Sunday mail is ending

This Sunday, there will be no routine mail service in either Floydada or Lockney.

The discontinuance of Sunday service in the federal cutbacks in the federal budget by President Reagan.

Due to the discontinuance of Sunday service, there will be no box delivery on major federal holidays.

Lockney will save money both on mail and on salaries at the two post offices.

Postmaster Ed Wester said he will save two hours of work at his Post Office and Postmaster Doug Meriwether

said his Sunday payroll will also be cutback by two hours.

As a result of the decision, boxholders will not receive any mail on Sundays.

That includes Sunday editions of newspapers.

Lockney's Meriwether suggests that those people who receive their Sunday newspapers by mail may want to cancel their subscriptions and buy Sunday newspapers from vending racks in either city or have home delivery of the Sunday editions where that is possible.

The decision will also have an effect on mail going out of both towns, too.

Since no mail will be coming into either Lockney or Floydada on Sunday, that means no mail will be going out of the two towns, either.

The last mail going out of Lockney on weekends will be picked up at 1 p.m. Saturday.

The last mail going out of Floydada on weekends will be picked up at 2 p.m. Saturday.

There will be no other mail going out of either town until Monday.

"It's going to make it pretty hard on us on Mondays," Wester said since the Post Office will have to process two days

worth of mail on Monday.

Wester said it'll be even worse on those occasions when Monday is a holiday such as this next Monday which is Labor Day.

No box mail will be processed Labor Day as a result of the budget cutbacks. That means that on Tuesday Post Offices in both towns will have to process mail from Sunday, Monday and Tuesday.

Reecer gets service pin

Lockney rural mail carrier Donald M. Reecer has been presented with a 25-year service pin for his quarter of a century with the U.S. Postal Service. The presentation was made by Lockney Postmaster Douglas W. Meriwether.

All of Reecer's 25-years of service with the Postal Service have been spent with the Lockney Post Office. Reecer currently delivers the mail on Lockney's route two.

Meriwether said Reecer, "helped the Postal Service maintain continuity by being here through thick and thin."

Longhorn Band is tuning up

The Longhorn Band has been practicing since mid-August for the performance of the season at the football game against Post on Friday at Post.

According to new director LARRY WILLIAMS, "sounds really good. All over the state rate as one of the state's best bands this year's band is no exception."

Lockney High School is involved in the band. About 50 percent of the band members are from the high school. That high a percentage is unusual and put Lockney on par with other schools of its size.

The band will perform in the parade and Surrounding Counties Fair on Sept. 12, in addition to the time shows at the Longhorns. They will also have a concert and a band trip.

The increase for Lockney band members will be playing in the "Christmas for Kids" concert on December.

Parents helped organize the concert in which 700 high school students from around the area will concert to raise money for the children in area.

The band is involved in the concert and Lockney band members are playing in the benefit concert.

The assumed leadership of the band this year is himself a Lockney School graduate. He was Tech and played in the band for four years under Dean Williams has also been band director and Lorenzo.

Larry Williams is delighted to be directing the band. The band has such a good reputation and it is justified. "The people in Lockney are very receptive since my wife and I were here in June, especially the Band Boosters."

Larry Williams is anxious to start playing. It will be a good year for the band."

Board okays Mackenzie

The Texas Water Development Board, meeting in Austin, has taken final action to approve a \$7,370,000 water development loan for the Mackenzie Municipal Water Authority for construction of a water supply and transmission system to serve Lockney, Floydada, Tulia and Silverton.

The board approved the loan commitment extending through Aug. 31, 1982.

The loan funds will be used to provide local matching funds for a \$7.3 million Farmers Home Administration loan which was approved July 21.

The board had originally approved the loan commitment June 16 for a 30-day period, and it then extended it for

another 30-days pending action on the FmHA loan.

The commitment is contingent on there being sufficient funds available by the time the loan is closed.

The water supply and transmission system will include a sewage treatment plant, pump station, water lines, water storage facilities and transmission lines to Lockney, Floydada, Silverton and Tulia.

The loan will be secured by \$1.7 million general obligation bonds and \$5,660,000 in special project revenue bonds.

The FmHA loan will be for 40... In other action at its meeting, the board voted to authorize Department

of Water Resources executive director Harvey Davis to contract with the High Plains Underground Conservation District No. 1 to conduct a feasibility study of secondary recovery of capillary water from the unsaturated portion of the Ogallala Aquifer.

The \$250,000 contract will cover work to be performed in an attempt to establish the quality of capillary water present in that portion of the Ogallala and to determine the feasibility of its secondary recovery.

The district will subcontract some of the work to the Water Resources Center at Texas Tech in Lubbock.

A report on the study is to be presented to the Texas Legislature by Nov. 30, 1982.

DPS issues safety warning

Over half of the 4,424 persons killed on Texas streets and highways in 1980 were under the age of 29. Major C.W. Bell, Regional Commander of the Texas Department of Public Safety, Region 5, said.

"This is an increase of 4.6% or 95 more deaths than the previous year," Bell said. We are asking, the Texas motorist, Bell said, to assist in preventing traffic accidents. Many young people are injured each year due to traffic problems which frequently occur following football games. The extremely congested condition caused by the numerous automobiles makes traffic move slowly after any athletic event.

Major Bell said, "Traffic after sports events will be heavy. Please use an extra bit of patience and caution so that you will return home safely. When you leave the stadium, and get into your automobile, remember to drive slowly and carefully."

Academy seminar sponsors

The Texas Academy of Family Physicians will be sponsoring their Second Annual Physician Placement Seminar October 24-25 at the Inn at Turtle Creek in San Antonio.

