

City continues with grant program

The Lockney City Council met in a called meeting Friday, June 18, for a meeting with Barbara Ellis of Parkhill, Smith & Cooper, Inc. consulting engineers. This firm has been working with the City to help administer and adhere to the two contracts for the renovation of the northeast part of Lockney.

Pat Frizzell, Kenneth Wofford, Dub Dipprey, Gale Kring, Erma Lee Duckworth, City Secretary, and Mayor J.D. Copeland attended the meeting.

The original grant was petitioned in October, 1980. A pre-application was sent to HUD in January, 1981. Money for the first year's funding was applied for in May, 1981 and approved the following June.

The total CDBG (Community Development Block Grant) funds that were applied for was \$812,000. The first year \$357,000 was primarily for the improvement of sewer and water systems in the target area. New connections will be installed, with loops properly placed for adequate pressure to provide for proper fire protection and consistent pressure at each residence. Cesspools and septic tanks will be filled in and required water connections will be installed.

The City will have to exercise its option on the method chosen for securing the work for the installation by plumbers. Local private plumbers could be used, or the city employees could be hired after their regular working hours, or bids could be taken from outside plumbers for a lower cost.

The City will be submitting an application for \$455,000 for the second year of this comprehensive CDBG program July 15, with approval of that application expected by September 15. Councilman Kring made the motion that the application be approved and Councilman Dipprey seconded it. The second year's program is aimed at the paving of streets in the area. If the paperwork is complete by the July meeting, work can begin. 150 days is expected for completion which would cause the work to be finalized about the end of December.

Clearance of lots and old and dilapidated houses has been provided for in both year's contracts.

This year's funding has been broken down into the following parts for each expenditure:

\$254,000	street improvements
12,000	clearance and demolition
38,000	relocation payments
73,500	housing rehabilitation
13,500	code invoicement
18,000	general administrative costs
43,000	contingencies
\$455,000	

The City has scheduled two public hearings on this proposed CDBG program to give citizens the opportunity to review the planned activities, ask questions about CDBG program implementation, evaluate the impact of the 1981 CDBG program and provide input on the City's assisted housing needs.

The two CDBG public hearings will be held as follows:

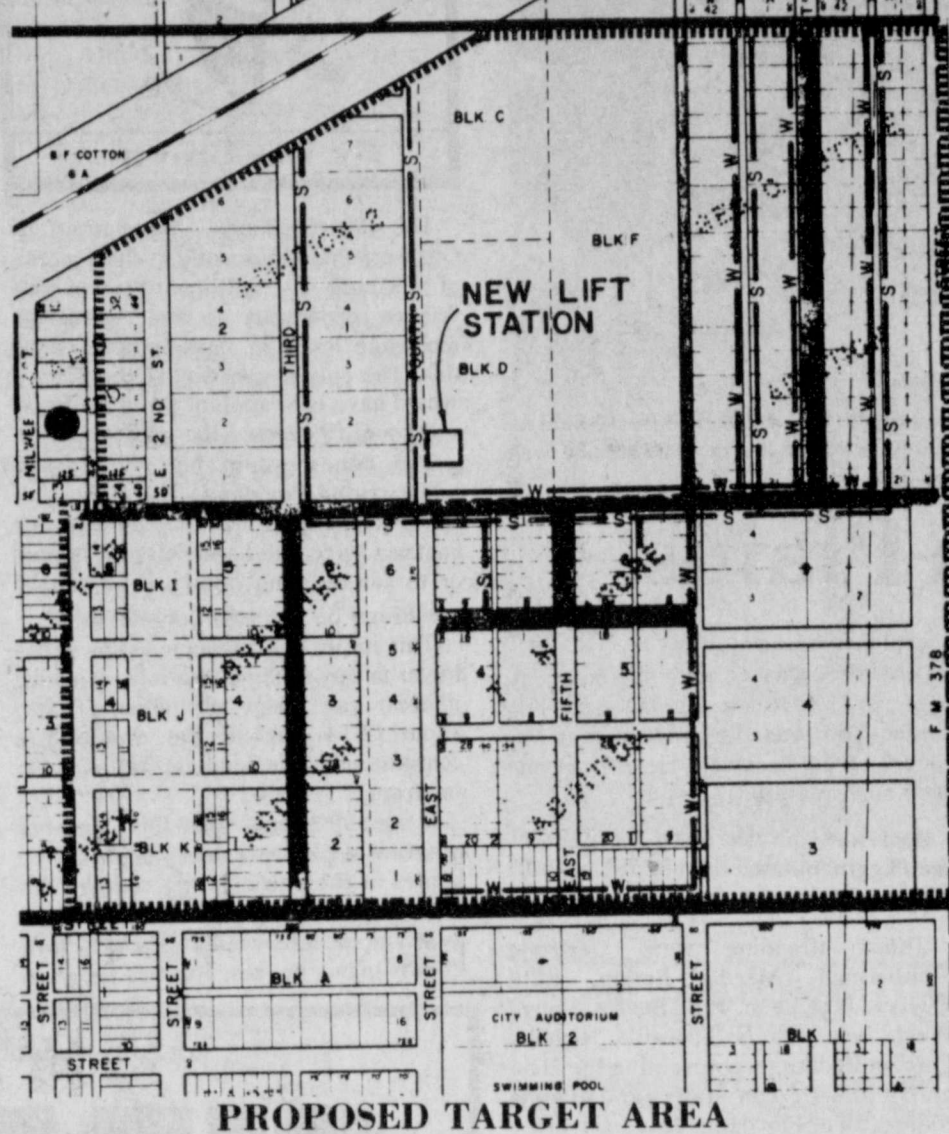

Public Hearing No. 1: 7 P.M. Tuesday, July 6, 1982, at the Lockney City Hall, 215 E. Locust Street.

Public Hearing No. 2: 9 A.M. Thursday, July 8, 1982, at the Lockney City Hall, 215 E. Locust Street.

Interested citizens and citizens groups are encouraged to attend these important public hearings and present their views and comments on the City's proposed CDBG program. Written proposals and comments from citizens will be accepted and considered by the City up until the time of the second public hearing should contact the Lockney City Hall to arrange for special assistance.

Copies of the City's approved pre-application and the 1981 CDBG full application are available for public inspection upon request at the Lockney City Hall during normal business hours. Written material explaining the CDBG program will be available to the public at these two public hearings.

For further information, contact Erma Lee Duckworth, City Secretary, at 652-2355.

County-wide picnic is planned for June 25

Our new Floyd County Council has undertaken what should prove to be a very enjoyable and rewarding venture. They have planned a county-wide picnic which will take place at the Floydada Country Club on June 25. Hot dogs and ice cream will be served.

The council asks anyone not bringing food to bring brownies, cookies, etc...if you can.

They plan to start serving supper around 7:30 p.m., so try to come about 6:00 or earlier to swim, play golf, or play volleyball. After supper there will be a dance so bring some of your favorite records and tapes. Anyone who doesn't want to dance can swim or join in some of the other activities.

Jodie Smith, County Council Secretary, says "Bring the whole family."

Film shown on CPR at Health-Fitness

A film was shown at Health-Fitness Tuesday and Wednesday, June 22 and 23. The film was shown to show the proper way to administer CPR (Cardio-Pulmonary Resuscitation).

The film was shown for the benefit of the general public at no cost to increase the knowledge of the community in case of an emergency.

CPR can be used on near-drowning victims, electric shock victims, heart attack victims and other emergency cases.

Three steps were pointed out as vital to administering the proper aid under the circumstances:

1. Make sure patient is unconscious.
2. Make sure the airway is clear; check to see patient is breathing.
3. Check to see if patient's heart has stopped.

Differences were shown in how a rescuer working alone was required to administer CPR in contrast to how two workers could coordinate their efforts.

The instructor stressed the importance of not abandoning CPR for over

come join in all the fun, and help the Council begin a great new year. The Council hopes to make Floyd County 4-H more enjoyable for everyone!"

Senior Citizen Bus

The money needed for new tires for the Floyd County Senior Citizen bus has been received. The donations are appreciated.

However, the bus now needs a U-joint and a front end alignment.

The bus is owned by the Senior Citizens Inc. and is used for both the Lockney and Floydada Rest Homes, as well as for transportation needs of Senior Citizens.

The County pays \$1500 a year for gas. Floydada pays for the insurance. Green Thumb pays for one driver and SPAG pays for the other driver through Community Action.

WINNERS NAMED IN THE 4-H DAIRY DEMONSTRATION CONTEST—Karyn Foster (left) and Earl Broseh, Floyd County 4-H members, were named first place winners in the 4-H dairy demonstration event held at the State 4-H Roundup in College Station. Karyn's parents are Mr. and Mrs. Eddie Foster and Earl is the son of Mr. and Mrs. Kenneth Broseh, all of Lockney.

4-H'ers at state

Floyd County 4-H'ers competing at the annual State 4-H Roundup in College Station represented Floyd County well in all contests entered. Karyn Foster and Earl Broseh from Lockney won the State 4-H Dairy Contest with their demonstration on "Embryo Transfer in Dairy Cattle". This is the second year in a row that a Floyd County method demonstration has won the State 4-H Dairy Demonstration Contest. Karyn and Earl will be presented a watch at a later date for being state winners of this contest.

Shannon Edwards and Shannon Smith competed as individuals in the State Range and Pasture Grass Identification Contest, so they could not qualify for team awards. They did make an excellent showing in individual competition by placing 21st and 22nd out of over 40 contestants. Both of these 4-H'ers spent a great deal of time with their head in the books preparing for this contest and they should be commended for their efforts at the state contest.

The Floyd County 4-H Rifle Team made their annual trip to the State Rifle contest and also made their traditional.

The Floyd County 4-H Rifle Team, composed of Chris Fulton, Norman Allen, Tom Ross and Rick Heflin placed 4th at the State 4-H Rifle Contest. The Floyd County team, coached by Harvey Allen of Floydada was beaten by only one point by 3rd place Lubbock County - the team that Floyd County beat quite decisively at the District Contest in Lubbock to qualify for the State Contest.

This was the last year for all four of these young men who have been shooting together since they were juniors in 4-H. Floyd County can be very proud to have had them represent us all these years and the Floyd County 4-H Club is very fortunate to have had such a dedicated coach in Harvey Allen all these years as well.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion or national origin.

THE GENERAL STORE is a new business in Lockney with some familiar faces and a touch of the past for shoppers who enjoy an "everything" store.

Carlene Johnson runs the General Store

Carlene Johnson of the South Plains community has opened a salvage store known as the General Store in the old Thomason Grocery Store building. Denise Burson, her daughter, is assisting her with her new duties. Denise, incidentally, drives from 15 miles east of Silverton every day.

At present the store is open Fridays and Saturdays only. Their hours are from 9 to 6. Mrs. Johnson indicated if a large number of harvest crews increased their traffic, the store might start opening Thursdays, Fridays and Saturdays. "It will probably be a month before we will know," she said.

The General Store is owned by Joe Keeter, another familiar face around the Lockney area. Keeter obtains his

stock for the store through the purchase of bankrupt and close-out stores. "We never know what we'll have," Mrs. Johnson said. "Each week it will be something different."

The merchandise sold in the store may range from boots, shoes, jeans, and clothes, to plumbing supplies, grocery items, and hats. They also have handcrafted items and baby items.

Also for sale they have some produce cases and a few antique cases.

If you have not paid the General Store a visit, you must do so right away.

If you have, you will need to go back soon for a look at new merchandise. For an economical solution to your needs and a visit into the past, shop at the General Store often.

Tye takes summer vacation shutdown

This Week

Public hearing

Public hearing will be held at the Lockney City Hall, 215 E. Locust Street at 7 p.m. Tuesday, July 6, for the CDBG program.

Public hearing

Another public hearing will be held at the regular City Council meeting Thursday, July 8 at 9:00 a.m. at the Lockney City Hall. The public is invited to attend both these meetings.

Drivers License

Effective July 1, 1982, the Drivers License Office in the Floyd County Courthouse will be open for business on the following days and hours: Tuesday, 8:30 a.m. to 5:00 p.m.; Thursday, 1:30 p.m. to 5:00 p.m.; Friday, 8:00 a.m. to 5:00 p.m.

Oops!

Correction on story three weeks ago concerning Republican County Convention: Albert Scheele is the Republican County Chairman for Floyd County. Bill Hale was the chairman of the County Convention only.

Women's Softball Tourney

A Slow Pitch Women's Softball Tournament is being sponsored by Lockney's Softball players.

Teams are invited to sign up from all area towns. The tournament will be held July 4 and 5.

Deadline for sign up is Thursday, July 1.

Contact Anna Anderson at 652-2753 or Tammy Zachary at 652-2630 for more information.

Film

"On Running", a film obtained through the Lockney Branch Library, will be shown by Health-Fitness at their 106 South Main Street location Tuesday and Wednesday, July 6 and 7.

FIRST NATIONAL BANK has been among those establishments that are receiving a resealing coat on its roof this week. The drive-in window was temporarily closed during the process.

BREAKFAST AT MAMIE'S—Everyone that attended the annual breakfast in the backyard of Mamie Wood's home last Wednesday seemed to enjoy themselves. The breakfast had to be postponed one week due to bad weather, but was held as planned on Wednesday, June 16, at 8 a.m. Attendance was slightly higher than previous years.

Breakfast held at South Plains

Wednesday morning, June 16, brought city-dwellers out of their natural setting to venture into the South Plains community at an early hour for Mamie Wood's traditional breakfast.

A meal of chili cheese squares, homemade bread, an assortment of jellies, and melon balls and strawberries was enjoyed by the guests.

The attendance of the breakfast was slightly over half of the number traditionally entertained, but heavy rains and muddy roads had caused the breakfast to be postponed from the previous week.

Mrs. Wood said the annual affair had originally been started with the garden club. After it disbanded for a short time a hobby club was started March 14, 1962, and the breakfast grew from that.

Louzilla Nichols presented the hostess with a newspaper clipping about the first hobby club breakfast held. Mrs. Nichols had attended that breakfast and said this would be her last as she is preparing to move to Sweetwater.

Guests commented on the lovely drive from their residents to the South Plains community home. Some had

driven a distance of up to 70 miles before breakfast. After the recent rains the fields were green and wheat fields waved golden in the early morning light, nearing harvest time.

A crisp breeze and the call of grackles and black birds gave the hint of being aloof from the humdrum world that we hurry through daily. The patio is Mrs. Wood's backyard was a perfect setting with all of the trees, shrubs, and plants lush with new found vigor.

Guest speaker Sandra Burdette of Lubbock spoke to the breakfast guests. As an employee of People Plus, an organization that has spread over the United States, she gave the philosophy of the positive thinking firm as 'looking for the good in any situation.' She also referred to a similar program that has been introduced by the corporation that, she said, had been used to a big advantage in schools to help children, for whatever reason, who do not receive the encouragement that they need at home to excel in whatever they attempt. She stated results from that program have been astounding, and programs such as DECA have received dramatic

acceptance because of it.

The hostess asked each person to say a prayer for Helen Dunlap and her family. This was the only year in the history of the breakfast Helen had not been able to attend.

Hostesses for the event were Ruby Lee Higginbotham, Bonnie Julian, and Mildred Hamm.

Those attending were Gertrude Smitherman, Martha Botkin, Ruth Walker, Jane Bean, Judy Beedy, Sherre West, Lula Teague, Louzilla Nichols, Carolyn Redding, representing the Hesperian and Beacon staffs, and Bonnie Moore, all of Floydada; Joyce Osborne, Carolyn Marble, Louzilla Nichols, Glyn Earl Cummings, Pat Wood, Sara Probasco, Bonnie Julian, Mildred Hamm, and Bobbie Kinnibrugh, all of South Plains; and Edythe Clarke, Ruby Lee Higginbotham, and Kathlene Thornton, all of Lockney.

Special guests were Sandra Burdette, speaker and Dixie Barron, both of Lubbock and Gertrude Gaby, Sara Probasco's mother who was visiting her daughter from Jackson, Mississippi.

THIS SWARM OF BEES appeared at 209 W. Georgia, Floydada, Saturday morning. Mr. Weldon Fannon collected this swarm with little trouble and said if any one has this same problem he will collect them for you.

Why not SPAG bonds?

Wes Side Story

By Wes Brown

The South Plains Association of Governments is currently in the process of forming a multi-county housing finance corporation, to issue bonds for mortgage loans in participating counties. The only responsibility the county would have is to appoint three incorporators and to oversee the program.

The bonds would be sold by an underwriting company. The buyers of these bonds would be home builders, or contractors to build and sell new homes or to sell existing homes. The county would not be liable for any default.

This type of financing allows the buyer to buy a home at a lower finance interest rate than the current rate, about 12-14 percent. Yet, the county commissioners decided not to adopt this program.

It would seem that this type of program would encourage people to buy homes in the participating county. I'm not saying if Floyd County adopted the program, people would flock to Floyd County to buy houses. But this program

might make a difference whether or not someone would move to this area.

