

ock Show & Rodeo

Shorthorn, Polled Hereford, Maine Anjou, Simmental Limousin. Sales are also held for Paint and Quarter Horses of all breeds and types of mules. The Quarter Horse will show with an expected entry of 2,000 head. The Quarter Horse will be an approved point show. Amateur numbers will be on entry cards. Open and non-cutting horse contests are on the schedule.

October favorable planting legume pastures in Texas

LEGUME STATION — Legumes are best for permanent pasture in and planting time is here. They offer several benefits for pastures, points out Dr. J. Neal Nease, range specialist with the Texas Agricultural Extension Service, Texas A&M University System. Legumes provide higher quality forage for animals than most grasses growing in most areas. Legumes can improve production of quality forage on pastures and ranches. They also can lengthen the grazing season.

County producers

County producers are also attending a cotton defoliation meeting in Plainview at 2:30 p.m. on October 8, in the Plainview Chamber of Commerce Meeting room. The same program given in Lubbock and may save producers some time and money to attend.

Production cost estimates

Production cost estimates for the Plains will be Vern Bennett, U.S. Department of Agriculture, Dallas; Lynn Futch, U.S. Department of Agriculture, Temple; and Dr. Samuel Tech College of Agriculture, Lubbock. The program is sponsored by the Department of Agriculture and the Board of Directors of the Bankers Conference and Farmers Association.

Major financing

\$865 million; and the Credit Corporation, \$90 million for real estate farm loans in 1980. Federal Land Bank of Texas, \$1.8 billion; Life Insurance, \$994 million; Farmers Group, \$324 million; and others, \$1.9 billion. Banks held a total of \$40.3 billion in farm loans. 38.3 percent of non-real estate loans secured by farm loans held by all banks during 1980 was up 11.3 percent over 1979.

Lockney woman in Cairo when Sadat assassinated

BILL STRICKLAND look over post cards and Jean picked up on her recent four-country tour of the Middle East during which she was in Cairo, Egypt when President Anwar Sadat was assassinated. She describes her reactions and that of her tour companions in the adjoining story.

"It was a very traumatic experience. We were all extremely apprehensive about whether we would be allowed to leave the country and return to our homes. I was never more homesick in my life." is the way Mrs. Bill Strickland described her experience as an American tourist in Cairo, Egypt on the day the President Anwar Sadat was assassinated.

of the Sinai to Egypt, and the border check point was a dot in the desert at a military command post, and the 48 people on the tour, who had packed mainly fall clothing, literally sweated it out there with no shade, no cool drinks, no air conditioning—and as far as she could see, little or no sympathy.

following morning, continuing the prescribed program. It wasn't until late that afternoon that they were told of the assassination, and then it was much as it was on American Television. They were told that Sadat had only been wounded in the arm and it wasn't until much later in the evening that it was officially announced that he had been killed.

"Our four country tour plan called for us to arrive in Cairo on October 6, but we were informed by our tour guides that, since the Egyptians planned a huge holiday celebrating their 'victory' in the 1973 war against Israel, that the border between Israel and Egypt would be closed on that day. So our tour directors arranged for us to travel by bus from Jerusalem to Cairo on the fifth so that we would be inside the Egyptian border before it closed.

Finally a tour director arrived from Cairo and escorted them through customs. Then, after many more miserable miles they arrived at the Suez canal and were ushered onto a boat to take them across one of the northernmost lakes in the canal system.

Then the bad time set in for Mrs. Strickland and all her tour companions. They were advised by tour officials that they would not be allowed to leave the hotel that night and that a strict curfew had been put into effect for the entire city. They were advised to stay in their rooms—which most of them found little to argue with.

"They couldn't have timed it worse, since we arrived at the Pyramid Holiday Inn near the pyramids on the outskirts of Cairo, at 11:30 p.m. on the fifth after suffering the 100 degree temperatures of the desert on an un-airconditioned bus all the way from Jerusalem through the Saini desert, the Gaza Strip and on through the desert until we were held up at the Egyptian border for at least four hours awaiting clearance through customs.

Mrs. Strickland stated that there were several thousand people crowding the embarkation area waiting passage across. She added that when the boat left the dock it was almost inundated with people, with many dozens clinging to the sides of the boat for the short passage across the lake.

"Our first thoughts were: 'Is this a revolution or a coup?—or will we be detained here for weeks, months or years.' Mrs. Strickland said. 'Just as a precaution, we all packed our bags for instant departure, if the opportunity came,' she added.

Incidentally, Mrs. Strickland pointed

Thus they arrived at their hotel in Cairo in a state of almost total exhaustion. "Even then," Mrs. Strickland states, "I was ready to get back to Lockney just as soon as I could."

"Then we spent a very, very restless night." When their young girl tour guide arrived the next morning, she was tearful and very upset at losing a

Longhorns head for district competition

Their hard-fought non-district against some of the highest powers in the state behind Lockney Longhorns turn their attention to district play this week. Coach Dewayne Sexton, his and the entire Longhorn looking forward eagerly to test in league play when the nets invade Longhorn Stadium.

"They may be small and few in numbers, but they are definitely fighters and winners, and I have every confidence that they will put out a 110% effort for 48 minutes of every game. Even with our deficits, I have cautious optimism about the district outcome. We have a somewhat fortunate schedule in that we play our first two district games at home, against Tulla and Floydada and with those two behind us, we will have a better idea of our prospects for the district title," he said.

"hard-nosed" play against the Mules and our leading runner, Junior McDonald, has been suffering with leg cramps, but both are expected to be 100% for the Tulla game." Sexton concluded. "Meanwhile, back on the big Red Spread, the Longhorns gave the vaunted Muleshoe Mules all that they could ever desire in hard-nosed opposition as they took an early 6-0 lead on a 46-yard Jeff McCormick to Robert Rendon pass in the first quarter. The point after kick was no good, and for almost four quarters it looked like it didn't have to be, as they held the Mules to -1 yard in the first half and held their six point margin until only four minutes re-

set out in the law are as follows: Article 1648, V.A.T.S. "Said auditor shall be a citizen of the county of at least two years residence, and must be a man of unquestionable good moral character and intelligence, thoroughly competent in public business details; and he must be a competent accountant of at least two years experience in auditing and accounting. The judges making such appointment must first carefully investigate and consider the qualifications of said person. If no such qualified citizen of the county can be procured, said judges may appoint a qualified citizen from another county." Acts 1905, page 381.

Watson resigns as Floyd County auditor

District Judge George Miller announced this week the resignation of O.M. Watson Jr. as County Auditor of Floyd County. Watson submitted his resignation last Monday which will be effective December 31, 1981. "I feel that twenty-two years in the auditor's office is long enough," Watson said in his resignation letter. "It is time for a new person to bring fresh ideas and enthusiasm to the office." The County Auditor is appointed by the District Judge for a two-year term. Watson was appointed on November 15, 1959, by District Judge L.D. Rattliff. Judge Miller expressed his regret losing a person of Mr. Watson's ability and dedication to public service, and will consider applications for the office effective January 1, 1982. Qualifications

Something for everyone' revenue allocations

expressed major concern that the funds would be cut off this year. Though Floyd County had received notification dated August 17, 1981 that the county was allocated \$78,407 for the year beginning October 1, 1981 through September 30, 1982. The County is also to receive \$2187 more as an average from 1981 Revenue funds. The total amount due will be \$80,594. The notification stated that the first quarterly payment would be paid to the county in January 1982. Since that date in August, fears have been raised that the money would not be forthcoming as the present administration in Washington continues to make budget cuts. The approved budget reads as follows:

1. Central Plains Mental Health/Mental Retardation \$3,200.00
2. Floyd County Historical Committee \$ 500.00
3. Senior Citizens Mini Bus \$1,500.00
4. Senior Citizens Building (roof) \$1,600.00
5. Soil Conservation \$ 700.00
6. Floyd County Library Branch in Lockney \$2,000.00
7. Floyd County Pioneers Shelter Project \$2,000.00
8. Floyd County Courthouse Fund \$10,000.00
9. Floyd County Precincts (4 Pcts.) \$56,500.00

PHYSICAL THERAPIST GIB GIMBEL explains some of the new equipment recently received by the Lockney General Hospital to his aide RISE TAYLOR, as the hospital opened its new physical therapy clinic last week. The clinic, which is equipped to treat a large variety of ailments, is open to the public.

Lockney Hospital opens physical therapy clinic

The Lockney General Hospital now has a valuable new service to offer the public. Mrs. Gail Fortenberry, Hospital Administrator, announced this week.

A fully equipped and manned physical therapy department with all the latest equipment in the field of physical therapy is open and ready for patients. Mrs. Fortenberry stated. Mr. Gib Gimbel of Plainview is the physical therapist, and is aided by Rise Taylor, his well qualified aide.

VOLUNTEER FIREMEN HONORED George Sparkman, left, president of the Lockney Lions Club, is shown here presenting a plaque to Jerry Johnson, local fire chief as Lockney Mayor J.D. Copeland looks on. The plaque was presented to the firemen by the local Lions in appreciation for their long and devoted service to the community.

Mr. Gimbel received his original training at Nebraska State University, earning a B.A. there and his graduate training at the University of Houston medical branch at Hermann Hospital. He brings a wealth of experience and background to the Lockney hospital department. Mrs. Fortenberry said. Mr. Gimbel emphasizes that physical therapy is a vital part of any medical practice, and can save a community like Lockney in excess of one million dollars a year in lost income, disability income and lost production.

Though all patients seen are by medical doctor referral, most of the patients' treatments are programmed by the therapist. When asked about what type patients a therapist might treat, Mr. Gimbel mentioned the following as some of the most common ailments and problems: backaches, sprains, strains, arthritis, post fractures, strokes, whiplash, frozen shoulders and burns.

The department will also see those who wish to quit smoking and those with weight problems, Gimbel explained. Mrs. Fortenberry invites the people of the community to drop in for a visit at the new department and see for themselves what a fine addition it is to the hospital's services.

Morris elected president of Friends of the Library

Increased membership with more active participation is the goal of Mrs. Linda Morris, newly-elected president of the Friends of the Library organization.

Other officers elected for 1981-82 are Mrs. Gordon Hambright, vice president; Mrs. Charles Hamilton, secretary; Mrs. Fred Marble, treasurer; Mrs. Kerry Kirk, historian; and Mrs. A.C. Pratt, reporter.

An immediate concern is the need for a new librarian since the resignation of Jackie Walls as County Librarian. The Commissioner's Court is accepting applications for the job. Application forms are available at the County Judge's office.

The librarian must meet certain guidelines for the library to remain a part of the West Texas Library System.

A minimum of 30 college hours or three years experience out of the last five years spent working in a library comprise the basic educational requirements for a library of this size, according to the coordinator of the West Texas Library System, Jim Schepke.

The Friends organization also has an advisory board and members of that board are Olin Watson, Amy Hollums, Jean and Bob Kendrick, Mary Martinez, Mac Willson, Carol Bell, Ella Reue, Sally Galloway, Jim Word, Janice Lloyd, Jane Pruitt, Louise Turner, Janet Lloyd and Gettie Moss. Ex-officio members of the board are County Judge Choise Smith and County Librarian Jackie Walls.

The public is invited to attend the next regular meeting of Friends of the Library at 5 p.m. in the County Library, October 27.

THE NEW MICROFILM-MICROFISCHE machine at the Floyd County Library is being demonstrated by Carolyn Marble, left, and Louise Newton. The machine, available for public use, was purchased by the Friends of the Library and the Jr. Friends of the Library.

17th TACL D conference slated for Lubbock

A Texas group which is made up of parents, professionals, learning disabled adults and any other persons interested in the welfare of individuals with learning disabilities will be joining together for the 17th annual TACL D conference in Lubbock next month.

The Texas Association for Children and Adults with Learning Disabilities (TACL D) will meet at the Lubbock Civic Center on November 11-13.

Pre-conference workshops have been scheduled for Wednesday afternoon featuring Deorah Murphy of the Child Service Demonstration Center, Cushing, Oklahoma. Also June Trezza, who is a parent leader in TACL D. Murphy's workshop titled "Coralling a Maverick: Social Skills Development" is on helping learning disabled persons to enhance their social skills.

Trezza will speak on the 3M's Movement, Motivation, and Momentum. "Everything you didn't know you wanted to know but haven't asked about dynamic council action for your family and community."

A country and western shindig is planned and conference goers are asked to pack western gear for "a foot-stomping good time." Country-western music

by Cecil Caldwell and his cowhands, a square-dancing exhibition, and an old-fashioned bar-b-que dinner are planned for Thursday night.

The daytime schedule on both Thursday and Friday are a variety of workshops and lectures run concurrently so that members will be able to choose according to their interests.

Resources and publications will be on display for examination and/or purchase. Commercial exhibits of products and materials will also be displayed.

The conference headquarters hotel is the Lubbock Hilton Inn.

