A QUICK READ OF THE NEWS

### Murder suspect indicted

LITTLEFIELD — Eddie Rowton, a 44-year-old convicted rapist, was indicted Thursday for capital murder in the 1992 killing of a former neighbor, 5-year-old Shawnlee Perry of Earth.

Lamb County District Attorney Mark Yarbrough said he plans to seek the death penalty.

Rowton is currently serving a 35-year sentence at a state prison in Angleton for the assault and rape of a New Mexico woman in Bailey County.

Shawnlee disappeared from her backyard on May 7, 1992. Her body was found by a farmer two months later in a field five miles from her home.

### Reform school riot

ACAPULCO, Mexico — Some kids apparently never learn.

Demanding the right to smoke, drink and have sex, inmates at a juvenile reform school rioted and took a top official hostage last week in exchange for their freedom.

The riot began when several youths burned bedding in their cells at the state juvenile reform school in the Guerrero state capital of Chilpancingo, 50 miles south of Acapulco.

School director Luis Antonio said the youths were demanding the right to cigarettes, alcohol and conjugal visits.

Police and prison guards released 23 youths.

Two days later, police had recaptured 17 of the youths.

## Muleshoe plays host to district UIL academic meet

Muleshoe junior high and elementary school students are fighting for first place in the district's literary competition.

Muleshoe finished just 13.8 points out of the top spot Tuesday during the first round of the District 1-3A South Zone elementary/junior high UIL literary meet held in Muleshoe.

Tulia is the leader after 32 events with 594.4 points. Muleshoe was second with 580.6 points, Friona third with 487 and Dimmitt fourth with 346.8.

The four school districts will meet again next Tuesday in Muleshoe to finish the meet. At this level, students do not advance to regional or state competitions.

Muleshoe school officials are pleased with the first-round results.

"The kids really did outstanding," said DeShazo teacher and elementary UIL coordinator Claire Brown. "So far we have at least one to three students that have placed in each event. They put in a lot of hard work to make the team. It really paid off."

Junior high coordinator Mike Richardson said: "This is a great way to compete with other kids in

academic events. It gives kids a chance to be competitive in areas other than sports. This way, everyone has the opportunity to compete in areas they are strong in."

Besides building confidence and giving the students a chance to excel in their field of expertise, the students are also preparing for future high school competitions where they can win up to \$10,000 in scholarships.

## Boll weevil meeting draws large crowd

By TERESA STONE  
Journal staff writer

Local farmers met for the second time in less than a month to discuss the threatening problems the boll weevil may cause on the local cotton industry.

The Texas Agricultural Extension Service sponsored a boll weevil educational seminar Thursday at the Bailey County Coliseum.

Dozens of farmers from Bailey, Lamb, Parmer, Castro and Deaf Smith counties turned out to listen to different specialists and cotton producers tell their stories and forecast the future of the cotton industry if the boll weevil is not controlled.

Jim Leser, an extension entomologist from Lubbock, explained to the audience that in the past, boll weevils were not a serious problem because the winters acted as a natural killing agent.

However, the mild winters the South Plains have experienced lately are creating the increased potential of vast infestation of the weevil, according to Leser.

"In the mid to late 1980s we had strong winters and only an average 6-percent winter survival rate of the weevil," said Leser. "In the last seven

## City hires administrative assistant in charge of economic development

By RICK WHITE  
Managing Editor

After a long and sometimes wandering search, the City of Muleshoe hired an administrative assistant to help promote economic development.

Susie Sterling of Muleshoe will start on Monday, according to city manager James Fisher.

Fisher described Sterling, a 1982 Muleshoe High School graduate and former assistant to the Lazbuddie school super-

intendent, as enthusiastic and professional.

"We're looking forward to getting her on board," Fisher said.

Her primary responsibilities will be community and economic development, including researching and writing grants. In addition, she will serve as liaison for businesses and volunteer organizations, according to Fisher.

She will also assist Fisher in city duties.

