Perry Bros. Grand Opening Monday

Ruby Shockley, Perry Bros. manager, announces the grand opening of their 10,000 square foot store located at 114 east California, Floydada. She invited the public to come in and see the new business.

Perry Bros. has been an established business in Floydada for approximately 22 years.

Mrs. Shockley has managed the store for the past two years. She was previously a bookkeeper with the Perry Bros. chain in Plainview for 17 years. Shane Collinsworth has joined Mrs. Shockley as assistant manager. Along with Collinsworth three employees have joined the staff.

Several new lines have been added to the store. Perry's now has a complete line of fabric, arts and crafts, automotive supplies, wearing apparel for men, women and children, and a complete line of unfinished furniture. The store now offers live fish and a complete pet supply section.

The store is introducing a large assortment of wall pictures and plaques, along with many other new items that have not been previously stocked.

The store is open for business from 8:30 a.m. to 5:30 p.m. six days a week.

School Board Meeting Monday

Lockney School Board will conduct a regular monthly meeting on Monday, April 13, at 7:30 in the Board Room. The agenda includes approval of current bills and investment approval of the Tax Report.

The board will then canvas the results and organize the new

board. New Board members are: Eugene Tannahill, Bill Race, and incumbent, Eddie Foster.

The board will hear a request from Coach Marsha Sharp for use of the gym. A request from the Service Center to vote on Board of Directors for the Center will also be heard.

The board will discuss the total athletic budget.

They are expected to approve the application for Vocational travel. The resignation of David Fletcher and possibly others is also on the agenda, as well as hiring of personnel.

The Superintendent report will also be heard.

Sunday services are planned for 10:30 a.m. and 6 p.m. at W. College and Third St. Lunch will be served at the church building following morning services both Sundays.

Morning services will be held Monday through Saturday from 7:30 to 8:00. These will be short inspirational services that should help us live a godly and happy life each day. Evening services will be held at 7:30 Monday-Saturday.

Friday evening the service will be especially directed toward the young people and refreshments will be served in the fellowship hall following this service. Of course everyone of all ages will profit from the service and the fellowship and all are invited to stay for the refreshments.

The church cordially invites all to attend these services!

Congress In Waco

The Royal Ambassadors of the First Baptist Church attended the R.A. Congress in Waco on April 3, 4, 5. Five thousand boys from all over the state participated. Seventeen boys from Lockney attended with their nine counselors.

Todd Hallmark won a gold medal in the 330 yard run in the 4th grade classification. Sixty-one boys competed in that event.

Chad Frizzell took a first place in the Derby Car race. His heat included two-hundred entrants from the fourth, fifth and sixth grades.

Brandon Rowell won a first place trophy in the soft ball throw for grades 1, 2, 3. There were 300 entrants in the event.

The Lockney group toured Baylor University and Baylor Stadium. The boys attending were: Brandon Rowell, Jason Bybee, Kip Holt, Todd

Notice of Student Transfer

Student Transfers for Lockney ISD must be done by May 1, 1980. Tuition is being considered for 1980-81 school year. Transfers may be done in the Superintendent's office at 6th and Willow.

Sunday services are planned for 10:30 a.m. and 6 p.m. at W. College and Third St. Lunch will be served at the church building following morning services both Sundays.

Teen-age Baseball Sign Up

All thirteen through sixteen-year-olds are encouraged to come by the High School Cafeteria immediately after school and sign up for summer baseball, Friday, April 18. Teams will be formed to accommodate all who want to play.

Included in our district this year will be Floydada, Petersburg, Idalou, New

Deal and Abernathy and Roosevelt. First games are to be played Saturday, May 17.

Sign up for the younger teams will be in the next week or so. This year for the first time all of Lockney's baseball teams will be playing in one co-ordinated effort using only the Bickley Field. It

is hoped this will be better all around with a lighted field and concession stand and also more bleachers to accommodate more spectators.

If you have any questions or want to sign up, but can't be present Friday afternoon, please contact Roger Stapp or Roy Turley.

Church Group Visits "The Valley"

Youth from Primera Iglesia Bautista Mexicana returned Monday morning from McAllen, Texas where they, their

pastor, Rev. Glenn Smith and counselors attended the Baptist Youth Congress.

They left Lockney Wednesday night traveling by van. They participated in religious services and career seminars and elected new officers.

They took side trips to San Antonio where they attended seventh anniversary services of the Emmanuel Baptist

Church, whose pastor is the Rev. Juan Gaona. They also traveled across the border into Reynosa, Mexico.

Making the trip were Rev. Smith and family, Lidia Castillo, Andy Castillo, David Peralez, Nancy Cortez, Cynthia Salinas, Eva Reyes and Dianne Reyes.

Art Department Holds Open House

The art room at junior high was filled with color and fun. The walls, shelves and partitions displayed prints, drawings, mosaic and sculpture in preparation for the art show to be held Monday morning. The tables were littered with newspaper and cans of goopy paste as the students began work on their next project, paper mache.

"I don't know how we're going to get it all cleaned up for our open house," art teacher Cherilen Russell, said, surveying the mess. "But we will."

The junior high art department is inviting the public to a showing of their work on Monday morning, April 14, from 10:30 to 11:15 in Room 102 at the junior high. The art teachers, Carolyn Whittington and Cherilen will be on hand with the students to answer questions and explain the different processes used in making the different art forms.

The mono-prints use a technique of tempera paint designs on glass. Then the paper is placed over the glass to make a print. The paint dries so quickly that only one print is possible. Thus the name, mono-print.

With the mosaics, the student first sketches a design on paper. Then they fit in colored pieces of paper to give the mosaic effect. The hand sculpture is done by forming a pliable substance into designs and then coloring it to give a marbled appearance.

On Friday, both art classes took a field trip to Lubbock Arts and Crafts Fair at the Civic Center. "We have students that have never seen art at all," Carolyn said. "They don't know the possibilities of what they can do." The show in Lubbock contained many varied art forms. "The students saw how these things worked," she added. There also were school entrants in the exhibit that the students got ideas from.

Since art classes are not offered in high school, the two teachers try to introduce as many art forms as the students can comfortably handle in the two years, seventh and eighth grades, that the classes are offered.

"We have students that do well in art that cannot do well in academic subjects. This gives them a chance to build their self-esteem," Cherilen said. "It also gives all students a chance to develop their creativity."

Carolyn teaches charcoal and pastels. Cherilen teaches crafts. The new projects the students will be doing are paper mache, making pinatas and castles. Also they will be making clay castles and full form designs. Painting is now being introduced. These latest projects will be displayed at one more art show at the end of the school year. At that time some of the best pieces of Monday's Open House will be displayed.

AURORA GARCIA and Hector Garcia work with newspaper strips making paper mache pieces. The drawings on the wall behind them are part of the art show slated for Monday morning.

Word Appoints Museum Committees

Jim Word, president of the Floyd County Historical Museum has appointed committees for the 1980 term. Word urges each chairperson to contact the members of their committees to begin plans. A meeting is scheduled for May 5 to finalize plans for the annual old settlers celebration. Committees are as follows: Old Settlers Committee — J.D. Copeland,

second quarter chairperson; David Kirk and Amy Hollums, third quarter chairpersons; and Joyce Williams, fourth quarter chairperson. Mid-Summer Special Event — Olin Watson, chairperson; Olive Hinton, and Gladys Jones. Word says that each committee is expected to meet and to formulate plans and to report to the board at the May 5 meeting.

chairperson; Ann Swepton, John Key West, Robert Lee Smith, and Tommy Assiter. Display Committee: Frances Stanforth, Carol Bell, June Ware, chairperson; Kenneth Brosech and Wilson Bond. Membership Committee: Nancy Marble, chairperson; Sherry Colston, Norma Welch. Newsletter Committee: Jim Word, first quarter chairperson; Virginia Tay-

Sandhill Hobby Club Meeting

The Sandhill Hobby Club, met April 2, in the home of Mrs. R.B. Hatley in Floydada. After a short business meeting, officers were elected for next year, and roll call was answered by giving a gardening hint.

Refreshments of cake and coffee were served to: Mrs. T.C. Hollums, Mrs. R.L. Bullock, Mrs. Ruth Trapp, Mrs. Gienna Miller, Mrs. Neva Smith and the hostess.