Registration after October 31 will be accepted on site at the conference site: Wednesday, November 11, 12 noon to 8 p.m.; Thursday, November 12, 7:30 a.m. to 5 p.m.; and Friday, November 13, 7:30 a.m. to 2 p.m.

The association, TACL D, does not endorse any treatment or product evaluation or remedial center, program or person for children and adults with learning disabilities. It does, however, present without partially many ways to assist learning disabled children and adults in reaching their full potential.

For more information contact Brenda Dennis, Rt. 3, Floydada, Texas 79235, or call 983-2065.

Reward offered by Crime Call for missing camper trailer

Sometime during the night of September 29 a Starcraft camper trailer was stolen from in front of a building on Houston Street in Floydada.

Crime Call of Floyd County is offering a \$250 reward for information leading to the arrest and conviction of the guilty party.

The beige-colored camper belonging to Billy Dawson had been parked at 207 E. Houston for three weeks in order to sell it.

The camper had been parked on the east side near the front of the building owned by Earl Rowan.

Rowan stated that he had worked late the night of September 29 and when he left the building at 9 p.m. the camper was there.

The next morning Dawson found the camper missing and notified the authorities. The theft is being investigated by the Floydada Police Department.

Description of the camper is as follows; beige, 1973 Starcraft camper with license tag Texas 5A145. The trailer also had new tires and a 500 btu air conditioner mounted on the rear.

Anyone having any information on this theft is asked to call 983-5200. The caller does not have to leave their name. They only give the information about the crime.

If the information leads to the arrest and conviction, the informant is then to call the Crime Call number again and tell whoever answers when and where someone is to drop off the reward money.

No questions will be asked to try to find out the identity of the person calling the Crime Call number.

Lions Club plans Arts Festival

Plans are underway for the 1981 Floydada Lions Club "Arts and Crafts Festival," which will be held in Floydada on December 5, 1981.

The annual event will once again be

held at the Massie Activity Center, and will feature hand-crafted items in a variety of selections.

Bill Gray, chairman, states that the exhibitor's fee will remain the same as last year and that advanced reservations

are already being made. Admission to the festival is free. For general information regarding the festival, call Bill Gray at 983-5200.

Letter to the editor

Dear Editor:

Because Jackie Wells has been so diligent in seeing that the full-service library, I have been able to do much of my college research in this library. Through the Library System this library has been able to participate in a system, vastly increasing services available to Floyd County citizens.

Unless one has worked in a library, it is difficult to realize what a job it is. The books do not order themselves, arranging them in order. Nor do the cards in the catalog, giving a bright, clean, and they settle in place. Installing long tedious hours of ordering, ing and arranging media for tion.

Why are libraries important? Freedom is largely based on access to information for all. We have become complacent content to "let George do it" comes to supporting library in this community. One day we get up and find George didn't do it and we are a dead end. Epitaph on our Community may well read "In memory of who didn't care enough to do the part of E 1/2 of J.D. Burleson to the need for action toward adequate facilities for a growing As you pointed out, it is the public and commend you for the situation to the public's Sincerely, Beth Pratt

New doctor from Turkey joins area hospital staff

was held Tuesday afternoon by Dr. Ferit Acar, a Turkish physician who began medical practice in Floydada the first of this year.

occupied the remaining space in the Cogdell Clinic, Floydada's medical staff. Dr. Acar graduated from medical school in Ankara, Turkey in 1970 and completed his internship in 1971.

He then worked for the military in Turkey for three years. The branch of the service was air force and during that three year period he was sent to study at the School of Aero Space Medicine in San Antonio, Texas for eight months.

It was during that time that Dr. Acar decided that he wanted to practice medicine in the United States. He returned to Turkey and after completing his internship and medical residence, specializing in internal medicine, he returned to Texas.

Dr. Acar also completed his residency in hematology which is his sub-specialty. The hospital there was the Morton Hospital of Hematology and Cancer. He has been in Dallas since 1979.

"I chose Floydada because I preferred the hospital facilities here over those in the other towns I looked at," Acar said.

He also said that he was very pleased with the offices in the clinic and of being provided with a secretary.

Though he and his family have only been in Floydada for two weeks, he said that they, "enjoy living here," and commented on how very nice the people have been and how very helpful. "That is my sincere feeling," he added.

His wife, Ayse, is trained as a pharmacist and is licensed in Turkey, but not in the United States.

"She needs to renew her license here," he said. But at present she is a homemaker taking care of the couple's two sons, who are five and eight-years-old, and attend Duncan Elementary School.

Dr. Acar said that he enjoys football and soccer and also enjoys hunting.

His home was in Ankara, the capitol of Turkey. He said that politically Turkey is similar to the United States. It is a democracy and he added that it is the most stable government in the middle east.

Because of its strategic location, it is half European and half Asian which leads to its interesting and unique culture.

The country is a little larger than Texas, mountainous, and houses 45 million people. Its history dates back to Roman times before Christ.

"It is a very historic country, and yet it is very modern now," he said. The religion of the country is Moslem. The people, however, dress after the European fashion and the women are treated as equals, except in the very rural areas.

"It is much like the United States," he said.

Library receives funds from Revenue Sharing

Branch Library in Lockney was given the full \$2000 requested to be paid by Revenue Sharing Funds. Commissioners even indicated that if the Revenue Sharing funds are cut short, that the monies would be prorated and that the Branch library would receive part of their funds in January when the first payment is expected.

"Friends" are hopeful that there will be enough money to go ahead with the card file system at that time.

At the Commissioners Court meeting, Janice Lloyd recommended that a Library Board be formed with two representatives from each precinct and one member-at-large from the county. Commissioners indicated they would study the suggestion.

Judge Smith said that three applications had been received and that another had indicated that she would submit an application for the County Librarian position.

Jim Scheppeke of West Texas Library System informed the court of the requirements necessary to certify the librarian so that the county can continue to receive state funds.

Those requirements are:
Graduation from high school (or GED) and successful completion of 30 semester hours in an accredited college or university; or
Graduation from high school (or GED) and six years library experience within the past ten years, or
Graduation from high school (or GED) and three years library experience and attendance at four library-related workshops or professional meetings within the past five years.
Renewable annually with attendance at a minimum of one library-related workshop or professional meeting (i.e., TLA, SWLA, ALA, etc.)

MR. AND MRS. BRIAN WEBSTER

Brian Webster, Vicki Ratheal exchange wedding vows

The chapel of the First Baptist Church in Crosbyton was the scene Friday, October 2, of the wedding of Vicki Ratheal of Floydada and Brian Webster of Crosbyton. The Rev. Randy Butler officiated at the 10 a.m. double ring ceremony.

Mr. and Mrs. Arnold Ratheal of Floydada are the parents of the bride and the groom is the son of Mr. and Mrs. Billy Webster of Crosbyton.

The bride wore a street-length candlelight dress accented by chiffon and lace. She was attended by matron

of honor, Phyllis Reeves of Floydada.

Best man for the occasion was Jim Bell of Lubbock.

Musical selections were presented by the Rev. Butler, who sang "What A Difference You Made In My Life," and Betty Schmidt singing "You Light Up My Life." Organist was Mrs. Jane Morris of Crosbyton.

Rodney Ratheal, brother of the bride, was usher.

Special guests at the ceremony were grandparents of the bride, Mr. and Mrs. Jav Austin of Spur and Mrs. Gertrude Ratheal of McAdoo,

great-grandmother of the bride, Mrs. Lena Moore of Crosbyton; and grandmother of the groom, Mrs. Mable Morris of Crosbyton.

Following a wedding trip to Durango, Colorado, the couple is residing on the East Plains.

Rehearsal Dinner

A rehearsal dinner, hosted by the groom's family, was given in the home of Mr. and Mrs. Wynn Robinson on Thursday, October 1. Mrs. Robinson is a sister of the groom.

Alpha Sigma Upsilon meet

Members of Alpha Sigma Upsilon Chapter of Beta Sigma Phi met at the fire hall Tuesday, September 6. All members repeated the Opening Ritual.

President Rhonda Guthrie called the meeting to order. Minutes were read and roll was called.

Communication from International was read on cookbooks to sell.

An appreciation certificate from the Child Welfare Board was read and will be placed in the scrapbook.

Jan Nichols was submitted as a transferee. Janice Potec was submitted as a rushee.

Barbara Edwards gave the treasurers report. All outstanding bills will be paid.

Projects for ways and means will be sold at the Family Living Committee booth November 14, at Duncan School. Both afghans to be raffled were displayed at the meeting. It was decided to not sell the 8x10 pictures for a ways and means project.

Lynn Daniel, service chairman, will have the

names for the Christmas baskets by the next meeting.

The next meeting will be October 20 at Mary Emerts home. Barbara Edwards will have the program.

Final plans for area convention in Perryton October 24 and 25 were made. Entries for scrapbook and yearbook will be sent in.

All members repeated the Closing Ritual and joined hands for the Mizpah.

Dink Eckert, Training Officer for the Floydada Fire Department, gave the program. As October 4-10 was fire prevention week the program preceded along those lines.

Mr. Eckert gave several demonstrations. The three ingredients required for a fire were explained. Ways to extinguish a grease fire were shown. Ignition by an electric arc was demonstrated. How only vapors burn and not the fuel was also shown. Fires using aerosol cans, sodium metal and chlorine with an oil base were started. The program was very informative and en-

joyed by all.

Snacks of chips, dips, cookies and cola were served to Vikki Yeary, Mary Emert, Rhonda Guthrie, Barbara Edwards, June McLaugh and guests Jan Nichols and Janice Potec.

FLOYD DATA

Mr. and Mrs. Clyde Bagwell received sad news on Saturday of the death of Clyde's sister, Okler Joiner of Creswell, Oregon. She had been bedfast for a number of weeks from several strokes.

Okler is the wife of Mrs. Bagwell's brother, Lee Joiner. At one time Mrs. Joiner had resided in Floydada.

Butcher, Hulcy repeat vows in Plainview

In a 6 o'clock ceremony Friday evening, in Plainview, marriage promises were pledged uniting Carman Waynette Butcher and Monty Wade Hulcy in matrimony.

John Peck, Elder of Garland St. Church of Christ in Plainview, directed the recitation of vows which were performed at a fireplace setting featuring the mantle graced with brass candelabras accented by burgundy and white tapers. Candlelight was Mrs. David Hasley of Lubbock, sister of the groom.

Parents of the couple are Mr. and Mrs. James Butcher, 228 SE Alpine, and Mr.

and Mrs. Travis Hulcy, 105 SW 9th, in whose home the ceremony was held.

The flower girl and ring bearer were Carrie Dee and Jason Perkins, cousins of the bride. Names for the guests registry were secured by Mrs. Kurt Hinds of Hale Center and Perri Dawson of Plainview.

Mr. Butcher gave his daughter in marriage and she chose to wear a traditional white gown of Chantilly lace, designed with a sweetheart neckline accented with a lace ruffle which formed the cap sleeves. Ruffled lace circled the hemline of her A-line skirt and chapel

length train. To compliment her attire the bride wore a matching lace covered hat and carried a floral silk cascade bouquet fashioned of burgundy roses and stephanotis, centered with a pale blue orchid.

For something old she wore a gold wedding band belonging to her great-grandmother, Una Billington. Borrowed was a necklace from her aunt, Sharon Perkins added the traditional blue garter, made for her by an aunt, Elaine Beecher.

Attending the couple as maid of honor and best man were Laurie Lee Sanders of Plainview and Carlton Shaw of Lockney. The bride's honor attendant was attired in a pale burgundy sheer knit

dress featuring spaghetti straps and full skirt. She carried a bouquet of burgundy roses and pink streamers.

Mrs. Larry Perkins, Plainview, aunt of the bride, and Mrs. Clyde Ballard, Hico, aunt of the groom served the bride's cake and punch from a table covered with a pink linen cloth and complemented with silver and crystal appointments. Focal point of the table was an arrangement of burgundy roses, blue orchids and white apple blossoms.

A small table covered with a burgundy cloth and accented with glass love birds and candleholders held the silver coffee service and was attended by Mrs. Mark Bender of Wichita Falls, co-

Smith, Burson host Il Penseroso Club

Il Penseroso Jr. Study Club met in the home of Gary and Linda Marr on the ninth of October. Co-hostesses were Redda Cay Smith and Charlanne Burson.

Guest speaker was Sara Probasco. She gave a very interesting and educational program on stained glass — starting with the history and then different methods and demonstrating each method. Sara brought various pieces with her to show. Sara's shop, Studio South, is in Floydada.

Roll call was a craft I would like to learn. Minutes were read. Treasurer's report told each member how successful the farm sale was. Members voted to give the Band Booster's a donation for the use of their equipment.

The Christmas greeting

page was discussed and voted down. We will have a breakfast December 12 at the Lutherine Church, north of Aiken. More advertising will be done at a later date. Proceeds will be given to the Lockney Care Center.