The purpose of the seminar is three-fold:

1. Provide an opportunity for representatives of small towns to meet together to exchange ideas and to hear speakers talk about physician recruitment and physician retention.
2. Provide an opportunity for residents and their spouses to meet together and exchange ideas, to hear speakers talk about what to look for and what to avoid in future practice setting.
3. Provide an opportunity for physician recruiters and family practice residents to meet together in private or in groups to arrange for visits to various communities and perhaps even to "sign on the dotted line". Each community will also be given the opportunity to make a short presentation to all of the residents at the beginning of the seminar.

The Texas Academy of Family Physicians is very much aware of and concerned about the areas of the state where there are physician shortages. The Family Physician can provide the most cost effective health care treatment for families.

Wedding ceremony unites Burlleson, Brock

Burlleson and Brock exchanged vows August 22 in a ceremony at the First Baptist Church in Lockney. Don Morehead officiated the ceremony.

The daughter of Stanley C. Floyd and Mrs. Mary Brock of Levelland.

Song "You Needed Me." was sung by Kristy Brock, sister of the groom.

Mrs. Lon Davis, organist played "Jesus of Man's Desiring" as the mothers were seated. Ushers were Dusty Burlleson, brother of the bride and Chuck Evans, friend of the groom.

After the mothers were seated the "Lord's Prayer" was sung by Kristy Brock and accompanied by Mrs. Davis on the piano.

The "Bridal Chorus" was played as the bride was escorted down the aisle by her father. The bride presented her mother with a white rose on the way to the altar.

Wedding vows were exchanged before the altar decorated with a massive arrangement of agapanthus, snapdragons, killian daisies and sprays of dendrobium orchids in a large

brass footed urn. On either side of the altar were tall brass candlesticks holding white cathedral candles with a unity candle placed in the center. A candelabra holding white tapers and decorated with woodwardia ferns, were placed behind the altar, then corresponding candelabras were placed on each side.

After the vows were exchanged, the couple lit the unity candle as Kristy Brock

sang "You Needed Me." The bride then presented her mother-in-law with a white rose.

RECEPTION

Shonda Fulton provided music during the reception that was hosted by the bride's parents in fellowship hall. The bride's table was draped with ecru brocade fabric and pleated around the sides. Behind the table was a white lattice covered in Southern Simlax. The centerpiece was a silver tray which held a large arrangement of white flowers with touches of yellow and apricot. The three-tiered cake was decorated with fresh flowers of phalenopsis and dendrobium orchids. Punch and mints were also served.

Attendants at the bride's table were Donna West, Julie Morton and Karen Turner, all friends of the bride.

Assisting at the groom's table were Mrs. Harvey McLarty and Mrs. Doug Adkins both of Levelland. The table was backed with panels of bamboo reeds and covered with rust corduroy. Accenting the table was a antique copper and brass coffee service, and complimented with fruit arrangements and cheese logs.

Serving in the house party were Joy Fulton, Polly Cardinal, Johnnie Delle Cogdell, Sue Hardy, Martha Farris and Carolyn Marble.

Flower arrangements for the reception were through Park Florist, designed by Kelly Marble.

Following a honeymoon trip to Ruidoso, New Mexico, the couple will be at home in Levelland.

REHEARSAL DINNER

A rehearsal dinner was hosted by the groom's parents, Mr. and Mrs. Jerry Brock on August 21 at Bufalo Springs Lake in the First Baptist Church lodge.

COURTESIES

The bride was honored with two bridal showers. One on August 6 in Levelland at the home of Mrs. De Tomison, and one on July 25 in Floydada at the home of Mrs. Johnny West.

A luncheon was given in honor of the bride on July 25 in the home of Mrs. Eugene Beedy and hosted by Mrs. Beedy and Mrs. Joy Smitherman.

On August 2 a lingerie shower was given by Miss Debbie Harrison honoring the bride.

The home of the Keith Marble's was the setting of an "old fashioned pounding" on August 16 for the couple.

Homemakers council meet

The Extension Homemakers council met in the council room August 27. Ruth Trapp, pro-tem, called the meeting to order due to the absence of Lillian Smith, president.

Elvira Stewart, the T.F.H.A. chairman read instructions for the delegates who plan to go to the state meeting in Austin September 8. Those going from the council are Ruth Trapp, Bess Carr, and Sylene Teeple. The bus will leave Plainview at 6:00 a.m. They will return September 11.

Plans were discussed and plans made for the "Christmas in November." The bazaar will be in the Duncan school cafeteria, November 14. There will be a salad luncheon in conjunction with the bazaar.

The Extension Home-

maker clubs will have booths. They will sell homemade Christmas gifts.

Booths will be \$10.00 for others who wish to sell gifts. Tickets for the luncheon and also at the door. The tickets sold before the luncheon will be less than the ones sold at the door.

The following members were present: Sylene Teeple, Ruth Trapp, Mattie Norrell, Alvira Stewart, Trudy Taylor, Ruth Scott, Gladys Widner, Bess Carr, Murl May-

I hope many of you are making preparations now to enter the Floyd County Fair September 10-12. Fair catalogs are available in the Extension Office and in many Floydada and Lockney businesses.

Programs planned for Ladies Day, Friday September 11, include Flower Arranging, Family Stress-Attenuation to Handling Stress, Teen-age Drinking and Drugs-Recognizing the Signs, and Happy Sewing. September 11, has also been designated Senior Citizens' Day, and all Senior Citizens will be admitted to the Fair free.

