And He said unto them, Where is your faith? — Luke 8:25.

ROYAL JAMES, football coach at Abernathy High School, is doing his best to put Lockney on the spot in the coming football season. The prediction that Lockney would meet Ciddings in the state AA finals originated with Mr. James since he represented this district in a meeting with sports writers at the coaching school in Dallas last week. Mr. James, of course, wants to set Lockney up so that every team in the area will be trying to "knock off the head team" and then probably hopes to instill a little overconfidence in the Longhorns so that they'll be easy to knock off. We believe the Longhorns know they have a long, hard season ahead and will not listen to Mr. James' flowery predictions concerning their future. Coach Rudy Halle is certainly right in his statement that "we won't be able to slip up on anyone this year." But we think we have the team and the coaching to go a long way. And one thing we're sure of — the fans are backing the team 100%.

MR. JAMES conveniently picks the Abernathy Antelopes to end the season in District 2. AA next to last place in the standings. Well Abernathy has been pretty tough for several years now and they won't live that reputation down in one season. We're thinking there will be a few teams laying for the Antelopes also.

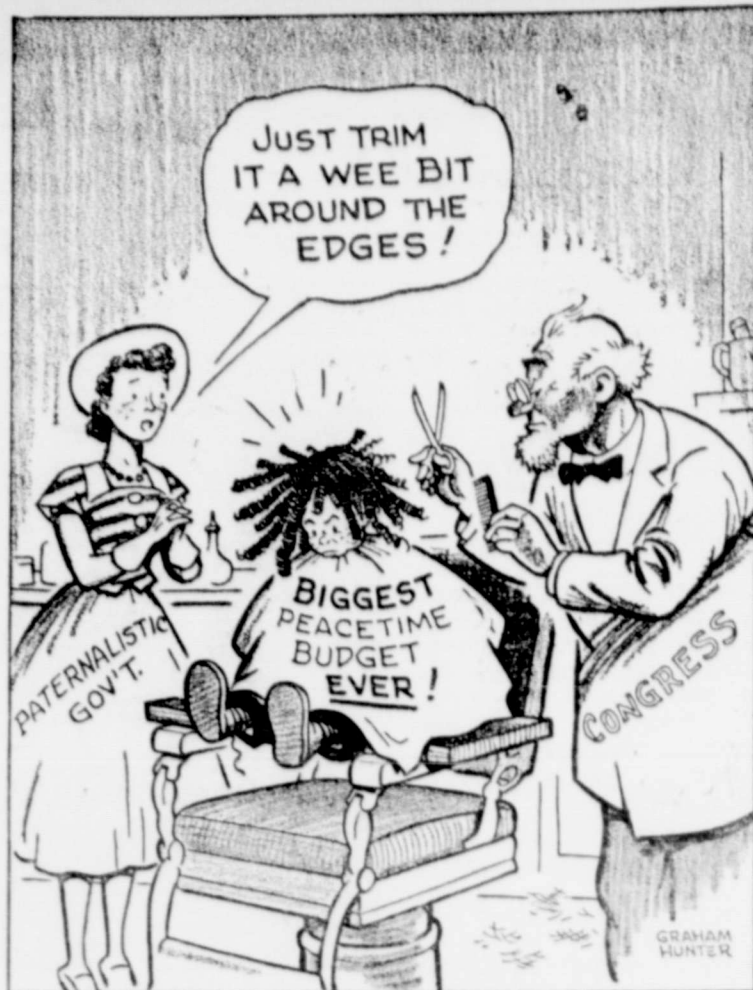

FAMILY INCOME is increasing, according to a report from Federal Reserve Board consumer-finance survey. In 1952 only 3% of all American families had incomes of \$10,000 and above. But last year families in this bracket constituted 8% of the total. Families with incomes of from \$7,500 to \$10,000 stood at 4% in 1952 but now are 9% of the total. And nearly one-fourth of the families make more than \$5,000 per year, the survey said. Another angle shows that while only 21% of all families were in the \$5,000 and up bracket in 1952, the number climbed to 41% in 1956 and going still further the survey showed that 65% of all families had incomes of more than \$4,000 in 1956. Remember that includes colored people, Latin-Americans and everyone.

A YOUNG PRINTER down Austin way found he wasn't making money fast enough so he decided to print some of his own. He did a good job too — that is on the printing but the T-men soon caught up with him and now he must spend 5 years in the federal prison. The young fellow was a hard worker but his income didn't match his out-go so he felt it necessary to take other steps to supplement his income. Which brings us to the thought that it is just as important to be able to live within the income you make as it is to make money. More money won't be of much benefit to you if you insist on spending more than you make.

A WATER CONSERVATION program is needed in Texas but the problem of working one out which will please East Texas, Central Texas and West Texas people all is stumping the powers that be. One disadvantage of Texas being so large is the conflicting interests that beset its people. On the Brazos River a plan had been advanced to build six dams to conserve water and provide power but the people of Southeast Texas are against them in their vicinity. Besides all these dams will impound the water before it gets to their section of the state. Selfishness is the watchword of the day.

POLITICALLY SPEAKING, we are wondering where the South will go in 1960. With President Eisenhower's stubborn backing of a civil rights bill and Mr. Benson's desire to do away with a farm program, they cannot back a similar administration. But if the liberal-radical element in the Democratic party gain control in 1960 as it seems they may, we cannot go along with them because they, too, are dead-set on civil rights legislation and also opposed to a farm program that will benefit this area. We're thinking perhaps the nation is in the midst of a political revolution which will do away with the present political parties and end up with a new division between the liberals and the conservatives. The division is already along those lines. Old party lines are gone.

TIME FOR A REAL HAIRCUT!

With Our EXCHANGES

OBSCENITY DECISION
The Supreme Court has ruled that obscenity is not protected by constitutional guarantees of freedom of speech and the press. In three decisions, the court upheld the constitutionality of Federal law barring sending obscene material through the mail, upheld a California law making it a crime to write, advertise or distribute indecent literature, and upheld a New York law allowing a court to bar distribution of obscene printed matter.

The Majority opinion stated: "All ideas having even the slightest redeeming social importance — unorthodox ideas, controversial ideas, and even ideas hateful to the prevailing climate of opinion — have the full protection of the guarantees — but implicit in the history of the First Amendment is the rejection of obscenity as utterly without social importance."

However, the court was careful to make it clear that "sex and obscenity are not synonymous." Material dealing with sex becomes obscene, the court said, when it tends to incite lustful thoughts.

Dissenting Justices protested that the opinion "drastically curtails" freedom of speech and the press by allowing government to step in and "punish mere speech or publication that the judge or jury thinks has an undesirable impact on thoughts but that is not shown to be a part of unlawful action."

Not only will those who like to fish, hunt, to go on picnics and enjoy such outings be glad to hear about this new lotion, but everyone who enjoys the outdoors will be delighted. Those who like to sit on porches or terraces in the late afternoons and evenings will be ab-

le to do so by using this new preparation.

There are several widely-used preparations on the market today which help to make outdoor living more pleasant. However, if the new preparation is all that is being claimed for it, it cannot come on the market too soon to suit most of us. — Lamb County Leader.

LOT IN COMMON

I was just thinking that I must have a lot in common with Evetts Haley. Everytime I get into anything, no matter how smooth the sailing may seem to be, I always wind up in a bunch of unforeseen trouble. This seems pretty well the case with Evetts, who took over a membership on the board of Trustees at Texas Tech and is currently the center of one of Tex's most publicized political hassles. Naturally, I don't know who is right or who is wrong in this wrangle but, one thing is sure, it isn't helping Texas Tech one single bit. One other thing, it is not the first time Mr. Haley has been involved in a squabble of this type — and I doubt if it will be the last — Jimmie Gillentine in Hereford Brand.