Members present were Treena Aston, Kelly Fortenberry, Cindy Ford, Brenda Mangold, Lisa Mosley, Cathy Barnett, Ginger Mathis, Robin Stoerner, Julie Hickerson, Sandra Cummings, Kay Martin, Linda Cunvus, Charlanne Burson, Kathy Kellison, Linda Marr, Janette Workman, Lesca Durham, Cynthia Bybee, Redda Cay Smith, Judy Jackson, Cindy Means, Anita Bigham, Linda Gant, Jessie Johnson, and guests Rhonda McCain, Karen Quebe and Gayle Howard.

Methodist Church slates Harvest Festival

The Third annual Harvest Festival conducted by First United Methodist Church of Lockney will be Saturday, October 31.

The harvest festival activities include opening of a Country Store at 10 a.m., serving of a turkey and dressing meal beginning at 11:30, and bidding in an auction at 1 p.m.

The Country Store will have for sale baked goods, small handcrafted items, plants, etc.

The turkey meal may be eaten at the church fellowship hall or taken out in special containers. Also meal orders will be delivered beginning at 11 o'clock to shut-ins who request the service. Ticket prices will be \$2.50 for children ten years old and under, and \$3.50 for older children and adults.

Jack Dulin of Hale Center will be auctioneer for the 1 p.m. sale of larger items, such as paintings, tablecloths, counted cross stitch pictures, a crocheted bedspread, etc.

Kathy Kellison and Charlotte Brock are serving as general chairmen of the harvest festival.

They are assisted by the following committees: food, Cheryl Teeter, Barbara McCormick and Andy Ford; meal tickets, C.L. Record; Country Store, Nancy Henderson; takeout orders, Molly Huffman; bookkeeping, Faye Barker and Wanda Baker; cashiers, Mike and Merle Mooney; auction, Linda Terrell; publicity, Carolyn Whittington and Gayle Jackson.

HALENCAK and her great-granddaughter

Halencak, Kubicek joint birthday

A special day for Halencak and her great-granddaughter, Kubicek, was celebrated on October 10, 1981. Mrs. Halencak, a daughter of Mrs. and Mr. Wynn Halencak, observed her birthday while Mrs. Kubicek, was celebrating her two were together in the company of their parents, Mr. and Mrs. Richard Kubicek.

What contributed to the joyous occasion was the presence of Della Kubicek, her hobbies and trust in God. She is very active and enjoys her friends in the home in Texas. The couple has three children, Mrs. Halencak and Mrs. Kubicek, and their families. Mrs. Halencak is a member of the church and is very active in the church. She is a member of the church and is very active in the church. She is a member of the church and is very active in the church.

Everywhere I go, people are talking about "Herman". If you are not familiar with "Herman," it is a yeast starter recipe that you add ingredients to every week, and then use part of the starter to make a tasty treat for your family.

The unique aspect of "Herman" is the chain method of operation. Friends give 1 cup of "Herman" to other friends, along with specific direction for "feeding" him. One of the main reasons for this wide-spread appeal is that he's simple to use and good tasting.

The starter for "Herman" can stay in the refrigerator for two or three weeks without feeding — but no longer, or you'll have to give him a funeral. If you want to keep him going but don't have time to use him, keep the starter alive by dividing and feeding. Never get down to less than one cup of this interesting recipe. If you have more than you need, make up some goodies for the freezer!

"HERMAN"
2 cups flour
1/4 cup sugar
2 cups warm water
1 envelope yeast

Mix in plastic or glass container, cover and let stand overnight in a warm place. Cover should not be air-tight. Next day cover and refrigerate, but stir daily. Five days later measure out one cup of "Herman" for yourself, giving the rest to a friend. "Herman" must now be fed.

CARE AND FEEDING OF "HERMAN"
1 cup flour
1/2 cup sugar
1 cup milk

Stir these ingredients into one cup of "Herman." Keep refrigerated in a glass or plastic bowl and keep covered. Stir "Herman" again as above.

On the tenth day: Measure one cup of "Herman" to give away. Because it has grown, you should also have enough to make the coffee cake or other recipe and still have one cup left to start the process all over again.

HERMAN COFFEE CAKE
2 cups Herman
1 cup sugar
2 cups flour
2 eggs
3/4 cup milk
2/3 cup oil
1/2 teaspoon baking soda
2 teaspoons baking powder
1/2 teaspoon cinnamon
1/2 teaspoon salt
1 cup chopped nuts
1 cup raisins

Mix at medium speed the following: Herman, flour, sugar, eggs, milk, oil, soda, baking powder, cinnamon, and salt. Stir in nuts and raisins. Pour into a greased and floured 9x13 inch pan. Mix topping and sprinkle over unbaked coffee cake. Bake at 350 degrees for 50 minutes.

TOPPING:
1 tablespoon cinnamon
1/4 cup soft margarine
1 tablespoon flour
1 cup brown sugar

Blend together with pastry blender.

VARIATIONS:
Fresh or canned fruit may be substituted for the raisins or nuts. Apple or cherry pie filling in bottom of pan, covered with batter and topping. Pineapple rings in bottom of pan, centered with a marshino cherry, covered with batter and topping.

HERMAN PANCAKES
1 cup Herman
1 cup flour
1/4 cup sugar
3/4 teaspoon soda
1/2 teaspoon salt
1 teaspoon baking powder
1/3 cup oil
2 eggs
1/2 cup milk

CINNAMON ROLLS
1 cup Herman
1/4 teaspoon salt
2 teaspoons baking powder
1 cup flour
1/4 teaspoon soda
1/4 cup oil

Mix together Herman, salt, baking powder, flour, soda and oil. Form into a soft dough. Knead lightly. Roll out to one-fourth inch thickness on a floured board. Spread with soft margarine. Sprinkle with cinnamon and sugar. Roll up as a jelly roll and cut in half-inch slices. Spread topping on the bottom of a 9x13 inch baking pan. Place cinnamon roll slices on top. Bake at 360 degrees for 30 minutes. Remove from pan immediately.

TOPPING:
Combine one stick melted margarine, one cup brown sugar, and one-half cup nuts.

HERMAN CHOCOLATE CAKE
1/2 cup Herman
1 cup water
1/4 cup dry milk
1 1/4 cups flour

Mix above ingredients and let stand 2-3 hours in a warm place until bubbly. In a separate bowl, cream 1 cup sugar, 1/2 cup shortening, 1 teaspoon vanilla, 1 1/2 teaspoons soda, 1 teaspoon cinnamon and 1/2 teaspoon salt. Add 2 eggs, beating well after each. Melt 3 squares semi-sweet chocolate and add to creamed mixture. Combine Herman

FACTORY-BUILT HOUSING — A CLOSER LOOK

As movie-goers of the 50's enjoyed the antics of Lucille Ball and Desi Arnez in "The Long, Long Trailer," few people dreamed they were seeing the forerunner of many future families' permanent housing.

Understanding the different types of factory-built housing is an important first step in making an effective housing decision. Mobile homes are only one type. In addition, consumers can consider "modular housing" or a "panelized package" or a "sectional home."

Shortly after Lucy and Desi parked their trailer, it became a "mobile home." Then somewhere in the 60's and 70's versatility became the market byword, and mobile homes began to change even more — some became extra-long, some double-wide for one thing. As the 80's begin, they're attracting more interest, and they have a new name in some quarters: "manufactured housing."

More changes are underway, especially in the way America views them. Trends toward mobile-home subdivisions, attempted in Florida and other states in the 50's are on the increase — with status, as mobile-home condo's dot the horizon. Some experts even say that mobile homes could be the "affordable home of the future." Federal Home Administration (FHA) now insures mortgages on double-wide mobile homes situated on land the buyer owns under its Title II program — opening up 30-year financing with FHA-approved lenders. And there's a mobile-home resale network now.

HOUSING OUTLOOK

Pressure for affordable housing will increase at the federal, state and local levels, further easing zoning and financing restrictions for factory-built housing. More mobile-home subdivisions will be one result.

Modular homes will continue to be an important factor in the multi-family market, particularly in small towns and rural areas, where incomes and available financing will not support high-priced housing. Modular homes have the economic advantage of large numbers and standardized products operating efficiently on a factory production line.

Although this is a closer look at factory-built housing, which is only one part of the entire housing picture, consumers should understand that it is an increasingly important part.

Bonnors celebrate Golden Wedding Anniversary

A reception celebrating the 50th Wedding Anniversary of Mr. and Mrs. E.A. Bonner will be held on Sunday, October 18, at the home of Bill Sherman in Lone Star.

The 24 p.m. gathering will be hosted by children and grandchildren of the couple. Their children include Mary Sherman and Johnnie Quisenberry, both of Lockney.

The long-time Floyd County residents were married on October 18, 1931.

All friends and relatives of the Bonnors are invited. No gifts please.

MR. AND MRS. E.A. BONNER

JAC Club hold meet at Dougherty

The first regular meeting of the Llano Estacado Junior American Citizens Club was held Thursday October 8 at 11 a.m. at Dougherty School. The meeting was called to order by the President, Chad Pernell.

The following officers were elected for the 1981-82 year: vice president, Heath Robertson; secretary, Donna Jean Campbell; color bearer, Bobby Martinez; and the song leader, Noelia Huerta. The club was given some important rules of parliamentary procedure by their director, Mrs. A.O. Dennington. The club plans to buy their JAC banner to be displayed at all of their meetings. The next regular meeting will be November 12.

The charter members of this club are as follows: Chad Pernell, Heath Robertson, Donna Jean Campbell, Bobby Martinez, Mark Machado, Grant Cage, Wesley Campbell, Justo Arellano, Noelia Huerta, Elvia Huerta, Ross Colston, Tricia Pernell, Flora Arellano, Tony Arellano, Alice Machado, Eddy Machado, Sonya Campbell, Zane Colston, Amber Poole, Jayna

Rebekahs hold friendship meeting

Those making the trip to Lockney Rebekah Lodge from Floydada on Tuesday night for a friendship meeting were Mr. and Mrs. W.B. Parrack, Mr. and Mrs. Hubert Davis, Valree Turner, Jewell Price, Grace Grundy, Pauline Pierce and Artie Webb.

A bountiful meal was served to the group before lodge opened. Ethlyn Vernon was in charge of the entertainment program, which everyone enjoyed very much. An hour of fellowship was enjoyed with the other lodges of District #9.

Longhorns-

Continued from Page 1

mained in the fourth period. The Mules pushed across the goal line on a one yard plunge setting up the crucial point after kick, and despite an all-out effort to block it by the Longhorns, the ball sailed high and true and the score changed in favor of the Mules. It was too late in the long, grueling defensive battle for the Longhorns to mount a scoring drive and the game, which had all the earmarks of a well-earned upset, once again went against the home team.

The game, of course, was won on the scoreboard, but if the final score had been based on statistics, the underdog Longhorns would have been big winners. They held the potent Mule attack to only 115 yards total offense while compiling a total of 255 yards themselves.

Following are the Muleshoe game statistics, followed by the total team statistics thus far in the season as the Longhorns go into district play:

GAME STATISTICS

Lockney 6 vs. Muleshoe 7

Rushing

McDonald, 17 carries, 78 yds.
Rendon, 4 carries, 18 yds., (1 fumble)
Guerra, 5 carries, 12 yds.
Arrellano, 1 carry, -3 yds.
McCormick, 7 carries, 32 yds.
Total, 34 carries, 137 yds. rushing

Passing

McCormick, comp. 9, att. 20, int. 3, 109 yds., 1 TD

Receiving

Rendon, 5 catches, 78 yds., 1 TD
Arrellano, 3 catches, 20 yds.
Dipprey, 1 catch, 11 yds.

Punts

McCormick 3 - 79 yds., -26.3 avg.

Penalties

6-48 yds.

Defense

Rush, 77 yds., (40 plays)
Pass, 38 yds., (2-8-2 int.)
TOTAL 115 yds.

SEASON STATISTICS

Rushing

Jr. McDonald, 98 carries, 414 yds., 4.2 avg., 2 TD's.
Jeffrey McCormick, 35 carries, 127 yds., 3.6 avg., 1 TD
Mario Arellano, 9 carries, 39 yds., 4.3 avg.
Israel Guerra, 13 carries, 30 yds., 2.3 avg.
Robert Rendon, 10 carries, 21 yds., 2.1 avg.
Refugio Vasquez, 1 carry, 20 yds., 2.0 avg., 1 TD
TEAM TOTALS: 166 carries, 651 yds., 3.9 avg., 4 TD's.

Rushing, 651 yds.
Passing, 352 yds.
TOTAL: 1003 yds., 200 yds./game.