County 4-H'er to Compete in State Fashion Revue

"Dressin' Texan" will set the stage for the 1981 State 4-H Fashion Revue and Deon Zumwalt of Floydada will be among those competing for top honors during the September 16-18 event in San Angelo.

Miss Zumwalt, a Senior at Floydada High School is the daughter of Mr. and Mrs. Perry Zumwalt. The state contestant earned the right to compete by winning first place in county and district 4-H Fashion Revues earlier this year.

For the contests, the 4-H'er tailored an oatmeal-colored two piece suite and a coordinating long sleeved blouse. The fully-lined suit has bound buttonholes, buttonhole pockets, two piece sleeves, and tucked front skirt.

Fashion Revue participation is an optional part of the 4-H and Youth clothing program, sponsored by the Texas Agricultural Extension Service. The Texas A&M University System, says Marilyn Tate, Floyd County Extension Agent. More than 11,000 youth across Texas were involved in the program last year.

Youth ages 9-19 developed

skills in fashion, textiles, buying, garment construction, grooming, wardrobe planning and the social-psychological aspects of clothing as part of the program, the agent says.

Longhorns launch season

The Lockney Longhorns varsity football launches its 1981 campaign tomorrow night against the Post Antelopes, with strong hopes of improving on last year's 2-8 overall mark and a dismal 0-5 district record.

The game gets underway at 8 o'clock at Post.

"If we don't get hurt, I'm ready to go a long way," says coach Dewayne Sexton. "We'll be fighting all the way. It's our lack of depth and injuries that worries me."

The starting offensive line-up for tomorrow night looks like this:

- Jeff McCormick, quarterback.
- Mario Arellano, fullback.
- Junior McDonald, tailback.
- Robert Rendon, flanker.
- Jeff Reecer, split end.
- Karl Race, tight end.

- Mack Sherman, center.
- Victor Villalon, strong guard.
- Phil Kidd, strong tackle.
- Marc Schacht, quick guard.
- Steve Johnson, quick tackle.

After resolving some questions during the past week, the starting defense shapes up like this:

- Phil Kidd and Mike Carthel, defensive ends.
- Mack Sherman and Marc Schacht, tackles.
- Victor Villalon, strong-side linebacker.
- Israel Guerra, weak side linebacker.
- Kyle Brock, middle linebacker.
- Robert Rendon and Jeff Reecer, secondary cornerbacks.

—Jeff McCormick and Junior McDonald, safeties.

In their second pre-season scrimmage, the Longhorns stopped New Deal two touchdowns to none.

The Horns piled up 155 yards passing and another 37 rushing while holding New Deal to a total of 41 yards all together.

McCormick connected with Rendon on a 70-yard pass play that ended on the five yard line. McCormick then tossed a five-yarder to Race for the touchdown.

The other TD came on a 60-yard McCormick to McDonald pass play.

"We've got a tough schedule ahead of us," Sexton said. "but we've got to play somebody. We'll be fighting to the very end. I don't think this bunch of boys is going to quit."

LOCKNEY BEAT NEW DEAL two touchdowns to zero in their second pre-season scrimmage Friday against Post.

Queens classic is planned

The sports committee of the Plainview Chamber of Commerce is beginning to make preparations for the Sixth Annual, Plainview Queens Classic which is held Thanksgiving week-end November 26, 27 and 28th.

Tut Tawwater, chairman of the committee, in announcing the 1981 participants said six of the eight college teams entered either finished in the top twenty teams of the nation or sometime during the season were among the top twenty.

The number one women's basketball team in the nation will be among the favorites this year. Louisiana Tech.

Other teams in the college division are University of Kansas, Stephen F. Austin State University, University of Missouri, Illinois State University, Oregon State University, Clemson University, and the Hutcherson Flying Queens of Wayland Baptist University. Last year's tournament champion, the University of Kansas defeated Wayland in last year's finals.

In the high school division, Lubbock Monterey will be returning to defend their title after defeating Dallas South Oak Cliff. Monterey was last year's state 5-A champion while Nazareth is the state class B champion.

Senility is treatable

"Grandpa has really changed. He's lost his sense of humor. He's cranky and demanding. And he's so forgetful. It's a shame he's become senile."

But he hasn't. What we think of as "senility" is not a normal sign of growing old; in fact, it is not even a disease.

Instead, problems such as increased forgetfulness, confusion, depression and irritability can actually be symptoms of a wide range of mental and physical disorders. Some can be treated and cured or even prevented. Others are irreversible.

The most common incurable form of mental impairment among older persons — affecting anywhere from 500,000 to 1.5 million American adults — is a little-known disorder called Alzheimer's disease.

The cry is still being heard for modernized beef grading. Gene Schroeder, National Cattleman's Association spokesman, said the U.S.D.A.'s beef grading standards must be modernized to encourage the growth of leaner beef which, in turn, will make cattle feeding more profitable. The beef industry, Schroeder said, is facing serious competition from other livestock producers, and "Our challenge is to improve the image of beef and to discourage over-feeding which produces excessive fat which is wasteful of energy and costly to produce." He made the point that although one can trim away a lot of excess fat, one can't trim away the cost of putting it on. The NCA has submitted a new grading system to the USDA which would widen the prime grade, be more objective and result in more uniform eating quality within each grade, while also shortening, by 15 to 30 days, the time cattle were on feed.

Charles W. Stenholm's Congressional Comment

WASHINGTON, D.C. — There is an old axiom, long valued in our part of the country, that contends that "A man is only as good as his word." In the eyes of a cynical world, beset with conflicting examples, that might seem a naive rule of ethics long outgrown by modern society.

In light of the current Air Traffic Controllers illegal strike, however, it is an ethic that deserves a second look.

