Fair time is here !!

THE CIRCUS HAS COME TO TOWN! This year the Pride of Texas Carnival has three new rides the Roundup, the Devil Dragon and the Galaxy Super Express Rollercoaster. In addition to rides and concessions in Lockney for the carnival a free circus is presented every night featuring David, the fantastic chimp, and black African bears.

Football Contest Winner

This week's Football Contest winner was Roy Saucedo, missing 3 games. Reeda Cay Smith got honorable mention, also missing 3 games, but Saucedo's tie breaker was closer.

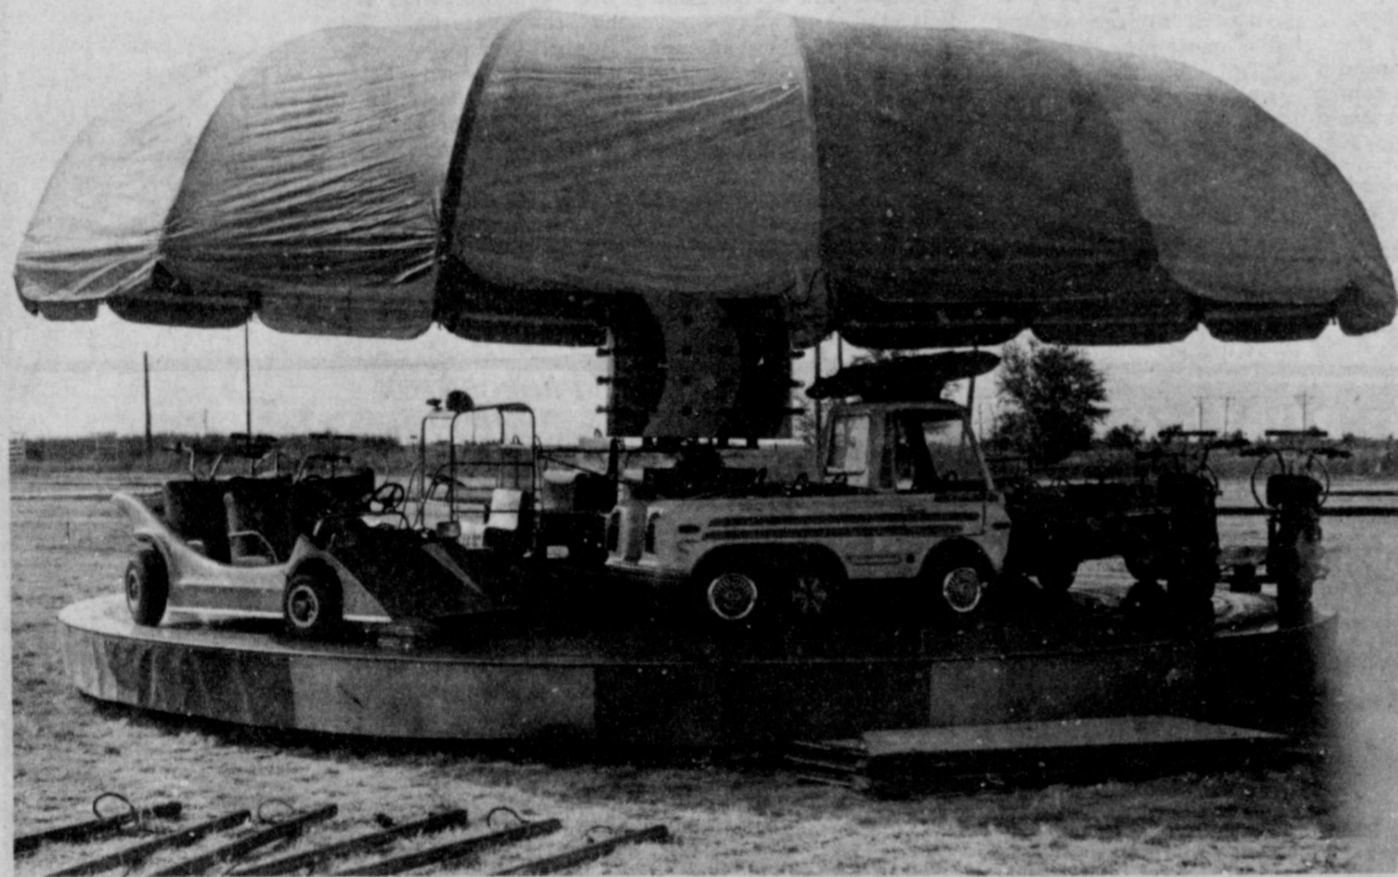

It was interesting to note that among the entries we received for the Football Contest, 67% of the entries were made

by women but a man was the winner. Let's all back the Longhorns and remember to send in an entry for the Football Contest every week.

Winner may come by the Beacon office at his convenience to pick up his check.

Warning

Floydada has been hit with a rash of burglaries and break-ins in the past few months. Tuesday a young girl surprised a would-be burglar in her home. He pushed her around some but she was not harmed. Floyd County Sheriff Fred Cardinal urged the citizens of Floyd County to KEEP WINDOWS AND DOORS LOCKED, especially when young children are alone in the house.

Those attending the carnival at the Floyd and surrounding counties Fair have been taking in 35 rides and concessions. Their families are getting to take full advantage of the passes that entitle them to ride any of the rides as often as they wish all four days.

HELP WANTED

To the people of Floyd and Surrounding Counties:

WE NEED YOUR HELP!! The future of the Floyd and Surrounding Counties Fair could well be at stake if we do not have your support and attendance at the 1982 fair!

Few people realize the cost of maintaining the fairgrounds, paying utility bills, buying trophies and ribbons, and the rest of the expense that goes into the fair each year. The members of the past fair boards have worked very hard to make the fair pay its own way and the money and time of every individual and business will be wasted if we do not have the support of the people of Lockney, Floydada, surrounding towns.

One thing that is vital to the success of the fair is a good carnival that people are not afraid to send their children to. We have been lucky to obtain the Pride of Texas carnival for the past two years and once again the children of this area will be able to enjoy a wide variety of rides and games plus a free circus that the carnival supplies. Mr. and Mrs. Ed Burlingame, the owners of the Pride of Texas Shows have gone out of their way to work with the board by supplying advertisements, special passes that can save money, and by purchasing the prizes for free drawings from local merchants. We cannot expect a man from another town to continue to support our fair if the people here do not come out and do the same.

Another activity that needs your attendance to make it a success is the Maines Brothers concert. Many people that attended the concert last year gave us favorable comments and felt like it was a good thing, so we contracted for a return engagement. But we need everyone's support and attendance to make it a success.

The fair is one of the best entertainment values around. The price of a 3-day adult pass is the same as many theatre tickets cost now. And the fair has something to offer for every age group. Anyone who says that there's nothing to do at the fair has not attended one lately. From the moment the gates open and exhibits are in place till the gates close the final night, there is something going on of interest to all age groups.

We urge you to check the schedule of events, and if you can't attend every day, at least come out one day and enjoy the fruits of the hard work that has gone into this year's fair.

Please show us your interest and support by attending and commenting on the activities of the fair. Its future depends on YOU!

Sincerely,
The Floyd Co. Fair Association
Board of Directors

Thanks

PROPERTY TAXES— GOOD INTENTIONS AREN'T ENOUGH

I want to talk this week about taxes and good intentions.

As I travel around Texas, I notice that what's known as the Peveto Bill is the subject of much talk and controversy. This bill, named after state representative Wayne Peveto, is a tax reform law: legislation of the best intention.

The law was designed to end confusion and unfairness in the way property taxes were assessed. Property was often on different tax rolls at different values. Older properties went years, sometimes decades, without being revalued or updated. New construction and newly sold property was on the rolls at more correct values and so people who owned it paid a higher share of taxes. Some property was simply left off the rolls entirely. The system was confusing and inequitable.

In an attempt to correct these problems, the Peveto Bill created property tax appraisal boards for each Texas county. These boards were charged with the responsibility of set-

ting all property at its full value—as residential or commercial property or as land used for agricultural purposes. Taxes could then be levied on this accurately assessed property according to the needs of the taxing entities.

