday morning at the school. The room was gaily decorated in black and orange streamers, masks at all windows, lighted Jack-O-Lanterns, and other Hallowe'en decorations.

After a period of free hand drawings of Hallowe'en surprises, refreshments of homemade decorated cookies, and cranberry pop were served to the following youngsters: Bruce and Brad Baccus, Carolyn and Mary Ann Byrd, Monty Cook, Glenda Cooper, Andy and Scottie Duval, Shawna Gilly, Pat Jester, Debbie Miller, Johnny D. Patterson, Cindy Rankin, Darlene Reed, Susan and Bud Simmons, Rickie Starkey, Kathy Thornton, Lavonia and Joanna Wilson, Freddie and Mike Elliott, Gary Mangold, Cathie and Marlow McDonald, Kay Wiley, Brenda and Joey Wisdom, Steven and Paul Wisdom, Mike Duran, Lanny Barnett, Debbie Webster, Diana Ford, David Smith, Tommy Dale Chattum, Gary Marr, Jerry Pat White and Monty Robinson, Orlon, and Mrs. Derrell Wood, teacher.

Coffee and cookies were served to a large number of the mothers and other visitors and to the music teacher, Elaine Cooper, following the music period. The mothers serving on the Hallowe'en committee were Mrs. Raymond Wisdom, Mrs. B. A. Simmons and Mrs. A. J. Jester.

### Toastmasters Visit Plainview

Several members of the Lockney Toastmasters Club presented a program at the Plainview Club Monday evening. It was a return visit since the Plainview Club had presented a program here recently.

LeRoy Durham was toastmaster of the evening and speakers were Claud Holley, Bob Miller and Marvin Cox. Virgil Thomas presented a table topic regarding the future of railroads.

The evaluators were furnished by the Plainview Club. President Jim Angel of Plainview welcomed the visitors and President Edgar R. Hays of Lockney introduced the Lockney members attending.

Others attending from Lockney were Jesse Cox and Dr. A. E. Hewitt.

The Lockney Club will not meet Thursday of this week since the Monday night meeting was considered the meeting for the week.

### TEL SS Class Has Social

Mrs. T. B. Mitchell was hostess for a social meeting of the T. E. L. Sunday School Class of the First Baptist Church.

After singing "Sweet Peace" the class was led in prayer by Mrs. Clayton Weathers. Mrs. E. J. Rodgers brought a devotional from the 6th chapter of Matthew. Mrs. Hugh Carroll read the minutes and Mrs. A. B. Kenady directed a Bible Quiz.

Refreshments of pumpkin pie and coffee were served to Mrs. Hugh Carroll, E. J. Rodgers, Ed Whitfill, Henry Moore, S. A. Vissage, Clayton Weathers, Ella Casey, J. R. Richards, T. B. Mitchell, A. B. Kenady and Fred Shearer.

### Junior High School Honor Roll Given

A large number of students in Junior High School have been named on the first six weeks honor roll which requires an average of 90 or above. They are:

### Band King, Queen Are Announced

Lockney Longhorn Band has elected as their king and queen, Kenneth Kendrick and Nelda Tims.

Nelda, daughter of Mr. and Mrs. W. G. Tims is a junior in high school and plays baritone saxophone in the band. She has been a member of the band for three years and is an advanced player. Kenneth, son of Mr. and Mrs. Ray W. James is a senior in high school and plays cornet in the band. He has been a member of the band for three years and is solo cornetist which is a top position in the band.

Attendants for the queen were also elected. Gayle and Katie Rucker were chosen. They will assist in the crowning services. Gayle and Katie are daughters of Mr. and Mrs. Raymond Rucker. Gayle is a junior and plays cornet in the band. Katie is a senior and plays alto saxophone in the band.

Mr. and Mrs. Claude Brown spent the first of the week in Dallas attending holiday and spring markets, buying for both their men's store and the department store here. They returned Tuesday night.

Daylight Saving Time was originated in Paris in 1790 by Benjamin Franklin.

Broadway avenue in New York City is the longest street in the world.

### Homecoming At Wayland College November 23-24

Plainview — Homecoming dates at Wayland College have been set for Nov. 23-24, according to Claude Cone, Lubbock, vice-president of Student Government Association and chairman of the festivities.

Thirteen queen candidates have been selected from campus organizations which will decorate floats with the "Holidays on Parade" theme for the traditional downtown parade Saturday morning. From these candidates Vonelle Cadenhead, Alamogordo, N. M.; Nancy Coffee, Levelland; Beverly Edwards, Big Spring; Barbara Evans, White Deer; Peggy Hodges, Artesia, N. M.; Judy Lemons, Amarillo; Susan Logan, Lamesa; Jeannie Miller, Littlefield; Pat Radin, Silvertown; Louise Ryberg, Corona, N. M.; Louise Short, Gallatin; Margery Whitten, Houston; Kay Williams, Panhandle, will be selected for the Homecoming Queen. Her identity will not be revealed until the Saturday night coronation preceding the basketball games in Plainview High School Gymnasium.

A loving cup will go to the residence hall with the most attractively decorated exterior. This is a new feature of Homecoming, which annually brings several hundred former students to the campus to enjoy the play on Friday night, the parade, the noon Western barbecue, the Baby Parade and talent show that afternoon, all sponsored by the students. The Association of former Students has charge of Friday chapel service and holds its annual fall business meeting at 12 o'clock in Wayland Chapel, as

well as class reunions in the afternoon.

"House Without Windows" has been selected by Miss Lore Schuller for the Friday night dramatic presentation. This will be preceded by a dinner in Slaughter Memorial Center and will be followed by an informal party in honor of the cast and production staff. Betty Isham, Sunray, commissioner of social activities, is in charge of the dinner and other social features of the week-end.

All former students are cordially invited by Student Government Association to join with the students in making this Wayland's greatest Homecoming, according to Bill Webb, president of the SGA.

Mr. and Mrs. H. H. Nicholas spent the week end in Brady, Texas, visiting her brother, L. B. Smith and family. Mr. Smith is the editor of the Brady Standard.

According to research studies made at the Spur Experiment Station over a 14-year period, growing weaned beef calves during the fall and winter has provided a practical and economical means of utilizing and marketing small grain pasturage, native grass, stalk fields, sorghum silage and bundle feed and affords farmers of the Rolling Plains area an opportunity to increase farm income.

If sold for the value of its chemical elements, the human body would be worth about 98 cents.

Benjamin Franklin designed a dollar made of silver, brass and pewter, bearing the motto, "Mind Your Own Business," and minted in 1776.

TEXAS SHORTHORN IS 3-TIME GRAND CHAMP—Kammar Red Lavender 2d, is pictured as she was made grand champion Shorthorn female at the State Fair of Texas, Dallas. It was the third time this smooth red Shorthorn had won grand champion honors, others being at the

Ozark Empire and Oklahoma State Fairs. Owned by Schofield Ranch, Austin, Texas, the animal is shown by Vernon Schofield while Allan Atlasson, Chicago, secretary of the American Shorthorn Breeders' Association, presents the award.

### Children At State Home Well Fed

Corsicana — Children at State Orphans Home, Corsicana are not only well fed but apparently happy, reports Dr. Pauline Beery Mack, nutrition expert at Texas State College for Women.

Dr. Mack, dean and director of research in the College of Household Arts and Sciences at the Denton school, based her comments on results of a recent intensive medical-nutrition study of children living at the home.

"Of more than 30 children's institutions where similar tests and observations have been made under my direction," Dr. Mack said, "none save Hershey Industrial School, which is heavily endowed, has equalled the nutrition findings on these children."

"An examination of the menus has shown them to be carefully planned with food preparation above the average for an institution of this character."

"Those in charge of the institution should be congratulated both upon their food selection and their general care of the children, all of whom seem to be in a happy frame of mind — which is not usual in children residing in an orphan's home."

Robert Boyd Jr. is superintendent of the home which has provided care and education for more than 5300 homeless children since it was established by the 20th Texas Legislature in 1887. On September 22, 1956 there were 222 children in the home, ranging in age from 3 to 19 years, although during the depression years of 1932-33, the population reached 890, according to Boyd.

The nutrition study, made at the request of the Board for Texas State Hospitals and Special Schools which operates the home, was not confined to preparation and adequacy of the food, but in each individual case showed whether the child was responding satisfactorily in growth and physical condition to all the essential food elements.

### Texas Wheat Farmer Place Near Million Acres In Reserve

College Station — Texas wheat farmers signed 12,116 agreements and placed 919,985 acres under the winter wheat Acreage Reserve program of the Soil Bank through October 5. The figures were released by the state office of the Agricultural Stabilization and Conservation to A. B. Wooten, extension economist.

Wooten said if the farmers who have signed agreements comply with the requirements

of the program, they will be eligible for a maximum of \$14,067,075 in Acreage Reserve payments on the acreage pledged.

Aimed primarily at reducing price-depressing surpluses of wheat, corn, cotton, rice, tobacco and peanuts, the Acreage Reserve program of the Soil Bank is available only to producers having acreage allotments of these crops or a Soil Bank corn base acreage, said Wooten. Program details for 1957 have been made available so far only for winter wheat seeded this fall for harvest next year.

The 1957 Acreage Reserve program goal for the nation for both winter and spring varieties of wheat is 15,000,000 acres. Nationally, through September 28, wheat farmers had signed 106,485 agreements placing 4,335,585 acres under the 1957 winter wheat Acreage Reserve program. The final date for signing agreements was October 5.

