AN EXCELLENT TURNOUT came to town Saturday to hear a wide variety of entertainment and to win several gifts donated by local merchants.

## Saturday's Entertainment Extravaganza well received by Lockney citizens

The Main Street U.S.A., Entertainment Extravaganza has been deemed a success by the Lockney Chamber of Commerce and local merchants.

There were an estimated 400 people in town for the start of the entertainment portion of the day and there was no way to estimate the number of people in town for the sidewalk sales held by local merchants. At noon the downtown area was full of cars and people shopping and enjoying foods and drinks provided by local clubs.

The entertainment session kicked off with the Gospel Heirs from Floydada featuring Janet Lloyd, Judy Allen, Esther Parker, and Dell Gray singing gospel songs. They were followed by Lisa Mosley, who accompanied herself on the guitar. Her songs included "A Little Good News" and "Leader of the Band." She was followed by Chuck and Joyce Wilson and James and Jessie Whittis in a brass, piano accompaniment. They were followed by a marching band. A special number featured Ray Gomez and Maggie Duenas in a Mexican hat dance.

Louis Ray Stapp, Dowell Brewer, Lockneyites, and Jack Thompson, and O.B. Barns, both of Tulia, and Gary Williams of Kress played guitars and fiddle music for the crowd, specializing

in some old country songs which were well accepted at the gathering.

West Wind, featuring Keith Owens, Tim Burns, Roger Alldredge, and Brian Sanders, then played for the crowd. Their rendition included many current country hits. Joe McLendon was a special attraction during their performance, playing his guitar and singing.

Particularly well accepted among the slate of entertainers was the Finger Pickin' Good Band featuring Lockney's own Earl Broseh, making its debut in Floyd County. Due to a time factor involved, they went to the Broseh farm where they set up and played for the young people of the town.

Closing out the evening was a square dance featuring Sid Perkins of Plainview calling. The dance was sponsored by the Whirlers and was attended by about 80 square dancers from Lubbock, Dimmitt, Hart, Silverton, Plainview, and Roaring Springs, as well as members of the Whirlers Square Dance Club from Lockney and Floydada. The two-hour dance was held in the middle of the block downtown which had been barricaded for the Extravaganza.

Several prizes were awarded during the entertainment portion of the day. Winners included Buddy Wiley, recipient of the gift from White's Auto; Tom

Weathers won the gift certificate from Mize Pharmacy; Raymond Watson received a Coleman cooler from Rowell's V and S Variety; Grace Colson accepted a gift certificate from Brown's Department Store; Wynona Allison was the recipient of a gift from Schacht's Flowers; Mary Ansley won a gift certificate and Jewell Thompson was awarded a Presto Burger from Byrd Pharmacy; Tanya Covington won a gift from Davis Lumber; R.W. Johnson was the winner of the gift from Consumer's Fuel; Hazel Johnson's name was drawn for the gift from Webster Service and Supply; Jeff Race won a gift from Jackson Tire; Helen Hodel received the gift from Reecer's Cleaners; O.C. Allison also gave away a gift from his booth.

For those who did not come to the extravaganza, you missed a very enjoyable day with sidewalk sales by local merchants, booths with several kinds of refreshments and foods, and several booths displaying crafts, knives and scissors, and even a white elephant sale.

Many residents commented that they had enjoyed the day and many others said it was nice to see so many people in town for the community wide day of fun and entertainment.

## Longhorn Inn opens under new ownership

The Longhorn Inn opened Wednesday under new ownership and management. Lela and Richard Brown purchased the Inn from Violet Cooper earlier this year. Brown formerly lived in Lockney many years ago. His sister is Willie Billington.

The Browns said, "We are excited about living in Lockney and about running the Longhorn Inn. We plan to run it the same as it has been in past years." Lela commented that "I can't wait for football season to begin. I like high school football even better than the pros." She is also glad to have the Inn and to be located where she can be with the young people. She said, "I enjoy teenagers. They keep you young. We are going to enjoy being with them every day." Some of them working in the Inn with her.

Brown's sister, Willie Billington, is a longtime Lockney resident.

Lela said she would be the only foreign face for awhile as Violet Cooper is going to be helping her in the store, as well as Mildred Reagan who will be "at the grill" this year.

## Lockney School board drops tax rate

The Lockney Independent School District Board of Directors met August 14 to set the tax rate and to adopt the budget for the 1984-85 school year.

The board dropped the tax rate 1 cent this year and set the tax rate at 77 cents per \$100.00 of property evaluation. The decrease was made due to the bonded indebtedness of the school district which was paid off last year with an equal amount of the taxes collected earmarked for that purpose. The 77 cent tax rate will generate a total of \$591,935 in revenue for the school district.