It sounded good, but it hasn't worked. The biggest problem is that the people on the appraisal boards are appointed, not elected. They are not accountable to the taxpayers. So now we have a new, faceless bureaucracy to deal with. It amounts to taxation without representation.

My opponent has been on both sides of this issue, first supporting the bill in the legislature—then doing an about-face and calling it bad legislation after it was passed.

The Peveto Bill, though well-intentioned, has created problems which must be dealt with in the next legislature and as your next Lt. Governor, I will do just that. If you have any thoughts on this subject, please write me at 1213 W. 34th, Austin, 78705.

STATE REPRESENTATIVE, Foster Whaley was in Crosbyton August 28, in one of his "get acquainted" stops. The main purpose of this was to get acquainted with the people in the area. He said that it was necessary to communicate with the people in the area he serves because "if you don't communicate with people, the people won't communicate with you."

He mentioned in order to better serve the people he intends to put local phone numbers that would relay questions to his office in Pampa or to its State Capitol.

County delegates attend convention

Three Floyd County residents are traveling to Austin this weekend to represent Floyd County as delegates to the 1982 Republican State Convention. Serving as delegates are Albert Scheele and Dwight Jackson of Lockney and John Farris of Lockney.

In addition, Mr. and Mrs. Ray Gant of Lockney may attend as alternates. Mrs. Billy Don Colston of Floydada is another alternate delegate.

More than 7500 delegates and alternates from throughout the state are expected to attend the convention in Austin Friday and Saturday. The event will feature addresses by Secretary of Commerce Malcolm Baldrige, Governor William P. Clements Jr., Senator John

Tower and all statewide Republican candidates. Delegates will elect a Republican State Chairman and Vice Chairman, as well as 62 members of the State Republican Executive Committee. They will also adopt a state platform, attend workshops and conferences and approve changes in the Party Rules.

Republican Floyd County Chairman Albert Scheele states, "We are excited about attending this convention and representing the growing number of Republican voters in our county. This event will be the kickoff for one of the most critical election campaigns in our state's history. I am convinced that we will come away with a unified conservative slate of candidates solidly behind a firmly conserving state platform."

JEWELL MILLER, 89, is 50 years her grandson's senior. Warren Mitchell, son of Alice Mitchell and the late Chester Mitchell, and his 3-year old son Tim, enjoy visiting with Mrs. Miller in the Lockney Care Center.

Grandparents remember-shouldn't you?

The effort of two individuals caused a Congressional act, a Presidential proclamation and a new American holiday. Due to their efforts, Grandparents Day has been celebrated on the Sunday after Labor Day since 1979.

A West Virginia mother of 15, Marian McQuade, and a Georgia grandfather, Mike Goldgar, got the ball rolling. Goldgar recalls that he first got the idea while visiting an elderly aunt in a nursing home. He was struck by the

loneliness of many of the residents and resolved to do something to make their lives more pleasant.

Since 1979, Grandparents Day has grown in popularity, and some think it will soon rival Mothers Day and Fathers Day as a national celebration. On September 12, people across the nation will honor grandparents with a festive cake, a family reunion or dinner at a favorite restaurant.

As Goldgar says, "Grandparents remember—shouldn't you?"

Lockney High Class of 1932 plan homecoming

The 1932 graduating class of Lockney High School will celebrate their 50th year on September 18 at the R.C. Mitchell home in Lockney beginning at 4 p.m.

A time of visiting will take place after which a hamburger cookout will be enjoyed in the Mitchells backyard along

with plenty of ice cream and cake.

All class members whose addresses are known have been notified and about 30 to 40 members and spouses are expected to share in the fun.

Marie Nigh has been active in helping to plan the event as she was senior class secretary and D.D. Myrick was class president.

ALLISON MANGOLD, 4-year old daughter of Dr. Gary and Brenda Mangold, visits regularly with her great-grandmother, Martha Powell, the mother of Martha Mangold. Mrs. Powell has 10 grandchildren and 10 great-grandchildren. Allison's sister, Lauren Reagan, is 5 months old.

Film series at Methodist

The film series "Focus on the Family" by Christian doctor James C. Dobson continues each Wednesday night at First United Methodist Church of Lockney.

The public is invited to attend the films which are from 42 minutes to just over an hour long. The film begins at 7:30 p.m. in the church fellowship hall. A nursery is provided at the church.

The next film is third in the series and is entitled "Christian Fathering". Dr.

Dobson's presentation is very humorous and will be enjoyed by persons of any age.

Films four and five will deal with preparing for adolescence, and films six and seven will discuss marriage.

Perfect solution

A church in Nebraska which had been the target before of receiving unordered office supplies, (copier machine items, light bulbs, etc.) came up with the perfect answer when again they received a shipment of supplies they never ordered with a bill.

Instead of politely notifying the firm they never ordered the delivered items and becoming involved, as in the past, with costly telephone calls and lengthy correspondence, they sent the following letter.

Dear Sirs:
On (date) we received a shipment of merchandise from your company for which we had issued no order. An ensuing statement followed listing the value of the items shipped at \$307.79.

Please use this letter as a statement of your contribution to our church and remember, that your contribution is tax deductible. A record of your contribution will be kept in our office.

May the Lord bless you.
To no one's surprise, the church received a call the next day, apologizing and promising to send the money to cover the cost of returning the unordered supplies.

By Marilyn Tate

County Extension Agent

YOU'RE INVITED...

to get enthused!! I'm talking about a special program and a very special person who wants to share her enthusiasm for enthusiasm with you on September 10 at the Floyd County Fair. She is the only person I know who totally wears out and throws away a pair of work shoes every 6 weeks! (I recently heard it asked if she has little motors in her shoes to make her go so fast!?)

This special person is Priscilla Sims, a person friend of mine and owner and operator of Southern Seas Catering Service in Lubbock. I hope that each of you will make a special effort to attend her program at 2:30. I guarantee that it will be worth it!

Some other great programs are planned too. Come, stay the day, and enjoy them all!

BURNING FACTS

Burns continue as a major hazard for Americans of all ages living in both

urban and rural areas. Many burn accidents can be reduced or prevented, however.

Severe burns are among the most traumatic injuries the human body can suffer. Major burns affect not only the immediate area burned, but every organ of the body. Severe burns require extremely diffilut, prolonged, and costly treatment.

Most Common Types of Burns

Data about burn injuries reveal these significant facts:

Scald injuries make up almost two-thirds of all injuries to children between the ages of three to eight years. Most accidents happen in the kitchen, although children of this age are also vulnerable to bathtub scald injuries.

About two-thirds of all flame burns involve children playing with matches and around stoves.

Adolescent burn injuries often result from risk taking and working with

flammable liquids, with gasoline most often the culprit.

Adults endanger themselves and others with burn injuries when they are under stress or forget to be cautious when rushing about.

Homemakers can help reduce—and often prevent—burn injuries and deaths by:

1. Lowering hot tap water temperatures to between 120 to 125°F.

2. Keeping matches away from children.

3. Keeping handles of pots and pans from extending beyond the edge of stoves.

4. Remembering that haste and poor management of stress can mean not only waste but accidental burns as well.

Educational programs conducted by the Texas Agricultural Extension Service serves people of all ages regardless of socioeconomic level, race, color, sex, religion or national origin.

Home Homemakers to meet in El Paso

More than 900 members of the Texas Extension Homemakers Association from throughout Texas are expected to assemble in El Paso for the annual state convention of the association, September 14-16.

"This will be the 56th annual meeting of the homemakers organization, and a blue ribbon program has been prepared," announces Mrs. Billie H. McCraw, president of the 22,680-member group. McCraw is from Raymondville.

Delegates attending from Floydada will be Mrs. Horace (Bess) Carr, Mrs. Ruth Trapp and Mrs. Helen Huffman. The local club feels fortunate to also have county agent, Marilyn Tate selected to represent Floyd County.