Dear Editor:
I see where a federal court has ordered another Southern city to fraternize with white and colored school kids with deliberate speed, which is how the Supreme Court said to do it in the first place.

My plain-speaking neighbor says there is at least one non-arguable point about this decision. It is clear as mud.

But he claims the Court is consistent in ordering deliberate speed in this matter, on account of they have apparently set out to reform a backward region with careful recklessness.

Long Ago In Lockney

Items of interest from the files of The Lockney Beacon.

August 18, 1927

G. H. Phenix of the City Bakery states he has recently purchased a modern Century Molder which makes bread more palatable.

Harley Sadler will spend the entire week here beginning Monday. The opening play is entitled "The Elder Brother."

G. H. Phenix, Artie Baker and Z. T. Riley were appointed by the Chamber of Commerce to solicit funds to send exhibits to the Tri-State Exposition at Amarillo.

Mrs. T. J. Thornton is very ill with typhoid fever at her home. Mrs. Thornton has been a resident of this vicinity for about 37 years.

Bonds were voted in an election Tuesday to build a sewer system in the city of Lockney. The construction of the main building of the Lockney Cotton Oil Company has been practically completed and the machinery is now installed.

August 17, 1945

Two new directors and three new officers were elected this week for the First National Bank of Lockney. The directors elected were Ed Teuton and T. Z. Reed. New officers elected were Artie Baker, president; Leon G. Smith of Amarillo, cashier; and Doris Mudgett, assistant cashier. Directors of the bank now include Ed Teuton, T. Z. Reed and Artie Baker.

Among the men who have seen service overseas and have arrived home for a visit with relatives the past week are Pfc. Olin F. Thornton who has served with the infantry in the European Theatre. He is the son of Mr. and Mrs. Ed Thornton who live east of town.

Sgt. Jay Ed Parsons who spent the past few months in Europe, arrived home Saturday. He is the son of Mrs. Lena Parsons of Lockney. He served with the field artillery unit.

Sgt. M. R. (Bob) Miller, son of Mr. and Mrs. Sam Miller,

Lockney, is in Fort Worth visiting his wife and is expected home soon. Bob served in France and France with the Air Force.

S-Sgt. Horace E. Baxter, visiting relatives here completing 47 missions as nose gunner on an Army bomber in the Pacific.

Lt. (jg) Lloyd Thompson visiting his parents, Mr. and Mrs. G. B. Thompson, who has spent the past 18 months with the Navy Air Corps in the Pacific. He is a pilot.

After four years, seven months and 32 days, William P. Harris of Lockney, first member of the Board of Commissioners of the State Service Board, is back in civilian life. He has been back in the states for a year and has been living in Seminole since his discharge July 14 of 1951.

Mr. and Mrs. Fred Dorn have leased the Baker Hardware and Coffee Shop and are now in charge. It was announced this week.

Japan has surrendered conditionally. President Truman announced at 7 P.M. (EWT) Tuesday night that the surrender has been accepted by MacArthur.

Gasoline rationing was lifted Wednesday. Also freed from rationing are fuel oil, store-bought fruits, vegetables, canned fruits, vegetables, and sup. chili sauce, grapefruit. Presumably rationing cards will be kept on sugar, meat and fats, shoes, auto tires and a few other items.

With a record of fighting with five armies in four countries, the 772nd Tank Destroyer Battalion is en route to the United States. 1st Lt. Robert McDonald is a member of the battalion.

Asks Chan Voting On Increase Quot.

Waco — Growers of the commodities should make realistic choice regarding what kind of proposal they want for their referendum.

This position was taken by the Texas Farm Bureau Directors in session here last week. TFB President J. B. Hammond said. The Board recommended on recommending the referendum vote.

The committee recommended that the Farm Bureau vote on alternate commodities to give farmers a choice of referendum vote.

A bill providing for a cotton program for farmers in the referendum is being introduced in the House.

Japan has surrendered conditionally. President Truman announced at 7 P.M. (EWT) Tuesday night that the surrender has been accepted by MacArthur.

Gasoline rationing was lifted Wednesday. Also freed from rationing are fuel oil, store-bought fruits, vegetables, and sup. chili sauce, grapefruit. Presumably rationing cards will be kept on sugar, meat and fats, shoes, auto tires and a few other items.

Asks Change Voting On Quotas

Growers of the six commodities should have more realistic choice when voting what kind of program they want for their respective commodities in referendum voting each year.

This position was taken by the Texas Farm Bureau Board of Directors in session here July 13. TFB President J. Walter Hammond said. The Board was acting on recommendations of the TFB Commodity Advisory Committee which met for two days prior to the Board session.

The committee recommended that "Farm Bureau work out alternate programs for all basic commodities to give farmers a choice of programs in the referendum vote."

A bill providing for an alternative program for cotton to be voted on by farmers in the December referendum is already before Congress and has the vigorous support of Farm Bureau.

"It was the feeling of the committee and the Board that this choice should be offered on all basic commodities so that farmers can more clearly express their preferences in the referendum voting," Hammond said. The commodities affected besides cotton are corn, wheat, peanuts, tobacco and rice.

The TFB also approved a recommendation of the advisory group reiterating Farm Bureau's opposition to "any proposed check-off legislation or amendment to the Packers and Stockyards Act in this session of Congress." Legislation now before Congress would authorize deductions on sales of livestock and set up organizations in each of the 48 states to receive these funds for the promotion of beef, pork and lamb consumption. Farm Bureau opposes the proposal.

Plains Cotton Production For 1957 Is Estimated

Lubbock — The first 1957 cotton crop production estimate for the Texas High Plains, as of August 1, shows an estimated 1,654,000 bales expected off this year's crop, agricultural officials report.

This production is based on allotted acreage, stands and crop conditions as of August 1 from 23 High Plains counties. This 1957 crop estimate is more than 200,000 bales higher than the first crop estimate off the 1956 crop which actually produced the second biggest crop in history in this area — 1,450,000 bales.

The Lubbock Cotton Exchange and the Plains Cotton Growers, Inc. in making the crop estimate said that the estimate is on the conservative side, due to the lateness of the crop and the fact that so much dryland is dependent on rain in August. Dry land was estimated at 160 to 200 pounds yield. If this estimate is too low, and should it be increased by 75 pounds per acre for the dry land acreage, then another 100,000 bales or so could be produced and production will break all existing records. If the big acreage counties come through this year along with the high yielding counties and the dry land equals one-half bales then this year's crop could easily top 1,750,000 bales.

Estimated acreages of the 23 member counties of the Plains Cotton Growers, are given below in bales:

- Bailey — 73,000
- Borden — 7,000
- Briscoe — 15,000
- Castro — 55,000
- Cochran — 55,000
- Crosby — 105,000
- Dawson — 112,000
- Deaf Smith — 11,000
- Dickens — 10,000
- Floyd — 72,000
- Gaines — 51,000
- Garza — 29,000
- Hale — 179,000
- Hockley — 160,000
- Howard — 28,000
- Lamb — 163,000
- Lubbock — 215,000
- Lynn — 107,000
- Motley — 4,000
- Parmer — 46,000
- Swisher — 50,000
- Terry — 105,000
- Yoakum — 19,000
- Totals — 1,654,000

Office To Be Discussed Aug. 13

Joe Foster and Lester Carter, Floyd County Directors of the Plains Cotton Growers, Inc., has announced operations of the Lubbock and the new La Mesa Cotton Classing offices for the 1957-58 season will be discussed at a meeting at 2 p. m. August 13 at the Lubbock Classing Office by Agriculture Marketing Service Officials.