A county judge in a neighboring county, participating in this program, said that their interest rates will probably be about two percent lower than the current rates. Two percent may not sound like much but over a period of 20 years it could be a considerable amount of money. It could be the difference between affording to buy a house or not.

Currently 14 counties in the south plains area are participating in this program. I'm not going to list them because Floyd County is almost the only county that is not.

I got the impression from the commissioners' meeting, that one of the primary reasons they turned down the proposal was SPAG was presenting it. Any program presented by the government would probably have equal chance of getting shot down.

One commissioner stated that we don't need a government program to

get loans for houses because the economy will get better. He went on to say that in order for things to get better it would have to start someplace and it might as well start in Floyd County.

Floyd County shouldn't adopt this program just because the other counties are, they should study this proposal further because it could be an asset to the local economy of the county.

Consider this, an industry was deciding on a location for a factory of some nature and Floyd County seemed to be an ideal location. The revenue from this factory would be a small boom to the local economy of whatever city it was near. If the deciding factor between Floyd County and another county with this program was housing for the scores of employees, Floyd County would have to be passed up because of the housing shortage.

If I were that make believe industry, I wouldn't worry, 14 other counties could have adequate housing for my employees.

Just A Little Boy

author unknown

He stands at the plate with his heart pounding fast,
The bases are loaded, the die has been cast,
Mom and Dad cannot help him, he stands alone,
A hit at this moment would send the team home,
The ball nears the plate, he swings and he misses,
There's a groan from the crowd with some boos and some hisses,
A thoughtless voice cries "strike the bum out",
Tears fill his eyes, the game is no longer fun,
Remember, he's just a little boy who stands all alone,
So, open your heart and give him a break,
For it's moments like this, a man you can make,
Keep this in mind when you hear someone forget,
He is just a little boy and not a man yet.

COBY AND BRADY, sons of Mr. and Mrs. Gary Marr, are not too young to want to take full advantage of the reading program offered by the Lockney Library this summer.

The Rev. Michael O'Connor's

Perspectives

Is there Biblical support for war making? These days it depends on who you are talking to what answer you get. The problem is that both sides of the argument are supported by those who like to proof-text, that is to say, each side has its own particular verses, taken out of context, that they see as constituting proof for their arguments.

On the side of those who advocate strong defense and even joining in war, the arguments tend to center around the Old Testament wars of Israel, and the statements about submitting to the government, and Jesus statement that he came not to bring peace, but a sword.

On the side of the peace movement, the arguments center around the fact that the scriptures refer to the Messiah as the Prince of Peace, and Jesus blessing of peacemakers in the Beatitudes. Much of the rest of their arguments stem from the idea that we could destroy the world, something that does not seem to bother conservatives too much since many of them feel God is going to bring about the destruction of the world through a giant nuclear explosion, or at least that God won't allow the world to be destroyed before its time anyway.

What are we to say, to think about these arguments. It is true that Israel had an army, and that they often launched attacks against their neighbor countries, especially in order to claim the land God had promised them. And they were merciless most of the time. But they were acting under divine revelation, and the merciless part of the campaign dealt with maintaining the purity of the worship Israel was to afford God.

Submitting to the government does not necessarily approving of all they do, especially if what they are about is immoral. If certain forms of warfare are immoral, for instance germ and chemical warfare, they are generally outlawed, then decried when they are illegally used, again, for instance, the reports of chemical weapons being used in Afghanistan. We must examine whether nuclear arms fall into that category.

Jesus statement about bringing a sword, in its context, indicates more something about relationships between people than it does about the right to make war.

On the other hand, we must realize that the Bible does state that God ordained governments to provide for the defense of the people, so that some kind of armed force is generally recognized, except by the most extreme pacifist, as being legitimate. Jesus blessing of peace-makers may well have something to say to the arms race, but fits in more readily with the concept of individual relations rather than government relations. In terms of the end of the world, that argument is not really all that relevant to the issue. The world will end someday, no doubt about that. The issue is the propriety of the form of defense we are choosing.

If the weapon we are developing and using is immoral, then no amount of justification is possible. This includes

the argument that the other guy has it, and therefore so must I. Deciding the morality of the weapon is a much more complex issue, and in this particular instance, the issue should be decided as much careful deliberation, not in the heat of passion, patriotism, emotion, and hate.

Next, we shall deal with an equally important question; that is how do we relate to each other in spite of differing opinions on such a touchy topic.

C. H. Rose is 94!

Mr. and Mrs. Delbur Rose hosted a birthday gathering for Delbur's father, C.H. Rose last Thursday, June 17, to celebrate his ninety-fourth birthday.

Mrs. Dee Copeland baked the birthday cake. Guests were also served cookies and punch.

Special guests attending the celebration were Jerry Rose, a grandson, his wife Karen and daughter Sherlene.

Other guests calling on the honoree during the day were Estella Hernandez, Karen Evans, Faye Holmes, Mr. and Mrs. Hilburn Casey, Mabel Perkins, Mrs. Bob Knox, Mary Lou Bollman, Maudie Muncy, Helene Holt, Bernice Barker, LaVerna Sams, Ike Johnson, Fidel Espinoza, Janie Espinoza, Mr. and Mrs. J.D. Copeland, Mr. and Mrs. Audie Noland, and Opal Blount.

The guest of honor also received phone calls from Mr. and Mrs. C.L. Record in Colorado, Belvie Greenhouse, a niece, of Borger, and Mr. and Mrs. Guy Roberson of Beaumont, a grandson.

Rose's wife, Mary Ida, also a youngster at 92, was not able to attend the festivities. She had been taken to Lockney General Hospital earlier in the week experiencing some difficulty with high blood pressure.

Rose has a collection of boots and toys. His pastime is either spent enjoying his toys or tending his large collection of ivy and aloe vera plants. He has reported many of the ivy plants for members of his family to give as gifts. He combines his hobbies by potting some of the plants in some of his boot collection to make an especially attractive combination.

His collection of toys are kept displayed on a table where he will have

easy access to them. A few of the toys have been given to him by members of the family, but most of them he has purchased or has specifically sent for.

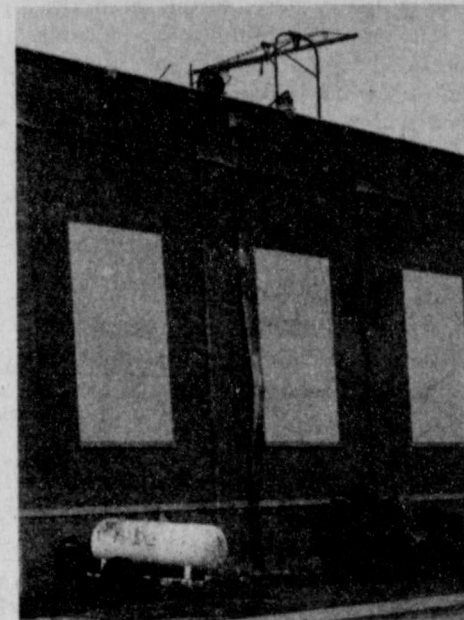

Mrs. Rose, we are told, has never had done much handwork until she had trouble with a leg about 6 or 7 years ago. Since that time she has taken up crocheting and needlepoint. She has made any number of afghans since that time, and has even made up her own needlepoint patterns.

The Rose home is not a place of stillness and retirement, it is a place of hobbies, of two busy people at work.

Rose and his wife were recognized as the Outstanding Pioneer Couple at the annual Floyd County Pioneer Reunion May 22 of this year.

C.H. ROSE stands behind a table of toys that he still enjoys. He celebrated his 94th birthday Thursday with the assistance of friends and family.

LHS GETS A RESURFACED ROOF among other repairs and maintenance this summer.

PUBLIC NOTICE CITY OF LOCKNEY HOUSING AND COMMUNITY DEVELOPMENT PROGRAM

The City of Lockney has been invited to submit a full application to the U.S. Department of Housing and Urban Development (HUD) for Community Development Block Grant (CDBG) funds. This application will be submitted on or about July 15, 1982.

The City of Lockney will be submitting an application for \$455,000 for the second year of a comprehensive, two-year CDBG program. Activities included in the City of Lockney's 1982 CDBG application will include rehabilitation of substandard dwellings, relocation of families from dilapidated dwellings, code enforcement, clearance activities, paving/drainage improvements and general administrative activities.

The City has scheduled two public hearings on this proposed CDBG program to give citizens the opportunity to review the planned activities, ask questions about CDBG program implementation, evaluate the impact of the 1981 CDBG program and provide input on the City's assisted housing needs.

The two CDBG public hearings will be held as follows:

Public Hearing #1: 7 P.M., Tuesday, July 6, 1982, at the Lockney City Hall, 215 E. Locust Street.

Public Hearing #2: 9 A.M., Thursday, July 8, 1982, at the Lockney City Hall, 215 E. Locust Street.

Interested citizens and citizen groups are encouraged to attend these important public hearings and present their views and comments on the City's proposed CDBG program. Written proposals and comments from citizens will be accepted and considered by the City up until the time of the second public hearing.

Handicapped individuals who may have difficulty in attending this public hearing should contact the Lockney City Hall to arrange for special assistance. Copies of the City's approved pre-application and 1981 CDBG full application are available for public inspection upon request at the Lockney City Hall during normal business hours. Written materials explaining the CDBG program will be available to the public at these two public hearings.

For further information, contact Erma Lee Duckworth, City Secretary, at 652-2355.

Pickens, Bean repeat wedding vows May 22

Miss Jan Renae Pickens became the bride of Brent Wade Bean Saturday, May 22, in the Ford Memorial Chapel of the Lubbock First Baptist Church. Bob Utley, pastor of Lubbock's Trinity Baptist Church, officiated.

Jan is the daughter of Mr. and Mrs. Eugene Pickens of Fort Worth. Brent is the son of Mr. and Mrs. Walter Bean of Silverton. He is the grandson of Mr. and Mrs. Hilburn Casey of Lockney and Mrs. Susie Autry of Silverton.

The ceremony was performed before a background of candelabra garlanded with greenery, white tapers and pink satin ribbon.

Selected nuptial music was provided by Mrs. L.B. Garvin, Jr., organist, of Silverton. She also accompanied Mr. Scott Creswell as he sang, "Flesh of my Flesh" and "That's the Way."

Given in marriage by her father, the bride wore a copy of a Michele Piccione dress made by the bride's mother. The fitted bodice was a scalloped V-neck, was made of French lace, sprinkled with seed pearls. The long tapered sleeves were also made of lace and closed at the wrists with small covered buttons. The back of the dress was also closed with small covered buttons from the neckline to the waist. The A-line type skirt with a chapel length train was made of organza over satin crepe.

Her waist length veil was attached to a white silk flower head wreath. The bride's bouquet was a cascade of pink roses, stephanotis, white mums, white buttons and baby's breath with white streamers.

Mrs. Sidney Johnson, sister of the bride, of Azle, Texas was the matron of

honor. Miss Marian Massey of Mansfield and Miss Maureen Ball of Azle were bridesmaids. Miss Lisa Anderson, cousin of the bride of Houston, was a junior bridesmaid.

All attendants wore identical formal gowns of dusty pink satin crepe with V-necks, ruffled sleeves and self-tie belts. Each carried nose gays made of mini pink carnations, white mums and buttons with long pink streamers.

Steve Johnson, nephew of the bride, was the ring bearer. He carried a lace-trimmed heart shaped pillow.

Best man was Jeff Jones of Silverton. The groomsmen were Kyle Bean and Casey Bean, brothers of the groom. Candlelighters and ushers were Larry Tarver of Lubbock and David McMahan of Princeton.

The bride's mother wore a dusty rose dress made of sheer crepe. It buttoned on the left shoulder with small covered buttons. The sleeves were three-quarter length and gathered at the shoulders.

The groom's mother wore a baby blue dress made of polyester. The dress had an accordion pleated skirt and lace bodice. It was covered by a waist-length jacket made of lace and sheer crepe sleeves. Both mothers and grandmothers wore corsages of mini pink carnations and white mums with white ribbons.

RECEPTION

A reception followed the ceremony. It was hosted by the bride's parents. The bride's table was covered with a lace cloth over white, accented with silver appointments. The lace cloth was scalloped by pink bows at the corners and at the center of the table. The

three-tiered wedding cake was decorated with pale pink flowers topped with a miniature china bride and groom. Also served were pink chocolate hearts, white rosette mints and finger sandwiches.

The groom's table matched the bride's with silver appointments and lace cloth. German chocolate cake in the shape of a "B" and coffee were served. The centerpiece was a large decorative jar of jelly beans made by the groom's aunt, Mrs. Dub Mercer of Lockney.

Miss Rebekka Sanders, cousin of the groom of Lubbock, distributed rice bags to the guests.

Members of the houseparty were Mrs. Nellie Goggans of Azle, Kelli Graves of Fort Worth, Mary Anne Reese of Houston, Susan Clark of Dallas, and Callie Robinson of Clovis.

Mr. and Mrs. Walter Bean, parents of the groom, hosted the rehearsal dinner at the Gridiron on May 21. The tables were decorated with farm scenes made of brass. Pink and white cut flowers accented the tables.

The bride's going-away dress was of dusty rose organza over matching satin crepe. She added a corsage of pink roses, stephanotis, baby's breath and white buttons with white ribbon.

Following a trip to Colorado Springs, the couple will reside in Lubbock.

The bride is a graduate of Azle High School and is a senior at Texas Tech, majoring in home economics education.

The groom is a graduate of Silverton High School and Texas Tech University and is currently working on his Master's degree in plant and soil science.

MRS. DALE POWELL

MR. AND MRS. BRENT WADE BEAN

Jones, Withrow to wed in Mesquite July 22nd

Mr. and Mrs. Merrill Duane Jones of Mesquite, Texas announce the engagement and approaching wedding of their daughter, Merilee Elaine, to David Wright Withrow. He is the son of Mr. and Mrs. E.W. Withrow of Dallas, Texas.

The July 22 wedding will be held at the Casa View Church of Christ in Mesquite.

The bride-to-be is a 1979 graduate of North Mesquite High School and attended Eastfield Community College. She is a candidate for graduation in

August for a bachelor's degree in speech pathology from the University of Texas at Dallas.

The prospective groom is a 1977 graduate of Bryan Adams High School in Dallas. He attended Eastfield Community College where he earned an associate's degree in digital electronics technology. He is employed by E-Systems of Garland, Texas.

Miss Jones is the granddaughter of Leslie F. Cox of Lockney and Wesley W. Jones of Breckenridge, Texas.

D'Lee Marble and Dale Powell were united in marriage Friday evening June 18 in the First Baptist Church. Dr. Floyd Bradley, officiated.

The bride is the daughter of Mr. and Mrs. Keith Marble of South Plains. She is a 1982 graduate of Floydada High School and is employed as a bookkeeper for Consumers Fuel.

Parents of the groom are Mr. and Mrs. Melvin Powell of Crosbyton. He is a 1977 graduate of Crosbyton High School and is engaged in farming.

The ceremony was performed before a background of five fifteen branch brass candelabra covered in lemon leaf foliage. Pedestals placed in the choir loft held arrangements of greenery. A white porcelain urn centered the altar holding European garden style arrangements of eremerus, calla lilies, peonies, dutch iris, rubrum lilies and elematis. Matching urns and arrangements were placed on either side of the sanctuary.

The bride's father gave her in marriage. For her wedding she chose a formal length gown of white organza and chantilly lace fashioned with a Queen Anne neckline edged with scalloped lace and full length lace bishop sleeves held with deep cuffs. From the lace empire bodice flowed a full bouffant skirt that cascaded into a cathedral train. Three deep flounces of lace formed the hemline of the skirt and train. Seed pearls adorned the bodice. The headpiece was a chantilly lace Juliet cap holding three lace edged tiers of illusion. She carried a free-form bouquet of white dendrobin and yellow oncidium orchids, stephanotis, freesia and rubrum lilies.

Candlelighters were Jo Betsy Hopson, cousin of the bride from Plainview, and Tom Ross of Floydada.

Attending the bride as maid of honor was Lisa Ware. Bridal attendants were Drew Ann Johnson and Dee Ann Fry. Their identically styled dresses were formal length, of powder blue giana fashioned with a spaghetti strapped bodice and a sunburst pleated skirt. A chiffon caplet completed the ensemble. Each carried a garden bouquet of oncidium orchids, rubrum lilies and freesia.

Jerry Powell of Floydada served as

best man. Groomsmen were Paul Lloyd of Floydada and Byron Boyd of Lubbock.

Serving as ushers were Keith Dwayne Marble, brother of the bride of Floydada, Duane Powell, brother of the groom of Floydada, Brad Bullock and Jimmy Cervantes of Floydada. Eric Smith of Floydada was ring bearer. They were attired in navy with powder blue shirts and ascot ties. Their boutonnières were white stephanotis.