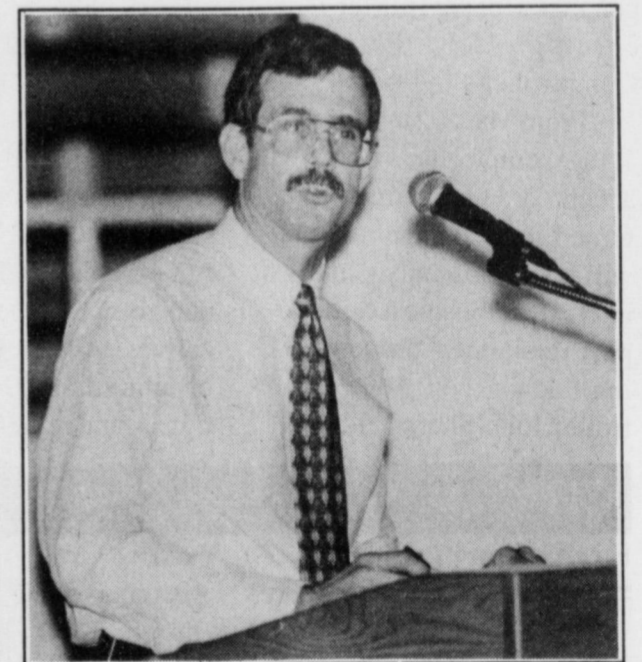

"She will help us get everybody going in the same direction," Fisher said.

Sterling's starting salary is \$19,500.

The job title has been adapted several times since the search began more than 18 months ago.

At first, the city and the Muleshoe Economic Development Board were looking for a full-time economic development director.

## ELECTIONS '98

### Barrett seeking at-large seat on Muleshoe school board

Bruce Barrett is one of five candidates that running for two at-large seats on the Muleshoe Independent School District Board of Trustees.

The school board election is May 2.

When asked why he wanted to serve on the board, Barrett said: "I want Muleshoe schools to be the best that they can be. I think there are good people on the board right now.

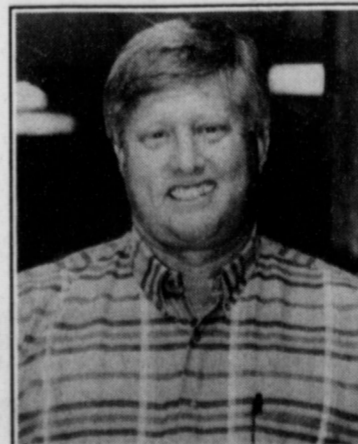

I want to help keep things going in a good, positive direction."

Barrett, 43, is a local farmer and cattleman. He and his wife Cindy have lived in Muleshoe since 1984. They have two children, James, a sophomore at Muleshoe High School, and Megan, an eighth grader at Watson Junior High.

Barrett, who is originally from Hereford, earned a

bachelor's degree from what was then West Texas State University and a master's degree from Texas A&M University, both in agricultural economics.

He has served on the National Potato Promotion Board, the West Texas Ex-Students Association and has been the Bailey County Republican chairman for the past four years.

### Broken water pipe causes flood; warps gym floor at junior high

It wasn't an April Fools joke when Muleshoe school officials learned last week about a water leak that appears to have ruined the gymnasium floor at Watson Junior High School.

Water from a burst pipe flooded the girls dressing room at the junior high and seeped under the gymnasium floor. Apparently warped beyond repair, the gym floor looks like a giant washboard.

A school custodian discovered the damage the morning of April 1. A one-inch pipe in a boiler room in the west end of the gym had apparently burst sometime the night before.

"That's the first thing he told (maintenance supervisor) Sam Whalin is that it isn't an April Fool joke," Muleshoe school

## Golden Spread Electric breaks ground for Mustang Station

Golden Spread Electric Cooperative, Inc., headquartered in Amarillo, opened a new chapter in its proud history of service to customers in Texas and Oklahoma when it broke ground on April 2 for Mustang Station, a \$145 million electric generating plant near Denver City.

The first phase of the 486-megawatt plant will produce some 285 megawatts and is expected to be in service in the spring of 1999. The second-phase addition will begin production in January of 2000. Mustang Station will be fueled by natural gas and will eventually require about 20 employees.

"This state-of-the-art facility will equip us to meet the

needs of our member-consumers for years to come," said Robert W. Bryant, president of Golden Spread EC. "It truly is a power plant for the 21st century."

The primary customers for Mustang Station will be the 100,000 member-consumers served by the 11 Golden Spread member cooperatives in the South Plains and panhandles of Texas and Oklahoma.

