

County is prepared for bad weather

Fortunately, the worst hasn't happened to Dimmitt, Hart or Nazareth. Anyone who has lived in Castro County for the last 25 years can still remember Tuesday, April 12, 1960, though — the night of the Sunnyside tornado. Three were killed, 60 injured in the storm that ripped through the southern part of the county.

To try to prevent the loss of life, minimize injuries and safeguard property as best as possible, local and county law enforcement and civil defense agencies and the National Weather Service joined with the Castro County Lucky 7 CB Club last Thursday in hosting the annual Weather Watch meeting at the Expo Building.

Over 60 persons from Dimmitt, Hart, Nazareth and the county were on hand for the meeting, where LEA, CD and CB Club members outlined plans of action for severe weather.

"The Sheriff's Office plays a trifold part in severe weather," said Deputy Jerry Jansa. "We take part in the planning of the various agencies of the county, send units out for watch duty throughout the county, and serve as a clearinghouse for information during watches and warnings."

"We have five different telephone lines into our office, plus radio contact with all of the units in the county," Jansa explained. "We have a problem with people tying up our telephone lines during severe weather, though. I'd suggest

WHAT WATCHES AND WARNINGS MEAN ...

•THUNDERSTORM or TORNADO WATCH — The possibility exists for severe thunderstorms and/or tornadoes, in a wide area. They could be accompanied by heavy rain, large hail and damaging winds.

•SEVERE THUNDERSTORM WARNING — A severe thunderstorm, with heavy rain, large hail, and/or damaging wind, is in your vicinity. You should take shelter, and listen to local radio, television, NOAA Weather Radio, or CB Channel 7.

that anyone wanting information listen to local radio, NOAA weather radio, watch television, or monitor their CB or scanner. Any information we receive is relayed directly to the NWS, and they will disseminate the information to TV and Radio stations.

"We need to mention that we don't have access to the courthouse basement," Jansa said. "In case of severe weather, or an imminent tornado strike, people need to find shelter in their own home or as close as possible. Don't go to the courthouse. We do solicit severe weather information from the

public, but we ask the public not to come into the Sheriff's Office in person."

County Civil Defense Coordinator Steve Jameson said the biggest problem he faces is "the people in Dimmitt still don't want to tell us where their cellars are. We have tried for three years to find out where cellars are. We're not going to share this information with anyone — it's not to relay to other persons. We just need this information so we can make sure that a house or something hasn't blown over a cellar and trapped everyone in-

EXTENSION HOMEMAKER OF THE YEAR is Edith Graef (right), selected by the Extension Homemakers Council. She was recognized at the annual EH Banquet last Thursday. Presenting her with her award is Teresa Nutt, CEA-HE. See story, Page 11.

What to LISTEN for ...

Provided there is enough time, the sirens will be sounded in Dimmitt, Hart or Nazareth in the event of an imminent tornado strike. The siren will blast IN ONE CONTINUOUS CYCLE FOR TWO TO THREE MINUTES. Law enforcement and fire department units will also utilize their SIRENS and PUBLIC ADDRESS SYSTEMS to warn residents in each city.

Aldermen search for new chief

The Dimmitt City Board of Aldermen have begun formally accepting applications for a new police chief in the wake of Don Franklin's official resignation.

Franklin handed in his resignation last Thursday, effective May 1, to accept a position with Littlefield Enterprises Corp., a New York City-based firm with sites worldwide as reported in the *News* last week.

Franklin has made a recommendation for a successor, but the Aldermen will be accepting applications for an unspecified time period. Franklin indicated Monday night, at the board's meeting, that he will be in Dimmitt on weekends through the rest of the school year, and will be assisting the Police Dept. while he is in the city.

The board accepted bids for a new garbage truck and two pickups for the Public Works Dept., and learned they will need a new earth-moving machine at the city landfill, but may opt to contract that work to a private individual or business.

The board accepted the bids of McGavock Motor Co. in Plainview for two new pickups, totalling \$17,123, and of EMCO Mfg. Co. of Plainview for \$47,000 for a new garbage truck. The vehicles were put in service Wednesday, and were the lowest bids submitted.

The City's 1974 Caterpillar at the landfill site northeast of Dimmitt "has completely quit" according to Director of Public Works James Killough, who said it would cost about \$25,000 to completely repair the machine.

City Manager Paul Catoe said the City is currently renting a machine from Plains Machinery of Amarillo for \$1,500 per month.

The aldermen agreed to advertise for bids for a new machine for the landfill, but will also consider contracting the work out to private enterprise. The bids will be considered at the Aldermen's next meeting on May 6.

The board also accepted two bids from Trellis Summers, totalling \$5,472, for re-roofing the Aldermen's Chambers at City Hall. The proposal was the highest of three considered, but came with a 12-year guarantee. The project will begin in about two weeks.

The Aldermen gave the go-ahead to reverse the direction of the doors at the southwest corner of City Hall, at a cost of \$105, but nixed an idea to replace the two metal doors in the south half of City Hall with glass doors. Catoe presented estimates ranging up to \$1,554 to replace the doors, which he termed "dilapidated."

The aldermen tabled any action on drainage problems in northwest Dimmitt pending any action on drainage problems in northwest Dimmitt pending further study. Representatives of the Castro County Country Club were on hand, and told the board that two low-water crossings that have been proposed by City Engineer Bill McMorries of Amarillo would not work at the golf course.

CCCC club pro Cliff Cook told the Aldermen that three bridges wide enough to handle the CCCC tractor and mower would suf-

CUFUPUsh set Saturday

Cpl. Cleanup will sound Reveille at 7 a.m. Saturday to start the 1985 CUFUPU activities at the First United Methodist Church in Dimmitt.

"Cpl. Cleanup wants service clubs, high school students and other groups as well as individuals to come out and help Saturday," Sara Hill of the MBC said. "We want everyone who possibly can to give four hours of service to help Clean Up, Fix Up and Pride Up Dimmitt."

"We'll have a free breakfast at 7 a.m. at FUMC," Mrs. Hill said, "and if they need to go out on individual projects, that's alright, but we need a lot of help with our community projects."

The CUFUPU Campaign will focus on the area in northeast Dimmitt behind Taylor & Sons Food Store and Arrow Package Store and around the Kids, Inc. Baseball Complex in west Dimmitt.

"When we get through with these areas, they are going to be gorgeous," Mrs. Hill said. "We need everyone to bring rakes, hoes, shovels, and themselves. We hope it will only take around four hours. A lot of folks have already started cleaning up on their own, but we want a true community effort and need everyone to come help us."

CPL. CLEANUP is the new commander of the Mayor's Beautification Council. He made his first appearance in church bulletin inserts Sunday, and will be heading up the CUFUPU campaign Saturday.

Poster contest winners named

Six Dimmitt youth were recently named winners in the CUFUPU Poster Contest sponsored by the Dimmitt Mayor's Council on Beautification. Each received a \$5 cash award.

Winners are Addison Foskey, first grade, son of Mr. and Mrs. Mike Foskey; Rachel Goldsmith, first grade, daughter of Mr. and Mrs. Noble Goldsmith; Poppy Cline, second grade, and Adam Cline, sixth grade, children of Mr. and Mrs. John Cline; Angela Garcia, third grade, daughter of Mr. and Mrs. Jesus Garcia; and Joel Townsend, Lucky U third grader, son of Mr. and Mrs. Carter Townsend.

By Don Nelson

A man who apparently had been drinking came into a local store Saturday, and told the woman in charge that he hadn't eaten in a week, was out of gas and was broke. He asked if she could give him some money.

The woman had not been confronted with this problem before, and was understandably a bit scared. This could have been the guy's opening gambit toward a robbery. Or he could be the type who gets violent if refused.

The woman — who is a sharp gal — did some quick summing-up. If the guy really was too broke to buy food, why did he have liquor on his breath? And why were he and his buddy (who stayed outside) smoking?

Then she did the right thing. She called Rev. Vernon O'Kelly. She knew the Ministerial Alliance had an aid fund to help truly needy people, and that they have had experience in spotting phonies.

If someone ever approaches you with a similar tale, the first rule is: Don't give money. A lot of people make their living on hard-luck stories and handouts, and some are really experts at it. There's a good chance that any money you give for gas or food won't be spent at the service station or cafe. If you feel inclined to buy

GEORGE SIDES AND JOAN DURBIN were the top honorees Friday night at the annual Running Water Soil and Water Conservation District Awards Banquet at the Expo Building in Dimmitt. Sides was honored as Conservation Farmer of the Year, while Mrs. Durbin received the Conservation Homemaker of the Year.

Athletic banquet is tonight

Dimmitt High School's top athletes will be honored tonight at the annual DHS All-Sports Banquet at 7:30 p.m. at Richardson Elementary School East Cafeteria.

The Most Valuable Player in each sport will be recognized along with the presentation of the "Fighting Heart" awards and recognition of the football and basketball queens.

Tickets for the banquet are \$5 per person and will be available at the door.

"The banquet is open to everyone," said DHS Athletic Director Ken Cleveland. "There will be no speaker, just a good meal and the presentation of awards. We'd like to have everyone come out."

Time to change time

It's time for the old switcheroo with the clocks Sunday at 2 a.m.

That's when we get to change the clocks to Daylight Savings Time, and lose an hour of sleep in the process.