The board also approved the budget for the upcoming year. The estimated total budget expenditures for 1984-85 is \$2,093,977.00. This figure has increased approximately \$500,000.00 over last year's budget of \$1,600,000.00. The increase is generated from increased teachers' salaries and from additional teachers added to the faculty to meet the new curriculum standards set forth by the state. Of the estimated expenditures 71.3% or \$1,502,128.00 is for salaries. Estimated total revenue for the upcoming year is \$2,182,906.

This year's tax base is \$79,744,158.00 as opposed to last year's \$79,595,857.00 which is an increase of \$148,296.00 in property evaluation.

This year's budget is based on what the school system could receive from the State; however, the exact figure the school will receive will not be known until possibly January.

In other business the board awarded the bids for the school insurance to Floyd County Insurance. The bid of \$54,208.00 for the TMP, boiler insurance, school board liability insurance, book bond insurance and buses was accepted by the board. Floyd County Insurance was also awarded the bid for insurance on the school vehicles for a cost of \$2988.00. During the voting on the vehicle insurance two abstentions were noted as Clar Schacht and Bill Race could not vote. It was also noted that Jerry Paul Cooper is now the agent of record for the school system.

The board accepted a milk bid from Bell Dairy of 15 cents per half pint of low fat milk. Theirs was the only bid submitted.

During the meeting the board also set the lunchroom prices for the upcoming school year. They will be as follows: elementary breakfast, 30 cents; elementary lunch, 65 cents; reduced breakfast, 25 cents; reduced lunch, 35 cents; high school lunch, 65 cents; adult lunch, \$1.00; and visitor lunch, \$1.50. These prices were unchanged from those last year.

The substitute list for the 1984-85 year was approved by the board. Included on the list were: Arla Copeland, Reeda Cay Smith, Kathy Hunter, Vera Jo Bybee, Laura Wilson, Cheryl Teeter, Sharon Kleypas, Linda Ryan, Martha Mangold, and Leona Watson. Substitutes will be paid \$25.00 per day.

In other business the board approved payment of current bills, investments, and approved tax report #11 which shows the school district is 99.3% collected.

Present for the meeting were board members Eddie Foster, Clar Schacht, Jim Bob Martin, Bill Race, Kelton Shaw, Eddie Teeter, superintendent W.H. Hallmark, and principals Poole, Lusk, and Knox.

In the past five years, long distance telephone companies have redefined the long distance industry. Here's why:

Competition for the long distance dollar is completely redefining the market. With the breakup of the Bell System on January 1, 1984, the courts ruled that MCI, Sprint, NTS Communications and others could compete equally with AT&T for long distance revenue. Time should eventually bring competition to all communities.

Here's how you can take advantage of this phenomenal growth.

NTS Communications, Inc. of Lubbock, Texas is expanding its West Texas network. If you would like further information and disclosure on our franchise please contact us at 806-762-4565.

## Lockney Care Center News

By Mavis Barton

Sunday, August 5th: Well I made it home once again and our son, Steve and three grandchildren, Shonda, Bobby and Blake were already here. They came running to tell me, "Shonda's going to have two little lambs (sheeps they called them) and she will let Bobby help take care of one. Right now they are looking for lumber and wire.

I am sitting in the shade of the trees with the wind blowing; it feels so good. The old windmill is pumping and clanking every time it goes back up. When the wind stops, the windmill stops and one can hear only the rustling of the leaves. Then it gets hot and gets so quiet you can almost hear the silence thundering in your ear. Have any of you heard silence?

Monday, 6th: Oh boy it is hot again today. We also played bingo and we won bananas. All of us kept playing blackout until all of us were "blacked out." If you had any numbers showing and all the numbers were covered on the callers board, you were not paying attention. I was waiting for that special number, when my sister-in-law Louvaine Scaff from Matador and her grandson Mike McCarty from Odessa walked in. We went to my room and she told me that Charlie, her husband, was in the hospital across the road. He had become ill while cotton chopping with Mike. They rushed him to Lockney General in an ambulance. A few miles out of Floydada the ambulance broke down. Another ambulance had to be called to get him to the hospital. The doctor said it may have been a spasm or a light stroke. So Charlie hurry and get better.

Wednesday, 8th: Today while it was raining, Monte Griffin, our entertainment director from Lone Star, helped us make key chains from straight clothes pins. We call them pegs. After we fastened the ring on the top, we took cotton balls, dipped slightly in water and then paint and rubbed it onto the pins. We had to give them four coats.

Afterwards we shelled some peas and just got through in time for supper.

