Cattlemen Voting On Referendum

All eligible livestock producers in Floyd County are reminded that they are to vote on the producer referendum on the Beef Research and Information program July 5-15, 1977, says County Extension Agent, Doyle Warren.

County offices of the Agricultural Stabilization and Conservation Service (ASCS) are conducting the voting on the referendum.

Producers eligible to vote are those who owned cattle during the past 12 months, including 4-H and FFA members, men and women.

If the vote is favorable, a Beef Board will be appointed. This board is to consist of not more than 68 members, selected from the beef producer ranks by the Secretary of Agriculture as nominated by their producer organiza-

tions. Representation on the board would be proportional to cattle production in each state or geographic area.

If the program becomes operational, the Agricultural Marketing Service of the USDA would monitor it, or serve in effect as a referee, to assure that it stays within the legislative authority, and accomplishes the goals of the program as voted on by producers in the referendum.

Should producers approve the program, the initial board meeting might be held in the late fall of 1977.

Thus, it likely would be 1978 before a research and information program for cattle and beef could be fully developed and first assessments begin on sales of cattle.

102 in Floyd County have registered to vote.

"IF YOU HAVE BLOOMS BY THE FOURTH OF JULY, you'll make a cotton crop," the old saying goes. W.H. Britton discovered these cotton blooms on July 2, in a field 5 1/2 miles southwest of Lockney, so he figures he'll have a good crop. The Stripper 31 was pre-watered, planted April 29. Britton and Dale Galloway farm the land. (Staff Photo)

GSPA Sides With Senate Target Prices

LUBBOCK, TX—Even with the threat of a Presidential veto, GSPA directors will ask Congress to pass a farm bill with price support levels equal to a minimum of the Senate version. Grain sorghum farmers feel that unless a farm program is passed, which would give them some real price protection as they cut back on production, only a few farmers will be able to survive. With the high cost of production and a farm program geared to "fence to fence" planting, farmers throughout the U.S. are actually facing bankruptcy because of over production and low prices.

In a series of June meetings held in Abilene, Waco, Corpus Christi, and the High Plains of Texas, almost all GSPA directors agreed that the Senate's price support levels were the minimum in order to give grain sorghum producers any real relief. GSPA directors instructed their staff to continue working for the Senate's price support levels or better. They felt the target prices, as proposed by the House Agricultural Committee, were far below the cost of production and would

give grain farmers very little help from low prices.

GSPA directors object to the Administration's logic behind its limitations on the commodity price supports to farmers while supporting the expensive food stamp program, which is included in the same farm bill. A \$2 billion limit has been set for the commodity price support programs and \$6 billion limit has been set for the commodity price support programs and \$6 billion for the food stamp program. If the farmers' protection portion exceeds \$2 billion, a Presidential veto is threatened.

The Senate bill, which already has passed, has a target price for corn of \$2.28 per bushel (\$4.07 cwt), and the House bill proposes \$2.10 per bushel (\$3.75 cwt). Grain sorghum will be set at 95-100% of corn.

The House of Representatives is scheduled to vote on the farm bill in July. At that time, GSPA representatives will be in Washington working to get the House version of target prices increased with an effective set aside program.

Rogers' Pastry Shop New In Lockney

A new business in Lockney—the pastry shop at Rogers' Cafe—is open. The owner, Jo Ann Rogers, invites everyone to "...come in and see us."

"We'll bake anything you want," she says. They don't do wedding or birthday cakes, though—just "plain old home-cooked baking." The new pastry shop specializes in home-style bread,

pies, cookies, cakes and brownies. Jo Ann loves to bake and has wanted to put in a pastry shop for a long time.

The downtown Lockney restaurant has changed its menu and now offers fried chicken to eat in or take out. The business will be called Rogers' Cafe, Pastries and Fried Chicken.

SPECIALITIES OF THE HOUSE...Jo Ann Rogers, owner, and Lisa Coronado, pie cook, show two of the specialties—fresh pies and home-style bread—at Rogers' Pastries. The new pastry shop is located at Rogers' Cafe in downtown Lockney. (Staff Photo)

Quick Action By Police Force Nets Stolen Car In Two Hours

In less than 15 minutes after a new 1977 Pontiac was stolen Sunday morning about 11:15 from Dick Lyons in South Plains, police forces from Floyd, Hale, Briscoe, Swisher, Motley, Randall and Potter Counties were on the hunt, and the car and its two occupants were halted on the road to Palo Duro Canyon Park within two hours according to Floyd County officials.

Floyd County dispatcher, Louise Newton, said the two men to be later apprehended in the stolen vehicle, were hitchhiking just outside Floydada on the Silvertown Highway. They were picked up by a Floydada man traveling to South Plains who reported he let them out of his car near the Lyons home. Mr. Lyons noticed his car being driven off and

alerted his employer Don Marble, who contacted county officials. Within minutes the Marble plane and one other was in the air and deputies dispatched to apprehend the vehicle with a 21 mile head start, traveling toward Silvertown. Before the chase ended two more planes were added to the search, the dispatcher reported.

The car was stopped in Tulia by a policeman but somehow the two outwitted the official and the chase was on again, the dispatcher reported. At 1:01 p.m. a message was received that Randall County 611 unit was in hot pursuit of the vehicle at 105 MPH on Highway 217 into the Palo Duro Canyon Park road. The driver of the stolen vehicle went through the ranger gate, realized where he was at, made a

sharp u-turn and started out. The patrol turned the car across the highway, blocking passage of the stolen vehicle, and after a grinding side swipe he was able to apprehend two Latin Americans in the car, despite a minor injury and over a \$1000 damage to his patrol car. He was assisted in the arrest by a patrol unit who arrived immediately after the collision.

