## District-Leading Olton Mustangs Play Here Fri.

The Lockney Longhorn will be fighting for survival in the District 2-AA race Friday night when the district-leading Olton Mustangs invade Mitchell-Zimmerman Field.

Although the Big Red have their backs against the wall, the fighting 'Horns still have a good chance for at least a share of the 2-AA title. If the local boys can win their final three tilts they will earn at least a tie for the championship.

Olton has the inside track to the conference crown. However the Mustangs face severe tests at Lockney and Abernathy on successive Fridays.

None of the 2-AA clubs have been eliminated from contention. Lockney must defeat Olton to stay in the race and the loser of the Morton-Muleshoe tussle at Morton Friday night will be out. Abernathy has an open date this week.

Olton is undefeated in conference tilts with Muleshoe and Morton. The Mustangs whaloped Morton 26-0 last Friday after opening 2-AA action with a 49-6 drugging of pre-season favorite Muleshoe. Morton and Abernathy have broken even in two battles. Lockney and Muleshoe have dropped their only district encounters.

According to the scouting reports, Olton has a good single wing attack from which they can pass or run. The Mustangs throw a lot of long passes. Robert Priest, 195 pound junior, is a powerful fullback capable of running or throwing well. In junior scabback Randle Buchenau the Mustangs have one of the fastest men in this area. John Wayne Hair is another key man in the Olton backfield.

Dads of the Lockney grid-ders will be honored guests at the game Friday night. The dads will be seated in chairs near the Longhorn bench and will be introduced during halftime ceremonies.

The Olton forward wall is formed around center Phil Neilson and guards Tommy Wilson and Kenneth Hooper. Wilson and Neilson are Mustang captains.

Both Olton and Lockney dropped decisions to Dimmitt and Floydada. The Floydada Whirlwinds downed Olton 46-0 and toppled Lockney 33-0 in the rain. Both 2-AA clubs fell to the Dimmitt Bobcats by comparative scores.

Lockney will be seeking revenge against the Mustangs who upset the 'Horns last season and helped eliminate them from the championship.

The Longhorn coaching staff said that tumbles and breaks hurt their charges against Floydada teams, 20-6 in the 8th grade game and 22-8 in the 7th grade tilt.

Last Thursday night the Hale Center 7th and 8th graders played here.

Jack Adams given commendation. AD1 Jack Adams, son of Mr. and Mrs. W. A. Adams of Lockney, was recently awarded a letter of commendation because of his outstanding performance of duty during the month of August as the Assistant Terminal Officer of the Air Terminal of the U. S. Naval Air Facility at Naples, Italy.

The letter came from L. C. Powell, commanding officer of the facility and said in part, "You are commended for a job well done. Your attention to duty, in a very sensitive position, carries great weight in the impression that visitors carry with them of this command and further materially enhances the reputation of the Naval Air Facility and the U. S. Navy."

Hale Center "B" team here tonight. The Longhorn "B" eleven will have their undefeated streak on the line here tonight (Thursday) when the Hale Center Owl "B" squad battles the local boys. The Longhorn "B" is undefeated in six contests this season.

The local boys have one road game and one home battle against Abernathy before the season ends.

Lockney topped Ralls 14-0 in a game last Thursday. Ralls field was the site of the battle.

HAS EYE OPERATION. F. L. Brown, local real estate dealer, underwent surgery on his left eye Monday morning for the removal of a cataract. The operation was performed at Methodist Hospital in Lubbock and he was reported to be doing fine Tuesday. Attending physicians were confident that the operation was successful, relatives said.

## COTTON AND GRAIN SORGHUM CROPS ARE AMONG BEST EVER

### Officers Sieze Truck Load Of Beer, Whiskey

Floyd County Sheriff Walter Hollums and his deputies, working with members of the Liquor Control Board, confiscated almost a truck load of beer, whiskey, vodka and gin in a raid on a farm house southwest of Lockney early last Thursday morning.

Norman Paschal was charged with possession of intoxicants for purpose of sale following the raid. He pleaded guilty in county court Thursday and Judge J. D. McBrien fined him \$750.00 and costs, for a total of \$775.00. He paid the fine Monday and was released from jail.

The raid was made about 2 a.m. Thursday and resulted in the biggest haul of intoxicating beverages in this county in several years. Sheriff Hollums listed the intoxicants as follows:

1,496 24-oz. bottles of beer  
275 pints of wine  
24 pints of whiskey  
4 fifths of whiskey  
9 fifths of vodka  
24 half pints of whiskey  
48 half pints of gin

Making the raid with Sheriff Hollums were his deputies, E. J. Hukkaby, W. F. (Cap) Carthel, Billy Tigert, Leon Bowman and L. C. Holmes with the Liquor Control Board; and Terry Smith, police chief at Floydada.

Two other liquor cases were tried in county court Monday. Willie Wisdom, colored, was charged with possession, pleaded guilty and was fined \$200 and costs for a total of \$228.95. Edward Short, also colored, paid the same fine on a similar charge.

## Babitzke Attends State Science Meet

Edward Babitzke, science teacher in the Lockney High School, left Wednesday afternoon for Austin where he will attend a state-wide conference for the advancement of science and math. The conference will be in session Thursday, Friday and Saturday.

