## Track Team Meet Saturday

The Lockney Longhorn track team will participate in their first meet of the season Saturday, weather permitting. The Longhorns will join some 10 A teams and 11 A teams in the Crosbyton Relays. Adverse weather has limited the team's practice. Coach Elvin Lyon stated Tuesday that he is not certain which boys he could enter in some events. Each Lyon added that many of the track boys will enter animals in the stock show here Saturday and will be unable to participate in the Crosbyton meet. ## Board May Sign Contract For Bldg. Monday

Contract for a 7700 square foot addition to the present high school building may be signed in the regular meeting of the school board next Monday night, Supt. H. H. Nicholas has prevented the board from meeting this week. Bids were opened on the building and new equipment for the science and homemaking departments last Thursday. Lowered the board delayed in signing the contract at that time in order to check on performance of some of the bidders in past jobs. Good news to the board was that the bids ran lower than expected and now it appears that the building and equipment will cost the local school district something less than \$90,000 as compared to the architect's estimate of \$110,000. Eight firms turned in bids on the building and five companies bid on the equipment. Building bids ranged from \$77,374.38 to \$83,339.00. Equipment bids went from \$14,960.00 to \$18,910.00. The low bids here total slightly more than \$92,000 but the federal government will repay the school for one-half the cost of the science equipment and Supt. Nicholas estimated that this would total something like \$6,000 which the school district would get back from the government.

## Permanent Relay Tower To Be Built 4 Miles North Of Town

Construction will begin late in February on a new 163-mile radio relay route which will pass through this area between Amarillo and Lamesa, J. C. Oakley, manager of the Southwestern Bell Telephone Company, announced today. The new radio relay route will be constructed by the Long Lines Department of the American Telephone and Telegraph Company for the transmission of television programs now transmitted over another route. The new route will tie in with the Bell System's nationwide communication network at Amarillo. Oakley said a 280 1/2-foot tower and a concrete block building to be built 4 miles north of Lockney will be one station of a chain of six intermediate relay points between the terminal cities. A temporary tower was set up there late last year. The location is in the northeast corner of the Herschel Carthel farm. Construction of the station near Lockney is necessary to "boost" signals as they carry television programs over the route, Oakley explained. He went on to say that the 500-square foot building at the

## EDITORIAL

Beware of covetousness, for a man's life consists not in the abundance of the things which he possesses.—Luke 12:15.

**OLD TIMERS** may talk about the hard winters of yesteryear if they wish but we doubt if they had many to compare with the present winter. Checking back we find that for two and a half months—ten weeks—we have had cold, snowy or wet weather 95 percent of the time. Farmers haven't been able to do much work during that time though there has been a few days when it was possible to run over a field lightly to keep it from blowing. No doubt the weather has been beneficial to farmers from a moisture standpoint and also in loosening up the soil. But the "bad spell" has been hard on the day-to-day laborer who really has not had much work since the spell began. If that old ground hog is right, the weather will continue through March 15. Personally we're ready for some 65 degree dry Spring weather.

**CONGRATULATIONS** to Director Wyatt Burkhalter and the Longhorn Band for their fine showing in the Hale Center Festival. Seems to us Mr. Burkhalter is doing a fine job with the Band and in another year or two, we expect to have one of the finest Class AA bands in West Texas. As far as we're concerned a fine band is one of the best assets a high school can have. We think Mr. Burkhalter and his band de-

serve all the support we can give them.

**THOSE CRITICS** of the new "safe-driving" insurance plan had some of their ammunition taken away this week with the report that Texas had the safest January in seven years in the number of traffic deaths. No doubt but that the threat of the new law to penalize the careless driver had some effect on the accident rate. The report showed 129 killed in auto accidents in January of 1960, compared with 177 killed in the same month in 1959. The lives of 48 people were saved during the first month of this year. If the new law even contributed in any measure to that result, then it must be worth while.

**AMONG MANY** other problems, Texas has one concerning the increase in major crimes. A report from Col. Homer Garrison, director of the Department of Public Safety says that crime in all categories increased almost four percent over the previous year. During the past 10 years, crime has increased 73.2 percent compared to a 24.4 percent increase in population.

