ROBERT WEBB, Lockney Fire Chief, and Joe Zorger of Moore-Rose Funeral Home loaded the body of Jorge Villarreal into the ambulance for transport to the funeral home Thursday, February 9, after his body was discovered by three friends of the Villarreal family Thursday afternoon.

Lockney man dies from exposure after fleeing from police in Sunday night chase

Lockney man, Jorge Villarreal, was found dead Thursday afternoon, February 9, after he had fled from Lockney police officers Sunday night.

The body was discovered by three friends of the family, Sylvester Garcia, Joe Salas Jr., and Joe Luna, north of Lockney on a farm owned by the Thomas Brothers, about 1/2 mile from a pond. Villarreal had crossed the lakey area to escape arrest by Lockney police officers Sunday night.

The incident started when Lockney Police Chief Ken Farrow received a call about 9:50 that a Mexican/American family was being threatened by three Mexican/American males. Farrow arrived about 5 minutes later to be told that the three men had just left. The intended assault victim identified the men to Farrow and also gave him a description of the car they had left in.

They traveled about two miles before they turned west off the highway to cut across a wheat field.

At 11:30 p.m. when Villarreal's vehicle became stuck in mud at the edge of a pond, he left the car and ran into the water. Officers from the Floyd County Sheriff's Dept. and Floyd County Police Dept. requested help and they searched the area for over two hours before calling off the search until daylight. In the meantime the other two suspects with Villarreal were booked into the Floyd County jail.

At daylight the officers returned to the scene, but could find no signs of the suspect. They also searched on Tuesday and Wednesday to no avail.

Villarreal's family requested that an autopsy be done on the body and forensic pathologist Erdman was called in from Amarillo. His report concurred with the ruling made by J.P. Ford that death was due to exposure and the extreme cold temperatures.

It was later determined, Villarreal was apparently intoxicated Sunday night and he was on probation for two previous felony DWI charges in Hale County.

Jorge Villarreal came to Floyd County in 1973 from Mexico as a legal alien with a work permit. He had worked as a farm hand.

He was born July 27, 1951, in Durango, Mexico. He was a member of the Catholic Church. Services for Villarreal were held Sunday, February 11 at the Assembly of God Church in Lockney with the Rev. Manual Rendon officiating.

Villarreal was survived by his wife, Gloria Ascencio; two sons, Jorge and Eric; two daughters, Veronica and Isabell; four step-sons, Liborio, Ruben, Tony, and Jamie Ascencio; and a step-daughter, Holly Ascencio.

Burial will be held in Mexico. His body was transported from Lockney Tuesday for its destination.

City council hears Fire Department status report

During the regular monthly meeting of the Lockney City Council last Thursday the council heard requests from the Lockney Volunteer Fire Department.

Fire Chief Robert Webb and assistant fire chief Craig Ellis presented the department's report. Webb asked that the donation of \$500.00 made by the city and county to the fire department be increased to \$1000.00. This money will go toward the purchase of radios, supplies used on both the ambulances and the fire trucks, and also to purchase blood service insurance for members of the fire department.

Webb introduced the subject of a larger building for housing fire equipment and vehicles. At the present time five vehicles are in the building built to house only four. When citizens need the use of the old ambulance, a member of the fire department has to take time from work to remove the ambulance from the garage. Webb pointed out that

a larger building would not only give more room for vehicles but would also allow the fire department to house its generator inside to prevent its being exposed to weather. "It would allow more inside space to service trucks and work on hoses and equipment," he also added.

The council agreed to check on prices for an insulated, metal, 4 bay garage.

Webb reported to the council that 17 members of the fire department have completed the ECA (Emergency Care Attendant) course which required 40 hours of instruction.

In other business the council approved an agreement with the city of Plainview to render mutual aid in the event of a disaster, either natural or manmade.

They accepted a bid from Doyle Poole Jr. for the two old police cars. His bids were \$400 for the Plymouth and \$500 for the Ford.

The council approved a contract with Parkhill, Smith and Cooper, Inc. for the administration and consultation on the TCDDP block grant project. The contract is based on a set fee of \$5780 which will be paid out of the grant money. Company representative, discussed the upcoming housing project and said that barring any unforeseen problems they will be "calling for bids in early spring to begin construction on the project."

A.C. Bowden came before the council to request approval of a contract for the engineering consultations on the block grant projects. The council approved his contract for \$12,000.00.

Before going into executive session, the council approved calling the election to be held April 7.

Those present for the meeting included Mayor Copeland, Alderman Paul Reece, Dub Dipprey, Pat Frizzell, and Kenneth Wofford, and city secretary Erma Lee Duckworth.

Kenneth Wyatt to speak at Chamber banquet

Renowned Tulia artist Kenneth Wyatt will be the featured speaker at this year's Lockney Chamber of Commerce banquet to be held March 2 in the Lockney Elementary Cafeterium.

Wyatt began painting 19 years ago and has since gone into several other art forms including bronze and pewter sculpture. His work is available in original paintings, limited edition prints, and even Christmas cards.

Wyatt's dedication to his work and lifestyle has lead him into an interesting

career that includes religion, public speaking, writing, and art. He pastored his first church at the age of 14 and has since had pastorates that have included a total of nine churches between 1944 and 1967. He is an ordained deacon and an ordained elder.

Wyatt is a graduate of Stephenville High School, Tarleton Junior College, McMurry College and did graduate work at Baylor University, and also at Iliff School of Theology in Denver. He holds a Doctorate of Fine Arts from

McMurry College.

This will not be the first visit Wyatt has made to Floyd County having been the featured speaker at several banquets in the area as well as displaying his works of art at various banking institutions in Floyd County.

Tickets for the annual banquet are \$5.00 per person and may be purchased from any Chamber of Commerce member. Highlights of the evening will be the announcement of Lockney's Man, Woman, and Family of the Year.