The new Veterans of Foreign Wars Post in Lockney has been named for two Lockney soldiers who lost their lives while fighting for their country overseas. The post will be called the Hartley-Catlin VFW Post. The soldiers for whom the post was named are Charles Hartley, son of Mr. and Mrs. W. R. Hartley, and David Catlin, son of Mr. and Mrs. Lawrence Catlin. Charles lost his life while a member of a bomber crew off the coast of Italy during World War II. David died fighting the Chinese Communists in Korea during the Korean War.

The new post was organized and officers elected at a meeting of foreign war veterans last Thursday evening at Golden's Cafe. Officers elected were: Post Commander, O. C. Allison; Senior Vice-Commander, Robert McDonald; Junior Vice-Commander, J. E. Huggins;

The cotton and grain sorghum crops in Floyd County are among the best in the history of this county and gins and elevators are being kept busy for long hours as the harvest is in full swing.

Cotton gins are running at full speed and some of them are in operation on a 24-hour per day schedule as the fleecy staples comes rolling in. Yields of 1 1/2 bales per acre are not unusual and some farmers are averaging two bales per acre. The Beacon was told this week. The area has not felt a real killing frost or freeze as yet but many fields have been defoliated and strippers are running although much of the cotton is still being hand pulled.

Cotton grades are holding up real good although the wet spell the first of this month did lower grades somewhat. Good weather has held now for the past two weeks and some gins report grades are improving.

A survey among gins of the Lockney, Lone Star, Sterley and Aiken area Wednesday showed a total of 17,464 bales as having been turned out from the current crop. Among the four gins in Lockney a total of 5,643 bales have been ginned. These figures are almost triple those reported in The Beacon's survey two weeks ago, indicating that harvest operations have speeded up considerably.

Ginners average estimate Wednesday was that about 30 percent of the cotton crop has been harvested. Some cotton is still too green for strippers but when the frost or freeze comes, strippers will really get busy and bury the gins. The Beacon was told.

Grain Sorghums Good. The grain sorghum harvest is 80 to 90 percent complete in this area, elevator men estimated and yields have been excellent in most every field. Farmers are happy because most all of them made from 500 to 1,000 pounds per acre more than they were expecting. Most fields, even large acreage, are yielding between 5,000 and 6,000 pounds per acre.

The grain sorghum market situation is confusing at present but one source quoted the market at \$1.45 per cwt. Wednesday. The actual government loan nets the farmer \$1.34 after deduction for government storage but none of the grain is going into this kind of loan, elevator men say. Some elevators were reported to be offering warehouse receipts at about market price and the market fluctuates badly from day to day. The Beacon was told.

Soy bean harvest will start next week, elevator men say, and yields are expected to be good. The acreage in this area has about doubled from last year. No market price has been established for the beans as yet, elevator men said.

## Emory Williams Dies Wednesday

Emory Williams, a resident of Lockney for several years, died Wednesday morning in the state hospital near Wichita Falls. No information concerning funeral arrangements was available Wednesday afternoon. Efforts were being made to locate a brother of the deceased who lives at Hereford.

Williams lived here until about four years ago when he was carried to the hospital near Wichita Falls. He was 59 years of age at his death.

Friends here were making efforts to bring the body back here for services and burial. The Beacon was told, but no definite arrangements had been made late Wednesday.

## VFW POST IS NAMED FOR TWO LOCKNEY WAR DEAD

Quartermaster, Kenneth Moody; Chaplain, V. L. (Kelly) Webster; Adjutant, James Thompson; Judge Advocate, Wilson P. Kernickel; Post Surgeon, Olin Keeter; 3-year Trustee, Paul Teuton; 2-year Trustee, Richard Wiley; 1-year Trustee, Donald Reecer.

Another meeting of the Post will be held tonight (Thursday) at 8 o'clock at Golden's Cafe to which all eligible veterans and their wives are invited. Post Commander Allison said, Victor J. Afferbach of Lubbock, Senior Vice-Commander of the Department of Texas, will be present and speak to the group. Refreshments will be served.

FIRE DEPT. WILL GIVE SHOTGUN FRIDAY NIGHT. A shotgun will be given by Lockney Volunteer Fire Dept. at the Lockney-Olton football game here Friday night. The event was originally scheduled in November.

## EDITORIAL

He that hateth his brother is in darkness and walketh in darkness and knoweth not whither he goeth, because that darkness hath blinded his eyes.—John 1:11.

ALTHOUGH we could not go along with the Floyd County Farm Bureau on all of their resolutions, their resolution concerning the rendering of automobiles for taxation, the requiring of a drivers license before registration and also the requirement that the owner be able to show financial responsibility before licensing are things that should be adopted by the State Legislature at its next session. Taking them in order, probably more than half the motor vehicles in the state are never rendered for taxation. We have no figures on the matter but we do know that those who own real estate or other "fixed assets" always must render their motor vehicles along with other property while most of those people who own no real estate never render their motor vehicles for taxation. In other words, the man who pays the most taxes, pays even more because he renders all his property for taxation while the person who pays little or no ad valorem taxes also pays no personal property tax because he does not render that personal property, including his auto-

mobile, for taxation. The simple requirement that the auto owner show that his automobile or truck has been rendered for taxation before he is allowed to license it, would eliminate this loophole.