E. J. Overby, director of the Cotton Division, AMS, Washington, D. C., and John L. Mc-

up an "uncoordinated and ineffective system of competitive promotion between various commodity groups with four dollars out of every five going to offset advertising and promotion of a rival commodity."

Hammond said the present promotion system, as administered by the National Livestock and Meat Board "does not have the factionalizing effect of pitting one segment of agriculture against another, but promotes the consumption of all meat and meat products alike."

In compliance with another of the committee's recommendations, the Board said that it will study carefully any recommended program for purchase of water conservation area in federally-constructed dams to assure the rights of agricultural users and prior beneficial users. The recommendation, as accepted by the Board, further provides that "the study should assure that the program will not deter nor delay development of a statewide water program."

A recommendation for continuation of the livestock export program with Mexico was approved by the Board. "Texas was a prime beneficiary of the program conducted in 1956-57," Hammond said.

The study group also recommended that the State Department of Agriculture be requested to inform Farm Bureaus periodically of all violations of the state's insecticide and seed laws.

Texas Egg Law Effective August 22

College Station — The Texas Egg Law, which becomes effective August 22, may be "just what the doctor ordered" to assure Texas consumers that high quality eggs are being placed on the market for sale. The effect of the law will not only be felt by consumers, but by producers and other industry men as well, according to F. Z. Beanblossom, extension poultry marketing specialist.

This law, says Beanblossom, provides primarily for inspection and careful labeling of all eggs that are to be sold on grade. The eggs are inspected primarily at retail outlets and if sold on grade are labelled according to size and quality. Ungraded eggs must be so labelled.

It shall also be unlawful to sell or advertise shell eggs below the quality of Grade A as "fresh", "selected", "cage", "infertile", "new-laid," or other words of similar import.

Producers of eggs who sell only the production of their own flock are exempt from the law unless they sell on the basis of grade, then their eggs must meet the standards specified by the law.

The deadline for obtaining licenses by dealers, retailers, wholesalers, brokers and processors is October 20. There is

And I Quote . . .

"One reason so many children are seen on the streets at night is that they're afraid to stay home alone."—H. M. James.

"A man sits as many risks as he runs."—Henry David Thoreau.

"Women just wouldn't get everything said if they spoke one at a time."—Arnold Glasow.

"Without a right not to join (a union) there can be no such thing as a right to join."—Rev. Edward A. Keller, C. S. C., U. of Notre Dame.

CHICKEN 'N HAM SPREAD
 Mix equal quantities of chopped or ground cooked cold chicken and boiled ham, with enough creamed butter to form a paste. Fill brown bread cases or shells with the mixture and top with grated cheese. Just before serving run it under the broiler flame briefly for reheating and to melt the cheese.

GO TO CHURCH SUNDAY.

no fee to any retailer, as defined by the law — that is, any person selling or offering for sale, eggs to consumers only in this state.

Actual enforcement of the new law will start on February 17, 1958.

SENATOR YARBOROUGH GREETES TEXAS DELEGATES

Senator Ralph Yarborough welcomes Wesley Gilpin, (left) of Houston, and Ronnie Gordon Downing, (right) of Floydada on the steps of the Nation's Capitol. The boys were recent Washington visitors as Texas delegates to Boys Nation, an American Legion sponsored convention. Wesley is Governor, and Ronnie is Lt. Governor of Texas' Boys State. Senator Yarborough is a Leionnaire of Travis County Post 76 at Austin.

Excess Weight Brings Discomfort In Hot Weather

College Station — Those extra pounds may add up to added discomfort during the hot weather months. Some careful planning plus lots of will power will lighten the load a bit.

There is no safe way to get rid of excess weight overnight. Extension foods and nutrition specialists remind us that there are some important factors to consider in starting a weight reducing campaign.

First, check with your doctor before starting any plan to lose weight. Many factors play a part in whether a person should reduce and how fast he should lose weight.

Studies have shown that the most effective weight reduction diets are low calorie, high protein and low carbohydrate. However, a variety and a balance of essential foods is still needed by the body.

Nutritionists point out also that it's easier for a person to stay on a reducing diet which includes a variety of foods as well as foods which are familiar to the individual.

A good breakfast is always important, even in a reducing diet. Each day's food intake should include two to three cups of milk (may be skim milk), one or more servings of vegetable (one dark green or yellow), two or three servings of fruit including one citrus, at least one tablespoon of butter

and two or three servings of bread or cereal.

If you're really concerned about losing weight, get a calorie chart and start counting your calories. Remember that you can reduce the number of calories amazingly by omitting rich desserts — like pie, cake and doughnuts.

Mr. and Mrs. Henry Ball of Mineral Wells visited Mrs. N. E. Greer here last week.

CROSS ROADS REPORT

Dear Editor:
 According to a piece in the paper, our Treasury Department's chief silver - lining hunter, a Mr. Burgess, says the national debt has been reduced to where each citizen now owes \$251 less than he did in 1946.

My figuring neighbor scribbled all over the coffee shop table cloth before he agreed with Mr. Burgess. Says total gov't debt is \$11 billion higher, but we have got 30 million more people on the note now.

Every time a baby is born, it lightens the load on the rest of us. All we need is 270 billion more babies and the debt would be manageable.

MY PRIVATE MOVIE

There was a day last summer that I keep tucked away in the back of my mind, like a miniature mental movie all my own. Sometimes, when other days aren't quite as bright as this one was, I take it out and reel off a private showing.

It was a Sunday. We'd been to church, Lee and the three children and I. Then we went home and packed up a big picnic lunch and took it down to the creek. It was one of those perfect summer days poets have written about. Everything tasted better than it could possibly have been. When we'd finished eating, the kids sailed their boats while Lee and I stretched out on the grass and looked up at the blue silk sky, all dotted with fleecy white clouds.

We didn't say anything, but I know that we were both thanking God for all the blessings he'd bestowed on us. I know that we were feeling, just then, particularly at peace with ourselves, and with the universe. I was thinking, too, of our kids as they'd come out of Sunday School that morning, with their bright faces glowing, and I gave a silent vote of gratitude to my parents for having raised me in the Church. Now I was able, in turn, to pass on this priceless heritage to my own children.

In this high pressure, jet-propelled age we're living in, we need so much to guide our children in the right way. Without the aid of the Church I, for one, would be at a total loss—and that afternoon I realized it, with particular emphasis.

I suppose, when you come right down to it, we really didn't do so much, that Sunday. But it was a day that left me with a feeling of family unity, of togetherness . . . I shall never forget.

Sometimes, when things are "at sixes and sevens," a parent needs to take time out to remember just how precious a family is. Whenever I find myself in danger of forgetting—I just dust off my movie and live that Sunday all over again, to myself.

Copyright 1957, Keister Adv. Service, Strasburg, Va.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Park Is Scene For Birthday Party

Mrs. B. R. Childers honored her children, Mike and Dixie with a birthday party Saturday afternoon marking their eighth and seventh birthdays, respectively. It was held at 3:30 in the local park.

Mrs. Childers served the honorees and guests cup cakes and soft drinks. They all enjoyed several different games.

Guests were Stanley and Cathy Blair, Bobby and Debbie Webster, Sue and Debbie Carthel, Elaine Mosley, Dickie McCarty, Irene and Dinah Bean, Susan Bobbitt, Bob Simmons, Eldon and David Stapp and Rolanda Jeffcoat.

Others attending were Mmes. A. R. Thompson, R. V. Webster, Pete Mosley, Jim Bert Bobbitt and Lavern Carthel.