Golden Spread's subsidiary, GS Electric Generating Cooperative, will purchase a 50-percent interest in Mustang Station when the generating units are completed. Denver City Energy Associates is the plant developer and will own 50 percent upon completion. Denver City Energy Associates is an

equal partnership formed by Quixx Corp. of Amarillo, an affiliate of Southwestern Public Service Co. and LS Power, an independent power producer based in New Jersey.

Golden Spread, organized in 1984, is one of the first generation and transmission (G&T) cooperatives to move from formation to generation without the assistance of federal financing.

At a time when electric utility restructuring is moving forward at the federal and state level, with the Texas Legislature expected to consider restructuring during the 1999 legislative session, Golden Spread is adopting innovative approaches to power supply. It's new power supply portfolio and

member sales agreements are designed to lower costs for consumers and enhance the competitive position of the electric cooperative and its members. Mustang Station is critical to Golden Spread's future success as a competitive electric supplier in the marketplace.

## Businesses need to turn in unclaimed money

AUSTIN—Businesses and financial institutions will have a three-month opportunity to turn unclaimed money over to the state, without fear of being penalized for past mistakes, according to the State Comptroller's Office.

"From March 2 through June 1, the Comptroller's office will accept any unclaimed funds turned in by businesses, and I will not impose any penalty or interest on businesses that report unclaimed property during this period," State Comptroller John Sharp said.

The law requires businesses and financial institutions to turn abandoned cash and other assets over to the state when efforts to locate the rightful owners have been unsuccessful for three to five years.

Examples of unclaimed property include: uncashed dividends and payroll or cashier's checks; abandoned stocks, bonds, and mutual funds; credit balances, utility deposits and other refunds; inactive bank accounts; contents of abandoned safe deposit boxes; and mineral interests or

royalty payments.

"After June 1, however, penalty and interest will once again be assessed against businesses that fail to report unclaimed property," Sharp said.

Businesses that are holding unclaimed funds should send the money to: Comptroller of Public Accounts, Unclaimed Property, PO Box 12019, Austin, Texas 78711-2019.

For more information call 1-800-321-2274.

### CITY

From page 1

But officials felt the salary range of \$35,000-\$50,000 a year was too high.

Later, the city advertised the position as assistant city manager with a salary range of \$25,000-\$30,000.

Recently, the economic development board and Fisher decided to go in yet another direction.

Fisher said they realized that

members of the Muleshoe Economic Development Board, Muleshoe Industrial Foundation, the Chamber of Commerce and local business owners are the best qualified people to promote the city.

"We've got people that live in the community that can sell Muleshoe," Fisher said. "They're the ones that are committed to living and owning a business in the community."

**Taxpayers can file for extension**

Taxpayers who can't file their federal tax return on time can get an extension, according to tax officials.

Taxpayers can receive an extra four months if they mail Form 4868, "Application for Automatic Extension of Time to File U.S. Individual Income Tax Return," to the Internal Revenue Service by April 15.

More than 11 million North Texans will wait until the last minute to file their tax returns. In fact, the IRS estimates 278,600 that North Texans will file for extensions.

According to IRS district director Glenn Henderson, the automatic extension is only an extension of time to file the tax return. It does not, however, give the person extra time to pay the taxes due on the return. Henderson added that Texans need to estimate the amount of tax they will owe and send that with the Form 4868.

Texans who are able to file by the April 15 deadline, but who can't pay the tax due can request a monthly payment plan when they file. To request the payment plan, attach Form 9465 to the front of their tax return and show the amount they propose to pay each month and on what day. To set up the installment payment plan, the IRS charges a \$43 fee.

"To reduce interest and penalty charges, people should pay as much as they can when they mail the extension or installment agreement forms," Henderson said.

Anyone who finds that they owe money this year may want to consider adjusting their W-4 "Employee's Withholding Allowance Certificate" at work to have more money taken out each payday, IRS officials recommended.

**"For God So Loved the World . . ."**

My Son . . .

The Father's words boomed like thunder in Heaven's throne room and rolled down steps of ethereal alabaster through the Great Hall of Glory and out into Eternity.

The heavenly host heard not the words, but the mighty music where every moment is now, I ask, will you willingly enter time? Will you allow your divinity to be wrapped in the garment of humanity? Will you lay aside heavenly glory to redeem the fallen sons of Adam and daughters of Eve?

In Heaven, where every moment is now, the Son's voice now. "Abba, Father, Thy will be done."

