

INTERESTING LETTER WRITTEN FROM GERMANY

Buchenbeuren, Germany
April 30, 1958
Dear Mr. and Mrs. Hays,

Recently we visited the healthy, clean and peaceful country of the Netherlands. I'd like to share with you and your readers some of the wonderful things we experienced.

From our home in Buchenbeuren, Germany, we traveled northeast to Koehlenz, then on the Autobahn (the super highway through Germany) we went to Bonn, Cologne and Dusseldorf. At the American Consulate General building we got gas at American price instead of forty-five cents a gallon at European gas stations. We also carried two five-gallon cans full with us because there are no American gas stations in Holland.

We saw the first bit of Holland in Rees — an old Dutch mill. I felt as though this was a page out of a book, not really a real windmill. I still can't believe we are in Europe and can see so many things we studied about in school.

Further on we noticed the fields were larger than those in Germany and there were many Holstein cattle. We were especially interested in the Dutch hay stacks. They each had a thatched roof which could be moved up or down on the four poles at the corners. Some were very large, usually on the big farms where there were large barns and cheese houses that adjoined the living quarters. There were some small tractors but many more big horses in the fields.

The largest tin smelting plant in the world and also rayon manufacturing is in Arnhem. It was a sight to see hundreds and hundreds of bicycles in the parking lots instead of cars. But we also saw a surprising number of European-owned American automobiles, from '58 Chryslers and Fords to '41 Chevrolets. And then there were all the little cars—Volks-wagen, Fiat, Renault, Opel, Anglia, Volus, Amtag, Voldix, BorgWard, OKW, Austin, and the many three-wheeled Gogomobiles and such. (Our Mercedes is just fine for travel over here, but we surely miss our little Ford sometimes!)

We spent each of the three nights in The Hague of the Hoornwyk, the first Holland Motel. It was a beautiful place with a fine restaurant and delectable near by. We thoroughly enjoyed the shower and little refrigerator because we don't have those luxuries in our home in Germany. Briefly, we saw Gonda and the St. John's Church with famous stained-glass windows there; Rotterdam with its many contemporary buildings (the Germans bombed the heart of the city), the Blydorp Zoo, the long Maas Tursel under the Lek River, and blocks and blocks of two-story apartment buildings; Amsterdam; Haarlem, and many smaller cities.

We would like to go back and explore the large cities more, but we tried to see the countryside this time. And one of the most thrilling things we did was visit a family who lived in an old Dutch mill. We had driven through small villages from Rotterdam out to Kinderdyk, a village close to a large group of windmills. We drove down a little grass lane and stopped by the first. The sight of the fens so huge and still made us feel very calm and protected. Here was peace where once the mills had toiled to win land from the sea.

A Brazilian couple and their daughter, who is married to a Dutch sailor, came as we were taking pictures. We all wanted to go inside the old mill, and the woman of the "house" showed us her home. She had taken off her wooden shoes outside the door. I imagined that they are hard to clean so everyone takes theirs off before they come in.

The first floor was the kitchen and living room on either side of the hallway that led to the stairs. On the table were big slices of homemade bread that she had been buttering. Then she led us up a rather steep stairway to the bedrooms for their ten children! The second floor had three bedrooms with beds that came out of the walls, and the next two floors also had beds and a baby bed. From the tiny north window on the fourth floor I took pictures of the rows of mills along the big dike. The few windows were small but this afternoon they let a glorious sun shine in to warm the rooms.

A ladder led us up to the fifth floor where the family probably worked in the winter. There were tools and a big circular bench. The top floor was for storage and from here we saw the sturdy thatched roof. We learned this kind of roof helped the mill stay warm in winter and cool in summer. This mill was built in 1738 and no longer is used to pump water from the low-lying polders, but just to live in. (The jovial mother said it was for tourists to see also.)

We also went to Tulipland and one cannot imagine such splendor without seeing it. Fields of yellow jonquils, blue hyacinths, red, yellow, pink, white tulips — everywhere. The Kenkeshof Gardens was the ultimate, and there we took many color slides. I just can't describe how wonderful it was, but perhaps before long we can bring all our slides home and have a show.

I send greetings to all from Deutschland.

Sincerely yours,
Joyce (Carthel) Wilson.

We also went to Edam and visited a dairy farm and saw exactly how, where, and with what they make the famous Edam cheese.

Mr. and Mrs. Johns Cox visited Mr. and Mrs. Pepper Martin and Bruce Sunday evening at their home near Plainview.

OFFICE SUPPLIES at The BEACON OFFICE.

Dear Editor:
I see where talking irreverently about a referee has got a big Southwestern college basketball team put on probation by its Conference overseers.

My observing neighbor says it seems like authority is getting mighty sensitive these days, and very short-tempered with people who question its holiness out loud.

Which he thinks maybe accounts for our bureaucrats' tenderness toward the Fifth Amendment which authorizes keeping the mouth shut, and their distaste for the First Amendment which makes it legal to say what you think.
D. E. SCOTT
Crossroads, U. S. A.

KARL LOVELADY SPEAKS TO THE FARMERS

I believe in a broader "Farm-to-Market" road program, by trying to get an additional \$50,000,000 per year to the amount now spent, for more farm roads.

I believe in a much broader rural electrification and rural telephone program so that every farmer will benefit.

I would like to see a state supported experimental farm, to be located in the heart of the vegetable growing district, for experimentation in the growing of vegetables.

I would support a program to conserve our surface water supply by the state expending money for the construction of dams on all rivers and draws where needed. (In doing this we would also have places for recreation right here in West Texas.)

I would amend the present employment law so that the TEXAS EMPLOYMENT COMMISSION would bring into any given area suitable labor to be used on the farm where said labor is not locally available at the time when this labor is most needed by the farmer.

I would vote for and support a stronger seed regulation law in order to put this state on a par with other states in seed regulation. I will always oppose any legislation to unionize farm labor.

In my entire life both as a private citizen and a public official I have worked one hundred per cent with the farmer, and when elected your State Senator I will continue to be one hundred per cent behind the wishes of the farm people.

Sincerely yours,
KARL L. LOVELADY
Candidate for
State Senator.

NEW COTTON LEGISLATION IS SOUGHT BY ENTIRE INDUSTRY

Austin — A unified Texas cotton industry began pressing for congressional passage of a bill giving cotton growers their choice of taking either more acreage or higher price supports.

The recommendation grew out of a meeting of 90 representatives of all phases of the industry.

W. F. Hofman, president of the Old Cotton Belt Ass. which sponsored the statewide meeting, said he understood there was little chance for a bill to pass unless the cotton interests united on a single bill.

Present cotton acreage allotments expire with this year's crop and allotments will drop to about 13,000,000 acres in 1959, a slice of nearly four million acres unless new legislation is passed.

If Congress approves the bill it would be submitted to the farmers at a referendum later this year.

A seven-man committee, headed by Eugene Butler, editor of the Progressive Farmer of Dallas, returned these legislative guide-choices of asking either more acreage calling for:

1. Equitable income protection to cotton producers.
2. Abolishment of the acreage reserve of the Soil Bank.
3. A national allotment for the 1959 season of not less than 17½ million acres to be made available for allocation to growers for planting under the following plan: The grower would have his choice of accepting lower acreage at higher price support or higher allotment at lower parity support.
4. A competitive price to all mill customers of American cotton growers at a price on a level with synthetics and foreign cotton production.
5. Continuation of the organization to promote liaison and harmony among the Texas cotton industries.

Hofman said it was the first time spokesmen from all the cotton producing areas and related industries had met to find a common ground for getting an acceptable bill passed in Washington.

Jimmy C. Colson Is Graduated

San Diego, Calif. — Jimmy C. Colson, son of Mr. and Mrs. C. C. Colson of Route 1, Lockney, graduated from recruit training May 2 at the Naval Training Center, San Diego, Calif.

The graduation exercises, marking the end of nine weeks of "boot camp", included a full dress parade and review before military officials and civilian dignitaries.

In nine weeks of instruction, the "new recruit" is developed into a Navy Bluejacket, ready for duty with the fleet.

Tech Exercises Monday, June 2

Lubbock — An estimated 800 Texas Tech students will be candidates for degrees during commencement exercises at 8 p. m. Monday, June 2, in Jones Stadium.

Dr. Arthur S. Adams, president of the American Council on Education, will deliver the commencement address.

Tech's baccalaureate sermon will be given by Dr. W. Kenneth Pope of First Methodist Church in Houston at 8 p. m. Sunday, June 2, in Jones Stadium.

Dr. Adams is former president of the University of New Hampshire. He left that position in 1951 to head the council in Washington, D. C.

The Pope has travelled throughout the world as a representative of the Methodist Church. He also has been very active in educational circles, serving on boards of trustees for Southwestern University (Georgetown) and Samuel Houston College (Austin).

He has been a visiting faculty member at Southern Methodist University and has served in numerous Methodist educational policy groups.

Griffith Visitors Here From Germany

Visitors in the Walter and Harold Griffith homes last week and during the week end included Capt. and Mrs. Leon B. Webber and children who have just returned from three years with the air force in Weisbaden, Germany.

Webber is the former LaNell Griffith. Other visitors were Wednesday until Saturday, Mr. and Mrs. Ladd Webber, Buckeye, New Mexico; over the week end, Mr. and Mrs. Jay B. Barbin and family, Levelland; Mr. and Mrs. Kenneth Griffith and family, Plainview; Mr. and Mrs. Kline Nall and girls, Mr. and Mrs. Elton Griffith and family, Plainview; Mr. and Mrs. Herbert Griffith and family, Harold Dean Griffith and Miss Aly Quinn, all of Lubbock.

Saturday night the Howard Mosleys visited in the Harold Griffith home and saw pictures. Captain Webber showed of all the places they had visited while overseas. The Webbers will be stationed at Wichita, Kansas, after a month leave they will spend visiting in Lockney, Lubbock and New Mexico.

Hybrid Grains Lead Tests At Plains Station

Hybrid grain sorghums led the yield test at the High Plains Station of Texas Research Foundation at Halfway in 1957. Twenty-seven of the thirty-one hybrids planted yielded more than any of the nineteen standard varieties included in the test, according to Johnny H. Davis, agronomist at the station.

In this test of fifty different grain sorghums, there were fifteen released hybrids; sixteen experimental hybrids, and nineteen standard varieties. They were planted in two row plots one hundred feet long with four replications to eliminate differences in soil, watering and other factors. The test was planted June 19 at the rate of eight pounds of seed per acre. Thirty-six pounds of nitrogen and forty-five pounds of P2O5 were applied at planting with seventy-five pounds of nitrogen addressed July 18. This test was harvested before there was any appreciable lodging, so no differences as to standability are reported.

The soil was irrigated prior to planting with three subse-

quent irrigations of a total of 15 inches of water applied through pipe during the growing season from April 1 to October 3, which could be available for growth.

In this test a difference of 844 pounds between any two hybrids was due to chance. There were only 525 pounds difference between the DeKalb D50A, ranked R. S. 650, ranked second, and the 625, ranked third. A similar difference in moisture and soil conditions. Also, there were 600 pounds difference between the 500 and the 100. Obviously, the significant differences between these two

Make a long, narrow loaf, 12 inches long, 2 inches wide, spread the inside with mustard and apple spear in center. Wrap with string, secure with a pin. Bake for 35 minutes, or until brown. Drain on paper and serve immediately.

117 Attend 60th Wedding Event For Calahans

One hundred and seventeen guests registered during Calahans' wedding anniversary home. Lockney, honoree Mr. and Mrs. H. S. Calahan celebrated their 60th wedding anniversary.

Guests were received by Calahan, Junior Calahan, Frank Brown and Sterling Cummings, sons-in-law and grandsons of the honorees.

The refreshment table was laid with a white cloth and covered with large styrofoam numbers, "60" decorated with pin flags. Model cars at the base of the numbers denoted the changing of styles from the wedding year, 1898 to the present 1958 model. The five-tiered wedding cake and white was decorated with swans, butterflies, wedding bells, pink roses and white lilies.

Miss Bobby L. Case, Mrs. W. C. Mercer, Mrs. Karaig, Miss Karen Brown and Miss Yvonne Karr alternated at the table where cake, punch and nuts were served.

In the living room was an active family tree which had 22 descendants of the honoree couple. Arrangements of irises, columbine and peonies were placed at vantage points about the house.

Mr. and Mrs. Calahan were married May 15, 1898, at Little Parish, Louisiana. They moved to Collin County, Texas, in 1912 and to Floyd County, Texas, in 1924. They made their home in South Plains community about eight years ago when they moved into Lockney.

