Library To Hold Open House At New Location

The Lockney branch of the Floyd County Library will hold open house in their new location on South Main Street Saturday afternoon from 2 to 5 o'clock. The branch library is now located in the Wanda Baker building, next door to Knox Grocery & Market. New shelving was built and partitions put up with that work being completed last week. The library opened in its new location Monday afternoon of this week.

The open house is being held on Saturday so that school children can also attend, according to Mrs. A. P. Barker Sr., a member of the Library board, and Mrs. H. H. Mills, local librarian. Everyone is urged to come and see the library in its new location. Refreshments will be served and most members of the library board will be present for the occasion.

Members of the Floyd County Library Board are John Reue, chairman; Mrs. Henry Hodel, Mrs. Barker, Kenneth Wofford, Mrs. Murray Julian, Fred Cardinal, Mrs. Kinder Farris, and Mrs. Tom Porter. Mrs. A. T. Hull is librarian at Floydada.

The local branch library is open each afternoon Monday through Friday from 2 to 5 o'clock.

Three Injured In Auto Collision

Three persons were injured, none seriously, about noon Wednesday when two cars collided in the 200 block of South Main Street. Mrs. Ray Hardin is in traction in Lockney General Hospital suffering with a dislocated vertebrae. Mrs. Leona Willis suffered a gash on her forehead and a wrenching shoulder and Miss Cleona Graves had a broken hand and cut lip as a result of the accident.

Miss Graves was driving her 1957 Chevrolet sedan south on Main Street when Mrs. Hardin backed her 1954 Pontiac away from the curb. The Graves car struck the Hardin car in the rear, badly damaging both vehicles. Damage to the Graves car was estimated at about \$400. Miss Graves and Mrs. Willis were treated at Lockney General Hospital and released.

Titles Must Be Secured On Trailers

A new law requires that owners of trailers and semi-trailers obtain certificates of title covering same, unless 4000 pounds or under.

T. T. Hamilton, County Tax Assessor - Collector urges each owner to apply for titles now. Certain evidence of ownership and serial number requirements will be impossible to handle during the rush period of pre-registration time.

Full information can be obtained from the Floyd County Tax Office.

Mr. Hamilton has received details of requirements for motor boat owners to register their motor boats, he said this week. In addition to safety requirements, the motor boat owner must attach the registration number of his boat to each side of the bow of the boat.

Full information concerning these requirements may also be secured at the Tax Office.

LOCKNEY HIGH SCHOOL LEADS WAY IN CURRICULUM REVISION

Lockney High School English department is one of the English departments in Texas which is leading the way in a revision of the method of teaching toward a procedure which will stress self-expression on the part of the student. This became known this week following the attendance of some 24 teachers and administrators in the local schools at a district meeting on curriculum revision at Monterey High School in Lubbock last Saturday.

The English Commission on curriculum has suggested methods which call for a swing away from teaching grammar for four and a half months and then teaching literature the remaining four and a half months, to a fused program where literature is the basic text with grammar books used as handbooks. The Lockney English department is already using this method and has been using it for more than a year.

The Texas Education Agency working with personnel from various colleges and public schools is developing a new curriculum for Texas schools and this curriculum is being tested by a number of pilot schools, of which Lockney

Paper Will Be Out Early Next Week

The Beacon will be published on Wednesday morning next week, due to Thanksgiving Day coming on Thursday and the lack of mail delivery that day. The paper will be mailed in time to catch the rural routes Wednesday morning.

Committee Will Make Study Of Report Cards

A committee composed of parents and teachers of this district will meet tonight (Thursday) at 7 o'clock at the high school cafeteria to begin a study of a new report card for the grade school and junior high school.

Some 66 people have been asked to work on the committee but school officials emphasized that anyone interested in a better reporting instrument from the school to the parent is welcome to attend at any or all of the meetings.

Henry Ford Jr., school supervisor, will serve as chairman of the committee and will make available all necessary materials for the study.

Allisons, Wofford Fly To Hawaii

Mrs. O. C. Allison and Dianne and Mrs. Lloyd Wofford arrived in Honolulu, Hawaii, Wednesday afternoon at 5 o'clock via United Airlines. They boarded a TWA plane in Amarillo Monday night, arriving in Los Angeles at 3 a.m. They began the transoceanic flight at 9 a.m. They will visit until Thanksgiving day with Mrs. Allison's son, Donald, and his wife and with Mrs. Wofford's daughter, Sue Wofford. Donald has been in Hawaii about a year with the U.S. Army and will be there another year. Sue has been employed in Honolulu for several months as a secretary.

The women plan to return home via plane Thanksgiving Day. They had planned to make the trip at Christmas time but since Donald has received some time off at this time the group took the earlier trip.

While there they plan to tour the islands and hope to see the active volcano.

Mrs. Eddie Strickland, Plainview former Lockney resident, will speak at Lockney Assembly of God Church Sunday morning at 11 o'clock on "God's Rules For Marriage".

Having made an intense study of the universal problems of marital unhappiness and divorce and their far reaching influences, Mrs. Strickland will review God's rules for making marriage work harmoniously and happily.

Rev. Joe Stone is pastor of the church.

Guests Friday night in the R. W. Johnson home were Mr. and Mrs. Cliff Johnson, Sandy and Jimmy, Dalhart, Mr. and Mrs. Bob Johnson and Gary Bob of Plainview.

Lubbock Symphony Concert Monday

The brilliant and exciting strains of the Tchaikovsky Concerto for Violin and Orchestra will be brought to the South Plains played by a master violinist when the 95-member Lubbock Symphony Orchestra presents the distinguished Berl Senofsky as soloist in the second concert of the 1959-60 season at 8:15 p.m. Monday, November 23, in the Lubbock Municipal Auditorium.

Wyatt Burkhalter, Lockney band director, and his wife, Eddie, are members of the orchestra and will appear on the program. Mr. Burkhalter plays the string bass and his Burkhalter will also play a baritone solo.

The orchestra will open the program with a performance of the "Orb and Scepter" March by William Walton. The stirring and majestic work was composed for inclusion in the Westminster Abbey services for the coronation of Queen Elizabeth II in 1953.

Following the march, Harrod has scheduled a performance of the Andante Moderato, second movement of the Brahms Fourth Symphony in E minor.

