EDITORIAL

And without faith it is impossible to please Him, for whoever would draw near to God must believe that He exists, and that He rewards those who seek Him. — Hebrews 11:6.

THE WITHDRAWAL of Red Cross from the United Fund in Lubbock County and the subsequent resignation of the Red Cross board in that county is something that is likely to happen to a good many counties. Why? Because the "volunteer workers" who carry the brunt of so many fund-raising campaigns are getting tired of carrying the load. That's not just in Lubbock County and Floyd County but it's all over the nation. Certainly most of us are of the opinion that most charitable organizations do a lot of good, and naturally they must derive their support from contributions. But some way must be worked out to lessen the load on the few individuals who usually make these drives. The United Fund or Community Chest is designed for the purpose of combining all the drives in one, thus reducing the work. But it doesn't work in some counties for two reasons: 1. Some agencies, such as Red Cross, National Foundation for Infantile Paralysis and United Heart Fund won't participate because in most cases they don't get as much money as they do in individual drives. 2. People do not contribute as much in one lump sum as they do for several individual drives combined thus making it difficult for United Fund or Community Chest drives to reach their goals.

ANOTHER REASON is that the United Fund or Community Chest does not take care of all the organizations who want donations. In Dallas County, for instance, the Community Chest takes care of a large number of charitable institutions and or-

ganizations but in addition to that drive, there were 81 separate drives for funds in that county last year.

NOT ONLY these organized drives for funds are facing the average citizen everyday but he gets appeals through the mail in droves asking for additional contributions to every kind of charity, boys home, girls home, hospital, etc. We don't propose to offer a solution but we do believe that Mr. Average Citizen is already revolting against all the appeals for contributions and that the end result will hurt the good causes as well as the doubtful ones. People who have always given to most every cause are beginning to say "No." And those who have been doing the work — that is asking for the contributions — are also refusing to participate.

SEEMS THE battle in the Legislature is between those who want to levy a heavier tax on natural gas and those who want to levy a sales tax on selected items and not burden natural gas with some of the additional revenue. Governor Price Daniel is urging a higher tax on natural gas and fewer sales taxes while the State Senate, headed by Mr. Ben Ramsey, seems determined to levy the sales taxes and let the gas people off easy. We believe that the Governor is on the right side, as usual, in this fight and we hope that his tax ideas come out in the final bill.

ONE THING we can't understand is why the Legislature hesitates to levy a \$10 per barrel tax on beer — to match the present levy in Oklahoma and Louisiana — but are favoring adding some taxes to the price of such essential items as diesel fuel. Our own representative, H. G. Wells, favors the beer tax but apparently he does not have enough people with him. We need more representatives in Austin like H. G. Wells.

A RECENT NATIONWIDE survey shows that more than three-quarters of the nation's retailers expect their summer business to exceed last year's. Editor & Publisher reports. Only 20% anticipate no change, and a mere 2% look for a decline. It will take a lot of good advertising to bring the expected results about. And it's significant that newspapers will continue to be the retailers' foremost advertising medium. The survey finds that 72% of the stores surveyed plan to invest 80% or more of their summer advertising spending in the papers. And 57% will allocate at least nine-tenths of their ad budgets to the papers. All advertising media are in tough competition these days, with newspapers, magazines, TV, radio, and direct mail scrapping for a larger share of the ad dollar. But newspapers, despite the new media hold their own—simply because newspaper ads get results. People read, remember, and buy.

SENATOR McCLELLAN of Arkansas, head of the Special Senate Investigating Committee, urges Congress to subject all transportation unions to anti-trust legislation.

THEIR DREAM

With Our EXCHANGES

PARTY AFFILIATION REQUIRED

Next year when the man at the door, as has all of a sudden become the custom, meets you and checks to see if you are eligible to participate in the convention (Precinct) it will not be sufficient that you have a poll tax receipt. The fact that you have a receipt is not sufficient to entitle you to take part in your precinct convention. The new law makes voting in the primary a requirement to participate in the convention. Your vote in the primary automatically affiliates you with the party of your choice. The primary election judge will stamp the voter's poll tax receipt with the words "Democrat" or "Republican" at the time he votes in the primary. The new law specifically prevents those who don't vote in the primary from taking part either in the convention affairs or being elected to party office.