A REQUIREMENT that the vehicle owner must show possession of a valid drivers license before he is allowed to register his car would also serve to cure an ugly situation in this state. That there are many drivers who do not have a license is obvious. Unless they have been convicted of some crime, most anyone who is physically and mentally qualified to drive a car can obtain a license. The requirement would cut out those who are not able to drive and would certainly result in some saving of life and property from auto accidents.

THE REQUIREMENT that an auto owner be able to show financial responsibility before being allowed to license his vehicle would put some teeth into a present law that apparently is not very effective. The State now has a financial responsibility law but the driver must have an auto accident before it is determined that he is not financially responsible. Then the damage has been done, the other person has suffered loss with no chance for recovery and it is too late. A large percent of auto accident happenings in the state now involve people who are not financially responsible and many times they are at fault. When this happens the other auto owner has no recourse. Of course, the law takes away the license of the financially irresponsible person but that doesn't pay the other man for his damage.

THE DRIVER does not have to have a large cash reserve or considerable property to show financial responsibility. He merely has to have an adequate and dependable liability insurance policy. That will do the job.

SENATOR BYRD, a top fiscal expert, strongly supported President's request for legislation to remove the 4 1-4 per cent interest rate ceiling on long-term government bonds. The Senator pointed out that not a single Treasury bond is selling at par, and some have been selling as low as 81. And only two Treasury notes have held par.

IT IS FORECAST that the American people will buy \$2,500,000,000 worth of drug store prescriptions a year by 1965 — and that 10 years thereafter the figure will reach \$5,020,000,000.

### WHO'S WORKING FOR WHOM

We find the U. S. military hasn't changed much from former days, i.e. general snafu. The army has produced the Jupiter, Nike, Nike Ajax, Nike Hercules, Nike Zausse. The Jupiter C put up the first satellite and it has proven to be at least 95% accurate. This missile was fully developed by the army. The Nike Ajax, a six year developed missile, has proven 100% accurate in knocking drone targets in simulated battle conditions. The Ajax is nearly obsolete in that it is being replaced by the Zausse, an even more accurate missile.

This poses a problem for our congressmen, as some joker in that confusion of the Pentagon is attempting to replace these proven army missiles with the Bormac, a greatly inferior missile produced by the air force.

This indicates the possibility that some red hand in higher echelon is tipping the missile count toward unproven weapon. Such could seriously hurt us in the event of a sudden attack.

But, of course, with a red filtered supreme court, we won't be able to do much about any of it. — Cecil Waggoner in Claude News.

### IT COULD HAPPEN HERE

A court decision in Rome, Italy, giving landowners the right to lay off farmhands at will, has brought communist-backed demonstrations, says the Associated Press.

A law passed shortly after World War II required farmers to employ a certain number of workers even when there was no work. The court has just declared this law uncon-

stitutional, and sitdown strikes and demonstrations have been the result. So what? We have no law requiring farmers to hire a given number of workers according to the size of their farms.

But it could happen here. There's plenty of feather-bedding just across the fence line in many industries, under court-approved contracts that require the hiring of unneeded workers when labor-saving practices are adopted.

Efforts already are underway to repeal the agricultural exemption under the federal wage-hour law, thus giving government the power to fix farm wages. In some sections farm workers and some producers are being pressed into labor unions, through coercion or promises of a better economic break.

Is it not possible that these trends, carried to their logical ends, could lead to federally-protected feather-bedding down on the farm? We think the answer is obvious — The Alabama Farm Bureau News.

### THE PRINCIPLE

In these days of expediency, it is refreshing to find the board of trustees of Wayland Baptist College rejecting a government loan of \$668,000 for new buildings strictly as a matter of principle.

The principle involved is separation of church and state. It would be easy to bend just a little and argue that a church-supported college is not the church, itself, and therefore a loan from the state would violate no principle. But Wayland took a long, honest look at the situation and, although the money was needed badly for new buildings, turned it down. You can't keep church and state separate if the church goes in for government financing. — Wes Izzard in Amarillo Daily News.

Dear Editor: I note that Red Khrushchev while he was here kind of dwelt on his theory that a Communist type of economy is more efficient than the capitalistic system.

My credit-careless neighbor says he is ready to agree that the man has a point, especially after seeing how us capitalists fret over the size of the national debt we are leaving for our grandchildren to pay off.

He recalls that when the Russian national debt got a little cramping, Mr. K. just called it off by applying the standard efficient Communist welsh.

Monday some 500 elementary school children of the Lockney district will move into their new modern school building. They have been without a building since the grade school building was destroyed by fire. The children have been having classes in churches and the city auditorium the past two terms. Contractors and bondsmen have estimated that if the building had been raised from the ground the expense would be about \$250,000; however, through the utilization of buildings provided by the War Assets Administration, the district has been able to complete finishing plans for the building at a cost not to exceed \$60,000.

Acting in response to petitions signed by over 100 qualified voters, the Board of Trustees of Lockney Rural High School District has issued an order for an election Nov. 8 to determine whether or not the district will issue \$40,000 in bonds. The money would be used to complete the grade school and provide a lunch room there, and provide a vocational shop, a classroom and band room at the high school.