Nineteen year old Plessie Charles of Silvertown was jailed in Floydada and his brother, 21 year old Cervando (Sam) Charles of Floydada, was jailed in Canyon where charges are pending.

Local officials praised everyone who had any dealings with the apprehension of the two saying they had never received so much cooperation over a stolen vehicle before.

Anita Garza

Services for a 19 year old Floydada girl, Anita Sue Garza, who lost her life in a car accident in Lubbock early Sunday morning, July 3rd, were conducted Tuesday at 10 a.m. in St. Mary Magdalen Catholic Church in Floydada. Rev. Richard Casey, pastor, officiated. Burial was in Floydada Cemetery under the direction of Moore-Rose Funeral Home.

Miss Garza died about 3:30 a.m. Sunday enroute to Lubbock Methodist Hospital after receiving injuries in a head-on collision in the 3100 block along Parkway Drive a few minutes earlier. Miss Garza, and cousins, Tommy Millsbaugh, 21, who is stationed at Fort Hood and his brother, Billy of Spokane, Wash., and another cousin, Connie Contreras of Floydada, were in Lubbock for an evening of entertainment and were returning to Floydada when the mishap occurred. The Millsbaughs had come to Floydada to visit relatives.

A witness said he called police seconds after he saw a black pickup driven by Ronald Dean Nead of Lubbock and the Chevrolet Vega being driven by Tommy Millsbaugh ram together in the eastbound lane of Parkway Drive. He helped Nead from the pickup and the two Millsbaughs from the wrecked Vega but attempts to remove the two girls were futile until additional help arrived.

MRS. RUSSELL WILSON

Miss Laura Watson, Russell Wilson Pledge Vows In Garden Ceremony

Wedding vows were pledged Sunday evening in a garden setting by Miss Laura Ann Watson and Russell Gail Wilson.

The bride is the daughter of Mr. and Mrs. Roland Watson of Lockney, and the groom is the son of Mr. and Mrs. Floyd Jackson and Mr. and Mrs. Gail Wilson, all of Lockney.

Bobby Hise, a Church of Christ minister formerly of Lockney and now residing in Albuquerque, New Mexico, directed the 7:30 p.m. wedding ceremony. The wedding party stood before a grape arbor for the exchange of marriage promises in the garden of the bride's grandparents, Mr. and Mrs. Glen Watson of Lockney. A hanging basket of pink gladioli accented the grape arbor.

Guests were registered by Miss Kristie Ford and were assisted in being seated by ushers Glen Watson and Danny Wilson.

A chorus from the Main Street Church of Christ sang the traditional wedding march for the processional.

"We've Only Just Begun" as the recessional. Special songs were "Evergreen," sung by Reeda Kay Smith, and "Wedding Song," a solo by Rusty Thornton. Also in the chorus were Janie Carter, Kathy Harris, Marilyn Smith, Keith Stansell, Janie Klein, Carol Lyon and Van Bradley.

Miss Christy Vincent was maid of honor. She and the flower girl, little Shana Kelley, cousin of the groom and daughter of Mr. and Mrs. Dan Kelley of Clovis, New Mexico, were dressed in

Society

identical floor-length gowns of pink quiana. The dresses were fashioned with cap sleeves and criss-cross bodice which formed a "V" neckline. Both wore picture hats trimmed with pink ribbon streamers and accented with baby's breath. The maid of honor's bouquet was of pink silk roses and baby's breath. The flower girl carried a small white wicker basket of rose petals.

Aaron Wilson served his brother as best man.

GIVEN BY FATHER

The former Miss Watson was presented for marriage by her father, Roland Watson. The bride's gown of white organza was of formal length. A sheer yoke enhanced the scooped neckline of the dress and was trimmed at the neckline with a stand-up collar of chantilace. Two bands of Chantilace fell from the edges of the yoke to the center front of the empire bodice in a "V." The long, fitted sleeves were of chantilace, ending in a self ruffle over the wrist. The skirt had an apron effect, trimmed in chantilace and a narrow flounce. A matching flounce edged the hem of the dress and swept to the back to form a chapel train. Her fingertip veil of illusion was outlined in chantilace. The bride carried a cascade arrangement of white silk roses and pink silk rosebuds tied with white ribbon streamers.

Following tradition, the bride wore the wedding band of her great-grandmother, the late Mrs. W.C. Watson for "something old;" her "something new" was her dress, and she wore a blue garter and borrowed a ring from her maid of honor. In her shoe were pennies commemorating the birth years of both the bride and

the groom.

A reception was also held in the garden. The serving table was covered in a white satin floor-length cloth. A soft fold of tulle outlined the top edge of the table and was caught at intervals by small arrangements of pink silk roses, greenery and long pink ribbon streamers. The centerpiece was an arrangement of fresh pink roses and baby's breath in an antique silver epergne. The tiered wedding cake was held by pedestals over a small fountain flowing with pink water. A bride and groom figurine topped the cake. Crystal and silver appointments completed the table setting.

Mrs. Mike Marble and Mrs. Ron Carthel served. They were assisted by Mrs. Wayne Bramlet, Mrs. Ted Carthel, Mrs. Kenneth Murdoch, Mrs. Mac Howard and Mrs. Tommy Montandon, aunt of the bride.