Williams, Terrell compete for Stock Show Queen

Libby Williams will represent Lockney FFA and Lisa Terrell will represent Lockney 4-H in the Floyd County Stock Show Queen contest.

Libby is the daughter of Mr. and Mrs. Jerry Williams. She was a contestant for stock show queen last year. Libby is presently a varsity cheerleader, senior class president, and Miss LHS.

She has been a member of NHS for two years, been a member of band and FHA, has been a class officer and on the student council for the past four years. She has been the FFA sweetheart the past two years and was a first runner-up in the FFA district sweetheart competition. Libby is on the Texas Junior Angus board of directors and is this year's Texas Junior Angus Association Princess. She is an All American Cheerleader.

Lisa is the daughter of Mr. and Mrs. J.T. "Buster" Terrell. She is presently a junior varsity cheerleader, a member of the band, a member of the junior varsity basketball team, and a member of the MUYF youth group at the First Methodist Church.

In junior high, Lisa served as a cheerleader in the 7th and 8th grades, was named to the UIL one act All-Star

cast last year, was salutatorian of her 8th grade class, went to state with the Gifted and Talented class, and was a member of the All-Region band last year.

Lisa has been in 4-H for the past six years and is involved in showing both lambs and steers. Lisa is a member of

the student council this year, was voted class favorite this year. She will play tennis, one of her favorite sports, this year.

The Stock Show Queen will earn her position by selling the most memberships to the Floyd County Fat Stock Show Association.

LISA TERRELL

A tour of 8 European countries

Our September Song...

Editor's Note: The following is an account given by Faye Barker, in cooperation with Dottie Stansell, of the travels by Art and Faye Barker of Lockney and Dewitt and Roberta Seago of Arlington in the European countries during the month of September 1983. The Seagos are former residents of Lockney and Floydada. This is the fifth account of several that will be printed in the upcoming editions of the paper.

Tea at the Dorchester is much more than just a warm cup of that beverage. It is a meal and a tradition, a social event that began in the 1840's, some 200 years after the first tea was brought to England from China. High tea is served between 3:00 and 6:00 p.m. and reservations are not normally required, but it is preferred if the gentlemen wear ties and jackets. We arrived, ready to be papered as we walked past and between many Rolls Royce and Jaguar autos which were parked out front. At least the formally dressed doorman let us into the Dorchester promenade which is stunning, with high ceilings, gold filigree, flowers, plants, pink marble columns and beautiful inlaid marble patterns on the floor. The carpet on which the gorgeous, plus velvet chairs and divans were placed, was hand knotted in Manila. Our waiter, probably in his 60's, was impeccably dressed in tails and stood so straight, we wondered if he could bend to serve tea. The tea was excellent, the china was bone, and the linens were fine. We were seated around a coffee table and

all the appointments were silver. The sandwiches were tiny and good, cucumber sandwiches, tomato sandwiches, cream cheese with chives sandwiches and other varieties as well. It seemed that they deserved a better name than sandwiches. Then came the second course. Scones are sweet little biscuits and are served with sweet butter and jam and small individual jars of strawberry preserves, and always at the Devonshire the scones will be served with Devonshire blotted cream, a simply heavenly dairy spread. It tastes like a gentle mixture of whipped cream and butter. Devonshire clotted cream takes two days to make and is not available everywhere. One recipe calls for two quarts of fresh Channel Island milk; so much for trying to make it in Texas! Devonshire clotted cream (or Cornish clotted cream reported to be even richer and we had lots of both) is reason enough to head off to England. Next came the pastry cart which is tempting and colorful, loaded with tarts, tarts, napoleons, chocolate eclairs, raspberry cakes, more than a dozen selections, and of course more pots and pots of hot tea, with individual silver strainers, naturally.

As we sat and looked at the very proper English people, we knew we were the most informal group there, to say the least - and I'm sure we were the ones doing the most laughing. The setting was not only elegance, but also a superb station for people-watching.

Most hotels serve afternoon tea. In many it is a simpler affair, perhaps just

This Week

CHILI LUNCH

The American Agriculture Movement is sponsoring a free chili lunch February 17 in Lockney at the Community Center (old VFW Hall). Scheduled speakers for the evening are David Senter and Wayne Cryts. The meal is free and everyone is invited to attend. Serving starts at 12:00 noon.

Selection Committee Meeting

The selection committee for the Chamber of Commerce Outstanding Man, Woman, and Family of the Year will meet Thursday, February 23, at 7:30 p.m. at the First National Bank. The meeting is tonight and all delegates from clubs, churches and other civic organizations are urged to attend this meeting to select Lockney's outstanding citizens for this year's Chamber banquet.

FAMILY PORTRAITS

The Floyd County Fair Association has announced that a photographer will be in Lockney on March 24 to take only family portraits. The photographer is being brought to Lockney as a fund raising project for the Fair Association. The portraits will be made at the Lockney Beacon office and anyone wishing to have pictures made of their families should purchase a coupon from any members of the Fair Board at a cost of \$7.95. The coupon will be for a 10x13 portrait and additional pictures may be ordered if you wish. The coupon also includes a frame for the portrait.

For more information on the photographer and coupons for the portraits call Tina Graves at 652-2776 or 652-3308.

CHAMBER OF COMMERCE

The date for the annual Chamber of Commerce banquet has been set for March 2 at 7:00 p.m. in Lockney Elementary Cafeterium. Tickets for the banquet are \$5.00 and may be purchased from any member of the Chamber or at the door. Speaker for this year's banquet will be western artist, Kenneth Wyatt of Tulia.

PERSPECTIVES

By the Rev. Michael O'Connor

A very special baby has been born. What makes the baby special is that it was conceived in one woman's womb and transplanted to another woman, who will be its mother. The event has been hailed as a major step toward enabling women who are not able to conceive to have children.