Before you retire Saturday night, set your clock AHEAD one hour, and you'll be on time for church and other activities on Sunday.

KAREN NELSON WAS ELECTED PRESIDENT of the Plainview District of the Future Farmers of America at the District Convention last Wednesday at Dimmitt High School. The DHS Junior is the third consecutive DHS student elected district president (she was preceded by Woody Glass and Mark Standlee) and is the first female elected president by the Plainview District. Glass was elected as the Area officer candidate at the convention.

On the Go

with Mary Edna Hendrix, 647-3343

Joe Higgs called from Canyon to invite his friends in Dimmitt to attend a special service to be held on his church in Canyon on Sunday, April 28 from 3:00 to 4:00 p.m. A special pastor's installation service will be held, hosted by the deacons of the church. Joe's father, Dr. Grady Higgs, from Fort Worth will be the guest speaker. A picnic and fellowship will follow the service from 4:00 to 5:00. The Calvary Baptist Church is located at 800 8th St. in Canyon.

Joe Higgs told me he saw my grandson and his family, Kevin, Neely, Adria, and Matt in Amarillo recently at the "Sesame Street" show at the Civic Center.

Several Dimmitt people went to Hereford on Sunday afternoon for the dedication and formal opening of the Hereford Senior Citizens Center. This is a beautiful building inside and out. I went with Guy and Oleta Walser and Irene Carpenter. Others we saw were: Dorothy Hopson and her mother, Louise Mears, Ferne Dickey, Helen Richardson, Cleo Forson, Allie Mae Willis, Anita Morris, Mrs. Reynolds, Mrs. Ginn, Ed and Betty Freeman. I am sure there were others there that we knew but the crowd was so large we didn't see everyone. Some from Hereford we knew were: Rev. Weldon and Jean Butter, Pastor of First United Methodist Church in Hereford, the Clarence Behrends, the Thompkins, Louise Streun, and Mrs. Annie DeLozier (They told me they read my column in the Castro County News every week). Bill Sarpaluis and other dignitaries were there.

The program consisted of: Master of Ceremonies, Doug Manning; Invocation by J. O. Robinson; Pledge to the Flag by Tom Manning; Welcome by Homer Garrison, who is the president of the Hereford Senior Citizens Center; introduction of special guests by Doug Manning; special music by the Chamber Singers; introduction of Keynote Speaker, Margie Daniels; and the speaker was Bob Bobbett, the director of the Texas Dept. on Aging, and the benediction was by Rev. Bob Huffaker.

A social hour followed the ceremonies and they had two serving tables filled with beautiful party cookies and delicious punch. While they were in Hereford, some of the Dimmitt people went to the Antique Show. They reported three big rooms full of beautiful antiques. The shower for Debbie Dennis and Danny Underwood was held in the home of Mrs. Jerry Watts on Saturday morning. This was a large and beautiful shower. I visited with Decimae Dennis from Midland, Geneva Curtis and Mary Pyatt from Amarillo and Connie Dennis from Lubbock.

Wanda Murdock's family, Bobby, Debbie and Brad honored her on her birthday by taking her out to eat in

Amarillo. They spent part of the weekend watching Debbie play softball. They invited me to go with them last weekend to Portales, N.M. to watch Debbie play ball. She is a good player and can play several positions on the team.

Curtis and Marie Tate went to Oklahoma for Easter and a family reunion. All the brothers and sisters were there including the brother Cecil and Gwen Kay from Yakima, Wash. Mr. and Mrs. Kay and Mrs. Maude Kay came home with the Tates and spent a few days in Dimmitt.

The Board members of the Castro County Community Concert Association met in the home of Oleta Walser on Wednesday morning to prepare the renewal packets for the 1985-86 Concert Season. All those who worked last year will be needed again this year. The Coke party will be April 29 from 2 to 4 at the Rhoads Memorial Library. Please come by and pick up your packets. Those present at the meeting were: Ed and Betty Freeman, Nolan and Froehner, Irene Carpenter, Polly Bell, Mamie Birdwell, Walter Maynard, Norma Dawson, Alma Conrad, and Mary Edna Hendrix. Oleta served chocolate chip-pecan bars and Alma Conrad brought banana bread.

If you missed seeing the bluebonnets downstate this year, go by the Castro County Museum to see the bluebonnets there and go in and have a tour of the museum any afternoon Monday through Friday.

Ben Gollehon from Baytown visited his mother Oleta and Guy Walser recently. Ben went on to Amarillo to judge the Interscholastic league band concert in sightreading and concert.

Pearl Raper's great niece, Natosha Burnham passed away in San Antonio recently. Natosha was 6 years old. She has one brother who is 7 years old. Our sympathy goes to this family.

Mark and Kay Merritt and Lori from Midland were here visiting Glenn and Mona Merritt, Mabel Brock and other relatives over the weekend.

Ivor and Hazel Bagwell entertained the Dimmitt Dinner Club on Thursday evening with a Fiesta supper and sherbet and cookies for dessert. The tables were so pretty with yellow and white daisies in the center of each table, napkins with daisies that matched the pottery. Members enjoying the evening were: Morgan and Geneva Dennis, N. A. and Thelma Bryson, Elmer and Mauzee Youts, Irene Carpenter, Connie Ivey, and Mary Edna Hendrix.

Ruth Cochran, Maxine Myers, Wanda Murdock and I got together for a Mexican supper and an evening of playing "Skip-Bo." Gene Bolton from Winter Haven, Calif., brother of the late Carl Bolton, visited in the home of Ocie Bolton for a few days last week. Mr. Bolton planned to visit his sisters while he was in the area, one in

Stratford and another downstate, before he returned home.

Irene Carpenter and I watched some of the little girls basketball games on Monday afternoon since her great granddaughter, Tisha Rice, was playing with the Demons. Some of the other players were: Amy Wooten, Michelle Schumacher, Crystal Rodriguez, Tracy Franklin, Holly Edwards, Gretchen Moore, Leslie Nelson, Monica Garcia and Luce Ewing. Their opponents, the Gremlins, were: Denicia Barrios, Jean Turner, Maria Guajardo, Barbara Ann Garza, Sue Turner, Brandi Holcomb, Lesa Nino, Shanna Schaeffer, and Kelly Deona Boyd.

We stayed and watched part of the older girls' game, and some of the players were Mitzi Heller and Christi Salinas.

Irene told me later that the Demons won the Basketball Tournament on Saturday. Jack Edwards and Randy Schumacher are the coaches for this winning team.

Ferne Dickey was hostess to the Thursday Bridge Club with Susie Reeves winning high score and Johnnie Vannoy winning second high. Others playing were: Beash Bradford, Jean Christian, Loranell Hamilton, Cleo Forson, Louise Mears, Alice Collyer, Emily Clingsmith, Rosalie Hawkins, Jo Gregory, Elizabeth Huckabay, Faun Welker, Polly Holland and Tina Rawlings.

Some former neighbors of Genevieve Howe from Littlefield came to Dimmitt on Monday to visit her and take her out to eat. Genevieve enjoyed visiting with Lois Pharris, Norma Owens and Mrs. Van Clark.

The Catholics of Bovina and Dimmitt exchanged priests Sunday, April 21. Father Emmanuel from Bovina parish, but originally from Nigeria, assisted by Walter Klemm from Nazareth, presided over Mass.

Several Methodist Women enjoyed hearing Dr. Brendon Douglas, a black female Methodist minister from Kerrville at their Spiritual Growth Retreat this weekend at Ceta Canyon.

Going from Dimmitt were Shirley Wise, Jane O'Kelly, Ruth Coleman, Kathy Naylor, Lindon Hollins, Mildred Bradford, and Deanne Clark.

Deanne Clark, Margaret Parsons and Carolyn Sides honored Jody Irwin recently with a "going-away" luncheon. Veterinarian Clint Irwin and Jody will be moving to Spearman May 1. Jody has received good-bye gifts from the Agape Circle (UMC) and the ROW recently as her friends wish her well.

Jake and Martha Isaacs went to Amarillo Saturday night to see the play "I Remember Mama" at Concert Hall Theatre. The play was presented by Amarillo College Theatre Arts Department under the direction of Terral S. Lewis.

Friday bridge club was hosted by Ruth Coleman. Players were Cletha George, Retta Cluck, Carolyn Copeland, Josie Bradford, Beral Hance, Gladiola Shipley and Dorothy Elder.

Mrs. Shipley won high score and Mrs. Elder was second.

INSURANCE WANTED

What we would not give to protect this innocent girl of ours from the hurts and pains of life. If there were an insurance policy that could do this we would pay any premium. There is, however, no such policy, for God has not made the world that way. God has made a world in which pain and suffering are always a part of life, but never forget, He pronounced that world, all of it, good. It is our failure to trust in God that makes us want to keep part of life from ourselves and from our children. We think part of life is bad and would rule it out. Only

trust in God will enable us to deal adequately with life's sufferings and hurts. This is the divine life insurance which guarantees life eternal, believe in God! Be sure you make it to Church this week to learn of Him and praise His Holy Name.

Is something wrong with your life — an inner restless dissatisfaction? The answer to every human problem comes only from God our Maker. He alone can forgive and reassure. Through the church God has committed the provision and proclamation of His forgiveness and redeeming love. Without a church relation no one is securely related to God. Everyone should be in the Church and the Church should be in everyone!