Is it naive to have expected the 13,000-plus air controllers to honor their oath to the government not to participate in a strike, rather than walking out on their jobs in the first "declared" national strike against the federal government?

Is it naive to question the right of any small band of public employees to place the safety and economic welfare of the American public they supposedly serve in danger in such a fashion?

Is it naive to have expected them to follow established procedures to seek redress for what are, undeniably, some justifiable complaints concerning their unique job situations? Is it naive for the American public to look to their government and expect it to make its own employees obey the law?

One of the controllers who chose to stay on the job, rather than participate in the controversial strike, answered those questions best when he explained why he chose to remain in place. "How can I

(and do) have the right to present their grievances to the proper officials, but I do believe it is important to realize that strikes by public employees disrupt many of the essential services that our society depends upon. Each federal employee must realize that when they are employed by the government, strikes are illegal.

The law must be upheld. If the law is considered unjust, our system of government provides those questions best when he explained why he chose to remain in place. "How can I

teach my young son respect for the law if I am not willing to obey the law myself? he asked.

This is an important moral question that every American, not just an individual segment of society no matter how dissatisfied or how justified they might be, must ask themselves. The loss of what have been considered traditional values of our country can be blamed on those who cannot answer, without reservation, without hesitation, "Respect for all law begins with me."

I have some sympathy for the families of the air controllers who have now been fired (I really think that, through their actions, they voluntarily quit) from their positions by President Reagan, but I feel the President had no alternative but to enforce the law regarding the oath taken not to strike and I support him fully. Public employees should

Unclaimed bank accounts recovered

James Curry of Dallas, Texas, could you use \$250.91? If so, State Treasurer Warren G. Harding needs to talk with you. And Paul Fairchild of Houston, you have \$11.51 coming your way.

Harding, who recently sent \$1,974.27 to Dominga A. Ortega of Brownsville, also has \$10.12 for John Badum of Corpus Christi, and \$11.99 for Grace Sweigart of El Paso.

The State Treasurer's Office through its Escheat Division tries to match Texans with their unclaimed bank accounts, inheritances, or insurance benefits. Amounts due to hundreds of individuals across the State range from a few cents to thousands of dollars.

After a seven year dormancy with the entity holding the funds, the money is sent to Harding's office, where the State makes a last effort to locate the proper owner by letter and advertising. Bank advertising is done by the individual financial institution during the month of May, and corporate and insurance advertising is done by the Treasury in the latter part of August of each year.

If the lost owner appears, the money is returned to the owner. The State has custody of the money, but never becomes the owner of it. In other words, if a person can prove proper ownership, he

can claim his money even 50 years later. In the interim, Treasurer Harding has had the money invested benefiting all Texas taxpayers by the interest earned.

By contacting State Treasurer Harding's office in Austin, you can have his staff ascertain whether or not you may have missing funds. The more facts you have about the missing amounts, the more quickly your inquiry can be traced. The Escheat Division may be reached at (512) 475-3337, or by writing P.O. Box 12608, Capitol Station, Austin, TX 78711.

Oh, yes, Harding has \$.02 for Daniel Munoz of San Antonio, and \$1,010.44 for Ronald Childs of Fort Worth.

Texas Tech Museum sets new hours

The Museum of Texas Tech University will have new public hours beginning September 1.

The Museum will be open year-round 9 a.m. to 4:30 p.m. Monday through Saturday; until 8:30 p.m. Thursday; and 1-4:30 p.m. Sunday.

Dr. James A. Goss, museum director, said the new hours reflect times when the museum draws more people.

He said the institution is growing and needs to have regular, permanent hours that can be recognized by the public.

In addition to the new hours, a museum holiday schedule has been announced.

The Museum will be closed for Labor Day September 7; for the Thanksgiving

holiday, the afternoon of November 25 and all day November 26; December 24 and 25 for the Christmas holiday; and December 31 and January 1 for the New Year's holidays.

Next year, the museum will be open July 4 from 1-8:30 p.m. because the Independence holiday is a good museum visiting time, Goss said.

The Museum will be open afternoons for other official university holidays, November 27-29, December 26-30, January 2-3, and spring break, March 18 and 19.

The Museum will be closed April 11 (Easter Sunday) and May 31 (Memorial Day).

Self-counseling course offered

A course in rational self-counseling will be offered in three sessions this fall by Texas Tech University.

The course offers a self-help technique for reducing individual stress and frustration. The first session is 8:30 a.m. to 5 p.m. Saturday, September 12. The second session meets 7-9 p.m. Thursdays, September 17 through October 22. The final session will be 8:30 a.m.

to 5 p.m. Saturday, November 14.

All sessions will meet in Room 109 of Holden Hall on the Tech campus. Participants may attend one, two or all three sessions. The fee is \$30 per session.

Sponsored by the Division of Continuing Education, the course will be taught by Dr. Paul Knipping. For more information, call 742-2354.

Chinese language taught at Tech

A beginning course in Chinese will be offered September 8 through December 15 by the Division of Continuing Education at Texas Tech University.

The course will teach verbal and written Mandarin Chinese and introduce students to the culture of the People's Republic of China. The course begins with simplified characters, standard grammar and pronunciation.

Course instructor, Bolao Liu, a Texas Tech graduate student, has taught English at Sichuan University in China.

The course meets 6-9 p.m. on Tuesdays in the Conference Room in Continuing Education Building X-14, located south of the Municipal Coliseum parking lot.

The registration fee is \$85. For more information, call Joyce Abbott, 742-3797.