JEFF REECER

Reecer participates in year of Longhorn football

Editors note: Each week the Beacon is honoring one or more of the Lockney Longhorns' senior football squadmen. This week we are honoring Jeff Reecer for his four years as a LHS athlete. Jeff is the son of Mr. and Mrs. Paul Reecer. He stands five feet, 10 inches tall and weighs in at 145 pounds. He plays split end on offense

and strong cornerback on defense.

He has played football and basketball all four of his high school years and golf for two of them.

As a junior, Jeff ran track and was a part of the cross-country team that qualified to compete at the state track meet. He played tennis as a freshman and

A look at the outcome of football season

BY BILL GRAY

There is a saying in West Texas that a person has to be crazy to "predict the weather or the outcome of football seasons." We all know the accuracy the weatherman sometime show, and it appears many pre-season football pollsters have "egg on their face" when one compares how the area's school-boy teams are doing at the midway point of the 1981 season, as compared to how the teams were rated in the various pre-season publications. An analysis of District 3-AAA teams certainly bears out this point. Let's take a look at some of the predictions made back in the summer:

| Team | Record | Points Scored | Opponent Points Allowed |
|-----------|--------|---------------|-------------------------|
| | W L | | |
| Idalou | 5 0 | 94 | 13 |
| Floydada | 4 1 | 132 | 29 |
| Tulia | 3 2 | 113 | 71 |
| Abernathy | 3 2 | 89 | 33 |
| Childress | 3 2 | 82 | 72 |
| Lockney | 2 3 | 67 | 70 |

The combined winning percentage of all 3-AAA teams is .667, as compared to District 1-AAA (Dalhart, Perry, etc.) of .520; 2-AAA (Littlefield, Muleshoe, etc.) of .470; and 4-AAA (Post, Frenship, Tahoka, etc.) of .570. These statistics illustrate the balance and strength of 3-AAA.

Many pre-season polls (including this writer's) picked Tulia as the favorite to walk off with the 3-AAA crown. After a slow start (losing two of their first three games), Tulia came on strong against Dimmitt 41-7. However, everyone has clobbered Dimmitt except Boys Ranch, so this is no gauge of the Hornets' power. They had some early season injuries to some key people, but now seem to be at or near full strength.

Abernathy has also dropped two decisions (7-8 to Roosevelt and 13-18 to Muleshoe), but remain a title threat in district play: The Lopes have rolled up 89 points while allowing 33. Their quarterback question is resolved and they have an excellent defense.

Childress has had consecutive setbacks at the hands of Wellington and Clarendon (State-ranked AA teams). However, Charlie Johnston will have his Bobcats ready when they open District against Floydada on October 16. The 'Cats don't appear as strong as in 1980 when they went 11-0, before losing to Littlefield in the Regional playoffs 17-0.

Lockney is the only club under .500 and played Muleshoe tough for 3 1/2 quarters before falling 6-7. The 'Horns lack consistency, but have a scrappy ball club have to be cast in the roll of "spoiler" in district play. Idalou, picked low by most pollsters, has to be one of the two surprise teams after five games. The Wildcats are undefeated, have scored 94 points while allowing 14, and

While these polls were the projections of the order of district finish, the overall season success was also considered. So far, District 3-AAA is living up to its billing as one of the better balanced AAA leagues in the State. In fact, 3-AAA has now emerged as the strongest district in Region I, based upon the best composite winning record against opponents from the neighboring districts. Through five non-district games, this is how 3-AAA now shapes up:

New record highlights Allsup's Annual Marathon

The Seventh Annual Allsup's Marathon, held in Clovis, New Mexico this weekend was highlighted by the setting of a new State record in the 10 kilometer event. Joe Ortiz from Portales, New Mexico shaved a little more than one minute off the existing state record by completing the course in 31:58.6.

George Chavez, a teacher from Tucumcari, New Mexico, captured the Full Mar-

athon for 1981 with a winning time of 2:35:31.7. The Half Marathon was won in 1:09:20.2 by Mathew Segura of Albuquerque. Although his time failed to set a new state record, he outdistanced his closest competitor by more than three minutes.

A new age group record was set by 14 year old Daryl Sorger of Clovis, who ran the 13.1 mile Half Marathon in a record time of 1:34:16.8.

The Marathon attracted 400 entrants this year with runners coming from Puerto Rico, Colorado, California, Arizona, Texas, Oklahoma, Florida, Louisiana, and Maine. More than 300 of the runners completed their respective races.

Sponsored by Allsup's Convenience Stores, the race was sanctioned and certified by the Amateur Athletic Union (AAU).

"THEY'RE OFF"—Approximately 400 runners competed in the Seventh Annual Allsup's Marathon in Clovis. The race, sponsored by Allsup's Convenience Stores, attracted contestants from 9 states. It is sanctioned and certified by the Amateur Athletic Union which allows for the setting of state records.

Crime rate rises in Texas 3.3 per cent

The number of major crimes reported in Texas during the first six months of 1981 rose 3.3 per cent compared to the same period last year, according to DPS Director Colonel Jim Adams.

"Although this is a significant increase, it does indicate that the volume of major crimes in our state is rising at a lower rate than we saw last year," Adams said.

In 1980, major criminal offenses in Texas increased 9.9 per cent in comparison to 1979.

Major index crimes recorded by the DPS Uniform Crime Reporting Bureau during the first half of this year totaled 431,409.

"Based on reports from Texas police agencies for the first six months of 1981, burglary showed the largest increase by category, rising 8.2 per cent to 133,621 cases," Adams pointed out.

The DPS director said one of the major crime categories actually registered a decline.

"Murder cases reported during the first half of this year totaled 1,143—a decrease of 2.1 per cent from the same period in 1980."

The remaining violent crime categories showed increases, with aggravated assaults up 3.8 per cent and rape and robbery each posting increases of 3.5 per cent.

The property crime categories of motor vehicle theft and larceny-theft rose 2.5 per cent and point-five per cent respectively.

Total property loss attributed to major index crime in the first half of 1981 was estimated at \$400 million.

In addition, state police agencies investigated 3,941 arson cases during the period which resulted in estimated property losses of \$50 million.

Three police officers were killed in the line of duty by criminal action during the six-month reporting period. Three other officers perished in duty-related accidents.

of football season

Points have opened some eyes, blowing away their first four opponents by a combined 125-8 score. The depth problem surfaced last week in the 'Winds hard-fought loss to #1 (Harris Poll) Littlefield. Floydada is currently the number 7 ranked AAA team in Texas, according to the Harris Poll. Bruce Williams has emerged as one of the most exciting backs to come along in a long time and currently leads all AAA scoring in Region I with 72 points. South Plains News

South Plains receives an 1 1/2" of rain

South Plains, October 12: Today is Columbus day, October 12, and is a holiday for some business firms, including the United States Post Office. We will have to wait for Tuesday for our letters and papers.

Last week our area received rain, but not as much as some of the surrounding areas. The rain began last Tuesday, and fields were wet all week, keeping farmers out of them, then Sunday morning we awoke to thunder and lightning, and heavy rains all day long. It was nice for the wheat farmers but hard on cotton growing farmers. South Plains received about 1.40 inches, and more is promised for this week.

Sunday morning Baptist Church Services were attended by only a few members who were able to come on the pavement. The rain poured down through the morning, and those attending carried umbrellas, boots, rain hats and coats. Wednesday night prayer services are to be held for the purpose of their business meeting, as it was postponed from Sunday night.

Mrs. Mamie Wood went to Amarillo Friday to spend that day and Saturday with her sister and husband Ruth and Buster Dunham. She attended a sales meeting on Saturday in Amarillo, and was home Saturday night and "muddled in" on Sunday.

Mrs. Ruby Higginbotham went to Lubbock and spent the weekend with her son and wife, Bud and Becky Higginbotham. She reported such heavy downpour of rain there during the weekend. She came home Sunday night.

Wednesday night of last week, on October 13, Mr. and Mrs. Grigsby Milton brought ice cream, angel food and pound cakes and lemonade, and after prayer meeting at the Baptist Church, where Mrs. Joyce Osborne led the group in an interesting study on Week of Prayer for State Missions of 1981. She then showed a film strip of work that is being done. After the meeting, the group went to fellowship hall where everyone attending enjoyed refreshments and a time of visiting. Those present for the birthday celebration for the Milton's daughter

Rev. Darla Milton Chappell, were Darla and her husband, Jerry Chappell, Mrs. Joyce Osborne, Mrs. Mamie Wood, Mrs. M.M. Julian, Mrs. Ruby Higginbotham, Mrs. Lois Lyle, and the hosts, Darla's parents, Doodle and Lillie Maye Milton.

Early Pritchett came home on Wednesday of last week from Ruidoso, New Mexico where he had been staying with his wife for some time. He is attending to some business on the farm.

We add our congratulations and best wishes to Mr. and Mrs. Albert and Lucille Duncan who will be celebrating their 47th wedding anniversary on October 18 from 2-4 p.m. on Sunday afternoon at the First National Bank Community Room in Floydada. We have known and loved them for many years.

Mrs. Frank McClure was taken to the Lockney General Hospital last Tuesday and she is still there. She has been suffering with pains in legs and knees, and has an infection. We hope she gets to come home the last of this week.

Mr. and Mrs. Grigsby Milton were down at the Baptist Encampment last Thursday evening for the WMU annual meeting, and attended the banquet and meeting where Mrs. Millie (Iva Loy) Bishop gave the main address. We inadvertently left their names off the list of those attending from here.

Remember the South Plains Hobby Club will meet at the home of Mrs. Mildred Hamm on Wednesday, October 14, at 2 p.m. Please bring a favorite recipe to share with others. Mrs. Dot Cummings will be bringing the program.

Rev. Cecil Osborne spent several days last week in Amarillo attending a seminar. Mrs. Corde Taylor of Muleshoe has spent several days here with her daughter

and with her sister, Mrs. Letha Mulder from here, they went to Clarendon for the weekend and visited two other sisters, Mr. and Mrs.

Mrs. Inez Minyard arrived here Friday from Littlefield.

Pete Land and Mr. and Mrs. Dale McLaugh. They returned to South Plains this Monday, and Mrs. Minyard returned home to Littlefield.

Lockney Care Center News

Bingo entertains residents

BY VICKIE HUTTON

This has really been a fun week! We had our competitive bingo games with our lucky winners Myrtle Burke and Alma McDonald, but the highlight of the week was our birthday parties. Wednesday, the ladies of the Main St. Church of Christ gave another lovely birthday party for all our October honorees, Mary Jo Fielding, Stella Wilson, Sherman Brashears, Eunice Taylor, Bertie Bradley, Mattie Poole, L.A. Jones, Belva Givson, Elvie Hulcey, and Donnie Hester. After Friday's bingo game Mr. and Mrs. Dick Taylor of Quitaque honored their mothers with a birthday party. The residents really enjoyed wishing these lovely ladies a "Happy Birthday" and many more.

The residents thoroughly enjoyed their bus trip Monday to Plainview. This was a special trip because they had missed their trip the week before. The residents look forward more and more to these trips.

While enjoying some delicious popcorn Thursday the residents watched the films "Walls of Time" and "Hand Gliding." We thank the Floyd County Librarian, Jackie Wolfe, for supplying such informative and enjoyable films.

The residents are planning to have a Bake and Ceramic Sale October 27th from 10 a.m. to 4 p.m. One word of caution: don't be shocked if you see a lot of strange

people. We have invited many spooks to visit us this day.

We welcome Mrs. Birda Foster to our family. Mrs. Foster is a lovely lady and we are happy to have her with us.

Alpha Kitchens, Amelia Ashton, Pablo Saiquere, Sherman Brashears, and L.A. Jones are in the hospital. We hope these lovely people are feeling better and are back with us soon. We really miss them!!

PARKAY MARGARINE

Mrs. Harris is survived by two brother-in-laws, O.A. Sweat of Plainview and Roosevelt Sweat of Wilson, Oklahoma and a sister-in-law, Vera Cox of Lockney and a number of nieces and nephews.

WILLIAM [ED] MUNCY

Services for William E. "Ed" Muncy, 85, of Floydada were at 2 p.m. Monday in First Baptist Church, Floydada, with the Rev. Floyd Bradley, pastor, officiating. Burial was in Floyd County Memorial Park under direction of Moore-Rose Funeral Home of Floydada.

He died about 6:45 p.m. Saturday in Caprock Hospital in Floydada after a brief illness. He had been admitted on Friday morning.

He was born in Floyd County on December 24, 1895 and lived there all of his life. He was a farmer and rancher and a World War I veteran. He married Aric Mae Hough May 26, 1927, in Lockney.

He was a Baptist. Survivors include his wife; three daughters, Mrs. Eddie Bolding of Los Angeles, Mrs. Jo Oechser of Dallas and Grace Parkey of Lubbock; a brother, Clay Lockney; and three grandchildren.

