

Polio Immunization Dec. 2

Bobcat Band Sponsors Dinner For Thanksgiving

SILVER BELLS, SHINING LIGHTS, it's Christmas time in the city. Dimmitt has new decorations for this year's seasonal holiday. Also, Dimmitt is the first town in the area to put up Christmas lights in preparation for the holiday. Putting up the ornaments are (left to right) Sam Maynard, Amos Garcia, Buck Raper, and Johnny Perez. These festive holiday decorations were purchased by the Chamber of Commerce in conjunction with the city of Dimmitt. See story. —Staff Photo

City Prepares For Christmas

Dimmitt streets will be dressed in new holiday trimmings for the Christmas season this year. The Chamber of Commerce in conjunction with the city of Dimmitt purchased new aluminum foil stringers for this holiday.

Interspersed through the aluminum are multi-colored lights. The stringers are being placed across city streets and a large, red Christmas bell will swing from the middle.

There were approximately 20 stringers purchased according to the Chamber of Commerce. These decorations are supposed to withstand winds up to 75 miles per hour.

Amarillo had the same type of stringers in '59 when 14 lbs. of ice per square foot froze on them. The stringers did not break under the load.

These decorations were purchased from L. C. Williams Co. in Houston. They have a guarantee against wind and ice.

According to Colthart, manager of the Chamber, Dimmitt is the first town on the High Plains putting up Christmas decorations. Lights will be turned on Thanksgiving.

Nazareth Meets Hart For Junior High Basketball

Nazareth Junior High Swifts basketball teams meet Hart, there, Thursday night at 6 p.m. Both boys' and girls' teams will play in this game.

Dr. and Mrs. Knott of W.T.S.C. and Mr. and Mrs. L. F. Sheffy of Canyon were guests of the Sheffy families Sunday.

Thanksgiving To Be Observed By Dimmitt Churches

A Community Thanksgiving service will be conducted next Wednesday, November 21 at 7:30 p.m. in the First Baptist Church. Various churches of the city will be attending.

Participating in the program will be pastors of the city. Roy Lowe will be in charge of the music. M. A. Smith will give the welcome. Allen Owen has the invocation. M. A. Pennington will lead in a responsive reading. Hugh Blaylock will read the scripture. A Burr Morris will bring the message of the evening. Layman Bill Kitchens will pronounce the benediction.

This Thanksgiving service was planned by Dimmitt Ministerial Association.

Sweatman Injured With Gin Saw

Sherman Sweatman of Muleshoe was injured, Sunday when his right hand was caught in a gin saw. Sweatman is the father of Mrs. Jimmy Presley of Dimmitt.

Two fingers and thumb were lacerated deeply. According to the doctors, the fingers will be saved and they hope to save the thumb.

Sweat is in Green Hospital and Clinic in Muleshoe. Presley and Sweatman are owners of the Dimmitt Gin Company. Mrs. Presley will be spending the week in Muleshoe.

MRS. INEZ ROBINSON has been awarded Outstanding Biology Teacher for the State of Texas. She received the award at the STAT luncheon conducted last Friday. The gracious lady has been teaching science for 25 years. She holds a B.S. and M.S. degree in the biological sciences. Mrs. Robinson is demonstrating to her classes the use of the bioscope. This instrument is a teaching aid replacing individual microscopes. See story for details. —Staff Photo

Mrs. Inez Robinson Named State's Outstanding HS Biology Teacher

Mrs. Inez Robinson was acknowledged Outstanding Biology Teacher for the State of Texas in a Texas Science Teachers Association Convention conducted last week.

Nomination for the honor was made last September by a committee appointed by the National Association of Biology Teachers and the American Institute of Biological Sciences.

At the convention, Mrs. Robinson was awarded by receiving recognition before her colleagues and a certificate acknowledging the honor. This is a state-wide recognition.

Approximately 700 science and math teachers attended the convention in Austin this year.

An outstanding speaker for the convention was Dr. Donn S. Gorsline from the University of Southern California who discussed "Perspective in Oceanography". Another keynote speaker was Dr. Richard H. Jahns from Pennsylvania State University. He discussed, "Problems of Earth Stability in the Southwestern United States or Our Aching Earth. This speech

was accompanied with slides. Dr. D. S. Hughes lectured on "Recent Advances in Physics". The speeches were interspersed with Swap Sessions where the teachers exchanged ideas.

Last lecture of the convention was given by Consultant W. T. Kinnell of the Texas Education Agency. He discussed "Teaching Aids in Science".

Mrs. Robinson has been a science teacher for 25 years. According to the experienced teacher, she has loved every minute of it. "I have taught in all the sciences," commented the smiling teacher.

Mrs. Robinson holds a B. S. and M.S. degree in biology. She received both of her degrees from North Texas State. Since receiving her master degree she has attended University of Texas, University of Wyoming, Texas Woman's University, and Texas A & M. She is a member of local, state, and national Science Association, Classroom Teachers Association of Dimmitt, Panhandle Science Council, Business and Professional Club, and Delta Kappa Gamma.

Put Sunday, December 2 in a notebook or mark this date with a red pencil. This is the beginning of the Oral Immunization Drive against polio in Castro County. Vaccinations will be given at South Grade School Cafeteria in Dimmitt, Immaculate Conception Church in Dimmitt, Hart School, and Nazareth School from 1:30 p.m. to 6 p.m. Those wishing to volunteer their services, call Bill Barnett, 647-3484 or 647-3469.

Tierra Blanca Medical Society has embarked upon this civic project of tremendous importance to our community according to Dr. Bill Lee. This is a campaign for the mass immunization of everyone in Castro County against polio.

Briefly, the T.B.M.S. proposes to administer a dose of Type I Sabin oral polio vaccine to every person, young or old, in Castro County.

This dose, taken by mouth on a lump of sugar, will protect against the most virulent type of polio—the Type I. Two other doses of Type II and Type III will complete the mass protection program later this winter.

This first immunization will take place on Sunday, December 2, throughout Castro County, under the supervision of the members of the T.B.M.S. Follow-up mass immunization are scheduled later.

"Many unpaid volunteer workers, in addition to our members, are being recruited for this maximum effort," says Dr. Lee. The Junior Chamber of Commerce, plus other civic clubs have joined in this program, and in helping to provide the volunteer manpower essential to its success.

The Medical Society feels that this project, to be successful, must

be a community project in every sense of the word, Not a "Medical Society project."

Because of its nature, T.B.M.S. has assumed the role of medical leadership in this effort to stamp out, once and for all, the menace of polio in our community.

According to Dr. Lee, the society seeks to accomplish this with the partnership of every citizen in Castro County. T.B.M.S. specifically ask your help in these ways:

"We ask each of you individually to participate in this program, and to encourage by your personal example, all your friends, your relatives, your business associates, and others over whom you exercise constructive influence to participate.

Your own family doctor will tell you that this mass immunization is the best piece of polio insurance

you will ever get.)" Many individuals and groups in Castro County are donating time and services to this campaign.

These generous contributions are appreciated to the fullest," says Dr. Lee.

However, the cost of the vaccine and the other necessary expenses of this massive operation will amount to many dollars.

T.B.M.S. knows this from the experience of other communities notably Cleveland, Denver, Phoenix, San Antonio and Houston—where mass immunization has been successfully accomplished.

The expenses of this community project for Castro County are being underwritten by the T.B.M.S.

To help cover these expenses, the society is asking everyone for a 25-cent donation on each of the three occasions when he receives

a dose of oral polio vaccine. Everyone will be given this immunization, whether he contributes or not.

T.B.M.S. hopes that these donations will cover the cost of the immunization program for every individual in Castro County.

If they do not—Medical Society will.

In any case, the T.B.M.S. wants nothing to do with the handling of any possible surplus funds. Therefore, they have asked that any excess donations be turned over to the Castro County Scholarship funds.

It is not a "Medical Society project."

It is a community project, vast in significance and permanent in nature.

T.B.M.S. ask your help and partnership in making it so—along with every person in our community.

GOLD STAR AWARD WINNERS are Virginia Huseman, left, and Dan Petty, right. This award was presented by Judge Raymond Wilson, center. This Gold Star award is the highest offered by the Extension Service. It is based on outstanding achievement, leadership, and over all contribution to Castro County 4-H program. See story for details. —Staff Photo

Huseman And Petty Receive Gold Star Award

Virginia Huseman and Dan Petty received the Gold Star Award at the Castro County Achievement Awards Program, Saturday, November 10, 1962. The Gold Star Award is presented by the Extension Service to the outstanding 4-H boy and girl in the county. This is the highest county award provided by the Extension Service. It is based on outstanding achievement, leadership, and over all contribution to the county 4-H program. Winners were selected by a committee of 4-H leaders.

Virginia Huseman, 18, of Nazareth is the daughter of Mr. and Mrs. Emil Huseman. Virginia has been active in 4-H Club work for ten years. She is council delegate for the Nazareth Community 4-H Club. Her demonstrations include food, clothing, garden, canning, freezing, safety, and bedroom improvement. Virginia was the 1962 County Dress Revue winner.

Dan Petty of Dimmitt, 15, is the son of Mr. and Mrs. Calvin Petty. Dan is the president of the Mulkey Community 4-H Club and has been active in 4-H Club work for four years. Dan's projects include livestock feeding, tractor maintenance, crops, and safety. He showed the Grand Champion lamb in 1962 at the Castro County Fat Stock Show. Dan attended 4-H Roundup in 1962 as a member of the Livestock Judging Team.

District I Gold Star Banquet will be held Saturday, November 17, in the YWCA Building in Amarillo. Castro County Gold Star boy and girl, their parents, and the County Extension Agents will be guests for this occasion.

Hart Senior Class Plans A Thanksgiving Dinner
Hart Senior Class plans a Thanksgiving supper, Friday. It will be from 5:30 to 8:30 p.m. in the Hart School Cafeteria.

Bobcats-Mules Fight For Conference Title

Morton Indians failed to capture the elusive Dimmitt Bobcats, Friday night in a 23-0 thriller. This game left the Bobcats tied with Muleshoe Mules for first place in district play. Neither team has lost a conference game.

After an exchange of punts and a fumble by Dimmitt in the first quarter, the Bobcats held the Indians on their 14-yard line. Taking over on a 4th down play, Jim Cowsett broke loose behind key blocking by Jimmie DiCuffa, Mike Barrett, and Michael Calvert for an 88-yard touchdown run. The try for extra point was incomplete.

Both teams were scoreless during the remainder of the quarter. In second stanza play, James Cowell dashed 54-yards for a TD behind the key blocking of Jim Aldridge, Jim Axe, Jimmie DiCuffa, Roy Battles, Jimmy Killingsworth. Cowell faked one of the Indians out in order to complete the TD run. Pass from Jim Ratcliff to Jim Killingsworth was good for 2 points.

Dimmitt stopped Morton on downs and took over on a punt to drive 67 yards for a third touchdown. Last 14 yards came on a run by James Cowell around right end. This climaxed the end of the first half.

At the start of the second half, Dimmitt kicked to Morton and held them on downs. Morton was forced to punt. The Bobcats took the ball and drove to the Indians' 30-yard line where they were stopped on downs after receiving a 15-yard penalty.

Then on Morton's third play, DiCuffa intercepted a pass on the Indians' 42-yard line which set up the final TD of the game. Dimmitt drove down to the 1-yardline where Ratcliff plowed the ball over or a touchdown which was nullified because of an offside penalty against Dimmitt. Then on the fourth down with four yards to go, Ratcliff kicked a field goal. This was the first play in the fourth quarter. The field goal ended scoring for both teams. Final score was 23-0.

Cowell Covington commented, "This is the first time in the year, we have held a team scoreless." He also said, "Defense did a fine job for they stopped Morton twice within our 10-yard line".

Dimmitt racked up 486 total yards in the air they gained 49 yards while in rushing they made 437

yards. In offensive play, Cowell carried 25 times for 200 yards which averages 8 yards per play. Jim Cowsett carried 13 times for 177 yards which gave him 13.6 yards per carry. Ratcliff carried twice for 16 yards to average 8 yards per carry. Jackie Nichols carried once for 6 yards. Winkle carried three times for 12 yards giving him an

Ramirez Killed As Car Strikes Tree

Sefrino Ramirez, 22, was killed when his car struck a tree, ½ mile east of Sunnyside on a county road. The accident occurred Tuesday evening while Ramirez was driving west.

He was pronounced dead on arrival at Castro County Hospital. Ramirez lived in Richmond.

His traveling companion, Ralph Garcia, Rt. 1 of Dimmitt was treated for minor injuries and released. According to investigating officer, Ramirez had apparently lost control of the car.

TAKE TWO FREE SHOTS FOR A FOUL are familiar to this Nazareth Junior High basketball coach. Carl Irbeck is new on the Nazareth staff. His hometown is Happy where he graduated from high school. He attended Clarendon Jr. College where he lettered two years in basketball. He received a B.S. degree from West Texas State College where he majored in physical education and secondary education. His minor is English. While in WT, he played in all sports including tennis, basketball, badminton, horsehoes, and football. Irbeck played center in basketball. He was quarterback and end in football. His hobby is basketball. The busy teacher has Junior High math classes, science classes, and seventh grade English class. He is also assistant football coach and assistant High School basketball coach. He coaches Junior High boys and girls basketball. Among his many duties, Irbeck finds time to be the sponsor of the seventh grade. He comments, "I chose teaching because I wanted to work with young people and lead my career to the coaching of basketball". Plans for this summer include working toward a Master degree in math plus teaching Driver's Training at Nazareth. He is a member of the fraternity, Phi Epsilon Kappa. —Staff Photo

Seven Counties Represented At Fertilizer Meeting

The first meeting of a series of three on fertilizers was conducted last Wednesday at the First State Bank of Dimmitt. Second meeting will be this Wednesday at the Dimmitt High School Auditorium.

According to Charles Hottle, County Agent, 120 people enrolled in the course. This number represents 75 dealers of those working for dealers, eight agency personnel, and remainder are farmers.

People enrolled from Castro, Deaf Smith, Parmer, Swisher, Randall, Lamb, and Bailey counties. These courses are primarily for fertilizer dealers and people who advise farmers on their fertilizer.

Last Wednesday's program was devoted to nitrogen. The two main speakers were Jim Richey of John Deere Chemical Corp. in Pryor, Oklahoma and Jim Vallentine, Extension Soil Chemist of Lubbock.

This coming meeting concerns phosphorus. Two guest speakers will be on the program. One speaker is representing the Extension Service and the other is from the fertilizer industry.

Small Fire Damage To Farm Home

Dimmitt Volunteer Firemen answered a call, Tuesday night, 14 miles west and ¼ mile north of Dimmitt.

Fire damaged one room of a farm home. Cause was not determined, immediately. Fire was almost extinguished when the truck arrived.

MS Drive Will Be Conducted Only Friday Morning

A Multiple Sclerosis Drive will be conducted again this year under the direction of Dimmitt Jayceettes. This drive will only last Friday morning, November 16.

There will not be any solicitors knocking on doors. All coffee money Friday morning will be dropped into ice cream cartons placed by Jaycee-ette member. Business establishments donating the coffee money are Dicky's Cafe, Dimmitt Steak House, Northside Cafe, Spudnut Shop, and City Drug.

When paying for coffee, it will be appreciated if citizens donate extra money.

Proceeds will be sent by Jayceettes to the Panhandle Chapter in Amarillo. The money will be used by the Chapter in caring for Multiple Sclerosis cases.

