

MORE GOOD RAIN!

Wheat Is Better Than The Price

After more good rain all across the county, county agent Doyle Warren is estimating an average of 18 to 20 bushels of wheat per acre on dryland acreage.

The rainfall is two to three inches ahead of this time last year and there has been very little greenbug problems this year. Some farmers had to spray winter weeds in the wheat.

A farmer remarked Friday morning... "The crop is much better than the price." Even with good production, the price hangs around \$2.10 per bushel.

One elevator operator said there would be a harvest time problem of storage facilities...railroads anticipate about 60 percent less business, because there is no where to take the wheat for storage.

OTHER CROPS

With good cotton prices, much of the grain sorghum and some corn acreage will go to cotton this year. However, should the cotton crop not get up and growing...or should it get hailed out,

elevator men expect a big soybean acreage and more sunflowers.

Most of the cotton crop is yet to be planted, a big percentage of grain sorghum acreage has been planted.

County ASCS office manager Tom Moore estimates the size of this wheat crop to be "average" or around 120,000 acres.

Street Seal Coat Bid Accepted

Lockney city council, after receiving only one bid (from High Plains Pavers of Plainview) for proposed seal-coat work on city streets, voted to accept the bid, with changes in the amount of work to be done. The bid (\$11,550.00) exceeded the amount budgeted (\$10,000) for the street work, so the council decided to reduce the amount of work to be done to bring the total down to near the budgeted amount. The seal coating will start as soon as possible.

Also during the council's regular monthly meeting Thursday morning, city secretary Erma Lee Duckworth presented the city financial report for the year which ended March 31.

The aldermen discussed the city's annual cleanup campaign. May is the usual month for the city-wide cleanup, and the council will set a date later this month for the campaign.

Present at the council meeting were aldermen J. D. Copeland, Thurman Davis, Pat Frizzell, Bobby McCormick and Jerry Perry, Mayor Claude Brown and the city secretary.

Commissioners Face Revenue

Sharing Budget

Floyd County Commissioners will again discuss a revenue sharing budget at their regular monthly meeting in the county courtroom Monday. The meeting begins at 10:30.

The agenda includes several other items: appoint county librarian, discuss chemicals for road application, sign easement for Southwestern Public Service, organize equalization board, visit with county tax assessor-collector Jonelle Fawver and discuss mini-bus.

Precincts...	\$49,408.00
Muncy Farm to Market Road project...	20,000.00
Floyd County Museum...	1,000.00
Floyd County Day Care Center...	1,000.00
High Plains Mental Health/Mental Retardation Center	3,200.00
Agriculture Building, Library, & Jail Fund...	24,208.00
Total...	\$98,816.00

The proposed budget, made from suggestions received from Floyd County citizens at the Public Hearing on March 14, includes the following items:

This budget reduces the amount the Commissioners' precincts receive for road maintenance to 50% of the funds. The Commissioners had received 60% of the funds from the past Revenue Sharing program.

Private Applicator Training

Program Tuesday Night

Floyd County producers will have an opportunity to complete a training program leading to certification as private applicators at a program scheduled for Tuesday, May 10, 1977 beginning at 7:00 p.m. at the Lockney Elementary School Cafeteria in Lockney according to Doyle G. Warren, County Extension Agent, Agriculture.

The Private Applicator Certification Training Program, one of the optional means of qualifying for certification as a private applicator of restricted pesticide safety, mixing and calibration and pests and pest damage identification. The program prepared by the Texas Agricultural Extension Service includes a review of certain questions relating to the information

presented. The program will require approximately 3 1/2 hours. Those attending and seeking certification as private applicators will have an opportunity to complete a Request for Private Applicator Certification which will be forwarded to the Texas Department of Agriculture (TDA) for issuance of certification.

As an alternative to participation in a training program, an individual may qualify for certification as a private applicator by submitting a completed questionnaire to the Texas Department of Agriculture following a review of self-study materials. The selfstudy materials may be obtained at the Floyd County Extension Office, Courthouse, Ag. Bldg.

Special Events Planned For Nursing Home Week

NURSING HOME WEEK PROCLAMATION is signed by Lockney mayor Claude Brown as Debbie Griffith, social director for Lockney Care Center, and Mary Ann Resch, administrator of the local nursing home, look on. The proclamation declares this week (May 8-14) Nursing Home Week in Lockney and encourages everyone to visit Lockney Care Center during the week.