This is the first county agent from Floyd county to attend since 1926 when the group met at Texas A&M. The delegates that year were Mrs. John Lloyd, Mrs. Hanna and Mrs. Walter Sims.

Conference sessions will be at the Convention Center.

Registration will begin at 1 p.m. September 14 and continue through that evening. Special activities for that afternoon and again the afternoon of September 16 will be bus tours to Mexico, with emphasis on several historic cathedrals and a visit to a federally-sponsored shopping center in Juarez.

Among key speakers will be the Rev. Donald Anderson of San Antonio, who will discuss "A Total View of a Healthy American Family," and Kathryn Blissard, a Houston television personality, whose subject will be "How Important Are You?"

In addition to Texas homemakers, others also are expected to attend from New Mexico, McCraw says.

Other conference highlights will be business sessions, board meeting, and a series of workshops.

"These workshops are planned in the

areas of health and safety, cultural arts and international understanding, leadership and membership, family life education and family resources, citizenship and legislative affairs, and young homemakers. Two other special work shops also are planned for guests," McCraw says.

An election of officers is slated for the closing afternoon, with installation of

officers to take place the evening of September 16.

The Texas Extension Homemakers Association has members in 1,326 clubs in 250 Texas counties. During the past year, members have reached and taught more than 100,000 Texas homemakers through a wide array of educational activities.

Bits of Humor, Trivia, and an occasional Word of Wisdom

I thought I'd found the perfect diet—"Eat all you want". The only hitch to it was, you had to jog 500 miles a day.

All of the things that I like to do are either illegal, immoral, or fattening.

It took a lot of will power, but we finally gave up trying to diet.

My wife does wonderful things with left-overs. She throws them out.

No, really, my wife's mother taught her never to throw out good food. So she leaves it in the refrigerator until it spoils, and THEN throws it out.

We saw a sign, once in a zoo cafeteria: "Let the animals watch you eat for a change."

We're not "lion" (sorry about that): it costs a lot less to install security locks than to replace stolen goods. Give us a call today.

MRS. MOREHEAD AND L.C. WAHLENMAIER

Holts enjoy New York

Burle and Helene Holt visited in New York state recently with their son Bobby and his wife Margarite and their daughter Robyn, who is five.

The Holts visited and toured in the New England states during their 3-week stay, going as far as Mystic, Connecticut, near the Rhode Island line. They visited the largest submarine base in the world there and the beautiful aquarium.

They also attended some productions by college students at summer theatres. The weather was ideal while the Holts were there July 25 through August 14.

The highest temperature recorded was 89° and the lowest was 68°. "Just cool enough to sleep under a blanket," Mrs. Holt said.

Since this made the Holts' third time to visit in the area this year, they got to accomplish a longtime goal of theirs. They took a carriage ride through Central Park.

Bobby is employed at the City Corporate Bank and Marketing. His wife is in the computer programming for the Pepsi Corporation. She also placed fifth in the 26-mile race promoted by the company this year.

Pioneer honors Cummings

Zach Cummings, native of Lockney and a Lockney High School graduate, was honored as the August Employee of the Month by the Southwestern Division of Pioneer Hi-Bred International, Inc.

As area supervisor for grain sorghum production at Pioneer, Cummings is responsible for all field activities of grain sorghum production in his area

from planting until harvest. Lone Star and the Texas South Plains are included in his area of production.

After his graduation in 1975, Cummings attended West Texas State University. He received a degree in plant science in 1979. He and his wife Sandra have two children Adam and Courtney.

Veterans notice

Veterans and dependents whose Veterans Administration checks are deposited directly with financial institutions should keep those accounts open when they make a change in such mailings.

If you are cancelling your direct deposit and want your future checks to be mailed to you, don't close your account until you receive the first check at your address, advises the Director, Waco VA Regional Office.

If you are changing financial institutions, don't close your account at the former bank until your first check is direct deposited in the new bank. This will help prevent any unnecessary delays in check delivery whenever you effect a change to your direct deposit arrangement.

For additional information, telephone the Waco VA Regional Office toll-free number listed in your telephone directory.

Spouse's day out begins

Lubbock Nursing Home, 4120 22nd Place, announces a new community service for area residents. It's "Spouse's Day Out."

Beginning September 9th, persons who are responsible for the care of an elderly person may leave them at the home on Thursday of each week. Between the hours of 9:00 a.m. and 4:00 p.m., non bed-fast persons are invited to join in the activities at Lubbock Nursing Home and eat lunch at the facility. Qualified nurses will be on hand

throughout the day to furnish needed care.

Included in the day's activities will be an exercise program especially designed for wheelchair people, also a Bible Study. If desired, free blood pressure checks will be given to all participants.

A \$2.00 donation to help defray the cost of the noon meal is requested. All other services are free. A minimum amount of paperwork is required to enroll your elderly person in this special program. Call (806) 793-3252 and make arrangements to have yourself a day off.

Favor repayed years later

One cannot say that L.C. Wahlenmaier ever forgets a favor, even if he returns the favor 35 years later.

It seems that Mrs. Morehead of Floydada had baked Mr. Wahlenmaier a cake for his birthday some 35 years ago when he was here buying leases.

Last Thursday he was back in Floydada from Midland to visit his grandson. He stopped by to visit Mrs.

Morehead. During the visit he gave her some muffins he had baked. Jokingly he said that they were to pay back for the birthday cake.

Mrs. Morehead liked the muffins so much he baked some right there in her kitchen.

Watch for Mr. Wahlenmaier's recipe for the muffins in next week's Floyd County Recipe Exchange.

South Plains News

BY MRS. MURRAY JULIAN

This is a hot, dry Labor Day here, with the little community quiet, as families are gone to the lakes around, off on picnics, just visiting with friends, or neighbors somewhere. The crops need rain so badly, and there is no help in sight. Mornings are getting cooler, as this Monday morning it was in the low sixties here.

This week the South Plains Hobby Club meets at the home of Mrs. E.J. Kinslow on Wednesday afternoon at 2:00 p.m.

Mr. and Mrs. Glen Whitfill will be here Tuesday at the home of her mother Mrs. Louzilla Nichols, and Wednesday then, the moving van will come and take everything to Sweetwater where Mrs. Nichols will move and be living in her new home there. The Jim Peggram family will be moving the house to Nazareth as soon as it is vacant.

Mrs. Letha Mulder went to Littlefield Friday to spend the weekend with a sister, Mrs. Inez Minyard, and she returned Sunday night to her home.

Mrs. Karen Mauney of Louisville, Texas, arrived here Saturday to spend this week with her parents, the Rev. and Mrs. Cecil and Joyce Osborne. She attended Sunday morning and night church services at the South Plains Baptist Church where her father is pastor.

Mrs. Lucille Duncan is in the Caprock Hospital at Floydada, and we pray she will soon get better and be able to go home. She had been a Stanley representative in our area for many years.

Essley Yeary, who had been in the Lockney Hospital in Lockney was well enough to go to his home on Tuesday of last week, we are glad to hear.

I.H. Parks (Sparky) from Parks Oil Company here in South Plains underwent major surgery Thursday at the Central Plains Hospital in Plainview. He was suffering with a stomach obstruction. We hope he is able to be back home soon.

Mrs. Ernest Smitherman (Ruth) is also in the Central Plains Hospital in Plainview, and she is getting along just wonderfully well from a hip operation last Tuesday.

Mr. and Mrs. Shari and Brad Smith and Ryon are getting settled in their new home on the paved road south and east of South Plains. They moved most of last week. The new home is larger than their former home, but they only moved a small distance down the road from where they did live in their trailer house. We wish them happiness there.

Mr. and Mrs. Nathan Mulder have been going to Lubbock and visiting her uncle, Connally Lewellen of Plainview, who is in the Methodist Hospital. He has been there over two weeks since last Thursday. We hope he can soon be home.

