EDITORIAL

Woe unto them that call evil good and good evil that put darkness in light. — Isaiah 6:20.

THE BEACON editor will not vote for Senator John F. Kennedy for president because we believe him to be an ultra-liberal who favors highly socialistic legislation, a strong centralized federal government, and more and more government controls over business, farming and every other phase of American life. Senator Kennedy's beliefs and aims do not represent Americanism to us and for that reason we cannot conscientiously vote for him. We do not believe the United States of America has reached the place where its citizens are no longer capable of taking care of themselves economically and socially and above all we do not believe that the federal government could do it, if we were unable to do so.

WE DO NOT believe that Senator Kennedy has the sound, solid judgment that is needed for a president. We believe that he is a young man who is striving for a great honor for the honor's sake, not for the privilege of serving his country because in his service as Senator he has more or less played at the job and has worked mostly on "special privilege" legislation. We believe that he is susceptible to pressure from pressure groups and if there is anything we don't need in the White House or in the Congress for that matter, is a man who is working mainly for pressure groups.

WHETHER OR NOT Kennedy would be influenced by the rulers

of his church is something none of us know. News stories from reliable sources indicate that he has been influenced by them in the past, as is shown in our exchange column from the Dallas News this week. Perhaps as president he would feel that he did not have to listen to their wishes. But the fact that it has happened in the past is some evidence that it could happen in the future. That is another reason we will not vote for him.

WE WILL vote for Richard M. Nixon. If we had picked we wouldn't have picked Nixon but we do believe that he rates much better in most every way than does Kennedy. He is more experienced, more mature in judgment, is less inclined to go in for socialistic schemes and legislation and was once poor himself, so he knows the value of a dollar. To vote for the Constitution or Prohibition Party candidates is throwing a vote away.

DRAWING LESSER interest in the election will be the four constitutional amendments though they are important to the State. Here is the way they look to us:
 No. 1: Authorizing the creation of a hospital district in Lamar and Hidalgo Counties and in Precinct 4 in Lamar County. This is purely a local matter, does not create the district but allows the local people to do so if they desire. We see no reason to oppose it.

No. 2: Authorizing an increased rate of interest on veterans land bonds. This step is necessary to make available funds for this program and would not impose any additional tax burden on the taxpayer. The veteran would assume the burden if he so desired. Seems that it should be favored.

No. 3: Raising the pay of legislators to \$4800 per year with an additional allowance of \$12 per day for the first 120 days of regular session and 30 days of each special session. Present travel allowances would be unchanged, 10 cents per mile for the distance from the legislator's county seat to the state capitol, allowing one round trip per session. We have thought for some time that legislators should be paid more money. The present dribble they get forces some of them to look to other means for support, and sometimes that is the wrong thing to do since it influences their vote on some legislative matters. We favor this amendment.

No. 4: Probably the most controversial of all, this amendment is designed to regulate "loan sharks." It would authorize the Legislature to classify various kinds of loans and lenders, to license and regulate money lenders, to define interest and to fix minimum rates. All top state officials have approved this amendment as has the West Texas Chamber of Commerce, the East Texas Chamber of Commerce, the Texas Bar Association, Texas Bankers Association, Texas Electric Cooperatives, Inc., and many other large organizations. It seems good to us but some claim it is a "trojan horse," which

MR. KENNEDY WANTED TO STAY IN OFFICE

Said Senator Kennedy on Sept. 12, 1960: "I believe in an America where separation of church and state is absolute — where no Catholic prelate would tell the president (should he be Catholic) how to act and no Protestant minister would tell his parishioners for whom to vote—where no church or church school is granted any public funds or political preference — where no man is denied public office merely because his religion differs from the president who might appoint him or the people who might elect him."

That is a forthright statement. But it is fair now to examine a statement made in a speech Sept. 6, 1960, by Dr. Willard E. Givens, Supreme Council, Scottish Rite Masons, Southern Jurisdiction:

"Senator Kennedy (then a representative) was at that time a member of the House committee on education and labor, the congressional committee which was considering federal aid to education. We had hearings that extend over many days, during which he was most helpful in bringing out all the facts on the legislation. He said to me at least

will turn the loan shark loose and allow him to prey on small borrowers. We do not see it that way. We think it should be approved.

A QUICK RESUME: Vote for all four amendments.

was still for the bill, but the Bishop of Boston, then an archbishop and now a cardinal, ordered him to oppose the bill. Kennedy obeyed.

The bishops of the Catholic Church in Puerto Rico have an ecclesiastical right to order their people not to vote for a political ticket. But the Bishop of Boston undertook to tell a member of Congress how to vote. Presumably he had the ecclesiastical right to do that. But a man who will obey such an order ought not to be in Congress.

In the opinion of The News, such a man ought not to be in the White House. He ought not to be there — not because he is a Catholic — but because he did not dare to do what he thought was right and proper.

The News took the trouble to investigate and has found that Dr. Willard E. Givens confirms the facts as stated. Dr. Givens is a man of unquestioned veracity.

The president of the United States should be a man who can be trusted to fear God and honor his oath of office, no matter what all the bishops in the hierarchy may presume to order. — Dallas Morning News.

Dear Editor:
 I see where one-half million fewer people bought duck shooter stamps in the U. S. last year than the year before.

My muzzle-loaded neighbor says this is a mighty blow to U. S. prestige, and if it keeps on, by 1975 the Russians may have more duck hunters than we have.

But he doesn't really think this 26 per cent disarmament is due to any rumor that the ducks are buying map stamps and aiming to shoot back.

BIG CHANGE

to modern, clean ELECTRIC COOKING!