Although little publicized the new law is designed to curb the abuses in absentee voting. These abuses have been uncovered mainly in votes that come in by mail. We have seen no signs of such in Floyd County, but in the bigger counties the "solicitation" of absentee ballots has grown to scandalous proportions. Whether a way will be found to get around the new law is to be seen, but theoretically only sick or disabled voters will now be able to receive absentee ballots by mail within the county of their residence. Voters absent from the county can still vote by mail provided they make application from outside the county of their residence. — Floyd County Hesperian.

SPECIAL HOLIDAY DRIVING CONTEST

Since this is the last editorial page of the Brand before the Fourth of July holiday, we would like to make a short announcement.

As a public service, the Brand has reserved a 20-section patch of prairie at the bottom of the canyon in northwest Deaf Smith County from Friday until next Monday. We would like to invite to this piece of bare ground all of the drinking, drunk, speeding and sleepy drivers.

It would help if someone else would bring this idiotic bunch of motoring maniacs, so they wouldn't menace the public getting to the gathering ground.

With everyone collected, we would like them to speed, careen, race, pass on hills, wander from one side to another and nip frequently for the entire weekend.

There will be no prizes, except survival for the lucky ones.

Although we doubt that anyone will take us up on this offer, it might not be a bad idea. Apparently all of the above-mentioned types, and some others, will be out in force during the holiday weekend. They will be going about their

deadly business of killing and maiming themselves and, what is far worse, killing innocent persons who happen to get in their way.

We don't intend to go out and judge the canyon contest. We're too frightened to get out on the highways during the holiday, except when we get a call from the highway patrol to take pictures of another needless wreck. — Herford Brand.

LADY BOUNTIFUL

In 1938-39 a crusade was launched in the south called the Southern Conference for Human Welfare. One Paul Crouch reports it was a Communist-inspired activity and said, "I was at the top meetings that planned it. I was a member of the steering committee, and I was in the Communist Party steering committee which directed the first efforts at Birmingham, Ala., in November, 1938, and I was Communist Party steering committee member at the southern conference at Chattanooga, Tenn., in 1940."

When this committee folded under attack as a Communist front, there immediately appeared a Southern Conference Educational Fund, Inc.

Why our bountiful lady in writing, Eleanor Roosevelt chooses to support these organizations we may never know, but years ago I ceased to be inspired by anything she wrote, said or spoke. It invariably came out slightly tilted. — Cecil Waggoner in Claude News.

Dear Editor:

I see where a jury says a farmer government worker must pay back \$3,000 he got in wages for time he actually spent at an Elks Club playing cards.

My calculative neighbor says he figures Uncle Sam could pay off the national debt if he got back what he has paid his hired help recently for time they were drinking coffee, playing golf, just plain loafing, etc.

But says trying to collect this would likely throw the Un-American Activities Committee into a fit, being as there is hardly any activity as un-American as wanting more than 30 minutes' work for an hour's pay.

In tradition the bride wore a pearl necklace for something old, her wedding attire a something new, pearl earrings as something borrowed, and a blue garter.

Maid of Honor Lajuana Womack of Floydada, and Bridesmaids, Misses Donita Milton, Midland, Leora King, and Judy Jackson, Floydada, cousins of the bride, wore mint green crowns covered with a net veil. Candelights were Miss Lynn Jackson, Floydada, cousin of the bride, and Robert Holland, Lockney. Miss Jackson was dressed identically to the bridesmaids. Mary Josephine Shea of Port Neches, cousin of the bride, was flower girl and wore white organdy with an overskirt of white embroidery, and a head piece of baby mums.

A reception given by the bride's parents followed in the Fellowship Hall. The table was laid with a white net cloth over mint green. An arrangement of white mums centered the table. Mrs. Don Marble and Mrs. Fred Marble, sisters-in-law of the

bride, served the three tiered cake and mint green punch from crystal and silver.

For the wedding trip to Colorado the bride chose a coral linen sheath dress with a jacket and brown accessories. The couple will be at home in the Cedar Hill community where the groom farms.

Candlelight Ceremony Unites Saundra Lawson, Larry Hammit

Miss Saundra Mae Lawson and Larry Lee Hammit were united in marriage Sunday afternoon at 4 o'clock in an impressive candlelight ceremony performed at Lone Star Baptist Church.

Parents of the couple are Mr. and Mrs. Reed Lawson and Mr. and Mrs. Claude Hammit, all of Lockney.