### Resolutions To Be Presented To F. B. Convention

Houston — A 39-member Texas Farm Bureau resolutions committee will meet here November 7-8-9 to draft tentative resolutions which later will be submitted to voting delegates for adoption, rejection or revision.

The vanguard of an expected 1,500 members will begin registering here Sunday, November 11, for the organization's 23rd annual convention. The meeting, at which policies will be adopted to guide the TFB through 1957, will adjourn November 14.

The TFB resolutions committee has the responsibility of writing tentative resolutions based on recommendations made by county Farm Bureau conventions.

Voting on the resolutions will take place November 14. Some 187 counties are expected to send voting delegates.

Adopted resolutions on state issues become policies of the TFB for 1957. Resolutions pertaining to national affairs become recommendations to the American Farm Bureau Federation convention which meets December 9-13 in Miami Beach, Florida.

Other highlights on the state convention agenda are the finals in the state queen contest scheduled for Monday evening, November 12 in the Houston City Music Hall and speeches by Hassil E. Schenck, president of the Indiana Farm Bureau, Inc., Arthur H. Motley, publisher of Parade Publications, Inc., Dr. Clifton L. Ganus, Jr., Dean of the School of American Studies, Harding College, Searcy, Arkansas, and Texas Farm Bureau President J. Walter Hammond.

### Abdominal Pain May Be Dangerous

Austin — All of us at one time or another have pain and cramping in the abdomen. Fortunately, most of these pains are unimportant. However, if the pain persists it should not be ignored. It may be the beginning sign of appendicitis, a disease which, although far from simple, is easily and safely if surgery can be performed in time, says Dr. Henry A. Holie, Commissioner of Health.

There are two main types of appendicitis—acute and chronic. Acute appendicitis strikes suddenly. It is usually marked by severe pain, that generally grows sharper and stronger. Occasionally the pain may let up or stop entirely, but this must not be taken to mean that the attack is over. In fact, it may be a warning signal that the appendix has ruptured, thus lessening the localized pain, while a more serious condition—peritonitis—usually gets a start. Other usual signs of acute appendicitis are slight fever, nausea, vomiting and tenderness over the region of the appendix. Chronic appendicitis is just what its name implies; it comes and goes. But it may, at any time, become acute. It results from acute attacks that have been mild enough to subside without an operation. Symptoms in general are the same as in the acute type, but they are also similar to other adverse abdominal conditions, and only a physician can determine accurately what is wrong.

Operations for the removal of the appendix are comparatively simple and safe, if the patient has not taken a laxative and has called the doctor in time. The use of laxatives or enemas is one of the leading causes of appendicitis deaths. The action caused by the laxative or enema increases the pressure in the appendix and may cause it to burst. A ruptured appendix spreads infection and peritonitis often results. Modern drugs are now used quite successfully in the treatment of peritonitis, but this condition is still serious and may cause death.

Usually the pain begins abruptly, often mild at first, but it also may be quite severe. It may disappear for a while, and then return in increasingly severe cramps. It is important to note the location of the pain. It does not typically begin in right lower part of the abdomen as is commonly thought, but it is generalized over the whole abdomen. In a short time, the inflammation is quite active and the muscles overlying the diseased appendix are sore to touch. A better sign is the sharp grabbing pain that occurs if the pressure of the hand on the abdomen is suddenly released. This reaction, known as rebound tenderness, indicates irritation of the peritoneum beneath.

If sudden persistent abdominal pain makes its appearance, there are three important rules to follow. They are: go to bed, call your doctor, and do not take any laxative or enema.

The penultimate day of the month is the next to the last day.

England's King is not allowed to enter the House of Commons.

Pythagoras first announced the belief that the world is round.

### Seeing Is Believing

WATCH THE BIRDIE—Assuming an air of nonchalance, chimpanzee from the Detroit zoo, gets mugged by Tarzan, the chimp. With the help of a Detroit News' photographer, Burget, the chimps have become quite adept with the camera.

SCOOP! BEAR TREES MAN—Tourists driving near Cliff-dell, Wash., take a quick second-look when they see this scene. It looks like the real thing, but actually it's the skin of a long-dead bear, nipping at a straw-filled trousers and shirt. —(Wide World Photos)

MIDGET MALES DOG FOR BIG MAIL—Small "Big Top" of Ringling Bros. Barnum and Bailey circus are probably looking for could be that Prince of Lauro Marales are making their employment application get in the mail box.

SEA OF MUD—An unusual sight for Agus Dalec, Tex., International TD-14A crawler tractor, spreading a "sea" of which results from salt water pits. After the tractor, equipped the special mud-spreader, has done its leveling job, the mud and the earth is returned to its original condition.

der the roughage program, eligible applicants are issued purchase certificates good for \$7.50 per ton on roughage actually purchased. Roughage includes hay either baled or loose, cotton seed hulls, peanut hulls, corn cobs, sorghum burl, ensilage, oat hulls, dehydrated alfalfa pellets, dehydrated alfalfa meal products and sun cured alfalfa meal.

Applications for assistance under both of these programs may be filed at the local offices of Farmers Home Administration.

to 69 percent— will be below average in rainfall than years above average.

Prolonged droughts have occurred on the High and Rolling Plains at least two or three times during the period weather records are available. The famous drought of the 1930's, which led to the dust bowl period, shows up in records at most locations. Another bad drought period occurred around 1917. At most locations the recent drought began in 1951 and

#### Weather Cycles Not Found In Study

College Station— Predictions of rainfall cannot be made on the basis of weather cycles of "wet and dry years."

Recent studies of 31 locations in the High and Rolling Plains of Texas show that cycles play little or no part in annual rainfall figures dating back as far as 89 years.

Drs. R. J. Hildreth and Gerald W. Thomas of the Texas Agriculture Experiment Station, who made the studies, state that an optimist can find traces of cycles at some locations, but no statistical significance of cycles is revealed in the records.

"Average or normal rainfall seldom occurs," Dr. Hildreth said. "The records indicate that farmers and ranchers in the High and Rolling Plains should figure that more years—32

**COMMANDER OF AMERICAN LEGION**

# THE LAST ROUNDUP

1. The Republicans promised you economy in government, BUT
  - A. The government debt is now 5.5 billion more than 1952. Truman reduced the government debt by 12 billion in his administration.
  - B. Interest on the government debt has risen by 1 billion per year since 1952. Incidentally, the entire cost of the farm price support program since its inception totals only a little more than 1 billion; tax write-off subsidies granted power companies as of July 31, 1956 totaled 4 3-4 billions, while the total loaned to R. E. A. in the same period, to be paid back with interest, totaled only 2 3-4 billion.
2. The Republicans say it is no coincidence that the last three wars occurred in Democratic administrations. Those three wars were defensive wars on our part, and their grim necessity in the national interest cannot be denied by any person of mature judgment and moral courage. The only offensive war ever started by America was the Spanish-American War, in Republican McKinley's administration.
3. If Nixon rated an \$18,000 slush fund and one dog as a Senator, what does he now rate as Vice President, and what will he rate if he becomes President?
4. With big business profits up 61%, small business profits down 52% and farm income down 26%, with 91% of all Republican tax cuts going to only the top 9% of the tax payers, with the cost of living at its highest level in the history of the country, with consumer debt (homes, cars, etc.) up from 20 billion to almost 40 billion, and with farm debt up 2.4 billion, the Republicans have, in the past 3 years, demonstrated their unchanging philosophy that America exists for the primary benefit of the top 10%, and that the other 90% of us can live off the leavings. You live in a farm and small business territory — its prosperity is your prosperity. Vote your economic interests, just as Secretary of Treasury George Humphrey does; he twice opposed construction of the St. Lawrence Seaway as an unwarranted waste of taxpayers' money, but when his company acquired iron mines in an area that would be served by the Seaway, Humphrey, with all of the prestige of his office, and with the flexibility of principal and discerning eye for private interests always characteristic of Republican statesmanship of the highest order, successfully advocated construction of the Seaway. The Republicans don't object to government assistance to the top 10% — that's encouraging free enterprise — but when you start spreading it out over the other 90%, that's creeping socialism.
5. To our well-intentioned but misguided local friends moonstruck with Republican madness, we address but one question: "WHERE WERE YOU IN '32?" No answer is necessary.

**VOTE NOVEMBER 6TH AND VOTE DEMOCRATIC!**

(Political advertisement paid for by Floyd County Committee for Stevenson-Kefauver)

## New Pastor Is Installed At Providence

The Rev. Arnold K. Windecker, newly installed pastor of the Trinity Lutheran Church of the Providence community, conducted his initial service last Sunday at 11 a. m.

Pastor Windecker was installed Sunday afternoon, October 21, by the Rev. Daniel Schorler of the Beautiful Savior Lutheran Church of Amarillo. Following the installation the congregation honored their new pastor and family with a reception and pantry shower.

For his initial service last Sunday, Pastor Windecker preached on the theme, "We Preach not Ourselves, but Christ Jesus." He emphasized that the Christian minister does not seek his personal popularity or gain, but only serves to bring the Gospel message of Jesus Christ to his congregation and community.

Rev. Windecker formerly served the St. Paul's Lutheran Church of Freeport, and the Gethsemane Lutheran Church of San Antonio. He is a graduate of the Capital University and the Capital University Seminary of Columbus, Ohio.

Rev. and Mrs. Windecker have one daughter, Gwendolyn, who is 21 months of age.