Yes, I made the big change to electric cooking and it's easy to see why! Now my pots and pans stay shiny bright even after my meals have been cooked. And the cleanliness is just one of the advantages of cooking electrically, it's fast and economical too! So, why don't you see your Reddy Kilowatt Electric Appliance Dealer today and make the big change to modern cooking — electric cooking.

OLTON - ABERNATHY CLASH IS HEADLINER IN 2-AA THIS WEEK

The three team battle for the District 2-AA championship is coming right down to the wire, although one of the challengers could be eliminated Friday night. This is the next to last week on the district schedule.
 Abernathy must bring home a victory this week when they travel to Olton or will be out of the running. This could be one of the finest 2-AA contests this season - Abernathy will be striving to stay in the race and the mighty Mustangs will be fighting to keep their undefeated skein intact.

Floydada, also undefeated in eight tilts, should have no trouble with the Morton Indians in a tussle at Morton Friday night. The other 2-AA clash will have no bearing on the championship. Muleshoe and Lockney, a pair of also-rans, will tangle at Mitchell-Zimmerman Field in Lockney.
 All eyes will be focused on Floydada's Wester Field the next Friday (Nov. 11) when the Olton and Floydada powerhouses clash in what will probably decide 2-AA's representative's in the district. This will be an afternoon match.
 Last Friday the Floydada Whirlwinds invaded Abernathy and barely escaped with their hides. The Winds held a 7-0 halftime margin, but trailed 8-7 after three periods. An intercepted pass in the fourth stanza paved the way for Floydada's final touchdown enroute to a 13-8 victory in the defensive battle.

Olton rolled along like old man river last week. The Mustangs' overbearing offense led the Blue and White to a 30-8 decision over Lockney. Muleshoe's steadily-improving Mules toyed with the Morton eleven, taking a 56-8 verdict.

Mrs. Smith Elected County HD Prexy

The Floyd County Home Demonstration Council in its important meeting Saturday, Oct. 22, elected officers for 1961.
 Present for the meeting were 20 members, three officers, one visitor, and eight clubs represented.
 The treasurer reported \$406.03 to date.
 In the club reports all clubs reported regular meetings, programs on furniture arrangements and accessories for the home, and the election of officers.
 The yearbook chairman reported that she wants all the names of the new officers of each club and their addresses.
 The Education-Expansion Committee asked club officials to have the names of each club's "Woman of the Year" in by the November meeting of the council so that pins can be ordered for the Christmas party.
 The Consumer-Education Committee reported an offer of Parent's Magazine that a group

THE LOCKNEY BEACON, LOCKNEY, TEXAS, NOV. 3, 1960

of five can order the magazine for one-half the regular price.
 Mrs. Lynn Miller and Mrs. Tom Porter directed recreation.
 The council officer's reports, the committee chairman's reports and the club president's reports were given.
 The officers elected for the new year are as follows: Chairman, Mrs. G. W. Smith; Vice Chairman, Mrs. Lynn Miller; Secretary and Treasurer, Mrs. Sam Jones.
 Following the T.H.D.A. report, council voted to extend an invitation for the district II meet to be held in Floydada in 1962.
 The committees for the Christmas party were named. These were as follows:
 Time and place - Mrs. Roy Fawver, Mrs. Allan Gross, Mrs. Tom Porter.
 Refreshments and table decorations - Mrs. Sam Jones, Mrs. Schaffner, Mrs. Bailey Henderson.
 Other decorations - Mrs. Bloys, Mrs. N. S. Abbott, Mrs. Carrick Snodgrass.

Republicans Vs. The Farmer

1. In 1952 the Republicans promised the farmer, first, 90% Parity, then 100% - parity being a fair price for what the farmer sells in relation to the price of what he has to buy. In 1960 Nixon tells America that any approach to parity will raise the cost of living 25% - But today, parity, which stood at 100% in 1952, has fallen to 77% while the cost of living has risen to its highest level in history.

2. Net farm income for 1959 was \$3.5 billion below 1952, and the total net income loss to farmers in seven years of Ezra Taft Benson has been 19.9 billion.

3. Ezra Taft Benson has spent more money in 7 1/2 years than the Department of Agriculture spent in all of the previous 70 years of its existence, and he has increased the department's employees from 66,000 in 1952 to 85,000 in 1960.

Never have so many done so little with so much, and never has one man done so much to so many in so little time. Along with all of those other decisions he has made, did Dick Nixon make the decision to keep Benson these long years?

SAN JACINTO
Remember reading about the Texas Revolution and the final battle where General Sam Houston and his valiant Texas Army, thundering "Remember the Alamo," defeated the Mexican Army of Santa Anna?
Today this San Jacinto Battleground, just east of Houston, is a beautiful sight to behold. On this "Battleground of Victory" there now stands the world's tallest stone monument. You can take an elevator up the 470-foot massive, air-conditioned edifice and survey the entire battlefield.
A huge 35-foot, 220-ton "Star of Texas" rests atop the monument. It is as impressive as the majestic state it represents.

AUSTIN, Tex. — Many a deer may survive the Texas hunting season because the hunter died first.

According to the State Health Department, there were 181 accidental deaths in Texas, attributed to firearms, in 1958. Last year the number increased to 198.

November is the month when hunting starts in earnest. Normally sane men will start blasting away at one another, on deer leases, or contrive intricate methods of suicide such as climbing over barbed-wire fences with their rifles off safety.

Firearms are not the only threat. Health officials point out that a good many hunters slip and fall over precipices, while gazing off into the distance. Others never get to the lease because they combine a few warming drinks with a fast drive through the pre-dawn chill.