Rev. Temple Lewis, pastor, read the vows as the couple stood before an arch covered with pink carnations, white mums and Hawaiian tropical foliage. A white wedding bell centered the arch which was flanked by cathedral candelabra holding white tapers. Tall baskets of white mums tied with pink satin and a kneeling bench holding a white Bible opened to Ruth 1:16-17, completed the altar decor.

Mrs. Clyde Farish, pianist, played the nuptial prelude and the traditional wedding marches. She also accompanied Miss Gayle Rucker who sang "Always," "Whither Thou Goest" and "The Lord's Prayer."

Entering on the arm of her father who gave her in marriage, the bride wore a formal gown of imported lace on Alecon net over satin. The molded bodice was designed with a portrait neckline, long petal point sleeves and tiny self covered buttons on the back and sleeves. Seed pearls and iridescent sequins accented the bodice and bouffant ruffled skirt which extended into a chapel train. Her finger tip length veil of silk illusion was edged with imported lace and attached to a crown of tiny pearls centered with a large cultured pearl. She carried a white orchid nestled in pink rosebuds with streamers on top of her white Rainbow Bible.

Miss Jorja Blackmon, Shallowater, who was the bride's roommate at Tech, served as maid of honor. She wore a street length pink dotted swiss with a high front neckline falling to a low V back, and self cummerbund. She carried a long stemmed pink rosebud and wore a large picture hat.

Bridesmaids were Mrs. Jerry Mickey and Misses Loy O'Brien, Bovina, Charlyne Brown, and Kay Golden. Their dresses were identical to the maid of honor with headpieces of pink rosebuds. They also carried a single long stemmed pink rosebud.

Miss Anita Durham, Plainview, and Mrs. Ira Clower, cousin of the bride, were candlelighters. They were dressed identically to the bridesmaids and wore wristlets of pink rosebuds.

Miss Reeda Cay Lawson, sister of the bride, was flower girl wearing a dress of pink dotted swiss and carrying a white satin smocked basket with

pink rose petals. Cadet Joe Rigby, West Point and Lockney, served the groom as best man. Ushers were Ellis Dodson, Panhandle, roommate of the groom at Tech, Bill Big-ham, Nelson Wofford, and Jerry Williams, all of Lockney.

Lawson Rowell rolled the white bridal carpet for his cousin to enter.

Mrs. Lawson wore a toast linen with melon accessories and a pink rosebud corsage. Mrs. Hammit wore a pink lace with white accessories and a pink rose bud corsage.

The educational building adjoining the church was the scene for the reception following the ceremony. The five tiered wedding cake, set on a reflector, was divided by two separators with white swans at each post. The lower layer was decorated with a large white confection orchid. Sugar bells, butterflies and rosebuds graced the second and third layers along with a miniature bride and groom and the letters spelling "Sunny and Larry."

The bride's bouquet and those of the attendants complemented the table.

For travel the bride wore a dress of yellow embroidered cotton with brown accessories.

The bride and groom are both graduates of Lockney High School and have attended Texas Tech the past year.

Mrs. Hammit was a member of Angel Flight at Tech and was Past Worthy Advisor of the Order of Rainbow for Girls and served as Grand Faith this year. Hammit was a member of the AFROTC at Tech.

South Plains

By Mrs. Murray Julia (Delayed)

Rainfall here was confined to a small area on Saturday afternoon with Kinnibrughs, Pritchett, Webbs, McClures and Sanders receiving around an inch with a lesser amount extending to the Fortenberry, Garvin Beedy and Respondek farms. Sunday evening and night Bill Beedy got an inch, Higginbothams .90, Sim Reeves an inch, Miltons a good half inch, and varying amounts in the community between. Most of us had a good cotton shower, at least, with around an inch received Monday night.

Our big news this week was the wedding of Miss June Marble and Marvin Wells, which took place on Sunday afternoon at 3 o'clock at the South Plains Baptist Church with the Rev. John Gillespie officiating. The church was full to overflowing with guests and immediately following the wedding a reception was held at the church with Mrs. James

LIVING DOLL—For the little girl in your life, Celeste has created this charming summer dress in cotton broadcloth. Gay embroidered ribbon marks the sleeveless shoulder and waist-line.