Joe D. Giddens, 62, retired cattleman and farmer, father of Mrs. Lester Carter of Lockney, died of a heart attack at the Hilton Hotel, Lubbock, Monday.

The coffee was held at Mrs. Lowry's home in Corsicana. Mrs. Dorsey Baker, Mrs. Bernice Miller, and Mrs. Frances O'Hearn of this city were in Corsicana to share in the occasion.

The wedding will take place the 29th of December at 7:00 p.m. in the Westminster Presbyterian Church in Corsicana with the Reverend Eugene Wood officiating.

Miss Jacobs was graduated from Corsicana High School in 1953 and received her B.A. degree in social science in January, 1959, from Southern Methodist University, Dallas, where she was affiliated with Zeta Tau Alpha sor. She is now employed at Southland Life Insurance Company, Dallas.

Mr. Baker was graduated from Lockney High School in 1953, later attending Texas Technological College, Lubbock, and Southern Methodist University where he received his B.B.A. degree in June, 1956, and L.L.B. degree in June, 1959. His campus affiliations include Phi Delta Theta fraternity, Blue Key, Phi Alpha Delta, law fraternity, Cycen Fjodr, Student Council and Student Court.

**Announcement Party**  
Announcement party guests were greeted at the door by the hostesses and then received by the honoree, Miss Jacobs; her mother, Mrs. Jacobs, and the mother of the prospective bridegroom, Mrs. Baker.

The serving table was centered with cupids supporting a majolica green epergne of bride's roses, candytuft and stock. Brass and copper appointments included an antique samovar.

The names of the bridal principals and their wedding date were imprinted on tiny heart terminals for red ribbon ties on white maline rice bags, plate favors.

Fruit, fall foliage and greenery were combined in the living room decor to enhance the early American setting. A featured arrangement massed antherium from Honolulu in an antique copper samovar.

All animals on earth, except man, know that the principle business of life is to enjoy it, one day at a time.

**Former Residents Honored Sunday On 50th Anniversary**

Mr. and Mrs. E. E. Dyer of Muleshoe, former longtime residents of Lockney, were honored with open house Sunday, Oct. 25, on the occasion of their Golden Wedding Anniversary. The courtesy was given by their children, Mr. and Mrs. Roy Dyer and Mr. and Mrs. Howard Cox, at the Cox residence, 310 West 10th St., Muleshoe.

The couple were united in marriage in 1909 in Arizona. The following day they moved to Plainview and later moved to Lockney. Their two children, a son, Roy, and a daughter, Gene, grew up here. Mr. and Mrs. Dyer moved to Muleshoe about 1935 where they now reside.

Back of the cake stood an arrangement of yellow roses and on either side were gold candle holders with gold tapers. Resting on a Lazy Susan of white and gold were nuts, and mints shaped as wedding bells. White napkins lettered in gold bore the names "Aisen and Gene, 1909-1959". My open-minded neighbor says he hadn't noticed the President was astraddle of the integration fence. Maybe because he didn't know an oncoming bayonet was an emblem of indifference.

**VEGETABLE VARIATIONS**

"Variety in the vegetable bowl is easy", says Margaret Spader, home service editor for the Gas Appliance Manufacturers Association. Slivers of crisp celery add texture contrast to green beans, wax beans and zucchini. Peas are much more interesting when combined with small onions, thinly sliced water chestnuts or tiny mushrooms. Ingredients such as slivered almonds, grated cheese, chopped peanuts, caraway and poppy seeds and pimiento may be used with most vegetables.

**What Kind Of Ham?**  
Fresh, cured, smoked, canned or boiled — you can find ham most any way you want at grocery stores these days. For best results, read the labels and information on the wrapper carefully. Checking the cooking method required will help you make the choice that best suits your needs.

**FRESH HAMS** have not been cured or smoked. Remember one general rule that applies to the cookery of all fresh pork. Cook it well done. Cook to an internal temperature of 185 degrees F. or until all the pink color has disappeared, the meat is whitish tan in color and the juice is clear.

**CURED and SMOKED HAMS**, with or without the bone, have been subjected to a curing process that improves keeping quality and develops a distinctive flavor and color. Smoking adds flavor and has some preserving effects. High temperatures used when smoking is the method that is used to tenderize a ham. This means less cooking is needed at home. Cook to an internal temperature of 160 to 170 degrees F. or 18 to 22 minutes per pound.

**COOKED or READY-TO-EAT HAMS** have been fully cooked and are sold with the bone in or boneless. They are plainly marked "Cooked" on the package. Serve cold or reheat at 325 degrees F. for 12 to 15 minutes per pound.

**BOILED HAMS or BONELESS COOKED HAMS** are cured, boned and shaped into a roll or rectangular shape and are fully cooked. Serve cold.

**CANNED HAMS** come in sizes from 1 1/2 pounds to full hams and are boned and fully cooked. They may be served cold or reheated at 325 degrees F. for about 15 minutes per pound.

If hams are cut, they usually are divided into these standard pieces: Shank portion that contains leg bone and skin; center ham slices that contain a small round bone; and butt portion that contains the pelvic bone and no skin. Center slices cost considerably more per pound than whole ham, butt or shank ends; shank ends, because of the percent of bone and fat, cost less than the butt end.