Texas Game and Fish Commission offers these rules for hunting safety:

1. Treat every gun with the respect due a loaded gun.
2. Always unload and take down guns carried into home or camp.
3. Keep guns clean and be sure to have the right size ammunition.
4. Carry gun so you can control the muzzle, even if you fall.
5. Be sure of your target before you fire.
6. Avoid all horseplay.
7. Keep guns out of reach of children.
8. Never climb a tree or jump a ditch while carrying a gun.
9. Never shoot at a flat surface.
10. Take no alcoholic drinks before or during shooting.

of clubs and forbid liquor dealers to deliver liquor to those that did not meet licensing standards.

Representatives of private clubs called some phases of the rules unreasonable, such as requiring a club to be in existence three years before receiving a liquor selling permit. They declared they would welcome some workable guidelines for operation.

SHORT SNORTS — Austin Court of Civil Appeals ruled that state hospitals have the right to retain social security payments made for the benefit of patients. State Securities Board announced that state permits for 56 firms to offer \$21,621,541 in securities were issued in September. This is an increase of more than \$8,000,000 over securities approved in August and nearly six times the \$3,835,490 in securities approved for September, 1959. Court of Criminal Appeals reversed a decision in which the defendant was fined \$300 for sale of liquor in a dry area because in the trial of the case the state had neglected to prove that Morris County — scene of the event — was a dry county. Deficit in the state's general revenue fund jumped \$6,500,000 in two weeks, making the latest in-the-red figure \$58,416,716, according to State Treasurer Jesse James. State Highway Department will open sealed bids Nov. 9 and 10 on 143 miles of construction work on state roadways. Low bids are expected to total about \$12,300,000.

PICKLE NAMED TO TEC — J. J. (Jake) Pickle, Austin public relations man, has been appointed by Gov. Price Daniel to succeed Maurice Acers as employer representative on the Texas Employment Commission. Acers' term expires Nov. 21, but he will remain in office, at the governor's request, until Jan. 9.

Pickle has had a significant background role in many of Texas' major political events in the past decade. He was director of the State Democratic Executive Committee for four years and has worked at one time or another in the political campaigns of Governor Daniel, former Gov. Allan Shivers and Sen. Lyndon Johnson. Acers, an attorney and former FBI agent, was appointed by TEC by Governor Shivers. He served as Shivers' executive assistant in the governor's office.

KEEP THE VOICE OF TEXAS STRONG

Texas' dominant position in the Democratic Party has been a major factor in the amazing growth and prosperity of our State during the past 50 years.

Count our blessings that have come because TEXANS were in the RIGHT party at the RIGHT time.

Count the jobs... educational opportunities... military installations... defense projects... water and soil projects... rural electricity and telephone systems. Count our ultimate potentials for development.

Now the Democratic Party has selected a TEXAN for one of the two top offices our Nation has to offer. As Vice President, Lyndon B. Johnson will be in a position to render the greatest service any Texan has ever been able to give his State, his Party, his Nation.

Our Nation needs the dynamic leadership of John F. Kennedy and Lyndon B. Johnson. And Texas needs to be counted in the Democratic column November 8 to keep its voice STRONG in the party that has honored its sons and nurtured its growth. Texas has no such stake in any other party or any other candidate.

Texas' future — and America's — lies in your response November 8.

CROSS ROADS REPORT

Dear Editor: I see where a sort of scrambled egghead by the name of Dr. Galbraith, in the economics experting racket, says U. S. citizens spend too much of their money on non-essentials.

Seems he figures we are buying TV sets, beauty aids, chrome-trimmed autos, etc., instead of useful items like more of useful items like more massuers for Senators, and more tax inventors.

My scornful neighbor says what's non-essential is just a matter of opinion, and so he is of the opinion that one of our most non non-essentials is Dr. Galbraith.

State Cotton Allotment Is Announced

College Station. — The U. S. Department of Agriculture has announced state acreage allotments for the 1961 crops of upland and extra long staple cottons.

The upland allotment for Texas was set at 7,849,196 acres which includes 10,686 acres as the State's share of the national reserve. The Agricultural Act of 1958 authorizes a national acreage reserve of 310,000 acres for apportionment among the states on the basis of the estimated needs for additional acreage to establish minimum farm allotments as provided by legislation.

The extra long staple acreage allotment for Texas was set at 21,893 acres out of the national allotment of 63,740 acres.

The State allotment will be apportioned among the counties to establish county allotments and these will be further broken down among the individual farms of the counties in accordance with the provisions of the law and regulations issued by the Secretary of Agriculture.

Farmers who were engaged in the production of cotton will vote in a national referendum on December 13 to determine whether