Funeral services were held at 10 a.m. Tuesday at North 14th Street Church of Christ, Lamesa, with Eugene Cardinal, minister, and Gordon Gower, associate minister, officiating. Burial was in Rose Hill Cemetery in Merkel at 4 p.m. Tuesday under direction of Bronan Funeral Home of Lamesa.

Mrs. Rogers died at 5:15 p.m. Saturday at St. Mary of the Plains Hospital in Lubbock after a lengthy illness.

Born February 4, 1906, in Indian Territory in Oklahoma, she moved to Lamesa in 1972 from Cisco. She had lived in the Cisco, Merkel and Abilene area for a number of years. She married June Rogers August 29, 1975, in Lamesa. He died in May of 1978.

She was a longtime member of the Church of Christ. Survivors include three daughters, Venita Woodrum of Lamesa, Geneva Weaver of Midland and Joneal Har-

ison of Lockney; three sisters, Mrs. Bob Bevers of Cisco, Mrs. Leona Swadley of Wichita Falls and Mrs. Dink Kimbell of Universal City; a brother, O.W. Lambert of Lubbock; eight grandchildren; and 16 great-grandchildren.

MAUDE WADE

Services for Maude McDermott Wade, 81, of Little Rock, Arkansas, a former Lubbock resident, were at 11 a.m. Friday, October 9, at Franklin-Bartley Funeral Home Chapel with the Rev. Frank Oglesby, pastor of Forrest Heights United Methodist Church, officiating. Graveside services were in Floydada Cemetery under direction of Franklin Bartley Funeral Home.

Mrs. Wade died Tuesday in Little Rock after a long illness.

She was born February 7, 1900, in Floydada. She moved to Little Rock in 1979 from Lubbock. She was a member of Forrest Heights United Methodist Church.

Survivors include a son, Charles Dooley of Little Rock; and a sister, Beulah McNeely of Lubbock.

WALTER R. WYLIE

Services for Walter R. Wylie, 76, of Lubbock were Tuesday, October 13, at Woodrow Baptist Church with the Rev. Jack Maddox, pastor, officiating. Assisting was the Rev. Cletus Caswell and the Rev. John Jenkins, both Baptist ministers.

Survivors include his wife; three daughters, Mrs. Bernice Billingsley and Mary Lou Vandiver, both of Lubbock and Lynda Gant of Lockney; a sister, Lula Kate Green of Lubbock; five grandchildren; and two great-grandchildren.

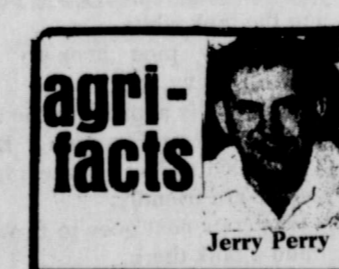

He was born in Cleburne and moved to Lubbock County in 1907. He was a retired farmer and married Mary Valree Pate October 22, 1927 in Lubbock.

He was a member of Woodrow Baptist Church. Survivors include his wife; three daughters, Bernice Billingsley and Mary Lou Vandiver, both of Lubbock and Lynda Gant of Lockney; a sister, Lula Kate Green of Lubbock; five grandchildren; and two great-grandchildren.

RECIPE

GREEN TOMATO MINCE- MEAT
1 peck green tomatoes (chopped)
5 lbs. sugar
2 lbs. raisins (chopped if desired)
6 large apples, peeled, cored and sliced
2 lbs. cinnamon (ground)
2 lbs. cloves (ground)
2 lbs. allspice (ground)
1 lbs. salt
1 cup vinegar

Chop tomatoes and drain off juice, add as much water as juice, add sugar, raisins, spices, cook slowly in porcelain pot until tender. Boil about 45 minutes. Cook apples by themselves and add to cooked tomatoes, boil a few more minutes, careful not to scorch. Stir and let thicken all you can, you may add apricots, peaches or other fruits. Put into hot sterilized jars and seal. Makes 8 quarts. By Mrs. A.V. Bethel

Jerry Perry

agri-facts
To eliminate the nematode problem, stay ahead of it. That's the advice of the manager of soybean research at a major seed development and marketing organization. Soybean cyst nematodes (SCN) are most often spread to new areas by contaminated equipment, the plant scientist strongly advised a thorough equipment cleaning this fall. Further, he recommends working an infested field last. He added rotation, resistant soybean varieties and nematocides will also assist in reducing damage. Before planting a resistant variety, however, he suggests checking the field to determine if SCN is present and its specific SCN race. Local crop production specialists or extension plant pathologists can test soil for the presence of SCN. And, to prevent field contamination, he advises always buy seed from a reliable source.

FITTING AND WELDING THE ROOF are David Rhodes from Seminary, Missouri and Dannie, pusher and assistant supervisor from Wille, Arkansas.

SETTING THE ROOF is Bob Hodge from Montezuma, Indiana welder from Buzzard Roost, Virginia. Not pictured is Bob Montezuma, Indiana.

WORKMAN hauling tools up by rope.

How to get to the top

[Photos and story by Shelly Harris]

The sound is similar to a child beating on a drum. Except that this sound echos over the entire city as workmen pound steel pieces into place on the water tower being built on the south side of Floydada.

The awesome sight of workmen perched on a sphere 130 feet in the air has kept Floydadians interested throughout the building project.

"When we came up with the first pieces of the tank, we looked out and there were cars stopped all over town watching us," one workman said.

The 200,000 capacity tank is being built by Hydrostorage, Inc., whose main plant is in Franklin, Tennessee. There is a sales office in Irving, Texas.

The company is strictly in the water tank building business. The construction supervisor is Gary Beaty has worked for the company for four years, in 25 states.

"Safety and quality come before anything else with this company," Beaty said, "it is the safest company I've ever worked for."

"It is dangerous to climb up on a water tower because the ladders and balconys will weaken with age. It is easy

to fall off especially these older tanks," he said.

"You have to keep in mind who all's around you and what everyone is doing," he said.

Workers are attached to a safety belt giving them 3 foot movement. The belts are attached to a rope that is tied off solid from the top.

Each Monday morning the crew takes time off for a safety meeting. If anyone has seen anything that may be a danger it is discussed at that time.

Also on Monday morning there is inspection of equipment. All small tools are run off of air pressure.

"We really do depend on each other," Beaty said of the six man crew. "It's real dangerous work and there isn't much margin for error. I also depend a lot on the Lord."

The Floydada tank is basically ornamental in design. It is safer, Beaty said, because there is no outside access to it. Kids can't climb it from the outside.

Entry to the new tank is gained through a metal door in the base. There is a four foot dry well through the center of the tank that allows a workman to go up to the roof of the tank.

There is a platform, inside the sphere, at 90 feet, but the dry well goes

to the top. There is a ladder on both the inside of the dry well and on the outside.

This will allow workers access to the inside and outside of the tank.

"It shouldn't need much," Beaty said, "the life span of the tank is 100 years."

The tank has a head range of 40 feet. That is the distance at its equator or the widest part.

The company is part of Pittsburg Steel, Des Moines, and they have been in building tanks for 80 years.

"In Mountaine, Iowa I talked to a man who had worked for the same company and built a tank in the '20's. He said they had a 40 man crew and it took them a month to build it," he said.

The last two years the company has received the "tank of the year award." In 1981 the award was given for a million gallon tank in Alabama. In 1980 the award was given for a tank at a shopping center in Galveston. "It is a very prestigious award," he said.

The tank is expected to be completed this weekend. The crew got a late start and has been held up by weather conditions throughout the construction time.

Next week painters will begin painting the tank white.

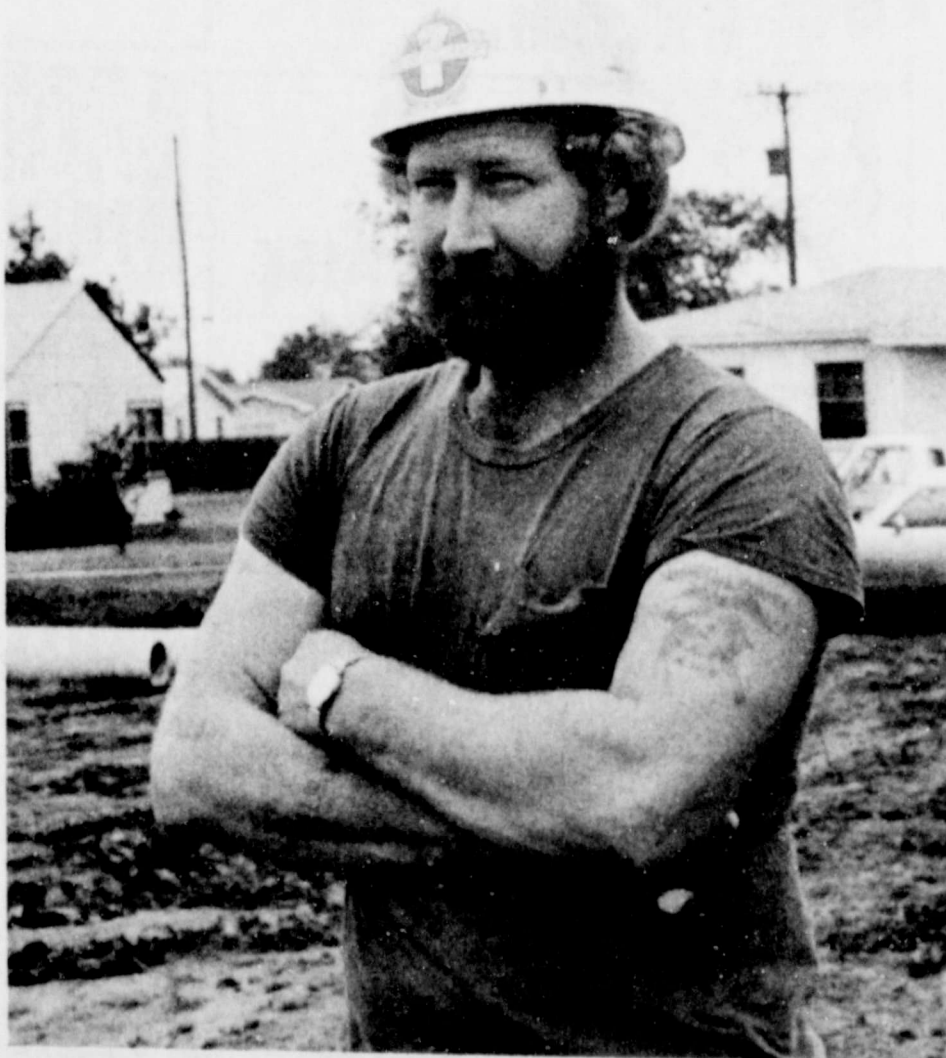

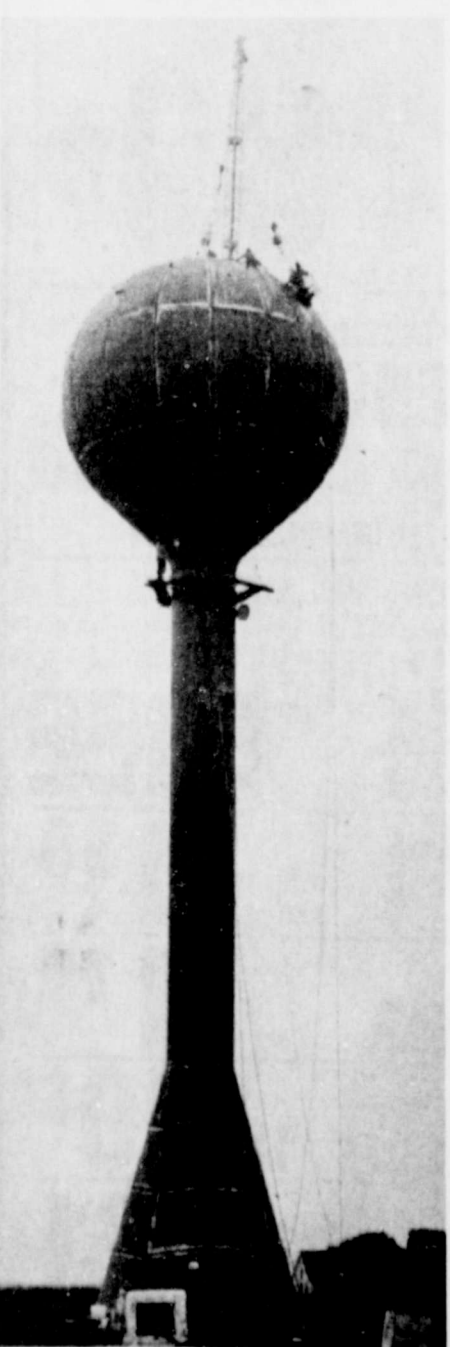

The city pipe hook-up work has already begun.

"We really appreciate the hospitality of the people in Floydada," Beaty said. "It is nice to work some place where people are friendly."

The crew next goes to Brownsville to build a tank there.

