# The Lockney Beacon 25¢

Volume 81 Number 41 Thursday ©The Lockney Beacon October 14, 1982 32 Pages In Four Sections

TONY RODRIQUEZ #20 skirts around left end early in the first quarter as Refugio Vasquez and Mario Arellano look on.

## Horns edged by 'Winds

BY CAROLYN REDDING

Lockney's Longhorns were edged out by the Floydada Whirlwinds in their first district conflict of the season by a score of 16-12 Friday night.

The first quarter was a defensive battle between these two mighty teams.

The Longhorn defense stopped the Winds at the 16-yard line in the second quarter to force a field goal attempt. The attempt was good, but an offside penalty placed the ball back five yards and nullified the field goal.

Donnell Weeks of Floydada spotted the ball at the 21-yard line and split the uprights once again to give his team the lead.

Lockney struck right back in a different fashion. The Horns drove for 68 yards in eight plays, capped with a 22-yard pass from Tony Rodriguez to Robert Rendon with 7:23 remaining in the second quarter. Rodriguez threw 2

TD passes during the game, but he was held to well under his average in rushing.

When the Whirlwinds took the kick, Floydada returned the ball 14 yards. Another penalty sent the Winds back to their 17-yard line.

The lead was again recaptured by Floydada when Weeks scampered down the left side 83 yards. Weeks converted the extra point attempt, making the score 10-6 going into the third quarter.

The third quarter was a direct duplicate of the first. Neither team was able to move the ball past their opponent's 30-yard line in the defensive half.

Floydada had the ball at their 37-yard line near the end of the third quarter. The Horns were intending to punt as fourth down came up, but a call of roughing the punter was called against the Winds and the Horns were given a first down and another chance

for a touchdown.

That chance was what it took! Rodriguez, two plays later, sensed the intended attack when Floydada put a blitz on the Longhorn quarterback. He ducked, flipping the Floydada man, and breaking up the potential blindsided tackle. Rodriguez regained his balance and tossed a 45-yard pass to Rendon, who was open, for another 6 points. Due to a bad snap, the kick was missed, leaving the score of 12-10 favoring the Horns with 11 minutes left in the game.

Floydada had been predicted a 22 point favorite. So on their next possession they set up a play that took 10 plays to accomplish 41 yards. A 41-yard line run down the right side climaxed the scoring for the evening.

The Longhorn season record stands at 3-2-1 with competition against Idalou scheduled tomorrow night here.

## Paving bids let by City

In last Thursday's meeting of the City Council, A.C. Bowden, consulting engineer, was authorized to advertise for bids for the 1982 paving program in connection with the 1982 Community Development Block Grant.

They also authorized Mayor Copeland to request Parkhill, Smith and Cooper, Inc. to help with the local administration of the housing rehabilitation program for 1982 in connection with the Community Development Block Grant.

The Council agreed to hire Earl Freeman in George Thompson's position at the dump ground; however, after being offered the job, Mr. Freeman had reconsidered and declined the offer.

Mayor Copeland then contacted Hubert Davis, who was next in line for the job. He accepted the position.

These two men were given first consideration for the job because they had both been filling in when needed at that position.

MUSEUM BOARD OFFICERS are President Kenneth Brosch, Vice President Amy Hollums, Secretary Ann Swepston, Treasurer Nancy Marble. New directors for the next three years, beginning January 1983, will be David Kirk, Joyce Williams, Kenneth Brosch, Gladys Jones, Norma Welch, Olive and Henry Hinton, Randy Hollums and Troy Massie.

## Rep. candidate visits Floydada

Stating that America is in "serious, serious trouble" and has "hard times ahead" Republican Congressional Candidate Ron Slover spoke before a group of interested Floyd County citizens Monday.

Slover, a "predictable conservative" said that he believed that cuts in unnecessary spending programs are the key to lower inflation, lower interest rates, and lower unemployment.

He said that the Southern Conservative Democrat party philosophy is the same as the National Republican philo-

sophy. The National Democratic party is "off base."

Slover, a supporter of President Reagan and the amendment to balance the budget, said we "need a long term predictable change to take effect."

As an independent businessman and former news and farm director Slover says that "we need someone that will take an active interest in the people and their concern."

Later during a press conference he commented on the sunset law. He said that his law probably will not be passed by congress, although it is the closest thing to a balanced budget.

Slover also commented on crime placing the blame of the majority of the problem on the court systems. Slover also commented on the national defense saying the United States needs to "develop an anti-balistics system. It needs to be funded today."

Slover is a candidate from district 13 from Amarillo and has been a resident in Amarillo for 31 years. He is a graduate of Amarillo High School, an Air Force Veteran and former employe of Burlington Railway.

We're proud of you 'Horns!

## Elizabeth Riley honored with tea

Elizabeth Riley, cashier-bookkeeper at Southwestern Public Service for almost 24 years, will retire on November 17, 1982.

An open invitation is being extended to the community. The Business and Professional Women will honor her with a Retirement Tea to be held in the West Side Church of Christ at W. College and Third Street in Lockney, Sunday, October 17, from 2 to 4 p.m.

The daughter of the late Dr. and Mrs. J.L. Fowler, she was born on October 17, 1917 in Ingram, Texas. Upon graduation from Tivy High in Kerrville, she began her working career at a local bank. About a year later she went to work for the telephone company where she worked for six years.

On August 14, 1943, she married John L. Riley in De Funiak Springs, Florida. After his completion of his tour of duty they moved to Harlingen, Texas, where Riley was employed by Standard Brands.

The couple moved in 1949 to the Lockney farm owned by Riley's father, Z.T. Riley.

Elizabeth has worked in Arkansas, Florida, and numerous places in Lockney in her work history, including the First National Bank, Lockney General Hospital, the old Briley Drugstore, Knox Grocery, and Southwestern Public Service.

She joined the Lockney Business and Professional Women's Club in January 1959. She has held every office in the club at one time or another through the years.

The couple have two daughters, Sandy Riley of Seminole, Texas, and Martha Riley of Barrow, Alaska.

The Lockney B&PW Club invite all the area residents to come and share a part of this meaningful time with Elizabeth and help to make it a special day to remember.

ELIZABETH RILEY

## Retha Wofford cinches this week's contest

Retha Wofford came through with flying colors this week on the Football Contest. She missed one game.

The ladies did themselves proud this week by having three of the top six entries.

You know, some of these ladies are as devoted fans and follow their favorite teams with as much fervor as any of the men.

We again want to thank the sponsors

of this contest for making the contest possible. Without them we could not have had the interest and the fun that has been evident this year.

Right now, before you forget, turn to the Football Contest page and make your selections before you forget. The deadline for entries is 5:00 p.m. Friday.

Mrs. Wofford may pick up her check at the Beacon office at her convenience.

## Parents Advisory Council to meet

Pioneer Corporation (NYSE) announced that it has filed with the Securities and Exchange Commission a registration statement for \$75 million in 12 1/4 percent notes due in 1990. The notes are callable in 1987 at par.

Kidder, Peabody & Co., Incorporated, has been named as managing underwriter of the issue.

Proceeds from the sale of the notes will be used to repay existing debt.

Pioneer, through its divisions and subsidiaries, explores for and produces oil and natural gas, including natural gas liquids; owns and operates natural gas transmission and distribution businesses; provides drilling services to the oil and gas industry; manufactures and sells oil field equipment and supplies; sells, leases and services heavy equipment for construction and surface mining; and explores for uranium.

## Texas democratic party kicks off caravan

Texas democratic party chairman Bob Slagle, State Representative Charles Finnell (Archer County) and John Gavin (Wichita County) kicked off the Democrat party's statewide caravan Tuesday October 12 in Wichita Falls to stump for the Democratic ticket.

"We are making a concentrated state-wide effort to take the Democratic party message across the state and to garner support for the Democratic

ticket," Slagle said. "I believe we got the strongest ticket we've ever had," he added.

Chairman Slover, Representative Foster Whaley and Balladier Steve Fromholtz will be in Floydada at the county house lawn pavilion for a rally October 18 from 1-1:30 p.m.

The Democratic caravan will span 75 counties across the state and includes North Central West Texas, East Texas and South Central communities.

## Conservation group attends meetings

Les Nixon, R.G. Dunlap, Junior Taylor and Herman King, directors from the Floyd County Soil and Water Conservation District were in Austin October 4-6, 1982 to attend the Forty-Second Annual State Meeting of Texas Soil and Water Conservation District Directors.