The orchestra will perform three movements of Gustav Holst's "The Planets" Suite.

Dane Clark Wins Poster Prize

Dane Clark, husband of the former Joan Harris of Lockney, was recently awarded first prize of \$325 in the National Poster Design Competition. Dane and Joan are now living at Denver, Colo., where both are employed.

Students as well as professional artists from all parts of the United States entered designs for a billboard to be used by MG Sportscars for national advertising purposes. Announcement of the winners was made October 19 in Chicago.

Clark is a graduate of Floydada High School and McMurray College, Abilene. He recently completed study at the Colorado Institute of Art in Denver and is presently employed as art director for Creative Arts Advertising Studios in Denver. He is the son of Mr. and Mrs. L. L. Clark, formerly of Floydada, and son-in-law of Mr. and Mrs. Clark Harris of Lockney.

Floydada Site Of Bi-District Battle Friday Afternoon

Texas schoolboy football playoffs begin this week with Floydada as the site of the most important tilts of the season in this area.

Powerful Denver City, District 4-AA champion, clashes with equally strong Floydada, 3-AA winner, on the Whirlwinds' home field Friday afternoon at 2:30 p.m. Both clubs boast of heavy lines and sturdy backfields.

Floydada's Whirlwinds have compiled the best defensive record of any club in the state, allowing only six points in ten battles. The Floyd County boys also have a fine offensive unit, but Denver City has one of the top offensive clubs in the state. The tilt between the undefeated eleven is rated a toss-up. The winner could advance far in the state playoffs.

General admission to the game will be \$1.50 for adults and 50 cents for students.

Another contest that will be watched with interest is the Olton-Canyon tussle at Canyon Friday afternoon at 2 p.m. Olton was defeated only by the Lockney Longhorns in 2-AA action.

The Olton-Canyon winner will meet the Floydada-Denver City winner next week.

Farwell, District 3-A champ, and Idalou, 4-A representative, will tangle Friday night at 8 o'clock at Plainview.

IZZARD WILL SPEAK AT ANNUAL TEACHER BANQUET

Wes Izzard, editor of the Amarillo Daily News and well known columnist, will be the principal speaker Friday evening at the annual Teacher Appreciation Banquet sponsored by local service clubs. The affair will be held at the high school cafeteria starting at 7:30 p.m.

Places are being laid for 200, according to committee members in charge of arrangements and ticket sales the first of the week indicated that the cafeteria will be filled. Teachers and administrators with their husbands or wives are guests for the occasion while club members and others are buying tickets to the affair. Plates are \$1.50 and anyone interested is invited to attend. Tickets will be available through today (Thursday) at Byrd Pharmacy.

Mrs. H. Sparks Dies At Canyon

Mrs. Henry Sparks, a former resident of Lockney, died at a Canyon Hospital Monday morning of this week following a stroke. She was 66 years of age.

Funeral services were held at a funeral chapel in Canyon Wednesday at 2 p.m. conducted by Rev. Strauss Atkinson, pastor of the First Baptist Church of Canyon. Burial was in Dreamland Cemetery.

Mrs. Sparks was born March 28, 1893, in Bell County. Her maiden name was Myrtle Mathis and she was the daughter of Mr. and Mrs. W. B. Mathis. The family moved to this community when she was quite young and she was reared here and attended Lockney schools. She was married to Henry Sparks more than 40 years ago. They had lived at Amarillo and Canyon for many years. Both her parents are buried in Lockney Cemetery.

Mrs. Sparks was a member of the Baptist Church, the Rebekah Lodge and the Order of the Eastern Star.

Survivors include her husband of Canyon; a daughter, Mrs. W. H. Hudson of Lubbock; and a son, Cecil Flake Sparks of Long Beach, Calif.; two sisters, Mrs. Mattie Gentry of Canyon and Mrs. Walter Childers of Lubbock; and four grandchildren.

Tiger Resigns As Deputy Sheriff

Bill Tiger has resigned as deputy sheriff and accepted a position on the police force at Quanah. Tiger had been deputy here a little more than one year.

Although The Beacon has no official word from Sheriff Walter Hollums, other sources say that Deputy W. F. (Cap) Cartel, who was employed on a temporary basis early in the fall, will probably fill the vacancy.

Teena Jones Is Home From Hospital

Teena Jones, 5-year-old daughter of Mr. and Mrs. F. G. Jones Jr., was brought home from Methodist Hospital in Lubbock Wednesday. She had been under treatment there for an eye injury suffered about 10 days ago. The little girl lost the sight of her left eye but attending physicians said Wednesday they thought the eye ball could be saved, local relatives reported.

Basketball Season Here!

LOCKNEY LONGHORN and LONGHORNETTE basketball squads are hard at work preparing for the upcoming season. The local girls already have one game under their belts. They lost to a good Cotton Center sextet, 61-42, in a game here last week. Coach Troy Lemley thought the local girls looked good against the visitors who had played several tilts this season.

The Longhorns scrimmaged the Plainview Bulldogs on Wednesday.

Coach Lemley said prospects are bright for a fine season by the Longhornettes. The team didn't lose a single girl by graduation and several young girls are showing up well.

Lockney's boys were less fortunate about player losses. Key players such as Milton Mickey, Jimmy Minter, James Anley, Steve Handley were graduated last year. Mickey, 6'5" center who was unanimous all-district and honorable mention all-state, and Minter, second team all-district, received college scholarships. Senior James Davis, counted on as a starter this season, underwent a knee operation recently and will be unable to compete. Davis is team manager.

Backbone of the boys' quintet will be 6' Terry Clark, 5'11" Oyama Buchanan, 6'1" Donald Ivey, all regulars last year. Joining this trio will be three boys up from the "B" team — 6' Mickey Mosley, 5'8" Bill Mangold, 5'11" Doyle Freeman. Rounding out the varsity will probably be sophomores Robert Holland, James Ray Wofford, Johnnie Bell, Jimmy Whitfill.

Forming the "B" squad will be sophomores Danny McAnally,

- Lockney capable of springing a surprise in the well-balanced loop. The Longhorn coach figures the Longhornettes will be high in the final 2-AA standings. The hustling Longhorns could also deal their 2-AA foes misery.
 - Mrs. Glenda Rhoten is assisting Lemley with the freshmen and varsity girls and R. L. Rhoten is helping Lemley with the "B" and frosh boys. Bobby Davis and Mrs. Rhoten are coaching the junior high squads.
 - No varsity tournament will be held here this year. Instead a junior high and freshmen meet for boys and girls is being planned. The tourney will probably be the weekend of Jan. 29.