RECEIVING SEALS AND CERTIFICATES at the 4-H Awards Program in recognition of their club's work are, left to right, Dan Petty of Mulkey receiving the purple seal, Gerald Brockman of Nazareth Club receiving the red seal, Madelyn Smith of Flagg Club receiving a red seal, Carol Robbins representing Frio Club receiving a red seal, Lou Ann Withowski representing Jumbo Club receiving a red seal, and Dabra Summers representing Dimmitt receiving a certificate. Presenting the awards is Miss Celia Patton, left, Home Demonstration Agent. —Staff Photo

Annual Castro County 4-H Awards Program Conducted

Castro County 4-H Achievement Awards Program was conducted Saturday at 7:30 p.m. in the Dimmitt High School Auditorium. Miss Madelyn Smith, Vice-chairman of the County 4-H Council presided at the program.

The program was started with the group singing led by Carolyn Simpson, James Edd Hugh, Rodney Hutto, Sharon Hochstein, and Betsy Simpson. Gerald Brockman led the 4-H Motto and Pledge.

Madelyn Smith gave the Welcome and Jana Cole spoke concerning 4-Hers appreciation to parents. Lou Ann Withowski introduced guests attending the event.

Mrs. Joe Smith, Chairman of the 4-H Leaders Council presented eight silver trays to the outstanding 4-H Club girls in 1962. These girls were: Lou Ann Witkowski and Virginia Huseman, 15 years or older group; Jana Cole and Sandra Huseman, 13 and 14 years age group; Linda Huseman and Patty Simpson, 11 and 12 years age group and Jane Witkowski and Debbie Curtis, 9 and 10 years age group. Agents presented awards to the 4-H Club members who had turned in their record books. Winners of awards were: Beef - Gerald Witkowski and Delbert Redwine; (Continued on page 8)

SHOULD I BID A SPADE, HEART, DIAMOND OR CLUB deliberate these Duplicate Bridge players. Seated in the foreground (left to right) are Mrs. W. T. Grogg of Clovis N. M.; Dorit Smiley of Dimmitt; Mrs. G. V. Bost of Clovis, N. M.; and Buster Tidwell of Dimmitt. Players in the background are Goodwin Miller of Dimmitt and Barbara Barnard of Floydada. There were two sessions of the Duplicate Bridge Tournament. The afternoon session was composed of 11 tables. This evening session had 10 tables. Proceeds from the tournament were given to Dimmitt Cemetary Association. See story for details —Staff Photo

Duplicate Bridge Club Conducts First Tournament

Duplicate Bridge Club conducted a tournament Saturday evening in the Community Room of the First State Bank. Director was Mrs. Blanche Steen of Floydada and assisting her was Mrs. Dorit Smiley of Dimitt.

Two sessions were conducted. The afternoon session started at 1:30 p.m. and had 11 tables. In the evening session starting at 7:30 p.m. there were 10 tables.

Proceeds of the tournament amounted to \$50. This money was given to Dimmitt Cemetery Association.

There were 22 from Dimmitt in the afternoon session and 22 from here in the evening play. Visitors attended from Floydada, Plainview, Clovis, N.M., Farwell, Hereford, and Amarillo.

Winners of Full Master Points in the afternoon were Mrs. Lucille Posey and Mozelle Neal of Hereford. Evening winners of Full Master points were Wilma Hill and Virginia Carver, both of Hereford.

Refreshments consisted of sandwiches, coffee and donuts between sessions.

Funeral Rites Conducted For Bence Jones

Funeral services for Bence Jones, 63, of Hale Center who died Saturday afternoon were held at 3 p.m. Monday in the First Methodist Church at Hale Center.

Rev. Clarence Stephens, pastor of the church, officiated, assisted by Rev. Raymond Dyess of Stratford.

Burial was in Plainview Memorial Park.

The prominent Hale County farmer is survived by his wife, a son, four brothers, one sister, and two grandchildren.

Home Makers Class Install 1963 Officers

Home Makers Sunday School class of the First Baptist Church met Tuesday evening in the Fellowship Hall for installation of officers.

Five Winners Selected In Football Contest

In a Punt, Kick, and pass contest sponsored nationally by Ford and locally by Haynes Machinery Company, there were fifteen local boys given awards.

Five first place winners received Dallas Cowboy football jackets. They are Russel Snider, Ricky Battles, David Nino, Mark Wohlge-muth, and Mark Cleavinger. These boys received highest number of points for kicking, passing, and punting.

There were second place winners given football helmets and five third place winners given footballs.

O. W. Malone of Haynes Motor Co. headed the contest, here. Dimmitt coaches declared the winners.

The highest score in Dimmitt will be compared with other scores from this area. These winners will compete against each other at the National Football League Championship playoffs during halftime according to Coach Covington. Then state winners will try for national recognition.

HD Council Elects Officers For Next Year

Home Demonstration Council met, Tuesday in the District Courtroom at 2:30 p.m. They had a general business meeting with reports given from each club.

An election of officers for 1963 was conducted. Those elected are: Mrs. T. G. McKinney, chairman of HD Council Mrs. S. R. Hutto, vice-chairman Mrs. James Welch, secretary Mrs. Rayphard Smithson, treasurer and Mrs. Dale Winders, reporter.

Attending the meeting were Mesdames James Welch of Bethel, T. G. McKinney of Big Square, Rayphard Smithson of Flagg, Dale Winders of Flagg, S. R. Hutto of Mulkey, T.H.D.A. Chairman Mrs. Rex Wooten, Civil Defense Committee Chairman Mrs. Cecil Ginn, Health and Safety Committee Chairman Mrs. C.R. Davis, and County Home Demonstration Agent.

Go-Getters 4-H Club Elects Officers For '63

They are President, Debra Summers, Vice Pres, Shelly George Sec. Treas.-Nancy Howard, Reporter, Jeannette Seely, Council Delegate, Debbie Wilson Recreation Leaders, Carla Roberson and Dona Mc Gowan Song Leader, Jeane Dameron and Susan Benson. These officers will be installed at the next meeting.

Swifts Stomp Smyer Bobcats

Nazareth Swifts skinned the Smyer Bobcats, 14-12 Friday night. This victory put Nazareth in second place for district.

During the first quarter, the Bobcats tore into Nazareth defense to score twice. Quarterback Leroy Bland threw a 35-yard touchdown pass to left end for the first score in the game. Point after failed. Bobcats scored again as Halfback George Altman danced through Nazareth defense for 65 yards and a TD. Extra point try failed.

Deciding such scoring must be stopped, the Nazareth Swifts tightened their defense and suppressed the Bobcats for the last three quarters of the game.

In the latter part of the second stanza, Nazareth bit into the Bobcat line to score a touchdown. Quarterback Philip Brockman lofted a 35-yard touchdown pass to End Roger Schilling. Raymond Schmucker plowed through for two extra points. Halftime score was 12-8.

Third period play was a defensive battle. The Swifts threatened twice but were unable to score. Brockman tossed a 40-yard pass to Schmucker which put the Swifts within scoring distance. Smyer stopped the threat within their 10-yard line. Smyer took over the ball and fumbled on their 15-yard line. Nazareth recovered and drove to the Bobcats 1-yard line where Smyer took over on downs.

With five minutes left in the fourth quarter, Nazareth made the victory touchdown. Raymond Schmucker sprinted 55 yards faking and twisting out of tight spots three times to score for the Swifts. Extra point failed.

In the last three minutes of play, Smyer reached Nazareth's 10-yard line where Marvin Hoelting tackled Altman who fumbled. Nazareth recovered the ball and ran the clock out.

Nazareth had 8 first downs and Smyer had 8 first downs.

"On defense," says Coach Aldridge, "Julius Birkenfeld, Raymond Schmucker, and Lester Schulte played good defense after the first quarter," commented Aldridge.

Nazareth is second in district play with 5 wins and 3 losses.

The Swifts meet the Pettit Eagles, there, 7:30 p.m. for the last game of the season. Pettit is last in district. Aldridge says, "They have one of the best backs in our district". Halfback Glen Dale Mike will be a major threat to Nazareth Swifts next Friday night.

Pick-up Hits Another Pick-up

Jimmy George driving a '61 Chevrolet pick-up west on Highway 86 ran into the back of a parked pick-up according to the police officer. George was looking back at some horses when he hit the parked truck.

Damages to both pick-ups was approximately \$1,000.

George had three children with him at the time of the accident. Two of the children were taken to the hospital where they were treated for minor bruises.

Returns From Trip

Mr. and Mrs. Frank Mears, Sr. have returned home from a tour that included Texarkana, Bowsher City and Shreveport, La., Hillsboro and Abilene. They visited their daughter, Mrs. Viola Preston at Abilene. They report that the foliage was beautiful.

Postal Patrons Urged To Mail Early

If you are planning to send a gift Christmas to relatives or friends overseas or across our borders, other than parcels for those in the military service, contact the Department of Commerce Field Office, 500 South Ervay Street, Dallas 1, Texas, for import regulations of all foreign countries.

GOES TO CLOVIS

Mrs. Carl Kemp visited Mr. Kemp's mother who is ill at Clovis, N.M., Tuesday.

PARENTS VISIT

Guests in the home of Mr. and Mrs. Allen Owens last weekend were their parents, Mr. and Mrs. Douglas Davis of Odell. They also visited in the Gene Ellis home. The families were former neighbors at Vernon and Odell.

SALUTING THE FLAG are these local members of the Greer H. Estes Post No. 445. Dimmitt veterans participated in the recognition of Veteran's Day, Sunday in this flag raising ceremony. This ceremony was followed by a Dutch breakfast at Dickey's Cafe. Members of the various churches placed flowers in their sanctuary honoring all Veterans. See story for detail.
 —Staff Photo

Veteran's Day Recognized As National Holiday

Forty-three years ago, at 11 o'clock in the morning, November 11, 1918, the guns fell silent on the battlefields of Europe. World War I, the most terrible war the world had ever known up to that time, was over. It was the prevailing notion of the day that the "war to end all wars" had been fought and won. How tragically wrong that notion proved to be.

A grateful nation gave a hero's welcome to her fighting men as they returned to American shores—but as memories dimmed with the passage of time, the significance of November 11th itself seemed to become less clear.

The American Legion at its second National Convention in Cleveland, Ohio, in 1920, passed a resolution requesting that November 11th be made a national holiday. Similar resolutions were adopted by succeeding American Legion National Conventions until 1938 when Congress proclaimed the date a national holiday.

Originally designated as Armistice Day, and specifically to commemorate the ending of World War I and the elimination of a tyrannical power—this special day again was endangered as history unfolded, and two more armed conflicts were forced upon America.

In recognition of America's new war heroes, The American Legion sponsored a bill that changed World One's Armistice Day to a day honoring all ex-servicemen and in that it became a day to honor all veterans, a day dedicated to world peace.

Participating in this patriotic holiday, Dimmitt's Greer H. Estes Post No. 445, The American Legion, Department of Texas, joined with the more than 16,000 local Legion organizations throughout the nation and overseas in observing Veterans Day.

The local Post invited all veterans to their Flag Raising Ceremony at 7:30 Sunday, followed by a breakfast at the Dickey's Cafe. The group was then dismissed to attend the Church of their Choice.

Members of the various congregation, placed flowers in the church es honoring all Veterans.

HART NEWS

Our appreciation to Malcolm Atwood who has kept the skating rink open every Saturday night since July 1, so the children of Hart could enjoy skating. The skating rink will be closed until February.

Claude Cox, Pepper Martin, and Dr. Jack Harris are on Deer hunting trip.

NEWS FROM BETHEL

Tuesday November 6 was a busy day at Bethel. 100 per cent of the qualified voters in the Bethel community voted. We in Bethel are interested and concerned with good government in our State. Tuesday the people of Bethel proved themselves to be good citizens as well as good neighbors.

Wednesday November 7 Bethel Home Demonstration Club met in the community building. Mrs. J.C. Williams and Mrs. Carl Bruegel were hostesses. 17 members and 2 visitors, Mrs. Rucy McKinney and Mrs. Edith Gray were present. Mrs. McKinney reported on the State Home Demonstration meeting in Dallas. Mrs. Hubert Edwards gave the program "Arranging Closets". The next club meeting will be November 21st in the community building.

Mrs. Billy McClenny was guest of honor at a bridal shower Friday afternoon in the home of Mrs. James Welch. Assisting Mrs. Welch were Mrs. Charles Wales and Mrs. Roy Dale Underwood. Present were Mesdames William Moss, Bill McClenny, Ira Brown, Vern Lust, Ben Fowler, Fate Shannon, Curtis Beavers, Houston Lust, C. C. Graef, Dick Finney, James Collins, Charles Vaughn, Earl Taylor, Buster Morgan, Carl Bruegel, Elbert Smith.

Mr. and Mrs. Monte Boozer were surprised with a housewarming Thursday night. Hostesses were Mesdames Houston Lust, Doyle Underwood, Don Gilreath, Elbert Smith, James Welch, Tommy Stanton, Carl Bruegel. Coffee and cookies were served to the many friends who called during the evening.

Mrs. Karen Howell underwent an emergency appendectomy Tuesday afternoon. Karen is home from the hospital and is doing fine now.

Oran Howell of Stratford, formerly of Bethel injured his arm Wednesday. He got it caught in the combine.

Miss Debbie Underwood, Ann Lust and Sharon Welch spent the weekend with Miss Kathy Sue Shannon, helping her celebrate her 10th birthday.

Mr. and Mrs. James Welch, Rhonda and Mark visited his sister and family, Mr. and Mrs. Chester Embry, Carolyn and Lee Sunday afternoon.

Mr. and Mrs. Elbert Smith were in Amarillo on business Monday. Tommy Stanton, George Sides, Monte Boozer and George Bagwell were hunting in Nebraska last weekend.

Mr. and Mrs. Charles Wales were in Clovis last Friday.

Visiting in the Charles Wales home Saturday were his parents, Mr. and Mrs. C. S. Wales of New Deal and his sister, Mrs. Lavern Jones and family.

Mr. and Mrs. C. C. Graef and Mrs. James Welch, Sharon, Rhonda and Mark were in Clovis Monday on business.

Mr. and Mrs. I. D. Ontead of Littlefield spent Thursday and Friday visiting their daughter and family, Mr. and Mrs. Donald Gilreath, Donna and Dudy.

Mr. and Mrs. Leland Smith were guests of the Elbert Smiths Sunday.

Mesdames Moss Howell and Jack Howell were hostesses to a tupperware party Friday morning in the community building. Attending were Mesdames Strine, DeLozier, Gaines Well, Vern Lust, G. A. S. Shwen, Elbert Smith, George Bagwell, Charles Rickert, Ira Brown, George Sides.

Mrs. Charles Wales and Mrs. Norman Cleavinger were in Amarillo on business Tuesday.

Mrs. Joe Finck of Tulsa spent Wednesday visiting her daughter, Mrs. Houston Lust.

Donald Carmichael, Jerry Killingsworth and Jackie Flynt spent the weekend with Joe and Rex Lust.

Mrs. Tommy Stanton and children spent the weekend visiting her folks in Shallowater.

Mr. and Mrs. Vern Lust spent Sunday visiting the Houston Lusts.

Mr. and Mrs. Houston Lust visited the Wesley Smiths Sunday night.

Miss Glidewell Initiated Into Phi Theta Kappa

Priscilla Glidewell of Dimmitt was initiated into Phi Theta Kappa, recently. She is a sophomore in South Plains College at Level-land.

Performing the initiation service were Glyndell Smith, president of Phi Theta Kappa; Donna Williams, secretary; Cecil Marshall, vice-president; and Mrs. Arlene Smith, treasurer.