Others attending the meeting from Floyd County were Mrs. King, Mrs. Taylor, Mrs. Nixon and Mr. and Mrs. Jon J. LaBaume.

The purpose of the meeting was to review developments affecting Texas conservation programs and to plan future conservation district programs

and activities. Governor Bill Clements highlighted the program when he addressed the group at their banquet.

Other speakers for the meeting included Mark White, Attorney General of Texas, State Senator Ray Farabee of Wichita Falls, State Representative Jerry Clark of Buna; and Milton E. "Bud" Mekelburg of Yuma, Colorado, president, National Association of Conservation Districts. Mekelburg is a spokesman for the nation's 3,000 soil and water conservation districts.

Joe Montgomery of Abilene, president of Texas Soil and Water Conservation Districts addressed the group on matters that were done this past year.

Q: I've always heard that a brand new car should not be washed or waxed for a certain period of time.

A: That may have been true 25 years ago, but the new modern acrylics and enamels need proper care almost from the moment you drive them off the dealer's lot. The thing to be most careful of immediately is that you wash the car properly. Many initial errors can result in waterspots, setting stains and loss of lustre. Without the benefit of layers of protective coating that a car receives over the years, mistakes on a new car may not be correctable.

SPS helps our communities attract new industries and new businesses. We help by advising and working with teams of local leaders who are bent on recruiting the new employers. And we help even more by providing plentiful, economical, and reliable electrical service. That's extremely important to prospective industries. Because of increasing dependence on computers, precision electric tools, and automated machinery, a dependable supply of electricity is fast becoming the single most critical factor in the search for suitable industrial locations.

Jon Krebs, Manager Area Development, Amarillo.

About 8% of all the energy used in the United States goes into running electrical home appliances. So appliance use and selection can make a considerable difference in home utility costs. Buying an energy-efficient appliance may cost a bit more initially, but that expense is more than offset by reduced operating costs over the lifetime of the appliance. Call us. Our consumer services home economics representatives will gladly provide you with information about buying and using efficient appliances.

Connie Moyers, Consumer Services Representative, Home Economics, Clovis.

The logic is airtight. Weatherstripping around doors and windows, caulking in the cracks, extra insulation in the walls and ceilings, and use of space heaters for warmth, all lower heating bills and conserve energy. Contact Southwestern Public Service Company if you'd like help discovering ways to increase the energy efficiency of your home. # Hollums elected officer of prosecutor's group

Randy Hollums, District Attorney for Floyd, Motley, Briscoe and Dickens Counties, has been elected Secretary-Treasurer of the 1,500 member Texas District and County Attorneys Association. The selection was made during the Association's Annual Meeting held in Corpus Christi last week.

Hollums, a member of the Association since becoming District Attorney in 1976, has previously served as a Director of the prosecutor's group. He is also co-chairman of the Association's

Legislative Committee.

A native of Floyd County, Hollums received his undergraduate education at West Texas State University in Canyon and earned his law degree from Texas Tech University School of Law in 1973. He achieved the rank of Captain while serving in the United States Air Force, and is active in numerous civil, church, and professional groups.

The District and County Attorneys Association, headquartered in Austin, provides a wide range of services to

Texas prosecutors. Each year, over 1000 prosecutors and investigators attend Association continuing legal education programs, and an aggressive technical assistance and publications effort keeps prosecutors abreast of the latest changes in criminal law. The Association has also been a leader in the legislative arena, with a consistent record of support for law enforcement issues.

Leading the Association this year will be Bill Mobley, District Attorney from

Corpus Christi. In addition to Hollums, other members of the governing body are Tom Wells, County Attorney, Paris, Vice-President, and Directors Tim Curry, Criminal District Attorney, Fort Worth, Gordon Armstrong, Assistant District Attorney, San Antonio, Hunter Schuehle, County Attorney, Hondo, Mike Driscoll, County Attorney, Houston, Pat Ridley, County Attorney, Belton, Neal Pfeiffer, Criminal District Attorney, Bastrop, and Gerald Fohn, District Attorney.

**Morton Buildings Do Double-Duty**

BUY AND BUILD NOW — BE READY FOR HARVEST

A Morton Machine Shed with bulkheads installed is the most innovative idea in government approved flat grain storage. The sidewall bulkheads are 8' high designed to withstand pressures with grain peaked to trusses. The sliding door bulkheads withstand grain pressures when in place, yet are easily removed for access to building by equipment and machinery. Regular grain storage bins cannot be used for machine storage when empty, but your Morton Machine Shed can... it does Double-Duty!

TYPICAL EXAMPLES OF BUILDING CAPACITIES: (with 12" Sidewalls)

- 42' x 72' holds 18,600 Bu. +
- 48' x 81' holds 27,050 Bu. +
- 54' x 108' holds 44,000 bu. +

(Grain height at sidewall 8' - Capacities will vary depending on moisture content, test weight and other variables.)

**MORTON BUILDINGS WARRANTY**

## Denisons, Parks honored with birthday dinner

Mr. and Mrs. W.B. Parrack, 308 E. Hallie, Floydada, honored her sister, Beulah and husband, Carl Denison, and a cousin, Lillian Parks with a birthday dinner Saturday, October 9.

A lighted birthday cake was shared and gifts were exchanged as the group

sang "Happy Birthday."

The festive occasion was enjoyed by the Denison's son, C.W. Denison and wife, Emily of Georgetown, two granddaughters, Lane Teaf and Joy Denison, two great-grandsons, Trent and Ty Ritchey of Lubbock and Mr. and Mrs. William B. Parrack Jr. of Lubbock.

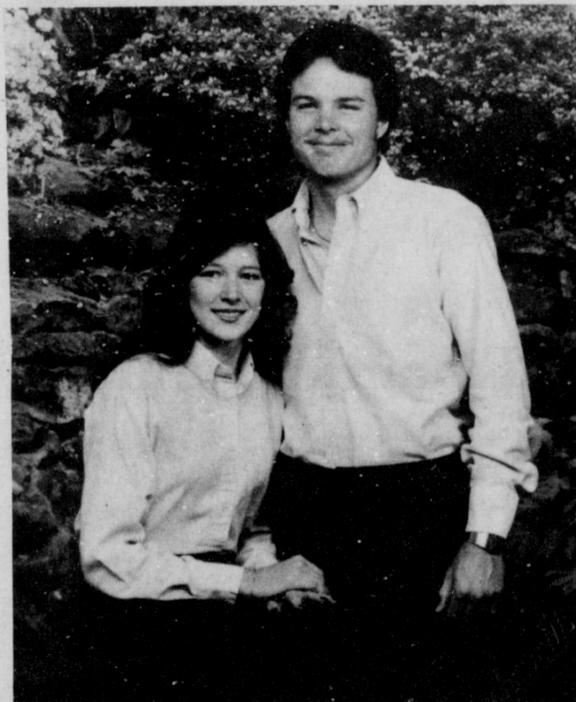

## Gentry, May announce spring wedding plans

Mr. and Mrs. Travis J. Gentry, of Rt. 4, Floydada, are pleased to announce the engagement and approaching marriage of their daughter, Trava Jayne, to Timothy May, the son of Mr. and Mrs. Robert B. May, of Houston.

Miss Gentry is a 1979 graduate of Floydada High School. She attended South Plains College and is currently a

senior at Texas Tech University. May is a 1978 graduate of Springlake-Earth High School and attended WTSU and South Plains College. He is presently employed as a Respiratory Therapist in Northwest Texas Hospital and is attending Amarillo College.

The couple plans a spring wedding.

TRAVA JAYNE GENTRY, TIMOTHY MAY

## Collins, Pearson wed in Maine Saturday, October 9th

Nancy Ellen Pearson and Kirby Lane Collins exchanged vows in the United Methodist Church of Corinna, Maine, Saturday at 4 p.m. Terry McKinley, pastor of the church, officiated.

Sprays of fresh flowers, a candelabra, and altar arrangements of red roses formed the nuptial setting for the ceremony. Baby's breath was used in the pewmarkers.

The groom is the son of Mrs. Gene Collins of Lockney and the bride is the daughter of Mr. and Mrs. Robert Pearson of Corinna.

Given in marriage by her father, the bride chose a gown fashioned of white chiffon over taffeta with a high Victorian neckline. A deep set yoke covered with beaded Schiffli lace topped the tucked pleats of the blouson styled bodice. Full Bishop sleeves accented with vertical tucks were gathered to cuffs covered with lace and pearls, fastened with matching covered buttons to those fastening the gown in the back.

