Danny Clark placed third in both hurdles events at the state Class-AA track meet last weekend, and Howard Moore finished in the "top four" in the state AA tennis tournament.

Clark turned a 14.3 in the 110-meter high hurdles and a 37.8 in 300-meter intermediates. The state meet running events (except the 100-yard dash and mile run) were in meters for the first time this year. Until the state meet, Clark had competed in the 120-yard and 330-yard hurdles. (110 meters is about 120 yards, four inches and 300 meters is a little over 328 yards.) It was Clark's best time of the year at both distances. Clark represented Lockney High School at the state meet last year, placing fifth in the 330-yard event.

Moore reached the state tourney semifinals, where he lost in split sets to Bastrop's Mike Claiborne, eventual state title winner. Moore beat Caliborn 6-3 in the first set but lost the second set 7-6 in a tiebreaker and fell 6-2 in the third.

LOCKNEY CARE CENTER FAMILY NEWS
By Yvonne Steele

As everyone knows, Sunday was Open House at Lockney Care Center. This was only the beginning of Nursing Home Week, filled with programs, other than the usual routine. Monday afternoon we enjoyed a popcorn party. Tuesday we had some homemade vanilla and banana ice cream, with several residents returning for seconds and thirds. At 7:00 p.m. we thoroughly enjoyed Elaine Hardy and the "Lollipop" who sang a variety of songs for over an hour along with a harmonica special by Cliff Hardy and Mrs. Melvin Cooper. Due to an unavoidable cancellation of the Paint Party scheduled for Wednesday afternoon, the sixth grade choir, directed by Peggy Bain, presented a singing program for us at 2:15. At 4:00, Danny

Delgado entertained us on the Fun Machine. We really enjoy these musical programs. Thursday afternoon we are looking forward to the "Special Bingo" and the "Hee Haw" program to be presented at 6:30 by a group from the Silverton area. Friday afternoon Chuck Wilson will show a slide presentation. Saturday at 3:00 Lewis Stapp, Dowell Brewer and Gary Stennett will be singing Barber Shop style music.

The public is invited to any or all of our activities. We always enjoy someone visiting with us.

We appreciate the time and effort these individuals have taken to brighten our days. We would also like to thank the First Baptist Church for the folding chairs loaned to us for the Thursday night program. In addition we would like to thank Mrs. Travis Hayes for her valuable assistance on the popcorn party and Mrs. Albert Hayes for her help with the ice cream party. We appreciate everyone who brought a handmade silk rose corsage. Some of the proceeds will be used, along with other funds, to purchase some much needed wooden rockers for our living room. We are still making roses if anyone would still like to have one. If you have any questions or suggestions, please contact Yvonne Steele, Lockney Care Center, Activity Director.

We were saddened at the loss of Alice Ormond, a long time resident of Lockney Care Center, and Georgia Adcock. Our sympathy is with these two families.

Postal Service Announces 'Mailbox Improvement Week'

Upholding the tradition that spring is "cleanup" time around households, Postmaster Douglas W. Meriwether today announced that the week of May 22-27 will be observed as "Mailbox Improvement Week."

Lockney residents are urged to repair, repaint and make other improvements to all mailboxes, particularly to those located along rural, city delivery curb-line and highway contract routes.

"Customers should be sure their boxes provide adequate protection to the mail and are easily reached by carriers. That helps speed collection and delivery of their mail," Postmaster Meriwether said.

"Attractive mailboxes also add to the general appearance of our community," he said.

The annual observance began generations ago in small towns and rural areas.

Rural carriers each day travel approximately 2.2 million miles to serve 14.3 million families along 33,600 regular and auxiliary routes zigzagging across America.

Approximately 530 families here in the Lockney area are served by two rural mail routes and three box delivery routes.

When rural mail service began in 1896, many makeshift receptacles - including tin cans nailed to trees - were used as mailboxes.