And Heaven, now hearing, gasped, and through the timeless Hall echoed the sounds of an angel's voice hailing the handmaid of God, the gentle sound of the Baby's first breath and the sharp birth cry filling a Bethlehem stable, the Father's mighty thunder of approval—"This is my Son, in whom I am well-pleased!", the sharp metallic sounds of a soldier's hammer eclipsing the Son on a tree, Heaven's verdict—"It is finished," and the Son's—"Father, into Thy hands I commit my Spirit." All of these chords intermingle with the angel's eternal message, "He is not here! He is risen!"

And Heaven gasped. And angels, numbering ten thousands times ten thousands, sang with tongues of light:

"Worthy is the Lamb, who was slain, to receive power and wealth and wisdom and strength and honor and glory and praise!"

Worthy is the Lamb!

# Mules win fifth straight

## Alanis, Kemp combine on five-hitter

Run support is a pitcher's best friend.

And Muleshoe hitters have been plenty friendly during District 1-3A play, averaging 12.2 runs in five league games.

Muleshoe pounded out 11 hits and Rodney Alanis and Layne Kemp combined on a five-hitter Tuesday as the Mules beat Dimmitt 11-4 on a windy day at the city park field.

Alanis and Aaron Purdy had three hits each for MHS and Matt McClanahan blasted his seventh home run as the Mules (10-5) won their fifth-straight game.

In other league games Tuesday, River Road whitewashed Dalhart 6-0, Friona whipped Tulia 12-2 and Perryton beat Sanford-Fritch 10-3.

River Road remains undefeated at 5-0. Muleshoe and Perryton are tied for second at

Muleshoe coach Brad Hill said the strong run support helps his pitchers relax on the mound.

"They know they can make a bad pitch or two, give up a couple runs, and still win," Hill said. "They know we're going to get them some runs."

# Locker shines in final district track tuneup

DIMMITT — Stacy Locker continues to shave seconds off her times in the 800 and 1600 meters in preparation for the District 1-3A meet next week in Canyon.

The Muleshoe High School sophomore posted season-best times Thursday while winning both events at the Bobcat Relays in her final district tuneup.

Locker chopped nearly a second off her time in the 800, finishing in 2 minutes and 24.65 seconds, and a whopping 10 seconds off her time in the 1600 with a 5:36.65 clocking.

She beat one of the area's top runners, Melissa Cano of Bovina, in both races, winning the 1600 by a half-second.

Sophomore Bobbie Benham placed third in the 400 meters as the Lady Mules finished seventh with 26 points in the 12-team field.

Panhandle won the meet with 102 points. Friona was second with 99 points and Dimmitt third with 77.

In the boys meet, Muleshoe senior Ricko Aguirre won the shot put with a career-best effort of 54 feet, nine inches and added a third-place finish in the discus.

Aguirre bettered his old mark set earlier this season by a foot, edging rival Charlie Sanders of Dimmitt by four inches.

Sanders won the discus with a throw of 168-3. Aguirre's best effort was 143-8 1/2.

The Mules finished eighth in the 11-team

MHS broke open the Dimmitt game with five runs in the fifth inning.

Run-scoring singles by Matt Mason, Larry Pineda and Alanis gave Muleshoe a 9-3 lead. McClanahan then ripped a 3-1 fastball over the right-center field with Alanis aboard to make it 11-3.

Muleshoe was also aggressive on the basepaths, stealing three bases in the fifth inning and eight in the game.

Kemp relieved Alanis with two outs in the sixth, allowing an unearned run in the seventh.

Zack Matthews hit a solo home run to put Dimmitt (5-8, 1-4) up 1-0 in the third.

Muleshoe scored four runs in the bottom of the third with the aid of two walks, a wild pitch, and a two-run error.

Alanis started the rally with a one-out double. Aaron Purdy's single and a wild pitch produced two runs and two more scored on an outfield error.

Muleshoe pushed its lead to 6-1 in the fourth on RBI singles by Alanis and Ismael Nunez.

Dimmitt climbed within 6-3 by producing two runs in the fifth inning without the benefit of a hit, scoring on a walk, a three-base error and a wild pitch.

Muleshoe was scheduled to play at Sanford-Fritch Saturday and Friona next Tuesday.