I have grave doubts about this procedure, as well as the so-called "test tube" baby phenomenon - or *in vitro* fertilization. My problems lie not in fear of some kind of selective breeding process, a la *Nineteen Eighty Four*, or *Brave New World*, but rather with the philosophy that lies behind.

There seems to be an attitude which says that science, given enough time, will be able to solve science, given enough time, will be able to solve all of mankind's problems. In science lies the power to do away with suffering, denial, discomfort, anything we wish to do away with. And because the technology exists, we feel we should use it. No one seems to be asking, Is it right? Should we do this thing?

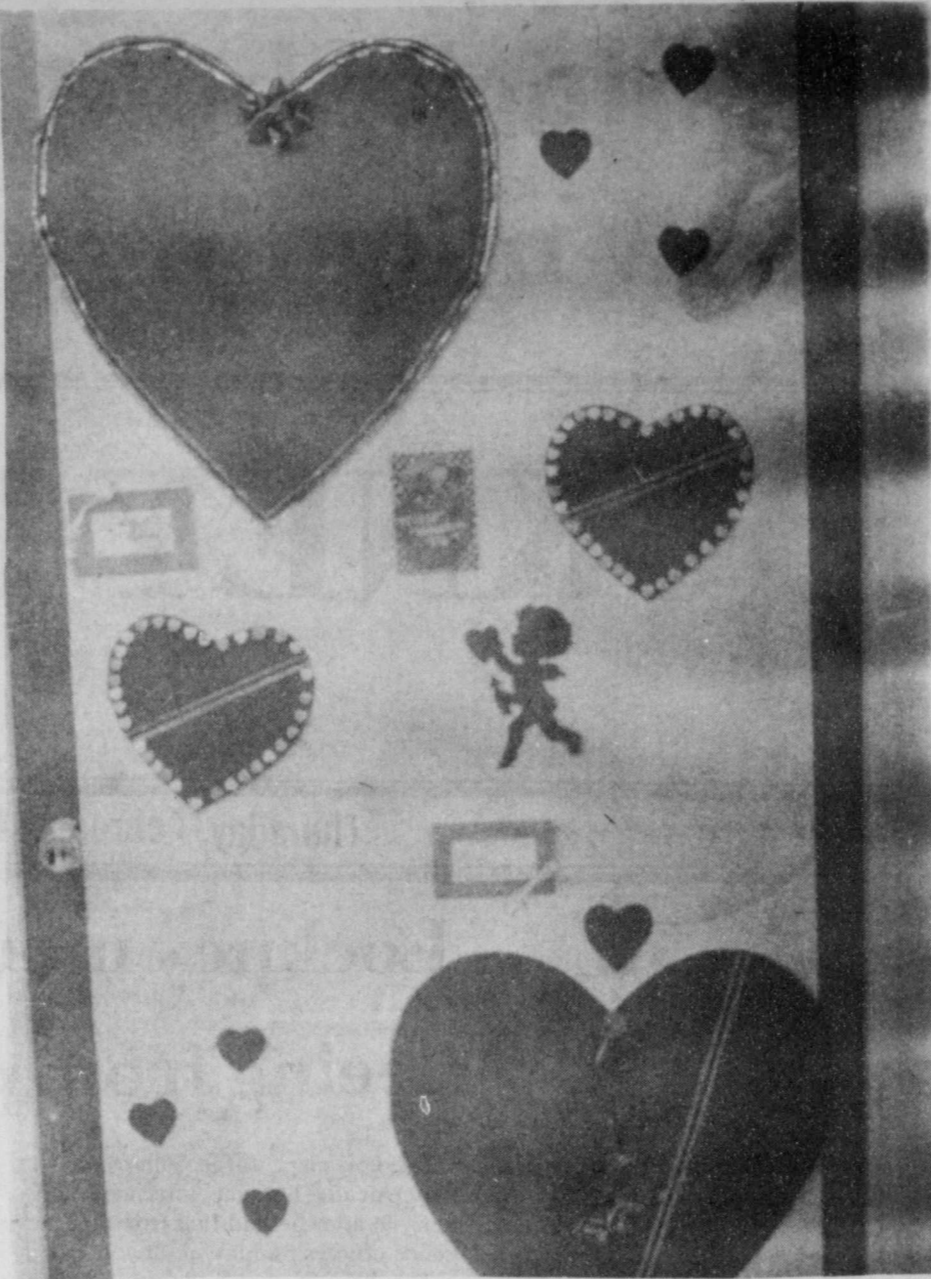

The argument in religious circles which supports the use of advanced medical technology runs generally along the lines that God gave us minds, expects us to use them, and therefore, if

we develop something new then it must be alright with God. It is, therefore it was meant to be.

Strangely, the Bible talks about things like suffering, self-denial, discomfort in positive terms. They are not to be feared, or particularly avoided, but instead transformed by the power of God. Also, the scriptures seem to indicate that none of man's inventions will save him. They will always be perverted by man's own perverted nature. Whatever we produce for good eventually is used for evil. A pessimistic attitude, to say the least, but pretty accurate, if you look at human history.

This pessimistic attitude does not rule out invention, and I personally would hate to do without many of the things which human ingenuity has given us. But I wonder, where are the ethicists? The people who make us think about right and wrong. If they are there, why don't we hear more of what they think about such things as ovum transplants, or any other development of the past couple of decades?

Obviously, I have no answer to the dilemma I propose. But, maybe, just maybe, we should think about our miracles a little longer before we pronounce them to be from above.

THE SECOND PLACE Valentine door at the Lockney Care Center was decorated by Pauline Monroe. She will receive a cash prize for second place.

In times like these.....

By Mary Jo Fielding

By Mary Joe Fielding

Relations between Washington and Perking seem to be on a healthy basis.