Visitors at the home of Mr. and Mrs. Janelle and Bob Reeves were their children, Mr. and Mrs. Sandy Reeves, Kristy, Kellas, and Kacie of Idabel, Oklahoma, Mr. and Mrs. Jean Daryl Lebeouf of Littlefield, and Jean Reeves of Canyon where she is a student at West Texas University.

Visitors at the South Plains Baptist Church Sunday morning included Nancy McMasters, Cheryl Klein, guests of Kristi Julian from Texas Tech at Lubbock, and they are from Dallas. Mrs. Karen Mauney was a visitor also at the services.

Mrs. Louzilla Nichols went to Lockney Sunday to visit with her brother and Mrs. Johns Cox, and Mrs. Marjorie Holcomb and daughter Charlotte were also at the Cox home.

Mrs. Sylvan Kinnibrugh and Mrs. M.M. Julian were hostesses Wednesday, September 1, at the Kinnibrugh home, where they served homemade ice cream and angel food cake to guests, Mrs. Louzilla Nichols, and neighbors Mr. and Mrs. Jack and Aileen Smitherman and Sylvan Kinnibrugh. Mrs. Nichols will be moving from our area to Sweetwater on Wednesday, September 8th.

Mr. and Mrs. Leighton and Juanita Teeple went to Springfield, Missouri, where their son-in-law David Reddout is National Sunday School Superintendent at the Assembly of God Church, and they had moved there last fall. They stayed Friday through Wednesday of last week there. Their granddaughter, Tonya is cheerleader and their grandson Riek is starting to college in Springfield at Evangel College. They reported it

cool there, and they also enjoyed a visit to Sedalia, Missouri.

This Tuesday morning Mrs. Jaunita Teeple flew to New Orleans Louisiana to be gone until next Sunday visiting with her other daughter, Mr. and Mrs. Bill Parker. The special occasion is the birthday of Rhonda.

Visitors here with Kristi Julian in the home of her parents, Janis and Kendis Julian were Kristi's friends at Texas Tech, Nancy McMasters and Cheryl Klein both of Dallas. They enjoyed a trip to Palo Duro Canyon on Saturday, and this Monday night they all returned to Lubbock and to studies at Texas Tech.

This Tuesday morning several families are going to Tulla to visit their sister, Mrs. Clarence Cobb (Mary) who is ill. The sisters include Mr. and Mrs. Pete Land of Clarendon, Mrs. Inez Minyard of Littlefield and Mrs. Letha

Mulder.

Mr. and Mrs. Sylvan and Bobbie Kinnibrugh are spending several days over at Ruidoso, New Mexico over the weekend, and Labor Day.

A light sprinkle of rain fell in our area at South Plains on Thursday, and we are hoping for more to come very soon. The mornings are getting cool, and are in the low sixties.

Twenty-nine teams from around the Panhandle and South Plains will leave Wednesday, September 8, for Recife, Brazil, and will return September 21. Among them will be Mrs. Ann Ford, Mr. and Mrs. Allen Benson, Mrs. Bobbie Trull of Pansy, Darwin Barnett from Lone Star, Mr. and Mrs. Reed Harris and Dr. Strauss Atkinson from Baptist Churches. These are the ones I personally know in the teams who are going to Brazil to share the Gospel of Jesus Christ.

BY JOYCE WILLIAMS

Hot days and cool nights are the weather story this week. Light showers fell last Thursday, just to let us know it can still rain, but only enough to settle the dust for a little while. The air is so still the windmill barely turns.

Mrs. Choise Smith and children, Jody, Dean and Hunter, visited Mr. and Mrs. Flukie Smith in Lubbock Saturday while Choise attended a sheep sale in Lamesa. The dove hunters bring in their bag of game each evening for big dove suppers.

Monte, Kelli and Amanda Williams of Ft. Sill, Oklahoma visited his parents, the O.D. Williams Friday evening. Monte hunted dove with Greg Bishop while Kelli and little daughter went on to Reese Air Force Base to visit with her parents, the Elton Brians. They returned to Oklahoma Monday.

Holiday visitors in the Bob Alldredge home included their children, Mark, of Lubbock and daughter, Karen, and her husband Tommy Klein and sons, Jonathan and Jeremy of Sweetwater.

Pete Calloway and Speck Brian met other relatives at the Howard Bishop ranch over the weekend for dove hunting.

Mrs. Carl Moosberg has kept busy putting up pickled peaches. Their fruit trees are loaded with fruit. Also, she has picked and processed grapes from their vineyard.

Mrs. Liz Rojas of Lubbock gave Mrs. Q.D. Williams several pounds of concord grapes from her arbor Friday afternoon.

Ford Miller of Texas Tech visited the Williams over the holiday and helped his aunt stem grapes for making grape jelly before dove hunting time. They sat around the kitchen table talking about

what life was like on a ranch in the 1930's, as they prepared the fruit.

Mike Breed flew home from Portland, Texas for the opening of dove season. The plane ticket was a birthday present from his wife and children. As a boy Mike had always looked forward to the opening of the season, the hunting with family and friends, culminating in a big outdoor dove supper each year. He returned to Portland on Labor Day after spending the holiday with his parents, Mr. and Mrs. Odell Breed.

Mrs. S.G. Appling has been a patient at Crosbyton Hospital since last week. Dr. Rhodes is giving her electrical treatment on her back. Mrs. Joe Appling, who nurses at Caprock Hospital, was injured in a car wreck near her home recently and is recuperating in Caprock. Mr. and Mrs. Wayne Appling have visited both family patients in their respective hospitals.

Mrs. Buell Neff returned home Thursday from a visit of several days with her daughter, Patricia, and husband Bill Smith, at Littlefield.

Austin and James Williams and Ford Miller helped Q.D. Williams move cattle Monday.

Ronnie Smith ate dinner with the Don Harrisons on Tuesday. Ronnie was one of the carpenters who built the Aldine Williams house inside the former Palace Theatre in downtown Floydada. Open house was held two weeks ago.

Mrs. Pat Brown and other historians of the area are preparing for the workshop to be held at the Crosbyton Museum, this coming Friday and Saturday, September 10 and 11. If you are interested in knowing how to write for reclamation and recognition of local historic sites and buildings, plan to attend the workshop.

Longhorn effort appreciated

BY ANNA ANDERSON

The Lockney Longhorns came up with some bad luck during the first season football game this last Friday night when they hosted the Tulla Hornets. The Hornets were hard to hold, as they came up with a score for each quarter of the ball game.

While visiting with some of the coaches about the ball game, as a whole they felt the defense played a good overall game and "if we could have gotten our offense going, it would have been a different ball game." In the offensive end of the game a good pass was made by the quarterback Joey Davis, for a 35 yard completion to Robert Rendon. There were also several

plans mentioned to try some changes for the future games.

Lockney made 5 first downs with 70 yards rushing and 42 yards in passing for a total of 112 yards.

Two passes were completed out of the 18 attempts. A 34-yard average was set by 5 punts. 15 yards were assessed against the team in 3 penalties.

Lockney intercepted 3 times but 3 fumbles were lost.