Thursday, 9th: We won bananas at Bingo again today. They also had a domino game going on in the lobby.

Friday, 10th: Each week seems to pass by quicker than the one before. We have still got the stormy weather. While I was getting ready for bed, I could have sworn there was several tails coming from that angry black cloud. But our nurse, Myrtle Gibson, came and closed the venetian blinds, so if there was any hail, we would not have any glass coming in.

Monday, 13th: I went home again Sunday and all the crops looked good, the pastures were beautiful and green. It didn't look like this part of Texas should this time of year. We spent the morning sitting under the trees, and listening to the bullfrog in the dirt tank by the windmill. I have heard it the last three or four Sundays I have been home. Then we went inside and had dinner and watched T.V. a while. Then we sat at the front outside in the cool eating a bowl of ice cream and the field across the road from us is so tall with hay grazer it could almost hide a bear.

Erma Joy Luhman came home from the hospital today, but is still very sick.

We had Bingo again today and for a very nice change we had fried pies. At blackout we won a fresh peach and they were so good.

Tuesday, 14th: We also had a welcome change in the weather, too, this week. Four or five children of various ages who live across the road from the home were having the time of their lives playing in the water and getting plenty dirty too. It's getting dirty that makes it fun, but it is drying up fast.

We had a good church attendance today and it helped my singing a lot.

Wednesday, 15th: The residents are venturing outside again and taking in the sunshine. Mabel Griffin returned home from the hospital today. So I guess that makes us brimful again along with the arrival of new residents.

## Monte's Magic Moments

By Monte Griffin

Another week gone by. Time really flies when you're having fun. Monday was a good start with most of the residents enjoying their daily workout of exercises. It is always nice, though, to kick back and relax with a bingo tournament to fill the afternoon.

Tuesday was a busy day of snapping peas; then our bus trip took us to Hale Center. We really didn't do that much, but the ice cream and cokes were really delicious. Nena Loudermilk, Bessie Hunt, Donie Hanson, Elma McDonald, Billie Self, Betha Cunyus, Della Willman, Edna Hunter and Mary Jo Fielding had made the sight seeing tour.

Wednesday most of the residents had a nice quiet afternoon, chatting, watching T.V. and visiting.

Thursday was film day. "Journey Into Summer" showed us what all the animals from lizards to deers go through to get ready for summer. The residents found the film very interesting.

The end of the week rolled around quicker than we expected. Our Friday was filled with our usual bingo tournament. The residents really look forward to this. They get a lot of enjoyment out of bingo. I changed their prizes up a little bit this week, but I found out everyone likes fried pies, peaches, nectarines and candy bars. Variety and changes are always great; keeps you wondering what will be next. I would like to say "Thank You" to Mr. Bill White. I know we can put the

donated watermelons to good use. Everyone loves watermelons. Also a special thanks to Myrtle Gibson for the green beans.

The community church groups were going strong as usual. Thanks to everyone for making our home a better place to live.

Thanks also to Barbara Mathis; we always appreciate left over wedding cake. The residents had a very filling Sunday.

As for now, things are going well. We appreciate everyone for all the time they spend with us. So until next week.

By Mary Jo Fielding

After a four-year program to beef up the Central Intelligence Agency, the results can now be seen. It is now a spy service with a world-wide influence. The change to a stronger agency has been pushed hard by President Reagan and CIA Director William J. Casey.

Congress has attempted to keep a tight rein on the CIA but at the same time actually began pushing the buildup of the organization even before Casey took over. More than any other director in CIA, it will be Casey himself who will be held responsible for successes and failures of the service. Casey was an intelligence operative during World War II and a millionaire business executive. Therefore, he brings many skills to the agency. His greatest contribution, so many see it, may be his sense of how an espionage agency should be run and his ability to build a capable staff of experts to help him do it.

Highly respected within the agency due to his own intelligence background, Casey has gone to great lengths to establish rapport with CIA people at every level. Unlike some earlier chiefs, he regularly drops in on case officers, questioning them closely about their activities abroad.

He has close ties to President Reagan —having served as his campaign manager in 1980. All this has shaped up in a more important plus. He has won budget increases of about 25 percent. CIA spending, secret under rules of Congress, exceeds to 1.8 billion dollars a year.

Yet, despite the lawmakers generosity, Casey has few friends in Capitol Hill. Hostility between Congress and Casey deepened when some lawmakers alleged that he withheld detailed infor-

mation earlier this year about CIA mining of Nicaraguan ports.

## Farm Bureau meeting set for August 25

The Floyd County Farm Bureau annual meeting will be Saturday, August 25, beginning at 7 p.m. at the Massie Activity Center in Floydada, according to Warren Mitchell of Lockney, county president.