After the refreshments were served the club members went to Ralls to eat lunch, and spent the afternoon visiting and browsing thru the Ralls museum, The Icehouse, several antique shops and a ceramic shop.

LIVESTOCK JUDGING TEAM took a third place at Canyon. Left to right: Lane Turner, Kyle Brock, Dena Casey and Mack Sherman.

MEAT JUDGING TEAM was fourth at Canyon, they are left to right: Gary Cawley, Moises Ramirez, and Mike Ford.

DAIRY JUDGING TEAM was rated in the top 15, they are: left to right: Marcus Schacht, Scott McCarty, Doug Sparkman, Michael McGavock, Keith High.

Judging Team Competes at Canyon

Lockney High School Livestock Judging Team competed in Canyon at State University on Saturday, April 10 and continue through Friday, April 11. The Livestock judging team placed. Lane Turner earned the high individual award. The meat judging team placed fourth at the event. Land Judging team took fourth at the event.

The Dairy Judging team placed fifth at the event. On April 19, the team will compete in the Texas Tech in Lubbock for State Contest.

Milk Support Price Increase

The support price for grade milk containing milkfat will be raised to \$12.07 per hundred-weight.

For milk with a U.S. milkfat content of 3.67 percent support price is equivalent to the current price. Current law requires that price be adjusted to reflect the estimated parity index (index of prices paid to farmers for commodities interest, taxes and wages) the first half of the marketing year.

Bergland announced that the support price for milk would be increased to \$12.07 per hundred-weight. The parity index on the beginning of the marketing year was 866 (the period 1910-100). The index published which is 7.6 percent higher than the 1980-81 marketing year.

The prices at which the dairy products for sale will continue to be set by the current purchase price of commodities. However, the 1980-81 marketing year was created to approximately the purchase prices to be in effect. Before only a few patrons on the side of the track could see the expansion of the Turf Club there will be additional concession facilities in both the Track Kitchen and the installation of a tote system.

Comments have been heard from the expansion of the Turf Club there will be additional concession facilities in both the Track Kitchen and the installation of a tote system.

Stock Show Directors To Meet

The Floyd County Junior Livestock Show Association Board of Directors are scheduled to meet at 7:30 p.m. on Tuesday, April 15, 1980 at the Light House Electric Cooperative Meeting Room.

The first part of the meeting will be open to all interested parents and stock show supporters and suggestions on ways to improve next year's show will be heard at this time. After all

comments have been heard from the expansion of the Turf Club there will be additional concession facilities in both the Track Kitchen and the installation of a tote system.

Although planting time is upon us, all directors and individuals are urged to be present at this meeting if they are interested in the expansion of the Turf Club there will be additional concession facilities in both the Track Kitchen and the installation of a tote system.

THIS MOSAIC is made from colored pieces of paper fit into a sketch. It is part of the art show to be held at Lockney Junior High School.

Sun-Hi® Brand Hybrid Sunflower Seed

From PACIFIC OILSEEDS INCORPORATED
Woodland, California

HIGH YIELD IS THE FIRST CRITERION

Sun-Hi® Brands hybrids consistently perform in university trials and with growers throughout the United States. During its development, a POI hybrid must demonstrate superior yields in our multiple environment screening programs located in North Dakota, Texas, and California. If the hybrid demonstrates excellent yield potential, it has a chance to join our product line.

Sunflowers are finding a place on the western edge of the U.S. corn belt. Many of our screening tests are intentionally under marginal moisture conditions. We not only must know the capability of our hybrids under optimum conditions, but we must offer a product that can yield when moisture conditions are well below optimum.

CONTINUOUS SELECTION PRESSURE FOR HIGHER OIL CONTENT

Oil content is the third prong of the POI research program. The goal is simple. While we are selecting for yield and disease resistance, we maintain selection pressure on developing parental lines for higher oil contents. We have been conducting research on hybrid sunflowers since 1966.

DISEASE RESISTANCE IS SCREENED SIMULTANEOUSLY

While the field screening programs are evaluating yield and drought resistance, laboratory and field programs are checking for disease resistance. Downy mildew and verticillium wilt tests are conducted several times on hybrid parents during their development. Rust tolerance is continuously monitored.

We screen experimental materials under various environments simultaneously during their development, and are oriented toward specific hybrids for specific conditions. This philosophy has been in large part responsible for our rapid growth in the sunflower industry.

Ruidoso Race Season Begins

The three-year-old Triple Crown begins on May 18, the Derby on July 10 and continue through August 10 with 66 race days. The basic schedule is the usual Thursday through Sunday format. Highlighting the season are the nationally famed Triple Crown quarter horses.

The Dairy Judging team placed fifth at the event. On April 19, the team will compete in the Texas Tech in Lubbock for State Contest.

Milk Support Price Increase

The support price for grade milk containing milkfat will be raised to \$12.07 per hundred-weight.

For milk with a U.S. milkfat content of 3.67 percent support price is equivalent to the current price. Current law requires that price be adjusted to reflect the estimated parity index (index of prices paid to farmers for commodities interest, taxes and wages) the first half of the marketing year.

Bergland announced that the support price for milk would be increased to \$12.07 per hundred-weight. The parity index on the beginning of the marketing year was 866 (the period 1910-100). The index published which is 7.6 percent higher than the 1980-81 marketing year.

Judging Team Compete At Canyon

Lockney High School judging team competed in Canyon at West Texas State University on Saturday. The Livestock judging team placed high individual award. The meat judging team placed fourth at the event. Land Judging team took first in Plainview District. The Dairy Judging team was top fifteen of their class. On April 19, the teams will compete in Lubbock for the State and Area elimination and qualify for State Contest.

Milk Support Price Increase

The support price for market grade milk containing 3.5 percent milkfat will be raised from \$12.07 per hundred-weight on the 1980-81 marketing year. Secretary of Agriculture Bob Bergland said today. For milk with a U.S. annual milkfat content of 3.67 percent, the support price is equivalent to \$11.84 compared with the present \$11.64. Current law requires the milk price be adjusted semi-annually to reflect the estimated change in parity index (index of prices paid to farmers for commodities and interest, taxes and wage rates). Bergland announced March 27 the support price for market grade milk would be increased based on the "Agriculture" report. The parity index on Oct. 1, 1979 was 866 (the period 1910-1914 = 100). The index published today is 7.6 percent higher than the 1979 index. Thus, the support price was raised by 7.6 percent, or \$1.21 per hundredweight. The prices at which USDA's Dairy Credit Corporation will purchase dairy products for sale for use will continue to be 105 percent of the current purchase price for commodities. However, for September 1980 the sellback prices will be increased to approximately the purchase prices to be in effect on new support price is announced for 1980-81 marketing year beginning Oct. 1.

Now Director

Livestock comments have been heard. The directors are p.m. on the Light-Meeting. Although planting time is upon us, all directors and individuals are urged to be in attendance at this meeting if at all possible.

Ruidoso Race Season Begins

The three-year-old counterparts include the \$225,000 (est.) Kansas Derby on May 18, the \$525,000 (est.) Rainbow Derby on July 6 and the All-American Derby on Aug. 24. For this year only the Derby will surpass its younger sister with a \$1.5 million (est.) purse. This year will also mark the Derby's debut on national television. Regional television telecasts include the Kansas and Rainbow Futurities.

Other major races include the \$100,000 (est.) World's Champion Quarter Horse Classic on July 27 and the \$125,000 (est.) Ruidoso Thoroughbred Futurity on Aug. 31.

Last year Ruidoso Downs experienced its most successful season in its 33-year history. A total handle of \$32,235,028 and daily average of \$474,045 were both records. The meeting wrapped up with back-to-back million-dollar handles, including an all-time high of \$1,082,630 on Labor Day.

More important to the horsemen, however, was the record \$6,638,714 purse distribution. That figure included \$1,313,650 handed out on Labor Day, the largest single-day disbursement in racing history.

The proposed expansion will extend the Club and grandstand area 125 acres east over the present main padlock area," explained Bergland. "The extra seating will accommodate an additional 1,500 patrons."

The proposal, the padlock and jockey quarters will be built on the east side of the track could see the most impressive part of the expansion of the South Plains Chapter of the Soil Conservation Society of America. The Chapter consists of members from South Plains counties in and around Lubbock. La Baume has been a member of the local chapter 12 years, serving as secretary-treasurer for two years and as one of the councilmen for another two year span.