Special guests at the wedding were the bride's grandparents, Mr. and Mrs. Glen Watson of Lockney, and Mrs. V.A. Monnier of Dallas; the groom's grandparents, Mr. and Mrs. A.S. Jones of Sterley.

Out-of-town relatives attending were the bride's aunt, Mrs. Bob Smiler of Atlanta, Georgia; the groom's aunt, Mr. and Mrs. Carrol Briggs of Clovis, New Mexico; Mr. and Mrs. Paul Montandon and Shawn of Tyler, Mr. and Mrs. Dan Kelley and Shana of Clovis, Mr. and Mrs. Ted Bruce and Julie of Estelline, Mr. and Mrs. Jim Reynolds and Rhonda of Crosbyton, Mr. and Mrs. Carl Jackson of Plainview, Mrs. Mary Rosalea McLaughlin of Plainview, and Mr. and Mrs. E.M. Jackson of Floydada.

Also attending the wedding from out-of-town were Mrs. Bobby Hise and child-

MRS. MARTIN WADE FINCHER

Sherry Teague, Martin Wade Fincher Wed

Miss Sherry Lee Teague of Hurst and Martin Wade Fincher of Tucson, Arizona exchanged wedding vows at a 7 p.m. ceremony Saturday, July 2 at the Richland Hills Church of Christ.

Parents of the couple are Mr. and Mrs. Roy H. Teague 1032 Reed St., Hurst and Mr. and Mrs. Kenneth Fincher of Tucson, Arizona. The bride is the granddaughter of Mr. and Mrs. Riley Teague, and Mr. and Mrs. A.V. Womack and great granddaughter of Mr. and Mrs. Earl Bishop all of Floydada.

She wore a princess line dress of candle light organza that featured a scoop neckline and long fitted sleeves accented with lace and pearls. It was fashioned with a detachable float which formed a flowing train of aleon lace scattered with seed pearls. Her veil was a three tiered waist-line illusion attached to a crescent

shaped head piece overlaid with lace and pearls. She carried an imported lace fan adorned with peach silk roses and streamers of lace and pearls.

Mrs. Danny Boyce, the brides sister, was matron of honor. Mrs. Brad Teague of Lubbock, Tambia Fincher of Tucson, Ariz., Tiffany and Tammy Teague of Duncanville were honor attendants.

Best man was Kenneth Fincher of Tucson, Az. with Brad Teague of Lubbock, Wayne and David Fincher of Tucson, Ariz., and Drew Teague of Hurst as groomsmen.

Following a wedding trip to Arizona the couple will live in Lubbock where they are both students at Lubbock Christian College.

Floydada Girl Scouts To Attend Session In Wyoming

Thirteen Cadette and Senior Girl Scouts and four adults from Caprock Girl Scout Council have been selected to attend a seven day session at the National Center West located near Ten Sleep, Wyoming. Mrs. Helen Lipham, Scout Leader and Girl Scouts, Karen Turner and Jonna West will attend from Floydada.

The group will leave Lubbock on Thursday and return July 17. Traveling by van, the itinerary will include the Royal Gorge, Colorado Springs, Garden of the Gods, Grand Tetons and Yellowstone National Park.

The two patrols from Caprock Council have taken part in four "practice" camping sessions in preparation for the "Trek." They will participate in backpacking, hiking, horseback riding, arch-

aeological digs, fishing and nature study during their stay at the center.

The Wyoming Trek program is an event in which Girl Scouts, usually as patrols, troops or groups from the same council, come to NCW to participate in any number of outdoor oriented activities.

Five campsites with some permanent structures accommodate hundreds of Scouts during the year.

Core staff on the site are specialists in their fields serving as administrators in every facet of the program. Miss Jody Morrison, formerly executive director of Permian Basin Girl Scout Council, Odessa, is director of the National Center West.

This Trek is sponsored every three years by Caprock Girl Scout Council.

What One Person Can Do

Intelligent, mature and outgoing, Louise Klasinski, 23, could have had her choice of jobs. But she is an ombudsman in Chicago's Cook County jail, serving as liaison between inmates and officials in one of the largest jails in the world.

Miss Klasinski is a familiar figure there. While still attending the University of Illinois, majoring in criminal justice, she ran a program involving volunteers who helped prisoners get jobs. On a state grant, she spent a summer in the jail doing research on revamping prison facilities. When the county offered her a job, she grabbed it, although it

meant leaving college.

The youthful ombudsman feels at home in jail. "My mother," she says "was raised on Federal pen grounds." Her grandfather was a prison surgeon at Leavenworth and Atlanta penitentiaries. "When I went to visit him" she related, "I always had inmates around. I always felt they were the most neglected people in society." Though Cook County is a holding facility, many spend up to three years there, unable to make

When inmates tell her their grievances about privileges denied or more serious problems such as physical assault, she listens. They can level with her. "You don't ever make promises you can't keep," she says. "You tell them straight out what they're up against." They trust her, she knows, or they wouldn't talk to her at all.

But Louise Klasinski is painfully aware of the poverty and illiteracy which underlie the problems of most inmates, of the need for change, for public funds and of the extent of public ignorance. This is beyond her.