Sunnyside

By Teeny Bowden

Charlie Jones of Olton, grandfather of Charlie Hall Jones and Renee Wilson, died in his home Tuesday afternoon of a heart attack. Embree Roy and Willie Mae Sadler, Gerald and Pat Elkins, Hershel and Retha Wilson, Milburn and Janelle Haydon, Juanita McGill, and Sharon Cox attended the funeral services in Olton as well as the Lonnie Wilsons and Charlie Hall Joneses Friday afternoon. Charlie and Loraine (Phipps) Jones made their home in the southwest part of the community after they were married. Loraine came with her family to that area in 1909. Their children, Phillip and Ara Sue, attended Sunnyside School. Phillip also made his home in the community after he and Flossie Hall were married. Ara Sue lived here a while after she married. Phillip and Flossie raised their children, Charlie Hall and Renee in the community, and the children and grandchildren still live here. Mr. and Mrs. Jones moved to Olton several years ago and Phillip and Flossie in recent years.

April Guy has had a better week this week. Her mother, Mrs. Bill Fowler, arrived Thursday to visit with her and the family for a few days. Ginny Guy was home from Wayland last weekend.

Slick Holbrooks has been worse this week, but he is still home.

L. B. Bowden had to send another CardioBeeper EKG to Bethesda, Maryland, Wednesday afternoon. The cardiologist in Amarillo called within 30

minutes with instructions. Rev. Bentley and Kathy Gwyn were with her mother, Betty Curry of Lubbock, in Methodist Hospital Friday while she underwent major surgery.

A trace of rain was received Wednesday afternoon.

Tammy Loudder was honored with a bridal shower in fellowship hall of the church Saturday afternoon. Hostesses for the occasion were Debbie Jones, Frances Watson, Fran McCarty, Elaine Jones, Pat Elkins, Ruth Spencer, Flossie Jones, April Guy, Willie Mae Sadler, Helen Huley, Mrs. Donal Fennell, Ethel Weiland, Emma Jean King, Louise Bradley, Sheri Elkins, Mary Clayton, Bernice Dutton, and Mitzi Dutton.

GOOD YEAR DYNA TORQUE RADIAL REAR TRACTOR TIRE

A New High In Cost-Saving Efficiency For Rear Tractor Tires

- Revolutionary 3-pitch lug design improves traction, reduces slippage, and lowers fuel consumption
- Variation in lug lengths and the number and spacing of lugs helps protect both farmer and equipment from vibration
- Natural shape casing minimizes the hinging action of tires under load and improves tire body life
- Radial construction provides better traction, less downtime, lower fuel costs than bias ply rear tractor tires

LEGAL NOTICE NOTICE TO POSSIBLE CLAIMANTS FOR GRAIN STORED AT LAWRENCE SYSTEMS, INC., TULIA, (INCLS. VIGO PARK, KRESS, NAZARETH, AND EUNICE SWITCH) TEXAS

The United States Department of Agriculture (USDA), took possession of the grain inventory of Lawrence Systems, Inc. on October 18, 1984. The inventory has been liquidated for the benefit of the owners of the grain. All persons are hereby notified that they must file a claim with the USDA by May 31, 1985, if they believe they are entitled to participate in the distribution of monies received from the sale of the grain including those persons who may have a lien on such grain. Said claim must be on a notarized Proof of Claim form specified by the USDA and supported by copies of documents specifying the claim or establishing that the claimant delivered grain for storage at the Lawrence Systems, Inc. Copies of the Proof of Claim form may be obtained during normal business hours from Kansas City Commodity Office. (KCCO) or Swisher County ASCS Office, Box J, Tulia, Texas 79088. Claims must be received by Warehouse License & Contract Division, KCCO, Post Office Box 205, Kansas City, Missouri 64141 by the close of business May 31, 1985. Claims received after that time will not be considered. Grain depositors who are believed to have possible claims based on a review of Lawrence Systems, Inc. records have been notified by letter. Persons receiving such letters need not file additional claims based on this notice.

The net proceeds from the sale of the grain, plus interest accrued thereon, will be distributed to persons owning grain stored at Lawrence Systems, Inc. as determined by the USDA. Grain funds will be kept by commodity claimants having valid claims against the fund being distributed. Persons who may have reached any agreement of sale for grain stored at Lawrence Systems, Inc. are not eligible to participate in this distribution. 15-31-2tc

Naz leads county at district meets

Nazareth enjoyed a field day Saturday, while Dimmitt and Hart also placed several individuals in the regional meets at District track action across the Panhandle-Plains.

Nazareth placed 10 individuals in the boys and 10 in the girls division, and all five relay teams in the Region 1-A meet; Hart placed three boys, three girls and both boys relays teams; and Dimmitt placed four individuals in their respective regional contests next week.

Nazareth swept to easy team wins while placing a host of individuals in the regional meet in Levelland next weekend at the District 1-A meet at Boys Ranch last Saturday.

Competing against all of the Class A schools in the western half of the Panhandle, the Swifts outpointed Lazbuddie 165-70, while the Swiftettes took a 38-point margin over Vega to claim their team trophy.

Nazareth wins that only eight of the 28 events at the regional meet will be without at least one Nazareth representative, giving both squads a good shot at regional team trophies.

Regional qualifiers for the Swifts include: Bill Huseman, shot; Billy Steffens, discus; Chris Gerber, discus, long jump and 400; Ricky Backus, long jump and 110 high hurdles; Alan Birkenfeld, 3,200 meters; and Russell Hoelting, 100 and 200-meters, as well as both relay teams.

Swiftettes qualifying for the regional meet include: Kelly Schilling, high jump and 800 meters; Leona Gerber, triple jump, 100 low hurdles and 1,600 meters; CeCe Kern, 3,200 meters; Bobbi Hochstein, 800; Ramona Heiman, 100 LH; Rachel Huseman, 200; and

Debbie Schmucker, 1,600 meters, as well as the 400, 800 and 1600 meter relay squads.

James Alexander and Mike Love tied the Dimmitt High School high-jump record of 6 ft., 2 in. while placing 1-2 at the District 2-AAA track and field meet Saturday at Floydada.

The Dimmitt duo left all other leapers behind as Alexander cleared the 6-2 mark on his first jump and Love on his third. Both missed on three tries at 6-4.

Alexander and Love both thought they were jumping for 6-4 on the winning leaps and for 6-6 later. It was announced that way during the competition, but the officials' placing sheet listed their winning height at 6-2.

A grinning Joe Alvarez outraced Muleshoe's distance duo of Medlin and Salazar to win the 1,600 meters in one of the best times in the Panhandle-Plains area Saturday, 4 minutes, 45.97 seconds.

Alvarez ran a beautiful race. He let Medlin set the pace, then made his move on the back straightaway of the final lap to take the lead. Coming off the final curve, the Dimmitt senior cut loose with a strong kick to win going away.

Stephanie Killingsworth became Dimmitt's only other regional qualifier when she edged out Tulia's Raymond by

Baseball forms due Tuesday

Tuesday is the final deadline for applications to be returned for the 1985 Dimmitt Kids, Inc. baseball program.

The program includes five leagues for youngsters ages 7-18. Players fees for all leagues is \$15 per player.

The forms are available at several Dimmitt businesses, and may be dropped in the return boxes at those businesses or given to Kids Inc. President Jerry Stump, or John Brooks.

The fees will not be needed until practice begins in early May.

Additional coaches are also needed. Anyone who would like to coach or help in any phase of the program may contact Stump, Brooks, or Francis Acker, Dimmitt Kids, Inc. Baseball Coordinator.

Softball meet is Wednesday

An organizational meeting for the 1985 Dimmitt Softball Program is slated for next Wednesday (May 1) at 7 p.m. at Ann's Steak House in Dimmitt.

All managers and coaches who are planning to have a men's softball team this year should attend.

Demons, Trojans, Raiders grab Kids, Inc. titles

The Minor division Demons and Trojans came back through the loser's bracket, while the Raiders claimed championships in the Major division in the Dimmitt Kids, Inc. basketball finals Saturday at the Middle School Gym.

The Demons, who finished 9-2, ousted the Nuggets last Thursday and the Wildcats Friday evening to earn their spot in the finals against the Cowgirls, who entered the finals with a 6-1 record.

The Demons won the Saturday semifinal, 31-21, forcing a

1 p.m. final, which they won 30-21 to claim the crown.

The Cowgirls finished 6-3.

The Minor Boys Trojans, who entered the quarterfinals Thursday with a 4-6 slate, upended the Longhorns Thursday, then upset the Mavericks, 8-3, Friday to earn a spot against the 8-2 Raiders in the Saturday finals.

The Trojans won the first game Saturday, 35-24, forcing a playoff Saturday afternoon for the championship, and shut out the Raiders from the field in the second half to eke out a

23-21 win.

The Major Girls Raiders were the only undefeated team in the four leagues, and ended their season 11-0 with a 47-28 win over the Maidens, who dumped the Cardinals Thursday and the Wildcats Friday to earn their spot in the finals.

The Major Boys Raiders, 10-1, took their championship with a 25-24 come-from-behind win over the Bears.

Down 15-8 at halftime, the Raiders held the Bears (8-4) to just one basket in the third quarter.