A fish and chicken dinner, catered by Danny's Hens & Fins, will precede this meeting at 7 p.m.

The main purpose of this annual meeting is to adopt policies for the coming year. Also, new officers and directors will be elected at this time as will voting delegates to represent our county at the state convention to be held

November 25-28 in San Antonio. Leaving the Board this year are Delmas McCormick and Ricky Mosley. Up for re-election is Ken Campbell.

The nominating committee has selected six candidates as replacements. They are John Quebe, Dan Smith, Jerry Cawley, Lance Poole, Lanny Glasscock and Robert Pyle. Nominations can also be made from the floor.

All Farm Bureau members are invited to attend this meeting, but only agricultural producers may vote or be elected to an office, according to our county by-laws.

Major issues expected to be considered include new farm programs, energy, taxation, labor, government regulations, transportation and education, said Policy Development Chairman Ricky Mosley of Lockney.

Adopted resolutions concerning local matters will become county policies. Other accepted proposals will advance to the state convention as recommendations for policies on the state and national levels.

The policy development committee is currently accepting suggestions for resolutions. Producer-members are encouraged to contribute their thoughts to the committee at this time. All recommendations received by this committee will be considered in drafting tentative resolutions to be voted on at the annual meeting. The committee will also receive recommendations made by the county commodity divisions.

During the meeting, President Mitchell will give his annual report. Also, Secretary-Treasurer Larry Schneider of Floydada will give the organization's financial report and Agency Manager James Race will report on the insurance services.

Four high school students, Betty Kay Cates and Ritchie Thornton of Lockney, and Jill Willson and Stacy Smith of Floydada, will report on their trip to the Texas Farm Bureau Citizenship Seminar in San Angelo in June.

## LANDSCAPE AND GARDENING

by Benny Butler

The Texas mid-summer heat can be threatening to early fall vegetable gardeners. However, for a successful fall garden, many vegetables must be planted during high temperature conditions to mature during the late fall or early winter.

To avoid this problem, set out your own transplants. Finding good healthy transplants can be done by purchasing your fall vegetable seeds and growing your own plants.

Vegetable seed may be planted in flats, coffee cans, milk cartons, peat pots or peat pellets in areas that can protect them from the heat. However, to avoid transplanting, most gardeners prefer seeding vegetables directly in the garden.

The biggest problem with this is poor germination due to summer heat. This can be cured simply by modifying the garden seeding area.

In Texas, bedding the soil prior to seeding or planting is important. After bedding the garden and marking off rows, take a hoe or stick and make seed furrows. Apply water directly in the seed furrow and allow it to soak in, then scatter seed evenly along the furrow. Light colored material will help keep the seeding area cooler. It's important during germination not to allow soil around young seedlings to dry out.

Once plants have emerged, a protective shade or cover made of board, cardboard or shade cloth, on the west side of the row, can help protect plants from the afternoon summer sun. When the plants reach one to two inches tall, thin them to the proper stand.

Educational programs conducted by the Texas Agricultural Extension Service serves people of all ages regardless of socioeconomic level, race, color, sex, religion, handicap or national origin.

## DON'T KISS \$8,938 GOODBYE

That's how much you could lose just on resale value if you don't buy a John Deere

Looking for a big discount when you buy a tractor? Don't get stuck with an even bigger discount when you want to sell it.

**Always consider resale value** when you price a field tractor. Because the differences among brands may sometimes be bigger than ANY purchase incentive.

**Compare John Deere with our two leading competitors.** According to the Spring 1984 Official Guide of the National Farm and Power Equipment Dealers Association, the average 5-year-old John Deere 4440 sells for 106 percent of its 1979 list price. One leading competitor averages 87 percent of its 1979 list price. The other averages 73 percent.

**What's that mean in dollars?** Add the John Deere gain on original price to the competitor's loss. The John Deere advantage is as much as \$8,938!

**Is this only true of one model?** No. Every 40 Series 90- to 180-hp tractor has an average resale price that's higher than its new price five years ago.

**Is resale your only John Deere advantage?** No. Don't forget the remarkable fuel efficiency of today's 50 Series

John Deere tractors. And don't forget our unmatched reputation for high quality and high reliability. See your John Deere dealer. He'll be happy to explain the big difference between a low-price tractor and a low-cost John Deere: 100-hp 4050, 120-hp 4250, 140-hp 4450, 165-hp 4650 or 190-hp 4850.

NOTE: Average resale prices taken from Spring 1984 Official Guide of The National Farm and Power Equipment Dealers Association. Percentages calculated from best currently available information on 1979 list prices.