The flowing chiffon skirt, its hemline bordered in Chantilly lace and a narrow satin ribbon, fell to a cathedral-length train. Her matching veil also was bordered in Schiffli lace. Completing the bride's attire she dawned a bouquet of long stem red roses and baby's breath.

The bride's sister, Mrs. Albert Smith of Orono, Maine, was the matron of honor.

Sisters of the bridegroom, Mrs. Ronnie Gammage of Plainview and Mrs. Gary Dorman of Corinna were bridesmaids.

The female attendants all wore matching burgundy jersey floor-length gowns accented by chiffon capes featuring lace standup collars. They carried bouquets of long stemmed white roses.

Thomas Nerbonne, organist, provided

ed wedding music. "If Thou Be Near" was sung as a solo.

Peter Gloor of Huntington Station, New York, was best man. Groomsmen were Todd Quackenbush of Rocky Hill, New Jersey, and Randy Mamiaro of Bellmore, New York.

A reception and buffet dinner was catered in the Pearson home by Mrs. Clifford Sawtelle, Mrs. Irving Packard of Corinna and Mrs. Gilbert Adams of Newport, Maine, aunts of the bride, assisted. Mrs. Ruth Pooler of Corinna registered guests.

Decorations of white wedding bells and streamers were used with candles accenting the reception room.

An arrangement of roses and cut flowers highlighted the bride's table. The 3-tiers of the traditional white cake were climaxed with pink roses and a crystal wedding top.

The bride is a graduate of Nokomis Regional High in Newport, Maine, and Maine Medical Center School of Radiologic Technology. She is employed by the Lutheran Medical System of North Texas as a special procedures technologist in the radiology department of Brookhaven Hospital in Farmers Branch.

Collins graduated from Lockney High School and Princeton University. He was a member of the Tower Club while there. He is a systems analyst for Gould, Inc. Systems Engineering Laboratories, Computer Systems Division in Dallas.

The rehearsal dinner, hosted by the groom's mother, was held at Dominick's Restaurant in Pittsfield, Maine.

The bride's traveling attire was a camel wool suit with brown accessories. The couple will be at home in Dallas after a wedding trip to Bar Harbor, Maine.

MRS. JERRY MILTON POWELL

## Warren, Powell pledge wedding vows Saturday, October 9th

Kim D. Warren and Jerry Milton Powell pledged wedding vows Saturday afternoon at 2 o'clock in First Christian Church of Floydada. The pastor, Rev. Karl Bunjes, officiated.

Parents of the couple are Mr. and Mrs. Charlie Warren of Floydada, Donita Powell of Floydada and Arlis Powell, 320 SE Alpine, Plainview.

Darla Chappells of Plainview was organist for traditional wedding music.

Mr. Warren presented his daughter for marriage. The altar was decorated with a brass archway which formed the background for the recitation of vows. Mixed flowers in colors of yellow and white intertwined with English ivy completed the decorations.

For her wedding the bride selected a polyester knit gown designed with a

## 1929 Study Club hear crime statistics

The 1929 Study Club met Thursday, October 7 in the home of Mrs. C.W. Denison with Mrs. W.B. Parrack assisting as co-hostess.

Mrs. Q.D. Williams, club president, called the meeting to order.

The Club Collect was led by Mrs. Nettie Adams, followed by roll call and the secretary report given by Mrs. Ben Whitaker. Mrs. Clarence Goins gave the treasury report.

Mrs. Williams introduced the special guest, Sheriff Fred Cardinal who spoke on Block Watch Crime Line in Floydada. He included some alarming statistics concerning crime in our nation as well as important ideas for protecting individuals.

Mrs. Roy Fawver was voted into the club as a new member.

Members present were Mmes. Nettie Adams, Vance Campbell, H.O. Cline, C.W. Denison, Clarence Goins, C.M. Meredith, E.J. Morehead, W.B. Parrack, Ben Whitaker, Q.D. Williams, Roy Fawver, Misses Anne Swepston, and Frances Mitchell.

The next meeting will be with Mrs. Mary Smith on November 4.

## Harmony Homemakers hold meeting October 11

The Harmony Extension Homemakers club met in the Community Center October 11. The president, Imelda Murry called the meeting to order. As hostess she read the devotional Exodus 32:26. Roll call was answered by an old piece of furniture I have.

Arvie Schultz led recreation, a written game with the answer being a name of a tree.

Plans for Christmas in October were discussed. All members were asked to bring things that are homemade, either baked goods or handwork. If a member can not attend, please send something for the booth. Council will also sell food and drinks.

The Agent, Marilyn Tate, presented the program, Snacks Available. She demonstrated how to make honey

energy freeze, peanut butter balls, crunchy bananas, and crunchy topping. She had prepared some snacks before the meeting, onion dip, peanut butter sticks and crunchy bananas. She passed out recipes.

Marilyn gave the amount of calories in 1 oz. of potato chips, butter pats and soft drinks. They were surprised to learn there is 8 teaspoons of sugar in a 12 oz. can of soft drink. Though you are using snacks you can have a balanced diet. This was a most interesting program.

The hostess also prepared snacks of peanut butter and carrot sandwiches and frozen strawberry cubes for Bess Carr, Anna Maude Hopper, Juanita Pool, Ruth Scott, Arvie Schultz, Blanche Williams, and the agent Marilyn Tate.

## Alpha Sigma Upsilon attend convention in September

MR. & MRS. RONNIE WASHINGTON

## Garrett, Washington married

Mrs. LaVada Garrett is announcing the marriage of her daughter, Elisa to Ronnie Washington, of San Antonio. The couple was married August 3rd in Houston, Texas, where each is employed.

Elisa recently graduated from Southwest Texas University in San Marcos with a degree in Clothing and Textile. She has a minor in Merchandising and

Business.

She is employed as assistant manager for Casual Corner, Inc. in the Northwest Mall in Houston.

Ronnie attended Monterrey Tech University in Monterrey, Mexico and Texas Tech University. He has a degree in Business Management and Marketing and is employed as a special investigator with the IRS.

MR. & MRS. GILBERT L. FAWVER

## Fawvers to celebrate anniversary

Mr. and Mrs. Gilbert L. Fawver have resided at their farm home, 10 1/2 miles southeast of Floydada in the Baker Community, throughout their 50 years of marriage.

The couple will be honored this Sunday, October 17, with a reception feting them on their golden wedding anniversary. All friends of the honorees are extended "an open invitation" to attend the reception from 2 until 4:30 p.m. in the parlor annex (on Wall Street) of First Baptist Church in Floydada.

Hosting the event will be the couple's two daughters, Mary Sinor of Floydada and Doris Wilcox of Spur, along with their five grandchildren and four great-grandchildren.

A native of Eldorado, Oklahoma, the former Thelma Colston was born May 2, 1914. Gilbert L. Fawver was born October 19, 1913, in the house which has been his lifelong residence.

Miss Colston and Fawver were married October 19, 1932, in the Floyd County Courthouse in Floydada. Judge Howard performed the ceremony.

Through the years, the couple have been extremely active in youth work, particularly aiding 4-H and FFA youngsters and assisting with the Floyd County Junior Livestock Show. Mrs. Fawver is a former 4-H leader.

Her husband, a retired farmer, has served 30 years as a director on the Floyd County Soil and Water Conservation District board, having chaired the board for 12 years and having held every other board office. He is a member of the S&WCD 100 Man Committee.

He was honored for the year 1962 with a Certificate of Merit for Outstanding Soil Conservation Supervisor by Texas Bank and Trust Company of Dallas. He was elected in February 1971 as chairman of the South Plains Association of Conservation Districts.

In addition, Fawver is or has been a board member of the South Plains Association of Governments (SPAG), Farmers Home Administration (FmHA), Floydada Co-op Gin and formerly served as a rural school board trustee. Floydada FFA Chapter has honored him with a Chapter Farmer Degree.

He also is a past president of the Floyd County Old Settlers.

Mr. and Mrs. Fawver are members of First Baptist Church in Floydada.

Mrs. Fawver moved with her family to the Baker community in the Spring of 1920 as a child.

## Chapter members receive pins

The Alpha Sigma Upsilon chapter of Beta Sigma Phi met in the home of Gail Noland on Tuesday evening September 21.