Phi Theta Kappa is an honor society on the SPC campus. To be a member of the club, a student must have a 3.25 grade average.

Mrs. Maurine Elkins furnished a floral arrangement for the service. A reception was given for members by Mrs. Inez Grant, sponsor of the honor society.

McCLELLON and his spouse, S. H. RODGERS and his spouse, SAMUEL H. RODGERS and his spouse, ISABEL RODGERS, W. R. MORGAN and his spouse, W. W. SLOVER and his spouse, WILLIE SLOVER WHITLEY and husband DAVID WHITLEY, EDMOND SLOVER and his spouse, GEORGE SLOVER and his spouse, SUSIE LEE SMYER and husband E.A. SMYER, DOROTHY COOPER and her spouse, and to the heirs, the unknown heirs and legal representatives of each and all of the above named parties who may be deceased, Defendants, GREETING:

You are hereby commanded to appear by filing a written answer to the Plaintiffs' Petition at or before ten o'clock A.M. of the first Monday after the expiration of forty-two days from the date of the issuance of this citation, same being Monday the 10th day of December, 1962, at or before ten o'clock A.M. before the Honorable District Court of Castro County, Texas, at the Court House of said County in Dimmitt, Texas.

Said Plaintiffs' Petition was filed in said court on the 24th day of October, A. D. 1962, in this cause, numbered 2698 on the docket of said court, and styled, WILLIE MAE STALCUP NEWTON, ET

TWGA Plans One-Day Meeting At Amarillo

Texas Wheat Growers Association plan a meeting for Tuesday, November 20 in Amarillo at the Vic Mon Motor Hotel. According to the president of the association, the one-day meeting will begin at 2 p.m.

Guest speakers are Anson Horning, president of the Kansas Wheat Growers Association, and Jim Dyess, executive secretary of the National Wheat Growers Association, Washington, D.C. Horning will speak on the legislative work done by Kansas wheat growers. Dyess will discuss the proposed 1964 federal wheat program.

Texas Wheat Growers Association made final plans for the program, Monday in a meeting at Stratford, president of the association presided.

Other area men attending were Leo Witkowski of Dimmitt, vice-president of the TWGA; C. L. Edwards of Panhandle, Texas vice-president of the National Wheat Growers Association; and Dick Brown of Hartley, secretary-treasurer of the Texas Wheat Growers Association.

(9), Twelve (12), Thirteen (13), Fifteen (15), Seventeen (17), and Nineteen (19), in Block Number Eighty-Six (86) of the Original Town of Dimmitt, Castro County, Texas; alleging that they have and claim title under the trespass to try title cause of action, and in addition thereto under the five year and Ten Year Statutes of Limitation. Plaintiffs pray for judgment for title and possession of the property and to remove cloud cast upon Plaintiffs' title by the Defendants; as is more fully shown by Plaintiffs' Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Dimmitt, Texas, this 24th day of October, A. D. 1962

Attest:
 Zonell Maples
 Clerk, District Court
 Castro County, Texas
 By Joan Slavik, Deputy

NEWS FROM FLAGG

The Flagg Home Demonstration Club will meet this Friday, Nov. 6 at the Community building. The program will be on "Civil Defense."

Each member is urged to be present. Mr. and Mrs. Marvin Axe brought their twin girls home Saturday from the Plainview hospital.

Mrs. Axe's mother, Mrs. John Jennings of Canyon is staying several days with them. Karen and Donna Axe are spending the week with the Bill Cleavinger family of Wildorado.

Mr. and Mrs. Robert Yates were in Plainview last Wednesday. Weekend visitors in the Hiram Odom home were: Mr. and Mrs. Roll Boatman and daughter of Amarillo, Mr. and Mrs. F. L. Fisher also of Amarillo, Misses Loretta Odom and Mary Nelms of White Deer.

Mr. and Mrs. Clyde Ray Davis and children visited relatives in Lubbock Friday afternoon and Saturday. Clyde Ray participated in the "Shriners annual Event" on Saturday.

Rex Wooten and Dale Winders returned home Sunday from several days' pheasant hunting at Richfield, Kansas.

James Bradford, J. G. Davis, Jr. and Manuel Flores fished last week at Falcon Dam near Laredo. Mr. and Mrs. Roy Dale Underwood and Mr. and Mrs. Donald Wright visited in the Marvin Axe home one night last week.

Bradley and Ricky Yates attended a birthday party of their cousin, Kim Jenkins in Dimmitt last Wednesday. Bradley and Ricky are the young sons of the Robert Yates.

Mr. and Mrs. Derl McGuire and boys of Shallowater and Mr. and Mrs. George Bradford were Sunday afternoon guests in the James Bradford home.

Mrs. Wooten of Waurika, Okla. is visiting in the Jesse Wooten home. Mrs. Wooten is Jesse's mother.

Mr. and Mrs. Rayphard Smithson and family visited Saturday in the home of Mr. and Mrs. Robert Matthews of Plainview. Mrs. Matthews is a sister of Rayphard's.

Lucille Cook and children of Amarillo spent Friday night in the home of her parents, the C. T. Damrons.

Mr. and Mrs. J. W. Birchfield visited Sunday afternoon with Mr. and Mrs. John Garrett of Earth. Mrs. Clyde Davis and Mrs. Rayphard Smithson shopped in Amarillo last Thursday.

Mr. and Mrs. Jesse Wooten and Mr. and Mrs. Cecil Gin visited

Hart Longhorns Dehorn Lazbuddie

Hart Longhorns ended a losing streak by dehorning the Lazbuddie Longhorns 13-0, Friday night at Lazbuddie.

First quarter play found both teams battling a defensive ball game. Hart threatened once but lost the ball near the 23-yard line on a fumble.

Hart came alive in the second period, to rip open Lazbuddie defense. Hart scored on a 6-yard pass play from Rubacaba to Ferris. They drove 67 yards for the first touchdown of the game. Extra point try failed.

In the beginning of the second half, Johnny Kittrell from Hart ran 30 yards up the middle for a touchdown. Kenneth Fincher kicked the extra point. This TD ended scoring for both teams. Fourth quarter play was defensive.

Hart Longhorns had 9 first downs while Lazbuddie had 5. Hart made 259 yards in rushing while Lazbuddie made 129 yards in rushing. Hart had 105 yards in penalties and Lazbuddie had 50 yards in penalties.

Coach Cleveland said, "The boys ran the ball real well. McClain and Ferris did excellent in running wide". According to the coach, McClain and Ferris alternated at the fullback position.

"Johnny Kittrell did a real fine job in blocking the corner man so the fullback could run," declared Cleveland.

Final game of the season will be with Vega. Hart will play at their own stadium, 7:30 p.m., Friday. Coach Cleveland believes the two teams are evenly matched. Vega weighs more than the Hart Longhorns. However, they do not have a senior starter.

Recovery Made Of Stolen Articles

According to the city marshal, there was a radio taken in the burglary last week at the C and C Pump Co. It was recovered by police officers.

Also, the silverware stolen the Sunday ending the fair has been recovered.

W. W. Jones city marshal reports the recovery of several wrenches stolen from Bud Griffin's pick-up.

1. A try-it-now Demonstration... we'll bring a new Allis-Chalmers tractor to your farm now when you have time and open fields available, so you can really get the feel of a tractor that can do so much to increase your earning power.

2. A big 3-Day Air Trip to the Land of Power—Allis-Chalmers—for every buyer of a new Allis-Chalmers farm tractor between now and November 30.

Come in now—get a head start on next year's farming.

Leo Forrest Helps In REA Foreign Program

Leo Forrest, manager of the Deaf Smith County Electric Cooperative at Hereford, has been selected as a member of the first team of rural electric cooperative experts in a new U. S. program to assist the rural electrification and development of Latin America.

Forrest and Louis Strong, manager of the Kay Electric Cooperative at Blackwell, Okla., will arrive November 27 in Columbia where they will help to organize electric cooperatives. Forrest will work in the Bochalema area of Colombia while Strong will be assigned to the San Francisco area.

The two co-op leaders are making the trip under the provisions of a contract entered into last week by the National Rural Electric Cooperative Association and the Agency for International Development (AID). The contract was signed before President Kennedy in a ceremony at the White House.

Under the non-profit agreement, NRECA, the national service organization for 970 rural electric systems around the country, will provide technical assistance in organizing and operating electric cooperatives in Latin America and other parts of the free world.

Describing rural electrification as one of the dramatic stories of this nation's development, President Kennedy last week said the agreement was one of the most significant actions taken by the AID agency. "One of the most significant contributions that we can make to the underdeveloped countries is to pass on to them the techniques which we in this country have developed and used successfully," the President said. "It seems to me, therefore, that the contract signed today holds special promise for these countries which have realized only a small fraction of their energy potential."

Forrest has taken a 90-day leave of absence from Deaf Smith County Electric Cooperative to assist in the program. Forrest has been manager of the co-op since 1945. He formerly taught school in New Mexico and Texas and was superintendent of schools at Farwell, Texas, for six years.

Forrest was a member of the Hereford School Board for a num-

ASCS Announces '63 Agricultural Conservation Goals

The S. C. S. Board of Supervisors composed of Wade Mills, Arnold Brockman, M. L. McFarland, and Lee R. Wright, Work Unit Conservationist met in cooperation with the Castro County A.S.C. Committee, consisting of Jim Elder, Clyde Hancock, Paul Brooks and Charley Hill, office manager on November 7 and selected the following 1963 A.C.P. Practices:

A-2 Establishment of a permanent vegetative cover for soil protection.

A-2a. Establishing a Sorghum or Millet Litter preparatory to seeding perennial grasses or legumes.

A-2b. Permanent Grasses.

B-7. Construction pits, or ponds for livestock water as a means of protecting vegetative cover or to make practicable the utilization of the land for vegetative cover.

C-1. Establishment of permanent sod waterways to dispose of excess water without causing erosion.

C-4. Constructing terraces to detain or control the flow of water and check soil erosion.

C-5. Constructing diversion terraces to intercept runoff and divert excess water to protected outlets.

C-12. Reorganizing arm irrigation systems to conserve water and prevent erosion.

C-13. Leveling land for more efficient use of irrigation water and to prevent erosion.

C-15. Lining irrigation ditches to prevent erosion and loss of water by seepage.

E-1. Stubble mulching to improve soil permeability and to protect soil from wind and water erosion.

E-3b. Contour listing, contour chiseling, cross-slope chiseling, or listing or chiseling not on the contour for wind erosion control.

E-3c. Control of bindweed (*Convolvulus arvensis*) as a necessary step in the control of wind erosion.

Also, the committees decided, "We will again have a \$500 A.C.P. farm limit in Castro County with the State limit being \$1000. We will begin accepting applications for cost share practices under the '63'."

Questions And Answers On Sabin Oral Polio Vaccine

Q. Who should take this vaccine?
A. All persons residing in Castro County. This includes everybody, from babies to senior citizens.

Q. When will the program start?
A. The first date is Sunday, December 2.

Q. What will happen at the Clinics?
A. Each person will be given a dose of Type I Sabin Polio Vaccine—two drops of vaccine on a sugar lump.

Q. What will this cost?
A. A donation of 25 cent to help defray the cost of the program is being requested for each of the three doses of oral vaccine. Everyone will be immunized whether he contributes or not.

Q. What time may I go to the Clinic?
A. The clinics will be open from 1:30 until 6:00 p.m. It will take you just a few minutes to get your vaccine.

Q. I have had the Salk polio injections. Should I take this too?
A. By all means! While the Salk Vaccine was a very important step, this vaccine provides more complete protection for a longer period of time. Sabin vaccine also prevents you from being a carrier of the dread virus. This means protection for the whole community because the virus can be eliminated from the area.

Q. Is there any danger in taking this vaccine?
A. It has been given to millions of people here in the United States as well as millions elsewhere in the world. There have been no reactions in all of these people.

Q. What about pregnant women?
A. They should take the vaccine. It will protect them, without causing them any trouble, and it may give temporary protection to the newborn.

Q. If I am sick, should I take the vaccine?
A. If you are troubled with vomiting or diarrhea, it would be better for you to take your vaccine at a later date.

Q. I am a diabetic. Should I take the vaccine? What about the sugar lump?
A. Diabetics, like all others, should begin accepting applications for cost share practices under the '63'.

Q. Who recommends the Sabin Oral vaccine?
A. The National Institutes of Health, the Surgeon General of the United States, The Tierra-Blanca Medical Society, and your family doctor.

Q. Why can't my family doctor give the vaccine?
A. He can. However, due to the difficulty of handling and storage, the physicians of Castro County have agreed that a mass immunization program should be undertaken.

SENATOR RALPH W. YARBOROUGH, left, receives from President Kennedy a pen used in signing into law the Senator's bill for a National Seashore Recreational Area on 81 miles of Padre Island, which lies off the Texas Gulf Coast. Senator Yarborough introduced the first bill for a Padre Island National Seashore in 1954 and it was successfully passed by both Houses of Congress this year. In the center is Congressman John Young, who with Congressman Joe Kilgore, was a House sponsor of the Padre Island bill. At right is Vice President Johnson, who also attended the signing ceremony at the White House.

take the vaccine. The sugar lump contains 9 calories, so it will not upset the diabetic. If you wish, the dose can be given to you directly from a dropper.

Q. Does the vaccine taste bad?
A. There is no taste to it.

Q. Will this one dose give me complete protection?
A. This dose will give protection to Type I only. Type III and Type II will be given in the winter.

Q. Who is sponsoring the clinics?
A. The Tierra-Blanca Medical Society.

Q. Who recommends the Sabin Oral vaccine?
A. The National Institutes of Health, the Surgeon General of the United States, The Tierra-Blanca Medical Society, and your family doctor.

OUTDOORS IN TEXAS

By Vern Sanford
Many of the smaller fishing lakes of Texas are Chamber of Commerce projects built for multiple uses.

Typical is Oak Creek Lake in Central West Texas near Bronte. Actually, this lake was planned by the Sweetwater Board of City Development, a tax-supported Chamber of Commerce.

It was undertaken when the Gulf Oil Company, which had a refinery at Sweetwater at that time, told of its future water needs.

Already there were several small lakes around Sweetwater, mainly the city's municipal water supply. But Sweetwater is in the low rain belt so it was evident that this lake, plus Lake Trammel and the Santa Fe lakes—all small impoundments—could not take care of future water needs.

Besides that, Sweetwater residents had to travel too far for their fishing!

Accordingly, in the late 40's right after the end of World War II, talk began about a new lake. Engineers were brought in. They said the best chance was in Oak Creek.

But Oak Creek was on the other side of the Callahan Divide and in the Colorado watershed. Sweetwater was in the Brazos watershed. Naturally some of the local residents protested that it would be too costly to pump the water up over the divide.

Engineers, however, soon proved this was a wrong philosophy. And work began! The dam was completed in the early 50's. It was still a small lake, compared with Whitney or Buchanan, but its 2,000 surface acres, backed up into dry creeks and canyons, provided a lot of good fishing water.

The city offered leases around the lake or campsites, and developed several recreational areas. Texas Game & Fish Commission charged a small fee for fishing, having an understanding with the state that this money would be plowed back into lake development.

As a result, Oak Creek today is one of the better fishing lakes in the state. It is particularly good in the old Oak Creek bed, where huge pecan trees still stand.

The Game & Fish Commission has done some selective fish kills on the lake to rid it of rough fish. It usually takes out a lake after a few years.

During the past year the water level of the lake suffered greatly because of the lack of rain. But now there is plenty of water and during the winter months Oak Creek Lake will afford excellent fishing and duck hunting.