Teague at the guest register. Mr. and Mrs. H. L. Marble, Mr. and Mrs. Ernest Wells, the bride and groom, and the bridesmaids made up the receiving line. Mrs. Don Marble and Mrs. Fred Marble presided over the punch service where wedding cake squares and punch were served to all guests. After a wedding trip the young couple will be at home at the Cliff Gilley home, which is close to the Wells land where Marvin will farm. The whole neighborhood joins in good wishes for the young couple.

Mr. and Mrs. Shelby Calahan and children had dinner on Fathers Day in Lockney with her parents, Mr. and Mrs. Gilbert Bean and visited also with his folks, Mr. and Mrs. H. S. Calahan, Sr. They attended the wedding of June Marble and Marvin Wells and later the Sylvan Kinnibrughs went home with them to spend the evening and share a freezer of ice cream.

Miss Donita Milton of Midland came home with her folks on Friday to spend the week end and be here for the wedding of Miss June Marble on Sunday afternoon, as she participated in the wedding party as a bridesmaid. She went back to Midland Sunday night.

Charles Jarrett and Mr. and Mrs. Lonnie Jarrett and son are due home this Monday from Wilbur, Indiana, where they have been the last three weeks on a reunion of the Jarrett families.

Monday afternoon at 2:30 Sue Wilson and Yvonne Karr were heard on KFLD Radio in Floydada on the Jack and June Fashion News with Mrs. Alma Holmes. The girls told of their recent trip to A&M College at College Station. The girls were one of the four teams that went from Floyd County to the Annual 4-H Roundup where

they did their demonstration of Chicken in a Garden along with about 2,000 other youngsters in various contests.

Congratulations to Mr. and Mrs. Ronnie Upton of Canyon on the birth of their first son, Ricky Deleath, born Fathers Day, June 21, at the Lockney General Hospital at 12 o'clock noon. He weighed 8 pounds, 4 ounces, and he has an older sister, Christy Dahleine, who is 2. Grandparents are Mr. and Mrs. Raymond Upton of the South Plains Grocery, and Mr. and Mrs. Lewis Blum of Floydada, and we offer them our congratulations also on their first grandson.

Mr. and Mrs. George West and Mr. and Mrs. Frank McClure went to Silverton Saturday evening to attend the wedding of Miss Eulane Rackley and Charles Don Wallace which was held at the First Baptist Church. He is the grand nephew of the Wests and she is the cousin of Mrs. E. J. Kinslow.

Visitors at church Sunday morning included Mr. and Mrs. James Teague of Lubbock who were visitors Sunday with her folks, the L. T. Woods; Mr. and Mrs. Joe Taylor and Gregg of Lockney, visiting her folks, the J. P. Taylors, and Miss Donita Milton of Midland, here with her folks, the Grigsby Miltons. Sket Thornton was taken to Lockney General Hospital on Saturday where they are not sure about his illness, but it has been diagnosed as encephalitis.

Mr. and Mrs. Jones Kinslow and boys went to Petersburg Sunday afternoon to visit with her sister, Mrs. B. L. Ellison.

4-H Club members and sponsors met Thursday night at 7:30 at the school house with Weldon Fromm, State Game Warden as the main speaker. JoAnn Newton gave the 4-H Club motto and she with Sue Wilson and Barbara Milton led the group in songs which they learned at Leadership Camp in Lubbock and Roundup at State. Roll call was about an animal with a short talk on that animal.

Weldon Fromm showed a film on Wild Life and a discussion by the group followed. Sue Wilson and Yvonne Karr talked on their trip to the State Roundup meeting, and Barbara Milton and JoAnn Newton gave a resume of their District Leadership meeting. Refreshments were served to Mrs. Bryant Higginbotham, Mrs. John Gillespie, Larry and Allan Adams, Jimmy Pritchett, Bruce Julian, Gary Wilson, Dale West, Barbara Milton, Sue Wilson, JoAnn Newton, Yvonne Karr, Mrs. Bryan Karr, Mrs. John Wilson, sponsor, Mrs. Roy Bledsoe, Mr. and Mrs. John Key West, and county agents, Miss Phyllis Roggenbiff and Cecil Lewis of Floydada, with guest Weldon Fromm of Matador, and visitors L. N. Johnson, Carlton and Sheri.

Congressman Mahon Reports On Agricultural Legislation

By George Mahon
This report is about agriculture. **COTTON:** There are several items of interest. Certain railroads have instituted action to reduce freight rates on cotton. I have joined with others in asking that this benefit be passed on to cotton farmers in slightly higher purchase and loan rates than those announced by the Department. I believe this will be done in the near future. This may mean about a million dollars to West Texas producers.