Visit New Bank Building

Over 1500 people, some from as far away as Houston, visited the new National Bank during the grand opening held at their new location last Saturday. President Charles Duran this week expressed his pleasure and appreciation for the response to the occasion.

Many expressions of admiration and pleasure are also being heard from local people of the week concerning the new building.

Visitors were received Saturday from 11 a.m. until 4 p.m. on the occasion. Music was made available by the band and organist of radio and by the band from Lubbock. The lobby was filled with flowers from the bank's many branches in the city and to the country.

President Duran this week stated that the public is welcome to use the bank's lounge for meetings. The room will accommodate from 15 to 20 people and will be available to church groups, school clubs and similar organizations. They are welcome to use the room for their meetings either during the day or at night.

Beginner High School Band Is Organized

Band Director Wyatt Burkhalter said this week that he has organized a beginner high school band for new members of that organization. Several new members have joined the beginner band and others are expected to join. Some of the members are Bill Mangold, Bill Stinebaugh, Mickey Mosley, Doyle Freeman, Marsha Monteroz, Paulette Kropp, Rosita Baker.

Mr. Burkhalter asked that any boy who has a band instrument or let someone use his instrument without charge. He will appreciate your cooperation in contacting him.

Mr. Burkhalter said that the band practice schedule had been worked out so that it does not conflict with junior high or high school athletic events and he is inviting all the students who are interested in joining the band to see him soon.

Band Boosters Will Meet Tuesday Night

Lockney Band Boosters Club will meet Tuesday evening, Nov. 24, at the band hall. The meeting starts at 7:30 p.m. All parents of band members and others interested in the band are urged to attend the meeting.

The final payment on the uniforms for the Longhorn band, purchased three years ago, was made recently. Club officials have announced. Total cost of the uniforms was more than \$6,000.

EDITORIAL

And in them is fulfilled the prophecy of Esaias which saith, By hearing ye shall hear and not understand, and seeing ye shall see and not perceive.—Matt. 13:14.

H. M. BAGGARLEY, vociferous editor of the *Tulia Herald*, is unhappy with us merely because we pointed out in a short editorial recently that at long last he was able to wipe away a little of the political prejudice with which he writes most of the time, and see some good in Price Daniel, one of Texas' greatest governors. To let our readers see just how prejudiced Mr. Baggarley is, we have reprinted his entire comment in the "With Our Exchanges" column on this page of *The Beacon*. We invite you to read it and see for yourself.

MR. BAGGARLEY starts off his column with childish name-calling, a sure indication of losing an argument if there ever was one, calling us a half-Baptist and half-Shiverrater. This is just another indication of how wrong he can be when he tries. We are 100 percent Baptist, proud of it and expect to remain that way throughout eternity. We were also 100 percent for Allan Shivers when he was active in politics and make no apology for it. We don't know of any other man in Texas politics who has willingly sacrificed his political career for a just and noble cause as Mr. Shivers did. Too bad we do not have more men with such political courage.

GETTING BACK to Ye Editor being a Baptist, we would like to remind Mr. Baggarley that we are also a member of a Baptist Church here in our home town. We understand that Mr. Baggarley, finding no church to suit his taste in *Tulia*, has membership in a Massachusetts church. How he expects to serve the Lord via Massachusetts we do not know. And he is wrong again when he says we took exception to his comments on Texas Baptists' traditional stand for separation of church and state. We firmly believe in the policy as do most other people. We doubt if Mr. Baggarley's puny

efforts will change the situation.

MR. BAGGARLEY says, early in his column, that our editorial is not worthy of comment and then proceeds to use more than half of a double column commenting, apparently trying to justify his extremely radical political stand. In this he spends a lot of words, saying in essence that the Democratic Party is better for the common people than the Republican Party. Surprising as it may be, we must agree with Mr. Baggarley on this point. We have always held this opinion and have never defended or upheld the Republican Party, though, as he admits, the Republicans do, at times, have some good points. That is why we vote in Democratic primaries and for Democratic candidates when we can conscientiously do so. But we are not going to put the welfare of any political party ahead of moral principles and patriotism to our country. When the Democratic party nominates a man who cannot qualify on these points, then we must, in good conscience, vote for the man whom we feel best qualified for the office. This we will continue to do and we make no apology for it.

WE CANNOT understand any person's viewpoint when he binds himself unalterably to any human organization or movement. Certainly we can appreciate loyalty as long as loyalty is due, but to say that we will support this or that candidate regardless of his moral character, his qualifications or his loyalty seems to us to be utter foolishness. Such blind loyalty to a mere political party can easily be unpatriotic as well as morally wrong.

MR. BAGGARLEY and his fellow travelers who advocate blind loyalty to the Democratic party have demonstrated loyalty real as far as the national party goes, but their loyalty to the state party has been pretty thin if not non-existent at times. In other words, as we see it, they are loyal as long as those in social-ism follow their liberal socialist philosophy but let the more reasonable conservative element get in control then their loyalty flies out the window. As the old saying goes, it depends upon whose ox is being gored.

MOVING TO the lighter side we have misspelled Mr. Baggarley's name all the way through this article. He insists on misspelling ours and being a vindictive sort of fellow, we're trying to get even.

TULIA EDITOR MISSPELLS OUR NAME

Edgar R. Hays, the halfbreed editor of *The Lockney Beacon* (half Baptist and half Shiverrater and woe be to anyone who suggests that either might be fallible), wrote last week: "Will wonders never cease? H. M. Baggarley, editor of the *Tulia Herald*, has for years condemned the 'Shivers-Daniel' faction in state politics, vowing that no one connected with the group was 'politically or intellectually' honest and expressing doubt to their mental abilities. Now he comes out with an editorial headed 'Governor Champions People's Cause' and commending Governor Price Daniel for his fight to tax the oil and gas interests instead of the people. It's nice to know that even Mr. Baggarley can be wrong—and admit it."

The confused Editor's allegations concerning what we think of Shivers and Daniel supporters do not deserve the dignity of comment.