Peggy's Meddlins

TO THE FAMILY OF ANITA

*Near shady wall a rose once grew,
Budded and blossomed
in God's free light,
Watered and fed by morning dew,
Shedding its sweetness day and night.*

*As it grew and blossomed fair and tall,
Slowly rising to loftier height,
It came to a crevice in the wall,
Through which there shone
a beam of light.*

*Onward it crept with added strength,
With never a thought of fear or pride
It followed the light
through the crevice-length,
And unfolded itself on the other side.*

*The light, the dew, the broadening view,
Were found the same
as they were before;
And it lost itself in beauties new,
Breathing its fragrance more and more.*

*Shall claim of death
cause us to grieve,
And make our courage faint or fall?
Nay, let us faith and hope receive-
The rose still grows beyond the wall.*

*Scattering fragrance far and wide,
Just as it did in days of yore,
Just as it did
on the other side,
Just as it will forevermore.*

Floydada Nursing Home Happenings

By Faye Walters

This has been a quite week at the home. Monday we had our music therapy and the girls sang and played for the residents.

Wednesday we had a nice field trip. Looked at some beautiful crops but some of them are weedy because of so much rain. Taking the trip were Mr. Freeman, the driver and Florence Badgett, Dacia Manning, Dora Langford, Agnes Anderson, Henry Love and myself.

Thursday was fun day with bingo. Top winner was Clara Williamson with four games. Pearl Carrick and Ray Reed won three each, Agnes Anderson and Hope Hammonds two games each and Hallie Bertrand one game. Everyong had a real nice time. They always enjoy bingo.

The residents have also had some good domino games this week. Pearl Carrick, Agnes Anderson, Ray Reed, Hope Hammonds, and Mollie Jones all have played. Paul Westbrook (our Administrator) and family have been on vacation and we are happy to have them home again.

Agnes Adnerson's daughter and husband from Abilene visited with her during the weekend and Mary Plumlee's daughter and husband from California visited her last week.

The 4th of July was very quiet for most of our residents.

We appreciate all our visitors this week which have included: Viola Weems,

Mrs. Mary Helen Wilson, Mr. and Mrs. Hollis Payne, Hollis Jo., and Tammy, Mrs. George Wexler, Nevada Reynolds of Houston, Sue Moore, Mr. and Mrs. Clifford Webb, desert Hot Springs, Calif. MAKE HOME CANNING SAFE--Give particular attention to scientifically developed processes for safe home canning, says a food technologist with the Texas Agricultural Extension Service. A food's natural acidity is one factor affecting canning. High-acid foods such as tomatoes can be successfully heat processed in a boiling water bath while string beans (low in acid) must be processed in a pressure canner at high temperature. Natural acid foods have the ability to inhibit or prevent the growth of many microorganisms which produce spoilage and disease.

South Plains News

By Mrs. Murray Julian

July 4th in South Plains is a holiday for most of our people, with some spending the weekend on the Greenbelt Lake and other nearby lakes. Others are gone visiting, and some had just an ordinary work day, but with our people we stand just a little straighter, and just a little more proud when we hear the songs of this great country of ours. I for one, am proud to be an American,

and am glad to have the Stars and Stripes flying over our homes.

There are a number of anniversaries and birthdays in July in our vicinity, and among the birthdays are those of Sandy Powell, July 4th; Nathan Johnson, July 8th; C.V. Blake, July 13th; Kristi Julian, July 15th; Kendis Julian, July 18th; Troy Dee Johnson, July 20th. Anniversaries in July

are those of Mildred and Harold Hamm, July 3rd; Hazle and Fletcher Powell, July 4th, Doris and Tillman Powell, July 10th; Donna and John Rushing, July

12th; Kathy and Nathan Mulder, July 14th, and Dot and Kendall Cummings, July 22nd.

Mrs. Hand Dickens and little son, Henry IV, from Plainview, spent Saturday and Sunday here with her parents, Mr. and Mrs. Sylvan Kinnibrugh while Hank went on a fishing trip Saturday night.

Tuesday night our community received wind and rain coming from the north. E.J. Kinslow received .80 on

his farm, while here in South Plains we had about .30 or 1/2 inch in places. South of South Plains there was none to speak of. The cotton and maize are really growing. This 4th of July many of the farmers are turning on wells.

Three girls from our community graduated with others at a ceremony Friday, June 25th, at the Lighthouse Electric after a busy week learning cooking, nutrition, and other phases of house-keeping. Those from South Plains were Cindy Marble, Mitzi Julian and Cindy Mulder.

George Robertson, of Plainview was in the Central Plains Hospital in Plainview from Wednesday to Sunday. He is home and doing well at this time. He is the father of Mrs. Keith Marble of this vicinity.

Mrs. Ethel Powell from Van Alstyne, arrived here Saturday to spend this week with sons, Mr. and Mrs. Fletcher Powell and Mr. and Mrs. Tillman Powells. Others with the Fletcher Powells are their grandchildren, Vicki, Debra and Tonya, from Cedar Hill.

Mr. and Mrs. Frank McClure went to Lubbock Tuesday to visit in the home of his sister, Mr. and Mrs. C.R. Givnes. His youngest sister, Mrs. Melvin Hendrickson of Eastland was also there visiting.

Mrs. Lillian Marble is in Methodist Hospital in Lubbock, but has been doing much better since Saturday. She was taken there Tuesday of last week, suffering with a heart ailment. The families here, the Fred Marbles, the Keith Marbles, and the Don Marbles have all taken turns staying at the hospital with her. Mr. and Mrs. Marvin Wells arrived over the weekend and June is now staying with her mother during the days.