Schmucker signs with ENMU

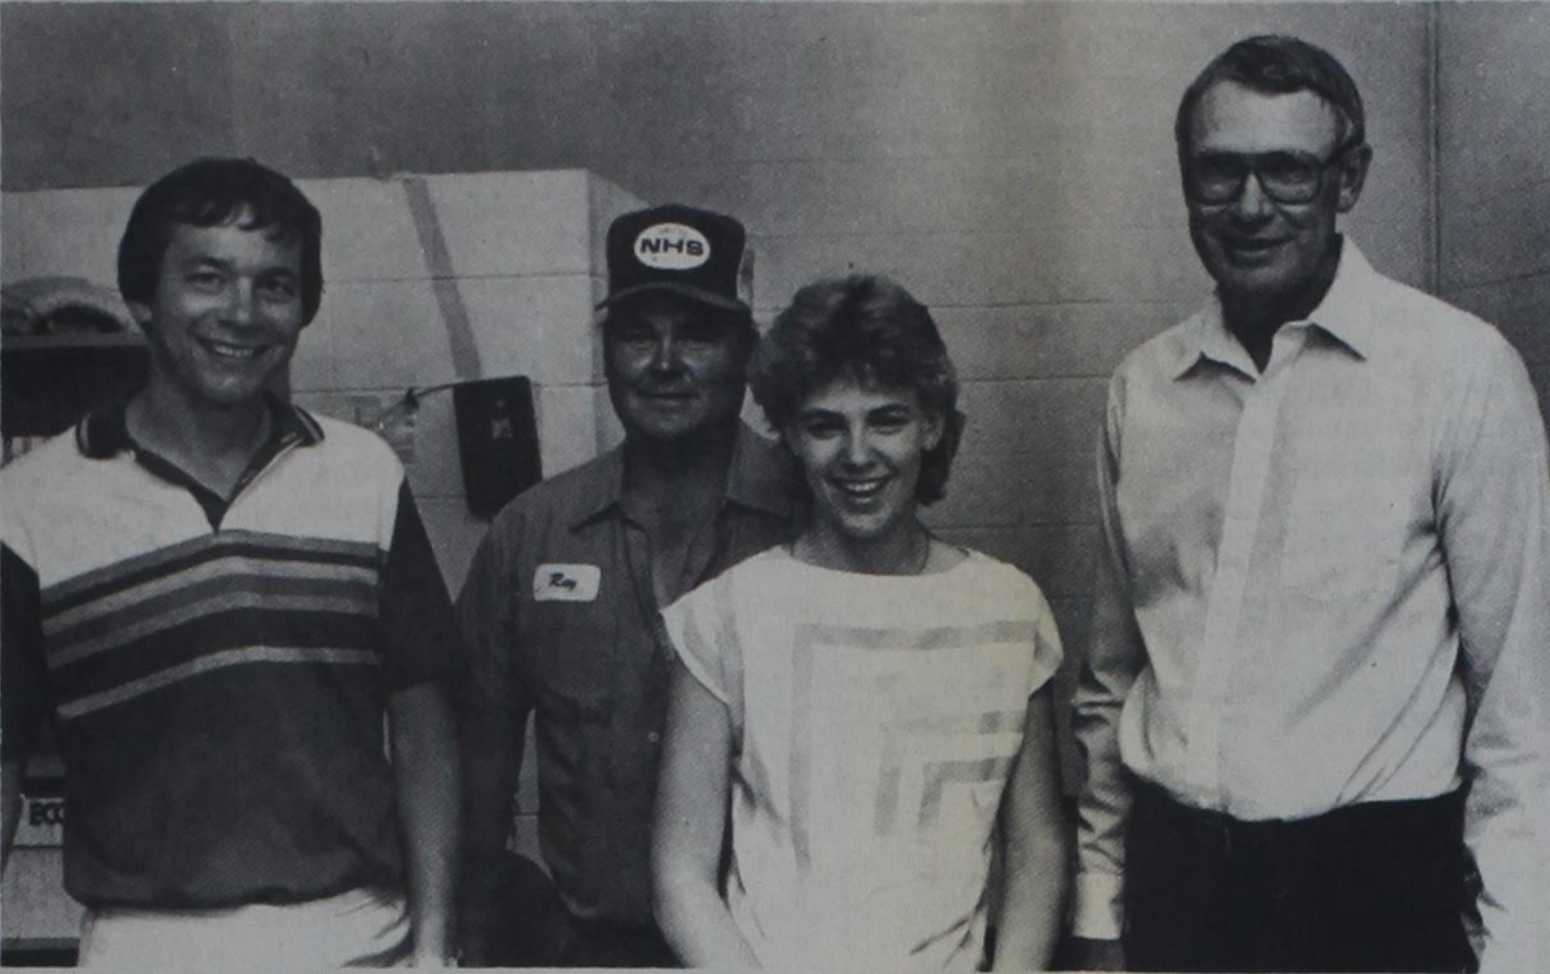

LaDawn Schmucker, one of the catalysts in the Nazareth Swiftettes basketball dynasty for the past two seasons, signed a national NAIA letter of intent Wednesday with Eastern New Mexico University in Portales.

A three-year letter-winner for Coach Joe Lombard, Schmucker averaged 10 points and five assists per game for Naz last season, shooting 54% from the floor and 74% from the line.

"She's a dandy," said ENMU coach Wayne Moore Wednesday. "Coming out of Coach Lombard's program is an added plus because there's no doubt his players are sound fundamentally and they're winners."

"We feel like LaDawn can give us immediate help at our guard position," Moore added. "She can fill it up from the outside and is equally strong on the defensive end."

Over the past two seasons, Schmucker has earned All-District, All-South Plains, Amarillo Globe-News Super Team and All-State honors. Saturday, she played in the

"We are not going to be too free about setting off our tornado warning siren," Jameson said. "We can activate it at the Fire Dept. or at the Sheriff's Office, but we won't sound the warning unless we have good, positive proof the tornado is on its way. We have real problems at night, both in sighting the tornado and warning the public. A lot of people are going to think lightning set off the siren. That's why we'll roll all of our Fire Dept. and Police Dept. units, using our sirens and the Public Address systems, if we have time.

"Those units will go down designated routes to warn the public, if we have time," Jameson said. "Hopefully, we'll have time to notify KDHN, and hopefully, they will already have someone on the air. We'll call the nursing home, the hospital, and other key personnel."

J. B. Allensworth of the Hart Fire Dept. said units there would go through town sounding their sirens and PA systems before going out of town, while Dennis Kern of the Nazareth Fire Dept. said the siren there would sound and the units of the NVFD would also go through town to warn residents.

Most of the spotting of storms in the county is done by the CB Club along with LEA's.

"The spotter is the key," said CB Club president Joe Langford. "Without spotters, we can't tell what a storm is doing. If anyone would like to help us as a spotter, they should get in touch with me or any CB Club member.

"The spotter is the most important part of our system," said NWS meteorologist Alfonso Castaneda of Lubbock. "Even with all of the advances we have made in our technology, we still can't really identify a tornado or exactly where a storm is."

Castaneda said radar can tell where a storm is located in the atmosphere, but explained that many storms are "tilted" so much of their force may be

several miles away from where it is located on radar.

"That's why we may say 'A severe thunderstorm is located on radar five miles south of Dimmitt' and everything is happening maybe 10 or 20 miles away," Castaneda said. "We have to have these spotters out there looking for where the storms are, and with budget cutback and manpower