Lockney Care Center will observe National Nursing Home Week (May 8-14) with special events every day. "Kick-off" for the local observance is at 2 p.m. today (Sunday), when open house begins. The open house continues through 4 p.m.

On tap Monday at the nursing home is a 3 p.m. concert by the Lockney High School choir. A square dance is scheduled at 6:30 p.m. Tuesday, and there will be an ice cream party at 3 p.m. Wednesday.

A bingo party starts at 3 p.m. Thursday, and a cookout will be held at 5 p.m. Friday at the home. Saturday, "Art and Gang" from Floydada will entertain the residents, starting at 2:30 p.m.

Refreshments will be served after each gathering. Local groups and individuals have donated food for the occasion.

Water Pressure May

Be Low During

Tank Repair

Repairs on the City of Lockney elevated water tank will start on Monday, May 9. Water Superintendent W. L. Carthel says that water pressure may be low in the early morning hours while repair work is going on.

MOTHER

By TEMPLE BAILEY

THE YOUNG MOTHER set her foot on the path of life. "Is the way long?" she asked. And her guide said: "Yes. And the way is hard. And you will be old before you reach the end of it. But the end will be better than the beginning." But the young mother was happy, and she would not believe that anything could be better than these years. So she played with her children, and gathered flowers for them along the way, and bathed with them in the clear streams; and the young Mother cried, "Nothing will ever be lovelier than this!" Then night came, and storm, and the

path was dark, and the children shook with fear and cold, and the Mother drew them close and covered them with her mantle, and the children said, "Oh, Mother, we are not afraid, for you are near, and we know no harm can come," and the mother said, "This is better than the brightness of the day, for I have taught my children courage." And the morning came, and there was

a hill ahead, and the children climbed and grew weary, and the mother was weary, but at all times she said to the children, "A little patience, and we are there." So the children climbed, and when they reached the top, they said, "We could not have done it without you Mother." And the Mother, when she lay down that night, looked up at the stars, and said, "This is a better day than the last, for my children have learned fortitude in

the face of hardness. Yesterday I gave them courage. Today I have given them strength." And

the next day came strange clouds which darkened the whole earth—clouds of WAR and HATE and EVIL, and the children groped and stumbled, and the Mother said: "Look up. Lift your eyes to the light." And the children looked and saw above the clouds an Everlasting Glory, and it guided them and brought them beyond the darkness. And that night the Mother said, "This is the best day of all, for I have shown my children God." ... And the days went on, and the weeks went on,

and the years went on, and the Mother grew old, and she was little and bent. But her children were tall and strong, and walked with courage. And when the way was hard, they helped their Mother; and when the way was rough, they lifted her for she was light as a feather; and at last they came to a hill, and beyond the hill they could see a shining road and golden gates flung wide. And the Mother said: "I have

reached the end of my journey. And now I know that the end is better than the beginning, for my children can walk alone, and their children after them." And the children said: "You will always

walk with us, Mother, even when you have gone through the Gates." And they stood and watched her as she went on alone, and the gates closed after her. And they said: "We cannot see her, but she is with us still. A mother like ours is more than a memory. She is a Living Presence."

A History Of Lockney General Hospital

LOCAL HOSPITAL HAS BEEN PUTTING THE 'CARE' IN HEALTH CARE SINCE 1947

In observance of National Hospital Week, May 8-14, Lockney General Hospital administrator Gayle Fortenberry has compiled the following information about the history of the local hospital. Theme of Hospital Week this year is "We put the 'care' in health care"—something the local hospital has been doing since 1947.

Lockney General Hospital had its beginning April 1, 1947 when it was formed as the Floyd County Cooperative Hospital. Its temporary location was above Powers Pharmacy (now Mize Pharmacy) in Dr. Greer's clinic until July 15, 1948 when it was moved to the present location on 320 North Main Street.

Dr. D. R. Foster moved from Lubbock to set up practice in the hospital and clinic with office hours from 8:30 a.m. to 5:00 p.m. The first Board of Directors were H. E. Frizzell, Mrs. V. E. Spears, Edgar Hayes, Ewald Quebe, Hilburn Casey, Berry Hoppen, and Bernard Harris. J. D. Copeland was appointed as the first Business Manager.

