PHILIPPE AND ANN [ZANELLO] PONCELIN d'ECHEVANNES

Former Foreign Exchange Student Returns For A Visit

Editor's note: Ann [Zanello] Poncelin d'Echevannes of Paris, France and her husband, Philippe, were in Lockney this week for a visit in the home of J.D. and Arla Copeland. Ann was a foreign exchange student and attended Lockney High School in the 1965-66 school year. Her last visit to Lockney was in 1969.

Ann and Philippe arrived in New York City June 16 on a flight from Paris. Ann has a friend that they stayed with for four days. They then flew to Amarillo where the Copelands' daughter, Celia met them and they returned with her to her home in Lubbock. They came to Lockney this past Saturday.

After attending Lockney High School, Ann returned to France and completed her high school studies and then attended Toulouse University in the south of France. She received her B.A. in English. It was there that she met Philippe who was a sergeant in the French Army Air Force. He returned to Paris and entered the printing industry. They were married in 1971 and they both work in Paris.

Philippe is an instructor in the copying machine business where he trains salesmen to run the machines and Ann is a payroll secretary for a low income housing project.

They live 10 miles east of Paris in a suburb of Chelles near the Marne River, a branch of the Seine. They commute back and forth by train, subway or bus.

Philippe, who speaks little English, is on his first visit here. With Ann acting as his interpreter, he expressed his feelings for Texas. "The life here is very different. I feel that the people know each other more and have more social life. I love the houses and the space. There is room for gardens. Everything is not crowded."

Ann explained that they did not know many people around them. Although they have many friends in Paris, the friends may live

50 miles from them. Philippe continued, "We visited a farm this morning. Everything is spread out and there is such a diversity of crops. I also enjoyed seeing the feedlot. Here everything is organized, everyone does his job."

Ann added that France is four-fifths the size of Texas and the farms are small.

"The lifestyle here is different. This is a total change. If we go to Italy, things are different but many things are the same. Here, everything is different. I enjoy the hospitality of Texas people. They do not try to impress us, but rather to show us a good time," said Philippe.

Ann and Philippe have two daughters Ann, age 8 and Stephanie, age 5. The girls remained in France with Ann's mother while they completed the school year. After school is out at the end of June, the children and Ann's mother will travel to the south of France.

The school system there is similar to the schools in America. They attend 13 years and then a student can attend a university. The better jobs go to those with a degree.

Several years ago, a test was taken at the end of the ninth grade to determine who qualified to attend the academic high school. The remainder attended a less difficult school. Now, everyone attends the same high school.

Unemployment is high in France. 1,500,000 are now out of work. There are many immigrants from all over the world, especially from French colonies Africa and Vietnam.

They come from Poland, Spain, Turkey, Lebanon, Yugoslavia, and even as far away as Chile. This has contributed to the high unemployment.

"People know France is free and they go there seeking freedom. Sometimes they are disappointed because they are exploited. They are forced to work in sweat shops for very low wages. Our television recently broadcasted some information con-

cerning the exploitation of these people and the conditions under which they live," Ann said. "Many were sold false papers and have lived hidden out in France for six or eight years. They work in their homes for little pay. There is an investigation going on now to try to stop this exploitation. Many of the Vietnam 'boat people' have come to France. Usually the more affluent are the one who escaped the communist government. They are the doctors, dentists and lawyers. But in France, they are not qualified to practice their profession. It is very sad."

Rosie Rendon, center director, announced that there will be a general meeting held at the Community Center June 30, at 7:30 p.m. The purpose of the meeting is to discuss programs available to the public. Any suggestions will be appreciated to better the programs. Community Center is located under water tower.

Summer Event Planned By The Museum Board

A three day "Summer Event" has been planned by the Museum committee to coincide with the Rodeo on July 17-19. There will be an Open House, Senior Citizens Day, and a Sidewalk Arts and Crafts Show.

The "events" are planned for the daylight hours to complement the county rodeo programs at night.

The first day, Thursday, an Open House is planned with special exhibits, and an antique quilt show. Gladys Jones is chairman of that event. Senior Citizens Day is planned for Friday, and invitations are being sent to those groups in the

Harmony Is The Key Word For The Texas Republican Convention

Harmony is the one word description of the State Republican Convention in Houston according to John Farris, county committee chairman. Twenty-five resolutions were passed on with "no roll call vote."