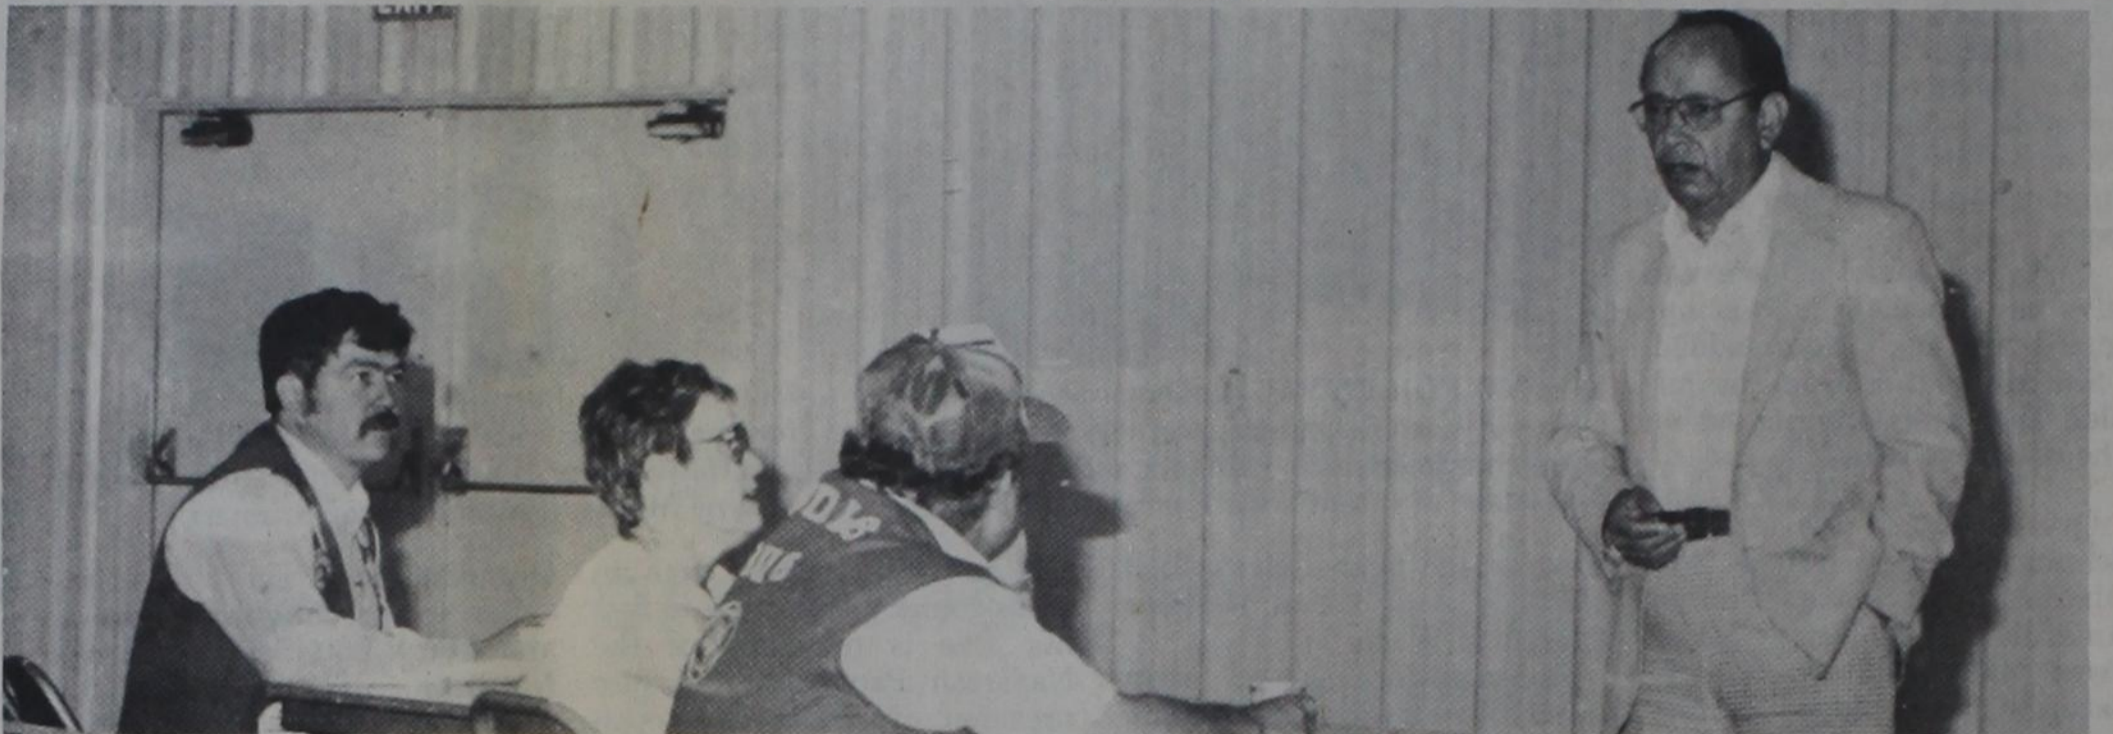

shortages there is more and more burden on the community's shoulders.

"The public shouldn't wait for an official warning from us," Castaneda continued. "If they see severe weather, they should already be prepared to take cover. And the local community should take care of itself first, then call the NWS."

Castaneda said this was the case in the Matador tornado. "In Matador's case, all the evidence was there to indicate a tornado. Spotters rushed to confirm the information we gave them, then they rushed back to warn the community. After everyone was warned they called us. Because everyone was warned, there was only one injury, a very slight cut, suffered during that tornado."

Jameson said the county would soon be updating the Civil Defense plans, and said he hoped to get direct warning capability on Dimmitt and Hart Cable TV.

"In a lot of places, the Civil Defense has direct access to the cable, and we hope we can work with our local CATV and get this for Dimmitt and Hart. That would strengthen another link in the communication chain."

AS JOE LANGFORD AND KATHY AND ANTHONY KIRBY of the Castro County Lucky 7 CB Club listen, National Weather Service meteorologist Alfonso Castaneda makes a point about

spotting storms during Thursday's Severe Weather meeting at the Expo Building. Over 60 county residents were on hand for the program.

CHILDREN OF THE STORM

- **THUNDER AND LIGHTNING** — Lightning kills over 100 and injures 250 other persons annually. You can estimate the distance lightning is away from you by counting the number of seconds between lightning and thunder and dividing by five.
- **FLASH FLOODS** — Flash floods can result from locally heavy rains associated with thunderstorms. Persons, especially motorists, in low-lying areas are especially prone to flash flooding, which takes over 150 lives a year.
- **HAIL** — Hailstones range from pea-size to the size of a grapefruit in most cases. Hail is most devastating to crops, but can also cause heavy damage to aircraft, automobiles, roofs and windows.
- **DOWNBURSTS** — Intense concentrations of sinking air which fan out upon striking the earth, causing damaging "straight" winds. Downbursts can cause as much damage as a tornado, and makes it imperative that the threat of severe thunderstorms be taken as seriously as tornado.
- **TORNADOES** — Claim over 100 lives and cause hundreds of millions of dollars in damage each year. The most deadly force nature has created. Usually, but not always, associated with a severe thunderstorm.

Nazareth

By Uirgle Gerber, 945-2669

Congratulations to Art and Loretta Kleman, who celebrated their 64th wedding anniversary, April 12. Rev. Harold Waldow celebrated mass in their home for them and their family. An open house was held in their honor Sunday afternoon at the home of Carl and Mary Kleman. It

was also a celebration of Art's 87th birthday in March and Loretta's 90th in April. Many friends and relatives came to the open house.

Gene, Susie, Natalie and Jenny Gerber of Odessa spent the weekend here with their families, the Albert Gerbers and Vincent Braddocks.

Sister Celestine Marie has been moved from St. Anthony's Hospital to St. Joseph's Convent in Amarillo to further recuperate. Her address is 4120 Bonham St., zip code 79110. She enjoys receiving cards.

Relatives of the Philip Pohlmeier family attended the wedding of John Witt and Germaine Pohlmeier at St. Hyacinth Catholic Church in Amarillo on Saturday.

Gerber relatives attended the wedding of Gary Gerber and Dian Day at the First Baptist Church in Canyon on Saturday. A reception and dance were held in Umbarger at St. Mary's Parish Hall.

Huseman and Durbin relatives attended the wedding of Paul Huseman and Edith Durbin at Holy Family Church on Saturday.

Regina Hoelting and Dolly Schulte are both doing well and recuperating at home after stays in the hospital.

Happy anniversary!

Bike-a-thon nets \$1,800

T-shirts for those boys and girls who raised \$25 or more in the St. Jude's Children's Research Hospital bike-a-thon, and tote bags for those who raised \$75 or more, are being given out this week.

Sixteen children earned T-shirts and seven earned tote bags. Prizes contributed by local merchants were also given out to all participants.

Kris Keith, who rode 32 1/2 miles on the day of the bike-a-thon, raised over \$400 and was awarded a ten-speed bike. The money for the bike was raised by Jo Parks.

Mr. and Mrs. Alan Steinle were in charge of refreshments for the bike-a-thon. Sandwiches were contributed by the women of Lee St. Baptist Church in Dimmitt. Thriftway and Taylor & Sons contributed soft drinks, candy bars, and other snacks.

Over \$1,800 was raised by the 28 boys and girls who participated in the bike-a-thon, according to the Rev. Edward D. Freeman, who was the general chairman. Grace Killough was the nurse on duty the day of the bike-a-thon. Parents acted as lap-checkers.

Social Security

...in Castro County

By TERRY J. CLEMENTS

The Social Security Act was signed 50 years ago. A golden anniversary year is a good time to reflect on the value of an experience. Why was such a comprehensive national commitment to income security made? Has the system created in 1935 worked?

In 1937, 65% of people 65 and older had to rely on the charity of their children or their communities to have roofs over their heads, food to eat and clothes to wear. Independence and dignity were beyond the means of most older Americans. That same year, many workers, about half the work force, encountered a new tax. A penny out of every dollar earned up to \$3,000 was held out of their pay. These two historical facts were related. Poverty in old age was a major problem. The tax on workers' wages was the beginning of a hoped for solution called Social Security.

The idea, encompassed in the Social Security Act signed two years earlier, was that mandatory contributions by workers and their employees would earn the worker the legal right to a continuing income after retirement. The system was backed - guaranteed - by taxing power of the federal government. Even before the first benefit checks were issued in January 1940, the Act was amended to include benefits for dependents and survivors of insured workers.

Over the next three decades participation in the program was extended until 9 out of 10 workers were covered, including people with their own businesses, lawyers, doctors and ministers.

As originally projected, the tax rate and taxable wage base were increased to cover the cost of a growing beneficiary population and higher benefits. Specific tax allocations were added to finance new categories of benefits - disability benefits and medicare. Beginning in 1975, benefit values were protected against inflation with automatic annual increases triggered by a rise in consumer prices of three percent or more.

Today, there is a wealth of statistical information which supports the conclusion that the income security system created in 1935 has successfully reached across time and generations.