Plans began early in 1948 to secure

\$20,000.00 in funds to complete a modern building and furnish it with modern equipment. Family memberships were sold for \$50, \$75, \$100 and donations were solicited throughout the county. Two surplus buildings, one a hospital infirmary and the other a mess hall, were purchased from Camp Bowie, Brownwood and placed on foundations in the shape of an L in March of 1948. Remodeling provided 11 patient rooms, kitchen, nurses station, clinic, x-ray, lab, surgery room, delivery room, and reception office.

With the help of local citizens providing furnishings for the rooms and the B&P Club having a shower for the hospital it had its formal grand opening on Thursday, July 15, 1948 beginning at 2:30 p.m. This was quite a celebration for Lockney with 1,500 to 2,000 attending. Cecil Hunter, "Stuttering Sam," gave a performance, free movies were shown at the Plains Theater, free Bar-B-Que donated by local business men and ladies of the town, accordion solos given by Joyce Carthel and Mrs. Fred Huggins, the local band participated and other entertainment was provided. Dedication was at 7:30 p.m. with a short history of the hospital given by H. W. Frizzell.

The hospital remained Floyd County Cooperative Hospital with Dr. D. R. Foster, Dr. K. O. Crum, Dr. Gene McClelland, and Dr. W. J. Mangold serving on the staff until 1954 when it passed into private ownership with Dr. Mangold becoming the purchaser. Dr. T. L. Glenn later joined Dr. Mangold as a partner in the ownership. Other

physicians serving on the staff, since it became Lockney General Hospital, have been Dr. B. A. Simmons, Dr. Gene Hardy, Dr. Pat Williams, Dr. Bill Mangold, Jr., and Dr. Larry D. Reed.

In 1958 it was necessary to add more bed space in order to take care of the patients. A new kitchen, dining room and ward area with six additional beds were added. In 1957 four semi-private rooms were added. Then in 1961 and 1962 the present operating room, delivery room, pharmacy space and basement were added, as well as the clinic area being remodeled.

Improvements are constantly being made to the building to comply with the National Safety Code and Medicare requirements. The building has had a sprinkler system since 1971 and a fire alarm system was installed in 1974. Also, solid core doors to the patient rooms have been installed. The Hospital and Clinic areas were redecorated in 1974. The ward was converted into two double rooms and completed in 1976.

The large basement doubles as a shelter for patients at the time of a weather alert. An emergency generator is available for power to furnish lights when necessary.

Effective August 1, 1973, Lockney General Hospital District took over the ownership and management of Lockney General Hospital.

The Hospital serves a substantial area of Floyd County and in addition, receives a number of patients from Briscoe, Swisher, Hall, Motley, and Hale Counties.

The Hospital is fortunate to have five

dependable business men such as H. E. Frizzell, Helmuth Quebe, Chester Carthel, Leslie Ferguson, and R. V. Webster to serve on the Board of Directors. The directors meet once a month, with the administrator, to carry on their duties for the hospital and clinic.

Administrators who have headed the hospital since its beginning were J. D. Copeland, Claude Baker, Elsie Sherman, Martha Couch, and the present administrator Gayle Fortenberry.

During these past 30 years the hospital has had the privilege of several physicians and numerous employees in its service. It has updated its equipment and facilities and has advanced in knowledge and skills to aid in the medical service to the community and surrounding areas.

Today the hospital has one physician and 51 employees with 20 beds, a delivery room, surgery room, and minor surgery room. The departments include Administrative, Nursing, Central Service, Lab & X-ray, Dietary, Housekeeping and Maintenance. A new Respiratory Therapy Department was recently set up on April 18.

Hospital business is a very special business for it is responsible for the health care of human lives. The hospital's concern is for the comfort restoring of good health to these human lives.

Lockney General Hospital will continue to serve in the best way possible, so that when the patients are dismissed they will have had proper care and the prospect of a healthier and happier future.

Students Get Surprise From Burpee

Students in Mrs. Charlotte Mitchell's seventh-grade science classes at Lockney Junior High School got more than they bargained for in a recent exchange of correspondence with a nationally-known seed company.