The program of wedding music was provided by Mrs. Bill Hardin at the organ playing the traditional wedding march and Alan Benson singing "Because" and "The Lord's Prayer."

Guests were registered by Lori Lyles of Floydada and Jill Wells of Denton.

RECEPTION

The bride's table was draped with white moire fabric edged with antique lace. An antique silver epergne held a European arrangement of rubrum lilies, dutch iris, eremerus, calla lilies, gerbera daisies, agapanthis and oncidium orchids.

The bride's cake was decorated in spring shades of azalea blossoms, roses, grapes, and lily of the valley. It was made by Ida Mae Stark of Jacksboro and served by Lisa Rose.

LOCKNEY LOCAL

Johns and Vera Cox and Mel and Marjorie Holcomb attended the 50th wedding anniversary celebration at Plainview Saturday afternoon honoring Herbert and Marion Hughes.

LOCKNEY LOCAL

Sunday, Father's Day, visitors of Johns and Vera Cox were their daughters, Wanda and Keith Brock of Hart and Marjorie and Mel Holcomb of Lockney.

Punch was served from a silver punch bowl by Sherry Holmes.

The groom's table was covered by an ecru lace cloth. The table was set with a brass coffee service and brass candleholders with blue candles. Chocolate cake was served from a brass tray by Jill Wells of Denton and Cindy Marble, of South Plains, cousins of the bride.

Flower arrangements and corsages were designed and arranged by Kelly Marble, cousin of the bride, designer for College Flowers, Lubbock.

Mints in the shape of wedding bells were made by Mrs. Fred Marble, aunt of the bride.

Members of the houseparty were

aunts of the bride, Mrs. Don Marble and Mrs. Fred Marble of South Plains, Mrs. Marvin Wells of Denton, Mrs. Dean Hopson of Plainview and Mrs. Jerry Robertson of Boise City, Oklahoma.

Rose rice bags were distributed to the guests by Justin Marble of Lockney and Kay Wells of Denton, cousins of the bride.

Special guests were grandparents, Mr. and Mrs. Byron Powell of Ralls, Mrs. Jewel Fowler of Crosbyton and Mrs. George H. Robertson of Plainview.

The rehearsal party was hosted by the groom's parents at Kings Restaurant in Floydada.

MARLIN MARBLE, THERESA KITTRELL

Kittrell, Marble plan August 21st wedding

The engagement and forthcoming marriage of Miss Theresa Kittrell and Marlin Marble is announced by the bride-elect's parents, Mr. and Mrs. Jerry Kittrell of Hart.

Parents of the prospective groom, a former resident of Lockney, are Mrs. Keith Brock and Max Marble, both of Hart. His grandparents are Mr. and Mrs. Johns Cox of Lockney and Mrs.

Eathly Marble of Plainview.

Both are 1980 graduates of Hart High School and the bride-elect is currently attending West Texas State University in Canyon. The groom-elect is farming south of Hart, where the couple will reside.

Wedding vows will be exchanged on August 21 at 6 p.m. in the First Baptist Church in Hart.

JAY WOMACK, DARLA MURPHEY

Murphey, Womack announce plans

The parents of Darla Murphey and Jay Womack are proud to announce the engagement and approaching marriage of their children on July 24th.

Darla is the daughter of Mr. and Mrs. John A. Murphey of Nocona, Texas. Jay is the son of Mr. and Mrs. Bill Womack of Floydada.

The wedding will be at 4:00 p.m. in the afternoon at the First United Methodist Church in Nocona.

Darla graduated from Nocona High School in 1977 and from Midwestern State University, Wichita Falls, Texas in July 1981, with a B.S.E. in physical education.

Jay graduated from Floydada High School in 1977 and from Tarleton State University, Stephenville, Texas, in December 1980. He will complete his masters in Vocational Agriculture in July 1982. Both are employed by the Burkburnett Independent School District, Burkburnett, Texas.

Grandparents of the couple are Mr. and Mrs. Lloyd W. Jones, Bokchito,

Oklahoma, Mrs. Anna Lee Murphey, Nocona, and Mr. and Mrs. A.D. Jester of Floydada.

Tyer, Zachary united in 7 p.m. ceremony

Tracy Tyer became the bride of Michael Zachary during a 7 p.m. wedding ceremony Saturday, June 19 at the First United Methodist Church, Floydada. The Rev. Jim Smith, pastor of First United Methodist Church, read the vows which united the children of Mr. and Mrs. Charles Tyer of Floydada and Mr. and Mrs. Dennis Zachary of Lorenzo.

Musical selections were provided by Stan Sanders and Randy Mosier, vocalists, who presented "The Love Will Make You One" and "The Wedding Song", a solo by Sanders. Terry Willson, Floydada, and Mrs. Walter Scheef, aunt of the groom of Lorenzo, were organist and pianist, respectively.

Baskets of white daisies highlighted the background.

Escorted and presented in marriage by her father, the bride wore a formal length gown of white organza. Chantilly ruffled lace formed a Victorian bib of English net. The sleeveless gown featured a natural waistline encircled with silk venise lace. The full A-line skirt bordered in ruffled chantilly lace swept into a chapel length train. Gauntlets matching that lace of the gown accentuated the complete look. For her headpiece the bride chose a fingertip veil of illusion bordered in a silk venise look that cascaded from a Juliet cap adorned with venise lace and irredescents.

Miss Glenda Rasco of Muleshoe served as maid of honor. Mrs. Tammy Hawkins, Odessa, and Miss Tana Tyer, Floydada, accompanied their sister as bridesmaids. Other bridesmaids were Kristi Shook of Hereford and Cathy Wood of Quanah. Eden Moore was flower girl and Shayla Moore was candlelighter, both girls are from Amarillo.

Bridesmaids wore peach colored, loose fitting dresses with bateau necklines. Their waistlines were elasticized and the hemlines were symmetrically formed. Flutter sleeves featured slit openings. They carried floral arrangements of silk flowers in various shades of peach.

Clayton Zachary, brother of the groom of San Diego, California attended as best man. Acting as ushers were

Leigh Zachary, brother of the groom of Lorenzo, and Tommy Hawkins, brother-in-law of the bride, of Odessa.

Groomsmen were Randy Mosier, Canyon; David Vaughn, Petersburg; Louis Rodela, Canyon and Kent Dallas, Amarillo.

RECEPTION

A reception, hosted by the bride's parents, followed the wedding in Fellowship Hall.

Judi Bean of Floydada presided at the register.

Serving at the bride's table were Pam Muncy of Lubbock and Dana Rice of Vernon. At the groom's table were Dee Ann Waggoner of Vernon and Mrs. Gary White, Amarillo.

Lindsey Moore, Amarillo, and Rein McCandless, Floydada, distributed rice bags.

The bride is a graduate of Floydada High School and West Texas State University. The groom, a graduate of Petersburg High School, also attended West Texas State University. He is self-employed as a landscaper.

Following a week-long wedding trip to Cancun, Mexico, the couple will be at home in Amarillo.

GOURDON

April Dawn Gourdon, two-year-old daughter of Mr. and Mrs. Johnny Gourdon would like to announce that she has a new baby sister.

Her little sister is Brandi Lynn, who was born Friday, May 21 at 4:30 a.m. at the Lockney General Hospital.

She weighed 8 lbs. 6 ozs. and was 21 inches in length.

Her grandparents are Mr. and Mrs. Ford Johnson of Floydada and Mrs. Bee Spurlock of Tenaha, Texas.

MRS. MICHAEL ZACHARY

METHODIST PRE-SCHOOL CLASS GRADUATION — Front row, [l-r] Jay Jarnigan, Misty Bertrand, Josh Gregory, Jamie Crow, Amber Pyle, Shea Sanders, Chad Hinsley, Kristi Bennett and Terry Harris. Back row, [l-r] Penny Willson, Jamie Schneider, Corey Carthel, D.G. Hollums, Mrs. Jim Smith, teacher; Matt Whittle, Melissa Faulkenberry, Tim Richardson, Angela Ogle and Zacha Harris.

Bridal shower honors Gay Frizzell June 19

A bridal shower was given Saturday, June 19, in the home of Mrs. Tom Moore. The honoree was Gay Frizzell, bride-elect of Jeff Terrell, both of Lockney.

Greeting guests were Mrs. Moore, the honoree, and the couple's mothers, Mrs. Pat Frizzell and Mrs. Jeff Terrell. The grandmothers, special guests at the shower, also stood in the receiving line. They wore corsages of mixed spring flowers.

Katheryne and Barbara Moore registered guests at a table topped with a bouquet of pink roses and a portrait of the bride and groom.

Mrs. Rick Bixler and Mrs. Linda Cupp served refreshments from a table covered with a cutwork cloth and silver and cutglass appointments.

The centerpiece was a bouquet of varied silk flowers in a silver compote. Lora Reecer, Peggy Nance, Jo Ann Duvall, and Oren McCormick helped with hospitalities in the gift room.

The hostess gift was a bed ensemble. Ms. Bobby McCormick, Bill Turner, Joe Taylor, Claude Brown, Don Bybee, Paul Reecer, Owen Thornton, Ronnie Thornton, G.B. Johnston, V.H. Kellison, Art Barker, Jerry Ford, Joe Nance, Fred Huggins, Joe Cunyus, Jimmy Stennett, Tom Marr, Glen Cooper, Tom Duvall, M.C. Cook, N.H. Gammage, Kelton Shaw, Audrey McCormick, Dub Mercer, Tom Moore, and Katheryne Moore were hostesses for the occasion.

The couple plan a July 10 wedding at the First Baptist Church in Lockney.

Dena Casey feted with bridal shower

Dena Sue Casey, bride-elect of Joe Hinkle, was honored with a bridal shower Wednesday, June 16, at the home of Mrs. Ray Gene Ferguson.

Receiving guests were Mrs. Ferguson, the honoree, her mother Mrs. Donice Casey, and Joe's mother, Mrs. Billy Hinkle.

Special guests were Mrs. Doris Casey, grandmother of the bride-elect, Lockney, and Mrs. Joyce McCoy, of Snyder.

Kelli Jean Ferguson and Abby Battey presided at the serving table. The table was covered with a lovely ecru lace tablecloth. The centerpiece was a

basket of burgundy and dusty rose silk flowers. Burgundy candles accented the centerpiece.

Crystal appointments were used to serve punch, thumb print cookies and big cherries.

Hostesses presented Dena Sue with a set of Silverstone cookware.

Hostesses for the bridal shower were Sherre West, Glenna Ross, Barbara Covington, Quida McCandless, Joy Fulton, Karol Pigg, Darlene Fulton, Mary Shurbet, Sandra Rainey, Leora Younger, Abby Battey, Gail Hickerson, and Ann Ferguson.

Jewell Price hosts Friendship Social Club

At a recent meeting of the Friendship Social Club, Jewell Price was hostess at her home in Floydada.

A table was set up on the patio with the beautiful flowers in full bloom all

around, which made a beautiful setting for an outdoor picnic dinner of sandwiches, chips, dips, and cake and pie with soft drinks or tea.

Those from Lockney were Lillie Savage, president of the club, Francis Graves and Elvira Stewart; from Floydada were Jewell Price, Pauline Pierce, Grace Grundy, Artie Webb, Valree Turner, W.B. and Eula Parrack.

Everyone enjoyed the evening. The next meeting will be at Lockney on July 9 at the Rebekah Lodge hall.

Rebekahs hold regular meeting

Floydada Rebekah Lodge met on Tuesday night June 15 for a regular meeting.

Those reported ill or in distress were Fay and Amanda Hart's niece who is seriously ill, and the death of a Brother in the lodge, Hubert Davis. A beautiful draping of the charter ceremony was held in his memory. Eula Parrack gave a eulogy to him.

The installation of new officers will be the 6th of July.

"Laugh Lines"

BY DON AND SARA PROBASCO

Bits of Humor, Trivia, and an occasional Word of Wisdom

Don't tell me worry doesn't do any good. I know better. The things I worry about hardly ever happen.

Nothing ages a man faster than his birth certificate.

People who complain that they don't get all that they deserve should congratulate themselves.

Mrs. Smythe was making final preparations for an elaborate reception. "Nora," she said to her long-time servant, "for the first half-hour I want you to stand at the drawing-room door and call the guests' names as they arrive." Nora's face lit up. "Thank you, ma'am," she replied. "I've been wanting to do that to some of your friends for years."

Conscience gets a lot of credit that really belongs to cold feet.

The most fattening thing about a banana split is the spoon.

For a really sweet experience, try a gift-box of delicious, hand-dipped gourmet chocolates from Studio South. Limited supply. \$5.95 each, while they last.

4-H FASHION FIESTA

Local 4-H'er spirit will be indicative of a 'Fashion Fiesta' when the annual Floyd County 4-H Fashion Revue gets underway June 25, at Lockney High School. All 4-H'ers who have completed a clothing project this year will be eligible to participate in the competition.

Each entrant in the Fashion Revue will model a garment she has constructed during the project. Judging will be based on fit, accessories, becomingness of garment, suitability of garment and quality of work.

Categories for competition will be: daytime nontailored, daytime tailored, evening and specialty wear and active sportswear. The junior and senior winner of each category will represent Floyd County in the District Fashion Revue July 14, at the Civic Center in Lubbock.

Judging will begin at 10:00 a.m. Friday followed by the public style show and awards program at 2:30 p.m. The 4-H'ers who are entering the Fashion Revue are very proud of their accomplishments and invite everyone to attend the Style Show at 2:30 p.m.

VA News

Veterans who now hold a National Service Life Insurance renewable term policy should seriously consider converting it to a permanent type of plan, advises the Director, Waco Veterans Administration Regional Office.

Major reasons for converting a term policy to permanent, he said, are that each time it is renewed it costs more, and, if the policy is discontinued, the veteran receives nothing.

With a permanent-type plan, there are certain guaranteed values which make the policy more valuable the longer it is held. For example, a \$10,000, five-year renewable term policy taken out at age 40 would cost a veteran \$2,928 over a period of 20 years. Conversely, a whole life or permanent-type policy (ordinary life) kept for the same period of time would: Cost the veteran \$6,676 but provide him with a cash or loan value of \$3,834, or provide a paid-up insurance policy for \$5,751, or provide for \$10,000 in extended insurance coverage for 13 years plus 165 days in paid-up premiums.

A veteran should not wait too long if he or she expects to convert term insurance. That is because the premiums paid for a permanent-type plan depend on age. So the longer the veteran waits to convert term insurance,

the more expensive it becomes to do so. For further information, telephone the Waco VA Regional Office toll-free number listed in your telephone directory.

Jones, McElyea repeat vows June 11th

Marjorie Jones and H.C. McElyea were married Friday, June 11, 1982 at the parlor of the First United Methodist Church with the Rev. Jim Smith, officiating.

Present for the wedding were Mr. and Mrs. Edell Moore, Mr. and Mrs.

Alton Rose, Mr. and Mrs. Billy Hinkle, and Mr. and Mrs. Wayne Potect.

Following a brief trip the couple will be at home in Lockney where Mr. McElyea is manager of Moore-Rose Funeral Home.

Floydada Nursing Home Happenings

BY LINDA EMERT

The weather has been real wet. There were some windows broke and a barn torn up, east of town last Thursday night when the storm hit. There was also quite a bit of crop damage that night. If the rain keeps coming the wheat will be on the ground, and it is getting a little late to plant cotton over again.

Well, Monday Kim Sherman of Plainview came and we had music that evening with a good crowd present. The residents enjoy her. Tuesday we had Bible study. Wednesday we played bingo. One of the residents asked me if we could play bingo every day.

Thursday we had our monthly birthday party. We had two lovely ladies who celebrated their birthdays. Mrs. Alta Probasco and Mrs. Clara Williamson. We had the dining room full with residents and guests there. Friday we had two movies. The residents look forward to Fridays so they can see movies.

Wednesday the winners in bingo

were Emmitt Lawrence with five games, Una Clark with five games, Sue Thompson with three games, Vera Duke with two games, W.C. Cates with two games.

Geneda Roberts got to come back from the hospital and Marvin Goolsby went home to stay. Good luck at home Marvin. The Thomas Smith family sent flowers out to the home. We want to thank them for these.

Here is a list of visitors for the week: Dorris Tobin, Christine Robertson, Estelle Hinkle, Illa Belle McPeak, Burmah Probasco, Pauline Pierce, Hazel Bradley and Kim, Dixie, Tate and Zacha Harris, Kirk, Jackson, Daniel and Melanie McIntosh, Mr. and Mrs. Grady Freeman, Howard, Wanda and Jill Davenport, Gene Baird, Debra, Jason and Justin Baile, Helen Breed, Sherry Colston, Ross and Zane, Ethel Barker, Alma Smith, Jennelda Fulton, Dixie Harris, Illa Belle McPeak, Evelyn and Jack Crull, Ruby Walker, Burmah Probasco, Lucille Sisson, Josephine Bursiagio.