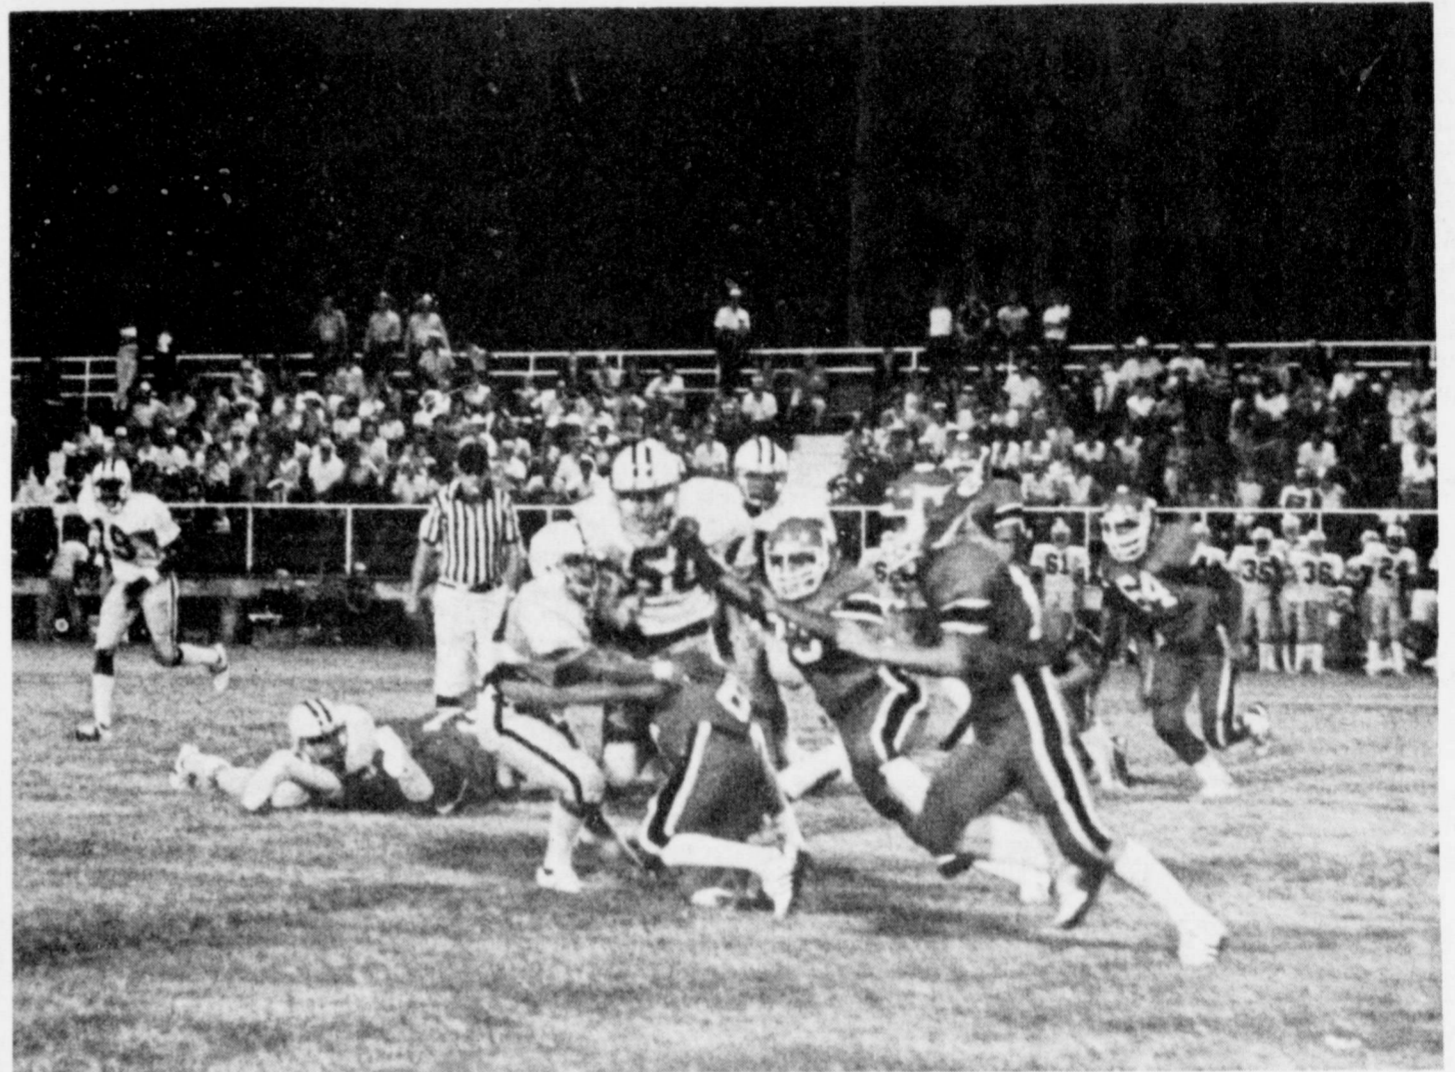

With this week's coming game of Petersburg, Coach Purser feels that they are a young team with only two returning starters. Most of the team will be made up of the last years Junior Varsity team which was undefeated during the '81 season. "With this in

mind we have our work cut out for us and we plan to do our best which is yet to come," he said.

The Lockney coaching staff have also introduced a new system for the football boys each week. They plan to pick four players each week that they felt were putting forth their best effort during the game that week.

This week's honored members were: Kyle Brock, Linebacker; Tommy Silva, Defensive and Offensive Tackle; Stephen Johnson, Defensive End and Offensive Tackle; and Scott Poole, Offensive Center.

We want to congratulate these players for such a tremendous effort put forth. The coaches appreciate their dedication.

J.V. disappointed in 1st outing

The Lockney Junior Varsity lost its first game to Abernathy JV last Thursday night 0-12. The Lopes scored on a 1-yard run following a bad snap on a punt. The Longhorns drove to the one on a couple of passes from Brent Hallmark to Gary Kent, but they couldn't get the ball in the end zone. The score was 0-6 at halftime.

Abernathy's second touchdown came after the Horns turned the ball over on a fumble, scoring on a 10-yard pass.

The JV played well with Gary Kent having an outstanding game, both on offense and defense. Playing with only thirteen young men, each is called upon to work exceptionally hard. The JV Roster includes:

- #7 — Kelly Hayes
- #8 — Gary Kent
- #12 — Brent Hallmark
- #20 — Vince Balderas
- #21 — Ritchie Thornton
- #44 — Billy Sherman
- #58 — Jim Ansley
- #61 — Mike Salas

- #62 — Tony Saucedo
- #65 — Paul Moats

- #70 — Jerald Johnson
- #76 — Andy Murdock

#81 — Pedro Del Toro
September 9 (tonight) the JV plays against Petersburg after the 7th and 8th-grade games. The 7th-grade game begins at 5 o'clock.

This has been an exciting and enjoyable week. We are becoming the pea shelling champs of Lockney. We have shelled so many peas we feel like we are turning into peas.

Along with shelling peas we have been playing dominoes everyday. Our domino champs are Bill Holt, Esker Pyle, Lewis Roberts, Richard Lanham, Albert Poole, Myrtle Payne, Mary Green, Myrtle Howle, and Mary McCracken. Dominoes have provided many hours of enjoyment.

Our bingo winners this week were

Mamie Wofford and Myrtle Burke. Our thanks to our wonderful volunteers DeLinda Glasson and Almeda Phillips for sharing their time and talent with us.

Sam Lide and Olan Gatlin are still in the hospital. We hope they are well enough to come home soon. They are truly missed.

We have started making preparations for our float in the Floyd Co. Parade.

We hope everyone will come out and enjoy the parade.

Until next time - enjoy.

Baker contributes to Museum Foundation

Dr. Charles Baker of West River, Maryland has made the foundation contribution toward the purchase of a copying machine for the museum. While attending the Della Plain Dedicatoin in June he recognized the need for a copier and expressed his desire to see one placed in the museum. His contribution was made in memory of his mother, Rena Mae Smith Baker. Her name along with the names of others for whom contributions are made will be inscribed on a brass plate to be attached to the machine. It is hoped the fund will be completed in time for the machine to be installed in early fall.

Four new books placed in the museum collection are "Museums and the Law", by Marilyn Phelan, "The Bridwell Site" by Wayne Parker, and two genealogies, "The Family Keys" by Paralee (Keys-Simpson) Hoot and "The Green Family" by Carleton Green.

BY MRS. J.E. GREEN

September 7, 1982.

Another exciting weekend has come and gone. That is at least for those who attended the Center Fairview Homecoming at the Massie Center Sunday. A good crowd, good program and good dinner. Two of those who came the greatest distance were Nadine Lightfoot Smith from Georgia and Margaret Tubbs Fisher from California. We were so happy to see these representative of yester year and all the rest. We leave for the secretary the Fuller report of present, and sad part, the memorial list. Last account 108 enrolled-present.