The world wide society is to advance the wise use of land and water resources. The local South Plains Chapter has 70 members at the present time. La Baume is the District Conservationist for the Floyd County Soil Conservation Service, the 18 year veteran of USDA has been in his present position for the past 12 years.

Improvements include a new Track Kitchen and new lines to the grandstand and Club and the installation of a complex tote system. Board members are very excited about this proposal," said Edwards. "Ruidoso fans have been faithful for the years and we're going to improve the track to insure the future."

This summer begins May 10 through Labor Day with the basic schedule is the Thursday-through-Sunday for the nationally famous Triple Crown races for horses.

Two-year-old Triple Crown begins with the \$535,000 (est.) Kansas Derby and follows with the \$500,000 Rainbow Futurity on July 20. The \$1,280,000 nationally famous All-American Futurity on Labor Day. The winner collects \$440,000.

The three-year-old counterparts include the \$225,000 (est.) Kansas Derby on May 18, the \$525,000 (est.) Rainbow Derby on July 6 and the All-American Derby on Aug. 24. For this year only the Derby will surpass its younger sister with a \$1.5 million (est.) purse. This year will also mark the Derby's debut on national television. Last year Ruidoso Downs experienced its most successful season in its 33-year history. A total handle of \$32,235,028 and daily average of \$474,045 were both records. The meeting wrapped up with back-to-back million-dollar handles, including an all-time high of \$1,082,630 on Labor Day.

More important to the horsemen, however, was the record \$6,638,714 purse distribution. That figure included \$1,313,650 handed out on Labor Day, the largest single-day disbursement in racing history.

The proposal, the padlock and jockey quarters will be built on the east side of the track could see the most impressive part of the expansion of the South Plains Chapter of the Soil Conservation Society of America. The Chapter consists of members from South Plains counties in and around Lubbock. La Baume has been a member of the local chapter 12 years, serving as secretary-treasurer for two years and as one of the councilmen for another two year span.

The world wide society is to advance the wise use of land and water resources. The local South Plains Chapter has 70 members at the present time. La Baume is the District Conservationist for the Floyd County Soil Conservation Service, the 18 year veteran of USDA has been in his present position for the past 12 years.

Improvements include a new Track Kitchen and new lines to the grandstand and Club and the installation of a complex tote system. Board members are very excited about this proposal," said Edwards. "Ruidoso fans have been faithful for the years and we're going to improve the track to insure the future."

This summer begins May 10 through Labor Day with the basic schedule is the Thursday-through-Sunday for the nationally famous Triple Crown races for horses.

Two-year-old Triple Crown begins with the \$535,000 (est.) Kansas Derby and follows with the \$500,000 Rainbow Futurity on July 20. The \$1,280,000 nationally famous All-American Futurity on Labor Day. The winner collects \$440,000.

QUEENS—Front row, left to right; Elizabeth Hernandez, Christy Coffman, Imy Kooman. Back row: Donna Moats, Connie Coffman, Varie Harris, Belinda, Yasquez, Shanna Tickle, Pat Torrez, Susan Fitzgerald.

LAKERS—Front row: Scott Howard, Stephen Turner, Jessie Castro. Second row: Left to right; Coach Phillip Kidd, Frank Sanchez, Michael Galica, Joe Torrez, Trent Gant, Craig Ellison.

Lockney Little Dribbler Action

Girls Division

The Lockney Little Dribbler girls teams action includes: The Angels defeated the Ladybugs 18 to 15 with Bybee scoring 4, Greenfield 6, Ford 2 and Sosa 6 for the Angels. For the Ladybugs, it was Holt scoring 9, Sanchez 2, Davis 2 and Jalomas 2. The Rockettes defeated the Kittens 22 to 10. Carthel scored 17, Terrell 1 and Peraliz 4 for the Rockettes and for the Kittens it was Guerrero 6 and Lopez 4.

Boys Division

The Nuggets were defeated by the Knicks 30 to 17. Sutterfield scored 6, Ford 14 and Teeter 10 for the Knicks, with Mathis sinking 11, Brotherton 2 and Herrera 4 for the Nuggets.

It was Hawks 15, Bullets 32 in the final game. Sylva scored 1 point, Jackson 8 and Race 6 for the Hawks; and Torrez scored 24, Frizzell 4 and Carthel 4 for the Bullets.

ART STUDENTS, Richard Schacht and Gloria Ochoa stand along side of the nature prints displayed for the Open House at the art department of Lockney Junior High.

Red Cross To Begin Drive

The Floyd County Red Cross Board of Directors has announced dates for their annual fund drive. The drive will be held for a two week period from April 23 to May 7 with a goal of \$1,200.

The announcement came at the March Board of Directors meeting. O.M. Watson Jr. is chapter chairman of the Floyd County Red Cross. Other board members include Jett Major, Pat Zimmerman, Fred Cardinal, Mrs. Hester Moore, Dr. S.K. Hong, Jerry Finley, Choice Smith, Sam Spence, and Marilyn Tate.

LADYBUGS Little Dribbler Team: Front row: left to right, Judy Davis, Teresa Perez, Sandra Perez, Trica Steele. 2nd row: left to right, Rebecca Evans, Julie Frizzell, Heather Holt, Patsy Sanchez, Sandra Jalomas, Karen Mathis.

KNICKS—Front row: left to right; Johnny Gaskins, Joe Wiener, Rusty Teeter. Second row: left to right; Roy Moody, Shayne Dawson, Ronnie Ford, Hulio Cortez, David Sutterfield, John Cummings.

La Baume Named President

Jon J. La Baume recently assumed the presidency of the South Plains Chapter of the Soil Conservation Society of America. The Chapter consists of members from South Plains counties in and around Lubbock. La Baume has been a member of the local chapter 12 years, serving as secretary-treasurer for two years and as one of the councilmen for another two year span.

The world wide society is to advance the wise use of land and water resources. The local South Plains Chapter has 70 members at the present time. La Baume is the District Conservationist for the Floyd County Soil Conservation Service, the 18 year veteran of USDA has been in his present position for the past 12 years.

Lockney Auxiliary Meets

The Lockney General Hospital Auxiliary met April 10 in the basement of the hospital for its regular meeting.

Wynona Allison reported that there was \$1,355.93 cash on hand at the First National Bank, Lockney. Also, she reported that the club had two new members - Katherine Ball and Velma Bonner.

Merle Mooney worked out the time schedule for Auxiliary members, and they will begin active duty in the hospital on April 14.

Two delegates representing the Hospital Auxiliary plan to attend the state convention, May 25-28 in Houston, which will be held in conjunction with the Texas Hospital Association Convention.

Edna Cox, Chairman of the Nomination Committee, gave the report of the committee's list of officers for the coming year. The following were

unanimously elected: President, Dona Winter; Vice-president, Merle Mooney; Second vice-president, Jewel Roberts; Recording secretary, Elfie Sherman; Corresponding secretary, Nita Holland; Treasurer, Clara Reecer and Chairman, Nominating Committee, Wynona Allison.

These officers will be installed May 1 to serve for a full year. All members and anyone wishing to become a member are urged to be present at the next meeting on May 1 at 7 p.m., to be held in the hospital basement.

Members present were: Wynona Allison, Merle Mooney, Nora Bybee, Dona Winter, Cindy Ward, Gayle Fortenberry, Bernice Barker, Sylvia Yeary, Grace Colson, Edna Cox, Nita Holland, Brenda Mangold, Jewel Roberts, Amelia Rodriguez and Elfie Sherman.

Athena Study Club Meets

The April meeting of the Athena Study Club was held Thursday, April 10, in the home of Peggy Hallmark. Kathy Hunter served as co-hostess. Sixteen members were present.

The evening program was a slide presentation by Tommy Adams of her recent F.H.A. trip to Washington. D. C. Pat Adams assisted her daughter with the presentation.

Following the program, a refreshment consisting of lemon velvet pie, mixed nuts, coffee and cake were served.

President Virginia Owens conducted the business meeting. Some projects Athena members have helped with this month include making name plates for the residents' room doors at the Lockney Care Center, and sending Easter baskets con-

taining pantyhose and Easter animals made of yarn to twenty Girlstown girls. Athena also conducted the annual pre-school clinic at the elementary school. Thirty-one pre-schoolers and nine Early Childhood students were enrolled and examined by a dentist, optometrist and medical doctor. The club decided to sponsor the Summer Story Hour for local children. Details about this project will be made known later.