Born to this union were children, Carl of Dallas; Mrs. Cummings, Mrs. E. A. Moad, Jack, Mrs. Hilburn Case, Mrs. Frank Brown, Mrs. Arthur Brown, all of Lockney; Raymond, Dylon, Mrs. Bryan, Mrs. Shelby and H. S. Jr., all of South Plains. All the children were present Sunday except

117 Attend 60th Wedding Event For Calahans

One hundred - seventeen guests registered during open house Sunday afternoon from 3 to 5 o'clock in the Z. C. Cummings home, Lockney, honoring Mr. and Mrs. H. S. Calahan in their 60th wedding anniversary.

Guests were received by Shelby Calahan, Junior Calahan, Frank Brown and Sterling Cummings, sons-in-law and grandson of the honorees.

Mrs. Helmut Quebe, granddaughter, secured names for the register.

The refreshment table was laid with a white cloth and centered with large styrofoam numbers, "60" decked with pink and white. Model cars at the base of the numbers denoted the change of styles from the wedding year, 1898 to the present 1958 model. The five-tiered wedding cake and in white, was decorated with swans, butterflies, wedding bells, pink roses and was topped with "60". Granddaughters, Miss Bobbye Lu Casey, Mrs. W. C. Mercer, Mrs. Karl Craig, Miss Karen Brown and Miss Yvonne Karr alternated at the table where cake, punch and nuts were served.

In the living room was an attractive family tree which named 72 descendants of the honored couple. Arrangements of irises, columbine and peonies were placed at vantage points about the house.

Mr. and Mrs. Calahan were married May 15, 1898, at Lincoln Parish, Louisiana. They moved to Collin County, Texas, in 1912 and to Floyd County in 1924. They made their home in South Plains community until about eight years ago when they moved into Lockney.

Born to this union were 11 children, Carl of Dallas; Mrs. Z. Cummings, Mrs. E. A. McLeod, Jack, Mrs. Hilburn Casey, Mrs. Frank Brown, Mrs. Arthur Brown, all of Lockney; Mrs. Raymond Upton, Mrs. Bryan Carr, Shelby and H. S. Jr., all of South Plains. All the children were present Sunday except

Wedding Plans Are Revealed

Mrs. V. A. Monnier, 2531 Emmett Street, Dallas, 2531 Emmett Street, Dallas, announces the engagement and approaching marriage of her daughter, Lydia, to Glen Roland Watson, son of Mr. and Mrs. Glen Watson, Lockney.

The wedding is scheduled to take place June 21 in Dallas.

The bride-elect is a graduate of a Dallas High School and is now a student at Abilene Christian College.

Mr. Watson is a 1957 graduate of Lockney High School and attended ACC last year where he served as president of the Freshmen class.

After their marriage the couple will be at home in Lockney where he will be associated with his father in farming.

El Progreso Club Enjoys Luncheon

El Progreso Study Club enjoyed a salad luncheon at 1 o'clock Wednesday afternoon, May 14, in the home of Mrs. Leslie Ferguson, co-hostess was Mrs. Guy Sams. The event marked the final meeting of the club until next September.

The tables were attractively decorated with yellow and pink columbine in bud vases and places were marked with improvised butterflies flecked with glitter. Iris, columbine and roses were used in arrangements at vantage points about the entertaining rooms.

Following the meal, Mrs. Clyde Briley told the history of the club collect and a preview of next years programs was made.

Enjoying the occasion were Mrs. Effie Smith, guest, and the following members: Mmes. Clyde Applewhite, Milton Ashton, Barry Barker, Clyde Briley, Hershel Carthel, Henry Hodel, L. M. Honea, Chester Mitchell, T. B. Mitchell, Ewald Quebe, Henry Schacht, Jo Taylor, Howard Smith, Ed Whitfill, Owen Thornton, and the hostesses.

GO TO CHURCH SUNDAY.

Carl Calahan, Dallas, who visited his parents on Mother's Day.

MRS. DANE CLARK

Lockney Girl Is College Beauty

Mrs. Joan Harris Clark, former Lockney High School student, is one of eight beauty winners at McMurry College, Abilene.

She will be featured again this year in the college yearbook, The Totem, which will be distributed before the end of the spring semester. Mrs. Clark is the daughter of Mr. and Mrs. Clark Harris, Lockney. She was chosen as a college beauty by a judging panel last fall. The list, however, was kept secret until the final student assembly was held this week.

Other beauties chosen from the college included Olivia Lawden, Hart; Beth Wilson, Floydada; Becky Offlick, Big Spring; Nita Milner, Abilene; Gloria Musgrave, Phillips; Pat Baker, Abilene; and Yvonne Caldwell, Baird.

The girls were presented in a special student recognition and awards program recently, and appeared in a style review with "Miss Texas," who is Carolyn Calvert of Austin, and other beauties from Hardin-Simmons University, Abilene Christian College and Abilene High School.

Summer Birthdays Observed By Tots

Children of Mother Goose School who have summer birthdays or who missed a celebration of their birthday at school were honored with a party at the school Tuesday morning. Mothers of the honorees were hostesses.

Birthdays observed were those of Dee Earl Cummings, Stevie Danford, Shelby Race, and Debbie Webster. The later two missed the celebration, however, due to a slight case of measles.

Tables, placed under shade trees, were spread with a feast of sandwiches, potato chips, muffins, ice cream and soft drinks. Horns were given as favors.

Twenty - three children and the following mothers enjoyed the party, Mmes. J. D. Wood, J. W. Smith, Robt. Daniel, and the hostesses, Mmes. Sterling Cummings, J. C. Danford, J. A. Race and R. V. Webster.

Mrs. Pepper Martin Honored At Shower

Mrs. Pepper Martin of Plainview, former Lockney resident, was honored with a surprise layette shower Thursday morning, May 15, at 9:30 a.m. in the home of Mrs. Jack Swanson, south of Plainview.

The occasion marked the monthly coffee of the Worthwhile Sunday School Class of Holy Union Baptist Church.

Guests were greeted by Mrs. Swanson and Mrs. Gordon Stanford presided at the table.

Punch, coffee and doughnuts were served to Mmes. Bailey Henderson, Lockney, Freddie Ivy and children, Woody Harper, Jackie Holcomb, Joe McWilliams, Joel Mitchell, Wayne Miller, Don Armour, W. A. Stephens, Buddy Graham, Gordon Stanford, Jack Swanson, Mrs. Johns Cox and Mrs. M. A. Martin, Lockney.

Those sending gifts were Mrs. Bob Merrell, Mark and Lena, Lockney; Mrs. A. B. Culp, Mrs. Sam Scarborough and Mrs. Marvin Jantz.

Music Students To Appear In Recital

Piano and accordion students of Mrs. Charles L. Record will appear in a musical recital at the high school auditorium Friday night, May 23.

The program will be in two divisions with students of the first through fourth grades appearing from 7:30 until 8:20 when the second division composed of students from fifth grade through high school will appear. The divisions are arranged for the convenience of those who may prefer to attend only one recital.

At intermission between the recital divisions, Mrs. Record will present awards for the following accomplishments: most hours practiced for entire year; perfect attendance all year; most pieces memorized for entire year; statuettes to students who have completed goals set at beginning of the year; pins and certificates will be awarded students who played in National Piano Guild Auditions early in the spring.

Those who will play on the first recital beginning at 7:30 will be Debbie Miller, David Patterson, Jane Whitfill, Steve Barker, John Quebe, Dinah Kay Hodel, Vikkee Hammit, Cheryl Seago, David Smith, Roger Lyps, Ronnie Marr, Charles Smith, Benny Reecer, Max Stevenson, Tony Frizzell, Cheryl

Writ Of Error Issued In Boundary Suit

Floydada. — Texas Supreme Court last week granted a writ of error on an appeal from the Seventh District Court at Amarillo in the case of W. C. Wisdom and others vs. J. H. Widener, a boundary dispute between two Floyd County landowners.

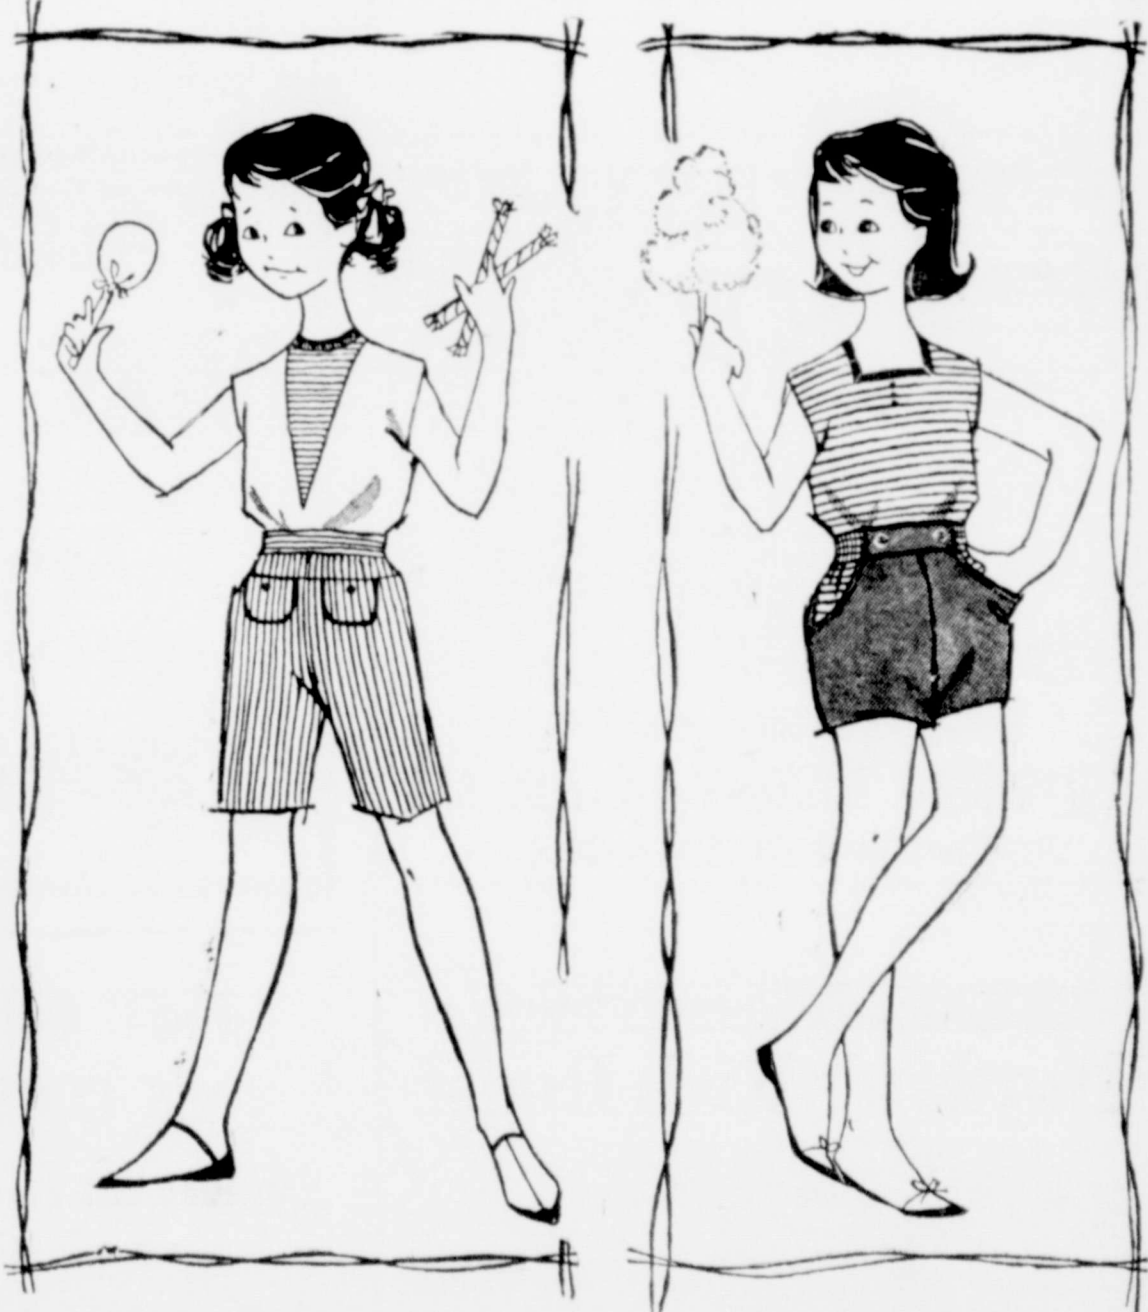

About two acres of land is involved in the suit, which was tried in Floyd County District Court in September of 1956, was appealed by W. C. Wisdom and Marris Ratliff to the Appeals Court in Amarillo and to the high court in March of 1958.

The case was set for submission on June 11. The tract of land in litigation is about three miles southwest of Lockney.

Above — Jersey Lolly-Top; square neck, solid rib knit trim, three tiny buttons. 3-6x, \$2.25. Playsheen shorts; striped insert pockets, two buttons on the front waist. 3-6x, \$2.50.