It all started when the class ordered 50 strawberry plants from the W. Atlee Burpee Company for a class project. When the plants arrived at the school, there were only 45, although they had been charged for 50 plants. So 42 students wrote polite letters to the company explaining the error.

Burpee's customer service department in Clinton, Iowa, replied saying "We enjoyed reading the letters and are sorry for the error...We are sending some sunflower seed we thought each of the pupils would enjoy growing." And they enclosed a packet of sunflower seeds for each student.

That's not all—the customer service department forwarded the letters to the nursery department in Warmistler, Pennsylvania, and that department manager also replied: "...I would like to compliment you and especially your teaching for writing to inform us of our error. Thank you for your letters, and I hope that you will all become fruitful gardeners..." The nursery department sent 65 packages of assorted flower

seeds. Mrs. Mitchell said the retail value of the seeds was over \$40. She added that the students' initial unhappiness with the seed company had changed since

they received the personal replies—and the free seeds.

Oh, yes—the other five strawberry plants have been shipped, too.

MORE THAN THEY BARGAINED FOR...Lockney Junior High students Tonjua Whitlock, Rebecca Alaniz, Maria Peralez and Missy Burchfield show some of the packets of flower seeds received from the Burpee Seed Company after the class members wrote the company about an error in an order for a class project. This Is The Year To Stamp Out Screwworm

L. N. Johnson, chairman of the Floyd County Screwworm Committee, met with committee members to outline the eradication program and plan the action for Floyd County. Members of the committee are C. L. Henderson, John T. "Buster" Terrell, S. C. Bursleson, Q. D. Williams, D. M. Cogdell and F. G. Jones Jr.

As in no other year since the eradication program began in the southwest in 1962, this year ranchers and the state and federal governments stand an excellent chance of stamping out screwworms once and for all.

Screwworms—the larvae of the screwworm fly and a deadly parasite of all warm-blooded animals—continue to plague the southwest in spite of efforts to push the fly south of the U.S. Mexico border. Some years have been good years in the battle against screwworms. Other years such as 1972, have been bad years. But each year brings the renewed hope that screwworms can be eliminated from the United States forever.

Why is this year the year to wipe out screwworms? Several things make this year unique:

(1) The weather is on our side. The cold winter has kept most screwworm flies dormant, inhibiting mating and thereby reducing the fly population ranchers will have to face in the spring;

(2) The new screwworm production plant near Tuxla Gutierrez, Mexico, opened in July 1976 and has been producing millions of sterile flies ever since. Over 200 million sterile flies now are being raised each week in Mexico. Added to the Mission production, that gives the program about 400 million sterile flies each week to use in the stamp out effort;

(3) A new strain of sterile flies—many feel the best strain ever—was introduced last spring and seems to be a strain of "super flies." Scientists believe this "009" strain is the first time a complete strain change has ever been made at Mission. This means we now have flies which fly and mate at the same time the wild fly does—in short, a competitive, aggressive fly.

These three points, added to the ongoing hard work at the Mission, Texas, screwworm plant, make 1977 THE year for ridding the U.S. of screwworms.