A hearty welcome is extended to all to attend Sunday School at Trinity Lutheran Church beginning at 10 a. m. and the Worship Service beginning at 11 a. m.

### ORRS IN MISSOURI

Mr. and Mrs. Jack Orr have gone to Missouri to visit their son, J. D. Orr Jr., who is ill. They will be gone an indefinite time. Farmers or hands seeking help on employment may contact Texas Employment Commission office in Plainview or Charlie Spencer in Floydada. TEC officials said, Mr. Orr had been handling farm employment here.

OFFICE SUPPLIES at The BEACON OFFICE.

## Band Parents Buy Equipment, Plan Money-Raising Projects

The Lockney Band Parents Club, in regular meeting Tuesday night, voted an additional \$670 for equipment for the Longhorn Band and made plans for several money-raising projects.

The group voted to purchase a set of Tympani kettle drums at a cost of \$395, a used baritone horn for \$100 and 20 music stands for \$175. They recently bought a new baritone horn and a bell lyre.

Considerable other equipment and instruments are needed to bring the band up to standard, it was pointed out and soon the band must have new uniforms since the present uniforms are believed to be at least 10 years old. All the needs probably cannot be met this year, but the conclusion of the group, but they planned to do as much as possible toward securing adequate instruments and equipment. Among the immediate needs pointed out by Band Director Clyde Seaman was the installation of an acoustical tile ceiling in the band hall.

The money-raising projects include the concession stand at the Lockney B squad home games. The Band Parents will have the concession at the game tonight (Thursday) when Crosbyton comes here to play. Mrs. F. O. Schacht is in charge tonight. The group also voted to buy a pop corn machine and will sell pop corn at football and basketball games during the year. A committee appointed to see about the purchase of the machine included Kenneth Wofford, Milton Ashton, Raymond Rucker and Connie O'Brien.

Plans to sell Band Booster stickers were also made. The stickers will probably be sold on a special "Band Booster Day" and donations of any amount will be received for them. It is hoped to have them by next weekend. The committee in charge of this includes Edgar R. Hays, Mrs. George Webster Jr., Mrs. Billie Dollar and Olin Poteet.

The band boosters also approved the purchase of 100 feet of movie film which is used to film the band shows during the halftime at football games.

A treasurer's report, given by Director Clyde Seaman during the business session, showed a bank balance of \$840.00. Treasurer Connie O'Brien was out of town.

An interesting program started the meeting with Mrs. O. C. Allison in charge. The Methodist quartet, composed of Clark Harris, Ike Johnson, C. L. Record and Raymond Rucker sang several songs accompanied by Mrs. Record.

The newly organized High School Orchestra played several numbers for the group also with Mr. Seaman directing.

At the conclusion of the meeting the refreshment committee, under the direction of Mrs. Kenneth Wofford, served pumpkin pie and coffee to a large group of band parents.

### Wage Finding Show \$1.50 Rate In Floyd

The Department of Labor wage finding survey showed that the cotton pulling rate in Floyd County was \$1.50 per hundred weight effective October 25, according to a report from the Texas Employment Commission in Plainview.

The finding is based on irrigated acreage only, the report said. The survey is made in order to assure that Mexican Nationals are paid at least the prevailing wage rate for pulling cotton.

## 8 Tomatoes On One Stem

Eight good-sized tomatoes on one stem may be a record of some kind, but Vernon Daniel was exhibiting the stem and tomatoes here Wednesday. They came from his farm northwest of town. Vernon has 10 acres of tomatoes and gathered 228 bushel baskets full of less than 4 acres one day this week.

Vernon's corn crop was just about as prolific. On one two-acre patch he made 118 bushels of shelled seed corn per acre. And on another 12 acre patch he averaged 98 bushels per acre. This is a hybrid corn.

### Artists Selected For Community Concert Series

Plainview's Community Concert Association membership drive will be closed this week end. The drive has been held open an extra week in an effort to make up approximately \$1,000 which the association needs to hold its 1956-57 concert series.

The directors have selected the following program for the coming season:

- Van Cliburn, pianist, December 4.
  - Chicago Opera Ballet, February 21.
  - Frances Yend, soprano, March 8.
  - International Choir from Wayland College, April 11.
- Those who have not purchased memberships may do so by calling Mrs. Edgar Hays in Lockney.

### 4-H Awards Banquet Set For Nov. 10

The annual 4-H Awards Banquet will be held Saturday, November 10 at 7 p. m. at the Floydada High School Cafeteria.

Thirty-six boys and girls are due to receive awards at this time. Their names are expected to be announced next week, following their notification from the county agents.

Others in attendance at the banquet will be parents of the award winners; the 4-H Adult leaders, the county agents and assistants, the commissioners court members, their wife or husband. Also several members of companies who present awards will attend.

### AUTOMOBILE ACCIDENTS

Now that millions of people are taking their summer vacation, it is important that you know your rights about you and know just what to do.

It is therefore a good idea to plan what you would do in event of a smash-up. Here are a few simple rules that every driver should commit to memory.

1. Stop! Failure to stop can result in serious criminal consequences.
2. Render Aid. If anyone is injured: (1) Render first aid. (2) Stop bleeding. (3) Call a doctor or an ambulance or both. (4) Do not move an injured

person in any way that could possibly add to his injury.

3. Protect the Scene from Further Damage. You may be liable for damages to approaching drivers, unless they are properly warned. If the highway is obstructed at night, have someone turn his headlights on the wrecked vehicles.

4. Call an officer, Policeman, Highway Patrolmen, Sheriffs and their deputies are trained accident investigators whose testimony may be invaluable in establishing your civil claim for damages.

5. Gather Information—Write it down. Don't trust your memory. Don't guess—be specific. Measure skid marks. Step off distances. Be sure to obtain names and addresses of witnesses. You are required by law to exhibit your driver license to the other driver—and he must do the same.

6. Be careful What you Say. Even if you feel you probably are to blame, it is best to make no admission. You may learn later that the other driver was equally at fault or more so. Emotional comments can be misconstrued by others, or may be misquoted. Whatever you say, make it factual.

7. See Your Doctor is there is

the slightest chance you are injured. Serious injury not always result in pain, or bloodshed.

8. Consult Your Lawyer immediately. The sooner a lawyer is brought into the picture, the better he can protect your rights. You can obtain statements from witnesses while their memories are fresh, and do many things to insure that facts are preserved. Get lawyer's advice before any interviews or statements to investigators or state for the other side.

9. Inform Your Insurance Company Promptly. Do so as soon as you can. Report the Accident Department of Public Safety. This is required by law in any injury, death, damages exceed \$25.00.

An official accident form may be procured from Police, Sheriff's Dept., Highway Patrol, or State Dept. of Safety.

This column, based on law, is written to not to advise. No person ever apply or interpret without the aid of an attorney who knows the facts, the facts may change the application of the law.

## Star Farmer of America

Selected as the nation's outstanding young farmer among 389,000 members of Future Farmers of America, Wesley Patrick of Brooks County, Ga., was named Star Farmer of America at the 29th National FFA Convention in Kansas City, Wesley farms 130 acres near Quitman, Ga., and specializes in pure-bred Duroc hogs.

## Value Of Burs To Land Is Described

New research by the cotton industry indicates farmers should think twice before allowing that by-product—cotton burs—go to waste.

Some areas of Texas cannot return burs to the soil without special treatment to kill pink bollworms. But once protective procedures are observed, the burs can be a real boon in stretching benefits of rain and maintaining fertilization.

Preliminary studies show that on bur-treated soil, wind erosion is lessened because of better condition of the soil. It is also known that burs mellow the soil and make it spongy and easier to work. Water penetration from rainfall is great and evaporation is minimized.

Crop yields and their relationship to burs is being studied. On one test farm, five tons of composed burs increased the yield of cotton lint by 65 pounds per acre; 10 tons of composed burs increased the yield of lint per acre by 275 pounds.

Cost of bur usage varies but the general figure is about \$2.50 per ton. The burs themselves usually are free, with the farmer paying only for the spreading. When this spreading is done by the individual,

THE LOCKNEY BEACON, LOCKNEY, TEXAS, NOV. 1, 1956

the cost figure is less.

Effects of burs on the land remain for an extended period. Definite increased yields from one application of burs has been noted for a three or four-year period.

Increased yields made by farmers using burs in an area usually spurs others to action. The increased water capacity is most attractive to irrigation farmers who are confronted with annual underground water level declines.

For information on laws regarding the use of cotton burs, write to John White, Commissioner of Agriculture, Austin, Texas.

### NEW MIRACLE FABRICS THRIVE ON FREQUENT WASHINGS

Comforters and pillows filled with Acrilan are every bit as launderable as cotton sheets and are a boon to persons with allergy. Lint free and mothproof Acrilan-filled quilts, comforters and pillows do not mat, but remain fluffy and buoyant washing after washing. These warm, lightweight comforters and pillows, which some in pretty floral patterns printed on acetate crepe, are easy on the budget. Fortunately frequent laundering in medium hot water with soap or detergent suds keeps bedding sweet-smelling and healthful as well.

### DE-CENTRALIZING MODERN GAS RANGE

The popularity of de-centralized gas ranges is easy to understand, as the units can be fitted into any kitchen design and are very convenient for the homemaker. The top burners, for example, can be placed in an "island" separating the dinette from the food-preparation area or in a work counter lining one of the walls. Similarly, the separate oven-broiler unit may be installed in a wall or a cabinet at the right height to permit eye-level baking or broiling.