JACK & JUNE SHOP is supporting NATIONAL COTTON WEEK

May 15th through 23rd

and we know that cotton is the "fiber" of life. The big window display at Jack & June Shop proves that the price of cotton is right. If you would like to win a VALUABLE PRIZE, come down today and take a good look at our window display. If you can guess the total cost of all the cotton items in the window, you'll walk out with a "cotton pickin'" gift.

HERE'S ALL YOU DO: Take a look at both window displays at our store. Then come in the store, look around at the items, check the prices and fill out your entry blank with name, address and your estimate of the total price of the articles in the window. The person guessing closest to the actual cost will be the winner. Entries will be judged at 4:30 p. m. Friday

Prize will be \$5.00 for each window. Only two prizes given.

Mr. and Mrs. Colvus Bennett, Lockney, are parents of a baby boy born 5-20. He was named Roland and weighed 8 lbs., 11 oz.

ROUNDUP PAGEANT TO DEPICT DEVELOPMENT OF 4-H IN TEXAS

College Station — Fifty years of 4-H progress in Texas will be presented as a pageant of the opening program of the annual State 4-H Club Roundup scheduled for June 10-12 at Texas A & M College.

From the first county agent organized boys corn club in 1908 has come the greatly expanded demonstration and character building 4-H programs of today. Membership has grown from the original 25 corn club members in Jack county to more than 111,000 in Texas and demonstrations and activities now cover every phase of agriculture and homemaking. Throughout the 50-year period, the demonstration has remained the basis for conducting the youth phase of Agricultural Extension Service work. Today, 4-H members still learn to do by doing and their classrooms are the farms, ranches and homes of Texas.

In 1910 in Coleman county the first beef calf club was organized and the first statewide rally for corn club boys was held at the State Fair in Dallas. A feature of the rally was a parade of 1,500 boys, each carrying a stalk of corn, through the downtown section of the city.

In 1912, girls for the first time were enrolled in tomato clubs. The first was in Milan county and Mrs. Edna Trigg was the first home demonstration agent. Growing tomatoes and canning were the major demonstrations.

Around 1911 the 4-H emblem was adopted nationally and a man who was later to serve as Extension Director in Texas, the late O. B. Martin, played a major role in this development. He was the first 4-H Club leader of the U. S. Department of Agriculture.

With the passage of the Smith-Lever Act by the U. S. Congress in 1914, the Agricultural Extension Service as known today came into being and 4-H development became more rapid and better organized. Astate 4-H leader, H. H. Williamson, was appointed in 1912 and by 1914 he had made considerable progress in getting 4-H going in the counties where agents had been employed.

Be a stranger once in a while and enter your own home with both eyes open, suggests Margaret Spader, home service editor of the Gas Appliance Manufacturers Association. "Does it look like four walls set up to shut out the elements and the world? Or does it suggest the excitement of spring—sunlight pouring in windows, peace, good will, happy voices

Dinner Meeting Honors Masons Monday Night

Lockney Order of Eastern Star honored members of the Masonic Lodge and their wives with a dinner and program at the lodge hall Monday night. The serving table was centered with an arrangement of iris including three white tapers. On the center taper was the Masonic emblem fashioned in a keyway. Officers of the O.E.S. served.

Following the dinner a program was given by the Rainbow Girls under the direction of Mrs. F. M. Smith, Mother Advisor who acted as emcee. The welcome was given by the Worthy Matron and Worthy Patron, Mrs. James Babbitt and Mr. James Babbitt. The group sang the Flag Song, followed by scripture of 1st Corinthians from Paul's letter to the Corinthians. The program closed with the Rainbow Song which was followed by benediction by William Ed Whittill, Worshipful Master.

Approximately 70 attended. Installation of O.E.S. officers will be held Monday night, June 2.

Dinner Meeting Honors Masons Monday Night

Lockney Order of Eastern Star honored members of the Masonic Lodge and their wives with a dinner and program at the lodge hall Monday night.

The serving table was centered with an arrangement of iris cuttings three white tapers. On the center taper was the Masonic emblem fashioned in styrofoam. Officers of the O.E.S. served.

Following the dinner a program was given by the Rain-bow girls under the direction of Mrs. F. M. Smith, Mother Advisor who acted as emcee. The welcome was given by the Worthy Matron and Worthy Patron, Mrs. James Bobbitt and Mr. Bobbitt. The group sang the Flag Song, followed by scrip-ture reading of 1st Corinthians 13:4-7.

The program closed with the Rainbow Girls singing the Rainbow Song which was followed by benediction by William Ed Whitfill, Worshipful Master.

Approximately 70 attended. Installation of O.E.S. officers will be held Monday night, June 2.

State HD Delegates and Saturday

Miller, Mrs. Ronald and Mrs. John Fow-ler, representing the annual convention held in Austin Au-gust 15. Alternates Mrs. Cates and Mrs. Hoffman. Election of officers and alternates during the regular monthly H.D. Council meeting Saturday.

Dallas Fashion Center Photo

Drip-dry cotton by Marcy Lee of Dallas offers shirtwaist news in a refreshing print design. Neckline and shoulder lines are squared and young. The controlled, easy skirt fullness is accomplished by un-pressed pleats.

Mrs. W. W. Trapp announced the Hobby Show for May 28, in the balcony of the building formerly occupied by J. C. Pen-ny, Floydada. Mrs. Arlon Miller reported on the District HD meeting she attended recently. Theme for that meeting was "Christian Homes, Christian Nations".

Sterley Club brought an ex-hibit featuring planters made of modeling clay and aprons. Dougherty will bring the exhibit for the next council meet-ing on June 21.

Spring Show Displays Many Flowers Sat.

Lockney Garden Club's An-nual Spring Flower Show was held in the showroom of Lock-ney Auto Company Saturday afternoon from 2 to 6 o'clock.

Despite the heavy rain which fell early Saturday morning, many beautiful entries attrac-tively displayed, made the show one of the most successful ever to be held here.

Judges were Mrs. L. B. Brit-tan, Mrs. Roy Formway and Mrs. W. J. Carver, all of Plain-view.

Following is a list of divi-sions and entry winners:

4. Geranium — 2nd, Mrs. Clyde Briley
Division D — Children's Ar-rangements — 1st, Randy Laceywell; 1st, Lauretta Laceywell

Tech Students From 40 States, 23 Nations

Lubbock — Whistle the Texas Tech Matador Song while trav-eling throughout the state and you'll find a fellow Techsan in 89 per cent of the counties to join you.

That's how representative Tech's 9,524 enrollment is in the Lone Star state. Students have come from 225 of the 254 counties for the 1957-58 Long Session, the registrar's office reports.

They also have come from 40 of the 48 states in the nation. Most (188) are from New Mex-ico. Other states represented in-clude Oklahoma (29), Califor-nia (13), Illinois (12), Colorado (11) and Arizona and New York (10 each).

Internationally speaking, Tech this year has had students from 23 nations and Alaska, Mexico and Venezuela, with seven each, have had the most students, followed by Korea (4), Iran (3) and Brazil (2).

Plans Changed On Hiway Entry Into Floydada

Floydada. — Floyd County, City of Floydada and the en-gineering department of the State Highway Department this week had agreed on a plan to come into Floydada from the south with the new highway that will take 130 feet for right-of-way instead of 340 feet.

If the blessings of the Bureau of Good Roads is received the new plan calls for two 36-foot lanes on each side of the 30-foot island, with curb and gut-ter from the wye in southwest Floydada to the corner where the road makes a south turn, a distance of 7,200 feet.

Of this distance 2,800 feet is within the city limits.

District engineers office ap-proved the change in the pat-tern last week and has passed it on for final decision.

The department and the lo-

cal government bodies are a-greed the cost of the new plan will be approximately the same as for the original four lanes.

Bad weather has done about the same thing to the engin-ers on local highway work that it has done to the farmer. Consequently the engineers are way behind with their work and have not submitted any field notes and deeds to the commissioners on the cardinal road.

Report from Resident Engin-eer Sam A. Fowler this week says the superintendent of the construction job on FM 1065 is on location. He is C. A. Jen-kins, of Quitaque. Jenkins was putting up barriers Tuesday.

The gap to be paved is 3.8 miles. It joins FM 1065 to FM 97 4.2 miles west of Flomot. The total cost to the state will be \$74,153.14.

Much of the route is along rough terrain, accounting for the high cost, \$19,518.98 per mile.

The contractor is C. C. Bothe of Stephenville.

COTTON INDUSTRY

LET'S OBSERVE

NATIONAL COTTON WEEK

May 19-24

WEAR COTTON — USE COTTON

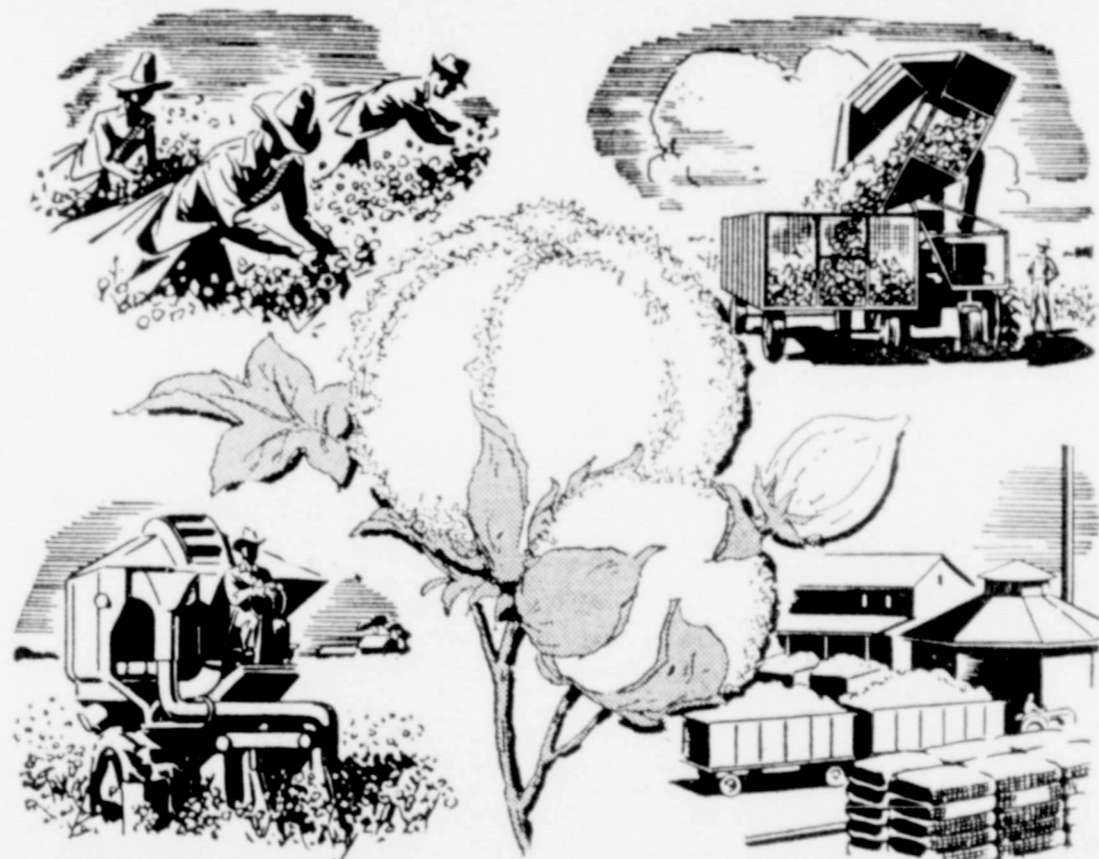

BOOST COTTON!

Cotton is one of the oldest natural fibers that man has put to use for his comfort and pleasure. The fashions we wear — The accessories in our homes — and many of the practical purposes of industry all depend on this soft, fluffy, wonderful durable fibre.

LOCKNEY CO-OPERATIVE GIN

MONDELL MILLS, Mgr.

OUR Salute TO AMERICA'S COTTON GROWERS

AN IMPORTANT INDUSTRY IN OUR NATION

Cotton is one of the oldest known natural fibers that man has put to use for his comfort and pleasure. The fashions we wear, the accessories in our home, and many of the practical purposes of industry all depend on this soft, fluffy, wonderfully durable fiber. We would like to take this opportunity to salute the men and women everywhere who are engaged in producing cotton. It's a vital, continually growing factor in our prosperity both here at home, and overseas.

BUY COTTON This summer you and your family can live comfortably and fashionably in the fresh, crisp, cool comfort of cotton.

Kreis, Mr. and Mrs. Lee Burton, Mr. and Mrs. Clyde Burton, Cecil Payne, Mrs. R. L. Orman, all of Floydada.

Trinity Lutheran Church Adopts New Hymnal

The new Service Book and Hymnal, published by eight cooperating Lutheran Church Synods, was introduced into use at the Trinity Lutheran Church of Providence this last Sunday.