Mr. Hayes behaves like a frisky nag with a cocklebur under her tail whenever anybody suggests that the Baptist hierarchy of Texas might be dabbling in partisan politics. We suggest that our recent comments on church and state

has been unable to find even one tiny insignificant commendable trait in any of these and other Democrats since they first appeared on the American scene.

It is understandable why Mr. Hayes can interpret a kind word for Mr. Daniel from our Remington only as a repudiation of everything political we have ever written and as an "admission" that we have been wrong in our past condemnations of Price Daniel.

What Mr. Hayes does not know and probably will never learn is that no public official is either white or black and that all political selections are made on the basis of choosing the man or party with the most merits and fewest demerits.

We select a candidate or party not only on his or its own merits but on the merits of the opposition.

When we consider political parties, we find merits and demerits in both the Democratic and Republican. But when we add them all up and take a look at the overall situation, we find that for a person living in the agricultural area of the nation the Democrats have about a 80-20 rating, while the GOP rating is near 20-80. There are some things in the Democratic party we would like to change—but there are more things wrong with the GOP.

The same is true of candidates. When two or more candidates are running under the Democratic banner, we can only select the better—not the perfect one. If Price Daniel is a candidate for re-election as governor of Texas on the Democratic ticket, we will even support him if we think him to be the best man in the race. There are numerous potential gubernatorial candidates who are worse than Price Daniel—and there are just as many who are far superior.

Unlike Mr. Hayes, we are able to commend even Price Daniel, Ike Eisenhower or Mr. K if and when they do anything commendable.

It might also be mentioned that when Governor Daniel opposed the oil-sponsored tax bill, he double crossed the ones who put him in office. If this isn't commendable—from our corner of the ring—what is it?

Under such circumstances, we are more than willing to admit he has done something commendable. We wish Eisenhower, Benson, Shivers and some of the others had proved us "wrong". When they do, we will be the first to "admit" it. — H. M. Baggarley in *Tulia Herald*.

Cotton Burrs
 Lots of top quality organic matter is going to waste at many gins in the county. Cotton burrs applied at the rate of 4 to 5 tons per acre can bring about a yield increase of 20 to 25 pounds of lint cotton per acre per ton of burrs. The use of some form of nitrogen with the burrs can increase yields up to 160 pounds of lint per acre. From 40 to 60 pounds of nitrogen per acre applied with the burrs has proven to be a good practice. The burrs if at all possible, should be worked into the top 6 inches of the soil to get the best results. This practice will prevent wind erosion, hold rainfall and irrigation water, and prevent crusting and baking of the soil. Soil fertility is the key to top crop yields and should be watched closely.

 There were many top fields of grain sorghum producing over 6,000 pounds per acre this past year. Yields as large as

Recently Married Couple At Home On Lockney Farm

After a wedding trip to Oklahoma, Mr. and Mrs. Neil Andrew Langley are making their home on the farm eight miles east of Lockney which he is operating. Mr. Langley and the former Miss Jettie Charline Galloway were married Saturday, November 7, at seven p.m. in St. Alice Catholic Church, Plainview. Parents of the couple are Mr. and Mrs. M. R. Galloway, Route 3, Plainview and Mrs. J. R. Langley, Lockney. Rev. James Fitzgerald, pastor of St. Alice Church, performed the double ring service uniting the couple in marriage. Wedding guests were immediate families of the couple and a few close friends. Baskets of white gladioli and mums were placed on either side of the altar for the nuptial occasion. The bride was attired in a street length dress of white all over embroidered satin, the rounded neckline accented with piping of satin, and a narrow satin belt defining the waist line. A white satin headpiece held her circular illusion veil. For something old the bride wore a gold bracelet belonging to Mrs. B. K. Crossland who celebrated her 50th wedding anniversary on the bride's wedding day. For something new she wore a strand of pearls and had a blue garter for something blue. Her flowers were white carnations in a cascade arrangement carried on a white Bible. Miss Karen Humphreys, maid of honor, wore a dress of emerald green taffeta, with matching head band. She carried a circular nosegay of baby mums encircling a large white pom-pom.

Ralph Langley, brother of the bridegroom, served as his best man. Ushers were Chuck Humphreys, Plainview, and Charles Galloway, brother-in-law of the bridegroom, Olton. For the trip to Oklahoma, Mrs. Langley changed to a traveling suit of black and white wool tweed with black and white accessories. She is a 1959 graduate of Plainview High School. Mr. Langley graduated from Floydada High School and has attended St. Michael's College, Santa Fe, N. M.

Guests at the wedding included the bridegroom's sister and their families, Mr. and Mrs. James Higden and children, Lubbock, Mr. and Mrs. Bob Covington and children, Dougherty, Mr. and Mrs. Clyde Dameron and children, Dimmitt, and Mr. and Mrs. Charles Galloway and children, Olton. WHAT SIZE TURKEY TO ORDER

Margaret Spader, home service editor of the Gas Appliance Manufacturers Association, suggests you get your family mathematics expert to determine the size of turkey to order for Thanksgiving dinner. For each serving she suggests you allow 3-4 to 1 pound of ready-to-cook weight if the bird you buy

are buying a larger bird you can allow 1/2 to 3/4 pound per serving, because the larger the bird the meatier it is. The USS Red Rover, captured from the Confederates, was converted into a hospital ship in 1862, and became the first U.S. Navy hospital ship on record.

Horns Win 34-16

Scalp Morton Indians in Season's Final Tilt

A battling band of Lockney Longhorns capped off a successful season night by routing the Morton Indians, 34-16. It was the highest scoring output in two seasons for the defensive minded 'Horns.

Lockney's never-say-die eleven had been eliminated from the district picture last week, but came back strong against the Indians. The victory earned the Big Red a tie with Morton and Muleshoe for second place in District 1. A.A. Olton — beaten only by Lockney in district action — won the title with Abernathy finishing in the cellar.

Lockney owned the ball in the first period when scoring the third time they had possession. Fullback Bill Mangold scampered 12 yards for the tally.

In the second period the Longhorns broke the battle wide open. On the third play of the quarter halfback Joe Allard covered a fumble on the Morton 13. Five plays later halfback Clark drove two yards for the touchdown.