Members attending the April meeting were: Jill Golden, Barbara Mathis, Vida Hrbacek, Janet Honeshell, Charlotte Mitchell, Mary Ann Kring, Jan Widemer, Jan Mize, Virginia Owens, Judy Schacht, Kathy Hunter, Janie Klein, Donnie Meriwether, Karen Koonsman, Martha Sue Lusk and the hostess Peggy Hallmark.

CALORIE TIPS
Eating too many calories away from home?
"Offset" fast-food calories by eating lower-calorie foods at home, if weight control is a concern to you, advises Mary K. Sweeten, a foods and nutrition specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Fabric Inspiration

Use fabric to inspire appropriate pattern designs by considering weight, texture, drape, color and print, says Becky Suanders, clothing specialist with the Texas Agricultural Extension Service, the Texas A&M University System.

INSUR-MATION
Floyd County
Insurance Agency
LOCKNEY
Jerry Cooper

We have just acquired a rather large dog (an Irish Setter). Are we responsible for any damage the dog might cause? If so, is there insurance for such situations?

Legally, any animal owner is responsible for the actions of that animal. Property damaged by the dog would be paid for under a basic Homeowner's Policy or a Comprehensive Personal Liability Policy. If the dog should bite anyone, you would be protected by the medical payment coverage under either of the policies. Medical payment coverage would generally include all reasonable expenses such as medical services, surgery and x-ray. With most policies there is a basic limit to the medical payment per person. However, should you decide you need it, this limit may be increased with an additional premium charge. This coverage applies to any animal owned or in the care of the insured.

Miss McCulley Honored With Gift Show

Miss Laura McCulley, bride-elect of Kenneth Mitchell, was honored with a gift tea Friday evening, April 4, in the home of Mrs. Bill Hardin.

Guests were greeted by Mrs. Hardin. In the receiving line with the honoree were Mrs. Andrew McCulley, mother of the bride-elect, and Mrs. John Kuykendall of Lubbock, mother of the prospective groom. They wore corsages of white daisies tied with white and blue ribbon to accent their ensembles.

Miss Brenda Turner presided at the guest register table which contained a picture of the betrothed couple. A special guest was Mrs. Jack Shirley of Lubbock, sister of the bride-elect.

No Cash Checks

Avoid making checks out payable to "cash" unless you're in the bank or at the drive-in-window. Otherwise, anyone can cash them, warns Lillian Chenoweth, a family resource management specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Fast-Food and Calories

Dining at your favorite fast-food restaurant tonight? Watch those calories.

Plan the rest of the day's menu carefully to ensure you don't eat more calories than you can afford. Fast foods are nutritious, but usually they have a high number of calories, says Mary K. Sweeten, a foods and nutrition specialist.

Mrs. Sweeten is with the Texas Agricultural Extension Service, The Texas A&M University System.

FLOYD DATA

Visiting in the home of Otis and Dana Ellis Easter Sunday was the Otis' family: Mr. and Mrs. Tom Ellis of Ralls; Mr. and Mrs. Dayne Piper and Richard; Mrs. Linda Votow all of Paducah; Mr. and Mrs. Alford Rainwater, Melissa, Loraine and Amy, Mr. and Mrs. Tommy Edwards, Daniel and Debra, Jeff Butler all of Lorenzo; Mr. and Mrs. Jimmy Mason, Jo Allyn, Evie Lois, Cara Jean, Patti and Amanda, Sheri and Johnny, all of Post; Mr. and Mrs. Truman Ellis, Rhonda, Traca, Darla Kay all of Shallowater; Mr. and Mrs. Garvis Ellis, Lavla and Cody of Gainsville.

After lunch an Easter egg hunt was enjoyed by all the children.

FLOYD DATA

Visiting last week in the home of Otis and Dana Ellis was Dana's sister-in-law and children, Mrs. Susan Roberts, Alisha and Alan from Lewisville. They visited daily with their mother-mother-in-law, Mrs. Genda Roberts, in the Floydada Nursing Home.

JESTER

The birth of their daughter, Lacy Cherice, has been announced by Terry and Dawn Jester of San Marcos.

She was born at 6:14 p.m. on Thursday, March 27 at Hays Memorial Hospital, weighing seven pounds, 14 ounces.

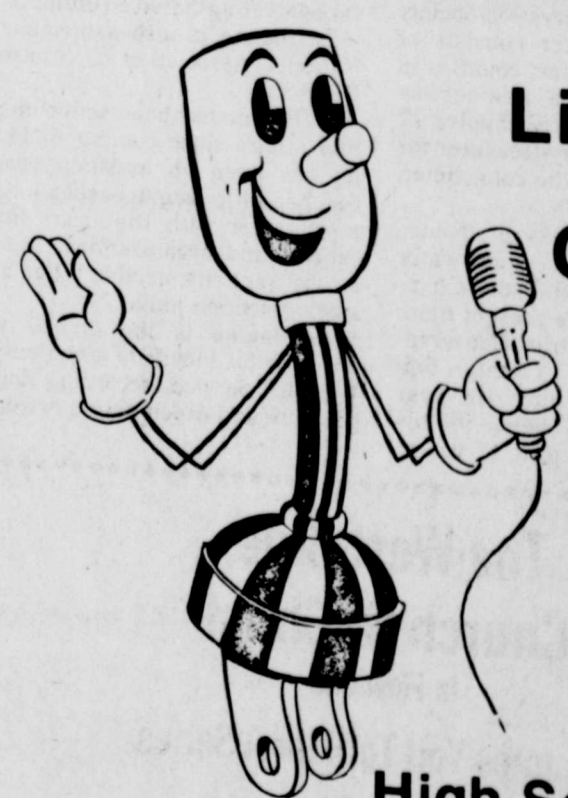

She is welcomed by her grandparents, Mr. and Mrs. A.J. Jester of Tahoka, Texas and Mr. and Mrs. Odell Cain of Shamrock, Texas.

Women's Golf Association Meets

The Floydada Women's Golf Association met for play day at the country club Tuesday. Barbara Edwards won the first ball. Eight women were present. Tee off for play days are every Tuesday at 9:30 a.m.

Miss McCulley Honored With Gift Show

Miss Laura McCulley, bride-elect of Kenneth Mitchell, was honored with a gift on Friday evening, April 4, at the home of Mrs. Bill Hardin.

Guests were greeted by Mrs. Hardin. In the receiving line with the honoree were Mrs. Andrew McCulley, mother of the bride-elect, and Mrs. John Kuykendall of Lubbock, mother of the prospective groom. They wore corsages of white daisies tied with white and blue ribbon to accent their ensembles.

Miss Brenda Turner presided at the guest register table which contained a picture of the betrothed couple. A special guest was Mrs. Mack Shirley of Lubbock, sister of the bride-elect.

Cook Of The Week

Ida Mae Smith, Cook Of The Week

Ida Mae Smith is this week's cook of the week. She says she enjoys cooking and it seems to be my gift from God. I like to prepare and enjoy doing little things.

Smith moved to Floyd County in 1968 and returned to her home in 1979. She says Floydada is a beautiful town and she and her three children are enjoying living here.

Smith's special recipe for marinated cold slaw, fresh apple cake and apricot Jello salad are the three she has chosen to share.

Marinated Cold Slaw
 1 medium head of cabbage
 1 small onion
 1 tsp. celery seed
 1 T salt
 2 tsp sugar
 1 tsp dry mustard
 Shred cabbage, slice onion in thin slices, layer cabbage and onion rings and top with 7/8 cup sugar. Mix together celery seed, salt, sugar, and dry mustard. Mix together 3/4 cup Crisco oil and 1 cup vinegar, and bring to a boil.

Pour over the slaw while hot. Cover and let set for three or four days. Put in a container with tight lid. Turn the container a couple of times a day up-side-down the four days of marinating.

Keeps extra well for three weeks in refrigerator.

Fresh Apple Cake
 1 cup white sugar
 1 cup brown sugar (packed in cup)
 1 1/2 cups cooking oil
 2 T vanilla
 2 well beaten eggs
 Juice of 1/2 lemon about 1 1/2 tablespoons
 1 t salt
 3 cups flour
 1 1/4 soda
 1 1/2 cups pecans (chopped)
 3 cups peeled and chopped fresh apples.