Mr. and Mrs. Verner Hodel and family returned Wednesday from a vacation spent in the West. They visited Los Angeles, San Diego, Catalina Island, Disneyland, Los Vegas, Nevada, and other interesting points.

Vows To Be Read Paige, Whitfill

Mr. and Mrs. Lester E. Paige, Silverton, are announcing the engagement and approaching marriage of their daughter, Gwenlyn Ann, to Jimmy Scott Whitfill, son of Mr. and Mrs. Ben Whitfill.

The wedding is to take place August 10 in the home of the bride's parents.

The prospective bridegroom is the grandson of Mr. and Mrs. Edd Whitfill and Mr. and Mrs. R. E. Patterson, all of Lockney.

Mrs. Byars Hosts Saturday Luncheon

Mrs. Grace Byars was hostess for a 12 o'clock luncheon at her home Saturday morning.

Those enjoying the hospitality were Mrs. Lula Woodburn, Mrs. Lee Seaman, Mrs. Tab Meriwether, Mrs. Conde Davis, all of Lockney and Mrs. Tony Lundgren of Albuquerque, New Mexico.

OFFICE SUPPLIES at The BEACON OFFICE.

Miss June Wiley Feted Prior To Late Summer Wedding

Yellow and white dahlias graced the Henry Hodel home Wednesday morning for a coffee in honor of Miss June Wiley, bride-elect of Charles Edward Koch, Santa Fe, New Mexico. Mrs. Hodel, Miss Wiley and her mother, Mrs. M. W. Wiley, received guests from 9:30 to 11 o'clock.

Mrs. Cleon Wiley presided at the register.

Hearts entwined and outlined in white net ruffles formed the centerpiece for the serving table covered with white net over yellow. White net ruffles interspersed with yellow dahlias formed the base. Hearts entwined in miniature form and tiny bouquets of yellow flowers were given guests as favors. Silver appointments were used.

Serving guests were Mmes. Bobby McCormick and John Alvin Dorman. Refreshments were miniature sweet rolls, squares of pound cake and tea or coffee.

White and yellow dahlia arrangements were from the lovely garden of Mrs. Frank Roberson.

Several pieces from the bride-elect's chosen pattern of china were given as the hostess gift. Presiding in the gift rooms were Mmes. Raymond Meriwether and Tommy Chatham.

Hostesses were Mmes. Quentin Adams, Clyde Applewhite, J. E. Cox, George Webster Jr., Tommy Chatham, Bernice Miller, Dorsey Baker, R. D. Bacus, Claude Hammond, E. A. Bonner, Hershel Carthel, Buck Sams, Raymond Meriwether, John Belt, Clyde Parish, Wayne Greer, J. S. Marshall, L. M. Readhimer, Wayne Bybee, G. E. Kellison, Ray Thompson, Bill Hodel, C. J. Taylor and Henry Hodel.

Girls Return From Baptist Encampment

Lanell Johnson, Wanda Cox and Mrs. Thomas Marr returned Monday, August 5, from Glorieta, New Mexico, where they attended activities during Young Women's Auxiliary Week.

Dr. W. C. Tyler was among the Bible study directors at the annual camp.

Those attending gave an over-all picture of the activities with this statement: "It was a combination of friendliness, warmth, understanding, seeking, and a sense of the nearness of God. We were all friends, understanding each other, each one wanting to know God a little better."

They expressed their sincere thanks to each and everyone who made the trip possible for them.

CARD OF THANKS

I wish to express my sincere appreciation for the many cards, visits, flowers and your prayers while I was ill. May God bless each one of you and may you have such friends in your time of trouble.

Nelda Gene Auld

GO TO CHURCH SUNDAY.

Mr. and Mrs. Al D. Fiech, Plainview, are announcing the engagement and approaching marriage of their daughter, Marian, to Carol Gene Carthel, son of Mr. and Mrs. J. M. Carthel, Lockney. The wedding date has been set for Friday, August 30.

Former Resident Weds At Kress

The wedding of Miss Joyce Bayley and Durward Davis of Kress took place Sunday, August 4 at 4 o'clock in the home of the bride's uncle, M. G. Bayley, Rev. J. W. O'Neal of Kress, officiated.

Parents of the couple are Mr. and Mrs. J. W. Davidson and Mr. and Mrs. C. A. Davis, all of Kress. The C. A. Davis' formerly live in Lockney. Mr. Davis is a brother to Mason Davis who resides northeast of town.

Given in marriage by her step-father, the bride was attired in a pale blue ballerina dress of crystalite. Her veil of nylon tulle was attached to a seed pearl headpiece and she carried a bouquet of pink rose buds atop a white Bible.

Miss Willadyne Weston, Kress, was maid of honor. She wore a pale blue lace sheath.

Duane Donelson, Kress, served as best man.

The bridal party stood before the picture window which was flanked by large baskets of white gladioli.

A reception was held immediately following the ceremony.

The couple will be at home in Tulla following a wedding trip to Colorado.

Out-of-town guests for the wedding were from Austin, Richland Springs, Lockney, Amarillo, Midland and Lubbock, Oklahoma.

The bride is a graduate of Kress High School and is employed at the First National Bank in Tulla. Mr. Davis, also a Kress High School graduate, is employed at the Clayton Service Station.

Mrs. Hugh Counts Entertains Class

Mrs. Hugh Counts was hostess to members of the Busy Mothers Class Wednesday afternoon from 4 to 6 o'clock.

Mrs. W. L. Thomas gave a Bible story as the devotional and Mrs. E. T. Pratt offered prayer.

Ice cream and cake were served to visitors, Miss Mildred Thomas, Mrs. E. T. Pratt, Mrs. Keisoe, sister of Mrs. J. H. Weathers, little Brenda Sue Thomas and the following members, Mmes. W. L. Thomas, Sr., Pearl Hall, W. H. Fields, Leslie Floyd, J. H. Weathers, F. L. Brown, Fannie Brown, Delbert Bybee and the hostess.

Rebekah Lodge Meets Monday

Lockney Rebekah Lodge members met for their regular session in the local IOOF Hall. Eleven members were present. Following a business meeting, members and their families enjoyed a delicious supper. Everyone is urged to be present for initiation night next Monday.

Donita Milton Is High Point In 4-H Dress Review Fri.

Miss Donita Milton was high point entrant in the Floyd County 4-H Dress Review held Friday afternoon, August 9, in the Floydada Senior High School Auditorium. She was awarded a loving cup and will represent this county at the district dress review to be held August 24. Her parents are Mr. and Mrs. Grigsby Milton, South Plains.

First, second and third place winners in the five divisions were as follows:

Aprons: Janet Holmes and Sandie Thurston.

Skirts and blouses: Linda Thurston, Marilyn Kimbrough and Beverly Jeffress.

School dresses: Yvonne Karr, Frieda Smith and Barbara Smith and Barbara Milton.

Best dresses: Donita Milton, Sue Williams and Beth Scott.

Party dresses: Nancy Bollman and June Marble.

First place winners were awarded lockets bearing the 4-H symbol, second places, trimming shears and third place, silver necklaces bearing the 4-H symbol. Entry prize was a gold bracelet bearing the same.

Prizes. Narrations were done by Miss Nelda Jo Ramsey and Miss Mary Sue Burleson presented piano selections.

Judges for the event were Mrs. Robin Taylor, Swisher Home Demonstration agent, and Mrs. Arlon Miller, county 4-HA Chairman.

Mrs. Miller, director of this dress review, expressed her appreciation to everyone who helped make it a success. She reminds all 4-Hers that their

Miss Noland Is Party Hostess

Miss Joyce Noland, Pleasant Valley, was hostess Wednesday evening for a slumber party in the home of her parents, Mr. and Mrs. J. A. Noland.