The ensuing kickoff by the Indians 36 to give Allard the ball again. It took Lockney nine plays to score the Clark wing the final 11 yards. With 14 seconds remaining before intermission, Wayne Cooper batted a pass into the hands of Warren Mitchell grabbed the pigskin and raced 65 yards for Lockney's fourth tally.

Midway in the third stanza Allard raced 78 yards to the Morton 13. Six plays later the little right halfback dived over the goal line.

The Indians rallied for their two touchdowns and most of their yardage in the fourth period against a lax Longhorn defense.

Fifteen degree temperature hid the crowd to a minimum again. Many of the fans who witnessed the tilt on Mitchell-Damersmen Field here remained in their seats.

Terry Clark turned in a tremendous performance in his final grid game for Lockney High. He picked up 11 yards in 17 carries and

for 2, a first on the M 29. Allard covered a fumble for 3. Clark picked up another first on the 13. Allard made 1. Mangold scampered the final 12 yards to paydirt. A Belt to Buchanan pass failed for extra points. Lockney 6, Morton 0 with 1:55 remaining in the first stanza.

Smith's kick bounded over the receiver and was finally covered on the Morton 3. The visitors gained 2, 5, a first on the 15 as the quarter ended. Indians halfback Butch Nairn made 2. Allard scooped up a fumble on the Morton 17.

Clark went for 2. Mangold picked up 0, 3, a first on the 2. Clark drove across for the touchdown. Allard's run for points was not good. Lockney 12, Morton 0 with 9:42 to play before halftime.

Allard sped downfield to cover Smith's kick on the M 35 and again gave the Longhorns possession. Belt kept for 2. Clark gained 7. Gant plowed for a first on the M 24. Allard scampered for 4. Clark gained 2. Allard made 4. Gant went for a first on the 13. Gant went for 2. Clark broke loose for six more points. Allard drove over for two points. Lockney 20, Morton 0 with 5:48 to play in the second period.

Smith's boot was brought back to the M 35. Clark covered on the M 38.

The 'Horns made 6, 3, a first on the M 24, 3, were penalized 15 yards, gained 1, passed incomplete, punted 11 yards to a fumble on the M 38.

Three Indian aeriels fell incomplete and the punt sailed 23 yards to the L 38.

Lockney picked up 4, 4, was offside, gained 5, punted 21 yards to the M 38.

Morton had an incomplete pass, passed for firsts on the M 48 and Lockney 31, lost 4. Then Cooper ripped through the line tipped a pass into the arms of Mitchell who romped 65 yards for another 'Horn touchdown. Clark tacked on the extra points. Lockney 28, Morton 0 with 0:14 showing on the clock.

Smith's kick was covered on the M 28. Cooper and Elland downed Jackie Brown. Morton's passer, for a 13 yard loss as time ran out in the second quarter.

The third period began with Smith's boot being returned from the 14 to M 30.

The Indians were penalized, gained 3, lost 2, made 3, punted on fourth down but the Big Red were penalized giving Morton a first on the L 45.

An aerial went awry, the visitors gained a first on the L 33, 4, 1, passed for a first on the L 20. Another pass worked for 9, a running play netted a first on the 4. They gained 1, were penalized 5, made 1, had two incomplete passes.

Lockney took over on their 7. Clark made 2. Allard scooted through the line and raced 78 yards, being hauled down on the M 13. Gant went for 2. Clark drove for 7. Gant pushed for a first on the M 3. Wofford kept for 1. Clark was stopped. Allard gained 1, for six points. Gant was

¼ cup shortening
2 egg whites
½ cup flour
1 tsp vanilla.

Mix 1 box powdered sugar with other ingredients and beat well. Add ¼ cup water to make soft icing. Add cake coloring. Icing can be thinned by adding water or thickened by adding more powdered sugar or flour.

Hint: Cut a cake by sawing back and forth with a stout thread and the cake will not crumble. Mark cake squares the same way before decorating but do not cut all the way through the squares unless you are ready to serve the cake.

Bride-Elect Feted At Nuptial Shower

Miss Virginia Caldwell, bride-elect of Jack Dunlap, Lubbock, was honored with a bridal shower Saturday in the home of Mrs. M. W. Hartman, Lone Star community. Calling hours were 2-5 p.m.

Guests were received by Mrs. Hartman, the honoree, her mother, Mrs. N. M. Caldwell, and Mrs. M. E. Dunlap, Lubbock, mother of the prospective bridegroom.

The beautifully appointed table revealed the bride-elect's chosen colors of chocolate brown and burnt orange. Laid with ecru lace over burnt orange, the dining table held a centerpiece of autumn leaves and mums in shades of orange and brown arranged with burnt orange candles in a crystal pergne. Brown napkins were lettered in gold with the names of Jack and Virginia. Brownies were served with golden glow punch poured from a crystal punch bowl.

Fall arrangements decorated the entertaining rooms.

Assisting with the hostess duties were Misses Anita Durham, Dee and Donna Dorman, Delinda Phillips, Myrtle Lewis, Jackie Frizzell, Jane Carol Phillips, and Mmes. Jean Wofford Curtsinger and Betty Graham Mickey.

WET ACID DELINTING
See
Plainview Acid Delinting Co.

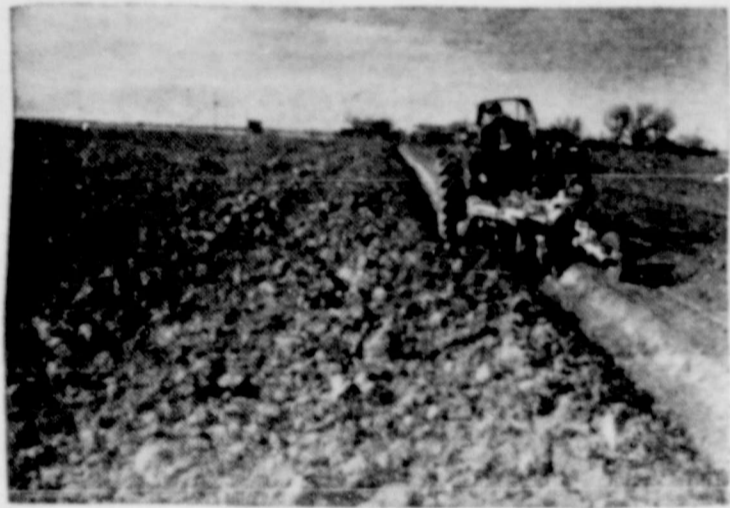

We are delinting NOW.
GERMINATION — With our process, we use no heat in delinting seed, so therefore we cannot harm the germination by burning them.
DISEASE — As you know spots in cotton cut profits greatly. By using wet acid delinting there is less disease, for sulfuric acid, which we use, eats all lint from the seed and leaves no carbon deposits thus insuring an excellent job of treating the seed.
BAGS — You may have had trouble in the past with bags being eaten and may have lost some seed. This is costly and unnecessary, for in our process after the seed have been delinted, we wash them with pure water in the form of a spray.