Wayland schedules gymnastics class

Wayland University is offering a gymnastics class for all ages. The class will be held in Andrews Ward gym. At this time, the class is set up for 2 hour sessions from 4 to 6 p.m. on Tuesdays. The charge will be \$58.00 per 13

lessons plus gym expenses. The entire cost will be computed, hopefully, before registration. All costs will depend upon the number of students per class. At this time, the instructor will hold a class in order to determine skills and the number of classes that we will have.

The class will be taught by one of the varsity cheer-

leaders. She has taught the cheerleader routines to the cheerleaders.

Even if these costs are slightly higher that you have been paying, please keep in mind that we are fortunate to have someone coming to Floydada to teach our children. We will not have to drive to and from Plainview or Lubbock for this type facility. Surely our time and the cost of gas will help offset this possible increase in cost. We will do everything to keep the cost at the minimum.

If you have any questions, please contact Sue Hardy at 983-3774 during the day.

Young Farmers focus on education

Education is a lifelong process. Rapid technological advancements in this age have made this so.

Possibly no one realizes this more than members of the Young Farmers of Texas organization. Today there are over 150 Young Farmers chapters operating in Texas.

The Young Farmers plan and carry out educational activities designed to increase their efficiency and skill in the business of agriculture — production, management, and marketing. Though organized primarily for educational purposes, chapters participate also in many civic and community service activities. Rural leadership development and recreation are also important parts of each chapter's program.

The vocational agriculture teacher in the public school serves as advisor to local chapters. In its many - phase program, planned annually

on a 12-month basis, the Young Farmer chapter becomes an instrument for strengthening family ties and for making the rural area a better place in which to live.

The Young Farmer program had its origin in clubs formed by FFA alumni.

These clubs met in 1954 and formed the State Association of Young Farmers of Texas. Membership was opened up to anyone ages 18-35 in farming, ranching, or other phases of agriculture.

There has been a gradual increase in the number of

chapters and members since 1954. Today there are over 3,500 paid members in the 150 chapters making up the State Association of Young Farmers of Texas. The Silverton Young Farmer Chapter is proud to be one of the 150 chapters.

Fishing cabins to be awarded to public drawing winners

Thirteen fishing cabins on state-owned coastal lands will be permitted to winners of a public drawing by the Texas General Land Office on October 20, 1981.

The cabins are located in Brazoria, Arkansas, Calhoun and Nueces counties. Adults at least 18 years old wishing to participate in the drawing should write for instructions, application forms and cabin locations. The address is: Cabin Permit Public Drawing, Coastal Division, General Land Office, 1700 North

Congress Avenue, Austin, Texas 78701.

Participants will receive a list of the cabins with descriptions, annual rental rates, a sample contract and rules governing cabin usage. Rentals range from \$100.00 to \$200.00 annually.

Applicants may apply for only one cabin and one winner will be drawn from among those who apply for each cabin.

Each cabin to be included in the drawing has been

marked with a large fluorescent-orange "X" painted on each side. Participants are urged to view the cabins before submitting an application since the condition of the structures varies.

Cedar Hill News

BY GRACE LEMONS

Another school year has started and a new school bus is coming by in the early morning to gather the students. Cole DuBois, Amy Gilly and Brandi Lackey are the little ones in kindergarten this year.

Garland and Mary Ann Tucker of Lubbock visited church at the Assembly of God Church Sunday.

Dinner guests in the home of Cephus and Imogene Fortenberry Sunday were Cephus' brothers and sisters, Mary Ann and Garland Tucker of Lubbock, Fred and Jewell Fortenberry of Lockney, Evelyn Winn of Lockney, and Robin and Ruth Fortenberry.

The Rev. and Mrs. Vance Mitchell returned Tuesday after spending a week in St. Louis, Missouri attending the General Convention of the Assemblies of God Churches. The Rev. H.E. Barnard pastor of Eakly, Oklahoma, accompanied them to the convention.

Janette Lackey of Floydada visited Edna Gilly Sunday afternoon.

Edna Gilly visited her mother, Ruthie and W.M. Clark in Plainview, Thursday.

Mary Ann and Garland Tucker visited Leticia and Durrel Fortenberry Sunday

afternoon.

Linda Lemons of Lockney returned home by plane Sunday night and visited Mr. and Mrs. Carl F. Lemons and picked up her children, Dian and Cory who spent a week with their grandparents. Linda had been to Corpus Christi and Taylor.

Patsy and Lafayette Boone and Danita of Lubbock spent Sunday night with Tom and Gladys Fortenberry. They were on their way home from visiting their daughter, Pam and Jackie Hayhurs of Henrietta, Oklahoma.

Pauline VanHoose is recuperating in her home after spending a week in the Lockney General Hospital.

Myrt Guest is improving slowly after undergoing recent surgery but not able to be out yet.

Clara Mize, Edna Beth Tye and Winnie Beedy enjoyed fishing Monday.

Norma Welch and Peat Kelley visited Mattie Davis and Grace Keeter in Plainview. Norma Welch and Peat Kelley visited Eula Mae Wilson in Ralls Thursday.

The reason a lot of people do not recognize opportunity is because it usually goes around wearing overalls looking like hard work.

Cooking course offered

"Selection, Care and Cookery of Meats," a course for consumers, will be offered this fall by Texas Tech University's Division of Continuing Education.

The course will provide practical information about purchasing, storing and cooking beef, lamb, pork and poultry. The course covers meat cutting, bulk buying and freezing, and includes

analyses of actual meat samples and cooking demonstrations.

The course will be 7-9:30 p.m. Thursdays, September 10 through October 29, in the classroom of the Continuing Education Building X-15. Course instructors are Dr. C. Boyd Ramsey and Dr. Gordon W. Davis of Texas Tech.