Although black bass are mostly sought after in this lake, it also is a good catfish lake, and has plenty of bream still remaining in one of the tructure of the old highway bridge across the Oak Creek portion of the Lake. Here of course, is a good spot for fisherman to operate.

This is an interesting lake to fish. There are numerous access spots around its shore.

There are several oil wells pumping on the banks of the lake, but every care has been taken to prevent pollution of the waters.

Boaters can go several miles back up Oak Creek when the lake is filled, fish among the fallen trees and have excellent luck on bass. The channel also is fine for catfishing.

There are good camp sites around the lake. For this reason many families from West Texas use the area as their recreation grounds.

Although most of the permanent type camps around the lake are

owned by Sweetwater residents, many of them have been built by other West Texans. Here is a good lake in a West Texas area where there are no larger lakes. Thus it becomes virtually an ocean.

So the activities of a civic organization, with the help of the municipality and industry, have created another West Texas playground.

Oak Creek Lake can be reached over paved highways from Sweetwater, Abilene, San Angelo and Coleman.

It is a real nice place to spend a very pleasant week-end and to enjoy some good fishing.

Scouting has contributed to a physically strong nation through fifty-two years of rugged training, hiking, Scouting trails, camping and swimming.

From its earliest days Scouting has pioneered in "learning by doing".

Hart Basketball Girls Win Games

Basketball season is starting in Hart as the girls scrimmaged Farwell again, last Monday night. In this game, the girls defeated Farwell 29-9.

High Point scorer for Hart was Connie Popejoy with 12 points. Second high scorer was Connie Bailey with 10 points and third high scorer was Dixie Kendrick with 9 points.

The girls' basketball team scrimmaged Springlake, last Tuesday night. Hart won 57-37. Connie Popejoy was high point scorer with 23 points. Connie Bailey game in second with 18 points and Dixie Kendrick was third with 14 points.

Coach Nicholson says, "I'm pretty well satisfied with the hustle and spirit of the team." He commented, "However, we need a smoother team all the way around."

The girls' team scrimmaged Canyon, Monday night. Both boys and girls will play Olton, Tuesday night. Thursday night, the teams meet Farwell, there, 6:30 p.m.

Regular season play will begin November 20.

Mrs. Meachem Honored at Shower

Mrs. Wayne Meachem, the former Donna Beyer, was honored at a bridal shower Wednesday afternoon in the home of Mrs. Carl Kemp. Guests were greeted by Mrs. Kemp and presented to Donna, her mother, Mrs. Hugo Beyer, the groom's mother, Mrs. Roy Meachem, his grandmother, Mrs. Fairy Billings of Littlefield, Mrs. George Bradford and Mrs. Billie Graham registered the guests. Mrs. W. E. Beecher and Mrs. G. L. Willis, jr. served the cake and coffee from a table covered with a pink applique organdie cloth. Silver and crystal appointments were used.

The centerpiece was an arrangement of pink roses, snapdragons and white candytuft. Out of town guests were Mrs. Dick Edwards and Mrs. Clarence Davis of Littlefield and Mrs. Percy Lamar and Marie of Crosbyton.

Hostesses assisting Mrs. Kemp were Mesdames L. M. Buckmaster, J. E. Taylor, H. W. Golden, Charles Vaughan, O. T. Vardell, G. L. Willis, jr., Bruce Taylor, George Bradford, W. J. Baldrige, Cecil Crum, Cisco Cathey, Sid Sheffy, P. O. Goodwin, W. E. Beecher, Walter Walker, Ben Smithson, Ronnie McGuire, Dent Bradley, Woodrow Nelson, Melvin Summers, DeRoy Cates, Billie Graham, George Blanton, Rayphard Smithson, M. F. McRee, Rex Love, and Robert Matthews of Plainview.

It is a real nice place to spend a very pleasant week-end and to enjoy some good fishing.

Mrs. Foushee Receives Burns in Flash Fire

Mrs. Jim Foushee, the former Shirley Moore of Dimmitt, recently received 2nd degree burns on her right arm when fat in a frying pan caught fire. Mrs. Foushee rushed to the door with the pan when the flames, fanned by the wind, engulfed her arm burning it severely. She received treatment at a hospital and is gradually improving. Mr. and Mrs. Foushee lives at 5418-44th St., Lubbock. Mrs. John Moore of Dimmitt has returned home after spending the past two weeks with her daughter.

Governor Daniels Asks for Transfer of Authority

Transfer of Authority—Gov. Prie Daniel wants regulatory control over radioisotope used in Texas vested in the State Health Department.

On behalf of the State he has asked the Atomic Energy Commission to transfer control to the health Department "as soon as possible."

Included in the Governor's request is the licensing and regulation of by-products, source and special nuclear materials.

Hopes To Expand—Some 50 top general aviation leaders have asked the Texas Aeronautics Commission to expand its program of improving small airports and giving safety instructions.

Commission Chairman Paul M. Fulkus of Wolfe City pointed out that the commission's problem lies in the more than \$20,000 accruing monthly from unclaimed aviation fuel tax refunds.

Shelby M. Kritser of Amarillo, vice chairman of the commission, said authority is needed from the legislature to spend the money.

An estimated \$100,000 annually is needed to assist dozens of small airports in the state.

Tourists Traffic Rising—Reports to the Texas Highway Department indicate tourist traffic into the state is on the rise. Travel promotion is credited with ending the five-year decline.

Governor Daniel says his mail gives two good reasons why folks like to tour Texas: a fine highway system and the friendliness of Texans.

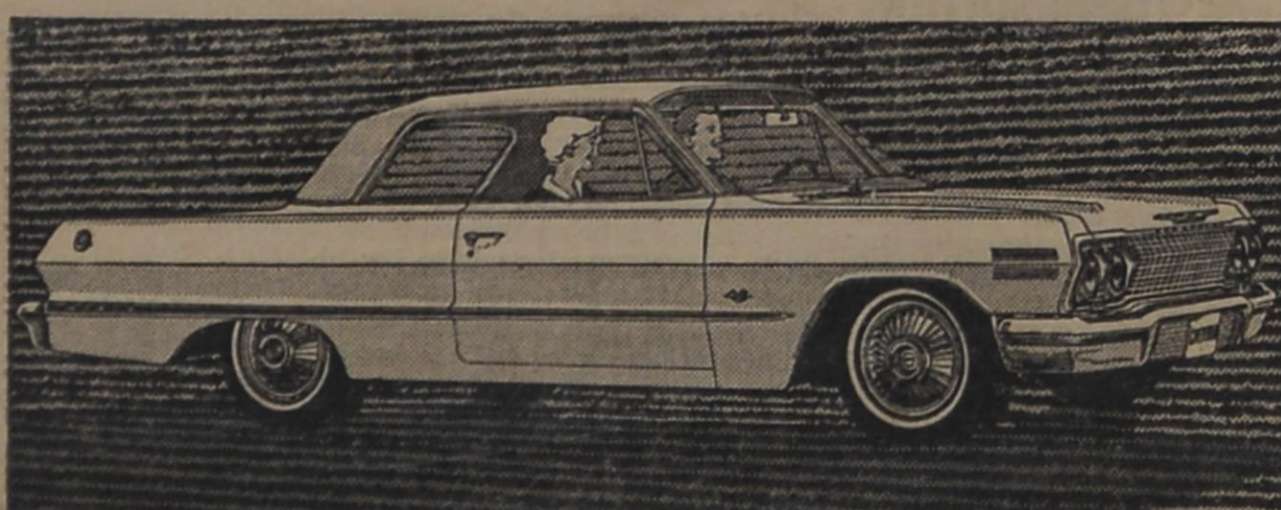

Literally billions of Good Turns little ones and big ones—have been done by individual Boy Scouts since the first one in 1910.

From pure luxury to pure performance, your Chevrolet dealer's One-Stop Shopping Center covers all the bases!

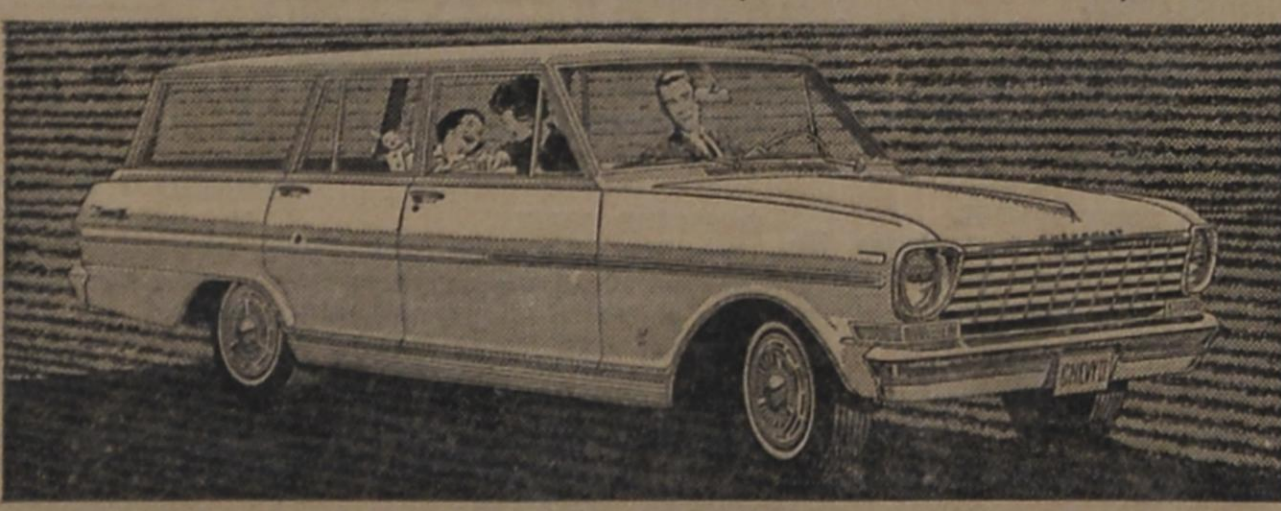

How's this for variety? The Jet-smooth '63 Chevrolet, luxurious enough to beat more expensive cars at their own game (and less upkeep, too, in the bargain) . . . the new Chevy II, all spiffed-up to make saving more fun . . . a new 150-hp Spyder package (optional

at extra cost) that makes the sporty Corvair Monza second only to the all-new, all-out Corvette Sting Ray for exciting going. With four entirely different kinds of new cars like these to choose from, you can see why just picking your '63 Chevrolet is a ball by itself!

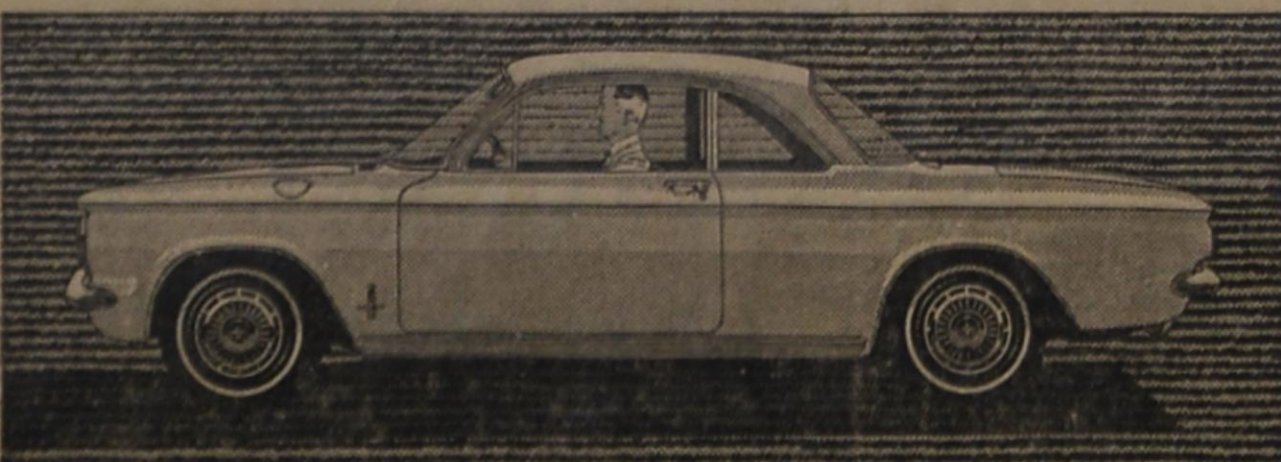

The make more people depend on

Dimmitt Go-Getters 4-H Club presented a special folk dance number for the evening. This group was under the direction of club leaders, Mrs. Edd Mc Leroy and Mrs. Joe Benson.

Adult leaders were recognized by Dennis Cleaver while Debra Summers and Victor Gene Hughs presented the certificates. Adult leaders were: First Year - Mrs. Edd Mc Leroy - Organization, Mrs. G. L. Willis-Fodds, Mrs. Hugh Evans-Clothing, Mrs. Noble Howard-Clothing, Mrs. Donald Adsm-Clothing, Mrs. Harold Durbin - Cloting, Bob Sheffy - Tractor, Raymond Annen-Tractor, Edd Hughs - Organization, Mrs. Bob Sheffy-Safety, Rita Witkowski - Cloting, Paul Redwine-Crops, M. L. Simpson - Organization, Lon Brockman - Organization, and Bill Simpson-Livestock.

Second Year adult leaders were: Joe Smith - Livestock and Mrs. Clark Andrews - Clothing. Third year leaders were: S. R. Hutto-Livestock, Leonard Conrad -Livestock; Mrs. Robert Huseman - Organization; Mrs. S. R. Hutto-Organization; and Leo Witkowski - Safety.

Fourth Year leaders were: Mrs. Glen Render - Clothing, Mrs. Edgar Vinson - Fodds, Mrs. Frank Robbins - Fodds, Mrs. Calvin Petty - Fire Prevention, Calvin Petty - Fire Prevention, Mrs. Floyd Cole-Organization, Rodney Smith-Tractor, Merton Powell - Tractor, and Mrs. Bill Summers - Clothing.

Mrs. Joe Smith - Organization was a leader for six years. Mrs. Leo Witkowski - Organization was a leader for seven years while serving her eighth year was Mrs. Emil Huseman - Clothing.

A certificate or seal was given to the 4-H Clubs who met certain RED seals were presented to Frio 4-H Club received a certificate-RED seals were presented to Frio 4-H Club, Jumbo 4-H Club, Nazareth 4-H Club and Flag 4-H Club. Mulekey 4-H Club received a purple seal.

Judge Raymond Wilson named the 4-H Gold Star Boy and Girl of Castro County for 1962. Receiving the award were Virginia Huseman and Dan Petty.

Dan Petty and Carol Robbins gave the 4-H Club members their year pins. Receiving First Year Pins were: Byron Hutto, Russell Bra Hochstein, Raymond Huseman, Sheffy George, Susan Benson, Kathy Markley, Marilyn Mc Leroy, Debbie Wilson, Diana Adams, Sammie Vinson, Mary Ann Vogler, O. R. Hughs, Vicki Vaughan, and Nancy Howard.

Receiving Second Year Pins were: Mickey Simpson, Debbie Curtis, James Edd Hughs, Brock Merritt, Terry Huseman, and Arlie petty.

ED BENNETT (left) of Hart, Secretary-Treasurer of the Grain Sorghum Producers Association discusses grain sorghum price and availability problems with Keith Barrett (right), Chief Economist of J. Bibby & Sons, Liverpool, England, and Bill Dean, Manager of Uhlmann Grain Company, Amarillo, in the company's Commodity Exchange. Mr. Barrett had complained to Mr. Bennett through the GSPA that reliable grain sorghum price information was virtually non-existent in England.