About 95% of people reaching age 65 are eligible for

social security benefits. More than 36 million people get benefit checks each month. Over \$15 billion a month is paid to retired and disabled workers, their dependents, widows and surviving children. Medicare hospital insurance covers 27 million people 65 or older and another three million people of all ages - disabled people, and people with permanent kidney failure.

Perhaps the most pertinent statistic is the dramatic decrease over the past five decades in the number of elderly Americans who live in poverty. It has been estimated that in the late 1930's two out of three Americans over 65 did not have enough income of their own to meet their basic living needs. Census bureau income surveys show about one out of seven persons 65 or older have income levels below the poverty line today.

Certainly, general economic growth and the increased availability of private pensions have improved retirement prospects.

People should plan to supplement their social security with other income sources. But inflation-indexed social security benefits have been and will continue to be the foundation of financial support for retirees.

The Social Security Act of 1935 held a great promise to the workers of that era, and the country has generously kept that promise. The demographic realities of longer life expectancies and a growing elderly population have required Americans to moderate their expectations of what social security can and should do in the future. But the program remains a solid value for today's younger workers. Today's workers can count on a measure of financial protection for themselves and their families in the event of prolonged disability or death. Medicare will be available for them, too. They can expect and will receive a fair return upon retirement. There will be a diamond jubilee and a social security centennial, too.

THE Daughters of the American Revolution stress the importance of visiting historic sites to remind its citizens that our Country has many points of interest. The Statue of Liberty in New York Harbor was a gift to America from the people of France to celebrate a common devotion to freedom. The statue is now under a \$29,000,000 refurbishment to preserve it for future generations of freedom-loving Americans.

Now You Can Build Like The Professionals

Johnny Bilt HANDI-TRUSS

In less than a day, you can erect your own building. Just a couple of wrenches and a drill motor are the only tools you need to build a standard size (16'x8') model. By utilizing 4'x8' plywood sheets and very little lumber cutting, you can completely side and top a one car garage or small tractor shed in just a few hours. Like conventional construction, Handi-Truss lends quite nicely to all types of finishes, roofs and flooring.

You can do it yourself or contract it out... in either case, the SAVINGS is there and you'll have a professional looking building you can be proud of for years to come!

Shower honors Debbie Dennis

Debbie Dennis, bride-elect of Danny Underwood, was honored with a bridal shower Saturday morning in the home of Mrs. Jerry Watts.

Guests were greeted by Mrs. Watts, who presented them to the honoree and her mother, Mrs. Betty Dennis, and Mrs. Shirley Underwood, mother of the future groom, and Quinn Underwood of Dimmitt.

Signatures for the bride's book were secured by Connie Dennis of Lubbock, sister of the bride.

Slate blue silk flowers accented the table, which held brass appointments used to serve the coffee and punch. Refreshments included miniature orange rolls, stuffed zucchini slices, and coconut orange slices.

Servers included KaKa Bruegel and Laine Snider, both of Lubbock, and Jan and Cheryl Robb, both of Amarillo.

Special guests included Decimae Dennis of Midland, aunt of the bride, Jauvada Curtis and Mary Pyeatt, both great-aunts of the bride and both of Amarillo, Brenda Porsche of Slaton, sister of the groom, Darla Underwood of Pampa, cousin of the groom, Jana Bilberry of Portales, N.M., and Kimberly Wellborn of Childress.

Thirty-three friends made up the hostess party. The couple will exchange vows June 8 in the First Baptist Church of Dimmitt.

Museum group to meet today

The Castro County Historical Museum association will meet at 7:30 p.m. today (Thursday) in the museum.

Ministerial Alliance

The Castro County Ministerial Alliance will meet Tuesday at 10:30 a.m. at the First United Methodist Church of Dimmitt with Steve Ulrey, pastor of Hart Methodist Church, leading in a study of Acts, chapter 26.

MRS. JOHN DAVID WITT
... She's the former Germaine Mary Pohlmeier.

Pohlmeier and Witt marry in Amarillo

Germaine Mary Pohlmeier, daughter of Mr. and Mrs. Philip Pohlmeier of Nazareth, was wed to John David Witt of Amarillo on Saturday evening in a single-ring ceremony in St. Hyacinth's Catholic Church of Amarillo, with Rev. Peter DiBenedetto, pastor, officiating.

Given in marriage by her father, the bride selected a formal-length gown of organza and schiffli-embroidered lace. The portrait neckline of the fitted bodice was designed with a double ruffle of layered organza and lace. Sheer organza formed the sleeves, with gathered lace forming the cuffs. The train of the skirt was made from wide ruffles of lace alternated with ruffled organza, cascading to chapel length.

She wore a picture hat covered with Chantilly lace scattered with pearls. It held a fingertip-length veil of illusion. Her bouquet was a cascade of white roses, accented with light pink and green baby's breath and ribbons.

Honor attendant for the bride was Denise Schulte of Dimmitt, niece of the bride. She wore a floor-length dress of pastel pink dotted swiss. It featured a sweetheart neckline and full, sheer sleeves gathered with an underlay of lace. She carried a small nosegay of pink roses with ribbons of pink, green and white.

Best man was Lance Witt of Amarillo, son of the groom. Ushers were Brad Pohlmeier of Amarillo, nephew of the bride, and Frank Pohlmeier of Amarillo, the bride's brother.

The reception was held at 2225 South Polk in Amarillo.

The couple will be at home in Amarillo after Friday, following their wedding trip to Las Vegas, Nev.

A 1979 graduate of Nazareth High School, the bride is employed by the US Postal Service as a letter carrier.

The groom is also a letter carrier.

Retirement tea planned

Three teachers retiring from the Dimmitt school system will be honored with a tea May 5 from 2 to 4 p.m. in the fellowship hall of the First United Methodist Church of Dimmitt.

Hosted by the Dimmitt Classroom Teachers' Association, the tea will honor Frances Upfold, Virginia Crider and Faye Walker.

The public is invited to attend and join in honoring these teachers. Upfold has been teaching bilingual first grade, Crider teaches fourth grade, and Walker teaches fifth grade reading.

4,500 kidney transplants were performed in the US last year.

Durbin and Huseman read vows Saturday in Nazareth

Edith Durbin and Paul Huseman exchanged marriage vows Saturday afternoon in the Holy Family Catholic Church of Nazareth, with Rev. Harold Waldow, pastor, officiating.

The bride is the daughter of Paul and Joan Durbin, and the groom is the son of Louis and Gin Huseman, all of Nazareth.

Easter lilies decorated the altar, and candelabras lit the aisle. Pews were marked with large orchid satin bows made by Loretta Durbin, grandmother of the bride.

Given in marriage by her parents, the bride wore a floor-length gown of white organza featuring a yoke of sheer organza decorated with embroidery and offset with a ruffle of white Chantilly lace. The same lace was trimmed to form a stand-up collar, which was accented with pearls. The bishop sleeves were made of organza trimmed with Chantilly lace. Pearls and lace decorated the fitted bodice, which forms a dip in front and back. The full, flowing skirt featured three tiers of organza, each ending in a wide ruffle of Chantilly lace, with bands of bridal satin ribbon in between. The train was full, chapel-length.

A cap of pearl-trimmed lace anchored the fingertip-length mantilla veil, which was bordered with matching lace. The bride carried a cascade bouquet of silk flowers and ribbon roses made by Donna Hindricks of Amarillo.

Maid of honor was Dorothy Durbin of Nazareth, sister of the bride. Ronda Cooksey of Dimmitt was matron of honor. Bridesmaids were Sherita McKay, Janet Huseman, cousin of the groom, and Mary Jean Wilhelm, sister of the groom, all of Amarillo. They wore lavender gowns of taffeta, featuring ruffled necklines, bishop sleeves and pleated cummerbunds, which accented the full-length, gathered skirts. The bridesmaids carried solitaire bouquets of a long-stemmed silk rose accented with bridal lace ribbon.

Bart Huseman of Nazareth, brother of the groom, served as best man. Groomsmen were Randy Huseman, cousin of the groom, Greg Huseman, the groom's brother, and Marlin Durbin, the bride's brother, all of Nazareth, and Stephen Wilhelm of Amarillo, brother-in-law of the groom.

Phillip and Curtis Durbin of Nazareth, brothers of the bride, served as candlelighters. Jared Huseman of Amarillo, nephew of the groom, was ring bearer.

Margie Durbin was flower girl, and Lena and Denia Durbin were junior bridesmaids. All of Nazareth, they are the bride's sisters.

Ushers were Mike Huseman, the groom's brother, Wade Durbin, the bride's brother, and Mark Huseman, cousin of the groom, all of Nazareth, and Edwin Wilhelm of Dumas.

Shirley Peggram played the organ, and vocalists were Greg

MRS. PAUL HUSEMAN
... nee Edith Durbin.

and Glenda Birkenfeld, all of Nazareth.

The reception meal and dance were held at the Nazareth cafeteria. Centerpieces of orchid and white silk roses were made by Ann Schulte, grandmother of the bride.

After a wedding trip to Las Vegas, Nev., and Disneyland, the couple will be at home today (Thursday) at Rt. D Box 55, Nazareth.

A 1981 graduate of Nazareth High School, the bride attended West Texas State University and Amarillo College, and graduated from the Northwest Texas Hospital School of Nurs-

ing. She is employed by St. Anthony's Hospital in Amarillo.

After graduating from NHS, in 1979, the groom attended WTSU and Texas Tech. He is now engaged in farming with his father.