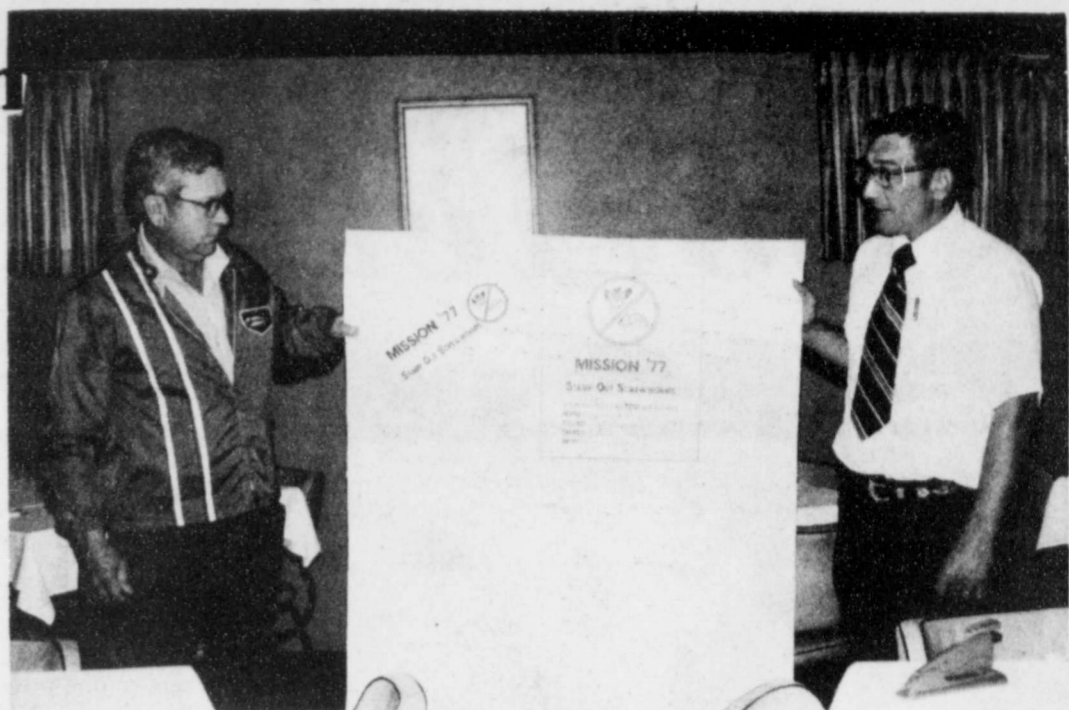

There's only one catch. Sterile flies cannot do the job alone. It is not an excuse, it is the simple truth. Sterile flies only work when the fertile population is low. The fertile population is kept low by rancher cooperation such as treating all wounds and postponing wounding operations. The screwworm program needs your help more than ever this year. It's an old refrain—Inspect, Collect and Treat—but this year it's the song of success.

Only if everyone—especially ranchers and pet owners—cooperates fully by inspecting animals frequently for screwworm infested wounds, by collecting worm samples and sending them in to the Mission plant for identification and by treating all wounds with approved insecticides, can the weather, the Mexico plant and the new fly strain make a difference. (Sample vials may be obtained at the Floyd County Extension Office-Courthouse-Ag. Building.)

So, if you own any animals at all:

- Inspect, Collect and Treat.
- Postpone until cool weather any livestock handling operation which could cause screwworm attracting wounds.
- The weather is on our side.
- The fly strain is on our side.
- Mexico is on our side.

Are you on our side? Join Mission '77 and help stamp out screwworms forever.

South Plains News

By Mrs. Murray Julian

SOUTH PLAINS, May 5—South Plains Baptist Church with Rev. Fred Blake, closed out a week of revival services Sunday night, May 1, with evangelist, Rev. H. S. Calahan, Jr. from La Porte, Texas, and singer Rev. Hollis Payne from Floydada. Nearly every service at night the house of the Lord was filled with people from all the communities around, from Plainview, Silverton, Floydada, Lockney, Crosbyton, Quitaque. It was a wonderful week. Tommy Seaff will be a candidate for baptismal services this Sunday night, May 8.

Rev. and Mrs. H.S. Calahan Jr. and their daughter,

Cathy, Mrs. Tom Brewer and Chad left Monday for Dallas, and they were to spend the night with Rev. Calahan's sister, Mr. and Mrs. Bryan Karr of Dallas, then would go on to their home in La Porte the next day.

Mr. and Mrs. Tommy Powell and Heather will go to Dallas over the weekend to visit with her father, who is there on business from Talahasee, Florida. They will also attend Six Flags Over Texas during the weekend.

Denise Johnson received one of the top awards at the Lockney FFA Parent and Member Banquet Tuesday night in Lockney. Denise

INDUSTRY SHOWCASE OFFICERS— Left to right: Robert Rogers, Joe Cunyus, Gerald Griffin, and Danny Cunyus.

The Board of Directors of Industry Showcase, Inc. of Lubbock, Texas, announced today the completion of plans to stage a major farm show at the Lubbock Memorial Civic Center on September 8, 9 & 10, 1977.

The availability of more than 124,000 square feet of inside and outside exhibit space, the centrality of Lubbock's location as a major trade center for the High Plains farm markets and the lack of a major national farm show in the area were cited as reasons for selecting the Lubbock location. Industry Showcase has joined with Grain Sorghum Producers Association, Growers Seed Association/Plains CO-OP Oil Mill/COOP Marketing Association, Plains Cotton Co-operative Association, Plains Cotton Growers, Inc., Southwest Farm Press and West Texas Agricultural Chemical Institute in announcing The High Plains Agribusiness Exposition.

soybean, grain sorghum and cattle producer in Lockney, Texas, is a County Committeeman for The High Plains Underground Water Conservation District #1 and past President of the Lockney Chamber of Commerce.