The Ritual of Jewels ceremony was held for new members who had completed their pledge training. Those receiving their pins were Gail DuBois, Nancy Jarnagin, Gail Noland and Vickie Ware.

President, Vikki Yeary then called the meeting to order and all members repeated the opening ritual. The chapter voted to have Golden Spread Photographers come to Floydada to make family portraits as a ways and means project. Cost of the 11x14 portrait will be \$5.95. Nancy Jarnagin and Rhonda Guthrie will contact the

photographer for a date for these portraits to be made and each member will sell certificates.

All members repeated the closing ritual and joined hands for the Mizpah.

Refreshments consisting of finger sandwiches, chips and dips, fresh vegetable platter and brownies were served by the hostess, Gail Noland to the following members: Vikki Yeary, Rhonda Guthrie, June McGaugh, Janice Poteet, Gail DuBois, Vickie Ware and Nancy Jarnagin.

All members then helped scrapbook chairman, June McGaugh work on the scrapbook to have it completed to take to convention in Amarillo.

## Study Club plan for garage sale

The 1934 Study Club met in the W.O. Newberry "Home Beautiful" Tuesday night. Mrs. W.H. Bunch, the club president, conducted a business session, during which plans for the fall garage sale to be held at the Anthony Latta home were completed, and invitation to an appreciation coffee to all people who contributed to the Child Welfare Board was read, the club welcomed their new member, Mrs. Walton Wilson, and Mrs. Dennis Dempsey reported that Mrs. Wade Warren was in the Plainview Central Plains Hospital.

Mrs. Wilson Bond, the program coordinator, introduced her daughter-in-law, Mrs. Greg Bond, to present the "Home Beautiful" program. Mrs. Bond grew up in Lubbock, graduating from Monterey High School and Texas Tech University with a BS degree in Home Economics Education. She taught in the Floydada school system for six years, and is now engaged as FCS Federal Credit Union manager. Mrs. Bond is well qualified to discuss the topic "Home Beautiful" and she brought a very enlightening and fun program.

She began by eliciting anguished groans as she gave a test to determine the decorating style of the members, as to whether they were Formal, perfectionists; Casual, desiring comfort and convenience; Modern, the young at heart; Traditional, very domestic, wanting things to stay the same; Independ-

ent, does not go along with the crowd just to be in style.

Many found their style was eclectic, the combination of the best of each style. The good points about eclectic decorating is that the furniture, heirlooms, accessories, sentimental pieces which a person already owns can be used to good advantage. Of course, there are also bad points, for the end result might have a hodge-podge look. The items used may be very expensive but could develop into a junky look.

Mrs. Bond concluded her program showing slides of different rooms and how the pieces used could be tied together with different woods, cloth material, accessories, and accent pieces.

Mrs. G.W. Switzer led the members in the club collect for adjournment. The hostesses, Mrs. W.O. Newberry and Mrs. George Springer, served refreshments of chicken salad, melon balls, yogurt coated raisins, tea and coffee to the following: Mmes. Alan Benson, W.H. Bunch, Dennis Dempsey, Anthony Latta, J.P. Moss, L.D. Simpson, Floyd Lawson, Floyd Bradley, M.J. McNeill, Allen Bingham, W.L. Davis, A.L. Wylie, Jr., G.W. Switzer, W.W. Trapp, Milton Ashton, L.B. Stewart, Jr., Walton Wilson, Garland Foster, J.S. Hale, Jr., J.R. Turner, Wilson Bond, and Greg Bond.

The October 19 meeting will be in the home of Mrs. Dennis Dempsey.

## Lockney Care Center Capers

BY VICKIE HUTTON

This week has been filled with much activity and enjoyment. We are all feeling well and many of the residents attribute this to our exercise class before church each Monday, Wednesday and Friday morning. We start by warming up with deep breathing exercises and moving our arms and legs. Then we finish it off with our Hand Jive exercise. These exercises are a lot of fun and give up a chance to socialize more.

Our domino champs are really giving those dominoes a good work out. The competitive spirit really shows during these games. I think our two greatest players are Esker Pyle and Bill Holt.

Myrtle Payne, Myrtle Burke and Richard Lanham were our bingo winners this week. A special thanks goes to

Almeda Phillips and DeLinda Glasson for sharing their time and talent with us.

We send a special thanks to the Home Ec students at Lockney High School for the delicious cinnamon rolls they brought us. We also send our thanks to Mr. and Mrs. Ike Clay of Flomot for the watermelons and to Blanche Newman of Silverton for the ceramic paints that we will get a lot of use out of.

We will say good bye for now and wish you all a good week.

## Sandhill Hobby Club hosted by Hunter

Mrs. Sara Hunter was hostess to the Sandhill Hobby Club on October 7 in her home.

The program was given by Neva Smith, formerly of Sandhill and now of Lockney. She showed how to cut and fold circles of fabric to make Calico stars. These stars when finished may be applied to shirts, pillow tops, pot holders, framed for hanging, quilts and other uses.

Those enjoying refreshments were Billie Hanna, Libby Becker, Margaret Jackson, Neva Smith, Glenna Miller, Ruth Trapp and Sara Hunter.

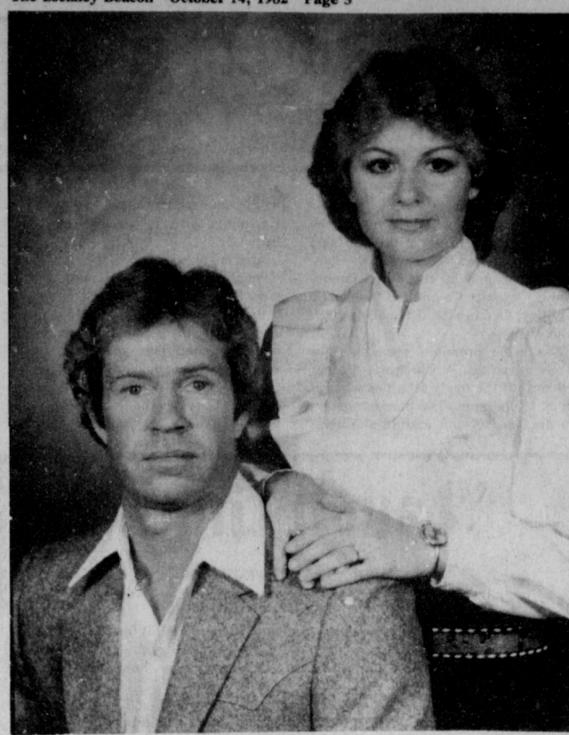

Long-term credit that's productive.

## Floydada Nursing Home Happenings

BY LINDA EMERT

Well, I do believe that winter has come. The mornings have been real cold. I have noticed several people have pulled out some coats this past week.

Monday Kim Sherman came and we had a real good time. These residents just love her so much.

Tuesday we had a good group of people for Bible Study. We are still studying in Psalms.

Wednesday we played bingo and had six players. I believe we had two tie for first place this week. They were Una Clark with six games and Emmit Lawrence with six games. Other players were Geneda Roberts with four games, Sue Thompson with three games, and Vera Duke with two games.

Thursday the residents just visited one another and we played a game.

Friday we had two movies and had popcorn. We have three residents in the hospital. We wish them well and to come home soon. We also got one of our old residents back. Mrs. Lyndell (Wendy) Jackson in north nine. We are glad to have her back.

We are going to have our monthly birthday party Thursday at 2:30.

Here is a list of visitors for the week. Dana Ellis, Allene Henry, Karl Bunjes, Burmah Probasco, Lucille Lobban, Jewell Price, Estelle Hinkle,

Dixie, Tate, Zacha Harris, Justin and Debra Bailey, Gene Baird, Mrs. Bill Smallwood, Mrs. Myria Dade, Claude and Willene Lyles, Sherry Colston, Jennelda Fulton, Mrs. O.L. ## When heat and air make the difference

A crowd gathered in the country square, curious to see the large, strange-looking contraption of paper and cloth. The on-lookers laughed at Joseph and Etienne Montgolfier as the two men ignited the pile of straw and rags beneath their invention.

The unbelieving crowd gasped as heated air began to fill out the paper and cloth of the world's first hot air balloon as it climbed steadily to the then-astounding altitude of about six thousand feet.

As the inventive partners had managed the dynamics of heat and air to give flight to their idea, you and SPS and the High-Efficiency Add-On Heat Pump can make a difference with the everyday management of heat, air and electricity in your home.