GOVERNMENT LOAN LIMITATIONS: Amendments to farm bills have passed both the Senate and the House which would fix limitations on government loan and purchase programs at \$35,000 to \$50,000. I have opposed these provisions. If these provisions should be enacted into law as now written, all farmers, in my judgment, would be affected adversely as a result of the over-all consequence of such action. Quite a large number of West Texas farmers would be affected adversely on a direct basis.

Compromises are being sought which would soften the limitation proposals. One proposal would give any farmer unlimited access to the loan, but would provide that the limitation could not be exceeded at the time the title to the pledged crop is taken over by the government. Details of what may happen are not yet clear, but there is every indication that some limitations on loans and payments will be provided by law.

WHEAT: The House and Senate have passed wheat bills. Agreement between the House and Senate on a final version of the legislation has not been reached. A compromise version raising the support level from 75% of parity to 80% and providing for an acreage cut of 20% has been voted down by the House.

Further efforts to agree on a bill to send to the President are under way. The outcome is uncertain. There is the threat of a veto by the President if the support level is increased, even if accompanied by a sharp acreage reduction.

MILO: There is nothing new on the grain sorghum front. There is still no limit on plantings and the announced support level is 60% of parity, 10 parity points below the support of last year. The support price will be about 31 cents per hundred below last year.

GENERAL FARM LEGISLATION: Everyone seems to agree that the entire farm program needs to be substantially overhauled. It now appears that this will not be done at this session. The groundwork is being laid and agreements are being sought which would make possible a major overhaul job next year.

FARM LABOR: Hundreds of letters from West Texas farmers indicate serious concern over the proposal that minimum wages be established for farm labor. Farmers complained that they cannot raise wages in the face of dwindling income. Their concern is well-founded.

It continues to be true that there is no likelihood that Congress will pass at this session any of the pending bills fixing minimum wages for farm labor. However, the Secretary of Labor advocates minimum wages for farm workers and he has not backed down from his position that he can, under existing law, in effect fix minimum wages and establish standards of employment for farm labor recruited through the United States Employment Service across state lines. He has referred the issue to the Attorney

General Briefs have been filed in opposition to the Secretary's contention. The matter has been before Attorney General Rogers for many weeks, but he has not acted.

As to Bracero labor, indications are that the program will operate about as it did last year. Final negotiations on the new agreement with Mexico are now underway. The two-year extension of the law becomes effective July 1, 1959.

Texas' 689,000 dairy cows produced more than 3 billion pounds of milk in 1958, according to the Agricultural Marketing Service.

NEW CLUB OFFICERS

All Civic Clubs have changed officers of the Club and the new Presidents, Vice-Presidents, Secretaries, Treasurers and Board of Directors are presiding and going about doing other duties of the Club to start the new year for them off with a BANG.

What functions does a Rotary Club, Kiwanis Club, Lions Club, etc. perform. We might say that these clubs are made up of solid citizens, which are merchants, professional men, laborers, salesmen, etc. Each working to make this community a better and safer place to live in. The activities of these club members affect every person in this town.

I certainly recommend to each of you to support the various projects that each of the Civic Clubs in this town engages in; because as I said before, these projects or activities of these clubs affect you as well as every other person in town.

Vacations and Telephones

When you think of vacation, about this time of year, you probably think of fishing, swimming, visiting, or just plain relaxing at some nice vacation spot.

Well, I'm happy to say that more and more people are using the telephone to have more fun on their vacation trips.

Here's how it works (and you can do the same if you're one of the lucky people still looking forward to a vacation):

First, call ahead to reserve your accommodations, or to let the family know when you'll arrive.

Next, call ahead to make overnight reservations along the highway. This way, you can drive longer and still be sure of a place to stay.

I think you'll find that this "calling-ahead habit" will help you and your family have an even better vacation.

Why not give it a try? And remember, call station-to-station — it's about one-third cheaper.

Ten Rings

With backyard barbecues so popular nowadays, people are spending more and more time outdoors. So when you call your friends, remember it may be quite a run from the backyard to the telephone.

Give them time to make the dash by letting the telephone ring ten times.

Who knows? They may ask you over, too, for some of those hamburgers on the grill!

Call by number. It's twice as fast.