Whether the company makes it or not depends on the crew Beaty commented and added that this is a hard working crew of responsible people.

The men who work on the top are 19 to 25 years old. "Everyone has to watch out for everyone else," Beaty said, "alot of welding rod and alot of prayer go into building a tank."

GARY BEATY, construction supervisor.

ATTENTION FARMERS!
Agronomies, breeders of Earlycot cottons, is looking for interested farmers in becoming seed dealers. Our program is very simple with the top dealer each year winning a trip for two to Hawaii and the next top ten spending several days fishing in Mexico. The dealer will be working in coordination with the area gins.

Interest rate ceilings outlined

With fluctuating and occasionally higher interest rates in the offing, borrowers should be aware of recent Texas legislation relating to interest rate ceilings.

House Bill 1228, dealing with permissible interest rate ceilings in Texas, became law last May 8 and provides alternative interest rate ceilings that apply to almost all types of loans. Exceptions include loans for mobile homes and home solicitation transactions.

The law allows creditors (lenders) to choose an interest rate allowed by a weekly, monthly, quarterly or annual ceiling, points out Dr. Ashley Lovell of Stephenville, economist with the Texas Agricultural Extension Service. This rate is calculated for each of the time periods on the basis of weekly auction rates of U.S. treasury bills.

An example of a recent interest rate based on this new legislation is as follows: a 24 percent interest rate applied for the weekly rate for August 24-30, for the monthly rate for August, for the quarterly rate for July 1-September 30, and for the annual rate for July 1, 1981-June 30, 1982.

In this example, borrowings for personal, family, household or agricultural uses would be subject to a 24 percent per annum maximum rate. Credit in excess of \$250,000 for business, commercial, investment and similar uses would be subject to a 28 percent per annum limitation.

The state interest rate ceiling law does not affect federal preemptions for agricultural loans, notes Lovell.

Regarding the provisions of this new law, the economist notes the following items for agricultural producers:

The law applies to variable rate loans.

A monthly ceiling is available only in variable rate contracts.

Once a creditor has chosen a ceiling rate, such as the weekly rate, for a particular contract, he can not change to another ceiling rate during the life of that contract.

Applicable rules of the law to a specific situation depend on whether an open-end account or a closed-end contract is involved. An open-end account is a typical charge account or a revolving loan agreement.

If the open-or closed-end loan is on a variable interest rate, the rate charged must not exceed the ceiling chosen for that agreement.

Once parties have agreed on an interest rate, they are also considered to have agreed to any lesser rate that a creditor may elect or be required to implement, unless other arrangements have been made.

Regarding an open-end account, once a fixed rate is elected for a quarter or a year, that rate may not be increased during the specified period.

If a borrower refuses an interest rate increase on an open-end account, he has the right to pay off the existing balance, at the old rate and over the time period, under the same terms as prior to the rate change. However, additional charges to that account will be subject to the new terms.

Applicable ceilings for renewals and extensions are the same as any other contracts negotiated at the time of the renewal or extension.

Monthly, quarterly and annual interest rate ceilings calculated by the Consumer Credit Commission are published in the "Texas Regi-

ster," points out Lovell. Local financial institutions also have this information.

A more detailed explanation of this new interest rate

ceiling legislation is available from the Texas Bankers Association, 203 West 10th St., Austin, Tex. 78701. Include \$1 for postage and handling.

4-H Rabbit Show slated in Lubbock

Hundreds of dollars in prize money, more than 20 trophies and scores of ribbons will be awarded when young rabbit breeders from across the state converge on Lubbock October 24 for the 1981 Texas 4-H Rabbit Show.

The event is open to any 4-H, Future Farmers of America or American Rabbit Breeders Association Youth member, said Dr. John T. Pelham, state 4-H and youth leader with the Texas Agricultural Extension Service.

There will be 18 classes for bucks and does maturing at eight pounds or more, breeds maturing at less than eight pounds, and fur classes.

The event, an official ARBA Youth-sanctioned affair, will be held in the

Rabbit Building of the Panhandle-South Plains Fairgrounds at Lubbock. All rabbits must be in the showroom and entered by 8 a.m., Saturday, October 24. Judging will begin at 8:30 a.m.

Show catalogs and entry blanks are available at county Extension offices throughout the state. Deadline for regular entries is midnight, October 10. Late entries will be accepted not later than noon Thursday, October 22, at the contest office in Lubbock and must include a late fee for each entry.

Judges for the show will be Barry Ward of Ft. Worth and Steve Jones of Odessa.

An awards banquet at 6:30 p.m. October 24 will conclude the annual event.

Congratulations Lockneyites

Thursday — Macaroni, ham and cheese casserole, buttered green beans, shredded lettuce and tomato salad, roll, margarine, milk

Friday — Chicken fried steak with cream gravy, canned small potatoes, buttered broccoli, roll, margarine, raisin cookie, milk

Doggett in Floydada

to help with state taxes

State Comptroller Bob Bullock has announced that Kay Doggett from his Lubbock field office will be at the Floyd County courthouse in room 104 on October 20, from 9 a.m. to 11 a.m. A comptroller's representative is available to assist local residents at the courthouse the 3rd Tuesday of each

month. Bullock urged anyone with problems or questions concerning state taxes to contact Mrs. Doggett at the courthouse in person or call the Lubbock field office at (806) 795-0691. A toll free number (1-800-252-5555) is also available to Texas taxpayers.

Lockney Locals

Freddie and Nova Jean Ivy of Mansfield, arrived Thursday to visit her parents, Johns and Vera Cox and sister, Mel and Marjorie Holcomb, of Lockney.

Keith and Wanda Brock of Hart met all of them in Plainview to attend the funeral of Mrs. Cox's sister-in-

law. Then they all went to Hart to the Brocks to spend the afternoon. A cousin, Miles Cox, of Hart, joined the group for supper. Another cousin, Claude Cox of Hart, also visited.

The Ivys returned to Mansfield Sunday.

AMONG NUMEROUS RECOGNITIONS at the recent Sunday School Workers Appreciation Banquet at First Baptist Church was the presentation of training diplomas. Frances Mitchell, far left, received the Bible Survey Diploma. Sunday School Leadership Diplomas were presented left to right, to Mrs. Molly Stringer, Mrs. Theima Crawford, Mrs. Melva Seay, and Mrs. Ila Marie Warren. Also receiving the Bible Survey Diploma was Mrs. Nell Ferguson, and Anne Swepton earned the leadership diploma.

Business Women observing National Week in October

The Lockney Business and Professional Women's Club is finalizing plans for their annual observance of National Business Women's Week, October 18-24.

Among scheduled events are a Sunday Morning Coffee at the home of Dorothy Shipp and attending Church as a group. On Tuesday evening, October 20, the club will assemble at the home of Nora Bybee for a salad supper and their regular monthly meeting. Guests will be a group of

business women from Floydada.

National Business Women's week emphasizes the growing importance of women in the business world. For more than 50 years the National Federation of Business and Professional Women's Clubs, Inc. has helped to promote the interests of business and professional women, encouraging a spirit of cooperation and the development of new opportunities for education in industrial, scientific, and voca-

tional fields, and has stressed advancement based on demonstrated capacity to lead.

Any employed woman is eligible to membership in the Federation. The Lockney club invites any business woman in any field who is interested in membership to join with them in the week's activities.

Further information may be obtained by calling any BPW member or by contacting Dorothy Shipp, chairman of NBWW, at 652-3849.

...ing stories were written by the fifth grade at R.C. Elementary School. I read a story about a city boy and a beautiful black fox with silver spots across a country meadow. I was so impressed by the story he would remember it for the rest of his life. When I decided they wanted to write personal experiences they which made lasting impressions on their minds. These stories show maturity and creativity for ten-year old children.

THE FIRST DAY

by Danny Caballero

My niece lived in Florida and here. This summer, when she was 10 months old they moved here. When she was 10 months old they moved here. When she was 10 months old they moved here. When she was 10 months old they moved here.

THE DAY I FOUND MY CAT

by Mark Thompson

When I was two my cat, Snowball had about seven kittens. When all the kittens were still very young they all had hair. One kitten was so cute that we decided to keep it and give the others away. We decided to name it Ginger. Well, when it was around 2 or 3 it ran away and I cried and cried. Later when I was in the 2nd grade we moved to a different house. When I was in the 3rd grade we went back to our old house to look at the peach tree. We were standing there for about 5 minutes and finally Greg, my brother, turned around to look at the house. And at the corner was our cat, Ginger. It was the happiest sight for all of us. So we took her home.

THE BIG FISH

by Michael Chapman

Once my family and I went to Horner Lake for a few days. The first day we were there I caught two small catfish. The second day all I caught was some small crappies that we used for cutbaits on a trotline. That night, my Mother caught a crappie and she pulled the hook the guts came out with the hook. Larry casted the guts out into the water. The next morning I was the first one up. I went to the dock to pull in the lines we had left out overnight. I pulled in two that had crappies on them. Then I decided to reel the one with guts on it in. I didn't even know that it had a fish on it, but I started reeling, and it gave a hard jerk, and I reeled it in as fast as I could. When I got it on the dock I saw that it was a catfish about 19 inches long and weighed 2 1/2 to 3 pounds.

THE NEW PUPPIES

by Shelby Ogden

One day my little 3 year old sister was playing out in the backyard when all of a sudden she ran in the house with a black and white puppy. She went to my Mama and Mama kept asking her where she got it. Finally she ran to the backporch. So we followed. When we stepped outside we saw that the golden sun was just about gone. We saw that Bell had nine black, white, and brown puppies. I was excited and happy at the same time. They were so cute. They were in a hole beside the porch. We went back inside. Mama and Mandy went to the store. It started raining. I went and got a towel and went outside and got the puppies because the water was in the hole, and took them in and dried them.

MEG THE HORSE

by Anissa Crabtree

It was one Friday afternoon and I went outside to feed Meg, my brother's horse. I was not very old, I hadn't even started school yet. There was a big red bucket that had horse feed in it, and I walked over to get it. Meg was on the lawn. Her brown coat shone in the sun. She looked gentle and kind. She had a little white streak from her forehead to the tip of her nose that twinkled beautifully in the sun like a star. Her light brown eyes were soft, gentle, kind and certain. She stood quietly like a picture out of a story book. I picked up the bucket and set it by her. I scooped a little into my hand and held it up to her mouth. She softly sniffed it and then ate it slowly. I patted her and she nosed me for more. I scooped a little more and she ate it slowly. Her hot breath felt good on my hand. After I fed her some more, I sat down quietly and watched her eat. I felt proud and good that she ate out of my hand.

MY FIRST DOG

by Sue Hong

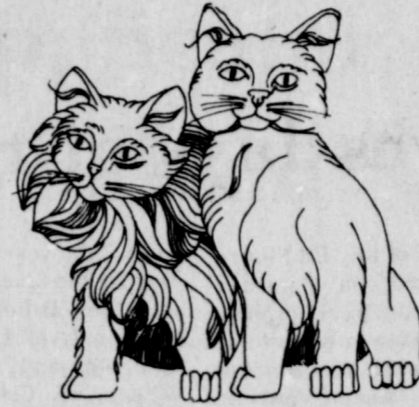

The day we went to get our new puppy was a bright sunny day. We were so excited to get a new puppy. When we got there we had a hard time choosing. Then the smallest one came up to me, barking. She was so small and cute. Her colors were black and white with a tan spot on her nose. Then the minute I saw the puppy I wanted it, but my sister wanted a different one. We argued about it a while and then my mother settled it by saying we were going to get the black and white one with a tan spot on her nose. I was so very happy.

FIRST SIGHT OF A DOG

By Sharon Smith

My first dog was my great experience. The paper told me everything I had to know. My mom had me read about it. I knew she was right for me. I could see her already, a small dog, reddish brown, with soft brown eyes, nice with children, just a puppy, playful, joyful, loving, never mad, and always happy. We were on our way over there. When we got there I jumped out and ran to the door but couldn't reach the bell. So I had to wait for Mom and Dad to get over there. It seemed like forever. They rang the bell. Finally Miss Johnson opened the door. I walked in and there it was: my puppy, my puppy, playing with a poodle. I just stood there.

I didn't want to break these dogs up. They belonged together. It walked over to me. The owner said, "Its name is Sacha." She jumped all over me. She Loved Me!

MY EXPERIENCE

by Tiffany Gentry

It's amazing what books can show with love. They give you a wonderful thought to think of. I experienced a wonderful story that showed. With deep gratitude; it really bestowed — About a seagull with a full life of its own. striving in life, for soon its time would be gone. It told of its many good feelings, and ways. Of its hard times, struggles to hold onto its days. It made my heart grow deeply with love. And its words beautifully described the seagull above. The ocean, the waves, it sent pictures to me. It seemed to have made both the writer and me, deeply experience the beauties that will never fade.