### Taking a cut

Muleshoe senior catcher Aaron Purdy takes a cut at a pitch Tuesday during a District 1-3A game against Dimmitt at the city park field. The Mules beat Dimmitt 11-4 to improve to 10-5 overall and 4-1 in district.

It takes four experienced builders about four hundred hours to build an average-sized house.

Burial followed in Sudan Cemetery under the direction of Ellis Funeral Home.

Rich was born August 31, 1963 in Littlefield. He was a resident of the Lubbock State School.

Survivors include his mother, Dr. Karen Rich of Canyon; father and step-mother, Nathan and Maxine

Rich of Canyon; maternal grandparents, Mr. and Mrs. Jack Engram of Sudan; paternal grandparents, Mr. and Mrs. Charles Rich of Sudan; brother, Travis Rich of Dallas.

The family requests that memorials be made to Red Oak Grove Memorial Fund, Lubbock State School, P.O. Box 5396, Lubbock, TX 79417.

## Clovis plans country music extravaganza

CLOVIS—The 1998 Clovis Music Festival, "Cool Nights, Hot Country," is going to be a country music extravaganza.

It begins Friday, July 17 with Ricochet and Suzy Boggus. Then on Saturday, Daryle Singletary and Rick Trevino take the stage.

Both concerts will be at the Mounted Patrol Arena at the Curry County Fair Grounds.

Tickets will go on sale mid-May. General admission tickets will be \$15, reserved seats will be \$18 and box seats will be \$20 per concert.

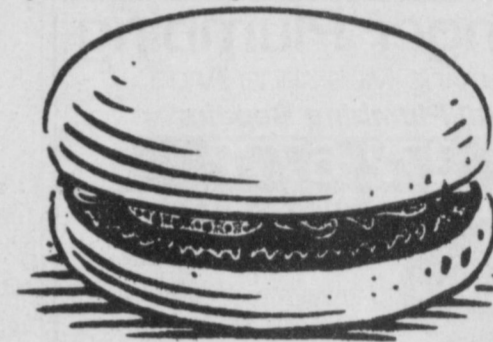

Putting on a show of this size is a community effort and the Clovis/Curry County Chamber of Commerce, 215 N. Main St. is still looking for volunteers and sponsors.

Everyone interested in be-

coming a volunteer should plan to attend the next organizational meeting. For more information about volunteer opportunities, call the chamber at (505) 763-3435.

Sponsors this year also have many exciting options to choose from, including expanded advertising, VIP party invitations, and tickets to the concerts.

## KNOWLEDGE AND PREPARATION ARE THE KEYS TO SEVERE WEATHER SAFETY

### Weather Advisory . . .

#### SEVERE THUNDERSTORM WATCH

■ Tells you when and where severe thunderstorms are more likely to occur. Watches are intended to heighten public awareness and should not be confused with warnings.

#### SEVERE THUNDERSTORM WARNING

◆ Issued when severe weather has been reported by spotters or indicated by radar. Warnings indicate immediate danger to life and property to those in the path of a storm.

#### TORNADO WATCH

▼ Tells you tornadoes are possible in your area. Remain alert for approaching storms. Watches are intended to heighten public awareness and should not be confused with warnings.

#### TORNADO WARNING

▲ Issued when a tornado has been sighted or indicated by weather radar. Warnings indicate immediate danger to life and property to those in the path of a storm.

### Local Shelter Locations

Primary Location:

**First United Methodist Church**  
507 W. 2nd St.

Secondary Location:

**Muleshoe Public Library**  
322 W. 2nd St.

### What You Should Do . . .

- Watch the sky and listen to radio and television for further information. Remain alert for rapidly changing conditions.
- Know the area in which you live. Use a road map of your area to track storm path.
- If you can hear thunder, you are close enough to be struck by lightning. Take shelter inside sturdy structure.

- ◆ Go to safe shelter in a sturdy building.
- ◆ Continue to listen to radio and television for further information. Postpone outdoor activities if thunderstorms are imminent.
- ◆ Unplug appliances not necessary for obtaining weather information. Unplug air conditioners. Power surges from lightning can overload compressors.
- ◆ Avoid using telephone or appliances. Do not take bath or shower. Use phone ONLY in an emergency.

- ▼ Watch the sky and listen to radio and television for further information. Remain alert for rapidly changing conditions.
- ▼ Know the area in which you live. Use a road map of your area to track storm path from weather bulletins. Remember: Tornadoes occasionally develop in areas in which a severe thunderstorm watch or warning is in effect.