For more information, call 742-2354.

Floydada Nursing Home Happy

We would like to welcome Mrs. Ethel Burnham to our home. Mrs. Burnham is Shelly Harris' aunt. Ethel lives in room one down the west hall and needs your visits.

We would like to thank Ilene Kendrick for the canteen.

Others have brought canteen and squash which the residents have enjoyed very much.

Kim Sherman was quite pleased with the large number of residents who attended the musical therapy class Monday afternoon. There were twenty-three residents who enjoyed singing along with Kim. We had a few visitors who enjoyed the program too. They were Laurita Bertrand, Ruth McIntosh and Mary Adams.

We had a great Bible Study Tuesday. We were studying the book of Hebrews. Those attending were Juanita Bailey, A.G. Eubanks, W.C. Cates, Iva Simpson, Myrtle Roy, Geneda Roberts, Emmitt Lawrence, Verna McSwain, and Clara McNeely.

We went to Plainview Wednesday for supplies and the residents got an extra treat, besides the frosted cake. Before we returned to the home we stopped at My-T Burger and enjoyed a hamburger, fries and coke. Those enjoying the trip and treat were Emmitt Lawrence, W.C. Cates, Verna McSwain, Iva Simpson, and Juanita Bailey. Velva Pricer took the trip but didn't want to eat with us. This was a treat I had promised the residents several months back for being so good to help me.

Mr. Emmitt Lawrence was all smiles Thursday when he came back to the home wearing a red carnation he won for being the oldest person from Motley County at Old Settlers in Roaring Springs. Mr. Lawrence's son Jewel Lawrence from Mineral Wells carried his dad to the all day occasion.

Mrs. Iva Simpson enjoyed spending the day with her daughter, Floy Graham Friday.

It really gives our residents a lift to get out and spend some time with their family.

Nichols has lunch with President Reagan

RM 2nd class Billy M. Nichols, Communications Dept. FPO, recently had the opportunity to be present at a luncheon with President Reagan.

the president following a presidential visit to the ship on August 20. The carrier has 5000 men aboard. Approximately 150 persons attended the luncheon including, besides the president, the Secretary of Navy, Commander and Chief of the Pacific fleet and the Commander of Air Forces of the Pacific fleet. Nichols resides in San Diego.

Chowning participates in "Readiex 5-81"

Navy Gunner's Mate Seaman Billy D. Chowning, son of Mr. and Mrs. A.L. Chowning of Floydada, recently participated in exercise "Readiex 5-81" off the Southern California Coast. He is a crewmember aboard the destroyer USS Ingersoll, homeported in San Diego. Ten ships, 60 aircraft and 10,000 sailors and Marines participated in "Readiex

5-81." Designed to prepare the 3rd Fleet battle group to react to a variety of threats, the involved units practiced electronic and anti-air warfare, and communications and combat systems tests. The Ingersoll is 563 feet long and carries a crew of more than 250. Designed primarily for anti-submarine warfare (ASW), it is armed with two guns, ASW torpedoes and ASW rockets.

Army Reserve needs military veterans

The U.S. Army Reserve needs the skills of former sailors, airmen, marines and soldiers.

Veterans of any military service are eligible for part-time jobs in the Army Reserve and can make use of their military skills and capital on the time already spent in the service. With their prior military training and experience, they are often able to enter the Army Reserve at the same rank they had when they left the service depending on branch of service and length of time

since discharge. Aside from the part-time pay and the sense of pride that comes with being part of the nation's defense force, veterans get other benefits from joining the Army Reserve. The most impressive benefit is retirement pay after completing 20 years of military service. Reservists also get post exchange and limited commissary privileges, low-cost group life insurance and free space-available travel on military planes anywhere in the United States, including Hawaii and Alaska, and Puerto Rico.

A SISTER AND BROTHER DUO are high point winners in the reading club conducted at the media library in First Baptist Church this summer. Dina and Alan Livingston, children of Mr. and Mrs. Jerry Livingston, proudly display their certificates and the books which were placed in the media library in their honor. The Tom Sawyer Reading Club theme, "Drift Into Adventure," was planned and executed by Terri Lloyd, daughter of Mr. and Mrs. Melvin Lloyd.

Spurlock participates in "Fleet Exercise 1-81"

Navy Radioman 3rd Class John T. Spurlock, son of Bee Spurlock, formerly of Floydada, recently participated in "Fleet Exercise 1-81" off the California coast. He is a crewmember aboard the aircraft carrier USS Constellation, homeported in San Diego. The 11-day exercise provided a unique opportunity to

give the ship's crew valuable "hands-on" training in polishing their warfare skills. Along with the aircraft carrier USS Coral Sea, and several escort ships, the units shared airborne offensive and defensive responsibilities as well as coordinating operations for countering surface and subsurface threats.

The Constellation is 1,062 feet long and carries a crew of 2,800. It can accommodate approximately 85 jet aircraft and more than 2,150 personnel assigned to an attack aircraft wing. A 1975 graduate of Floydada High School, Spurlock joined the Navy in November 1977.

BY MRS. J.E. GREEN

Monday, Aug. 31, 1981: Summer is nearly gone. Weather has stabilized. Yards are getting mowed. The battle against weeds continues. All is well there. People don't answer this morning. If they have a garden we know where they are and the cannery will soon be running full sway. Schools have started and summer on its way out. Time flies—afternoons are still hot.

But there are a few cases of flu reported. Mrs. Van Cleve recovering. Wiley Rogers took it Sunday.