## Maple Church Given Award

Dallas. — The Three Way Baptist Church at Maple has been named winner of the District 9 Town and Country Achievement Award sponsored by the Baptist General Convention of Texas, leaders said here Thursday.

The district includes a 19-county area extending from Canyon on the north to Brownfield on the south, and from Matador on the east to the west border of the Panhandle. Maple is on the county line between Bailey and Cochran counties.

Judges making the award said that during the past year the Three Way Church has helped put grass on the community football field; helped get another water well for the school; made a church census of the

community; held a school for missions; done mission work among Spanish-speaking residents of the area and added a \$3,000 addition to its building.

The congregation now has 162 members and an annual budget of \$4,222.00, of which 10 percent is given for home and foreign missions through the Texas Baptist cooperative program of mission support. The Rev. Bob Rowe is pastor.

Purpose of the town and country achievement program is three fold:

1) To stimulate interest and initiative in town and country church work.

2) To recognize outstanding achievements by pastors and churches in this area.

3) To help Texas Baptists realize their responsibilities not only to their own local communities but to the nation and world as well.

District 9 is one of the 17 geographical areas in which the BGCT promotes such work each year. The winning pastor in each district will receive a parchment scroll, the church a metal plaque suitable for outdoor display.

One church and pastor will be named state-wide winners at Texas Baptists' annual convention in Corpus Christi from Nov. 6-8.

### GOOD GROOMING ASSET TO GOOD HEALTH

Clean fingernails are recognized as a definite requisite for good grooming — and are also a must for good health. Dirt under the nails is dangerous because it's "loaded with germs" that can cause infection—either when transferred to the mouth with food, or through skin abrasions if an itchy spot is scratched. Homemakers who prepare the family's food should be scrupulously careful to keep their nails hygienically clean. The best method is to scrub under the nails with a firm nail brush, soapsuds, and hot water before handling food or cooking utensils.

### CRISP WEATHER SIGNAL FOR SPICE CAKES

Gingerbread weather is coming. Serve it hot with this delicious topping: Take 3/4 cup chopped dried figs and mix with 1/2 cup brown sugar, a 1-inch lemon peel and 1 1/4 cups water. Simmer until slightly thickened and then add 2 or 3 tablespoons chopped candied ginger and 2 tablespoons finely chopped almonds.

# Mr. Farmer

The Stevenson farm plan is just a copy of the Truman farm plan. Like the Truman plan, the Stevenson plan would bury the farmer again under a mountain of surpluses. It would again send prices down.

The Eisenhower plan is the plan recommended by people who make their living by farming. The political agriculturists in Washington may not like President Eisenhower's Soil Bank program; but farmers who have really looked into it like it.

They also like the way President Eisenhower disposed of five and a half billion dollars worth of surplus commodities. They like the way he helped regain lost markets and turned prices back up without a war.

They like the drought assistance he has provided. What would be the present state of things in Floyd County if we had had favorable weather for the past four years? Let your own intelligence answer that question.

Nearly 20,000 farmers in Texas already have taken advantage of this program, which helps them buy hay and grain, and provides the kind of long-term, low-interest financing we have been needing.

Seven out of ten Texas farmers now own their own farms outright, without even a mortgage on them. All they want is a fair chance to farm for a living. They don't want to just farm for the government and have the government bungle things up so much that the farmer eventually has to get what amounts to a salary from the government.

That's the way farmers were headed while Truman was in office. That's the way they will be heading again if Stevenson gets elected.

The farmers like Ike's sincerity and his honesty. He likes the fact that he is a good religious gentleman. He is a real statesman, and not just a cheap politician. He likes the way he cleaned up Washington and ended the Korean War, releasing the farmer from the wartime controls that were choking him to death. He likes the way he refunded the gasoline tax to the farmer and expanded farm research.

The kind of help Ike has given the farmer is the kind of help he needs. Many farmers are life-long Democrats. Ike is a better Democrat than Stevenson is.

Go to the polls on November 6th and help re-elect President Eisenhower. Ike is the best friend the farmer ever had.

—Pol. Adv. Paid for by Texans for Eisenhower.

## Minute Editorials

Though he fall, he shall not be utterly cast down; for the Lord upholdeth him with his hands.—Psalm 37:24.

**NEXT TUESDAY** is general election day. It is the time for every man to exercise the sacred privilege of casting his vote for the candidate and the policies he believes will work to his best interest and the interest of his state and nation. Coercion and undue influence should have no part in this voting. The ballot is secret. A man may vote as he pleases without anyone else ever knowing how he votes unless he chooses to tell them. Therefore he should vote as his conscience tells him to vote and let the chips fall where they may. Independent thought and action have kept this country free and great. Don't listen to your neighbors or friends. Look at the issues and vote as you wish. It is your vote to do with as you please. Use it that way.

**JIM LINDSEY**, chairman of the State Democratic Executive Committee, has sent a letter to all Democratic precinct and county chairmen in the state, urging them to work toward getting out a large vote for the Democratic candidate for governor since the size of that vote will determine the number of delegates to the county and state conventions two years hence. We don't know Mr. Lindsey but we suppose that he is sincere in his efforts. We do know that Price Daniel is the Democratic candidate for governor and that he has been bitterly opposed by many who call themselves "Loyal Democrats." We're anxiously awaiting the count in the governor's race to see whether these so-called "Loyalists" are really loyal to the Democratic party or to some candidate whom they choose. Loyalty will be on trial when the vote is counted.

for governor in the general election.

**PERSONALLY** we have not thought that President Eisenhower had a chance to carry Texas again this year. Due to the farm program we considered that the State would go back to the Democratic column without too much trouble. Apparently some are disagreeing with us on that point. At any rate much effort is being put forth to further Mr. Eisenhower's candidacy, in the state and even in Floyd County. It will be interesting to see the results of this campaign.

**IN PAST WEEKS** we have been discussing the constitutional amendments to be voted upon in the general election. We have briefly discussed six of them. Here are the last three:

**THERE SEEMS** to be considerable interest in Amendment No. 7 among Physicians, law enforcement officers and others. The amendment would provide for temporary commitment of persons believed to be of unsound mind, but would require that no person be judged of unsound mind except upon competent medical and psychiatric testimony. In other words a person may not be committed to an institution upon a jury trial alone, although the trial remains in the statutes. There must be testimony from professional people qualified to know that he is actually of unsound mind. It appears to be a good law. As we said, doctors and law enforcement officers especially are urging its passage.

**AMENDMENT NO. 8** provides that a judge or magistrate may deny bail to a person accused of a felony less than capital if he has been convicted of two previous felonies. Bail could be denied pending trial only after a hearing and upon evidence substantially showing the guilt of the accused. The amendment is directed toward repeat criminals and is designed to help exercise more control over organized crime operating in the larger cities. It appears to be a good law.

**AMENDMENT NO. 9** will be voted upon November 13th because of an error in the legislature in preparing the amendment. It would give the legislature power to provide assistance to needy individuals who are totally and permanently disabled by reasons of a mental or physical handicap or both, where vocational rehabilitation is not feasible. The person must be between the age of 18 and 65. Such assistance would not be available to anyone receiving other aid such as old age assistance, aid to blind and needy children. The limits is \$20 per month out of state funds, but the federal government may match the funds or add to them for the same purpose.

## THE AMERICAN WAY

*"Liberty cannot be established without morality, nor morality without faith. The principles of the Bible are the groundwork of human freedom."*

The Bible - Source of Human Freedom

### With Our EXCHANGES

**AUSTIN READERS PLEASE NOTE!**  
The Dept. of It All Depends on Whose Ox is being Gored; The Texas Observer, weekly voice of the leftwing of the Democratic party in this State, urges in a recent edition the election of a Republican representative of an Austin district in the next State Legislature. Object of the Observer's surprising affections in this instance is Republican Robert Fagg. He is opposed on the November 6 ballot by one Wilson Foreman, described by the Ob-

servant as a "Conservative Democrat."  
During the national campaign of 1952 as well as throughout the current one, the Observer has heaped coals of fire upon the heads of any and all Texans giving indication of preferring Mr. Eisenhower to Mr. Stevenson as a Presidential candidate. In the State campaign of 1952-54-56, the publication waxed unkind about Texans who didn't go down the line with all self-proclaimed "Loyalist" candidates, intimating that they should be boiled in oil, hanged, or both, as punishment for their derelictions. It rolled such epithets as "bolters," "two-timers," "Dixiecrats" and "Shivercrats" off its editorial tongue with evident relish.

Now, however, the Observer says "plain voters" aren't bound to support any nominee of any party for any office. It praises Republican Fagg as a man whose heart bleeds for all of us peons who have less than a million dollars. It darkly hints that Democrat Foreman, if elected, may mount a white charger and ride down Congress Avenue gleefully lashing the peasants with a whip.

**A VOTING YARDSTICK**  
Before one gets carried away with enthusiasm by all the things political candidates promise to have the government do for us, it might be well to consider what has made this country what it is as a yardstick in making a choice between candidates.

Most of the social and economic gain in this country have come from the efforts and initiative of the individual and not from government planning; Fulton invented the steamboat; Bell developed the telephone; Ford built the first low cost car; Franklin discovered electricity; Wright created the airplane; Whitney designed the cotton gin; and so on, ad infinitum. Without the work of the individual, we would still be living under a feudal system that allowed us only a bare subsistence. It is the accomplishments of the individual that have lifted us to present levels — not the accomplishments of government.