- ▲ In a home or building, move to a pre-designated shelter, such as a basement.
- ▲ If an underground shelter is not available, move to an interior room or hallway on the lowest floor and get under a sturdy piece of furniture. Stay away from windows.
- ▲ Get out of automobiles. Do not try to outrun a tornado in your car. Instead, leave it immediately.
- ▲ Continue to listen to radio and television for further information.

The couple will marry April 18, 1998 at the First Baptist Church in Muleshoe. The future bride is a graduate of Muleshoe High School. She is currently a junior at West Texas A&M University majoring in music education. The future bridegroom is a senior at West Texas A&M University majoring in music education.

## Emergency farm loans for Bailey, Cochran counties

Applications for emergency farm loans for losses caused by the severe winter storm that occurred Dec. 22 - 25, 1997 are being accepted at the Farm Service Agency (FSA) office located on 115 E. Ave. D. in Muleshoe.

Bailey and Cochran Counties have recently been named by Secretary of Agriculture Dan Glickman as eligible for loans to cover a portion of the actual production losses resulting from the severe winter storm.

Farmers may be eligible for up to 80 percent of their actual losses for the operating loan needed to continue in business or \$500,000, whichever is less.

For farmers unable to obtain credit from private commercial lenders, the interest is 3.75 percent.

"As a general rule, a farmer must have suffered at least a 30 percent loss of production to be eligible for an FSA emergency loan," county supervisor Joyce M. Thompson said.

Farmers participating in Federal Crop Insurance program will have to figure in proceeds for those programs in determining their loss.

Applications for loans will be accepted until Oct. 5, 1998. Farmers should apply as soon as possible. The FSA office in Muleshoe is open from 8 to 5 Monday through Friday.

FSA is a credit agency of the U.S. Department of Agriculture. It is authorized to provide disaster emergency loans to recognized farmers who work at and rely on farming for a substantial part of their living.

## EMPLOYEE OF THE MONTH

Mary Hicks, a secretary for the City of Muleshoe, was named the Muleshoe Chamber of Commerce & Agriculture's April employee of the month. Pictured are (back, from left) Joe Flores, Esmeralda Aguirre, Bill James, Jerry Hicks, James Fisher, Levon Hunt and Wade King. (Front row) LeeAnn Gallman, Mary Hicks, Suzie Sowder, Dawn Williams and Adrian Meador.

## WEEVILS

From page 1

years, we recorded a 25-percent survival rate per year. After this past winter, we are seeing close to a 50-percent survival rate. The weevil can survive in 32-degree weather. It takes getting into the 20s and staying there for a while to make an impact on their population."

Leser explained to the farmers that now, before the insects heavily infest the area, is the time to act. He gave tips on controlling the insect by decreasing overwintering habitat and decreasing the weevil's food supply late in the season.

"You are at an advantage because right now you are ahead of the game," said Lesser. "Most of the areas throughout Texas took a wait-and-see approach. If you chose, you can be progressive, pro-active

rather than reactive."

A farmer from the Lubbock area, Steve Jones, shared with the crowd how being reactive against the boll weevil has basically taken him out of the cotton growing business.

Jones said his production has decreased about 100 pounds an acre per year since 1994, yet the cost of trying to control the boll weevil had increased from \$72 to \$100 per acre. The increased cost and the decrease in return has forced Jones to convert his farm over to growing mainly corn and alfalfa.

Changing over to more heavily water dependent crops, such as corn, is not an option for many South Plains farmers, especially ones with dryland operations.

That is exactly why many producers in Bailey, Lamb,

Parmer, Castro and Deaf Smith counties are trying to be proactive and stop the boll weevil before it becomes a problem.

Cotton producers have banned together and petitioned the state to designate the five counties as an individual boll weevil eradication zone.

"We have to keep cotton as a viable crop, that is why it is important to act now," said Mark Williams, a chairman of the Parmer County Producers and the Northwest Boll Weevil Committee.

Williams stressed to the crowd that they all need to pull together now when they could prevent boll weevil infestation, rather than later when they are forced to attempt to control it.

"We will spend far less money as an eradication zone than we would spend trying to

control it own our own. We won't get this done if we don't all work together."

The five counties will find out in early May if the state has granted them permission to form their own eradication zone.