CASSY & TY

By Tammy Bertrand

One day my cousin, Cassy, woke up from her nap at 3:00 p.m. She was in a very good mood. Her little brother, Ty, was playing on the floor. She walked over to him, sat down behind him, picked him up, and began to rock him. I thought it was so cute and then Ty started screaming. Cassy looked so bewildered. She thought she was doing something nice, and helpful. Ty started to scream again but now Cassy was so hurt she stood up, let Ty fall and walked away looking so sad. Ty hit the floor still screaming I felt angry, shocked, sad, and amused all at the same time. I didn't know whether to scold, spank, or comfort, so I comforted Ty by giving him to Mother, and I scolded Cassy, soon all was normal.

STRUCK BY LIGHTNING

By Nokemi DeOchoa

One dark, rainy night, lightning was hissing from the black sky. It felt like a hurricane was going by. We immediately thought of a gun shot. Everyone was terrified. I called the Jacksons and Mrs. Jackson answered the phone. She asked if we had heard a loud sound. Her husband had already checked. He said lightning had struck a telephone pole and a gray cat. I immediately thought of Grace, my cat. I told him that it was my cat and she was going to have kittens in a week or so. In the morning I got her and I buried her. I felt sad.

THE SUNRISE

By Sandra Pesina

On summer mornings I wake up at around 5:00 o'clock. One morning when I woke up it was dark, and I saw something shining so I crawled up and opened the curtain, and laid back down. It seemed as if I were asleep but I was not asleep. Then I saw something bright yellow rising and when I could see a little more I saw the bright orange sun. It looked so beautiful. It was yellow all around it. And at the middle it was orange. Then I fell back asleep. A few minutes later I woke up and washed up, had breakfast, and told my parents about it. I told them "I wish I hadn't gone back to sleep so I could see the eyes, nose, and mouth of the sun!"

Electricity. Knowing what it's worth is worth knowing.

One thing we've probably all learned is to have an appreciation of things that have worth and to know their value. How would you rate yourself on knowing the value of the electricity you use? Take this simple exercise.

1. How much was your electric bill last month? \$ _____
2. Divide 30 into your answer to Number 1. This was the approximate cost of your electricity per day. \$ _____
3. How many people are in your family? _____
4. Divide Number 3 into Number 2. This was the cost of your electricity per day per family member. \$ _____

Knowing what electricity is worth is worth knowing. Just look around.

Wheat's up at Cedar Hill

BY GRACE LEMONS
1 1/2 inches of rain fell in Cedar Hill Community this week. Wheat is coming up and cotton fields are turning white with opened cotton.
Rev. and Mrs. Jackie Thompson, former pastor of Cedar Hill Assembly of God Church were both speakers in the morning services and the evening service Sunday.

Martha and Junior Taylor visited with Garland Tucker who is a patient in the Methodist Hospital and underwent open heart surgery recently. They also visited with Mary Ann who was sitting with her husband.

Robin and Ruth Fortenberry visited with Garland Tucker Friday and report that he was improving rapidly and expected to be able to return home Saturday. They also visited with his wife Mary Ann.
Robin and Ruth Forten-

berry visited Nancy and Harry Moracle who are residents in John Knox Village in Lubbock and report that they are very happy and enjoying their home there.

Mark Gilly celebrated his birthday Sunday in the home of his mother, Edna Gilly with a birthday dinner. His wife Lori and baby, Craig and Trudi Gilly and Amy were also present.

John D. and Pauline VanHoose left Friday to Kingsville to visit their son and family, Mr. and Mrs. Cecil Wayne VanHoose. Their other children joined them and they had a family reunion.

Janette and Wess May and daughter Kelly of El Toro, California came to see their grandparents, Mr. and Mrs. Jim Conner and stayed from Thursday through Friday morning. Missy and Bruce Conner and baby visited

them Friday morning.
Grace Lemons returned Friday after spending several days in Seagraves with her granddaughter Jenese and son James Lemons. She also visited Janie Lemons who was a patient in Brownfield Regional Hospital. Janie was able to return home Thursday.

Latricia and Durrel Fortenberry spent several days in Abilene on business.

Mrs. Peat Kelly visited her brother Tom Fortenberry a while Tuesday.

I think for any American who had the great and priceless privilege of being raised in a small town there remains always with him nostalgic memories...and the older he grows the more he senses what he owes to the simple honesty, the neighborliness, the integrity he saw all around him.

Center News

Center receives days of rain

BY MRS. J. E. GREEN
Monday, Oct. 12:
Rain, rain, rain! Two days at a time sometimes! But today has been mostly sunny. We like rain, especially when needed, like in summer. It was raining at church Sunday. All is green or gone to seed.

Mrs. Claude Carpenter and Mrs. Myrtle Burke both of the Lockney Rest Home spent Friday afternoon with Mr. and Mrs. Marion Carpenter and ate supper with them.

Mrs. Clarence Ashton is in Central Plains Hospital, Plainview, recovering from a broken hip. We hope she will continue to get better.

Mrs. Ava Jackson is away visiting her children, some of which are in Amarillo.

Mrs. Leo Frizzell is not feeling too well.

Mr. and Mrs. O.G. Mayfield's son Eugene and wife of Henrietta spent over the weekend with his parents. Bob Bradford visited in the home Sunday afternoon.

Mr. and Mrs. Hal Thomas spent several days last week in Lubbock seeing a doctor and visiting their children, Sue and Milton Mensch and son David. Saturday the Menschs' came over to Floydada to spend the weekend with the parents and enjoy the birthday dinner honoring the daughter, Sue. Grandson David is in Kindergarten this year.

Mr. and Mrs. Thomas Warren attended the dinner Sunday at First Baptist Church for the deacons and their wives, then visited with his mother, Mrs. Ola Warren and Mrs. Fred Battey in the afternoon.

Wiley Rogers is in St. Paul's Hospital in Dallas after being in a car wreck and is recovering after surgery.

My sister, Mrs. Gertrude Massingill, of Phillips who had surgery today in St. Anthony's Hospital in Amarillo, tonite at 9 o'clock has a good report.

Our sympathy is with the

loved ones of Mr. Ed Muncy who passed on Saturday evening in the local hospital. Last rites were today in First Baptist Church, Bro. Bradley officiating. Among out of

town relatives and friends here for the funeral were Mr. and Mrs. D.I. Boulding Jr. and family of Los Angeles, and Mr. and Mrs. Zolan Melton of Coleman.

Lubbock General Hospital open house set

Lubbock General Hospital is sponsoring an open house for their Outpatient Surgery service. Physicians, their staffs and local media will be invited as Lubbock General Hospital's guests on October 15, 8:30-10:30 a.m.

Lubbock General Hospital's open house will be an informative venture on regulations and procedures of the Outpatient Surgery. The purpose is to show and explain the facilities to the medical staff and local physicians. Literature will be available and visitors will be taken on a guided tour of the

facilities. Six different department will be represented: Laboratory, Admitting, Radiology, Heart Station, Operating Room and Outpatient Surgery.

The purpose of Outpatient Surgery service is twofold: the patient's cost is less on simple operations and patient room and operating room overload is reduced.

The Outpatient Surgery Service at Lubbock General Hospital operates from 8:00 a.m.-12:00 noon for patients requiring general anesthesia, and 8:00 a.m.-2:00 p.m. for those needing only local anesthesia.

Floydada School Menu

October 19-23
Monday:
Breakfast — Juice, toast, sausage, jelly, milk
Lunch — Fish with tartar sauce, cole slaw, cheese sauce potatoes, pea halves, hush puppies, milk
Tuesday:
Breakfast — Juice, cowboy bread, milk
Lunch — Pigs in blanket with mustard, blackeye peas, tossed salad, gingerbread with applesauce, milk
Wednesday:
Breakfast — Juice, cinnamon toast, milk

Lunch — Enchiladas with cheese, Spanish rice, tossed salad, nacho chips, jello with fruit, milk
Breakfast — Juice, dried cereal, milk
Lunch — Meat balls in brown gravy, buttered corn, pickle spears, sugar cookies, hot rolls, milk
Friday:
Breakfast — Juice, hot rolls, bacon, jelly, milk
Lunch — Char-burgers on bun, tomato, lettuce, dill pickles, potato chips, apple cobbler, milk

Halloween safety: goblins and ghostly things that don't go bump in the night

Tiny spooks and goblins are busy getting their scary costumes and masks ready for the big night. Halloween is coming!
The ancient observance of All Hallow's Eve is almost strictly for the younger set these days. They take full advantage of the occasion to mooch candies and other goodies from willing neighbors, chanting the call, "Trick or Treat!"
Although Halloween has been tamed somewhat in recent years, and many parents and schools organize parties to replace the traditional neighborhood rounds, a lot of kids will still opt for that old standby, trick or treating. You can help make this Halloween a safe and memorable one for the little ones by giving some thought to safety, suggests the Texas Medical Association (TMA).

It's a good idea to accompany youngsters on their neighborhood treks, since in their excitement they may be less than cautious about traffic hazards. Also, encourage them to go trick or treating early in the evening while it's still light outside.
When making your small spook's costume, use bright colors for visibility. You might even sew on some reflective tape that can be easily seen in the dark. Don't make loose-fitting costumes that may catch on fences or other obstacles. And make sure that costumes aren't so long that little ones trip over themselves.
Masks that cover the entire face can be dangerous. They often block vision and, if they slip, they can even block breathing. A "skin mask" made of grease paint or make-up is safer, and a lot more creative, too.

If the giddy goblin wants a light, give him or her a flashlight not a candle. Never allow small children to carry around sharp objects that can hurt them if they happen to fall.

Difficult though this may be, convince your children not to eat any goodies until

you have inspected them first. There have been a few incidents of twisted individuals giving children fruit or candy with needles, razor blades, glass or drugs hidden within.

Be considerate of other people's children. Try to make your yummies out-

VA News

Review of Discharge:
Each military service maintains a Discharge Review Board with authority to make changes in discharges that were not awarded by a general court-martial or for medical reasons. The VA will provide you general advice and application forms if you wish to seek an upgrade in your military discharge.

Questions and Answers:
Question: If a veteran is buried in a private cemetery and his relatives put up a headstone purchased locally, isn't there some sort of reimbursement if a government headstone was not used?
Answer: There is a monetary allowance payable by the VA in lieu of a government-furnished headstone. Current payment is \$59, which represents the average actual cost for the fiscal year 1980.

Question: I am attending school under the VA's dependents' education assistance program on a full-time basis. Do I qualify for the VA work-study program?
Answer: No. The work-study program is available only to veterans.

Question: What happens if the loan payments for a VA guaranteed home loan are not made?
Answer: Failure to make GI home loan payments may lead to foreclosure and loss of the veteran's home. In addition, if the government is required to pay a claim as a result of failure to repay the loan, the veteran will become indebted to the government for the amount of any such claim.

Question: During the burial ceremony of my brother, who was a veteran, the flag which draped the casket was presented to his wife. Why wasn't our mother entitled to the flag?
Answer: One burial flag is

presented in accordance with the law to the next of kin of a veteran in the following order:

1. Surviving spouse.
2. Surviving child.
3. Surviving parent.
4. Next of kin.

Mr. and Mrs. Floyd Webb of Floydada, with their daughter Mrs. Jonita Gilbert of Lubbock, their son and wife, Mr. and Mrs. Gene Webb of Sweetwater and their daughter, Linda Ann Faith of Lovington, New Mexico returned Sunday from a week-end vacation at Red River Village, New Mexico.

Mr. and Mrs. R.L. Webb of Albuquerque, New Mexico met them at Red River on Friday and they returned to Albuquerque with them to see the parade of the hot air balloons on their 10th anniversary of Balloon Parades. While in Albuquerque the visited with a sister of Mr. Webb's Mrs. Newell Cregg.

line of two-w...

ational Harvester dealer,
Implement Inc., Ralls Highway, Floydada, is now offering a totally new line of advanced design, 50 Series tractor from 90 to 185 horsepower, which offer farmers increased productivity, fuel efficiency and ease of maintenance. The new line includes three 50 Series models, rated at 90, 110 and 135 PTO hp.

The 50 Series transmissions for easier shifting and increased fuel savings, an advanced air flow cooling system and sophisticated electronics are among the major advancements of the new line, according to the dealer.

The new line represents an investment of more than \$200 million, the largest engineering and development expenditure ever undertaken by IH's first new product line.

The 50 Series' entire new product line, which is backed by IH's first 2,500 hour, warranty, includes a new transmission design, featuring 18 forward gears, fully synchronized constant mesh gears. This allows for smooth shifting and fuel efficiency, the dealer said.