Guests gathered in the home of Mrs. Bill Beedy on Thursday afternoon at 3 o'clock to honor Mrs. Glen Wood with a Pink and Blue shower. Mrs. Roy Bledsoe registered the guests in a baby book and Mrs. Beedy and Mrs. Wood greeted them. The entertaining rooms were filled

Dear Editor:
I see where some Navy fliers who got jumped by Red fighters close to Japan the other day couldn't shoot back on account of not having shootable guns.

My tax-conscious neighbor says it takes a very shrewd bunch of defense buyers to spend \$200 billion in the last few years without getting a lot of money tied up in guns.

But says while some may hold that we need a few complain that we have got any shortage of well-kept generals and admirals.

Bettie Maye Sams, Elroy Boedeker Exchange Vows Saturday Evening

Wedding vows of Miss Bettie Maye Sams and Charles Elroy Boedeker of Lubbock were exchanged in the Main Street Church of Christ Saturday at 8:00 p.m. with M. F. McKnight, minister of the 10th and Ufca St. Church of Christ, Plainview, officiating.

The bride's parents are Mr. and Mrs. Garland Sams of Lockney. Parents of the bridegroom are Mr. and Mrs. John Boedeker of Shiner.

Baskets of pink carnations and white gladioli tied with rose ribbon bows and white candelabra tied with the same ribbon flanked the tall white archway holding pink and rose carnations and rose wedding bells.

"Because," "I Pledge My Love to You," "Be With Us, Lord" and the traditional wedding marches were sung by the bridal chorus from the 9th and Columbia Street Church of Christ in Plainview. The chorus consists of Misses Billie Copeland, Sandra McCracken, Monya Thurman, Neida Leatherman, and Irma Langford.

The bride, given in marriage by her father, wore a floor length dress of imported lace over taffeta which featured a chapel train falling from a lace panel down the back of the skirt. The scoop neckline was accented with delicate sequins and seed pearls. Cap sleeves and tiny buttons down the back complemented the dress. The bride wore an elbow length veil of silk illusion held by a crown of lace adorned with sequins and pearls. The costume was completed with a single strand of pearls, a gift of the bridegroom. Carrying out tradition, the bride carried a handkerchief given to her great-grandmother. Mrs. Fannie Brown, as something old. As something new was her wedding attire, and something borrowed was a pearl Bible. The bridal bouquet of white feathered carnations, seed pearls, and white satin streamers tied in love knots topped the Bible.

Mrs. Joe Richard Noland, Floydada, served her cousin as matron of honor. Bridesmaids were Misses Kay Golden, Patsy Carthel of Amarillo, cousins of the bride, Rita Griffith, and Lawauna Taylor. Attendants wore dresses of pink embroidered cotton featuring a V back and rose chiffon sashes which tied in the back and flowed to the hemline. Accessories were rose picture hats and pink net mits. Each carried a single long stemmed rosebud.

Lighting the candles were Miss Raye Watson and Kenneth Sams, brother of the bride. Flower girls were Debbie Bybee and Dani Simmons and ring bearer was Donnie Carthel of Black, cousin of the bride. Flower girls were dressed in white embroidered organdy and carried baskets of rose petals.

Houston Sweatt of Lubbock was best man. Ushers were Joe Richard Noland, Floydada, George Boedeker, Jr., Lubbock, cousin of the groom, Garland Sams, Jr., and Jerry Sams, brothers of the bride.

Mrs. Sams, mother of the bride, wore a two piece dress of toast silk with white accessories and white carnation corsage. Mrs. Boedeker, mother of the bridegroom, wore a beige linen dress with a white carnation corsage.

The reception was held in the home of the bride's aunt, Mr. and Mrs. J. R. Belt. J. R. Belt and son Steve greeted the guests and Misses Raye Watson and Carolyn Belt presided at the guest register. In the receiving line were Mr. and Mrs. Sams, Mr. and Mrs. Boedeker, the bride and groom, Mrs. Joe Richard Noland, and Misses Rita Griffith, Patsy Carthel, Kay

Golden, and Lawauna Taylor. Mrs. J. R. Belt was the hostess for the occasion.

Mrs. Glen Watson, Miss Emma Stalbird, Mrs. Raymond Watson, Mrs. Kenneth Wofford, Mrs. Joe Foster, Mrs. Francis Montandon, Mrs. Richard Ellison, and Mrs. Bob Carthel of Amarillo were in the house party. Mrs. Don Golden of Wildorado, Texas, Ann Griffith, Betty Jean Foster, Carolyn Cunningham, Mrs. Robert Brown, and Mrs. Neida Auld served.