"The party is as unified as they have ever been since I've been with them," Farris said, "that's the last 25 or 26 years."

Speakers at the convention "laid it on Carter" and stoutly supported Ronald Reagan. Farris said that there were no recommendations for Vice President, "no one even brought up the question of a running mate." Two Texans, John Connally and George Bush, are in the running, but evidently the delegation is leaving the choice up to Reagan.

The 25 resolutions included a support of agriculture to "promote legislation to encourage the sale of raw agriculture products in the market, at prices on par with the rest of the economy."

The Texas Republicans are against busing, "proposes an amendment to the constitution which would permanently eliminate forced busing for social goals." They also "support the abolition of the Department of Education and to return total control of education to local schoolboards and state agencies."

The delegates were opposed to the ERA and opposed to any further extensions of time for ratification. They were also opposed to any legislation leading to further

development of a national health insurance plan; and that solutions to health care needs of the people be carried out through the private sector.

The Texas Republicans have taken a pro-life stand and urge the Congress to propose a Human Life Amendment which would protect innocent human life both young and old at every stage of biological development.

In the matter of tax reduction, "be it resolved that federal laws should be adjusted to provide a \$10,000 annual exemption for gifts; a \$250,000 state tax exemption; an income tax exemption appropriate to present levels of double digit inflation to be adjusted annually based on the inflation rate; and an exclusion of the first \$10,000 of earned income

from savings accounts, certificates of deposit, money market certificates, treasury bills, stocks, and bonds.

As far as the welfare programs, they said that "we find the present 'hand out' system degrades the recipient and promotes laziness...therefore, be it resolved that we support the reform of all welfare programs for the purpose of returning control of such programs from the federal government to the states and counties, denying welfare payments to individuals who are able to work, but refuse to work, and restricting the eligibility of food stamp recipients to the truly needy."

Delegates from Floyd County to the Convention were: Albert Scheele, Billy D. Colston, Farris, and Keith Jackson, alternate.

Harrises Visit The Holy Lands

By Dottie Stansell
Lucille and Clark Harris returned home June 15 from a 13 day tour of the Holy Land. I asked Lucille if she would share with us the highlights of their tour and this is her account of that trip.

"We left Lubbock by plane on June 2 and flew to Dallas, then to New York and from there to Rome, Italy. The tour was arranged by Dr. Nell Williams and his wife Betty of Lubbock. The group consisted of seventeen people from various parts of Texas.

While in Rome, we took a tour around the city with a guide and saw things we had read about in the Bible. Two of the most interesting things to us was the dungeon where Paul was imprisoned and wrote part of the Bible.

We went down into the dungeons. I can't explain the feeling I had when we were there. We went to the colosseum, which seated 50,000 people, in which the greatest gladiatorial shows of antiquity were held in the amphitheater. The gladiators killed wild lions and other

surrounding towns. Ann Swebston is Chairman.

The Sidewalk Arts and Crafts Show will be held on Saturday from 10 a.m. to 5 p.m. around the Courthouse Square. 100 letters are being sent out to artists and craftsmen inviting them to set up display booths. There will be demonstrations as well as sale of arts and crafts items.

Organizations are also being contacted for food concession booths.

Olin Watson, chairman of the "Event" committee, asks that those interested in having a booth call the museum as soon as possible so they will have an idea of how many displays to count on.

wild animals and they had battles in which some say Christians were killed. It was an awesome sight, as this was the favorite entertainment of the Romans. We saw so many interesting sights of old ruins, etc. as we toured around the city.

We flew from there to Amman, Jordan and took a tour bus to Israel. At the border between Jordan and Israel, we were frisked and all our luggage was inspected. Every time we went into another country we had to show our passports and a pass we had been given. They really have tight security measures over there, but we were not afraid. There were soldiers everywhere. From there we went to a hotel in Jerusalem. We then toured to different Biblical sights.

We went to the sheep and goat market where they were selling sheep and goats. Their sheep are different from ours. They have large tails the shape of a fan. We walked down through the market place of old Jerusalem. The streets were of old cobblestones and very narrow, with little shops on each side. The meat and fish markets and the bakery products were displayed in the open without

being covered. They had beautiful fruits and vegetables.

We walked the "Way of the Cross," the pathway Jesus walked carrying the cross. The Vin Dolorosa, or the Sorrowful Way, has so much meaning for us. We visited the garden tomb where Jesus was buried. The flowers, trees and shrubbery were so beautiful there. It had such a peaceful, restful atmosphere in the early morning when we were there.