LETTERS TO THE EDITOR

Mrs. R. L. Tomme Tells Of Life In California, Sends Greetings

Los Angeles County
Hawthorne, Calif.
3735 W. 118th St.
November 11, 1959

Dear Mr. Hays: As usual we are late about posting this check in the mail for the Lockney Beacon, but I assure you we do not want the Beacon stopped. We still get about as much pleasure out of it as anything that comes our way.

We have a friend in the Church of Christ in Ingewood (that's where we go) who lived at Lockney long ago. She is Mrs. Westelle Loyer and we take the Beacon to her after we read it. She is always glad to get it. We have a new Church of Christ building almost finished at Ingewood. We plan to have the first service in it Sunday, Nov. 22. It's so nice and large. We are all so proud if it. Our congregation is growing so fast we no longer had room to seat them all in our old building and they had built and added on to it three or four times since we started going there in 1954.

There are so many people moving out here that there has been lots and lots of apartment houses and motels built in the past two years. Living places are more plentiful now, though most of them are apartments and so many of them don't want children. One bed room apartments rent from around \$65.00 a month, two bed room, \$90.00, and three bedroom, \$100.00 to \$110.00 unfurnished. One can buy a house here with around \$500.00 down or a little over, but they are pretty high, mostly \$12,000 and up, depending mostly where they are located. Taxes are also high and car insurance is very high. We get groceries cheaper here than they are in Texas except beef and pork are cheaper there than here.

I have never found any black eyed peas, okra or tomatoes that taste half as good as the ones I used to raise in my back yard at Lockney. We enjoy living out here and have made lots of new friends and seen lots of pretty places but to have been raised on a farm in Texas as we were, chopped cotton, pulled bolls, headed maize and hegar, raised chickens, milked cows, raised and canned vegetables, you can imagine about how I feel out here in a big place like this.

It's still like summer here, leaves have not all fallen off of fruit trees, yet. Sunday we saw a real pretty green corn patch. We have not had rain yet, sure do hope we get more than we did last year. So much dust and smog gets on houses and buildings here that when it starts raining everthing looks so clean, almost like putting a new coat of paint on an old house.

This traffic is sure a headache here. We hardly ever see anywhere that we don't see a wreck and a bunch of police around. I have driven more here than anywhere. All lanes are marked off with white, and lots of red lights and stop signs. So far I've never gotten a ticket or been stopped but I never know what may happen next time I get under the steering wheel. Early in the morning and late at evening when so many people are on their way to and from work the traffic is about as heavy as a herd of sheep and so many of them are in a hurry and will pull over right in front of you where there is hardly room to pull in, and often there is no room and there is where wrecks occur. As many as three and five cars are involved in one wreck as they are so close and driving too fast to stop in time. Often you will see the people in cars fusing with others in cars because they think one is cheating about the lane they

are driving in or something like that. I don't like to drive out here and I keep saying I am going to quit driving, being deaf like I am. I just think it's best for me not to drive.

I would like to go see Betty more often but she lives about 15 miles from us and the traffic is so heavy I won't drive it. Betty's baby will be a year old Sunday, Nov. 15. I don't know who is the proudest of her, Chockie and Betty or Lee, Betty and I. It had been over 19 years since we had had a baby in the family before she came. I love to sew for her, and dress her up.

Mmes. Busby, Hartman, Johnson, Handley, Stalcup, and Whitfill I think of you all real often and shall never forget your friendship and kindness, and same to lots of other people at Lockney, too many to call all of their names but I loved every one back there and would enjoy seeing them when any of you folks are coming out here be sure to call on us. Our telephone number is OS-59723. So call and we will tell you how to find us. Mr. Hays say hello to all of your family and I wish everyone a happy Christmas.

Mrs. R. L. (Connie Lee) Tomme

The festivities begin at 10 a. m., Nov. 20 with the former students' chapel program for which McBeth will speak, Joe Arthur, Littlefield, and Harold Dean Carson, Olton, will present special music.

There's nothing like a new car—and no new car like a Chevrolet. This is the 1960 Chevrolet Bel Air Sport Coupe!

PEOPLE SAY THESE ARE THE THINGS THEY WANT IN A CAR...and CHEVROLET for '60 comes closest to meeting every need!

Interviews with thousands of car owners across the country show clearly what they like or dislike about their present cars . . . and what they want most in their 1960 cars. Here's what the people tell us they want . . . and here's how Chevrolet meets their needs.

"Price, that's what's uppermost in my mind." All Impalas and Bel Airs with V8 engines are lower in price, as are automatic transmissions and many other popular options. Also Biscaynes now include as standard equipment conveniences formerly optional at extra cost.

"And how about operating economy? And resale value?" You keep right on saving after you buy your favorite Chevrolet, too. And Chevrolet's traditionally higher resale value means you'll get more back when you trade.

"Give me plenty of good old-fashioned comfort." There's comfort and then some in this one. Chevy's long on space, for one thing. Once you're under way you'll know just how comfortable Full Coil suspension makes your ride.

"Safety—don't forget safety!" You're surrounded by safety features in a new

Chevrolet. You've got big, sturdy brakes underfoot, for example, that last longer. As it has been for years, safety is standard equipment in Chevy.

"Let's keep upkeep down, too." More than ever, Chevrolet for 1960 is built to stay on the road and out of the repair shop. You can tell that from its hushed, unruffled way of going, from the solid thump of Chevy's big doors. Of course, if you should need service, you're always near efficient, economical attention to your needs.