The bride's table was laid with a white linen cloth.

Centering the bride's table was the tiering wedding cake and the bride's bouquet. The attendants' rosebuds accented the arrangement. A silver punch service, and crystal and silver appointments were used.

Piano selections were played by Mrs. Bill Carthel, Black, Texas, cousin of the bride, and Miss Janice Hays.

For traveling, the bride chose a tan silk and cotton sheath with white accessories and a white corsage.

Mrs. Boedeker, a graduate of Lockney High School and Watson's Business College, is presently employed with the Baker Plow Company in Plainview.

The bridegroom attended Shiner Public Schools and is now attending Draughan's Business College in Lubbock and is employed by the Hub-of-the-Plains Gin there.

After a wedding trip to South Texas the couple will be at home at 2608 1/2 Bates St., Lubbock.

Rehearsal Party

A rehearsal party was given immediately following the rehearsal on Friday night at the home of Mr. and Mrs. Joe Richard Noland. Home made ice cream and cake were served to the attendants.

Bride's Party

Mrs. Sams' mother of the bride, gave a party in her home on June 25 for the bride and her attendants. Miss Sams gave each of her attendants the hat and mits for her wedding. Mrs. Sams served the group sandwiches, cookies and punch.

Lubbock Shower

Mrs. H. B. Mussler of Lubbock was hostess for a shower honoring the bride in her home Tuesday night. Hostesses gave Miss Sams a G. E. toaster. Attending from Lockney were Miss Sams, her mother, Mrs. Garland Sams, and Misses Ann and Rita Griffith. Miss Lawauna Mussler and Miss Jo Ann Allen served dainty cookies, mints and punch.

If someone were to deprive you of the right of relaxation you would be a slave.

Yet relaxation itself can enslave us!

Nero is a villain of history because he fiddled while Rome burned. He couldn't have put out the fire . . . but what a colossal stupid time to relax!

There are hours in every week when we need to relax. And there are hours that challenge our mightiest effort.

It is like those hours when, with millions the world over, we have opportunity to seek in our churches truth . . . faith . . . God!

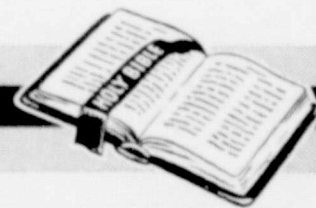

The value of relaxation is unquestionable. But the value of religious and moral growth is *supreme!*

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

LAWS CONCERNING CRIME AND PUNISHMENT ARE CONFUSING

Austin. — Texas laws on crime and punishment are pretty confusing — almost equally to those who commit the crimes and to those who assess the punishment.

The indeterminate sentence, for instance, may give a felon two to five or five to 99 years, and cause him and his family to think his term is that variable.

But it's just part of the legal language. For purposes of the prison and the board of pardons and paroles, his sentence is the top figure and he can forget about the smaller one.

On the other hand, that top figure is pretty meaningless to the citizen who serves as a juror.

He may vote a top sentence of 10 years and think that means the prisoner will serve 10 years — which is even farther from the facts than the convict is on the indeterminate sentence.

May Get Out Sooner
The man given 10 years may get out after less than two years behind bars — if he is a model prisoner, and a surprising number are. The one given two years may be out in five months if he makes a good record and is granted clemency. The one given 99 years may not serve more than eight.

Most details of the parole setup are prescribed by statute.

Prisoners are eligible to have their cases reviewed after they have earned credit for one third of their sentence. In cases where the maximum is more than four times the minimum, the review must come after one fourth has been served.

Review is automatic after 15 years of credit on sentences of more than 45 years.

There is no question about the prisoner getting consideration; a business machine sees to it that his card comes out at the proper time.

Board Members Jack Ross, A. C. Turner and Pat Bullock look over his record as a civilian, as an inmate and then get the recommendation of guards and prison officials. Then the board studies four factors set out by law.

One is readiness of the offender for parole, particularly his personal habits. Another is the nature of his offense and the circumstances under which it was committed (a murder in a fit of passion is not given the same weight as one committed during a robbery).