**AUTOMATION NOTE:** Before the installation of dial phones, Norvin R. Greene writes in National Review, the American Telephone & Telegraph Company employed 375,000 operators. Now, with the dials in general use, the number of operators has more than doubled. He quotes a company officer as observing that "had the dial not been invented, there would not be enough woman-power available in America to handle the telephone operator requirements."

**PRESIDENT CANHAM** of the Chamber of Commerce of the United States urges that retired citizens plunge into politics — and says that they will find it active, rewarding, exciting, productive and engrossing work. He points out that retired people can serve the political parties of their choice by working at the precinct level, and that they do not have to become candidates for office. As he sees it, "We need more doorbell ringers."

**THE 1959 TAX BILL** of Class I railroads amounted to \$960 million, about \$82 million above 1958, and almost double the industry's net income, according to the Association of American Railroads.

**WHAT IS A BOY?**  
What is a boy? He is a person who is going to carry on what you have started. He is to sit right where you are sitting, and attend to those things you think so important — when you are gone.  
You may adopt all the policies you please, but how they will be carried out depends upon him. Even if you make leagues and treaties, he will have to manage them.  
He is going to sit at your desk in the Senate, and occupy your place on the Supreme Court Bench. He will assume control of your cities, states, and nation. He is going to move in, take over your prisons, churches, schools, universities, and corporations.  
All your work is going to be judged and praised or condemned by him. Your reputation and your future are in his hands. All your work is for him, and the fate of the nation and of humanity is in his hands.  
So, it might be well to pay him some attention. — Scottish Rite News Bulletin.

ing is almost exactly the same tactics a former Republican administration was following when the roof fell in on the national economy. — Homer Steen in Floyd County Hesperian.

**THE COMMON PEOPLE**  
The biggest gainer from governmental economy and resulting tax reductions would be not the wealthy but the family of modest means. More than eighty-five per cent of all the individual income taxes are paid by persons in the lowest tax bracket of twenty per cent. Less than fifteen per cent of the total comes from the higher brackets, which extend up to a tax rate of ninety percent.  
There are not enough rich people, and not enough big incomes, to make more than a small dent in meeting government costs. The tax burden must be borne primarily by families having modest incomes, simply because there are so many of them. These are the families that would benefit most from tax reforms. — Life Lines.

**Dear Editor:**  
I see where the government has told the folks who write cigarette advertisements they ought to quit using dirty words like "Nicotine" and "tar" in same.  
My tarred blood neighbor says likely Washington is afraid that harping on such items will make people think cigarettes are unhealthy, and if they quit smoking, the treasury would lose near \$2,000,000,000 a year which the tobacco tax brings in.  
Says if a citizen gets cancer from smoking, this sacrifice on the tax altar ought to be recognized at least with a Purple Heart.

## Church Rites Unite Martha Harden, Dewey E. Cloyd

Miss Martha Laverne Harden, Lockney, became the bride of Dewey Edward Cloyd, Plainview, Friday evening, February 19. Vow were exchanged at 7 o'clock in the Baptist Church at Aiken with Rev. C. O. Halle of Haugerman, New Mexico, former pastor of the church, officiating at the double ring service.

Parents of the couple are Mr. and Mrs. R. M. Harden of Lockney and Mr. and Mrs. E. E. White, Plainview.

Mrs. Leta Hatch, Plainview, played a prelude of piano music and accompanied Miss Dovie Julian who sang, "Always," "I Love You Truly" and "The Wedding Prayer".

The couple stood before an archway of greenery flanked by tall baskets of white mums and gladioli and cathedral candelabra holding blue tapers. The aisles were marked with single blue tapers tied with white satin bows.

Given in marriage by her father, the bride wore a formal gown designed of white re-embroidered lace over bridal satin. The fitted bodice was designed with points at center front and back. V-shaped neckline, tiny covered buttons down the back, and long sleeves terminating in points over the hand. The voluminous skirt was floor length. Her shoulder length veil of illusion fell from a tiara of pearl and rhinestones. She carried a cascade of white gardenias showered with white satin streamers arranged atop a lace-covered white Bible.

For something old, the bride wore a string of pearls which had belonged to her great-grandmother, new was her wedding attire, her Bible was borrowed from her sister, Mrs. Fayrene Wallace, Plainview, and blue was a garter, a gift from the maid of honor.