LETTERS TO THE EDITOR

Dear Editor,
I was born and raised in Dimmitt and have known most of the election judges since childhood. I as well as you know that none of them would be dishonest.

The election judges were appointed in February. Since this was before the primaries there were no registered Republicans. The election officials chose the election judges who, as you said, had served for several elections.

Since the Republican party is in its first year here we wanted as much as the Democrats to be a part of this election. This we did by legally appointing supervisors. The supervisors were welcomed by most judges, and in some precincts were sworn in as clerks.

I hope that in the future the readers of Castro County will be able to read items written with a more understanding attitude, and as you wrote "Lets all reaffirm our confidence in each other".

Respectfully,
Jimmie Singer

Nazareth Conducts Annual Bazaar For Thanksgiving

The annual Thanksgiving Bazaar will be conducted at Nazareth, Thursday, November 22. Entertainment for everyone will begin at 2 p.m.

A turkey dinner will be featured at all the trimmings starting at 5 p.m., and continuing until all have been served.

Tickets are \$1.25 for adults and \$0.75 for children under 12. Preschool children will be admitted free.

There will be a dance in the evening with music by the Parnandle Playboys from Slaton.

REHEARSAL

Roy Love was in Amarillo Sunday afternoon rehearsing a play to be presented soon at the Little Theatre. Gary Wyatt is also a featured actor in the play.

VISIT PORT ISABEL

Mr. and Mrs. J. R. Brown, Zonell Maples, and Bernard Brown are visiting Mr. and Mrs. H. H. Humphries in Port Isabel. They will return, Sunday.

Hawaiian trip

Mr. and Mrs. Eugene Morton have returned from a trip to Hawaii where they visited his sister in Honolulu. They visited with her relatives in San Francisco, California.

ATTENDED TEA

Mrs. Robert Singer and Mrs. W. L. Alexander attended a tea Friday afternoon in the home of Mrs. Ira Scott of Hereford. The tea was honoring Mary Geneva Deefur, bride-elect of Porter Wayne Johnson.

VACATION IN N.M.

Mrs. Ann Singer is in Truth or Consequences, N.M. for a few days vacation.

ATTENDS FUNERAL

Mr. and Mrs. Robert Singer and Mrs. Alexander attended funeral of a friend, George Le Grande, in Hereford Friday.

HERE FROM CALIFORNIA

Mr. and Mrs. Boyd Lunsford of Rudley, Calif. are visiting their daughter and family, Mrs. Olene Hutchinson this week.

Ed Bennett Discusses GSPA With Englishman

\$2.68 a hundred for grain sorghum! That's what Keith Barrett, Chief Economist with J. Bibby & Sons, feed manufacturers of Liverpool, England, pays for it to mix with his company's livestock and poultry feeds. Ed Bennett, Association Secretary-Treasurer and farmer of Hart, along with Association staff members, last week showed Mr. Barrett grain sorghum production, marketing and use in the High Plains. The British visitor was particularly interested in establishing new lines of information relative to grain sorghum price and availability for use by his company as it plans its long-range feed purchases from the world market.

England and the other United Kingdom countries imported over 400,000 tons of grain sorghum from the United States last year but this level dropped to 43,000 tons during this year. Barrett pointed out that his and other feed compounding companies had not turned against grain sorghum but that during this period sales policies of the Commodity Credit Corporation in the United States made U. S. Corn more favorably priced to them than other feed grains including milo.

Bennett assured the visitor that the GSPA farmer members are concerned over the British problems of obtaining grain sorghum and that efforts are under way to assure that the lower price in relationship to corn received by farmers will be maintained through the marketing channels to the ultimate buyer at home or abroad.

In other grain sorghum business Bennett also attended the annual meeting of the Kansas Wheat Growers in Dodge City, Kansas along with Nolan Chandler, Agricultural Assistant of the Association. Bennett pointed out that the Wheat Growers are very interested in forthcoming legislation affecting grain sorghum and other feed grain that with the current wheat program, there are strong relationships between the two commodities.

Mr. and Mrs. Morgan Dennis recently spent a week-end in Dallas with their son, Dr. Douglas Dennis and wife.

AMARILLO VISITORS

Mr. and Mrs. F.G. Brown visited their daughter and family, Mr. and Mrs. Fred Cagle in Amarillo recently.

ATTEND FUNERAL

Mr. and Mrs. Edgar Ramey went to Fort Worth Monday to attend funeral services for her nephew, who died following a stroke while bowling.

Couple Plans Early December Wedding

Mr. and Mrs. Curtis Beavers of Bethel Community announce the engagement and approaching marriage of their daughter, Nita Alene, to Gerald Lee Thomas of Dimmitt. The state constitutions member 9 in the home of Mr. and Mrs. Curtis Beavers.

Sharon Flynt Honored With Birthday Party

Sharon Flynt was honored Friday night, November 9 with a birthday party.

Sharon and guests were treated with supper at the Dimmitt Steak House after which the girls attended the football game. Returning home, the group sang songs, played games, and listened to Janice Mooney on the piano.

The girls remained awake the entire night for a slumber party. At 5 a.m., they rolled Amarillo papers and threw them on the route. They enjoyed Spuddies and milk in the Spudnet Shop at 6 a.m.

Attending the party and spending the night were Carla Robertson, Cindy Morris, Karen Birdwell, Janice Mooney, Linda Bradley, Cindy Hopson, Vicki Lawson, Nell Wood, and Darla Underwood. Attending the supper and games were Elaine Davis and Janne Dameron.

BIG VALUE
Your telephone is a bigger value today than ever before. Besides reaching more people by telephone every day, improvements in service also add to its usefulness. Consider convenience—the time, effort and money-saving advantages of your telephone—you will still find that nothing else gives you so much for so little.

OFFICIAL PUBLICATION OF DIMMITT HIGH SCHOOL STUDENTS

NUMBER 11

Bobcat Tales Staff
Editor in Chief - Cheryl Walker
Reporters: Tom Bob Moss, Carolyn Godfrey, Lynda Dodd, Gary Morrison, Glenda Minchew, James Riata, Sharon Odum, Georgene Blanton, Pam Dollar, Jerry Morris, Kitty Robinson, Ina Messenger, Kaye Williams, George Wall, Carolyn Holcomb, Sports Writers, Gaynell Tate, Harley Wilke

Coach Hopeless Of Defeatist U. Address Alumni
Harry Hopeless, coach of Defeatist U., the country's losingest football team—they've lost their last 30 games—addressed a dinner meeting of the University Alumni here last night prior to the big game with the school's traditional rivals, Traditional State. Coach Hopeless told the Alumni Group, 'Good evening, gentlemen, I guess you all want to know one good reason why we lost last week. Well, I can give you 11 good reasons and that was just the first string. The reason we've had such a bad season is that I have no material. I had to spend a lot of time on fundamentals. It took four weeks at the start of the season to teach the men how to get into their uniforms. Some of them still can't dress themselves. Now there's one thing I want to get straight. There have been rumors that the players are making bets on our games. That's not true, they're taking bets. That will explain why the boys carried me off the field last week. I think you'll be glad to hear that I have a new play for the boys. Unfortunately, it involves seven passes—and four laterals—off of three reverses. That's just in the huddle. After the coach made his speech, our State News reporter got this exclusive interview with him. Reporter - Coach Hopeless, you've lost 30 straight games. What is one thing that made you lose all those games? Coach - The score. Reporter - Coach, last week you lost to Norte Dame 90-0. How can you explain that? Coach - Norte Dame had a bad day. Reporter - Coach, I've heard you were working on a new trick play that you call it? Coach - The forward pass. Reporter - Is it true that once you painted football on all the jerseys? Did this trick work? Coach - No, the other team painted goal posts on the jerseys and our boys kept running into them. Reporter - Even though you've lost all your games, your team, morale is good—how do you account for that? Coach - I lie to them about the score. Reporter - You married a cheerleader. What is it like? Coach - Noisy. Reporter - Thank you, Coach, and we'll see you next year, we hope. Since you've laughed at this little conference just think—could you be reading about the Bobcats? Could that be Coach Covington talking to that reporter. This scene could be happening in Dimmitt very easily. If this scene was to happen it would be your fault. Yes, your fault. Our team could be losing because of the lack of your participation and lack of spirit. Are you one of the guilty people who always look like knots on longs at a pep rally or a game? If you don't participate at pep rallies or at the game it is one good way of showing our boys that you don't care if they win or lose. If you are for the boys to win, show them. Get out and back your team. And really prove to them that you're behind them 100 per cent.

Teacher of the Week
What do teachers think a principal's job should be? Do they expect him to be a master organizer or a combination of policeman and judge? Should he be a 'Mr. Fixit' in a constant state of readiness to dash toward the most urgent emergency? The primary job of a principal is to be a leader in improving the school in every possible way. He suggests new ideas, recognizes needs, identifies problems and take the lead in finding ways to solve them. Good evening, gentlemen, I guess you all want to know one good reason why we lost last week. Well, I can give you 11 good reasons and that was just the first string. The students of Dimmitt High School could not ask for a better principal than Mr. Alvis Dwane Fuquay. Mr. Fuquay was born in Mount Vernon, Texas. He attended Hopewell Elementary School and the Mount Vernon High School. He holds the Master's Degree from East Texas State College. In Seagraves, Texas, Mr. Fuquay met Miss Mary Sue Danquay like to Miss Mary Sue Danquay. They were married in Ranger, Texas. Mr. Fuquay likes to travel and visit relatives throughout the state while on his vacation. His hobbies are fishing and all types of sports. He moved to Dimmitt in the summer of 1952. One thing that Mr. Fuquay hates to see is the capable people always appear on the failing list.

Personality of the Week
Friendship has a glowing light. That seems to travel around. And friendship should be treasured. Wherever it is found. It's not considered precious. And can be taken away. So if you want to have a friend, try being a friend today. This little poem partly describes the personality of a son born to Mr. and Mrs. Floyd Stanford born in Plainview, Texas, on December 19, 1943. Johnny's dark blond hair and his blue green eyes help him make new friends each day. There is not a person in high school who does not know of the wonderful personality of Johnny Stanford. His favorites are: color - blue car - 62 Chevrolet Impala Sports food - Italian movie - Spartacus actress - Sandra Dee actor - John Wayne singer - Brenda Lee song - "Summer Place" Johnny has two hobbies which he enjoys very much. They are: going steady with Janet and playing football. Johnny is on the main line-up for the Bobcats and is a member of the Future Teachers of America. Johnny stated that there are several types of people that make him mad. They are the people who know everything and the ones who are condescend. Johnny is a senior who plans to get married and work his way through business college after graduation.

Senior of the Week
Mr. and Mrs. J. W. Godfrey had a happy moment in their lives on July 13, 1945. Their small daughter, Carolyn, was born. Carolyn is well known to us by her friendly work, which is shown by the fact of her being elected Friendliest her junior year. Carolyn is also President of Lyre Club and has been a member of the band for four years. Carolyn may be known to us by her singing ability. She sings in the senior trio and is F.H.A. songleader. Did someone say something about a cowgirl? Oh yes, it seems as if Carolyn was elected best dressed cowgirl her senior year. She considers "Imitation of Life" her favorite movie and she enjoys movies in which Troy Donahue and Sandra Dee are starring. In the field of music, she prefers Andy Williams singing and the song 'A D-I-A'. In the line of cars, she likes Oldsmobile? But when it comes to colors, she likes chek. Her favorite food is fried chicken. Carolyn plans to attend W. T. after graduation and major in Elementary Education.

North Grade School News
The Social Studies Club had a meeting November 6. At the meeting, they had a nice program on How Elections are held. It was given by Allan Webb's father. A small election was held to help them better understand our national and local election system. The Science Club met Tuesday, November 6. The meeting was an interesting program on plants. Next week, they are going to have a program on some phase of chemistry. In the fifth and sixth grade classes, a room check is being conducted by the Student Senate members. Mrs. Smith's fifth grade class won last week.

South Grade School News
Mrs. Prather's first grade class wish to thank the mothers who gave them the lovely Halloween Party October 31. Mrs. Caudle and Mrs. Beecher served cup-cakes and chocolate milk. Mrs. Truman's room made a weather chart and has been placing pictures on it everyday to suit the weather. Miss Radke's room has a new student, Judy Flores. Harley Wilke's Ideal Girl

Senior of the Week
F. F. A. Meeting
The Dimmitt F.F.A. chapter met on Tuesday, November 6. At this time, Kent Gabel said that the chapter must select a chapter sweetheart. They nominated several candidates and voted on them. The girl chosen as the F.F.A. sweetheart was Miss Carlanne Calvert. The next item of business was to decided on ways of making money for the chapter. The decision reached was to sponsor a magazine and mix nut sale. Mr. Dowdy stated that we should have a sale on lightning guards and at Christmas have a turkey shoot. Kent Gabel, the presiding officer, selected committees to get information on these sales and to report back at the next meeting. After the business was transacted, the meeting was adjourned.

The Burma Surgeon
In the remote wilds of northeast Burma, Dr. Gordon Seagrave was carrying on his own war fighting misery, death and disease as a missionary doctor in a small village. The book The Burma Surgeon tells of his setting up a hospital in a frame building and the hard times he had. After World War II he wrote a book—My Hospital in the Hills telling about his adventures with his hospital. You will certainly find this book very interesting.

Student Senate News
The Student Senate met November 7, with Mike Burkett presiding. Roy Battles gave a financial report. After paying the bill at Seales Florist, the treasury of the Student Senate now contains \$105.08. Larry Scoggin was appointed to service the paper machines. An executive council meeting of the Pep Club and the Student Senate to discuss the lack of school spirit was scheduled November 8. There will be approximately 13 students going to the convention at Seminole, Saturday, November 10. They will leave at 5:30 a.m. A motion carried that the members have a block vote and decide if they will run for secretary of the S.P.A.S.C. that day. There being no further business, the meeting was adjourned.

Around The Campus
The Executive Council of the Student Senate met with a committee from the pep club to discuss the school spirit. Several different plans were discussed to boost the spirit. One plan which was carried out Friday was to pass notes to the football boys. The notes were to let the boys know that everyone is behind them personally. Other ideas were discussed, but they are to be kept secret so they will have more effect.

Lost And Found
Lost - A tan leather jacket belonging to La Nell McClemmey, A band jacket belonging to Sue Boothe. Found - A black knit sweater, a pair of white pearl earrings, a senior charm, several scarves, a band jacket belong to Jo Lynn Harman

Meanest - Gary Calhoun
Most likely to succeed - Jim Axe

Heed and Take Notice
A new aid to learning has been introduced into our school. All signs indicate that if it catches on, it could replace all the electronic devices called "Teachers." This new replacer is called the BUILTIN ON-the-beam Organized Knowledge. There are no wires to short circuit, and it is so simple even a child can operate it. It fits nicely into the hands of anyone, and it can be used in your spare time. The name was so hard to say, it was shortened to BOOK. BOOK is made up of a large number of pages covering a series of information which has been written down by an expert on such matters. Each page is numbered and is fastened together by strong device called a "Blinding." The information is presented in the form of symbols and letters which he must translate with the aid of his brain. When the information on one page has been grasped, the user simply turns the page and proceeds to devour the next page in the same fashion as the preceding one. Get one of these new devices and learn to operate it. Although it is new in its field, we predict a great future for it and its originators.