Extension Homemakers name honorees

At the Castro County Extension Homemakers annual banquet held last Thursday, Edith Graef was named Extension Homemaker Club "Woman of the Year," and 4-H scholarship winners Kim Howell and Kyla Boozer were recognized.

Graef was nominated by her Bethel EH Club. Other nominees were Leta Eustace of the Sundowners Club and Clara Patton of the Town and Country Club.

Recognition was also given to club members with 50 years of membership. All those honored are members of the Bethel Club. Bunea Schwen, Millie Lust, Grace Lust and Robertha Bagwell are all charter members. Zelma Smith is also a member.

Graef has been a member of EH for 45 years, and has filled every club office more than once. She has served as council delegate and as chairperson of the council. Along with serving on the county program building committee, she has worked on the community calendar project, helped with the council food booth at the county fair, and gives programs and acts as hostess for her club.

She has been actively involved in 4-H work as an adult leader, teaching sewing and cooking, attending 4-H Roundup as a sponsor, and helping in 4-H fund-raising activities.

Active in the Plains Memorial Hospital Auxiliary, the Castro County Senior Citizens, two square dance clubs, and the bridge club, Graef has also been extensively involved in her church. She is a member of the Reorganized Church of Jesus Christ of Latter Day Saints, and attends in Olton. She has been a youth leader and has taken kids to church camp for many years, even serving as camp cook. She has taught adult and youth classes, as well as the nursery class, and has been a leader in women's activities of the church.

She has also been active in the efforts of the Heart Association, Cancer Crusade, March of Dimes, and Muscular Dystrophy.

"My membership in Extension Homemakers has been an important part of my life, helping me to be a better parent, better homemaker, informed citizen and club leader. It has helped me develop my talents and abilities and to have a better image of myself," Graef said. "My life is richer because of this association, and I have been better able to meet the challenges of each new year."

Graef's husband, Charley, is a retired farmer. They have three children, 13 grandchildren, and 11 great-grandchildren.

The scholarship winners are both members of the Bethel 4-H Club. Boozer is the

Workshop on tap Monday

"Customer Relations — The Care and Feeding of Customers," will be the topic of two workshops set for Monday at the Dimmitt Chamber of Commerce office.

Two identical sessions are scheduled for 3 p.m. and 7 p.m. Monday afternoon and evening, with Dr. Greg Taylor, specialist with the Texas Agricultural Extension Service, conducting the meetings.

"Although the impact of the

workshop is most evident in retail sales," Taylor said, "the principles covered also apply directly to any organization that deals with the public on a daily basis."

"The workshop will cover information that should help merchants reduce customer loss, gain new customers and increase the satisfaction levels of current customers," Taylor said. "We'll be looking at where lost customers go, what customers want and need, what constitutes a service plan, how sales can be multiplied and how an angry customer can be handled successfully."

Fees for the workshop will be

paid by the Castro County Economic Development Commission, which is helping sponsor the sessions. There will be no charge for attendees, but businesses should have made their reservations by Wednesday.

"TAES has provided a variety of services over the years to small communities," said CCEDC head Jerry Hanners. "Community development is currently one of their most-requested programs. We think this is a good opportunity for all who do business with the public to get customer relations training."

Hanners said each session should last about two hours.

CROP REPORTING TIME
May 15 is the final day to certify your small grains, wheat, barley, oats, and rye. This is also the final date to certify to "Zero" planted acres if your farm has a small grain base and you did not plant. You will need to report your irrigated and dryland wheat separately. We have measurement service available at a reasonable rate. If you have any doubts about your acreages, please come in and take advantage of this service.

SPECIAL HAYING AND GRAZING ACR
All set-aside acres with a small grain cover should be reported by May 15. Any grazing of ACR acres past May 31 is not allowed unless a request is filed in our office. If you intend to bale your small grains, you will need to also file a request. The request to graze or hay your ACR acres will cost \$10 per farm, and at the time of the request, you will need to certify the fields you intend to hay or graze. Haying needs to be completed by May 15. Any wheat standing May 15 will be considered as wheat. If you have any questions concerning the above, please come by and visit with us.

MEASUREMENT SERVICE
Measurement service of small grains is available to interested producers until May 15. The cost, per farm, for aerial measuring will be \$20 for the first 25 acres plus 2¢ for each additional acre.

VOLUNTEER WHEAT
Volunteer wheat that is standing as of May 15, is considered wheat for program purposes unless certified as ACR.

PRICE SUPPORT LOANS
The final dates to request a loan on 1984 crops of corn, grain sorghum, soybeans and cotton is May 31, 1985.

HOLIDAY
Memorial Day — May 27, 1985. The Castro County ASCS Office will be closed in observance of Memorial Day.

Screening set today

Parents of pre-kindergarten age children are urged to take advantage of today's early childhood screening from 9 a.m. to 3 p.m. at the Dimmitt Middle School library.

PCG meeting is scheduled

The 28th annual meeting of Plains Cotton Growers, Inc., will be held Wednesday (May 1) from 2:30 to 4:30 p.m. in the banquet hall of the Lubbock Memorial Civic Center.

All cotton producers, ginners and other interested persons are invited to attend. After the membership meeting, the PCG board of directors will convene to elect officers for the 1985-86 year.

Expected to speak at the session are Dave Cox, Macon Edwards, Gerald Caswell, and Donald Johnson.

The star is the most common symbol to appear on the flags of the world.

Children will be tested for indications of learning problems so remediation may begin as soon as possible.

Most children with possible learning disabilities have at least average intelligence in most cases, but show deficiencies in one or more areas.

According to school specialists, signs to look for include discipline problems, easy distraction and a child who is extremely daring, as well as a child who "tunes out" his surroundings, has a short attention span, has frequent headaches, speaks abnormally loud or soft or has difficulty naming familiar objects or following directions.

Other symptoms may include irritability shortly before or after meals, inability to sit still during meal times, a craving for sweets, excessive thirst, awkwardness, or constant touching of surroundings.

While any of these symptoms should not cause alarm, a number of them present in a child could indicate a need for the screening to determine if a child is suffering learning problems.

DYF will meet

The Dimmitt Young Farmers will meet today (Thursday) at 8 p.m. in the Dimmitt High School ag building.

Judges will be selected for next year's stock show. All members are urged to attend.

someone gas or a meal, then go with him/her to the cafe or station and pay at the cash register.

The second rule to remember is that you don't have to refuse the person directly, because we have the machinery to help truly needy people. You can refer the person to County Judge Polly Simpson (who administers the local Salvation Army fund) or to your minister or to any other member of the Ministerial Alliance.

These aid programs serve several good purposes. They help people who really need help; they provide a screening source that can weed out con artists; and they can be a safety factor for you. (I've known of one man who tried to burn a church after being turned down, and have had a couple of others threaten violence of one form or another if they didn't get some help.)

If you can't get hold of the judge or a minister right away, tell the person to go to the Sheriff's Office and they'll refer him to the proper agency.

A con artist won't go to the SO, but a needy person probably will. If the person says, "I didn't want to go through a lot of hassle just for a few bucks for a meal," tell him, "That's the way we do it here; if you need help, go there and you'll get it."

★

Saturday is CUFUPU kick-off day in Dimmitt. If you can make it at all, be at the community breakfast Saturday morning at the First United Methodist Church, and come prepared to spend half a day helping clean up the town. You'd be surprised at how much can be accomplished with hoes and shovels if enough people take part.

Also, look around your own property. Do something about those weeds or that junk pile during the coming week. And if you have an old car or pickup on your property that doesn't run, PLEASE get it in running order or get rid of it. Your neighbors are probably getting tired of looking at it.

4-H team wins district

The Castro Co. 4-H Senior Horse Judging Team won first place honors Saturday at the South Plains 4-H Judging Contest at Texas Tech University.

The team of Danny Dutton, Steven Bagley, Joel Nelson and Tod Bradley was first in overall, reasons and halter, and second in performance. Bradley was third high individual in halter and overall; Bagley third high individual in performance; and, Nelson placed second high in reasons.

The team qualified for the state competition in June in Brownwood.

The Junior Livestock Team of Danna Ralston, Curt Summers and Matt Gfeller placed third in swine judging, while the Senior Livestock Team of Frankie Huseman, Trampas Moke, Brian Klein and Bruce Huseman was the fourth team overall.

Frankie Huseman was the third high individual in beef judging.

The Junior Horse Team of Scott Atchley, Kim Springs, Kay Lynn Gleghorn and Sheri Hunter did not place in the competition.

Kristie Kinser placed second in reasons in the Decision Making Contest.

VICTORY GRIN—Dimmitt senior Joe Alvarez carries a big smile across the finish line as he wins the district championship in the 1,600-meter run with an excellent time of 4:45.97. Trailing him in second place is Medelin of Muleshoe.

Police Calls

Ramon H. Aleman, Sr., 56, of Dimmitt was arraigned on burglary charges Tuesday in connection with the recent burglaries of the R. E. Lantz and Rayphard Smithson barns.

Sheriff's deputies reported that Aleman and a 21-year-old Dimmitt man were caught in the act of burglarizing a building near Bovina. The 21-year-old is under \$5,000 bond in Parmer County jail on charges of burglary. He has been implicated in the burglary of five barns and one house in the area.

Aleman is in Castro County jail under \$7,500 bond.