MEET THE NEW BRUCE PRITCHARD OF PLAINVIEW, TEXAS AFTER LOSING 168 POUNDS IN 22 WEEKS AT DIET CENTER AND HE IS STILL LOSING.

(Watch For A Follow-Up Picture)

Bruce says: The combination of a nutritionally balanced diet, private weigh-ins, and counseling by a trained professional counselor has made losing weight quick, safe and easy. Diet Center is not a Fad Diet. There are no pre-packaged foods, no drugs, no shots and no contracts to sign.

I am on a well balanced diet of all natural foods that I eat with my wife and two small sons. Best of all my attitude has changed and I feel good about myself. I take pride in being able to go to any store and select what I want to wear and not just what is in the tiny catalogs for large men. Today I weigh what I did in high school.

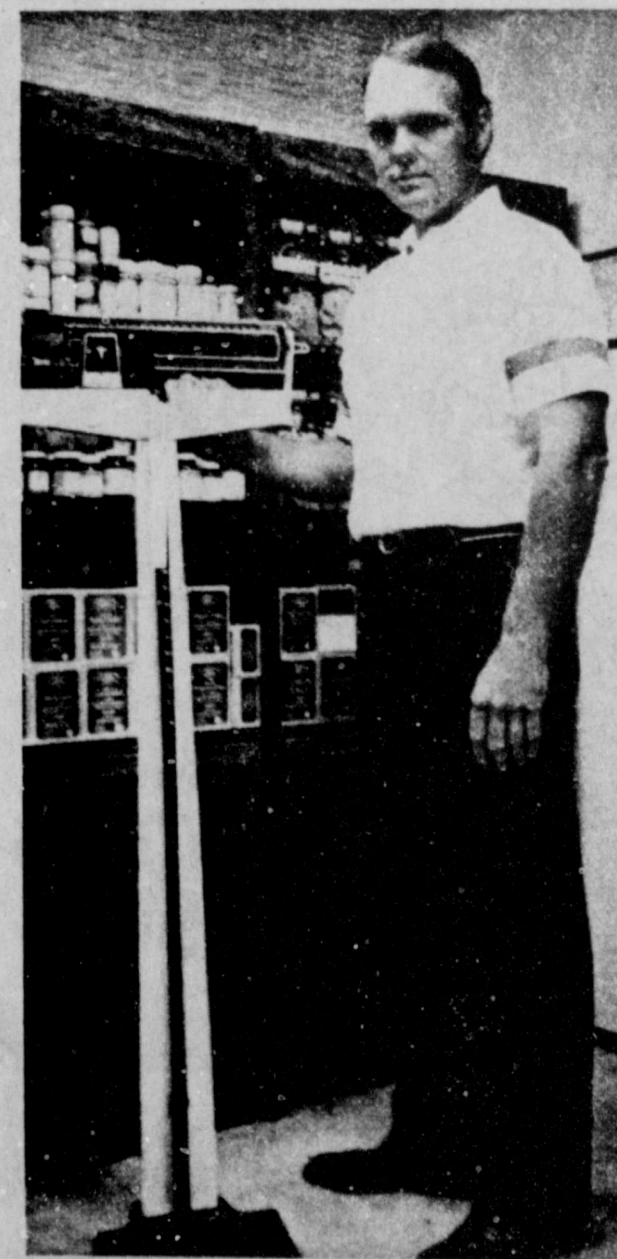

I have tried all kinds of diets and have lost 50 to 60 lbs., but would get discouraged and gain it all back. With Diet Center you have a counselor who cares and is there to help you and encourage you. I was never tired, nervous or hungry. My energy level and enthusiasm for life zoomed because my once dangerously high blood pressure dropped to a normal level. My waist went from 60 inches to 39 inches.

If you have problem I urge you to consider this Nutritionally sound program.

IT WORKS for men, women, and children.

Open tennis tourney set

Dates for the Floydada Open Tennis Tournament and election of officers were subjects for the summer's first meeting of the Floydada Junior Tennis Association Tuesday, June 15, at the high school courts.

The annual tennis tournament was set for July 14-18, with headquarters to be at the high school tennis courts.

Divisions for this year's tournament will be 14-under, 18-under, and open. The two junior divisions will feature boys and girls singles and doubles events. The 18-under division will also have a mixed doubles event. Events for 14-under will start July 14, while 18-under play begins July 15.

The open division will begin July 17 and will have singles and doubles for both men and women and a mixed doubles event.

Entry deadline for Junior Division is July 13 and deadline for Open Play is July 16.

Entries should be turned into Tommy Baxter at 983-5395.

Officers elected for the FJTA this summer were: Angie Anderson, President; Roger Alldredge, Vice President; Christi Norrell, Secretary; DeLyn Ramsey, Junior Phone Chairperson; David Beaty, Sophomore Phone Chairperson; and Rosie Rodriguez, Freshman Phone Chairperson.

FJTA will have playdays on all school courts each Tuesday and Thursday at 6:30 p.m.

Mooney earns masters

Patrick Quinn Mooney, son of Mr. and Mrs. C.L. Mooney, was among 434 graduates of the University of Texas who were awarded master's degrees at the close of the 1982 Spring Semester from UT's Graduate School.

Master's degree recipients were announced by Dr. William S. Livingston, vice president and dean of

graduate studies.

Mooney was a 1973 Lockney High School graduate. He also received a Bachelor of Science degree from Texas Tech University in 1977.

Monday he began work for the Ely Lilly Corporation, a pharmaceutical foundation in Indianapolis, Indiana. He will be involved in research there.

EARLY MATURING MILO DK-42y

Proven Yield Performance With Tolerance To New Biotype E Greenbug

Your kind of hybrid for high yields of 100 percent yellow grain. It's the perfect choice for your sorghum acres. And, its massive root system digs in to take advantage of available moisture on dryland or limited irrigation. Ask your DEKALB dealer about the high yields and excellent performance you can expect from DK-42y.

We also have DK-42 and other varieties of early maturing DeKalb Hybrids available.

Cedar Hill News Harvesting is good in Cedar Hill Community

BY GRACE LEMONS

We had 4 of moisture Saturday night and harvesting is in full swing again. Twyla Lemons is among the G.A. group of Floydada girls attending camp at the Baptist Encampment grounds this week.

Mrs. Vance Mitchell took her daughters, Sandra and Virginia, to attend youth camp at Roaring Springs this week.

The Rev. Vance Mitchell family were supper guests in the home of Mr. and Mrs. John D. VanHoose Saturday evening.

Dinner guests in the home of Edna Gilly Sunday were Ruthie and W.M. Clark of Plainview, Delise and girls of Lubbock, Bud Taylor and a seed man of Minnesota, Clara Redd of Floydada, Craig and Trudi Gilly and children, Mark and Lori and Emory Gilly.

Gertrude Hammit of Plainview visited Craig and Trudi Gilly and family last Sunday.

Mr. and Mrs. Jim Conner, Mrs. Peat Kelley and Norma Welch, Stanley and Lou Burleson and Junior and Martha Taylor were among those who attended the funeral of Helen Dunlap Sunday afternoon held in the First Baptist Church in Floydada with Rev. Floyd Bradley, pastor, officiating. Helen died after a lengthy illness. The family formally lived in Cedar Hill and still farm in this area.

Fred Conner of Amarillo visited his parents, Mr. and Mrs. Jim Conner last week.

Mike and Kathy Fortenberry and daughter, Anna, and a cousin Bobby Dasney of Winnemucca, Nevada have been here visiting his dad, Durrel and Laticia Fortenberry and Robin and Ruth Fortenberry. They were hosted with a get together at Durrel and

Laticia's Wednesday with a fish fry and home made ice cream. There were 34 present for the occasion. Some present were Ruth and Robin Fortenberry, John Fortenberry, Gail and Celinda of Plainview, Donnie and Carla Fortenberry, Chad and Eric of Amarillo, Bryan and Karla Fortenberry and three children of Plainview, Mary and Garland Tucker of Lubbock, Eldon and Nelda Fortenberry of Hereford, David Fortenberry and Cynthia of Hereford, Gene Arwine and Mike of Floydada, Stephanie and Roger Sanders, Monica T.J. of Van Horn, Vicki and Tonya Powell of Cedar Hill.

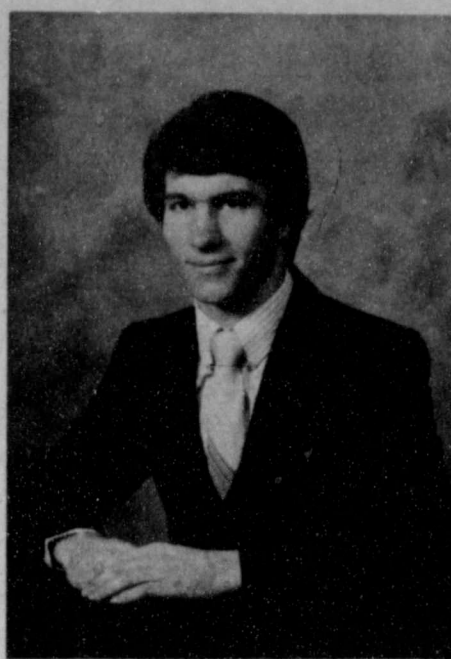

Jane Lemons spent Monday night in the home of Mr. and Mrs. Carl F. Lemons. Monday, Jane and Jenese Lemons, Traca and Grace Lemons went to Lubbock on business. Jane returned to her home in Seagraves Tuesday afternoon.

Mr. and Mrs. Carl F. Lemons and Mrs. Belle Lemons had Sunday dinner in the home of Mr. and Mrs. Marvin Lemons and family.

Phil Lemons sustained a broken foot Monday afternoon while working with machinery. He is improving at this time.

Gladys Fortenberry and grandson, Patrick Vick and Danita Boone, and friend Paul Clark, spent Friday night in Lubbock in the home of Mr. and Mrs. Lafayette Boone. Patrick and Gladys and Patsy returned to Cedar Hill where Patrick spent the day with his great grandparents, Mr. and Mrs. Tom Fortenberry.

Grace Lemons was among the ten women who attended a jewelry fashion party at the Plains Village in Plainview Thursday evening given by Twyla Woodring and Joyce Harper.

MAX PROBASCO, son of Peggy Probasco, received a B.S. degree in Industrial Design May 21, 1982 in graduation exercises at the Art Center College of Design in Pasadena, California. Max graduated from Floydada High School in 1978.

Probation officer attends meet

Sylvia Vasquez, Juvenile Probation Officer of 110th Judicial District, was awarded a certificate from the Texas Probation Training Academy for completing the Juvenile Probation Experienced Officer's Workshop at the Criminal Justice Center on the campus of Sam Houston State University last week. Approximately 72 officers from throughout the state attended the four-day conference of probation officials.

Tony Brigman's "Motivational Feel Good" Program opened the extensive training academy followed by 11 other individual sessions ranging from "Maintaining Rapport and Credibility When Dealing With the Police Officer" to "Legal Issues in Juvenile Probation."

Top O' Texas Rodeo slated in Pampa

Plans are complete for the 36th Annual Top O' Texas Rodeo to be held in Pampa, July 8-10 with performances at 8:00 p.m.

Beutler Stock Producers of Elk City, Oklahoma, are returning to Pampa to produce this year's rodeo. Clem McSpadden, former senator from Oklahoma, will be at the microphone once again this year to describe the action in the arena.

The "Country Critters", a Western Band from San Antonio, will cue the Rodeo Events. The "Critters" will also give a 30 minute concert at 7:30 p.m. before each rodeo performance and will also give concerts in various shopping areas in Pampa each afternoon on Rodeo days.

Red Steagall and his Coleman County Cowboys will play for the rodeo dances on Friday and Saturday nights, July 9 and 10. The dances will be held in the improved Clyde Carruth Pavilion and will begin at 9:00 p.m. each night.

Two of the Nation's leading bullfighters and funnymen, Ted Kimzey and Bill Shaw, will once again be on hand for each performance, with some of their top specialty acts for your entertainment.

Entries for PRCA and GRA members will open June 30 at 1:30 p.m. and close July 1 at 6:00 p.m. To enter, call the Central Entry Office at 1-800-525-7157. Gray County entries will be taken at the Rodeo Office in the Chamber of Commerce from 9:00 a.m., June 30 until July 1, 5:00 p.m.

The rodeo parade will be held Saturday, July 10 at 10:30 a.m. featuring entries from all areas of the Panhandle.

An Amateur Jackpot Double Muggin event will be offered, with an entry fee

of \$35.00 plus a \$5.00 stock charge. Entry fees will be split 40%, 30%, 20%, and 10%.

The Kid Pony Show, with events for children through age fifteen, will be held Monday, Tuesday, and Wednesday evenings, July 5, 6, and 7 at 7:00 p.m. Entries will open June 28 at 9:00 a.m. at the Rodeo Headquarters in the Chamber office. Children in that age range are invited to participate.

General admission tickets for the rodeo performances may be purchased from various Pampa merchants or the Rodeo office. Reserved seats may be secured by calling (806) 669-3241 or by writing Box 1942, Pampa, TX 79065. They will go on sale in the Rodeo Office at 9:00 a.m., Monday, July 5.

Annual Runners Classic scheduled July 10

Runners, runners, everywhere! Wellington Square Shopping Center will sponsor the second annual Wellington Square Runners Classic on Saturday, July 10. Starting time for the 10-kilometer race is 8:00 a.m. in the northeast end of the parking lot of Wellington Square Shopping Center, 1-40 West and Georgia in Amarillo. There will also be a 2-mile Fun Run starting at the same place at 8:15 a.m. Finish line for both races will also be at this point.

Divisions for the 10-kilometer Runners Classic will include: Men, ages 19 and under, 20-29, 40-49, and 50 and over; and Women, 19 and under, 20-34, and 35 and over. The Fun Run is for all ages, with a special class for runners from the media.

David Sougstad, Wellington Square Shopping Center manager and race chairman, said that all entrants will receive commemorative T-shirts and all finishers will be presented certificates.

Trophies will be awarded to the overall top five finishers in the 10-k race, as well as to the first five finishers in each age group. In the Fun Run, trophies will be presented to the overall top five finishers. There will also be a trophy for the top finisher from the media.

Entry blanks for the Wellington Square Runners Classic and Fun Run are available at sporting goods stores, all Wellington Square shops, and the YMCA in Amarillo, or may be obtained by mail from Wellington Square Runners Classic, 1616 S. Kentucky, Bldg. B, Suite 100, Amarillo, Texas 79102. Entry fee is \$6.00 through July 5 and \$8.00 after July 5. Late registration will be held from 7:00-8:00 a.m. on the day of the race in the parking lot on the north side of Wellington Square Shopping Center. Runners are asked to arrive at least 45 minutes prior to starting time to pick up their race packet.

Lakeview News

Tornado destroys area buildings; no injuries

BY JOYCE WILLIAMS

The tornado that ran through the western side of our community Thursday demolished barns and grain storage buildings but fortunately no homes were destroyed or persons injured.

All the lakes in Lakeview are full. If it doesn't rain the rest of the summer, lake pumps can supplement irrigation wells.

Many cotton farmers have been hailed out after planting the second time. Other causes are thought to be stress from the excessive rain, electrical storms, blowing dust, cool weather and just plain washouts.

Combines are still in wheat fields, waiting for the soil to dry enough to run.

Mr. and Mrs. Wayne Appling received word this week about their little eleven year old granddaughter, Candy Sanders, daughter of Judy and Don Sanders, who won the title of Miss Cinderella of New Mexico. She was crowned Saturday evening in Farmington. Her prize was a \$275 scholarship, trophies, and a trip to Baton Rouge, Louisiana, paid for by her sponsors, El Paso Natural Gas, where the National Finals will be held in August. Candy's talent was tap dancing. She has won many awards in twirling and gymnastics.

Rob McKnight of Haskell and Mr. and Mrs. Bill Edwards of Llano visited their grandparents, Mr. and Mrs. Earl W. Edwards, on Father's Day. Bill has been here to see about the wheat cutting on his family's land in our community.

Dick and Inez Furrow of San Diego, California, have been visiting her brother, Don Harrison, and other relatives this week. They came by Las Cruces, New Mexico and picked up their granddaughter, Katy Furrow, and brought her along.

Mr. and Mrs. P.L. Hart sang at the Senior Citizens annual meeting dinner Thursday. In memory of Hubert Davis and Mrs. Tribble, they sang, "Farther Along." Brother David Seay brought the inspirational message.

Rand Burk and friend, Sherrie Haralson of Acuff, visited his mother, Mrs. Verlon Wright recently. Other visitors have been her sister and her husband, Mr. and Mrs. John B. Davis of Ruidoso, New Mexico.

Mr. and Mrs. Howard Bishop spent last weekend working at their ranch at Roaring Springs.

Marlis McGaugh was presented in a tap dance recital at Plainview High School auditorium Friday evening. She and another dancer performed a jazz number, "Hard Hearted Hannah," and a tap dance, "Song and Dance Man." Her parents, Mr. and Mrs. Jimmy McGaugh, attended the recital.