D. H. S. Can Boast of Outstanding Teacher
Wednesday night unsuspecting Inez Robinson boarded a bus for Austin Texas to the Science Teachers Conference. She registered along with 700 other math and science teachers on Thursday afternoon. Later that night she went to a meeting with several other "mad Scientists" and heard a very interesting lecture by Dr. Gorsline of the University of Southern California discuss "The Fields of Oceanography". Bright and early the human computers attended a general meeting and again listened to lectures. Mrs. Robinson tore herself away from her chums long enough to go to a work session on Recent Advances in Physics. Later at a luncheon for the Science Teachers of Texas the unsuspecting Mrs. Robinson was called to the head table and she was announced to be the OUTSTANDING BIOLOGY TEACHER FOR THE STATE OF TEXAS. Amidst loud applause she walked in front of the science teachers and accepted the plaques for the award. One for these plaques is for the school which anyone can observe hanging soon. After such an exciting morning Friday afternoon was spent in lectures. Friday night a formal banquet was conducted and the speaker was a director of the Geotechnical corporation of Garland. Saturday morning she attended lectures on PSSC Physics, BSCS Biology and New Aids in Science Teaching. Her trip was concluded by a visit Susan Yout's in Waco. At present our wonderful Biology teacher is teaching physical Science, Chemistry, and Physics. We should be really proud of her.

Jane Cleavinger Has A Birthday Party
Thursday night was just like any other night for basketball except for Jane Cleavinger. I'm sure everyone wondered why Coach Culpepper kept hawking around after workout. When Mrs. Cleavinger walked in with a white coconut cake on a tray with gold colored flowers around it, and everyone started singing "Happy Birthday," Jane realized just what was going on. With a red-faced and tear-filled eyes the sixteen year old sophomore sat very low in her chair everyone wished her Happy Birthday. Jane made everyone's wish come true as she blew out the candles. When the cake was cut and the punch was poured everyone just sat around and talked. Although her birthday was not Thursday night she had a very eventful evening. We are a little slow since her birthday was last Friday but we, the journalism class, would like to wish her Happy Birthday and many more.

Co-ed Wins Beauty Contest
Suzie Davis has again made the news by winning another beauty contest. She is now holding the title of Miss Thermo Jar of West Texas. She entered the contest on October the 20 with two friends, Glenda Minchew and Pam Dollar. The girls went to Amarillo to enter the contest and spent part of the time there picking out the outfits they wanted their pictures made in. When the picture-taking was over, the girls modeled the clothes in the restaurant at Colbert's where the contest took place. Suzie's picture was chosen from many photos of the girls who had entered the contest. Her prize consisted of any Thermo-Jac outfit she wanted up to 25 dollars. As you know, Suzie was also runner up in the Miss Grain Sorghum of the Nation contest that was held here in Dimmitt.

7636 Glendale Scene Of Excitement
Saturday morning about 11:00 a white Chevy pulled up at 263 Glendale. A few seconds later bright and blonde Susan Youts came running out of the house to see the Robinsons. After much excitement and much more taking the girls (Kitty and Susan) drove over to Baylor and looked at the beautiful campus. Then they dressed for the Baylor-Texas game. While they were enjoying the game they had a little company. It seems as though one of Susan's close friends, Ronnie, drove up in his 63, white Comet convertible and they yelled for Baylor while Kitty and Tommy yelled for the winning Texas University. By the time the game was over Mrs. Robinson was in from her trip to Austin and everyone listened to an account of her trip. Saturday night Jennie, Kitty and Susan went to get a coke and before it was over it turned out to be a very exciting coke. They drove around at Waco and enjoyed showing Kitty what it is like in the city. When they made it home they were supposed to go to sleep but they spent most of the night catching up with happenings at Dimmitt. One of the important features of Susan's room is a large calendar with November 22 circled on it. An of the days are crossed off until the 22. Because that is the day Susan will get to come home and stay for the holidays.

THE CASTRO COUNTY NEWS IS AN INDEPENDENT DEMOCRATIC NEWSPAPER DEVOTED TO REPORTING THE NEWS AND REFLECTING THE OPINIONS OF THE PEOPLE OF CASTRO COUNTY AND THE GREAT HIGH PLAINS.

ENTERED AS SECOND CLASS MATTER IN THE UNITED STATES POST OFFICE IN DIMMITT, CASTRO COUNTY, TEXAS, UNDER THE ACT OF MARCH 3, 1879.

Republicans have turned Texas into a two-party state.

The heavy vote for Jack Cox against John Connally, election of two members to the national House of Representatives and seven members to the Texas House, plus substantial Republican votes in nearly all areas, are being interpreted by many State Capitol observers as meaning that never again will the Democratic nomination be "tantamount to election."

Dallas County elected every Republican candidate for county and legislative office they had on their ballot, and gave Cox a 25,000 vote lead over Connally. Tarrant and Harris were close. Bexar, El Paso, Travis and Nueces, the next four of the big counties, went Demo-

cratic. Unofficial and incomplete returns indicate that Connally carried 204 counties and Cox carried 50. But it was the substantial Cox votes in the 204 counties he lost which makes this election significant.

Connally is conferring with legislators and with state boards and commissions. He will not make complete budget recommendations, since outgoing Gov. Price Daniel is required, under the Constitution, to make budget recommendations to the Legislature in January.

But Connally will make his own budget proposals in his message to the Legislature.

Industrialization, tourism, higher education and water conservation are the areas of state activity

which Connally stressed most in his campaign. He will propose the creation of a Bureau of Commerce to take over tourist and industry-attracting.

The new governor, with a 120,000-vote margin of victory under his belt, said he holds no ill will toward areas which voted against him, that he will be governor for Republicans as well as Democrats.

Main areas where the Republicans ran strong were in the oil areas of West and East Texas, in the major cities, and in the Panhandle. They elected local officials in Midland, Ector, Smith, Dallas, Kerr, Bexar, Pecos, Hutchinson, Zavala and Randall Counties.

Campaigns Too Long—After the longest political campaign in Texas history there is a desire—on the part of many candidates, newspaper reporters who travel with the candidates, and the voting public—to return to the shorter campaign periods.

The old late-in-July, late-in-August and early-in-November voting months were far less strenuous than the present early-in-May, early in June, and early in November dates.

Campaigning in the heat of the summer now is very much preferred over the cold winter months and the long, tedious battle period that extends from December to November.

Don't be surprised if there is a big demand to return to the old election dates. They consumed only about 120 days, compared with this year's long, drawn-out, pace-killing, man-killing, more-than-300 day battle.

Governor-Elect John Connally has been quoted as saying he would favor moving the primary elections to August or September, as they are in most two-party states.

Under the present system the various party organizations close shop during the summer. Then it becomes necessary to re-organize and re-vitalize each setup for the General Election campaign. Here-carry them through to the November election. They got it all done in one big swoop.

Another reason for reverting to the old dates is that the cost of maintaining a long campaign naturally is much greater than the expense involved in a short one.

Island Under Fire—Officials of state and federal government had a heated discussion about land values on Matagorda Island in a preliminary round in the General Land Office.

Main bout will take place during the November 19 session of the U.S. District Court at Victoria, where the federal government has filed a suit to condemn a lease on some 16,000 acres of land on the island.

State of Texas will contest the suit.

U. S. has leased land on Matagorda Island since 1942 for Air Force bombing practice. But when Land Commissioner Jerry Sadler was notified on May 31 that a new 5-year lease was in the offing, he raised objections.

Uncle Sam leases state-owned land there for less than six cents an acre annually. Some of it is subleased for grazing at 25 cents per acre.

In last week's Austin meeting between representatives of the U.S. Department of Justice, the State Attorney General and the Land Office, it was learned that federal appraisal of the disputed property was made from an airplane.

Government appraiser placed a

44-cent-per-acre value on beach and grass land owned outright by the U.S.; Set a six-cent value on some state land; and a zero value on other state-owned property—to reach a 25-cent rental rate.

State land was described as "marshy and boggy," but Rep. Grainger McIlhenny, chairman of a legislative committee on state-owned lands, said he'd like to own "some of that worthless land," which is thought to be rich in mineral value.

Land Office questioned the government's need for all the land it seeks to lease.

An assistant to the U. S. Attorney General replied that U. S. Air Force and Navy bombing and strafing operations were subject to error—both human and mechanical—and simultaneous use by the public and armed forces would be "impractical."

Price Daniel appointed Major General James E. Taylor chairman of a 35-member Texas Emergency Resources Planning Committee.

In answer to a residential request, the committee will plan for conservation and use of essential resources and services at state and local levels in case of nuclear attack, and a temporary breakdown of control of service operations.

James H. Garner, state coordinator of Civil Defense and Disaster Relief, will serve as State Emergency Planning director. Other members of the committee include representatives of government, industry, commerce, consumers' services, labor and agriculture.

Employment Up—Unemployment in the state dropped in September to its lowest level since October, 1959. September showed 155,400 unemployed, compared to 170,100 in August.

Employment increased from 3,471,300 hired workers to 3,472,800. Texas Employment Commission predicted an over-all gain in employment between September and November, with a heavy concentration in non-factory industries.

Fish Creek Dam—The Texas Water Commission authorized a permit to the City of Gainesville to build a \$1,724,143 dam system on Fish Creek, a tributary of the Red River.

Plans for the dam, which was backed by local citizenry 2-1/2 to 1 in a local bond election, will include a reservoir with storage capacity of 23,210 acre feet, supply pipeline to town, and a filter plant. Surface water will be used with water from Trinity wells until the well supply dwindles. Then the reservoir is expected to supply all water for a population expected to reach 24,000 in 1995.

Talking Books—Only about 10 per cent of the estimated 25,000 blind people in Texas are taking advantage of a free service just for them, said Dr. Dorman H. Winfrey, director of the Texas State Library.

Winfrey said that this 10 per cent "read" about 56,467 talking books last year. But he estimated that the books which are recorded on phonograph records would be read by 10,000 if they were told about them.

The state library circulates both talking books and Braille, free of charge, including postage, to any eligible blind person. Inquiries about eligibility should be sent to the State Commission for the Blind, 201 East 14th Street, Austin.

Optometry Rule Challenged—An attorney for Texas State Optical accused the State Board of Optometry Examiners with passing a rule unrelated to optometry when the board met with the House Committee on State Licensing and Examining Boards.

House committee is in the process of checking the efficiency of operations of each of Texas' 24 state licensing agencies.

Rule challenged by attorney Quentin Keith would prevent optometrists from practicing under a trade name, and force an optometrist to be in his office 50 per cent of the time he's open for business.

Disputed rule—approved in December, 1959—has never gone into effect because of a restraining order Lee Optical filed three days after its passage.

Injunction is still effective, since the suit has not come to trial. Council hired an executive vice-president, Bill Stinson, a member of governor-elect John Connally's campaign staff.

Stinson, former public relations director for the Gunter Hotel in San Antonio, will open an office in Austin soon.

Farm Income Down—Between 1929 and 1961, farmers' and farm laborers' incomes showed a percentage decrease of 12.8 per cent, according to the Bureau of Business Research.

Percentages are up in mining, contract construction, manufacturing and retail trade, but down in transportation, property income and retail trade, but down in transportation, property income and proprietors' income.

Daniel picked 31 state officials, historians and East Texans to study the feasibility of a state park in the Big Thicket area.

A report is due by the time the Legislature meets in January.

Taxes and Deficit both Rise—The state deficit has increased despite higher tax collections.

Robert S. Calvert, State Comptroller, reports the general fund deficit stood at \$56,284,799 as of October 31. This compares to \$51,002,099 a month earlier.

Revenue for two months of the fiscal year, started September 1, 1948-56 of the previous year. Spending for the two months was \$278,985,927, more than \$62,000,000 ahead of last year.

Hints Offered On Caring For Killed Game

What kind of reception do you receive, 'Mr. Hunter,' when you take home your bag of game? Does your wife throw up her hands in disgust?

If she does, says Ed Cooper, extension wildlife specialist, the fault may rest with the hunter. The mishandling of game after the kill often makes impossible a tasty preparation job in the kitchen, and the putting of meat on the family table as you would like it.

Immediate and proper bleeding of game animals is most important in improving meat flavor, points out Cooper. The same is true, he adds, for ducks and geese and most other game species. This practice will do much, Cooper says, to remove the strong, gamey flavor which some people dislike.

The specialist recommends field dressing immediately after the kill especially if the weather is relatively warm. The sooner the animal is dressed the better for immediate dressing means fewer chances for meat spoilage or undesirable flavor or odor.

Keep the game clean, advises Cooper. Avoid letting hair, feathers dirt or other trash or debris come

into contact with either a dry or slightly moistened cloth rather than by washing with water, explains the specialist.

If the weather is warm, game should be put into cold storage as soon as possible. If it is held just above freezing for several days, the meat will become more tender and have less of the undesirable 'gamey' flavor. A deer, adds Cooper, should be aged in cold storage much the same as the carcass of a beef animal. Omit the aging process, he says, and your wife will have good reason for hoping you don't bag a deer this year.

Cooper suggests that hunters contact their local county extension office for a copy of B-987, "Game Care and Cooking." Copies are also available from the Agricultural Information Office, College Station, for hunters and wild game cooks. "Texas. It's chuckful of helpful hints."

Champlin L.P.G ENGINE OIL

THE BEST LUBRICATION FOR ALL L-P-G ENGINES!

The rapidly growing use of L-P-G engines calls for a lubricating oil with special qualities. Champlin L.P.G Engine Oil is especially designed to meet these exact needs.

Champlin L.P.G Engine Oil has a special detergent factor that keeps L-P-G engines clean under all operating conditions, removing and preventing engine deposits. It gives extra protection against oil thickening. Special oxidation inhibitors insure free-flowing lubrication. It provides a tough oil film between all moving parts under all pressures and all temperatures. Choose Champlin L.P.G Engine Oil for safer, more economical operation.

Specially Tailored for a special need

Hilburn Awarded Fellowship Grant

Paul W. Hilburn, Jr., son of Supt. and Mrs. Paul Hilburn of Dimmitt, has entered the School of Government, Business, and International Affairs of The George Washington University, Washington, D. C., as the holder of a graduate fellowship from the Texas Orient of the Ancient and Accepted Scottish Rite of Freemasonry, Southern Jurisdiction.

Scottish Rite Fellowships are awarded at the University for the education of young men and women for government leadership. Hilburn is a candidate for the degree of Master of Arts in Government with a major in Public Administration.

He is a graduate of Evant High School, Evant, Texas and received a Bachelor of Arts degree in 1962 from Texas A&M, where he majored in history. He was the Distinguished Military Student at Texas A&M in 1960, 1961, and 1962.

He is married to the former Nancy Shurbet of Tulia.

Gaylord Armstrong (right) visit during a recent luncheon given for George Washington University Scottish Rite Fellows in Washington, D.C. See story.

ASCS Office Releases '63

The following conservation uses are approved for cropland diverted to the 1963 Wheat Stabilization program according to local ASCS office.

Permanent or rotation cover of grasses and legumes consisting of perennial grasses, perennial or biennial legumes or mixtures of legumes and perennial grasses.

Summer or winter cover crops consisting of small grains, (barley, emmer, oats, rye, speltz and wheat), legumes or grasses (including millet and sudan) and including volunteer stands of such crops that are normally seeded in the area. In the case of winter cover crops, seedings may be made in the fall of 1962 or in the fall of 1963 however, other approved conservation uses will be required if necessary to protect the land throughout the 1963 cropping season. (Wheat and barley may be used as a cover crop only when plowed down as green manure or clipped and left on the land before the disposal date specified in the wheat marketing quota regulations. Tree or shrubs planted in 1963 or in the fall of 1962 for erosion control, shelterbelts or other forestry purposes, or for wildlife habitat.