We visited the church of the Holy Sepulchre, also Calvary, the site of the Crucifixion, as well as many other churches, one of them being the church where the old man goes who is the only one alive who speaks fluently the language that Jesus spoke. He had taught a young man to read the Lords Prayer in that language. The young man read it and Clark typed it. We visited the Church of All Nations and touched the very rock where Jesus agonized before his death.

We visited Ruth and Boaz homesite, Bethany, Solomons Poles, three in number, Shepherds Field and Rachel's Tomb. We went to Bethlehem and saw the manger where Jesus was born. There is a church built over it with

fancy gold and silver decorations and tapestry. I first thought that it should have been left as was, but I realize if the churches had not been built over and taken care of these Biblical places, they would not have been preserved.

We saw the model of ancient Jerusalem as it was in 66 B.C. We visited Armageddon, where the Bible says the last battle will be fought. We went to Negiddo and Gideon Springs. There were seven men there who were Gideons in our group and the wives took pictures of them lined up on the bank of Gideon Springs on their knees dipping up the water with their hands as Gideon men did in the Bible.

We viewed the ruins of Jerico and saw the wall and gate. We visited the Inn of the Good Samaritan. We prayed at the Wailing Wall. We had a very beautiful and meaningful communion service at the Upper Room. We drank out of hand carved olive wood cups.

Betty, Dr. Williams, wife is a soloist and sung here as well as at many other places. Our group waded through Hezekiah's tunnel and viewed

being covered. They had beautiful fruits and vegetables.

Ronee Thornton's Interest In Horses Has Paid Off For Her

By Felicia Applewhite

If it is success stories that are all about horses that you are after, you'll find them at the Thorntons—Ronee Thornton in the spotlight. Ronee's accomplishment have been the subject of newspaper and magazine articles from the time she first began dealing with horses at the age of 10.

In reality it's been a mother-daughter interest in horses all the way. Mother, Pat, at age of 10 or thereafter was riding horses, but not for the same reason as Ronee. Pat rode Shetlands and broke them for her father who put trained Shetlands on the market. The experience of having her father's Shetland stud clamp down on her leg with his powerful jaws and drag her off a pony she was breaking, helps her to remember. She had made up her mind she would probably never walk again, after that, until her father offered her a dollar for every step she would take using that leg. After she had earned 12 dollars for 12 steps, she was off walking and riding again.

The two of them, Pat and Ronee, have carried on in horse interest and have traveled untold miles together pulling a trailer, with a horse for Ronee to appear in quarter-horse and 4-H horse shows.

One thing they learned early in their venture together was that "you don't have to buy a winner to be a winner" in show horses. Ronee's first horse in the quarter horse world was Ruby's Brandy, a yearling filly purchased from a friend for \$175.00. The colt was wild and not halter broken when they bought her. By well-planned and careful training Brandy was being shown in Western Pleasure Classics and winning by the time she was three.

Another thing Pat learned was, "Even though I had loved horses all my life, I knew nothing of what was going on in the showing of horses," she remembers of their early efforts in shows. Then she adds by way of making sure that credit is given where it belongs, "Ronee has done it all by herself. She watched the people who did well, and everything they did, she did."

Pat and Ronee admit starting without knowing anything and in starting with a horse that didn't know anything but, "there is pride that goes with finishing a horse and making a champion."

Her first rewards were an American Quarter Horse Association Youth Championship, a Superior in Western Pleasure and Showmanship and forty-nine Halter points.

Her ambitions then aimed higher and this demanded a new horse. She now was interested in a horse that could "move good enough to win a Pleasure Class yet get down and turn around in running and in barrels." Even though an acceptable horse was found, Ronee finished the year out on Brandy.

The new horse, Bix Patrol, had only 16 points when the Thorntons purchased her in 1975. After

finishing the year on Brandy, Ronee started in January 1976 on Bix. By the end of the year the rider had put 121 youth points on the mare which qualified in American Junior Quarter Horse Association finals in Tulsa, and also the Hi-Point Year-End Award in the Panhandle Quarter Horse Exhibitors Association. Youth Trail honor from All-American Quarter Horse Congress was earned by Ronee and Bix.

A new demand was placed on the Thorntons—Ronee was moving into a 14-18 age group that would perhaps need a tougher horse.