Since 1945 committees of the majority of Lutheran bodies in America and Canada have been working toward the production of a service and collection of hymns which will eventually serve more Lutherans than any service book and hymnal has done in the history of Lutheranism in North America.

The first edition is now being printed and the Trinity Congregation was fortunate in receiving some of the first printed.

Mr. and Mrs. Virgil Brasher donated the books to the congregation.

Also during the service last Sunday the Trinity congregation observed Rural Life Sunday. Pastor Windecker pointed out, during the service, that the soil which we till is a wonderful gift from God and should be used with thankfulness and care.

Will Attend Graduation Friday

Mr. and Mrs. C. H. Rose will attend graduation exercises for the Roswell, N. M., high school senior class Friday evening of this week. Their grandson, Jerry Rose, son of Mr. and Mrs. Delbur Rose, is a member of the class. Jerry was named the outstanding student from the mixed chorus at Roswell High. He has served as president of the chorus this year and sang with a high school barbershop quartet which has made many public appearances.

Cub Scout Parents Asked To Meet

Cub Master Buck Latimer is asking that all Cub Scout parents meet tonight (Thursday) at Golden Cafe dining room for a discussion pertaining to camp. Mr. Latimer says that the matter is urgent and all parents should be present. The time is 7 p. m.

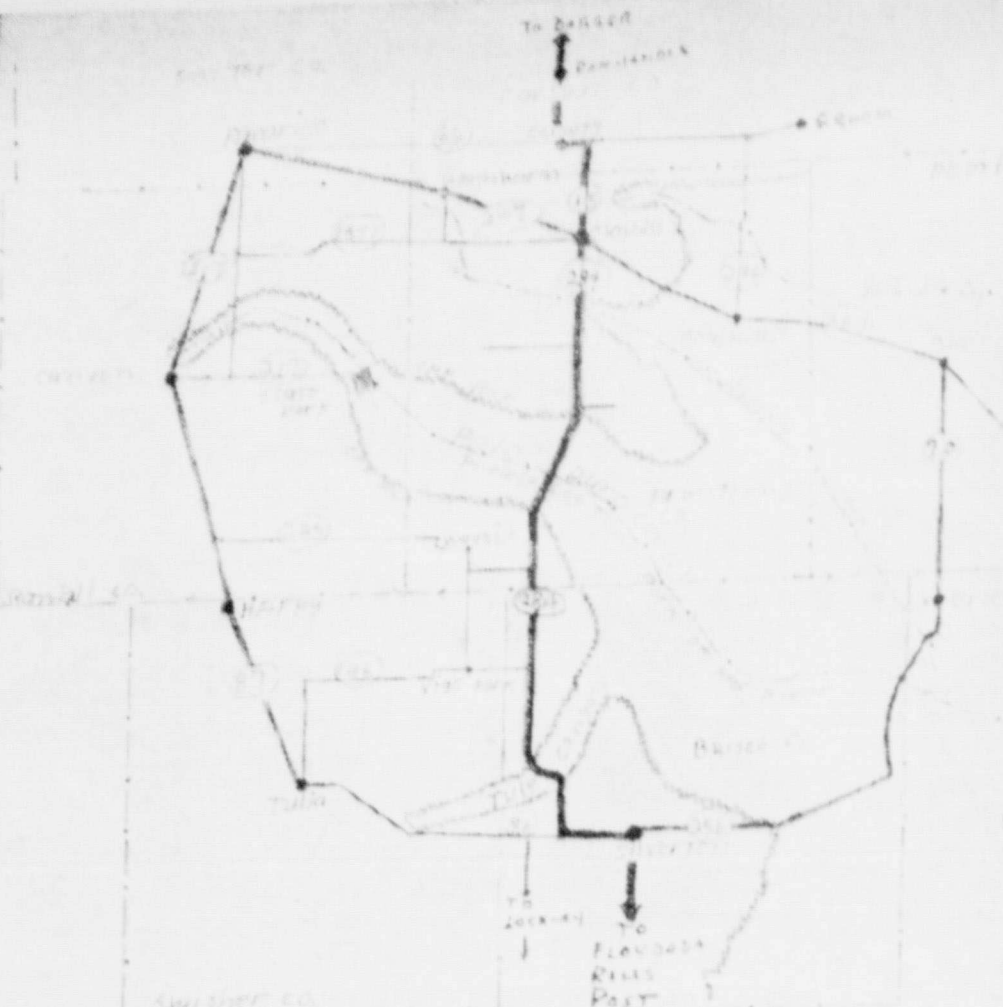

Catholic Services Here Wednesday

Catholic Mass will be held each Wednesday evening at 8 o'clock at the American Legion Hall in Lockney. It was announced this week. The first meeting was held last Wednesday evening. Rev. Barkley of the Lady of Guadalupe Church in Plainview will be here to conduct the services.

Mrs. Foster To Receive Degree

Mrs. Elizabeth Ann Belt Foster, daughter of Mr. and Mrs. J. R. Belt Jr., and wife of Eddie Joe Foster, will receive a Bachelor of Science degree in home economics from Texas Technological College, Lubbock in Commencement Exercises on June 2.

Mrs. Foster is a 1954 graduate of Lockney High School. The college will award 54 Bachelor of Science degrees in home making among the 847 to be presented.

NEW ROAD - Here is a map of the new paved highway from Silverton north across the canyon to Claude.

Formal opening of the new highway will be held next Wednesday, May 28, at the north canyon rim, starting at 10 a. m.

New Highway To Be Opened Next Wednesday

The new paved highway linking Silverton and Claude across the canyon will be formally opened Wednesday of next week in a ceremony at the north rim of the canyon. Many highway officials, including Texas Highway Commission Chairman Marshall Formby of Plainview, will be present.

The new road gives a short cut from Post, Ralls, Floydada, and Lockney into Borger and other points on the north plains. It is a very scenic drive, crossing three different canyons in its wandering.

The following program will mark the opening of the road:

Introduction of guests — Carl C. Wood, Armstrong County Judge.

Progress of Road — John G. Dewald, senior resident engineer, Highway Department.

Introduction of Speaker — Charles W. Smith, chief engineer, Amarillo district.

Speech — Marshall Formby, Chairman, Highway Commission.

Ribbon Cutting — Mr. Formby.

Everyone along the route is invited to attend the ceremonies.

Applewhites May Teach This Summer

Mr. and Mrs. G. C. Applewhite of the Lockney school faculty are considering teaching a summer school if sufficient interest is shown. They said this week. They plan to offer high school and junior high mathematics and grammar or English through June and July, teaching two hours per day, five days per week.

Those who are interested may contact either Mr. or Mrs. Applewhite.

Win Talent Show Prizes Thursday

Miss Janis Carthel won the first prize of \$5 and Glen McCandless won second prize of \$2.50 in the talent show sponsored by the Sophomore Class of Lockney High last Thursday evening. Both were vocal numbers.

The talent show followed an ice cream supper in the school cafeteria. A good crowd attended both affairs.

CARD OF THANKS

We wish to express our sincere thanks and appreciation for the many kindnesses and words of sympathy extended us during the illness and at the death of our loved one, Thanks for the food you brought, the many beautiful flowers, and every other kindness. May God bless each one of you is our prayer.

Baylor Byars and family Mrs. J. F. Dollar and family

CARD OF THANKS

We want to express our sincere thanks to Dr. Mangold and Dr. Williams for their untiring efforts with our infant son and grandson. We also thank those who remembered us with food and flowers.

Mr. and Mrs. Alvin Barton, Mr. and Mrs. James Hill.

Gleaners SS Class Has Social Meeting

Members of the Gleaners Sunday School Class of the Baptist Church met Wednesday afternoon from 2 to 3 o'clock at the church for a business and social. Mrs. B. B. Vernon is teacher of the class.

Mrs. Robt. Holland, president, presided. Devotional was brought by Mrs. W. B. Cates on "Facets of Faith". Mrs. Temp Phillips and Mrs. Hilburn Casey were hostesses. They served strawberry shortcake and coffee to Meses. B. B. Vernon, Lloyd Resdimer, Hilburn Casey, Weldon Smith, W. B. Cates, Wayne Cumbie, Homer Bartram, Temp Phillips, Carl Lemons, L. J. Griffith, Marvin Cox and R. L. Holland.

Shower Honors Mrs. Carl Turner Tues.

Mrs. Carl Turner was named honoree at a Pink and Blue shower given in the home of Mrs. Glenn Cooper Tuesday, May 20, from 3 to 5 p.m.

The refreshment table was laid with pink linen and centered with an arrangement of pink and blue iris in a crystal bowl flanked by blue tapers in matching crystal holders. Punch was served with cakes iced in white and topped with pink or blue booties. Favors were tiny pink, blue and white diapers with white mints.

Approximately 40 guests called or sent gifts.

Webster Will Attend A. F. Conference

Lt. Col. George Webster, of the Air Force Reserve, will attend a Reserve Commanders Conference at Denver this week end. The meeting will be held at the Denver Air Reserve Center. Col. Webster's unit is a member of the 10th Air Force. The meetings will be held Saturday and Sunday.

NEW ARRIVAL

Mr. and Mrs. Pat Frizzell are parents of a baby daughter, their first child, born May 17 at Lockney General Hospital. Weighing 6 lbs., 8 ozs., on arrival the baby has been named Melanie Suzette. Her father is here on leave from Fort Smith, Arkansas, where he is stationed with the army at Camp Chaffee. Grandparents are Mr. and Mrs. Clyde Farish, Lockney, and A. E. Frizzell, Floydada.

HAS OPERATION

Paul Ragle of Mountainair, N. M., underwent an eye operation at an El Paso hospital Tuesday of this week. No report of his condition was available Wednesday. He is the son of Mrs. M. H. Ragle and brother of Roy Ragle, both of Lockney. Roy flew to El Paso Tuesday to be with his brother during the operation.

NEW ARRIVAL

Mr. and Mrs. Delton Jack are parents of a baby daughter, Bonnie LaDelle, born Thursday, May 15, at Lockney General Hospital. Little Bonnie LaDelle, who tipped the scales at 8 lbs., 2 oz., has a sister named Regina Kay, who is two years old. Grandparents are Mr. and Mrs. Sam Jack, Mr. and Mrs. Clyde Hill, all of Lockney.

INJURED

Bryan Smith suffered a broken ankle Monday when he was struck by a power lift at his farm in Sterley community. His foot was placed in a cast at Lockney General Hospital where he spent from Monday until Wednesday when he returned to his home.

Mrs. Lucille Stapleton of Three Rivers, Texas is here to spend a week visiting her sister, Mrs. Alvie Barton.

Northwest Texas Conference Sets Annual Session May 27

Lubbock — First Methodist Church here will be host Tuesday, May 27, to Friday, May 30, to the Northwest Texas Methodist Annual Conference which will consider a \$60,000 campaign to finance improvements at Ceta Canyon Methodist Camp near Canyon, the building of a conference headquarters in Lubbock; a conference builders club organization to aid in the building of new churches to be financed by a five cents per member contribution; and the establishment of a fund for the building of a home for the aged.

Ceta Canyon improvements would include a paved road and recreational facilities, including a swimming pool.

Delegate from the Lockney Methodist Church will be C. L. Record. Alternate delegate is E. J. Foster. Rev. and Mrs. E. Lee Stanford and many other members of the local church will also attend.

Conference members will also be asked to approve a goal of four Advance Specials in each local church. Advance Specials are benevolent gifts over and above the regular gifts to missions included in church budgets. It will be recommended that the four gifts include world missions, national missions, the Methodist Committee for Overseas Relief and conference specials.

information of a lot of people we would not hear from otherwise. When the Santa Fe cut off so many jobs the first of April Tom had to move to Big Lake, Texas. Our daughter Nola and I remained in Hamlin so she could finish her freshman year in high school. We will join Tom there the 25th of May.

Our son Perry will also join us there on the 28th of May. He is a freshman at A&M College. He will work in Big Lake this summer and return to A&M next fall.

Sincerely yours,
Mrs. Tom Davis

To Have Surgery At John Sealy Hospital

Mrs. A. H. Turner will leave Thursday or Friday of this week for John Sealy Hospital, Galveston, where she is scheduled to undergo surgery next week.

Mrs. Turner expresses her appreciation to Mrs. Tommy Weathers and all those who honored her with a going-away shower Friday morning.

Stanley Conner Will Get MD Degree May 30

John Stanley Conner, son of Mr. and Mrs. James R. Conner of Lockney, is a candidate for the degree Doctor of Medicine from Baylor University College of Medicine in Houston. Commencement exercises will be held for 78 seniors on May 30. Conner was graduated from Lockney High School in 1951 as valedictorian. He received a Bachelor of Science degree from Baylor University in Waco, Texas, in 1954. He is currently in the Jefferson Davis Hospital in Houston.