Choose ham according to use and size of group to be served. For six or more people, a whole ham is a good buy. With bone in, allow 1/2 to 3/4 pound per serving; boned, 3/4 pound per serving is ample. A center slice, butt or shank end is the best buy for less than six people. A center cut ham slice serves 2 to 3 people, and one pound of ham with a large bone, such as the shank and butt, serves 1 to 2 people.

Whatever your choice, pork is a rich source of the highest quality protein. It furnishes phosphorus and iron in generous amounts and is an excellent energy producing food. Lean pork is one of the best sources of the B vitamins.

**"Change" Window Size With Draperies . . .**  
Changing the size or shape of a badly proportioned window does not necessarily call for a major remodeling job. Often you can make a problem window appear more in harmony with the room by using a curtain style that seems to widen or narrow, shorten or lengthen the window.

Here are suggestions for changing the appearance of window proportions.  
To make small windows look larger, extend side draperies on the wall so that they just cover the frame at the window. This way, the window appears to have the extra width of that part of the drapes that extends

If windows are wider than you want them, use the same rule in reverse; hang draperies to the inside so that they cover the frame and part of the pane.  
The longer the curtains, the longer the window will seem. Straight-line drapes that hang to the floor give a window the appearance of greater length. Addition of a valance or cornice board that just hides the window frame at the top, covering part of the wall above the window, will give maximum height.  
To make a long window look shorter, use short draperies or tieback curtains. Curved lines of the latter detract from the height of the opening.

Some parents are rude, but most of them have learned to be quiet while the children are talking.

# 'Horns Upset By Abernathy In First 2-AA Tilt

Abernathy's fired-up Antelopes scored once in the second quarter and twice in the third period Friday night as they upset the Lockney Longhorns, 21-0. The Antelope field was the site of the important District 2-AA encounter.

The Longhorns penetrated Abernathy's 20 yard line four times, but their attack always bogged down short of the end zone. The Big Red's deepest penetration was to the Abernathy one-inch line with only seconds remaining in the contest. Quarterback Jake Wofford, fullback Terry Mosley, and halfback Jimmy Rushing — running behind good blocking — moved the ball well on this 67-yard drive.

John Brown, Abernathy quarterback, passed 25 yards to end Neal Humphrey for the first touchdown midway in the second period. The same aerial combination connected for 20 yards and the Antelopes' second yard in the third period. Following the kickoff after the second touchdown, Lockney fumbled on their 20 to set up the final Abernathy points.

All the statistics were about

even, but the hustling Antelopes were able to cash in on the breaks. The Longhorns, who were hurt by several bad breaks, were sluggish at times, apparently slowed by last week's open date.

Abernathy has now won one and lost one in district competition. This was Lockney's first 2-AA action.

Center Wayne Cooper and tackle Dan Smith turned in tremendous efforts for the 'Horns. Both boys made tackles all over the field on defense and opened good holes on offense.

**Summary of the Game:**

Abernathy won the toss and elected to receive. Smith's kick sailed over the goal giving the bell to Abernathy on their 20. The Antelopes gained 5, 6, 18 before guard Mickey Mosley covered a fumble at midfield.

Halfback Terry Clark gained 2, halfback Joe Allard made 2, quarterback Bill Mangold fall-

ed to gain, fullback Freddie Gant picked up a first on the Abernathy 36. Two passes went incomplete, Mangold gained 5 and lost 5 to give the Antelopes possession on their 36.

The home team gained 3, lost 1, passed incomplete, punted 33 yards to the Lockney 29.

Mangold kept for 3, Gant drove for 2, 2, Clark punted 38 yards to the A 26.

Abernathy again found the going rough, gaining 1, 5, passing incomplete, punting 38 yards to the L 30.

The maroon and grey clad Antelopes grabbed a fumble on the L 28. The 'Horns returned the favor and regained possession on the 26, but on the following play Abernathy scooped up another fumble on L 28.

Abernathy lost 1, gained 6, 5, 0, passed for 3 yards, the alert Dan Smith grabbed a pass and moved downfield 57 yards on the A 28. Clark gained 4 on the first period ended.

Allard scooted for 3, Gant plowed for 2, 1, only inches short of a first down on the A 18.

Abernathy failed to move, gaining 6 and 2 and passing incomplete. The Antelope punt traveled 45 yards to the L 29.

Mangold ran for 3, 2, Clark gained 1, Clark punted 17 yards to the A 48.

The Antelope attack began to click. They gained 5, 12, passed for 12, lost 4, gained 2, Brown tossed to Humphrey for six points. Brown kicked the extra point. Abernathy 7, Lockney 0 with 6:13 remaining in the second stanza.

Mangold returned the kickoff 7 yards to the L 33. Clark gained 6, Allard went for 3, Clark gained a first on the L 47. Allard made 1, Mangold picked up 8, Allard gained another first on the A 43. Mangold picked up 2, quarterback Johnny Belt kept for 4, Belt passed to end Oyame Buchanan for 22 yards and a first on the A 15. ## CROSS ROADS REPORT

Dear Editor:  
I see where there is considerable official indignation about how the rigged quiz program may undermine public confidence in TV.

But my horn-yesterday neighbor says he don't believe this has happened around here, although public confidence may have been lots stronger in other places.