Rogers is Senior Vice-President of Lubbock Manufacturing Co., a Lubbock based manufacturer of farm equipment and pressure transports. He has been with Lubbock Manufacturing since 1969 and is in charge of the Agricultural Division and Data Processing.

Danny Cunyus, 24, is Director of the Lubbock office of Industry Showcase and will coordinate all activities of The High Plains Agribusiness Exposition. He is a graduate of Texas Tech University and has been employed for the past year and a half as an exhibitor representative at major farm shows across the United States.

The Board also elected corporate officers which include Gerald O. Griffin, Lubbock, President, Joe Cunyus, Lockney, Vice-President, Robert D. Rogers, Lubbock, Secretary and Danny J. Cunyus, Lubbock, Treasurer and Director of The High Plains Agribusiness Exposition.

Griffin, 41 is Vice-President of Womack, Claypoole, Griffin Advertising Agency. He has been with the company for fifteen years and has been the manager of the Lubbock office for the past two years. He is actively involved with several agribusiness clients.

Joe Cunyus, a cotton,

Griffin stated that U.S. D.A. and T.D.A. reports are proof that the High Plains, with more than 80,000 farmers producing nearly 26% of the total farm income in the United States, is long overdue for an Exposition of high calibre. With the combined expertise of the corporate officers and sponsoring organizations, the show will provide a unique opportunity for exhibitors and agribusinessmen alike.

Companies interested in exhibiting are encouraged to contact High Plains Agribusiness Exposition, 526 Court Place Building, Lubbock, Texas, 79401 or call Danny Cunyus at (806) 763-3851.

Hobby Club Has Progressive Luncheon

Members of Sandhill Hobby Club enjoyed a progressive luncheon Thursday. They met at the T. C. Hollums' home for salad, the main course was served at the R.L. Bullock home, and the dessert at the R. B. Hatley home where the business session was also held. During business new officers were elected with Mrs. W. W. Trapp named as new

president. Serving with her will be Mrs. J. T. Huckabay, vice-president; Mrs. W. E. Boyd, secretary-treasurer; and Mrs. T. C. Hollums, assistant secretary-treasurer. Enjoying the day were Mes. J. W. Becker, R. L. Bullock, W. E. Bloys, Walter Hollums, T. C. Hollums, Cager Carmack, R. B. Hatley, W. G. Kinard, W. W. Trapp, B. A. Robertson, J. T. Huckabay, Walter Hanna,

Turner Hunter and a visitor, Marjorie Hendricks of Plainview. The youngest university professor was Colin MacLurin, who was Professor of Mathematics of Marischal College, Scotland in 1717, when he was only 19. The youngest men to sign the Declaration of Independence were Thomas Lynch Jr. and Edward Rutledge, both of South Carolina. They were each 26.

TO WED...Mr. and Mrs. Mac Howard of the Irick Community announce the engagement of their daughter, Diana Gwen, to Randy Henderson, son of Mr. and Mrs. Don Henderson of Lubbock. Miss Howard is a graduate of Lockney High and attended floral school in Houston. Diana is employed as a dental assistant for Dr. Markham in Lubbock. Henderson, a graduate of Lubbock High, is co-owner and manager of Posey Palace Flowers in Lubbock. The couple will be married May 20 in the home of Miss Howard's grandmother, Mrs. Frieda Schaffner, 3407 36th Lubbock.

Mr. and Mrs. Rodney McCulloch

Miss Belinda Johnson, Rodney McCulloch Wed

Miss Belinda Lee Johnson became the bride of Rodney Roger McCulloch April 30 in an 8 p.m. ceremony in the West 3rd and College Church of Christ in Lockney. Elder Boyce Mosley performed the ceremony.

The bride's parents are Mr. and Mrs. Leroy Oden of Plainview. McCulloch is the son of Mr. and Mrs. Bryan McCulloch of Lockney.