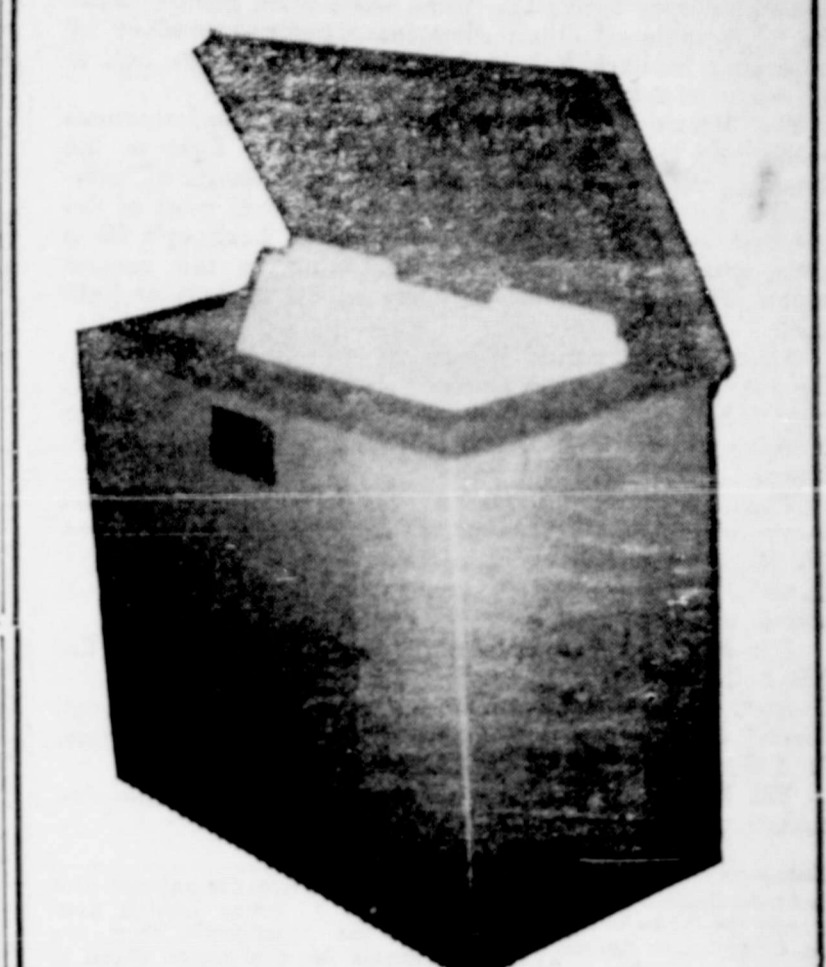

marketing quotas will be operative for the 1961 crops — upland and extra long staple. At least two-thirds of those voting must approve quotas if they are to continue in effect.

Only one allotment-price support program will be available to upland cotton growers for 1961. If marketing quotas are approved in the referendum, price support will be available to upland growers who comply with their farm allotments at a level within the range of 70 to 90 percent of parity. The exact level of support will be announced at a later date. If quotas are not approved, allotments will remain in effect and price support at 50 percent of parity will be available to upland growers who comply with the allotment program.

The USDA announcement noted that farm acreage allotments will be mailed to operators of cotton farms prior to the December 13 referendum.

TO AUSTIN — Mrs. Hazel Wofford and Mrs. A. N. Waldroupe visited last week end with their sons, Jake Wofford and Mr. and Mrs. Derrel Waldroupe, at Austin where both boys are students at University of Texas. Last Saturday was homecoming at the university. The women left Lockney Friday afternoon and encountered heavy rains enroute to Austin. They returned Sunday.

Mighty Olton Clips Local Eleven 30-8

Lockney's spunky Big Red held the mighty Olton Mustangs at bay for almost two quarters before the home-standing ponies broke the game wide open Friday night. The high-powered Olton offensive machine, sparked by bulldozing fullback Robert Priest, got rolling after half to run up a 30-8 triumph over the Longhorns.

The 'Horns turned in one of their finest performances in the first two quarters. They carried the fight to the Mustangs and held an 8-6 margin in first downs at intermission. After playing to a scoreless standoff most of the first half Olton cashed in on a fumble on Lockney's 29 to score with only 56 seconds remaining in the second stanza. This gave the home team an 8-0 margin at half-time.

After the rest period it was an entirely different story. The Mustangs kicked to Lockney, held the 'Horns in check deep in Lockney territory, then drove 47 yards in 14 plays to move ahead 16-0. Olton scored two insurance touchdowns in the final stanza.

The Longhorns marched 63 yards to tally their eight points late in the fourth period against Olton reserves. Bill Mangold made most of the yardage in the drive. Quarterback Johnnie Belt scored from the 3 and Mangold added the two points.

The Big Red line was particularly impressive in the first half. Key men in the forward wall included Wayne Cooper, Rickey Collis, Clarence Ansley, Donnie Hanst, Russell Davis, Mickey Mosley, Ronnie Belt, and others. Fred Gant and Joe Allard looked good on defense.

Bill Mangold was the shining star in the offensive maneuvers.

Summary of the game:

Johnnie Belt's kick was returned from the 26 to O 36. The blue clad Olton crew moved for two first downs to the L 34 where Allard covered a fumble.

The Longhorns came back strong. They gained first on L 45, O 38, O 28, lost the ball on downs at the O 29.

The Mustangs drove for 4, 1, 5 yards, were penalized 15 yards for holding, punted 33 yards to the L 43.

Belt and Freddie Gant went for 5, 1 as the first stanza ended.

Mangold drove for 4, Belt passed to Billy Dan Rolling who made a nifty catch then fumbled on the O 35.

Olton failed to gain a first, punted 38 yards to the L 31.

The 'Horns moved for a first on the L 47, passed incomplete, gained 3, lost 1, punted 29 yards to the O 22.

The Mustangs marched to a first on their 40, failed to go. Priest put the Big Red in a hole with a tremendous 57 yard quick kick which rolled dead on the L 13.

A rally by the 'Horns moved for first downs on the 25 and 39. Belt faded for a pass and had the ball squirt from his hands. End Jimmy Lawson pounced on the pigskin on the Lockney 29.

Big Priest gained 5, 3, 4 for a first on the 17. Olton wts offside, quarterback Johnny Schenk kept for 6, 6, Priest

bullied his way for another first on the 1. Priest carried over for the touchdown, then ran across for the points. Olton 8, Lockney 0 with 0:56 remaining in the half.

The visitors from Lockney returned the kick to their 22, gained 5, lost 3, passed incomplete as time expired in the half.

Olton Comes Back Strong

The Mustang eleven returned to the playing field after intermission with blood in their eyes. Rande Buchenau's kick was returned to the 11. The 'Horns gained 0 in two line thrusts, Mangold quick kicked 36 yards to the L 47.

The determined Olton band marched slowly but steadily down the field against the stubborn Big Red defense. In the 14-play scoring march they gained first downs on the L 35, 22, 8. Schenk sneaked over from the L. A. Schenk to Frankie Miller pass for points made the score 16-0 with 5:36 to play in the third stanza.