Postal history reflects that a Kansas resident, Ira F. Collins, was among the first customers to show an interest in improving the appearance and security of the mailbox.

On April 29, 1903, Collins filed a patent application for his invention of a new and improved mailbox described as follows:

"This invention relates to improvements in mail-boxes particularly adapted for use on rural mail-routes; and an object of the invention is to provide a mail-box of simple construction and inexpensive and so arranged as to protect the deposited mail matter from rain or snow and which can be quickly opened and closed, resulting in a great saving of time in the collection and delivery of mail."

This he did.

The metal, cylindrical receptacle had two basic parts; a mail-receiving unit, shaped like a scoop, which slid in and out of a protective outer casing. A flag, attached to the outer unit, could be raised to indicate when mail was to be collected. By grasping a handle, a person could release the inner unit, containing the mail, from the outer casing. The latter offered protection of the mail from the weather. The mailbox could be attached in a vertical position to a post or any suitable support.

Various forms of cylindrical mailboxes for many years accentuated the pastoral scenery along rural mail routes across America.

Today, a variety of approved commercial mailbox designs are provided for use with decorative posts. Customers who prefer custom-made mailboxes may check with the Lockney Post Office, Postmaster Meriwether said.

Postmaster Gives Packaging Guidelines

Postmaster Douglas Meriwether today issued a reminder to postal customers in Lockney that if the Postal Service's new packaging guidelines are followed they can virtually eliminate damage to their parcels.

Postmaster Meriwether said that checks at bulk mail plants show that more than 80 per cent of all articles damaged in the mails were improperly packaged.

While the regulations and guidelines adopted recently by the Postal Service are detailed, they boil down to several basic steps that can help assure safe delivery.

First, select a strong carton. Use a fiberboard box with the "burst-test" number printed on it.

If the box says, for instance, 125 lbs. it can be used for mailing many types of merchandise weighing up to 20 lbs.

When a person is shipping dense or heavy materials, such as books, stronger boxes are required. For 10 lbs. of books the Postal Service recommends a box with a 175-lb. burst test.

The Postal Service suggests that wrapping paper not be used on cartons. If a wrapper is torn or lost in transit, the mailing address can disappear. Further, the paper adds nothing to the package's strength.

The use of masking and cellophane tapes for closing or sealing is prohibited. In transit they tend to peel off, and they have little strength. String is not recommended. If twine loosens, it can readily catch on processing machinery.

Instead, parcel post customers are urged to use the pressure-sensitive, reinforced tapes. They are almost unbreakable.

When marking a package "Do Not Bend", it is required that the container have stiffeners which will protect it from being bent.

In using a second-hand box, it is important to mark out addresses that may have been printed on it along with extraneous numbers that could be confused with the ZIP Codes.

A final suggestion: Enclose a return address card in the package so that it can be returned if the mailing label is damaged or lost.

Postmaster Meriwether said customers should contact the Lockney Post Office for more information.

Thank You!

Bitsy and I sincerely thank you for your support in our victory May 6.

Selman Named In List Outstanding Young Men

The Board of Advisors for the Outstanding Young Men of America Awards Program announced today that Andrew W. Selman of Floydada has been selected for inclusion in the 1978 edition of OUTSTANDING YOUNG MEN OF AMERICA. These men were selected from nominations received from Senators, Congressmen, Governors, Mayors, State Legislators, University and College Presidents and Deans as well as various civic groups including the United States Jaycees which also endorses the Outstanding Young Men of America program.
 In every community there are young men working diligently to make their cities, as well as their country, better places in which to live. These men, having distinguished themselves in one or more fields of endeavor, are outstanding and deserve to be recognized for their achievements. The criteria for selection include a man's voluntary service to community, professional leadership, academic achievement, business advancement, cultural accomplishments and civic and political participation.
 The pilgrims were on the "Mayflower" for 55 days before landing in America.

'Prison Of Mind' Now At Library