Probation was revoked last Thursday for Jesus Samantego Reyes, 44, of Dimmitt. He is awaiting transportation to serve three years in the Texas Dept. of Corrections.

Debbie Alexander of Dimmitt called police last Thursday to report the theft of a brand new lawn mower purchased for \$145.65. Her daughter, Tonya, had taken the machine to 113 NW 12th to mow a lawn, but ended up using another mower, leaving the new one in the front yard of the home. Tonya left to pick up a friend at Dimmitt Middle School and was gone from 6:30 to 6:45 p.m. When she returned, the mower was gone. A juvenile advised her that other juveniles had moved the machine from the front yard to the side of the house, but it was not found.

Friday, City Director of Public Works James Killough called police to report that the resident at 405½ N. Broadway had hooked a plastic pipe into the city water line, bypassing

the water meter. The resident was ordered to appear in municipal court on charges of theft of services.

Two bicycles were recovered

Lee Street sets revival

Lee Street Baptist Church at 410 SW 2nd in Dimmitt will begin a week of revival Sunday, continuing through May 5.

Wyatt Carpenter, associate pastor of the First Baptist Church of Texico, N. M., will be the evangelist. Music evangelist will be Geary Brogdon, music director of the First Baptist Church in Friona.

Services on the two Sunday nights will begin at 7 p.m. All other services will be at 7:30 p.m. nightly.

A nursery will be provided. The public is invited to attend.

AHA tourney set May 13-19

The annual American Heart Association tennis tournament sponsored by the local chapter of the Heart Association has been set for May 13-19.

The entry fee will be \$8 per person for each event.

Entry forms are available from Patricia Braafladt, who may also be contacted for any further information.

by police when Enrique Sabedra reported he had seen the bikes in the yard of a rent house he had been viewing at 206 SW 3rd. One of the bikes has already been claimed, but the other, a Team Murray brand with blue seat and handle bars, is still at the police station.

Last Thursday, Dora Espinosa of 107 NW 7th told police that someone had removed and damaged a window screen from her house and had apparently attempted to remove another one sometime between 8:15 a.m. and 5 p.m. No sign of entry into the home was found.

Monday, Gene Bradley told

police that the window on the right side of his pickup had been broken by a youth who threw a two-inch bolt through it. Bradley's son, Zay, had been driving the pickup and encountered the other youth at the Circle K store. Witnesses supplied the name of the suspect, and police spoke to the youth's parents.

Commissioners handle routine business

County commissioners handled routine business Monday at their regular meeting at the courthouse in Dimmitt.

The commissioners agreed to pay all bills, including payment to Karr Tuckpointing of Fort Worth for \$24,367 for their refurbishing work on the courthouse that was recently completed, and payment of \$3,026.61 to West Texas Culverts of Seymour for several culverts for Precinct 1.

Commissioners also agreed to accept bids for a new maintainer for Precinct 3 Commissioner Jeff Robertson and set the first 1986 FY budget hearing for May 13 at 1 p.m.

Seth Ralston, CEA-AG, gave his monthly report, and commissioners learned from County Auditor Reeford Burrous that insurance premiums will be going up, but Burrous said

the final figures were not yet available.

The commissioners also met in executive session, but no action was taken.

ROW adopts resolution

At its April meeting, the Castro County Republican Organization for Women adopted a resolution calling for the abolishment of the Texas Rural Legal Aid.

The resolution says TRLA "has abused its original statutory guidelines of serving the poor of all sexes, races, or occupations legally by selecting only those cases of social impact . . . hindered the economic well-being of communities and poor laborers by bringing lawsuits that cripple the very employers who provide jobs . . . Texas Rural Legal Aid has polarized communities along racial lines by bringing litigation against government entities (tax funded) without regard for the client . . ."

The resolution is being sent to area and state officeholders along with letters opposing the proposed nuclear dump site near Hereford.

The ROW urges the public to continue writing legislators concerning the nuclear dump site.

The next ROW meeting is scheduled May 15.

Babbling Brooks

By JOHN BROOKS

Is it CUFUPU or PUCUFU? Ask anyone on the street this week, and they'll tell you this is CUFUPU Week in Dimmitt.

Ask anyone on the street in 1943, and they would have told you it's PUCUFU Week.

"Beautify Dimmitt — Paint up, Clean-up, Fix-up," said the July 29, 1943 edition of the News. "CITY-WIDE CLEAN UP CAMPAIGN BEGINS MONDAY" screamed the main headline of the story.

The campaign began August 2, prompted by "the prevalence of infantile paralysis in Texas cities, especially in the Panhandle-Plains area," said the story. "To eliminate as far as possible the danger of the spread of the dreaded infantile paralysis scourge, and other communicable diseases, an all-out effort by a hundred percent of the citizenship of Dimmitt will be required to stamp out the fly and rodent means of communicating germs.

"All filth, rubbish, trash and breeding places of flies should be thoroughly eliminated and cleansed," the article said, "and all pig stys and cow pens within the city limits should be cleaned and kept clean, both for sanitation and to eliminate the breeding of flies if the campaign is to be a success."

The News also carried a proclamation by Mayor Ward Golden and a statement by City Health officer, Dr. R. E. Cogswell.

Scattered amidst the stories on how to get more than the rationed 10 pounds of sugar per person and endorsing gasoline coupon books immediately, and the ads for Dimmitt Produce and Hatchery ("We pay the highest market prices for hens, eggs, cream and hides"), Rio Theatre ("Little Tokyo" was showing Friday and Saturday, with "Stand By For Action," "Lucky Jordan" and "North of the Rockies" on tap), a farm sale and a big ad from several businesses (including Wilson Grocery, Higginbotham-Bartlett and Wilson & Son Lumber Companies, Thompsons Grocery, M System, Shipleys, Manning Dry Goods, Griffith Grocery & Produce and Miller Hardware) announcing they would all open for business at 8 a.m. and close promptly at 7 p.m., with the exception of Saturdays, were ads prompting PUCUFU.

Never one to miss a dollar, former publisher B. M. Nelson sold a half-page to Willson & Son, who just happened to have everything you would ever need to Paint Up and Clean Up ("Here in this one store, you can solve many of the most important problems of modernizing and refitting your home to measure up to Today's standards . . . and the Clean Up, Paint Up, Fix Up campaign"), Dimmitt Drug Store ("Do not think for an instant that a Drug Store is not tied-in with this wonderful Clean Up, Paint Up idea") and Castro Drug Company ("A successful Clean Up campaign can be had by using our Fly and Insect Eradicator and Rat Poison").

The City of Dimmitt got into the act, too, as Nelson conned Golden into a pretty big ad from the City of Dimmitt pushing PUCUFU.

You'd think after 42 years we could have come up with an original idea — and name.

Polygamy is having more wives than you need. Monogamy is the same thing.

face, but the crossings would create a hazard for carts and equipment. The cost for the bridges would also be less expensive than the proposed crossings.

"We need to do a lot more planning and there needs to be a lot more work done before we do any of this," Alderman David Hays said. "There has already been money spent that's going to have to be torn out. We're looking at throwing \$50,000 (for the total project, including paving the alley between NW Tenth and NW Eleventh, concrete and engineering work) at this and still have a large, unsolved problem. Let's don't do anything unless we do it right."

The board tabled discussion of a proposed Flood Damage Prevention Ordinance that is applicable only to Federally-designated flood-prone areas (a small section of South Dimmitt), and listened to a discussion of a proposed computer system for the City.

Concert Association sets membership drive

The Castro County Community Concerts Association will begin its third annual membership drive Monday with a party for all workers to pick up their packets from 4 to 6 p.m. at Rhoads Memorial Library in Dimmitt, according to membership chairman Oleta Walser.

The first week of the drive, renewal week, workers will contact those who held memberships last year, asking them to renew. The worker who signed up a member last year will have first opportunity to obtain that member's renewal, but after renewal week, any worker may secure any membership.

A kick-off banquet May 6 at 6:30 p.m. at the Colonial Inn Restaurant will begin the drive for new members. All workers are invited to attend, and are asked to respond to the invitation received in the mail, according to CCCCA president Ed Freeman. Horlene Cast of

Amarillo, Castro County's new Columbia Artists Management Representative, will be in Dimmitt during the week of May 6 to aid in the drive.

During the same two weeks, the patron drive will be conducted, with Irene Carpenter as chairman. Patrons are local businesses and individuals whose extra contributions undergird the finances of the CCCCA, making it possible to present better programs.

Two concerts for the 1985-86 season have already been scheduled. Feb. 1 will be Toccatas and Flourishes with Trumpet and Electronic Organ, and April 15 will be the Harvey Pittel Saxophone Quartet.

Membership costs are \$15 for an adult, \$6 for a student, and \$35 for a family. Membership in the local association also entitles members to attend programs of other associations around the country on a space-available basis.

Vest workshop being planned

May 17 is the deadline for expressing interest in a workshop on "blooming vests."

Dimmitt High School homemaking teacher Marka Herbert will lead the workshop sometime in June, with the date and time to be arranged to suit those who are interested in participating.

The new type of vest is made with six layers of material cut in patterns to allow the various colors to show through. The only expense for participants will be supplying their material (six pieces of 3/4-yard each) and thread. Patterns will be supplied in both adult and children's sizes.

If interested, contact Herbert at 647-3105.