Combine sugar, oil, vanilla, eggs, lemon juice and salt in mixing bowl. Beat well. Mix flour and soda. Add to first mixture and beat well again. Add apples and pecans. Mix well. Bake in tube pan well-greased and floured. Bake 1 1/2 hrs. 325 degrees.

Apricot Jello Salad
 2 3 oz. boxes apricot Jello
 2 small bottles 7-Up
 1 small container sour cream
 chopped nuts 1/2 cup
 1 small can pineapple with juice
 Heat and dissolve one box of Jello with 1 bottle of 7-up. Cool. Mix all other ingredients with the remaining 7-Up, including the other box of Jello.

Add to the first box of Jello that you have prepared. Pour in mold. Serves 10.

VA News

The Veterans Administration and the Department of Labor have joined forces to remind recently discharged servicemen and women of their employment rights.

VA is including in an information kit it sends to new veterans a Labor Department flyer detailing the employment rights federal legislation mandates for them.

Officials of the two agencies believe the flyer will aid veterans confronted with employment problems, many of whom are unaware of the rights they have in this area.

INTS FOR HOMEOWNERS

An Investment That Grows

A tree in your yard can be like money in the bank. Several studies in recent years have shown that well landscaped homes will not only sell more quickly, but will go for a higher price. As much as 20 percent more, according to one U.S. Forest Service study.

Smart landscaping can enhance the value of your property.

The financial advantages don't stop there, either, say the experts at the American Association of Nurserymen, called "the green survival people."

The high cost of heating and cooling homes has brought a great deal of attention to ways to reduce energy consumption. Reliable studies have shown that winter fuel use can be cut as much as 30 percent and more when a wind-barrier of evergreen trees protects a home on the north and west sides. Vines growing on the same sides of a home will insulate the walls much like storm windows and save valuable heating costs.

Savings in summer can be realized by using shade trees on the south and west sides to shield the walls and windows from direct rays of the sun. Another advantage in this is that windows can often be left open longer during the day to allow the tree-cooled breezes into the home.

COTTON TODAY

County women to attend FHS meeting in Lubbock. Mmes. W.W. Trapp, J. Huckabay, Herman Huffman, W.A. Stewart, G.W. Smith, Everett Miller, O.G. Field and Sharon Hillis, are extension agent.

Linda C. Hillman named to dean's list.

Mr. and Mrs. Billy Fulton family spent from Thursday until Monday at Possum Island.

Act play winners at district were Craig Hambricht, Rick Cheek, Dana Woody, Bob Green, Ray Foster, Craig Hambricht, Nesa Johnson, Bill Whitaker, Greg

VA News

The Veterans Administration and the Department of Labor have joined forces to help recently discharged women and men of employment rights.

The VA is including in an information kit it sends to veterans a Labor Department flyer detailing the employment rights federal law mandates for veterans.

Officials of the two agencies believe the flyer will aid veterans confronted with employment problems, many of whom are unaware of the rights they have in this area.

POINTS FOR HOMEOWNERS

Investment That Grows

Money in your yard can be a great deal of money in the bank. Studies in recent years have shown that well landscaped homes will not only increase in value, but also sell for a higher price. A 20 percent more than to one U.S. Forest Service study.

Q -- How do I get educational benefits for my child?

A -- Complete VA Form 22-1990 with a copy of your DD Form 1300 nearest VA regional office. You may submit the application as much as 90 days before the classes begin.

Q -- How do I get educational benefits for my child?

A -- Complete VA Form 22-1990 with a copy of your DD Form 1300 nearest VA regional office. You may submit the application as much as 90 days before the classes begin.

Landscaping can increase the value of your property. Financial advantages are many, either, say experts at the American Society of Nurserymen, the green survival.

High cost of heating cooling homes has led to a great deal of energy conservation. Reliability have shown that solar fuel use can be as much as 30 percent less when a windbreak evergreen trees are planted on the west sides. Vines on the same sides will insulate the home like storm windows and save valuable energy.

In summer can be cooled by using shade trees on the north and west sides of the walls and windows. Direct rays of the sun through the windows can be kept out longer day to allow the breezes into the

FARM & RANCH NEWS

USDA Announces Rules For Reducing Or Suspending Food Stamps

Department of Agriculture Bob Bergland disclosed the major features of the new regulations, which will be used to suspend or reduce food stamp benefits, if the procedures states must be followed. Funds for the food stamp program will be depleted by the new regulations, and the duration or severity of a cutback, Bergland said.

"A cut in food stamp benefits would pose a nutritional threat to these people," Bergland said. "Studies show the food stamp program has improved the diets of the poor over the last ten years. But food consumption surveys also have found that households spending consistently at the level of the Thrifty Food Plan — the shopping plan on which food stamp benefits are based — did not get nutritionally adequate diets."

"We are talking about households with an average income of \$3600 a year," he said. "These people can least afford to absorb a reduction in purchasing power. The pressure to provide emergency help will be great for state and local governments and private agencies that are also strapped for funds."

Bergland said the food stamp program is running out of money because annual spending ceilings set in 1977 were not high enough to accommodate recent food price inflation, projected increases in unemployment, increased participation, and the fact that a large number of new participants are poorer than expected and qualify for larger benefits.

The initial food stamp appropriation for this year was limited to \$6.2 billion, according to Bergland, although the

administration and lawmakers knew it would not be sufficient. He said additional funds cannot be provided until the \$6.2 billion ceiling is removed or raised.

USDA is requesting a supplemental appropriation of \$2.65 billion to fund the program for the last four months of the fiscal year, Bergland said.

Regulations authorizing a suspension or reduction of food stamp benefits will be published in the April 1 Federal Register.

Joe D. Unfred of New Home April 2 was elected to a second one-year term as President of Lubbock-based Plains Cotton Growers, Inc. Prior to his election as President in 1979, Unfred had served two years as Vice President, two years as Secretary-Treasurer and a total of 15 years as the Lynn County producer director to PCG.

Incumbents Gary Ivey of Ralls, Vice President, and Charles Axtell of Springlake, Secretary-Treasurer, were also re-elected. Ivey has been a producer director from Crosby County since 1972 while Axtell, a relative newcomer, was first elected to the Board from Castro County in 1977.

The Board meeting and election came after the 25-county organization's annual membership meeting in the Lubbock Civic Center. An estimated 300 farmers and cotton-related businessmen were in attendance.

Speakers at the annual affair included Murray Williams of Altus, Oklahoma, Chairman of the Cotton Board; P.R. "Bobby" Smith, Assistant USDA Secretary for Marketing and Transportation, and Nick Hahn, Cotton Incorporated (CI) Vice President for Sales and Marketing.

Smith and Williams used the occasion to assure producers that USDA and the Cotton Board are each determined to fulfill their respective oversight roles in CI affairs.

The Cotton Board takes very seriously the criticism heard in the past several months, Williams said, "and I can assure you that we are totally dedicated to correcting the concerns cited."

Hahn used his time on the program to expound on some of CI's major accomplishments since its inception in 1967, including 100 percent cotton no-iron shirts, easy care cotton blouses and sheets, flame retardant fabrics and others.

In the President's annual address, Unfred reviewed some of PCG's 1979-80 activities on behalf of area producers and stressed the need for maintaining a strong and effective regional organization. Among major problems facing area producers in 1980-81 he listed U.S. Department of Labor interpretations of the Farm Labor Contractor Registration Act, a pending Internal Revenue Service ruling that could greatly increase the producer's tax load, and the need to develop and pass a more acceptable cotton program for the years succeeding 1981.

PCG Executive Vice President Donald Johnson reported an increase in PCG dues revenue over the past two years as a result of larger crops and a higher level of participation. However he cautioned that as inflation roars ahead it is becoming more and more difficult each year to "stretch the dollars."

Farm Bureau Facts

On January 4, 1980, this column discussed Executive Order 12185, signed by President Carter on December 17, 1979, which has two major purposes:

- (1) to require all federal agencies to adopt rules which would make the obtaining of financial assistance from them dependent upon the applicant's "conservation of petroleum and natural gas," as determined by the administrators; and
- (2) to require that no present or future financial assistance will be maintained or awarded unless it complies with the new rules, as determined by the administrators.