Yes, American progress rooted in individual freedom. That points to a yardstick that can well be used in judging those candidates who would bring about a society where "do-all" government would reduce the individual to the status of a statistic. — Petersburg Journal.  
The U. S. baking industry provides a market for about 50 million bushels of wheat annually, millions of pounds of milk and additional millions of pounds of shortening.

## Long Ago In Lockney

Items of interest from the files of The Lockney Beacon.

**November 4, 1926**  
In an editorial the editor explains the school situation saying there are no plans for erecting a new high school building right away as some are saying. He says there is still plenty of room available to house all the students involved in the consolidation which took place recently.

Mrs. Mary M. Byrd, 86, died at the home of her daughter, Mrs. George W. Tierce, west of Lockney, Friday, October 29 at 9 p. m. Mrs. Byrd had been in ill health since last March and suffered a broken hip in a fall a few days ago. Her husband, J. C. Byrd passed away here 12 years ago. Mrs. Byrd was a pioneer of the Lockney area, having moved to the plains in 1891. She is survived by five children, two sons and three daughters.

The first frost of the season appeared here Sunday night and Monday morning. The first ice was seen Tuesday morning. Overcoats and stoves are now in demand.  
An invitation is extended for the public to attend a "Tom Thumb Wedding" directed by Mrs. Charles Simpson at the school Friday, Nov. 12.

Max Thornton, nine months old son of Mr. and Mrs. Claude Thornton of East Lockney died at his home Thursday night at 8 o'clock after an illness of two weeks.  
The general election was held Tuesday but few people came out to vote. Less than 150 votes out of a possible 700 were cast in this box. The entire State Democratic ticket was elected, however the Republican ticket showed some gain.

The Chrysler New Yorker for 1957 offers advanced Forward Look styling, a revolutionary new Torsion-Aire torsion bar suspension, a new three-speed push-button Torque-Flite transmission, twin headlights and smoother-riding lower-pressure tires on 14-inch wheels. Approximately four inches longer than last year, they feature a combined heater-air conditioner, up to 40 per cent larger windshield and a new 392 cubic-inch FirePower V-8 engine. Shown above is the Chrysler New Yorker two-door hardtop. They are available in a four-door sedan, four-door hardtop, convertible coupe and Town and Country wagon in a choice of 21 colors.

## Seek Permit For Farmers To Buy Surplus Grain

Waco. — The Texas Farm Bureau today asked Secretary of Agriculture Benson to permit farmers and ranchers to buy surplus feed grains from the Commodity Credit Corporation at the same rates that now apply only to dealers.

In a telegram to Benson, TFB President J. Walter Hammond also requested that use of drought relief certificates be permitted as part payment for grain

in the same manner now used in the drought roughage program. He also requested that eligible farmers be permitted to use the certificates to buy feed grains from any source.

"There is considerable dissatisfaction and disappointment among the farmers and ranchers regarding the administrative procedures for distributing drought relief feed grains," Hammond told the Secretary of Agriculture.

At present, eligible livestock producers must buy feed

grain from dealers. Farmers complain that this makes the price higher, thus nullifying some of the beneficial effects of the federal drought relief program.

## Ralls, Crosbyton Post, Spur Vote Water District

Crosbyton. — By vote of 1,352 for and 53 against, residents of Spur, Crosbyton, Ralls and Post confirmed the White River Water Control and Improvement district, which was created by the State Board of Water Engineers September 10.

The construction of a dam on White River below the caprock is proposed. It and 62.5 miles of pipeline and pumps would cost \$2.5 million. The lake would be eight miles long and contain shoreline of 25 miles, containing 30,000 acre feet.

Cost of the water to the cities is estimated at 30 cents per 1,000 gallons.

The four towns would pay about 25 per cent of the cost by a levy of 25 to 30 cents per \$100 on property valuations and 75 per cent with water revenues. Presently the towns use about 1,500,000 gallons per day. When use exceeds 2,000,000 gallons the property tax will be dropped and the revenues will be adequate to retire the bonds, present studies reveal.

Post voted 552 for and 4 against; Crosbyton 378 to 7; Ralls 299 to 6; and Spur 323 to 36.

Officers and directors are Tom Bouchier, Post, president; Marvin McLaughlin, Eglin, vice president; Robert Work, Crosbyton, secretary; Lynn Buzbee, Spur, and R. J. Jennings, Post, complete the directors.

## Robin Bakers Are Back From Hawaiian Trip

A grass skirt, a big grin and a fine order for the Baker Plow Co. of Plainview is what Robin Baker brought back from Hawaii last week.

Robin Baker and his wife, Mae, flew to Hawaii the latter part of September to visit with the Caterpillar and International Crawler dealer of Hilo and to demonstrate the big Baker Plow. The plow that is manufactured and made complete in the Baker Plow Plant of Plainview. The Bakers returned to the states on Oct. 18.

"The Garden of Eden couldn't have been prettier," said Mr. Baker, "but they have unusual farming conditions in the islands." "The soil is wet, full of huge boulders and deep gullies." "Due to labor trouble nearly all work is done by machinery in Hawaii. I saw a big 350 acre sugar cane farm that used 17 big caterpillars and only 25 men in their operations."

It takes two years to make a cane crop and the crop requires from 100 to 250 inches of rain per year, to make a good crop which they usually get, but if they don't the farmer irrigates from the small streams and rivers.

The Baker two-way disk plow that Robin took to Hawaii will be stationed about 40 miles from Hilo and is being used

for experimental purposes on pineapple and sugar cane farms in the territory.

The people of the islands are happy to be a territory and folks I talked to were not particularly interested in becoming a state in the United States. They are a friendly happy people and were mighty nice to us, but just the same the 7 1/2 hours it took us to fly back to office.

the good old U. S. A. were sure glad to be home again."

### NOTICE

A number of dishes brought to the R. C. Bennett home over the weekend have been left at The Beacon office. Those owning the dishes may claim them and pick them up here at this time.

# THE MIGHTY CHRYSLER FOR 1957

Here's the glamorous, low-priced 1957 Chrysler Windsor V-8

Announcing the most glamorous car in a generation!

You never looked or felt as good in anything before!

Other cars have changed models . . . this one changes motoring. Look at its rich, racy lines . . . at the long, low silhouette . . . at the dramatic upsweep of the rear fenders that plume back from the waist like the wake of a hydroplane. It's a streak of a car with the elegance of the boulevard and the spirit of the speedway.

Get into this car, drive it into traffic or out on the open highway and you enter a new domain of travel. In the 1957 Chrysler, with its new Torsion-Aire Ride, motion has a new "feel". And wait till you toe the throttle. A new Pushbutton TorqueFlite Transmission teams with a mighty airplane-type V-8 engine, developing up to 325 horsepower, to give you a new high-velocity getaway, matchless passing power when you need it.

Come in this week and visit our showrooms. See and drive the most completely new car of the year!

**Torsion-Aire Ride**  
*pours the road under you!*

Try Chrysler's new Torsion-Aire Ride and you'll think some of the laws of gravity, motion and inertia have been suspended in your favor. No more rock and roll. No more pitch when you stop. Chrysler's new torque rod suspension and lower center of gravity give you a brand new ground-skimming "feel" of the road. The wheels ride the contours . . . but you don't. The road just pours under you.

# America Needs Ike!

An editorial from the Kilgore News Herald October 8, 1956

Four years ago, the Kilgore News Herald joined with a substantial majority of the voters of Texas in supporting Dwight Eisenhower and Richard Nixon against Adlai Stevenson and John Sparkman.

We were tired of Trumanism, with its graft and corruption, softness toward Communism, tragic handling of the Korean "police action," and disregard for State's Rights.

After 20 years of Democratic reign, it appeared high time for a change.

Besides, Mr. Eisenhower had pledged his support of legislation to return the tidelands to Texas, while Mr. Stevenson had stated flatly he would veto any such legislation if passed by Congress, "just as Mr. Truman did."

Although we have not agreed with everything Mr. Eisenhower has done, we feel that he has been, all things considered, an outstanding President. **CERTAINLY HE HAS RESTORED CONFIDENCE IN THE HIGH OFFICE HE HOLDS, BY THE FAIR, CALM, DIGNIFIED MANNER IN WHICH HE HAS CONDUCTED HIMSELF AT ALL TIMES.**

Today there is not too much difference in the two major parties, but as the traditional Frenchman said, "Thank God for the difference." In one major field, the Democrats have pledged to abolish the Taft-Hartley law, under which the nation has enjoyed labor-management peace, and have specifically condemned the "right-to-work" laws of Texas and other states. Such a stand is to be expected, with Walter Reuther, the radical labor boss the one man most responsible for nomination of Stevenson and Kefauver.

Four years ago we heard dire predictions of a Hoover depression, but instead, America has enjoyed four of the most prosperous years in her history—and without a war for stimulation. And what is more significant, the cost of living under Mr. Eisenhower has held fairly steady, rising only 2 per cent, as compared with an increase of 70 per cent in the previous 11 years.

When both Stevenson and Kefauver firmly opposed permitting Congress to return to Texas her legally owned tidelands, they made it clear, as they have on other occasions, that they do not believe in the States' rights guarantee under the Constitution.

This newspaper believes in the Jeffersonian principles on which the Democratic Party was founded, **but we do not place party above country.** Neither does Mr. Eisenhower. We believe Ike, as he is affectionately known throughout the world, is a better Democrat than Adlai.