The search for a horse ended after the purchase of Afton Socks, a green 3 year old that stood almost 16 hands and was on his way to weighing 1500 pounds.

That same year Ronee and Afton won the Circuit Championship in Junior Trail at the Hall of Fame Benefit in Amarillo. Youth points were a side benefit to the award.

The awards and honors that came to Ronee only inspired her to further conquests. She especially, was fascinated with the idea of English horsemanship, so Afton was trained by LaRae Lovell beginning December 11. Ronee went by air on the 26th of December, had two days of Sweetwater to show, and won the first hunt Seat Class.

Two years ago, when the stock show was in progress Afton Socks and rider were on hand for quarter-horse show. Someone sneaked into Afton's stall when no one was looking and cut Afton's tail and mane. Of course, the possibility of showing 16.1 hand high 1500 pound horse with no tail was out of the question. Artificial tails were against the rules in quarter-horse association.

However, when the board of directors heard of the missing tail, they called a meeting and approved Afton's entry with a false tail. That entire year Afton showed with a false tail. No one knew who cut the tail off.

It's doubtful whether a list has been made of all the trophies large and small won by Ronee Thornton's exhibitions of horsemanship.

The Thornton house is adorned by three saddles, numerous trophies and plaques, belt buckles and other objects in silver. She is not through.

On Mother's Day this year, she "got her Supreme Championship on her gelding she is showing now and that is it. That is the big one. You accumulate points over a time period." She qualified with enough points in May of this year for this highest award the American Quarter-Horse Association gives. She will go to Honolulu in March to receive this award.

She had all the points needed except in barrel racing, so she won the

barrels in Amarillo with 18.6 time. Only 41 or 42 Supreme Champions exist living or dead. To be counted with this number is a "real honor." She reached a goal she had aimed toward.

Pat and Ronee can't name too many mistakes, but the "greatest mistake" has been in not selling a horse when a good price was offered. "I have been offered some big money on a horse only to refuse because we had become so attached to the horse. We always end up loving them—one offer of \$12,000 was one that should not have been refused. One was sold for \$10,000 the highest price accepted.

Now, Ronee will start all over again with a new horse. She has her 2-year-old from the first mare that she showed in 1971. She is well housed in a fan-cooled shed, with radio music (to get her

accustomed to noise at shows) and a sawdust carpeted floor. Ronee "has her saddle broke" and she is riding her. Ronee's aim is to win as much with her as she has won with the gelding.

It is to be seen whether the filly will meet the test to become another Thornton Supreme Champion. She will have to do Western Pleasure and go slow and look pretty and have to be able to run in barrels and poles. Most horses that can run can't do western. That is why there are not many Superior Champions.

Starting over will mean weekend trips for Pat and Ronee all over again. It's hard work and a demanding life. They will meet with old friends of the horse world, take Cy the trusted family dog to protect against thieves and hope some of the activity will be close enough home to cut down on gas expenses.

The last five years in France have been difficult with the growing problems in politics and economics. The French people are very upset with their politicians. It is the same all over Europe. Ann and Philippe are paying 75 cents per liter or about \$3.20 per gallon for gasoline. 70% of the cost goes for taxes.

Roast beef costs \$6 per pound. The French eat a large amount of meat, but Ann says they are trying to change their habits. She is buying more eggs, chicken and fish. Sometimes at night, they eat soup and salad.

Ann and Philippe left on Tuesday for Lubbock where they rented a car and drove to Arizona to see the Grand Canyon and planned to return through Colorado and back to Lubbock. They will then fly to Boston and New York and return to Paris on the 12th of July.

Ann said, "I am very happy to be back to see my family. They (the Copelands) haven't changed a bit."

the pool of Siloam and the pool of Bethesda. We visited the Temple mount. It is the most fascinating spot in Jerusalem, composing an area of 144,000 square meters.

We went to the top of Mt. Meriah where Abraham took his son Isaac as an offering. We visited the beautiful Dome of the Rock built in 691 over Mt. Moriah. We stayed two days and nights in a motel on the bank of the sea of Galilee, which is 685 feet below sea level. We saw where Jesus walked on the water, where he told the fisherman to cast their nets on the other side of the boat.