The girls enjoyed swimming in the Floydada pool before the evening meal.

Guests included Jennifer Henry, Kay and Gay Pruitt, Lynn Jackson, Barbara Hunter, LaJuana Rimmer, Pam Gresham, Janice Trapp, Gloria Sparks, Rita Cooley and the hostess.

Reports are due immediately. They must be turned in to the district officials September 1.

FLY TO CALIFORNIA

Mr. and Mrs. Gene Bell, Mr. and Mrs. Bob Davis, Mrs. Ed Davis, Mrs. M. W. Wiley, Mrs. Calvin Pyle and Gena Pyle, Mrs. R. E. Wiley, Mrs. Nuys, California, where they were guests in the home of brother, Wayne Davis, and family. They returned home Monday of this week.

Soil Bank—

(Continued from page 1)

ed under the Conservation Reserve program, that base will apply.

In the Acreage Reserve agreement, participating farmers will agree to limit their harvest of Soil Bank base crops. The limit, called the "permitted acreage" will be determined by subtracting the number of acres in the Acreage Reserve from the total in the Soil Bank base. Provisions of the Conservation program also call for reductions below the Soil Bank base. If both programs are in effect on a farm, the required reduction in harvested acres, below the Soil Bank base, will be the total of acres in the Acreage Reserve and the Conservation Reserve for that year.

Harvesting more total acreage from a farm than the "permitted acreage" will make the producer subject to a civil penalty in addition to the loss of Acreage Reserve payment. The civil penalty is 50 percent of the payment which would have been made for compliance with all provisions of the program. This is the same civil penalty which applies if the producer permits grazing of the Acreage Reserve, taking a crop from it that year, or harvests more acres of the "Acreage Reserve" crop than the difference between the farm allotment and the Acreage Reserve.

Payment Limitation
 In accordance with legislative provisions, not more than a total of \$3,000 in Acreage Reserve payments for 1958 can be made to any one producer. If acreage of two or more eligible basic commodities is put into the Acreage Reserve, the \$3,000 limit applies to the TOTAL OF ALL Acreage Reserve payments. (This limit does not include payments under the Conservation Reserve program. There is a separate limit of \$5,000 in the total of Conservation Reserve ANNUAL payments which can be made in any one year. If a producer puts acreage from the farm in both the Acreage Reserve and the Conservation Reserve he could be eligible for payments up to \$3,000 and \$5,000, respectively—or a total of \$8,000 for the year.)

Other Provisions For 1958
 Individual payment rates for the 1958 Acreage Reserve will be determined primarily on the basis of acreage per-acre rates. For each reserve crop except tobacco, there will be a "national" average rate of payment per acre. Then State and county rates will be established. These will vary in accordance with productivity and other factors, but in total will reflect the "National" rate. For tobacco, individual rates will be determined on the same basis as for 1957 — the established unit rate per pound multiplied by the yield figure for the farm.

County ASC committees will determine per-acre rates for individual farms. These will be based on the county "average" rate for all crops except tobacco, but they will vary among farms primarily according to relative productivity.

The individual farm per-acre rates will be available before Acreage Reserve agreements are signed. There will be provisions for appeals to county and State ASC office if a producer is not satisfied with the per-acre rate—or with the "Soil Bank base"

Benjamin Franklin was the first American ambassador to France.

KNOX GROCERY AND MARKET
 R. L. and BOB

THE LOCKNEY BEACON, LOCKNEY, TEXAS, AUG. 15, 1957

for the 1958 Acreage Reserve will be \$20.88 per acre — with available wheat price supports averaging \$1.78 a bushel. This rate will be translated into varying State, county, and individual farm per-acre rates. For the 1957 wheat Acreage Reserve, the average rate of payment per acre available to producers on a national basis was approximately \$20.04 per acre — with wheat price supports averaging \$2.00 a bushel. The average payment for those who actually signed agreements for 1957 was about \$18, reflecting the fact that the land put in the reserve was of less than average yield. Except for the legislative limitation of \$3,000 on the total of Acreage Reserve payments to any one producer, NO LIMITS ARE PLACED on the number of acres which may be offered for the 1958 program.

Of the \$500 million authorized by Congress for the 1958 Acreage Reserve, \$178 million will be allocated to the wheat Acreage Reserve — for both spring and winter wheat. In acceptance of agreements, preference will be given to those farmers who first sign agreements, in the event more acreage is offered than can be accepted within the money available for the wheat Acreage Reserve program.

For 1957, the total Acreage Reserve authorization was \$750 million. Of this total, \$276.6 million were allocated for possible wheat Reserve participation.

Agreements actually signed for 1957 under all Acreage Reserve programs called for total payments of \$614 million. Of this total, \$231 million were obligated for the wheat Reserve.

Detailed provisions of the 1958 Acreage Reserve program for winter wheat, and how it will apply in various areas and on individual farms, will be available at county ASC offices.

WTCC Program Is Approved—Holley

The program of the West Texas Chamber of Commerce for the coming year has been approved in its entirety, according to Lockney's new WTCC director, Claud Holley, executive vice-president of the First National Bank.

He said the program was approved in a meeting of all WTCC directors in that district which was recently held in Lubbock.

The district meeting was one of the ten throughout West Texas held during the latter part of July, he said.

In the meetings, the organization's president, B. E. God-

VA Teachers Are Honored

Austin—Governor Price Daniel has honored agriculture teachers throughout Texas by declaring the week of August 11-17 as Vocational Agriculture Teachers Week in Texas.

The governor, in the resolution, praises the agriculture teachers for encouraging the youth of Texas to devote their lives to agriculture and its improvement. Governor Daniel also praised the great stride that had been made in agriculture in Texas the past quarter century due to the great contribution made by the vocational agriculture teachers.

During the week of August 11-17, approximately 1,000 teachers will attend their annual summer conference at the Rice Hotel in Houston. At the conference awards will be made to Lt. Governor Ben Ramsey, members of the Texas House and Senate, outstanding contributors to agricultural education in the newspaper and radio and TV field, and tenure awards will be given to approximately 120 vocational agriculture teachers with ten or more years of teaching experience.

M. L. Brewer, local vocational agriculture teacher, will be among those attending the meeting.

Mr. and Mrs. William Blair and family of Lubbock spent Sunday here visiting in the home of his brother, Carl Blair and family.

CROSS ROADS REPORT

Dear Editor:
Newspaper reports say that some so-called congressional economists claim Russia is getting ahead of the U. S. in the development of atomic horsepower for industry.

Seems like we are all the time having to jump up and spend some more money in order to keep the Russians from getting ahead of us on something.

But since the last governmental rebirth over there we have got them backed off the map in one department. They are now limping along with just one dictator while we have still got nine.

D. E. SCOTT
Crossroads, U. S. A.

High Plains Station Research Includes Corn, Sun Flowers

One hundred varieties and strains of corn have been planted in observation test plots at the High Plains Station. These varieties are in tests of 25 with 2 row plots 22 feet long. Each plot is repeated four times. The varieties and strain include both white and yellow hybrids, supplied by Extension Farms, Plant Breeders and the Texas Research Foundation at Renner. Seed for T. R. F. No. 9 the latest white hybrid, produced by Lawrence Gundy at the Texas Research Foundation is being raised at the station. Some fertilizer experiments are being conducted for corn.