Mrs. Nelda Tims Nance attended the bride as matron of honor. She wore a street length gown of powder blue velveteen designed with a matching chiffon cummerbund and full gathered skirt. The molded bodice featured a bateau neckline which dipped to a V in back, and three-quarter length sleeves. She wore a white portrait hat, white gloves and carried a nosegay of white carnations nestled in blue net.

Miss Glenda Nell Harden, sister of the bride, was bridesmaid. She wore a velveteen dress of royal blue designed identical to that of the matron of honor. Her cummerbund was of powder blue chiffon and her hat was powder blue. She carried a nosegay like that of the matron of honor.

Karen Harden, sister of the bride, was bridesmaid. She wore a velveteen dress of royal blue designed identical to that of the matron of honor. Her cummerbund was of powder blue chiffon and her hat was powder blue. She carried a nosegay like that of the matron of honor.

bride, was flower girl. She wore a royal blue jumper dress with a powder blue chiffon blouse featuring short puffed sleeves. The waistline was accented with a powder blue chiffon sash tied in a bow in back with streamers extending to the hemline. She dropped rose petals from a white basket lined with white net ruffles.

Candlelighters were Danny White and Larry White, Kenneth White, Plainview, attended the bridegroom as best man.

Ushers were Mack White and Murphy White Jr., both of Plainview.

Mrs. Harden, mother of the bride, wore a navy dress, black accessories and a corsage of white gardenias.

Mrs. White, mother of the bridegroom, was dressed in black with matching accessories and her corsage was also white gardenias.

### Reception

A reception was held in the educational unit of the church immediately following the ceremony. The table was covered with a white linen cloth accented with blue embroidered cut-work. Centering the table was a five-branched candelabra with blue tapers surrounded by silver glittered wedding bells and white carnations. The three tiered wedding cake was iced in white decorated with blue. Atop the cake stood a miniature bride and groom. A crystal punch service was used. Napkins were royal blue with the names of the newly weds lettered in silver.

Presiding at the table were Charlotte Seago and Carolyn Elam.

Mrs. Fayrene Wallace secured names for the guest book.

When the couple left for a wedding trip to Carlsbad, New Mexico, the bride was wearing a navy blue two-piece suit with a white collar, white hat and gloves and a corsage of white gardenias.

Mrs. Cloyd is a 1958 graduate of Lockney High School and attended Lipperts Business School, Plainview. At the time of her marriage she was employed in the Hale County Tax office.

Mr. Cloyd graduated from Plainview High School in 1955 and has recently completed a 3-year tour of duty with the U.S. military service.

After February 29 the couple will be at home in Tulsa where he will attend an aeronautical school.

### Rehearsal Dinner

Mr. and Mrs. E. E. White, 1605 Utica, Plainview, parents of the bridegroom, were hosts for a rehearsal dinner honoring the betrothed couple and their wedding party. Mrs. Bob White assisted in the hostess duties. In attendance were Mr. and Mrs. Jim Nance and Karla of Silvertown, Mr. and Mrs. W. M. White Jr., Dale and Larry; Mr. and Mrs. R. M. ## Reed Harper Jr. Keeps Olympic Torch Burning

Reed Harper Jr., of Tahoe City, California, who grew up in Lockney, had the responsibility of keeping the famous torch burning during the Winter Sports at Squaw Valley, Calif., the past two weeks. Harper is a grandson of Mrs. Fannie Brown and a nephew of Mrs. Hugh Counts and Mrs. A. B. Kenady. His mother is Mrs. Dona Harper of Modesto. His father was the late Reed Harper Sr. The Harpers lived here until 1940. Reed now operates a propane business 10 miles from the site for the Winter Sports Olympics.

The torch has burned perpetually since the beginning of Winter Olympics in Europe several years ago. This is the first time they have been held in the United States. It is moved about for the annual event but the flame is never allowed to die. The torch is a symbol of the exciting meet, and it burned atop a tall column as it was shown in television broadcasts.

## THAT'S A FACT

THE VOICE IS MIGHTIER THAN THE SWORD

THE GREAT SIMON BOLIVAR SCORED HIS FIRST VICTORY OVER THE SPANISH BY A RUSE. HE HAD HIS SCANTY ARMY BEHIND ROCKS, ORDERED THEM TO MAKE ENOUGH NOISE TO INDICATE THEY WERE A GREAT ARMY, AND THEN TALKED THE COMMANDER OF THE FORTRESS OF TENERIFFE INTO SURRENDERING TO SUPERIOR NUMBERS!