Mr. Earl Bishop is still resting in Caprock Hospital.

Mrs. Lucille Custer's visitors Sunday afternoon were Mr. and Mrs. Dick Furrow, of San Diego, California.

Following the lovely bridal shower for their granddaughter, Debbie Harrison, at the Johnny Bill Sue home Saturday, Mr. and Mrs. Don Harrison and other relatives took salads for a luncheon at the home of their son, Mr. and Mrs. Max Harrison. Other relatives and friends of the honored couple attended

the luncheon.

Monte Williams brought Mr. and Mrs. Pete Calloway home from visiting their granddaughter, Kellie Williams, at Ft. Sill, Oklahoma last Tuesday. Kellie was named to the Dean's List for scholastic achievement at Cameron University for the spring semester. She is majoring in elementary education and minoring in foreign languages.

Saturday evening dinner guests of Mr. and Mrs. Wayne Appling included Mr. and Mrs. Darwin Wallace and Payton, of Meridian, also Mr. and Mrs. Olin Wallace of Crosbyton. The men are brothers of Mrs. Appling.

Kelly McCullough of Kilgore is spending the summer on the farm with his aunt, Mrs. Verlon Wright.

Greg Bishop and Gary Nixon were in Lubbock socializing Friday night.

Misses Tracy Harrison and Amy Harrison of Lubbock spent a week with their grandparents, Mr. and Mrs. Don Harrison.

Mr. and Mrs. Max Harrison entertained with Sunday dinner for visiting relatives, Mr. and Mrs. Dick Furrow, Katy Furrow, Mr. and Mrs. Don Harrison, also Tracy and Debbie, and Greg Wilkes.

Mr. and Mrs. Foy Smith of Levelland visited Ruth and Don Harrison Thursday.

Miss Mary Lou Quilantan is enjoying the new car her parents, the Reynaldo Quilantans, gave her. Mary Lou will be a senior at Floydada High this year.

Becky and Richard Sterling and children, Ginger, Jana, and Andrea, of El Dorado, Texas, visited her parents, Mr. and Mrs. Bobby Kendricks this week on their way home from Ruidoso, New Mexico.

Rance Golightly's baseball team has won three games and tied one. The game got rained out twice.

Mr. and Mrs. Duane McClintock spent the weekend in Morton visiting Mr. and Mrs. Durwood McClintock.

Smoky Quilantan was guest of honor Father's Day at a family dinner in Lubbock at Goodners Steak House. He was accompanied by Mary Quilantan, Mary Lou, Mary Ann, and Jr. Quilantan. Also honoring him were Mr. and Mrs. Oscar Santos, Tory and Tyson.

Mrs. Mary Quilantan took flowers to put on the graves of her father, and her son, Johnny, for Father's Day.

Father's Day dinner guests in the home of Mr. and Mrs. Fred Lloyd included her parents, Mr. and Mrs. Lee Keese, of Lubbock, also Mr. and Mrs. David Barker, Cynthia Chambers, Mr. and Mrs. Greg Williams and Shelley Matthew of Lubbock.

Mr. and Mrs. Wayne McHam visited his mother, Mrs. Alvie McHam, in Floydada Sunday. Mrs. McHam is looking for a house to rent, as the one she's living in is being sold.

Mr. and Mrs. Robert Pyle and children ate Sunday dinner in South Plains with her parents, Mr. and Mrs. Sterling Cummings. They ate supper

with Mrs. Iantha Smith and family.

Last Friday, Mr. and Mrs. Joe Womack honored her paternal grandmother, Mrs. Gertie Rtheal, with a family birthday party in their home. They served sandwiches, cake and ice cream to Leroy Rtheal of McAdoo; Vicki and Brian Webster, Chris, Jon and Enock Webster of McAdoo; Rodney Rtheal, Mr. and Mrs. Arnold Rtheal, and Mrs. and Mrs. Bill Womack.

Mrs. Tommy Kellie of Comanche spent the night recently with her niece, Mrs. Bobby Kendrick.

Mr. and Mrs. Hollis Truett of Wills Point, Texas recently visited their cousin, Mrs. Jimmy McGaugh.

People are busy keeping yards mowed trying to reduce the clouds of mosquitoes that hover over every damp place.

Farmers who have given up on growing cotton are turning to sunflowers, soybeans and feed.

Misses Dee and Brittany Wesley of Morton, are planning a weeks visit with Mr. and Mrs. Q.D. Williams, this week and next week.

Berl M. Springer,
Chairman of the Board and
Chief Executive Officer, SPS
**Springer president
of fusion research
group project**

Berl M. Springer, board chairman and chief executive officer of Southwestern Public Service Company, is the new president of the Texas Atomic Energy Research Foundation.

The Texas Atomic Energy Research Foundation (TAERF) is a non-profit research organization created to advance knowledge of energy, particularly nuclear energy. The foundation was formed in 1957 by the investor-owned electric utility companies of Texas.

TAERF is a primary supporter of the Fusion Research Center at the University of Texas at Austin. The center houses one of the largest university experimental fusion programs in the world, and its group of theoretical physicists is considered among the best. They are searching for ways to control nuclear fusion reactions for the production of electric power.

Nuclear fusion is the source of the energy of the sun and stars. It is distinctly different from—in fact, the opposite of—nuclear fission, the process used in nuclear powered plants. Fusion reactions join, rather than split, nuclei of atoms. Harnessing the tremendous energy of fusion reactions to produce electricity would make available an almost unlimited supply of energy.

A likely fuel for fusion reactions is deuterium, which is low cost, clean, and abundant. Deuterium is available in water—which covers four-fifths of the earth.

A pitcher of ordinary water, researchers say, contains in its deuterium the energy equivalent of the electricity used in one year in a typical American home. The deuterium in a swimming pool of water could furnish all the electric energy needs of a city for a year.

However, many obstacles remain to be overcome in developing fusion technology. A primary problem is containing incredible heat generated by fusion reactions.

TAERF funds which support the research at UT-Austin are matched several times over by federal funds. But the TAERF support ensures that the interests of the customers of the electric utilities in Texas are served: The support influences the direction of the fusion research program in ways that should eventually produce the most efficient and lowest cost electrical power.

Springer was elected TAERF president May 29. He is a native of Memphis, Texas, and an industrial engineering graduate of Texas Tech University. He started his SPS career as a draftsman in 1948. He later became a statistician-engineer, rate engineer, and rate manager, and in 1969 was elected vice president of rates and budgets. He was named executive vice president in 1972, and joined the board of directors in 1974. He was elected chairman of the board and chief executive officer in January, 1982.

Springer has been active in many local, regional, and national civic and business affairs. He has served as president of the Amarillo Chamber of Commerce, co-chairman of the Amarillo United Way, member of the President's Council at West Texas State University and at Texas Tech University, and as a director of the National Food and Energy Council. He received the "Distinguished Engineer" award from Texas Tech in 1975.

Members of TAERF are Southwestern Public Service Company, Dallas Power & Light Company, El Paso Electric Company, Central Power & Light Company, Gulf States Utilities Company, Houston Lighting & Power Company, Community Public Service Company, Texas Electric Service Company, Texas Power & Light Company, and West Texas Utilities Company.

Make a label in a hurry for an aluminum foil-wrapped freezer package by writing on a plastic bandage. Peel off the backing and apply to foil.

About 70 percent of the people in America read a newspaper at least once a day.

The foregoing matters constitute a serious threat to the well-being of the public of Floyd County, Texas.

Notice is hereby given that a hearing on this citation is set before the City Council on Tuesday, July 13, 1982 at 7:30 p.m. at the City Hall of the City of Floydada, 114 W. Virginia Street, Floydada, Texas. At this hearing the property owners will be required to show why they are not in violation of the ordinance as set forth above and whether or not such buildings or structures situated on the premises is vacant and dangerous. The hearing shall be before the City Council, and upon a finding that there is a violation of such ordinance as set forth above and that said buildings or structures are vacant and dangerous, appropriate orders may be entered by the City, Council, which may require the demolition and clearing and removing of the buildings and structures from the above specified premises, and that the cost of removing the same may be charged to the property owner and secured by a lien upon the premises in accordance with Ordinance No. 622.

Dated June 21, 1982.

/s/ Charles G. White
City Attorney for the City of Floydada

/s/ Dorr Blasingame
Building Official for the City of Floydada

NOTICE TO PROPERTY OWNERS

Weed Ordinance No. 590

This is to notify owners of property within the City of Floydada to keep property free from weeds.

If weed conditions are not corrected after this notice, the City of Floydada may see that such work is done and charge the expenses incurred in doing or having such work done to the owner of such property. Such expenses shall be assessed on the real property upon which such expense is incurred.

If the amount of such expense is not paid by the real property owner, the City of Floydada will file a statement of such expenses with the County Clerk of Floyd County, Texas and a lien shall be recorded.

By order of the City Council of the City of Floydada, Texas.

CITY OF FLOYDADA PUBLIC NOTICE INVITATION TO BID

The City of Floydada, on behalf of applicants to the Community Development Block Grant Program, is soliciting bids for home repair and improvement contracts. Work write-ups, including specifications and the addresses of the homes to be repaired, may be picked up at the Floydada City Office, 114 W. Virginia St., Floydada, Texas.

Sealed bid procedures will be observed and the deadline for submitting bids on Case Numbers 8112, 8134, 8128, 8125, 8201, is 5:00 P.M. on the 6th day of July, 1982. The bids will be opened at 7:00 P.M. in the City Council meeting room at the Floydada City Office on the 6th day of July, 1982.

The right is reserved by the City and the applicant-owner to reject any and/or all bids. All qualified bidders will receive consideration for award without regard to race, color, religion, sex, or national origin.

Dorr Blasingame
REHABILITATION COORDINATOR

FLOYD COUNTY CENTRAL APPRAISAL DISTRICT PUBLIC NOTICE INVITATION TO BID

The Floyd County Appraisal District is soliciting bids for an auditor. Work includes office records and collections.

Sealed bid procedures will be observed and the deadline for submitting bids will be on the 6th day of July, 1982. The bids will be opened at 9:00 A.M. in the Floyd County Appraisal District meeting room at the Floyd County Courthouse, Rm 107, on the 7th day of July, 1982.

The right is reserved by the Floyd County Appraisal District to reject any and/or all bids. All qualified bidders will receive consideration for award without regard to race, color, religion, sex or national origin.

7-1c

Public Notice

Southwestern Bell, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the company's intent to implement a new schedule of telephone rates in Texas, effective July 27, 1982, unless otherwise determined by the Commission.

It is expected that the requested rate schedule will furnish a 13.4 percent increase in the company's intrastate revenues.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas, and with each affected municipality served by Southwestern Bell, and is available for inspection in each of the company's public business offices in Texas. The Commission staff has contended in the past that all rates are subject to change as a result of Southwestern Bell's rate application.

Notice to El Paso Area Customers

Effective January 1, 1982, Southwestern Bell adopted the Mountain States tariffs in effect for El Paso County. Southwestern Bell proposes to merge the separate El Paso tariffs with its tariffs applicable to the rest of Texas. The resulting new rate schedule is on file with the PUC and the El Paso area municipalities served by Southwestern Bell, and is available for inspection at our El Paso business office.

Notice to Customers of Other Telephone Companies

The filing includes, but is not limited to, proposals to increase rates for interexchange private line and foreign exchange (FX) service. Changes in such rates would also affect customers of other telephone companies because such companies provide interexchange private line and foreign exchange service in accordance with rates specified in Southwestern Bell's tariffs. While Southwestern Bell has proposed no increase in long distance rates, any change in those rates would also affect customers of other telephone companies.

Aviso Público

Southwestern Bell, en conformidad a las reglas del Public Utility Commission (Comisión de Servicios Públicos) de Texas, por la presente hace saber su intención de establecer un nuevo arancel para servicio de teléfono en Texas con vigencia a partir del 27 de julio, 1982, a menos que la Comisión haga otra determinación.

Se espera que el nuevo arancel que se ha solicitado rendirá un aumento de 13.4 por ciento en los ingresos intraestatales de la compañía.

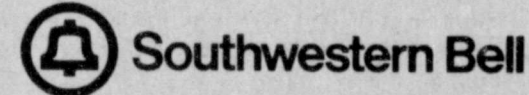

Una copia completa del nuevo arancel se ha archivado en las oficinas del Public Utility Commission en Austin, Texas, al igual que en cada municipalidad afectada y servida por Southwestern Bell, y cada una de las oficinas de la compañía para negocios con el público en Texas tiene una copia para lectura pública. En el pasado, la Comisión ha sostenido que toda tarifa está sujeta a cambios que resulten de la manera en la cual Southwestern Bell aplique sus tarifas.

Aviso a Clientes en la Región de El Paso

Con vigencia a partir del 1o de enero de 1982, Southwestern Bell ha adoptado las tarifas de Mountain States efectivas en el condado de El Paso. Southwestern Bell propone unir las tarifas de El Paso con sus otras tarifas que se aplican al resto de Texas. El nuevo arancel que resulta de esta unión se ha archivado en la Comisión de Servicios Públicos (Public Utility Commission), al igual que en las municipalidades de la región de El Paso servidas por Southwestern Bell, y está disponible para inspección pública en nuestras oficinas de El Paso.

Aviso a los Clientes de Otras Compañías de Teléfono

El registro incluye, pero no se limita a, propuestas para aumentar las tarifas para servicio de línea privada entre centrales telefónicas (interchange private line) y servicio de central telefónica extranjera (foreign exchange FX). Cambios en dichas tarifas de servicio también afectarían a clientes de otras compañías de teléfono porque dichas compañías proveen los servicios ya mencionados en conformidad a tarifas especificadas por Southwestern Bell. Aunque Southwestern Bell no ha propuesto un aumento en las tarifas para larga distancia, cualquier cambio en las mismas también afectaría a los clientes de otras compañías de teléfono.

"We Appreciate Your Business More"

Card of Thanks

We would like to express our thanks and appreciation to all our friends for the prayers, cards, flowers, visits, and telephone calls during the time of our loved one's illness and death. The love and concern of friends make this time easier.

May God Bless You,
Paul, Donna, and Chad Harmon
6-24p

Thank you all so much for all the visits, cards, for the many phone calls, and for all your kind concern after my accident. It's great to have so many friends and neighbors. Also thanks to Dr. Jordan and all the nurses who took care of me so well. And thanks to the ones who prepared the good meals at the hospital. The food was delicious.

God bless you all,
Edwin Nutt

We would like to say a word of appreciation to our many friends and neighbors for their many expressions of love and concern during the illness and passing of our loved one.

We appreciate the many cards, letters, phone calls, floral offerings and food given in expression of your care. Thanks to Dr. Hong and the staff at Caprock Hospital for the patience and gentle care.

We continue to be grateful for your prayers.

Vets' pension checks go up 7.4 percent

More than 600,000 veterans and their survivors will be getting larger Veterans Administration pension checks on July 1 — the result of a 7.4 percent increase in the government's cost of living index.

Some 1.9 million VA pensioners are affected in some way by the cost of living index.

Pensions are paid to veterans totally and permanently disabled from circumstances unrelated to their military service. They are paid also to survivors of veterans who are in need. Unlike compensation paid to those disabled because of military service, pensions are affected by income from other sources.

The 600,000 who will get increases in June (payable July 1) are those who are receiving benefits under the "improved" VA pension plan inaugurated by Congress in 1979. The plan links VA pension rates to adjustments in social security payments. Before the change,

an individual's pension was subject to reduction each time social security increased.

Pensions for veterans and survivors under the "old plan" remain fixed and payable at the rates in effect in 1978. But those rates are protected against reduction that would otherwise result from cost of living increases in their income from other sources.

"Old plan" recipients may request transfer to the "improved" plan at any time. VA officials point out. The agency will carefully review each application to advise applicants to choose the plan which works to their personal advantage.

With the June increase (payable in July 1 checks), a veteran with one dependent and no other income will receive \$6,980. For each additional dependent, the added amount is \$903 per year.

Registration open for writers workshop

Advance registration for the fifth edition of the Panhandle-Plains Writers' Workshop next month at Wayland Baptist University is now open, according to Director Arch Mayfield.

Slated for Thursday and Friday, July 29-30, the Workshop is open to all interested participants at a cost of \$35 per person in advance. Registration fee is \$40 per person after July 10.

Elmer Kelton, author of 25 western historical novels, heads a list of some 10 professional writers who will appear on this year's program. Kelton, whose most recent novels, "The Wolf and The Buffalo" and "The Eyes of The Hawk," were published by Doubleday, is presently editor of Livestock Weekly in San Angelo.

Other program personalities are Katharyn Duff, former assistant editor and front-page columnist of the Abilene Reporter-News, who will be featured speaker for the Thursday night banquet; Jerry Craven, professor of English at West Texas State University; freelance writer/photographer Linda Craven of Canyon; Bee Zecek, director of the Texas Tech University Office of News and Publications; Kathy Strawn, author and contributor to various children's publications; and Roy Kornegay, minister of education at Amarillo's First

Baptist Church and contributor to numerous church magazines.