Olton's kick was run back to the L 29. Two shots at the line gained 6 yards, Buchenau gathered in a 'Horn pass on the O 41.

This time the Mustangs moved with more ease. They racked up first downs on the Lockney 45, 34, 19, 2, had the ball on the 1 yard line as the third period became history.

Miller dived into the end zone four seconds deep in the final stanza. Buchenau booted the point. Olton 23, Lockney 0. Lockney returned the kick to their 21. The Big Red gained 3, passed incomplete, made 4, a fourth down gamble failed as the 'Horns lost 2. Olton took over on the 'Horn 26.

Five plays and two first downs later the Mustangs had hung another six points on the scoreboard. Priest rambled the final 7 yards, Buchenau's kick was perfect, but the play was nullified by a 5 yard penalty. The second kick was also good. Olton 30, Lockney 0 with 8:51 left in the game.

Olton reserves entered the game. The kick was returned to the L 37 by Rolling. Jimmy Rushing lost 2, Allard gained 2, a Belt-to-Mangold pass was complete for 1 yard, but the Mustangs were charged with a 15 yard personal foul penalty.

The game will get underway at 7:30 p.m. in Plainview's Bulldog Stadium. Admission will be \$1 for adults and 50 cents for students. All seats will be general admission.

Several other top 1959 high schoolers will be playing for the two teams, including boys from Petersburg, Hereford, Levelland, Littlefield, Idalou and Sundown.

Smith and Gilliland Starters In College Game At Plainview

A couple of Floyd County boys who have been gridiron rivals for several seasons will be on the same lineup Thursday night, Nov. 10, when the West Texas State College B team meets the Texas Tech freshmen in Plainview.

Dan Smith, Longhorn standout last season, will start at right guard for the West Texas eleven. Left guard for the Canyon team will be Bill Gilliland, equally fine player for the Floydada Whirlwinds last season.

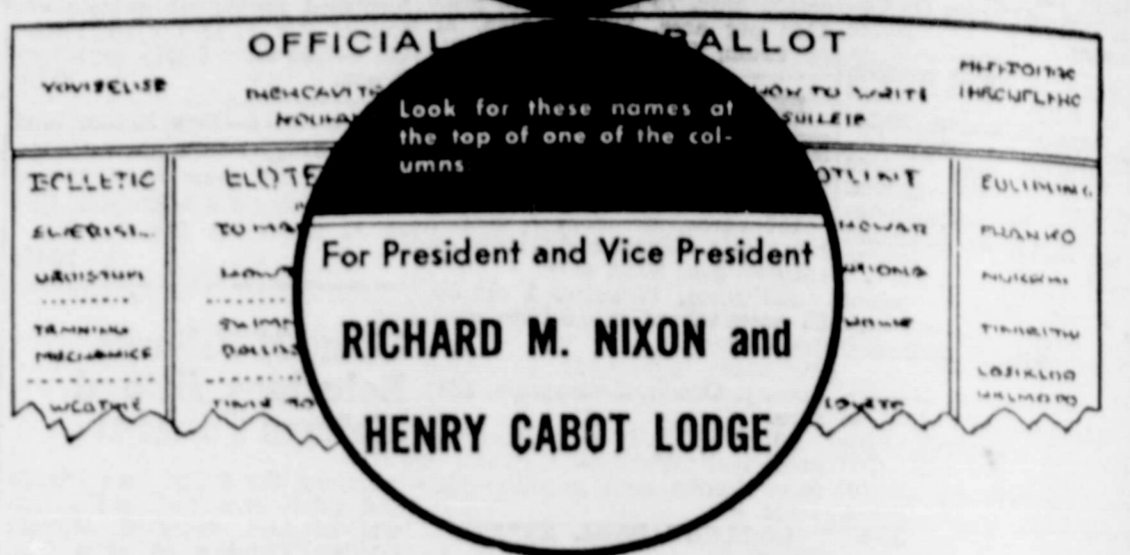

The game will get underway at 7:30 p.m. in Plainview's Bulldog Stadium. Admission will be \$1 for adults and 50 cents for students. All seats will be general admission.

Several other top 1959 high schoolers will be playing for the two teams, including boys from Petersburg, Hereford, Levelland, Littlefield, Idalou and Sundown.

DO YOU WANT FREEDOM OR MORE GOVERNMENT CONTROLS?

The way you vote next Tuesday, Nov. 8th, will help to determine which way our country travels —
Towards freedom or bondage!

MR. KENNEDY PROMISES:

Tighter controls on agriculture, cutting acres where necessary to reduce production, and he infers that he favors extending the minimum wage law to farm workers.

THE RICHARD NIXON FAMILY

MR. NIXON PROMISES:

To stabilize farm family income with new programs with-in the framework of individual freedom — assuring the farmer of an adequate income without burdening him down with red tape rules.

For Your Own Protection—Vote For Nixon and Lodge

WHAT ABOUT THE FARMER?

Mr. Kennedy promises more controls, more regulation, more rules and regulations expecting that this will make more income for the farmer. It hasn't worked that way in the past and it won't work that way in the future. Mr. Nixon promises to institute new farm programs that will insure adequate farm income without taking away individual freedom.

HAVE WE BEEN STANDING STILL during the past eight years? Take a look around you at the beautiful new homes that have been built during this time. Look at the other wonderful improvements. We haven't stood still and we will continue to grow and prosper if the government will allow us enough freedom to do so.

WHAT ABOUT COTTON PRICES? Figures from the United States Department of Agriculture show that middling 15-16 inch cotton has averaged selling for more than 30 cents per pound every year since January, 1953, when Dwight D. Eisenhower took office. No other peace-time administration can compare with this record. The highest average price paid for middling 15-16 inch cotton during the Franklin D. Roosevelt administration was 21.86, and this was even during war years.