## STATE CAPITAL Highlights AND Sidelights

by Vern Sanford

TEXAS PRESS ASSOCIATION

AUSTIN, Tex. — With an eye on the growing cost of government and need for new taxes, a committee from the Texas Senate has launched an economy study.

Overall state budget for the present two-year spending period is \$328,000,000 more than for the previous two-year period. It was an increase of about 11 per cent. There is every indication that the next Legislature will be faced with demands to raise salaries and expand and improve state services in approximately the same proportion.

Some of the cost increase is attributed to sheer quantity. With Texas population increasing an estimated 26 per cent from 1959-60, there are more youngsters to educate, more patients for state hospitals, more cars wearing out the roads.

More significantly, the percentages of oldsters and youngsters is increasing faster than the percentage of middle-aged people. Older and younger people generally are revenue needs — for welfare benefits and schooling — but contribute less in taxes than income-earning middle-agers.

Some of the increase in costs results from a drive for quality — better schools, hospitals and highways.

With undeniable money needs so great, the Senate committee was set up to seek out any indications of extravagance or waste and "see if we are getting our dollars worth for the money we're spending."

As a starter, the committee, headed by Sen. Ray Roberts of McKinney, agreed to hold its own expenses to the bare minimum.

BRIDGES TOO LOW — State Highway Department Engineers are faced with the task of re-designing bridges for the interstate highways to conform with a U. S. Defense Department requirement for a 16-foot clearance.

Texas has 254 bridges in the interstate system which do not meet the newly announced overhead clearance requirement. U. S. Bureau of Public Roads, which works with the Highway Department in planning the joint federal and state road system, had specified only a 14.5 foot clearance.

Bridges cost approximately \$140,000 apiece, and redesigning to meet the new standards would cost about 55 per cent of the original cost. By-passes for transport of missiles and other defense equipment are being considered.

MARATHON WATER HEARING — When the subject is water development, Texas's always seem to have a few million well-chosen words to exchange.

Hearing before the State Water Board over whether Houston and the Trinity River Authority shall receive a permit to build a new Trinity reservoir is one of the longest ever held. It has been in progress off and on since November.

Main opponent is the San Jacinto River Authority which wants Houston to use its money developing the San Jacinto than the Trinity.

SJRA witnesses contend the Trinity water will be inadequate in amount and unsuitable for domestic use.

OIL FLOW CUT — Texas Railroad Commission set the March oil allowable at 2,900,568 barrels a day.

This is 120,498 barrels a day less than the February allowable. It continues February's 10-day production pattern.

Most of the industry testimony before the Commission was gloomy. There is an oversupply of oil now, said some spokesmen, and another month of over-production would be "disastrous."

CITIES DUE RECOGNITION — Cities of Harlingen and West University Place (Harris Co.) are to receive awards for their water and sewage plants on March 2.

Dr. J. E. Peavy, State Health Commissioner, will present cups to representatives of the cities at a banquet sponsored by the Texas Water and Sewage Works Association.

Harlingen will be recognized for having the "most attractive water treatment plant in the state" and West University Place for the "most attractive sewerage treatment plant."

Presentation will be made during a short course for city water and sewage plant personnel to be held Feb. 28 to March 5 at Texas A&M College.

CARE FOR OLDSTERS — Texas' need for more mental hospital space has focused attention on the number of state mental hospital beds occupied by persons not mentally ill.

In a talk before the Texas Association for Mental Health, Gov. Price Daniel said, "One of our toughest problems now in-

volves those 5,000 hospital patients whose only illness is advanced age.

"Senility is not insanity," said the governor, "and a concerted effort must be made to enable these aged citizens to be cared for in nursing homes or in their own homes."

State Hospital Board Chairman French Robertson called it "a sad thing that people send their old people to mental hospitals when they don't want to take care of them."

PATROL EXAMS SET — Young men between 21 and 35 years of age will have an opportunity in April to seek admission to one of the nation's most highly regarded law enforcement agencies.