Rounding out the list of speakers are three Plainviewians. Dr. Don Cook is tenured professor of English and dean of the College of Arts and Sciences at Wayland, having published numerous poems and articles. Juanice Myers has written four full-length and three one-act plays, several of which have been produced and won major awards. Mrs. Audrey Boles, Wayland registrar for the past 32 years, has published two genealogical studies and is nearing publication on a third.

In addition to the Thursday banquet, other highlights of the two-day workshop include individual sessions on science fiction, features, children's Sunday school curriculum, and poetry.

A writing competition is also open to interested persons in the categories of fiction, non-fiction and poetry. An awards ceremony recognizing the winners will climax the workshop Friday afternoon.

Persons interested in advance registration or additional information should contact Mayfield at Wayland Baptist University, Plainview, Texas 79072, or call (806) 296-5521. On-campus housing is available to visitors at minimal cost.

Tax relief for two-paycheck families

If you and your spouse both bring home a paycheck, you may be able to deduct up to \$1500 on next year's tax return. Differing rate schedules for single and married taxpayers gave rise to the so-called "marriage tax penalty" when two wage earners of relatively equal income are married.

The Economic Tax Recovery Tax Act of 1981 will bring some relief to working couples who have been subject to the marriage tax penalty. The deduction from gross income is 5% of the qualified earned income of the spouse with the lower qualified earned income, or \$1500, whichever is less.

For example, if you earn \$20,000 and your spouse earns \$8,000, you would be taxed on \$27,600 (\$8,000X5% subtracted from \$28,000) rather than the \$28,000 combined income.

Although this new provision should provide some relief for many two-earner families, you should continue to keep track of your withholding to avoid owing additional taxes at tax time.

If you find that you are falling behind during the year, the two most common remedies for underwithholding are estimated tax payments or revised Forms W-4, "Employee's Withholding Allowance Certificate." Estimated taxes are paid directly to IRS in quarterly installments on vouchers that come with the Form 1040-ES, "Declaration of Estimated Tax for Individuals." The 1040-ES comes with instructions and a worksheet to help you determine how much additional tax you must pay to supplement the withholdings from your wages.

If you choose, instead, to give your employer a revised Form W-4, you can

claim fewer or no allowances, request that your employers withhold at the higher single rate even though you're married, or, if you're already at the single rate, request additional withholdings.

Besides the unpleasant surprise of a big tax bill, failing to have enough withheld can bring about an estimated tax penalty. Making sure that your current year's withholding equals or exceeds your prior year's tax will insure that you avoid this penalty.

Additional information is available in IRS Publication 505, Tax Withholding and Declaration of Estimated Tax. The free publication may be requested by using the handy order form in your tax package.

Elimination of the marriage tax penalty will provide relief for many two earner families. But, a watchful eye to insure proper withholding is still important.

Potentially Dangerous

Traffic fatality reports over the July 4 weekend generally overshadow another category of accidents—fireworks.

Fourth of July and Christmas holidays are when most of the estimated 6,000 to 7,000 fireworks injuries occur in the United States each year, according to the U.S. Consumer Product Safety Commission. About 20 percent of these are eye injuries, caused primarily by firecrackers and bottle rockets.

In Texas last year, fireworks caused 72 reported eye injuries, 48 of which involved bottle rockets, notes Dr. Richard D. Cunningham, an ophthalmologist at Scott and White Clinic in Temple.

"A gain this year, a number of Texans will be subjected to potentially blinding injuries from fireworks because of our ignorance or indifference to the hazards posed by these devices," Cunningham writes in the June issue of Texas Medicine, journal of the Texas Medical Association. "Nearly all blinding injuries could be prevented if all participants would use protective eye-wear."

Last year, bottle rockets caused nine of the 12 reported cases of fireworks

blindness in Texas and 11 instances of partial but permanent vision loss, the physician says.

Although many states through legislation have sharply curbed or banned fireworks except for religious, cultural or public display, Texas has not. Cunningham notes that Class C "common" fireworks remain legal in Texas under federal law. These include firecrackers not more than an inch and a half long, sparklers, fountains, roman candles and bottle rockets. "Local ordinances are not uniform and are often poorly enforced," he explains.

Organizations including the American Academy of Ophthalmology, the American Academy of Pediatrics, the National Society for the Prevention of Blindness and the National Fire Protection Agency have encouraged enactment of strict regulations regarding the use of fireworks.

"These injuries are unnecessary and preventable," Cunningham says. "As citizens we should urge strengthening of state and local fireworks regulations and encourage better enforcement of enacted laws."

Final L.V.N. exam scheduled for Friday

South Plains College at Plainview will be completing its preparations this month for beginning a new Licensed Vocational Nursing class this coming fall. The final administration of the pre-entrance exam this Friday will signal the end of a series of testing dates which have been spread over the previous nine months, and have been used to help determine suitable candidates for the year-long course of study.

"With demand for L.V.N.'s still extremely high, interest in the program has remained strong," states Rick Hudson, Vocational Counselor for South Plains College at Plainview. "For those who have ever had an interest in becoming a nurse, the opportunities have never been brighter." Mr. Hudson added the class has not yet been filled, but that students are still needed to

bring the program to capacity.

The L.V.N. Aptitude for Nursing Exam will be given at 8:30 a.m. this Friday, June 25. It will be held in room 101 of the Wheeler Building on the South Plains College at Plainview campus located at 8th and Yonkers. The fee will be \$4.00, payable at the time of registration.

Anyone wishing to take the exam must be present by 8:15 a.m. and have with them a completed admissions form. These may be picked up at the college from 8:30 to 5 p.m. Monday through Friday. For more information, call Rick Hudson at 293-3605.

TEXAS IS GOOD FOR EVERYONE and everything, even this California Poppy which seems to have taken to the plentiful rains by doubling its bloom size from about 2 1/2 inches to 5 inches. This flower was found in the garden of Joyce Lloyd near Floydada.

FIND FAULT WITH A CHILD LONG ENOUGH AND HE'LL FIND FAULT WITH HIMSELF.

Emotional abuse is a form of child abuse that is much more severe than it sounds. It warps children's minds and creates mental problems that will affect them the rest of their lives. Thousands of children are emotionally abused every year. Add that to the thousands who are physically and sexually abused and those who suffer from neglect, and you'll begin to see how severe the problem really is. But it's not hopeless. Most child abusers can be helped. We know what to do but we can't do it alone.

Abused children are helpless. Unless you help.

Rest Home residents celebrate June birthdays

June 17, 1982
BY LOURILLA BRADLEY
 When days grow long and very hot...
 We know that June is here
 So just to cool things off a bit
 Lets have some birthday cheer.

Mrs. Clara Williamson
 Is a lady very kind...
 She always looks so "spic and span"
 And is quite sharp in mind!

Our Mrs. Alta Probasco
 ...She always wears a smile...
 And for a friend who needs her
 She'll go that "second mile".

Lets serenade these ladies
 With the good old birthday song...
 To make their days seem brighter
 So join, and sing along.

Thursday, June 17 was party time at the Rest Home, with ladies of the City Park Church of Christ acting as hostesses.

The table was laid with an ecru cloth

centered with an arrangement of blue flowers. Matching cards marked places for the honorees. Other residents and guests were seated in the dining room and after the Hesperian photographer took the pictures the party got under way.

The poem was read and all joined in singing the birthday song.

Mrs. Williamson had as her special guest her daughter Dessie Turner and seated with Mrs. Probasco was her daughter, Hazel Bradley and grandson Kim Bradley. A delicious refreshment plate of iced birthday cake and tangy fruit punch was served to everyone.

Other guests included Mr. and Mrs. Elvis Childs guests of Mrs. Frances Childs, Debra, Jean and Justin Bailey with Mrs. Vera Duke, Winnie Neil visiting Mrs. Lucy Pettit, and Dossia Webb. We are always happy to have guests so please come and be with your friends and loved ones.

The next party will be Thursday, July 15, 2:30 p.m. You are invited.

ALTA PROBASCO, 89 and Clara Williams, 87, celebrated their birthdays June 17 at the Floydada Nursing Home.

EMMITT LAWRENCE, 92, shows his 200th owl. He makes these owls as a hobby but he also sells some of them. He has been making these owls for about two years.

VNS director receives Levi Strauss scholarship

Lee Battey, R.N., of Floydada, and Director of Nurses and Coordinator of Hospice Services of the Visiting Nurse Service, Inc., has received a Levi Strauss Foundation Scholarship to attend the 1982 Summer Institute on Aging at the Center For Studies In Aging of North Texas State University, Denton. The Summer Institute is from June 21 to July 2, 1982.

As a full-time employee in the field of aging, Mrs. Battey was nominated for the scholarship by Gayl S. Maring, Director of Programs on Aging of the South Plains Association of Governments. The scholarships are available only to professionals and service providers in the field of aging who are employed in an area with a Levi Strauss plant or regional office.

Mrs. Battey is the wife of David S. Battey and is an active member of the First United Methodist Church of Floydada. She is a graduate of Methodist Hospital School of Nursing, and has earned a Bachelor of Science in Nursing at West Texas State University School of Nursing, Canyon. She is recognized in the Lubbock area as the facilitator of the Hospice Concept through collaboration with Gayle McComb, R.N., B.S.N., founder and administrator of the Visiting Nurse Service, Inc., which serves Lubbock and the surrounding 20 county area. She also serves as coordinator of the Adult Day Care Center of Lubbock, a demonstration project sponsored by Visiting Nurse Service, which is funded through a demonstration grant from SPAG.

ADAC is a concept which supports working families needs and desires to keep and maintain their family elders with them in their own homes by providing a supervised environment during the day which is adapted to each

client's individual needs. Mrs. Battey and Mrs. McComb have developed the first such facility in this area.

Mrs. Battey is a member of the National Hospice Organization, Inc., and is a Certified Hospice Instructor as well as serving as a Hospice Consultant to physicians, hospitals, patients, and their families. She is also a member of Texas Nurses Association, American Nurses Association, Intra-agency Action Council of Lubbock, Christian Nurses Fellowship. She also conducts workshops on Aging and Hospice.

Concurrently with her studies at the Summer Institute, Mrs. Battey has also been accepted into the Graduate School of NTSU. Her courses will include "Management of Senility in the Long-Term Care Setting," and "Hospice: Caring For Patients and Their Families."

LEE BATTEY

Ware, Warren named to Dean's Roll at Wayland

The spring 1982 Dean's Honor Roll at Wayland Baptist University in Plainview includes two students from Floydada.

Those named to the Honor Roll, along with their grade point averages, were June Ross Ware (4.00), a senior, and Kelly Blaine (4.00), a junior.

The Dean's Honor Roll is announced at the end of each semester by Dr. Dan McLallen, academic vice president and dean of the university, and lists the names of students who carried at least

12 semester hours during the term and whose GPA was 3.50 or above on a 4.00 scale.

A total of 120 students from 13 states and one foreign country were named to the Honor Roll for the spring term.

Wayland Baptist University is a four-year coeducational institution of liberal arts and sciences which recently began its 74th year of operation. Last fall's enrollment of 1,509 students set an all-time record for the 12th consecutive year.

M. Henneman awarded scholarship at WTSU

Muriel Ann Henneman, a junior at West Texas State University from Floydada, has been awarded a WTSU Student Foundation scholarship for the 1982-83 academic year.

Henneman, a nursing major, received the \$200 scholarship through the School of Nursing.

Members of the WTSU Student Foundation, a student leadership organization, conduct a phone campaign

each October to raise scholarship funds.

Of the 1981 total, the WTSU Student Foundation set aside \$7,600 to award WTSU Student Foundation Honor Scholarships to students from community or junior colleges who are members of Phi Theta Kappa honor society, and \$16,300 to be given as WTSU Student Foundation Scholarships in 25 academic areas.

Center News

Center Father's Day church attendance good

June 21, 1982
BY MRS. J.E. GREEN

Well, Father's Day has come and gone. Attendance at church was good by the Fathers, unless being with their fathers elsewhere. Weather was calm and partly cloudy.

Today we have a clear sky. More showers the last few days or nites. Everything is green.

Mrs. Ava Jackson spent last week in Sweetwater visiting a daughter and husband, the Neal Wrights.

Sue and Milton Mensch and son David of Lubbock spent Father's Day with her parents, Mr. and Mrs. Hal Thomas. They left David with the grandparents for a longer visit and returned home Sunday evening.

Charline and Bob Finkner of Lubbock spent Sunday with her mother, Mrs. C.P. Fulkerson.

Mr. and Mrs. Bobby Plumlee of Amarillo visited last Thursday with his parents, Mr. and Mrs. W.C. Plumlee.

Mr. and Mrs. Orville Spence of Sherman spent over the weekend with his father, Mr. Charley Spence.

Last Thursday was Senior Citizens regular get together day. A beautiful day, a house full of members, good program, and a delicious dinner.

Mr. and Mrs. Thomas Warren visited Mrs. Ola Warren and Mrs. Joyce Owen and family late Sunday afternoon.

The Henry Brewer clan met for Father's Day at the home of a daughter and family of Mt. Blanco. Present for the sumptuous dinner were the Henry Brewers, Ervin and family, Harry Glen

and family, the Ken Robersons all of Lubbock, Mr. and Mrs. Fred McDougle of Crosbyton, Doriom and the Deon Watsons and the hosts Glenna and Millard Watson.

Mrs. Bud Warren is home from the hospital. So is Wiley Rogers.

We are sorry to report the passing of Mrs. Helen Dunlap, whose rites were Sunday in the First Baptist Church and Mrs. La Velle Edwards, whose rites were in Calvary Baptist, this Monday afternoon. Our sympathy is with all loved ones.

Mrs. Elmer Nelson who is in Caprock Hospital is not feeling too well. We ask that her and others at the hospital are remembered in our prayers.

Lockney Care Center Capers

BY VICKIE HUTTON

The weather sure has been unpredictable. One of our visitors remarked, "I never thought I'd be so sick of rain but I am!" Let's pray so it will clear up and the farmers can get back in the fields.

Friday was a very special day. We combined our Father's Day party with a surprise birthday party for our Director of Nurses, Elizabeth Foster. Elizabeth never would tell her age! The residents enjoyed reminiscing about their lives and about their fathers. We all learned many interesting things about each other that made us all feel good. Reminiscing is good for the soul.

The highlight of the week was our barbeque Thursday evening. Besides enjoying hamburgers and all the trimmings, the fellowship among the residents and the staff was fantastic. Being together like this is great and we are planning more in the future.

Other games enjoyed by the residents are checkers and dominoes. We have some champion players and they do have some heated games. Those enjoying the domino game were Mary Green, Albert Poole, Bill Holt, Myrtle Payne, Mamie Wofford, and Birda Foster. Our checker players are Lewis Roberts and Richard Lanham.

Our lucky bingo winner this week was Evie Henderson. Thanks again to our faithful volunteers DeLinda Glasson, Ameda Phillips and Linda Holley for sharing their time and talent with us.

We lost a special member of our family this week, Lovell Edwards. Miss Edwards had lived at the Care Center since October of 1977. She will be truly missed. Our sympathy to the family.

Billie Self, Edwin Sheek, and Alzia Virden have joined our family. We welcome them and look forward to having them join in our activities. Until next time, enjoy life!

Russell raises money for Mental Health

Mrs. Wayne Russell raised \$174.15 in the May drive benefiting the Mental Health Association in Texas.

Bellringer workers collected house-to-house during the Spring campaign.

Proceeds benefit the non-profit, non-governmental agency whose members are dedicated to fighting mental illness while working on behalf of the mentally ill and their families.

"The Mental Health Association exists entirely on donations, such as those raised in the May campaign," said Mrs. Virginia Barlow, state president.

Barlow thanked Mrs. Russell and the Bellringer workers in Floydada, calling them an important team in the movement to promote mental health in the state.

Amarillo residents are winners of Hawaiian trip

Mr. and Mrs. Danny Cahalen of Amarillo were the winners of the West Texas Silver Star Oldsmobile Hawaiian Supreme Vacation, according to Mark Womble, president of the Association of dealerships. The award includes eight days and seven nights at Waikiki

Beach in Hawaii and \$1,000 cash.

Twenty-two Olds dealers in the Texas Panhandle and South Plains registered over 4,000 participants in the give-away. Drawing for the winners was held in Lubbock, Tuesday, June 8.

did you know?

At Southwestern Public Service Company, we keep our customers in mind when selecting the type of fuel to use in our electric generating stations. That is why we chose coal as the fuel for our newest power plants. Coal meets the tests of availability, technical and economical feasibility, reliability, environmental standards, and is in line with national energy policies.

Morris Rantz, Fuel Administration Manager, Amarillo.