**Today's most vital issue is peace. Eisenhower has brought us peace and is our best insurance against war. As Commander-in-Chief Ike is far and away better qualified than Adlai to lead us if war should come.** For once we agreed with Harry Truman when he said that the election of Stevenson would let us in for a "costly period of trial and error" in foreign affairs.

The campaign has proved that Stevenson had rather be President than right. His efforts to win votes by insinuating that we could stop the draft and that we should stop testing H-bombs have done much to disturb and divide our people and to encourage the Soviet cause overseas.

**In our considered opinion, the country needs Mr. Eisenhower today as much as in 1952,** not just to complete his program, but to make certain that the pressure groups and leftist elements which controlled the New and Fair Deal do not take over and force upon us a radical, socialist government.

—Pol. Adv. Paid for by Texans for Eisenhower—

## Providence

By Mrs. Wilfred Stoerner

It is better to light one candle than to curse the dark.

People in the community are still busy gathering the feed and cotton. Some are through with the combining but there is still a lot of feed and cotton in the fields. A huge pile of grain at the elevator shows the people are really making use of the handy facilities of the Smith Bowden elevator.

Supper guests in the home of Mr. and Mrs. Hubert Stoerner Sunday were Mr. and Mrs. August Steinfaht and family.

Dinner guests Sunday in the home of Mr. and Mrs. Ben Brandes were Mrs. Ben Quebe and Mr. and Mrs. Wilfred Stoerner and daughter, Cynthia Ann. In the afternoon they all visited in the home of Charlie Viegel of Plainview.

Visiting in the community last week were Mr. and Mrs. Sid Sammann and family of Arkansas. They were former residents of Providence community.

**Trinity Lutheran Church.** Rev. Arnold Windecker, Pastor

Reformation was celebrated at Trinity Lutheran Church Sunday. Services began with singing "A Mighty Fortress is our God." Choirs and the special anthem "Oh Lord of Hosts" by Sibellus directed by Albert Scheele. Rev. Windecker preached a very impressive and moving sermon on "We Preach Christ Jesus. A special offering of the morning added to church scholarship fund. The Junior Mission band and the Women's Missionary Federation brought forward their Thanksoffering boxes and envelopes.

**Church Activities**

Luther League met Sunday evening. One of the main topics of business was the Religious Christmas float. For many years Trinity Church has tried to have an impressive religious float in the Christmas parade. We hope this year will be one of our best floats.

Sunday School 10 a. m.  
Divine Worship 11 a. m.  
Mission Festival service Wednesday at 7:30 p. m. choir practice.

Those planning to attend the Women's Missionary federation in San Antonio November 6-9 are: Rev. and Mrs. Windecker and daughter, Mr. and Mrs. Wilfred Stoerner and daughter, Mrs. Ben Quebe, Ben Brandes, A. D. Schaffner, Leo Boedeker, Karl Sammann. This is the first time the international meeting has been held in Texas.

A sincere thanks was extended to all the members and friends for the lovely reception and party given Rev. and Mrs. Windecker and daughter. Many useful things were received.

TEXAS DEMOC HEAD —

Speaker of the Texas House of Representatives, Jim Lindsey of Texarkana, is the new chairman of the State Democratic Party. Chosen as one of the Five Most Outstanding Young Men in Texas last year, Lindsey, at 30, is the youngest Speaker and youngest Party Chairman in the state's history.

### H. D. Club Meets

Providence Home Demonstration Club met at the home of Mrs. Ben Quebe Tuesday afternoon. An exchange of receipts was given as roll call was answered. Mrs. Ben Brandes read a poem on fall.

Mrs. Sam Jones, president called the meeting to order. Business included the council delegates report given by Mrs. Ted Boedeker. New officers elected were: President, Mrs. Sam Jones; vice president, Mrs. Ben Brandes; Council delegate, Mrs. Ben Brandes; Secretary-Treasurer, Mrs. H. F. Quebe; Mrs. Wilfred Stoerner, Mrs. Ben Quebe, food leaders made two salad dressings and prepared three salads. These with slices of ham, cookies and coffee were served to Mrs. Ben Brandes, Ben Quebe, Wilfred Stoerner, Sam Jones, J. R. Turner, Ted Boedeker, E. M. Quebe, Brummert, L. B. Brandes and Marvin Scheele.

Mrs. Marvin Scheele gave a very informative talk on care and planting of bulbs. Mr. and Mrs. David Stowe and children were dinner guests at the home of Mr. and Mrs. C. E. Flippin Sunday.

**Hallowe'en Party**  
Providence P. T. A. entertained with a Hallowe'en party Friday night at the school house. It was one of the largest parties they have ever had. Every one had a good time. Prizes were given to the best dressed in each age group. Games and refreshments were enjoyed. The noise makers made a hit with the children.

## School Menu

November 5

Monday—Salmon, buttered corn, green jello fruit salad, rolls, butter, jelly.

Tuesday — Fork to gravy, sweet potato, peas, cabbage slaw, bread, milk, pineapple down cake.

Wednesday — Mashed potatoes, butter, green vegetables, hot rolls, butter, apple milk, peanut butter cake.

Thursday — Brown baked vienna sausage, greens with boiled egg, and onion ring, milk bread, sliced peaches.

Friday — Hot dogs, fries, English pea salad, stick, milk, apple brown.

### HOME FROM VALLEY

Mrs. A. B. Kenady returned home Friday night from a trip in the valley with her mother, Mrs. Lora Miller of Snyder. She accompanied Mrs. Lemons of Plainview on a trip into the valley. While in the valley they took a trip into Old Mexico. Mrs. Kenady went to visit her mother, Mrs. C. S. Kenady, 80 years of age. She returned Sunday afternoon.

Visitors in the home of Olive Myers Sunday were Mrs. Donald Myers, Marcia of Denver City, Myers and Mr. and Mrs. McPherson and girls, and Pamela, all of Dallas and Ernestine Spradlin of Las.

Visitors in the home of Hodel's brother, Mr. Frank Hodel, and daughter, Martha and Mary and Hodel's sister, Mrs. Joe Hodel, all of Crawford, Texas, arrived Monday to leave Thursday.

Mrs. Nellie Turner and daughter, Bessie Hodel of Denver, Colorado visited with Ell Hodel and Mrs. Vick Tuesday.

Mrs. Ted Boedeker and Bessie Chiquits, Mrs. C. E. Flippin and son, Jan Hal, Sam Jones and girls, and Mary Lou Lopez, Martinez and children, and Mmes. Olive McQueen, B. C. Matthews and Kenneth Moody and L. McLaugh and children, Phillips and son, E. M. and son, H. F. Quebe and Pilar Salazar and sons, Sammann and sons, Scheele and children, V. and children, Samona Jonny, and Hubert Har-

## TO THE VOTERS OF FLOYD COUNTY:

YOUR PRECINCT'S REPRESENTATION IN THE 1958 COUNTY DEMOCRATIC CONVENTION

AND

YOUR COUNTY'S REPRESENTATION IN THE 1958 STATE DEMOCRATIC CONVENTION

Will each be in direct proportion to the number of votes cast in the November 6th General Election for the Democratic Candidate for Governor, Price Daniel.

If you participated in the Democratic Primaries in July and August 1956, it is your legal duty, expressed in the pledge appearing on every primary ballot, to support the nominees of those primaries by voting for them in the November 6th General Election.

Some of the members of the undersigned Committee voted for Price Daniel in the primaries, and some did not, but we all propose to vote for him in the general election, and we urge you to do likewise, in compliance with your legal duty and to insure full representation of your Precinct and your County in the 1958 Democratic Conventions. Common sense and political experience teach that any other vote is a vote thrown away. Floyd County's representation in the 1954 State Convention, based on the 1952 vote, was 9, but its representation in the 1956 State Convention, based on the 1954 vote, was only 4. Don't cheat yourself, your Precinct, and your County — vote for the Democratic candidate for governor!

Respectfully submitted,

Your County Democratic Executive Committee

# Spur and Abernathy In Dist. 2-AA

Spur and Abernathy were their games in District 2-AA last Friday evening. Lockney Longhorns had an excellent game but remained at the bottom of the standings with three losses and no wins. Abernathy defeated the Slaton team 25 to 6 at Slaton. The Longhorns scored twice in the first quarter and twice in the third quarter to go ahead. Slaton's offense came in the second quarter.

Spur edged by Post by virtue of extra point in the game. Post at Post Spur won 14 to 13. It was a very close game. Observers said Post had a lead and held a 6-0 half time lead but the Spur Bull came back to score once in the second period and once in the third period to pull ahead. The final score came in the fourth quarter.

Abernathy defeated the Tule Falls Bulldogs 14-0 in a game played at Tule Falls. The Antelopes were twice in the first quarter and then settled down to lose the game. The Bulls were never seriously threatened.

Team	W	L	Pts.	Opp.
Lockney	3	0	70	18
City	3	1	114	49
Abernathy	3	1	61	39
Thomas	2	1	43	18
Spur	1	2	40	34
Post	0	3	7	74
Slaton	0	4	32	135

## Local People Plan to Attend Texas Baptist Convention

Local couples from here are to be among the 10,000 persons attending three state conventions at Corpus Christi from November 5 through 7. The Texas Baptists, 1,430,000 in number, are making plans to send messengers attending the state series of meetings.

Theodore Adams, president of the 21,000,000-member World Alliance, heads the list of prominent speakers to appear before the messengers.