February 29, 1980, the USDA requested public comment on 15 program areas in which it believes energy savings can be made by recipients of loans and grants. The 15 areas are the agricultural conservation program under Agricultural Stabilization Conservation Service; rural housing; site development loans; farm labor cooperative housing; rural rental housing loans; rural housing building and repair loans; business and industry loan programs; rural housing loans and grants; community facilities loans; water and waste water development grants and loans; farm ownership, farm operating, and soil and water conservation loans; feasibility studies on the financing of pilot self-sufficiency energy districts to serve selected farm communities; rural forestry assistance; REA loans and loan guarantees; and watershed protection and flood prevention programs administered by USDA's Soil Conservation Service.

As an example of the proposals in one of these 15 program areas, the USDA is encouraging each state to establish a list of key practices for energy conservation related to farm ownership, farm operating, and soil and water conservation loans. The list will be provided to county Farm Home Administration offices as resource material for county supervisors in working with, and evaluating, loan applicants. Three broad categories of practices, and some examples of each, have been established:

- (1) Land Development: Wind and solar powered equipment for pumping and irrigation; structural designs that exploit gravity flow where possible; methane generators for handling barnyard waste.
- (2) Building Development: Retrofit existing buildings to meet new FmHA standards; utilize wood-burning facilities; orient buildings to utilize solar energy.
- (3) Farm Operations: Expand minimum tillage; use more alternate energy sources.

Copies of the USDA request for public comment are available from this office. Comments must be received by April 7, 1980, and should be directed to Dr. Linley Juers, OBPE, Office of the Secretary, Room 117-A, U.S. Department of Agriculture, Washington, D.C. 20250, (202) 447-6667. Specific new regulations for the 15 program areas will be proposed in the "Federal Register" on May 7, 1980, and public comment on the proposals will be possible until June 9, 1980. USDA's present schedule is to publish final rules on June 17, 1980.

MILK FACTS

USDA's publication, "Federal Milk Order Marketing Statistics" for December 1979 reports that for the month of December 1979: minimum Class 1 price, \$13.35; blend, \$12.50; producer deliveries up to 3.2 percent; producer milk used in Class 1, down 1.6 percent; 52 percent of deliveries used in Class 1; in-area fluid sales — (adjusted) down 1.4 percent.

The same publication reports the 1979 annual highlights as follows: minimum Class 1 price, \$12.88; blend \$11.97; producer deliveries up 1.7 percent; producer milk used in Class 1 down 0.3 percent; 52 percent of deliveries used in Class 1; in-area fluid sales — (adjusted) down 0.2 percent.

Total milk production in the United States during 1979 is reported at 123,623 million pounds compared to 121,609 million pounds in 1978 (these figures do not include milk sucked by calves).

During 1979, 64.23 percent of all milk produced was produced within one or more of the forty-seven federal marketing areas, compared to 64.22 percent during 1978.

BEEF IMPORTS

The U.S. International Trade Commission announced in the "Federal Register, 3-18-80, page 7283 that as of March 6, 1980, they were terminating nine countervailing duty investigations concerning frozen, boneless beef from the European communities.

AGRICULTURAL CENSUS

Title 13, Section 142 of the United States Code reads as follows:

(a) The Secretary (of Commerce) shall in 1979, in 1983, and in every fifth year beginning after 1983, take a census of agriculture.

(b) In conjunction with the census to be taken under sub-section (a) of this section in 1979, in 1988, and every tenth year beginning after 1988, the Secretary shall take a census of irrigation and drainage.

(c) The data collected in each of the censuses taken under this section shall relate to the year immediately preceding the year in which such census is taken.

Unlike the frequent voluntary crop and livestock reporting surveys done by the Economics, Statistics, and Cooperatives Service of the Department of Agriculture, the agricultural censuses done every five years by the Bureau of Census in the Department of Commerce supposedly require mandatory participation by farmer producers. In theory, a farmer is subject to penalties for refusing or neglecting to answer questions on the census, or for giving false answers. Title 13, Section 221 of the United States Code reads as follows:

(a) Whoever, being over eighteen years of age, refuses or willfully neglects, when requested by the Secretary, or by any other authorized officer or employee of the Department of Commerce... to answer, to the best of his knowledge, any of the questions on any schedule submitted to him in connection with any census or survey provided for by... this title, applying to himself or to the family to which he belongs or is related, or to the farm or farms of which he or his family is the occupant, shall be fined not more than \$100.

(b) Whoever, when answering questions described in subsection (a) of this section, and under the conditions or circumstances described in such subsection, willfully gives any answer that is false, shall be fined not more than \$500.

(c) Notwithstanding any other provision of this title, no person shall be compelled to disclose information relative to his religious beliefs or to membership in a religious body.

Agricultural censuses by the Department of Commerce every five years, instead of every decade as previously, had been authorized as early as Public Law 85-207, passed by the Congress of the United States in 1957. However, at that time, the penalties for refusal or neglect by a farmer to answer agricultural census questions provided to him by the Secretary of Commerce included possible imprisonment for up to 60 days, as well as the possible fine of up to \$100.

LIGNITE DECISION

On March 19, 1980, the Texas Supreme Court announced an important decision in the case of Reed V. Wylie. The issue in the case was whether an interest in lignite coal in conveyed to a mineral owner or lessee, by a grant or lease, from the surface owner, of "oil, gas and other minerals." The Supreme Court ruled that the surface owner retains title to the lignite coal, if several conditions are met:

- (1) in the "reasonably immediate vicinity," or within half a mile as a matter of law, the lignite coal deposit is at the surface; or,
- (2) on the property, the lignite coal deposit is "near the surface," that is, within 200 feet from the surface as a matter of law; and,
- (3) a reasonable method of removal, such as strip mining, would consume, deplete, or destroy the surface.

The new decision is expected to clarify the previously uncertain legal question as to who owns the lignite, after a typical oil and gas conveyance. If a lignite deposit meets one of the first two conditions above, and if it is reasonable to use strip mining, then the Supreme Court decision clearly holds that the title to the lignite remains with the surface owner, who can thereby protect his land if he desires. He would lose his title to the "lignite" only if he specifically conveyed it away, by name. The decision applies to all areas of Texas, and is particularly important in the thousands of acres of the "lignite belt" from Texarkana to Tilden.

TAX CONSULTANT CONTRACTS

The Texas Property Tax Board has

COTTON TODAY

NATIONAL COTTON COUNCIL SERVICE

Cotton Council President Propst, Anson, Texas, cotton testimony filed recently with the appropriations subcommittee of the explosion of government has been a major factor in the decline of productive agricultural. He noted research has been many instances have been projects necessitated by cotton that frequently are "overly unnecessary, impractical, and unproductive." He said Congressional action to eliminate needless restrictive regulations would allow directed toward reducing costs and increasing future productivity to about hiking current outlays.

A task force of more than 200 cotton growers and processors after a two-year study of every cotton research, has recommended an increase in cotton scientists from the current level of 431 to 600.

Shipment of 294,300 running bales of cotton during the week ending March 23 topped last week's near record of 287,000 bales. Net new sales for the marketing year delivery were 1,000,000 bales. The major buyers were

China, 20,500, and Korea, 19,500. Sales of 299,400 bales for 1980-81 delivery were primarily to China (230,000), bringing the total commitment for 1980-81 to 918,300.

A decision by the Ninth Circuit Court of Appeals could have important implications for individual cotton producers, ginners, and others who are presently subject to registration provisions of the Farm Labor Contractor Registration Act (FLCRA). The court upheld a lower court ruling that corporations can act personally and therefore are exempt from FLCRA requirements.

Although the act specifically exempts farmers, and ginners, and other agricultural employers who "personally" engage in hiring and recruiting, the Labor Department has said corporations, including family farms and cotton gins, cannot act personally and are therefore not exempt. The agency continues to hold to the narrow view that anyone employed in agriculture is a migrant worker.

Slater's mill, built in Pawtucket, R.I., in 1793, was the first to successfully spin cotton by waterpower.