Wednesday morning of this week at 9:30 a.m. all members of the Dorcas Sunday School Class of the Baptist Church and other women of the church are invited to their quarterly meeting at the home of Mrs. Mamie Wood.

Sunday night, July 10th, there will be an ice cream and cake supper held at the South Plains Baptist Church for young people of the church.

Among visitors present at the South Plains Baptist Church Sunday morning were Mr. and Mrs. Zach Cummings, home from WT

at Canyon, for the summer; Mr. and Mrs. Kim Cummings of Glen Rose, newly wed couple; Mrs. Ethel Powell of Van Alstyne; and Debra, Vicki and Tonya Powell of Cedar Hill.

Mrs. Gary Gilbreath of Perryton and sons, Jeffrey and Jeremy, visited here Friday. Kathryn Powell went home with her to stay for some time.

Mrs. Sylvan Kinnibrugh left July 4th for Truscott, where she will spend several days with her sister, Mrs. W.H. Simmons.

Staff Sgt. and Mrs. Kenneth Powell from Fort Sill, Oklahoma, where they are stationed with the Armed Forces, arrived here July 4th to spend that day and Tuesday with his parents, Mrs. Fletcher Powell and family.

Mr. and Mrs. Alvin Nichols left last Tuesday for Sweetwater where they spent the night with Glen Whitfill and their daughter, Miss Cindy Whitfill, arriving at 5:30 a.m. Thursday morning. Miss Whitfill's fiancée, Terry Michaels of Dallas was also there to meet them. They all came home by way of Johnson City, and while there they took a bus tour of the LBJ Ranch, stopped at the house where LBJ was born and reared, went through the museum in Show Barn, and enjoyed seeing the ranch home. The group spent the night at San Marcos, and returned home Saturday. Mrs. Whitfill and Cindy had spent the past weeks touring Switzerland, Spain, France and Germany. The Nichols and Glen Whitfill spent some time in Austin, while gone, and enjoyed seeing the state capitol.

Mr. and Mrs. Kim Cummings of Glen Rose arrived Friday to spend the holiday weekend with his parents, Mr. and Mrs. Sterling Cummings and John.

Mr. and Mrs. Kim Cummings of Glen Rose arrived Friday to spend the holiday weekend with his parents, Mr. and Mrs. Sterling Cummings and John.

PLAN FOR FALL LANDSCAPE COLOR-- Consider four popular plants for fall landscape color--the chrysanthemum, candle tree, copper plant and Joseph's coat, says a landscape horticulturist with the Texas Agricultural Extension Service. Mums are the queen of fall flowers. Candle trees boast showy yellow bronze foliage while Joseph's coat is famous for its colors of red, orange, green and yellow.

GI Home Loan Rates Up

Effective May 31, 1977, the interest rate on GI home loans for veterans became 8 1/2%.

Eligible for GI home loans are veterans who served honorably for 90 days or more at any time between September 16, 1940 and July 25, 1947. Also entitled are veterans who served honorably for 90 days or more during the Korean Conflict which began June 27, 1950, and ended January 31, 1955, or whose honorable service of 181 days or more occurred on or after January 31, 1955.

Also eligible are the surviving spouses of persons who served during the above mentioned periods and whose deaths are shown to have been caused by such military service. In addition, GI home loans are available to the spouses of military personnel

listed as missing in action or prisoners of war.

Most GI home loans are made by private lending institutions, with a portion of the loan being guaranteed by the government. Under present law, the Veterans Administration is authorized to guarantee 60% of the loan amount, up to a maximum of \$17,500. Persons desiring a guaranteed home loan under the GI program should discuss their needs and desires with a local private lending firm, who will assist in completing the necessary paper work. A veteran remains eligible until he or she actually uses the VA entitlement, as there is no time deadline involved.

Further information on GI home loans may be obtained from the local Veterans Service Officer.

Food Stamp Bonuses Increase To Meet Demands Of Inflation

WASHINGTON — Millions of low-income Americans will get larger government food stamp bonuses beginning July 1 to help offset higher grocery costs, and another increase is likely next year.

A typical family of four will get \$170 in food stamps each month under the new formula, a 2.4 per cent increase from the \$166 allocation that had been in effect since Jan. 1, 1976.

The \$4 a month increase is the first boost in 18 months.

The Agriculture Department adjusts food stamp allocations on Jan. 1 and July 1, with February's food costs dictating the July 1 rate and the August costs controlling the Jan. 1 adjustment.

Stephen J. Hiemstra, director of economic analysis and program evaluation in USDA's Food and Nutrition Service, said it is "very likely" there will be another increase next Jan. 1, depending on the August figures.

"Keep in mind, however, that there's a seasonal increase in food prices in the summer," he told a reporter Thursday. "So I think it's logical to expect some increase."

The \$5.4 billion program served 17.1 million people in April, down from 18.7 million a year earlier when unemployment was higher. This represents about 5.3 million households, using the agen-

cy's calculation of 3.2 persons a household.

The USDA uses a special "thrifty food plan" to compute food stamp benefits. Unlike the food prices used in other federal cost of living statistics, the USDA bases its estimates on food likely to be consumed by low-income families.

Its plan includes more cereal products and fewer meat and dairy items than more affluent families usually consume, but the USDA considers it a "nutritionally adequate diet."

Depending on its size and adjusted income, a family is required to buy a certain number of stamps but then gets bonus coupons to greatly increase its buying power at the store.

Nationally, food stamp recipients average about \$10 worth of coupons for each \$4 they spend on them.