When you install a High-Efficiency Add-On Heat Pump you increase the heating efficiency of your existing furnace, and add cooling efficiency next summer. You also qualify for a special electric rate from SPS for seven months of the year. Call us to see what your savings could be.

You and SPS, partners managing electricity, make the difference.

5:30 "Christmas Creations" - Bread dough sculpture, Christmas ornaments, and soft sculpture - by Colleen England, Crosby County Extension Agent.

All programs are free and open to everyone regardless of socioeconomic level, race, color, sex, religion or national origin.

Lunch will be served by Floyd County Extension Homemakers.

Come join the fun, see old friends, and learn something new - you'll have a great time!

**Plan "Super Snacks" With Nutrition In Mind**

Are you snacking more? Recent food consumption surveys indicate that more Americans are eating more foods between meals.

Snacking is a part of our lifestyle. Unplanned snacking, however, can lead to health problems such as obesity and tooth decay.

To avoid potential problems select snack foods carefully, and make them "super snacks." "Super snacking" doesn't require special foods.

Old standbys, such as carrots, celery and apples, are excellent choices, but so are other foods. For variety try fresh pineapple, unadorned popcorn, cheese, vegetables juice or frozen yogurt.

The best way to approach snacking is to plan for the in-between meal items.

Take time to think about your food habits.

Do you skip breakfast or do you frequently miss lunch or do you snack while watching television?

Recognizing when you snack can help you avoid snacking on empty calorie foods.

If you know that you will eat between meals you can be sure to have nutritious "super snacks" available.

## "Laugh Lines"

BY DON AND SARA PROBASCO  
Bits of Humor, Trivia, and an occasional Word of Wisdom

Finance is the art of passing money from hand to hand until it finally disappears.

Young secretary to boss: "Well, if you can't give me a raise, how about the same pay a little oftener?"

Sign beside the road: "Pray for a good harvest, but keep on hoeing!"

A farmer who sent for a book entitled "How to Grow Tomatoes", wrote to the publisher: "The man who wrote the ad shoulda wrote the book."

A lot of people are smarter than they look, and that's reassuring.

In the past few years, if you haven't discarded a major opinion, or acquired a new one, check to be sure you're not getting senile.

A diplomat is someone who can tell you where to go in such a way that you actually look forward to the trip.

The trip to South Plains and Studio South is one you can really look forward to. We're just about 17 miles north of Floydada, and the country-side is beautiful. Come see us this week.

## Simmons named CO of NOAA ship Peirce

Commander Walter S. Simmons of Rockville, Maryland, has been named commanding officer of the hydrographic survey ship Peirce, the National Oceanic and Atmospheric Administration announced.

The 163-foot Peirce, designed and outfitted for hydrographic surveys involving nautical charting, operates off the U.S. Atlantic coast, in the Gulf of Mexico, the Great Lakes, and the U.S. Caribbean island territorial waters. She carries 41 officers and crew, and is currently working on a 4-month hydrography survey of Lake Superior.

Simmons, a native of Floydada, received a bachelor of science degree in civil engineering at Texas Tech University in 1964, and a master of engineering administration degree at George Washington University in 1978.

Simmons is married to the former Barbara J. Huckabay of Floydada. The couple and their son and daughter reside in Rockville, Maryland. Cmdr. Simmons' mother, Curtis M. Simmons, resides in New Braunfels, Texas, and his mother-in-law, Doris Huckabay Preston, resides in Lamesa, Texas.

Simmons joined the commissioned corps of the U.S. Coast and Geodetic Survey, predecessor to NOAA's National Ocean Survey, in 1964. Prior to his new assignment as commanding officer, Simmons served as chief of the National Ocean Survey's Photogrammetry Division in Rockville, Maryland. He also has been Chief, Flight Operations, and Chief, Air Photo Mission of the Survey's Photogrammetry Division. He has served as operations officer on the NOAA ship Researcher; as Chief, Special Geodetic party at the Pacific

Missile Range; and on the U.S. Coast and Geodetic Survey ship Pathfinder.

Awards granted Simmons for his government service include the Department of Commerce bronze medal; three Karo awards for the U.S./Mexico Seaward Boundary Survey, the Boston Harbor Estuarine Environmental Investigation, and the GARP/Atlantic Tropical Experiment (GATE); and a NOAA unit citation for response to the Campeche Bay oil spill.

The weather has turned cooler and we received .4 of rain this week. Harvesting is about over and some wheat is being sowed.

Cecil Wayne VanHoose of Kingsville preached at the Assembly of God Church Sunday evening. Terry and Michelle Harris of Floydada visited Sunday morning. Betty VanHoose of Levelland College and Susie VanHoose of Lubbock also visited the services.

Terry Michelle Harris spent the week-end with their grandparents and their mother. Phyllis Harris came Sunday afternoon and visited a while

with Cephus and Imogene Fortenberry. Robin Fortenberry was able to return home after spending a week in the Lockney General Hospital.

Dinner guests in the home of Fred and Jewel Fortenberry in Lockney Saturday were Mary Ann and Garland Tucker of Lubbock, Mr. and Mrs. Cephus Fortenberry, Mr. and Mrs. Robin Fortenberry, and Evelyn Fortenberry Saturday.

Norma Welch visited Mr. and Mrs. Cephus Fortenberry Monday morning. Peat Kelley visited Mr. and Mrs. Tom Fortenberry Sunday afternoon.

Patsy Boone of Lubbock visited her parents, Mr. and Mrs. Tom Fortenberry from Friday until Sunday morning.

Martha and Junior Taylor spent from Wednesday until Saturday in Irving visiting their daughter, Sheila and Charlie Joiner and Nick.

Pauline and John D. VanHoose entertained relatives with a cookout Saturday evening. Hamburgers and homemade ice cream were enjoyed by Mr. and Mrs. Chuck Wilson and John Wilson of Ralls, Rev. and Mrs. G.A. VanHoose of Slaton, Mr. and Mrs. Danny Durham and children of Lockney, Jim Durham of Lockney, Cecil and Betty VanHoose of Kingsville,

Edith VanHoose and Marylin VanHoose of Levelland and Mr. and Mrs. Alfred VanHoose and Richard and Susan of Lubbock.

Eula Mae Wilson and Pauline VanHoose attended funeral services of a cousin W.A. Carvin held in the chapel of Griggs Funeral Home Monday in Amarillo. The Rev. Robert Slaton officiated. He is survived by his wife Annie Ruth who is related to Imogene Fortenberry and Billie Ruth Lackey of our community.

Warren Lemons of Plainview visited his aunt, Belle Lemons and Mr. and Mrs. Carl F. Lemons last Thursday.

Pauline and John D. VanHoose and Cecil and Betty VanHoose left Monday on a vacation in Oklahoma, Arkansas and Missouri.

The Rev. and Mrs. R.C. Guest attended a family reunion in Lamesa this week-end.

Visitors this week-end in the home of Edna Gilly were Ruthie and W.M. Clark, Juanita Teeple, Johnnie and Deise Harrison, Kristi and Casandra of Lubbock, Cobb Gilly of Floydada visited Sunday afternoon.

Real wealth comes to man when he learns that he is paid for the things he does for nothing.

## Southwest Collection show set for Oct. 26

Understanding the present can be enhanced by a knowledge of what has gone before. Dr. Michael Q. Hooks will provide a brief slide show about the history of the Southwest Collection, which is housed at Texas Tech University, October 26 at 7 p.m. in the Floyd County Museum.

In addition to information about the Southwest Collection, Dr. Hooks will answer questions concerning materials in the collection that relate specifically to Floyd County.

Dr. Hooks is the associate archivist for the Southwest Collection and is the author of several published historical studies. He served as project director for "The American Southwest: Women on the Frontier," at the second annual symposium of the Southwest Collection at Texas Tech University in 1981.

Co-sponsoring the program for all Floyd Counties are Friends of the Library, Floyd County Library Board, Floyd County Museum and the Historical Society. Members of the DAR will be in attendance and refreshments will be served.

### FLOYD DATA

Mr. and Mrs. Lupe Luna of South Plains were visited by their children this past weekend. Visiting were Joey and Mary Lou Luna and family from Hart, Rosie Creek and her son, Michael, Ester Sosa and Ricky Luna and a friend, Karen, all of Amarillo.