The Henry Brewers attended a Brewer family Reunion of their own. This was held Sunday at the home of Henry Brewer's sister-at the home of Mr. and Mrs. Joe Musgrave of Wichita Falls. There were eleven (11) members of the group present from this area and Lubbock. In all there were 32 present.

Mr. and Mrs. Marion Carpenter and a visiting grand daughter left one day last week for a visit with their children including those in Dallas and Atlanta, Georgia.

Mrs. Jane Beady of Plainview spent Labor Day with her mother, Mrs. Leo Frizzell.

The Thomas Warren's had all their children home on Monday-Labor Day.

Mrs. Verdine McCarty of Amarillo and Mrs. Lola Pohl of Matador spent Saturday night with Mrs. Frank Dunn and Sunday all attended the home coming at the Massie Center.

Mrs. Elmer Warren spent the weekend with her son Johnny and family near Lubbock.

Mrs. Bessie Butcher of Lubbock is visiting her sister, Mrs. Cora Hartline.

Mr. and Mrs. Don Finkner of Lubbock visited Sunday with her mother Mrs. Charles Fulkerson. Mr. and Mrs. Gene Mayfield of Henrietta visited his parents, the Gordon Mayfields and all attended the Massie Center Homecoming.

Mr. and Mrs. Earl Huckabee of Dumas, and Mrs. Fred Battey and

Center News

others visited Mrs. Ola Warren Sunday afternoon after the Massie Center Closed.

Mrs. Green had a wonderful time this weekend with all her children home for the Reunion at the Center. These were four of the Clyde Green, Peralta N. Mexico, Mr. and Mrs. Don Clark Green

of Big Springs, Margaret Green Ryman and 2 children of Hubbard and her daughter and family including my great grand, of Lubbock, and Victor and Sue Green and son Jim and wife all of Plainview. All attended church at Calvary Baptist (except the Plainview Group) before going to the Centers.

And all after 4 p.m. plus J. Ban Maurine Jordan and Mr. and Mrs. Anthony Latta returned to my house.

Our sick Bro. Clay Muncy back in the hospital. Olma Ruth Nelson and Mrs. Amelia Ashton about the same. Mrs. Hal Thomas not so well. Let us remember these in our prayers.

Local & Yocal

Well what can I say I was either 50% wrong or 50% right I'm not sure which. The Green and White came through with flying colors. Sure glad the game wasn't shorter by 3 minutes. The pride of the Longhorns was dampened for a short period of time but should be on the rebound this week.

My compadrie in arms or Yocal as he is known around the newspaper business was 50% wrong last week. I am surprised his guesses were that accurate. Not that he can't guess but!

This week I am supposed to tell you a clue as to who or whom I am. Yocal said he was a jack of all trades. This statement I can also use. My time is crowded with occupations that vary and carry me from North to South. Guess who I am and I will shut my mouth. Not too good but that Yocal person's rhymes were.

Here are this weeks winners:
Tech plays New Mexico and should start the year with a win. Moore's boys will do better this time.

The Cowboys, should start this season as they have the past 16 with a win. Look for the Cowboy's to win it all this year.

The Oilers under Coach Biles and behind the Tyler Rose should do better this year without the Snake. The Oilers by 7 over the Bengals.

The Longhorns from Lockney will be on the rebound from last Friday and should outclass and outscore the Petersburg team. Horns by 1 touchdown.

The Whirlwinds started slow but played hard to close with a win. Their opponents were upset last week so look for my old coaches team to come in strong. The Winds should be ready 19-17 over Frenship.

Yokel now your guesses can't be 50%. You should get another coin.

Only one weekend into the season and Local and I are both batting 500 on the local front. But now, looky here ole wise, fiercest forecaster in Floyd football land, you done gone and slipped your dripper ranking the "Bummers" against my Cowboys. Local, I do declare, son, you're walking at least a quarter of a bubble off plumb. No way could those slickers from Houston be any kind of a match for Landry and his powder keg. Twenty-two seconds left in the game was all that was needed, as Dallas has shown in seasons past. Final score, Dallas 20 - Oilers 14.

Well now, we both got waylaid by that Horns game against Tulla. Who would have ever thought that Tulla could come back after the way they've been playing in the past. Well, I've said it before and I'll say it again - nothing these boys do surprises me.

Now how about those Bobcats from Dimmitt. Seems as though they got their tails all up in the air over nothing. After the mean green fighting machine got through with them, I heard tell that those little kittens are still looking for their mittens. Way to go big green. Local, I congratulate you on a superb pick on this one, son.

This week we have a little more action on the line up. Now talk around the domino hall has Tech as far down on the totem pole as one can get without being spiked in the eye. I can't quite grasp this. Let's put those Raiders bombing New Mexico by 14 points.

We find the Longhorns tippy-toeing over to Petersburg and they're going to pick up "chips" to the tune of at least 13 points. Now the Whirlwinds have got another tough one this week facing Frenship at Floydada. Better watch 'em mean green. My prediction, Winds by 3. Dallas shouldn't have too much trouble outstepping Pittsburg by 8. Beat THAT one. Local!

Now for another poetic clue:
When I portray Yocal, I can't be beat. And if you've noticed, I have size 10 1/2 feet. Pay particular attention to all future rhymes, see which characteristics best fit mine.

See y'all in the funny papers!

EFFORT AND HUSTLE were rewarded at the Lockney Quarterback Club meeting held Monday night. Recognized from the Varsity team were Scott Poole, Steven Johnson,

Tommy Silva, Kyle Brock. Melvin Shivers was recognized from the Freshman team and Gary Kent from the Junior Varsity team.

Lockney freshmen scrimmage Hornets

The Lockney Longhorn Freshmen traveled to Tulla Thursday to battle the Hornets in a game-type, controlled scrimmage. The Longhorns played with great effort but came out on the short end of a 0-6 score.

The game was tied 0-0 going into the 4th quarter but the Hornets scored on a 25-yard run by their fullback. The Horns

had trouble offensively, but played a very strong game on the defensive side of the line.

Top efforts were turned in by George Basaldua, Jacob Charles, Raymond Cortez, and Jerry Mathis. The next action for the Fish will be tonight (September 9) in Abernathy at 5 p.m.

Labor Day baseball tournament held

Baseball players came to Lockney from quite a distance to participate in the double elimination Labor Day baseball tournament.

Fourteen teams entered. Play began at 10:00 a.m. Saturday and continued until 1:00 a.m. Sunday morning.

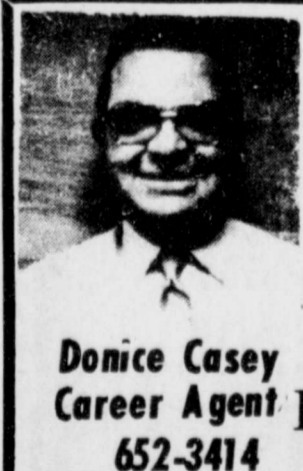

Competition resumed at 12:00 noon Sunday and continued until midnight.

Because the competition had not been completed, the players in the finals again took up their bats and gloves for the third day in a row at 4:00 p.m. and completed the battle at 9:00 p.m. Monday.

Bluebonnets swaying in the cool breeze

BY DR. JERRY PARSONS
Texas Agricultural Extension Service

Does anyone remember the beautiful fields of bluebonnet flowers swaying in the cool breezes of spring? Now, why would anyone be reminiscing about spring bluebonnets and cool breezes in late summer? The only remnant of the picturesque bluebonnet scene is a field and the only cool breeze in Texas is from the nearest air conditioner vent!

The simple answer is that if you want to have bluebonnets swaying in the cool

breezes of spring next year, you must plant seeds now.

I know it is difficult to dream of a blue sprintime while you're standing in a puddle of perspiration in your garden in the summer heat, but that is the way it works.

Bluebonnets are a cool weather annual. That means they need heat to germinate the seed, but cool weather to develop the root structure. The seed look like pea-gravel and are multi-colored, with slate blue and light tan being

the most common hues.

