The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

A Mother's Prayer

Dear God . . . help me to live up to the faith I see in my child's eyes. Help me to be the person she thinks I am. I am so very human ... yet to her I am wise as a sage. I am so very frail . . . yet to her I am a tower of strength.

I can bind her cuts and bruises . . . I can soothe her small hurts, both physical and mental . . . I can give her love . . . I can protect and therish her. Yet I can never be half of all I must be, without You to guide me.

Help me . . . and watch over her. In Your Church, teach her the things that are beyond my power . . . so that she will one day be a better woman than I; and in her turn. a better mother.