## Local

Here I sit with eggs all over my face again. I ran into trouble on giving too much faith to the Raiders. They tried hard but ran into a much better team. For the county championship I was real close to the point spread. The coin flip turned up tails.

My cap is off to both teams. They showed a lot of poise and ability. Both teams need to hold their heads high, they represented themselves and their schools very well.

This week the unclouded crystal ball reveals the following correct forecasts:

The Longhorns, whose roundball club I used to play on should have another close contest this week. But I predict the Lockney Horns will win by 7 points. This will be the first of 3 district wins.

The Whirlwinds who have to travel 9,000 miles to Childress thru no mans land should pick up their second district

win. Boy it is a long way for the team and Band to travel. My child will play Friday night.

Texas Tech should win over hapless Rice this week. Hope the Raiders don't have a let down. Tech by 14 points.

Now for Yocal!! What is this calling me an Old Salt. That is a sailors term I think. I would not be caught close to the water. I quit taking baths many years ago because the water was too deep. I have owned a boat but not because I liked water. If I liked the water I wouldn't need a boat I'd just go jump in. Deductive reasoning Ha - sounds like your some 'Old Fossil' using bones and rocks some Indian gave you. People just expect you to do something, anything even if they have to pay for it.

Boy oh boy golly gee whiz you do your best and somebody always puts you down.

## & Yocal

Red Raider fans, join me for a few moments of silent meditation. Now that we've got that off our chests, let's look at the brighter side of life. Where has all the optimism gone? I've often been told that a pessimist never thinks anything will work for the good and an optimist knows it won't. Now I ask you, is that any way to be? Of course not, I say the glass is half full, not half empty. How about you Local, with your "going out on a limb to pick the Raiders"? Son, you've done went and sawed off your feet as well as the limb. Local, in your mind we were beat before we started. Let us now join together with positive thinking as our leader and pride as our reins while we "Hoot-a-tize" the Rice Owls on the 16th by 10 points.

Local, I swear son, you went and done it again. What's with you and this straddling the fence over the Whirlwind and Longhorn game? Surely you graduated from one of these towns. Where has all that nostalgia and ole alma mater taken you? First you use a crystal ball, then you flip coins, next you'll be shooting dice. Get with the program Local, see if you can't swap something with an old Indian and get you some reliable rocks and bones!!!

The 15th of October brings Idalou to

## Davis wins 6th

Two Lockney girls, Judy Davis and Betty Kay Cates, did Lockney proud at the Varsity Girls' Amarillo Tournament. The tourney was held in Thompson Park in Amarillo Saturday, October 9.

Davis tied for sixth with a time of 12:40. Cates' time was 14:01 for a tie for fiftieth place. Veronica Vasquez also competed from Lockney. The best time was run by Brenda Moore of Amarillo. Her time was 11:47.

The girls were in competition with 102 girls from area schools.

Teams from 18 schools competed. Coronado placed first with 80 points; Amarillo High, second with 120; Caprock, third with 131; Canyon, with 136; Hereford, with 139; and Palo Duro, with 143.

Other schools with teams competing were Borger, Dalhart, Dumas, Leveland, Littlefield, Muleshoe, Nazareth, Plainview, Sanford-Fritch, Tascosa, Tulia, and Midland.

# Coaches Comments

BY BOB PURSER

Last week's game against Floydada was very difficult to accept for both players and coaches. Any time you lose it's difficult, but especially against Floydada and when our kids played so hard. We would like to have won. I thought when they had to go 85 yards to score late in the 4th quarter, we would hold them; but Donnell Weeks is a great competitor and the final touchdown run he made was probably as good of an individual effort as I have ever seen.

I think offensively Tony Rodriguez, Robert Rendon, and Mario Arellano played exceptionally well.

Defensively I thought Steven Johnson, Michael Carthel, Moses Blanco,

and Kyle Brock played well. We've got to be able to forget about Floydada and come back this week against Idalou.

Idalou has improved every week and they will come over here fired up and highly emotional, because they feel that it is their best chance to win this year.

We are beat up and we will probably be without Tony Rodriguez and Joey Davis for this ball game. Joey is suffering from a virus and Tony has a deep bruise to his upper thigh.

We need the support of everyone to get the kids back up and nothing shows support like being there on Friday night.

### BY MRS. J.E. GREEN

October 11, 1982:  
 Compared to August weather "today is cold and cloudy and dreary, no rain yet but the wind is never weary." No frost to speak of yet. A little fire early in the morning feels appropriate.

And on such days there is much staying in except going to church.

Sunday dinner guests at Mrs. Fred Bateys were Mrs. Ola Warren and Mr. and Mrs. Thomas Warren.

Over weekend visitors at the Gordon Mayfields are Mr. and Mrs. Frank Hendricks of Sierra Vista, Arizona. They are cousins of the Mayfields.

Mrs. Ethel Warren's son, Johnny and family of near Lubbock, arrived at her home to visit over Sunday nite.

Bro. and Mrs. Clay Muncy of Lockney are at home where friends and relatives recently helped him celebrate his 85th birthday anniversary. Congratulations!

Many of our group stayed home after church with no news. Some of these were: the Henry Brewers, the Marion Carpenters, Mrs. Leo Frizzell, Mrs. Hartline, Mrs. Meredith, Miss Mitchell, Charley Spence, and of course, Ma

Green. Also the Plumlees.

Oh yes, I did get my chow chow made last week. Now some tomatoes.

Now our sick, or recently sick friends: Mrs. Amelia Ashton, Lockney Rest Home, about the same; Mrs. Hal (Sudie) Thomas in Methodist Hospital, her daughter said the doctors have diagnosed her case, is more able to communicate with her family; Doyle Sandifur of Methodist last heard from - not at home yet; from Caprock Hospital, Miss Alma Ruth Nelson, doing pretty well; Mrs. Jeffie Smith, gone home, Wiley Rogers, doing pretty well at home.

Let us remember that prayer changes things.

(I forgot today is Columbus Day)  
 How many of us remembered Sunday October 10 was World Hunger day?

Bro. and Mrs. Jack Mattox and son of Knox City were visitors in the Calvary Church Sunday. We were happy to see them. They were with us a few months four years ago. He preached for us some when Bro. Payne was so unwell. We enjoyed Sunday the song all five, sang, too.

# Smith named chairman of Texas Farmers & Ranchers

Senator Lloyd Bentsen has announced that Mr. J.D. Smith of Sudan has been named chairman of the 83-member Texas Farmers and Ranchers for Bentsen Committee.

Bentsen, one of only four U.S. Senators to cross party lines and oppose both Presidents Carter and Reagan by voting to end the recent Russian grain embargo, believes that prices for agricultural products must be brought up to a healthy level by increasing exports and decreasing productions.

As Ranking Member of the Senate Trade Subcommittee and Co-Chairman of the Senate Export Caucus, Senator Bentsen has made the effort to expand markets for U.S. farm products one of his top priorities.

"Agriculture is very important to

Texas. Ours is the third largest state in the union in the sale of farm and ranch products," Bentsen said.

"We must get agriculture back to full health if we expect to get the Texas economy back to full health."

"Texas Farmers and Ranchers for Bentsen represent every aspect of agricultural life in our state. I am pleased that these leaders have agreed

to work for my reelection."

Committee Chairman Smith served as Texas Chairman of the Agriculture Stabilization and Conservation Service from 1977-1980.

Area members of the Bentsen committee are: Mr. Edward Breihan, Lubbock; Mr. Tommy Fondren, Lorenzo; Mr. Don Marble, South Plains; and Mr. Joe Rankin, Ralls.

## Future plans discussed by Grace Sunday School Class

## Burial plot allowance available to Veterans

For more than a year, the Veterans Administration's \$300 burial allowance has been limited by public law to veterans eligible for VA pension or compensation at the time of their death, and to those who die in VA medical facilities, advised the Waco VA Regional Office Director.

The \$150 plot allowance, not affected by the change, still is available to all veterans who serve honorably during war periods.

For more information, telephone the Waco VA Regional Office toll-free number listed in your telephone directory.

**Card of Thanks**

We wish to express our thanks and appreciation to all who have visited, spoken words of comfort, and for every other act of kindness shown to us during the long illness and recent death of our loved one.

We would especially like to thank the Lockney General Hospital staff and the Lockney Care Center staff for their care and concern.

We would like to thank the fire department for their help and kindness. We especially want to thank all our friends and neighbors for their help and concern and the many ways they made a difficult time much easier for us.