Water storage developed in 1963 or in the fall of 1962 for any purpose, including fish or wildlife habitat.

bitat.

Wildlife food plots or habitat (other than acreages of wheat, barley or rice) when plantings are for wildlife food plots or establishment of wildlife. Corn and grain sorghums will qualify only if planted in small plots and designated for such purpose and approved by the county committee for such purpose prior to planting and no grazing or harvesting other than by wildlife is permitted.

Corn or grain sorghums plowed down as green manure (within 15 days after notice of measurement). However, other approved conservation uses will be required if necessary to protect the land throughout the 1963 cropping season.

Clean tillage carried out in a workmanlike manner to control noxious weeds, provided prior approval of the county committee is obtained in the individual case and such measures as are prescribed by the county committee for the control of erosion are carried out.

Grain sorghums planted as a cover or litter crop in preparation of a seedbed for establishing permanent cover of a type provided for under ACP practice A-2 or GPCP practice GP-1, provided the grain sorghums are clipped while still green and left on the land in preparation of the seedbed.

Volunteer cover, predominately

native grasses and legumes (not weeds, which is acceptable to the county committee and which will be as effective in preventing wind and water erosion as sated cover.

Protected summer fallow. Forage sorghums (not fed grain) grown for cover or green manure.

Latest report from the ASCS office concerning the 1963 Wheat Stabilization program includes the following requirements.

Divert in 1963 from the production of wheat an acreage equal to at least the amount shown in column (8), Part II, of the agreement.

Select the acreage on the farm to be considered as diverted acreage which is equal to the entry in column (8), Part II, of the agreement and be prepared to identify such acreage at the time performance is checked. In general, such acreage must be cropland intensively cultivated in 1959, 1960, 1961 or 1962.

Devote the acreage thus diverted to one or more of the approved conservation uses listed on the back of this notice.

Do not permit grazing of the diverted acreage during the period May 1, 1963, to November 1, 1963. Not harvest hay, silage, seed or grain from the diverted acreage in 1963, except where regulations

provide otherwise and the county committee has so authorized.

Control insects, weeds and rodents on the diverted acreage, as prescribed by the county committee.

In addition to the diverted acreage, devote to conserving uses on the farm in 1963 an acreage equal to the 1959-60 conserving acres as shown in item 3, Part I, of the agreement.

If farmer plans to break out non-cropland, he should check with the ASCS county office since this could reduce his payment or make him ineligible for any payment.

This agreement may not be revised or cancelled after the close of the sign-up period.

If farmer does not divert from the production of wheat an acreage equal to his intention in column Part II, of the agreement and comply with the other program provisions above, he will not be eligible for diversion payment, price support payment and none of the 1963 wheat production on this farm will be eligible for price support.

Farmer is required to comply with the allotment or small farm base (if larger than the allotment) on all other farms in which he has an interest. Non-compliance with this provision on other farms will result in loss of payment and price support eligibility on this farm.

Texas Jersey Makes New State Record

S. W. V. Welcome Fan, a registered Jersey cow owned by Victory Jersey Farm, Tulia, has just completed a record over 20,000 lbs. milk and 1,100 lbs. butterfat according to The American Jersey Cattle Club, Columbus, Ohio. At exactly five years of age, she produced 20,62 lbs. milk and 1,132 lbs. butterfat in 35 days on Register of Merit test. She was milked twice a day for 312 days these times daily for the first 53 days.

This splendid performance by 'Fan' established her as Texas class leader for milk in her age division on ROM test.

Prior to this lactation 'Fan' set five National Class Leading records. As a 2-year-old she produced 16,999 lbs. milk and 964 lbs. butterfat in 365 days. She followed this with another record-breaker as a 3-year-old producing 16,750 lbs. milk and 927 lbs. fat in 305 days.

This brings the total of 1,000 lb. butter fat records completed at Victory Jersey Farm to 47.

"Whole Scout Family" Includes Three Programs

The Boy Scouts of America use the term "whole Scout family" to donate its 3 programs Cub Scouting, Scouting, and Exploring, each designed to meet the needs of boys in different age groups.

All three are conducted by the Scout units of Dimmitt which on November 8th launches its campaign to maintain and strengthen its work in this area.

Cub Scouting, a program of challenging skills and group activities for boys from eight to eleven years old is different from the younger boy program anywhere else in the world as it is home- and neighborhood centered and includes between meeting time activities.

Cub Scouting stimulates a boy's interest so that when he outgrows his Cub Scout Pack he joins a Boy Scout troop at eleven.

Locally 56 boys are Cub Scouts in the Cub Scout pack made up of 7 dens. There are two men serving as volunteer leaders while six

Farm-City Week Set Nov. 16 - 22

President John F. Kennedy has designated, Nov. 16-22 as National Farm-City Week. Texans will join with citizens from other states in

women are Den Mothers.

The Cub Scout program is a year-round program of activities to enable parents to help their sons through one of the most vital periods of life.

The Cub Scout learns to become self-reliant and helpful to others. He works with interesting things—handicraft, collections, games, stunts, nature, and hobbies with his parents who work with him on his various achievements. Thus home life is built more solidly and family teamwork is enriched.

Cub Scouts get together in their weekly den meetings under the supervision of their Den Mother and Den Chief. This Cub Scout den is a small neighborhood group of boys who like to be together. They learn how to get along with other people and find out more about their world.

Your contribution to the Boy Scouts helps make this worthy program possible.

Grain Sorghum Chat

by Wes Anthony
If Castro County raised ten million bushels of grain sorghum this year it would be enough grain to load 36,660 trucks with 15,000 lbs. of grain each stretching for about 170 miles.

At \$1.80 per bushel this would be \$9,900,000. If there are 6,000 people in the county, this would be \$1,650 each. This is big business in anybody's language.

I wonder how hard it would be to get along with Russia if she had this kind of food supply?

You hear the farmers is highly subsidized. It is said that the wheat used in making a loaf of bread costs 2 cents. The other twenty-three cents goes for labor and other processing costs. Is that not subsidization?

Who is subsidizing Who? special activities designed to improve understanding and appreciation between rural and urban neighbors during this week.

Dolph Briscoe, Jr. of Uvalde is Texas Chairman of National Farm-City Week. He said many communities already have started planning activities which promise to be of much benefit to both rural and urban residents.

ATTENTION DO YOU KNOW

That there are children in Castro County that are not in school because (no fault of their own) they do not have clothes to wear?

That there are grown people who, because of large families & sickness do not have enough to wear?

That there are people of all ages who do not have enough food to eat?

With cold weather coming on these conditions become worse.

We can help by giving things that we no longer use.

If you would like to help those who are less fortunate than you please send your gift to County Judge's Office or call and it will be picked up and distributed to those who need it most.

A complete record will be kept of all funds received and how used.

BOBCAT TALES CONTINUED FROM PAGE 1

Cats on Warpath

Friday night the Dimmitt Bobcats romped over the Morton Indians for a 23 to 0 victory. The victory over the Morton Indians marked the third straight conference win for the Bobcats. Previously they had dropped the Friona Chiefs and the Olton Mustangs.

Halfback, Jim Cowsert started the Bobcat's scoring when he ran 84 yards for the first touchdown. Extra point tries failed.

Halfback, James Cowell brought in the next score for the Bobcats. He made a 56 yard run setting the stage for the shutout. Extra points came when quarterback Jim Ratcliff passed to end Jim Killingsworth. Cowell came back and added another touchdown before the half leaving the score 20 to 0 at the half.

The final tally came early in the fourth quarter when Ratcliff booted a 15 yard field goal. This wrapped up the game with: Dimmitt-23; Morton-0.

This victory over Morton will move the Bobcats in position to battle out the 3-AA title next week with the Muleshoe Mules. This will probably be one of the hardest battles that the Bobcats will have this year. Everyone be sure and be at the stadium this week to back the Bobcats in their District battle.

Almost 35 million boys and adult volunteers have been registered in the Scouting program during the past fifty-two years.

The National theme of the Boy Scouts of America for 1961 is Counts."

but not least and time for everyone to have their last good time for that week-end before getting into the daily grind of STUDIES!

I decided I would drop in the snow and see who was with who when David Shannon popped out and said Boo!! After scaring me to death I asked him who he was with and he said that he was with Sherry Lilley. Others that were pointed out to me were: Kaye Williams and Steve Wesson, Janice Moore and Harley Wilke, Linda Schreck and Mike Goodwin, who has found his Senior ring, anyway that was the latest report on that case!!

I also saw Jane Cleavinger and Gerald Summers, Ina Messenger and Jacky Nichols, Sandra Schreck and Jim Cowsert, Gayle Elder and Jim Ratcliff, Carlane Calvert and Gary Morrison, Sherry Lilley and David Shannon, Eva Giles and Larry Scoggins, Suzanne Dickey and Dwight Cathey, Sue Chaney and Roy Battles, Kristie Webb and Paul Easterwood, Linda Gibbs and Jacky Dunn, Sue Boothe and Mike George. By the way Mike what happened to the other two girls??

The day was Sunday at last

Some 35 Scouts and Explorers attained the coveted rank of Eagle, in the South Plains Council this past year.

DIMMITT BOY SCOUTS were guests of the Cannon Air Force Base in Clovis N. M., November 11 and 12. Troop 267 spent the week-end obtaining real military experience. The Scouts had their meals in the enlisted men's chow hall, and slept in the barracks. While on the base, Lt. Rape and Lt. Tyler escorted the Scouts over the area. The tour started with the Officer's Dining Hall and ended with Base Church services. Boy Scouts present on this trip are back row (left to right) Michael Wood, Morgan Arnold, Ben Golding, David Seale, Ronnie Kenmore, Dee Parks, Donnie Arnold, and Ronnie Huckabay. Center row: (left to right) are Mike Boothe, Joe Guy Schropshire, Junior Davis, Royace Thommerson, Scott Nelson, and Darrell Pope. Front row (left to right) are Gary Singer, Larry Young, Mike Cranford, George Nelson, Ronnie Prather, Kenny Campbell, and Charles Hodge.

Junior Coffee is Taking Fun Out of Puns for Foes

(From Los Angeles Times) Seattle (UPI)—By now, Junior Coffey, Washington's bruising fullback, has grown used to all the puns on his name.

Naturally, his nickname is "Instant." He also grinds out the yardage, perks up the team and is hard to spill.

In last Saturday's 21-21 thriller with Oregon, Coffey broke up a three-men Webfoot convoy sweeping the end until Nat Whitmeyer came up to stop things with a shoestring tackle.

This, of course, was a Coffey break. Owens Happy

Puns aside, however, this 6-1, 205-pounder out of Dimmitt High School in Texas is quite a football player and coach Jim Owens is quite happy Coffey decided to cast his lot with the Huskies.

"I never look at opponents too much but you can't help seeing that Coffey," said Len Casanova, Oregon coach, after the standoff with Washington.

Oregon State also has reason to remember the sophomore fullback who had his best day to date against the Beavers.

Oregon State was leading 7-0 when Coffey took a hand-off from Pete Ohler and started over left tackle.

Edged Beavers He punched through the OSU line, bounced aside two optimistic tacklers and then crunched over the Beavers' safety man for a 43-yd. sprint and a touchdown.

In all, he gained 113 yd. as Washington edged the Beavers 14-13 and his play won him back of the week honors in the Big Six.

In 47 carries this season, Coffey has clipped off 231 yd. or a 4.9 yd. per carry average to lead Washington's potent ground game.

He is second among the team's offensive leaders and only one yard shy of quarterback Bill Siler's 236 yd. gained on 122 by rushing and 114 in passing.

Coffey, who can travel the 100-yd distance in less than 10.4 has also seen heavy service as a linebacker in the Husky defense.

"I've still got a lot to learn," says Coffey, who will be around two more years to plague Washington opponents.

In addition, he has a younger brother who also plans to enroll at Washington.

That, however, is another cup of Coffey.

Boy Scouts of America was founded in 1910 and was granted a Federal Charter from the Congress of the United States in 1916.

SEE HAYNES MACHINERY COMPANY FOR Complete Irrigation Service 2nd. & ANDREWS DIMMITT, TEXAS Day 647-3829 Night 647-3908

THINK, IRRIGATION FARMER!

WATER is a commodity so precious that no tyrant has ever dared deny it to his people. The earliest records of our civilization are linked to the spring and the waterhole, the river and the well. The Children of Israel faltered in the wasteland and were ready to revolt until Moses struck the rock and brought forth a spring. Wars have been fought over water rights and mighty nations have vanished because their water resources failed.

In view of these facts, can you afford the luxury of irrigation "TAILWATER??"

KINDERGARTEN SCHOOL is fun for those who are 5 and 6 years of age. Mrs. Bellinghausen, teacher of the school, is explaining art work to the students. The pupils are (left to right) Gregg Calvert, Carl Russel, Jr., Bryan Mayfield, Mary Hamilton, Mike Wohlgenuth, Sherman Presley, Kim Miller, Janie Sheffy and Johnny Webb. See story for details.

Preschool Activity Provided For Dimmitt Children

By Nelda Thomas
It's reading, writing, and learning to count time for the kindergarten students of Mrs. Bellinghausen.

Mrs. William Bellinghausen has school for the kindergarten (5-6) students, Monday through Friday from 9-12 a.m. She conducts the school in her home at 610 N.W. 7th. The native Italian has lived in Dimmitt for seven years. She came to the U. S. in 1949 from Naples, Italy. Mrs. Bellinghausen attended Maples University for two years. This school for preschool children was started when Mrs. Bellinghausen first came to Dimmitt seven years ago. This summer the enterprising teacher painted the schoolroom a pastel blue, put down a new floor, and made blue-checked curtains for the finishing touches. The large schoolroom contains tables and chairs for the children, shelves for books, and racks filled with toys.

In the backyard of the teacher's home, there are slides, swings, and monkey bars. This play equipment is available to the children during recess.

The children are taught art, finger play, folks' songs, molding clay, and coloring. Other activities include learning numbers, writing, playing in a rhythm band, and story time. Two recesses are allowed.

Mrs. Bellinghausen, housewife and mother finds time to be a member of P.T.A. and Milady Garden Club. She has one son, David (11).

Her present school enrollment is nine. Working mothers bring their children at 8 a.m.

The Handbook for Boys, official book of all Boy Scouts, ranks second only to the Holy Bible in number of copies sold. Over 17,600,000 copies have been sold since the first copy came off the press. The Boy Scout Movement is to be found in all free nations of the world.

Football Halftime Shows Given By Area Bands

The best football halftime shows of 37 area high school bands will be unreeled Nov. 20 in Jones Stadium with Texas Tech as host. More than 2,600 students will participate in the Region I Interscholastic League competition. This is the second year Tech has held the marching event.

The admission-free marching contest is one of the top band events in the Southwest, according to Dean Killion, Tech band director. The West Texas bands are truly the top marching bands in the United States, as evidenced by their continuous winning in national competition, he said.

Beginning at 1 p.m., bands will perform their colorful shows every eight minutes. Judges will include band directors Frank Piersol of Iowa State University; Jim Jacobson, Texas Christian University; and Dr. Ted Crager, West Texas State College.

Entries in Class B, include Jayton, New Deal, Anton, Ropesville, Shallowater, Wilson and Whiteface. Represented in class A are Tahoka, Kress, Sudan, O'Donnell, Petersburg, Idalou, Plains, Ralls, Crosbyton, Springlake, Seagraves, Sundown and Hale Center.