Chinese Premier Ziyang made a trip to Washington last month, and President Reagan is going to make a visit to China in April. Cooperation with China seems vital to threat Soviet expansion in the Far East. Although the U.S. and China are on good terms with each other, President Reagan is reassuring nationalists on Taiwan that detente with the mainland and Communists is not a sell of Taipei. The U.S. will continue to trade with Taiwan and supply them with military arms. The Chinese still think that Reagan, at heart, is a pro-nationalist, so a lot of

diplomacy is needed to refrain from leaning too much to the right - Taiwan.

The pressing problem for President Reagan in Asia is the turmoil in the Philippines and the danger to US bases there. He is sticking to a hands-off policy due to anti-American demonstrations there. Too he isn't supporting President Marcos like he would like to do, to avoid charges that he is backing Marcos.

US relations with pro-Western Japan are very close, in spite of the fact that Japan is reluctant to initiate a defense buildings. Tension in South Korea is very high, so US troops will still be maintained there.

All in all America's strategy in Asia is to deal with friends and allies with a delicate balance.

Jargin from Jackie

Residents at the Lockney Care Center worked diligently preparing special treats for each employee for Valentines Day. During the resident council meeting for February, residents voted to make each employee "Sweetheart for the Day." Many of the residents appreciate the love, kindness, and

devoted care given to them throughout the year. As they expressed their warm feelings during the meeting, each and everyone picked out employees they especially wanted to honor. The love gifts will be presented at the employee Sweetheart Party on Tuesday.

Our September Song ...

Continued From Page 1

tea and biscuits or English cookies. No matter how elegant or simple afternoon tea is a welcome adventure - but the Dorchester is elegance at its finest. Now wonder Elizabeth Taylor always comes here for all her many honeymoons! We all four agreed that it was a moment to remember and look back upon as a part of London, we would not have missed. Laughing, happy and filled to the brim with tea, we walked out into that typical foggy London air and were glad we had found the Dorchester! Since we were leaving the next morning we went back to the hotel, repacked and stored some of our luggage at the hotel until we returned in a couple of weeks.

After an early breakfast in our room we took a taxi to the Frames Station and to our bus where we met our driver and tour guide. Our group was again from everywhere. South Africa, Australia, New Zealand, Canada and lots of the States. One lady said "I really don't know what I am, I live in Australia and I have an Australian passport, but at customs, they told me I was English, so I really don't know."

Leaving London, we passed the great Scotland Yard and Westminster Abbey and drove on to Stonehenge, which is located 10 miles north of Salisbury, and is Britain's most important prehistoric monument. This huge structure in all probability of religious significance dates from between 1850 and 1400 B.C.

Stonehenge, means hanging stones and they are different types of stones. It is probable that Stonehenge was a solar temple or perhaps associated with a cult of the Druids. In the surrounding area 345 barrows (burial mounds) containing valuable utensils and jewelry have been found. Stonehenge still presents many puzzles to all who visit these massive structures.

These narrow little roads kept me

wondering how we could make it because all these people are driving on the wrong side again. We stopped at Salisbury, which was founded in 1220, and every house has a garden and flower garden behind it. It was the first English village and has a brook running right through the town. The sidestreets even have little brooks and waterfalls with green grass and flowers everywhere. We went through the Salisbury Cathedral and saw the oldest clock in the world here. We saw our first thatched roofs which are done by hand and last several hundred years. Some roofs are really fancy with designs and even had owls and birds made of straw as decorations. These are absolutely beautiful English cottages. The school kids are out with their sweaters, knee socks and white shirts - boys and girls alike wore white shirts. Public schools are really private schools, and private schools are called public schools, so some of the children were in uniforms. The hedge rows are neatly trimmed in different patterns and ivy grows up the sides and on the roofs of some of the houses. We can't imagine how green, green everything is as the trees meet over the narrow winding roads. It is in the county of Devon, that is famous for its lace. Royalty has always used some lace from here at weddings. Even Princess Di had some lace from here.

We travel down the longest lane in England, with old stone walls on each side, as we go into Cornwall County into Plymouth, to our hotel, the Duke of Cornwall. It is a beautiful old hotel with 6 flights of winding ornate iron stairways up to the second floor.

Plymouth, situated at the mouth of the River Tamar which forms boundary between Devon and Cornwall, is one of Britain's largest seaports and naval bases and historically the most impor-

tant. The defeat of the Spanish Armada off Plymouth marked the beginning of Britain's rise to the status of a world power. There is a large statue of Sir Francis Drake, here. The finest views of town and Plymouth Sound, are to be from the Hoe, a spacious park traversed by the Promenade, with a prospect extending over the Sound as far as the famous Eddystone lighthouse 14 miles away.

We walked to the harbor where the Mayflower embarked in 1620. An archway serves as a monument. To its side is a table explaining that arch symbolizes "The Pilgrim Fathers' going forth." Later ships crowded with U.S. invasion troops left from here for

the Normandy beaches. Both Raleigh and Drake were Devonshire men. Their voyages of adventure and discovery left from Plymouth. There is a statue of Drake looking out to sea on Plymouth Hoe, a high level piece of ground where almost any day elderly citizens are playing bowls, the same game, on the very same green on which Drake played when the Spanish Armada was approaching. It was July 31, 1588. Drake, the story goes, didn't even look up when told the news. "Let them wait", he growled, "We'll finish the game and beat them later." Though the story is not recorded in history, every child knows it and wishes to be like Drake - cool in a crisis.