Says we take our entertainment with a grain of salt, and have known all the time that cigarettes are not a health aid, and that it takes some script rigging for the good guys to win every time.

GO TO CHURCH SUNDAY.

THE LOCKNEY BEACON, LOCKNEY, TEXAS, OCT. 29, 1959

U. S. churches and synagogues listed a record membership of 109,557,741 persons in 1958. This amounted to 63 per cent of the population.

Because of inflation, it now costs \$2.07 to buy what a dollar bought in 1940.

## WHAT ABOUT THE FUTURE OF COTTON?

Some have been anxious about the many synthetic fibers that are competing with cotton for the textile market. But cotton is holding its own and even gaining in both the amount used and the percentage of the market gained. Let us assure you that the future of cotton is promising — good news for all of us who depend upon cotton for a livelihood.

An estimated 2.8 billion people in this old world consume an average of 6.7 pounds of cotton annually per person. Cotton is a dependable and versatile product. It has many advantages that the synthetic product does not have. Let us assure you again — the future of cotton is bright.

## Sand Hill News

By Mrs. James Jeffress

The cotton fields look like snow this week but even with all the nice, warm weather there are still too many green leaves and bolls in most of the fields for the strippers to get started. Those with grain still in the fields are beginning to worry about the winds blowing it down.

The G.A.'s met Monday at 5 p.m., with Mrs. M. B. Swanner, leader, in charge. The girls continued their study in TELL. Present were Mary and Elaine Starkey, Beverly Jeffress, Marilyn McLain and Norma Sue Hollums. Next meeting will be Monday, Nov. 2.

Sand Hill Club met Wednesday afternoon with Mrs. Jim Holmes as hostess. Roll call was answered with something about a foreign country.

Miss Phyllis Roggendorff gave a demonstration on proper lighting in the home. Mrs. Lynn Miller gave the council report.

A tailoring school will begin November 2, 3-5 p.m. at Floydada High School home economics room. This meeting will be each Monday and Thursday.

The Sand Hill Club voted to send fifteen dollars to the McKnight T. B. Hospital. The club is planning a Thanksgiving supper for sometime in November. On menu committee are Mmes. Jim Holmes, James Jeffress and Orton Miller. This will be a community get-together and the date will be set at the next club meeting, Nov. 3rd.

Refreshments were served to Mmes. Jim Holmes, James Miller, Walter Knight, H. F. Jackson, Wayne Billington and Bill Stringer.

Mrs. R. L. Bullock is home from the hospital and continues to improve. We hope she will be able to be out soon.

Happy birthday wishes are

sent this week to Tom Thomas, Mrs. Latham and Mrs. Ed Noel. Mr. and Mrs. Otis Elliott and family were Sunday guests of her parents, Mr. and Mrs. Walter Knight.

Sand Hill Baptist Church homecoming will be next Sunday, November 1st. Everyone is extended a special invitation to come. Cards have been mailed to a number of ex-members, and we are expecting all those still living in the area. This will be an all day meeting with dinner served.

David and Kenny Bloys spent Saturday night visiting their grandmother, Mrs. Sanderson. They attended Sunday school with her Sunday morning.

The intermediates are planning a Halloween party Tuesday night in the home of Mrs. M. B. Swanner. Everyone had better have their trick or treats ready Saturday night when the goblins will be appearing. After having breakfast cereal in my bed two years in a row, I plan to be ready for the goblins.

Sunday visitors in the home of Mr. and Mrs. Jess Starkey and family were Miss Beverly Jeffress, Mr. and Mrs. Johnny Starkey from Clovis, New Mexico and Mr. and Mrs. Harold McLaughlin from Providence.

The Intermediate Training Union elected new officers Sunday night. They are Beverly Jeffress, president; Mary Starkey, group captain; Mike Sloan, secretary; and Norma Hollums, prayer chairman.

Little Dennis Slater was on the sick list Sunday. We wish him a speedy recovery. Dennis is the small son of Mr. and Mrs. Kirk Slater Jr.

Mr. and Mrs. T. C. Hollums and Norma attended the funeral of Mrs. Bartlett at the Methodist Church in Floydada Sunday afternoon. Mrs. Bartlett was the mother of Mrs. Walter Hollums. Our deepest sympathy to the Hollums family at the loss of their loved one.

Mr. and Mrs. Roy Hollums from Earth visited in the home of his brother, Mr. and Mrs. T. C. Hollums Sunday night.

The W.M.U. of Sand Hill Baptist Church met Monday afternoon at 2:30 p.m. with the president, Mrs. Bill Stringer, in charge. Plans were discussed for homecoming and after the meeting, members visited in the community. Present were Mmes. Bill Stringer, Frankie Rainey, J. T. Huckleby and Kirk Slater. Next meeting will be Monday, November 2. Word was received that Brother Johnny Tims from Portales, New Mexico, will be one of the speakers Sunday at homecoming.

San Diego, Calif. (FHTNC) — C. C. Willis, damage controlman second class, USN, son of C. W. Willis of Route 1, Lockney, and husband of the late Miss Marilyn Kasse of National City, Calif., is scheduled to return to San Diego, Calif., Oct. 29, aboard the destroyer USS McDermitt after a five-month tour of duty with the U.S. Seventh Fleet in the Western Pacific.