For example, under the new formula a family of four with an adjusted income of \$190 to \$210 a month will pay \$53 to get a total of \$170 in stamps — a bonus of \$117 in free coupons. It has been paying \$53 to get \$166 in stamps each month.

The cost of the plan last February was \$169.30 a month for a family of four, including two adults and two school age children. Since the cost is rounded off at the nearest \$2 increment, the July 1 rate was set at \$170 a month.

Other USDA figures show that the

thrifty menu actually cost \$172.20 in May for the four-member household. If the August rate holds at near that level the Jan. 1 increase will be \$2 a month for a family of four.

Congress is considering proposals to remove the monthly purchase requirement and give the bonus stamps free to eligible families.

FARM EXPORTS PAY FOR IMPORTED GOODS

Because America exports more food and fiber products than it imports, the resulting "favorable balance of trade" pays for many foreign products such as cars, wines, cameras, and in particular, oil. To buy the foreign goods we want, we have to sell overseas to get the money to buy, points out a marketing specialist with the Texas Agricultural Extension Service. As long as our exports remain strong, the value of the U.S. dollar remains strong. Agricultural exports contribute greatly to this favorable trade balance, with a net total of about \$12.6 billion in 1976.

Red China May Become U.S. Wheat Mart

By RODERICK TURNBULL

Kansas City Board of Trade
KANSAS CITY, Mo. — One glimmer of hope for an increase in export sales of U.S. grain lies in the world's population colossus, the People's Republic of China.

A drought in China or a decision of the Chinese government to feed its people more liberally, conceivably could trigger purchases of U.S. grain.

It has happened before. But the grain trade is not ready to get bullish over such prospects this year.

Although the door has been opened for trade and for some visitors into China, that huge nation remains an enigma to most Americans and to the rest of the

world.

In an effort to enlighten the world a little more about China, the International Wheat Council in London has issued a survey of the grain economy of that nation. It doesn't tell the American farmer whether China will be in the market for wheat, but it does reveal some of salient facts about the country, which might tend to suggest its needs now and for the future.

The Wheat Council readily admits its survey is not based on "official information," but rather on information gathered from various apparently reliable sources.

To begin with, for many years China has been a regular importer of wheat, its

LETTER TO THE EDITOR

Dear Sir:

Each month the taxpayers of Texas are losing almost \$2 million. Much of the state's money (over \$400 million) is on deposit in checking accounts drawing no interest, rather than in savings accounts.

Banks use this \$400 million (which belongs to the people of Texas) without paying 1 cent of interest. Why should the banks benefit from this money rather than the taxpayers? Fortunately, something can be done about this scandalously inefficient money management. But it is up to the Governor to include appropriate legislation in the July 11th Special Session of the Legislature.

Texans who want to stop this senseless waste should write Governor Dolph Briscoe at the state capitol in Austin and insist that this money management legislation be included in the Special Session. If this revenue does not

come from interest, then it will come from the taxpayers' pockets.

During the regular session I introduced H.B. 1984, which would have saved the taxpayers \$42.6 million each biennium. Although the bill passed overwhelmingly (127-5) in the House, it died in the Senate.

Incompetent, inefficient investment can cease, if you are willing to invest your time in writing a letter.

You have the choice of saving now or paying later. Voice your support to the Governor now.

Tourney Slated July 13

The 6th annual Floydada open tennis tournament will get underway on July 13 beginning with junior high competition and finish on Sunday, July 17th with open and adult division mixed doubles matches, according to bank vice-president Frank Barrow. The event, which has been hosted locally every summer since 1972, is under the direction of Pat Barrow and Vickie Rainer.

Anyone wishing to enter the contest should obtain an official entry blank from either of the directors and submit his completed form before July 10th. Entry fees for junior high and high school divisions are \$4.00 for singles and \$6.00 for doubles, per team. Adults should pay \$5.00 for singles and \$8.00

per doubles team. Competition will begin with junior high contestants squaring off at 8 a.m. Wednesday, while high school participants will see action starting Thursday morning. The open division begins Friday and 35 and over participants get underway on Saturday morning.

Barrow mentioned that this is the first year that graduates of junior high and high school may still compete in their respective divisions. The tourney is to be played by age, not by grades. Barrow also said that any proceeds will be used to further the Floydada tennis program.

Trophies will be awarded to first and second place winners in each division. Refreshments will be provided at the high school courts, and the public is encouraged to attend.

Hunter Safety Course Slated

Joe Davis, Civilian Hunter Safety Instructor with the Texas Parks and Wildlife Department will conduct a course in hunting safety July 11 and 12 at Plains Baptist Assembly, located 9 1/2 miles south of Floydada. The session will get underway at 7:30 p.m. on July 11th and last until 10:30 that evening. The July 12th session will be conducted from 1 to 5 p.m.

The charge is only \$1.00 per person for registration and books and those interested should register at the time classes convene.

A complete course in hunter safety will be taught, and those completing the course will receive hunter

FEEDING BOOSTS FISH PRODUCTION—An inadequate feeding program may be keeping your farm pond from producing fish up to its potential, says a fisheries specialist with the Texas Agricultural Extension Service. Commercial fish feeds can increase fish production tenfold and also help congregate fish for good fishing. Feed fish daily while the water temperature remains 70 degrees F. or above. The floating feed, provide what the fish will eat in 15 minutes—up to 15 pounds per surface acre per day. With sinking feed, provide 3 percent of the estimated fish weight. Automatic feeders are also available.