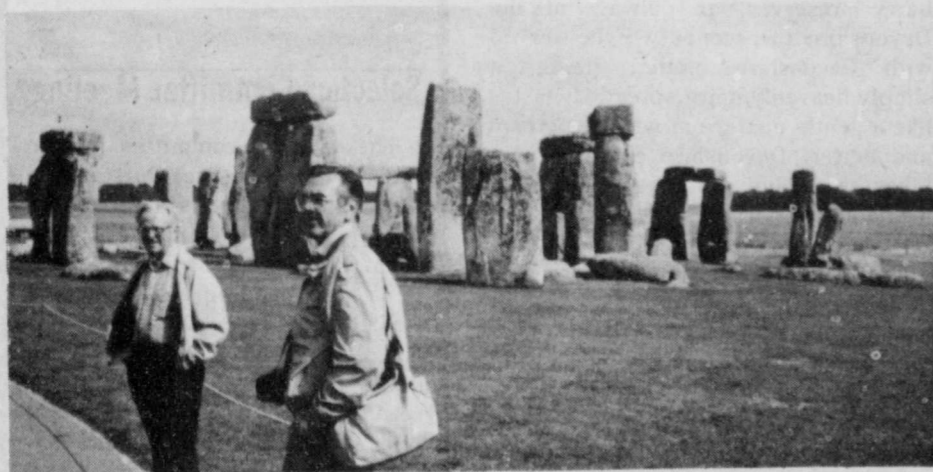

Women firearms course set

The firearms course, being offered by the Lockney Police Department and taught by Deputy Ray Macha, will begin Monday, February 20, and continue through Wednesday, February 22.

The classes will begin at 7:00 p.m. and will last till 10:00. They will be held at the Lockney Community Center at a charge of \$25 per person for the three nights of instruction. The course will include class instruction on the operation of a handgun, safety, Texas law concerning handguns, and the use of deadly force. Following the class instruction, range instruction will be held either the weekend following the classes or the weekend after, depending on the weather.

Anyone needing further information on the classes should contact Lockney

Police Chief Ken Farrow at 652-3548 or Deputy Macha at 983-2401.

CEDAR HILL NEWS

By Grace Lemons

We are enjoying the warm weather. It seems more like springtime.

There are still several confined in the homes with the flu. Tom Fortenberry, Grace Lemons, Cephus Fortenberry, Mandi Yeary and Max Yeary are all ill this week.

Albert Mize was able to go home Tuesday from the Caprock Hospital. He is feeling better this week.

Last report we had from Elizabeth Seay who is a patient in the hospital in Alamogordo was that she was a little better. We trust that she will soon be much better.

In spite of a number out with illness, the Assembly of God had an average crowd Sunday. They plan on having a fellowship meeting after church next Sunday evening and serving desert so that the members can get better acquainted with their new pastor and wife, Mark and Mary Proffitt.

Gladys Fortenberry went to Lubbock Monday morning to be with a friend, Azalee Beachamp, who is with her sister-in-law who underwent major surgery.

Bruce Conner of Lubbock visited his grandparents, Jim and Viola Conner Wednesday.

Little Bradley Max Yeary and his mother, Vikki returned home from the Methodist Hospital last Sunday and are reported as doing fine. Bradley Max has a great grandmother, Sarah Beard in Floydada, that we failed to mention at his birth.

Connie and Steve Pritchett of Amarillo and Peat Kelley were guests for Saturday evening dinner in the home of Mr. and Mrs. J.A. Welch.

Imogene and Cephus Fortenberry spent the weekend in Dumas with their daughter and family, Mr. and Mrs. Troy Smith.

Ruth and Robin Fortenberry of Hereford, visited their son, Mr. and Mrs.

Durrel Fortenberry.

Funeral services for Boone Hall of Plainview were held Thursday at 2:00 p.m. in the chapel of Lemons Funeral Home with Dr. Fred Meeks officiating. Burial was in the Floydada Cemetery under the direction of Lemons Funeral Service. Hall died Wednesday in the Nichols Hospital after a lengthy illness. He was married to Ruth Brown. He operated a Farm Implement Co. until 1952 when he became taxassessor and collector in Plainview until he retired in 1961. He is survived by his wife, Ruth and one son Ceile Hall of Baytown, four grandchildren and 11 great grandchildren. George Taylor was one of the pallbearers. Cephus and Imogene Fortenberry, Ruth and Robin Fortenberry, Alta Mae Higgins, Mary Doris, Kate Bradley, Mary Ann and Garland Tucker, Norma Welch, and Peat Kelley were among those who attended.

Junior and Martha Taylor visited Shirley and Rainey Varner in Floydada Sunday afternoon.

Linda and Phil Lemons and family had dinner Sunday in the home of her parents, Mr. and Mrs. W.T. Cooper of Lockney.

Edna Gilly visited Janette Lackey in Floydada Sunday afternoon.

There isn't much fun in medicine... but there is a lot of medicine in fun.

Businesses granted 1-time chance

State Comptroller Bob Bullock said Texas businesses operating outside state tax law will get a one-time-only, penalty-free chance in February to get right with the Comptroller's Office before Bullock lowers the boom in March.

"We'll give them 29 days in February to get right with the law," Bullock said.

CHAMPION BULL at the 1984 Texas Angus Futurity in Fort Worth was J K Pine Tar. He was shown by the J K Angus Farm, Lockney, and sold for \$60,000 to Ray Adams, Tahoka, and Pine Tar Breeders. [Photo by American Angus Association]

Bond sales increase

Sales of U.S. Savings Bonds during the period January through November 1983 in Texas amounted to \$246,681,983, an increase of 27.6% over the same period a year ago, T.J. Morrow, District Director for the U.S. Savings Bonds Division in Dallas, Texas, announced. These sales repre-

sent 109.8% of the state's 1983 assigned dollar goal of \$224,700,000.

In Floyd County, sales of Series EE Bonds amounted to \$2841 during November, 1983, Lewis McDaniel, Volunteer County Chairman, said. Total eleven-month sales of \$59,917 represent 70% of the County's 1983 assigned dollar goal.