Besides participating in various operational exercises, the McDermitt visited Hawaii, Japan, Hong Kong and the Philippines.

Dear Editor:  
I see where a house subcommittee is studying the matter of whether commercial deceit has been practiced by some TV quiz programs being rigged.

My so-called neighbor says there is bound to be considerable commercial deceit and political deceit around, but he don't figure it costs him anything to enjoy a well-staged quiz show or wrestling match.

And says if they pass a law that all TV programs have got to be untinkered, some of the performers are not going to look natural to us without their padding or toupees.

### Floyd County Library News

By Mrs. A. T. Hull, Librarian

In March 1959 the Library Board voted unanimously to recognize Mrs. J. H. Barnard's services to the library with a gift of books. This gift, in the form of 15 volumes of Compton's Pictured Encyclopedia, is now on the Reference Shelf. We are very happy to have this addition and appreciate Mrs. Barnard's effective work and her persistent devotion to the library. Since she has made significant contributions to every phase of the work, the Board wished to express its gratitude in this way.

We have just completed a report to the State Library in Austin and find that we have a total of 9,395 books on the shelves in Floydada and the branch library in Lockney. Of this number there are 2,765 copies of adult fiction, 3,614 copies of adult non-fiction, 2,158 children's fiction and 858 children's non-fiction books. There were 28,470 books checked out during 1958 and a total of \$2,734.16 spent for new books. \$446.56 of the amount spent came from memorial funds. We know of no better way to show our love and appreciation for a person than giving a memorial book to the library. These books are carefully selected and placed in Floydada, if given by people living in or near Floydada, or they are placed in the Lockney branch if given by those living in or close to Lockney. We hope you will continue to place these perpetual book memorials in our libraries.

Some of the current best sellers to be found in both libraries are: "Station Wagon in Spain," Frances Parkinson Keys; "Act One," Moss Hart; "Mama's Way," Thyra Bjorn; "Eva," Meyer Levin; "Gift from the Hills," Lucy C. Morgan; "Lotus Eaters," Gerald Green; "Break of French Air," H. E. Bates; "The Ape in Me," Cornelia O. Skinner; "The Province of the Heart," Phyllis McGinley; "The Return of Hymen Kaplan" by Leo Rosten; "Groucho and Me," by Groucho Marx; and "Loblolly" by Frank Glibbreath.

### Goose Season Opened Sunrise On October 26

Austin — The Texas waterfowl season opened at sunrise Monday, October 26, on geese only, according to the director of law enforcement of the Game and Fish Commission.

The daily bag limit on geese is five (5); provided such limit shall not contain more than (a) two (2) Canada geese or its subspecies, or (b) one (1) Canada goose and one (1) white-fronted goose. Possession limit is one (1) day's kill.

The duck season will officially open November 13, when shooting will begin at 12 o'clock noon. After the first day, shooting will be permitted from sunrise to sunset.

The mourning dove season, which opened in the North Texas zone September 1, closed on October 20. The mourning dove season in South Texas will not close until November 19, except in counties in the Rio Grande Valley having a three-day whitewing hunt, where the season will close on November 16. During this hunt mourning doves could be killed also.

The season closed on rails and gallinules October 20. The woodcock season is from December 7 to January 15, and the snipe season is December 3 to January 1.

There has been a heavy movement of both ducks and geese across Texas for several days, according to the director. Some good concentrations are reported in areas both in the Red River Valley and along the Texas coast.

Visitors in the home of Mr. and Mrs. O. C. Bailey and Mrs. Alice Baker this week are Mr. and Mrs. Artie Baker of Pecos, Texas, and Mrs. Baker's sister, Mrs. Elizabeth Torsey, of Rotterdam, Holland.

**Lankart 57 Is Leading Plains Cotton Variety**

Lubbock—A total of fourteen different varieties of cotton account for some 97 per cent of the total number of varieties of cotton planted this 1959-60 season by farmers on the Texas High Plains, according to a survey conducted by the Plains Cotton Growers, Inc.

Geo. W. Pfeifferberger, executive vice president, explained the survey was made through cooperation of gins on the High Plains in 21 counties. Total allotted acreage planted to cotton in these 21 counties this year was approximately 2,174,000 acres and estimated production from this acreage is 1,723,000 bales.

Lankart 57 is the leading variety planted, accounting for 42.6 per cent of the acreage planted on the Plains. The complete list of varieties and percentages planted are:

Lankart 57, 42.6; Gregg, 13.1; Lankart 61L, 9.0; Paymaster 101, 5.8; Paymaster 54-B, 5.6; Western Stormproof, 3.8; Acala, 3.4; Blightmaster, 3.2; Northern Star, 2.8; Antone, 2.4; Dixie King, 1.7; Lockett, 1.6; Rex, 1.1; Empire, 1.1; Other, 2.9.

Pfeifferberger explained that percentages of varieties planted changed somewhat in 1959 over 1958, but the leading varieties did not change significantly.

Statistics taken from the PCG quality survey of the 1958 crop show that the High Plains crop averaged 31-32 inch in staple length; 4.0 micronaire; and 75,000 pounds per square inch fiber strength.