Mr. and Mrs. Milton Mensch and David of Lubbock spent over the weekend with her parents, Mr. and Mrs. Hal Thomas.

Mrs. Ethel Warren dined Sunday with Mrs. Lois Dur-

ham. On a recent Sunday Mrs. Ola Warren had grandchildren and families as dinner guests. Mr. and Mrs. Paul Stout and family of Muleshoe and Joyce and Jim Owens and three sons, city, also Mrs. Fred Battey.

Mrs. J.B. Massingill of Phillips and Mrs. Winifred Coggin of Hereford who visited their sister Mrs. Green and the Anthony Lattas the first of last week, returned home on Tuesday.

Wednesday nite Clyde Green and son, Kenneth Mark, who was on his way to enroll for his senior year at Baylor, arrived at Ma Greens, K.M.'s car had quit at Clovis and his dad came to the rescue. Early Thursday he left for Waco in the car.

Rev. Michael O'Connor's Perspectives

appreciate major changes especially sudden ones. A bigger fear in most of our lives that has happened to most of us is that wind up in exile - to be assimilated, and very soon.

Presently, we may find, in spite of the contrary, that the ranks of the godless, build response is typical, build larger armaments, fortify our walls and better forts don't give immunity.

Carol Lea Clark's It's Not Easy

Did you ever notice that advertising people kind of live in a world all their own?

I mean, they are not bound by the rules that affect the rest of us mortals. Certainly not when it comes to the English language, anyway. For instance, Wendy's hamburger chain has a new advertising campaign underway that goes something, "there ain't nothing like a Wendy's."

Ain't nothing like no grammar, either. I suppose that ain't so bad. The one guy I'd really like to meet is the guy who makes up the ads for McDonald's. Don't get me wrong. There ain't nothing like a McDonald's. Thank God.

But back in the recesses, or perhaps abcesses, or McDonald-land, there's some guy who comes up with the names for the McDonald products. Like this new sandwich they have got out now called the McFeast. What it is, by the way, is an over-priced hamburger with lettuce that you should get for free. Instead of simply calling it a hamburger with lettuce, it is a McFeast.

Pretty McStupid, isn't it? And they've got a new item on the menu called McChicken. What it is is little pieces of fried chicken. Why couldn't they have called it something sensible like, little pieces of fried chicken, instead of McChicken? It makes me McWonder what we are coming too.

The guy who comes up with these cutesy names for McDonald is probably a brother-in-law to Ronald McDonald who Mrs. McDonald persuaded Ronald to hire after he failed in the McInsurance business or something like that. The snook probably has a McWife, two or three McChildren and lives in a McHouse in the McSuburbs, and has a McDatsun and a McDog. Each day he gets up and goes to his McOffice in McDonald-land.

He's famous, too. One of his distant relatives was McBeth, who was immortalized by McShakespeare.

The possibilities are all pretty McAwful, aren't they? I would bet that if you asked the guy what he does for a living, he'd probably say, "I name McMeals for McDonald's."

Probably what really irritates me about all this is the guy who comes up with all these names gets a fantastic salary. And I just bet he feels bad about it all the way to the McBank.

Hightower Highlights

Congress has completed work on President Reagan's "economic recovery package" by passing the Hance-Conable tax cut bill. This legislation, which I voted for after much revision and improvement, provides a three-year, 25% across-the-board reduction in personal income tax rates starting this October. It provides some significant and hard-won tax relief provisions for small oil royalty owners, independent producers, farmers and ranchers, residential non-profit child care facilities like orphanages, married couples and businessmen among others. We won several important tax relief victories with passage of this complex bill.

I know people want to give this President and his plan a chance. Consistent with my advocacy of lowered federal spending, lowered taxes and a balanced budget, I voted for both the President's budget and tax cut plans.

On the day of the final House vote, there was more similarity between the Democratic and Republican versions than people realized. The President's bill was revised several times in the last two weeks before the vote. It was revised only after some of us energy-state Democrats succeeded in getting windfall profits tax relief provisions put in the Democratic version.

Windfall Profits Tax Relief
 During my campaign for re-election last year, I reaffirmed my intention to work toward repeal of the so-called windfall profits tax. This would relieve the thousands of independent oil producers and small royalty owners in our district who are the victims of this ridiculous energy and taxation policy.

During the tax debate in mid-July, the Republicans opposed putting windfall profits tax relief in their tax bill, even defeating an amendment by Senator Bentsen in the Senate. However, this was before we succeeded with the Democrats on the House Ways and Means Committee. After several conversations with key Democrats, they agreed to add provisions helpful to district's like ours to their version of the tax cut. With provisions to assist married couples, farmers, ranchers and small businessmen, the Democratic proposal at this time allowed more and better tax relief than other proposals.

Reagan Version Revised
 Then, concluding that many conservative Democrats were going to support the Democratic version because it was better at that stage, the Republicans reversed themselves and revised the Hance-Conable plan, putting in virtually the same or better energy provisions that some of us had successfully negotiated into the Democratic bill. With other changes too detailed to mention here, the Reagan version became much better for most people in our district.

After this time, the President appeared on nationwide television and solidified support for his version. My staff and I talked to roughly 3,000 people calling in over a period of some 36 hours, most of whom were for the President and whatever he was proposing. On the day of the vote, I reviewed the final written version of the Ways and Means Committee plan. Seen only at the last minute, it did not include other key provisions I had asked to be included and I was released from any commitment to support it. I voted for the President's final version because it was better for the 13th District.

The District Wins on Taxes
 The great victory for the 13th District is twofold. First, we passed a three-year tax cut bill which I supported early in concept and which we all hope will relieve people of oppressive federal taxes which remove personal incentive and discourage national productivity. Second, we won some direct, significant energy tax relief for those who should have been exempted from the windfall profits tax to start with.