Nationally, January through November 1983 sales of Series EE Bonds totaled \$3.5 billion, an increase of 21% over 1982 sales, representing 102.0% of the nation's \$3.5 billion goal. Savings Bonds held by the public amounted to \$71 billion as of November 30, 1983, the highest in three years.

Tax package not needed

If you haven't received your tax package by now, you probably won't receive one this year, the Internal Revenue Service says.

Tax packages are mailed each year shortly after the December holidays and are received by most taxpayers during the first two weeks in January or earlier. Due to the postage costs involved, tax packages only receive limited forwarding. Those that cannot be delivered as addressed are not forwarded outside of local carrier routes, IRS explains.

Some taxpayers wait well into February hoping that their tax packages will still arrive in the mail. Although tax packages are very helpful in filing federal tax returns, especially due to the computerized peel-off address labels and coded envelopes they contain, these items are not absolutely necessary to file a return.

Taxpayers who do not receive tax return forms in the mail may obtain forms from many libraries, banks, post offices, IRS offices, or by calling the IRS at 742-2440 in Dallas, 335-1370 in Fort Worth, or 1-800-424-1040 elsewhere in Texas.

Subscriptions

The following subscriptions to the Beacon are due for renewal in February. Payments may be made by mail by sending checks to the Lockney Beacon, Box 187, Lockney, Texas 79241 or by bringing payments to the Beacon office located at 211 N. Main in Lockney. Subscriptions rates are as follows in Floyd County \$11.50 per year, out-of-county residents \$12.50 per year.

"If they come in and wipe the slate clean, we won't charge them penalty and we won't file charges against them. If they wait until March or if they wait until we find them, they'll be too late."

Comptroller enforcement officers will begin using new procedures designed to more quickly identify and collect taxes from errant taxpayers in March. Under the law, the Comptroller can collect a 10 percent penalty and has the power to file criminal charges for unreported state taxes.

"We will only waive penalties and charges if the taxpayer comes forward voluntarily during February," Bullock said. "Chronic late filers, delinquent taxpayers and other taxpayers already under investigation or court prosecution don't qualify for this relief."

The February-only, no-penalty period is aimed at:

- * A business operating without a tax permit.
- * A business (such as an out-of-state corporation) which owes Texas taxes even though a tax permit isn't required.
- * A business not reporting taxes on a new activity added since it got its original tax permit.
- * A business with a single tax permit, but more than one business location.

"The February period is for the business operating outside the tax law or beyond the limits of its tax permit. We want them to come out in the open, get a permit and start reporting taxes like most other Texas business people," the Comptroller said.

Information and assistance for taxpayers to take advantage of the one-month grace period will be provided by the Comptroller's field offices or by calling 1-800-252-5555 toll free from anywhere in Texas.

FBC hosts Missions Conference

First Baptist Church, Lockney, will host World Missions Conference, February 16-19, 1984. Missionaries will be heard Thursday through Sunday evenings at 7:00; with an 11:00 service on Sunday morning. The pastor, Murle Rogers, extends an invitation to all who would like to attend.

Thursday, February 16, the guest will be Thomas Jackson, currently stationed in Seoul, Korea, where he is business manager for the organization of Southern Baptist Missionaries. Jackson received missionary appointment in 1971.

Friday, February 17, B.J. Williamson, Director of Missions for Pioneer Baptist Association, Rochester, Minnesota, will be speaking. He is serving under missionary appointment by the Home Mission Board's Rural/Urban Missions Department.

Saturday, February 18, Margaret Tucker will share of experiences on the

foreign mission field where she and her husband are stationed in Cali, Colombia. Margaret serves as secretary to her husband, Robert, who is associate area director for Western South America, serving as liaison between missionaries in the area and the Foreign Mission Board.

Sunday, February 19, W. Duane McCormick, a missionary of the Home Mission Board's Christian Social Ministries Department, will be speaking during the 11:00 a.m. worship hour. McCormick is pastor/director of the Baptist Center in Omaha, Nebraska and director of Christian Social Ministries for Eastern Nebraska Association.

The Sunday evening speaker will be the Rev. Donald B. Highfill, Southern Baptist Missionary to Brazil, Highfill, appointed November 1973, is stationed in Uberlandia, Brazil, where he is a general evangelist.

NOTICE TO PUBLIC OF FINDING OF NO SIGNIFICANT EFFECT ON THE ENVIRONMENT AND NOTICE TO PUBLIC OF REQUEST FOR RELEASE OF FUNDS

City of Lockney
P.O. Box 387
Lockney, Texas 79241
(806) 652-2355

TO ALL INTERESTED AGENCIES, GROUPS AND PERSONS:

On or about March 5, 1984, the above-named City will request the Texas Community Development Program (TCDP) to release Federal funds under Title I of the Housing and Community Development Act of 1974, as amended, for the following project activities:

Paving/Drainage Improvements	\$138,500
General Administration	\$ 6,500

The above referenced project activities will be carried out as part of a 1983 Texas Community Development Program (TCDP). The project will be carried out at the following locations:

- E. 5th Street (Houston - Locust);
- Washington Street (E. 4th - E. 5th);
- E. 2nd Street (Guest to north end);
- E. 6th Street (Guest - Locust);
- E. 1st Street (Guest - Houston);
- Houston Street (E. 2nd - E. 3rd); and
- W. 1st Street (Washington - Locust)

A map showing the locations of specific proposed paving/drainage improvements is available for inspection in the Lockney City Hall.

FINDING OF NO SIGNIFICANT IMPACT

It has been determined that such request for release of funds will not constitute an action significantly affecting the quality of the human environment and accordingly the above-named City has decided not to prepare an Environmental Impact Statement under the National Environmental Policy Act of 1969.