Providence

By Mrs. Wilfred Stoerner
Wind, rain and some hail fell Sunday in this area. No great damage was done.

Rev. and Mrs. A. K. Windecker were in Lubbock Monday. Rev. Windecker visited Mrs. Charlie Boedeker at West Texas Hospital. Her condition was a little improved Monday.

Mr. and Mrs. E. M. Quebe and son were in Southland Sunday afternoon. Mrs. Quebe attended a tea given for the deputies of Eastern Star. They also visited Mrs. Charlie Boedeker at Lubbock.

Dinner guests Sunday in Ben Brandes home were Mr. and Mrs. Fred Steifed and daughter Fritzie and Mrs. Ben Quebe.

Mr. and Mrs. Wilfred Stoerner and family visited Mr. and Mrs. V. D. Ross Jr. and family of Hale Center Tuesday evening.

Mr. and Mrs. Walter Buro and son of Temple, Tex., were overnight guests at the home of Mr. and Mrs. M. C. Scheele.

Mr. and Mrs. Virgil Brasher visited in the home of Mr. and Mrs. Alfred Brasher of Petersburg Sunday.

Special services on rural life and soil. Rev. Windecker used as his text Genesis 1, 12.

During the service the new hymnals were dedicated. Six dozen books were given by Mr. and Mrs. Virgil Brasher. We indeed thank them for their generous donation.

Sunday evening the Luther League held a wiener roast at the church. A large crowd of young people attended.

Party Honors Mothers
The executive committee women of Trinity Lutheran Church were in charge of a service and party honoring mothers Friday afternoon. Guests were registered and Mrs. Elmo Lee Schaffner pinned a pink or white carnation on each lady as she arrived.

Program was as follows. Prelude "Hark I Hear The Savior Walking" played by Mrs. Ted Boedeker. Call to worship by Rev. A. K. Windecker, Psalm 117; hymn, "Beautiful Savior" by group; responsive reading, Psalm 67; sermonette, Rev. A. K. Windecker.

The sermonette emphasizing the Christian mother and the Women's Missionary Federation work. A special offering of \$35.35 went for missionary work in India.

Following the service the ladies were entertained with a party in the educational unit. The serving table, covered with white linen, was beautifully decorated in the Mothers Day motif. An attractive centerpiece made by Mrs. Don McLaughlin was of pink and white.

Double crystal candleholders held tall white twisted candles. A crystal service was used to serve lime green punch, mints and cake squares. Mrs. L. B. Brandes and Mrs. Weldon Smith poured. Mrs. Henry Semmann, oldest mother present, was escorted to the table by youngest mother, Mrs. Weldon Smith.

Next to be served was Mrs. A. D. Schaffner, mother having largest number of children, six. Others who were served and attended special services were Mmes. Wilfred Stoerner, Elmo Lee Schaffner, Don McLaughlin, Ben Quebe, Karl Sammann, Ben Brandes, Fred Steinfield, A. K. Windecker, Ted Boedeker, Virgil Brasher, B. F. Sammann Sr., Tom Word, Albert Kelm, R-C. Mathews, Arnold Dietrich, M. C. Scheele, L. B. Brandes and Rev. A. K. Windecker.

Hostesses were Mmes. Wilfred Stoerner, Elmo Lee Schaffner, Don McLaughlin, L. B. Brandes, Weldon Smith and Melvin Kelm.

Miss McDonald To Get Degree At West Texas State

Canyon — Rosemary McDonald is among the nearly 300 candidates seeking to receive degrees at the May 25 Commencement at West Texas State College.

Commencement activities for the record number of graduating seniors will begin May 22, when traditional Senior Class Day exercises will be held in the Administration Building auditorium. Seniors that day march in academic robes and caps, escorted by members of the junior class. In ceremonies led by Joel Ray Coker of Amarillo, senior president, the graduating class passes on its responsibilities and privileges to the juniors.

President and Mrs. James P. Cornette will honor graduates and their families at a reception held annually at their residence on May 24 at 8 p.m.

Commencement exercises will be held at 5 p.m. May 25 in the West Texas State field house. Speaker will be Dr. Frank O. McIntyre, public relations director for the California Teachers Association.

Miss McDonald is a member and treasurer of Pi Omega, women's social club, and is a member of the Student Senate, the student governing body of the campus. She has also been a nominee for homecoming queen. She has been beauty queen and this year she was elected to Who's Who, a national organization composed of college and university students who have outstanding achievements in their school.

Double crystal candleholders held tall white twisted candles. A crystal service was used to serve lime green punch, mints and cake squares. Mrs. L. B. Brandes and Mrs. Weldon Smith poured. Mrs. Henry Semmann, oldest mother present, was escorted to the table by youngest mother, Mrs. Weldon Smith.

Next to be served was Mrs. A. D. Schaffner, mother having largest number of children, six. Others who were served and attended special services were Mmes. Wilfred Stoerner, Elmo Lee Schaffner, Don McLaughlin, Ben Quebe, Karl Sammann, Ben Brandes, Fred Steinfield, A. K. Windecker, Ted Boedeker, Virgil Brasher, B. F. Sammann Sr., Tom Word, Albert Kelm, R-C. Mathews, Arnold Dietrich, M. C. Scheele, L. B. Brandes and Rev. A. K. Windecker.

Hostesses were Mmes. Wilfred Stoerner, Elmo Lee Schaffner, Don McLaughlin, L. B. Brandes, Weldon Smith and Melvin Kelm.

THE LOCKNEY BEACON, LOCKNEY, TEXAS, MAY 22, 1958

Marine Recruiter To Be Here Friday

T-Sgt. Lester Schimmel, Marine Corps recruiting sergeant, will visit Lockney May 23 to interview applicants for the Marine Corps. While in Lockney, Sgt. Schimmel will be located at the Post Office Building.

Sgt. Schimmel also announced that qualified young men and women may join the Marine Corps under the new 120-day delay program. Under this program, a young lady or man, joins the Marine Corps for three or four years, returns home,

and goes on active duty within 120 days. For information on this and other programs, interested applicants should contact Sgt. Schimmel during his visit to Lockney, or write to him at the Marine Corps Recruiting Sub-Station, Box 127, Lubbock, Tex.

IF ADMINISTRATION proposals are accepted by Congress, federal employers will receive pay increases aggregating well over \$1 billion a year. The largest part will go to officers and enlisted men in the military services.

Sterley News

By Mrs. Virgil Adams
Moisture Friday night through Sunday was from 1/2 inch to just a sprinkle.

Sterley Home Demonstration Club met Thursday at 2:30 in the home of Mrs. A. D. Schaffner. Mrs. Schaffner read Gal. 5:26 as the devotion.

The program was "Other Countries" and Mrs. Elmo Schaffner gave a talk on "Japan". Mrs. Hugh Marble talked on "Mexico". There was an exhibit of articles from other countries.

The hostesses served delicious German sweet rolls with coffee to Mmes. Joe Reeves, Hugh Marble, Guy Sams, Elmo Schaffner, Virgil Adams and a visitor, Mrs. J. W. Moffett of Clarendon.

Mrs. Virgil Adams and Mrs. R. H. Tinsley attended council Saturday at Floydada. Sterley club had the exhibit. They showed aprons and planters which they had made.

Jimmy Sams and girls from Dallas spent last week end with his parents, Mr. and Mrs. Guy Sams. Other guests Sunday were their daughter, Mrs. Doris Meriwether, Susan and George of Plainview. Afternoon callers in the home were Mrs. J. A. Darden and Mary Jane from Amarillo. Mr. and Mrs. E. J. Thomas of Lockney and Mrs. A. B. Blount, A. B. and Opal of Plainview and Mrs. Fannie Brown of Lockney.

Mr. and Mrs. Howard Smith made a trip to Amarillo Monday.

Mrs. Virgil Adams, Johnny and Ruby Nell, and Mrs. J. W. Moffett made a business trip to Clarendon Monday.

Mr. and Mrs. Kenneth Brosch of Windthorst spent Wednesday night and Thursday with her parents, Mr. and Mrs. R. H. Tinsley.

Mr. and Mrs. A. S. Jones attended the funeral of her cousin Friday at Clovis, New Mexico.

Guests in the A. D. Schaffner home for several days were Mr. and Mrs. Fred Schaffner of San Antonio, Mr. and Mrs. Gus Schaffner, Westhoff, Mr. and Mrs. Lesley Schaffner and sons of Corpus Christi. Guests Sunday were Mr. and Mrs. Charles Schaffner of Slaton, Mr. and Mrs. Emil Seifer of Levelland, Mr. and Mrs. C. L. Brigger and son of Wilson, Mr. and Mrs. Mac Howard and children of Hereford, Mr. and Mrs. Elmo Schaffner and girls.

Mr. and Mrs. G. P. Nelson went to Quanah Saturday and visited their son, Earl.

Bryan Smith spent Monday night in the Lockney General Hospital after breaking his ankle about noon when the power lift lever struck his ankle. He came home Tuesday morning. It will be in a cast for three weeks or more.

Mrs. Herman Huffman was among the ladies from Methodist Church, Lockney, who attended the district meeting of the W.S.C.

Rev. and Mrs. Richard Brewster and Dorothy visited her sister, Mrs. Russell Ingle and family at Sudan Monday.

The Richard Brewsters will be attending conference at Lubbock May 26 through 30.

Sterley Methodist Church will not have services Sunday night May 25 because of the Baccalaureate services.

The Fred Fortenberrys visited her father at Fort Worth last week.

We Still Have A Few Lots in the McDonald Addition Available for residential building. See us today.

EDITORIAL

The Lord, He it is that doth go before thee; He will be with thee, and He will not fail thee nor forsake thee. — Deuteronomy 31:8.

THIS IS NATIONAL Cotton Week. American people are beset by special weeks of all kinds all during the year but surely the people of this area will find it profitable to observe this special week since cotton is the basis of our economy in this area. The purpose of the special week of course is to draw the attention of the people to this one product, urge its use and attempt to increase the consumption of cotton on the domestic market. Certainly we ought all to insist upon cotton when we can. Too many times we find the cotton farmer wearing the synthetic or silk shirt, or at least a blend that results in the reduction of the consumption of cotton in wearing apparel. We boost our favorite football team, our favorite political party, then why not boost our favorite fibre for making wearing apparel. Cotton should be it.

THE NATIONAL Cotton Council points out that, unless the law is changed, cotton farmers are facing another drastic slash in their cotton acreage in 1959. The Council points out that cotton growers have had their acreage slashed drastically in five straight years of control and now they face an additional 20 per cent cut in 1959. Sec. Benson says the law will force him to cut allotments from the present 17.6 million acres to about 14 million next year unless it is changed.

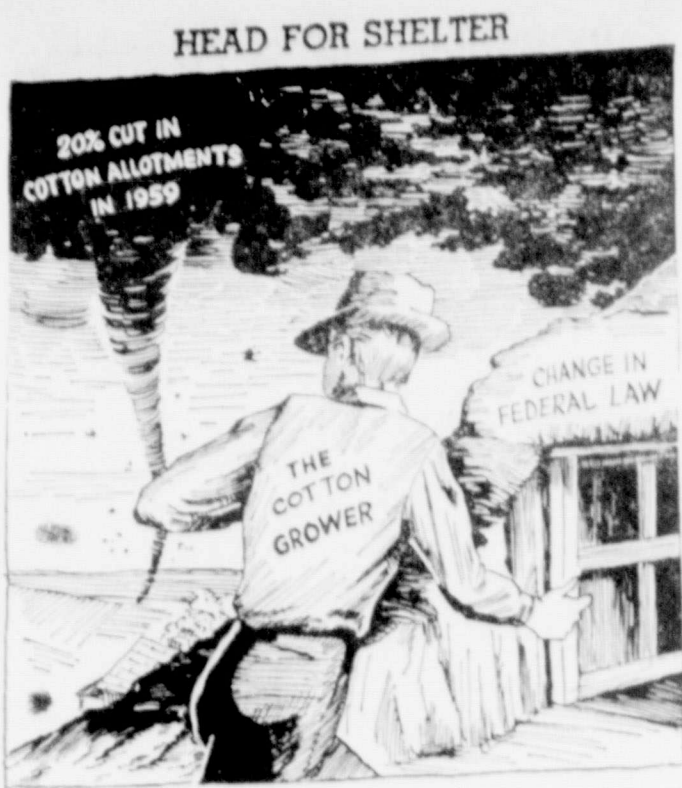

THE COUNCIL points out that such a cut would result in more idle land, land planted to less profitable crops, and a further income cut for the farmer, whose income is already too low. What's more, a small 1959 crop would aggravate the shortage of better quality U.S. cotton which is already forcing mills to use lower grades and encouraging substitution of rayon for cotton. Cotton farmers need an acreage increase instead of a decrease. Farmers and business men interested in the situation should contact their Senators and Representatives in Congress right away.