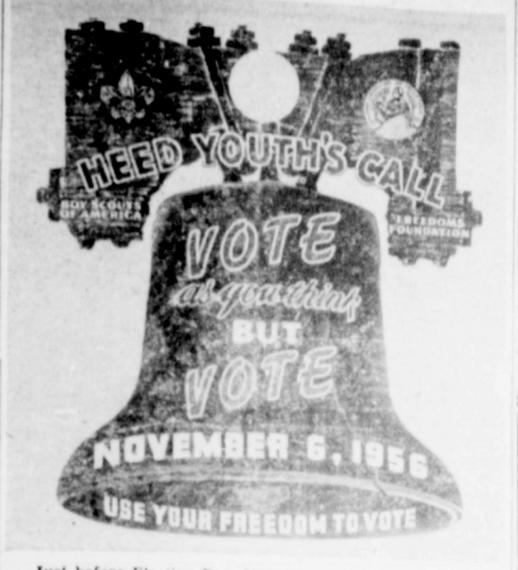

The Woman's Missionary Union will hold its sessions from Monday, Nov. 5 through Saturday, Nov. 6 in the Del Mar College auditorium. Mrs. Hilburn of Lockney who is Assistant WMU president is member of the State WMU and will attend a meeting at 9:30 Monday morning. Other speakers include: John Walker, missionary to China and Korea among the speakers slated for the WMU meeting.

The Brotherhood meeting will be held at 1:30 p. m. Nov. 5 through 4 p. m. Nov. 6 in the Commercial Coliseum.

At 6:30 p. m. Tuesday, Nov. 6, the WMU and the Brotherhood will join about 3000 other messengers for the first session of the General Convention.

Those planning to attend

## Boy Scouts to Visit 35 Million Homes

Just before Election Day, November 6, the nation's 4,175,134 Cub Scouts, Boy Scouts, Explorers, and their leaders will place on the doorknobs of 35,000,000 homes Liberty Bell hangers, shown above, urging every citizen to vote. The Scouts' "Get-Out-the-Vote" campaign is being conducted in cooperation with Freedoms Foundation of Valley Forge. It is entirely non-partisan, without reference to any candidate or party.

from Lockney are Mr. and Mrs. Hilburn Casey, Rev. and Mrs. L. A. Blair, Mr. and Mrs. Homer Bartram, Mr. and Mrs. Leslie Ferguson, Mr. and Mrs. Sid Thomas, Mr. and Mrs. Harmon Handley, Mr. and Mrs. E. A. McLeod, Mr. and Mrs. V. H. Kellison, Mr. and Mrs. Ed Whitfill.

Visitor in the home of Rev. and Mrs. L. A. Blair Friday night was Rev. Blair's son, Ronnie Blair of Clovis, New Mexico. Mr. and Mrs. Wendell Green of Plainview visited in the Blair home Sunday afternoon.

Visitors in the home of Mr. and Mrs. F. S. Shearer last week end were Mr. and Mrs. Delbert Shearer of Amarillo, Harold Shearer of Lubbock and Rev. Vernon Shaw of Dallas.

## Blightmaster Cotton Passes First Test

College Station.—Blightmaster, a new stormproof and tolerant to angular leaf spot variety of cotton, is performing well under field conditions this year. It was developed by plant breeders of the Texas Agriculture Experiment Station at Lubbock.

Lee C. Coffey, extension agronomist reports that bacterial blight, commonly called angular leaf spot or blackarm, has been widespread this fall in the cotton fields of the High Plains. While the disease, unless severe, may not greatly cut yields, boll infection causes boll rot and fiber straining which in turn causes bales to be graded as "spotted."

## Weather condition on the Plains favored the disease this fall. Bacterial blight is worse when frequent showers occur.

Coffey says the contrast between Blightmaster and non-resistant blight varieties in some instances is very striking. Blightmaster was still green and growing a month ago while the lower leaves of non-resistant blight varieties appeared to have been defoliated. Bacterial blight also causes leaf shedding which may cut yields.

Foundation seed was released this year to 14 seed growers and they will have the only seed available for 1957 plantings, says Coffey. Seed supplies

THE LOCKNEY BEACON, LOCKNEY, TEXAS, NOV. 1, 1956

in 1958 should be sufficient to plant a sizable portion of the Plains cotton acreage. Blightmaster also is a high-yielder, its staple length is slightly longer than most presently grown stormproof varieties, lint percentage is equal to the better stormproof varieties, it is medium in maturity and is suited to machine harvesting. Blightmaster is recommended in the areas of Texas where a stormproof variety is desired.

# Do You Object To The Increase In Machinery Prices?

Any farmer's dislike of increasing prices on farm machinery and implements is understandable.

What is the greatest single factor that accounts for this constant increase in prices of farming equipment? It is LABOR.

Labor is showing an appetite that cannot be satisfied in its demands for higher and even higher wages, its numerous fringe benefits. Who pays for all of this? The CONSUMER.

Which political party openly proclaims that it is the champion of the labor groups? The DEMOCRATS.

Where, then, shall we place the blame for uncontrolled labor demands, which explain the rapidly rising costs of all machinery, automobiles and trucks? At the door of the DEMOCRATS.

ELECTRIC WATER HEATING	ELECTRIC GARBAGE DISPOSING	ELECTRIC HEATING	ELECTRIC HOME FREEZING

## What's the Electrical Date in Your Home?

Your home, you say, is 1956 all the way through... and, well it might be... but, then again, the wiring may be of 1926 vintage. True, electrical contractors, builders and others interested in your welfare are making special efforts these days to put 1956 wiring in the newer homes. But, there's many a home, modern to the hilt... except for the wiring. So, if your home was built prior to 1956 and you'd like to bring it up-to-date, it takes just a telephone call to talk to a qualified electrical contractor. After he's finished working you'll have a home that will be electrically modern for years to come. Too, you'll be able to use all the exciting electric appliances now on the market... and yet to be discovered.

CALL YOUR ELECTRICAL CONTRACTOR TODAY FOR A FREE REWIRING SURVEY

# How Much Does It Cost You

*when your neighbors  
go out of town to buy?*

We may think . . . when one of our neighbors buys a shirt, or a car, or a hot water bottle in the city . . . that it's nothing to us . . . unless we happen to be trying to make a living in the shirt, or car, or hot water bottle business here in this community.

But . . . as a matter of fact . . . every time a dollar leaks out of local circulation, it hurts everybody who lives around here.

Because . . . financial anemia is a very contagious disease. Trade volume . . . the lifeblood of every community . . . when drained off to invigorate some other place . . . leaves us weaker, our schools and churches poorer, job opportunities fewer, our own businesses less profitable, our property worth less, our

living standards lower, and important help and services less convenient to us.

On the other hand . . . Prosperity is also contagious.

Every single dollar that stays here at home turns over again and again as long as it's here . . . to account for two, three, or more times it's value in increased local trade volume . . . to keep every single one of us in better economic health.

**It Pays to Buy  
where you Live**

YOU get everything that your money pays for . . . merchandise AND a trade-invigorated community live in . . . when you buy from your home town merchants . . .

and the Floydada Whirlwinds will highlight the day's program. Other activities for the homecoming include a barbecue supper following the game, and a dance at the VFW hall at 8 p. m.

All ex-students are urged to pick up their membership tickets by Nov. 1. Helping Mr. Carter with the days entertainment will be Olin Watson Jr., secretary, Gene Collins, Roy Teague, Kenneth Remmer, J. C. Wester, Mrs. Lon Davis, Mrs. Melvin Henry and Carl Minor Jr.

**FHA To Help In Freight Rate Reduction On Hay**

Walter T. McKay, the agency's State Director, was advised today of the designation of Farmers Home Administration to execute certification forms in connection with reduced freight rates recently worked out between the President and railroad representatives to further assist farmers and stockmen in drought stricken areas. This revised tariff provides for a reduction of 50 percent in the freight rate of hay forwarded to destination due to the drought, and applies only in connection with hay purchases of individuals who are entitled to assistance under the Hay and Roughage program.

Farmers Home Administration is authorized to execute certificates in behalf of farmers and ranchers only. Details of the program and forms required may be obtained from local county Farmers Home Administration offices.

The U. S. cellophane industry produces about 250 million pounds a year—and cellophane itself has given birth to more than 300 companies which convert it into such different articles as tape, bags, tubes, etc.

**November 18th Is Crop Sunday**

Rural communities will have an opportunity to share their blessings with those in need on Sunday, November 18. The day has been named CROP SUNDAY by the Texas CROP Committee as a supplement to the Halloween youth project and general commodity canvasses in 30 Texas counties.

On this Sunday before Thanksgiving laymen will meet in their respective churches, then meet together for a luncheon prepared by Women's church groups, receive instructions and materials, then spend an hour to an hour and a half in systematic canvass of the surrounding rural community. Farmers will be asked to share their harvests with a contribution to CROP (Christian Rural Overseas Program) which distributes surplus food overseas and collects or purchases food and fiber not available from surplus stocks. Canvassers will return to a central meeting place for an accounting and a dedication of funds received.

CROP is the food and fiber program of Church World Service, the relief agency in which 25 Protestant denominations participate. Communities wishing additional information concerning CROP SUNDAY are urged to contact the Texas CROP Office at 504 West 24th Street, Austin.

**Johnny Warren Wins Essay Award**

Johnny Lynn Warren, Lockney, received the \$25 bond for the winning essay on a trip to Southwestern Bell Telephone's recent open house.

An anonymous donor presented the \$25 bond to be given to the members of the Science Club who wrote the most informative essay on this field trip.