The reasons for such decision not to prepare such Statement are as follows: PAVING/DRAINAGE IMPROVEMENTS: Existing dirt streets in the City will be paved, curbed and guttered to reduce dust pollution, facilitate drainage of storm waters and improve vehicular and pedestrian safety. Limited grading and clearing will be involved in project construction activities, but no major changes in topographic features are anticipated. No major changes in land use, population density or demand for community facilities are expected over the course of this project or as a result of project use. Existing support systems and infrastructure will not be negatively affected by the project.

During the construction phase of the project, some minimal increases in air and noise pollution may occur, but air quality and noise levels will return to current levels once construction is completed. The project will not affect any properties of known historic, archeological or architectural significance and the aesthetic environment of the City will be enhanced by the proposed activities.

GENERAL ADMINISTRATION: Administrative costs are categorically exempt from the environmental review requirements under 24 CFR 58.21.

An Environmental Assessment respecting the within project has been made by the above-named City which documents the environmental review of the project and more fully sets forth the reasons why such Statement is not required. This Environmental Assessment is on file at the above address and is available for public examination and copying upon request in the office of the City Secretary between the hours of 8 A.M. and 5 P.M., Monday through Friday.

PUBLIC COMMENTS ON FINDING

All interested agencies, groups and persons disagreeing with this decision are invited to submit written comments for consideration by the City to the office of the City Secretary. Such written comments should be received at the above address on or before March 4, 1984. All such comments so received will be considered and the City will not request the release of Federal funds or take any administrative action on the within project prior to the date specified in the preceding sentence.

RELEASE OF FUNDS

The City of Lockney will undertake the project described above with Texas Community Development Program (TCDP) funds from the Texas Department of Community Affairs (TDCA) under Title I of the Housing and Community Development Act of 1974, as amended. The City of Lockney is certifying to TDCA that the City and J.D. Copeland in his official capacity as Mayor consent to accept the jurisdiction of the Federal courts if an action is brought to enforce responsibilities in relation to environmental assessments, decision making and action; and that these responsibilities have been satisfied. The legal effect of the certification is that upon its approval the City may use the TCDP funds and TDCA will have satisfied its responsibilities under the National Environmental Policy Act of 1969 and 24 CFR Part 58.

OBJECTIONS TO STATE RELEASE OF FUNDS

TDCA will accept an objection to its approval only if it is on one of the following bases: (a) that the certification was not in fact executed by the certifying officer or other officer of applicant approved by TDCA; or (b) that the contractor's Environmental Review Record for the project indicates omission of a required decision, finding or step applicable to the project in the environmental assessment. Objections must be prepared and submitted in accordance with the required procedure (24 CFR Part 58.75) and may be addressed to TDCA at:

Texas Department of Community Affairs
2015 South IH-35
P.O. Box 13166
Austin, Texas 78711

Objections to the release of funds on bases other than those stated above will not be considered by TDCA. No objection received after March 26, 1984, will be considered by TDCA.

J.D. Copeland
Mayor, City of Lockney
P.O. Box 387
Lockney, Texas 79241

Coach's Comments

By Nancy Ray

Our district season ended Friday night with a win over Idalou Tuesday and then a loss to Slaton on Friday. The Varsity girls played a great first half against Idalou scoring over half our points then, shooting well over 50 percent from the field. The second half was just about even. Shandra Bybee played a strong game for us guarding the lane well and pulling in rebounds for us. Shawnda Brock was high scorer with 17 while Karyn Foster put in 15, Jerri Ann McCormick 8, Holt, Cantu and Carthel with 4 apiece.

Against Slaton we basically played a good game, especially the 2nd and 4th quarters. From the line we hit 83.3 percent with Karyn Foster hitting 100 percent from the line. We played one of the strongest 4th quarters we've played all year but our come back was a little too late against such a strong team. Kim Carthel played the best she has played

all year hitting for 8 points. Karyn Foster was high scorer with 20, Shawnda Brock hit for 13, Jerri Ann McCormick had 3, while Holt, Fitzgerald and Bybee each put in 2 and Cantu with 1.

Our basketball season has ended with disappointments of how we did in district, especially. But we also grew as a team and as individuals this year and now we are anxious to begin working towards next year's season. The high school girls will be in an off-season basketball program this spring to prepare us for next year. To the seniors: Shawnda Brock, Karyn Foster, Jerri Ann McCormick and Kim Carthel we thank them for their hard work, their dedication to the sport and team and their leadership on and off the court. We wish them the best of luck in all their future encounters and we wish to express to them our love and tell them how very much we will miss them in basketball!

DAVID SUTTERFIELD and Ricardo Bernal wait for the rebound in Friday's game against Slaton. This was the last game of the season and the J.V. boys ended with an 11-9 record.

Varsity boys		Games	Points	Rebounds	Reb. Avg.	Assists	Steals	Scoring Avg.

toes, spinach, hot rolls, apple cobbler, milk
Friday:
 Breakfast—Cream turkey on toast, applesauce, milk
 Lunch—Taco burger, spanish rice blend, creamed corn, peach pudding, milk

JV boys end season with 11-9 winning record

The Junior Varsity boys ended the season Friday night with a marginal loss to Slaton. Final of the game was Slaton 53, Lockney 47. The Lockney boys had lead or stayed even with Slaton until the last few minutes of the game when they had a streak of cold shooting. With shots not falling in for the Horns they were unable to keep Slaton from going ahead and winning the game.

Coach Randy Josey said that Johnny

Torrez and Raymon Cortez had excellent offensive games and that Ricardo Bernal and David Sutterfield rebounded very well. These young men end the season with an 11-9 record and Lockney should be very proud of the hard work these boys have throughout the season.

Scoring summary for the game was Johnny Torrez with 25, Raymon Cortez with 13, David Sutterfield 5, and Joe Torrez and Ricardo Bernal with 2 each.