On Sunday morning we had communion on the Mount of the Beatitudes and Dr. Williams read the sermon on the mount and Betty sang. It was a beautiful spot with seats under large shade trees and many beautiful flowers. It was a beautiful and unforgettable experience in the calmness of the shade trees and the sing-

ing of the birds. It was so peaceful and meaningful. We saw where Jesus fed the 5000. Some of the group swam in the sea of Galilee and also at the dead sea. We had a baptismal service in the Jordan River which was very beautiful. We went to Tuinram and saw the place where the shepherd boy found the Dead Sea Scrolls.

We stayed in Athens, Greece two nights and toured around the Biblical ruins there. We visited the Acropolis and the museum. In the museum, we saw the treasures of jewelry with precious stones and gold objects

that were dug up from the graves of that area.

While in Jerusalem, Clark and I were privileged to buy a lamp that was made and used in Jesus time here on earth. It was dug up from the ruins of that period. It has the museum licensed stamp on it and we were given a signed paper on it by a licensed man. We also purchased two lamps from the Byzantine age.

We went to Mary's well and drank cook sweet water from it. We went to Nazareth and viewed the ruins of Joseph's workshop. Also we went where pottery was being made. The guide said that Nazareth is still a bad city as it was in Jesus' day. You know when they said Jesus was from Nazareth, they said "How can anything good come out of Nazareth?" They rejected him when he came back to preach in his own hometown of Nazareth. As we left in the tour bus from there, some children threw rocks at the bus.

The ground in Israel is so fertile they can grow two and three crops a year on the same ground. They were harvesting wheat in some mountainous areas by hand and tying it in bundles on putting it in bags on donkeys backs and carrying it to be threshed. Some had long robes and headaddresses on. In the valley where there were larger fields, they had a few tractors and combines, small ones. The cotton was blooming. They were harvesting beautiful tomatoes, water-melons, cantalopes, and vegetables and fruits.

Inflation was everywhere we went. A guide in Athens told us gas cost \$3.00 a gallon and in a few days would be \$4.00.

Rex Webster and Leon Harris recently announced the inclusion of Doug Hodel as a partner in the firm of Webster & Harris Advertising, Lubbock's oldest advertising agency. Hodel, a former TV production manager, has been serving as an account executive and broadcast director for Webster & Harris since June 1977.

A native of Lockney, he attended Angelo State and Texas Tech Universities where he studied telecommunications. MRS. COURTER HALL

Kathy Green Honored With Bridal Shower

Kathy Green, bride-elect of Rodney Couch of Ralls, was honored with a bridal shower June 5 in the home of Mrs. Joe Jones.

Kathy is the daughter of Mr. and Mrs. Tom Pearson of Floydada and Rodney is the son of Mr. and Mrs. James Couch of Ralls.

Receiving guests with Mrs. Jones and the honoree were her mother, Mrs. Tom Pearson, and the groom's mother, Mrs. James Couch.

Special guests were Mrs. Bob Owens and Mrs. Omer Pearson of Amarillo, grandmothers of the honoree; and Mrs. Ollie DeFreese of Ralls, grandmother of the groom.

Registering guests was Mrs. Joe Mack Breed.

The serving table was covered with a yellow linen cloth centered with an arrangement of silk flowers in the bride's chosen colors of yellow and blue. Punch and coffee were served with assorted kinds of breads.

Guests were served by Ann Glasscock, Holly Hendrix, Donna Anderson and Claine McNeill.

The hostesses were Mmes. Terry Jones, Joe Jones, Steve Anderson, Lanny Glasscock, Don Daniels, Bill Womack, Don Chessir, Don Rainier, Junior Bearden, Joel Hendrix, James McNeill, John Moss, Terri Hartwell, Lewis Bearden, Ronald Kitchens, Charles Owens, Tommy Assiter, Kenneth Robertson, Dean Watson, Joe Mack Breed, Tommy Baxter, Arville Nivens and Don Hardy.

Kathy and Rodney will exchange marriage vows July 12 at First United Methodist Church in Floydada.

The celebration of the marriage of Pamela Nan Brandes of Dallas, and Mr. Courter Hall of Garland took place in the Trinity Lutheran Church, Lockney, on Saturday, June 21, at 7:30 p.m.

The bride is the daughter of Mr. and Mrs. L.B. Brandes, Lockney, and granddaughter of Mr. and Mrs. M.C. Nance of Plainview. The bridegroom is the son of Mr. and Mrs. Edmund L. Hall of Garland.

Dr. Lee Roy Brandes, pastor of the Lutheran Church of the God Shepherd, Torrance, California, and uncle of the bride officiated the double-ring ceremony.