In the search for new cash crops for the High Plains area, the High Plains Station has a research program on sunflowers. Some eighty varieties are planted in 22 feet observation plots. Forty of these plots are replicated four times and forty varieties have three repetitions. The sunflower has been developed as a cash crop in Argentina, Russia, Canada and in California and Kansas. It has not been a commercial crop in Texas because adapted varieties have not been available.

A breeding and cultural study of sunflowers has been conducted at the Texas Research Foundation during the past nine years by Dr. Earl Collister and his staff. The objective of the breeding program has been to develop high yielding varieties adapted to mechanization from planting through combine harvesting. Several experimental varieties have been developed which meet the general requirements of a commercial crop. The plantings at the Station at Halfway include many of the strains developed at Renner.

Mr. and Mrs. Morris E. Shipp spent several days last week visiting friends and relatives in El Dorado, Arkansas, and Monroe, Louisiana. They returned home Sunday.

Mr. and Mrs. Ray Aston, Bonnie and Billy, and her parents, Mr. and Mrs. Jack Airhart, Blue Ridge, Texas, returned recently from a week's vacation at Red River, New Mexico.

George McGuffey and daughter, Mrs. Lloyd Saults, McKinney, were guests last weekend in the home of their cousin, Mrs. J. A. Noland, and family.

Mr. and Mrs. Elmo Schaffner and girls spent the weekend in Midland with Mr. and Mrs. T. A. Power. The girls are spending ten days with their grandparents.

Mr. and Mrs. A. D. Schaffner visited in Wilson and Slaton Sunday. Their grandson, Steven Briezer, returned home with them for a few days.

Mr. and Mrs. Mac Howard and children, Hereford, spent Saturday with her parents, Mr. and Mrs. A. D. Schaffner.

Mrs. Mary Simmons and Beverly visited in Hale Center Sunday.

Mr. and Mrs. Guy Sams vacationed in Colorado and New Mexico last week.

Mr. and Mrs. Joe Reeves have returned from a vacation in Arizona.

Mr. and Mrs. Emmitt Johnston, De Queen, Arkansas, are visiting friends and relatives in Floyd county this week. They are former residents of Sterley.

Ella Mae Buchanan returned to Texas Tech, Lubbock, Sunday after spending the week-end here with her parents, Mr. and Mrs. M. O. Buchanan.

Lois Wama Rivers, Amarillo, visited Mrs. Bill Crader and other friends in this community Saturday.

Mr. and Mrs. W. E. Christy and children visited their son, Melvin, Sunday in Canyon where he is attending WT.

Barbara Foster and Eulalia

Sanders spent the weekend as guests in the J. L. Lovvorn home, Lone Star.

The Lone Star Singing will be held Sunday, August 18, in the Baptist Church.

Mr. and Mrs. R. G. Morris and children, Petersburg, were dinner guests Sunday in the A. P. Sanders home.

A revival will begin August 23 in the Sterley Methodist Church with Rev. Harrin from Tulla preaching.

The Rex Newkirk family visited in Sayre, Oklahoma, Monday through Wednesday of last week with his brother, M. L. Newkirk.

CARD OF THANKS
"Thanks a Million" is what I would like to say to all my friends and neighbors who were so thoughtful during my recent illness and stay in Lockney General Hospital for all the nice cards and letters and beautiful flowers. I also want to thank Dr. Mangold and those efficient nurses for their splendid services.

My brothers join me in saying, "May God bless and keep each and everyone of you."

Sincerely,
Miss Ona Cassel

Mr. and Mrs. C. W. Hammitt and Larry left Wednesday for California where they will spend the next week or ten days visiting relatives and friends.

Mr. and Mrs. W. C. Mercer spent several days over the weekend at Ruidoso, N. M.

ATTEND REUNION
Mr. and Mrs. Gilbert Bean, of Lockney, Mr. and Mrs. Shelby Calahan, Johnny, Beth, Jerry and Randall of South Plains, Mr. and Mrs. W. L. Bean and children, Arco, Butch and Beany of Winters spent from Friday until Monday at Buchanan Dam near Austin. The occasion was a family reunion of the Taylor family.

COOPER VISITOR

Changes Noted In Farm Social Security Report

Farmers and ranchers and other employers of agricultural workers such as cotton gin operators, are reminded by John G. Hutton, Manager of the Lubbock office of the Social Security Administration, of some changes in the method of reporting the wages of their employees.

In 1957, agricultural work is covered by social security if either: (1) cash wages of \$150 or more are paid to a worker

by his employer during the year; or (2) regardless of the amount of wages, if an employee works on 20 or more days during the year where the wages are figured on a time basis.

The total covered wages of farm workers are reported only once a year, in January for the preceding year to the Director of Internal Revenue. Mr. Hutton added that if employees keep an accurate record of the name, the social security number, and the amount of wages paid to each worker that will be all the information needed to complete this annual social security report.

A camel can run about 16 miles an hour.

Floydada Boy Has Troubles But Is Cheerful

Floydada — Life hasn't been too rosy for Bennie Edmonds, 7, but he returned home Friday as cheerful as ever, hoping he has seen the last of hospitals.

Bennie, son of Mr. and Mrs. Gene Edmonds of Floydada, was taken home Friday afternoon from St. Anthony's Hospital in Amarillo. Doctors say his chances are good that he will not have to return to the hospital.

But the last trip was probably the toughest. Bennie's left foot was amputated and his right leg placed in a cast for about six weeks.

An artificial limb will replace the left foot after an Amarillo physician gives the okay sometime next week. Bennie will then have to wait another four to six weeks before he is fitted for his new foot.

Bennie despite his handicap, is looking forward to the opening of school next month. He loves books and everything that goes with the adventure of learning.

He completed his first year of school in June, and aptitude tests showed he had the intelligence of a second month student in third grade.

"He loves to read," said his mother. "He can pick up a paper and pronounce almost any word correctly without ever

Dear Editor:
A piece in the paper says the Senate is working on a plan to spend \$22 million on what they call a Juvenile Delinquency Control Act.

Money will be spent partly to train experts who will come around and teach us how to control our youngsters. My doubting neighbor says, being as nobody knows what to do about juvenile delinquency, who is going to train the experts?

But this is no problem to the inhabitants of Washington, who fearlessly advise citizens on how much to smoke, farmers on how deep to plow the east forty, and hens on how to lay more eggs.

D. E. SCOTT
Crossroads, U. S. A.

seeing it before. First, he always studies the spelling, and then pronounces it."

Best of all, Bennie is a happy boy. He has a ready smile which seems to defy his physical infirmities.

When he reached his seventh birthday July 28, he could look back on a brief lifetime spent in casts, braces or a wheelchair. A spinal ailment suffered since birth has been responsible for his leg troubles and also forced a bladder operation, which was performed slightly more than a year ago.

His last visit to St. Anthony's Hospital was the third such trip in slightly more than a year.

He was first hospitalized when he was only 6 weeks old in 1950. Spinal surgery was performed in a Dallas hospital. Later the same year he was moved to another hospital in the same city where he stayed 45 days, departing with casts on both legs.

In September of 1956 surgery was performed on his left foot in an effort to save it. Bennie emerged from the hospital long enough to attend first grade classes in a wheelchair, but he went back to the hospital this summer.

After the amputation a week ago, doctors took out his right

started an artificial heel. "It's been a long, hard struggle," says Mrs. Edmonds, "but we are hoping the future will be brighter. Right now Bennie is as healthy as any other child, and for that matter — just as happy."

Mrs. Edmonds has been a nurse at Peoples Hospital in Floydada for 3 years and her vocation has helped both Bennie and the family. Bennie, like any other child his age, enjoys having his mother as his nurse.

Second, financial problems have been lessened because Bennie's mother can give him professional nursing care. Mr. Edmonds is a well repairman, and most of his earnings have gone into helping Bennie lick his problems.