Public Notices

NOTICE OF INTENTION
To Engage in Weather Modification Operations
Within the State of Texas

NOTICE IS HEREBY GIVEN THAT Plains Weather
Improvement Association, Inc., P.O. Box 1627, Plainview,
Texas 79072, which holds Weather Modification License
No. 80-3 of the State of Texas issued January 21, 1980
intends to engage in an operation to change or attempt to
change by artificial methods the natural development of
appropriate atmospheric cloud forms or precipitation
forms which occur in the troposphere and will conduct a
program of weather modification for rain increase and hail
damage reduction; as follows:

1. The area in which equipment will be operated and the
target area are coterminous and are described as follows:
Floyd County Election Precincts 3, 4, 7, 16 and 18;
Hale County Election Precincts 1, 2, 4, 5, 6, 7, 8, 10,
12, 14, 15, 16, and 17;
Castro County Election Precincts 6, 7, 10, 11 and 16;
Lamb County Election Precincts 1, 2, 3, 6, 9, 12, 13, 15,
16,

being that area originating at Highway 86 and the
Parmer County Line, then east on Highway 86 to Highway
1055, then south to Highway 1524, then east approxi-
mately 13 miles to the northeast corner of precinct number
10, then approximately 3 miles north to the northwest
corner of precinct no. 6, then approximately 10 miles east
to the Swisher County line, then south to the Hale County
line, then east on Hale County line to the northeast corner
of Hale County, then east on the Floyd County line
approximately 5 1/2 miles to the northeast corner of Floyd
County precinct no. 7 (which is the northeast corner,
section 33, block B-4, Floyd County), then south 7 miles to
the northwest corner of Section 60, Block D-2, Floyd
County, then east approximately 2 miles to the intersection
of Highway 378 and Highway 2286 (which is the northeast
corner, Section 59, Block D-2, Floyd County), then south
approximately 5 1/2 miles on Highway 378 to the
southeastern corner of Section 935, Block D-2, Floyd
County, then west to southwest corner of Section 935,
Block D-2, Floyd County, to the southeast corner of Section
501, Block D-2, Floyd County, then west to the northeast
corner of Section 73, Block G Floyd County, then
approximately 7 miles south to the northern boundary of
precinct no. 4, then approximately two miles east to the
northeast corner of precinct no. 4, then south along the
eastern boundary of precinct no. 4, five miles to the
southeast corner of Section 25, Block G-2, Floyd County,
then approximately 2 1/2 miles west, then approximately 1
mile south and then 1 1/2 miles west following the
boundary of precinct no. 4 to the eastern boundary of
precinct no. 16 (which is the northeast corner of section 5,
Block H, Floyd County), then south approximately 8 miles
to the Crosby County line on Highway 378, then west to
the southeast corner of Hale County, then north
approximately 13 miles on the Floyd-Hale County line to
the southeast corner of precinct no. 2, Hale County, (which
is 1.6 miles north of the intersection of highway 784 and
the eastern Hale County line), then west to the northeast
corner of Section no. 60, Block R, Hale County, then south
to the southeast corner of Section 58, Block R, Hale
County, then west to the northwest corner of Section 36,
Block R, Hale County, then south to the southeast corner
of Section 8, Block R, Hale County, (which is a point on
Highway 37), then west to the southwest corner of Section
14, Block R, then north to the northwest corner of Section
18, Block R, then west approximately 5 miles to the
northwest corner of Section 36, Block A-4, then south to
the southeast corner of Section 51, Block A-4, then west to
the northeast corner of Section 94, Block A-3, then south to
the southeast corner of Section 93, Block W, then west to
the northeast corner of Section 6, Block W, then south to
the southwest corner of Section 3, Block W, then south to
the northeast corner of Section 1, Block DT, then west to
the Lamb County line, then south on the Hale-Lamb
County line to the southeast corner of Lamb County, then
west eight miles along the Lamb-Hockley County line to
the south-west corner of Precinct no. 3, then north on
Highway 1072 to the intersection of Highway 2197 with
Highway 1072 (which is the southeast corner of Labor 10,
League 756, State Capitol Lands), then west 4 miles on
Highway 2107 to the southwest corner of Labor 8, League
658, State Capitol Lands, then north to the northwest
corner of Labor 3, League 658, State Capitol Lands, then
west to the southwest corner of Labor 25, League 651,
State Capitol Lands, then north to the northwest corner of
Labor 5, League 643, State Capitol Lands, then west to a
point 4 miles north of Highway 37 on Highway 385 (which
is the southwest corner of Labor 21, League 635, State
Capitol Lands), then north approximately 5 miles on
Highway 385 on its intersection with the southern
boundary of precinct no. 15 (which is the southeast corner
of Section 29, Block T-1, Lamb County), then west to the
southwest corner of Labor No. 25, League 234, Dallam
County School Lands, then north to the northwest corner
of Labor 5, League 234, Dallam County School Lands, then
west to the Lamb-Bailey County line, then north to the
northwest corner of Lamb County, then east along the
Lamb-Parmer County line to the southwest corner of
Castro County, then north along the Parmer-Castro
County line to the beginning point;

2. The initial license was issued to Plains Weather
Improvement Association on December 19, 1972. The
license has been renewed each year. Capitol Lands, then
west to the southwest corner of Labor 25, League 651,
State Capitol Lands, then north to the northwest corner of
Labor 5, League 643, State Capitol Lands, then west to a
point 4 miles north of Highway 37 on Highway 385 (which
is the southwest corner of Labor 21, League 635, State
Capitol Lands), then north approximately 5 miles on
Highway 385 on its intersection with the southern
boundary of precinct no. 15 (which is the southeast corner
of Section 29, Block T-1, Lamb County), then west to the
southwest corner of Labor No. 25, League 234, Dallam
County School Lands, then north to the northwest corner
of Labor 5, League 234, Dallam County School Lands, then
west to the Lamb-Bailey County line, then north to the
northwest corner of Lamb County, then east along the
Lamb-Parmer County line to the southwest corner of
Castro County, then north along the Parmer-Castro
County line to the beginning point;

3. The materials and methods to be used in conducting
the operation include the application of silver iodide by
aircraft to clouds selected by qualified meteorologist
employing the use of a weather radar unit.

4. Person (s) who will be in control and in charge of the
operation will be approved personnel of Weather
Modification, Inc. of Bowman, North Dakota.

5. The operation will extend during the period beginning
March 1 through October 31 for the years 1980 through
1983.

Individuals or organizations interested in the proposed
operation may contact the following:

Weight Control, Diet Problems Topics Of Seminar Seminar

A Weight Control Seminar will feature information to help consumers with weight control problems and exercises. The special program will be held at 7:30 p.m. Tuesday, April 29, 1980 in the Centennial Room at the Hale County State Bank. The program is free and is sponsored by the Hale County Family Living Committee.

Featured speaker will be Mrs. Mary K. Sweeten, Food and Nutrition Specialist with the Texas Agricultural Extension Service, College Station.

Mrs. Sweeten has had extensive experience in dietary analysis and is a noted authority in this area. She is a registered dietician. She received her B.S. degree in home economics from the University of Texas, completed a dietetic internship at Indiana University Medical Center and received her M.S. in food, nutrition and institutional administration from Oklahoma State University.

Before coming to the Texas Agricultural Extension Service she worked as Therapeutic Dietician, Administrative Dietician, and research associate. Mrs. Sweeten is a native of Big Springs and the granddaughter of the late County Judge

John Edward Kinney from Roberts County.

Mrs. Sweeten will be bringing information about weight control, weight related problems, fad diets, exercise and ways to lose weight and keep it off. She will be giving a slide presentation and lecture covering weight control followed by a question and answer period.

Information will be given to the group on "Look Your Best While Losing Weight" by Mrs. Wynon Mayes, County Extension Agent. Included will be suggestions

for dressing thin, how to create the thin look with sleeves, necklines, color, patterns and accessories.

A variety of educational pamphlets will be given free to those attending. If you have specific diet problems related to weight control plan now to attend this educational program on Tuesday, April 29, 7:30 p.m. in the Centennial Room of the Hale County State Bank. The public is invited to attend. For additional information, contact Mrs. Wynon Mayes, County Extension Office, 296-7466.

VA News

Q -- What is the new interest rate on Veterans Administration guaranteed home loans?

A -- The maximum rate for VA as well as FHA loans is 13 percent as of Feb. 28, 1980. Because the rate goes up and down with changes in the "money market", you should check with a lender or local VA office at the time you plan to buy.

OF INTEREST TO WOMEN

Best Buys!
Best food buys at Texas grocery markets for the next two weeks include pork, poultry, eggs, salad greens, potatoes and carrots.