The couple stood before an altar decorated with an arrangement of white flowers, tropical foliage and gypsophyllia. Brass candelabra holding white tapers completed the altar setting. To each side stood brass spiral candelabras, holding crystal vases tied with ivory satin. Baskets of white flowers in brass holders were at the lectern and pulpit.

The kneeling bench completed the nuptial area.

A program of nuptial selections was presented at the organ by Mrs. Lloyd Morton of Plainview. She accompanied the soloist, Mrs. Glenn Drake of Dallas as she sang "The Wedding Song," "Where Knowledge Ends" and "The Lord's Prayer."

Given in marriage by her father, the bride wore a formal length gown of ivory faille and re-embroidered Alencon lace

Brandes-Hall Wed In Double-Ring Ceremony Saturday

The bride is the daughter of Mr. and Mrs. L.B. Brandes, Lockney, and granddaughter of Mr. and Mrs. M.C. Nance of Plainview. The bridegroom is the son of Mr. and Mrs. Edmund L. Hall of Garland.

Dr. Lee Roy Brandes, pastor of the Lutheran Church of the God Shepherd, Torrance, California, and uncle of the bride officiated the double-ring ceremony.

The couple stood before an altar decorated with an arrangement of white flowers, tropical foliage and gypsophyllia. Brass candelabra holding white tapers completed the altar setting. To each side stood brass spiral candelabras, holding crystal vases tied with ivory satin. Baskets of white flowers in brass holders were at the lectern and pulpit.

The kneeling bench completed the nuptial area.

A program of nuptial selections was presented at the organ by Mrs. Lloyd Morton of Plainview. She accompanied the soloist, Mrs. Glenn Drake of Dallas as she sang "The Wedding Song," "Where Knowledge Ends" and "The Lord's Prayer."

Given in marriage by her father, the bride wore a formal length gown of ivory faille and re-embroidered Alencon lace

accented by seed pearls and crystal beads. The empire bodice of lace overlay was fashioned with a wide protrait neckline edged in scallops of the lace. Lace covered the long tapered Renaissance sleeves which were also accented with seed pearls and crystal beads. Miniature self-covered buttons fastened the sleeves and back of the semi-empire gown. Motif appliques of lace and pearls enhanced the slim line skirt which swept to side-and back-gathered fullness and cascaded into a wide chapel length train.

She wore a strand of cultured pearls, a gift from her parents. To complete her attire, she wore a tiara shaped Alencon lace cap, with bridal pearls, attached to a matching Alencon lace-edged mantilla, which flowed over the back of her gown to beyond the train's length.

The bride carried a cascade arrangement of white sweetheart and butterfly roses, centered with a white cattleya orchid atop her white satin Bible. Natural rose leaves enhanced the bouquet.

For something old, the bride attached to her bridal bouquet a handkerchief that belonged to her paternal grandmother, the late Mrs. Ben Brandes. Something borrowed was the wedding dress of her sister, Mrs. Bill Hays of Houston. She added a touch of blue and in her shoe she wore a six piece from England.

Mrs. Bill Hays of Houston served her sister as Matron of Honor. Miss Lucinda Owen of Dallas was Maid of Honor and Mrs. Terry Brown of Aschaffenburg, Germany was the Bridesmaid.

The bride's attendants wore identical floor length gowns of jade green chiffon. The gown was designed with a boat neckline and accented on the shoulder with a tiny self covered button. The blouson bodice was enhanced with a peplum at the waist over the flowing chiffon skirt. Each carried three long stem white butterfly roses tied with ivory bridal satin.

Miss Stacy Duckworth, daughter of Mr. and Mrs. Randy Duckworth of Lewisville, was flower girl. Her white eyelet floor length dress was designed with an empire waist, puffed sleeves, round collar, self ruffle and tied with a sash. Her white basket was filled with white rose petals which she dropped on the bride's path.

Roger King of Dallas served the groom as best man. Groomsmen were Jim Farris of Garland and Steve Morton of Dallas. Ushering the wedding guests were Joel Dean and Graham Stelzer of Garland, brothers-in-law of the groom.

Wedding guests were registered in the church foyer by Mrs. Randy Dryden of Amarillo from a table covered with an ivory linen cloth. The table was centered with a tall ivory taper in a brass

candlestick and an arrangement of garden flowers.