Vows were read before a candelabra holding white tapers tied with blue satin, flanked by baskets of white daisies, blue carnations and

gypsophila. Given in marriage by her father, the bride wore a chantrelle princess line gown with long fitted sleeves and high neckline with ruffle trim. Ruffle and satin trim on the bodice formed a "V". The flowered skirt flowed to a chapel train. The bride's bouquet was a permanent arrangement of assorted blue and white flowers.

The bride's "something old" was her mother's wedding rings; "something new" was her wedding dress; "something borrowed" was a pearl ring from the groom's mother and the groom's birthstone ring from the groom's sister; "something blue" was her garter.

Maid of honor was Valerie Isom of Lockney. Rhonda McCulloch of Lockney, sister of the groom, was bridesmaid. They wore long dresses of sheer blue over satin with white lace forming an apron effect. Their dresses had long sleeves with fitted cuffs and small stand-up collars topped with white

Menard Field To Represent County

J C Wester To Speak At Senior Citizen Fete

J. C. Wester will be guest speaker when he and other Floyd County Senior Citizens join hundreds of others next Wednesday, May 11, for the first South Plains Salute to Senior Citizens Luncheon.

Mr. Wester, Floydada city judge and a former Floydada football coach, will address the group of citizens at Mackenzie State Park at the barbecue pit area where the gathering will be held. In the event of adverse weather, activities will be moved to the South Plains Fairgrounds Coliseum.

Floydada Senior Citizens planning to attend are to meet at Lighthouse Electric not later than 9 a.m. May 11 for the trip over. Reservations for the ride in the mini-bus should be made by

calling Grady Freeman 983-2535. Individuals will also be taking cars, to leave from Lighthouse. Those attending are to take their picnic lunch and beverages and groups should also take folding chairs and tables.

Registration begins at 10 a.m. with the program and business meeting to follow at 11 a.m.

A highlight of the day will be revealing of the "Outstanding Senior Citizen" from each group in the 15-county area. Menard Field of Floydada will represent Floyd County as their favorite "Senior Citizen."

M. L. Kelley, three-county director for the South Plains Advisory Council on Aging, terms the South Plains Salute "a noble effort to give credit where credit is due, to

recognize fully their sacrificial contributions to the conquest and improvement of this wonderful country, and to give all of us an opportunity to express our strongest and deepest appreciation and gratitude to them for taming the wilderness ahead of us. How great have been our pioneer senior citizens!"

The South Plains Salute is being held in conjunction with "Senior Citizens Month" and "Older Texans Month" during May.

Running Water Draw Arts And Crafts Festival Set

PLAINVIEW—The 1977 Running Water Draw Arts and Crafts festival has filled all 100 booths for the 3rd annual show October 14-16, 1977. This annual festival, co-sponsored by the Llano Estacado Museum and the Plainview Rotary Club, is held in the Hale County Agricultural Center, Plainview, and hosts some of the finest artists and craftsmen from Texas, New Mexico, and Oklahoma.

Previously participating artists who are returning to the festival include Bud Andrew of Olton, Louise Adel Arnold and Effie Mae Kerr of Plainview, Brenda Chisholm Ballew and Dewey Harragan of Sudan, Ruth Barnett of Hale Center, Ted Bell of Floydada, Bus and

Freddie Ellsworth of Beeville, Carl Fahringer of Albuquerque, Danny Gamble and Michael Clayton McCulloch of Amarillo, and Mike and Martha Gowen and Paul Wyle of Lubbock.

Visitors to the festival will again have the chance to add to their art collections, selecting from the works of Justin Wells of Amarillo, Jane Skaggs of White-wright, Eva Tackett of Floydada, and Suzanne Teykl and Tom Warren of Plainview.

The October 14-16 festival will be open Friday, Saturday, and Sunday and will cost \$1.00 for adults and 25 cents for students. Area residents are urged to make their plans now to attend this event in October.

Mothers, if you're tired of baby sitting, bring your children to the Floydada First Methodist Church.

THA Opposes Hospital Cost Control Act

The Texas Hospital Association (THA) today announced its strong opposition to President Carter's "Hospital Cost Control Act of 1977."

President Carter and HEW Secretary Califano presented the proposed legislation early this week.