The economy affects utility companies just as it does all of us. Despite their regulated status, utilities still face the problems of inflation, high interest rates, and soaring fuel costs. And regulation does not guarantee that a company will make a profit. Instead, regulators establish a "ceiling" or maximum amount of profit which a utility may make, a profit level which few utilities are able to reach because of the expenses involved in providing reliable electric service.

Jo Barnes, Chief Clerk, Levelland.

Using major electric appliances during "off-peak" hours can help keep down the cost of electric service. Certain times of day, usually between 5 p.m. and 7 p.m., are "peak" hours, when SPS' full generating capacity must be used to meet customer demands. Using your appliances during "off-peak" hours can help balance the load on these facilities and allow SPS to deliver your electricity in the most economical way.

Connie Moyers, Consumer Services Representative, Clovis.

Knowing what electricity is worth is worth knowing. For answers to your questions, call or write your SPS manager.

Program Building Committee reorganized

BY JETT V. MAJOR

Floyd County Extension Service's Executive Program Building Committee met last Thursday morning, June 17th at Strickland's Restaurant in

Lockney. This committee serves as the Steering Committee for the Texas Agricultural Extension Service Program and Staff in Floyd County. It is through this committee and its sub-committees that County Extension Agents in Floyd County work to identify the educational need of both adults and youth in the county and develop a Plan of Work to meet those needs each year.

Craig Edwards, Chairman, called the meeting to order and introduced the guest speaker, Ollie Limer, who presented a program on Hale County's success with the Traditional Approach to the Program Building Committee Process. Limer outlined advantages and disadvantages of both approaches and then explained why he felt the Traditional Approach that Hale County utilizes would be more effective than the Alternate Approach utilized by Floyd County.

The main advantage was that fewer, more productive and informative meetings can be conducted with the Traditional Approach because most of the work is done in the sub-committees (Crop, Livestock, Family Living, Community Development and 4-H & Youth). Only educational programs and reports are given at overall Program Building Committee Meetings - no business is conducted as is the case in the Alternate Approach.

Following Mr. Limer's program, the Executive Committee voted to change Floyd County's Program Committee Structure from the Alternate Approach to the Traditional Approach. Officer elections were then held and a new Executive Committee, as defined by the Traditional Approach, was selected to begin work immediately on restructuring Floyd County's Program Building Committee to the standards set forth under the Traditional Approach.

Officers and Executive Committee members selected for the reorganized Program Building Committee are listed below:

- James Hinton — Chairman
- Roger Dawdy — Vice Chairman
- Lillian Smith — Secretary
- George Sparkman — Member
- Warren Mitchell — Member
- Marilyn Tate — Ex-Officio Member

Benny Butler — Ex-Officio Member

Jett Major — Ex-Officio Member

Meeting dates for the new Executive Committee were discussed and the re-

maining business on the agenda to be conducted was tabled until the new Executive Committee's first meeting. The meeting was then adjourned.

Texas receives section 18 for Fusilade herbicide in soybeans

The Environmental Protection Agency has granted a Section 18 Emergency Exemption to the State of Texas for the use of Fusilade (TM) herbicide to control johnsongrass in soybeans.

Fusilade, a product of ICI Americas Inc., is a new, selective, postemergence herbicide for over-the-top use in broad-leaf crops to control both annual and perennial grasses. Fusilade is systemic and is absorbed quickly through leaf surfaces. It then moves in both the xylem and phloem of the weed, accumulating in the growth points. This causes normal moisture conditions, putting an end to any further weed competition with the crop. Complete death of grasses occurs in three to four weeks. Fusilade has also proven to be rainfast one hour after application.

Under the Exemption, Fusilade may be applied at a maximum rate of .05

pounds (1.0 pint) active ingredient per acre per season in a spray volume of 10 to 40 gallons per acre. Fusilade may only be applied by ground equipment, and a maximum of 2 applications are allowed throughout the growing season. Applications should be made when rhizome johnsongrass reaches 12 inches in height.

Fusilade should be applied with a nonphytotoxic crop oil concentrate, containing 15 to 20 percent surfactant, at one pint to one quart per acre. Do not apply within 60 days of harvest, and do not rotate or replant crops other than soybeans or cotton within 60 days of the last application.

Before using Fusilade, read all directions on the container label, and follow the recommendations given on the supplemental label.

Fusilade contains 4 pounds active ingredient per gallon.

BY JETT MAJOR

COUNTY EXTENSION AGENT

The condition of Floyd County's cotton crop continues to deteriorate each day due to the cool wet weather and insect pressure. Most producers have lost 50-75% of their acreage planted to cotton and much of the acreage lost had been planted and replanted to cotton as many as three times.

Soybeans are the number one crop going back in the ground this week, as well as many acres of sunflowers and a few acres of grain sorghum.

Thrips and grasshoppers are the primary sources of insect pressure to crops and rangeland at the present time, so I have included some information regarding control of these pests from Jim Leser's "Focus on Entomology" Newsletter.

THRIPS

Heavy thrips infestations and damage were once again evident in many fields of cotton I looked at this past week. You need to continue your vigil for a while longer. Producers need to pay particular attention to late planted (or replanted) cotton and cotton that has been damaged by severe weather. These fields cannot tolerate further delays. Unfortunately, these aren't the only fields with problems. Some fields have plants that should have 4-6 true leaves. All that is there are gnarled stumps. In some areas thrips pressure has been so great (up to 20 per plant as an average), and has lasted so long (three weeks), that multiple applications of insecticides have been futile in minimizing damage.

Fields treated with insecticides at planting time are looking real good this year. But remember - if you planted between May 10th to 20th, seed treatments are no longer effective. In-furrow applications of insecticides at planting have only 1-3 weeks of effectiveness at most left. Heavy rains may have also washed away some of these systemic insecticides, shortening their residual period considerably.

GRASSHOPPERS

Grasshoppers are staging along fence rows, bar ditches and out in pastures. There are no reports of hoppers moving into crops areas at this time. USDA has launched a cooperative rangeland grasshopper control program in Shackelford and Throckmorton counties. More areas are sure to follow.

In areas I have inspected, grasshopper numbers have ranged from 18-60 per square yard. Most hoppers were the differential grasshopper which develop into large yellow winged hoppers. At present, they are only about 1/4 to 1 inch long and do not have wings. Several other species were sighted, including

the lubber, P-quad, white whiskers, and bigheaded grasshoppers. All but the lubber will develop into winged adults (making control of adults with baits a questionable practice at best). Lubber grasshoppers are rare this year, averaging one sighted for every 66 other grasshoppers counted.

Now is the time to control these grasshoppers. Don't wait until they become winged and simply fly over your treated cotton. Many of you did that last year and 90% were disappointed in the results. People blamed chemicals for not being effective and applicators for not doing a good job of applying the insecticides. In general, neither were to blame.

In the stage these grasshoppers are now, they must jump or walk through the crop margins to get to the cotton. They will usually feed along the way. If these areas are treated with insecticide, I believe you will get pretty good control.

What chemical should I use? This depends on what crop is involved and the equipment being used to apply the materials. The chart below is a partial list of those that can be used.

If you are going to spray crop margins by air, I believe Sevin XLR is a good choice. If there are no grazing livestock in the area sprayed, I would probably add about 1/2 pint of parathion per acre to the mixture to get quick knockdown. The Sevin XLR at 1 quart per acre should give you 2-3 weeks residual control but the hoppers must eat it to be effective. This is true with any Sevin formulation, so don't make the mistake of spraying Sevin on a turnrow where there is no vegetation. This also limits the effectiveness of Sevin on the small seedling cotton since there is very little vegetation to intercept the Sevin.

The other insecticides listed should

4-H'ers preserve what they grow

Growing a garden can be fun and productive whether you live in the country or city. One of the most adaptable plants for growing in a large garden, a small plot or a window box is the tomato. It has great potential not only as a fresh vegetable but for preserving as well.

4-H members in the 4-H gardening and food preservation programs across Texas and the nation are discovering this versatility, says Benny Butler, county 4-H program coordinator with the Texas Agricultural Extension Service, Texas A&M University system.

If your plot is small or is just a window box or barrel, choose cherry or pear tomatoes rather than the larger varieties.

4-H members in the national 4-H gardening program, sponsored by the Ortho Consumer Products Division, Chev-

ron Chemical Co., have learned that an apartment terrace or backyard garden needs plenty of sun. Use aluminum foil, chrome reflectors or mirrors to make sure that your crop gets the equivalent of six hours of sun a day, whether direct or reflected. If possible, put your crop on wheels and roll it to the sun as it moves, suggests Butler.

Once tomatoes are ripe, 4-H members in the food preservation program, supported by Kerr Glass Manufacturing Company have lots of ideas for using them effectively. Soup, pickles, preserves, sauces and relish are a few favorites.

Incentives and recognition for participants in the 4-H gardening and food preservation programs are provided by Ortho and Kerr Glass. Medals of honor are awarded for four members in each program in every county. In the gar-

dening program, one 4-H'er from each state earns a \$75 U.S. Savings Bond and 18 sectional winners receive expense-paid trips to the National 4-H Congress in Chicago. In the food preservation program, one member from each state earns a trip to Congress. During the event, national winners in each program are recognized and receive \$1,000 scholarships. All awards are arranged by the National 4-H Council.

For more information on the 4-H gardening and food preservation program, contact the county Extension office, says Butler.

Educational program conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion or national origin.

Landscape & Gardening

BY BENNY J. BUTLER

STOP THAT FALLING OVER

Damping off of garden vegetables is common in most Texas gardens and with the cold, wet weather we've had the last few weeks, I'm sure we'll see some of it in Floyd County. Although it is caused by several fungi, pythium is one of the more prevalent. A plant is susceptible to damage from this disease complex from the minute the seed is placed in the soil until it begins to produce true leaves. The older a seedling is, the less likely it is to be damaged by the fungi complex.

The damping off symptom varies with the age and developmental stage of the young seedling. Damage may first occur as the fungi attach germina-

ting seed. The infested seed becomes soft and mushy and fail to germinate.

Young seedlings can be attached before they come through the soil. Losses occurring during this period are known as preemergence damping off; losses occurring after the seedling emerges are called postemergence damping off. Mostly the same group of fungi are involved in all stages of damping off.

Stems of young plants attached by damping off become water-soaked and slightly darker in color near the ground. As the lesions or spots enlarge, cells of the plant stems collapse, and the seedling dies rapidly. When the cells collapse, the plant breaks from the weight of the top.

As seedlings mature they are less susceptible to damping off. The plant may not be killed, but it is weakened, and high winds may later break the plant.

The severity of the disease is directly related to soil moisture. The disease is most severe when the soil is near saturation. Moisture affects the movement of the disease. It also reduces the plant's ability to repel the fungi because water-logged soil has less oxygen and lower temperatures.

Nematodes injure the young plants root system and slow seedling growth. This increases the period of susceptibility to damping off. The wound from the feeding also serves as an infection site for the damping-off fungi.

Suggestions for preventing damping off:

- *If possible, plant the garden in a well-drained area.
- *Plant on a raised bed (6-inch minimum).
- *Plant when soil temperature is suitable for maximum seed germination and seedling development (refer to seed packet).
- *Use captan as a preplant fungicide whenever possible.
- *Plant only good quality seed which have been treated with a protective fungicide.
- *In severely infested gardens it may be necessary to apply Vapam R as a preplant treatment.

FLOWERING ONION STALKS

Have you ever wondered what caused onion bulbs to send up flower stalks? This has perplexed gardeners for years, and it happens with such regularity that many gardeners think onions are supposed to flower.

Flowering onions are caused by several factors, primarily temperature. An onion, botanically, is classed as a biennial, which means it usually takes 2 years from planting until flowering. However, if a young onion plant is exposed to alternating cold and warm temperatures so that the plant goes dormant, resumes growth, goes dormant and resumes growth again, the result may be premature flowering or "bolting" of onion bulbs.

Many gardeners remove the flower stalks from their onion plants, but this really doesn't do any good. Once the

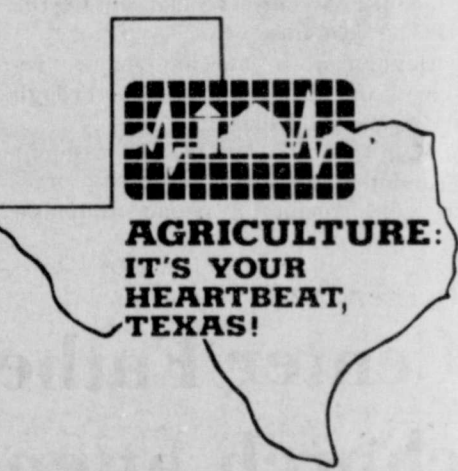

onion has flowered nothing can be done to eliminate this problem. Onion bulbs are still edible but are generally smaller. Use bolted or flowering onion bulbs as soon as possible because the green flower stalks which emerge through the center of the bulbs make storage almost impossible.

Onion flowering can be partially controlled by planting the right variety at the right time. To grow the big, sweet onions Texas is famous for use Grano and Granex varieties. Set out transplants of these varieties early in the spring. Use only plants pencil-sized or smaller in diameter.

Growing bulb onions is a challenge, but if you plant the right variety at the right time, you can grow large onions.

Reference to commercial products or trade names is made with the understanding that no discrimination is intended and no endorsement by the Cooperative Extension Service is implied.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socioeconomic level, race, color, sex, religion or national origin.

Wheat Industry unites behind promotion plan

Grain elevator operators throughout the State of Texas will be deducting 1/2 cent per bushel from all farmer deliveries of wheat beginning with the 1982 harvest. The voluntary "Implied Consent" amassed funds will be expanded at the direction of the initiating organizations to strengthen the market demand, price and producers income for all classes of wheat in the State, according to a joint announcement made by Presidents of supporting organizations: Carrol Chaloupka, Dalhart, Texas Farm Bureau; Mike Moeller, Austin, Texas Farmers Union; Wiley Tabor, Quanah, Texas Wheat Producers Association; and W.H. (Diz) Ansel, Rosenberg, Texas Grain and Feed Association. The new "Texas Wheat Promotion Plan" will be administered by the farmer-elected Texas Wheat Producers Board, through its professional and technical staff headquartered in Amarillo, according to W.R. Moore, Jr., Munday, TWPB Chairman.

The dynamic change in wheat production and marketing within the State make such a bold self-help effort mandatory if any semblance of profit is to be maintainable, the Ag-leaders say. They point to the fact that just ten years ago, in 1971, Texas ranked sixteenth among the states in production with only 31 million bushels. In 1981 it had leaped to third place nationally with 183 million bushels. During the same time, the acres planted in Texas jumped from 3.5 to 7.8 million while the harvested acres leaped from 1.6 to 6.6 million. This dynamic change in wheat production upped the producers' value of the crop and their spending power in taxes, goods, services and production inputs from \$70 million to over \$700 million. Even though during the same period, the farm price of wheat increased 172%, the big disappointment to farmers throughout the State is that demand has not been strong enough to overcome the increased production costs and strengthen farm prices to a profitable level.

Wheat production and marketing has also been dynamic in its shift within the State. In 1971, 85% of all wheat in Texas was produced in a 34-county North Texas, Panhandle-Plains area. Today at least 55% is produced outside that former traditional area.

Wheat use in the United States during the past ten years, and in the foreseeable future, has been static in action and virtually unchanging. All the dynamics in wheat production—putting idle acres back into production, absorbing increased yields from research and technical advances, expansion into new areas, and all the price increase from \$1.34 per bushel since 1971—has been made possible by increased exports. U.S. wheat exports go not only to big customers like Japan, China, the Soviet Union and Mexico—but to over 90 countries throughout the world. Exports reduce carryover stocks and help strengthen farm prices.

Wheat producers nationally work for export expansion through their boards and commissions with self-assessment programs ranging from 1/2 cent to 2 cents per bushel in the individual states. Their efforts are channeled through one producer-supported organization—U.S. Wheat Associates. It maintains a Washington, D.C. headquarters and twelve overseas offices administering on-going programs and activities throughout the world wheat markets. The Foreign Agricultural Service of USDA conducts its only overseas market promotion programs through producer-cooperator groups such as U.S. Wheat Associates. The traditional 34-county wheat area of Texas, acting through the Texas Wheat Producers Board, has been a partial supporting

member of U.S. Wheat Associates for ten years and is closely identified with the export expansion that has taken place—600 million bu. to 1.75 billion bu. between 1971-82.

"Increased support of U.S. Wheat Associates export market development, disease and insect control, transportation studies, and other activities that might enhance the value of wheat production and marketing in the State are the kind of projects that will be recommended to the directors of the Texas Wheat Promotion Plan", according to Bill Nelson, Amarillo, Executive Vice President and Administrator of TWPB. "The current rust and powdery mildew outbreak in the East and Central areas, the continuing greenbug, mite and worm problems in the Rolling Plains and the state-wide freight rate study already being considered, are examples of immediate needs in enhancing wheat profit potential." Nelson pointed out. "The level of and extent to which these can be carried out will depend on the level of interest and

support of the producers and the elevator operators in making this state-wide effort of 1/2 cent per bushel voluntary program effective in generating funds." the joint announcement of the organizations' Presidents indicated. It was also pointed out that while individual member-developed policies support this unified voluntary self-help program, this joint effort in no way affects the separate approaches to other farm policy issues of these groups.