The ball is now in the President's court. If he succeeds, we all win. If his plan fails, we must try other solutions. Thank you, too, for calling in or writing to let me know your views on these matters; your awareness and involvement will be crucial if these policies are to work.

Grace Abounding

In a letter to his spiritual son Timothy, Paul wrote some 1900 years ago about his conversion:

"I was before a blasphemer, a persecutor, and injurious, but I obtained mercy because I did it ignorantly in unbelief. AND THE GRACE OF OUR LORD WAS EXCEEDING ABUNDANT..." (1 Tim. 1:13,14). And he follows this with the now famous declaration:

"THIS IS A FAITHFUL SAYING AND WORTHY OF ALL ACCEPTATION, THAT CHRIST JESUS CAME INTO THE WORLD TO SAVE SINNERS, OF WHOM I AM CHIEF" (Verse 15).

Upon reading these words of Paul, those who know their Bibles will immediately recall the words of Romans 5:20,21:

"...The law entered, that the offense might abound, BUT WHERE SIN ABOUNDED, GRACE DID MUCH MORE ABOUND, THAT AS SIN HATH REIGNED... SO MIGHT GRACE REIGN..."

These two passages from the pen of Paul have a closer connection

than may appear on the surface. The Apostle Paul, once Saul of Tarsus, had led his nation and the world in rebellion against Christ. "As for Saul," we read in Acts 8:3, "he made havoc of the church," and he himself testified to the Galatians: "Ye have heard... how that beyond measure I persecuted the church of God, and laid it waste" (Gal. 1:13).

Yet God, in infinite mercy, had saved Saul, not only for Saul's own sake, but to make him the living demonstration of his grace. Thus, in writing to Timothy, the apostle goes on to explain: "Howbeit, FOR THIS CAUSE I OBTAINED MERCY, THAT IN ME FIRST JESUS CHRIST MIGHT SHOW FORTH ALL LONGSUFFERING FOR A PATTERN TO THEM WHICH SHOULD HEREAFTER BELIEVE ON HIM TO LIFE EVERLASTING" (1 Tim. 1:16).

Let's take our places with Saul, the sinner, and find salvation by grace through faith in Christ, the Savior. "Believe on the Lord Jesus Christ and thou shalt be saved."

NUTRITIONISTS STUDY FAST-FOOD FATS

Millions of Americans eat at fast-food outlets every day, which is one of the reasons USDA nutrition scientists decided to do a study of foods served at these outlets. The study focused on fats, because nutritionists as well as the public are increasingly interested in food fats.

Analyses showed that composition of simple sandwiches such as hamburgers and cheeseburgers may be substantially different from composition of specialty sandwiches. For example, a Burger King hamburger provides 270 calories and 40 milligrams of cholesterol (averaged figures); the Burger King Double Beef Whopper provided 662 calories and 175 milligrams of cholesterol. Condiments on some specialty sandwiches can add considerably to the calorie intake. For example, the amount of mayonnaise normally added to a Burger King Whopper has 159 calories; the amount of McDonald's special sauce in a Big Mac has 105 calories; and the amount of tartar sauce in a Burger Chef Skippers Treat has 81 calories. Desserts did not vary as much in nutrient composition as the sandwiches.

Reliable data on the fats people eat are not easy to get. Even if data are available on the nutrient content of foods people buy, it is difficult to relate that to what they actually eat because there is so much variation in food preparation methods, eating habits, and portions of meals thrown away.

So-called "fast foods" offer a unique opportunity for collection of data on foods as eaten. The large chains standardize their products which controls amounts and ingredients. In the hamburger-

type outlets the entire serving is edible, which minimizes statistical problems caused by variation in eating habits.

The volume of sales in fast food chains is another factor that makes such data statistically valuable. It is estimated that the three fast-food chains from which samples were purchased for the USDA study—Burger Chef, Burger King, and McDonald's—provide about 1 percent of all the food eaten in the United States.

The USDA study is believed to be the most comprehensive ever done of nutrients in fast foods. Fifty items including sandwiches, French fries, onion rings, shakes, and desserts were analyzed.

Complete data are available from the Information Office, Beltsville Agricultural Research Center, Beltsville, Maryland 20705.

WHAT TO DO WHEN THE FREEZER FAILS

What do you do with food when the freezer breaks down or the power goes out?

Try to find out how long it will be before your freezer is working again and keep the door closed.

A fully loaded freezer will stay cold enough to keep food frozen for two days. A half-full freezer will only keep food cold for a day.

Meats that still contain ice crystals or have been maintained at 40 degrees F. (5 C.) or below for less than two days may be safely refrozen. Some quality may be lost, but the product is still wholesome. Throw out any food that has an unusual color or odor. Never refreeze ice cream.

If it looks like the power will be off for a long time or your freezer will not be

repaired for a while, use dry ice. If dry ice is placed in the freezer soon after the power goes off, 25 pounds should keep the temperature below freezing for two to three days in a 10-cubic foot, half-full freezer and 3 to 4 days in a full freezer of the same size.

Handle dry ice carefully. Be sure the room is well ventilated, and never touch dry ice with your bare hands. Place the dry ice on cardboard or small boards on top of packages, and do not open the freezer again except to put in more dry ice or to

remove it when your freezer is working again.

If using dry ice is not possible, move food to a food locker. Carry it to the locker in insulated boxes or thick layers of paper to prevent thawing. Or possibly a neighbor may be willing to store some of your food until your freezer is working.