ONE LOCAL FARMER SAYS: We Texans for Nixon are deeply interested in fewer controls for agriculture. We do want states rights, less socialized federal government, and the chance to run our own farms without a lot of red tape.

DURING THE PAST 8 YEARS THIS IS THE RECORD:

1. Cost of living gained less than 10 percent.
2. 34.9 percent more people earned more than \$1,000 per year than in 1952.
3. Gross National Product has increased by 44.1 percent.
4. Average weekly earnings have increased 34.6 percent.
5. Home ownership increased by 9 percent.
6. Farm real estate value increased by 34 percent.
7. Passenger automobile registrations increased 27 percent.

MR. KENNEDY STANDS FOR:

1. Repeal of the states' right to enact "right-to-work" laws, which would leave the state and its laboring people at the mercy of labor bosses.
2. He favors, as indicated by his Congressional voting record, giving union bosses even greater controls and political domination of individual union members. His voting record is rated 100 percent by the Americans for Democratic Action, a left-wing radical group, and he joined with Walter Reuther, George Meany, the NAACP and other left-wing and labor groups to control the Democratic National Convention and to write the platform which gave labor bosses everything they want.
3. He favors the immediate forced integration of public schools regardless of whether or not the Negro or white population of a community or state want it and enforcement by Federal intervention and prosecution.
4. He voted in favor of Federal seizure of Texas' oil-rich tidelands. He also favors reducing the depletion oil tax allowance, which step would seriously hamper the oil industry in Texas and in turn sharply curtail the amount of taxes from oil which goes to our public schools.

IS THIS THE KIND OF MAN YOU WANT AS PRESIDENT?

YOU MAY VOTE AS YOU PLEASE!

The stamping of your poll tax in the May primaries does not in any way bind you to vote the straight Democratic ticket. As Governor Price Daniel pointed out recently, participation in the primaries does not bind anyone, either legally or morally, to support the Democratic presidential nominee since his name was not on the ballot.

You may split up the ballot in any way you wish. Just be sure to mark out the names of those you wish to vote against, leaving the name you wish to vote for in each race.

WHAT DO THE DEMOCRATS THINK ABOUT KENNEDY?

HARRY TRUMAN: "Senator, are you certain that you are quite ready for the country or that the country is ready for you in the role of President in January, 1961? . . . I would hope that someone with the greatest possible maturity and experience would be available at this time."

SEN. ROBERT C. BYRD: "Kennedy lacks the age and experience to be President in these perilous days. I find it difficult to be secure in the thought of his sitting down with the Adenaurs, the DeGaulles, the MacMillans, and the Khrushchevs as our country wrestles with important problems in the field of international affairs."

REP. SAM RAYBURN: "It's easy for someone to say, 'I can lead a great cause,' but untested we cannot put faith and confidence and our perpetuity in hands like that."

SEN. WAYNE MORSE: "His statements in regard to campaign expenses are further evidence as to his lack of qualifications for the Presidency. The American people should make clear to Senator Kennedy that the White House will never be put up for sale . . . it is obvious that the truth is not in him."

SEN. HUBERT HUMPHREY: "Kennedy voted against the people's interest on such issues as agriculture, rural telephone assistance and library and hospital construction."

SEN. LYNDON B. JOHNSON: "I am not prepared to apologize to Mr. Khrushchev — are you? I am not prepared to send regrets to Mr. Khrushchev — are you?"

SEN. HUBERT HUMPHREY: "This is just cheap-low-down gutter politics. Anyone who gets in the way of teacher's pet — I should change that to papa's pet — is going to be destroyed. Bobby said if they had to spend a half million to win here (West Virginia) they would do it."

Pennies For UNICEF Reaches 16,500 Here

The old Halloween custom was turned into a way of raising money to save children's lives here Sunday night after church services when some 65 young people from the Methodist and Baptist churches went out in organized groups and collected for UNICEF, the United Nations Children's Fund. The amount raised in this manner was \$165.00, according to Mrs. Barry Barker, chairman of the event.

For UNICEF, one cent is enough to protect one child against TB for a lifetime. Mrs. Barker states, and she expressed her appreciation for all those who had a part in contributing the 16,500 pennies for that purpose. Last year, U.S. children alone collected \$1,500,000 for the U.N. Children's Fund.

Some have called to notify Mrs. Barker they were missed in the Sunday night door to door campaign and they had their contributions ready to give. If there are others who didn't get to donate to this cause and want to do so, they may call Mrs. Barker and she will see that it is picked up.

Refreshments were served at the Methodist church basement when the calls were completed. In addition to the 65 young people who took part there were about 25 adults who helped with cars or refreshments.

Engagement rings came to us from the Egyptians, the Greeks, and the Romans. Its circle infers unity. Upon breaking the engagement, the ring was broken and destroyed.

SATURDAY will be Homecoming for West Texas State exes and the afternoon football game in Buffalo Bowl (above) will be the big attraction. Coach Joe Kerbel's battling Buffaloes will meet Trinity University in the handsome 20,000 seat stadium and a crowd of 15,000 has been predicted. Kickoff time is 2 p.m. Other Homecoming features include a morning parade, an outdoor barbecue at noon, an intra-squad basketball game at 6:30 p.m., and a dance in the fieldhouse at 8 p.m.

South Plains

By Mrs. Murray Julian

Early Monday morning temperatures of 30 degrees brought our first frost of the season. Today is Halloween and children are anxiously awaiting the Halloween Carnival at South Plains school house at seven p.m. There will be booths, cake walk, food room, and fun is promised for everyone with spooks and all manner of goblins afoot.

Sunday afternoon at three there was a bracer church service at the South Plains Baptist Church with Rev. Raymond Asabedo of Floydada bringing the message. All the bracers and Latin-American people are invited to attend.