RECEPTION

Following the ceremony a reception was held in the church fellowship hall. The bride's table was laid with a peau-de-soie cloth, draped in illusion puffs around the top edge and tied with white satin bows. The table was centered with a formal arrangement of deep-toned garden flowers in a silver compote flanked by silver candelabras.

Serving the three-tiered wedding cake, which was enhanced with fresh white roses, were Mrs. Ewald Quebe and Mrs. S.M. True, Jr. Mrs. Warren Mathis poured punch from a silver service. Coffee was served by Mrs. Helmut Quebe from silver appointments on a separate round table draped identically to the bride's table. It was centered with a five branch silver candelabra, entwined with garden flowers.

Another identical round table, centered with garden flowers in a brass basket, was laden with fresh fruit and Hor d'oeuvres. Quartet tables covered with linen cloths and centered with small arrangements of garden flowers were placed throughout the hall.

Piano selections were played during the reception hour by Mrs. George Carlton of Richardson.

After returning from a wedding trip to San Antonio and Lake Texhoma,

the couple will be at home at 1709 Eldorado Drive, Garland.

The bride is a graduate of Lockney High School and received her B.S. Degree in Elementary Education from Texas Tech University in 1976, where she was a member of the Kappa Kappa Gamma Social Sorority and the Tech Choir. She currently is an elementary teacher in Garland School System.

The groom graduated from Garland High School and is a 1974 graduate of Southern Methodist University with a B.A. Degree in Business. He is in business with his father at the Courter Hall Electroplating Company in Garland.

A barbeque dinner was hosted by the grooms parents on Friday evening in the Brandes home following the rehearsal.

BRIDAL DRESS

Pre-arranged by Mrs. Ewald Quebe, the bride's dress was a formal length gown of ivory faille and re-embroidered Alencon lace accented with seed pearls and crystal beads. The empire bodice of lace overlay was fashioned with a wide protrait neckline edged in scallops of the lace. Lace covered the long tapered Renaissance sleeves which were also accented with seed pearls and crystal beads. Miniature self-covered buttons fastened the sleeves and back of the semi-empire gown. Fortieth Wedding Anniversary Reception Surprises Bill Fewells

Bill and Mary Ruth Fewell were surprised with a fortieth anniversary reception Saturday night. Their daughters and families, Harold and Vivian Snell of Brownfield; Dan and Sandy Smith of Midland; and Clarence and Katy Ansley of Lockney hosted the event, which was held in the Fewell home. The Fewells were married June 22, 1940 in the Church of Christ parsonage in Crosbyton. Mrs. Fewell was the former Mary Ruth Thornton. They lived in the Wake Community, northeast of Crosbyton, where Bill was a farmer and ginmer until 1960, when they moved to Lockney. They now own Hi-Plains Gin Company in Lockney. The serving table had a melon fruit arrangement for the centerpiece. Champagne punch was served from a flowing fountain along with finger sandwiches, nuts, fruit punch, and coffee. Guests attended from Lockney, Floydada, Crosbyton and Lubbock.

At Age 69, Agnes Bond Felt She Had Gone 'The Last Mile Of The Way' Then She Discovered Pat Walker's She Has Lost 40 Pounds And 57 1/2 Inches And Feels Great!

MRS. BOND, PLAINVIEW, TEXAS

AGNES BOND STATES:
"I can't thank Pat Walker's enough. At age 69, I weighed 182 pounds and still gaining rapidly. It seemed as though I had gone the 'last mile of the way'. My circulation was very poor and arthritis had made my joints so stiff that I couldn't take any exercise. I also had kidney and bladder trouble and had broken ribs on both sides. With the encouragement of my sister-in-law, I decided to visit Pat Walker's for my courtesy treatment and figure analysis. After the one treatment, I was convinced this was what I needed and wanted. It was hard for me to get on the machines at first due to arthritis in my joints, but after a few treatments, it was no task. The Pat Walker food program is simple and easy to follow, and with the help and encouragement from the counselors; it was indeed wonderful. After 8 months, I have lost from 182 to 140 pounds with an inch loss of 57 1/2 inches. My dress size has gone from 20 1/2 to 14 and I feel better than I have in years."

MAKEUP FOR OLDER ADULTS

Special considerations help when applying makeup to mature faces.

Apply moisturizer to a clean face to keep valuable oil and moisture in the skin from escaping to the air.

Use fingers to apply makeup. Brushes can create hard-looking, definite color lines.