MEMORIAL DAY comes Friday of next week, May 30. It is one of the holidays set aside for business houses by the Chamber of Commerce committee. We suggest that more of us should also remember it for what it is — a day to remember the war dead, as well as others who have passed on. A memorial service will be held in the Lockney Cemetery. Some will come to work out their cemetery loins. Weeds are bad this year. Others will simply place flowers upon the graves of their loved one. A basket dinner will be spread together at the noon hour. It is more than just a holiday. It is Memorial Day.

SEEMS TO US the State Selective Service Board or the powers that set the rules, have gotten things in a mess in the drafting of young men into the armed forces. As it now stands a young fellow gets out of high school, starts to college or gets himself a job or starts farming. Then in two or three years, when he has had time to get into his education real good, or has a good start in business or farming, the Selective Service picks him up and carts him off to two years service. The local draft board is not to blame, of course. They just follow instructions. Perhaps the rules should be changed some way. At any rate, seems to us it would be better to take the boy into the military just after he gets out of high school. Let him get that part over with. Then when he starts to college or gets a job he can continue without interruption.

THE ALL-TIME record for service in Congress was recently established by Senator Hayden of Arizona. Now 80, he has seen 37 consecutive years of service, beginning in 1912 when Arizona became a state.

MORE THAN 50 per cent of all weeks listed on the "Big Board" or the New York Stock Exchange have paid cash dividends every three months without exception — in war and when good times or bad — for a decade or longer.

With Our EXCHANGES

MORE TAXES

We keep on noticing in the papers that Texas is getting in pretty bad shape financially and will have to have more money to supply the demands being made on the state for this and that department to keep the government functioning normally, getting the people kinder gentle to a tax raise. Of course we all know that cost of government operations are going up just like our personal and business expenses. This has caused us to do some thinking along tax lines. We have a lot of people in Texas that do not pay a dime of taxes of any kind. The majority of our taxes has been on real estate, oil, sulphur and a few other items. Real estate has been the main tax payer with oil next. These non tax payers demand that we school their children, furnish highways to drive their cars over, furnish law protection, etc., and we, the tax paying people of the state have been footing the bill. There is a way to tax these people for a small share of the tax burden. That is a sales tax. We have not been in favor of a sales tax in the past, in fact we have been dead set against it. But we have come to the conclusion that is the only tax we can reach the non-tax payer with. Real estate is carrying all the tax load it can stand. If it goes any higher we are going to discourage people to own homes and farms. It will be cheaper to rent. There are a lot of "ifs" and "ands" to this sales tax before we would endorse it, all depending on what the money so collected is going to be used for. We think a good slice would go to our public schools to relieve the local tax burden.

for this purpose, and it is getting heavier each year. State colleges should come in for a share, and of course there are other departments hard pressed for funds. We had better get ready for a fight along tax lines for the coming session of the legislature is going to hit us right in the face with a proposition. The state is running in the red and something is going to be done about it.—J. L. Suits in Petersburg Journal.

PRIMARY PROBLEMS

A few counties around are attempting to do something about the high cost of running for office this year. Believing that under the democratic process of choosing officers a man should not be disqualified because he might be poor, these counties will try holding the Democratic Primaries with volunteer workers who will serve without pay. The Jaycees in two or three cities have volunteered to furnish the judges, clerks and counters necessary for holding the elections. Whether such a system will work or not is yet to be proven. We are afraid that after a person has served a time or two without pay, he's likely to take the attitude that he has done his part and consequently inexperienced help must be used each two years to hold the primaries. And if you think holding an election is an easy job, you should try it sometime. But there should be some answer to this high cost of running for office. Too many good men and women who might make excellent office holders are prohibited from running for office because they do not have the money it now takes. — Hubert Curry in Crosbyton Review.

NOT LIKE US

A staunch friend in war and

peace is Gen. Carlos P. Romulus, of the Philippines. He has given a bit of advice which American people need to let soak in. The general counsels that we disabuse our minds of the idea that we should try to remake the world into our own way of life. The general there touched on one of the principal weaknesses of our people, namely the idea that it is our mission to have others do as we do, think as we think, conform to the customs which we have found best suited to our way. A Chinaman does not want to be an American because he wants to be a Chinaman, do as Chinamen do, think as they think, have a way of life that fulfills his conception of the good one. Same as the Arab and all the others. But the American thought is we must remake this man. It is done thus and so in Texas, it should be done thus and so in Timbuctoo. The American people are guilty of this fatal ego. We would do well to listen to General Romulus and ponder his words. It may be, indeed, the Lord did not call on us to remake the world.—Floyd County Hesperian.

Dear Editor:

I see where a columnist agrees with the Pentagon that we ought to have more soldiers, but he also figures we could get the same results by having fewer enemies.

Seems Washington is working on this idea too, and has been ntrying to thin out our enemy crop with big doses of money and good intentions, but mostly has just wasted this taxpayer blood and paving material.

My discouraged neighbor says buying friends is a whole lot like buying haircuts. No durability about what you get for your money.

Long Ago In Lockney

Items of interest from the files of The Lockney Beacon.

May 24, 1928

Lockney received a heavy rain and hail storm early Saturday leaving considerable crop and property damage.

Hazel Gruver delivered the valedictory address and Hershel Cartmel delivered the salutatory address for the '27-'28 graduating exercises for 25 seniors at LHS Friday evening. Those who received diplomas were Hazel Joe Anderson, Ruth Anderson, Martha Geraldine Angel, Thelma Arterburn, Rob in Byars, Hershel Cartmel, W. Leo Cooper, Hall Ferguson, Alice Green, Hazel Gruver, Eugene F. Harris, Bess Holland, Emory Huggins, Harold Huggins, Herman King, Carl Mervether, John A. Race, Marvin H. Shurbet, Ruth Stapleton, Kellie Teaff, Helen Marie Upton, Gid Waller, Myrtle Wilson, Martha Virginia Wofford, Lorene Workman.

Prof. W. D. Biggers is in a Lubbock hospital receiving treatment. He had been confined to his home the past two weeks.

NOTICE! IRRIGATION RATES

Irrigation rates are now available on city water, effective with the 1st billing. If you wish to take advantage of these special rates to your lawn or garden please call the city office and sign a request so.

HIGH TENSION — With millions involved, the highway lettings are scenes of high tension. Sumburned, sport shirted contractors, plus materials men and insurers flock to the Department's hearing room where the sealed bids are opened and read, item by item.

Department personnel have an electronic computer to add up the item bids and determine the low bidder. Results are announced later in the day. But contractors or their representatives take down the bids on the spot and make rapid calculations.

It isn't hard to spot the man who's just realized he missed a million-dollar job by bidding a few hundred dollars high. Typical muttered comment: "He can't do it for the money!"

BUMPY ROAD — Though the mammoth highway building program is moving forward, top speed, there are problems along the road.

Chief bone of contention, now in the courts, is whether cost of relocating utilities to make way for new construction should be borne by the cities and utility companies or the state.

A law passed by the last Legislature authorizes the state, with 90 per cent federal aid, to pay for utility re-location on the road projects.

Atty. Gen. Will Wilson has ruled that part of the law invalid in "donating public money to corporations and individuals . . . for private and individual purposes." Wilson filed a test case in an Austin district court.

City officials, through the Texas League of Municipalities, take the opposite view. They contend that in other cities get this money for utility moving and that Texans, through federal taxes, contribute to the cost. Besides, they add, it'll cost the cities some \$20,000,000.

HOSPITAL OFFICIALS — The Texas Board for State Hospitals and Special Schools has a flock of new names topping its roster of officials.

W. W. Heath of Austin was named chairman of the Board. He succeeds Dr. Raleigh Ross, also of Austin. Howard Tellepsen of Houston is the new vice chairman.

Raymond W. Vowell was appointed executive director of the hospital system. This post has been vacant nearly a year.

It was announced, also, that Dr. C. J. Rulimnn, now commissioner of mental health for Tennessee, will become director of Texas mental hospitals in June.

Heath, appointed to the Board by Gov. Price Daniel last fall, is prominent in business circles as an attorney, banker and rancher. He also is a former county judge, secretary of state and assistant attorney general.

4-H'ers Study Bugs

One project that every 4-H boy and girl can undertake concerns insects. It is 4-H Entomology, and provides unlimited opportunities to learn more about control of bugs and pests which annually cause millions of dollars worth of damage in the state.

Awards Offered

One of the best features is that little or no investment is required to get started in the project. In fact, it pays handsomely to 4-H'ers who do an exceptionally good job. The Hercules Powder Co. offers awards like the medal pictured above, an all-expense trip to the National 4-H Club Congress in Chicago, and \$400 college scholarships for six national champions.

Has Varied Application

The entomology project is one that can be successfully completed by city 4-H'ers as well as those living in rural areas. There are several categories, namely: Insect collections; life history studies; insect surveys and control; demonstrations and exhibits.

Already a favorite of many boys and girls, the project frequently leads to an interesting hobby. The Cooperative Extension Service directs the 4-H Entomology program, and information regarding enrollment can be obtained from the County Extension Agent.

SHORT SNORTS — A slight downward trend in joblessness was noted in the Texas Employment Commission's latest report. Number of persons receiving unemployment compensation checks dropped from 90,949 to 90,913.

A former TEC attorney, Lee G. Williams, has filed suit in an Austin district court for reinstatement to the job from which he was fired last month. Williams contends that his position

in Texas Merit System corresponds to federal civil service status and he cannot be fired for the reasons given. A majority of the three-man commission said they had "no confidence" in Williams.

Twenty-two bus companies in Texas have asked the Railroad Commission for permission to hike intrastate (within the state only) fares by 10 per cent. They're being squeezed by increased operating costs, say the companies.

Fred Erisman of Longview has been named chairman of the new Texas Council on Administration of Justice. Council's purpose is to work with other groups in curbing crime and delinquency.

Mace Stewart of Galveston, former assistant attorney general, was elected new president of the liberal dominated Young Democrats Club at its Austin meeting. Young Democrats officially criticized recent legislative action designed "to illegally circumvent the U.S. Constitution as interpreted by the Supreme Court."

Whatever they think of candidates, some half-million Texas citizens won't be able to do much about it at election time

next summer. State Comptroller Robert S. Calvert reported that paid poll taxes and exemptions dropped from 2,410,188 in 1956 to 2,055,318 this year. State Department of Health is urging the establishment of more poison information centers over Texas. Four Texas cities — Austin, Galveston, Houston and Fort Worth — now have such centers able to give immediate and sometimes life saving information on what antidote to use for what poison.

All News

The rainy weather has really gone to the extremes the past two weeks. Lots of cotton is up but the weeds seem to be growing faster than the cotton. There is always a worry on the farm.

Mr. and Mrs. W. R. Billington entertained with a "42" party in their home Tuesday night. Present were Mr. and Mrs. William Mayo, Mr. and Mrs. James Jeffress and family, Mrs. Lillian Jones, Jim Holmes, Viola Fuller and Jim Jeffress of Silvertown and the hosts.

Mr. and Mrs. Ed Noel and Johnny visited with his parents in Plainview Tuesday.

Those attending the workers conference in Floydada Tuesday night from the community were Mrs. Ed Noel and Brother and Mrs. Bill Rowland.

Sunbeams met Wednesday night with Mrs. Grover Coffee and Mrs. J. T. Rowan. They enjoyed Bible stories and refreshments. Present were Jimmy and Timmy Jeffress, Johnny Noel, Llanis and Johnny Spears, LaVerne and La Verce Coffee, Johnny Rowan, Ross and Olenia Baird, and one visitor.

R.A.'s met Wednesday from 5 until 7 p.m. They presented their program and enjoyed refreshments. Joe Ed Noel served refreshments to Cecil Jackson.

Harold Starkey, Earl Roy Rowan, Grover Earl Coffee, Leo Thomas, James Jeffress, and Stinson Stringer. The next meeting will be Friday, May 30. Visiting in the home of Mr. and Mrs. William Mayo Wednesday were her aunt and uncle, Mr. and Mrs. Bert Mayo of McCauley. Her mother, Mrs. Curtis, returned home after being gone a few weeks. Also visiting was their son, Mr. and Mrs. Darrell Mayo of near Muncy.

Mr. and Mrs. James Jeffress entertained with an "84" party Thursday night. Games were enjoyed and refreshments of cake, coffee, and cokes were served to Messrs. and Mmes. Lynn Miller and family, H. F. Jackson, William Mayo, W. R. Billington, Mrs. Lillian Jones and Jim Holmes.