Fresh-fruit season is just beginning, so be on the lookout for strawberries, pineapples, oranges, apples and melons, too says Dr. Carol Akerman, consumer information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

April price-quality trends are:
Meat -- Pork is the "glamour" buy, followed by chicken and turkey.

Canned hams and bacon are features in many markets, along with whole chickens or fryer parts.

Chicken is still the top buy when you consider price per pound and nutritive value, though.
Beef prices remain high -- but careful shoppers can put variety into meals economically if they'll choose from the less-expensive cuts. Less-expensive cuts include round steaks, beef briskets, short ribs, ground beef and chuck cuts.

Egg prices continue low. When there's only a few cents difference between jumbo and large sizes, jumbo is the better buy. Refrigerate eggs to maintain their quality. Also, since they're protein food, cook them slowly at a low temperature for best results.

Vegetables -- are becoming more abundant.
Add variety to salads by selecting from these lettuces:

bibb, romaine, red-leaf and curly endive. Fresh cabbage and spinach also make excellent salad ingredients.

Here's another salad idea: use cucumbers, bell peppers, green onions and tomatoes as special salad items.

They'll be plentiful in upcoming weeks, and since each has a unique flavor, select a combination, add your special dressing and a sprinkling of celery seed or dill, and you'll have a tantalizing salad.

Other plentiful vegetables are carrots, sweet potatoes and onions. In fact, as we enter spring, many vegetables will enjoy supply increases accompanied by price drops. Each week, then, introduce one or two seldom-eaten vegetables into your family's diet -- for additional variety and interest.

Fruits -- Strawberries, pineapples and peaches are excellent buys. Remember, these are seasonal, so you can easily freeze them for later use, or make them into jellies, jams and preserves. That would be an economy-wise thing to do, because usually when a fresh-food item is plentiful, its price is lower. Of course, the same item in frozen or canned form usually has lower prices as well.

More plentiful fruits include a variety of apples and oranges.
Give cantaloupes and honey-dews a few more weeks for peak flavor and ripeness, though.

In general, remember, you can add variety and interest to meals economically -- by using the best buys.

Lakeview News

BY JOYCE WILLIAMS

Mr. and Mrs. Ronald Bertrand, Vernon, were Easter weekend hosts to Mr. and Mrs. William Bertrand, Mr. and Mrs. Martin Warren (Jill) and children Leslie and Will, of Tahoka, and Mr. and Mrs. Randy Bertrand, Angie and Misty of Lakeview Community. Ronnie works for the Texas Agriculture Office in Vernon. He and Betty Sue have a little girl, Shelley, who is almost three. In fact, all Faye and Williams little granddaughters are three years old or nearly.

Angie is a school girl, active in Scouts. William, Randy and Ronnie Bertrand and Martin Warren were fishing at Lake Kemp while all were together Easter and brought back a good supply of fish. The best luck they've had in years they report. The families all had a big fish fry Saturday night, and still had fish to bring home.

Mrs. Agnes Robinson and a friend, Mrs. Mildred Thompson, both of Crosbyton, came over on Tuesday to visit Agnes' cousin, Mrs. Viola Brown. The ladies then drove in the Floydada for shopping and medical and dental appointments.

Little Master Andy Brown visited his great-grandmother, Mrs. Viola Brown Monday through Thursday. Mrs. Brown's brother, Frank Smith, visited her from Floydada on Wednesday.

Mr. and Mrs. W.M. Hambricht attended church services Easter Sunday. This was the second time they've been able to do so since Mr. Hambricht slipped on ice and broke his ankle back on Dec. 12. He was in the hospital twenty-seven days and has had to stay close at home for the past four months. He walks with a cane now, but both are so glad to be able to get out an drive places now that his ankle is mending. Bob Hambricht came by to visit his parents Monday.

Mr. and Mrs. Jackie Ward (Johnny) of Lubbock visited her parents, Mr. and Mrs. oe Thurston Saturday and Sunday for Easter.

Mr. and Mrs. Charlie Wright took their camper up to McKenzie Dam Easter Sunday. There they were joined by their daughter Charlene, and her husband Don Martin of Muleshoe, their children Terrie, age 16, and Charles, age 10. Also present for the campout was Don's parents, Mr. and Mrs. K.B. Martin of Muleshoe, and Scott Hyth, a school friend of Charles. They all spent the night there, as the children's school was out on Monday. Everyone enjoyed cooking supper outdoors and the weather was beautiful Sunday. They planned to go fishing on Monday, but the wind and sand blew so bad the Martin's left shortly after noon. Mary and Charley returned to Floydada late in the evening, and all enjoyed the outing.

Mr. and Mrs. Joe Dunn have parked their mobile home at Cross Plains, in the area of Lake Proctor and Lake Brownwood. They went down week before last to stay in their trailer and visit Mr. and Mrs. L.M. Handley, formerly of Floydada. Mrs. Dunn has nearly completed the twelve days of Christmas plates she is China painting for her daughter, Norma. She is doing a set for both girls, but each set is completely different. Her mother, Mrs. Hathe Fuqua, of the Bivens Nursing Home in Amarillo, continues to do well, and maintain her cheerful outlook on life.

Mr. and Mrs. Wayne Appling enjoyed a concert by the Chuck Wagon Gang Friday evening at the Lubbock Civic Center Auditorium. Their music was as beautiful as ever, and has several new singers, but the same familiar sound.

Mr. and Mrs. Bob Aldridge entertained all their children at home recently the weekend before Easter. They celebrated three birthdays in one for Roger, Mark and Karen. Karen's husband, Tommy Klein and son, Jonathan also were present for the festivities. Karen teaches Remedial Reading at Dupree Elementary School in Lubbock. Steve Aldridge was also home for the party. He teaches at the Lazbuddie school.

Mrs. Linda Morris, Floydada, visited Mrs. Wayne Appling Tuesday morning. Mr. and Mrs. Q.D. Williams, Mrs. Andy Goodwin and daughter Hillary, of Wright City, Oklahoma, spent Easter weekend at Truscott visiting Edgar Jones, Mrs. Williams father. Also present were Mr. and Mrs. James Williams and new baby daughter, Ashleigh, of Midland. Mrs. Joyce Williams and Mrs. Nancy Goodwin visited in Midland with the new baby and her family.

ridge entertained all their children at home recently the weekend before Easter. They celebrated three birthdays in one for Roger, Mark and Karen. Karen's husband, Tommy Klein and son, Jonathan also were present for the festivities. Karen teaches Remedial Reading at Dupree Elementary School in Lubbock. Steve Aldridge was also home for the party. He teaches at the Lazbuddie school.

Triumphs Of Science

1980 MARKS START OF HELPFUL SYSTEM

Science took a major step forward on Dec. 8, 1976, when the Federal Communications Commission (FCC) granted authority to broadcasters to televise "closed captions" for the approximately 14 million hearing-impaired persons in the U.S.

Soon the hearing-impaired will be able to read the audio portions of many programs on their TV screens.

"Closed captioning" is a new system of printing the audio portions of programs as subtitles on TV screens. To receive closed captions, viewers must attach an adapter unit to their sets or use a special TV set with built-in decoding equipment. The home decoding equipment will be sold by Sears, Roebuck and Co.

This system, beginning in 1980, was developed by the Public Broadcasting Service under a contract with the former Dept. of Health, Education and Welfare. The National Captioning Institute, an independent, non-profit organization, will handle the closed-captioning of programs for PBS, ABC and NBC, as well as for other interested program producers and broadcasters.

Triumphs of Science
MARKS START HELPFUL SYSTEM
science took a major step
ward on Dec. 8, 1976,
in the Federal Communi-
cations Commission (FCC)
granted authority to broad-
casters to televise "closed
captioning" for the approxi-
mately 14 million hearing-
impaired persons in the U.S.
Closed captioning is a
system of printing the
portions of programs
subtitles on TV screens.
receive closed captions,
viewers must attach an
external unit to their sets or
a special TV set with
built-in decoding equip-
ment. The home decoding
equipment will be sold by
Roebeck and Co.
This system, beginning in
1977, was developed by the
Federal Broadcasting Service
under a contract with the
Dept. of Health, Education
and Welfare. The
National Captioning Insti-
tute, an independent, non-
profit organization, will
provide the closed-captioning
programs for PBS, ABC,
NBC, as well as for
interested program
producers and broadcasters.