Once permission has been granted from the state, farmers in each of the five counties will vote on rather or not the new zone will become official.

## FLOOD

From page 1

superintendent Bill Moore said.

Although school officials are still waiting official word from its insurance company, Moore said the floor is damaged beyond repair.

"We'll know within the next two weeks what we're going to do," Moore said. "The good news is we have full insurance coverage on the floor. The bad news is it could take up to three months to replace the floor."

The gym serves as the homecourt of both the high

school and junior high basketball programs.

The estimated cost to replace the 30-year-old rock, maple floor is \$70,000-\$80,000, Moore said.

The school will also check to see if there was any damage to the sub surface of the floor, which is made up of 1x4 boards.

Even if it is not damaged, Moore said the district might replace the sub floor at a cost of \$5,000 to \$10,000. Moore said technology improvements might make it a wise move.

## ENMU holding summer Spanish classes in Mexico

Eastern New Mexico University will hold two Spanish classes in Merida, Yucatan, Mexico during the first summer session from June 8 to July 3.

ENMU has offered classes in Mexico for the past four years.

The classes being offered at the 200 and 400 level are Mexican Culture and Civilization and Intercultural Communication. They will be instructed by Mary Anayla. Classes will be held at the Technical Institute in Merida.

Housing is provided by host families that will provide meals and other needs. Students will attend several cultural events such as sight-seeing, concerts, theatrical plays, and visiting museums.

Classes are \$71 per credit hour. Airfare round-trip will be under \$300 (estimated at \$280) as a group rate and room and board is \$300.

Travel arrangements need to be made as soon as possible. For more information, or to make arrangements, contact Mary Anayla at (505) 562-2501 or 356-3863.

## SCAC NEWS

On Saturday, April 4, 1998, the Student-Community Action Club (SCAC) held its annual bake-auction over Muleshoe's Channel 17.

SCAC members gave up a leisurely Saturday morning to work at the auction to make money to be donated to the Muleshoe Heritage Foundation for improvements to the Heritage Center.

Magann and Jack Rennels at Channel 17 donated time and helped SCAC members and sponsors, Chris

Mardis, Coach Jim Gruhlkey, and Jean Allison, conduct the bake-auction successfully.

The bake-auction was advertised by the local media to get the word out and let community members know the details of the fund raiser.

Because of the tremendous support of the community, and especially all of the people who called to bid, SCAC is now able to donate over \$1100 to the Heritage Center.

### Featured Staff

Kaycie Cox is the featured staff member for April. She works as an office assistant aide at M.A.H.H.A.

Kaycie is eighteen years old. She was raised in Stanton, TX. She and her family moved to Muleshoe in 1996.

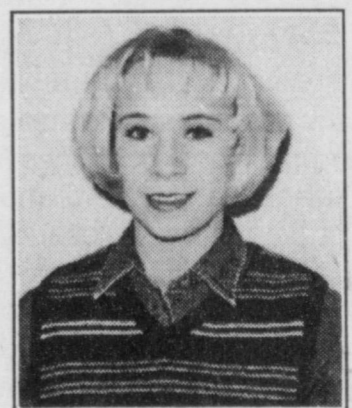

Miss Cox is the daughter of Ray & Keta Cox. Both of Kaycie's parents work at Trinity Company, which stores and ships cotton here in Muleshoe. Ray works as a foreman at the Trinity Company and Keta works as a secretary. Kaycie has two older siblings: Michael of California and Cristy of Stanton.

Miss Cox is a senior at Muleshoe High School. She says English is her favorite school subject and lists reading, travelling and hanging out with friends as her preferred pastime activities.

After graduation Kaycie plans to receive her undergraduate degree at the University of Texas Permian Basin. Miss Cox would then like to further her education at either East Tennessee State University or Sam Houston University. She is interested in entering the Criminology field. However, Kaycie is unsure if she will concentrate on Criminology or if she will pursue a degree in Criminal Justice as well. Specifically, Miss Cox is interested in forensic or profiler criminology.

Kaycie comes to M.A.H.H.A. with experience in the health field. She received certification in Health Occupations I and II from M.H.S., and she worked as a Certified Nurses Aide in Stanton last Summer.

"I've enjoyed working here. It's the best place I've ever worked," she says when asked about M.A.H.H.A. She adds enthusiastically that "the people are great!"