As It Looks From Here

WASHINGTON, D.C.—One of long experience and observation should never be surprised or amazed at some of the "goings on" here in Washington but it happens almost daily. Two pending proposals furnish perfect examples.

A bill has been introduced to slow the movement of Northern industries to the South which could pit the North against the South in a Congressional battle. The measure is called the National Employment Priorities Act. It provides that, if a manufacturing plant is considering a move which would use as much as 15% of its employees to lose their jobs would be required to notify the Secretary of Labor two years in advance; some the subject of a government investigation at the request of the Secretary of Labor, a union, or 10% of employees. After a public hearing, the Government would determine whether the move is justified.

The unions, of course, support such legislation and is understood it has strong backing in the United States senate. As a matter of fact, President Mondale was sponsor of the idea during his last term in the Senate. Another wild piece of legislation by Senator Proxmire of Wisconsin would require banks, savings and an or other lending institutions to lend money more on the basis of political and social requirements than on economics. The Government would determine what the requirements are. It is called the Community Re-investment Act and would actually substitute the judgement of Federal agency as to what constitutes a legitimate credit need for the judgement of the borrower and the lending institution. The head of the American Bankers' association says that financial institutions "could be forced to turn down creditworthy borrowers in order to make loans to those the Federal Government felt is entitled to it."

Barron's weekly says that the act is a "fair name for financial legislation." The publication says that "the ultimate objective is Federal location of private capital with all its attendant potentialities for waste, abuse and political evils." The editor added further, "Behind the refully contrived facade of non-discrimination, the powers that be are pursuing well designed purposes of their own."

Whatever the intent of his legislation, it would "ripple the free-market system and substitute State direction of the economy, his has been an objective of socialists for years and if they were able to gain over to allocate credit, they will have made a gain they have long advocated.

Supporters of such a plan seemingly disregard the fact that lending institutions use the money of its depositors or making loans. Depositors or their part trust that their funds will be handled in a responsible and business-like way. That means lending to people with satisfactory credit ratings and not taking unnecessary risks on their loans.

These measures are not imminent of passing but this sort of ideas have a way of emanating into reality if they are not headed off by an alert public.

questions and answers

Q. I've been getting SSI checks, and now my son sends me \$50 a month to help out. Since this is only a contribution from a relative, must it be reported to social security?

A. Yes. All income, regardless of how you get it, must be reported to social security if you're getting supplemental security income (SSI) payments.

Q. I have had a part-time maid since May and was wondering: how and when do I report her wages to social security?

A. If you pay your maid \$50 or more cash wages in any 3-month calendar quarter, you must send a report of the wages and the social security contributions to the Internal Revenue

Service within one month after the end of the quarter. In this case, your report for the April-May-June quarter is due by August 1. Reporting forms are available at any IRS office.

Q. I applied for benefits on my wife's social security record a few years ago but was turned down because she didn't provide at least half my support. Wasn't there a recent change in the law on this?

A. Earlier this year, the U.S. Supreme Court ruled that husbands and widowers do not have to prove dependency in order to collect social security benefits on their wives' record. You should contact any social security office to see if you now qualify.

Accent On Health

A new set of rules establishing uniform health requirements for places serving food may soon benefit both the dining public and restaurant owners, according to the Texas Department of Health Resources.

"The proposed rules would give restaurant owners in Texas a standard guide to sanitary practices," said James M. Doughty, Jr., Director of Food and Drug Division for TDHR. "Recent studies have shown the food-borne illnesses and diseases are a health problem. Another purpose of the new rules, therefore, is to reduce such outbreaks to protect the consumer from adulterated and insanitary food," Doughty said.

"The Department has been holding a series of public hearings across the state about proposed regulations dealing with food service sanitation," said Doughty.

Each city in Texas establishes health standards through local ordinances for places that serve food. The local ordinances cover food serving operations, the food servers, the serving equipment and utensils, the examination of the food and the sanitation of the eating establishment. These local ordinances often differ quite a bit from one city to another. The new proposed rules on food service sanitation would give all the cities the same common set of regulations from which they could draw up their ordinances.

"We have a lot of chain-type restaurants in the state today selling hamburgers, chicken, fish and other things. They can be in one city, and then find sanitation requirements for the same kind of eating place totally different in another city. The chains would like to have the rules governing such things as building plans, lighting, ventilation and storage to be the same for the entire state. We hope that the proposed rules on food service sanitation will make inspections statewide more uniform," said Doughty.

After the public hearings are held, the proposed regulations will be submitted to the Board of Health Resources. If the board approves them, the new rules will become official regulations 90 days later. The proposed measures are patterned after food serving regulations of the Federal Food and Administration.

Under the new food service proposals, whenever an inspection is made of an eating establishment, the findings will be recorded on a special inspection form. The original of the form will be given to the owner and will summarize the new regulations. The various requirements for proper food service sanitation will have different point values. The score of the restaurant will be the number of points accumulated from violations subtracted from 100.

When the score is less than 60, the establishment must begin correcting its violations within 48 hours. One or more reinspections will be conducted at reasonable time intervals to assure that the proper action is being taken.

If an imminent health hazard exists, such as a sewage backup, or the complete lack of sanitization or refrigeration, the restaurant must stop serving food immediately. It can't begin again until authorized to do so by the local health authority. Penalties for violations can be imposed under the Texas Food, Drug and Cosmetic Act.