"I want a car that will stand up to the driving I do." For proof of Chevy's staying power, just spend a minute watching the nearest road. You'll see more Chevrolets traveling on it than any other car—evidence-on-wheels of Chevrolet durability. (And that higher resale value attests to it, too.)

"Me for a sweet-handling car." Handling's always been Chevy's forte, and

1960 is no exception. But really, this kind of lightness and precision you've simply got to enjoy for yourself.

"... a car you can look at and be smug about buying it." Chevrolet for 1960 leaves the low-price field far behind when it comes to fashion. But you're the best judge of styling, so take a good close look at Chevrolet. We warn you: you're about to fall in love.

"And performance. Let's have a hot one!" Chevy's spirited V8's have set the standard for ultra-efficient power in American-built passenger car engines. You've got a long list of performance-minded transmissions to pick from, too.

So that, friends, is what you told us you want. We think it can be summed up rather well in just one word: solar.

Get the full story of Chevy's brand of value soon at your Chevrolet dealer's.

Nearest to perfection a low-priced car ever came . . .

BAPTISM — WHAT IS IT FOR?

In the fifth chapter of second Kings the prophet of God commanded Naaman to dip seven times in the Jordan River that he might be healed of leprosy. This no doubt seemed to Naaman a foolish command. He went away in rage. After his servants reasoned with him his faith in God increased to the extent that he trusted in God and obeyed. It was not the water but the power of God that cured his leprosy. Without an obedient faith he could not have been healed.

The commandment of God to be baptized for the remission of sins seems as foolish to some today as dipping in Jordan seemed to Naaman. Water within itself will not take away the guilt of sin any more than the waters of Jordan would wash away Naaman's leprosy. Obedient faith is what brings the sinner into the cleansing power of God. See Mark 16:15-16; Acts 2:38; Rom. 6:3-5 and I Peter 3:21.

South Plains
By Mrs. Murray Julian

Filled cotton trailers dotted the gin yard over the week end, but temperatures of cold wave proportions Monday sent many strippers from the fields. "Kans for Kids" is going on at the South Plains Baptist Church with everyone attending through each Sunday in November bringing a can of food for the orphanages. Remember to bring your cans as you come Sunday.

Mr. and Mrs. Kelly Bowers of Plainview spent the week end with their daughter and family. Mr. and Mrs. Glen Wood and baby son.

Frank Jones and Claiborn Stewart were involved in a wreck Wednesday morning on their way to school. Near Floydada they started to pass the same time the car in front did. The Jones car was damaged a great deal but we are glad to know neither boy was hurt in the ensuing pileup.

Floyd Associational Workers meeting met Tuesday, Nov. 10, at the South Plains Baptist Church with around 125 visitors and home folks. Supper was served at 6 o'clock by ladies of the church and Rev. and Mrs. Grayson Tension of Brazil brought good messages from the mission field.

Mr. and Mrs. George Weast attended last rites for his cousin, Mrs. Frank Fisch, 69, of Silvertown, Wednesday at 2:30 p.m. in the Silvertown Church of Christ. She passed away Tuesday morning in Lockney General Hospital after a lingering illness of two months. Interment was in the Silvertown Cemetery.

Mr. and Mrs. L. T. Wood went to Tucumcari, N. M., to visit Saturday to Monday with her mother, Mrs. S. C. Waller. The Woods kept their little grandson, James Teague, Jr., of Lubbock from Wednesday to Saturday of last week. Mrs. Waller came home with the Woods to visit this week.

Mrs. J. P. Taylor was hostess at an Around the World party Friday with Mrs. Joyce Combs of Plainview in charge. Refreshments of banana bread and coffee were served to Mmes. Early Pritchett, John Key West, E. J. Kinslow and Mrs. Combs.

Mr. and Mrs. Ernest Smitherman went to Whiteflat Sunday to visit Mr. and Mrs. Tommy Edwards and Zella Ree, former residents of South Plains.

Fire of undetermined origin started about 11 o'clock Thursday night in the barn on the Murray Julian farm. Floors were burned out in two rooms of the barn. Neighbors rallied to the cause and the fire was brought under control before the structure burned. Fire trucks from both Lockney and Floydada came. Many, many thanks to all those who came to help,

and to those who carried the cotton seed to safety.

Mr. and Mrs. Frank McClure spent Friday night in Crosbyton with their children, the Don McClure family.

Mrs. G. Milton Sr. and Linnie Milton of Amarillo who visited here last week were guests of her son, Mr. and Mrs. Grigsby Milton and girls, from Thursday evening to Sunday morning. They spent Sunday and the night with Mr. and Mrs. Essley Yeary.

Eugene Beedy, Kendi Julian and Alton Higginbotham of Canyon were home over the week end with their folks. Eugene and Kendis worked at Clubb Elevator while at home.

Mrs. Harry Morckel and Mrs. John Smitherman were hostesses at the REA Kitchen in Floydada Wednesday afternoon to members of the South Plains Senior Home Demonstration Club. Mrs. Frank McClure and Mrs. Skeet Thornton were hostesses from the club. Mrs. Milton presided over the business meeting and Mrs. McClure gave the devotional. A Thanksgiving dinner is planned for Friday night, Nov. 20, at the schoolhouse.

Mrs. Morckel demonstrated a mystery fruit cake, and Mrs. Smitherman used yellow icing to decorate a chocolate cake.

Refreshments of sandwiches, snax, fruit cake, jello and coffee were served to Mmes. Harry Hartman, Sylvan Kinniburgh, Jones, Kinslow, Horace Marble, Grigsby Milton, John Smitherman, Leighton Teeple, John Key West, Murray Julian, Sim Reeves, Frank McClure, Skeet Thornton, J. B. Bishop, Albert Stewart, R. G. Dunlap, I. H. Parks, Harry Morckel and other ladies from the Light-house Electric. Remember club meets next week on Tuesday, Nov. 24, at the home of Mrs. Jones Kinslow with Mrs. Wood assisting. Mrs. Teeple will demonstrate making plaques.

Mrs. Grigsby Milton, Sr. and Linnie of Amarillo were Thursday visitors in the home of Mr. and Mrs. Truman Bradshaw. Mr. and Mrs. Roy Bledsoe were visitors in the home of Mr. and Mrs. Ernest Smitherman Saturday night where they enjoyed seeing slides.