Focus week ended Friday for Sand Hill G. A. girls with a progressive supper. They met in the home of Mrs. Bill Rowland and presented a missionary program, entitled "Queen for a week." While at Mrs. Rowland's the girls enjoyed fruit juice, then went to the home of Mrs. M. B. Swanner where they enjoyed sandwiches and cold drinks. Later Mrs. James Jeffress served cake and home made ice cream. After supper the girls went back to the starting point where they opened their gifts from G. A. mothers. Attending were Kathy and Linda Rowland, Norma Sue Hollums, Lois Barnett, Dimple Thomas, Wanda Coffee, Mary Starkey, Beverly Jeffress, Maurine Rowland, Ruth Noel and Jo Ann Slater. Next meeting is May 23 at 5 p.m.

Keith Hollums, through diligence and perseverance merited the DeKalb Agricultural accomplishments award given to the senior F.F.A. student in each school in recognition of outstanding scholarship and supervisory practice in agricultural pursuits. Keith also received the Lone Star Farmer Degree. Congratulations.

Visiting in the home of Mr. and Mrs. W. R. Billington Sunday were their daughter, Mr. and Mrs. Ross Vandell and family, Plainview. Mrs. Billington returned to Plainview to be with her mother and father.

Dear Editor:
I see where some people over in Lebanon burned down a couple of libraries that our U.S. do-gooders had set up for their enlightenment.

Which is horrifying to many bookwormy Americans who figure that book-burning is nearly as sinful as voting a split ticket.

But my sucker-list neighbor says he has seen reports on what is put in these libraries for the ignorant foreigner, and claims that he burns better literature every day when he clears the bulk rate stuff out of his mail box.

Crossroads, U.S.A.

SOIL CONSERVATION DISTRICT NEWS

This is a good time to begin making arrangements for the planting of some kind of soil building crops according to Supervisors of the Floyd County Soil Conservation District.

There is more than 27,000 acres of land in the acreage Reserve portion of the Soil Bank that could benefit from the planting of these soil building crops.

The beneficial effects of this practice experienced by farm-

ers and ranchers in this locality indicate that land in legumes is more easily cultivated, takes water more rapidly and increases the yields of succeeding crops.

These legumes have the ability to take nitrogen from the air and fix it in nodules on the roots of the plants. It is, therefore, necessary that the seed be inoculated before seeding.

Some of the most commonly planted legumes in this area are: Cowpeas, Mung beans, Guar and Seshania.

Cowpea varieties adapted to our cultivated soils are: New Era, Chinese Red, Cream, Crowder and others. Seeding can be done from May 1 to July 15. Seed Cowpeas as follows: Close drilled 20 - 30 pounds

per acre.

Rows (alone) 12 - 18 pounds per acre.

Rows with Sorghum 5 - 8 pounds (irrigated).

Rows with Sorghum 3 - 6 pounds (dryland).

Guar should be seeded from May 1 to July 15 at rate of 5 - 8 pounds per acre in rows.

Mung beans should be seeded from May 1 to July 15. Seed at rate of 15 - 25 pounds per acre drilled, or 5 - 8 pounds per acre in rows.

Seshania used as a soil building crop only, should be seeded during May or June. Seed at rate of 8 - 10 pounds per acre in rows, or 20 - 25 pounds per acre drilled.

The interplanting of Cowpeas in grain sorghum has become a popular practice among co-operating farmers during the past several years. It is expected that several thousand acres will be utilized by this practice this year.

Further information may be received from local technicians of the Soil Conservation Service regarding the seeding of these soil building crops.

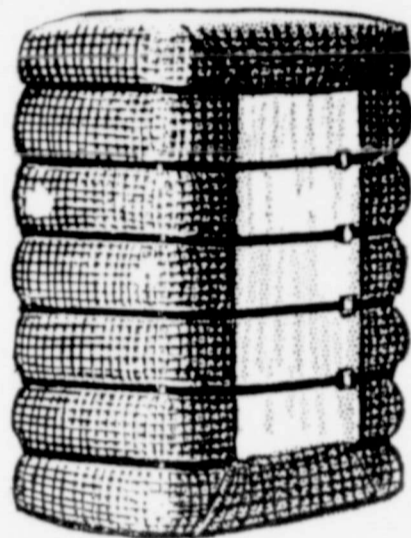

TRY BEACON CLASSIFIEDS.

GO TO CHURCH SUNDAY.

PLENTIFUL PORK

Look for specials on pork roast at your meat market. The center loin cut, which corresponds to the t-bone section in beef is the prize roast. Other loin roasts, rib or loin end, contain more bone in proportion to meat and are generally lower in price. Low cooking temperatures save nutrients and juiciness. For roasting pork set the temperature control on your oven at 325 degrees. Place the roast on a rack in an uncovered shallow pan, fat side up. Sea-

son with salt and pepper. If you like a sweet glaze, drizzle honey or molasses or fruit juice over the top before roasting. Vinegar and mustard are also compatible flavors with pork. A small roast weighing two to three pounds will be thoroughly cooked in 1 1/2 to two hours. A five to seven pound pork roast will take three to four hours. If cuts are boned and rolled, allow 10 minutes more a pound.

GO TO CHURCH SUNDAY.

TELEPHONE TALK

by J. C. Oakley, Manager

A REAL BARGAIN

Telephone service is a greater bargain today than ever before. You may not feel that it is, but have you ever really thought about what you get for the few cents a day you pay? One of the best ways I know to determine what a bargain our service is, to pretend you don't have a telephone for a few days.

No one would do this of course, but each time you make a call think about what you would have to do. Let's analyze it for just a moment. Does your telephone bring you closer to your friends? Does it help you plan your day by calling and making appointments? Does it save you steps to the grocer?

I'm sure all of us use the telephone more than we realize. I know I do. Telephone service is a pretty good bargain, after all, isn't it?

Where Are You Going on Vacation?

It's high time to be thinking about or planning a vacation. And when a family plans the vacation together, the planning can be almost as much fun as the "going."

To help plan their vacations better, more and more families nowadays put some dependence on the telephone.

A telephone call to a favorite vacation spot confirms reservations. Another call to an overnight stopping point guarantees accommodations for the family, permitting an extra hour or so of driving.

In the midst of the vacation, these same folks often answer the question of "wonder how everything is at home?" with a telephone call — the personal way to keep in touch.

So, this year, why don't you count on the telephone when planning AND enjoy your vacation?

Remember, too, that STATION-TO-STATION calls cost one-third less than PERSON-TO-PERSON calls. And when you call by number, your calls go through twice as fast.

Color is Here To Stay

I'm betting that I don't run into much of an argument when I say that people like color. And just look at the bright array of color telephones we have to offer you:

You can choose from Cherry Red, Pastel Yellow, Ivory, Rose Pink, White, Moss Green, Light Beige, Aqua Blue, and Light Gray... colors to fit any color scheme!

A color extension telephone is practical as well as good-looking, too. Here in Lockney, an extension costs just \$1.00 a month plus a one-time installation charge of \$2.00. If you order yours in color, there's an extra one-time only charge of \$10.

Call by number. It's twice as fast.

Office OL 4-2131 118 South Main Res. OL 4-2347

UNITED STATES GOVERNMENT OFFERS FOR SALE ONE 40 x 100' QUONSET STRUCTURE FOR HANDLING OR STORING AGRICULTURAL COMMODITIES TO HIGHEST BIDDER FOR NOT LESS THAN \$3,383.95.

The structure is in relatively good condition and is located in Floydada, Texas.

Terms of sale will be cash and it must be moved from the site within 60 days from date of purchase unless the buyer obtains written consent from the owner of the land on which it is located to permit it to remain thereon for a longer period of time, and which will release Commodity Credit Corporation from further responsibility under their lease.

The structure may be inspected, additional information and bid forms obtained by contacting Mr. Thomas J. Hutchins, County ASC Office Manager, Box 757, Floydada, Texas, Telephone YUKon 3-3590, prior to May 23, 1958.

The Government reserves the right to reject any and all bids.

Time To Plant Sesame, Crop Is Profitable

Paris — It's planting time for Sesame, the easy to grow, weather-resistant crop which last year sometimes outdistanced cotton as a money-maker on the High Plains and on the Texas Blacklands.

"We now have six years of growing experience for Sesame which indicates that the best planting time for the crop is in the period from now to June 15," reports Robert L. Parker, executive vice president of Texas Sesame Growers, Inc. "Most experienced growers plant between May 10 and June 1, usually following the planting of cotton with the planting of Sesame."

Parker estimated that on the basis of marketing agreements already made by farmers with his organization, between 15,000 and 20,000 acres will be planted to Sesame in Texas this year — with the largest acreage being on the irrigated High Plains.

During 1957, Parker said, Sesame continued to make gains as an increasingly important crop in the Southwest. Where the unseasonal weather lowered the quality of cotton and maize, the quality of Sesame remained good. Where the profits on cotton and maize lagged, the price of Sesame remained high. The harvest of approximately 7,000,000 pounds of seed brought the farmers of Texas a total of \$717,000 — an average of 10.43 cents per pound.

Parker said that Sesame is a relatively easy crop to plant, grow and harvest. The only equipment needed to plant Sesame in addition to standard planting equipment is a vegetable seed planter box. He suggested a planting rate of one pound per acre for dryland and two pounds per acre for irrigated land. Planting should be from one to two inches deep.

Regarding preparation and planting, Parker commented: "Plant Sesame on fertile, well drained land. Clean the seedbed before planting. Plant after the soil is warm — and after cotton is planted."

Market prospects, both domestic and foreign, continued good, Parker said. A larger tonnage than ever before is predicted for 1958, and the forecast is for a price range of 9 1/2 to 10 1/2 cents per pound for No. 1 quality seed.

LINE ABOUT FISH

According to home economists with the Gas Appliance Manufacturers Association, there are substantial price variations in canned fish items. Canned tuna, for instance is available in solid, flake or grated form. For sandwiches or hors d'oeuvres, choose the grated form which is usually lower in price, rather than the solid which requires mashing. Salmon comes from deep red to silver or white in color. The lighter colors are the least expensive and may be used in casserole dishes or croquettes. The deep color is desirable in salads and dishes dependent on color.

HOW TO RELIEVE NERVOUS TENSION

If you use your body correctly while doing housework, you will be less tired and nervous. Margaret Spader, home service editor of the Gas Appliance Manufacturers Association advises that you rest often, before you feel you really need it and you'll get more minutes out of every hour. Correct working heights and efficient tools help, too. When you bend, bend at the knees or hips, not at the back. And try to put weight on your bones or framework, not on muscles or ligaments, Miss Spader advises.

10 CLUES TO CANCER

Clue No. 7.

Transforming Principle

One of the basic chemicals of life is a substance called DNA, or deoxyribonucleic acid. It is the fundamental component of genes, which govern the inheritable traits of cells and individuals.

Scientists have found that when they remove the DNA from one kind of cell and use it to bathe a second — entirely different — kind of cell, the second cell acquires some of the hereditary traits of the first cell. For this reason, DNA is also known as "the transforming principle" — it transforms one kind of cell into another kind of cell.

Experiments now are underway to apply the transforming principle to cancer. Scientists are attempting to learn whether they can make a normal cell cancerous by exposing it to DNA from cancer cells. And they are also trying to learn whether a cancer cell can be made normal again by exposing it to DNA from normal cells — the first step toward a possible treatment for cancer.

Help science help you? Send your contribution to the American Cancer Society!

More Tourists Visit Texas

Austin — Visitors to Texas spent more money and stayed longer during their visit in 1957 than during any previous year, so indicates the Tourist Industry Report released by the Texas Highway Department today.

D. C. Greer, State Highway Engineer, pointed to statistics in the Report which show that expenditures per person per day jumped to \$8.22 in 1957, as compared to \$7.71 in 1956. "Moreover, the typical tourist extended his visit to 6.3 days in 1957, as against 5.9 days the previous year," Greer observed.

The Report defined tourist dollars as new money earned elsewhere and brought into the community where it is then spent and respend into the local business cycle. Specifically, tourist dollars to the tune of \$531 million made music in Texas cash registers and jingled in the pockets of Texas jeans last year. This whopping

amount was cleared from tourists traveling by automobile. Greer pointed out that this was an impressive increase over 1956's intake of \$379 million. The Report says that approximately \$88.9 million was spent also in 1957 by tourists visiting Texas by air, rail, bus, and ship.

Largest part of the tourist dollar in Texas is spent for food, lodging, and car upkeep. To serve those basic needs, the Report estimates, 25,320 established businesses with 102,265 employees are required. The final figures are increased many times when the retail stores, amusement spots, gift shops, and other places where the remainder of the tourist dollar is spent are considered.

Tourists themselves provide the records from which the Highway Department obtains the statistics in the annual Tourist Industry Report. Greer remarked Survey cards, to be completed and mailed back after the visit in Texas, are given tourists stopping at the Department's seven Highway Travel Information Bureaus located on major highways entering the state. Last year, the Bureau played host to 174,000 such out-of-state guests.

Mr. and Mrs. E. W. Newton and Joann left early Sunday morning for Midland where they spent Sunday with their daughter, LaJuana.