While the cities are responsible for the sanitation of the places that serve food, the Department of Health Resources is chiefly responsible for the sanitation of the businesses that manufacture food. "The bakery or the bottling company, any place that manufactures food or beverage—that's where we spend our time," said Doughty. "We are also interested in the transportation and display of food, and in the wholesaler. We concentrate a lot of effort in warehouse inspections, looking into protection of food there."

In a recent year, more than 14,000 manufacturers, wholesalers, retailers, and other establishments were inspected by the Food and Drug Division. About 570,000 pounds of food were ordered withdrawn from the market because they were unfit to be eaten.

In addition to this routine inspection and regulatory program, the Food and Drug

One Arm Dove Hunt Slated

Division has a special responsibility in the case of any natural or man-made disaster. Food and Drug inspectors are part of the Texas Department of Health Resources' disaster team, to make sure that salvaged foods and drugs are undamaged and are safe for use.

WASHINGTON, D.C.—Congressman Omar Burleson advises the sixth annual One-Arm Dove Hunt in Olney, Texas, will be held on September 9 and 10, 1977. This annual get-together is held for one arm or hand amputees.

Various activities will be scheduled for those who want to hunt or simply enjoy getting together for a visit. Anyone desiring further information about this event, may contact Mr. Jack Northrup, Box 582, Olney, Texas 76374.

Don Williams plays laid-back country

By MARY CAMPBELL
AP Newsfeatures

In America, country fans know Don Williams and pop fans don't, by and large.

In May, his new single, "Some Broken Hearts Never Mend," was hitting No. 1 on the best-selling country charts as it was entering the pop charts at No. 100.

But in England, the BBC programs Don Williams a lot right along with the Eagles and other top pop groups and his records sell correspondingly better than they do in his home country.

In America, where there are

feels comfortable in all day. His face and manner appear rural, not show business. He plays a guitar and travels with two backup musicians; his records generally use the same five studio musicians.

Williams says, "I get letters from people that are 80 years old or so and they say mine is one of the first really country sounds they've enjoyed for years. And I'll turn around and somebody that doesn't like country at all will come up and say they're a rock fan but like what I do because it's not country. I don't understand

HAS FLOYDADA TIES

a lot of radio stations each specializing in a certain category of music, most pop stations' programmers don't even listen to the records they receive by country artists.

"In England they like the simple lines of Don's music," says his wife, Joy, "rather than a big band behind a country singer. They like the softness."

Williams' records are laid back and economical rather than overblown. He appears on stage wearing nonsungled denim jacket and jeans and a hat, the same kind of clothes he

how everybody arrives at these decisions they make."

A new album, "Visions," on ABC-Dot Records, is Williams seventh. He recorded his first one, for JMI Records, because

he was working for that company as a song writer and nobody was singing his songs. "There were songs some friends of mine had written and some I had written. I really believed in those songs. We sent them everywhere and couldn't get anybody to do anything with them."

"Absolutely the worst that

could happen from me recording them was we would come out with some good demos. As it turned out, we started releasing some of them as singles and they started catching on. That was the last part of 1971, the first part of 1972."

Williams made a second album on JMI also; all his albums are on the ABC-Dot label.

But he had been in music before and that time, on a pop not a country road. "Lofton Kline and I had gotten together and were working around Corpus Christi doing little things, under the name of the Strangers Two. We were invited to a hootenanny in 1964 at Del Mar College in Corpus Christi. We met Susan Taylor and just from warming up and singing a little harmony in the dressing room, I called her for the next rehearsal and we kind of put it together."

"The three of us went to Houston, as the Pozo Seco Singers, and cut a record for an independent label. It did well all over Texas and Columbia Records picked it up and signed the group to a contract."

"The music was supposed to be folk country but our first record, 'Time,' pushed us more in a folk pop direction."

The group broke up in 1970. Williams says, "We just kind of felt like we'd done it long enough." He didn't like pop music so much anyway. "Going in a studio to try to imitate what somebody else has done

country music. "I liked the songs. The form is very basic, which I like. Probably the reason I like it and understand it as much as I do is that I grew up listening to it."

"I felt that if I was going to have any success, I was going to do it the way I felt it and wanted it."

Williams, 37, born in Floydada, Tex. has high mechanical aptitude and has worked at various jobs in oil fields, driving a truck and hunting debtors for a

a nonmusic job after the Pozo Seco Singers broke up but not for long; the family, including Gary, now 10, and Timmy, now 14, moved to Nashville, and the start at JMI.

Williams' best-known record is "Amanda," written by Bob McDill. He also has been in a movie, "W.W. and the Dixie Dance Kings," in which he was a bass player in a country band. It was an acting job; the soundtrack didn't use any of his music.

The picture's wardrobe man, whose hobby is making hats to suit a person's features, made a hat for Williams. At first he wore it off and on and now wears it all the time, including indoors. "I've come awful close to wearing it into the shower," he says.

"Hopefully, I can keep what I'm doing getting better. And stay loose enough that if something really interesting comes along I'll be able to do it," Williams says, "and just stay happy." If he does another movie, he thinks he'd most like it to be a Disney Western.

Would he like to be a giant star? He doesn't know. He likes his family life, 15 miles outside

a small town 36 miles from Nashville. It's a community centered around school, church and baseball games, where the kids don't date until they're 16.

"The times I have thought about it, I have wondered whether I wanted or not to be so popular that everybody knows you," Williams says. "It really takes a lot away from your privacy. I'm very protective with my privacy. I just try not to think about it a whole lot."