We the family of Pappy Wise wish to thank the people of Floyd County for their expressions of love shown during our recent sorrow. Your prayers gave us strength, your cards and letters gave us support, your visits showed us your love, and your food kept us going. A special thanks to Dr. Jordan, the hospital staff and our beloved First Baptist Church.

# Interest rates lowered on FHA loans

Interest rates on most loan programs at the U.S. Department of Agriculture's Farmers Home Administration have gone down as of October 1, Secretary of Agriculture John R. Block has announced.

Block said the reductions, which will be as much as a full percentage point for farm operating loans and market rate community facilities loans, reflect progress in the nation's drive to roll back inflationary interest rates.

Reductions will apply to farm, community and rural housing loans made by the rural credit agency.

The reductions are a result of legislation that calls for the USDA agency's interest rates to parallel those in other key sectors of the money market.

"We are able to lower our interest rates because the cost of money to the U.S. Treasury has been down in recent months and the average yield for municipal bonds also has been lower," said Charles W. Shuman, Farmers Home administrator.

In farmer programs, the interest rate for farm operating loans is reduced from 14.25 percent to 13.25 percent. For long-term farm loans, such as farm ownership, soil and water, recreation, grazing associations, irrigation and drainage and Indian land acquisition, the rate declines from 13.25 percent to 13 percent.

For limited resource borrowers, operating loan rates drop from 11.25 percent to 10.25 percent and farm ownership loans move downward slightly, from 6.625 percent to 6.5 percent.

In the emergency loan program, the rate drops from 17 percent to 16.25 percent on actual loss loans for disasters occurring after October 1 to applicants who can obtain credit from other sources but choose to borrow from the agency. For borrowers unable to obtain credit from other lenders, actual loss loans will continue to be made at 8 percent. For borrowers eligible for continued annual production loans, the rate goes down from 16 percent to 15.5 percent.

Under the agency's housing programs, the interest rate drops from 13.5 percent to 13.125 percent for single family housing, rural rental housing and housing site loans.

The rate for housing loans to above-moderate-income borrowers (and moderate-income borrowers who can afford Housing and Urban Development Department rates) was lowered from 15 percent to 14 percent on September 20.

For community facility and water and waste disposal loans, the full interest rate drops from 11.625 to 10.625 percent. This rate is based on current market yields for municipal obligations. The intermediate rate, for communities of moderately less than average means, declines from 8.375 percent to 7.875 percent. The rate for lower-income communities remains unchanged at 5 percent.

Shuman said the intermediate rate recently introduced by the USDA agen-

cy "will keep credit resources alive for many communities that need public facility improvements to create job opportunities or maintain present employment."

Guaranteed loans for business and industrial development continue to be negotiated between borrowers and len-

ders. Loans made by Farmers Home for small scale biomass energy projects will be made at 13 percent instead of the previous rate of 13.25 percent.

Farmers Home Administration is the rural credit agency of the U.S. Department of Agriculture. It makes a wide variety of loans and grants and provides

technical assistance to help improve economic and living conditions in rural America.

Services of the agency are delivered through a system of nearly 2,000 county offices, 300 district offices and 46 state offices covering rural areas throughout the nation.

## Upcoming frost could hurt livestock

by Jett V. Major, CEA

Frost will be hitting Floyd County before long, and this could lead to prussic acid poisoning in livestock grazing certain pasture grasses and forages, points out Jett Major, county agent with the Texas Agricultural Extension Service, Texas A&M University System.

Although many plants contain the toxic material that causes poisoning, those causing the highest mortality in livestock when grazing after they have been frozen and wilted are Johnson and Sudan grasses and sorghum or hybrids of these.

The most dangerous time as far as the grazing of these plants is concerned is following frost when the plant material begins to wilt, emphasizes Major. Livestock should not be allowed access to the wilted material until it has dried completely. This usually takes three or four days of good sunlight. New plant growth usually becomes nontoxic and can be grazed within 10 days to two weeks following a rain.

As far as prussic acid poisoning is concerned, the poison acts rapidly and can kill animals within minutes. In most acute cases, animals become affected within 10-15 minutes after eating toxic material and can die in two to three minutes. Symptoms may include a brief period of stimulation followed by depression and paralysis. Signs of colic may be present. Stupor (loss of sensibility), difficult breathing and frequent convulsions may result. Death is caused by suffocation since oxygen remains in the blood and is not exchanged to the tissues. This also causes the blood to appear bright red.

To prevent prussic acid poisoning in livestock, Major outlines these steps:

1. Look plant material affected by frost to dry thoroughly before grazing. This may require a week or more of

good sunlight.

2. Feed animals hay or a supplement before turning them in on plants that may contain prussic acid. Animals that are not hungry will not be affected as seriously by toxic material since their intake will be limited.

3. Remove all animals from the pasture if one in the herd shows any signs of poisoning.

4. Call a veterinarian immediately if an animal appears to be poisoned. An antidote to treat affected animals is highly efficient if given early. This product is available from veterinarians.

5. Have suspect plant material checked by the Texas Veterinary Medical Diagnostic Laboratories at College Station or Amarillo. Local Veterinarians will be happy to submit samples for you.

The overall key to prevent prussic acid poisoning in livestock is to be aware of plant materials that may cause poisoning and then to keep cattle from grazing such plants until a safe period has passed.

### Bloat and Grass Tetany

Wheat pasture forage with a high percentage of water leads to frothy bloat and grass tetany. Dr. B.A. Stewart, Soil Scientist at the USDA Conservation and Production Research Laboratory at Bushland, and three other researchers determined this in a three-year study in Texas and Oklahoma.

Frothy bloat and grass tetany usually cause 2 to 3 percent death losses on wheat pasture or the Southern Great Plains. This is bad enough, but sometimes losses jump up to 20 percent. Stewart says most severe losses occur in the spring after a cold winter when the soil is wet and temperatures rise fast. Under these conditions, wheat plants take up a lot of water and nutrients. This increases the level of potassium in

the forage to above normal levels, which can cause grass tetany. The percentage of carbohydrates decreases, which in turn increases chances of bloat.

The scientist found also that N in forage increased rapidly under these conditions. High nitrogen in forage leads to increased concentration of fatty acids. This causes foam formation in the rumen, which results in bloat.

In looking over all of their data, the scientists noticed a common denominator. When conditions leading to grass tetany or bloat come about, wheat forage contained a high percentage of water. In other words, measuring dry matter in the forage would be a good indicator for the hazard of grass tetany and bloat.

Although studies were not conclusive, Stewart and the other scientists think that wheat forage that has at least 25 percent dry matter is safe. There is some hazard when dry matter ranges from 18 to 25 percent. If dry matter drops below 18 percent, there is a good chance that bloat and grass tetany will be a problem.

The scientists advise people with cattle on wheat pasture to watch for weather conditions leading to rapid growth after a cold spell and take the following precautions. Lactating cows should be put on other pasture, and young calves and feeder cattle should be fed some hay or other dry feed. Feeding cattle molasses salt blocks with an anti-foaming agent will decrease the chances of bloat. These precautions should be continued until wheat growth starts and dry-matter content of the forage increases.

CONGRESSMAN JACK HIGHTOWER meets with the Hon. Eichi Nakao, head of a Japanese trade delegation, in Hightower's Washington office. Mr. Nakao is a member of the Diet or Japanese Congress, and is in the U.S. visiting with key members of Congress on American-Japanese trade issues. Rep. Hightower urged Mr. Nakao to tell his government that Japan should allow the importation of more Texas and American farm products. Presently Japan maintains tight import restrictions but is under pressure to liberalize its trade policies in view of a Japanese trade surplus and a weakened U.S. economy.

### Fall Copper Applications Reduce Peach Diseases

Between October 15 and November 15 most areas in Texas will need to make a Kocide application on their peach trees to prevent leaf curl. This is a disease that is erratic in its occurrence and in many years is not a problem, however, once the disease is present it is too late to control it. A fall application of Kocide 101 just as the foliage begins to fall from the tree is the best time for controlling the fungus. Applications of Kocide applied before this time will cause defoliation and should the fall weather be extended and rains occur, new leaf growth will be forced out which will reduce the amount of stored food in the tree. This will then weaken the tree next year. The Kocide application in addition to controlling peach leaf curl will have a positive effective in reducing the amount of bacterial canker that occurs by reducing the movement of the bacteria into the leaf scars at the time of defoliation. This should not be considered as a complete control program but is one step of the program for reducing losses from bacterial canker.