Warren, a sophomore, is the son of Mr. and Mrs. Elmer Warren, Rt. M, Lockney, and a 1955 graduate of Floydada High School. He is a member of the Science Club, Ministerial Alliance, and Volunteer Mission Band.

Portable TV sets with 8-inch screens are on the market, suitable for plugging in at cottages and resorts.

The views expressed by husbands are not necessarily those of the management.

Now there's an ear pad that blocks out high frequency noises but permits the human voice to pass through.

Today there are 67 per cent more children under five years of age than there were in 1940, and the number of births in 1955 reached 4,200,000, against 2,538,000 in 1940.

GO TO CHURCH SUNDAY.

- At the top of the Democratic Party column, strike out the names of Adlai E. Stevenson and Estes Kefauver.
- Leave the rest of the Democratic Party column as it is.
- At the top of the Republican Party column, leave the names of Dwight D. Eisenhower and Richard M. Nixon.
- Strike out the rest of the Republican Party column.
- Strike out all other columns on the ballot.

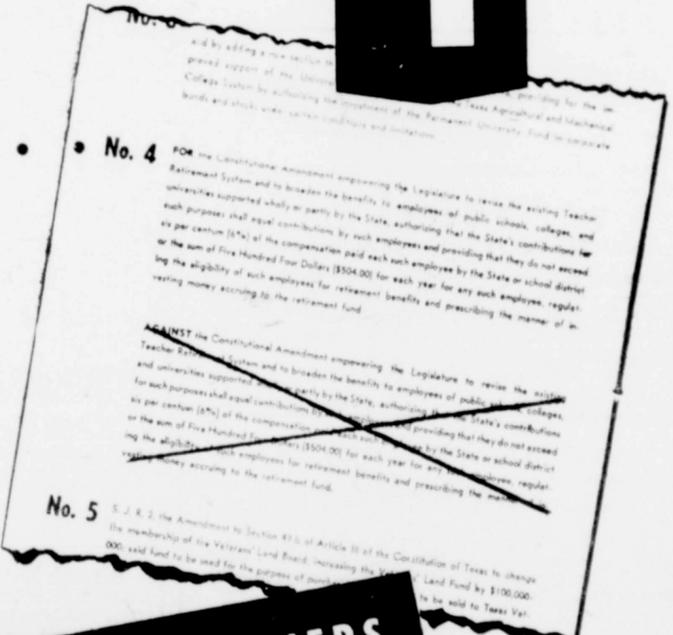

**EISENHOWER**  
IS A BETTER DEMOCRAT THAN STEVENSON!

**TEXAS' DEMOCRATS FOR EISENHOWER**  
W. E. BOB SMITH, CHAIRMAN

Write a free Texas... You can vote any way you like. Regardless of what you may hear, it is perfectly legal to split your ticket if you want to, just as it is legal to vote the Democratic ticket straight, or the Republican ticket straight. The purpose of the ballot is to determine what the people want. And if you want to vote for Eisenhower and then cast the rest of your ballot for the Democratic nominees—that is your privilege. Don't let anyone tell you otherwise! BY LAW YOUR VOTE MUST BE COUNTED.

(Pub. Adv.—Paid for by Texas Democrats for Eisenhower, Weldon Hart, Director.)

**Shawna Gilly Is  
Birthday Honoree**

Mrs. H. C. Gilley honored her daughter, Shawna, with a party on her sixth birthday Sunday afternoon from 3 to 5 o'clock. Shawna is a student of Mother Goose School. Refreshments of ice cream and cake were served to Cathy, Deliece and Craig Gilly, Janet and Sharon Edwards, Lloyd, Linda, Shirley and Leta Leach, Gloria and Kenny Cooper, Ronny and Gary Marr, Brentie Dutton, Lucitia and Sue Williams, and the honoree.

Among the thousands of Chinese refugees in the British port of Hongkong are the very old and the very young. The smile on this grandmother's face takes the place of a 'thank you' for a gift of CROP food. The youngster wants to get on with the eating.

**Mother Goose Tots  
Enjoy Party**

A party at Mother Goose School Monday morning honored little Shawna Gilly on her sixth birthday. The honoree is the daughter of Mr. and Mrs. H. C. Gilly.

Guests brought pennies amounting to \$1.00 to be added to the polio fund. Mrs. Gilly served birthday cake and orange juice to Gary Marr, special guest, and the following pupils: Bruce Baccus, Carolyn Byrd, Monty Cook, Glenda Cooper, Andy Duvall, Pat Jester, Debbie Miller, Johnnie D. Patterson, Cindy Rankin, Darlene Reed, Susan Simmons, Kathy Thornton, Lavenia Wilson, Freddie Elliott, Gary Mangold,

Cathie McDonald, Kay Wiley, Bill Hodel, C. J. Taylor, Brenda Wisdom, Steven Wisdom and the honoree. Quebe, T. B. Mitchell, Ferguson and the hostess.

**El Progreso Club  
Hears Biography**

Mrs. Ewald Quebe gave a book review, the "Biography of Mrs. Dwight D. Eisenhower" at a meeting of El Progreso Study Club Wednesday, October 24 in the home of Mrs. Chester Mitchell, hostess.

Roll call was answered with facts about former first ladies.

Refreshments were served to Mrs. Barry Barker, Ed Whitfill, Guy Sams, Hershel Carthel, Henry Schacht, B. A. Simmons, Milton Ashton, Dee Copeland, Henry Hodel, Clyde Applewhite,

**Jolly Stitchers  
Salad Luncheon  
Held At Kellisons**

The V. H. Kellison home in Irick community was the scene of an all-day quilting and salad luncheon Thursday.

The quilt was presented as a going away gift from the club to Mrs. W. O. Stuart. Mrs. Farrell Dollar made the presentation. Mr. and Mrs. Stuart are moving to Dallas after selling their farm in Irick community. He has retired.

Enjoying the hospitality were Mrs. L. F. Duvall, Farrell Dollar, W. O. Stuart, Gene Pigg, Oliver Holmes, Don Bennett, R. C. Kellison; Miss Anna Schacht, the hostess and Mrs. Mack Hickerson, Floydada, visitor.

**New-Comers Club  
Organized Here**

Mrs. Dick Whiteley has been named president of the New-Comers Club which was organized Thursday, October 25 at Plains Hotel and Coffee Shop.

Mrs. Estelle Powers presided at the meeting. Officers elected were president, Mrs. Dick Whiteley; vice-president, Mrs. Howard Smith; Secretary, Mrs. Raymond Smith; treasurer, Mrs. Troy Lemley. The club will be active from September to May and will meet the third Wednesday of each month.

An executive meeting was held Thursday of this week at the home of Mrs. Whiteley to outline plans for the constitution and by-laws.

Present for the first regular meeting were Mrs. Howard Smith, Mrs. Troy Lemley, Mrs. Howard Martin, Mrs. Robinson, Mrs. Bill Whitlock, Mrs. Wilson Kermickle, Mrs. Raymond Smith, Mrs. Dick Whiteley.

**Junior Girls Have  
Hallowe'en Party**

Members of the Junior Girls Auxiliary of the Baptist Church enjoyed a Hallowe'en party Monday afternoon at 5:30. Mrs. Bill Hodel sponsored the group.

Treats were taken to a number of shut ins before the girls went on a trick-or-treat outing.

Refreshments of sandwiches, cold drinks and muffins with jack-o-lantern faces were served to Rita Dollar, Nadine Cumble, Sue Stansell, Ruth Owen, Sandra McCandless, Nancy Pickle, Sherry Williams, Evelyn Ansley, Janita Ferguson, Jan Brewer, Linda Sue Carter, Jeanette Dodson, Juanell Potts, Carol Ann Collis, Carol Cooper and Frances Martin.

Christopher Columbus is buried in the cathedral of Seville, Spain.

The first flag to fly over Texas was the French flag in 1684.

Massachusetts is the only state governed under its original constitution.

**South Plains Maid  
Of Cotton To Be  
Selected Nov. 19**

Lubbock — South Plains cotton industry leaders have begun their search for an attractive young woman who will represent this area as one of the 20 finalist in the National Maid of Cotton contest in Memphis in December.

Chairman Charles Signor announced this week that plans are now being completed for the biggest and best contest ever held on the South Plains. The contest has been expanded to a two-day event, and a wonderful treat is in store for each contestant for the South Plains title.

The South Plains Maid of Cotton Contest will be held November 19-20, with judging in the Caprock Hotel and the finals on the evening of November 20 before 3,000 persons in Lubbock's new Municipal Auditorium. Each contestant will receive awards, and the lucky girl chosen as South Plains Maid of Cotton will receive a \$1,000 wardrobe and an all-expense trip to Memphis for her and her mother (or chaperon).

Officials of the contest, the world's most dignified beauty contest, have received confirmation that again this year the South Plains Maid will be an automatic entry in the finals to be held in Memphis December 27-28.

All contestants for the South Plains Maid title must be between the ages of 19 and 25 inclusive, at least five feet five inches tall, never married, and must have been born in a cotton producing state. Contestants will be judged on the basis of personality, poise, intelligence, and appearance. Entry deadline is November 9.

Entry blanks and details of the contest are available by writing D. C. Prince, Box 561, Lubbock, Texas, or by calling at the Lubbock Chamber of Commerce.

Last year's program attracted 26 contestants. Miss Revis Jordan of Lubbock, selected as last year's South Plains Maid, went on to Memphis where she was selected first alternate to Maid of Cotton Pat Cowden.