Col. Homer Garrison Jr., Director of the Department of Public Safety, announced that entrance examinations will be given April 12, 13 and 14 for candidates for the State Highway Patrol.

Applicants must be high school graduates, in good physical condition and of high moral character. They must be not less than 68 inches nor more than 76 inches tall and weight not less than two pounds nor more than three pounds per inch of height.

Applicants should contact regional or district DPS offices or write the Texas Department of Public Safety, Austin.

GAS HIKE OKAYED — Texas Railroad Commission has granted Lone Star Gas Co. permission to raise its rates from 30 cents to 35.4 cents per 1,000 cubic feet.

Lone Star, which sells to 328 Texas cities, had asked for an increase to 40 cents.

Twenty-eight cities virologously opposed the company's request, keeping the matter in heated controversy before the Commission for more than a year.

NO COMPETITION — Several legislative races have been "won" without a shot fired. Texas Legislative Service reports 20 announced candidates for legislative posts have withdrawn.

CARD OF THANKS — I wish to thank all those who sent cards or flowers during my stay in the hospital. Also I appreciate the good care by the hospital staff. Every kindness is deeply appreciated. Blaine Holt.

CARD OF THANKS — We want to express our sincere appreciation for the many kindnesses shown us at the passing of our loved one. We gratefully acknowledge the beautiful flowers, sympathetic words, and the meals that were served. May God richly reward each of you.

### Heart Attack Is Fatal To Former Floydada Coach

Floydada. — Funeral services were conducted at 10 a.m. Monday in the Floydada Methodist Church for L. F. Gresham, 41, former Floydada High School football coach, who was found dead Saturday night.

Gresham was found in his pickup truck about 8 p.m. on his farm in the Dougherty community, about 20 miles east of here, according to Justice of the Peace Ed Griffith.

Gresham had left his home about 5 p.m. When found by a neighbor, the truck motor still was running. Officers said the pickup apparently careened off the road.

Griffith said he would return a verdict of death due to a heart attack, acting upon results of a physician's examination of the body.

Officiating at services were Rev. H. Dewitt Seago, pastor of the church. Burial was in Floydada Cemetery under direction of Harmon Funeral Home.

### CARD OF THANKS

I wish to express my sincere thanks to the doctors and nurses who ministered unto me, and to all of my friends and acquaintances who sent cards and flowers and visited me while I was in the hospital at Amarillo and in the Nichols hospital here. I certainly appreciate every remembrance. Thanks to all of you,  
Mrs. R. L. Lackey.

### PUTTING TEETH IN LAW

St. Louis — Traffic signs may confuse some people, but they are definitely painful to Jack Gillen. He was hit in the face by a sign blown off a lamppost by a sign of wind. Gillen's nose was broken.

The East Texas State Teachers College graduate had served as football coach from 1945 to 1951 at Floydada, and he had been an all-state basketball player in high school. Gresham moved to Floydada from Bowie.

Survivors include the wife; a daughter, Pam, of the home; his mother, Mrs. W. B. Gresham; a sister, Mrs. Francis Clifton, Childers.

DONALD L. REDDELL, left, and BRUCE E. FINK, have joined the staff of the High Plains Undergruond Water Conservation District.

### Two Join Staff Of High Plains Water District

Bruce E. Fink will be stationed in Hereford. There he will be in charge of the Water District's field office. He will replace Wayne Wyatt, who has resigned to enter private business.

Mr. Fink is a native of western Kansas and was reared on a wheat farm and cattle ranch. He is a graduate of Kansas State University where he majored in Agriculture and Geology. He has been in the farming and cattle business and is a veteran of service with the U. S. Army.

#### Care of Fabrics With Metallic Yarns

Metallic yarns are used in many kinds of fabrics, and they do give unusual or interesting effects to the fabric. However, they sometimes call for special care and treatment when cleaning and handling.

Check before you buy. Find out if the garment can be washed; or if it must be dry cleaned. The majority of these fabrics do dry clean satisfactorily. All metallic yarns are subject to abrasion, so avoid excessive rubbing. Use the acetate setting on the iron if you need to press. Imported metallic yarns of copper filament coated with gold or silver have a tendency to tarnish in dry cleaning. They may discolor from wear and perspiration.