Sunday gave us 38 degree weather and a "Blue Norther" which blew at a terrific rate all day. Several fields here blew quite badly, although the ground was full wet from the recent hard rains.

Rev. John Gillispie went to Lubbock Monday night for the opening session of the diamond anniversary meeting of the Baptist General Convention of Texas which will be held at the Municipal Coliseum in Lubbock from Monday through Wednesday night. Several from here plan to attend some or all of the meetings.

Mrs. Maud Brister visited the past two weeks in Irving, near Dallas with her sister, Mr. and Mrs. E. G. Arnsman. Mr. and Mrs. Bill Thomas went to Olney Friday morning to accompany her home.

Mrs. Frank McClure was hostess for a party Tuesday afternoon. Mrs. Ruby Long of Plainview in charge of the Tupperware.

Rex and Shannon Bell, children of Mr. and Mrs. Ted Bell of Floydada spent from Thursday to Saturday with their grandparents, Mr. and Mrs. Sim Reeves.

We are sorry to hear of the accident which befell Elmo Fortenberry Saturday evening. His hand became entangled in a cotton stripper machine at the home of his folks, the Fred Fortenberrys and although his hand was badly mangled, he did not lose any fingers.

Mrs. L. N. Johnson and Mrs. Chester Hidalgo were hostesses at the Halloween party in Mrs. McClendon's first and second grade room at the school house Friday afternoon. Other parties were held in the various rooms.

We extend sympathy to our neighbors, Mr. and Mrs. Harry Hartman and family at the death of his father, John Henry Hartman 89, of Lockney, who passed away at 10:40 Friday night.

Most of our community attended services for Mr. Hartman, who lived here many years ago.

We are proud to note that Sue Wilson, daughter of Mr. and Mrs. John Wilson, a junior in high school, was initiated into the National Honor Society at a luncheon given Friday at the Floydada High School.

Mr. and Mrs. Wendell Johnson went to Lubbock Saturday to see his cousin, Elton James of Lubbock, who has been in a hospital there suffering from a heart ailment since Thursday.

Mr. and Mrs. Kendis Julian from West Texas State were home with his folks, the Murray Julians and her folks, the Poyner Roberts over the weekend. Kendis helped with harvesting. The coming weekend is West Texas Homecoming, with a barbecue Saturday and football game that afternoon.

State Farm Bureau Meeting Will Be Held In Waco Nov. 9-12

Waco. — The 17th annual convention of the Texas Farm Bureau will be held Nov. 9-12 in Dallas, according to J. H. West of Bishop, president of the state farm organization.

State policies to guide the organization through 1961 will be adopted at the convention. Adopted resolutions on national issues will become recommendations to the American Farm Bureau Federation convention scheduled for Dec. 11-15 in Denver.

Some 750 voting delegates will represent 199 organized county Farm Bureaus in the voting. Total attendance is expected to reach about 1,700.

Speakers at this year's convention include, West, Congressman Omar Burleson, Anson, Roger Fleming, Washington, D. C., secretary-treasurer of the American Farm Bureau Federation; Ed Lipscomb, Memphis, Tenn., public relations director for the National Cotton Council; and Mrs. Haven Smith, Chappell, Neb., chairman of the AFBF's Women's Committee.

Special conferences on dairying, education, welfare and safety, farm labor and natural resources, field crops, poultry, research, rural roads, REA and taxes will be at 2 p.m. Thursday in various meeting rooms in the Adolphus. A conference on Farm Bureau services will begin at 1 p.m. in the Baker Hotel.

District caucuses will be held at 4 p.m. in the Adolphus. Nominations will be made in districts 2, 4, 6, 8, 10 and 12 to fill expiring terms of directors in those districts.

The finals of the state queen contest will get under way at 7:30 p.m. in the Dallas Memorial Auditorium Theatre. Thirteen district winners will vie for the title of Texas Farm Bureau Queen, with the winner receiving \$500 for herself and mother to attend the AFBF convention in Denver.

Ed Lipscomb will speak on "How To Win A War" at the annual banquet scheduled for Friday evening in the Baker Hotel, with J. H. West serving as toastmaster. The annual dance will follow the banquet.

The business session will reconvene next morning, Nov. 12, to conclude the discussion and action on proposed resolutions. Election of directors in even-numbered districts will be held during the business session. Officers will be elected from among board members following adjournment of the annual meeting.

NEWS from the High Plains Research Foundation

Seven varieties of safflower were tested at the High Plains Research Foundation during 1959 in cooperation with the U.S. Department of Agriculture, the Texas Agricultural Experiment Station. The yields range from 285.12 to 589.19 pounds seed per acre. The high yield was produced by the N-4051 variety.

These varieties were planted March 19. Each received two irrigations of 2 inches on April 20 and May 20. There were 2.5 inches of rainfall during the growing period. A fertilizer application at the rate of 16-20-0 per acre topdressed on May 20. The flower plants withstood light freezes during the seedling stage of growth. A hail on May 17 caused damage to the top of the plants. All plots were sprayed with Endrin and Chlorodane on 27 and June 25.

There were considerable variations in the yields of the varieties with all seed very low. The plants received no heavy rainfall during seed development period. The situation was probably responsible for the immature found in all varieties. Leaf caused considerable damage all varieties. Insect damage very slight. Early planting probably responsible for insect damage.

Safflower is considered to have possibilities in the Plains agriculture, and will be continued over a

Make Church - Going a Habit

THE CHURCH FOR ALL . . . ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Isaiah	7	13-16
Monday	Proverbs	6	20-22
Tuesday	Galatians	4	1-7
Wednesday	Ephesians	6	1-4
Thursday	II Timothy	3	14-17
Friday	Hebrews	13	7-8
Saturday	Psalms	77	13-14

I call Bruce my combination angel-terror. Soon he will be four, and he is a fascinating mixture of mischief and goodness.