"It's no secret," Mrs. Edmonds said, "that 7 years of this costs a fortune. But we never become anxious about that — it's what lies ahead for Bennie that counts."

Bennie continues merrily, indulging in his passion for airplanes, trains and trucks and reading books with the aid of his sisters — Diane, 11, and Sue, 13.

"They've helped him so much, just like many other people have," Mrs. Edmonds said.

NEW ARRIVAL

Mr. and Mrs. Johnny Moody are parents of a new daughter born Sunday morning in the Hale Center Hospital. She weighed five pounds, eight ounces and has been named Joni Suzette. Grandparents are Mrs. B. B. Moody, Lockney, and Mrs. Lettie Ross, Lubbock. They have two other children, Gary, 9, and Linda Kay, 10.

Mrs. Marie Welch of Phoenix, Arizona, has been visiting the past in the Alvin Nichols home. She visited in Quanah Tuesday with relatives and she, along with Mrs. Nichols, was a guest in the Cotton Welch home in Lubbock Monday. Other recent visitors in the Nichols home were Dona and Bill Sammann.

RETURN

Mr. and Mrs. Owen Thornton and daughters returned Sunday from Sterling, Colorado, where they had been visiting since Wednesday with his parents, Mr. and Mrs. Burton Thornton, former residents of Lockney. They also visited with Mr. and Mrs. J. D. Taylor in Denver.

NEW ARRIVAL

David Deas is the name Mr. and Mrs. Denny Quisenberry have chosen for their baby son born Monday evening, August 12, in the Lockney General Hospital. He weighed in at 5½ pounds. Mary Linda and Donna Jean are his sisters and grandparents are Mr. and Mrs. E. A. Bonner and Mr. and Mrs. Charlie Quisenberry.

Mrs. B. B. Moody left Sunday morning with her daughter, Mrs. Jake Brandt, and Mr. Brandt for Sallisaw, Oklahoma. They planned to visit with Mrs. Moody's sister, Mrs. O. W. Tubbs and with her step father, Ed Jackson. They are expected home today.

Wood Makes In Arkansas

This clipping came from an Arkansas paper and is a former resident of the Chapel community, Wood.

William Wood, whose farm is two miles from Bentonville on highway 700, recently harvested 700 pounds of fescue seed and 105 bales of fescue per acre from seven acres of fescue planted in the fall of 1954. This harvest was similar to lots of pasture established until April 1.

Benton county agrees the result of the fescue demonstration is a testimony of the importance of obtaining a soil test and following the results in fertilizing a crop.

"If you want to grow a good stand of fall planted fescue, plow your soil early, in shape, plant plenty

of good seed, as a good stand of grass will keep down weed growth.

This is what Wood did when he planted the fescue; he obtained a soil sample, plowed his soil good and deep in July, applied three tons of lime after plowing, harrowed the field a couple of times before planting, planted 30 pounds of fescue seed and applied 250 pounds of 10-20-10 fertilizer under the seed at planting time for early September, applied recommended fertilizer, application each spring, and used one pint of 2-4-D per acre in 1956 to kill the weeds.

Rev. Charles Broadhurst, accompanied by his wife, returned to Lockney Saturday after spending a vacation visiting relatives. Mrs. Broadhurst plans to visit here several days before returning to her position in Fort Worth. Rev. Broadhurst is interim pastor of Lockney Baptist Church.

We cordially invite you to hear
N. R. Rhodes Jr.
of Brookhaven, Mississippi, in a meeting at the
West Side Church Of Christ
August 17-25
Services at 8 p. m. weekdays
10:30 a. m. and 6:00 p. m. Sunday

Dear Editor:
I note considerable dismay in some financial circles about what is liable to happen to the U. S. economy if the disarmament threat materializes.

Economics experts figure that if the government stops spending so much money for arms, business will fall off and a bad depression set in.

But our local to-the-rescue committee has a plan to offset this peril. If the government will let us citizens keep the money saved by disarmament, the committee thinks we can support business in its usual style by spending just as fast and reckless as the armed forces buyers.
D. E. SCOTT
Crossroads, U. S. A.

Castor Beans Are Regarded As Cash Crop At Station

The castor bean appears to have a place as a cash crop on the irrigation soil of the High Plains. In an attempt to determine the best adapted variety and find the cash acre value, twelve varieties of castor beans have been included in the research program of the High Plains Station at Halfway.

The Station Scientists, in cooperation with representatives of the Baker Castor Bean Corporation, are searching for not only the most productive but also the varieties that can be harvested with minimum difficulty. They want a variety of combine height that can be harvested cleanly so as to leave few or no seeds to volunteer.

Recent predictions indicate a future increase in the Castor bean market due to the need for castor oil in the operations of jets and rockets. There is also a potential tremendous market for use in the production of synthetic fibers.

Nitrogen fertilizer tests on castor beans are under way at the High Plains Station to determine the most economical rate and the time of fertilization. Two varieties are being used in four row plots one hundred feet long. Each plot is being replicated four times. Each variety received four different fertilizer treatments. These included no fertilizer, 50 and 100 pounds of nitrogen per acre at planting time and 50 pounds of nitrogen at planting time with an additional 50 pounds side-dressed when the castor beans were 6 inches high.

Success in this research program will help reach objectives of the Regional Council in finding new cash crops for the High Plains area.

Mr. and Mrs. Bill Payne of Roswell, New Mexico visited her parents, Mr. and Mrs. T. S. Fox and her sister, Mrs. Sid Thomas and Mr. Thomas during last weekend. The Thomases returned to their farm in Texico Monday.

Soil Building Week Observed

Under the sponsorship of soil conservation districts of the South Plains area, assisted by business men, personnel of Texas Extension Service, Soil Conservation Service, Texas Tech College Dept. of Agriculture, Agricultural Experiment Station, and Plains Cotton Growers Association, South Plains Soil Building Week will be observed August 11-18, 1957.

Newspaper and magazine editors throughout the South Plains have been urged to lend their support. Coverage will also be given by Soil & Water Magazine, publication of Texas Association of Soil Conservation Districts.

Several TV and radio programs have been scheduled during the week, featuring outstanding leaders in the field of agriculture. Special editions of Soil Conservation Districts NEWSLETTERS will be going to farm land owners and others interested in agriculture.

Support of District Supervisors, County Agents, and Work Unit Conservationists, have been solicited in Gaines, Kent, Floyd, Dawson, Crosby, Bailey, Lynn, Gaines, Hockley, Swisher, Lamb, Hale, Cochran, and Terry Counties.

Jim Ed Walling, Lubbock banker, who is serving as Chairman of the campaign, stressed the fact that this is not a money raising campaign but one of public information toward getting farm land owners to "cover the land and conserve the soil." Waller is assisted by Clyde Gordon, Jr. as Vice-Chairman, Bill Reece, SCS, and Lee McElroy, TES, as Co-Chairmen of the Technical Advisory Committee. Publicity Committee Co-Chairmen are Bob Stephens, Farm News Director of KFYO in Lubbock and Bee Landrum, Farm News Editor of Lubbock Avalanche-Journal.

HOME FROM COLORADO

Mr. and Mrs. Chester Mitchell and family, Mr. and Mrs. Hall Ferguson and James Hall, returned home Monday from a vacation trip to Manitou Springs, Colorado, where they spent the past week.

Miss Fredda Bybee of Dallas is here visiting her parents, Mr. and Mrs. Delbert Bybee.

Little League Team Standings Are Very Close

The Lockney Little League season ended last Thursday with a make-up game between the Indians and the Yankees. The Cardinals finished in first place and the Yankees were second in the final standings with the Dodgers, Red Sox, and Giants in a tie for third place.