American made metallic yarns usually dry clean satisfactorily and wear well. However, sunlight may affect the color. Also, if the fabric has not been stabilized for shrinkage control, puckering or washing because the textile yarn shrinks — the metallic yarns do not shrink. Spots or stains may, in some cases, leave a color change.

Check the label on the fabric or garment for suggested care.

### Hagood Rites Are Held Sunday

Funeral services were at 2 p.m. Sunday in Tulia Church of Christ for V. C. Hagood, 86, who died at 11:30 a.m. Saturday in People's Hospital, Floydada.

Hagood, a Tulia drygoods merchant since 1908, had been hospitalized 3½ years. He was a native of Tyrone, Ark., moved to Lane City, Tex., in 1898, to Fannin County in 1902 and to Tulia in 1908.

He was a member of the Church of Christ.

Paul Epps, minister, Plainview, officiated. Burial was in the Tulia Cemetery under the direction of Harmon Funeral Home.

Survivors include three sons, Tom, Post; Cecil, Floydada; H. D., Petersburg; a daughter, Mrs. Jerry Brisco, Amarillo; five grandchildren; three brothers and two sisters.

FHA Banquet Is  
Highlight Event**

Marking the highlight event of the year for Future Homemakers of America chapter in Lockney High School was the annual Mother-Daughter Banquet held Friday night in the school cafeteria.

Decorated in the school colors the tables featured red and white streamers down the center. At intervals were FHA symbols flanked by red and white tapers. Place cards in the shape of the FHA emblem displayed the theme, "Today's mothers, Tomorrow's Home-makers." Centering the head table was an arrangement of red roses and on the wall above the table was the Future Homemakers banner. Each mother was presented with a corsage of red roses from her daughter.

Deane Baxter gave the invocation, followed by a welcome by Pat Buchanan, FHA president. Mrs. Mary Buchanan gave the response. The Teen Tones, Glenda Harden, Carolyn Harris, Janice Boedeker, and Ann Brown, sang "Pretty Blue Eyes", "Blue Moon" and another number. They were accompanied by the Combo, composed of Duane Wilson, Donald Ivie, Keith Carthel and Tommy Duvall. Mrs. Quinten Adams, sponsor, was selected as the honorary member and presented a bouquet of red roses.

Freddie Gant, FHA Beau, and his mother, Mrs. W. N. Gant, were special guests. The Beau was presented an identification bracelet. An emblem service was given by June Caldwell, Donna Baughman, Linda Poole, Judy Thomas, Beverly Simmons, Beverly Jeffers, Linda Gam-mage and Nadine Cumbie. Linda Scheele sang the FHA song and Louise Bollman gave a reading entitled, "Mother." As a benediction the Harmonettes sang "Bless This House." They were Carolyn Belt, Sandra Smith, Jane Rhodes and Cheryl Rucker.

The meal was served by the F.F.A. Chapter boys.

At El Progreso  
Club Meeting**

Mrs. Chester Mitchell reviewed the book, "This is Goggle" by Bents Blagemann at a meeting of El Progreso Study Club Wednesday, February 24, in the home of Mrs. Henry Schacht. The meeting began at 4:00.

The members were intrigued by the antics and realistic episodes portrayed by the story of the regular growing boy, Goggle. Much to his parents amazement Goggle made it through high school and to college where he began to practice the manners his parents had tried to teach him and he became the gentleman they had almost lost hopes of seeing him become.

Mrs. Schacht served coffee and orange date cake to Mrs. Milton Ashton, Barry Barker, Dee Copeland, Jess Cox, Charles Duran, Leslie Ferguson, Chester Mitchell, Ewad Quebe, Guy Sams, Howard Smith, Owen Thornton, Tommy Glenn and the hostess.

Next meeting will be Wednesday, March 9, at 4 o'clock in the L. M. Honea home.

**Graves-Taylor  
Vows Repeated  
In Church Rites**

Miss Cleona May Graves, Lockney, and Vern Earl Taylor Jr., exchanged wedding vows Sunday afternoon at 2:30 in the Baptist Church of Lone Star Community. Rev. Temple Lewis, pastor, officiated at the impressive double ring ceremony.

Louis Willis attended his brother-in-law as best man. Groomsman was Weldon Graves, brother of the bride. Ushers were Bud Nance and Joe Neil Rexrode.