WINTERIZE YOUR BACK YARD DURING OUR GAS GRILL SUPER SALE

Now, you can save 30% on a big selection of gas grills... bargains you'll relish year 'round. Where is it written that when the weather turns cold you can't enjoy the uniquely wonderful taste of food cooked outside? Your back yard can always be the center of fun and good eating with a gas grill. A dependable gas grill will broil hamburgers or steaks with a minimum of attention. Or, slow cook a roast or turkey while you sit inside. And, you can get big savings right now on a gas grill that will make year 'round outdoor cooking even more appealing. So, Fall into a great deal now... winterize your back yard with a gas grill and enjoy it for years and years.

PATIO KITCHEN

PK cast aluminum grills feature stainless steel burners — "H" shaped for maximum heat distribution... stainless steel for long trouble-free life, and heavy steel rod coal grates.

- PK Delta 1**
Single-burner model with 270 sq. in. chrome-plated cooking grid. List Price \$150.50
Now \$105.35
SAVE \$45.15!
- PK Regent 1**
Dual burner and controls let you use one-half or all of burner. 326 sq. in. cast iron cooking grid. List Price \$221.00.
Now \$154.70
SAVE \$66.30!

DUCANE

Ducane cast aluminum grills feature top-ported stainless steel burners, which last longer and save gas... and a unique coal grate designed to prevent flare-ups and grease collection at the bottom of the firebox. Some models have Rotis-A-Grate®, a separate vertical burner for rotissing from behind the meat, and porcelainized-steel cooking grids.

- The Challenger 800**
Single burner model with 305 sq. in. nickel-chrome plated grid. List Price \$216.00.
Now \$151.20
SAVE \$64.80!
- The Challenger 1500**
Twin burners, dual controls — one for each size which saves gas when you don't need to use the total cooking surface. 405 sq. in. nickel-chrome plated grid. List Price \$347.00.
Now \$242.90
SAVE \$104.10!
- The Trophy 2000**
Two burners — one with a 310 sq. in. porcelain-steel cooking grid, the other a Rotis-A-Grate® vertical burner rotating motor and spit and electronic ignition. List Price \$440.00.
Now \$308.00
SAVE \$132.00!

INTERNATIONAL HARVESTER 5288 tractor is one of the highest performance, high horsepower models in the 700 hp range. Its 6-cylinder, 466 cu. in. diesel engine develops 160 PTO hp. An all-new transmission provides 18 closely spaced forward and 6 reverse gears and combines the features of full synchronization and power shifting for efficiency and field performance. Like the other advance design models in the new series, the 5288 has a new drive train, forward air flow cooling, and Power Priority hydraulics, according to Brown's Implement, Ralls Highway.

Line of two-wheel drive tractors available

International Harvester dealer, Brown's Implement Inc., Ralls Highway, is now offering a totally new line of advanced design, two-wheel drive tractor from 90 to 185 horsepower, which offer farmers productivity, fuel efficiency and ease of operation.

The brain of the transmission is a microprocessor that monitors and safeguards it, ensuring that one clutch pack is released before another engages for smooth shifting. Also, IH's mid-mounted wet master clutch requires less than 15 lb. pedal effort.

An IH exclusive, according to the dealer, is forward air flow cooling in both the 50 and 30 Series models. With the system, cooling air is pulled in through a top grille across the radiator and is expelled through the front grille across louvers that direct air downward and outward from the tractor and operator. This air flow pattern blows dusty air away from the front of the tractor, improving operator comfort and visibility. It also results in minimum chaff buildup, providing added engine protection and more efficient cooling.

On all tractors, the control centers have left and right doors for easy entry and exist. All controls are located in a seat-side console at the operator's right hand, leaving the left hand free for steering. An IH exclusive electronic data center provides digital readouts of engine, rpm, travel speed, exhaust gas temperature and PTO speed.

Other advanced features, the dealer said, include: a hydraulic system that provides pressure and flow to meet exact load demands, conserving fuel and increasing drawbar horsepower availability; the choice of a standard three-point hitch or new claw hitch; and improved control center visibility.

The dealer invited area farmers to visit his dealership and learn more about the new IH 30, and 50 Series tractors.

The dealer invited area farmers to visit his dealership and learn more about the new IH 30, and 50 Series tractors.

Around The County
By Jett Major
FLOYD COUNTY EXTENSION AGENT

With corn harvest measuring completion in Floyd County, minimize next year's southwestern corn borer problem is at hand.

Corn borer infestation were especially bad and widespread this year, necessitating as many as three expensive chemical applications to achieve control. Borer larvae can reduce yields by tunneling in the stalk and by stalk girdling, which frequently results in lodged plants.

Girdling is a behavior pattern in which larvae, preparing to overwinter in the plant stub, chew a groove around the inside of the stalk a few inches above the soil surface. Girdled plants are weakened and susceptible to lodging.

Cultural practices such as winter stalk destruction by single disking, shredding or knifing are the most reliable management tools to minimize losses next year due to this pest. These tillage practices expose the tap root to freezing weather and will decrease corn borer survival.

If shredding is used, the stalk must be cut at ground level.

Data obtained from a three-year study conducted at Halfway by Dr. Tom Archer, Texas Agricultural Experiment Station entomologist, indicated that

shredding, disking or knifing by mid-January reduces by 80 percent the borers which would normally survive the winter. These tillage practices combined with natural mortality result in 95 percent reduction.

If stubble destruction is delayed until February or later, only a 45 percent reduction in survival was obtained, Archer pointed out.

Many producers are drilling in wheat behind corn without destroying their stubble. However, even if corn isn't going to be planted next year, you owe it to your corn producing neighbors to destroy your stubble.

Producers planning to graze out their stalks or who are concerned about soil erosion should still consider some type of cultivation which will expose corn borer larvae.

Grazing itself will not reduce the number of corn borers that emerge in the spring. Stubble destruction through shredding will still permit grazing and should assist in preventing soil erosion.

Educational programs conducted by the Texas Agricultural Experiment Station service people of all ages regardless of socioeconomic level, race, color, sex, religion or national origin.

Nixon elected to the Floyd Co. SWCD board

Leslie Nixon Jr. of Floydada was elected to the Floyd County Soil and Water Conservation District board of directors October 6. Nixon will represent zone 3 of the district which is an area northeast and east of Floydada.

Nixon was appointed to the board for zone 3 in August of 1980 when zone boundaries were changed and when Cecil Purcell retired as director.

Nixon will now serve a five year term on the board as one of the five directors.

The purpose of the Floyd County SWCD is to promote sound soil and water conservation programs on farm and ranch lands within the district and to serve as a voice for farmers and ranchers on conservation matters and other issues affecting private property rights of landowners.

The board of directors coordinates the conservation efforts of various local, state and federal agencies and other organizations and has authority to enter into working agreements with these governmental agencies and private concerns to carry out its purposes. Policies and procedures for carrying out the district program will be within the framework of the Texas soil conservation district law. In Texas there are 201

Soil moisture now being prepared

Your best source of information about next spring's pre-plant soil moisture conditions may be obtained from a cooperative soil moisture monitoring study already in progress on the High Plains.

Soil Conservation Service and High Plains Water District staff are now preparing over 140 soil moisture sampling sites for the 1981-82 monitoring program. They hope the study will provide data for accurate pre-plant soil moisture maps on the High Plains.

The SCS has used a statistically sound random sample developed by Dr. Bob Davis, with the Agricultural Economics Department at Texas Tech University, to locate sites for up to 300 neutron probe access tubes on farms over the 15 county area. Site selection is based on the complexity of local soils and variations in saturated thickness of the Ogallala Formation.

Jon J. LaBaume, District Conservationist for Floyd County, is currently contacting landowners and operators, asking for their cooperation and permission to drill the probe holes and place the tubes. A minimum of disturbance to cropland is necessary to install these two-inch diameter, thin wall aluminum tubes which will be set to a depth of seven feet below the land surface.

Crews will use a soil auger mounted on a small two-wheel trailer to prepare the sites. Readings of the soil moisture profiles will be taken with a hand carried instrument in late January and early February.

LaBaume says, "This study will give us an accurate picture of our soil moisture reserves over the entire area. This information will help farmers make more accurate pre-plant irrigation decisions to avoid both over and under irrigation this spring, and give an indication of potential dryland production."

Overapplication of water above that needed to fill the soil to field capacity costs the irrigator at least \$2.00 per acre inch, in fuel cost alone. Each "extra" inch can cost a farmer over \$320 on a 160 acre field. Under-irrigating, on the other hand, can cost producers millions of dollars in reduced yields.

For the dryland producer, the soil moisture monitoring program can provide data to help him select crop varieties most suitable for his existing soil moisture conditions.

The survey will also have a tremendous irrigation water saving potential, especially in years when the soil moisture deficit is small, such as is expected for this season if current weather patterns continue.

The High Plain's first soil moisture monitoring program was developed and maintained for many years under the guidance of Oliver Newton, who worked for the National Weather Service at Lubbock. Technical guidance was provided by Texas Agricultural Experiment Station at Lubbock with funding support from the Plains Cotton Growers Association.

With Oliver Newton's recent retirement and the closing of the local Weather Service offices, a new sponsor was needed to continue the program. The High Plains Water District accepted prime responsibility for the program, and developed a cooperative agreement with the SCS to expand the program. The Texas Agricultural Experiment Station will continue to provide technical assistance as needed.

Pesticide Applicator Training to be held

BY JETT MAJOR
FLOYD COUNTY EXTENSION AGENT

The Floyd County Extension Service, in cooperation with the Texas Department of Agriculture, will conduct a Pesticide Applicator training for producers who do not have a Certified Private Applicator License. State and Federal Laws require any individual planning to purchase pesticides bearing a "Restricted Use" label to have a Certified Private Applicator License.

Many farmers, ranchers, and homeowners obtained a license in 1977 by attending a similar training meeting when the State and Federal law first went into effect. Other individuals have completed a home-study course since that time in order to obtain an applicator license. However, many producers in Floyd and surrounding counties still do not have a license and will no doubt need one in the near future as State and Federal laws continue to crack down on the use and abuse of hazardous chemicals.

The Pesticide Application Training will be held on Tuesday, October 20, at the Lighthouse Electric Co-op Meeting Room in Floydada. The training will begin promptly at 6:30 p.m. and should be completed by 10:00 p.m.

All producers in Floyd and its neighboring counties that do not have a Certified private Applicator License are invited and encouraged to attend. Those that cannot attend and would like a copy of the Home-Study Course may call Jett Major at 983-2806 or come by the Floyd County Extension Office located in the Agriculture Building on the east side of the Courthouse Square in Floydada.

Landscape & Gardening

HARVESTING — FALL GARDENING

What should we do with the vegetables in fall garden after they have grown?

The harvest time in the fall is important to know and understand for each vegetable so that you can get each vegetable at their prime quality. For example tomatoes, the tomatoe fruit that are set today, the blossoms that are set will not produce their red ripe fruit for at least 60 days. If the temperatures are cooler, the last stages of ripening form the time the tomatoe is premature (as large as it's going to get, but before it starts to turn red) that time from the green mature to full ripe, is extended as much as 3 weeks to a month. If you got tomatoe fruit coming along toward maturity during the cool days of fall, as soon as they are full size and have started to turn color at the very blossom or tip end, they should be picked from the plants and taken inside. They will ripen (finish the final stage of ripening inside) faster because temperatures are higher inside then they are out in the garden. All tomatoes will have to be harvested before the first frost date or they will be killed by the low temperatures. We usually have a frost around late October or early November. Any vegetable like tomatoes, squash, cucumber, beans, any thing that is frost susceptible has to be harvested before that date. As far as the other vegetables are concerned, you've got many weeks after the first frost; cabbage, cauliflower, broccoli, all the root crops, the green lettuce, spinach, beets and leaf lettuce.

The harvest period is going to be different for the various vegetables. The important thing is to harvest the vegetables as they come into early maturity and extend the harvest period in this matter. Don't wait until the entire crop is ready. A good example is the cabbage, the some head variety, will have a hard head when the little

head is about 3 inches in diameter and will weigh less than a pound. Harvest some at this stage and use them. The outer leaves are going to be killed by the frost, but the inside of the head of cabbage is perfectly fine.

ROOT CROPS

Carrots, beets, turnips, the true root crops don't have to be harvested when they're mature. There is nice sandy soil in most areas of the Plains. All you have to do to keep the roots in the garden and keep them in prime condition is to mulch up around the crowns with good clean wheat straw or clean mulchy material that will protect the crowns from freeze damage. You can obtain some of these wheat straw when harvesting wheat. Many wheat growers and livestock men will stack pile of good clean sheaf for feed in the fall.

How should you look at harvesting of the crops in the fall garden in the summer?

You should keep in mind the average date of the first frost in the fall and make certain that as the vegetables come into early maturity that you harvest as soon as possible, but don't harvest everything at once. If you're a month or several weeks away from frost, harvest steadily over time so that you can have a little bit in the house. Don't try to stack pile a bunch of crops, like the greens the vegetables that you know will tolerate the frost. Keep disease out of the vegetables and if worms get started make sure you plant Diapale to keep the worm population under control.