Kocide is also effective in reducing the carry over bacterial leaf spot on the tree. It is important that the Kocide be applied just as the foliage is beginning to drop from the trees in the fall. As indicated earlier this occurs in most cases sometime between October 15 and November 15. The rate is 2 lb Kocide/100 gal. water or 1 1/2 tbs/gal. water. It is important when spraying Kocide to thoroughly soak the tree to

get the maximum effect. Reference to commercial products or trade names is made with the understanding that no discrimination is intended and no endorsement by the Cooperative Extension Service is implied.

### CCC loan interest rate lowered to 11%

Commodity and farm storage loans disbursed in October by the U.S. Department of Agriculture's Commodity Credit Corporation will carry on 11 percent interest rate, according to acting CCC Executive Vice President C. Hoke Leggett.

The new rate, down from 12 percent, reflects the interest rate charged CCC by the U.S. Treasury in October, Leggett said.

## Private participation in farm operation loans rises sharply

Private-lender participation in farm operating loans is up sharply this year at the U.S. Department of Agriculture's Farmers Home Administration, Secretary of Agriculture John R. Block said.

Block credited participation lending and other cooperative efforts of federal and private lenders with successfully providing needed agricultural credit for thousands of hard hit farmers in 1982.

Meeting with representatives of the American Bankers Association, the Independent Bankers Association of America and the Farm Credit Administration, the secretary emphasized the need to continue cooperation and parti-

cipation lending to meet farmers' credit needs in 1983.

He said the USDA agency will continue to enlarge its role with the private sector in making farm operating loans to meet the anticipated heavy demand for credit in crop year 1982.

Charles W. Shuman, administrator of the USDA lending agency, attributed the increase in participation lending directly to cooperation between the USDA and rural lending institutions.

"Although our funds for operating loans are about a third over last year," Shuman said, "demand for those funds is heavy. Through participation loans

involving commercial banks and local members of the farm credit system, we stretch our limited funds, making them available to those who need help most."

"In many cases, Shuman said, the agency has subordinated its security to the private lender, helping borrowers stay with their regular credit sources.

Loans of about 5,800 of the agency's operating loan borrowers were shared with other lenders in fiscal 1981. In the first 11 months of fiscal 1982, the number rose to 28,032.

In dollars, the amount of the agency's farm borrowers' debt held by private lenders rose from \$91.6 million for all of fiscal 1981 to an estimated \$1 billion for the first 11 months of fiscal 1982.

While the participation loan may begin with either a private or public lender, Shuman said the USDA-initiated effort begins at the county level when borrowers and a Farmers Home county supervisor review the borrower's "farm and home plan," which is the credit and economic blueprint for that borrower's crop year.

"When the plan shows a need for more operating credit than the agency by law can supply to an individual, or when the plan shows that private credit can be utilized for the borrower's needs, a local lender is contracted," Shuman said.

"If the local lender can make the loan, the USDA agency may subordinate part or all of its security in favor of the local lender — in effect giving the private lender first rights to collect its debts in the event of default."

Participating in the meeting with Block were Under Secretary Frank Naylor and Shuman of the USDA; American Bankers Association representatives Ken Lee, associate director, Michael Fitch, vice president for agricultural affairs, Wells Fargo Bank in San Francisco, and Alan Tubbs, president of First Central Bank in DeWitt, Iowa.

Representing the Independent Bankers Association of America were Weidon Barton, agricultural rural representatives; Thomas Olson, president, Lisco State Bank, Lisco, Nebraska; and J.R. Kuiken, president, First National Bank, DeKalb, Illinois.

Deputy Governor Larry Edwards of the Farm Credit Administration represented his organization.

## Windbreak tree orders accepted

Applications are now being accepted for windbreak seedlings from the Texas Forest Service.

These seedlings are grown from seed collected in west Texas and eastern New Mexico.

Conifer species available this year include Austrian pine, Ponderosa pine, Arizona Cypress, Red Cedar, and Scotch pine. These containerized seedlings cost \$1 each and are sold only in multiples of 30. These seedlings will be 6-12 inches tall.

Hardwood species include Bur Oak, Green Ash, Honey locust, Mulberry, Native plum, and Russian Olive. These

bare root seedlings are 12 to 18 inches tall and cost \$25 per hundred (minimum order) and are sold in multiples of 50.

Seedlings ordered now will be ready for pickup and planting in March 1983. There will be fewer trees available this year due to early season hail. Trees sold by the Texas Forest Service may not be used for landscaping or ornamental purposes.

For information and applications, contact the Soil Conservation Service, Box 430, Floydada, 983-2352; or the Agriculture Extension Agent, Courthouse Ag. Building, Floydada, 983-2806.

## Agricultural leaders set meeting

A Farm Leadership Conference will be held in Lubbock, on October 21, 1982. The purpose of the meeting is to analyze the 1983 farm programs and the importance of farmers' participation in them. It is planned primarily for the agricultural news media and officers and leaders of agricultural organizations and commodity groups who will be responsible for disseminating information about the 1983 programs to their members. Leaders of the nation's major farm organizations are expected to be present.

The 1983 programs for feed grains, wheat, cotton, rice and soybeans will be

reviewed along with the basic alternatives of each. A comparison of the effects of full participation versus low farmer participation will be made.

The meeting is scheduled to begin at 10 a.m. at Plains Co-op Oil Mill, 2901 Avenue A, Lubbock, Texas. Sponsoring organizations include: Texas Association of Cotton Producer Organizations, Grain Sorghum Producers Association, Texas Corn Growers Association, Texas Wheat Growers Association, Texas Soybean Association, American Rice, Inc. and Women Involved in Farm Economics.

# 60,000,000 people have a good thing going.

They're all member-owners of 40,000 cooperatives providing goods and services in every walk of American life.

Cooperatives today come in all sizes and kinds. There are co-ops for electric and telephone service, credit unions and farm credit, housing, food, insurance, farm marketing and farm supply, health and day care. They're found in urban, suburban and rural areas — all over the country. The cooperative way of conducting business has an impressive track record — proving to be an efficient, economical way of meeting common needs of people. That's why co-ops are found in thousands of communities in every single state — why co-ops have grown and flourished.

Co-op people are proud of their cooperatives... knowing they provide services and jobs that benefit the whole community.

There's probably a co-op or two in your life, working for a better community and a better America — and for you!

THE BREEZERS proved to be too much for the Shorthorns, but our boys showed their real colors by making them work for every inch. Better luck with Idalou!

### 7th grade unseated

The 7th grade Shorthorns lost last Thursday to a tough Floydada team. Floydada scored 22 points in one and a half quarters and neither team could manage another point. The final score

was 22-0. The "Horn of the Week" was Jimmy Ballejo. The 7th grade plays Idalou here today at 5:00 p.m.

### 8th grade has first loss

The 8th grade Shorthorns lost their first game of the season last week against the Floydada Breezers by a score of 28-0.

Floydada scored on a 20-yard pass and a 30-yard run in the first half.

In the second half Lockney came out moving the ball, but Floydada intercepted a pass and ran it in for another score.

Lockney again began moving the ball, but the Breezers halted that drive. A defensive lineman picked off an option pitch and ran it 60 yards for the final TD. The eighth grade "Horns of the Week" were Augustin Ascencio and Eddie Garza.

The 8th grade plays here against Idalou following the 7th grade game at 5:00 p.m. today.

JR. HIGH CHEERLEADERS stack up very well, don't you think? Connie Vasquez, Christy Coffman, Gwen Lane, Lisa Terrell, and Missy Hayes are a tribute to their classes. Their sponsor is D'Lynn Morgan.

## A new step in Lockney P.E.

P.E. Or Army??? That is a question that arose to many of the Lockney students while participating in this year's P.E. program at Lockney Jr. High and High School.

Coach Anderson began the year with a little different tactic than the usual game to "stuff stuff" for all the P.E. girls.

"We got started marching and keeping step and each class then wrote their own class drill song to go by," stated Mrs. Anderson.

The above class enjoyed the drills and looked super while they did it.

"All classes got to feeling of importance about the drills and I believe it helped in discipline. Last year got off to a slow start. Now they get the challenge of competition between other classmates or classes.

## Go Shorthorns!

THE JR. HIGH CHEERLEADERS presented Band Director, James Whittis, with the third place trophy they won at the Panhandle South Plains Fair at their pep rally last Thursday.