Posters will be placed by the Texas Grain and Feed Association at each wheat receiving location in the State indicating that the 1/2 cent deduction will be made unless producers request exemption prior to settlement. Procedures in the 34-county traditional wheat area operating under provisions of the Texas Commodity Referendum Law since 1971 will not be affected by the new program, other than have the assurance that now producers in the remainder of the State will have an opportunity to participate.

Show and breeding-slaughter cattle judged differently

What do height and length, ruggedness, heavy bones, smoothness and pattern have to do with breeding and slaughter cattle?

"Nothing," said Dr. Robert A. Long, "but that's what cattle are judged on at steer shows."

The Texas Tech University animal science professor, speaking before the National Steer Symposium at Oklahoma State University, said breeding and slaughter steers should be largely evaluated on the basis of accurate estimates of carcass characteristics.

In terms of cutability and eatability, maximum muscle and minimum fat is important to both packers and consumers. A steer, Long said, cannot produce an excellent carcass without being well muscled.

"Muscle, of course, adds to the weight of the steer and when finish is constant, the heavily muscled steer far outweighs the 'smooth' muscled steer of the same frame size. A large framed steer, therefore, will be considerably heavier than the packer wants if his composition is correct," Long said.

Data which illustrates the constant proportionality of skeleton and muscle has often been misinterpreted to mean that all cattle are the same and, to measure them the longest or largest is best, the researcher said.

"This is in complete error," Long said. "You must know muscle, bone ratio and degree of fatness in order to know composition."

The purpose of the steer show, as

Long sees it, is to identify the kind of steer which has the most desirable carcass from the standpoint of both palatability and cutability.

"It is the job of breeders, genetic and packers to develop genetic, nutritional and processing programs which produce such carcasses efficiently and profitably," Long said.

The ideal steer, he noted, must have a high muscle-bone ratio, a maximum of three-tenths inches of fat. Choice marbling and be in the 1,050-1,250-pound weight range. How far a steer "sticks-up" in the air should not be a factor.

"Why anyone would use frame size in the evaluation of slaughter cattle is beyond me," Long said. "I believe every frame size of beef animal can and does occur with every possible combination of fat and muscling."

The cattle expert said criteria by which slaughter steers and breeding cattle are judged is just plain wrong. He said frame and skeletal size have nothing to do with the desirability of beef carcasses.

In the majority of steer shows in this country, cattle are shown by weight and have been fed and managed so as not to be excessively fat.

"Placing the tall, big framed steers up in class and the small framed ones down means that selection was against muscle or meat which makes no sense at all in the beef production business," he said.

Young Farmers discuss Briscoe County Celebration

On Thursday June 10 Silverton Young Farmers met for their regular meeting. The Briscoe County Birthday Celebration was discussed.

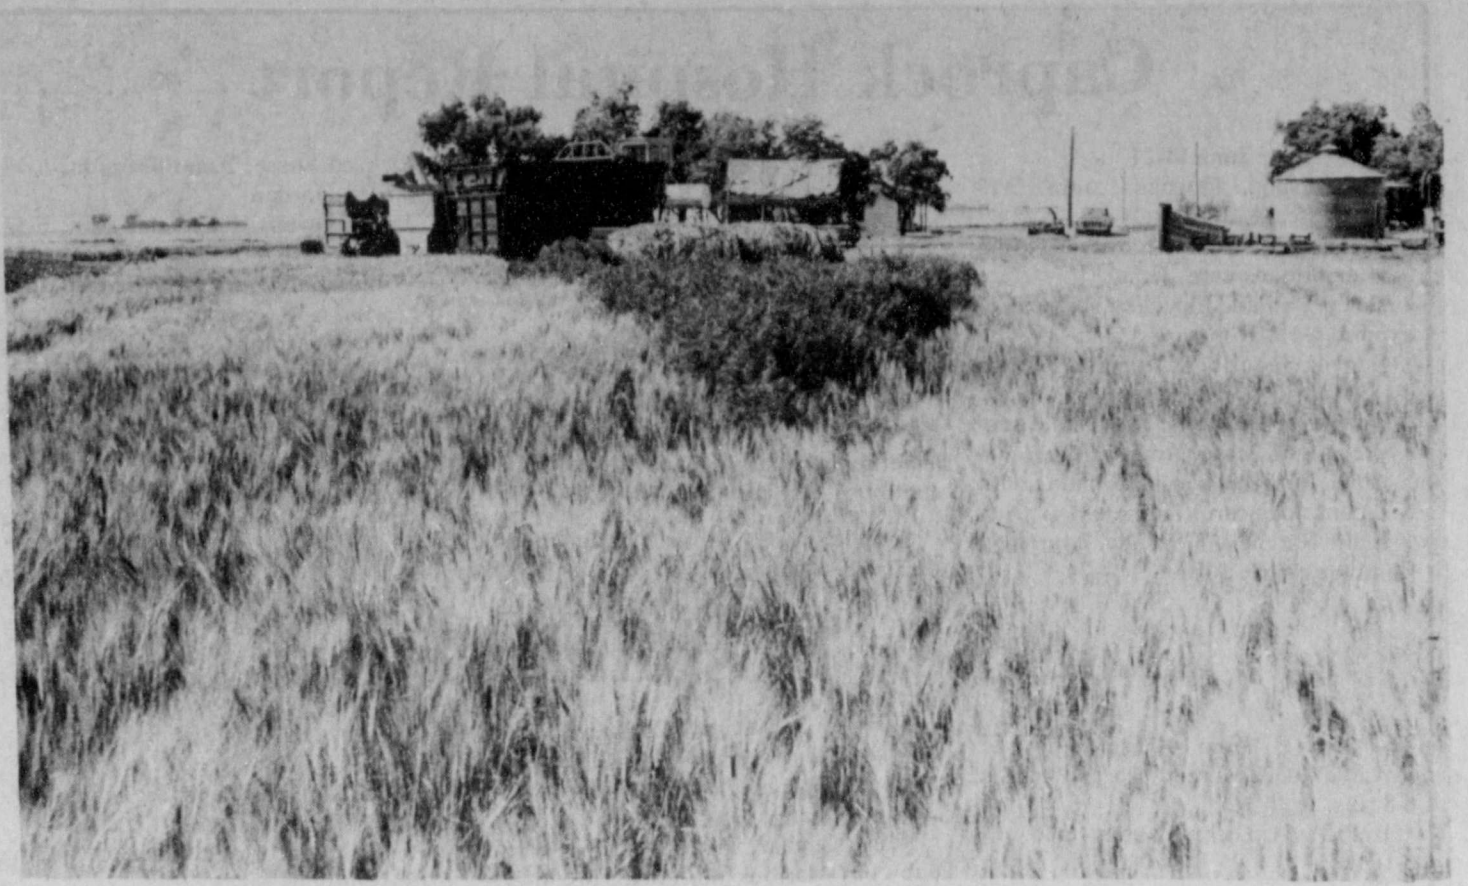

The event will be held August 12-14 in Silverton. There will be nightly performances of the rodeo with C Bar T of Lubbock furnishing the stock. Dances will be held nightly on the concrete slab.

Thursday August 12 the annual parade and barbeque will kick off the event. The Silverton Volunteer Fire Department will have the concession

stand open during the three day celebration.

Wayland Fitzgerald reported on the community center. Members discussed and voted to repair the fence at the Silverton cemetery.

Those attending were Jerry Bean, Hand Baird, Calvin Shelton, Wayland Fitzgerald, Tommy Bullock, Walter Hill, Abel Asebedo, Jerry Baird, Donnie Perkins, Fred Hill, Clinton Dickerson, Tobe Riddell, Bill Reid, G.W. Chappell, and Wayne Stephens.

GLEAN CONTROLS WEED IN WHEAT — Above are pictures of two demonstrations that the County Extension Service has out using a new herbicide, Glean TM, on wheat ground. The picture at top shows Glean TM being used on wheat itself. The weedy, wedge-shaped area in the center was left untreated, while the area on the left received 1/2 oz./acre of Glean, and the area on the right received 1/4 oz./acre. The picture at bottom shows Glean TM being used to control weeds in a follow situation where cotton was grown last year and wheat will be planted this fall. The plot on the left

received 1/2 oz./acre of Glean TM and the area on the right was left untreated. The results are obvious. The area in the background is clean only because it has already been plowed twice. Weeds that Glean TM is controlling in this situation include: lanceleaf sage, pigweed, kochia, devil's claw, cocklebur, buffalobur, puncture vine [goathead], Russian thistle [tumbleweed], large crabgrass, seedling Johnsongrass, and one other weed not as yet identified. Both of these demonstrations are located on the James Hinton farm northwest of Dougherty.

A Pepper Pleasin' Purchase

Dr Pepper or Sugar Free Dr Pepper in 6-Paks of 32 oz. bottles. How's that for a Pepper-pleasin' deal?

75¢ Save 75¢ 75¢

on Dr Pepper and Sugar Free Dr Pepper in 6-Pak cartons of 32 oz. bottles

Mr. Retailer: Dr Pepper will redeem this coupon for 75¢ plus 7¢ handling when you receive it on the sale of any 6-Pak of 32 oz. bottles of Dr Pepper or Sugar Free Dr Pepper. Upon request, you must provide evidence to Dr Pepper Company that you have honored this offer as outlined above and that sufficient stock was on hand in your store at the time of the offer to support your reimbursement request. Coupon may not be

assigned or transferred. Customer must pay any sales tax and bottle deposit. Void where prohibited, taxed or restricted by law. For redemption of property received and handled coupons, mail to Dr Pepper Bottling Company of Lubbock, Texas, 505 E. 50th, Lubbock, Texas 79452. Cash value 1/20¢. Redemption good only in areas served by the Dr Pepper Bottling Company of Lubbock, Texas.

Hot weather precautions

BY C. EVERETT KOOP, M.D.

Surgeon General of the U.S. Public Health Service Washington, D.C.

As we emerge from one of the coldest winters on record, we may tend to forget that the hot months of summer also present potential dangers.

During periods of very high temperature, anyone—especially the elderly and those with medical problems—may build up enough body heat to incur heat stroke, heat syncope or heat exhaustion.

We can't control the weather, of course. But I'd like to alert everyone to some precautions we can take to control the way extreme heat affects us.

1. Drink plenty of fluids, even if you don't feel thirsty. Your body needs considerably more fluid than your thirst will indicate. When the outside temperature is above 95 degrees, you may easily need to drink more than a gallon of fluids a day. (Before increasing your fluid intake, however, consult your doctor if you have epilepsy; heart, kidney or liver disease; or fluid retention problems—or if you have been placed on a restricted-fluid diet.)

2. Don't drink alcoholic beverages.

3. Avoid direct sunlight.

4. Stay in the coolest place possible. If you don't have an air conditioner, try to spend some time each day in an

air-conditioned place. Other good ways to cool off are taking frequent showers or placing icebags or wet towels on your body.

5. Wear lightweight, loose-fitting clothes.

6. Avoid unnecessary physical exertion.

7. Don't use salt tablets without consulting your doctor, because salt can compound existing medical problems such as high blood pressure.

The three most serious conditions hot weather can trigger are heat stroke, heat syncope and heat exhaustion.

Heat stroke, a failure of all body cooling mechanisms, is a medical emergency that demands immediate attention and treatment by a doctor. Symptoms include faintness; dizziness; staggering; headache; nausea; loss of consciousness; high body temperature (104° F/40° C or higher); strong, rapid pulse; and flushed skin. In severe cases, blood pressure drops as circulation fails.

Heat syncope results from exercising in the heat or from a failure to adapt to the hot weather. This condition is marked by dizziness, fatigue and sudden faintness. Other symptoms are cool, sweaty, pale skin; weak pulse; and falling blood pressure.

Unlike the victim of heat stroke, the person with heat syncope recovers when removed from direct exposure to the heat. Treatment involves resting (lying down or sitting down with the head

lowered), cooling off and drinking extra fluids.

Heat exhaustion is the most common form of illness caused by hot weather. This condition takes longer to develop and results from a loss of body fluids and salt. Symptoms include thirst; fatigue; giddiness; elevated body temperature; and, in severe instances, delirium. Muscle cramps may also occur.

Heat exhaustion is treated by having the patient rest in bed, away from the heat; giving cool liquids to restore body fluids; and, on the advice of a physician, giving alcohol sponge baths or applying wet towels to the body.

With advancing age, many people become less able to resist and recover from stresses such as exposure to heat. For this reason, the elderly are particularly vulnerable to extreme and prolonged hot weather. (Reasons may be that older people sweat less than younger ones and are more likely to have underlying diseases or to take medicines that decrease their resistance to heat stress.)

Other people at high risk during very hot weather include the chronically ill or bedfast, alcoholics, the mentally ill and those taking major tranquilizers or certain drugs used to treat Parkinson's disease, peptic ulcers and gastrointestinal spasm. Persons taking such drugs should consult their doctor about dosages or special precautions to take during hot weather.

South Plains News

Mississippian welcomed to South Plains West Texas

BY MRS. MURRAY JULIAN

South Plains, June 16: Mrs. Gertrude Gaby, from Jackson, Mississippi, is visiting here in South Plains with her daughter, Sara Probasco and Don and family. We welcome her to the West!

Mrs. Louzilla Nichols was present at the first Breakfast at Mamie's, which later became an annual affair. This was back in March, on the 14th, in 1962, twenty years ago. She is happy to know she was present for the first breakfast they had, and this Wednesday, June 16, will be her last, here, as she leaves us to go in September to her new home in Sweetwater, where she will be near her daughter, Mr. and Mrs. Glen Whitfil.

Mrs. Sandra Burdette from Lubbock, was a guest at the "Breakfast at Mamie's" this Wednesday, and she was guest speaker for the morning, bringing a review from the book, "See You at the Top," by Zig Ziegler, a wonderful mixture of down to earth helps for everyone to live by, and positive thinking to boost our ego. She told us, "God made man, and then he turned and made woman, and said, 'I knew I could do a better job than I did.'" Mrs. Burdette is the cousin of Mrs. Joyce Osborne of our community.

The South Plains Hobby Club met at the home of Mrs. Mamie Wood east of South Plains on Wednesday morning, June 16, at 8:00 o'clock for their annual "Breakfast at Mamie's" gathering with cold, cloudy skies, and a chill in the air.

Nothing daunted, the guests gathered in the beautiful yard around tables for the bountiful meal. Mrs. Julian gave the benediction, and the menu consisted of hot home made sour dough bread made by Mrs. Higginbotham, with assorted jellies, and chili egg casseroles, with a delicious fruit dish of melon balls, strawberries and watermelon, lots of hot coffee and visiting. After the breakfast, Mrs. Sandra Burdette of Lubbock gave an interesting and helpful talk on Positive Thinking, from the book, "See You At The Top," by Zig Ziegler.

This Wednesday was the twentieth anniversary of the first time Mrs. Wood had had the breakfast in her yard. The first one was in March 14, 1962. Those present for the breakfast included, Mmes. Gertrude Smitherman, Sandra Burdette, Dixie Barron, both of Lubbock, Edith Clark, Martha Botkin, Joyce Osborne, Carolyn Marble, Louzilla Nichols, Ruth Walker, Carolyn Redding, Sara Probasco, Gertrude Gaby, Judy Beedy, Sherre West, Pat Wood, Bonnie Moore, Kathleen Thornton, Lulu Teague, Bobbie Kinnibrugh, Mildred Hamm, Bonnie Julian, Ruby Higginbotham, Annelida Staples, Jane Bean, Glynn Earle Cummings, hostess Mrs. Mamie Wood, and those who assisted were Mmes. Ruby Higginbotham, Mildred Hamm, and Bonnie Julian.

May all of you have a wonderful summer. The club will have its next meeting in September, in the fall.

WHY BUY A GAS GRILL NOW?

Now is a great time to buy a new gas grill. Choose from 7 quality models ... save a big 20% ... and take the heat out of your kitchen, too.

You'll really enjoy the convenience of cooking out with a natural gas fired grill ... love the flavor of outdoor cooking without the mess of charcoal or the hassle of LP tanks.

Order your gas grill from any Energas employee now and make the most of summer.

PATIO KITCHEN

PK grills provide the convenience of natural gas fired barbecuing ... have heavy top and bottom aluminum castings and H-shaped stainless steel burners for years of long wear ... and exclusive Range Rock briquettes with controlled porosity for even heat and less flare-up.

PK DELTA 1
Single burner model with 270 sq. in. chromed steel cooking grid.

ONLY \$6.85 PER MONTH*