Mr. and Mrs. Arlis Powell of Lubbock, who were in Floydada for the First Baptist Church Homecoming Sunday, spent the afternoon visiting her parents, the Grigsby Mittons and girls.

Coming events this week here: Tuesday night, Community 4-H meeting at schoolhouse.

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Ecclesiastes	4	1-6
Monday	Psalms	102	25-28
Tuesday	Daniel	2	20-23
Wednesday	Hebrews	1	9-12
Thursday	Hebrews	13	6-8
Friday	Psalms	115	16-18
Saturday	Psalms	1	1-6

We go back to the old homestead, the old home town. Perhaps we have long anticipated that visit, but now we find that the changes are so disillusioning that we don't care whether we ever return. We meet a friend of years gone by and hardly recognize him. He too has changed. We compare the face reflected from our mirror with old photographs and realize that, without knowing it, we have changed. We try to use a map of yester-year only to discover that it is out of date.

We shudder a little as we wonder if there is anything that remains the same

The Church tells us that there is. Through the centuries it is the one institution which points to the unchanging God, "the same yesterday, today, and forever." Worship customs may differ, but every Christian congregation seeks to lead men to the one great certainty, which is God. That is why you will want to start attending church regularly. Here is peace. Here is assurance.

Home Making Hints

Color Gives Illusions
Color can change the apparent size or shape of a room. To make rooms look larger, use one color predominately or a few colors in variations of light and dark, bright and dull tones.

For interesting contrasts and a feeling of unity without monotony, use different textures with one color — textures such as those found in wood, marble, brick and fabric weaves.

A muted or lightly grayed color on walls lends distance and is an appropriate background for both people and furnishings. A light color makes a room seem larger, while a dark color has the opposite effect. Warm colors are advancing and cool colors are receding.

Balanced Diets Guard Against Colds
Changing temperature, fatigue, too much food or not the right kind, tension and excitement, are all factors in lowering body resistance to colors.

Food makes a difference. It is important to start with a good wholesome breakfast everyday, then follow through with balanced meals at noon and night. Plan to eat at regular times as much as possible and reserve the sweet or rich foods for mealtime dessert. Keep in-between refreshment

snacks light and nutritious. Fruits, fruit juices, and crisp vegetables can be just as tasty as rich foods and are more helpful in preventing the unwanted cold.

WHEN BUYING TURKEYS
Thanksgiving is nearly here so you may be thinking of buying a turkey for the occasion. A few things to think about first are: How big a turkey should I buy? How can I check for quality? What about that inspection tag?

The size of the turkey will depend upon the number you expect to serve and the reaction of family members to eating leftovers. You should keep in mind that for each person served you will need about 3-4 pound of oven-ready turkey for a generous allowance.

Best quality turkeys, which are designed as grade "A", will have an even covering of fat over the entire bird. They will be broad breasted with bulging thighs and large drumsticks. Turkeys with these qualities have a maximum percent of meat to bone and thus give more edible meat for your dollar spent. In addition, you will want to select a turkey without blemishes, such as torn skin and bruises.

If the turkey has been graded, which indicates quality, under USDA supervision, it will be indicated by the letters "A", "B", or "C".

Look for the grade and inspection tag on the turkey you buy. Turkeys that have been inspected for wholesomeness under USDA supervision will have a tag attached which states that the turkey has been inspected for wholesomeness. It will have the prefix U.S. on the shield and is usually attached to the wing.

In addition to suggestions on buying, there is a help on cooking. Kathryn Nyles, Home Eco-

nomist for the Poultry and Egg National Board, suggests that you allow 15-20 minutes per pound of oven-ready turkey weight. She also recommends an oven temperature of about 325 degrees F. The larger the turkey, the less time per pound will be needed for cooking.

CLEANING CLOSET
A well organized cleaning closet can simplify your house cleaning jobs. If you don't have a closet, a metal cabinet or corner of a rear hall or porch will do.

Arrange tools so that you can remove one without shifting the others or having to take them out of the closet. Hooks for mops, brooms, and brushes, and shelves for bottles and jars will help keep the closet orderly.

An easy to carry basket with a handle will provide storage for small cleaning supplies and can easily be carried from room to room. Oily dust cloths and rags used in waxing should be kept in covered metal containers to eliminate fire hazards and odors.

4-H OFFICERS TRAINING
A training meeting for 4-H officers will be held Saturday in the courthouse. The agents are planning training sessions for the president, vice-president, secretary-treasurer, and reporter of all of the six community 4-H clubs in the county.

While sinking over half of the total Japanese ships destroyed in World War II, American submariners lost 52 subs and 3,505 men, approximately 14% of the total operating submarine personnel.

Junior Class Feted At Beatnik Party

The Senior Class of L. H. S. honored the Juniors with a Beatnik Party Tuesday night at the new American Legion Home.

Guests came dressed at Beatniks and the entertaining room was decorated in Beatnik fashion with no chairs, candles furnished the only lighting and pictures on the wall added to the doleful atmosphere.

Refreshments of chicken salad sandwiches, fritos, dips, spiced tea and cookies were served as the group sat in circles on the floor.

Included on the program were poems and jokes read Beatnik style by senior boys, music by the Country Gents, and a modern dance performed by senior girls.

Approximately 90 guests were present and enjoyed unique entertainment. Sponsors present were Mr. and Mrs. E. B. Babitzke, Elvin Lyon, senior class sponsors; Wyatt Burkhalter, Mrs. Quentin Adams and M. L. Brewer, junior class sponsors. The senior mothers attended and helped with the serving.

SEALE VISITORS
Mrs. Harry Reeves and son of Tulla spent Monday here visiting her parents, Mr. and Mrs. Brad Seale. Mrs. Seale had been released from Lockney General Hospital Thursday after spending nearly a month receiving treatment to dissolve blood clots in her arm. Her convalescence is expected to require several more weeks.

CURLED HOTDOGS

Score hotdogs half way through, with scorings about an inch apart. Place them on a rack under a broiler flame. Baste occasionally with hot

barbecue sauce. As the hotdogs cook they will curl, forming a complete circle. Slide them to the side of the broiler pan while toasting hamburger buns under the flame. Butter the

hamburger buns and pop sizzling hotdog curl into bun. Fill the center of the with hot baked beans.