O. Ray Hurst, President of THA, headquartered in Austin, said:

"The Texas Hospital Association is strongly opposed to the 'Hospital Cost Control Act of 1977' as announced by President Carter this week. This plan would set an arbitrary 9% limit on the amount of increase that a hospital could use to increase the price of its services to patients. This limit is arrived at by a very complex and complicated formula that will no doubt add a lot of bureaucracy in checking and in calculating. The very act itself will increase hospital costs substantially by the amount of paper work that will be involved.

"This plan does not permit any sort of control on the cost of supplies or services that a hospital must purchase.

We all acknowledge that health care costs and hospital costs are rising, but there are very definite reasons. The cost of food, energy, telephones and malpractice insurance as well as other supplies has gone up drastically in the past 12 months. Any housewife that has to deal with these, by looking at her own budget, knows that hospital costs undoubtedly have to go up to take care of these increased costs. Under this proposal though, these costs are not controlled in any form so the hospital will be forced to absorb the increases. This could financially impair hospitals and cause a drastic reduction in the services that the hospitals will be rendering to patients in the areas they serve.

Hospital and health care costs in Texas are approximately 20% lower than they

are nationwide, even though the cost of living is only 10% lower.

This enviable situation is, in part, brought about by the Statewide Hospital Productivity Center that the Texas Hospital Association has been operating for the past 18 months. We have almost 400 of 600 hospitals

participating in this productivity center. We show participating hospitals how to improve the management and operation of the hospitals. To day, we can point to over \$20 million that has been saved by Texas patients in this short period of time and these savings are ongoing and will be reoccur-

ing each year. The proposed legislation gives no credit to these well managed hospitals—in fact, it penalizes them.

The President's Wage and Price Council, for the past two years, has been studying health care costs and has conducted hearings around the nation, including Texas.

The final report was issued this past December. In that report, the Wage and Price Council said that one of the major factors that was increasing hospitals' cost in the nation, was the number of government regulations that the hospital must comply with. Each hospital must answer to 25 to 30 government regulatory agencies at the local, state and federal level. Each one of these

agencies requires reports and information which are costly to prepare and the hospital must look to its patients to pay these costs.

We find that the Carter proposal is most arbitrary and capricious legislation in that one industry has been singled out to live with cost controls.

The Texas Hospital Association, as well as the American Hospital Association

will be doing everything we can to fight this proposal. We are convinced that it is not in the best interest of the patients we serve, and we do want to continue to render the best of health care to all the citizens of Texas."

The Texas Hospital Association is the trade association for hospitals in Texas with over 690 health care institutions as members.

OBITUARIES

Herman Schacht

Services for Claus Herman Schacht, 84, of Lockney were held Friday in the First United Methodist Church of Lockney, with the Rev. David Ebert, pastor of St. Paul Lutheran Church in Plainview officiating.
 Burial was in Lockney Cemetery under direction of Moore-Rose Funeral Home of Lockney.
 Schacht died about 8 p.m. Wednesday in Lockney General Hospital. He was born June 21, 1892 in Colby, Kansas and moved to Floyd County in 1912 from Cass County, Nebraska. He was a

retired farmer and a veteran of World War I. He was a member of St. Paul Lutheran Church in Plainview.
 Survivors include a sister, Anna Schacht of Lockney, several nieces and nephews and several great-nieces and great-nephews.

Parvin Relatives Injured In Wreck

A two car smash-up last Sunday afternoon near Crosbyton sent three persons to the Crosbyton Clinic Hospital for treatment, one being Mrs. Lora Parvin, 29, of Odessa, daughter-in-law of Mr. and Mrs. Ebert Parvin Sr., of Spur, former Floydada residents.
 The Parvin's son, Elbert Jr., husband of Lora, and their seven year old son, Todd, escaped injuries.
 Ebert's sister, Mrs. Betty Lamb of Floydada, said the young family had been to Spur to visit their parents and were enroute to Idalou to visit other relatives when the mishap occurred.
 A station wagon driven by Mrs. Parvin, with husband and son as passengers, was traveling west on U.S. High-

way 82 when it was struck from behind by a pick-up driven by an 18 year old Lubbock resident.
 Mrs. Parvin sustained a deep head laceration and concussion. She was taken to Crosbyton Hospital by ambulance and later transferred

to an Odessa hospital. She has since been released and reported to be doing well.