Varsity boys end season with lose to Slaton Friday

The varsity boys ended district play with a loss to Slaton Friday night. Final score was Slaton 46, Lockney 40. Coach Josey said that the whole team played very well and had a chance to win at the end of the game but just fell short of the victory. They end the season with a district record of 0-10.

This will be the last high school game

for two members of the varsity team, Jackie Cunyas and Abel Salas will be graduating in May. The rest of the team are juniors.

Scoring for the Slaton game was Buffo Rodriguez with 16, Ritchie Thornton with 8, Paul Moats and Scott Poole with 6 each, and Brent Hallmark and Jackie Cunyas with 2 each.

Varsity boys lose to Idalou

The varsity boys endured another loss Tuesday night to the Idalou Wildcats. Final score of the game was Idalou 66, Lockney 48.

Coach Randy Josey said that a very slow first quarter and a poor third quarter sealed the loss for the Horns, even though they outscored the Wild-

cats in the second and fourth quarters. The coach also said that Thornton and Moats had very good offensive games and Hallmark pulled down 13 rebounds.

Scoring for the game was Ritchie Thornton with 14, Paul Moats with 12, Scott Poole 8, Brent Hallmark 7, Buffo Rodriguez 5, and Jackie Cunyas 2.

JV Boys lose to Idalou Tuesday

The Lockney junior varsity boys lost to the Idalou JV Tuesday with the final score being Idalou 51 and Lockney 29.

Coach Randy Josey said that Idalou came ready to play and they just outplayed the Horns JV. He also said

that Ricardo Bernal played an excellent game, coming out as the high point scorer of the game with 9. He was followed by David Sutterfield with 8, Johnny Torrez 6, Ted Florez, Joe Torrez, and Ronnie Ford with 2 each.

 8:00 (4) ★★½ "PONY EXPRESS" (1953, Western) Charlton Heston, Rhonda Fleming. A pair of cowboy heroes help to ensure that the mail goes through.

In and around Lockney

By Felicia Applewhite

"I have never really had a scare just lots of fun," is the way Dickie Lambert of Lambert Spraying Service sums up his experience flying planes.
 Once he did have a forced landing when he had to "beat it back to the strip" because of a blown cylinder. Another time, he hit a high wire line when the tip of a wing caught the wire and pulled it loose from the transformer. A part of the wing tip was torn apart in the impact, but some such experience are likely with anyone who flies.
 He began flying with Miller Flying Service in Plainview in 1973 and began spraying in 1975. He owns three big wings just for spraying "that is all they are for."

The company is equipped with radios in three planes as well as all pickups and one at the house with a 15 mile range.
 Sometimes a farmer wants to talk home. He gets in the pickup with the flagger and makes his contact home.
 There are times when Lambert thinks he is through, only to hear his wife calling to let him know there is more to do.

Lambert Spraying Service bought Austin Beedy Spraying Service which had been active in Floyd County since 1947. Beedy will help some with Lambert during the busy season. Probably, the third pilot will be added when needed.
 Lambert never flies for pleasure, but everytime he flies a plane "it is pleasure." He admits that his wife, Peggy, is really the major part of the business. She is tied to the phone all summer long.

He does not spray if the wind is too high. A little wind sometimes helps. Whirlwinds get rough. Some times they can't be seen and it's easy to run into one and get "rocked around pretty good."

"I see some pretty sights - lots of pretty sunsets and sun rises. When there are clouds, it is easy to get under one - a little one - to get the plane washed off." Too, he has sprayed over foxes, coyotes, rabbits and some stray dogs.

"Just seeing a plane flying up and down a field looks simple," he says, "but the pilot of that plane has to pass a physical every year." He has to have insurance, eye tests, and meet other governmental rules and regulations.
 Lambert Spraying is a member of Texas Air Applicator Association by choice. This organization has sophisticated equipment to measure pattern in spraying. It measures number of drops and size of drops or measures possible spots in a spraying pattern. Crop dusters organized the association.
 Lambert Spraying Service is located on a land strip one mile east of Lockney. The hanger is built on the strip of land bought from the Booners not far from Lockney Cemetery.

"I like for farmers to know that I appreciate their business and will work hard to do a good job. I have sprayed for lots of people. Our customers are real solid farmers."

A little spraying is done all the time, but the busiest time is July and August and the first of September. A little wheat spraying begins now.

Spraying means insecticides, of course.
 "They are getting harder on us all the time about disposing of waste chemical. You can't use any chemical except that E.P.A. says you can. In safety equipment you have to have closed system. You have to wear rubber gloves, respirators and rubber boots. One company demands a vine sample. Someday there will be a limit to hours.
 Approximately five to six hundred hours is the time spent in spraying in one season.
 "PIK programs cut me back about 50 percent last year. There were other factors, bad weather, insect pressure, not so heavy - not so many insects, maybe, but PIK was the main reason for the cut back."
 He has had to do a field over because rain washed the spray away.
 Winter time is used to paint trucks ready for summer. There are other jobs just whatever needs to be done.
 There is no doubt that this type of flying is different from any other kind.
 "When you sit there and smell that stuff all day it kinda gets to you somehow. It makes you a little irritable."

He sprays cotton more than any other crop. He also sprays "lots of corn, seed milo and a few vegetable crops - pepper and onions." Boll worms get in peppers as well as cotton. Thrip gets in onions. These vegetables are usually in small patches.
 One morning before long a roaring plane will awaken sleepers to life. A smell of "that stuff" will fill the air. Then you know the Lamberts are on the spraying job again - Dickie is "having more fun."
 The enterprising Dickie and Peggy Lambert are both graduates of Lockney High School. Call them. You will find they are listed in the Lockney telephone directory in bold black letters followed by number 652-2657.