Class 2-A participants are Lockney, Frenship, Post, Muleshoe, Floydada, Morton, Olton, Dimmitt, Slaton and Abernathy. Brownfield, Littlefield, Levelland and Monterey of Lubbock second band compose Class 3-A.

Representing the Class 4-A are Monterey of Lubbock, Lubbock High and Plainview.

Dr. Lena Edwards Spoke At Delta Xi Chapter, Saturday

Delta Xi Chapter of Delta Kappa Gamma conducted a public relations meeting in the auditorium of the First Methodist Church of Dimmitt, Saturday, November 3 at 7:30 p.m.

After the business meeting, guests were introduced. Leta Kaul, program chairman, introduced Dr. Lena Edwards who is a worker in Our Lady of Guadalupe Hospital at the Hereford Labor Camp. Dr. Edwards spoke on "Women in a Changing Social Order". She told of her work in the camp and emphasized the vital need for more understanding among peoples of today.

Special music was an organ selection by Elizabeth Danner. Members of the Dimmitt group served coffee and coconut roll after the meeting.

Members of the Dimmitt group indicated that germination of seeds fumigated at high temperatures — 80 degrees F. or above and at high moisture content — 11 percent or above may be reduced. Because the use of chemicals involve hazards, Elliott suggests that the local county agent be contacted for complete details on what and how to use recommended insecticides.

South Plains College Presents Three Plays

Three one-act plays will be presented by the Speech and Drama Department of South Plains College in the college auditorium at 7 p.m. Monday and Tuesday evenings, announced Basil Kolb, director.

The cast for "Everybody's Secret" includes Jill Mills, Lubbock; Mamie O'Toole; Drisella Glidewell Dimmitt; Carrie Cash; Kay Lupp; Shallowater; Nannie Borestein Dixie McClellan, Plains; Kitty Nightengale; Joan Brown, Seagraves; Fanny Coxwell; Roseva Lewis, Ropesville; Peggy Moore; Janice Nelson, Dimmitt; Gerie Gage Robbie Hale, O'Donnell; Carol Sweet.

"The Professor Roars" cast includes Patricia Crawford, Bovina; Justina Frumplin; Walter McAlexander, Plainview; Andrew Frumplin; Patsy Lewis, Tulsa; Emily Frumplin; Dianne Fowler, Levelland; Billie Carstairs; and Ann Crane, Roswell, N.M., Lee Marcy.

The cast of "Impromptu" includes James Webb, Morton, Ernest; Charlotte Barrett, Seminole; Winfred; Rose Scott, Tahoka, Lora; and Freddie Boyce, Quail, Tony. The public is invited. Tickets will be available at the door.

Cotton Research Emphasized In Recent Meeting

The pressing need to increase cotton's ability to fight for man-battling with insufficient weapons have been pointed up sharply in recent months, a meeting for the Oct. 30.

Charles Armstrong chairman of the Castro County committee for the Institute, said such developments emphasize the fact that the need for the voluntary research and promotion plan is even greater now than when it was started in 1961.

"Our aim is to get all cotton growers in this area behind the Institute," he stated. "We can meet the competition and challenge of genetics, but sweeping support must be put behind this plan as rapidly as possible."

He added the Institute's stepped up research and promotion efforts will enable growers to have a decent margin between price and unit production costs and maintain sufficient volume of consumption to grow enough cotton to make the best use of their resources.

Ten growers heard a report on cotton's situation during the past year from Earl Sears of the National Cotton Council.

He stated that in 1961 cotton experienced one of the biggest competitive losses in its history. This was particularly true against rayon, traditionally its biggest domestic competitor, which took nearly 200,000 bales of consumption away from cotton.

The loss resulted from a combination of factors. Rayon manufacturers redoubled their efforts in research and actually made some improvements in their products. Promotion efforts also were moved to capitalize on the price advantage rayon held over cotton during this period.

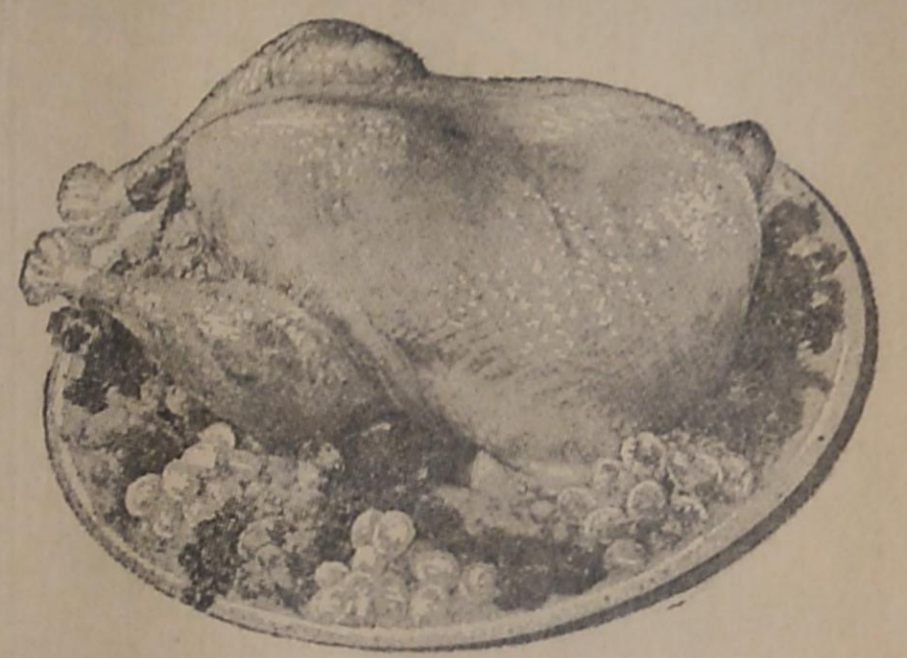

Other warning signals continued to flash strongly last year for U. S. growers. Disturbing signs indicated an upward trend in foreign production. Evidence also became stronger that origin producers, who already have the great advantage of low labor costs, may be catching up with U. S. growers in the use of modern technology, he said.

Over the latest three seasons, U. S. yields have declined slightly, while foreign yields have shown an accelerated upward trend, increasing 17 per cent. They increased almost as much in the last three years as in the preceding six.

Walter Rogers' WASHINGTON NEWSLETTER

The conflicts between Federal and State sovereignty over water rights in the Western States have in recent years grown more frequent and more serious. A few weeks ago I commenced a discussion in the newsletter of the nature and background of these troubles. This week I would like to mention briefly some of the legislative and judicial actions which have led up to and created the problems.

In the 19th century several Federal statutes in connection with the disposition of portions of public lands made it appear that the United States had permanently transferred control over water rights to the States. Particularly, the Congress provided in the Act of July 26, 1866 for upholding existing water rights and that all patents to the public lands were to be subject to vested water rights also, the Desert Land Act of 1877 provided that water rights were to depend on prior application and that surplus waters of the public lands were to be free for appropriation and use by the public, subject to existing rights. Additionally, in legislation admitting certain States to the Union, Congress included provisions recognizing and confirming existing water rights—in some instances specifically declaring State ownership or control of waters arising or flowing within the States concerned. The Federal Reclamation Act includes express provisions implying a recognition of State sovereignty over the use of water for irrigation in the Western States.

Again, in the Federal Power Act of 1920, Congress stated that the Act was not to be construed as affecting or intending to affect or in any way interfere with the laws of the respective States relating to the control, appropriation, use, or distribution of water used in irrigation or for municipal or other uses. Thus the use of water in the West developed and there seemed to be a good basis for believing that water rights acquired under State laws were secure.

Children in Compassion In March of Dimes Arthritis Fight

"We study the child, not the laboratory report."

When Dr. Jane Borges, director of the March of Dimes-financed Arthritis Special Treatment Center at the Home for Crippled Children in Pittsburgh, Pa., says this, she isn't trying to put the laboratories out of business.

But she is trying—and succeeding—in putting children stricken with rheumatoid arthritis back in the important business of leading nearly normal lives.

Juvenile rheumatoid arthritis, which afflicts 30,000 youngsters in the United States, is a cruel disease which comes and goes like a thief in the night. Seemingly healthy children suddenly contract high fever, swollen and aching joints, rash, anemia, and severe involvement of body organs. Many suffer deformities of the limbs. Total or partial disability often occurs.

Despite continuing research, neither the cause of juvenile rheumatoid arthritis nor the reason for its unpredictable cycle of recurrence is yet known.

Prevent Side-Effects

What Dr. Borges and a growing number of experts in the treatment of rheumatic diseases do believe they know is how to prevent much of the permanent physical, mental and social scarring which have been agonizing by-products of this disease for so long a time. Rejecting old theories of prolonged bed rest and virtual isolation, these innovators have introduced the rheumatoid arthritis child to programs of intensive therapy and close contact with children of the same age group. They encourage regular school attendance.

At the same time, education of the family in all aspects of the illness is begun early by the physician with diligent follow-up by the social worker.

Successful Results

In most cases, successful results have been achieved.

At the March of Dimes-supported center in Pittsburgh, for example, Dr. Borges last September admitted a 12-year-old girl who could not move her shoulders, elbows, or arms. She contracted rheumatoid

arthritis at age six and had been in and out of hospitals since that time. When she was at home, she was rarely taken outside and saw other children only infrequently. She was painfully shy, took little interest in her studies.

Today, nearly a year later, this same girl is still confined to a wheel chair. She must attend many of her classes at the Home's branch of the Pittsburgh school system while in traction. Other complications persist.

However, daily baths in the Hubbard tank, used so successfully by polio victims, and twice-daily physical therapy have restored the use of her arms and hands. Occupational therapy—she is just now finishing a throw rug—has restored movement to her once-frozen shoulders. The challenge of competition with her schoolmates has transformed her into an excellent student.

Child in Pain

In another case, a six-year-old girl, after four years of operations and assorted treatment, was unable to adjust to school and playmates because of intermittent pain and the childhood awareness that she was the only child with a brace.

Placed among children with similar problems, she was exposed to the physical and social therapies of Dr. Borges' program. She went back home six months later "a different child . . . obedient . . . getting along happily with brothers, sisters and playmates," according to a grateful mother.

Dr. Borges, a trim, vibrant woman, views her work at the March of Dimes-financed center and its results this way: "The laboratory reports on these children, after we have worked with them for a time,

Dr. Jane Borges and young arthritis patient exchange "girl talk" during physical examination.

are still the same. The disease is still there.

"But the individual is not the same person we saw in the beginning.

"By also treating the emotional and environmental problems associated with juvenile rheumatoid arthritis, not just the physical ones, we are often able to change attitudes of despair to ones of cheerfulness and hope."

A prominent Canadian physician and specialist in juvenile rheumatoid arthritis, Dr. William M. Gibson, recently described the ideal treatment setting as "an area where personnel acquainted with the problem of arthritis in children are present every time the patient is seen."

Arthritis Special Treatment Centers, supported by local chapters of The National Foundation with March of Dimes funds, are already providing this service in Pittsburgh through Dr. Borges, and through her colleagues in many other American cities.

Additional centers are planned—centers of hope where parents can read the future in their children's faces, not in the laboratory reports.

of human physiology is that we all are equipped with our own private thermostat. Normal body temperature varies between 98 to 99 degrees. When atmospheric temperatures rise or fall from normal temperatures, the thermostat goes into action.

This built-in regulator is a tiny maze of nerve cells in the mid-brain. If the day is hot, it routes blood from internal organs to skin capillaries, dilating the flow with fluids drawn from skin and muscle tissue and from the liver. Sweat glands on skin surfaces dilate and exude perspiration. Body temperature is reduced by the dilution of blood and exudation of sweat. The sweat evaporates and your skin cools off.

If the day is cold, the regulator concentrates the blood and diminishes the flow through skin capillaries. Sweating is minimal and the blood courses through internal

organs deep in the body. Result: you feel cold and have to put on a coat or an extra blanket to stay comfortable.

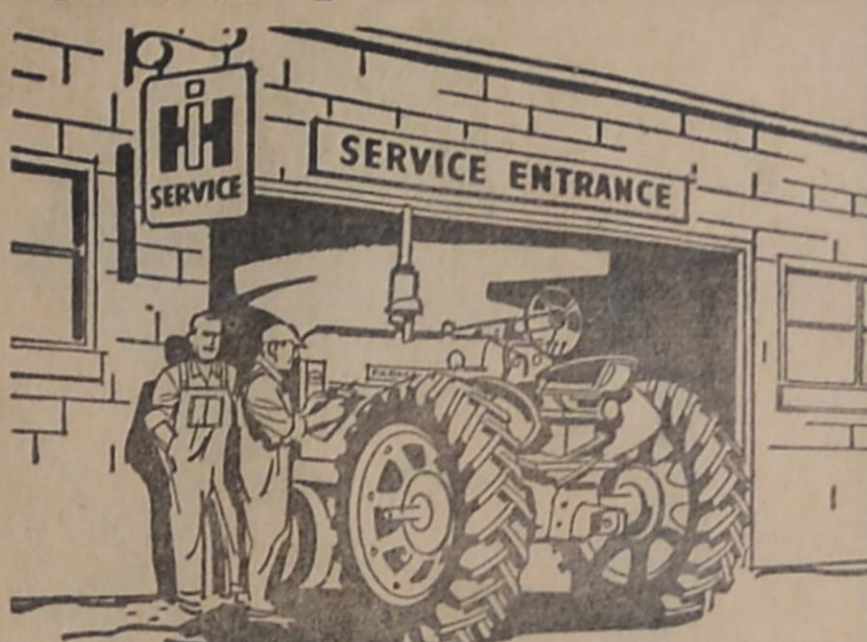

As a fact of nature, physiology, body temperature remains unchanged at about 98.6 degrees, even though the air temperature might vary from zero to over 100 degrees.

However, harsh direct contact with the cold—especially icy water—can lower the internal body temperature if exposure is prolonged. Death usually occurs when the body temperature falls to 77 or 70 degrees.

A number of factors, including age, amount of fat tissue, degree of physical fitness, physical exercise, and clothing, affect the ability of man to adjust to cold environmental temperatures.

Over 300 Scout Units serve over 8,000 boys in the 29 counties that make up the South Plains Council.

SAVE ON SERVICE!

Big Savings on Service if you let us schedule your tractor NOW!

You benefit three ways by scheduling your tractor for service with us now—

1. You'll have it ready to stay on schedule with full power and performance for the heavy work ahead.
2. You'll save on our special service offer which we are able to make during the fall and winter months.
3. Your work will be done with precision tools by our factory trained IH service men, and only genuine IH parts will be used to replace those needed.

"We're a dessert family"

says Mrs. E. E. Koeninger, 2000 West 18th St., Plainview, Tex.

Son, Larry, anticipates one of Mrs. Koeninger's delightful desserts.

She adds, "My electric range has been giving me cooking satisfaction since 1958."

Mrs. Koeninger is one of the 1,500 customers who took advantage of free wiring and satisfaction guaranteed offered in 1958 — and, like the other 1,499, was so delighted with her electric range that she just couldn't do without it. One reason is, as she declares, "It's just so clean." You, too, will be delighted — and satisfied. See your participating Reddy Kilowatt Electric Appliance dealer this week. Get FREE WIRING and your WRITTEN GUARANTEE — you can't lose!

About Your Health

It may be socially gallant for a man to relinquish his coat to his wrapless lady to ward off the chill of these November nights. But physiologically speaking, it's foolish.

He probably needs it more than she does.

Both sexes have insulating layers of fat, but the fat of a normal woman is thicker than that of a normal man. And the fatter a person is the better cold weather can be tolerated.

One of the most remarkable facts