Mr. and Mrs. Grigsby Milton, Darla and Barbara went to Plainview for supper Friday night and to attend the Farm Bureau cotton meeting.

Mrs. John Smitherman was hostess with Mrs. L. T. Wood assisting, at the May 13 gathering of the Home Demonstration Club members in Floydada at the Smitherman home. Mrs. Kinnibrough presided at the Civil Defense program, and Mrs. Fortenberry called the roll on How to Improve My Family Safety. Mrs. Morrison gave a paper on How the Civil Defense Corps protects us. Mrs. Alma Holmes talked on civil defense. One of the main things a family should have, she said, is a battery radio to hear news when electricity is off. The hostesses served fruit salad, lemon chiffon salad with Ritz crackers to Mmes. Billy Beedy, Fred Fortenberry, Sylvan Kinnibrough, Frank McClure, Grigsby Milton, John Wilson, J. D. Webb, John Key West, Johnnie Wilson, Skeet Thornton, Ernest Smitherman, Jones Kinslow, Arby Mulder, Gene Morrison and guest, Mrs. Alma Holmes. Mrs. Shelby Calahan will be hostess at the next club meeting Wednesday afternoon, May 21. The time has been changed because of Old Settlers Day on May 28, the regular day.

Mr. and Mrs. R. N. Haverty of Silverton were visitors Thursday in the home of Mr. and Mrs. Frank McClure.

Mrs. R. G. Dunlap left Wednesday for Fort Worth to be with her mother who underwent surgery Thursday. She stayed there until she was out of danger. R. G. went down and accompanied Mrs. Dunlap home Sunday.

Mrs. L. T. Wood and Mrs. Shelby Calahan attended Workers Conference Tuesday evening at the First Baptist Church, Floydada.

Mrs. Skeet Thornton and Arnold Thornton of Plainview went to Hereford Tuesday to spend the night with her sister, Mrs. Kate Dixon.

New Lighting for Longhorn Cavern

A completely new and improved lighting system has just been installed in Texas Longhorn Cavern near Burnet which provides dramatic illumination designed to best show off the scenic wonders of this marvel of Nature. Many modern theatrical lighting effects have been utilized. More than four miles of wiring were installed and nearly a thousand electric bulbs were used in the project which required over five months.

Library News

Now at last you can train your memory so that you will remember names - faces - numbers - events - facts - and ideas - "How to Develop a Super-Power Memory" by Harry Lorayne, the man who has the most phenomenal memory in the world, is available in your county library. The author says that, "there is no such thing as a poor memory, only a trained and untrained one." Reading this book will prove to you that you can train your memory to remember everything you want to — and thus, to learn more and earn more.

For the little folk, read Robert McCloskey's "Time of Wonder". This book won the Caldecott Medal Award for 1957. Other good books are: "Behind the Dark Window Shade" by Esphyr Slobodkin; "The Night When Mother Was Away" by Charlotte Zolotow; and "Theodore's Parents" by Janice May Urdy.

Memorial books
Given in memory of Mrs. W. A. Walker by Dr. and Mrs. George Smith and Mr. and Mrs. Guy W. Ginn.

Given in memory of: Mrs. J. C. Covington by Mr. and Mrs. Linsey Graham, Mr. and Mrs. J. O. Warren, Mr. and Mrs. Everett Perry, Mr. and Mrs. Ralph Cogdell, Mr. and Mrs. E. A. Williams, Mrs. G. R. Strickland, Mrs. D. D. Shipley, Mrs. E. J. Barker, Mrs. I. C. Kirk, Mrs. J. B. Bishop, Mrs. Fred Martin, Mrs. Joe Dunn, Mrs. C. L. Berry, Dr. and Mrs. George

Mr. and Mrs. George West are still visiting at Dennison, Tex., and are expected home the first of this week. They report good fishing at the lake there.

Light rain fell again in our community Friday night, with a great showing of lightning and thunder. Some of the cotton here is coming up, despite the four inches of rain which has fallen.

The Young Married Couples Sunday School Class of South Plains Baptist Church met in the home of Mr. and Mrs. H. S. Calahan, Jr., and children Friday night to honor the Rev. and Mrs. Larry Faus and children at a going away party. Games were played during the evening and Mrs. Kinnibrough and Mrs. Pierce served home made ice cream, cookies and cakes to ten couples.

School will be out for the year Friday and the eighth graders are tentatively planning a trip to Ruidoso, New Mexico. They will graduate Thursday night at the auditorium here. Most of our community will go to Floydada Sunday night for baccalaureate services and Tuesday night for the graduation exercises of the seniors.

PLYMOUTH SAVES YOU MONEY ON GAS... MOBILGAS ECONOMY RUN VICTORY PROVES IT!

New "Fuel-Saver" Choke that helped clinch title is standard equipment on all Plymouth V-8s

Pound for pound, Plymouth uses less gasoline than either of the "other two" cars in the low-price "3"! This was proved beyond doubt when a 1958 Plymouth V-8 was officially declared winner of the low-price car competition in the 1958 Mobilgas Economy Run. Plymouth's competitors also entered cars with 6-cylinder engines (supposedly more economical) but Plymouth beat every car in its class—V-8s and 6s alike!

This title-winning Plymouth is exactly the same Belvedere V-8 with TorqueFlite Automatic Transmission that you can buy right off your Plymouth dealer's floor.

These tests prove that every Plymouth has built-in economy features not found in the "other two". For instance—one of the most important factors in Plymouth's smashing win is the new "Fuel-Saver" Choke that you get at no extra cost on all Plymouth V-8s. This ingenious device employs a triple-stage vacuum piston and a new thermostatic element to reduce the amount of fuel you use in warming up the engine. So it can save you even more on short-distance drives—the kind most people make.

Among the many other savings Plymouth gives you is the \$140 you save on standard-equipment Torsion-Aire Ride. The "other two" charge up to that much extra for their best suspension systems.

So if you are dollar-conscious, better hustle over and talk terms and trade with your Plymouth dealer. He wants your business, and he'll go all out to get it!

COMPLETE THE CIRCLE OF SAFETY . . . CHECK YOUR CAR, CHECK YOUR DRIVING, CHECK ACCIDENTS

TODAY'S BEST BUY...TOMORROW'S BEST TRADE... *Plymouth*

Expansion Of Soil Fertility Research Planned For Plains

Plans for expanding the soil fertility research to aid in more efficient and economical use of fertilizers for 18 South Plains counties have been developed by the Texas Agricultural Experiment Station. This work will be done in cooperation with the Texas Extension Service, Texas Technological College, High Plains Research Station at Halfway, members of the fertilizer industry, farmers and businessmen of the area.

In the proposed program, basic soil fertility research will be conducted at Lubbock on Lubbock on mixed land soils, at Brownfield on Sandyland soils, and at Halfway on the Hardland soils. In addition, field trial experiments will be conducted on farms to develop information on special soil problems not represented at the three locations where the basic studies will be conducted.

Information from these fertility studies will be correlated with soil tests from each of the locations and field trials to determine the reliability of present tests and to develop more dependable data for predicting

the likely response to fertilizer materials.

The expanded research program has been developed to meet the growing demands for information on the use of fertilizer, legumes and other practices to help maintain and improve the original productivity of the soils in the South Plains. The relatively large expansion of irrigation within the past 10 years has brought about intensive cropping, heavy production and a general decline in native soil fertility. The rate of decline has varied widely with the amount of irrigation water used, soil type and cropping practices.

The experimental work on each soil type will be designed to determine the most desirable rates and combinations of nitrogen, phosphorus, potash and trace minerals in relationship to previous land use, irrigation methods, different cropping and management systems. In addition plant physiology studies on plant nutrient uptake, nutrient balance and trace elements will be conducted under field and greenhouse conditions.

A newly formed South Plains Soil Fertility Committee, representing fertilizer manufacturers, dealers, farmers, businessmen and other industry will serve as an advisory group in the new research work and will help obtain support from various interested groups or parties. August Balzer of the OK-Tex Chemical Co., Lubbock, chairman, and Walter O'Neal, Lubbock, Olin Mathieson Co. is secretary.

The South Plains Committee has appointed four groups to obtain the needed support for the program. Walter O'Neal, Stark Royal and Alfred McWhorter of International Chemicals & Minerals will represent manufacturers. Farmers are represented by Ben Dopson, Lamasa; Kenneth Partell, Brownfield; Frank Moore, Plainview;

Elbert Harp, Abernathy; and Ivan Black, Hereford. The dealers will be represented by James (Doc) Poths, Taylor Evans Feed Stores, Amarillo; Grady Goodpasture, Goodpasture Grain & Milling Co., Inc., Brownfield; and August Balzer, OK-Tex Chemicals, Lubbock.

The technical advisory committee is composed of C. E. Fisher, Superintendent of the Texas Agricultural Experiment Station at Lubbock; H. J. Walker, Asst. Agronomist and Harry C. Lane, Associate Plant Physiologist also of the Lubbock Station; Dr. A. W. Young and Dr. Clark Harvey of Texas Technological; W. H. Jones, District Agent of the Texas Extension Service; Dr. Tom Longmecker, High Plains Research Station at Halfway; and George Pfeiffenberger of the Plains Cotton Growers, Inc., Lubbock.

Grady Goodpasture is chairman of the Finance Committee and Alford McWhorter is chairman of Public Relations.

Dear Editor:

I see where the Rev. Billy Graham says he likes the new sack look, on account of it takes sex out of dress and is therefore good for the country's morals.

My anti-sack neighbor says he hadn't thought about the matter from this angle, but he's afraid Bro. Billy is going to be disappointed if he expects the chemise to make sex unpopular.

After all, he says, in his long career as a noticer, he has never noticed that putting them in bags has reduced the demand for potatoes.

FROM THE County Agent's Office
By Cecil Lewis and Harold W. Ellison

GRAIN SORGHUM — Now that most of the cotton is up or being replanted, we begin to think about planting grain sorghum.

Over a period of years the highest yields of grain sorghum can be expected from June 10 to 20 plantings. By planting early it increases the length of maturity and early planted grain sorghum requires more water to produce an equal yield when compared with late planted sorghum.

Tests have shown that planting date can increase the yield as much as one-third. The recommended planting date is June 10 to 20.

FLOYD COUNTY FAIR — Plans are well under way for the 1958 fair to be held September 11, 12, and 13. A carnival has been secured, the gospel singing is already being planned along with some other interesting events.

Many of you are making plans to exhibit animals, crops, and other items in the fair. We should plan now in selecting our small grain samples and be ready to save and select them as harvest begins.

LOOK...a FORD with Air Conditioning costs less than many medium-priced cars without it!

Depend on Ford to find a way to bring air conditioning within reach of nearly every new car buyer

If you ever have said, "Some day I'm going to own a car with air conditioning" . . . here is the most welcome news in a long while: A comparison of manufacturers' suggested retail delivered prices shows that a 58 Ford with air conditioning costs less than many medium-priced cars without it!

So why wait? Your Ford Dealer is ready now to show you just how pleasant . . . how comfortable . . . how fatigue-free your summer driving can be in an air-conditioned Ford. No matter how high the temperature soars, you'll ride cool and comfortably as an arctic polar bear!

Something else you'll appreciate almost as much as Ford's air conditioning is its spirited performance. Ford offers you a Thunderbird-powered V-8 engine that is new from all other cars up . . . new from machined combustion chambers to special working hydraulic valve lifters. It's the Thunderbird's own V-8 so naturally it gives the Thunderbird's own power of a brand of V-8 skeddaddle—up to 300 horsepower—worth a look.

Just team this V-8 with Ford's all-new Cruise-O-Matic Drive transmission and you'll get as much as 13% better gas mileage. It's like getting back 15¢ on every gas dollar!

So add it all up; low-cost air conditioning, Thunderbird's GO, thrifty operation. Can any other car offer you so much for so little? Then why not see your Ford Dealer today? He'll show you how to stop perspiring and start living!

There's Thunderbird magic in every

Grade Rm. 5 Wins PTA Radio

The Fourth Grade Room Five, led by Mrs. M. L. Brewer, has won a prize by the PTA Teacher Association for the highest percentage in attendance at all meetings. Mrs. Brewer's room had a percentage of 77.5, running a very close second to the Second Grade Room, taught by Mrs. H. Nicholas with a percentage of 73.4 for the year attendance. The two rooms have shared the radio most of the year as they alternated in high percentage in PTA attendance.

The reward specifies that the room remain in Room Five permanently, according to Mrs. Hatch and Mrs. Verner, co-chairman of the PTA hospitality committee which made the final tabulation on contest. The committee noted the winner Friday.

Director To Head Midwestern

and Director Clyde Seaman on Wednesday afternoon of last week for Wichita Falls, Tex., where he will attend Midwestern University all summer long on his Masters Degree expects to complete 12 of 24 hours he lacks to complete the degree. He hopes to spend a few days fishing in the Mineral Well area before training class work, he said.