Bluebonnet seeds are coated with a lacquer-like substance and are very hard. The tough seed coat helps them survive. If you shell out green—but mature—bluebonnet seeds in the spring and plant them immediately, they will germinate in just a few days.

If that happened in nature, it would be tragic. The young seedlings would be quickly melted by the hot sun and they would die, causing a halt in seed

production for the future.

Bluebonnet seeds, in nature, need three to five years for the hard coat to soften enough to germinate. That means the seeds produced this year probably will not germinate until 1985 or 1986 in their natural stands.

You probably don't want to hang around until then for your bluebonnet crop to bloom, so what you have to do is cheat on nature just a tad. You can do this by scratching the seed—a technique known as "scarifying"—or by soaking the seeds overnight in baby-bottle-warm water. Or a combination of both techniques: scratch, then soak.

Poor germination usually occurs unless something is done to soften the hard seed coat to allow moisture to penetrate. The oft-recommended practice of puncturing the seed with a needle or ice pick will sometimes work, but it is a rather time-consuming task as well as hard on the hands.

Scratching the seed coat between two layers of sandpaper that have been glued to wooden blocks will also help.

To treat large quantities of seed, some commercial landscape companies often mix the seed with sharp sand and tumble the mixture in a cement mixer to scratch the seed coat.

Since most of us do not have a cement mixer in the backyard, we have conned Carroll Abbott, the wild man of the nature flower cult, into scarifying a limited quantity of seed.

These rapidly germinating, fresh bluebonnet seed are available from Green Horizons, 500 Thompson Dr., Kerrville, TX 78028. One thousand seed (enough for 200 square feet of spring blue) will cost \$4, five thousand will cost \$11, ten thousand will cost \$16 and one pound of seed will cost \$20. Those prices include sales tax and postage.

Abbott will accept credit card orders over \$10 by telephone at 512/257-5141.

One can plant the seed later—even into January with scarified seed—and still get a bountiful crop of bluebonnets. But if you plant now, the plants will be larger and the blooms will be much brighter and bigger.

Bluebonnet seedlings can be translated all during the fall and early winter. Valentine's Day is the cut-off date for successful transplanting.

Many seeds are wasted each year due to improper planting. Just tossing the seed into a grassy area along the road or in the corner of the yard does little else than provide expensive food for the birds.

Plant the seed in a sunny location. Bluebonnets will not thrive in the shade. Cover the seed lightly with soil and then gently walk on the seedbed. This makes for a firm bed which helps germination. Water gently, but thoroughly. And if it doesn't rain in a week, water some more. The seed will start germinating within a week and will continue for many weeks thereafter.

The wee seedlings look like two little watermelons, fat and juicy. They are a feast for sow bugs and pill bugs. To avoid a complete massacre of your tasty seedlings, sprinkle the seedbed liberally with an insecticide.

During their early growth, bluebonnets form ground-hugging rosettes. The whole plant will not be over an inch or so high, but the leaves will cover an area the size of a dinner plate. Don't worry. They are merely waiting for the warmth of spring to make them form flowering stalks.

Beneath the rosette of leaves, a large mass of roots are growing. They also are forming nodules along the roots which contain nitrogen and will enrich the soil with naturally-grown fertilizer when the bluebonnet completes its life cycle.

For flower enthusiasts who do not want to look at the rather unexciting, definitely-not-beautiful bluebonnet rosette all winter, try interplanting hardy annuals such as ornamental kale, ornamental cabbage or dianthus.

Plant the bluebonnet seeds in rows approximately 24 inches apart, then transplant the hardy annuals on rows between the bluebonnet rows.

You will enjoy the color of the annuals all winter while bluebonnet plants are growing. In the spring, bluebonnets will overpower the annuals or will mingle with them to make a beautiful combination.

Bluebonnets make exquisite cut flowers, bright and fragrant. It is not against any law to pick bluebonnets on private property.

Mostly bluebonnets are blue, but you frequently will see a patch of albinos which are sparkling white and—if you really are fortunate—you will find plants with pink flowers!

So, this is the time and place to plant bluebonnets. We are fortunate that Carroll Abbott has such a good source of treated seed. Obviously, now is the time to act to insure that this will be the "Year of the Bluebonnet" at your house!

THIS PLAYFUL YOUNG calf gives its mother a quick lick on the horn in an apparent display of affection. During the coming months the sight of mother and calf will become a common one. Texas leads the nation in cattle production, producing an average of 13.7 million head each year. (TDA photo)

TEXAS STOCKS of wheat, sorghum and corn have increased 31 percent according to a Texas Crop and Livestock Reporting Service report. This increase in stock may be partially blamed on a slowdown in export and an increase in cattle feeding, Agriculture Commissioner Reagan Brown reports.

Senate passes immigration bill: The Senate has approved an immigration bill by a 81-18 vote. Strongly supported by the Administration and organized labor, it provides amnesty for illegal aliens who have lived in the U.S. continuously since 1977 and temporary residence status for those residing here since 1980. It also calls for civil and criminal penalties for employers who knowingly hire illegal aliens, development within the next three years of a counterfeit-proof national identity card, and a revised program for temporary foreign workers. The bill now goes to the House where the Judiciary Committee is working on similar legislation.

SBA disaster loans may be forthcoming for West Texas: A Small Business Administration official notified National Cotton Council President Ed Breihan this week that economic injury disaster loans will be made available to business

ses in the weather-stricken West Texas area. The action hinges on Agriculture Secretary Block's approval of a request by Texas Governor William Clements to make 26 counties in the area eligible for emergency loans. Breihan earlier had urged the SBA loans in support of a request by Earl Jalufka, president of the Texas Independent Ginners Association.

Export sales advance: Net new cotton export sales for 1982-83 delivery were 66,200 running bales during the week ended August 12. The National Cotton Council reports that South Korea bought 48,000 bales of the total and Japan, 7,700.

Total commitments for the new season stand at 1,936,600 bales. The week's export shipments totaled 69,500.

Field Day scheduled for September 10th in Silvertown

Agricultural Equipment and Chemical Field Day will be held in Silvertown Friday, September 10th according to Ernest Kiker Briscoe County Extension Agent.

Farmers are urged to meet at the First State Bank in Silvertown at 8:30 a.m. for coffee and donuts, and begin the program.

Equipment demonstrations, chemical use, limited tillage in cotton, reducing cost with minimum tillage and 1983 Farm Program are a few of the topics to be discussed by Randy Underwood, Agronomist for Soil Conservation Service, Dr. James Supak, Cotton Agronomist, Texas Agriculture Extension Service; and James Griffin, County Executive Director of ASCS.

Equipment and Chemical Companies will discuss and show slides of equipment and chemical use during the morning session. At 10:30 a.m., an equipment demonstration will be held 1/4 mile west of Silvertown on the north side of the Tulia-Silvertown Highway. Dealers that will be present for this Field Day are Brown McMurtry Implement Company, John Deere, Ray Teeple Fertilizer, Eversman, Felix King, Ciba Geigy, Monsanto and Dupont.

A free bar-b-que will be sponsored by the dealers for all attending the Field Day. The bar-b-q will be held at the Bryant Eddleman barn 1 mile west of Silvertown on the south side of the Tulia-Silvertown Highway.

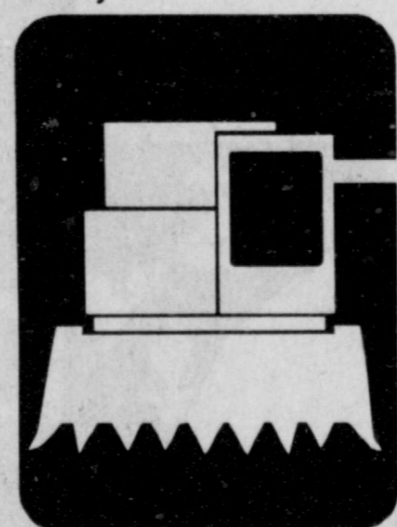

After the noon meal farmers may visit the Briscoe County Weather Station located at the Eddleman Barn and return to the Equipment Demonstration.