Use cream cosmetics rather than powder ones which can fall into and exaggerate facial lines.

Avoid pearlized products such as lipstick, cheek color and highlighters. These tend to emphasize lines.

Also, avoid black mascara which is generally uncomplimentary to older skin tones. Use brown or midnight for lashes.

Keep brows soft — never distinctly outlined or harshly colored.

If you want to contour the eye with shadow, do so carefully. Use a darker color slightly above the crease to help "lift" the face.

To minimize laugh lines at the eyes and mouth, gently put a lighter foundation under and around the eyes and around the mouth.

Young Honored With Gift Coffee

A gift coffee was given in honor of Carlen Young, bride-elect of Randy Beedy, Saturday morning June 21 in the home of Mrs. Fred Marble.

Receiving the guests with Mrs. Marble and the honoree were her mother, Mrs. Deral Young.

The serving table was covered with a white linen cloth centered with an arrangement of daisies scattered with small wedding bells and ribbons tied in love knots. Coffee,

juice, cinnamon rolls, cheese wafers and sausage roll-ups were served from silver and crystal appointments by Mrs. L.N. Johnson.

Special guests were Mrs. Pike Hanna and Mrs. R.E. Young, grandmothers of the bride-elect and Mrs. Bill Beedy and Mrs. Earl Cooper, grandmothers of the future bridegroom.

Oliver Clark, E.J. Kin-slow, Dean Stewart, Glen Wood, Nathan Johnson,

J.P. Taylor, L.T. Wood, Bryant Higginbotham, T.H. Parks, Leighton Teeple, Ronald D. Kit-chens, L.N. Johnson, Raymond Upton and Fred Marble.

The hostesses presented the honoree with an electric mixer and the daisy centerpiece.

The couple will exchange marriage vows July 5 at the First United Methodist Church in Floydada.

Cheerleaders To Sponsor Yell Clinic

Floydada Varsity Cheerleaders will sponsor a cheerleading clinic for girls ages six years and older.

The clinic will be held July 7-11 at 9-11 a.m. in the high school gym. The cost will be \$15.

Girls will be taught the new yells for the upcoming football season. A pep rally will be held the final day of the clinic so the girls can demonstrate to Mom and Dad what they learned during the week.

Awards will be given at the pep rally to the best cheerleaders.

Any girl wishing to attend the clinic needs to contact one of the following varsity cheerleaders:

Tana Tyer, 983-2269; Carrie Woody, 983-2950; Julie Faulkenberry, 983-2756; Susan Turner, 983-5049; Kellie Ferguson, 983-3157; Penny Kirtley, 983-2373.

FIND FAULT WITH A CHILD LONG ENOUGH AND HE'LL FIND FAULT WITH HIMSELF.

Emotional abuse is a form of child abuse much more severe than it sounds. It warps children's minds and creates mental problems that will affect them the rest of their lives. Thousands of children are emotionally abused every year. As are thousands who are physically and sexually abused or neglected. It's not hopeless. Most child abusers can be helped. We know what to do but we can't do it alone.

Abused children are helpless. Unless you help.

WAYNE, KAREN, AND KELLY SEXTON
Wayne Sexton:
Look At The Coach

Wayne Sexton, Lockney High School head coach and Athlete of the Year, comes across as a man who is sincerely interested in the welfare of his athletes. His philosophy is to have as good a player as possible without losing integrity. At the time, he does not care for the money and his record is 10-1.

His fourth season produced a 6-3 record and gave them second place in their district. In 1977, Sexton's fifth year in Lockney, his team won their zone title but lost in the district championship.

By the fifth year, Lazbuddie, Sexton had 8 of the 38 boys in high school out for football.

He is a believer in a strong track program. In his third year, Lazbuddie won its first district track title and placed fifth at the regional meet. The next year they also won district and they placed second in the regional meet, just three points behind the first place team. The placed sixth in the state meet. This year, 1980, after the Sextons moved to Lockney, the Lazbuddie team won district, was regional, and placed fifth in state.

He had 18 boys out for track the first year, 20 boys the second, and from 28-32 the last three years. Also, every boy in junior high school was in the track program the last three years.

A heavy emphasis on weight training is another area that Sexton believes to be important. He says, "We put the boys on year round weight program. Even during football season, we continue to lift weights two times per week. This keeps the upper body strength at peak. I also believe makes the players less susceptible to injury. Last year, we didn't have