Mrs. Graves, mother of the bride, was dressed in light blue with white and black accessories. Mrs. Taylor, mother of the bridegroom, wore grey with black accessories. Each of them wore a corsage of white carnations.

For the exchange of vows the couple stood before an altar centered with a large heart outlined with greenery with white wedding bells tied in the center with an orchid satin bow. White gladioli and stock overhung the top of the heart which was flanked by tall baskets of gladioli and stock and candelabra holding white tapers. A satin covered kneeling bench completed the altar decor.

Mrs. C. L. Record, pianist, played the nuptial music and accompanied Mrs. Jeff Terrell, soloist, as she sang, "Through the Years," "Bless This House" and "The Wedding Prayer."

Escorted to the altar and given in marriage by her brother, Winfred Graves, the bride wore a waltz length gown of white lace over taffeta designed with a rounded neckline outlined with scallops embroidered with seed pearls. The fitted bodice terminated in points at center front and back and was attached to a full circular skirt. The sleeves were three-quarter length. Her fingertip veil of nylon tulle was designed with scalloped edges accented with pearls. She carried a white Bible topped with a bouquet of white gardenias and dainty carnations showered with satin streamers tied in love knots.

For something old the bride carried a lace trimmed linen handkerchief belonging to her mother, new was her wedding attire, borrowed was a pair of pearl ear rings belonging to Mrs. Charles Kindie, Amarillo, and blue was a garter.

Mrs. Louis Willis, Lockney, twin sister of the bride, was matron of honor. Bridesmaids were Miss Betty Graves, sister of the bride, Miss Freta Taylor, sister of the bridegroom, and Mrs. Mary Johnson.

The bride's attendants were dressed identically in street length dresses of orchid polished cotton designed with short sleeves and bateau neckline which dipped to a V in back. The sleeves were short and the full gathered skirt was caught at the waist with a cummerbund which criss-crossed in front and hung gracefully to the hemline in back. They wore white feather hats and carried single long-stemmed white carnations.

Katherine Graves, niece of the bride, was flower girl. She wore an orchid polished cotton dress with short puffed sleeves and full gathered skirt and carried a white basket. Candelighters were Tony

**Officers Will  
Attend Farm  
Credit Meeting**

More than three hundred farmers and ranchers who are directors and officers of the 36 production credit associations and 13 other agricultural financing institutions in the state are expected to attend the annual stockholders' and patrons' meeting of the Federal Intermediate Credit Bank of Houston at the Stephen F. Austin Hotel, Austin, on March 7 and 8. They will be welcomed at the opening session by Governor Price Daniel during the luncheon to be held Monday noon.

The Plainview Production Credit Association will send delegates to the Credit Bank's annual meeting. Those attending will be L. R. Durham, Henry Hayes, D. A. Anderson, Don Garrison, and Grady Shepard, directors, and Olan Alexander, secretary-treasurer.

Chas. C. Thompson, chairman of the board of directors of the Federal Intermediate Credit Bank of Houston, will preside at a banquet Monday evening at 6:30 in the Stephen F. Austin Hotel ballroom. Dr. Kenneth McFarland of Topeka, Kansas, Educational Consultant for General Motors Corporations, will address the group.

Delegates and others present will hear W. N. Stokes, Jr., President of the Federal Intermediate Credit Bank of Houston, give a report on the activities and financial condition of the bank.

The production credit associations which will send delegates to the meeting are locally owned farmer and rancher cooperative credit organizations which make agricultural production loans. These associations are stockholders of the Federal Intermediate Credit Bank of Houston. Thirteen other agricultural financing corporations in the state which obtain their loan funds from the bank will be represented at the meeting.

According to Mr. Durham, the associations all over the United States have embarked on a program that will eventually result in ownership of the Federal Intermediate Credit Banks by farmers and ranchers of the country — a system designed to finance completely and adequately any agricultural production need. This has been a goal of farm leaders in the nation for the past twenty-five years.

The Plainview PCA serves farmers and ranchers in Hale, Floyd, Briscoe, Lamb, Farmer, Swisher, Bailey, and Castro Counties, with headquarters in Plainview, and has field offices located in Dimmitt, Floydada, Friona, Littlefield, Muleshoe, and Tulia.

During the past year the association loaned more than 27,000,000 dollars to its farmer and rancher members.