At bedtime, I always tiptoe into his room to be sure he's covered. Then it is that I am struck by the innocence of his face in sleep. Then it is that I realize how helpless is this small dynamo, who plunges with such boundless energy about our house and yard all day. Then it is that I am struck by the awesomeness of my responsibility.

I realize it is entirely up to me to see that Bruce learns right from wrong, to see that he grows into the sort of man who will be a credit to his family, his community, and his country. I must teach him to keep a steady heart and a level head, to resist the many temptations that will be strewn in his path, to hold honor and truth and integrity high.

When I think of my task, I send a small and special prayer to God to aid me. And I thank God for his Church on earth which, for years to come, will be helping me, again and again, in making my small mischief into a man.

Dear Editor:

I see where a statistocrat got it from an electric brain that if government jobs keep on multiplying like they have the last 25 years, everybody in the U. S. will be on the government payroll by 2069.

My scientific neighbor says also if the national debt rises like the last 25 years, by 2069 each citizen will be paying \$1,000 a day interest in his share of what Uncle Sam will be owing.

He got his answer from his own 110-volt figure juggler, which he built at home out of an old electric razor and a quart of loaded dice.

MAYOR'S PROCLAMATION

WHEREAS: The annual sale of Buddy Poppies by the Veterans of Foreign Wars of the United States, an organization chartered by the Congress, has been officially recognized and endorsed by the President of the United States and the Veterans Administration; and

WHEREAS: The proceeds of this worthy fundraising campaign are used exclusively for the benefit of disabled and needy veterans, and the widows and orphans of deceased veterans; and

WHEREAS: The basic purpose of the annual sale of Buddy Poppies by the Veterans of Foreign Wars is eloquently reflected in the desire to "Honor The Dead By Helping The Living;" therefore,

I, J. E. Cox, Mayor of the City of Lockney, do hereby recognize the patriotic merits of this cause by urging the citizens of this community to contribute generously to its support through the purchase of Buddy Poppies, on the day set aside for the distribution of these symbols of loyalty in this city. I urge all patriotic citizens to wear a Buddy Poppy as mute evidence of our gratitude to the men of this country who have risked their lives in defense of the freedoms which we continue to enjoy as American citizens.

Points On Voting Are Explained

By County Judge J. D. McBrien
By reason of the fact that the following points will probably come up in the forthcoming general election, they are mentioned for the information of election judges and voters.

While a voter may split his ticket by voting for the presidential and vice presidential candidates of one party, as well as candidates for other offices if he sees fit, and for the remaining candidates of another party, he cannot vote for the presidential candidate of one party, and the vice presidential candidate of another party. The presidential and vice presidential candidates of each party are a single ticket, and you cannot vote for one and not the other; if you attempt to do so, you will lose your vote in that race, for the election judges cannot count your vote for either candidate.

If you have been a resident of Texas for 12 months or more prior to the election, and have paid a poll tax if required to pay one, but have resided in Floyd County less than 6 months, you may nevertheless vote in Floyd County, in the election precinct in which you reside, in national and state races, though not in county races. You must of course be a bona fide resident of Floyd County in order to vote here—if you are here only temporarily, you must vote in the county of your residence by absentee ballot. Assuming you are an actual resident of Floyd County, though for not as much as 6 months, you should so inform the elec-

tion judge when you go to vote; he will, before handing you your ballot, strike from it all county and district races, leaving you the opportunity to vote in the national and state races. Incidentally, if you moved to Floyd County from another place in this congressional, appellate court, or representative district, you may likewise vote in that district race as well.

Friday, November 4, is the last day for absentee voting. Election boxes and supplies are ready, and may be picked up by election judges at the County Clerk's office at their convenience. If not picked up by Monday, November 7, they will be delivered to the election judges on that day. The County Clerk's office will be open election night, Tuesday, November 8, to receive returns and ballot boxes, from 7 p.m. to 10 p.m.

ONE MAN HERO

Texas has been the home of many great and courageous men. A few words describing their feats often can imply the magnitude of their character.

Such are the words on a marker on the highway southwest of Llano, in Central Texas, which reads: "Enchanted Rock. From this summit, in the fall of 1841, Captain John C. Hays, while surrounded by Comanche Indians who cut him off from his ranging company, repulsed the whole band and inflicted upon them such heavy losses that they fled."

The Indian word for squirrel was "head first", referring to the way they come down trees.

DINOSAUR TRACKS

There were no dinosaurs in Texas, but we do have proof that the prehistoric monsters were here at one time.

Just travel twenty miles west of Cleburne to the town of Glen Rose, and you can see for yourself.

There you will find fossilized dinosaur tracks along the beautiful Paluxy River.

They have a fine specimen on exhibit downtown too. You'll enjoy staying in Glen Rose, as it is a well-known vacation and health resort... famous for its mineral water.

QUAINT SAN ANTONIO

Scenic, quaint, metropolitan recreational capital, year-round weather — these words, true they are, just don't describe San Antonio adequately.

This historic city has a lot of everything.

It's the home of the Alamo and has many old and famous missions.

It's America's Venice, too. You can glide down the San Antonio River that meanders through the city. Your gondola or cyclo will take you along the river banks where a quiet Indian village once stood. You see beautiful semi-tropical plants and flowers. You can stop off at a sidewalk cafe for an adventure in exotic foods, too.

Better plan a long stay in San Antonio. There's so much to do that you'll never want to leave.

GREAT METEOR

One of the world's largest meteorites lies about two miles west and six miles south of Odessa in the far western part of Texas.

The great meteor, a mass of iron, nickel and various metals, rests 170 feet deep in a 10-acre pit.

This great visitor from space is estimated to have fallen to earth thousands of years ago.