The Yanks maintained their second place standing despite a 10-6 setback at the hands of the Indians in Thursday's make-up contest. Randy Lacey and Ralph Kellison pitched for the winners with Paul Barker and Terry Mosley going for the losers.

The Red Sox kept the Dodgers from a second place tie as they edged the Dodgers 10-9 in the final scheduled game played last Wednesday. The Red Sox picked up five runs in the final inning to gain the victory and move into a tie for third place. Roy Ford and Joe Frank Hawkins, Red Sox, and Ronnie Kidd and Ronnie Belt, Dodgers, were the pitchers.

Final Standing:
 Team Won Lost Pct.
 Cards 10 5 .667
 Yanks 8 7 .534
 Dodgers 7 8 .467
 Giants 7 8 .467
 Red Sox 7 8 .467
 Indians 6 9 .400

The 1957 season was very successful and the teams were well matched as the final standings indicate. Only four games separated the first and last place teams and only a two game margin existed between the second and sixth place teams.

MRS. WALDROUPE ILL

Mrs. A. N. Waldroupe entered Crum Medical & Surgical Hospital Tuesday, August 6, and remained there until Tuesday of this week. She became very ill previous to her entrance. She was reported to be rapidly improving at her home Wednesday of this week.

Miss Nell Cunyus and Miss LaDora Ayres visited on the campus of Abilene Christian College in Abilene last week end.

OFFICE SUPPLIES at The BEACON OFFICE.

KENNETH LEACH, son of J. W. Leach of Lockney, has joined the Air Force and is now taking his basic training at Shepherd Air Force Base, Wichita Falls.

Federal Suit Filed Against Floyd Employer

In a suit filed in U. S. District Court at Lubbock, James P. Mitchell, secretary of labor and the U. S. Department of Labor seeks a permanent injunction against Jesus Vela for alleged violation of the Fair Labor Practices Act of 1938.

The government's complaint alleges that Vela, a vegetable farmer and labor contractor near Floydada, employed minors, including one Felicia Martinez, 16, as farm workers in violation of the act.

The department seeks to restrain Vela, his servants, agents or anyone continuing the alleged violations of the labor act.

Mr. and Mrs. Bud McGowen and Mr. and Mrs. O. L. McGowen traveled to Camp Carson, Colorado, last weekend where they visited with Donnie McGowen. He expects to be home around Sept. 6 for a two-week vacation before going to Virginia for helicopter ground training.

Mr. and Mrs. Frank Messimer, their daughter, Charlene and grandchildren, Rocky and Ruth Mangum, attended the annual Messimer reunion at the MacKenzie Park in Lubbock Sunday.

Farm And Ranch Taxes Up 10th Year In A Row

College Station — Farm and ranch taxes in Texas have risen for 10 consecutive years and agricultural prices have declined for four consecutive years, almost doubling the tax load of Texas farmers and ranchmen during the 5-year period.

L. P. Gabbard of the Texas Agricultural Experiment Station and Tommy W. Smith of the Agricultural Research Service, USDA, who made the survey said that the average tax per acre on farm and ranch real estate in Texas last year was 31.8 cents, an average of .8 cent, or 2.6 percent over 1955.

It is the highest average tax per acre yet reached in Texas, they pointed out.

While the average tax increased 2.6 percent for the state, it declined as much as 17.1 percent in some sections of the Rolling Plains, and increased as much as 22.4 percent in the Corpus Christi cotton producing area.

The distribution of farm real estate taxes to the various types of governmental units remains practically unchanged as public schools, including junior colleges, received 56.7 percent of the total.

Farm personal property tax declined slightly, probably because of declining prices for agricultural commodities and prolonged drought.

Areas in which the average tax per acre decreased are, for the most part, devoted to grazing. This may reflect the economic stress on ranchmen because of falling cattle prices and drought conditions.

Taxes have risen in Texas generally because of rising costs of local government. Property taxes are the main source of local government revenue, the economists concluded. Therefore, no relief is in sight for farmers and ranchmen, at least so long as property taxes are the primary source of support of local government.

Miss Ruth Ann Rivers of Amarillo was a guest in the home of Miss Kay Martin last weekend.

A blood-typing program for civil defense purposes has been undertaken in Texas City under the direction of Dr. G. O. Wellman.

New Corn Hybrid Is Announced

College Station — A new early maturing hybrid which produces good yields under conditions of low moisture and high temperature has been developed in the corn improvement program of the Texas Agricultural Experiment Station.

This new hybrid, Texas 38, is a yellow double-cross with ears slightly smaller than other Texas hybrids. Its plants are usually about two feet shorter than the other hybrids and the ears are borne one to two feet lower. Because of its earliness, Texas 38 escapes some insect damage suffered by medium-maturing hybrids now grown, according to a leaflet just released by the Experiment Station.

This leaflet, "Texas 38 — A Hybrid for Drouthy Conditions", gives a full description and background of the new hybrid. It also gives information on agronomic characteristics and recommended uses as well as comparative yields of Texas 38 and the other hybrids.

Mrs. Parker In Local Hospital

Mrs. R. H. Parker was reported to be in fair condition Wednesday afternoon after entering Lockney General Hospital Monday evening.

Mrs. Parker was brought Friday of last week from Northwest Texas Hospital in Amarillo after spending eight weeks there. She became seriously ill late Monday.

Relatives visiting with Mr. and Mrs. Parker since her return to Lockney have been Mrs. Ethel French of Floydada; Mr. Parker's parents, Mr. and Mrs. John Parker of Willow, Oklahoma; his sister, Mrs. J. C. Kimbrow, Mr. Kimbrow and Jay Lawton, Oklahoma; his uncle, M. M. Parker, Hutchinson, Kansas.

Green Vegetables Are Recommended

College Station — So many kinds of green vegetables can be bought at the market these days that there is really no excuse for a diet not adequate in needed vitamins, according to extension foods and nutrition specialists.

Diet studies show that nutrients most frequently found in inadequate amounts are calcium, which is supplied by milk, and vitamins A and C which fresh green vegetables can help to supply.

Dark green leafy vegetables, yellow vegetables, and dark yellow fruits such as apricots, yellow peaches, yellow meated plums, and cantaloupes, are all good sources of vitamin A. These vegetables and fruits, eaten raw or properly cooked, also supply substantial amounts of vitamin C.

Not all green vegetables have the same food value. The intensity of the color and the part of the plant from which it comes are clues to its vitamin value. In general, the greener the vegetable the better it is as a source of vitamins. Dark green leaves may carry several times as much of some nutrients as the green stalks, pods or immature seeds.

Cook green vegetables quickly for best quality. Use a cover on the pan to speed cooking and cook until vegetables are just tender and still slightly crisp. Long cooking makes vegetables limp and changes color and flavor.

Boil green vegetables in lightly salted water — ½ teaspoon salt and ½ to 1 cup water (depending on cooking time). Bring water to a boil, add vegetables, and put cover on pan. When water boils again, reduce heat and cook until just tender.

FW&D Installs Red Light At Crossing

The Fort Worth & Denver Railway has installed flashing warning lights at the crossing on Farm Highway 598 at the northeast edge of town. Work of installing the lights was done last Thursday and Friday.

At least two bad accidents have occurred at this crossing in recent years but no fatalities have resulted. The FW&D installed flashing lights on the Highway 70 crossing at the west edge of town some time ago. Several people have been killed in accidents there.

Only persons who have been dead for ten years can qualify for election to the Hall of Fame. Now there's a cigarette that plays a tune when finished.