A complete copy of the variety study has been prepared and is being distributed to county agents, ginners and others throughout the area.

**Cecil Colson's Mother Passes**

Mrs. Avo Colson, 82, wife of W. A. Colson of Wellington, passed away at a Wichita Falls hospital Sunday night, Oct. 25, after a long illness. She was the mother of Cecil Colson of Lockney.

Funeral services were held Tuesday at 2 p.m. at the Church of Christ, Wellington. Burial was in Wellington cemetery.

Mrs. Colson moved to Wellington in 1902 from Willow Grove, Tennessee, and had made her home there since that time.

Survivors include her husband, seven sons and two daughters. The sons are Charlie of Muleshoe; Clyde, Littlefield; W. E. and T. W., Wellington; Cecil, Lockney; and twins, Floyd, Dumas, and Lloyd, Hollis, Okla. **Maid Of Cotton To Be Named From This Area**

Once again — for the tenth consecutive year — the search is on for a young lady who, on November 24, will be named 'South Plains Maid of Cotton' and who will represent 23 counties of the Texas South Plains in the National Maid of Cotton Contest in Memphis, Tennessee.

Weldon Gibbs, Chairman of the 1960 South Plains Maid of Cotton Committee, in announcing the opening of the contest this year, stated "The Maid of Cotton, as a representative of the 13 million people in the American Cotton Industry, has a very important public relations job to do. She is chosen not on the basis of beauty alone, but on poise, personality and background as well."

An applicant for the South Plains Maid of Cotton must have her home residence in one of the South Plains counties. Applicants must be between the ages of 19 and 25; be at least 5 feet 5 inches tall; never have been married; nor wear glasses; and have been born in a cotton producing state.

Applications, together with photograph, must be submitted to the South Plains Maid of Cotton Committee, P. O. Box 561, Lubbock, Texas, not later than 12:00 Midnight, November 10, 1959. Official entry blanks may be obtained at the Lubbock Chamber of Commerce, 902 Texas Avenue, or at the local Chamber of Commerce in any of the South Plains counties, or through the directors of the Plains Cotton Growers Association.

**LHS Class Of '55 Plans Reunion**

The Class of 1955 will have a reunion at the cafeteria of Lockney High School on New Years Eve, Thursday night, December 31. A large number of former classmates are expected to be here for the occasion.

The get-together will begin about 8 p.m. and continue past midnight to see the new year in.

Mrs. Jerry Bartram is in charge of the arrangements and she and her committee are trying to notify all former class members as well as those who graduated with the class. All parents and former teachers associated with the group are cordially invited to attend the affair.

Plenty of eats will be on hand.

**Central Airlines Offers Area Rides**

Central Airlines, operating out of the Hale County Airport at Plainview, is offering sight seeing rides in this area Saturday afternoon. The company's big DC-3 21-passenger plane will make 20 minute tours covering about 100 miles in the Plainview area starting at 12:30 noon Saturday. The charge will be \$2.75 per person.

Flights will be made every 30 minutes during the afternoon and the company officials suggest that this is a good opportunity for those who have never ridden in an airplane to take a flight at low cost.

**BAPTISM — WHAT IS IT FOR?**

"The like figure whereunto baptism doth also now save us (the putting away of the filth of the flesh, but the answer of a good conscience toward God,) by the resurrection of Jesus Christ (1 Peter 3:21).

This passage of scripture is in perfect harmony with other verses in the New Testament on the purpose or design of Baptism. It plainly teaches that Baptism is essential to salvation from past sins.

Noah and his family were translated from the world polluted with sin into a new state or relationship. In a similar way water now saves us. In scripture baptism the sinner is translated into Christ, purified by the blood of Christ. He is changed from the old state of guilt to a purified state and new relationship in Christ (Romans 6:3-4, Gal. 3:27.)

The above passage also plainly states that baptism is "not the putting away of the filth of the flesh". It means it is not a bath. The Revised Standard Version says, "not washing the dirt off the body." Baptism is (unto) the remission of sins (Acts 2:38.) Faith, Mark 16:16, Repentance, Acts 2:38, and confession of Christ, Acts 8:37-38, must precede baptism for it to be scriptural.

# The Diary of a Dollar

**I**t has been a busy day. Early this morning I was swapped for some medicine for his baby by a young fellow who got me in exchange for farm produce.

- The druggist gave me to the boy who sweeps out for him, and the boy spent me to get his suit cleaned and pressed for the school party tonight.
- The cleaner took me and

some of my brothers and paid his school taxes. I was in the bank only a few minutes when a school teacher cashed her pay check and I started around town again.

- Before the day ended I had changed hands twenty times, and had put \$20 worth of goods and service into people's hands . . . had accounted for \$20 worth of trade volume in the community, and had been in one poker game. Not

a bad day's work for one little old dollar.

- I'd like to hang around this nice community for a while longer. But I wound up the day in the hands of a city-shopper. Tomorrow I'll be on my way to go to work for city folks. It seems that some people want to get us dollars out of their sight and reach . . . maybe for fear we'll make their community a better place to live.

**It Pays to Buy where you Live**

**YOU** get everything that your money pays for . . . merchandise **AND** a trade-invigorated community to live in . . . when you buy from your home town merchants . . .