Businesses grow when somebody mixes hard work and intelligent efforts; few men wake up to find themselves rich.

EWALD QUEBE, left, of Providence and John C. Jenkins of Lorenzo, are membership drive chairmen of Floyd and Crosby counties respectively in the Farm Bureau campaign to start Monday.

## Farm Bureau Drive Will Begin Monday

The Floyd County Farm Bureau's annual membership drive will begin next Monday, March 7. A kick-off meeting of some 40 volunteer workers will be held at 10 a.m. Monday in Golden's Restaurant in Lockney. Doughnuts and coffee will be served.

Millard Shivers, organizational director of the Texas Farm Bureau, will be present and will discuss some of the activities of the state organization as well as what other counties are doing in Farm Bureau work.

During the week the volunteer workers will contact their friends and neighbors to inform them of the advantages of a strong Farm Bureau organization in this county.

The Farm Bureau membership in this county at the close of 1959 was 637. The current goal is 650 members but drive officials are expecting that this goal will be exceeded if all farmers are informed of the philosophy and goals of Farm Bureau. The Beacon was told.

A contest between the Floyd

and Crosby County Farm Bureau organizations is on to determine which can secure the most new members. The plan is for the board of directors of the F. B. in the losing county to be hosts to the directors of the winning county at a steak supper on March 19. Also at this meeting the person enlisting the most new members in either of the two counties will be presented a nice gift.

## Cold Spell May Be Breaking Off

The sun peaking through the clouds late Wednesday indicated that some relief from the cold, wet weather of the past two weeks may be in store for Floyd County. Sleet, snow and light rain has fallen this week and covered the ground as well as trees and other things with a coating of ice.

The temperature has varied from 10 above to as high as 25 above at various times.

## J. E. Newton Is Found Dead

Jessie Echols Newton, age 77 years, passed away at the family home on South East 2nd Street, early last Thursday morning. Mrs. Newton discovered her husband had passed away in his sleep when she went to awaken him. Death was fixed at about 7 a.m. by physicians.

Mr. Newton had been ill for several days recently but was released from the hospital several days previous to his death and was thought to be improving. Death was believed to have resulted from a blood clot.

Funeral services were held at the First Baptist Church here Saturday afternoon at 3 o'clock conducted by the pastor, Rev. Charles Broadhurst. Burial was in Lockney Cemetery. A large crowd of friends and relatives were present.

Mr. Newton was born July 11, 1882, near Bridgeport in Wise County, Texas. He was reared there and was married to Miss Dora Effie Walker at Brook, Okla., on August 8, 1902. The couple lived in Wise County until 1925 when they moved to Hobart, Okla., to Morton, Tex., in 1932 and to Lockney in 1934.

Mr. Newton farmed near here until 1941 when he moved into town. Since that time he had been engaged in construction work.

He was converted at an early age and became a member of a Baptist Church. He had served the church as a deacon since 1916. He was known as a hard-working, conscientious man and had many friends.

Survivors include his wife, six sons and five daughters as follows: Allen Newton of Roosevelt, Okla.; Cecil of Lockney, Dalton and Dewey of Amarillo, Arville of Lockney and Vern of Denver, Colo.; Mrs. W. ## March 16 Is Deadline For Choosing "B"

March 16 is the deadline for farmers to choose the "B" plan in cotton acreage under the government support price program, according to T. J. Hutchins, ASC office manager. If the farmer makes no choice then he is automatically placed in "A" plan.

Mr. Hutchins said that very few farmers had made a choice as yet. His office had 60 "B" plan contracts to Wednesday afternoon compared to a total of 410 "A" plan operators last year. He said that most farmers waited until the last few days to make their choice.

Choosing the "B" plan allows the farmer a 40 percent increase in his allotted cotton acreage but he must take a lower support price.

Support prices as announced by Secretary of Agriculture Benson some time ago range about \$7.50 per bale lower than last year on both plans and all grades. Based on middling 7-8 inch the "A" plan cotton will be supported at 28.97 cents per pound and "B" plan cotton will be supported at 23.18 cents per pound.

The county ASC office is now in the process of measuring wheat acreage but the work has been slowed by the weather. About one-half of the wheat acreage has been measured, Mr. Hutchins said.