Readiness Of Community
Then, the board must consider readiness of the community to receive the parolee — which usually is not very good in cases of narcotics addicts, habitual drunkards, embezzlers and violators of trusts. (Strangely, here is little opposition to murderers.)
Fourth consideration natur-

ally is the combined opinions of prison officials about a prisoner's prospects.

Under the law, the board must not release one if there is risk that he will not conform, if his release will cause disrespect for the law, if it would have an adverse effect on prison discipline or if there is need for additional physical or mental care of vocational training.

In addition to the routine considerations of cases and the hearings requested in death penalty or other exceptional cases, board members make tours of the prison system every four months to visit prisoners thought to deserve hearings out of order.

Some of the prisoners request hearings; some get them because board members are not ready to act on written records and want personal interviews. In some cases, members of families have asked hearings; in others, prison officials have.

The way in which prisoners can earn their credit on sentences also is provided by law. Each prisoner enters with a clear record and is allowed to earn "good time" of 20 days extra for every month of "straight time." If he becomes a trusty, he gets another 10 days' credit and gets a month extra for every month served.

Once a year, he may give blood for the blood bank, and earn another 30 days of credit.

Records Only Needed

In some cases of automatic consideration, prison records are all that is necessary for the board. A man with prior convictions who has had his "good time" taken away for infractions of rules is not likely to get serious study for parole. But those with good records will get complete consideration.

Keep Food Safe In Hot Weather

Many cases of food poisoning in hot weather could be avoided by careful refrigeration.

Soft protein foods may spoil quickly in a warm place. Custards, cream filled pastries or cakes, cooked salad dressings, stuffed eggs, potato salad, creamed meat, poultry and fish are especially susceptible to spoilage in summer weather. None of these foods can safely stand around in picnic baskets or in a warm kitchen. They should be kept in the refrigerator.

Food that cause poisoning often show no sign of spoilage, so it's not safe to rely on taste, odor, or appearance.

Inflation is no modern headache. According to The World Book Encyclopedia, price-control laws are believed to have been enforced as early as 1500 B. C. in Babylon.

Use Care In Firing Briquettes

College Station. — Be careful when firing charcoal briquettes, says the Texas Farm and Ranch Safety Council. This is a major problem when cooking over an outdoor grill. Don't let an accident mar your family's enjoyment of an outdoor barbecue.

The Council cites two rules to observe when starting a charcoal fire: never use gasoline, either raw or in a mixture, to kindle any fire, and never add any kind of liquid fuel after the fire has started.

There are several methods you can use to start a fire safely. Paper or excelsior under the briquettes takes time and fanning but produces results. Some manufacturers treat the briquettes with a substance that burns readily when ignited. These cost a little more but are easier to fire.

Kerosene or a commercial charcoal lighter fluid also may be used. Put some of the briquettes in a five quart oil can and pour the kerosene or starter fluid over the briquettes until they are saturated. Pour off the excess fluid and you can use it again.

Put the saturated briquettes in the pit or brazier and light. Use a long candle or a paper "wick," made by twisting a sheet of newspaper into a tight "stick" shape. This will protect your hands.

Whether your grill or pit is located in the backyard, a lakeshore, park or recreation area, make sure it is located in an open space well away from buildings and trees, the Council cautions. Remember that the first B in barbecue stands for "Be Careful."

County Has Bought 40% Of Bond Quota

Floyd County has purchased 40 per cent of its bond sales quota for the year, through the month of May, according to a report from the Treasury Department this week.

This county has purchased a total of \$107,156 in Series E and H bonds up to June 1st against a goal of \$263,000 for the year. May bond sales totaled \$25,691.

The Amarillo area, of which Floyd County is a part, has purchased 42.7 per cent of its quota and the state as a whole has purchased 38 per cent of the quota, the report said.

Shell 2 pounds of fresh peas. Put 2 tablespoons butter in an aluminum skillet over a burner with the thermostatic control set at 200 degrees. Add the peas, 2 or three lettuce leaves and ½ teaspoon salt but no water. Cover with a tight fitting lid and cook for 12 minutes. Remove the lettuce leaves and serve.

Dear Editor:

I see where there is considerable outcry about lots of U. S. products getting priced out of the world market.

My world-fixer neighbor says we might get some of this business back by giving trading stamps, but he figures what is really wrong is that our salesmen are not

signing their message to foreign customers.

Says singing cowboy sell lots of high-priced in the U. S., and some sold his 3-year-old son a relaxing and other virtues of beer.