Herb Burns, Agronomist for Soil Conservation Service, Elston Grubburgh, Extension Agricultural Engineer-Mechanization; Pat Morrison Extension Entomologist, for soybean, sorghum, and sunflowers, Joe Bryant, Extension Communications specialist; Dr. James Supak, Extension Agronomist Cotton; and Randy Underwood, Agronomist Soil Conservation Service will be available for questions during the afternoon. Everyone is encouraged to attend any

or all of the Equipment Field Day sponsored by Caprock Soil and Water Conservation District and Briscoe County Extension Service Agricultural Committee.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages, regardless of social-economic level, race, color, sex, religion or national origin.

Safety Corner

Make it a Safe Harvest

All harvesting equipment is not alike. Yet there are enough similarities so that the following guidelines can help make September a safe harvest.

- Read and follow operator's manual for each harvester.
- Make sure workers are trained and competent.
- Keep shields in place.
- ALWAYS turn off engine before unclogging, adjusting or servicing.
- Watch where you are going. Adjust ground speed to conditions. Avoid ditches, steep slopes, etc.
- Keep riders off and away from harvesters.
- Wear appropriate personal protective equipment.
- Take breaks to maintain alertness and reduce fatigue.

Destructive rodents can cost consumers

Rats and mice. They can cost consumers and farmers up to \$25 a year per animal by eating and contaminating food. They are known carriers of more than 35 diseases such as plague, leptospirosis and salmonella. And on farms they can be particularly destructive by killing and eating young pigs, chicks and eggs.

Havoc (TM) rodenticide is now available to control rats and mice in and around homes, industrial, commercial, agricultural and public buildings. Havoc is marketed by ICI Americas Inc.

Havoc is the only anticoagulant rodenticide registered by the Environmental Protection Agency available to consumers that kills warfarin-resistant Norway rats and house mice. Warfarin-resistant rodents have been appearing in significant numbers in 16 cities across the United States and in many rural areas.

Much of the rodent damage to food and farm crops comes from contamination. By leaving their droppings, rats and mice adulterate 10 times more food than they eat. In one year a pair of rats will excrete, usually in their food, 50,000 droppings and 3 gallons of urine. A pair of mice will excrete 40,000 droppings and only 3 pints of urine. Mice get most of their water needs from their food and drink very little.

Rodents cost farmers millions of dollars each year by gnawing buildings, doors, walls, wiring and insulation. Rodents' teeth grow at the rate of 4 to 6 inches a year, so gnawing is necessary to keep their teeth from growing too long. They will chew through many materials including lead sheathing, cinderblock, aluminum sheeting, glass and improperly cured concrete. The openings rodents create need not be large. Rats can squeeze through a one-half inch space, and a one-fourth inch crack is large enough for mice.

A single-feeding anticoagulant, Havoc controls rats and mice in four to eight days. When used according to label directions, it is low in hazard to applicators and domestic pets and animals. But in case of misuse, Havoc has a readily available antidote, Vitamin K-1, kept in supply by physicians and veterinarians.

For control of these rodents, Havoc is available in a bait pack constructed with a special film that allows the odor of

Havoc to escape. The bait pack should be placed both inside and outside of buildings at intervals of 15 to 30 feet for rats and 8 to 12 feet for mice. The rodents, attracted by the smell, will tear open the pack. Laboratory tests have shown that as little as 1.5 grams can be lethal for rats and 0.3 grams for mice.

Representative visits auntie

Mary Jo (McCracken) Polk, of El Paso visited her aunt, Mrs. Mary Ellen McCracken Thursday. She said she usually visits twice a year with her aunt. This time is between special sessions of the legislature. She was back in Austin Tuesday.

Mrs. Polk, a namesake of Mrs. McCracken's and her Grandmother Chandler's, was in the area visiting her parents. Of the 150 members of the House of Representatives she is one of 11 women serving in the legislature of the State of Texas.

She is representative for the 73rd District which, since redistricting, is located totally within El Paso County.

Mrs. Polk said she felt very much at home having grown up on a farm at Gasoline, attending schools there and in the nearest "big town" Quitaque, until she left to attend college in 1945. Her parents, Mr. and Mrs. Leon McCracken, still make their home there. Her father is a retired farmer. He still owns the land his family has worked and owned since 1903. He rented it out in 1973.

Her grandfather was one of the first students at Della Plain in 1887 and his father served on the board of trustees for the school.

She attended North Texas University where she met her husband, Wade Polk. After living at Temple and Odessa, the Polk family moved to El Paso in 1963 where she and her late husband both taught in the El Paso schools. After she earned her bachelor degree in business administration and taught in the Ysleta Elementary School for 15 years, she turned to politics in 1977. At that time she ran in a special

election and was defeated.

In November of 1978 she defeated the previous year's opponent to become the only Democratic woman to take a Republican incumbent's seat.

The representative has three grown children: Linda, who resides in El Paso also, an R.N.; Paul who works with a law firm in Houston and dabbles in community theatre, his first love; and Laura Ellen, (also a name sake of Mrs. McCracken's) who is married and works in a hospital in Denver, Colorado.

Mrs. Polk visited Caprock Canyons State Park (Lake Theo) on Wednesday. She was very impressed with the beauty of the park. "It's as though someone has sculptured every little ridge," she said. She said she would not have guessed so much beauty and so much history was so close to her as a child. "Why didn't they teach us about those things?"

Mrs. Polk has served on the Energy Resources Committee and Ways and Means Committee. Late in 1981 she was appointed Chairperson of the Select Committee on Teenage Pregnancy by House Speaker Billy Clayton. In referring to her work on that committee, Mrs. Polk pointed out that Texas ranks second only to California. "We're talking about 10, 11 and 12 year olds. I just feel like we are at least working on it. It cannot be solved without a start, and that is what we are doing."

"Sometimes I suffer from frustration. I feel like we are not doing enough on many of the problems with which we are faced. The only way I console myself is to recall the old Chinese adage about the little old man who started digging on a mountain. He said if he did as

much as he could and his sons did as much as they could and their sons did as much as they could, their goal would some day be accomplished."

Speaking of the acceptance of the male members of the House, Mrs. Polk said she thought that as a female she had been treated different in that her co-workers showed some reservations about her capabilities. "Maybe we have to prove ourselves," she confessed, "but I have never had any of them (representatives) to treat me ugly or rudely at all."

Mrs. Polk said that she and her aunt, whom she affectionately refers to as "Toot" lived in adjacent houses in the country when she was growing up. She said she spent 2 to 3 hours a day at her aunt's house. "We both enjoyed good conversation. I either stopped by going to school or on the way home or both."

"And she really liked those pickle and peanut butter sandwiches," her aunt inserted, laughing.

"We discussed world affairs and everything else. I owe it all to you," Mrs. Polk said, turning to her aunt.

"I guess so. My mother used to tell me I should have been a lawyer. She said I could argue at the 'drop of a

hat.'" Mrs. McCracken said.

Mrs. Polk's grandfather, L.A. (Lonnie) McCracken, served as the constable of Gasoline and the deputy sheriff of Briscoe County in the early 1900's.

It was apparent that Mrs. Polk "has come to enjoy an undeniable position of respect and leadership in this traditional male stronghold" as quoted from The Weekly Journal, El Paso. She said she considered running for Congress this time as their Congressman did not campaign again, but it would have taken between \$350-\$500 thousand to run. "A female candidate finds it much more difficult to secure financial backing," but on a survey done her name came up more times than any other one candidate. "I realized I had the name identification if I just had the money."

When she campaigned the first time she had friends who helped her with fund raisers and breakfasts where \$5 and \$10 donations were typical.

"Very rarely was \$100 donated at one time. It's a lot easier now than it was six years ago."

Mrs. Polk will be working on funding for battered families. "This is an area that really needs some work," she concluded.

MARY JO POLK and MRS. MARY L. McCracken.
